5.9 according to this chapter.

5.10 Subd. 3. **Other health care practitioners.** Nothing in this chapter may be construed
5.11 to prohibit or to restrict:

5.12 (1) the practice of a profession by individuals who are licensed, certified, or

5.26 instruction or assignments from, and under the supervision of an instructor who is a
5.27 licensed physician, osteopath, chiropractor, or registered naturopathic doctor;

5.28 (5) an individual rendering aid in an emergency, when no fee or other consideration
5.29 for the service is charged, received, expected, or contemplated;

5.30 (6) an individual administering a remedy to a family member;

5.31 (7) a person engaged in the sale of vitamins, health foods, dietary supplements, and
5.32 other products of nature, the sale of which is not otherwise prohibited under state or
5.33 federal law except that this clause does not:

5.34 (i) allow that person to diagnose any human disease, ailment, injury, infirmity,
5.35 deformity, or other condition; or

6.1 (ii) prohibit providing truthful and nonmisleading information regarding anything
6.2 in this chapter;

6.3 (8) a person engaged in good faith in the practice of religious tenets of any religious
6.4 belief, without the use of prescription drugs;

7.2 Examination;

7.4 any additional information necessary to ensure that the applicant is able to practice with
7.5 reasonable skill and safety to the public;

7.6 (5) sign a statement that the information in the application is true and correct to the
7.7 best of the applicant's knowledge and belief; and

7.8 (6) sign a waiver authorizing the board to obtain access to the applicant's records
7.9 in this or any other state in which the applicant has completed an approved naturopathic
7.10 medical program or engaged in the practice of naturopathic medicine.

7.11 Subd. 2. **Registration by endorsement; reciprocity.** (a) To be eligible for
7.12 registration by endorsement or reciprocity, the applicant must hold a current naturopathic
7.13 license, registration, or certification in another state, Canadian province, the District of
7.14 Columbia, or territory of the United States, whose standards for licensure, registration, or
7.15 certification are at least equivalent to those of Minnesota, and must:

7.16 (1) submit the application materials and fees as required by subdivision 1, clauses
7.17 (1), (2), and (4) to (6);

7.18 (2) have successfully passed either:

7.21 required by that regulating state or province;

7.22 (3) provide a verified copy from the appropriate government body of a current
7.23 license, registration, or certification for the practice of naturopathic medicine in another
7.24 jurisdiction that has initial licensing, registration, or certification requirements equivalent
7.25 to or higher than the requirements in subdivision 1; and

7.26 (4) provide letters of verification from the appropriate government body in each
7.27 jurisdiction in which the applicant holds a license, registration, or certification. Each letter
7.28 must state the applicant's name, date of birth, license, registration, or certification number,
7.29 date of issuance, a statement regarding disciplinary actions, if any, taken against the
7.30 applicant, and the terms under which the license, registration, or certification was issued.

7.31 (b) An applicant applying for license, registration, or certification by endorsement
7.32 must be licensed, registered, or certified in another state or Canadian province
7.33 prior to January 1, 2005, and have completed a 60-hour course and examination in
7.34 pharmacotherapeutics.

7.35 Subd. 3. **Temporary registration.** The board may issue a temporary registration to
7.36 practice as a registered naturopathic doctor to an applicant who is licensed, registered, or

8.1 certified in another state or Canadian province and is eligible for registration under this
8.2 section, if the application for registration is complete, all applicable requirements in this
8.3 section have been met, and a nonrefundable fee has been paid. The temporary registration
8.4 remains valid only until the meeting of the board at which time a decision is made on the
8.5 registered naturopathic doctor's application for registration.

8.6 Subd. 4. **Registration expiration.** Registrations issued under this chapter expire
8.7 annually.

8.8 Subd. 5. **Renewal.** (a) To be eligible for registration renewal a registrant must:

8.9 (1) annually, or as determined by the board, complete a renewal application on a
8.10 form provided by the board;

8.11 (2) submit the renewal fee;

8.12 (3) provide evidence of a total of 25 hours of continuing education approved by the
8.13 board as described in section 147E.25; and

8.14 (4) submit any additional information requested by the board to clarify information
8.15 presented in the renewal application. The information must be submitted within 30 days
8.16 after the board's request, or the renewal request is nullified.

