2.3    Sec. 2. **TRANSPORTATION APPROPRIATIONS.**

2.4           The sums shown in the columns marked "Appropriations" are appropriated to  
2.5 the agencies and for the purposes specified in this article. The appropriations are from  
2.6 the trunk highway fund, or another named fund, and are available for the fiscal years  
2.7 indicated for each purpose. The figures "2008" and "2009" used in this article mean that  
2.8 the appropriations listed under them are available for the fiscal year ending June 30, 2008,  
2.9 or June 30, 2009, respectively. "The first year" is fiscal year 2008. "The second year" is  
2.10 fiscal year 2009. "The biennium" is fiscal years 2008 and 2009. Appropriations for fiscal  
2.11 year 2008 are effective the day following final enactment.

2.12           The appropriations are in addition to appropriations under Laws 2007, chapter 143,  
2.13 article 1, section 3, and Laws 2007, First Special Session chapter 2, article 2, section 2.

4.1 transfer that amount under the statutory open  
4.2 appropriation. Any excess appropriation  
4.3 cancels to the trunk highway fund.

4.4 Subd. 4. **Local Roads**

4.5 (a) **County State Aids** 0 53,506,000

4.6 This appropriation is from the county  
4.7 state-aid highway fund and is available until  
4.8 spent.

4.9 (b) **Municipal State Aids** 0 14,055,000

4.10 This appropriation is from the municipal  
4.11 state-aid street fund and is available until  
4.12 spent.

4.13 (c) **State-Aid Appropriation Adjustments**

4.14 If an appropriation under this subdivision  
4.15 does not exhaust the balance in the fund  
4.16 from which it is made in the year for  
4.17 which it is made, the commissioner of  
4.18 finance, upon request of the commissioner  
4.19 of transportation, shall notify the chairs and  
4.20 ranking minority members of the house of  
4.21 representatives and senate committees with  
4.22 jurisdiction over transportation finance of the  
4.23 amount of the remainder and shall then add  
4.24 that amount to the appropriation. The amount  
4.25 added is appropriated for the purposes of  
4.26 county state aids or municipal state aids, as  
4.27 appropriate.

4.28 If the appropriations under this subdivision  
4.29 exhaust the balance in the fund from  
4.30 which it is made in the year for which  
4.31 it is made, the commissioner of finance  
4.32 shall notify the chairs and ranking minority  
4.33 members of the house of representatives  
4.34 and senate committees with jurisdiction

5.1 over transportation finance of the amount by  
 5.2 which the appropriation exceeds the balance  
 5.3 and shall then reduce that amount from the  
 5.4 appropriation.

5.5 Subd. 5. **Transfers**

5.6 With the approval of the commissioner of  
 5.7 finance, the commissioner of transportation  
 5.8 may transfer unencumbered balances among  
 5.9 the appropriations from the trunk highway  
 5.10 fund and the state airports fund made in this  
 5.11 section. No transfer may be made from the  
 5.12 appropriations for state road construction  
 5.13 or debt service to any other appropriation.

5.14 Transfers under this paragraph may not be  
 5.15 made between funds. Transfers between  
 5.16 programs must be reported immediately to  
 5.17 the chairs and ranking minority members  
 5.18 of the house of representatives and  
 5.19 senate committees with jurisdiction over  
 5.20 transportation finance.

5.21 On or after July 1, 2008, the commissioner  
 5.22 of finance shall transfer \$1,221,000 from  
 5.23 the general fund to the trunk highway fund,  
 5.24 to reimburse the fund for transfer of trunk  
 5.25 highway land to the city of Mounds View.

5.26 Sec. 4. **PUBLIC SAFETY** \$ \$ **3,653,000**

5.27 This appropriation is for the State Patrol  
 5.28 to add 40 troopers, and reflects a portion  
 5.29 of the goal to raise the State Patrol trooper  
 5.30 complement to 600.

5.31 Sec. 5. **APPROPRIATION; TRANSPORTATION EMERGENCY RELIEF.**

5.32 \$55,000,000 in fiscal year 2008 and \$77,000,000 in fiscal year 2009 are appropriated  
 5.33 to the commissioner of transportation from the trunk highway fund for the purposes

specified in the federal grants and aids related to the I-35W bridge collapse on marked Interstate Highway I-35W in Minneapolis. The appropriation in fiscal year 2009 is available for other trunk highway construction projects. This appropriation is in addition to appropriations under Laws 2007, chapter 143, article 1, section 3, and Laws 2007, First Special Session chapter 2, article 2, section 2.

