and rail transit stations, can result in surrounding private land and other property increasing in value, sometimes by substantial amounts. The special assessment law, Minnesota Statutes, chapter 429, provides a method for local governments to use similar private or special benefits to help finance local streets, roads, and other transportation improvements. However, the law does not provide the state with a similar financing mechanism and the nature of a large state transportation project may suggest that alternative financing mechanisms are more appropriate.

Subd. 2. **Appropriation; study.** \$325,000 is appropriated from the general fund to the Board of Regents of the University of Minnesota for the Center for Transportation Studies to complete a study to assess the public policy implications of financing new and improved transportation infrastructure in Minnesota through capturing the value of the benefits created, to prepare a report on its findings, and to conduct a series of workshops. This is a onetime appropriation and is available in fiscal years 2008 and 2009.

Subd. 3. **Report; workshops.** The Center for Transportation Studies must report its preliminary findings to the legislature by March 1, 2009, and must issue its full report by July 1, 2009. The Center for Transportation must also offer a series of educational workshops for elected officials during the summer and fall of 2009.

EFFECTIVE DATE. This section is effective the day following final enactment.

ARTICLE 2

TRUNK HIGHWAY AND LOCAL ROAD AND BRIDGE BONDING

Section 1. **[296A.083] ANNUAL DEBT SERVICE SURCHARGE.**

(a) On June 30, 2008, and each March 1 thereafter, the commissioner of finance shall report to the commissioner of revenue the amount of the trunk highway debt service transfer forecast in the next two fiscal years attributable to the trunk highway bonds authorized in this article.

(b) By July 16, 2008, and each April 1 thereafter, the commissioner of revenue shall compute and publish a surcharge for each fuel tax provided for in sections 296A.07, subdivision 3, and 296A.08, subdivision 2, in proportion to the rate of tax for each type of fuel. The surcharge must be calculated to raise an amount of money which, when added to the balance in the trunk highway debt service account, covers the debt service transfer forecast in the next two fiscal years, except that the surcharge may not exceed 2.5 cents per gallon for gasoline taxed under section 296A.07, subdivision 3, clause (3), or a proportional rate for each other type of fuel. The surcharge must be rounded to the nearest

0.1 cent. The surcharge is effective on August 1, 2008, to June 30, 2009, and each new surcharge thereafter is effective the following July 1 to June 30.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. BOND APPROPRIATIONS.

The sums shown in the column under "APPROPRIATIONS" are appropriated from the bond proceeds account in the trunk highway fund, or another named fund, to the state agencies or officials indicated, to be spent for public purposes. Appropriations of bond proceeds must be spent as authorized by the Minnesota Constitution, articles IX and XIV.

ARTICLE 3

HIGHWAY USER TAXES

Section 1. Minnesota Statutes 2006, section 168.013, subdivision 1a, is amended to read:

Subd. 1a. **Passenger automobile; hearse.** (a) On passenger automobiles as defined in section 168.011, subdivision 7, and hearses, except as otherwise provided, the tax shall be \$10 plus an additional tax equal to 1.25 percent of the base value.

(b) Subject to the classification provisions herein, "base value" means the manufacturer's suggested retail price of the vehicle including destination charge using list price information published by the manufacturer or determined by the registrar if no suggested retail price exists, and shall not include the cost of each accessory or item of optional equipment separately added to the vehicle and the suggested retail price.

(c) If the manufacturer's list price information contains a single vehicle identification number followed by various descriptions and suggested retail prices, the registrar shall select from those listings only the lowest price for determining base value.

14.1 (d) If unable to determine the base value because the vehicle is specially constructed,
14.2 or for any other reason, the registrar may establish such value upon the cost price to the
14.3 purchaser or owner as evidenced by a certificate of cost but not including Minnesota sales
14.4 or use tax or any local sales or other local tax.

