State of Minnesota
HOUSE OF REPRESENTATIVES

EIGHTY-FIFTH
SESSION

HOUSE FILE No. 1758

March 7, 2007

Authored by Davnie, Atkins, Sertich, Simon, Zellers and others
The bill was read for the first time and referred to the Committee on Commerce and Labor

1.1 A bill for an act
1.2 relating to commerce; regulating access devices; establishing liability for
1.3 security breaches; providing enforcement powers; proposing coding for new law
1.4 in Minnesota Statutes, chapter 325E.

1.5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.6 Section 1. [325E.64] ACCESS DEVICES; BREACH OF SECURITY.

1.7 Subdivision 1. Definitions. (a) For purposes of this section, the terms defined in this
1.8 subdivision have the meanings given them.

1.9 (b) "Access device" means a card issued by a financial institution that contains a
1.10 magnetic stripe, microprocessor chip, or other means for storage of information which
1.11 includes, but is not limited to, a credit card, debit card, or stored value card.

1.12 (c) "Breach of the security of the system" has the meaning given in section 325E.61,
1.13 subdivision 1, paragraph (d).

1.14 (d) "Card security code" means the three-digit or four-digit value printed on an
1.15 access device or contained in the microprocessor chip of an access device which is used to
1.16 validate access device information during the authorization process.

1.17 (e) "Financial institution" means any office of a bank, bank and trust, trust company
1.18 with banking powers, savings bank, industrial loan company, savings association, credit
1.19 union, or regulated lender.

1.20 (f) "Microprocessor chip data" means the data contained in the microprocessor
1.21 chip of an access device.

1.22 (g) "Magnetic stripe data" means the data contained in the magnetic stripe of an
1.23 access device.

1.24 (h) "PIN" means a personal identification code that identifies the cardholder.

2.1 (i) "PIN verification code data" means the data used to verify cardholder identity
2.2 when a PIN is used in a transaction.

2.3 Subd. 2. **Security or identification information; retention prohibited.** No person
2.4 or entity conducting business in Minnesota that accepts an access device in connection
2.5 with a transaction shall retain the card security code data, the PIN verification code data,
2.6 or the full contents of any track of magnetic stripe data, subsequent to the authorization
2.7 of the transaction.

2.8 Subd. 3. **Liability.** Notwithstanding any other provision of law or contract and in
2.9 addition to any other liability of a person or entity, whenever there is a breach of the
2.10 security of the system of a person or entity that has violated this section, that person or
2.11 entity shall reimburse the financial institution that issued any access devices affected by the
2.12 breach for the costs of reasonable actions undertaken by the financial institution as a result
2.13 of the breach in order to protect the information of its cardholders or to continue to provide
2.14 services to cardholders, including but not limited to, any cost incurred in connection with:

2.15 (1) the cancellation or reissuance of any access device affected by the breach;

2.16 (2) the closure of any deposit, transaction, share draft, or other accounts affected
2.17 by the breach and any action to stop payments or block transactions with respect to the
2.18 accounts;

2.19 (3) the opening or reopening of any deposit, transaction, share draft, or other
2.20 accounts affected by the breach;

2.21 (4) any refund or credit made to a cardholder to cover the cost of any unauthorized
2.22 transaction relating to the breach; and

2.23 (5) the notification of cardholders affected by the breach.

2.24 Subd. 4. **Enforcement.** The attorney general shall enforce this section and section
2.25 8.31. The attorney general may recover costs and disbursements, including costs of
2.26 investigations.
