The sales tax imposed by chapter 297A on the sale of the pull-tabs and tipboards by the distributor is imposed on the retail sales price less the tax imposed by this subdivision. The retail sale of pull-tabs or tipboards by the organization is exempt from taxes imposed by chapter 297A and is exempt from all local taxes and license fees except a fee authorized under section 349.16, subdivision 8.

(b) The liability for the tax imposed by this section is incurred when the pull-tabs and tipboards are delivered by the distributor to the customer or to a common or contract carrier for delivery to the customer, or when received by the customer's authorized representative at the distributor's place of business, regardless of the distributor's method of accounting or the terms of the sale.

The tax imposed by this subdivision is imposed on all sales of pull-tabs and tipboards, except the following:

- (1) sales to the governing body of an Indian tribal organization for use on an Indian reservation;
- (2) sales to distributors licensed under the laws of another state or of a province of Canada, as long as all statutory and regulatory requirements are met in the other state or province;
- (3) sales of promotional tickets as defined in section 349.12; and
- (4) pull-tabs and tipboards sold to an organization that sells pull-tabs and tipboards under the exemption from licensing in section 349.166, subdivision 2. A distributor shall require an organization conducting exempt gambling to show proof of its exempt status before making a tax-exempt sale of pull-tabs or tipboards to the organization. A distributor shall identify, on all reports submitted to the commissioner, all sales of pull-tabs and tipboards that are exempt from tax under this subdivision.

(c) A distributor having a liability of \$120,000 or more during a fiscal year ending June 30 must remit all liabilities in the subsequent calendar year by electronic means.

(d) Any customer who purchases deals of pull-tabs or tipboards from a distributor may file an annual claim for a refund or credit of taxes paid pursuant to this subdivision for unsold pull-tab and tipboard tickets. The claim must be filed with the commissioner on a form prescribed by the commissioner by March 20 of the year following the calendar year for which the refund is claimed. The refund must be filed as part of the customer's February monthly return. The refund or credit is equal to 1.7 percent of the face value of the unsold pull-tab or tipboard tickets, provided that the refund or credit will be 1.75 percent of the face value of the unsold pull-tab or tipboard tickets for claims for a refund or credit of taxes filed on the February 2001 monthly return. The refund claimed will be applied as a credit against tax owing under this chapter on the February monthly return. If the refund claimed exceeds the tax owing on the February monthly return, that amount will be refunded. The amount refunded will bear interest pursuant to section 270C.405 from 90 days after the claim is filed.

Subd. 6. **Combined receipts tax.** In addition to the taxes imposed under subdivisions 1 and 4, a tax is imposed on the combined receipts of the organization. As used in this section, "combined receipts" is the sum of the organization's gross receipts from lawful gambling less gross receipts directly derived from the conduct of bingo, raffles, and paddlewheels, as defined in section 297E.01, subdivision 8, for the fiscal year. The combined receipts of an organization are subject to a tax computed according to the following schedule:

Subd. 7. **Untaxed gambling product.** (a) In addition to penalties or criminal sanctions imposed by this chapter, a person, organization, or business entity possessing or selling a pull-tab or tipboard upon which the tax imposed by subdivision 4 has not been paid is liable for a tax of six percent of the ideal gross of each pull-tab or tipboard. The tax on a partial deal must be assessed as if it were a full deal.

(b) In addition to penalties and criminal sanctions imposed by this chapter, a person not licensed by the board who conducts bingo, raffles, or paddlewheel games is liable for a tax of six percent of the gross receipts from that activity.

(c) The tax must be assessed by the commissioner. An assessment must be considered a jeopardy assessment or jeopardy collection as provided in section 270C.36. The commissioner shall assess the tax based on personal knowledge or information available to the commissioner. The commissioner shall mail to the taxpayer at the taxpayer's last known address, or serve in person, a written notice of the amount of tax, demand its immediate payment, and, if payment is not immediately made, collect the tax by any method described in chapter 270C, except that the commissioner need not await the expiration of the times specified in chapter 270C. The tax assessed by the commissioner is presumed to be valid and correctly determined and assessed. The burden is upon the taxpayer to show its incorrectness or invalidity. The tax imposed under this subdivision does not apply to gambling that is exempt from taxation under subdivision 2.