14.5 (e) The registrar shall classify every vehicle in its proper base value class as follows:

14.6	FROM	TO
14.7	\$ 0	\$ 199.99

Sec. 3. **[297A.993] GREATER MINNESOTA TRANSPORTATION SALES AND USE TAX.**

Subdivision 1. Authorization; rates. Notwithstanding section 297A.99, subdivisions 1, 2, 3, 5, and 13, or 477A.016, or any other law, the board of a county outside the metropolitan transportation area, as defined under section 297A.992, subdivision 1, or more than one county outside the metropolitan transportation area acting under a joint powers agreement, may impose (1) a transportation sales tax at a rate of one-half of one percent on retail sales and uses taxable under this chapter, and (2) an excise tax of \$20 per motor vehicle purchased or acquired from any person engaged in the business of selling motor vehicles at retail, occurring within the jurisdiction of the taxing authority. The taxes imposed under this section are subject to approval by a majority of the voters of the county or counties at a general election who vote on the question to impose the taxes.

Subd. 2. Allocation; termination. The proceeds of the taxes must be dedicated exclusively to payment of the cost of a specific transportation project or improvement. The transportation project or improvement must be designated by the board of the county, or more than one county acting under a joint powers agreement. The taxes must terminate after the project or improvement has been completed.

Subd. 3. Administration, collection, enforcement. The administration, collection, and enforcement provisions in section 297A.99, subdivisions 4 and 6 to 12, apply to all taxes imposed under this section.

ARTICLE 5
COUNTY STATE-AID HIGHWAY FUND DISTRIBUTION

Section 1. Minnesota Statutes 2006, section 162.06, is amended to read:

**162.06 ACCRUALS TO COUNTY STATE-AID HIGHWAY FUND;
ACCOUNTS.**

Subdivision 1. Estimate. (a) By December 15 of each year the commissioner shall estimate the amount of money that will be available to the county state-aid highway fund during that fiscal year. The amount available must be based on actual receipts from July 1 through November 30, the unallocated fund balance, and the projected receipts for the remainder of the fiscal year. The ~~total~~ amount available, except for deductions as

25.1 provided ~~herein~~ in this section, shall be apportioned by the commissioner to the counties
25.2 as ~~hereinafter~~ provided in section 162.07.

25.3 (b) For purposes of this section, "amount available" means the amount estimated in
25.4 paragraph (a).

25.5 Subd. 2. **Administrative costs of department.** Two percent must be deducted from
25.6 the ~~total~~ amount available ~~in the county state-aid highway fund~~, set aside in a separate
25.7 account, and used for administrative costs incurred by the state Transportation Department
25.8 in carrying out the provisions relating to the county state-aid highway system.

25.9 Subd. 3. **Disaster account.** (a) After deducting administrative costs as provided in
25.10 subdivision 2, the commissioner shall set aside each year ~~a sum of money equal to one~~
25.11 percent of the ~~remaining money in the county state-aid highway fund~~ amount available
25.12 to provide for a disaster account; provided that the total amount of money in the disaster
25.13 account must never exceed two percent of the total sums to be apportioned to the counties.
25.14 ~~This sum~~ The money must be used to provide aid to any county encountering disasters
25.15 or unforeseen events affecting its county state-aid highway system, and resulting in an
25.16 undue and burdensome financial hardship.

25.17 (b) Any county desiring aid by reason of disaster or unforeseen event shall request
25.18 the aid in the form required by the commissioner. Upon receipt of the request, the
25.19 commissioner shall appoint a board consisting of two representatives of the counties, who
25.20 must be either a county engineer or member of a county board, from counties other than the
25.21 requesting county, and a representative of the commissioner. The board shall investigate
25.22 the matter and report its findings and recommendations in writing to the commissioner.

25.23 (c) Final determination of the amount of aid, if any, to be paid to the county from the
25.24 disaster account must be made by the commissioner. Upon determining to aid a requesting
25.25 county, the commissioner shall certify to the commissioner of finance the amount of the
25.26 aid, and the commissioner of finance shall then issue a warrant in that amount payable
25.27 to the county treasurer of the county. Money so paid must be expended on the county
25.28 state-aid highway system in accordance with the rules of the commissioner.

25.29 Subd. 4. **Research account.** (a) Each year the screening board, provided for in
25.30 section 162.07, subdivision 5, may recommend to the commissioner a sum of money that
25.31 the commissioner shall set aside from the ~~county state-aid highway fund~~ amount available
25.32 and credit to a research account. The amount so recommended and set aside shall not
25.33 exceed one-half of one percent of the preceding year's ~~apportionment sum~~ distribution
25.34 amount, as defined in section 162.07, subdivision 1a.

