19.24 be \$10 plus an additional tax equal to 1.25 percent of the base value.

19.25 (b) Subject to the classification provisions herein, "base value" means the  
19.26 manufacturer's suggested retail price of the vehicle including destination charge using list  
19.27 price information published by the manufacturer or determined by the registrar if no  
19.28 suggested retail price exists, and shall not include the cost of each accessory or item of  
19.29 optional equipment separately added to the vehicle and the suggested retail price.

19.30 (c) If the manufacturer's list price information contains a single vehicle identification  
19.31 number followed by various descriptions and suggested retail prices, the registrar shall  
19.32 select from those listings only the lowest price for determining base value.

19.33 (d) If unable to determine the base value because the vehicle is specially constructed,  
19.34 or for any other reason, the registrar may establish such value upon the cost price to the  
20.1 purchaser or owner as evidenced by a certificate of cost but not including Minnesota sales  
20.2 or use tax or any local sales or other local tax.

20.3 (e) The registrar shall classify every vehicle in its proper base value class as follows:

 20.10 the extremes of its class.

20.11 (g) The registrar shall establish the base value, when new, of every passenger  
 20.12 automobile and hearse registered prior to the effective date of Extra Session Laws 1971,  
 20.13 chapter 31, using list price information published by the manufacturer or any nationally  
 20.14 recognized firm or association compiling such data for the automotive industry. If unable  
 20.15 to ascertain the base value of any registered vehicle in the foregoing manner, the registrar  
 20.16 may use any other available source or method. The registrar shall calculate tax using base  
 20.17 value information available to dealers and deputy registrars at the time the application for  
 20.18 registration is submitted. The tax on all previously registered vehicles shall be computed  
 20.19 upon the base value thus determined taking into account the depreciation provisions of  
 20.20 paragraph (h).

20.21 (h) The annual additional tax computed upon the base value as provided herein,  
 20.22 during the first ~~and second years~~ year of vehicle life shall be computed upon 100 percent  
 20.23 of the base value; for the second year, 80 percent of such value; for the third ~~and fourth~~  
 20.24 ~~years~~ year, 70 percent of such value; for the fourth year, 60 percent of such value; for  
 20.25 the fifth ~~and sixth years~~ year, 50 percent of such value; for the sixth year, 40 percent  
 20.26 of such value; for the seventh year, ~~60~~ 35 percent of such value; for the eighth year, ~~40~~  
 20.27 30 percent of such value; for the ninth year, ~~30~~ 20 percent of such value; for the tenth year,  
 20.28 ten percent of such value; for the 11th and each succeeding year, the sum of \$25.

20.29 In no event shall the annual additional tax be less than \$25. ~~The total tax under this~~  
 20.30 ~~subdivision shall not exceed \$189 for the first renewal period and shall not exceed \$99~~  
 20.31 ~~for subsequent renewal periods. The total tax under this subdivision on any vehicle filing~~  
 20.32 ~~its initial registration in Minnesota in the second year of vehicle life shall not exceed~~  
 20.33 ~~\$189 and shall not exceed \$99 for subsequent renewal periods. The total tax under~~  
 20.34 ~~this subdivision on any vehicle filing its initial registration in Minnesota in the third or~~  
 20.35 ~~subsequent year of vehicle life shall not exceed \$99 and shall not exceed \$99 in any~~  
 21.1 ~~subsequent renewal period~~ The annual additional tax under this paragraph must not exceed  
 21.2 the annual additional tax that was previously paid or due on that vehicle.

21.3 (i) ~~As used in this subdivision and section 168.017, the following terms have the~~  
 21.4 ~~meanings given: "initial registration" means the 12 consecutive months calendar period~~

21.5 ~~from the day of first registration of a vehicle in Minnesota, and "renewal periods" means~~

21.8 Subd. 3. **Exceptions.** (a) The registrar shall register all vehicles subject to  
 21.9 registration under the monthly series system for a period of 12 consecutive calendar  
 21.10 months, unless:

21.11 (1) the application is an original rather than renewal application; or

21.12 (2) the applicant is a licensed motor vehicle lessor under section 168.27, in which  
 21.13 case the applicant may apply for initial or renewed registration of a vehicle for a period  
 21.14 of four or more months, the month of expiration to be designated by the applicant at the  
 21.15 time of registration. However, to qualify for this exemption, the applicant must present  
 21.16 the application to the registrar at St. Paul, or at deputy registrar offices as the registrar  
 21.17 may designate.