**EFFECTIVE DATE.** Appropriations for fiscal year 2008 are effective the day following final enactment.

Sec. 6. **VALUE CAPTURE STUDY; APPROPRIATION.**

Subdivision 1. **Findings.** The legislature finds that large public investments in state transportation infrastructure, such as constructing freeway interchanges, new highways, and rail transit stations, can result in surrounding private land and other property increasing in value, sometimes by substantial amounts. The special assessment law, Minnesota Statutes, chapter 429, provides a method for local governments to use similar private or special benefits to help finance local streets, roads, and other transportation improvements. However, the law does not provide the state with a similar financing mechanism and the nature of a large state transportation project may suggest that alternative financing mechanisms are more appropriate.

Subd. 2. **Appropriation; study.** \$325,000 is appropriated from the general fund to the Board of Regents of the University of Minnesota for the Center for Transportation Studies to complete a study to assess the public policy implications of financing new and improved transportation infrastructure in Minnesota through capturing the value of the benefits created, to prepare a report on its findings, and to conduct a series of workshops. This is a onetime appropriation and is available in fiscal years 2008 and 2009.

Subd. 3. **Report; workshops.** The Center for Transportation Studies must report its preliminary findings to the legislature by March 1, 2009, and must issue its full report by July 1, 2009. The Center for Transportation must also offer a series of educational workshops for elected officials during the summer and fall of 2009.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

**ARTICLE 2**

**TRUNK HIGHWAY AND LOCAL ROAD AND BRIDGE BONDING**

Section 1. **[296A.083] DEBT SERVICE SURCHARGE.**

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them:

(1) "debt service" means the amount of principal and interest in each fiscal year attributable to the trunk highway bonds authorized in this article; and

(2) "surcharge" means the rate imposed under this section on gasoline taxed under section 296A.07, subdivision 3, clause (3), and includes a proportional rate for each type of fuel taxed under sections 296A.07, subdivision 3, clauses (1) and (2), and 296A.08, subdivision 2.

Subd. 2. **Debt service forecast.** On June 30, 2008, and each March 1 thereafter, the commissioner of finance shall report to the commissioner of revenue on trunk highway debt service. The report must include the annual amount of revenue from the surcharge previously deposited in the trunk highway fund, and a forecast of the total and annual amounts necessary to pay the remaining debt service.

Subd. 3. **Surcharge rate.** (a) By July 16, 2008, and each April 1 thereafter, the commissioner of revenue shall calculate and publish a surcharge as provided in paragraphs (b) and (c). The surcharge is imposed from August 1, 2008, through June 30, 2009, and each new surcharge thereafter is imposed the following July 1 through June 30.

(b) For fiscal years 2009 through 2012, the commissioner shall set the surcharge as specified in the following surcharge rate schedule.

Surcharge Rate Schedule

| <u>Fiscal Year</u> | <u>Rate (in cents<br/>per gallon)</u> |
|--------------------|---------------------------------------|
| <u>2009</u>        | <u>0.5</u>                            |
| <u>2010</u>        | <u>2.1</u>                            |
| <u>2011</u>        | <u>2.5</u>                            |
| <u>2012</u>        | <u>3.0</u>                            |

(c) For fiscal year 2013 and thereafter, the commissioner shall set the surcharge at the lesser of (1) 3.5 cents, or (2) an amount calculated so that the total proceeds from the surcharge deposited in the trunk highway fund from fiscal year 2009 to the upcoming fiscal year equals the total amount of debt service from fiscal years 2009 to 2039, and the surcharge is rounded to the nearest 0.1 cent.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. **BOND APPROPRIATIONS.**

The sums shown in the column under "APPROPRIATIONS" are appropriated from the bond proceeds account in the trunk highway fund, or another named fund, to the state

8.1 agencies or officials indicated, to be spent for public purposes. Appropriations of bond  
8.2 proceeds must be spent as authorized by the Minnesota Constitution, articles IX and XIV.

8.21 reconstruction, and improvement of  
8.22 trunk highways, including design-build  
8.23 contracts and consultant usage to support  
8.24 these activities. This includes the cost  
8.25 of actual payments to landowners for  
8.26 lands acquired for highway rights-of-way,  
8.27 payments to lessees, interest subsidies, and  
8.28 relocation expenses. This appropriation is in  
8.29 the following amounts:

8.30 (1) \$417,694,000 in fiscal year 2009, and the  
8.31 commissioner may use up to \$71,008,000 of  
8.32 this amount for program delivery;

8.33 (2) \$500,000,000 in fiscal year 2010, and the  
8.34 commissioner may use up to \$85,000,000 of  
8.35 this amount for program delivery; and

9.1 (3) \$100,000,000 in each fiscal year for

9.5 delivery.