25.35 (b) Any money so set aside shall be used by the commissioner for the purpose of:

(1) conducting research for improving the design, construction, maintenance and environmental compatibility of state-aid highways and appurtenances;

(2) constructing research elements and reconstructing or replacing research elements that fail; and

(3) conducting programs for implementing and monitoring research results.

(c) Any balance remaining in the research account at the end of each year from the sum set aside for the year immediately previous, shall be transferred to the county state-aid highway fund.

Subd. 5. **State park road account.** After deducting for administrative costs and for the disaster account and research account ~~as heretofore provided from the remainder of the total sum provided for in subdivision 1, there shall be deducted~~ from the amount available as provided in this section, the commissioner shall deduct a sum equal to the three-quarters of one percent of the remainder. The sum so deducted shall be set aside in a separate account and shall be used for (1) the establishment, location, relocation, construction, reconstruction, and improvement of those roads included in the county state-aid highway system under Minnesota Statutes 1961, section 162.02, subdivision 6, which border and provide substantial access to an outdoor recreation unit as defined in section 86A.04 or which provide access to the headquarters of or the principal parking lot located within such a unit, and (2) the reconstruction, improvement, repair, and maintenance of county roads, city streets, and town roads that provide access to public lakes, rivers, state parks, and state campgrounds. Roads described in clause (2) are not required to meet county state-aid highway standards. At the request of the commissioner of natural resources the counties wherein such roads are located shall do such work as requested in the same manner as on any county state-aid highway and shall be reimbursed for such construction, reconstruction, or improvements from the amount set aside by this subdivision. Before requesting a county to do work on a county state-aid highway as provided in this subdivision, the commissioner of natural resources must obtain approval for the project from the County State-Aid Screening Board. The screening board, before giving its approval, must obtain a written comment on the project from the county engineer of the county requested to undertake the project. Before requesting a county to do work on a county road, city street, or a town road that provides access to a public lake, a river, a state park, or a state campground, the commissioner of natural resources shall obtain a written comment on the project from the county engineer of the county requested to undertake the project. Any sums paid to counties or cities in accordance with this subdivision shall reduce the money needs of said counties or cities in the amounts necessary to equalize their status with those counties or cities not receiving

27.1 such payments. Any balance of the amount so set aside, at the end of each year shall be
27.2 transferred to the county state-aid highway fund.

27.3 Subd. 6. **County state-aid highway revolving loan account.** A county state-aid
27.4 highway revolving loan account is created in the transportation revolving loan fund. The
27.5 commissioner may transfer to the account the amount allocated under section 162.065.
27.6 Money in the account may be used to make loans. Funds in the county state-aid highway
27.7 revolving loan account may be used only for aid in the construction, improvement, and
27.8 maintenance of county state-aid highways. Funds in the account may not be used for any
27.9 toll facilities project or congestion-pricing project. Repayments and interest from loans
27.10 from the county state-aid highway revolving loan account must be credited to that account.
27.11 Money in the account is annually appropriated to the commissioner and does not lapse.
27.12 Interest earned from investment of money in this account must be deposited in the county
27.13 state-aid highway revolving loan account.

27.14 Sec. 2. Minnesota Statutes 2006, section 162.07, subdivision 1, is amended to read:

27.15 Subdivision 1. ~~**Formula Apportionment sum.** After deducting for administrative~~
27.16 ~~costs and for the disaster account and research account and state park roads as heretofore~~
27.17 ~~provided, the remainder of the total sum provided for in section 162.06, subdivision 1,~~
27.18 ~~shall be identified as the apportionment sum and shall be apportioned by the commissioner~~
27.19 ~~to the several counties on the basis of the needs of the counties as determined in~~
27.20 ~~accordance with the following formula:~~

27.21 (a) The commissioner shall apportion the apportionment sum, as calculated in
27.22 subdivision 1a, to the several counties as provided in paragraphs (b) to (e).

27.23 ~~(a)~~ (b) An amount equal to ten percent of the apportionment sum shall be apportioned
27.24 equally among the 87 counties.

