2.49 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

2.50 ARTICLE 1

2.51 POSTRETIREMENT PROVISIONS

2.52 Section 1. Minnesota Statutes 2006, section 11A.18, is amended by adding a
 2.53 subdivision to read:

3.1 Subd. 2a. **Composite funded ratio.** (a) Annually, following June 30, the executive
3.2 director of the State Board of Investment shall determine the composite funded ratio
3.3 of the postretirement investment fund. The composite funded ratio must be stated as a
3.4 percentage and must be calculated using:

3.5 (1) the total fair market value of the postretirement investment fund as of June 30,
3.6 calculated in accordance with generally accepted accounting principles; divided by

3.7 (2) the total reserves required as of June 30 for the annuities or benefits payable from
3.8 the postretirement investment fund on that June 30 to all recipients of participating public
3.9 pension plans or funds, as determined by the actuary retained under section 356.214 using
3.10 the applicable assumptions in section 356.215.

3.11 (b) The executive director of the State Board of Investment shall certify the
3.12 composite funded ratio to the executive directors of the plans participating in the
3.13 Minnesota postretirement investment fund and to the executive director of the Legislative
3.14 Commission on Pensions and Retirement by November 30 annually.

3.15 **EFFECTIVE DATE.** This section is effective June 30, 2008.

3.16 Sec. 2. Minnesota Statutes 2006, section 11A.18, subdivision 9, is amended to read:

3.17 Subd. 9. **Calculation of postretirement adjustment.** (a) Annually, following June
3.18 30, the state board shall use the procedures in paragraphs (b), (c), and (d) to determine
3.19 whether a postretirement adjustment under this subdivision is payable and to determine
3.20 the amount of any postretirement adjustment under this subdivision.

3.21 (b)(1) If the Consumer Price Index for urban wage earners and clerical workers all
3.22 items index published by the Bureau of Labor Statistics of the United States Department
3.23 of Labor increases from June 30 of the preceding year to June 30 of the current year, the
3.24 state board shall certify the percentage increase.

3.25 (2) The amount certified must not exceed ~~the lesser of the difference between the~~
3.26 ~~preretirement interest assumption and postretirement interest assumption in section~~
3.27 ~~356.215, subdivision 8, paragraph (a), or 2.5 percent for the Minneapolis Employees~~
3.28 ~~Retirement Fund, the amount certified must not exceed 3.5 percent.~~

3.29 (c) If the amount calculated under paragraph (b), clause (1), is greater than the
3.30 maximum amount allowable under paragraph (b), clause (2), in addition to any percentage
3.31 increase certified under paragraph (b), the board shall use the following procedures to
3.32 determine if a postretirement adjustment is payable under this paragraph:

3.33 (1) the state board shall determine the total fair market value of the fund on June
3.34 30 of that year;

4.1 (2) the amount of reserves required as of the current June 30 for the annuity or
4.2 benefit payable to an annuitant and benefit recipient of the participating public pension
4.3 plans or funds must be determined by the actuary retained under section 356.214. An
4.4 annuitant or benefit recipient who has been receiving an annuity or benefit for at least 12
4.5 full months as of the current June 30 is eligible to receive a full postretirement adjustment.
4.6 An annuitant or benefit recipient who has been receiving an annuity or benefit for at
4.7 least one full month, but less than 12 full months as of the current June 30, is eligible to
4.8 receive a partial postretirement adjustment. Each fund shall report separately the amount
4.9 of the reserves for those annuitants and benefit recipients who are eligible to receive
4.10 a full postretirement benefit adjustment. This amount is known as "eligible reserves."
4.11 Each fund shall also report separately the amount of the reserves for those annuitants
4.12 and benefit recipients who are not eligible to receive a postretirement adjustment. This
4.13 amount is known as "noneligible reserves." For an annuitant or benefit recipient who is
4.14 eligible to receive a partial postretirement adjustment, each fund shall report separately
4.15 as additional "eligible reserves" an amount that bears the same ratio to the total reserves
4.16 required for the annuitant or benefit recipient as the number of full months of annuity
4.17 or benefit receipt as of the current June 30 bears to 12 full months. The remainder of
4.18 the annuitant's or benefit recipient's reserves must be separately reported as additional
4.19 "noneligible reserves." The amount of "eligible" and "noneligible" required reserves
4.20 must be certified to the board by the actuary retained under section 356.214 as soon as is
4.21 practical following the current June 30;

4.22 (3) the state board shall determine the percentage increase certified under paragraph
4.23 (b) multiplied by the eligible required reserves, as adjusted for mortality gains and losses
4.24 under subdivision 11, determined under clause (2);

4.25 (4) the state board shall add the amount of reserves required for the annuities or
4.26 benefits payable to annuitants and benefit recipients of the participating public pension
4.27 plans or funds as of the current June 30 to the amount determined under clause (3);

4.28 (5) the state board shall subtract the amount determined under clause (4) from the
4.29 total fair market value of the fund determined under clause (1);

4.30 (6) the state board shall adjust the amount determined under clause (5) by the
4.31 cumulative current balance determined under clause (8) and any negative balance carried
4.32 forward under clause (9);

4.33 (7) a positive amount resulting from the calculations in clauses (1) to (6) is the
4.34 excess market value. A negative amount is the negative balance;

5.1 (8) the state board shall allocate one-fifth of the excess market value or one-fifth
5.2 of the negative balance to each of five consecutive years, beginning with the fiscal year
5.3 ending the current June 30; and

5.4 (9) to calculate the postretirement adjustment under this paragraph ~~based on~~
5.5 ~~investment performance for a fiscal year~~, the state board shall add together all excess
5.6 market value allocated to that year and subtract from the sum all negative balances
5.7 allocated to that year. If this calculation results in a negative number, the entire negative
5.8 balance must be carried forward and allocated to the next year. If the resulting amount is
5.9 positive, a postretirement adjustment is payable under this paragraph. The board shall
5.10 express a positive amount as a percentage of the total eligible required reserves certified to
5.11 the board under clause (2). The percentage determined under this paragraph is not payable
5.12 unless the amount calculated under paragraph (b), clause (1), is greater than 2.5 percent
5.13 and must not exceed the difference by which the amount calculated under paragraph (b),
5.14 clause (1), exceeds 2.5 percent.

5.15 (d) The state board shall determine the amount of any postretirement adjustment
5.16 which is payable using the following procedure:

5.17 (1) The total "eligible" required reserves as of the first of January next following the
5.18 end of the fiscal year for the annuitants and benefit recipients eligible to receive a full or
5.19 partial postretirement adjustment as determined by clause (2) must be certified to the state
5.20 board by the actuary retained under section 356.214. The total "eligible" required reserves
5.21 must be determined by the actuary retained under section 356.214 on the assumption that
5.22 all annuitants and benefit recipients eligible to receive a full or partial postretirement
5.23 adjustment will be alive on the January 1 in question; and

5.24 (2) The state board shall add the percentage certified under paragraph (b) to any
5.25 positive percentage calculated under paragraph (c). The board shall not subtract from the
5.26 percentage certified under paragraph (b) any negative amount calculated under paragraph
5.27 (c). The sum of these percentages ~~must be carried to five decimal places and~~ must be
5.28 certified to each participating public pension fund or plan as the full postretirement
5.29 adjustment percentage. The full postretirement adjustment percentage certified to each
5.30 participating public pension plan or fund must not exceed five percent. ~~For the Minneapolis~~
5.31 ~~Employees Retirement Fund, no maximum percentage adjustment is applicable.~~

5.32 (e) A retirement annuity payable in the event of retirement before becoming eligible
5.33 for Social Security benefits as provided in section 352.116, subdivision 3; 353.29,
5.34 subdivision 6; or 354.35 must be treated as the sum of a period certain retirement annuity
5.35 and a life retirement annuity for the purposes of any postretirement adjustment. The
5.36 period certain retirement annuity plus the life retirement annuity must be the annuity

6.1 amount payable until age 62 or 65, whichever applies. A postretirement adjustment
6.2 granted on the period certain retirement annuity must terminate when the period certain
6.3 retirement annuity terminates.

6.4 **EFFECTIVE DATE.** This section is effective June 30, 2008.

6.5 Sec. 3. Minnesota Statutes 2006, section 11A.18, is amended by adding a subdivision
6.6 to read:

6.7 **Subd. 9a. Lost purchasing power increase.** (a) This subdivision applies for fiscal
6.8 years ending June 30 in which all of the following conditions exist:

6.9 (1) the composite funded ratio for the postretirement investment fund as of June 30
6.10 as certified by the executive director of the State Board of Investment under subdivision
6.11 2a is more than 90 percent;

6.12 (2) the State Board of Investment determines that the time-weighted total rate of
6.13 return on investment of assets in the postretirement investment fund for the fiscal year
6.14 ending June 30 exceeds 8.5 percent; and

6.15 (3) the postretirement adjustment percentage certified under subdivision 9, paragraph
6.16 (b), is less than 2.5 percent.

6.17 (b) The lost purchasing power postretirement increase is payable the following
6.18 January 1.

6.19 (c) Each participating public pension plan must annually calculate:

6.20 (1) the cumulative postretirement adjustment percentage applied to the annuity or
6.21 benefit paid to each eligible annuitant and benefit recipient since the person first received a
6.22 postretirement adjustment; and

6.23 (2) the increase in the Consumer Price Index for urban wage earners and clerical
6.24 workers all items index published by the Bureau of Labor Statistics of the United
6.25 States Department of Labor from June 30 of the year before the person first received a
6.26 postretirement adjustment to June 30 of the current year. If a person received a prorated
6.27 increase under subdivision 9, paragraph (c), clause (2), the same ratio of the number
6.28 of months receiving a monthly benefit to 12 months must be applied to the inflation
6.29 calculation for the fiscal year used to calculate the prorated amount of lost purchasing
6.30 power for that period.

6.31 (d) If the percentage in paragraph (c), clause (2), is greater than the percentage in
6.32 paragraph (c), clause (1), with respect to an eligible annuitant or benefit recipient, and
6.33 the conditions in paragraph (a) exist, that person is eligible to receive an increase under
6.34 this subdivision.

7.1 (e) The percentage increase payable to an eligible annuitant or benefit recipient
7.2 under this subdivision may not exceed the difference between 2.5 percent and the amount
7.3 certified under subdivision 9 or the amount calculated under paragraph (c), whichever is
7.4 lower. The percentage increase otherwise payable under this subdivision must be reduced
7.5 as provided in paragraph (f).

7.6 (f) The actuary retained under section 356.214 must determine:

7.7 (1) the reserves that would be required to pay in full the adjustments determined
7.8 under paragraph (c); and

7.9 (2) the excess market value necessary to maintain the accrued liability composite
7.10 funding ratio determined under subdivision 2a is at least 90 percent. If the calculated
7.11 result under clause (1) is greater than the calculated result under this clause, the increase
7.12 payable to each eligible annuitant or benefit recipient under this subdivision must be
7.13 reduced to that portion of the full potential increase amount that equals the ratio that the
7.14 calculated result under this clause bears to the calculated result under clause (1).

7.15 (g) A percentage increase certified under this subdivision must be added to the
7.16 percentage certified under subdivision 9 and the total resulting percentage must be certified
7.17 to each participating public pension plan as the full postretirement adjustment percentage.

