## 2.47 ARTICLE 1

### 2.48 POSTRETIREMENT PROVISIONS

2.49 Section 1. Minnesota Statutes 2006, section 11A.18, is amended by adding a  
 2.50 subdivision to read:

3.1 Subd. 2a. **Composite funded ratio.** (a) Annually, following June 30, the executive  
 3.2 director of the State Board of Investment shall determine the composite funded ratio  
 3.3 of the postretirement investment fund. The composite funded ratio must be stated as a  
 3.4 percentage and must be calculated using:

3.5 (1) the total fair market value of the postretirement investment fund as of June 30,  
 3.6 calculated in accordance with generally accepted accounting principles; divided by

3.7 (2) the total reserves required as of June 30 for the annuities or benefits payable from  
 3.8 the postretirement investment fund on that June 30 to all recipients of participating public  
 3.9 pension plans or funds, as determined by the actuary retained under section 356.214 using  
 3.10 the applicable assumptions in section 356.215.

3.11 (b) The executive director of the State Board of Investment shall certify the  
 3.12 composite funded ratio to the executive directors of the plans participating in the  
 3.13 Minnesota postretirement investment fund and to the executive director of the Legislative  
 3.14 Commission on Pensions and Retirement by November 30 annually.

3.15 **EFFECTIVE DATE.** This section is effective June 30, 2008.

3.16 Sec. 2. Minnesota Statutes 2006, section 11A.18, subdivision 9, is amended to read:

3.17 Subd. 9. **Calculation of postretirement adjustment.** (a) Annually, following June  
 3.18 30, the state board shall use the procedures in paragraphs (b), (c), and (d) to determine  
 3.19 whether a postretirement adjustment under this subdivision is payable and to determine  
 3.20 the amount of any postretirement adjustment under this subdivision.

3.21 (b)(1) If the Consumer Price Index for urban wage earners and clerical workers all  
 3.22 items index published by the Bureau of Labor Statistics of the United States Department  
 3.23 of Labor increases from June 30 of the preceding year to June 30 of the current year, the  
 3.24 state board shall certify the percentage increase.

3.25 (2) The amount certified must not exceed ~~the lesser of the difference between the~~  
 3.26 ~~preretirement interest assumption and postretirement interest assumption in section~~  
 3.27 ~~356.215, subdivision 8, paragraph (a), or 2.5 percent for the Minneapolis Employees~~  
 3.28 ~~Retirement Fund, the amount certified must not exceed 3.5 percent.~~

3.29 (c) If the amount calculated under paragraph (b), clause (1), is greater than the  
 3.30 maximum amount allowable under paragraph (b), clause (2), in addition to any percentage  
 3.31 increase certified under paragraph (b), the board shall use the following procedures to  
 3.32 determine if a postretirement adjustment is payable under this paragraph:

3.33 (1) the state board shall determine the total fair market value of the fund on June  
 3.34 30 of that year;

4.1 (2) the amount of reserves required as of the current June 30 for the annuity or  
4.2 benefit payable to an annuitant and benefit recipient of the participating public pension  
4.3 plans or funds must be determined by the actuary retained under section 356.214. An  
4.4 annuitant or benefit recipient who has been receiving an annuity or benefit for at least 12  
4.5 full months as of the current June 30 is eligible to receive a full postretirement adjustment.  
4.6 An annuitant or benefit recipient who has been receiving an annuity or benefit for at  
4.7 least one full month, but less than 12 full months as of the current June 30, is eligible to  
4.8 receive a partial postretirement adjustment. Each fund shall report separately the amount  
4.9 of the reserves for those annuitants and benefit recipients who are eligible to receive  
4.10 a full postretirement benefit adjustment. This amount is known as "eligible reserves."  
4.11 Each fund shall also report separately the amount of the reserves for those annuitants  
4.12 and benefit recipients who are not eligible to receive a postretirement adjustment. This  
4.13 amount is known as "noneligible reserves." For an annuitant or benefit recipient who is  
4.14 eligible to receive a partial postretirement adjustment, each fund shall report separately  
4.15 as additional "eligible reserves" an amount that bears the same ratio to the total reserves  
4.16 required for the annuitant or benefit recipient as the number of full months of annuity  
4.17 or benefit receipt as of the current June 30 bears to 12 full months. The remainder of  
4.18 the annuitant's or benefit recipient's reserves must be separately reported as additional  
4.19 "noneligible reserves." The amount of "eligible" and "noneligible" required reserves  
4.20 must be certified to the board by the actuary retained under section 356.214 as soon as is  
4.21 practical following the current June 30;

4.22 (3) the state board shall determine the percentage increase certified under paragraph  
4.23 (b) multiplied by the eligible required reserves, as adjusted for mortality gains and losses  
4.24 under subdivision 11, determined under clause (2);

4.25 (4) the state board shall add the amount of reserves required for the annuities or  
4.26 benefits payable to annuitants and benefit recipients of the participating public pension  
4.27 plans or funds as of the current June 30 to the amount determined under clause (3);

4.28 (5) the state board shall subtract the amount determined under clause (4) from the  
4.29 total fair market value of the fund determined under clause (1);

4.30 (6) the state board shall adjust the amount determined under clause (5) by the  
4.31 cumulative current balance determined under clause (8) and any negative balance carried  
4.32 forward under clause (9);

4.33 (7) a positive amount resulting from the calculations in clauses (1) to (6) is the  
4.34 excess market value. A negative amount is the negative balance;

5.1 (8) the state board shall allocate one-fifth of the excess market value or one-fifth  
5.2 of the negative balance to each of five consecutive years, beginning with the fiscal year  
5.3 ending the current June 30; and

5.4 (9) to calculate the postretirement adjustment under this paragraph ~~based on~~  
5.5 ~~investment performance for a fiscal year~~, the state board shall add together all excess  
5.6 market value allocated to that year and subtract from the sum all negative balances  
5.7 allocated to that year. If this calculation results in a negative number, the entire negative  
5.8 balance must be carried forward and allocated to the next year. If the resulting amount is  
5.9 positive, a postretirement adjustment is payable under this paragraph. The board shall  
5.10 express a positive amount as a percentage of the total eligible required reserves certified to  
5.11 the board under clause (2). The percentage determined under this paragraph is not payable  
5.12 unless the amount calculated under paragraph (b), clause (1), is greater than 2.5 percent  
5.13 and must not exceed the difference by which the amount calculated under paragraph (b),  
5.14 clause (1), exceeds 2.5 percent.

5.15 (d) The state board shall determine the amount of any postretirement adjustment  
5.16 which is payable using the following procedure:

5.17 (1) The total "eligible" required reserves as of the first of January next following the  
5.18 end of the fiscal year for the annuitants and benefit recipients eligible to receive a full or  
5.19 partial postretirement adjustment as determined by clause (2) must be certified to the state  
5.20 board by the actuary retained under section 356.214. The total "eligible" required reserves  
5.21 must be determined by the actuary retained under section 356.214 on the assumption that  
5.22 all annuitants and benefit recipients eligible to receive a full or partial postretirement  
5.23 adjustment will be alive on the January 1 in question; and

5.24 (2) The state board shall add the percentage certified under paragraph (b) to any  
5.25 positive percentage calculated under paragraph (c). The board shall not subtract from the  
5.26 percentage certified under paragraph (b) any negative amount calculated under paragraph  
5.27 (c). The sum of these percentages ~~must be carried to five decimal places and~~ must be  
5.28 certified to each participating public pension fund or plan as the full postretirement  
5.29 adjustment percentage. The full postretirement adjustment percentage certified to each  
5.30 participating public pension plan or fund must not exceed five percent. ~~For the Minneapolis~~  
5.31 ~~Employees Retirement Fund, no maximum percentage adjustment is applicable.~~

5.32 (e) A retirement annuity payable in the event of retirement before becoming eligible  
5.33 for Social Security benefits as provided in section 352.116, subdivision 3; 353.29,  
5.34 subdivision 6; or 354.35 must be treated as the sum of a period certain retirement annuity  
5.35 and a life retirement annuity for the purposes of any postretirement adjustment. The  
5.36 period certain retirement annuity plus the life retirement annuity must be the annuity

6.1 amount payable until age 62 or 65, whichever applies. A postretirement adjustment  
6.2 granted on the period certain retirement annuity must terminate when the period certain  
6.3 retirement annuity terminates.

6.4 **EFFECTIVE DATE.** This section is effective June 30, 2008.

6.5 Sec. 3. Minnesota Statutes 2006, section 11A.18, is amended by adding a subdivision  
6.6 to read:

6.7 **Subd. 9a. Lost purchasing power increase.** (a) This subdivision applies for fiscal  
6.8 years ending June 30 in which all of the following conditions exist:

6.9 (1) the composite funded ratio for the postretirement investment fund as of June 30  
6.10 as certified by the executive director of the State Board of Investment under subdivision  
6.11 2a is more than 90 percent;

6.12 (2) the State Board of Investment determines that the time-weighted total rate of  
6.13 return on investment of assets in the postretirement investment fund for the fiscal year  
6.14 ending June 30 exceeds 8.5 percent; and

6.15 (3) the postretirement adjustment percentage certified under subdivision 9, paragraph  
6.16 (b), is less than 2.5 percent.

6.17 (b) The lost purchasing power postretirement increase is payable the following  
6.18 January 1.

6.19 (c) Each participating public pension plan must annually calculate:

6.20 (1) the cumulative postretirement adjustment percentage applied to the annuity or  
6.21 benefit paid to each eligible annuitant and benefit recipient since the person first received a  
6.22 postretirement adjustment; and

6.23 (2) the increase in the Consumer Price Index for urban wage earners and clerical  
6.24 workers all items index published by the Bureau of Labor Statistics of the United  
6.25 States Department of Labor from June 30 of the year before the person first received a  
6.26 postretirement adjustment to June 30 of the current year. If a person received a prorated  
6.27 increase under subdivision 9, paragraph (c), clause (2), the same ratio of the number  
6.28 of months receiving a monthly benefit to 12 months must be applied to the inflation  
6.29 calculation for the fiscal year used to calculate the prorated amount of lost purchasing  
6.30 power for that period.

6.31 (d) If the percentage in paragraph (c), clause (2), is greater than the percentage in  
6.32 paragraph (c), clause (1), with respect to an eligible annuitant or benefit recipient, and  
6.33 the conditions in paragraph (a) exist, that person is eligible to receive an increase under  
6.34 this subdivision.

7.1 (e) The percentage increase payable to an eligible annuitant or benefit recipient  
7.2 under this subdivision may not exceed the difference between 2.5 percent and the amount  
7.3 certified under subdivision 9 or the amount calculated under paragraph (c), whichever is  
7.4 lower. The percentage increase otherwise payable under this subdivision must be reduced  
7.5 as provided in paragraph (f).

7.6 (f) The actuary retained under section 356.214 must determine:

7.7 (1) the reserves that would be required to pay in full the adjustments determined  
7.8 under paragraph (c); and

7.9 (2) the excess market value necessary to maintain the accrued liability composite  
7.10 funding ratio determined under subdivision 2a is at least 90 percent. If the calculated  
7.11 result under clause (1) is greater than the calculated result under this clause, the increase  
7.12 payable to each eligible annuitant or benefit recipient under this subdivision must be  
7.13 reduced to that portion of the full potential increase amount that equals the ratio that the  
7.14 calculated result under this clause bears to the calculated result under clause (1).

7.15 (g) A percentage increase certified under this subdivision must be added to the  
7.16 percentage certified under subdivision 9 and the total resulting percentage must be certified  
7.17 to each participating public pension plan as the full postretirement adjustment percentage.