9.6 (b) Of the amount in fiscal year 2009,  
9.7 \$40,000,000 is for construction of  
9.8 interchanges involving a trunk highway,  
9.9 where the interchange will promote economic  
9.10 development, increase employment, relieve  
9.11 growing traffic congestion, and promote  
9.12 traffic safety. The amount under this  
9.13 paragraph must be allocated 50 percent to  
9.14 the department's metropolitan district, and 50  
9.15 percent to districts in greater Minnesota.

9.16 (c) Of the amount in fiscal years 2009  
9.17 and 2010, the commissioner shall  
9.18 use \$300,000,000 each year for predesign,  
9.19 design, preliminary engineering, right-of-way  
9.20 acquisition, construction, reconstruction,

13.13 **ARTICLE 3**  
13.14 **HIGHWAY USER TAXES**

13.15 Section 1. Minnesota Statutes 2006, section 168.013, subdivision 1a, is amended to  
13.16 read:

13.17 Subd. 1a. **Passenger automobile; hearse.** (a) On passenger automobiles as defined  
13.18 in section 168.011, subdivision 7, and hearses, except as otherwise provided, the tax shall  
13.19 be \$10 plus an additional tax equal to 1.25 percent of the base value.

13.20 (b) Subject to the classification provisions herein, "base value" means the  
13.21 manufacturer's suggested retail price of the vehicle including destination charge using list  
13.22 price information published by the manufacturer or determined by the registrar if no  
13.23 suggested retail price exists, and shall not include the cost of each accessory or item of  
13.24 optional equipment separately added to the vehicle and the suggested retail price.

13.25 (c) If the manufacturer's list price information contains a single vehicle identification  
13.26 number followed by various descriptions and suggested retail prices, the registrar shall  
13.27 select from those listings only the lowest price for determining base value.

13.28 (d) If unable to determine the base value because the vehicle is specially constructed,  
13.29 or for any other reason, the registrar may establish such value upon the cost price to the  
13.30 purchaser or owner as evidenced by a certificate of cost but not including Minnesota sales  
13.31 or use tax or any local sales or other local tax.

13.32 (e) The registrar shall classify every vehicle in its proper base value class as follows:

|      |        |           |
|------|--------|-----------|
| 14.1 | FROM   | TO        |
| 14.2 | \$ 0   | \$ 199.99 |
| 14.3 | \$ 200 | \$ 399.99 |

14.4 and thereafter a series of classes successively set in brackets having a spread of \$200  
 14.5 consisting of such number of classes as will permit classification of all vehicles.

14.6 (f) The base value for purposes of this section shall be the middle point between  
 14.7 the extremes of its class.

14.8 (g) The registrar shall establish the base value, when new, of every passenger  
 14.9 automobile and hearse registered prior to the effective date of Extra Session Laws 1971,  
 14.10 chapter 31, using list price information published by the manufacturer or any nationally  
 14.11 recognized firm or association compiling such data for the automotive industry. If unable  
 14.12 to ascertain the base value of any registered vehicle in the foregoing manner, the registrar  
 14.13 may use any other available source or method. The registrar shall calculate tax using base  
 14.14 value information available to dealers and deputy registrars at the time the application for  
 14.15 registration is submitted. The tax on all previously registered vehicles shall be computed  
 14.16 upon the base value thus determined taking into account the depreciation provisions of  
 14.17 paragraph (h).

14.18 (h) The annual additional tax must be computed upon a percentage of the base  
 14.19 value as provided herein, follows: during the first ~~and second years~~ year of vehicle life  
 14.20 ~~shall be computed,~~ upon 100 percent of the base value; for the second year, 90 percent of  
 14.21 such value; for the third ~~and fourth years~~ year, 90 80 percent of such value; for the fourth  
 14.22 year, 70 percent of such value; for the fifth ~~and sixth years~~ year, 75 60 percent of such  
 14.23 value; for the sixth year, 50 percent of such value; for the seventh year, ~~60 40~~ percent of  
 14.24 such value; for the eighth year, ~~40 30~~ percent of such value; for the ninth year, ~~30 20~~  
 14.25 percent of such value; for the tenth year, ten percent of such value; for the 11th and each  
 14.26 succeeding year, the sum of \$25.