7.18 **EFFECTIVE DATE.** This section is effective June 30, 2008.

7.19 Sec. 4. Minnesota Statutes 2006, section 11A.18, is amended by adding a subdivision
7.20 to read:

7.21 Subd. 9b. **Excess assets trigger.** If the composite funded ratio of the postretirement
7.22 investment fund determined under subdivision 2a is 115 percent or greater as of June 30 of
7.23 any year, the governing bodies of the retirement plans participating in the postretirement
7.24 investment fund must jointly report to the Legislative Commission on Pensions and
7.25 Retirement by the next January 15. The report must evaluate and make recommendations
7.26 with respect to the overall benefits and funding of the retirement funds for both active
7.27 employees and benefit recipients.

7.28 **EFFECTIVE DATE.** This section is effective June 30, 2008.

7.29 Sec. 5. Minnesota Statutes 2006, section 356.41, is amended to read:

7.30 **356.41 BENEFIT ADJUSTMENTS FOR CERTAIN DISABILITY AND**
7.31 **SURVIVOR BENEFITS.**

7.32 (a) Disability benefits payable to a disabilitant, if not otherwise included in the
7.33 participation in the Minnesota postretirement investment fund, and survivor benefits

8.1 payable to a survivor from any public pension plan which participates in the Minnesota
8.2 postretirement investment fund must be adjusted in the same manner, at the same times
8.3 and in the same amounts as are benefits payable from the Minnesota postretirement
8.4 investment fund to comparable eligible benefit recipients of that public pension plan.

8.5 (b) If a disability benefit is not included in the participation in the Minnesota
8.6 postretirement investment fund, the disability benefit is recomputed as a retirement
8.7 annuity and the recipient would have been eligible for an adjustment under this section if
8.8 the disability benefit was not recomputed, the recipient remains eligible for the adjustment
8.9 under this section after the recomputation.

8.10 (c) For the survivor of a deceased annuitant who receives a survivor benefit
8.11 calculated under a prior law rather than the second portion of a joint and survivor
8.12 annuity, any period of receipt of a retirement annuity by the annuitant must be utilized in
8.13 determining the period of receipt for eligibility to receive an adjustment under this section.

8.14 (d) No recipient, however, is entitled to more than one adjustment under this section
8.15 or section 11A.18 applicable to one benefit ~~at one time~~ during a year by reason of this
8.16 section.

8.17 **EFFECTIVE DATE.** This section is effective June 30, 2008.

8.18 Sec. 6. Minnesota Statutes 2007 Supplement, section 422A.06, subdivision 8, is
8.19 amended to read:

8.20 Subd. 8. **Retirement benefit fund.** (a) The retirement benefit fund consists of
8.21 amounts held for payment of retirement allowances for members retired under this chapter,
8.22 including any transfer amount payable under subdivision 3, paragraph (c).

8.23 (b) Unless subdivision 3, paragraph (c), applies, assets equal to the required
8.24 reserves for retirement allowances under this chapter determined in accordance with the
8.25 appropriate mortality table adopted by the board of trustees based on the experience of the
8.26 fund as recommended by the actuary retained under section 356.214 must be transferred
8.27 from the deposit accumulation fund to the retirement benefit fund as of the last business
8.28 day of the month in which the retirement allowance begins. The income from investments
8.29 of these assets must be allocated to this fund and any interest charge under subdivision
8.30 3, paragraph (c), must be credited to the fund. There must be paid from this fund the
8.31 retirement annuities authorized by law. A required reserve calculation for the retirement
8.32 benefit fund must be made by the actuary retained under section 356.214 and must be
8.33 certified to the retirement board by the actuary retained under section 356.214.

8.34 ~~(c) The retirement benefit fund must be governed by the applicable laws governing~~
8.35 ~~the accounting and audit procedures, investment, actuarial requirements, calculation and~~

9.1 ~~payment of postretirement benefit adjustments, discharge of any deficiency in the assets~~
9.2 ~~of the fund when compared to the actuarially determined required reserves, and other~~
9.3 ~~applicable operations and procedures regarding the Minnesota postretirement investment~~
9.4 ~~fund in effect on June 30, 1997, established under Minnesota Statutes 1996, section~~
9.5 ~~11A.18, and any legal or administrative interpretations of those laws of the State Board~~
9.6 ~~of Investment, the legal advisor to the Board of Investment and the executive director of~~
9.7 ~~the State Board of Investment in effect on June 30, 1997. If a deferred yield adjustment~~
9.8 ~~account is established for the Minnesota postretirement investment fund before June 30,~~
9.9 ~~1997, under Minnesota Statutes 1996, section 11A.18, subdivision 5, the retirement board~~
9.10 ~~shall also establish and maintain a deferred yield adjustment account within this fund.~~

9.11 (c) There is established a deferred yield adjustment account which must be increased
9.12 by the sale or disposition of any debt securities at less than book value and must be
9.13 decreased by the sale or disposition of debt securities at more than book value. At the
9.14 end of each fiscal year, a portion of the balance of this account must be offset against the
9.15 investment income for that year. The annual portion of the balance to be offset must be
9.16 proportional to the reciprocal of the average remaining life of the bonds sold, unless the
9.17 amounts are offset by gains on the future sales of these securities. The amount of this
9.18 account must be included in the recognized value of assets other than corporate stocks
9.19 and all other equity investments. In any fiscal year in which the gains on the sales of debt
9.20 securities exceed the discounts realized on the sales of such securities, the excess must
9.21 be used to reduce the balance of the account. If the realized capital gains are sufficient
9.22 to reduce the balance of the account to zero, any excess gains must be available for the
9.23 calculation of postretirement adjustments.

9.24 (d)(1) Annually, following June 30, the board shall use the procedures in clauses (2),
9.25 (3), and (4), to determine whether a postretirement adjustment is payable and to determine
9.26 the amount of any postretirement adjustment.

9.27 (2) If the Consumer Price Index for urban wage earners and clerical workers all
9.28 items index published by the Bureau of Labor Statistics of the United States Department
9.29 of Labor increases from June 30 of the preceding year to June 30 of the current year, the
9.30 board shall certify the percentage increase. The amount certified must not exceed the
9.31 lesser of the difference between the preretirement interest assumption and postretirement
9.32 interest assumption in section 356.215, subdivision 8, paragraph (a), or 3.5 percent.

9.33 (3) In addition to any percentage increase certified under paragraph (b), the board
9.34 shall use the following procedures to determine if a postretirement adjustment is payable
9.35 under this paragraph:

9.36 (i) the board shall determine the market value of the fund on June 30 of that year;

10.1 (ii) the amount of reserves required as of the current June 30 for the annuity or
10.2 benefit payable to an annuitant and benefit recipient must be determined by the actuary
10.3 retained under section 356.214. An annuitant or benefit recipient who has been receiving
10.4 an annuity or benefit for at least 12 full months as of the current June 30 is eligible to
10.5 receive a full postretirement adjustment. An annuitant or benefit recipient who has been
10.6 receiving an annuity or benefit for at least one full month, but less than 12 full months as of
10.7 the current June 30, is eligible to receive a partial postretirement adjustment. The amount
10.8 of the reserves for those annuitants and benefit recipients who are eligible to receive a
10.9 full postretirement benefit adjustment is known as "eligible reserves." The amount of
10.10 the reserves for those annuitants and benefit recipients who are not eligible to receive a
10.11 postretirement adjustment is known as "noneligible reserves." For an annuitant or benefit
10.12 recipient who is eligible to receive a partial postretirement adjustment, additional "eligible
10.13 reserves" is an amount that bears the same ratio to the total reserves required for the
10.14 annuitant or benefit recipient as the number of full months of annuity or benefit receipt as
10.15 of the current June 30 bears to 12 full months. The remainder of the annuitant's or benefit
10.16 recipient's reserves are "noneligible reserves";

10.17 (iii) the board shall determine the percentage increase certified under clause (2)
10.18 multiplied by the eligible required reserves, as adjusted for mortality gains and losses,
10.19 determined under item (ii);

10.20 (iv) the board shall add the amount of reserves required for the annuities or benefits
10.21 payable to annuitants and benefit recipients of the participating public pension plans or
10.22 funds as of the current June 30 to the amount determined under item (iii);

10.23 (v) the board shall subtract the amount determined under item (iv) from the market
10.24 value of the fund determined under item (i);

10.25 (vi) the board shall adjust the amount determined under item (v) by the cumulative
10.26 current balance determined under item (viii) and any negative balance carried forward
10.27 under item (ix);

10.28 (vii) a positive amount resulting from the calculations in items (i) to (vi) is the excess
10.29 market value. A negative amount is the negative balance;

10.30 (viii) the board shall allocate one-fifth of the excess market value or one-fifth of the
10.31 negative balance to each of five consecutive years, beginning with the fiscal year ending
10.32 the current June 30; and

10.33 (ix) to calculate the postretirement adjustment under this paragraph based on
10.34 investment performance for a fiscal year, the board shall add together all excess market
10.35 value allocated to that year and subtract from the sum all negative balances allocated to
10.36 that year. If this calculation results in a negative number, the entire negative balance must

11.1 be carried forward and allocated to the next year. If the resulting amount is positive, a
11.2 postretirement adjustment is payable under this paragraph. The board shall express a
11.3 positive amount as a percentage of the total eligible required reserves certified to the
11.4 board under item (ii).

11.5 (4) The board shall determine the amount of any postretirement adjustment which
11.6 is payable using the following procedure:

11.7 (i) the total "eligible" required reserves as of the first of January next following the
11.8 end of the fiscal year for the annuitants and benefit recipients eligible to receive a full or
11.9 partial postretirement adjustment as determined by item (ii) must be certified to the board
11.10 by the actuary retained under section 356.214. The total "eligible" required reserves
11.11 must be determined by the actuary retained under section 356.214 on the assumption that
11.12 all annuitants and benefit recipients eligible to receive a full or partial postretirement
11.13 adjustment will be alive on the January 1 in question; and

11.14 (ii) the board shall add the percentage certified under clause (2) to any positive
11.15 percentage calculated under clause (3). The board shall not subtract from the percentage
11.16 certified under paragraph (b) any negative amount calculated under clause (3). The sum
11.17 of these percentages must be carried to five decimal places and must be certified as the
11.18 full postretirement adjustment percentage.

11.19 (e) The board shall determine the amount of the postretirement adjustment payable
11.20 to each eligible annuitant and benefit recipient. The dollar amount of the postretirement
11.21 adjustment must be calculated by applying the certified postretirement adjustment
11.22 percentage to the amount of the monthly annuity or benefit payable to each eligible
11.23 annuitant or benefit recipient eligible for a full adjustment.

11.24 The dollar amount of the partial postretirement adjustment payable to each annuitant
11.25 or benefit recipient eligible for a partial adjustment must be calculated by first determining
11.26 a partial percentage amount that bears the same ratio to the certified full adjustment
11.27 percentage amount as the number of full months of annuity or benefit receipt as of the
11.28 current June 30 bears to 12 full months. The partial percentage amount determined
11.29 must then be applied to the amount of the monthly annuity or benefit payable to each
11.30 annuitant or benefit recipient eligible to receive a partial postretirement adjustment. The
11.31 postretirement adjustments are payable on January 1 following the calculations required
11.32 under this section and must thereafter be included in the monthly annuity or benefit paid to
11.33 the recipient. Any adjustments under this section must be paid automatically unless the
11.34 intended recipient files a written notice with the applicable participating public pension
11.35 fund or plan requesting that the adjustment not be paid.