21.18 (b) In any instance except that of a licensed motor vehicle lessor, the registrar shall  
 21.19 not approve registering the vehicle subject to the application for a period of less than three  
 21.20 months, except when the registrar determines that to do otherwise will help to equalize  
 21.21 the registration and renewal work load of the department.

21.22 (c) As used in this subdivision, the following terms have the meanings given:

21.23 (1) "initial registration" means the 12 consecutive months calendar period from the  
 21.24 day of first registration of a vehicle in Minnesota; and

### 24.16 COUNTY STATE-AID HIGHWAY FUND DISTRIBUTION

24.17 Section 1. Minnesota Statutes 2006, section 162.06, is amended to read:

24.18 **162.06 ACCRUALS TO COUNTY STATE-AID HIGHWAY FUND;**  
 24.19 **ACCOUNTS.**

24.20 Subdivision 1. **Estimate.** (a) By December 15 of each year the commissioner shall  
 24.21 estimate the amount of money that will be available to the county state-aid highway fund  
 24.22 during that fiscal year. The amount available must be based on actual receipts from July 1  
 24.23 through November 30, the unallocated fund balance, and the projected receipts for the  
 24.24 remainder of the fiscal year. The ~~total amount~~ available, except for deductions as provided  
 24.25 ~~herein,~~ shall be apportioned by the commissioner to the counties as ~~hereinafter~~ provided  
 24.26 in section 162.07.

24.27 (b) For purposes of this section, the apportionment sum is the amount calculated  
 24.28 in section 162.07, subdivision 1.

24.29 Subd. 2. **Administrative costs of department.** Two percent must be deducted  
 24.30 from the ~~total amount available in the county state-aid highway fund~~ apportionment sum,  
 24.31 set aside in a separate account, and used for administrative costs incurred by the state  
 24.32 Transportation Department in carrying out the provisions relating to the county state-aid  
 24.33 highway system.

25.1 Subd. 3. **Disaster account.** (a) After deducting administrative costs as provided in  
 25.2 subdivision 2, the commissioner shall set aside each year ~~a sum of money equal to one~~  
 25.3 percent of the ~~remaining money in the county state-aid highway fund~~ apportionment sum  
 25.4 to provide for a disaster account; provided that the total amount of money in the disaster  
 25.5 account must never exceed two percent of the total sums to be apportioned to the counties.

25.6 ~~This sum~~ The money must be used to provide aid to any county encountering disasters  
25.7 or unforeseen events affecting its county state-aid highway system, and resulting in an  
25.8 undue and burdensome financial hardship.

25.9 (b) Any county desiring aid by reason of disaster or unforeseen event shall request  
25.10 the aid in the form required by the commissioner. Upon receipt of the request, the  
25.11 commissioner shall appoint a board consisting of two representatives of the counties, who  
25.12 must be either a county engineer or member of a county board, from counties other than the  
25.13 requesting county, and a representative of the commissioner. The board shall investigate  
25.14 the matter and report its findings and recommendations in writing to the commissioner.

25.15 (c) Final determination of the amount of aid, if any, to be paid to the county from the  
25.16 disaster account must be made by the commissioner. Upon determining to aid a requesting  
25.17 county, the commissioner shall certify to the commissioner of finance the amount of the  
25.18 aid, and the commissioner of finance shall then issue a warrant in that amount payable  
25.19 to the county treasurer of the county. Money so paid must be expended on the county  
25.20 state-aid highway system in accordance with the rules of the commissioner.

25.21 Subd. 4. **Research account.** (a) Each year the screening board, provided for in  
25.22 section 162.07, subdivision 5, may recommend to the commissioner a sum of money that  
25.23 the commissioner shall set aside from the ~~county state-aid highway fund~~ apportionment  
25.24 sum and credit to a research account. The amount so recommended and set aside shall not  
25.25 exceed one-half of one percent of the preceding year's apportionment sum.

25.26 (b) Any money so set aside shall be used by the commissioner for the purpose of:

25.27 (1) conducting research for improving the design, construction, maintenance and  
25.28 environmental compatibility of state-aid highways and appurtenances;

25.29 (2) constructing research elements and reconstructing or replacing research elements  
25.30 that fail; and

25.31 (3) conducting programs for implementing and monitoring research results.