14.27 (i) In no event shall the annual additional tax be less than \$25. ~~The total tax under~~  
 14.28 ~~this subdivision shall not exceed \$189 for the first renewal period and shall not exceed~~  
 14.29 ~~\$99 for subsequent renewal periods. The total tax under this subdivision on any vehicle~~  
 14.30 ~~filing its initial registration in Minnesota in the second year of vehicle life shall not~~  
 14.31 ~~exceed \$189 and shall not exceed \$99 for subsequent renewal periods. The total tax~~  
 14.32 ~~under this subdivision on any vehicle filing its initial registration in Minnesota in the~~  
 14.33 ~~third or subsequent year of vehicle life shall not exceed \$99 and shall not exceed \$99 in~~  
 14.34 ~~any subsequent renewal period.~~

14.35 (i) ~~As used in this subdivision and section 168.017, the following terms have the~~  
 14.36 ~~meanings given: "initial registration" means the 12 consecutive months calendar period~~

15.1 ~~from the day of first registration of a vehicle in Minnesota, and "renewal periods" means~~  
15.2 ~~the 12 consecutive calendar months periods following the initial registration period. For~~  
15.3 any vehicle previously registered in Minnesota, the annual additional tax due under this  
15.4 subdivision must not exceed the smallest amount of annual additional tax previously  
15.5 paid or due on the vehicle.

15.6 **EFFECTIVE DATE.** This section is effective the day following final enactment,  
15.7 and applies to (1) any initial registration for which the tax is first due on or after July 1,  
15.8 2008, and (2) any renewal of registration on a vehicle assigned a registration period of  
15.9 July 1, 2008, through June 30, 2009, or later.

21.14 consistent. The panel is composed of a member appointed by the chair of the Metropolitan  
21.15 Council, a member appointed by the joint powers board, and a member agreed upon by  
21.16 both the chair and the joint powers board.

21.17 (g) Grants must be funded by the proceeds of the taxes imposed under this section,

## 24.12 **ARTICLE 5**

### 24.13 **COUNTY STATE-AID HIGHWAY FUND DISTRIBUTION**

24.14 Section 1. Minnesota Statutes 2006, section 162.06, is amended to read:

#### 24.15 **162.06 ACCRUALS TO COUNTY STATE-AID HIGHWAY FUND;** 24.16 **ACCOUNTS.**

24.17 Subdivision 1. **Estimate.** (a) By December 15 of each year the commissioner shall  
 24.18 estimate the amount of money that will be available to the county state-aid highway fund  
 24.19 during that fiscal year. The amount available must be based on actual receipts from July  
 24.20 1 through November 30, the unallocated fund balance, and the projected receipts for  
 24.21 the remainder of the fiscal year. ~~The total amount~~ available, except for deductions as  
 24.22 ~~provided herein in this section~~, shall be apportioned by the commissioner to the counties  
 24.23 ~~as hereinafter provided in section 162.07.~~

24.24 (b) For purposes of this section, "amount available" means the amount estimated in  
 24.25 paragraph (a).

24.26 Subd. 2. **Administrative costs of department.** Two percent must be deducted from  
 24.27 ~~the total amount available in the county state-aid highway fund~~, set aside in a separate  
 24.28 account, and used for administrative costs incurred by the state Transportation Department  
 24.29 in carrying out the provisions relating to the county state-aid highway system.

24.30 Subd. 3. **Disaster account.** (a) After deducting administrative costs as provided in  
 24.31 subdivision 2, the commissioner shall set aside each year ~~a sum of money equal to one~~  
 24.32 ~~percent of the remaining money in the county state-aid highway fund~~ amount available  
 24.33 to provide for a disaster account; provided that the total amount of money in the disaster  
 24.34 account must never exceed two percent of the total sums to be apportioned to the counties.  
 24.35 ~~This sum~~ The money must be used to provide aid to any county encountering disasters

25.1 or unforeseen events affecting its county state-aid highway system, and resulting in an  
 25.2 undue and burdensome financial hardship.

25.3 (b) Any county desiring aid by reason of disaster or unforeseen event shall request  
 25.4 the aid in the form required by the commissioner. Upon receipt of the request, the  
 25.5 commissioner shall appoint a board consisting of two representatives of the counties, who  
 25.6 must be either a county engineer or member of a county board, from counties other than the  
 25.7 requesting county, and a representative of the commissioner. The board shall investigate  
 25.8 the matter and report its findings and recommendations in writing to the commissioner.

25.9 (c) Final determination of the amount of aid, if any, to be paid to the county from the  
 25.10 disaster account must be made by the commissioner. Upon determining to aid a requesting  
 25.11 county, the commissioner shall certify to the commissioner of finance the amount of the  
 25.12 aid, and the commissioner of finance shall then issue a warrant in that amount payable  
 25.13 to the county treasurer of the county. Money so paid must be expended on the county  
 25.14 state-aid highway system in accordance with the rules of the commissioner.