12.1 (f) As of June 30 annually, the actuary retained under section 356.214 shall calculate
12.2 the amount of required reserves representing any mortality gains and any mortality losses
12.3 incurred during the fiscal year and report the results of those calculations to the plan.
12.4 The actuary shall report separately the amount of the reserves for annuitants and benefit
12.5 recipients who are eligible for a postretirement benefit adjustment and the amount of
12.6 reserves for annuitants and benefit recipients who are not eligible for a postretirement
12.7 benefit adjustment. If the net amount of required reserves represents a mortality gain,
12.8 the board shall sell sufficient securities or transfer sufficient available cash to equal the
12.9 amount. If the amount of required reserves represents a mortality loss, the plan shall
12.10 transfer an amount equal to the amount of the net mortality loss. The amount of the
12.11 transfers must be determined before any postretirement benefit adjustments have been
12.12 made. All transfers resulting from mortality adjustments must be completed annually
12.13 by December 31 for the preceding June 30. Interest is payable on any transfers after
12.14 December 31 based upon the preretirement interest assumption for the participating plan
12.15 or fund as specified in section 356.215, subdivision 8, stated as a monthly rate. Book
12.16 values of the assets of the fund must be determined only after all adjustments for mortality
12.17 gains and losses for the fiscal year have been made.

12.18 (g) All money necessary to meet the requirements of the certification of withdrawals
12.19 and all money necessary to pay postretirement adjustments under this section are hereby
12.20 and from time to time appropriated from the postretirement investment fund to the board.

12.21 ~~(d)~~ (h) Annually, following the calculation of any postretirement adjustment
12.22 payable from the retirement benefit fund, the board of trustees shall submit a report to
12.23 the executive director of the Legislative Commission on Pensions and Retirement and
12.24 to the commissioner of finance indicating the amount of any postretirement adjustment
12.25 and the underlying calculations on which that postretirement adjustment amount is based,
12.26 including the amount of dividends, the amount of interest, and the amount of net realized
12.27 capital gains or losses utilized in the calculations.

12.28 ~~(e)~~ (i) With respect to a former contributing member who began receiving a
12.29 retirement annuity or disability benefit under section 422A.151, paragraph (a), clause (2),
12.30 after June 30, 1997, or with respect to a survivor of a former contributing member who
12.31 began receiving a survivor benefit under section 422A.151, paragraph (a), clause (2),
12.32 after June 30, 1997, the reserves attributable to the one percent lower amount of the
12.33 cost-of-living adjustment payable to those annuity or benefit recipients annually must
12.34 be transferred back to the deposit accumulation fund to the credit of the Metropolitan
12.35 Airports Commission. The calculation of this annual reduced cost-of-living adjustment
12.36 reserve transfer must be reviewed by the actuary retained under section 356.214.

13.1 **EFFECTIVE DATE.** This section is effective June 30, 2008.

13.2 **ARTICLE 2**

13.3 **MINNESOTA POSTRETIREMENT INVESTMENT FUND DISSOLUTION**

13.5 **INVESTMENT FUND.**

13.6 Subdivision 1. **Conditions for dissolution.** The postretirement investment fund
13.7 established in section 11A.18 must be dissolved according to the schedule in subdivision 2
13.8 if the composite funded ratio calculated as of June 30 of that year under section 11A.18,
13.9 subdivision 2a, is:

13.10 (1) less than 85 percent and was less than 85 percent as of June 30 of the immediately
13.11 preceding year; or

13.12 (2) less than 80 percent.

13.13 Subd. 2. **Transition.** If conditions for dissolution of the postretirement investment
13.14 fund under subdivision 1 apply:

13.17 354.63, subdivision 2; and 490.123, subdivision 1e, to the postretirement investment
13.18 fund after December 31 of the calendar year in which conditions for dissolution under
13.19 subdivision 1 occur;

13.20 (2) the retirement plans shall not transfer additional funds to the Minnesota
13.21 postretirement investment fund as a result of the calculation by the actuary retained under
13.22 section 356.214 of net mortality losses under section 11A.18, subdivision 11;

13.23 (3) the assets of the postretirement investment fund must be transferred back to each
13.24 participating public retirement plan on June 30 of the year following the year in which

13.26 public retirement plan must be based on each plan's participation in the postretirement
13.27 fund as determined under section 11A.18, subdivision 7, on the June 30 when the transfer
13.28 back to the plan occurs; and

13.29 (4) the postretirement investment fund ceases to exist upon the transfer of all assets
13.30 as required in clause (3).

13.31 Subd. 3. **Postretirement adjustments.** (a) Notwithstanding section 11A.18 or any
13.32 other law to the contrary, if the postretirement investment fund is dissolved, postretirement

13.35 January 1, to the monthly annuity or benefit of each annuitant and benefit recipient who

14.1 has been receiving an annuity or a benefit for at least 12 full months as of the prior
14.2 January 1; and

14.3 (2) for each annuitant or benefit recipient who has been receiving an annuity or a
14.4 benefit for at least one full month, an annual postretirement increase of 1/12 of 2.5 percent
14.5 for each month the person has been receiving an annuity or benefit must be applied,
14.6 effective January 1 of the year in which the person has been retired for less than 12 months.

14.7 (b) The increases provided by this subdivision commence on the first January 1
14.8 occurring after the postretirement fund is dissolved under subdivision 2.

14.9 **EFFECTIVE DATE.** This section is effective June 30, 2008.

14.10 **Sec. 2. PROPOSED STATUTORY CHANGES.**

14.12 investment fund first occur, the executive directors of the retirement systems that
14.13 participate in the postretirement investment fund must report to the Legislative
14.14 Commission on Pensions and Retirement a draft of proposed legislation that would make
14.15 changes in statute necessary to conform with dissolution of the postretirement investment

17.18 accordance with the annuity except that all or a portion of the annuity payments must be
17.19 ~~reduced~~ deferred during the calendar year immediately following any calendar year in
17.20 which the person's ~~income~~ salary from the teaching service is in an amount greater than ~~the~~
17.21 ~~annual maximum earnings allowable for that age for the continued receipt of full benefit~~
17.22 ~~amounts monthly under the federal old age, survivors and disability insurance program~~
17.23 ~~as set by the secretary of health and human services under United States Code, title 42,~~

17.25 the salary amount in excess of ~~the applicable reemployment income maximum specified in~~
17.26 ~~this subdivision~~ \$46,000 and must be deducted from the annuity payable for the calendar
17.27 year immediately following the calendar year in which the excess amount was earned. ~~If~~

17.29 ~~the maximum earnings for the person must be equal to the annual maximum earnings~~
17.30 ~~allowable for the minimum age for the receipt of Social Security benefits.~~

17.31 (b) If the person is retired for only a fractional part of the calendar year during

17.33 triggering a deferral as specified in this subdivision must be prorated for that calendar year.

18.1 (c) After a person has reached the Social Security ~~full~~ normal retirement age, no
18.2 ~~reemployment income maximum deferral requirement~~ is applicable regardless of the
18.3 amount of ~~income~~ salary.

18.5 disposed of as provided in section 356.47.

18.6 (e) For the purpose of this subdivision, ~~income~~ salary from teaching service includes,

18.13 position occupied by the person who resumes teaching service.

18.14 **EFFECTIVE DATE.** This section is effective January 1, 2008.

18.15 Sec. 9. **[354.444] RETURN TO WORK AGREEMENT.**

18.24 (3) retires under the provisions of section 354.44 and begins to draw an annuity
18.25 from the Teachers Retirement Association.

18.26 Subd. 3. **Work agreement.** Participation, the amount of time worked, and
18.27 the duration of participation under this section must be mutually agreed upon by the
18.28 employing unit and the employee. The employing unit may require up to a one-year notice
18.29 of intent to participate in the program as a condition of participation. The employing unit
18.30 shall determine the time of year the employee shall work. Unless otherwise specified in
18.31 this section, the employing unit may not require a person to waive any rights under a
18.32 collective bargaining agreement as a condition of participation under this section.

18.33 Subd. 4. **Exclusion.** For purposes of this section, "employing unit" does not include

21.17 **ARTICLE 4**
21.18 **MANDATORY JOINT AND SURVIVOR BENEFIT FORM**

21.19 Section 1. Minnesota Statutes 2006, section 352.12, subdivision 2, is amended to read:

21.20 Subd. 2. **Surviving spouse benefit.** (a) If an employee or former employee has
21.21 credit for at least three years allowable service and dies before an annuity or disability
21.22 benefit has become payable, notwithstanding any designation of beneficiary to the contrary,
21.23 the surviving spouse of the employee may elect to receive, in lieu of the refund with
21.24 interest under subdivision 1, an annuity equal to the joint and 100 percent survivor annuity
21.25 which the employee or former employee could have qualified for on the date of death.

21.26 (b) If the employee was under age 55 and has credit for at least 30 years of allowable
21.27 service on the date of death, the surviving spouse may elect to receive a 100 percent joint
21.28 and survivor annuity based on the age of the employee and surviving spouse on the date
21.29 of death. The annuity is payable using the full early retirement reduction under section
21.30 352.116, subdivision 1, paragraph (a), to age 55 and one-half of the early retirement
21.31 reduction from age 55 to the age payment begins.

21.32 (c) If the employee was under age 55 and has credit for at least three years of
21.33 allowable service credit on the date of death but did not yet qualify for retirement, the

22.1 surviving spouse may elect to receive a 100 percent joint and survivor annuity based on
22.2 the age of the employee and surviving spouse at the time of death. The annuity is payable
22.3 using the full early retirement reduction under section 352.116, subdivision 1 or 1a, to age
22.4 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

22.5 (d) The surviving spouse eligible for benefits under paragraph (a) may apply for the
22.6 annuity at any time after the date on which the employee or former employee would
22.7 have attained the required age for retirement based on the allowable service earned.

22.8 The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c)
22.9 may apply for the annuity at any time after the employee's death. The annuity must be
22.10 computed under sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1,
22.11 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred
22.12 annuity or surviving spouse benefit payable under this subdivision. The annuity must cease
22.13 with the last payment received by the surviving spouse in the lifetime of the surviving
22.14 spouse, or upon expiration of a term certain benefit payment to a surviving spouse under
22.15 subdivision 2a. An amount equal to the excess, if any, of the accumulated contributions
22.16 credited to the account of the deceased employee in excess of the total of the benefits paid
22.17 and payable to the surviving spouse must be paid to the deceased employee's or former
22.18 employee's last designated beneficiary or, if none, as specified under subdivision 1.

22.19 (e) Any employee or former employee may request in writing, with the signed
22.20 consent of the spouse, that this subdivision not apply and that payment be made only to a
22.21 designated beneficiary as otherwise provided by this chapter.