27.25 ~~(b)~~ (c) An amount equal to ten percent of the apportionment sum shall be
27.26 apportioned among the several counties so that each county shall receive of such amount
27.27 the percentage that its motor vehicle registration for the calendar year preceding the
27.28 one last past, determined by residence of registrants, bears to the total statewide motor
27.29 vehicle registration.

27.30 ~~(c)~~ (d) An amount equal to 30 percent of the apportionment sum shall be apportioned
27.31 among the several counties so that each county shall receive of such amount the percentage
27.32 that its total lane-miles of approved county state-aid highways bears to the total lane-miles
27.33 of approved statewide county state-aid highways. In 1997 and subsequent years no county
27.34 may receive, as a result of an apportionment under this clause based on lane-miles rather

28.1 than miles of approved county state-aid highways, an apportionment that is less than its
28.2 apportionment in 1996.

28.3 ~~(d)~~ (e) An amount equal to 50 percent of the apportionment sum shall be apportioned
28.4 among the several counties so that each county shall receive of such amount the percentage
28.5 that its money needs bears to the sum of the money needs of all of the individual counties;
28.6 provided, that the percentage of such amount that each county is to receive shall be
28.7 adjusted so that each county shall receive in 1958 a total apportionment at least ten
28.8 percent greater than its total 1956 apportionments from the state road and bridge fund;
28.9 and provided further that those counties whose money needs are thus adjusted shall
28.10 never receive a percentage of the apportionment sum less than the percentage that such
28.11 county received in 1958.

28.12 Sec. 3. Minnesota Statutes 2006, section 162.07, is amended by adding a subdivision
28.13 to read:

28.14 Subd. 1a. **Apportionment sum and excess sum.** (a) For purposes of this
28.15 subdivision, "distribution amount" means the amount identified in section 162.06,
28.16 subdivision 1, after the deductions provided for in section 162.06 for administrative costs,
28.17 disaster account, research account, and state park road account.

28.18 (b) The apportionment sum is calculated by subtracting the excess sum, as calculated
28.19 in paragraph (c), from the distribution amount.

28.20 (c) The excess sum is calculated as the sum of revenue within the distribution
28.21 amount:

28.22 (1) attributed to that portion of the gasoline excise tax rate under section 296A.07,
28.23 subdivision 3, in excess of 20 cents per gallon, and to that portion of the excise tax rates
28.24 in excess of the energy equivalent of a gasoline excise tax rate of 20 cents per gallon
28.25 for E85 and M85 under section 296A.07, subdivision 3, and special fuel under section
28.26 296A.08, subdivision 2;

28.27 (2) attributed to a change in the passenger vehicle registration tax under section
28.28 168.013, imposed on or after July 1, 2008, that exceeds (i) the amount collected in fiscal
28.29 year 2008, multiplied by (ii) the annual average United States Consumer Price Index for
28.30 the calendar year previous to the current calendar year, divided by the annual average
28.31 United States Consumer Price Index for calendar year 2007; and

28.32 (3) attributed to that portion of the motor vehicle sales tax revenue in excess of the
28.33 percentage allocated to the county state-aid highway fund in fiscal year 2007.

29.1 (d) For purposes of this subdivision, the United States Consumer Price Index
29.2 identified in paragraph (c) is for all urban consumers, United States city average, as
29.3 determined by the United States Department of Labor.

29.4 Sec. 4. Minnesota Statutes 2006, section 162.07, is amended by adding a subdivision
29.5 to read:

29.6 Subd. 1c. **Excess sum.** (a) The commissioner shall apportion the excess sum, as
29.7 calculated in subdivision 1a, to the several counties as provided in paragraphs (b) and (c).

29.8 (b) An amount equal to 40 percent must be apportioned among the several counties
29.9 so that each county receives of that amount the percentage that its motor vehicle
29.10 registration for the calendar year preceding the one last past, determined by residence of
29.11 registrants, bears to the total statewide motor vehicle registration.

29.12 (c) An amount equal to 60 percent must be apportioned among the several counties
29.13 so that each county receives of that amount the percentage that its money needs bears to
29.14 the sum of the money needs of all of the individual counties.