25.15 Subd. 4. **Research account.** (a) Each year the screening board, provided for in  
 25.16 section 162.07, subdivision 5, may recommend to the commissioner a sum of money that  
 25.17 the commissioner shall set aside from the ~~county state-aid highway fund~~ amount available  
 25.18 and credit to a research account. The amount so recommended and set aside shall not  
 25.19 exceed one-half of one percent of the preceding year's ~~apportionment sum~~ distribution  
 25.20 amount, as defined in section 162.07, subdivision 1a.

25.21 (b) Any money so set aside shall be used by the commissioner for the purpose of:

25.22 (1) conducting research for improving the design, construction, maintenance and  
 25.23 environmental compatibility of state-aid highways and appurtenances;

25.24 (2) constructing research elements and reconstructing or replacing research elements  
 25.25 that fail; and

25.26 (3) conducting programs for implementing and monitoring research results.

25.27 (c) Any balance remaining in the research account at the end of each year from  
 25.28 the sum set aside for the year immediately previous, shall be transferred to the county  
 25.29 state-aid highway fund.

25.30 Subd. 5. **State park road account.** After deducting for administrative costs and  
 25.31 for the disaster account and research account ~~as heretofore provided from the remainder~~  
 25.32 ~~of the total sum provided for in subdivision 1, there shall be deducted~~ from the amount  
 25.33 available as provided in this section, the commissioner shall deduct a sum equal to the  
 25.34 three-quarters of one percent of the remainder. The sum so deducted shall be set aside  
 25.35 in a separate account and shall be used for (1) the establishment, location, relocation,  
 25.36 construction, reconstruction, and improvement of those roads included in the county

state-aid highway system under Minnesota Statutes 1961, section 162.02, subdivision 6, which border and provide substantial access to an outdoor recreation unit as defined in section 86A.04 or which provide access to the headquarters of or the principal parking lot located within such a unit, and (2) the reconstruction, improvement, repair, and maintenance of county roads, city streets, and town roads that provide access to public lakes, rivers, state parks, and state campgrounds. Roads described in clause (2) are not required to meet county state-aid highway standards. At the request of the commissioner of natural resources the counties wherein such roads are located shall do such work as requested in the same manner as on any county state-aid highway and shall be reimbursed for such construction, reconstruction, or improvements from the amount set aside by this subdivision. Before requesting a county to do work on a county state-aid highway as provided in this subdivision, the commissioner of natural resources must obtain approval for the project from the County State-Aid Screening Board. The screening board, before giving its approval, must obtain a written comment on the project from the county engineer of the county requested to undertake the project. Before requesting a county to do work on a county road, city street, or a town road that provides access to a public lake, a river, a state park, or a state campground, the commissioner of natural resources shall obtain a written comment on the project from the county engineer of the county requested to undertake the project. Any sums paid to counties or cities in accordance with this subdivision shall reduce the money needs of said counties or cities in the amounts necessary to equalize their status with those counties or cities not receiving such payments. Any balance of the amount so set aside, at the end of each year shall be transferred to the county state-aid highway fund.

Subd. 6. **County state-aid highway revolving loan account.** A county state-aid highway revolving loan account is created in the transportation revolving loan fund. The commissioner may transfer to the account the amount allocated under section 162.065. Money in the account may be used to make loans. Funds in the county state-aid highway revolving loan account may be used only for aid in the construction, improvement, and maintenance of county state-aid highways. Funds in the account may not be used for any toll facilities project or congestion-pricing project. Repayments and interest from loans from the county state-aid highway revolving loan account must be credited to that account. Money in the account is annually appropriated to the commissioner and does not lapse. Interest earned from investment of money in this account must be deposited in the county state-aid highway revolving loan account.

Sec. 2. Minnesota Statutes 2006, section 162.07, subdivision 1, is amended to read:

Subdivision 1. ~~**Formula Apportionment sum.** After deducting for administrative costs and for the disaster account and research account and state park roads as heretofore provided, the remainder of the total sum provided for in section 162.06, subdivision 1, shall be identified as the apportionment sum and shall be apportioned by the commissioner to the several counties on the basis of the needs of the counties as determined in accordance with the following formula:~~

(a) The commissioner shall apportion the apportionment sum, as calculated in subdivision 1a, to the several counties as provided in paragraphs (b) to (e).