22.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

22.23 Sec. 2. Minnesota Statutes 2006, section 352.931, subdivision 1, is amended to read:

22.24 Subdivision 1. **Surviving spouse benefit.** (a) If the correctional employee was at
22.25 least age 50, has credit for at least three years of allowable service, and dies before an
22.26 annuity or disability benefit has become payable, notwithstanding any designation of
22.27 beneficiary to the contrary, the surviving spouse of the employee may elect to receive,
22.28 in lieu of the refund under section 352.12, subdivision 1, an annuity for life equal to the
22.29 joint and 100 percent survivor annuity which the employee could have qualified for had
22.30 the employee terminated service on the date of death. The election may be made at any
22.31 time after the date of death of the employee. The surviving spouse benefit begins to
22.32 accrue as of the first of the month next following the date on which the application for
22.33 the benefit was filed.

22.34 (b) If the employee was under age 50, dies, and had credit for at least three years of
22.35 allowable service credit on the date of death but did not yet qualify for retirement, the

23.1 surviving spouse may elect to receive a 100 percent joint and survivor annuity based on
23.2 the age of the employee and surviving spouse at the time of death. The annuity is payable
23.3 using the early retirement reduction under section 352.93, subdivision 2a, to age 50, and
23.4 one-half of the early retirement reduction from age 50 to the age payment begins. The
23.5 surviving spouse eligible for surviving spouse benefits under this paragraph may apply
23.6 for the annuity at any time after the employee's death. Sections 352.22, subdivision 3,
23.7 and 352.72, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable
23.8 under this subdivision.

23.9 (c) The annuity must cease with the last payment received by the surviving spouse
23.10 in the lifetime of the surviving spouse. Any employee may request in writing, with the
23.11 signed consent of the spouse, that this subdivision not apply and that payment be made
23.12 only to a designated beneficiary as otherwise provided by this chapter.

23.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

23.14 Sec. 3. Minnesota Statutes 2006, section 353.30, subdivision 3, is amended to read:

23.15 Subd. 3. **Optional retirement annuity forms.** The board of trustees shall establish
23.16 optional annuities which shall take the form of a joint and survivor annuity. Except as
23.17 provided in subdivision 3a, the optional annuity forms shall be actuarially equivalent to
23.18 the forms provided in section 353.29 and subdivisions 1, 1a, 1b, 1c, and 5. In establishing
23.19 those optional forms, the board shall obtain the written recommendation of the actuary
23.20 retained under section 356.214. The recommendations shall be a part of the permanent
23.21 records of the board. A member or former member may select an optional form of
23.22 annuity, subject to the provisions of section 356.46, in lieu of accepting any other form of
23.23 annuity which might otherwise be available.

23.24 **EFFECTIVE DATE.** This section is effective January 1, 2009.

23.25 Sec. 4. Minnesota Statutes 2007 Supplement, section 353.32, subdivision 1a, is
23.26 amended to read:

23.27 Subd. 1a. **Surviving spouse optional annuity.** (a) If a member or former member
23.28 who has credit for not less than three years of allowable service and dies before the
23.29 annuity or disability benefit begins to accrue under section 353.29, subdivision 7, or
23.30 353.33, subdivision 2, notwithstanding any designation of beneficiary to the contrary, the
23.31 surviving spouse may elect to receive, instead of a refund with interest under subdivision
23.32 1, or surviving spouse benefits otherwise payable under section 353.31, an annuity equal

24.1 to a 100 percent joint and survivor annuity computed consistent with section 353.30,
24.2 subdivision 1a, 1c, or 5, whichever is applicable.

24.3 (b) If a member first became a public employee or a member of a pension fund listed
24.4 in section 356.30, subdivision 3, before July 1, 1989, and has credit for at least 30 years
24.5 of allowable service on the date of death, the surviving spouse may elect to receive a
24.6 100 percent joint and survivor annuity computed using section 353.30, subdivision 1b,
24.7 except that the early retirement reduction under that provision will be applied from age
24.8 62 back to age 55 and one-half of the early retirement reduction from age 55 back to
24.9 the age payment begins.

24.10 (c) If a member who was under age 55 and has credit for at least three years
24.11 of allowable service dies, but did not qualify for retirement on the date of death, the
24.12 surviving spouse may elect to receive a 100 percent joint and survivor annuity computed
24.13 using section 353.30, subdivision 1c or 5, as applicable, except that the early retirement
24.14 reduction specified in the applicable subdivision will be applied to age 55 and one-half of
24.15 the early retirement reduction from age 55 back to the age payment begins.

24.16 (d) Notwithstanding the definition of surviving spouse in section 353.01, subdivision
24.17 20, a former spouse of the member, if any, is entitled to a portion of the monthly surviving
24.18 spouse optional annuity if stipulated under the terms of a marriage dissolution decree filed
24.19 with the association. If there is no surviving spouse or child or children, a former spouse
24.20 may be entitled to a lump-sum refund payment under subdivision 1, if provided for in a
24.21 marriage dissolution decree, but not a monthly surviving spouse optional annuity, despite
24.22 the terms of a marriage dissolution decree filed with the association.

24.23 (e) The surviving spouse eligible for surviving spouse benefits under paragraph (a)
24.24 may apply for the annuity at any time after the date on which the deceased employee
24.25 would have attained the required age for retirement based on the employee's allowable
24.26 service. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or
24.27 (c) may apply for an annuity any time after the member's death.

24.28 (f) Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred
24.29 annuity or surviving spouse benefit payable under this subdivision.

24.30 (g) An amount equal to any excess of the accumulated contributions that were
24.31 credited to the account of the deceased employee over and above the total of the annuities
24.32 paid and payable to the surviving spouse must be paid to the surviving spouse's estate.

24.33 (h) A member may specify in writing, with the signed consent of the spouse, that
24.34 this subdivision does not apply and that payment may be made only to the designated
24.35 beneficiary as otherwise provided by this chapter. The waiver of a surviving spouse

25.1 annuity under this section does not make a dependent child eligible for benefits under
25.2 subdivision 1c.

25.3 (i) If the deceased member or former member first became a public employee or a
25.4 member of a public pension plan listed in section 356.30, subdivision 3, on or after July
25.5 1, 1989, a survivor annuity computed under paragraph (a) or (c) must be computed as
25.6 specified in section 353.30, subdivision 5, except for the revised early retirement reduction
25.7 specified in paragraph (c), if paragraph (c) is the applicable provision.

25.8 (j) For any survivor annuity determined under this subdivision, the payment is to be
25.9 based on the total allowable service that the member had accrued as of the date of death
25.10 and the age of the member and surviving spouse on that date.

25.11 **EFFECTIVE DATE.** This section is effective the day following final enactment.

25.12 Sec. 5. Minnesota Statutes 2007 Supplement, section 353.657, subdivision 2a, is
25.13 amended to read:

25.14 Subd. 2a. **Death while eligible survivor benefit.** (a) If a member or former
25.15 member who has attained the age of at least 50 years and has credit for not less than
25.16 three years allowable service or who has credit for at least 30 years of allowable service,
25.17 regardless of age attained, dies before the annuity or disability benefit becomes payable,
25.18 notwithstanding any designation of beneficiary to the contrary, the surviving spouse may
25.19 elect to receive a death while eligible survivor benefit.

25.20 (b) Notwithstanding the definition of surviving spouse in section 353.01, subdivision
25.21 20, a former spouse of the member, if any, is entitled to a portion of the death while
25.22 eligible survivor benefit if stipulated under the terms of a marriage dissolution decree
25.23 filed with the association. If there is no surviving spouse or child or children, a former
25.24 spouse may be entitled to a lump-sum refund payment under section 353.32, subdivision
25.25 1, if provided for in a marriage dissolution decree but not a death while eligible survivor
25.26 benefit despite the terms of a marriage dissolution decree filed with the association.

25.27 (c) The benefit may be elected instead of a refund with interest under section 353.32,
25.28 subdivision 1, or surviving spouse benefits otherwise payable under subdivisions 1 and
25.29 2. The benefit must be an annuity equal to the 100 percent joint and survivor annuity
25.30 which the member could have qualified for on the date of death, computed as provided in
25.31 sections 353.651, subdivisions 2 and 3, and 353.30, subdivision 3.

25.32 (d) The surviving spouse may apply for the annuity at any time after the date
25.33 on which the deceased employee would have attained the required age for retirement
25.34 based on the employee's allowable service. Sections 353.34, subdivision 3, and 353.71,
25.35 subdivision 2, apply to a deferred annuity payable under this subdivision.

26.1 (e) No payment accrues beyond the end of the month in which entitlement to
 26.2 such annuity has terminated. An amount equal to the excess, if any, of the accumulated
 26.3 contributions which were credited to the account of the deceased employee over and
 26.4 above the total of the annuities paid and payable to the surviving spouse must be paid to
 26.5 the deceased member's last designated beneficiary or, if none, to the legal representative of
 26.6 the estate of such deceased member.

26.7 (f) Any member may request in writing, with the signed consent of the spouse, that
 26.8 this subdivision not apply and that payment be made only to the designated beneficiary, as
 26.9 otherwise provided by this chapter.

26.10 (g) For a member who is employed as a full-time firefighter by the Department of
 26.11 Military Affairs of the state of Minnesota, allowable service as a full-time state Military
 26.12 Affairs Department firefighter credited by the Minnesota State Retirement System may be
 26.13 used in meeting the minimum allowable service requirement of this subdivision.

26.16 Subd. 7. **Election that section does not apply.** A member may specify in writing,
 26.17 with the signed consent of the spouse, that this section does not apply and that payment
 26.18 must be made only to the designated beneficiary, as otherwise provided by this chapter.

26.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

26.20 Sec. 7. Minnesota Statutes 2006, section 356.46, as amended by Laws 2007, chapter

33.31 retirement plan applied to the eligible employee's salary during that transfer period, plus
33.32 compound interest at a monthly rate of 0.71 percent.

33.33 (d) The executive director shall compute an amount using the process specified in

34.1 (e) The executive director shall compute an amount using the process specified in
34.2 paragraph (c), but based on differences in employer contribution rates between the general
34.3 state employees retirement plan and the correctional state employees retirement plan
34.4 rather than employee contribution rates.

34.18 ~~plan for the period of employment covered by the service credit to be transferred, plus~~
34.19 ~~annual compound interest at the rate of 8.5 percent, and (2) the amount computed under~~
34.20 paragraph (d), plus the greater of the amount computed under paragraph (e), or 60 percent
34.21 of the unfunded actuarial accrued liability attributable to the past service credit transfer
34.22 calculated as provided in paragraph (a), clause (2).

34.23 (h) The unfunded actuarial accrued liability attributable to the past service credit
34.24 transfer is the present value of the benefit obtained by the transfer of the service credit
34.25 to the correctional state employees retirement plan reduced by the amount of the asset
34.26 transfer under subdivision 4, by the amount of the member contribution equivalent

 49.12 of the calendar year containing the fifth anniversary of the member's death as directed
 49.13 under section 353D.07, subdivision 5; or

 49.15 the surviving spouse dies after the member, but before the account balance is distributed
 49.16 to the surviving spouse, paragraph (c), clause (2), shall apply as if the surviving spouse
 49.17 were the member.

49.18 (d) For purposes of paragraph (c), unless clause (3) applies, distributions are

50.11 **FACILITIES AND OTHER PUBLIC EMPLOYING UNITS.**

50.12 **Subdivision 1. Eligibility determination.** (a) The chief clerical officer of a

50.13 governmental subdivision may submit a resolution from the governing body to the

50.14 executive director of the Public Employees Retirement Association which supports

50.15 providing coverage under this chapter for employees of that governmental subdivision

50.16 who are privatized, and which states that the governing body will pay for actuarial

50.17 calculations, as further specified in paragraph (c).