29.15 Sec. 5. **REVISOR'S INSTRUCTION.**

29.16 The revisor of statutes shall renumber Minnesota Statutes 2006, section 162.07,
29.17 subdivision 1, as subdivision 1b.

29.18 ARTICLE 6

29.19 OTHER TRANSPORTATION FINANCE

29.20 Section 1. Minnesota Statutes 2006, section 160.84, subdivision 1, is amended to read:

29.21 Subdivision 1. **Scope.** The terms used in sections 160.84 to ~~160.92~~ 160.98 have the
29.22 meanings given them in this section and section 160.02.

29.23 Sec. 2. **[160.845] RESTRICTIONS ON TOLL FACILITY.**

29.24 A road authority, including the governing body of a city, or a private operator may
29.25 not convert, transfer, or utilize any portion of a highway to impose tolls or for use as a toll
29.26 facility. A road authority, including the governing body of a city, or a private operator
29.27 may not limit operation of a commercial motor vehicle, as defined in section 169.01,
29.28 subdivision 75, to a toll facility or otherwise require that a commercial motor vehicle use
29.29 the tolled portion of a highway.

29.30 (b) This section does not apply to (1) any toll facility or high-occupancy vehicle lane
29.31 constructed, converted, or established before September 1, 2007, (2) any additional lane,
29.32 including a priced dynamic shoulder lane, high-occupancy vehicle lane, or high-occupancy

30.1 toll lane, added to a highway after September 1, 2007, and (3) any other general purpose
30.2 lane that adds capacity.

30.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

30.4 Sec. 3. **[160.98] PROHIBITION ON ROAD AND BRIDGE PRIVATIZATION.**

30.5 A road authority may not sell, lease, execute a development agreement for a BOT
30.6 facility or BTO facility that transfers an existing highway lane, or otherwise relinquish
30.7 management of a highway, if the highway is retained or utilized by the buyer, lessor, or
30.8 operator for highway purposes. Nothing in this section prevents sale, reconveyance, or
30.9 easements under sections 160.274, 161.23, 161.41, 161.411, 161.431, 161.44, 161.442, or

30.12 Sec. 4. Minnesota Statutes 2006, section 161.081, subdivision 3, is amended to read:

30.13 Subd. 3. **Flexible highway account; turnback accounts.** (a) The flexible highway
30.14 account is created in the state treasury. Money in the account may be used ~~either for the:~~

30.15 (1) restoration of former trunk highways that have reverted to counties or to
30.16 statutory or home rule charter cities ~~or for regular trunk highway purposes,~~ or for trunk
30.17 highways that will be restored and subsequently turned back by agreement between the
30.18 commissioner and the local road authority;

30.19 (2) safety improvements on county highways, municipal highways, streets, or town
30.20 roads; and

30.21 (3) routes of regional significance.

30.22 (b) For purposes of this subdivision, "restoration" means the level of effort required
30.23 to improve the route that will be turned back to an acceptable condition as determined
30.24 by agreement made between the commissioner and the county or city before the route
30.25 is turned back.

30.26 (c) The commissioner shall review the need for funds to restore highways that
30.27 have been or will be turned back ~~and the need for funds for the trunk highway system.~~
30.28 The commissioner shall determine, on a biennial basis, the percentage of ~~this funds in~~
30.29 the flexible highway account to be distributed to each district, and within each district the
30.30 percentage to be used for ~~county turnbacks, for municipal turnbacks, and for regular~~
30.31 trunk highway projects each of the purposes specified in paragraph (a). Money in the
30.32 account may be used for safety improvements and routes of regional significance only
30.33 after money is set aside to restore the identified turnbacks. The commissioner shall make

31.1 ~~this determination~~ these determinations only after meeting and holding discussions with
31.2 committees selected by the statewide associations of both county commissioners and
31.3 municipal officials. The commissioner shall, to the extent feasible, annually allocate 50
31.4 percent of the funds in the flexible highway account to the department's metropolitan
31.5 district, and 50 percent to districts in greater Minnesota.

31.6 (d) Money that will be used for the restoration of trunk highways that have reverted
31.7 or that will revert to cities must be deposited in the municipal turnback account, which is
31.8 created in the state treasury.

