6.10 (12) assure that children's mental health services are coordinated with adult mental
6.11 health services specified in sections 245.461 to 245.486 so that a continuum of mental

6.30 probation officer or local social services agency staff person who is trained in the use of
6.31 the screening instrument. Training in the use of the instrument shall include training in the
6.32 administration of the instrument, the interpretation of its validity given the child's current
6.33 circumstances, the state and federal data practices laws and confidentiality standards, the
6.34 parental consent requirement, and providing respect for families and cultural values.
6.35 If the screen indicates a need for assessment, the child's family, or if the family lacks
6.36 mental health insurance, the local social services agency, in consultation with the child's

7.1 family, shall have conducted a diagnostic assessment, including a functional assessment,
7.2 as defined in section 245.4871. The administration of the screening shall safeguard the

7.11 payment rate to the provider.

7.12 Subd. 2. **Responsibility not duplicated.** For individuals who have health care
7.13 coverage, the county board is not responsible for providing mental health services which
7.14 are within the limits of the individual's health care coverage.

7.15 **Sec. 5. [245.4889] CHILDREN'S MENTAL HEALTH GRANTS.**

7.16 Subdivision 1. **Establishment and authority.** (a) The commissioner is authorized
7.17 to make grants from available appropriations to assist:

7.18 (1) counties;

7.19 (2) Indian tribes;

7.20 (3) children's collaboratives under section 124D.23 or 245.493; or

7.24 grants to young adults meeting the criteria for transition services in section 245.4875,
7.25 subdivision 8, and their families.

7.26 (b) Services under paragraph (a) must be designed to help each child to function and
7.27 remain with the child's family in the community and delivered consistent with the child's
7.28 treatment plan. Transition services to eligible young adults under paragraph (a) must be
7.29 designed to foster independent living in the community.

7.30 Subd. 2. **Grant application and reporting requirements.** To apply for a grant,
7.31 an applicant organization shall submit an application and budget for the use of the
7.32 money in the form specified by the commissioner. The commissioner shall make grants
7.33 only to entities whose applications and budgets are approved by the commissioner. In
7.34 awarding grants, the commissioner shall give priority to applications that indicate plans
7.35 to collaborate in the development, funding, and delivery of services with other agencies

8.1 in the local system of care. The commissioner shall specify requirements for reports,
8.2 including quarterly fiscal reports under section 256.01, subdivision 2, paragraph (q). The
8.3 commissioner shall require collection of data and periodic reports that the commissioner
8.4 deems necessary to demonstrate the effectiveness of each service.

8.5 Sec. 6. Minnesota Statutes 2006, section 256B.0625, is amended by adding a
8.6 subdivision to read:

8.7 Subd. 51. **Intensive mental health outpatient treatment.** Medical assistance
8.8 covers intensive mental health outpatient treatment for dialectical behavioral therapy for
8.9 adults. The commissioner shall establish:

8.10 (1) certification procedures to ensure that providers of these services are qualified;
8.11 and

8.12 (2) treatment protocols including required service components and criteria for
8.13 admission, continued treatment, and discharge.

8.14 **EFFECTIVE DATE.** This section is effective July 1, 2008, and subject to federal
8.15 approval. The commissioner shall notify the revisor of statutes when federal approval is
8.16 obtained.

8.17 Sec. 7. Minnesota Statutes 2006, section 256B.0625, subdivision 20, is amended to
8.18 read:

8.19 Subd. 20. **Mental health case management.** (a) To the extent authorized by rule
8.20 of the state agency, medical assistance covers case management services to persons with
8.21 serious and persistent mental illness and children with severe emotional disturbance.
8.22 Services provided under this section must meet the relevant standards in sections 245.461
8.23 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, Minnesota
8.24 Rules, parts 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.

8.25 (b) Entities meeting program standards set out in rules governing family community
8.26 support services as defined in section 245.4871, subdivision 17, are eligible for medical
8.27 assistance reimbursement for case management services for children with severe
8.28 emotional disturbance when these services meet the program standards in Minnesota
8.29 Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

8.30 (c) Medical assistance and MinnesotaCare payment for mental health case
8.31 management shall be made on a monthly basis. In order to receive payment for an eligible
8.32 child, the provider must document at least a face-to-face contact with the child, the child's
8.33 parents, or the child's legal representative. To receive payment for an eligible adult, the
8.34 provider must document:

9.1 (1) at least a face-to-face contact with the adult or the adult's legal representative; or

9.2 (2) at least a telephone contact with the adult or the adult's legal representative and
9.3 document a face-to-face contact with the adult or the adult's legal representative within
9.4 the preceding two months.

9.5 (d) Payment for mental health case management provided by county or state staff
9.6 shall be based on the monthly rate methodology under section 256B.094, subdivision 6,
9.7 paragraph (b), with separate rates calculated for child welfare and mental health, and
9.8 within mental health, separate rates for children and adults.

9.9 (e) Payment for mental health case management provided by Indian health services
9.10 or by agencies operated by Indian tribes may be made according to this section or other
9.11 relevant federally approved rate setting methodology.

9.12 (f) Payment for mental health case management provided by vendors who contract
9.13 with a county or Indian tribe shall be based on a monthly rate negotiated by the host county
9.14 or tribe. The negotiated rate must not exceed the rate charged by the vendor for the same
9.15 service to other payers. If the service is provided by a team of contracted vendors, the
9.16 county or tribe may negotiate a team rate with a vendor who is a member of the team. The
9.17 team shall determine how to distribute the rate among its members. No reimbursement
9.18 received by contracted vendors shall be returned to the county or tribe, except to reimburse
9.19 the county or tribe for advance funding provided by the county or tribe to the vendor.