50.18 (b) The governing body must also provide a copy of any applicable purchase or

50.19 lease agreement and any other information requested by the executive director to allow the

50.20 executive director to verify that under the proposed employer change, the new employer

50.21 does not qualify as a governmental subdivision under section 353.01, subdivision 6,

50.22 making the employees ineligible for continued coverage as active members of the general

50.23 employees retirement plan of the Public Employees Retirement Association.

50.24 (c) Following receipt of a resolution and a determination by the executive director

50.25 that the new employer is not a governmental subdivision, the executive director shall

50.26 direct the consulting actuary retained under section 356.214 to determine whether the

50.27 general employees retirement plan of the Public Employees Retirement Association is

50.28 expected to receive a net gain if privatization occurs, by determining whether the actuarial

50.29 liability of the special benefit coverage provided under this chapter, if extended to the

50.30 applicable employees under the privatization, is less than the actuarial gain otherwise to

50.31 accrue to the plan. The date of the actuarial calculations used to make this determination

50.32 must be within one year of the effective date, as defined in section 353F.02, subdivision 3.

50.33 **Subd. 2. Recommendation to legislature.** (a) If the actuarial calculations under

50.34 subdivision 1, paragraph (c), indicate that a net gain to the general employees retirement

50.35 plan of the Public Employees Retirement Association is expected due to the privatization,

51.1 the executive director shall forward a recommendation and supporting documentation to
 51.2 the chair of the Legislative Commission on Pensions and Retirement, the chair of the
 51.3 Governmental Operations, Reform, Technology and Elections Committee of the house of
 51.4 representatives, the chair of the State and Local Government Operations and Oversight
 51.5 Committee of the senate, and the executive director of the Legislative Commission on
 51.6 Pensions and Retirement. The recommendation must be in the form of an addition to
 51.7 the definition of "medical facility" under section 353F.02, subdivision 4, or to "other
 51.8 public employing unit" under section 353F.02, subdivision 5, whichever is applicable.
 51.9 The recommendation must be forwarded to the legislature before January 15 for the
 51.10 recommendation to be considered in that year's legislative session.

51.11 (b) If a medical facility or other public employing unit listed under section 353F.02,
 51.12 subdivision 4 or 5, fails to privatize within one year of the final enactment date of the
 51.13 legislation adding the entity to the applicable definition, its inclusion under this chapter
 51.14 is voided, and the executive director shall include in the proposed legislation under
 51.15 paragraph (a) a recommendation that the applicable entity be stricken from the definition.

51.16 Subd. 3. **Date of application.** For any privatization added to this chapter after the
 51.17 effective date of this section, the first date of coverage is the effective date as defined in
 51.18 section 353F.02, subdivision 3.

 51.33 has ten or more years of allowable service, and (2) does not have any retroactive Social

52.1 Security coverage by reason of the person's position in the retirement system, and (3) does
52.2 not qualify for federal old age and survivor primary benefits at the time of retirement, the

52.20 or for an extended leave under section 354.094, on the salary received during the year
52.21 immediately preceding the initial year of the leave, multiplied by the months and portions

52.23 (c) If payment is made after June 30 and before the following June 30 for a strike
52.24 period or for leaves of absence under section 354.093, 354.095, or 354.096, or for an
52.25 extended leave of absence under section 354.094, the payment ~~must equal the total~~
52.26 ~~employee and employer contributions, including amortization contributions if applicable,~~
52.27 ~~given the contribution rates in section 354.42, multiplied by the member's average~~

52.30 ~~the teacher seeks allowable service credit. Payments made under this paragraph must~~
52.31 include ~~the amount determined in paragraph (b) plus~~ compound interest at a monthly rate
52.32 of 0.71 percent from ~~the last day of the leave period or strike period, or from June 30 for~~
52.33 ~~an extended leave of absence under section 354.094, until the last day of the month in~~
52.34 which payment is received.

53.1 ~~(e)~~ (d) If payment is received by the executive director after the applicable last
53.2 permitted date under paragraph ~~(b)~~ (c), the payment amount is the amount determined
53.3 under section 356.551. Notwithstanding payment deadlines specified in section 356.551,
53.4 payment under this section may be made anytime before the effective date of retirement.

53.11 application, the retired member is entitled to the payment, in a lump sum, of the value
53.12 of the person's amount under subdivision 2, plus interest at the compound annual rate
53.13 of six percent from the date that the amount was deducted from the retirement annuity
53.14 to the date of payment.

53.15 (b) The written application must be on a form prescribed by the chief administrative
53.16 officer of the applicable retirement plan.

53.17 (c) If the retired member dies before the payment provided for in paragraph (a) is
53.18 made, the amount is payable, upon written application, to the deceased person's surviving
53.19 spouse, or if none, to the deceased person's designated beneficiary, or if none, to the
53.20 deceased person's estate.

53.21 (d) In lieu of the direct payment of the person's amount under subdivision 2, on
53.22 or after the payment date under paragraph (a), if the federal Internal Revenue Code so
53.23 permits, the retired member may elect to have all or any portion of the payment amount
53.24 under this section paid in the form of a direct rollover to an eligible retirement plan as
53.25 defined in section 402(c) of the federal Internal Revenue Code that is specified by the
53.26 retired member. If the retired member dies with a balance remaining payable under this

53.31 Sec. 32. Minnesota Statutes 2006, section 356.551, subdivision 2, is amended to read:

53.32 Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in
53.33 paragraph (c) applies, the prior service credit purchase amount is an amount equal to the

54.1 actuarial present value, on the date of payment, as calculated by the chief administrative
54.2 officer of the pension plan and reviewed by the actuary retained under section 356.214,
54.3 of the amount of the additional retirement annuity obtained by the acquisition of the
54.4 additional service credit in this section.

54.5 (b) Calculation of this amount must be made using the preretirement interest rate
54.6 applicable to the public pension plan specified in section 356.215, subdivision 8, and
54.7 the mortality table adopted for the public pension plan. The calculation must assume
54.8 continuous future service in the public pension plan until, and retirement at, the age at
54.9 which the minimum requirements of the fund for normal retirement or retirement with an
54.10 annuity unreduced for retirement at an early age, including section 356.30, are met with

54.12 equivalent salary, or actual salary, whichever is greater, and a future salary history that
54.13 includes annual salary increases at the applicable salary increase rate for the plan specified
54.14 in section 356.215, subdivision 4d.

54.21 determined by applying, for each year or fraction of a year being purchased, the sum of the
54.22 employee contribution rate, the employer contribution rate, and the additional employer
54.23 contribution rate, if any, applicable during that period, to the person's annual salary during
54.24 that period, or fractional portion of a year's salary, if applicable, plus interest at the annual
54.25 rate of 8.5 percent compounded annually from the end of the year in which contributions
54.26 would otherwise have been made to the date on which the payment is received.

54.27 (d) Unless otherwise provided by statutes governing a specific plan, payment must
54.28 be made in one lump sum within one year of the prior service credit authorization or prior
54.29 to the member's effective date of retirement, whichever is earlier. Payment of the amount
54.30 calculated under this section must be made by the applicable eligible person.

54.31 (e) However, the current employer or the prior employer may, at its discretion, pay
54.32 all or any portion of the payment amount that exceeds an amount equal to the employee
54.33 contribution rates in effect during the period or periods of prior service applied to the
54.34 actual salary rates in effect during the period or periods of prior service, plus interest at the
54.35 rate of 8.5 percent a year compounded annually from the date on which the contributions
54.36 would otherwise have been made to the date on which the payment is made. If the

87.11 (c) Before July 2, 2010, the actuarial valuation must use the applicable following
 87.12 payroll growth assumption for calculating the amortization requirement for the unfunded
 87.13 actuarial accrued liability where the amortization retirement is calculated as a level
 87.14 percentage of an increasing payroll:

87.15		payroll growth
87.16	plan	assumption

87.31 (d) After July 1, 2010, the assumptions set forth in paragraphs (b) and (c) continue to
 87.32 apply, unless a different salary assumption or a different payroll increase assumption:

87.33 (1) has been proposed by the governing board of the applicable retirement plan;

87.34 (2) is accompanied by the concurring recommendation of the actuary retained under
 87.35 section 356.214, subdivision 1, if applicable, or by the approved actuary preparing the
 87.36 most recent actuarial valuation report if section 356.214 does not apply; and

87.37 (3) has been approved or deemed approved under subdivision 18.

87.38 Sec. 14. Minnesota Statutes 2006, section 356.215, subdivision 11, is amended to read:

88.1 Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating the
 88.2 level normal cost, the actuarial valuation of the retirement plan must contain an exhibit
 88.3 for financial reporting purposes indicating the additional annual contribution sufficient
 88.4 to amortize the unfunded actuarial accrued liability and must contain an exhibit for
 88.5 contribution determination purposes indicating the additional contribution sufficient to
 88.6 amortize the unfunded actuarial accrued liability. For ~~funds governed by chapters 3A,~~
 88.7 ~~352, 352B, 352C, 353, 354, 354A, and 490~~ the retirement plans listed in subdivision 8,
 88.8 paragraph (c), the additional contribution must be calculated on a level percentage of
 88.9 covered payroll basis by the established date for full funding in effect when the valuation
 88.10 is prepared. ~~For funds governed by chapter 3A, sections 352.90 through 352.951, chapters~~
 88.11 ~~352B, 352C, sections 353.63 through 353.68, and chapters 353C, 354A, and 490,~~ the level
 88.12 ~~percent additional contribution must be calculated,~~ assuming annual payroll growth of ~~6.5~~
 88.13 ~~percent.~~ For funds governed by sections 352.01 through 352.86 and chapter 354, the level
 88.14 ~~percent additional contribution must be calculated assuming an annual payroll growth of~~
 88.15 ~~five percent.~~ For the fund governed by sections 353.01 through 353.46, the level percent
 88.16 ~~additional contribution must be calculated assuming an annual payroll growth of six~~
 88.17 ~~percent~~ at the applicable percentage rate set forth in subdivision 8, paragraph (c). For all
 88.18 other ~~funds~~ retirement plans, the additional annual contribution must be calculated on a
 88.19 level annual dollar amount basis.

88.20 (b) For any ~~fund~~ retirement plan other than the Minneapolis Employees Retirement
 88.21 Fund ~~and,~~ the general employees retirement plan of the Public Employees Retirement
 88.22 Association ~~general plan,~~ and the St. Paul Teachers Retirement Fund Association, if
 88.23 there has not been a change in the actuarial assumptions used for calculating the actuarial
 88.24 accrued liability of the fund, a change in the benefit plan governing annuities and benefits
 88.25 payable from the fund, a change in the actuarial cost method used in calculating the
 88.26 actuarial accrued liability of all or a portion of the fund, or a combination of the three,
 88.27 which change or changes by itself or by themselves without inclusion of any other items
 88.28 of increase or decrease produce a net increase in the unfunded actuarial accrued liability of
 88.29 the fund, the established date for full funding is the first actuarial valuation date occurring
 88.30 after June 1, 2020.