31.9 (e) Money that will be used for the restoration of trunk highways that have reverted
31.10 or that will revert to counties must be deposited in the county turnback account, which is
31.11 created in the state treasury.

31.12 (f) Money that will be used for safety improvements must be deposited in the
31.13 highway safety improvement account, which is created in the state treasury to be used
31.14 as grants to statutory or home rule charter cities, towns, and counties to assist in paying
31.15 the costs of constructing or reconstructing city streets, county highways, or town roads
31.16 to reduce crashes, deaths, injuries, and property damage.

31.17 (g) Money that will be used for routes of regional significance must be deposited in
31.18 the routes of regional significance account, which is created in the state treasury, and used
31.19 as grants to statutory or home rule charter cities, towns, and counties to assist in paying
31.20 the costs of constructing or reconstructing city streets, county highways, or town roads
31.21 with statewide or regional significance that have not been fully funded through other state,
31.22 federal, or local funding sources.

31.23 (h) As part of each biennial budget submission to the legislature, the commissioner
31.24 shall describe how the money in the flexible highway account will be apportioned among
31.25 the county turnback account, the municipal turnback account, ~~and~~ the trunk highway
31.26 fund for routes turned back to local governments by agreement, the highway safety
31.27 improvement account, and the routes of regional significance account.

31.28 ~~(g) Money apportioned from the flexible highway account to the trunk highway fund~~
31.29 ~~must be used for state road construction and engineering costs.~~

31.30 **EFFECTIVE DATE.** Paragraph (h) is effective January 1, 2009, and the remainder
31.31 of this section is effective July 1, 2009.

31.32 Sec. 5. **[165.14] TRUNK HIGHWAY BRIDGE IMPROVEMENT PROGRAM.**

31.33 **Subdivision 1. Definition.** For purposes of this section, "program" means the trunk
31.34 highway bridge improvement program established under this section.

32.1 Subd. 2. **Program created.** The commissioner shall develop a trunk highway bridge
 32.2 improvement program for accelerating repair and replacement of trunk highway bridges
 32.3 throughout the state. The program receives funding for bridge projects as specified by law.

32.4 Subd. 3. **Program requirements.** (a) The commissioner shall develop an inventory
 32.5 of bridges included in the program. The inventory must include all bridges on the trunk
 32.6 highway system in Minnesota that are classified as fracture-critical or structurally deficient,
 32.7 or constitute a priority project, as identified by the commissioner. In determining whether
 32.8 a bridge is a priority project, the commissioner may consider national bridge inventory
 32.9 (NBI) condition codes, bridge classification as functionally obsolete, the year in which
 32.10 the bridge was built, the history of bridge maintenance and inspection report findings, the
 32.11 average daily traffic count, engineering judgments with respect to the safety or condition
 32.12 of the bridge, and any other factors specifically identified by the commissioner.

32.13 (b) For each bridge included in the inventory, the commissioner must provide the
 32.14 following information: a summary of the bridge, including but not limited to, county
 32.15 and department district, route number, feature crossed, the year in which the bridge was
 32.16 built, average daily traffic count, load rating, bridge length and deck area, and main span
 32.17 type; the condition ratings for the deck, superstructure, and substructure; identification of
 32.18 whether the bridge is structurally deficient, functionally obsolete, or fracture-critical; the
 32.19 sufficiency rating; a brief description of the work planned for the bridge, including work
 32.20 type needed; an estimate of total costs related to the bridge, which may include general
 32.21 and planning cost estimates; and, the year or range of years in which the work is planned.

32.22 Subd. 4. **Prioritization of bridge projects.** (a) The commissioner shall classify all
 32.23 bridges in the program into tier 1, 2, or 3 bridges, where tier 1 is the highest tier. Unless
 32.24 the commissioner identifies a reason for proceeding otherwise, before commencing bridge
 32.25 projects in a lower tier, all bridge projects within a higher tier must to the extent feasible
 32.26 be selected and funded in the approved state transportation improvement program, at
 32.27 any stage in the project development process, solicited for bids, in contract negotiation,
 32.28 under construction, or completed.