8.17 Subd. 6. **Change of address.** A registrant who changes addresses must inform
8.18 the board within 30 days, in writing, of the change of address. All notices or other
8.19 correspondence mailed to or served on a registrant by the board are considered as having
8.20 been received by the registrant.

8.21 Subd. 7. **Registration renewal notice.** At least 45 days before the registration
8.22 renewal date, the board shall send out a renewal notice to the last known address of the
8.23 registrant on file. The notice must include a renewal application and a notice of fees
8.24 required for renewal or instructions for online renewal. It must also inform the registrant
8.25 that registration will expire without further action by the board if an application for
8.26 registration renewal is not received before the deadline for renewal. The registrant's
8.27 failure to receive this notice does not relieve the registrant of the obligation to meet the
8.28 deadline and other requirements for registration renewal. Failure to receive this notice is
8.29 not grounds for challenging expiration of registration status.

8.30 Subd. 8. **Renewal deadline.** The renewal application and fee must be postmarked
8.31 on or before December 31 of the year of renewal. If the postmark is illegible, the
8.32 application is considered timely if received by the third working day after the deadline.

8.33 Subd. 9. **Inactive status and return to active status.** (a) A registrant may be
8.34 placed in inactive status upon application to the board by the registrant and upon payment
8.35 of an inactive status fee.

9.1 (b) Registrants seeking restoration to active from inactive status must pay the current
9.2 renewal fees and all unpaid back inactive fees. They must meet the criteria for renewal
9.3 specified in subdivision 5, including continuing education hours.

9.4 (c) Registrants whose inactive status period has been five years or longer must
9.5 additionally have a period of no less than eight weeks of advisory council-approved
9.6 supervision by another registered naturopathic doctor.

9.7 Subd. 10. **Registration following lapse of registration status for two years or**
9.8 **less.** For any individual whose registration status has lapsed for two years or less, to
9.9 regain registration status, the individual must:

9.10 (1) apply for registration renewal according to subdivision 5;

9.11 (2) document compliance with the continuing education requirements of section
9.12 147E.25 since the registrant's initial registration or last renewal; and

9.13 (3) submit the fees required under section 147E.40 for the period not registered,
9.14 including the fee for late renewal.

9.15 Subd. 11. **Cancellation due to nonrenewal.** The board shall not renew, reissue,
9.16 reinstate, or restore a registration that has lapsed and has not been renewed within two
9.17 annual registration renewal cycles starting January 2007. A registrant whose registration
9.18 is canceled for nonrenewal must obtain a new registration by applying for registration
9.19 and fulfilling all requirements then in existence for initial registration as a registered
9.20 naturopathic doctor.

9.21 Subd. 12. **Cancellation of registration in good standing.** (a) A registrant holding
9.22 an active registration as a registered naturopathic doctor in the state may, upon approval
9.23 of the board, be granted registration cancellation if the board is not investigating the
9.24 person as a result of a complaint or information received or if the board has not begun
9.25 disciplinary proceedings against the registrant. Such action by the board must be reported
9.26 as a cancellation of registration in good standing.

9.27 (b) A registrant who receives board approval for registration cancellation is not
9.28 entitled to a refund of any registration fees paid for the registration year in which
9.29 cancellation of the registration occurred.

9.30 (c) To obtain registration after cancellation, a registrant must obtain a new
9.31 registration by applying for registration and fulfilling the requirements then in existence
9.32 for obtaining initial registration as a registered naturopathic doctor.

9.33 Subd. 13. **Emeritus status of registration.** A registrant may change the status of
9.34 the registration to "emeritus" by filing the appropriate forms and paying the onetime
9.35 fee of \$50 to the board. This status allows the registrant to retain the title of registered
9.36 naturopathic doctor but restricts the registrant from actively seeing patients.

10.1 Sec. 6. **[147E.20] BOARD ACTION ON APPLICATIONS FOR REGISTRATION.**

10.2 (a) The board shall act on each application for registration according to paragraphs
10.3 (b) to (d).

10.4 (b) The board shall determine if the applicant meets the requirements for registration
10.5 under section 147E.15. The board or advisory council may investigate information
10.6 provided by an applicant to determine whether the information is accurate and complete.