88.31 (c) For any ~~fund or~~ retirement plan other than the Minneapolis Employees
 88.32 Retirement Fund and the general employees retirement plan of the Public Employees
 88.33 Retirement Association ~~general plan,~~ if there has been a change in any or all of the
 88.34 actuarial assumptions used for calculating the actuarial accrued liability of the fund, a
 88.35 change in the benefit plan governing annuities and benefits payable from the fund, a
 88.36 change in the actuarial cost method used in calculating the actuarial accrued liability of all

89.1 or a portion of the fund, or a combination of the three, and the change or changes, by itself
89.2 or by themselves and without inclusion of any other items of increase or decrease, produce
89.3 a net increase in the unfunded actuarial accrued liability in the fund, the established date
89.4 for full funding must be determined using the following procedure:

89.5 (i) the unfunded actuarial accrued liability of the fund must be determined in
89.6 accordance with the plan provisions governing annuities and retirement benefits and the
89.7 actuarial assumptions in effect before an applicable change;

89.8 (ii) the level annual dollar contribution or level percentage, whichever is applicable,
89.9 needed to amortize the unfunded actuarial accrued liability amount determined under item
89.10 (i) by the established date for full funding in effect before the change must be calculated
89.11 using the interest assumption specified in subdivision 8 in effect before the change;

89.12 (iii) the unfunded actuarial accrued liability of the fund must be determined in
89.13 accordance with any new plan provisions governing annuities and benefits payable from
89.14 the fund and any new actuarial assumptions and the remaining plan provisions governing
89.15 annuities and benefits payable from the fund and actuarial assumptions in effect before
89.16 the change;

89.17 (iv) the level annual dollar contribution or level percentage, whichever is applicable,
89.18 needed to amortize the difference between the unfunded actuarial accrued liability amount
89.19 calculated under item (i) and the unfunded actuarial accrued liability amount calculated
89.20 under item (iii) over a period of 30 years from the end of the plan year in which the
89.21 applicable change is effective must be calculated using the applicable interest assumption
89.22 specified in subdivision 8 in effect after any applicable change;

89.23 (v) the level annual dollar or level percentage amortization contribution under item
89.24 (iv) must be added to the level annual dollar amortization contribution or level percentage
89.25 calculated under item (ii);

89.26 (vi) the period in which the unfunded actuarial accrued liability amount determined
89.27 in item (iii) is amortized by the total level annual dollar or level percentage amortization
89.28 contribution computed under item (v) must be calculated using the interest assumption
89.29 specified in subdivision 8 in effect after any applicable change, rounded to the nearest
89.30 integral number of years, but not to exceed 30 years from the end of the plan year in
89.31 which the determination of the established date for full funding using the procedure set
89.32 forth in this clause is made and not to be less than the period of years beginning in the
89.33 plan year in which the determination of the established date for full funding using the
89.34 procedure set forth in this clause is made and ending by the date for full funding in effect
89.35 before the change; and

90.1 (vii) the period determined under item (vi) must be added to the date as of which
90.2 the actuarial valuation was prepared and the date obtained is the new established date
90.3 for full funding.

90.4 (d) For the Minneapolis Employees Retirement Fund, the established date for full
90.5 funding is June 30, 2020.

90.6 (e) For the general employees retirement plan of the Public Employees Retirement
90.7 Association, the established date for full funding is June 30, 2031.

90.8 (f) For the Teachers Retirement Association, the established date for full funding is
90.9 June 30, 2037.

90.10 (g) For the correctional state employees retirement plan of the Minnesota State
90.11 Retirement System, the established date for full funding is June 30, 2038.

90.12 (h) For the judges retirement plan, the established date for full funding is June
90.13 30, 2038.

90.14 (i) For the public employees police and fire retirement plan, the established date
90.15 for full funding is June 30, 2038.

90.16 (j) For the St. Paul Teachers Retirement Fund Association, the established date for
90.17 full funding is June 30 of the 25th year from the valuation date. In addition to other
90.18 requirements of this chapter, the annual actuarial valuation shall contain an exhibit
90.19 indicating the funded ratio and the deficiency or sufficiency in annual contributions when
90.20 comparing liabilities to the market value of the assets of the fund as of the close of the
90.21 most recent fiscal year.

90.22 ~~(g)~~ (k) For the retirement plans for which the annual actuarial valuation indicates
90.23 an excess of valuation assets over the actuarial accrued liability, the valuation assets in
90.24 excess of the actuarial accrued liability must be recognized as a reduction in the current
90.25 contribution requirements by an amount equal to the amortization of the excess expressed
90.26 as a level percentage of pay over a 30-year period beginning anew with each annual
90.27 actuarial valuation of the plan.

90.28 (l) In addition to calculating the unfunded actuarial accrued liability of the retirement
90.29 plan for financial reporting purposes under paragraphs (a) to (j), the actuarial valuation
90.30 of the retirement plan must also include a calculation of the unfunded actuarial accrued
90.31 liability of the retirement plan for purposes of determining the amortization contribution
90.32 sufficient to amortize the unfunded actuarial liability of the Minnesota Post Retirement
90.33 Investment Fund. For this exhibit, the calculation must be the unfunded actuarial accrued
90.34 liability net of the postretirement adjustment liability funded from the investment
90.35 performance of the Minnesota Post Retirement Investment Fund or the retirement benefit
90.36 fund.

91.1 Sec. 15. Minnesota Statutes 2006, section 356.215, subdivision 18, is amended to read:

91.2 Subd. 18. **Establishment of actuarial assumptions.** (a) Before July 2, 2010, the
 91.3 actuarial assumptions used for the preparation of actuarial valuations under this section
 91.4 that are other than those set forth in this section preretirement interest, postretirement
 91.5 interest, salary increase, and payroll increase may be changed only with the approval of
 91.6 the Legislative Commission on Pensions and Retirement or after a period of one year has
 91.7 elapsed since the date on which the proposed assumption change or changes were received
 91.8 by the Legislative Commission on Pensions and Retirement without commission action.

91.9 (b) After July 1, 2010, the actuarial assumptions used for the preparation of actuarial
 91.10 valuations under this section that are other than postretirement interest and preretirement
 91.11 interest may be changed only with the approval of the Legislative Commission on
 91.12 Pensions and Retirement or after a period of one year has elapsed since the date on which
 91.13 the proposed assumption change or changes were received by the Legislative Commission

93.28 is established. For purposes of this section, "plan" means the Minnesota state deferred
93.29 compensation plan, unless the context clearly indicates otherwise. The Minnesota State
93.30 Retirement System shall administer the plan.

93.31 (b) The purpose of the plan is to provide a means for a public employee to contribute
93.32 a portion of the employee's compensation to a tax-deferred investment account. The plan
93.33 is an eligible tax-deferred compensation plan under section 457(b) of the Internal Revenue

94.1 Code, United States Code, title 26, section 457(b), and the applicable regulations under
94.2 Code of Federal Regulations, title 26, parts 1.457-3 to 1.457-10.

94.3 (c) The board of directors of the Minnesota State Retirement System is the plan
94.4 trustee and the board's executive director is the plan administrator. Fiduciary activities of
94.5 the plan must be undertaken in a manner consistent with chapter 356A.

94.6 (d) The executive director, with the approval of the board of directors, shall
94.7 adopt and amend, as required to maintain tax-qualified status, a written plan document
94.8 specifying the material terms and conditions for eligibility, benefits, applicable limitations,
94.9 and the time and form under which benefit distributions can be made. With the approval
94.10 of the board of directors, the executive director may also establish policies and procedures
94.11 necessary for the administration of the deferred compensation plan.

94.12 (e) The plan document shall include provisions that are necessary to cause the plan
94.13 to be an eligible deferred compensation plan within the meaning of section 457(b) of
94.14 the Internal Revenue Code. The plan document may provide additional administrative
94.15 and substantive provisions consistent with state law, provided those provisions will not
94.16 cause the plan to fail to be an eligible deferred compensation plan within the meaning
94.17 of section 457(b) of the Internal Revenue Code and may include provisions for certain
94.18 optional features and services.

94.19 (f) The board of directors may authorize the executive director to establish and
94.20 administer a Roth 457 plan if authorized by the Internal Revenue Code or a Roth
94.21 individual retirement account as defined under section 408A of the Internal Revenue Code.

94.22 (g) All amounts contributed to the deferred compensation plan and all earnings
94.23 on those amounts must be held in trust, in custodial accounts, or in qualifying annuity
94.24 contracts for the exclusive benefit of the plan participants and beneficiaries, as required by
94.25 section 457(g) of the Internal Revenue Code and in accordance with sections 356.001 and
94.26 356A.06, subdivision 1.

94.30 (i) The plan document is not subject to the rule adoption process under the
94.31 Administrative Procedures Act, including section 14.386, but must conform with
94.32 applicable federal and state laws.

94.33 Subd. 2. **Right to participate in the deferred compensation plan.** At the request
94.34 of an officer or employee of the state, an officer or employee of a political subdivision, or
94.35 an employee covered by a retirement fund in section 356.20, subdivision 2, the appointing
94.36 authority shall defer the payment of part of the compensation of the public officer or

95.1 employee through payroll deduction. The amount to be deferred must be as provided
95.2 in a written agreement between the officer or employee and the public employer. The
95.3 agreement must be in a form specified by the executive director of the Minnesota State
95.4 Retirement System and must be consistent with the requirements for an eligible plan under
95.5 federal and state tax laws, regulations, and rulings.

95.6 Subd. 3. **Failure to implement plan.** The public employer must complete
95.7 implementation of the deferred compensation plan within 45 days of the request as
95.8 provided in subdivision 2. If the public employer fails to implement the deferred
95.9 compensation plan, the public employer may not defer compensation under any existing
95.10 or new deferred compensation plan from the date of the request until the date on which the
95.11 deferred compensation plan provided for in this section is implemented. Upon the petition
95.12 of a public officer or employee, the executive director of the Minnesota State Retirement
95.13 System may order the public officer's or employee's public employer to implement the
95.14 deferred compensation plan provided for in this section and may enforce that order
95.15 in appropriate legal proceedings.

95.16 Subd. 4. **Plan investments.** (a) Investments under the plan may include:

95.31 (7) a combination of clause (1), (2), (3), (4), (5), or (6), as provided by the plan as
95.32 specified by the participant.

95.33 (b) All amounts contributed to the deferred compensation plan and all earnings
95.34 on those amounts must be held for the exclusive benefit of the plan participants and
95.35 beneficiaries. These amounts must be held in trust, in custodial accounts, or in qualifying
95.36 annuity contracts as required by federal law in accordance with section 356A.06,

96.1 subdivision 1. This subdivision does not authorize an employer contribution, except as
96.2 authorized in section 356.24, subdivision 1, paragraph (a), clause (5). The state, political
96.3 subdivision, or other employing unit is not responsible for any loss that may result from
96.4 investment of the deferred compensation.

96.5 Subd. 5. **State Board of Investment to determine investments.** (a) The State

96.12 institution to their cost;

96.13 (3) the financial strength and stability of the financial institution; and

96.14 (4) the fees and expenses associated with the investment products in comparison to
96.15 other products of similar risk and rates of return.