7.18 **EFFECTIVE DATE.** This section is effective June 30, 2008.

7.19 Sec. 4. Minnesota Statutes 2006, section 11A.18, is amended by adding a subdivision  
7.20 to read:

7.21 Subd. 9b. **Excess assets trigger.** If the composite funded ratio of the postretirement  
7.22 investment fund determined under subdivision 2a is 115 percent or greater as of June 30 of  
7.23 any year, the governing bodies of the retirement plans participating in the postretirement  
7.24 investment fund must jointly report to the Legislative Commission on Pensions and  
7.25 Retirement by the next January 15. The report must evaluate and make recommendations  
7.26 with respect to the overall benefits and funding of the retirement funds for both active  
7.27 employees and benefit recipients.

7.28 **EFFECTIVE DATE.** This section is effective June 30, 2008.

7.29 Sec. 5. Minnesota Statutes 2006, section 356.41, is amended to read:

7.30 **356.41 BENEFIT ADJUSTMENTS FOR CERTAIN DISABILITY AND**  
7.31 **SURVIVOR BENEFITS.**

7.32 (a) Disability benefits payable to a disabilitant, if not otherwise included in the  
7.33 participation in the Minnesota postretirement investment fund, and survivor benefits

8.1 payable to a survivor from any public pension plan which participates in the Minnesota  
8.2 postretirement investment fund must be adjusted in the same manner, at the same times  
8.3 and in the same amounts as are benefits payable from the Minnesota postretirement  
8.4 investment fund to comparable eligible benefit recipients of that public pension plan.

8.5 (b) If a disability benefit is not included in the participation in the Minnesota  
8.6 postretirement investment fund, the disability benefit is recomputed as a retirement  
8.7 annuity and the recipient would have been eligible for an adjustment under this section if  
8.8 the disability benefit was not recomputed, the recipient remains eligible for the adjustment  
8.9 under this section after the recomputation.

8.10 (c) For the survivor of a deceased annuitant who receives a survivor benefit  
8.11 calculated under a prior law rather than the second portion of a joint and survivor  
8.12 annuity, any period of receipt of a retirement annuity by the annuitant must be utilized in  
8.13 determining the period of receipt for eligibility to receive an adjustment under this section.

8.14 (d) No recipient, however, is entitled to more than one adjustment under this section  
8.15 or section 11A.18 applicable to one benefit ~~at one time~~ during a year by reason of this  
8.16 section.

8.17 **EFFECTIVE DATE.** This section is effective June 30, 2008.

8.18 Sec. 6. Minnesota Statutes 2007 Supplement, section 422A.06, subdivision 8, is  
8.19 amended to read:

8.20 Subd. 8. **Retirement benefit fund.** (a) The retirement benefit fund consists of  
8.21 amounts held for payment of retirement allowances for members retired under this chapter,  
8.22 including any transfer amount payable under subdivision 3, paragraph (c).

8.23 (b) Unless subdivision 3, paragraph (c), applies, assets equal to the required  
8.24 reserves for retirement allowances under this chapter determined in accordance with the  
8.25 appropriate mortality table adopted by the board of trustees based on the experience of the  
8.26 fund as recommended by the actuary retained under section 356.214 must be transferred  
8.27 from the deposit accumulation fund to the retirement benefit fund as of the last business  
8.28 day of the month in which the retirement allowance begins. The income from investments  
8.29 of these assets must be allocated to this fund and any interest charge under subdivision  
8.30 3, paragraph (c), must be credited to the fund. There must be paid from this fund the  
8.31 retirement annuities authorized by law. A required reserve calculation for the retirement  
8.32 benefit fund must be made by the actuary retained under section 356.214 and must be  
8.33 certified to the retirement board by the actuary retained under section 356.214.

8.34 ~~(e) The retirement benefit fund must be governed by the applicable laws governing~~  
8.35 ~~the accounting and audit procedures, investment, actuarial requirements, calculation and~~

9.1 ~~payment of postretirement benefit adjustments, discharge of any deficiency in the assets~~  
9.2 ~~of the fund when compared to the actuarially determined required reserves, and other~~  
9.3 ~~applicable operations and procedures regarding the Minnesota postretirement investment~~  
9.4 ~~fund in effect on June 30, 1997, established under Minnesota Statutes 1996, section~~  
9.5 ~~11A.18, and any legal or administrative interpretations of those laws of the State Board~~  
9.6 ~~of Investment, the legal advisor to the Board of Investment and the executive director of~~  
9.7 ~~the State Board of Investment in effect on June 30, 1997. If a deferred yield adjustment~~  
9.8 ~~account is established for the Minnesota postretirement investment fund before June 30,~~  
9.9 ~~1997, under Minnesota Statutes 1996, section 11A.18, subdivision 5, the retirement board~~  
9.10 ~~shall also establish and maintain a deferred yield adjustment account within this fund.~~

9.11 (c) There is established a deferred yield adjustment account which must be increased  
9.12 by the sale or disposition of any debt securities at less than book value and must be  
9.13 decreased by the sale or disposition of debt securities at more than book value. At the  
9.14 end of each fiscal year, a portion of the balance of this account must be offset against the  
9.15 investment income for that year. The annual portion of the balance to be offset must be  
9.16 proportional to the reciprocal of the average remaining life of the bonds sold, unless the  
9.17 amounts are offset by gains on the future sales of these securities. The amount of this  
9.18 account must be included in the recognized value of assets other than corporate stocks  
9.19 and all other equity investments. In any fiscal year in which the gains on the sales of debt  
9.20 securities exceed the discounts realized on the sales of such securities, the excess must  
9.21 be used to reduce the balance of the account. If the realized capital gains are sufficient  
9.22 to reduce the balance of the account to zero, any excess gains must be available for the  
9.23 calculation of postretirement adjustments.

9.24 (d)(1) Annually, following June 30, the board shall use the procedures in clauses (2),  
9.25 (3), and (4), to determine whether a postretirement adjustment is payable and to determine  
9.26 the amount of any postretirement adjustment.

9.27 (2) If the Consumer Price Index for urban wage earners and clerical workers all  
9.28 items index published by the Bureau of Labor Statistics of the United States Department  
9.29 of Labor increases from June 30 of the preceding year to June 30 of the current year, the  
9.30 board shall certify the percentage increase. The amount certified must not exceed the  
9.31 lesser of the difference between the preretirement interest assumption and postretirement  
9.32 interest assumption in section 356.215, subdivision 8, paragraph (a), or 3.5 percent.

9.33 (3) In addition to any percentage increase certified under paragraph (b), the board  
9.34 shall use the following procedures to determine if a postretirement adjustment is payable  
9.35 under this paragraph:

9.36 (i) the board shall determine the market value of the fund on June 30 of that year;

10.1 (ii) the amount of reserves required as of the current June 30 for the annuity or  
10.2 benefit payable to an annuitant and benefit recipient must be determined by the actuary  
10.3 retained under section 356.214. An annuitant or benefit recipient who has been receiving  
10.4 an annuity or benefit for at least 12 full months as of the current June 30 is eligible to  
10.5 receive a full postretirement adjustment. An annuitant or benefit recipient who has been  
10.6 receiving an annuity or benefit for at least one full month, but less than 12 full months as of  
10.7 the current June 30, is eligible to receive a partial postretirement adjustment. The amount  
10.8 of the reserves for those annuitants and benefit recipients who are eligible to receive a  
10.9 full postretirement benefit adjustment is known as "eligible reserves." The amount of  
10.10 the reserves for those annuitants and benefit recipients who are not eligible to receive a  
10.11 postretirement adjustment is known as "noneligible reserves." For an annuitant or benefit  
10.12 recipient who is eligible to receive a partial postretirement adjustment, additional "eligible  
10.13 reserves" is an amount that bears the same ratio to the total reserves required for the  
10.14 annuitant or benefit recipient as the number of full months of annuity or benefit receipt as  
10.15 of the current June 30 bears to 12 full months. The remainder of the annuitant's or benefit  
10.16 recipient's reserves are "noneligible reserves";

10.17 (iii) the board shall determine the percentage increase certified under clause (2)  
10.18 multiplied by the eligible required reserves, as adjusted for mortality gains and losses,  
10.19 determined under item (ii);

10.20 (iv) the board shall add the amount of reserves required for the annuities or benefits  
10.21 payable to annuitants and benefit recipients of the participating public pension plans or  
10.22 funds as of the current June 30 to the amount determined under item (iii);

10.23 (v) the board shall subtract the amount determined under item (iv) from the market  
10.24 value of the fund determined under item (i);

10.25 (vi) the board shall adjust the amount determined under item (v) by the cumulative  
10.26 current balance determined under item (viii) and any negative balance carried forward  
10.27 under item (ix);

10.28 (vii) a positive amount resulting from the calculations in items (i) to (vi) is the excess  
10.29 market value. A negative amount is the negative balance;

10.30 (viii) the board shall allocate one-fifth of the excess market value or one-fifth of the  
10.31 negative balance to each of five consecutive years, beginning with the fiscal year ending  
10.32 the current June 30; and

10.33 (ix) to calculate the postretirement adjustment under this paragraph based on  
10.34 investment performance for a fiscal year, the board shall add together all excess market  
10.35 value allocated to that year and subtract from the sum all negative balances allocated to  
10.36 that year. If this calculation results in a negative number, the entire negative balance must

11.1 be carried forward and allocated to the next year. If the resulting amount is positive, a  
11.2 postretirement adjustment is payable under this paragraph. The board shall express a  
11.3 positive amount as a percentage of the total eligible required reserves certified to the  
11.4 board under item (ii).

11.5 (4) The board shall determine the amount of any postretirement adjustment which  
11.6 is payable using the following procedure:

11.7 (i) the total "eligible" required reserves as of the first of January next following the  
11.8 end of the fiscal year for the annuitants and benefit recipients eligible to receive a full or  
11.9 partial postretirement adjustment as determined by item (ii) must be certified to the board  
11.10 by the actuary retained under section 356.214. The total "eligible" required reserves  
11.11 must be determined by the actuary retained under section 356.214 on the assumption that  
11.12 all annuitants and benefit recipients eligible to receive a full or partial postretirement  
11.13 adjustment will be alive on the January 1 in question; and

11.14 (ii) the board shall add the percentage certified under clause (2) to any positive  
11.15 percentage calculated under clause (3). The board shall not subtract from the percentage  
11.16 certified under paragraph (b) any negative amount calculated under clause (3). The sum  
11.17 of these percentages must be carried to five decimal places and must be certified as the  
11.18 full postretirement adjustment percentage.

11.19 (e) The board shall determine the amount of the postretirement adjustment payable  
11.20 to each eligible annuitant and benefit recipient. The dollar amount of the postretirement  
11.21 adjustment must be calculated by applying the certified postretirement adjustment  
11.22 percentage to the amount of the monthly annuity or benefit payable to each eligible  
11.23 annuitant or benefit recipient eligible for a full adjustment.

11.24 The dollar amount of the partial postretirement adjustment payable to each annuitant  
11.25 or benefit recipient eligible for a partial adjustment must be calculated by first determining  
11.26 a partial percentage amount that bears the same ratio to the certified full adjustment  
11.27 percentage amount as the number of full months of annuity or benefit receipt as of the  
11.28 current June 30 bears to 12 full months. The partial percentage amount determined  
11.29 must then be applied to the amount of the monthly annuity or benefit payable to each  
11.30 annuitant or benefit recipient eligible to receive a partial postretirement adjustment. The  
11.31 postretirement adjustments are payable on January 1 following the calculations required  
11.32 under this section and must thereafter be included in the monthly annuity or benefit paid to  
11.33 the recipient. Any adjustments under this section must be paid automatically unless the  
11.34 intended recipient files a written notice with the applicable participating public pension  
11.35 fund or plan requesting that the adjustment not be paid.