~~(a)~~ (b) An amount equal to ten percent of the apportionment sum shall be apportioned equally among the 87 counties.

~~(b)~~ (c) An amount equal to ten percent of the apportionment sum shall be apportioned among the several counties so that each county shall receive of such amount the percentage that its motor vehicle registration for the calendar year preceding the one last past, determined by residence of registrants, bears to the total statewide motor vehicle registration.

~~(c)~~ (d) An amount equal to 30 percent of the apportionment sum shall be apportioned among the several counties so that each county shall receive of such amount the percentage that its total lane-miles of approved county state-aid highways bears to the total lane-miles of approved statewide county state-aid highways. In 1997 and subsequent years no county may receive, as a result of an apportionment under this clause based on lane-miles rather than miles of approved county state-aid highways, an apportionment that is less than its apportionment in 1996.

~~(d)~~ (e) An amount equal to 50 percent of the apportionment sum shall be apportioned among the several counties so that each county shall receive of such amount the percentage that its money needs bears to the sum of the money needs of all of the individual counties; provided, that the percentage of such amount that each county is to receive shall be adjusted so that each county shall receive in 1958 a total apportionment at least ten percent greater than its total 1956 apportionments from the state road and bridge fund; and provided further that those counties whose money needs are thus adjusted shall never receive a percentage of the apportionment sum less than the percentage that such county received in 1958.

Sec. 3. Minnesota Statutes 2006, section 162.07, is amended by adding a subdivision to read:

Subd. 1a. **Apportionment sum and excess sum.** (a) For purposes of this subdivision, "distribution amount" means the amount identified in section 162.06,

28.1 subdivision 1, after the deductions provided for in section 162.06 for administrative costs,  
28.2 disaster account, research account, and state park road account.

28.3 (b) The apportionment sum is calculated by subtracting the excess sum, as calculated  
28.4 in paragraph (c), from the distribution amount.

28.5 (c) The excess sum is calculated as the sum of revenue within the distribution  
28.6 amount:

28.7 (1) attributed to that portion of the gasoline excise tax rate under section 296A.07,  
28.8 subdivision 3, in excess of 20 cents per gallon, and to that portion of the excise tax rates  
28.9 in excess of the energy equivalent of a gasoline excise tax rate of 20 cents per gallon  
28.10 for E85 and M85 under section 296A.07, subdivision 3, and special fuel under section  
28.11 296A.08, subdivision 2;

28.12 (2) attributed to a change in the passenger vehicle registration tax under section  
28.13 168.013, imposed on or after July 1, 2008, that exceeds (i) the amount collected in fiscal  
28.14 year 2008, multiplied by (ii) the annual average United States Consumer Price Index for  
28.15 the calendar year previous to the current calendar year, divided by the annual average  
28.16 United States Consumer Price Index for calendar year 2007; and

28.17 (3) attributed to that portion of the motor vehicle sales tax revenue in excess of the  
28.18 percentage allocated to the county state-aid highway fund in fiscal year 2007.

28.19 (d) For purposes of this subdivision, the United States Consumer Price Index  
28.20 identified in paragraph (c) is for all urban consumers, United States city average, as  
28.21 determined by the United States Department of Labor.

28.22 Sec. 4. Minnesota Statutes 2006, section 162.07, is amended by adding a subdivision  
28.23 to read:

28.24 Subd. 1c. **Excess sum.** (a) The commissioner shall apportion the excess sum, as  
28.25 calculated in subdivision 1a, to the several counties as provided in paragraphs (b) and (c).

28.26 (b) An amount equal to 40 percent must be apportioned among the several counties  
28.27 so that each county receives of that amount the percentage that its motor vehicle  
28.28 registration for the calendar year preceding the one last past, determined by residence of  
28.29 registrants, bears to the total statewide motor vehicle registration.

28.30 (c) An amount equal to 60 percent must be apportioned among the several counties  
28.31 so that each county receives of that amount the percentage that its money needs bears to  
28.32 the sum of the money needs of all of the individual counties.

28.33 Sec. 5. **REVISOR'S INSTRUCTION.**

29.1           The revisor of statutes shall renumber Minnesota Statutes 2006, section 162.07,

29.24          management of a highway, if the highway is retained or utilized by the buyer, lessor, or  
29.25          operator for highway purposes. Nothing in this section prevents sale, reconveyance, or  
29.26          easements under sections 160.274, 161.23, 161.41, 161.411, 161.431, 161.44, 161.442, or

30.9 to improve the route that will be turned back to an acceptable condition as determined  
30.10 by agreement made between the commissioner and the county or city before the route  
30.11 is turned back.