96.17 subdivision 4, clauses (2), (3), (4), (5), and (6). The State Board of Investment may retain
96.18 consulting services to assist in soliciting and evaluating bids and in the periodic review of
96.19 companies offering options under subdivision 4, clauses (3), (4), (5), and (6). The periodic
96.20 review must occur at least every two years. The State Board of Investment may annually
96.21 establish a budget for its costs in soliciting, evaluation, and periodic review processes. All

96.23 conforms to rules adopted by the executive director, be reported on a periodic basis to all
96.24 participants in the deferred compensation plan, and not be the subject of unreasonable
96.25 solicitation of participants in the plan. The State Board of Investment may charge a
96.26 proportional share of all costs related to the periodic review to each company currently
96.27 under contract and may charge a proportional share of all costs related to soliciting and
96.28 evaluating bids to each company selected by the State Board of Investment.

96.29 (c) Under the procedures set forth in the plan document, participants may select the
96.30 funds or combination of funds within which to invest and may reallocate those investments
96.31 as provided in the plan document and procedures established by the executive director.

97.7 executive director of the system at the direction of the board of directors shall establish
97.8 procedures to carry out this section including allocation of administrative costs of the plan
97.9 to participants. Processes and procedures shall be set forth in the plan document. Fees

97.13 rulings, and is not subject to the Administrative Procedure Act.

97.14 (c) The executive director may contract with a third party to perform administrative
97.15 and record keeping functions. The executive director may solicit bids and negotiate such
97.16 contracts.

101.20 commissioner, with the assistance of the boards, shall prepare performance criteria and

 109.23 clause (4), (5), or (6), and paragraph (c), clause (4), (5), or (6), is suspended if the most
 109.24 recent actuarial valuation prepared under section 356.215 indicates that there is no
 109.25 contribution deficiency when the total employee contributions, employer contributions
 109.26 under subdivision 3, and direct state aid under section 354A.12 are compared to the total
 109.27 financial requirements of the retirement plan.

109.28 **EFFECTIVE DATE.** This section is effective July 1, 2008.

109.29 Sec. 5. Minnesota Statutes 2007 Supplement, section 354.44, subdivision 6, is
 109.30 amended to read:

109.31 **Subd. 6. Computation of formula program retirement annuity.** (a) The formula
 109.32 retirement annuity must be computed in accordance with the applicable provisions of the
 109.33 formulas stated in paragraph (b) or (d) on the basis of each member's average salary under
 109.34 section 354.05, subdivision 13a, for the period of the member's formula service credit.

109.35 (b) This paragraph, in conjunction with paragraph (c), applies to a person who first
 109.36 became a member of the association or a member of a pension fund listed in section
 109.37 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with
 109.38 paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The

110.1 average salary as defined in section 354.05, subdivision 13a, multiplied by the following
 110.2 percentages per year of formula service credit shall determine the amount of the annuity to
 110.3 which the member qualifying therefor is entitled for service rendered before July 1, 2006:

	Coordinated Member	Basic Member
110.4		
110.5	Each year of service during	the percent specified
110.6	first ten	in section 356.315,
110.7		subdivision 1, per year
110.8		year
110.9	Each year of service	the percent specified
110.10	thereafter	in section 356.315,
110.11		subdivision 2, per year
110.12		year

110.13 For service rendered on or after July 1, 2006, the average salary as defined in section
 110.14 354.05, subdivision 13a, multiplied by the following percentages per year of service credit,
 110.15 determines the amount the annuity to which the member qualifying therefor is entitled:

	Coordinated Member	Basic Member
110.16		
110.17	Each year of service during	the percent specified
110.18	first ten	in section 356.315,
110.19		subdivision 1a, per year
110.20		year
110.21	Each year of service after	the percent specified
110.22	ten years of service	in section 356.315,
110.23		subdivision 2b, per year
110.24		year

110.25 (c)(i) This paragraph applies only to a person who first became a member of the
 110.26 association or a member of a pension fund listed in section 356.30, subdivision 3, before
 110.27 July 1, 1989, and whose annuity is higher when calculated under paragraph (b), in
 110.28 conjunction with this paragraph than when calculated under paragraph (d), in conjunction
 110.29 with paragraph (e).

110.30 (ii) Where any member retires prior to normal retirement age under a formula
 110.31 annuity, the member shall be paid a retirement annuity in an amount equal to the normal
 110.32 annuity provided in paragraph (b) reduced by one-quarter of one percent for each month
 110.33 that the member is under normal retirement age at the time of retirement except that for
 110.34 any member who has 30 or more years of allowable service credit, the reduction shall be
 110.35 applied only for each month that the member is under age 62.

110.36 (iii) Any member whose attained age plus credited allowable service totals 90 years
 110.37 is entitled, upon application, to a retirement annuity in an amount equal to the normal
 110.38 annuity provided in paragraph (b), without any reduction by reason of early retirement.

110.39 (d) This paragraph applies to a member who has become at least 55 years old and
 110.40 first became a member of the association after June 30, 1989, and to any other member
 110.41 who has become at least 55 years old and whose annuity amount when calculated under

111.1 this paragraph and in conjunction with paragraph (e), is higher than it is when calculated
111.2 under paragraph (b), in conjunction with paragraph (c). For a basic member, the average
111.3 salary, as defined in section 354.05, subdivision 13a, multiplied by the percent specified
111.4 by section 356.315, subdivision 4, for each year of service for a basic member shall
111.5 determine the amount of the retirement annuity to which the basic member is entitled.
111.6 The annuity of a basic member who was a member of the former Minneapolis Teachers
111.7 Retirement Fund Association as of June 30, 2006, must be determined according to the
111.8 annuity formula under the articles of incorporation of the former Minneapolis Teachers
111.9 Retirement Fund Association in effect as of that date. For a coordinated member, the
111.10 average salary, as defined in section 354.05, subdivision 13a, multiplied by the percent
111.11 specified in section 356.315, subdivision 2, for each year of service rendered before July
111.12 1, 2006, ~~and~~ by the percent specified in section 356.315, subdivision 2b, for each year
111.13 of service rendered on or after July 1, 2006, and before July 1, 2008, and by the percent
111.14 specified in section 356.315, subdivision 2c, for each year of service rendered after June
111.15 30, 2008, determines the amount of the retirement annuity to which the coordinated
111.16 member is entitled. If the member has 30 or more years of service credit, the minimum
111.17 age requirement of this paragraph does not apply.

111.18 (e) This paragraph applies to a person who has become at least 55 years old and first
111.19 becomes a member of the association after June 30, 1989, and to any other member who
111.20 has become at least 55 years old and whose annuity is higher when calculated under
111.21 paragraph (d) in conjunction with this paragraph than when calculated under paragraph
111.22 (b), in conjunction with paragraph (c). An employee who retires under the formula annuity
111.23 before the normal retirement age ~~shall~~ must be paid the normal annuity provided in
111.24 paragraph (d) reduced so that the reduced annuity is the actuarial equivalent of the annuity
111.25 that would be payable to the employee if the employee deferred receipt of the annuity
111.26 and the annuity amount were augmented at an annual rate of three percent compounded
111.27 annually from the day the annuity begins to accrue until the normal retirement age if the
111.28 employee became an employee before July 1, 2006, and at 2.5 percent compounded
111.29 annually if the employee becomes an employee after June 30, 2006. If the member has
111.30 30 or more years of service credit, the minimum age requirement of this paragraph does
111.31 not apply and the reductions and augmentations specified in this paragraph apply to age
111.32 62, rather than to normal retirement age.

111.33 (f) No retirement annuity is payable to a former employee with a salary that exceeds
111.34 95 percent of the governor's salary unless and until the salary figures used in computing
111.35 the highest five successive years average salary under paragraph (a) have been audited by

112.1 the Teachers Retirement Association and determined by the executive director to comply
112.2 with the requirements and limitations of section 354.05, subdivisions 35 and 35a.

112.3 **EFFECTIVE DATE.** This section is effective July 1, 2008.

112.4 Sec. 6. Minnesota Statutes 2006, section 354A.011, subdivision 15a, is amended to
112.5 read:

112.19 service requirements specified in the applicable provisions of the articles of incorporation
112.20 or bylaws of the respective teachers retirement fund association.

 115.20 before July 1, 1989, unless paragraph (d), in conjunction with subdivision 7, produces a
 115.21 higher annuity amount, in which case paragraph (d) will apply. The retirement annuity
 115.22 formula percentage for purposes of this paragraph is the percent specified in section
 115.23 356.315, subdivision 1, per year for each year of coordinated service for the first ten years

117.5 annuity is the actuarial equivalent of the annuity that would be payable to the member if
117.6 the member deferred receipt of the annuity and the annuity amount were augmented at
117.7 an annual rate of three percent compounded annually from the day the annuity begins to
117.8 accrue until the normal retirement age if the employee became an employee before July 1,

117.15 Sec. 12. Minnesota Statutes 2006, section 356.315, is amended by adding a subdivision

117.25 a city of the first class with a population greater than 300,000, when the actuarial value
117.26 of assets of the special fund first exceeds 110 percent of the actuarial accrued liabilities,
117.27 according to an annual actuarial valuation occurring after the effective date of this section
117.28 and performed in accordance with sections 356.215 and 356.216, each service pensioner,
117.29 joint survivor annuitant, and surviving spouse member is entitled to a permanent benefit
117.30 increase. The revised benefit is an increase of one unit for a service pensioner, not to
117.31 exceed 43 units, an increase from 22 to 23 units for a surviving spouse benefit, and an
117.32 increase from 42.3 to 43.2 units for unmarried service pensioners. The association shall
117.33 pay the increased benefit beginning January 1 of the year following the year for which the

118.1 valuation was prepared. If adding an additional unit results in raising total units past the
 118.2 maximum, a partial unit may be added to reach the maximum. For joint survivor annuities,
 118.3 this subdivision authorizes a benefit increase actuarially equivalent to one unit.

118.4 Subd. 2. **Unit precedence.** The additional benefit provided for in subdivision
 118.5 1 shall take precedence over any other benefit provided when the fund reaches 110
 118.6 percent funding. In preparing the actuarial valuation under sections 356.215 and 356.216,
 118.7 the actuary for the fund shall first account for the benefit provided in subdivision 1 in
 118.8 determining the plan's funded ratio. No other benefit payments may be made by the
 118.9 association until the actuarial impact of the benefit provided for in subdivision 1 has been
 118.10 determined and factored into the funding ratio.

118.11 Subd. 3. **Excess investment income.** For a salaried firefighters relief association in
 118.12 a city of the first class with a population greater than 300,000 that no longer is entitled to
 118.13 state general fund aid pursuant to section 423A.02, the association shall apply any assets
 118.14 that constitute excess investment income to the payment of a supplemental postretirement
 118.15 benefit to an eligible member notwithstanding any other limitation of law. Any amount
 118.16 of excess investment income not otherwise used for the payment of a supplemental
 118.17 postretirement benefit to an eligible member shall be applied to reduce the municipality's
 118.18 property tax levy to the association in the year following the payment of the postretirement
 118.19 benefit. A supplemental postretirement benefit is a lump sum payment equal to the
 118.20 monthly benefit provided to the benefit recipient in the month prior to payment of the
 118.21 supplemental postretirement benefit. A supplemental postretirement benefit payable under
 118.22 this section is in lieu of any benefit payable under section 423C.06, subdivision 2. No
 118.23 supplemental postretirement benefit is payable under this section if a benefit is payable
 118.24 under section 423C.06, subdivision 3.