12.1 (f) As of June 30 annually, the actuary retained under section 356.214 shall calculate  
12.2 the amount of required reserves representing any mortality gains and any mortality losses  
12.3 incurred during the fiscal year and report the results of those calculations to the plan.  
12.4 The actuary shall report separately the amount of the reserves for annuitants and benefit  
12.5 recipients who are eligible for a postretirement benefit adjustment and the amount of  
12.6 reserves for annuitants and benefit recipients who are not eligible for a postretirement  
12.7 benefit adjustment. If the net amount of required reserves represents a mortality gain,  
12.8 the board shall sell sufficient securities or transfer sufficient available cash to equal the  
12.9 amount. If the amount of required reserves represents a mortality loss, the plan shall  
12.10 transfer an amount equal to the amount of the net mortality loss. The amount of the  
12.11 transfers must be determined before any postretirement benefit adjustments have been  
12.12 made. All transfers resulting from mortality adjustments must be completed annually  
12.13 by December 31 for the preceding June 30. Interest is payable on any transfers after  
12.14 December 31 based upon the preretirement interest assumption for the participating plan  
12.15 or fund as specified in section 356.215, subdivision 8, stated as a monthly rate. Book  
12.16 values of the assets of the fund must be determined only after all adjustments for mortality  
12.17 gains and losses for the fiscal year have been made.

12.18 (g) All money necessary to meet the requirements of the certification of withdrawals  
12.19 and all money necessary to pay postretirement adjustments under this section are hereby  
12.20 and from time to time appropriated from the postretirement investment fund to the board.

12.21 ~~(d)~~ (h) Annually, following the calculation of any postretirement adjustment  
12.22 payable from the retirement benefit fund, the board of trustees shall submit a report to  
12.23 the executive director of the Legislative Commission on Pensions and Retirement and  
12.24 to the commissioner of finance indicating the amount of any postretirement adjustment  
12.25 and the underlying calculations on which that postretirement adjustment amount is based,  
12.26 including the amount of dividends, the amount of interest, and the amount of net realized  
12.27 capital gains or losses utilized in the calculations.

12.28 ~~(e)~~ (i) With respect to a former contributing member who began receiving a  
12.29 retirement annuity or disability benefit under section 422A.151, paragraph (a), clause (2),  
12.30 after June 30, 1997, or with respect to a survivor of a former contributing member who  
12.31 began receiving a survivor benefit under section 422A.151, paragraph (a), clause (2),  
12.32 after June 30, 1997, the reserves attributable to the one percent lower amount of the  
12.33 cost-of-living adjustment payable to those annuity or benefit recipients annually must  
12.34 be transferred back to the deposit accumulation fund to the credit of the Metropolitan  
12.35 Airports Commission. The calculation of this annual reduced cost-of-living adjustment  
12.36 reserve transfer must be reviewed by the actuary retained under section 356.214.

13.1 **EFFECTIVE DATE.** This section is effective June 30, 2008.

13.7 established in section 11A.18 must be dissolved according to the schedule in subdivision 2  
13.8 if the composite funded ratio calculated as of June 30 of that year under section 11A.18,  
13.9 subdivision 2a, is:

13.11 preceding year; or

13.13 Subd. 2. **Transition.** If conditions for dissolution of the postretirement investment

13.19 subdivision 1 occur;

13.20 (2) the retirement plans shall not transfer additional funds to the Minnesota  
13.21 postretirement investment fund as a result of the calculation by the actuary retained under  
13.22 section 356.214 of net mortality losses under section 11A.18, subdivision 11;

13.23 (3) the assets of the postretirement investment fund must be transferred back to each

13.28 back to the plan occurs; and

13.29 (4) the postretirement investment fund ceases to exist upon the transfer of all assets

 14.5 for each month the person has been receiving an annuity or benefit must be applied,  
 14.6 effective January 1 of the year in which the person has been retired for less than 12 months.

14.7 (b) The increases provided by this subdivision commence on the first January 1  
 14.8 occurring after the postretirement fund is dissolved under subdivision 2.

 14.13 participate in the postretirement investment fund must report to the Legislative  
 14.14 Commission on Pensions and Retirement a draft of proposed legislation that would make  
 14.15 changes in statute necessary to conform with dissolution of the postretirement investment  
 14.16 fund.

14.17 **EFFECTIVE DATE.** This section is effective June 30, 2008.

 21.7 annuity or an old law coordinated program annuity under the governing sections in the  
 21.8 articles of incorporation or bylaws who has resumed teaching service for the school  
 21.9 district is entitled to continue receiving retirement annuity payments, except that all or a  
 21.10 portion of the annuity payments must be deferred during the calendar year immediately  
 21.11 following the calendar year in which the person's salary from the reemployment exceeds  
 21.12 \$46,000. The amount of the annuity deferral is one-third of the salary amount in excess of  
 21.13 \$46,000. After a person has reached Social Security normal retirement age, the deferral

#### 21.17 **ARTICLE 4**

#### 21.18 **MANDATORY JOINT AND SURVIVOR BENEFIT FORM**

21.19 Section 1. Minnesota Statutes 2006, section 352.12, subdivision 2, is amended to read:

21.20 Subd. 2. **Surviving spouse benefit.** (a) If an employee or former employee has  
 21.21 credit for at least three years allowable service and dies before an annuity or disability  
 21.22 benefit has become payable, notwithstanding any designation of beneficiary to the contrary,  
 21.23 the surviving spouse of the employee may elect to receive, in lieu of the refund with  
 21.24 interest under subdivision 1, an annuity equal to the joint and 100 percent survivor annuity  
 21.25 which the employee or former employee could have qualified for on the date of death.

21.26 (b) If the employee was under age 55 and has credit for at least 30 years of allowable  
 21.27 service on the date of death, the surviving spouse may elect to receive a 100 percent joint  
 21.28 and survivor annuity based on the age of the employee and surviving spouse on the date  
 21.29 of death. The annuity is payable using the full early retirement reduction under section  
 21.30 352.116, subdivision 1, paragraph (a), to age 55 and one-half of the early retirement  
 21.31 reduction from age 55 to the age payment begins.

21.32 (c) If the employee was under age 55 and has credit for at least three years of  
 21.33 allowable service credit on the date of death but did not yet qualify for retirement, the

22.1 surviving spouse may elect to receive a 100 percent joint and survivor annuity based on  
22.2 the age of the employee and surviving spouse at the time of death. The annuity is payable  
22.3 using the full early retirement reduction under section 352.116, subdivision 1 or 1a, to age  
22.4 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

22.5 (d) The surviving spouse eligible for benefits under paragraph (a) may apply for the  
22.6 annuity at any time after the date on which the employee or former employee would  
22.7 have attained the required age for retirement based on the allowable service earned.

22.8 The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c)  
22.9 may apply for the annuity at any time after the employee's death. The annuity must be  
22.10 computed under sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1,  
22.11 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred  
22.12 annuity or surviving spouse benefit payable under this subdivision. The annuity must cease  
22.13 with the last payment received by the surviving spouse in the lifetime of the surviving  
22.14 spouse, or upon expiration of a term certain benefit payment to a surviving spouse under  
22.15 subdivision 2a. An amount equal to the excess, if any, of the accumulated contributions  
22.16 credited to the account of the deceased employee in excess of the total of the benefits paid  
22.17 and payable to the surviving spouse must be paid to the deceased employee's or former  
22.18 employee's last designated beneficiary or, if none, as specified under subdivision 1.

22.19 (e) Any employee or former employee may request in writing, with the signed  
22.20 consent of the spouse, that this subdivision not apply and that payment be made only to a  
22.21 designated beneficiary as otherwise provided by this chapter.

22.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

22.23 Sec. 2. Minnesota Statutes 2006, section 352.931, subdivision 1, is amended to read:

22.24 Subdivision 1. **Surviving spouse benefit.** (a) If the correctional employee was at  
22.25 least age 50, has credit for at least three years of allowable service, and dies before an  
22.26 annuity or disability benefit has become payable, notwithstanding any designation of  
22.27 beneficiary to the contrary, the surviving spouse of the employee may elect to receive,  
22.28 in lieu of the refund under section 352.12, subdivision 1, an annuity for life equal to the  
22.29 joint and 100 percent survivor annuity which the employee could have qualified for had  
22.30 the employee terminated service on the date of death. The election may be made at any  
22.31 time after the date of death of the employee. The surviving spouse benefit begins to  
22.32 accrue as of the first of the month next following the date on which the application for  
22.33 the benefit was filed.

22.34 (b) If the employee was under age 50, dies, and had credit for at least three years of  
22.35 allowable service credit on the date of death but did not yet qualify for retirement, the

23.1 surviving spouse may elect to receive a 100 percent joint and survivor annuity based on  
23.2 the age of the employee and surviving spouse at the time of death. The annuity is payable  
23.3 using the early retirement reduction under section 352.93, subdivision 2a, to age 50, and  
23.4 one-half of the early retirement reduction from age 50 to the age payment begins. The  
23.5 surviving spouse eligible for surviving spouse benefits under this paragraph may apply  
23.6 for the annuity at any time after the employee's death. Sections 352.22, subdivision 3,  
23.7 and 352.72, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable  
23.8 under this subdivision.

23.9 (c) The annuity must cease with the last payment received by the surviving spouse  
23.10 in the lifetime of the surviving spouse. Any employee may request in writing, with the  
23.11 signed consent of the spouse, that this subdivision not apply and that payment be made  
23.12 only to a designated beneficiary as otherwise provided by this chapter.

23.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

23.14 Sec. 3. Minnesota Statutes 2006, section 353.30, subdivision 3, is amended to read:

23.15 Subd. 3. **Optional retirement annuity forms.** The board of trustees shall establish  
23.16 optional annuities which shall take the form of a joint and survivor annuity. Except as  
23.17 provided in subdivision 3a, the optional annuity forms shall be actuarially equivalent to  
23.18 the forms provided in section 353.29 and subdivisions 1, 1a, 1b, 1c, and 5. In establishing  
23.19 those optional forms, the board shall obtain the written recommendation of the actuary  
23.20 retained under section 356.214. The recommendations shall be a part of the permanent  
23.21 records of the board. A member or former member may select an optional form of  
23.22 annuity, subject to the provisions of section 356.46, in lieu of accepting any other form of  
23.23 annuity which might otherwise be available.

23.24 **EFFECTIVE DATE.** This section is effective January 1, 2009.

23.25 Sec. 4. Minnesota Statutes 2007 Supplement, section 353.32, subdivision 1a, is  
23.26 amended to read:

23.27 Subd. 1a. **Surviving spouse optional annuity.** (a) If a member or former member  
23.28 who has credit for not less than three years of allowable service and dies before the  
23.29 annuity or disability benefit begins to accrue under section 353.29, subdivision 7, or  
23.30 353.33, subdivision 2, notwithstanding any designation of beneficiary to the contrary, the  
23.31 surviving spouse may elect to receive, instead of a refund with interest under subdivision  
23.32 1, or surviving spouse benefits otherwise payable under section 353.31, an annuity equal

24.1 to a 100 percent joint and survivor annuity computed consistent with section 353.30,  
24.2 subdivision 1a, 1c, or 5, whichever is applicable.

