2.23 (1) A motor vehicle is used wholly in the state in which it is registered.

2.24 (2) The extent that rolling stock is used in this state is determined by multiplying
2.25 the receipts from the lease or rental of the rolling stock by a fraction, the numerator of

3.8 determined, the royalties or other income must be excluded from both the numerator
3.9 and the denominator. Intangible property is used in this state if the purchaser uses the

3.23 received is not readily determinable or is a state where the corporation, partnership, or
3.24 trust receiving the service does not have a fixed place of doing business, the services
3.25 shall be deemed to be received at the location of the office of the customer from which
3.26 the services were ordered in the regular course of the customer's trade or business. If the
3.27 ordering office cannot be determined, the services shall be deemed to be received at the
3.28 office of the customer to which the services are billed. If the taxpayer is not taxable in
3.29 the state of the purchaser, the sale is attributed to this state if the greater proportion of the
3.30 service is performed in this state.