10.7 (c) The board shall notify each applicant in writing of action taken on the application,
10.8 the grounds for denying registration if registration is denied, and the applicant's right
10.9 to review under paragraph (d).

10.10 (d) Applicants denied registration may make a written request to the board, within
10.11 30 days of the board's notice, to appear before the advisory council or the board and for
10.12 the advisory council to review the board's decision to deny the applicant's registration.
10.13 After reviewing the denial, the advisory council shall make a recommendation to the board
10.14 as to whether the denial shall be affirmed. Each applicant is allowed only one request
10.15 for review each yearly registration period.

10.16 Sec. 7. **[147E.25] CONTINUING EDUCATION REQUIREMENT.**

10.17 Subdivision 1. **Number of required contact hours.** (a) A registrant applying for
10.18 registration renewal must complete a minimum of 25 contact hours of board-approved
10.19 continuing education in the year preceding registration renewal, with the exception of
10.20 the registrant's first incomplete year, and attest to completion of continuing education
10.21 requirements by reporting to the board.

10.22 (b) Of the 25 contact hours of continuing education requirement in paragraph (a), at
10.23 least five hours of continuing education must be in pharmacotherapeutics.

10.24 Subd. 2. **Approved programs.** The board shall approve continuing education
10.25 programs that have been approved for continuing education credit by the American
10.26 Association of Naturopathic Physicians or any of its constituent state associations, the
10.27 American Chiropractic Association or any of its constituent state associations, the
10.28 American Osteopathic Association Bureau of Professional Education, the American
10.29 Pharmacists Association or any of its constituent state associations, or an organization
10.30 approved by the Accreditation Council for Continuing Medical Education.

10.31 Subd. 3. **Approval of continuing education programs.** The board shall also
10.32 approve continuing education programs that do not meet the requirements of subdivision 2
10.33 but meet the following criteria:

10.34 (1) the program content directly relates to the practice of naturopathic medicine;

11.1 (2) each member of the program faculty is knowledgeable in the subject matter as
11.2 demonstrated by a degree from an accredited education program, verifiable experience in
11.3 the field of naturopathic medicine, special training in the subject matter, or experience
11.4 teaching in the subject area;

11.5 (3) the program lasts at least 50 minutes per contact hour;

11.6 (4) there are specific, measurable, written objectives, consistent with the program,
11.7 describing the expected outcomes for the participants; and

11.8 (5) the program sponsor has a mechanism to verify participation and maintains
11.9 attendance records for three years.

11.10 Subd. 4. **Accumulation of contact hours.** A registrant may not apply contact hours
11.11 acquired in one one-year reporting period to a future continuing education reporting period.

11.12 Subd. 5. **Verification of continuing education credits.** The board shall periodically
11.13 select a random sample of registrants and require those registrants to supply the board
11.14 with evidence of having completed the continuing education to which they attested.
11.15 Documentation may come directly from the registrants from state or national organizations
11.16 that maintain continuing education records.

11.17 Subd. 6. **Continuing education topics.** Continuing education program topics
11.18 may include, but are not limited to, naturopathic medical theory and techniques
11.19 including diagnostic techniques, nutrition, botanical medicine, homeopathic medicine,
11.20 physical medicine, lifestyle modification counseling, anatomy, physiology, biochemistry,
11.21 pharmacology, pharmacognosy, microbiology, medical ethics, psychology, history of
11.22 medicine, and medical terminology or coding.

11.23 Subd. 7. **Restriction on continuing education topics.** (a) A registrant may apply
11.24 no more than five hours of practice management to a one-year reporting period.

11.25 (b) A registrant may apply no more than 15 hours to any single subject area.

11.26 Subd. 8. **Continuing education exemptions.** The board may exempt any person
11.27 holding a registration under this chapter from the requirements of subdivision 1 upon
11.28 application showing evidence satisfactory to the board of inability to comply with the
11.29 requirements because of physical or mental condition or because of other unusual or
11.30 extenuating circumstances. However, no person may be exempted from the requirements
11.31 of subdivision 1 more than once in any five-year period.

11.32 **Sec. 8. [147E.30] DISCIPLINE; REPORTING.**

11.33 For purposes of this chapter, registered naturopathic doctors and applicants are
11.34 subject to sections 147.091 to 147.162.