24.3 (b) If a member first became a public employee or a member of a pension fund listed  
24.4 in section 356.30, subdivision 3, before July 1, 1989, and has credit for at least 30 years  
24.5 of allowable service on the date of death, the surviving spouse may elect to receive a  
24.6 100 percent joint and survivor annuity computed using section 353.30, subdivision 1b,  
24.7 except that the early retirement reduction under that provision will be applied from age  
24.8 62 back to age 55 and one-half of the early retirement reduction from age 55 back to  
24.9 the age payment begins.

24.10 (c) If a member who was under age 55 and has credit for at least three years  
24.11 of allowable service dies, but did not qualify for retirement on the date of death, the  
24.12 surviving spouse may elect to receive a 100 percent joint and survivor annuity computed  
24.13 using section 353.30, subdivision 1c or 5, as applicable, except that the early retirement  
24.14 reduction specified in the applicable subdivision will be applied to age 55 and one-half of  
24.15 the early retirement reduction from age 55 back to the age payment begins.

24.16 (d) Notwithstanding the definition of surviving spouse in section 353.01, subdivision  
24.17 20, a former spouse of the member, if any, is entitled to a portion of the monthly surviving  
24.18 spouse optional annuity if stipulated under the terms of a marriage dissolution decree filed  
24.19 with the association. If there is no surviving spouse or child or children, a former spouse  
24.20 may be entitled to a lump-sum refund payment under subdivision 1, if provided for in a  
24.21 marriage dissolution decree, but not a monthly surviving spouse optional annuity, despite  
24.22 the terms of a marriage dissolution decree filed with the association.

24.23 (e) The surviving spouse eligible for surviving spouse benefits under paragraph (a)  
24.24 may apply for the annuity at any time after the date on which the deceased employee  
24.25 would have attained the required age for retirement based on the employee's allowable  
24.26 service. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or  
24.27 (c) may apply for an annuity any time after the member's death.

24.28 (f) Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred  
24.29 annuity or surviving spouse benefit payable under this subdivision.

24.30 (g) An amount equal to any excess of the accumulated contributions that were  
24.31 credited to the account of the deceased employee over and above the total of the annuities  
24.32 paid and payable to the surviving spouse must be paid to the surviving spouse's estate.

24.33 (h) A member may specify in writing, with the signed consent of the spouse, that  
24.34 this subdivision does not apply and that payment may be made only to the designated  
24.35 beneficiary as otherwise provided by this chapter. The waiver of a surviving spouse

25.1 annuity under this section does not make a dependent child eligible for benefits under  
25.2 subdivision 1c.

25.3 (i) If the deceased member or former member first became a public employee or a  
25.4 member of a public pension plan listed in section 356.30, subdivision 3, on or after July  
25.5 1, 1989, a survivor annuity computed under paragraph (a) or (c) must be computed as  
25.6 specified in section 353.30, subdivision 5, except for the revised early retirement reduction  
25.7 specified in paragraph (c), if paragraph (c) is the applicable provision.

25.8 (j) For any survivor annuity determined under this subdivision, the payment is to be  
25.9 based on the total allowable service that the member had accrued as of the date of death  
25.10 and the age of the member and surviving spouse on that date.

25.11 **EFFECTIVE DATE.** This section is effective the day following final enactment.

25.12 Sec. 5. Minnesota Statutes 2007 Supplement, section 353.657, subdivision 2a, is  
25.13 amended to read:

25.14 Subd. 2a. **Death while eligible survivor benefit.** (a) If a member or former  
25.15 member who has attained the age of at least 50 years and has credit for not less than  
25.16 three years allowable service or who has credit for at least 30 years of allowable service,  
25.17 regardless of age attained, dies before the annuity or disability benefit becomes payable,  
25.18 notwithstanding any designation of beneficiary to the contrary, the surviving spouse may  
25.19 elect to receive a death while eligible survivor benefit.

25.20 (b) Notwithstanding the definition of surviving spouse in section 353.01, subdivision  
25.21 20, a former spouse of the member, if any, is entitled to a portion of the death while  
25.22 eligible survivor benefit if stipulated under the terms of a marriage dissolution decree  
25.23 filed with the association. If there is no surviving spouse or child or children, a former  
25.24 spouse may be entitled to a lump-sum refund payment under section 353.32, subdivision  
25.25 1, if provided for in a marriage dissolution decree but not a death while eligible survivor  
25.26 benefit despite the terms of a marriage dissolution decree filed with the association.

25.27 (c) The benefit may be elected instead of a refund with interest under section 353.32,  
25.28 subdivision 1, or surviving spouse benefits otherwise payable under subdivisions 1 and  
25.29 2. The benefit must be an annuity equal to the 100 percent joint and survivor annuity  
25.30 which the member could have qualified for on the date of death, computed as provided in  
25.31 sections 353.651, subdivisions 2 and 3, and 353.30, subdivision 3.

25.32 (d) The surviving spouse may apply for the annuity at any time after the date  
25.33 on which the deceased employee would have attained the required age for retirement  
25.34 based on the employee's allowable service. Sections 353.34, subdivision 3, and 353.71,  
25.35 subdivision 2, apply to a deferred annuity payable under this subdivision.

26.1 (e) No payment accrues beyond the end of the month in which entitlement to  
 26.2 such annuity has terminated. An amount equal to the excess, if any, of the accumulated  
 26.3 contributions which were credited to the account of the deceased employee over and  
 26.4 above the total of the annuities paid and payable to the surviving spouse must be paid to  
 26.5 the deceased member's last designated beneficiary or, if none, to the legal representative of  
 26.6 the estate of such deceased member.

26.7 (f) Any member may request in writing, with the signed consent of the spouse, that  
 26.8 this subdivision not apply and that payment be made only to the designated beneficiary, as  
 26.9 otherwise provided by this chapter.

26.10 (g) For a member who is employed as a full-time firefighter by the Department of  
 26.11 Military Affairs of the state of Minnesota, allowable service as a full-time state Military  
 26.12 Affairs Department firefighter credited by the Minnesota State Retirement System may be  
 26.13 used in meeting the minimum allowable service requirement of this subdivision.

26.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

26.15 Sec. 6. Minnesota Statutes 2006, section 353E.07, subdivision 7, is amended to read:

26.16 Subd. 7. **Election that section does not apply.** A member may specify in writing,  
 26.17 with the signed consent of the spouse, that this section does not apply and that payment  
 26.18 must be made only to the designated beneficiary, as otherwise provided by this chapter.

26.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

26.20 Sec. 7. Minnesota Statutes 2006, section 356.46, as amended by Laws 2007, chapter

47.22 before the member's required beginning date.

47.23 (d) "Member's account balance" means the account balance as of the last valuation  
47.24 date in the valuation calendar year increased by the amount of any contributions made  
47.25 and allocated to the account balance as of dates in the valuation calendar year after the  
47.26 valuation date and decreased by distributions made in the valuation calendar year after  
47.27 the valuation date. The account balance for the valuation calendar year includes any

48.21 under section 353D.07, subdivision 5; or

48.22 (3) if the member's surviving spouse is the member's sole designated beneficiary and  
48.23 the surviving spouse dies after the member, but before the account balance is distributed  
48.24 to the surviving spouse, paragraph (c), clause (2), shall apply as if the surviving spouse  
48.25 were the member.

48.26 (d) For purposes of paragraph (c), unless clause (3) applies, distributions are  
48.27 considered to be made on the member's required beginning date. If paragraph (c), clause  
48.28 (3), applies, distributions are considered to begin on the date distributions are required to  
48.29 be made to the surviving spouse under paragraph (c), clause (1).

49.18 Sec. 26. **[353F.025] CERTIFICATION AND DECERTIFICATION OF MEDICAL**  
 49.19 **FACILITIES AND OTHER PUBLIC EMPLOYING UNITS.**

49.20 Subdivision 1. Eligibility determination. (a) The chief clerical officer of a  
 49.21 governmental subdivision may submit a resolution from the governing body to the  
 49.22 executive director of the Public Employees Retirement Association which supports  
 49.23 providing coverage under this chapter for employees of that governmental subdivision  
 49.24 who are privatized, and which states that the governing body will pay for actuarial  
 49.25 calculations, as further specified in paragraph (c).

49.26 (b) The governing body must also provide a copy of any applicable purchase or  
 49.27 lease agreement and any other information requested by the executive director to allow the  
 49.28 executive director to verify that under the proposed employer change, the new employer  
 49.29 does not qualify as a governmental subdivision under section 353.01, subdivision 6,  
 49.30 making the employees ineligible for continued coverage as active members of the general  
 49.31 employees retirement plan of the Public Employees Retirement Association.

49.32 (c) Following receipt of a resolution and a determination by the executive director  
 49.33 that the new employer is not a governmental subdivision, the executive director shall  
 49.34 direct the consulting actuary retained under section 356.214 to determine whether the  
 49.35 general employees retirement plan of the Public Employees Retirement Association is

50.1 expected to receive a net gain if privatization occurs, by determining whether the actuarial  
 50.2 liability of the special benefit coverage provided under this chapter, if extended to the  
 50.3 applicable employees under the privatization, is less than the actuarial gain otherwise to  
 50.4 accrue to the plan. The date of the actuarial calculations used to make this determination  
 50.5 must be within one year of the effective date, as defined in section 353F.02, subdivision 3.

50.6 Subd. 2. **Recommendation to legislature.** (a) If the actuarial calculations under  
 50.7 subdivision 1, paragraph (c), indicate that a net gain to the general employees retirement  
 50.8 plan of the Public Employees Retirement Association is expected due to the privatization,  
 50.9 the executive director shall forward a recommendation and supporting documentation to  
 50.10 the chair of the Legislative Commission on Pensions and Retirement, the chair of the  
 50.11 Governmental Operations, Reform, Technology and Elections Committee of the house of  
 50.12 representatives, the chair of the State and Local Government Operations and Oversight  
 50.13 Committee of the senate, and the executive director of the Legislative Commission on  
 50.14 Pensions and Retirement. The recommendation must be in the form of an addition to  
 50.15 the definition of "medical facility" under section 353F.02, subdivision 4, or to "other  
 50.16 public employing unit" under section 353F.02, subdivision 5, whichever is applicable.  
 50.17 The recommendation must be forwarded to the legislature before January 15 for the  
 50.18 recommendation to be considered in that year's legislative session.

50.19 (b) If a medical facility or other public employing unit listed under section 353F.02,  
 50.20 subdivision 4 or 5, fails to privatize within one year of the final enactment date of the  
 50.21 legislation adding the entity to the applicable definition, its inclusion under this chapter  
 50.22 is voided, and the executive director shall include in the proposed legislation under  
 50.23 paragraph (a) a recommendation that the applicable entity be stricken from the definition.

50.24 Subd. 3. **Date of application.** For any privatization added to this chapter after the  
 50.25 effective date of this section, the first date of coverage is the effective date as defined in  
 50.26 section 353F.02, subdivision 3.

50.27 **EFFECTIVE DATE.** This section is effective the day following final enactment.

50.28 Sec. 27. Minnesota Statutes 2007 Supplement, section 354.096, subdivision 2, is

 50.32 allowable service credit for the leave by making payment ~~of the employee, employer, and~~  
 50.33 ~~additional employer contributions at the rates under section 354.42, during the leave~~  
 50.34 ~~period as applied to the member's average full-time monthly salary rate on the date the~~  
 50.35 ~~leave commenced~~ under section 354.72.