32.29 (b) The classification of each tier is as follows:

32.30 (1) tier 1 consists of any bridge in the program that (i) has an average daily traffic
 32.31 count that is above 1,000 and has a sufficiency rating that is at or below 50, or (ii) is
 32.32 identified by the commissioner as a priority project;

32.33 (2) tier 2 consists of any bridge that is not a tier 1 bridge, and (i) is classified as
 32.34 fracture-critical, or (ii) has a sufficiency rating that is at or below 80; and

32.35 (3) tier 3 consists of any other bridge in the program that is not a tier 1 or tier 2 bridge.

33.1 (c) By June 30, 2018, all tier 1 and tier 2 bridges originally included in the program
33.2 must be under contract for repair or replacement with a new bridge that contains a
33.3 load-path-redundant design, except that a specific bridge may remain in continued service
33.4 if the reasons are documented in the report required under subdivision 5.

33.5 (d) The commissioner shall establish criteria for determining the priority of bridge
33.6 projects within each tier, and must include safety considerations as a criterion.

33.7 Subd. 5. **Statewide transportation planning report.** In conjunction with each
33.8 update to the Minnesota statewide transportation plan, or at least every six years, the
33.9 commissioner shall submit a report to the chairs and ranking minority members of the
33.10 house of representatives and senate committees with jurisdiction over transportation
33.11 finance. The report must include:

33.12 (1) an explanation of the criteria and decision-making processes used to prioritize
33.13 bridge projects;

33.14 (2) a historical and projected analysis of the extent to which all trunk highway
33.15 bridges meet bridge performance targets;

33.16 (3) a summary of bridge projects (i) completed in the previous six years or since the
33.17 last update to the Minnesota statewide transportation plan, and (ii) currently in progress
33.18 under the program;

33.19 (4) a summary of bridge projects scheduled in the next four fiscal years and included
33.20 in the state transportation improvement program;

33.21 (5) a projection of annual needs over the next 20 years;

33.22 (6) a calculation funding necessary to meet the completion date under subdivision 4,
33.23 paragraph (c), compared to the total amount of bridge-related funding available; and

33.24 (8) for any tier 1 fracture-critical bridge that is repaired but not replaced, an
33.25 explanation of the reasons for repair instead of replacement.

33.26 Subd. 6. **Annual report.** Annually by January 15, the commissioner shall submit
33.27 a report on the program to the chairs and ranking minority members of the house of
33.28 representatives and senate committees with jurisdiction over transportation finance. The
33.29 report must include the inventory information required under subdivision 3, and an
33.30 analysis, including any recommendations for changes, of the adequacy and efficacy of
33.31 (1) the program requirements under subdivision 3, and (2) the prioritization requirements
33.32 under subdivision 4.

33.33 **EFFECTIVE DATE.** This section is effective the day following final enactment.

33.34 Sec. 6. Minnesota Statutes 2006, section 171.29, subdivision 2, is amended to read:

34.1 Subd. 2. **Reinstatement fees and surcharges allocated and appropriated.** (a)

34.2 An individual whose driver's license has been revoked as provided in subdivision 1,
34.3 except under section 169A.52, 169A.54, or 609.21, must pay a \$30 fee before the driver's
34.4 license is reinstated.

34.5 (b) A person whose driver's license has been revoked as provided in subdivision
34.6 1 under section 169A.52, 169A.54, or 609.21, must pay a \$250 fee plus a ~~\$40~~ \$430
34.7 surcharge before the driver's license is reinstated, except as provided in paragraph (f).

34.8 ~~Beginning July 1, 2002, the surcharge is \$145. Beginning July 1, 2003, the surcharge is~~
34.9 ~~\$430.~~ The \$250 fee is to be credited as follows:

34.10 (1) Twenty percent must be credited to the driver services operating account in the
34.11 special revenue fund as specified in section 299A.705.

34.12 (2) Sixty-seven percent must be credited to the general fund.

34.13 (3) Eight percent must be credited to a separate account to be known as the Bureau
34.14 of Criminal Apprehension account. Money in this account may be appropriated to the
34.15 commissioner of public safety and the appropriated amount must be apportioned 80 percent
34.16 for laboratory costs and 20 percent for carrying out the provisions of section 299C.065.