9.20 (g) If the service is provided by a team which includes contracted vendors, tribal
9.21 staff, and county or state staff, the costs for county or state staff participation in the team
9.22 shall be included in the rate for county-provided services. In this case, the contracted
9.23 vendor, the tribal agency, and the county may each receive separate payment for services
9.24 provided by each entity in the same month. In order to prevent duplication of services,
9.25 each entity must document, in the recipient's file, the need for team case management and
9.26 a description of the roles of the team members.

9.27 ~~(h) The commissioner shall calculate the nonfederal share of actual medical
9.28 assistance and general assistance medical care payments for each county, based on the
9.29 higher of calendar year 1995 or 1996, by service date, project that amount forward to 1999,
9.30 and transfer one-half of the result from medical assistance and general assistance medical
9.31 care to each county's mental health grants under section 256E.12 for calendar year 1999.
9.32 The annualized minimum amount added to each county's mental health grant shall be
9.33 \$3,000 per year for children and \$5,000 per year for adults. The commissioner may reduce
9.34 the statewide growth factor in order to fund these minimums. The annualized total amount
9.35 transferred shall become part of the base for future mental health grants for each county.~~

10.1 (†) (h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of
10.2 costs for mental health case management shall be provided by the recipient's county of
10.3 responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal
10.4 funds or funds used to match other federal funds. If the service is provided by a tribal
10.5 agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this
10.6 service is paid by the state without a federal share through fee-for-service, 50 percent of
10.7 the cost shall be provided by the recipient's county of responsibility.

10.8 (i) Notwithstanding any administrative rule to the contrary, prepaid medical
10.9 assistance, general assistance medical care, and MinnesotaCare include mental health case
10.10 management. When the service is provided through prepaid capitation, the nonfederal
10.11 share is paid by the state and the county pays no share.

10.12 (j) The commissioner may suspend, reduce, or terminate the reimbursement to a
10.13 provider that does not meet the reporting or other requirements of this section. The county
10.14 of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal
10.15 agency, is responsible for any federal disallowances. The county or tribe may share this
10.16 responsibility with its contracted vendors.

10.17 (k) The commissioner shall set aside a portion of the federal funds earned for county
10.18 expenditures under this section to repay the special revenue maximization account under
10.19 section 256.01, subdivision 2, clause (15). The repayment is limited to:

- 10.20 (1) the costs of developing and implementing this section; and
10.21 (2) programming the information systems.

10.22 (l) Payments to counties and tribal agencies for case management expenditures
10.23 under this section shall only be made from federal earnings from services provided
10.24 under this section. When this service is paid by the state without a federal share through
10.25 fee-for-service, 50 percent of the cost shall be provided by the state. Payments to
10.26 county-contracted vendors shall include ~~both~~ the federal earnings, the state share, and the
10.27 county share.

10.28 ~~(m) Notwithstanding section 256B.041, county payments for the cost of mental~~
10.29 ~~health case management services provided by county or state staff shall not be made~~
10.30 ~~to the commissioner of finance. For the purposes of mental health case management~~
10.31 ~~services provided by county or state staff under this section, the centralized disbursement~~
10.32 ~~of payments to counties under section 256B.041 consists only of federal earnings from~~
10.33 ~~services provided under this section.~~

10.34 (†) (m) Case management services under this subdivision do not include therapy,
10.35 treatment, legal, or outreach services.

11.1 ~~(o)~~ (n) If the recipient is a resident of a nursing facility, intermediate care facility,
11.2 or hospital, and the recipient's institutional care is paid by medical assistance, payment
11.3 for case management services under this subdivision is limited to the last 180 days of
11.4 the recipient's residency in that facility and may not exceed more than six months in a
11.5 calendar year.

11.6 ~~(p)~~ (o) Payment for case management services under this subdivision shall not
11.7 duplicate payments made under other program authorities for the same purpose.

11.8 ~~(q)~~ By July 1, 2000, the commissioner shall evaluate the effectiveness of the changes
11.9 required by this section, including changes in number of persons receiving mental health
11.10 case management, changes in hours of service per person, and changes in caseload size.

11.11 ~~(r)~~ For each calendar year beginning with the calendar year 2001, the annualized
11.12 amount of state funds for each county determined under paragraph (h) shall be adjusted by
11.13 the county's percentage change in the average number of clients per month who received
11.14 case management under this section during the fiscal year that ended six months prior to
11.15 the calendar year in question, in comparison to the prior fiscal year.

11.16 ~~(s)~~ For counties receiving the minimum allocation of \$3,000 or \$5,000 described
11.17 in paragraph (h), the adjustment in paragraph (s) shall be determined so that the county
11.18 receives the higher of the following amounts:

11.19 ~~(1)~~ a continuation of the minimum allocation in paragraph (h); or

19.34 (q) Payments for mental health services added as covered benefits after December

21.12 For purposes of this section, "a visit" means an episode of service which is required
21.13 because of a recipient's symptoms, diagnosis, or established illness, and which is delivered
21.14 in an ambulatory setting by any health care provider identified in this paragraph.

21.15 Enrollees are responsible for all co-payments in this section.

21.16 (b) Reimbursement to the providers shall be reduced by the amount of the
21.17 co-payment, except that reimbursement for prescription drugs shall not be reduced once a
21.18 recipient has reached the \$20 per month maximum for prescription drug co-payments.
21.19 The provider collects the co-payment from the recipient. Providers may not deny services
21.20 to recipients who are unable to pay the co-payment, except as provided in paragraph (c).

21.21 (c) If it is the routine business practice of a provider to refuse service to an individual
21.22 with uncollected debt, the provider may include uncollected co-payments under this
21.23 section. A provider must give advance notice to a recipient with uncollected debt before
21.24 services can be denied.