51.4 Subd. 5. **Retirees not eligible for federal benefits.** ~~Notwithstanding the provisions~~  
 51.5 ~~of section 354.55, subdivision 3,~~ When any person retires after July 1, 1973, who (1)  
 51.6 has ten or more years of allowable service, and (2) does not have any retroactive Social  
 51.7 Security coverage by reason of the person's position in the retirement system, and (3) does  
 51.8 not qualify for federal old age and survivor primary benefits at the time of retirement, the  
 51.9 annuity must be computed under section 354.44, subdivision 2, of the law in effect on  
 51.10 June 30, 1969, except that accumulations after June 30, 1957, must be calculated using the  
 51.11 same mortality table and interest assumption as are used to transfer the required reserves  
 51.12 to the Minnesota postretirement investment fund.

51.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

51.14 Sec. 29. Minnesota Statutes 2007 Supplement, section 354.72, subdivision 2, is  
 51.15 amended to read:

51.16 Subd. 2. **Purchase procedure.** (a) A teacher may purchase credit for allowable and  
 51.17 formula service in the plan for a period specified in subdivision 1 if the teacher makes a  
 51.18 payment as specified in paragraph (b) ~~or~~, (c), or (d), whichever applies. The employing  
 51.19 unit, at its option, may pay the employer portion of the amount ~~specified in paragraph (b)~~

 51.26 or for an extended leave under section 354.094, on the salary received during the year  
 51.27 immediately preceding the initial year of the leave, multiplied by the months and portions  
 51.28 of a month of the leave or strike period for which the teacher seeks allowable service credit.

51.29 (c) If payment is made after June 30 and before the following June 30 for a strike  
 51.30 period or for leaves of absence under section 354.093, 354.095, or 354.096, or for an  
 51.31 extended leave of absence under section 354.094, the payment must equal the total  
 51.32 employee and employer contributions, including amortization contributions if applicable,  
 51.33 given the contribution rates in section 354.42, multiplied by the member's average

52.1 ~~monthly salary rate on the commencement of the leave or period of strike, multiplied by~~  
 52.2 ~~the months and portions of a month of the leave of absence or period of strike for which~~  
 52.3 ~~the teacher seeks allowable service credit. Payments made under this paragraph must~~  
 52.4 include the amount determined in paragraph (b) plus compound interest at a monthly rate  
 52.5 of 0.71 percent from ~~the last day of the leave period or strike period, or from June 30 for~~  
 52.6 ~~an extended leave of absence under section 354.094, until the last day of the month in~~  
 52.7 which payment is received.

52.8 ~~(e)~~ (d) If payment is received by the executive director after the applicable last

 52.10 under section 356.551. Notwithstanding payment deadlines specified in section 356.551,  
 52.11 payment under this section may be made anytime before the effective date of retirement.

52.12 **EFFECTIVE DATE.** This section is effective retroactively from July 1, 2007.

52.14 Subd. 3. **Payment.** (a) ~~Upon the retired member attaining the age of 65 years~~  
 52.15 ~~or upon the first day of the month next following the month occurring~~ Beginning one  
 52.16 year after the ~~termination of the~~ reemployment withholding period ends relating to the  
 52.17 reemployment that gave rise to the limitation, ~~whichever is later,~~ and the filing of a written  
 52.18 application, the retired member is entitled to the payment, in a lump sum, of the value  
 52.19 of the person's amount under subdivision 2, plus interest at the compound annual rate  
 52.20 of six percent from the date that the amount was deducted from the retirement annuity  
 52.21 to the date of payment.

52.22 (b) The written application must be on a form prescribed by the chief administrative  
 52.23 officer of the applicable retirement plan.

52.24 (c) If the retired member dies before the payment provided for in paragraph (a) is  
 52.25 made, the amount is payable, upon written application, to the deceased person's surviving  
 52.26 spouse, or if none, to the deceased person's designated beneficiary, or if none, to the  
 52.27 deceased person's estate.

52.28 (d) In lieu of the direct payment of the person's amount under subdivision 2, on  
 52.29 or after the payment date under paragraph (a), if the federal Internal Revenue Code so  
 52.30 permits, the retired member may elect to have all or any portion of the payment amount  
 52.31 under this section paid in the form of a direct rollover to an eligible retirement plan as  
 52.32 defined in section 402(c) of the federal Internal Revenue Code that is specified by the

53.1 designated beneficiary, or if none, the administrator of the deceased person's estate may  
53.2 elect a direct rollover under this paragraph.

53.3 **EFFECTIVE DATE.** This section is effective retroactively from January 1, 2008.

53.4 Sec. 31. Minnesota Statutes 2006, section 356.551, subdivision 2, is amended to read:

53.5 Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in  
53.6 paragraph (c) applies, the prior service credit purchase amount is an amount equal to the  
53.7 actuarial present value, on the date of payment, as calculated by the chief administrative  
53.8 officer of the pension plan and reviewed by the actuary retained under section 356.214,  
53.9 of the amount of the additional retirement annuity obtained by the acquisition of the  
53.10 additional service credit in this section.

53.11 (b) Calculation of this amount must be made using the preretirement interest rate  
53.12 applicable to the public pension plan specified in section 356.215, subdivision 8, and  
53.13 the mortality table adopted for the public pension plan. The calculation must assume  
53.14 continuous future service in the public pension plan until, and retirement at, the age at  
53.15 which the minimum requirements of the fund for normal retirement or retirement with an  
53.16 annuity unreduced for retirement at an early age, including section 356.30, are met with  
53.17 the additional service credit purchased. The calculation must also assume a full-time  
53.18 equivalent salary, or actual salary, whichever is greater, and a future salary history that  
53.19 includes annual salary increases at the applicable salary increase rate for the plan specified  
53.20 in section 356.215, subdivision 4d.

53.21 ~~(e) The prior service credit purchase amount may not be less than the amount~~  
53.22 ~~determined by applying the current employee or member contribution rate, the employer~~  
53.23 ~~contribution rate, and the additional employer contribution rate, if any, to the person's~~  
53.24 ~~current annual salary and multiplying that result by the number of whole and fraction~~  
53.25 ~~years of service to be purchased.~~

53.26 (c) The prior service credit purchase amount may not be less than the amount  
53.27 determined by applying, for each year or fraction of a year being purchased, the sum of the  
53.28 employee contribution rate, the employer contribution rate, and the additional employer  
53.29 contribution rate, if any, applicable during that period, to the person's annual salary during  
53.30 that period, or fractional portion of a year's salary, if applicable, plus interest at the annual  
53.31 rate of 8.5 percent compounded annually from the end of the year in which contributions  
53.32 would otherwise have been made to the date on which the payment is received.

53.33 (d) Unless otherwise provided by statutes governing a specific plan, payment must  
53.34 be made in one lump sum within one year of the prior service credit authorization or prior

54.1 to the member's effective date of retirement, whichever is earlier. Payment of the amount  
54.2 calculated under this section must be made by the applicable eligible person.

54.3 (e) However, the current employer or the prior employer may, at its discretion, pay  
54.4 all or any portion of the payment amount that exceeds an amount equal to the employee  
54.5 contribution rates in effect during the period or periods of prior service applied to the  
54.6 actual salary rates in effect during the period or periods of prior service, plus interest at the  
54.7 rate of 8.5 percent a year compounded annually from the date on which the contributions  
54.8 would otherwise have been made to the date on which the payment is made. If the  
54.9 employer agrees to payments under this subdivision, the purchaser must make the  
54.10 employee payments required under this subdivision within 90 days of the prior service  
54.11 credit authorization. If that employee payment is made, the employer payment under this  
54.12 subdivision must be remitted to the chief administrative officer of the public pension plan  
54.13 within 60 days of receipt by the chief administrative officer of the employee payments  
54.14 specified under this subdivision.

54.15 **EFFECTIVE DATE.** This section is effective the day following final enactment.

54.16 Sec. 32. Minnesota Statutes 2006, section 356.611, subdivision 2, is amended to read:

54.17 Subd. 2. **Federal compensation limits.** (a) For members of a covered pension plan  
54.18 enumerated in section 356.30, subdivision 3, and of the plan established under chapter  
54.19 353D, compensation in excess of the limitation specified in section 401(a)(17) of the  
54.20 Internal Revenue Code, as amended, for changes in the cost of living under section  
54.21 401(a)(17)(B) of the Internal Revenue Code, may not be included for contribution and  
54.22 benefit computation purposes.

54.23 (b) Notwithstanding paragraph (a), for members specified in paragraph (a) who first

54.25 compensation limit specified in Internal Revenue Code 401(a)(17) on June 30, 1993,  
54.26 applies if that provides a greater allowable annual compensation.

54.27 **EFFECTIVE DATE.** This section is effective the day following final enactment.

54.28 Sec. 33. Minnesota Statutes 2006, section 356.611, is amended by adding a subdivision  
54.29 to read:

### 66.10 **MNSCU-IRAP AND RELATED CHANGES**

66.11 Section 1. Minnesota Statutes 2006, section 354B.20, is amended by adding a  
66.12 subdivision to read:

66.13 Subd. 19. **Unclaimed plan account amounts.** "Unclaimed plan account amounts"  
66.14 means the accounts of any plan participant who has terminated employment by the  
66.15 Minnesota State Colleges and Universities System or who has died, or of the surviving  
66.16 spouse, beneficiary, or estate of the participant if the plan administrator is unable to  
66.17 locate the applicable recipient in accordance with Internal Revenue Service due diligence  
66.18 requirements.

66.19 Sec. 2. Minnesota Statutes 2006, section 354B.25, subdivision 5, is amended to read:

66.20 **Subd. 5. Individual retirement account plan administrative expenses.** (a) The  
66.21 reasonable and necessary administrative expenses of the individual retirement account  
66.22 plan may be charged to plan participants by the plan sponsor in the form of an annual  
66.23 fee, an asset-based fee, a percentage of the contributions to the plan, or a combination  
66.24 thereof. This amount shall be offset by interest earned on both the plan reserves and  
66.25 unclaimed funds account.

66.26 (b) Any administrative expense charge that is not actually needed for the  
66.27 administrative expenses of the individual retirement account plan must be refunded to  
66.28 member accounts.

66.29 (c) The Board of Trustees shall report annually, before October 1, to the advisory  
66.30 committee created in subdivision 1a on administrative expenses of the plan. The report  
66.31 must include a detailed accounting of charges for administrative expenses collected  
66.32 from plan participants and expenditure of the administrative expense charges. The  
66.33 administrative expense charges collected from plan participants must be kept in a separate

67.1 account from any other funds under control of the Board of Trustees and may be used only  
67.2 for the necessary and reasonable administrative expenses of the plan.

67.3 Sec. 3. Minnesota Statutes 2006, section 354B.25, is amended by adding a subdivision  
67.4 to read:

67.8 the date that the plan administrator first attempts to locate the former member, surviving  
67.9 spouse, or other beneficiary, the unclaimed plan account amount cancels and must be  
67.10 credited to the reserve account specified in paragraph (b).

67.11 (b) The board must establish a separate account to receive unclaimed plan account  
67.12 amounts. A portion of this reserve account and any investment earnings attributable to  
67.13 this reserve account are to be used to offset the reasonable and necessary expenses of  
67.14 the individual retirement account plan, including costs incurred in efforts to locate lost  
67.15 participants, surviving spouses, or other beneficiaries.

67.16 (c) If the unclaimed plan account amount exceeded \$25 and the inactive member,  
67.17 surviving spouse, or beneficiary, whichever is applicable, establishes a valid claim to the  
67.18 forfeited account, the forfeited account is to be reestablished in an amount equal to the  
67.19 amount originally forfeited. The board must ensure that the reserve account has sufficient  
67.20 assets to cover any transfers needed to reestablish accounts.