25.32 (c) Any balance remaining in the research account at the end of each year from  
25.33 the sum set aside for the year immediately previous, shall be transferred to the county  
25.34 state-aid highway fund.

25.35 Subd. 5. **State park road account.** After deducting for administrative costs and  
25.36 for the disaster account and research account as ~~heretofore provided from the remainder~~  
26.1 ~~of the total sum provided for in subdivision 1, there shall be deducted~~ provided in this  
26.2 section, the commissioner shall deduct a sum equal to the three-quarters of one percent of  
26.3 the ~~remainder~~ apportionment sum. The sum so deducted shall be set aside in a separate  
26.4 account and shall be used for (1) the establishment, location, relocation, construction,  
26.5 reconstruction, and improvement of those roads included in the county state-aid highway

26.6 system under Minnesota Statutes 1961, section 162.02, subdivision 6, which border and  
26.7 provide substantial access to an outdoor recreation unit as defined in section 86A.04 or  
26.8 which provide access to the headquarters of or the principal parking lot located within  
26.9 such a unit, and (2) the reconstruction, improvement, repair, and maintenance of county  
26.10 roads, city streets, and town roads that provide access to public lakes, rivers, state parks,  
26.11 and state campgrounds. Roads described in clause (2) are not required to meet county  
26.12 state-aid highway standards. At the request of the commissioner of natural resources the  
26.13 counties wherein such roads are located shall do such work as requested in the same  
26.14 manner as on any county state-aid highway and shall be reimbursed for such construction,  
26.15 reconstruction, or improvements from the amount set aside by this subdivision. Before  
26.16 requesting a county to do work on a county state-aid highway as provided in this  
26.17 subdivision, the commissioner of natural resources must obtain approval for the project  
26.18 from the County State-Aid Screening Board. The screening board, before giving its  
26.19 approval, must obtain a written comment on the project from the county engineer of the  
26.20 county requested to undertake the project. Before requesting a county to do work on a  
26.21 county road, city street, or a town road that provides access to a public lake, a river, a state  
26.22 park, or a state campground, the commissioner of natural resources shall obtain a written  
26.23 comment on the project from the county engineer of the county requested to undertake  
26.24 the project. Any sums paid to counties or cities in accordance with this subdivision shall  
26.25 reduce the money needs of said counties or cities in the amounts necessary to equalize  
26.26 their status with those counties or cities not receiving such payments. Any balance of the  
26.27 amount so set aside, at the end of each year shall be transferred to the county state-aid  
26.28 highway fund.

26.29       **Subd. 6. County state-aid highway revolving loan account.** A county state-aid  
26.30 highway revolving loan account is created in the transportation revolving loan fund. The  
26.31 commissioner may transfer to the account the amount allocated under section 162.065.  
26.32 Money in the account may be used to make loans. Funds in the county state-aid highway  
26.33 revolving loan account may be used only for aid in the construction, improvement, and  
26.34 maintenance of county state-aid highways. Funds in the account may not be used for any  
26.35 toll facilities project or congestion-pricing project. Repayments and interest from loans  
26.36 from the county state-aid highway revolving loan account must be credited to that account.  
27.1 Money in the account is annually appropriated to the commissioner and does not lapse.  
27.2 Interest earned from investment of money in this account must be deposited in the county  
27.3 state-aid highway revolving loan account.

27.4       **Sec. 2.** Minnesota Statutes 2006, section 162.07, subdivision 1, is amended to read:

27.5 Subdivision 1. ~~Formula~~ Apportionment sum. ~~After deducting for administrative~~  
27.6 ~~costs and for the disaster account and research account and state park roads as heretofore~~  
27.7 ~~provided, the remainder of the total sum provided for in section 162.06, subdivision 1;~~  
27.8 ~~shall be identified as the apportionment sum and shall be apportioned by the commissioner~~  
27.9 ~~to the several counties on the basis of the needs of the counties as determined in~~  
27.10 ~~accordance with the following formula:~~

27.11 (a) The commissioner shall reduce the apportionment sum by the deductions  
27.12 provided for in section 162.06 for administrative costs, disaster account, research account,  
27.13 and state park road account. The commissioner shall apportion the remainder to the several  
27.14 counties on the basis of the needs of the counties, as provided in paragraphs (b) to (e).