31.23 of bridges included in the program. The inventory must include all bridges on the trunk  
31.24 highway system in Minnesota that are classified as fracture-critical or structurally deficient,  
31.25 or constitute a priority project, as identified by the commissioner. In determining whether  
31.26 a bridge is a priority project, the commissioner may consider national bridge inventory  
31.27 (NBI) condition codes, bridge classification as functionally obsolete, the year in which  
31.28 the bridge was built, the history of bridge maintenance and inspection report findings, the  
31.29 average daily traffic count, engineering judgments with respect to the safety or condition  
31.30 of the bridge, and any other factors specifically identified by the commissioner.

31.31 (b) For each bridge included in the inventory, the commissioner must provide the  
31.32 following information: a summary of the bridge, including but not limited to, county  
31.33 and department district, route number, feature crossed, the year in which the bridge was  
31.34 built, average daily traffic count, load rating, bridge length and deck area, and main span  
31.35 type; the condition ratings for the deck, superstructure, and substructure; identification of

32.1 whether the bridge is structurally deficient, functionally obsolete, or fracture-critical; the  
32.2 sufficiency rating; a brief description of the work planned for the bridge, including work  
32.3 type needed; an estimate of total costs related to the bridge, which may include general  
32.4 and planning cost estimates; and, the year or range of years in which the work is planned.

32.5 Subd. 4. **Prioritization of bridge projects.** (a) The commissioner shall classify all  
32.6 bridges in the program into tier 1, 2, or 3 bridges, where tier 1 is the highest tier. Unless  
32.7 the commissioner identifies a reason for proceeding otherwise, before commencing bridge  
32.8 projects in a lower tier, all bridge projects within a higher tier must to the extent feasible  
32.9 be selected and funded in the approved state transportation improvement program, at  
32.10 any stage in the project development process, solicited for bids, in contract negotiation,  
32.11 under construction, or completed.

32.12 (b) The classification of each tier is as follows:

32.13 (1) tier 1 consists of any bridge in the program that (i) has an average daily traffic  
32.14 count that is above 1,000 and has a sufficiency rating that is at or below 50, or (ii) is  
32.15 identified by the commissioner as a priority project;

32.16 (2) tier 2 consists of any bridge that is not a tier 1 bridge, and (i) is classified as  
32.17 fracture-critical, or (ii) has a sufficiency rating that is at or below 80; and

32.18 (3) tier 3 consists of any other bridge in the program that is not a tier 1 or tier 2 bridge.

32.19 (c) By June 30, 2018, all tier 1 and tier 2 bridges originally included in the program  
32.20 must be under contract for repair or replacement with a new bridge that contains a  
32.21 load-path-redundant design, except that a specific bridge may remain in continued service  
32.22 if the reasons are documented in the report required under subdivision 5.

32.23 (d) The commissioner shall establish criteria for determining the priority of bridge  
32.24 projects within each tier, and must include safety considerations as a criterion.

32.25 Subd. 5. **Statewide transportation planning report.** In conjunction with each  
32.26 update to the Minnesota statewide transportation plan, or at least every six years, the  
32.27 commissioner shall submit a report to the chairs and ranking minority members of the  
32.28 house of representatives and senate committees with jurisdiction over transportation  
32.29 finance. The report must include:

32.30 (1) an explanation of the criteria and decision-making processes used to prioritize  
32.31 bridge projects;

32.32 (2) a historical and projected analysis of the extent to which all trunk highway  
32.33 bridges meet bridge performance targets;

32.34 (3) a summary of bridge projects (i) completed in the previous six years or since the  
32.35 last update to the Minnesota statewide transportation plan, and (ii) currently in progress  
32.36 under the program;

33.1 (4) a summary of bridge projects scheduled in the next four fiscal years and included  
 33.2 in the state transportation improvement program;  
 33.3 (5) a projection of annual needs over the next 20 years;  
 33.4 (6) a calculation funding necessary to meet the completion date under subdivision 4,  
 33.5 paragraph (c), compared to the total amount of bridge-related funding available; and  
 33.6 (7) for any tier 1 fracture-critical bridge that is repaired but not replaced, an  
 33.7 explanation of the reasons for repair instead of replacement.

33.8 Subd. 6. **Annual report.** Annually by January 15, the commissioner shall submit  
 33.9 a report on the program to the chairs and ranking minority members of the house of  
 33.10 representatives and senate committees with jurisdiction over transportation finance. The  
 33.11 report must include the inventory information required under subdivision 3, and an  
 33.12 analysis, including any recommendations for changes, of the adequacy and efficacy of  
 33.13 (1) the program requirements under subdivision 3, and (2) the prioritization requirements  
 33.14 under subdivision 4.