67.21 Sec. 4. Minnesota Statutes 2007 Supplement, section 354C.12, subdivision 4, is  
67.22 amended to read:

67.23 Subd. 4. **Administrative expenses.** (a) The Board of Trustees of the Minnesota  
67.24 State Colleges and Universities is authorized to pay the necessary and reasonable  
67.25 administrative expenses of the supplemental retirement plan and may bill participants to

67.27 as an annual fee, an asset-based fee, a percentage of contributions to the plan, or a  
67.28 contribution thereof. This amount shall be offset by interest earned on both the plan  
67.29 reserves and unclaimed funds account.

67.30 (b) Any recovered or assessed amounts that are not needed for the necessary and  
67.31 reasonable administrative expenses of the plan must be refunded to member accounts.

67.32 (c) The Board of Trustees shall report annually, before October 1, to the legislature  
67.33 on administrative expenses of the plan. The report must include a detailed accounting of  
67.34 charges for administrative expenses collected from plan participants and expenditure

68.1 of the administrative expense charges. The administrative expense charges collected  
68.2 from plan participants must be kept in a separate account from any other funds under  
68.3 control of the Board of Trustees and may be used only for the necessary and reasonable  
68.4 administrative expenses of the plan.

68.10 (a) ~~Except as provided in paragraph (c),~~ No participant may obtain a loan ~~or any~~  
68.11 ~~distribution~~ from the plan before the participant terminates the employment that gave  
68.12 rise to plan coverage.

68.13 (b) No amounts to the credit of the plan are assignable either in law or in equity, or  
68.14 are subject to execution, levy, attachment, garnishment, or other legal process, except as  
68.15 provided in section 518.58, 518.581, or 518A.53.

68.16 (c) MS 2002 [Expired]

68.17 (d) Except for a participant in a phased retirement program that is part of an approved  
68.18 collective bargaining agreement, no participant may obtain a distribution from the plan at a  
68.19 time before the participant terminates the employment that gave rise to the plan coverage.

68.20 **Sec. 7. ACTUARIAL IMPACT STUDY; MNSCU-TENURED FACULTY**  
68.21 **RETIREMENT PLAN COVERAGE CHANGE.**

68.22 (a) The Teachers Retirement Association shall have the actuary retained under  
68.23 Minnesota Statutes, section 356.214, conduct a study of the likely actuarial impact on the  
68.24 Teachers Retirement Association of potentially permitting current tenure-track faculty  
68.25 members employed by the Minnesota State Colleges and Universities System who have  
68.26 not yet attained tenure or its equivalent to elect retroactive and prospective retirement  
68.27 coverage by the Teachers Retirement Association within one year of attaining tenure or  
68.28 its equivalent, with the retroactive coverage effected by a service credit purchase under  
68.29 Minnesota Statutes, section 356.551.

68.30 (b) The actuarial study must include an assessment of the likelihood that tenure-track  
68.31 Minnesota State Colleges and Universities System faculty members would elect retirement  
68.32 coverage by the Teachers Retirement Association that underlies any election assumption  
68.33 used in the study based on the experience of Minnesota State Colleges and Universities

69.1 System faculty members employed during the most recent ten years. The Minnesota State  
 69.2 Colleges and Universities System shall provide the Teachers Retirement Association with  
 69.3 the data on its faculty members necessary to conduct the study.

69.4 (c) The actuarial study must assess the actuarial accrued liability that could be  
 69.5 assumed by the Teachers Retirement Association from potential service credit purchases  
 69.6 by Minnesota State Colleges and Universities System faculty members attaining tenure  
 69.7 or its equivalent, the likely purchase payments related to those potential Minnesota State  
 69.8 Colleges and Universities System faculty member service credit purchases, and the effect  
 69.9 on the Teachers Retirement Association normal cost rate of the potential prospective  
 69.10 inclusion of Minnesota State Colleges and Universities System faculty members upon  
 69.11 attaining tenure.

 69.13 the Legislative Commission on Pensions and Retirement on or before January 15, 2009.

86.17 (c) Before July 2, 2010, the actuarial valuation must use the applicable following

 86.20 percentage of an increasing payroll:

86.37 (d) After July 1, 2010, the assumptions set forth in paragraphs (b) and (c) continue to  
 86.38 apply, unless a different salary assumption or a different payroll increase assumption:

86.39 (1) has been proposed by the governing board of the applicable retirement plan;

87.1 (2) is accompanied by the concurring recommendation of the actuary retained under  
87.2 section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the  
87.3 most recent actuarial valuation report if section 356.214 does not apply; and  
87.4 (3) has been approved or deemed approved under subdivision 18.

87.5 Sec. 14. Minnesota Statutes 2006, section 356.215, subdivision 11, is amended to read:

87.6 Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the  
87.7 level normal cost, the actuarial valuation of the retirement plan must contain an exhibit  
87.8 for financial reporting purposes indicating the additional annual contribution sufficient  
87.9 to amortize the unfunded actuarial accrued liability and must contain an exhibit for  
87.10 contribution determination purposes indicating the additional contribution sufficient to  
87.11 amortize the unfunded actuarial accrued liability. For ~~funds governed by chapters 3A,~~  
87.12 ~~352, 352B, 352C, 353, 354, 354A, and 490~~ the retirement plans listed in subdivision 8,  
87.13 paragraph (c), the additional contribution must be calculated on a level percentage of  
87.14 covered payroll basis by the established date for full funding in effect when the valuation  
87.15 is prepared. ~~For funds governed by chapter 3A, sections 352.90 through 352.951, chapters~~  
87.16 ~~352B, 352C, sections 353.63 through 353.68, and chapters 353C, 354A, and 490, the level~~  
87.17 ~~percent additional contribution must be calculated,~~ assuming annual payroll growth of 6.5  
87.18 ~~percent.~~ ~~For funds governed by sections 352.01 through 352.86 and chapter 354, the level~~  
87.19 ~~percent additional contribution must be calculated assuming an annual payroll growth of~~  
87.20 ~~five percent.~~ ~~For the fund governed by sections 353.01 through 353.46, the level percent~~  
87.21 ~~additional contribution must be calculated assuming an annual payroll growth of six~~  
87.22 ~~percent~~ at the applicable percentage rate set forth in subdivision 8, paragraph (c). For all  
87.23 other ~~funds~~ retirement plans, the additional annual contribution must be calculated on a  
87.24 level annual dollar amount basis.

87.25 (b) For any ~~fund~~ retirement plan other than the Minneapolis Employees Retirement  
87.26 Fund ~~and~~, the general employees retirement plan of the Public Employees Retirement  
87.27 Association ~~general plan~~, and the St. Paul Teachers Retirement Fund Association, if  
87.28 there has not been a change in the actuarial assumptions used for calculating the actuarial  
87.29 accrued liability of the fund, a change in the benefit plan governing annuities and benefits  
87.30 payable from the fund, a change in the actuarial cost method used in calculating the  
87.31 actuarial accrued liability of all or a portion of the fund, or a combination of the three,  
87.32 which change or changes by itself or by themselves without inclusion of any other items  
87.33 of increase or decrease produce a net increase in the unfunded actuarial accrued liability of  
87.34 the fund, the established date for full funding is the first actuarial valuation date occurring  
87.35 after June 1, 2020.

88.1 (c) For any ~~fund or~~ retirement plan other than the Minneapolis Employees  
88.2 Retirement Fund and the general employees retirement plan of the Public Employees  
88.3 Retirement Association ~~general plan~~, if there has been a change in any or all of the  
88.4 actuarial assumptions used for calculating the actuarial accrued liability of the fund, a  
88.5 change in the benefit plan governing annuities and benefits payable from the fund, a  
88.6 change in the actuarial cost method used in calculating the actuarial accrued liability of all  
88.7 or a portion of the fund, or a combination of the three, and the change or changes, by itself  
88.8 or by themselves and without inclusion of any other items of increase or decrease, produce  
88.9 a net increase in the unfunded actuarial accrued liability in the fund, the established date  
88.10 for full funding must be determined using the following procedure:

88.11 (i) the unfunded actuarial accrued liability of the fund must be determined in  
88.12 accordance with the plan provisions governing annuities and retirement benefits and the  
88.13 actuarial assumptions in effect before an applicable change;

88.14 (ii) the level annual dollar contribution or level percentage, whichever is applicable,  
88.15 needed to amortize the unfunded actuarial accrued liability amount determined under item  
88.16 (i) by the established date for full funding in effect before the change must be calculated  
88.17 using the interest assumption specified in subdivision 8 in effect before the change;

88.18 (iii) the unfunded actuarial accrued liability of the fund must be determined in  
88.19 accordance with any new plan provisions governing annuities and benefits payable from  
88.20 the fund and any new actuarial assumptions and the remaining plan provisions governing  
88.21 annuities and benefits payable from the fund and actuarial assumptions in effect before  
88.22 the change;

88.23 (iv) the level annual dollar contribution or level percentage, whichever is applicable,  
88.24 needed to amortize the difference between the unfunded actuarial accrued liability amount  
88.25 calculated under item (i) and the unfunded actuarial accrued liability amount calculated  
88.26 under item (iii) over a period of 30 years from the end of the plan year in which the  
88.27 applicable change is effective must be calculated using the applicable interest assumption  
88.28 specified in subdivision 8 in effect after any applicable change;

88.29 (v) the level annual dollar or level percentage amortization contribution under item  
88.30 (iv) must be added to the level annual dollar amortization contribution or level percentage  
88.31 calculated under item (ii);

88.32 (vi) the period in which the unfunded actuarial accrued liability amount determined  
88.33 in item (iii) is amortized by the total level annual dollar or level percentage amortization  
88.34 contribution computed under item (v) must be calculated using the interest assumption  
88.35 specified in subdivision 8 in effect after any applicable change, rounded to the nearest  
88.36 integral number of years, but not to exceed 30 years from the end of the plan year in

89.1 which the determination of the established date for full funding using the procedure set  
89.2 forth in this clause is made and not to be less than the period of years beginning in the  
89.3 plan year in which the determination of the established date for full funding using the  
89.4 procedure set forth in this clause is made and ending by the date for full funding in effect  
89.5 before the change; and

89.6 (vii) the period determined under item (vi) must be added to the date as of which  
89.7 the actuarial valuation was prepared and the date obtained is the new established date  
89.8 for full funding.

89.9 (d) For the Minneapolis Employees Retirement Fund, the established date for full  
89.10 funding is June 30, 2020.

89.11 (e) For the general employees retirement plan of the Public Employees Retirement  
89.12 Association, the established date for full funding is June 30, 2031.

89.13 (f) For the Teachers Retirement Association, the established date for full funding is  
89.14 June 30, 2037.

89.15 (g) For the correctional state employees retirement plan of the Minnesota State  
89.16 Retirement System, the established date for full funding is June 30, 2038.

89.18 30, 2038.

89.19 (i) For the public employees police and fire retirement plan, the established date  
89.20 for full funding is June 30, 2038.

89.21 (j) For the St. Paul Teachers Retirement Fund Association, the established date for  
89.22 full funding is June 30 of the 25th year from the valuation date. In addition to other  
89.23 requirements of this chapter, the annual actuarial valuation shall contain an exhibit  
89.24 indicating the funded ratio and the deficiency or sufficiency in annual contributions when  
89.25 comparing liabilities to the market value of the assets of the fund as of the close of the  
89.26 most recent fiscal year.