27.15 ~~(a)~~ (b) An amount equal to ten percent of the apportionment sum shall be apportioned  
27.16 equally among the 87 counties.

27.17 ~~(b)~~ (c) An amount equal to ten percent of the apportionment sum shall be  
27.18 apportioned among the several counties so that each county shall receive of such amount  
27.19 the percentage that its motor vehicle registration for the calendar year preceding the  
27.20 one last past, determined by residence of registrants, bears to the total statewide motor  
27.21 vehicle registration.

27.22 ~~(c)~~ (d) An amount equal to 30 percent of the apportionment sum shall be apportioned  
27.23 among the several counties so that each county shall receive of such amount the percentage  
27.24 that its total lane-miles of approved county state-aid highways bears to the total lane-miles  
27.25 of approved statewide county state-aid highways. In 1997 and subsequent years no county  
27.26 may receive, as a result of an apportionment under this clause based on lane-miles rather  
27.27 than miles of approved county state-aid highways, an apportionment that is less than its  
27.28 apportionment in 1996.

27.29 ~~(d)~~ (e) An amount equal to 50 percent of the apportionment sum shall be apportioned  
27.30 among the several counties so that each county shall receive of such amount the percentage  
27.31 that its money needs bears to the sum of the money needs of all of the individual counties;  
27.32 provided, that the percentage of such amount that each county is to receive shall be  
27.33 adjusted so that each county shall receive in 1958 a total apportionment at least ten  
27.34 percent greater than its total 1956 apportionments from the state road and bridge fund;  
27.35 and provided further that those counties whose money needs are thus adjusted shall  
28.1 never receive a percentage of the apportionment sum less than the percentage that such  
28.2 county received in 1958.

28.3 Sec. 3. Minnesota Statutes 2006, section 162.07, is amended by adding a subdivision  
28.4 to read:

28.5 Subd. 1a. **Apportionment sum and excess sum.** (a) For purposes of this  
28.6 subdivision, "amount available" means the amount identified in section 162.06,  
28.7 subdivision 1.

28.8 (b) The apportionment sum is calculated by subtracting the excess sum, as calculated  
28.9 in paragraph (c), from the amount available.

28.10 (c) The excess sum is calculated as the sum of revenue within the amount available:

28.11 (1) attributed to that portion of the gasoline excise tax rate in excess of 20 cents per  
28.12 gallon, and to that portion of the excise tax rate for E85, M85, and special fuels in excess  
28.13 of the energy equivalent of a gasoline tax rate of 20 cents per gallon;

28.14 (2) attributed to a change in the passenger vehicle registration tax under section  
28.15 168.013, imposed on or after July 1, 2007, that exceeds the amount collected in fiscal year  
28.16 2007 multiplied by the annual average United States Consumer Price Index for all urban  
28.17 consumers, United States city average, as determined by the United States Department of  
28.18 Labor for the previous year, divided by the annual average for calendar year 2006; and

28.19 (3) attributed to that portion of the motor vehicle sales tax revenue in excess of the  
28.20 percentage allocated in fiscal year 2007.

28.21 Sec. 4. Minnesota Statutes 2006, section 162.07, is amended by adding a subdivision  
28.22 to read:

28.23 Subd. 1c. **Excess sum.** The commissioner shall apportion the excess sum to the  
28.24 several counties on the basis of the needs of the counties, as provided in paragraphs (a)  
28.25 and (b).

28.26 (a) An amount equal to 40 percent must be apportioned among the several counties  
28.27 so that each county receives of that amount the percentage that its motor vehicle  
28.28 registration for the calendar year preceding the one last past, determined by residence of  
28.29 registrants, bears to the total statewide motor vehicle registration.

28.30 (b) An amount equal to 60 percent must be apportioned among the several counties  
28.31 so that each county receives of that amount the percentage that its money needs bears to  
28.32 the sum of the money needs of all of the individual counties.

28.33 Sec. 5. **INSTRUCTION TO REVISOR.**

29.1 The revisor of statutes shall renumber Minnesota Statutes 2006, section 162.07,  
29.2 subdivision 1, as subdivision 1b.
