State of Minnesota
HOUSE OF REPRESENTATIVES

EIGHTY-FIFTH
SESSION

HOUSE FILE No. **991**

February 15, 2007

Authored by Thissen and Murphy, E.

The bill was read for the first time and referred to the Committee on Commerce and Labor

1.1 A bill for an act
1.2 relating to licensing; changing certification for interior designers to licensing
1.3 requirements; amending Minnesota Statutes 2006, section 326.02, subdivision
1.4 4b.

1.5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.6 Section 1. Minnesota Statutes 2006, section 326.02, subdivision 4b, is amended to read:

1.7 Subd. 4b. **Certified interior designer.** ~~(a) For the purposes of sections 326.02~~
1.8 ~~to 326.15, "certified interior designer" means a person who is certified under section~~
1.9 ~~326.10, to use the title certified interior designer and who provides services in connection~~
1.10 ~~with the design of public interior spaces, including preparation of documents relative to~~
1.11 ~~non-load-bearing interior construction, space planning, finish materials, and furnishings.~~

1.12 ~~(b) No person may use the title certified interior designer unless that person has~~
1.13 ~~been certified as an interior designer or has been exempted by the board. Registered~~
1.14 ~~architects may be certified without additional testing. Persons represent themselves to~~
1.15 ~~the public as certified interior designers if they use a title that incorporates the words~~
1.16 ~~certified interior designer.~~

1.17 ~~(c) Nothing in this section prohibits the use of the title interior designer or the term~~
1.18 ~~interior design by persons not certified by the board.~~

1.19 ~~(d) Nothing in this section restricts persons not certified by the board from providing~~
1.20 ~~interior design services and from saying that they provide such services, as long as they do~~
1.21 ~~not use the title certified interior designer.~~

1.22 ~~(e) Nothing in this section authorizes certified interior designers to engage in the~~
1.23 ~~practice of architecture as defined in subdivision 2 or the practice of engineering as~~
1.24 ~~defined in subdivision 3.~~

2.1 (a) Any person shall be deemed to be practicing licensed interior design within
2.2 the meaning of sections 326.02 to 326.15 who holds out as being able to perform or
2.3 does perform any professional service such as the planning, design, or administration of
2.4 construction for the purpose of assuring compliance with specifications and design, in
2.5 connection with any private or public interior spaces, including preparation of documents
2.6 relative to non-load-bearing interior construction, programming, space planning, finishes,
2.7 materials, and furnishings where the safeguarding of the occupants' life, health, safety, and
2.8 welfare is concerned or involved, when the professional service requires the application
2.9 of design theories related to human behavior and aesthetics, acquired by education and
2.10 experience. Licensed interior designers are design professionals who are qualified by
2.11 means of education, experience, and examination. For the purposes of this paragraph:

2.12 (1) "administration" means a professional service as distinguished from
2.13 superintending of construction and means the performance of reasonable and ordinary
2.14 on-site observations to determine that the interior construction is in substantial compliance
2.15 with the approved drawings, plans, and specification;

2.16 (2) "non-load-bearing interior construction" means interior elements or components
2.17 that do not require design computations for a building's structure and do not support a
2.18 vertical load of a structure other than its own weight, but may support loads attached to it
2.19 such as cabinetry, shelving, or grab bars; and

2.20 (3) "human behavior" means the characteristics and behaviors of individuals
2.21 and groups that relate to the physical environments in which they function, and to the
2.22 processes of environmental modification and change.

2.23 (b) Nothing contained in sections 326.02 to 326.15 concerning the practice of
2.24 licensed interior design shall be construed to apply to:

2.25 (1) an architect licensed under the laws of this state;

2.26 (2) an employee or owner of a retail establishment providing consultation in the
2.27 furtherance of a retail sale or prospective retail sale regarding interior finishes, furnishings,
2.28 or cabinetry on behalf of the retail establishment; or

2.29 (3) a person who provides services or assistance in selection, sale, lease, or
2.30 supply of surface materials, window treatments, wall coverings, paint, floor coverings,
2.31 surface-mounted fixtures, and loose furnishings for the interiors of exempt buildings
2.32 as described in section 326.03.

2.33 (c) The designation licensed interior designer or any title or device indicating or
2.34 representing that the person is a licensed interior designer or is practicing licensed interior
2.35 design shall only be used by a person licensed under the provisions of sections 326.02
2.36 to 326.15.

3.1 (d) Licensed interior designers shall not engage in the practice of architecture as
3.2 defined in subdivision 2 or the practice of engineering as defined in subdivision 3.

3.3 **Sec. 2. REVISOR'S INSTRUCTION.**

3.4 The revisor of statutes shall change the term "certified interior designer" to "licensed
3.5 interior designer" in Minnesota Statutes, chapter 326. Wherever "certified" appears in
3.6 Minnesota Statutes, section 326.02, subdivision 4b, change the term to "licensed."