89.27 ~~(g)~~ (k) For the retirement plans for which the annual actuarial valuation indicates  
89.28 an excess of valuation assets over the actuarial accrued liability, the valuation assets in  
89.29 excess of the actuarial accrued liability must be recognized as a reduction in the current  
89.30 contribution requirements by an amount equal to the amortization of the excess expressed  
89.31 as a level percentage of pay over a 30-year period beginning anew with each annual  
89.32 actuarial valuation of the plan.

89.33 (l) In addition to calculating the unfunded actuarial accrued liability of the retirement  
89.34 plan for financial reporting purposes under paragraphs (a) to (j), the actuarial valuation  
89.35 of the retirement plan must also include a calculation of the unfunded actuarial accrued  
89.36 liability of the retirement plan for purposes of determining the amortization contribution

90.1 sufficient to amortize the unfunded actuarial liability of the Minnesota Post Retirement  
 90.2 Investment Fund. For this exhibit, the calculation must be the unfunded actuarial accrued  
 90.3 liability net of the postretirement adjustment liability funded from the investment  
 90.4 performance of the Minnesota Post Retirement Investment Fund or the retirement benefit  
 90.5 fund.

92.30 **EFFECTIVE DATE.** This section is effective August 1, 2008.

92.31 Sec. 3. **[352.965] MINNESOTA STATE DEFERRED COMPENSATION PLAN.**

92.32 Subdivision 1. **Establishment.** (a) The Minnesota state deferred compensation plan  
 92.33 is established. For purposes of this section, "plan" means the Minnesota state deferred

93.1 compensation plan, unless the context clearly indicates otherwise. The Minnesota State  
93.2 Retirement System shall administer the plan.

93.3 (b) The purpose of the plan is to provide a means for a public employee to contribute  
93.4 a portion of the employee's compensation to a tax-deferred investment account. The plan  
93.5 is an eligible tax-deferred compensation plan under section 457(b) of the Internal Revenue  
93.6 Code, United States Code, title 26, section 457(b), and the applicable regulations under  
93.7 Code of Federal Regulations, title 26, parts 1.457-3 to 1.457-10.

93.8 (c) The board of directors of the Minnesota State Retirement System is the plan  
93.9 trustee and the board's executive director is the plan administrator. Fiduciary activities of  
93.10 the plan must be undertaken in a manner consistent with chapter 356A.

93.11 (d) The executive director, with the approval of the board of directors, shall  
93.12 adopt and amend, as required to maintain tax-qualified status, a written plan document  
93.13 specifying the material terms and conditions for eligibility, benefits, applicable limitations,  
93.14 and the time and form under which benefit distributions can be made. With the approval  
93.15 of the board of directors, the executive director may also establish policies and procedures  
93.16 necessary for the administration of the deferred compensation plan.

93.17 (e) The plan document shall include provisions that are necessary to cause the plan  
93.18 to be an eligible deferred compensation plan within the meaning of section 457(b) of  
93.19 the Internal Revenue Code. The plan document may provide additional administrative  
93.20 and substantive provisions consistent with state law, provided those provisions will not  
93.21 cause the plan to fail to be an eligible deferred compensation plan within the meaning  
93.22 of section 457(b) of the Internal Revenue Code and may include provisions for certain  
93.23 optional features and services.

93.24 (f) The board of directors may authorize the executive director to establish and  
93.25 administer a Roth 457 plan if authorized by the Internal Revenue Code or a Roth  
93.26 individual retirement account as defined under section 408A of the Internal Revenue Code.

93.27 (g) All amounts contributed to the deferred compensation plan and all earnings  
93.28 on those amounts must be held in trust, in custodial accounts, or in qualifying annuity  
93.29 contracts for the exclusive benefit of the plan participants and beneficiaries, as required by  
93.30 section 457(g) of the Internal Revenue Code and in accordance with sections 356.001 and  
93.31 356A.06, subdivision 1.

93.32 (h) The information and data maintained in the accounts of the participants and  
93.33 beneficiaries are private data and shall not be disclosed to anyone other than the participant  
93.34 or beneficiary pursuant to a court order or pursuant to section 356.49.

94.1 (i) The plan document is not subject to the rule adoption process under the  
94.2 Administrative Procedures Act, including section 14.386, but must conform with  
94.3 applicable federal and state laws.

94.4 Subd. 2. **Right to participate in the deferred compensation plan.** At the request  
94.5 of an officer or employee of the state, an officer or employee of a political subdivision, or  
94.6 an employee covered by a retirement fund in section 356.20, subdivision 2, the appointing  
94.7 authority shall defer the payment of part of the compensation of the public officer or  
94.8 employee through payroll deduction. The amount to be deferred must be as provided  
94.9 in a written agreement between the officer or employee and the public employer. The  
94.10 agreement must be in a form specified by the executive director of the Minnesota State  
94.11 Retirement System and must be consistent with the requirements for an eligible plan under  
94.12 federal and state tax laws, regulations, and rulings.

94.13 Subd. 3. **Failure to implement plan.** The public employer must complete  
94.14 implementation of the deferred compensation plan within 45 days of the request as  
94.15 provided in subdivision 2. If the public employer fails to implement the deferred  
94.16 compensation plan, the public employer may not defer compensation under any existing  
94.17 or new deferred compensation plan from the date of the request until the date on which the  
94.18 deferred compensation plan provided for in this section is implemented. Upon the petition  
94.19 of a public officer or employee, the executive director of the Minnesota State Retirement  
94.20 System may order the public officer's or employee's public employer to implement the  
94.21 deferred compensation plan provided for in this section and may enforce that order  
94.22 in appropriate legal proceedings.

94.23 Subd. 4. **Plan investments.** (a) Investments under the plan may include:

94.24 (1) shares in the Minnesota supplemental investment fund established in section

94.27 (3) life insurance contracts, fixed annuity, and variable annuity contracts from  
94.28 companies that are subject to regulation by the commissioner of commerce;

94.29 (4) investment options from open-end investment companies registered under the  
94.30 federal Investment Company Act of 1940, United States Code, title 15, sections 80a-1  
94.31 to 80a-64;

94.32 (5) investment options from a firm that is a registered investment advisor under the

94.35 80b-2, subsection (a), paragraph (2), or a bank holding company as defined in the Bank

95.1 Holding Company Act of 1956, United States Code, title 12, section 1841, subsection  
95.2 (a), paragraph (1); or

95.3 (7) a combination of clause (1), (2), (3), (4), (5), or (6), as provided by the plan as  
95.4 specified by the participant.

95.5 (b) All amounts contributed to the deferred compensation plan and all earnings  
95.6 on those amounts must be held for the exclusive benefit of the plan participants and  
95.7 beneficiaries. These amounts must be held in trust, in custodial accounts, or in qualifying  
95.8 annuity contracts as required by federal law in accordance with section 356A.06,  
95.9 subdivision 1. This subdivision does not authorize an employer contribution, except as  
95.10 authorized in section 356.24, subdivision 1, paragraph (a), clause (5). The state, political  
95.11 subdivision, or other employing unit is not responsible for any loss that may result from  
95.12 investment of the deferred compensation.

95.13 Subd. 5. **State Board of Investment to determine investments.** (a) The State  
95.14 Board of Investment shall determine the investment products to be made available under  
95.15 the plan and may retain appropriate consulting services to assist in making the selections.  
95.16 At a minimum, the State Board of Investment shall consider the following:

95.17 (1) the experience and ability of the financial institution to provide benefits and  
95.18 products that are suited to meet the needs of plan participants;

95.19 (2) the relationship of those benefits and products provided by the financial  
95.20 institution to their cost;

95.21 (3) the financial strength and stability of the financial institution; and

95.22 (4) the fees and expenses associated with the investment products in comparison to  
95.23 other products of similar risk and rates of return.

95.24 (b) If the State Board of Investment so elects, it may solicit bids for options under  
95.25 subdivision 4, clauses (2), (3), (4), (5), and (6). The State Board of Investment may retain  
95.26 consulting services to assist in soliciting and evaluating bids and in the periodic review of  
95.27 companies offering options under subdivision 4, clauses (3), (4), (5), and (6). The periodic  
95.28 review must occur at least every two years. The State Board of Investment may annually  
95.29 establish a budget for its costs in soliciting, evaluation, and periodic review processes. All  
95.30 options in subdivision 4 must be presented in an unbiased manner and in a manner that  
95.31 conforms to rules adopted by the executive director, be reported on a periodic basis to all  
95.32 participants in the deferred compensation plan, and not be the subject of unreasonable  
95.33 solicitation of participants in the plan. The State Board of Investment may charge a  
95.34 proportional share of all costs related to the periodic review to each company currently  
95.35 under contract and may charge a proportional share of all costs related to soliciting and  
95.36 evaluating bids to each company selected by the State Board of Investment.

96.1 (c) Under the procedures set forth in the plan document, participants may select the  
96.2 funds or combination of funds within which to invest and may reallocate those investments  
96.3 as provided in the plan document and procedures established by the executive director.

96.4 (d) This section does not authorize an employer contribution, except as authorized in  
96.5 section 356.24, subdivision 1, paragraph (a), clause (5).

96.6 (e) The state, the Minnesota State Retirement System, the executive director and  
96.7 board of directors of the system, the State Board of Investment, and participating public  
96.8 employers are not liable and not responsible for any loss that may result from investment  
96.9 of the deferred compensation or the investment choices made by the participants.

96.10 Subd. 6. **Plan administrative expenses.** (a) The reasonable and necessary  
96.11 administrative expenses of the deferred compensation plan may be charged to plan  
96.12 participants in the form of an annual fee, an asset-based fee, a percentage of the  
96.13 contributions to the plan, or a combination thereof, as set forth in the plan document. The  
96.14 executive director of the system at the direction of the board of directors shall establish  
96.15 procedures to carry out this section including allocation of administrative costs of the plan  
96.16 to participants. Processes and procedures shall be set forth in the plan document. Fees  
96.17 cannot be charged on contributions and investment returns attributable to contributions  
96.18 made to the Minnesota supplemental investment funds before July 1, 1992.

96.19 (b) The plan document must conform to federal and state tax laws, regulations, and  
96.20 rulings, and is not subject to the Administrative Procedure Act.

96.21 (c) The executive director may contract with a third party to perform administrative  
96.22 and record keeping functions. The executive director may solicit bids and negotiate such  
96.23 contracts.

96.24 (d) The board of directors may authorize a third-party investment consultant to  
96.25 provide investment information and advice, provided that the offering of such information  
96.26 and advice is consistent with the investment advice requirements applicable to private  
96.27 plans under Title VI, subtitle A, of the Pension Protection Act of 2006, Public Law  
96.28 109-280, section 601.

96.29 Subd. 7. **Other laws not applicable.** Except as provided in this section, no  
96.30 provisions of this chapter or other law specifically referring to this chapter applies to this  
96.31 section unless the Minnesota deferred compensation plan is specifically referenced.

96.32 Subd. 8. **Exemption from process.** No amount of deferred compensation is  
96.33 assignable or subject to execution, levy, attachment, garnishment, or other legal process,

96.35 Subd. 9. **Missing participants.** The plan document shall establish procedures to  
96.36 assist in locating participants. If a participant cannot be located the participant's benefits

97.2 disposition.

LOCAL POLICE AND PAID FIRE  
RELIEF ASSOCIATION CHANGESSection 1. [423A.021] DEFINED POSTRETIREMENT BENEFITS.