126.26 the bylaws of each relief association shall calculate and certify to the governing body
126.27 of the applicable qualified municipality the average amount of available financing per
126.28 active covered firefighter for the most recent three-year period. The amount of available
126.29 financing shall include any amounts of fire state aid received or receivable by the relief
126.30 association, any amounts of municipal contributions to the relief association raised from
126.31 levies on real estate or from other available revenue sources exclusive of fire state aid,
126.32 and one-tenth of the amount of assets in excess of the accrued liabilities of the relief

127.1 association calculated under section 69.772, subdivision 2; 69.773, subdivisions 2 and 4;
127.2 or 69.774, subdivision 2, if any.

127.3 (b) The maximum service pension which the relief association has authority to
127.4 provide for in its bylaws for payment to a member retiring after the calculation date when
127.5 the minimum age and service requirements specified in subdivision 1 are met must be
127.6 determined using the table in paragraph (c) or (d), whichever applies.

127.7 (c) For a relief association where the governing bylaws provide for a monthly
127.8 service pension to a retiring member, the maximum monthly service pension amount
127.9 per month for each year of service credited that may be provided for in the bylaws is
127.10 the greater of the service pension amount provided for in the bylaws on the date of the
127.11 calculation of the average amount of the available financing per active covered firefighter

133.14 (e) For a relief association in which the governing bylaws provide for a monthly
 133.15 benefit service pension as an alternative form of service pension payment to a lump sum
 133.16 service pension, the maximum service pension amount for each pension payment type
 133.17 must be determined using the applicable table contained in this subdivision.

133.18 (f) If a relief association establishes a service pension in compliance with the
 133.19 applicable maximum contained in paragraph (c) or (d) and the minimum average amount
 133.20 of available financing per active covered firefighter is subsequently reduced because of a
 133.21 reduction in fire state aid or because of an increase in the number of active firefighters, the
 133.22 relief association may continue to provide the prior service pension amount specified in
 133.23 its bylaws, but may not increase the service pension amount until the minimum average
 133.24 amount of available financing per firefighter under the table in paragraph (c) or (d),
 133.25 whichever applies, permits.

133.26 (g) No relief association is authorized to provide a service pension in an amount
 133.27 greater than the largest applicable flexible service pension maximum amount even if
 133.28 the amount of available financing per firefighter is greater than the financing amount
 133.29 associated with the largest applicable flexible service pension maximum.

133.30 Sec. 9. Minnesota Statutes 2006, section 424A.02, subdivision 7, is amended to read:

133.31 Subd. 7. **Deferred service pensions.** (a) A member of a relief association is entitled
 133.32 to a deferred service pension if the member:

- 133.33 (1) has completed the lesser of the minimum period of active service with the fire
 133.34 department specified in the bylaws or 20 years of active service with the fire department;
- 133.35 (2) has completed at least five years of active membership in the relief association;
- 133.36 and

134.1 (3) separates from active service and membership before reaching age 50 or the
134.2 minimum age for retirement and commencement of a service pension specified in the
134.3 bylaws governing the relief association if that age is greater than age 50.

134.4 (b) The deferred service pension is payable when the former member reaches age
134.5 50, or the minimum age specified in the bylaws governing the relief association if that age
134.6 is greater than age 50, and when the former member makes a valid written application.

134.7 (c) A relief association that provides a lump sum service pension governed by
134.8 subdivision 3 may, when its governing bylaws so provide, pay interest on the deferred
134.9 lump sum service pension during the period of deferral. If provided for in the bylaws,
134.10 interest must be paid in one of the following manners:

134.11 (1) at the investment performance rate actually earned on that portion of the assets
134.12 if the deferred benefit amount is invested by the relief association in a separate account
134.13 established and maintained by the relief association or if the deferred benefit amount is
134.14 invested in a separate investment vehicle held by the relief association; or

134.15 (2) at an interest rate of up to five percent, compounded annually, as set by the board
134.16 of directors and approved as provided in subdivision 10; ~~or,~~

134.17 ~~(3) at a rate equal to the actual time weighted total rate of return investment~~
134.18 ~~performance of the special fund as reported by the Office of the State Auditor under~~
134.19 ~~section 356.219, up to five percent, compounded annually, and applied consistently for~~
134.20 ~~all deferred service pensioners.~~

134.21 ~~A relief association may not use the method provided for in clause (3), until it has~~
134.22 ~~modified its bylaws to be consistent with that clause.~~

134.23 (d) Interest under paragraph (c), clause (2) ~~or (3)~~, is payable ~~from the first day of~~
134.24 ~~the month next~~ following the date on which the municipality has approved the deferred
134.25 service pension interest rate established by the board of trustees ~~or from the first day of the~~
134.26 ~~month next following the date on which the member separated from active fire department~~
134.27 ~~service and relief association membership, whichever is later, to the last day of the month~~
134.28 ~~immediately before the month in which the deferred member becomes eligible to begin~~
134.29 ~~receipt of the service pension and applies for the deferred service pension.~~

134.30 (e) A relief association that provides a defined contribution service pension may,
134.31 if its governing bylaws so provide, credit interest or additional investment performance
134.32 on the deferred lump sum service pension during the period of deferral. If provided for
134.33 in the bylaws, the interest must be paid in one of the manners specified in paragraph
134.34 (c) or alternatively the relief association may credit any investment return on the assets
134.35 of the special fund of the defined contribution volunteer firefighter relief association in
134.36 proportion to the share of the assets of the special fund to the credit of each individual

135.1 deferred member account through the date on which the investment return is recognized
135.2 by and credited to the special fund.

135.3 (f) For a deferred service pension that is transferred to a separate account established
135.4 and maintained by the relief association or separate investment vehicle held by the relief
135.5 association, the deferred member bears the full investment risk subsequent to transfer and
135.6 in calculating the accrued liability of the volunteer firefighters relief association that pays
135.7 a lump sum service pension, the accrued liability for deferred service pensions is equal
135.8 to the separate relief association account balance or the fair market value of the separate
135.9 investment vehicle held by the relief association.

135.10 (g) The deferred service pension is governed by and must be calculated under
135.11 the general statute, special law, relief association articles of incorporation, and relief
135.12 association bylaw provisions applicable on the date on which the member separated from
135.13 active service with the fire department and active membership in the relief association.

135.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

135.15 Sec. 10. Minnesota Statutes 2006, section 424A.02, subdivision 9, is amended to read:

135.16 Subd. 9. **Limitation on ancillary benefits.** Any relief association, including
135.17 any volunteer firefighters relief association governed by section 69.77 or any volunteer
135.18 firefighters division of a relief association governed by chapter 424, may only pay
135.19 ancillary benefits which would constitute an authorized disbursement as specified in
135.20 section 424A.05 subject to the following requirements or limitations:

135.21 (1) with respect to a relief association in which governing bylaws provide for a
135.22 lump sum service pension to a retiring member, no ancillary benefit may be paid to any
135.23 former member or paid to any person on behalf of any former member after the former
135.24 member (i) terminates active service with the fire department and active membership
135.25 in the relief association; and (ii) commences receipt of a service pension as authorized
135.26 under this section; and

135.27 (2) with respect to any relief association, no ancillary benefit paid or payable to any
135.28 member, to any former member, or to any person on behalf of any member or former
135.29 member, may exceed in amount the total earned service pension of the member or former
135.30 member. The total earned service pension must be calculated ~~using~~ by multiplying
135.31 the service pension amount specified in the bylaws of the relief association ~~and at the~~
135.32 time of death or disability, whichever applies, by the years of service credited to the
135.33 member or former member. The years of service must be determined as of (i) the date
135.34 the member or former member became entitled to the ancillary benefit; or (ii) the date
135.35 the member or former member died entitling a survivor or the estate of the member or

145.17 (a) Notwithstanding any provision to the contrary of Minnesota Statutes, chapter
145.18 354B, an eligible person described in paragraph (b) may elect prospective and retroactive
145.19 retirement coverage under paragraph (c).

145.20 (b) An eligible person is a person who:

145.21 (1) was born on December 9, 1954;

145.22 (2) was initially employed by the Minnesota State Colleges and Universities system
145.23 on a part-time basis at Metropolitan State University on January 12, 2004;

145.24 (3) was first employed in excess of 25 percent of full-time employment by the
145.25 Minnesota State Colleges and Universities system on August 27, 2005;

145.26 (4) was covered by the higher education individual retirement account plan because
145.27 of a failure of the Minnesota State Colleges and Universities system to advise about the
145.28 default retirement coverage provision of Minnesota Statutes, section 354B.21, subdivision
145.29 3; and

145.30 (5) became a full-time employee of the Minnesota State Colleges and Universities
145.31 system as a full-time faculty member at Metropolitan State University on July 17, 2007.

145.32 (c) An eligible person may elect retirement coverage by the Teachers Retirement
145.33 Association rather than the higher education individual retirement account plan for faculty
145.34 employment rendered after the date of the retirement coverage election under this section
145.35 and for past Minnesota State Colleges and Universities system faculty employment from

146.1 January 12, 2004, until the date of the retirement coverage election. The election must
146.2 be made in writing, must be filed with the executive director of the Teachers Retirement
146.3 Association, and must be accompanied with any relevant documentation required by the
146.4 executive director of the Teachers Retirement Association.

146.5 (d) If an eligible person makes the retirement coverage election under paragraph (c),
146.6 the eligible person's member contributions to the higher education individual retirement
146.7 account plan must be transferred to the Teachers Retirement Association, with any earned
146.8 investment returns on those contributions. If the transferred member contributions and
146.9 investment earnings are less than the calculated amount of the member contribution that
146.10 the eligible person would have made to the Teachers Retirement Association on the
146.11 eligible person's compensation from the Minnesota State Colleges and Universities system

146.13 the person had been covered by the Teachers Retirement Association during the period,
146.14 plus annual compound interest at the rate of 8.5 percent, the eligible person shall pay the
146.15 balance of that calculated member contribution obligation within 30 days of the retirement
146.16 coverage election. Any payment may be made through an institution-to-institution
146.17 transfer from the eligible person's account in the Minnesota state deferred compensation
146.18 program or the eligible person's tax-sheltered savings account under the federal Internal
146.19 Revenue Code, section 403(b).

146.20 (e) Upon the transfer of the equivalent member contribution amount and any
146.21 additional payments under paragraph (d), the balance of the eligible person's higher
146.22 education individual retirement account plan account must be transferred to the Teachers
146.23 Retirement Association. If the amounts under paragraph (d) and the higher education
146.24 individual retirement account plan account balance under this paragraph are less than
146.25 the prior service credit purchase payment amount calculated under Minnesota Statutes,
146.26 section 356.551, the Minnesota State Colleges and Universities system shall pay that
146.27 difference within 60 days of the retirement coverage election date.

146.28 (f) Upon the transfers and payments under paragraphs (d) and (e), the eligible
146.29 person must be credited by the Teachers Retirement Association with allowable and
146.30 formula service for Minnesota State Colleges and Universities system employment since
146.31 January 12, 2004.

146.32 (g) The authority to make a retirement coverage election under this section expires
146.33 on January 1, 2009.

146.34 **EFFECTIVE DATE.** This section is effective the day following final enactment.