33.15 **EFFECTIVE DATE.** This section is effective the day following final enactment.

33.16 Sec. 6. Minnesota Statutes 2006, section 171.29, subdivision 2, is amended to read:

33.26 (1) Twenty percent must be credited to the driver services operating account in the  
 33.27 special revenue fund as specified in section 299A.705.

33.28 (2) Sixty-seven percent must be credited to the general fund.

33.29 (3) Eight percent must be credited to a separate account to be known as the Bureau  
 33.30 of Criminal Apprehension account. Money in this account may be appropriated to the  
 33.31 commissioner of public safety and the appropriated amount must be apportioned 80 percent  
 33.32 for laboratory costs and 20 percent for carrying out the provisions of section 299C.065.

33.33 (4) Five percent must be credited to a separate account to be known as the vehicle  
 33.34 forfeiture account, which is created in the special revenue fund. The money in the account  
 33.35 is annually appropriated to the commissioner for costs of handling vehicle forfeitures.

(c) The revenue from \$50 of ~~each~~ the surcharge must be credited to a separate account to be known as the traumatic brain injury and spinal cord injury account. The revenue from \$50 of the surcharge on a reinstatement under paragraph (f) is credited from the first installment payment to the traumatic brain injury and spinal cord injury account.

The money in the account is annually appropriated to the commissioner of health to be used as follows: 83 percent for contracts with a qualified community-based organization to provide information, resources, and support to assist persons with traumatic brain injury and their families to access services, and 17 percent to maintain the traumatic brain injury and spinal cord injury registry created in section 144.662. For the purposes of this paragraph, a "qualified community-based organization" is a private, not-for-profit organization of consumers of traumatic brain injury services and their family members. The organization must be registered with the United States Internal Revenue Service under section 501(c)(3) as a tax-exempt organization and must have as its purposes:

(1) the promotion of public, family, survivor, and professional awareness of the incidence and consequences of traumatic brain injury;

(2) the provision of a network of support for persons with traumatic brain injury, their families, and friends;

(3) the development and support of programs and services to prevent traumatic brain injury;

(4) the establishment of education programs for persons with traumatic brain injury; and

(5) the empowerment of persons with traumatic brain injury through participation in its governance.

A patient's name, identifying information, or identifiable medical data must not be disclosed to the organization without the informed voluntary written consent of the patient or patient's guardian or, if the patient is a minor, of the parent or guardian of the patient.

(d) The remainder of the surcharge must be credited to a separate account to be known as the remote electronic alcohol-monitoring program account. The commissioner shall transfer the balance of this account to the commissioner of finance on a monthly basis for deposit in the general fund.

(e) When these fees are collected by a licensing agent, appointed under section 171.061, a handling charge is imposed in the amount specified under section 171.061, subdivision 4. The reinstatement fees and surcharge must be deposited in an approved depository as directed under section 171.061, subdivision 4.

35.2 an additional \$25 of the total amount of the surcharge and 50 percent of the fee required  
35.3 under paragraph (b) to reinstate the person's driver's license, provided the person meets all  
35.4 other requirements of reinstatement. If a person chooses to pay 50 percent of the total and  
35.5 an additional \$25, the driver's license must expire after two years. The person must pay an  
35.6 additional 50 percent less \$25 of the total to extend the license for an additional two years,  
35.7 provided the person is otherwise still eligible for the license. After this final payment of  
35.8 the surcharge and fee, the license may be renewed on a standard schedule, as provided  
35.9 under section 171.27. A handling charge may be imposed for each installment payment.  
35.10 Revenue from the handling charge is credited to the driver services operating account in  
35.11 the special revenue fund and is appropriated to the commissioner.

35.12 (g) Any person making installment payments under paragraph (f), whose driver's  
35.13 license subsequently expires, or is canceled, revoked, or suspended before payment of  
35.14 100 percent of the surcharge and fee, must pay the outstanding balance due for the initial  
35.15 reinstatement before the driver's license is subsequently reinstated. Upon payment of  
35.16 the outstanding balance due for the initial reinstatement, the person may pay any new  
35.17 surcharge and fee imposed under paragraph (b) in installment payments as provided  
35.18 under paragraph (f).

35.27 funds for operating and maintenance costs on a light rail transit or commuter rail project  
35.28 on the date of the enactment of this act, the authority may continue to contribute funds  
35.29 for these purposes until January 1, 2009.