Subdivision 1. Pension unit increase. For a salaried firefighters relief association in a city of the first class with a population greater than 300,000, when the actuarial value of assets of the special fund first exceeds 110 percent of the actuarial accrued liabilities, according to an annual actuarial valuation occurring after the effective date of this section and performed in accordance with sections 356.215 and 356.216, each service pensioner, joint survivor annuitant, and surviving spouse member is entitled to a permanent benefit increase. The revised benefit is an increase of one unit for a service pensioner, not to exceed 43 units, an increase from 22 to 23 units for a surviving spouse benefit, and an increase from 42.3 to 43.2 units for unmarried service pensioners. The association shall pay the increased benefit beginning January 1 of the year following the year for which the valuation was prepared. If adding an additional unit results in raising total units past the maximum, a partial unit may be added to reach the maximum. For joint survivor annuities, this subdivision authorizes a benefit increase actuarially equivalent to one unit.

Subd. 2. Unit precedence. The additional benefit provided for in subdivision 1 shall take precedence over any other benefit provided when the fund reaches 110 percent funding. In preparing the actuarial valuation under sections 356.215 and 356.216, the actuary for the fund shall first account for the benefit provided in subdivision 1 in determining the plan's funded ratio. No other benefit payments may be made by the association until the actuarial impact of the benefit provided for in subdivision 1 has been determined and factored into the funding ratio.

Subd. 3. Excess investment income. For a salaried firefighters relief association in a city of the first class with a population greater than 300,000 that no longer is entitled to state general fund aid pursuant to section 423A.02, the association shall apply any assets that constitute excess investment income to the payment of a supplemental postretirement benefit to an eligible member notwithstanding any other limitation of law. Any amount of excess investment income not otherwise used for the payment of a supplemental postretirement benefit to an eligible member shall be applied to reduce the municipality's property tax levy to the association in the year following the payment of the postretirement benefit. A supplemental postretirement benefit is a lump sum payment equal to the monthly benefit provided to the benefit recipient in the month prior to payment of the supplemental postretirement benefit. A supplemental postretirement benefit payable under

106.1 this section is in lieu of any benefit payable under section 423C.06, subdivision 2. No  
 106.2 supplemental postretirement benefit is payable under this section if a benefit is payable  
 106.3 under section 423C.06, subdivision 3.

120.35 (e) For a relief association in which the governing bylaws provide for a monthly  
 120.36 benefit service pension as an alternative form of service pension payment to a lump sum  
 120.37 service pension, the maximum service pension amount for each pension payment type  
 120.38 must be determined using the applicable table contained in this subdivision.

120.39 (f) If a relief association establishes a service pension in compliance with the  
 120.40 applicable maximum contained in paragraph (c) or (d) and the minimum average amount  
 120.41 of available financing per active covered firefighter is subsequently reduced because of a  
 120.42 reduction in fire state aid or because of an increase in the number of active firefighters, the

121.1 relief association may continue to provide the prior service pension amount specified in  
 121.2 its bylaws, but may not increase the service pension amount until the minimum average  
 121.3 amount of available financing per firefighter under the table in paragraph (c) or (d),  
 121.4 whichever applies, permits.

121.5 (g) No relief association is authorized to provide a service pension in an amount  
 121.6 greater than the largest applicable flexible service pension maximum amount even if  
 121.7 the amount of available financing per firefighter is greater than the financing amount  
 121.8 associated with the largest applicable flexible service pension maximum.

121.9 Sec. 9. Minnesota Statutes 2006, section 424A.02, subdivision 7, is amended to read:

121.10 Subd. 7. **Deferred service pensions.** (a) A member of a relief association is entitled  
 121.11 to a deferred service pension if the member:

121.12 (1) has completed the lesser of the minimum period of active service with the fire  
 121.13 department specified in the bylaws or 20 years of active service with the fire department;

121.14 (2) has completed at least five years of active membership in the relief association;

121.15 and

121.16 (3) separates from active service and membership before reaching age 50 or the  
 121.17 minimum age for retirement and commencement of a service pension specified in the  
 121.18 bylaws governing the relief association if that age is greater than age 50.

121.19 (b) The deferred service pension is payable when the former member reaches age  
 121.20 50, or the minimum age specified in the bylaws governing the relief association if that age  
 121.21 is greater than age 50, and when the former member makes a valid written application.

121.22 (c) A relief association that provides a lump sum service pension governed by  
 121.23 subdivision 3 may, when its governing bylaws so provide, pay interest on the deferred  
 121.24 lump sum service pension during the period of deferral. If provided for in the bylaws,  
 121.25 interest must be paid in one of the following manners:

121.26 (1) at the investment performance rate actually earned on that portion of the assets  
 121.27 if the deferred benefit amount is invested by the relief association in a separate account  
 121.28 established and maintained by the relief association or if the deferred benefit amount is  
 121.29 invested in a separate investment vehicle held by the relief association; or

121.30 (2) at an interest rate of up to five percent, compounded annually, as set by the board  
 121.31 of directors and approved as provided in subdivision 10; ~~or,~~

121.32 ~~(3) at a rate equal to the actual time-weighted total rate of return investment~~  
 121.33 ~~performance of the special fund as reported by the Office of the State Auditor under~~  
 121.34 ~~section 356.219, up to five percent, compounded annually, and applied consistently for~~  
 121.35 ~~all deferred service pensioners.~~

122.1 ~~A relief association may not use the method provided for in clause (3), until it has~~  
122.2 ~~modified its bylaws to be consistent with that clause.~~

122.3 (d) Interest under paragraph (c), clause (2) ~~or (3)~~, is payable ~~from the first day of~~  
122.4 ~~the month next~~ following the date on which the municipality has approved the deferred  
122.5 service pension interest rate established by the board of trustees ~~or from the first day of the~~  
122.6 ~~month next following the date on which the member separated from active fire department~~  
122.7 ~~service and relief association membership, whichever is later, to the last day of the month~~  
122.8 ~~immediately before the month in which the deferred member becomes eligible to begin~~  
122.9 ~~receipt of the service pension and applies for the deferred service pension.~~

122.10 (e) A relief association that provides a defined contribution service pension may,  
122.11 if its governing bylaws so provide, credit interest or additional investment performance  
122.12 on the deferred lump sum service pension during the period of deferral. If provided for  
122.13 in the bylaws, the interest must be paid in one of the manners specified in paragraph  
122.14 (c) or alternatively the relief association may credit any investment return on the assets  
122.15 of the special fund of the defined contribution volunteer firefighter relief association in  
122.16 proportion to the share of the assets of the special fund to the credit of each individual  
122.17 deferred member account through the date on which the investment return is recognized  
122.18 by and credited to the special fund.

122.19 (f) For a deferred service pension that is transferred to a separate account established  
122.20 and maintained by the relief association or separate investment vehicle held by the relief  
122.21 association, the deferred member bears the full investment risk subsequent to transfer and  
122.22 in calculating the accrued liability of the volunteer firefighters relief association that pays  
122.23 a lump sum service pension, the accrued liability for deferred service pensions is equal  
122.24 to the separate relief association account balance or the fair market value of the separate  
122.25 investment vehicle held by the relief association.

122.26 (g) The deferred service pension is governed by and must be calculated under  
122.27 the general statute, special law, relief association articles of incorporation, and relief  
122.28 association bylaw provisions applicable on the date on which the member separated from  
122.29 active service with the fire department and active membership in the relief association.

122.30 **EFFECTIVE DATE.** This section is effective the day following final enactment.

122.31 Sec. 10. Minnesota Statutes 2006, section 424A.02, subdivision 9, is amended to read:

122.32 Subd. 9. **Limitation on ancillary benefits.** Any relief association, including  
122.33 any volunteer firefighters relief association governed by section 69.77 or any volunteer  
122.34 firefighters division of a relief association governed by chapter 424, may only pay

123.1 ancillary benefits which would constitute an authorized disbursement as specified in  
123.2 section 424A.05 subject to the following requirements or limitations:

123.3 (1) with respect to a relief association in which governing bylaws provide for a  
123.4 lump sum service pension to a retiring member, no ancillary benefit may be paid to any  
123.5 former member or paid to any person on behalf of any former member after the former  
123.6 member (i) terminates active service with the fire department and active membership  
123.7 in the relief association; and (ii) commences receipt of a service pension as authorized  
123.8 under this section; and

123.9 (2) with respect to any relief association, no ancillary benefit paid or payable to any  
123.10 member, to any former member, or to any person on behalf of any member or former  
123.11 member, may exceed in amount the total earned service pension of the member or former  
123.12 member. The total earned service pension must be calculated ~~using~~ by multiplying  
123.13 the service pension amount specified in the bylaws of the relief association and at the  
123.14 time of death or disability, whichever applies, by the years of service credited to the  
123.15 member or former member. The years of service must be determined as of (i) the date  
123.16 the member or former member became entitled to the ancillary benefit; or (ii) the date  
123.17 the member or former member died entitling a survivor or the estate of the member or  
123.18 former member to an ancillary benefit. The ancillary benefit must be calculated (+) without  
123.19 regard to whether the member or former member had attained the minimum amount of  
123.20 service and membership credit specified in the governing bylaws; and (ii) without regard  
123.21 to the percentage amounts specified in subdivision 2;. For active members, the amount  
123.22 of a permanent disability benefit or a survivor benefit must be equal to the member's  
123.23 total earned service pension except that the bylaws of any relief association may provide  
123.24 for the payment of a survivor benefit in an amount not to exceed five times the yearly  
123.25 service pension amount specified in the bylaws on behalf of any member who dies before  
123.26 having performed five years of active service in the fire department with which the relief  
123.27 association is affiliated.

123.28 **EFFECTIVE DATE.** This section is effective January 1, 2009.

123.29 Sec. 11. Minnesota Statutes 2006, section 424A.05, subdivision 3, is amended to read:

123.31 from the special fund are not permitted to be made for any purpose other than one of

123.34 authorized and paid under law and the bylaws governing the relief association;

124.1 (2) for the payment of temporary or permanent disability benefits to disabled  
 124.2 members of the relief association if authorized and paid pursuant to law and specified in

124.4 (3) for the payment of survivor benefits to surviving spouses and surviving children,  
 124.5 or if none, to designated beneficiaries, of deceased members of the relief association,  
 124.6 and if survivors and if no designated beneficiary, for the payment of a death benefit to  
 124.7 the estate of the deceased active firefighter, if authorized by and paid pursuant to law and

133.16 (c) An eligible person may elect retirement coverage by the Teachers Retirement  
133.17 Association rather than the higher education individual retirement account plan for faculty  
133.18 employment rendered after the date of the retirement coverage election under this section  
133.19 and for past Minnesota State Colleges and Universities system faculty employment from  
133.20 January 12, 2004, until the date of the retirement coverage election. The election must

133.35 coverage election. Any payment may be made through an institution-to-institution  
133.36 transfer from the eligible person's account in the Minnesota state deferred compensation

134.1 program or the eligible person's tax-sheltered savings account under the federal Internal  
134.2 Revenue Code, section 403(b).

134.3 (e) Upon the transfer of the equivalent member contribution amount and any  
134.4 additional payments under paragraph (d), the balance of the eligible person's higher  
134.5 education individual retirement account plan account must be transferred to the Teachers  
134.6 Retirement Association. If the amounts under paragraph (d) and the higher education  
134.7 individual retirement account plan account balance under this paragraph are less than  
134.8 the prior service credit purchase payment amount calculated under Minnesota Statutes,  
134.9 section 356.551, the Minnesota State Colleges and Universities system shall pay that

134.13 formula service for Minnesota State Colleges and Universities system employment since  
134.14 January 12, 2004.
