2.27 paragraph (a) that is subject to the requirements in paragraphs (b) and (c). The application
2.28 must be submitted to the commissioner within six months of the effective date of the
2.29 rate adjustment, and the nursing facility must provide additional information required
2.30 by the commissioner within nine months of the effective date of the rate adjustment.

3.14 (g) The commissioner shall ensure that cost increases in distribution plans under
3.15 paragraph (f), clause (2), that may be included in approved applications, comply with the
3.16 following requirements:

3.17 (1) costs to be incurred during the applicable rate year resulting from wage and
3.18 salary increases effective after October 1, 2006, and prior to the first day of the nursing
3.19 facility's payroll period that includes October 1, 2007 of each year, shall be allowed if they
3.20 were not used in the prior year's application;

3.21 (2) a portion of the costs resulting from tenure-related wage or salary increases
3.22 may be considered to be allowable wage increases, according to formulas that the

4.5 money than is available, the amount of the rate adjustment shall be reduced so that the
4.6 amount of money made available is equal to the amount to be distributed.

4.7 Sec. 2. Minnesota Statutes 2006, section 256B.434, is amended by adding a
4.8 subdivision to read:

4.9 Subd. 21. **Nursing facility employee health insurance costs.** (a) For the period

4.23 commissioner shall provide to each facility the health insurance per diem as determined
4.24 by using the methods in paragraph (b) and the most recently reported information, subject
4.25 to an upper limit determined by the commissioner, based on the results of the study of
4.26 health coverage for long-term care workers required by section 13.

4.27 Sec. 3. Minnesota Statutes 2007 Supplement, section 256B.441, subdivision 1, is
4.28 amended to read:

4.29 Subdivision 1. **Rebasing of nursing facility operating cost payment rates.** (a)
4.30 The commissioner shall rebase nursing facility operating cost payment rates to align
4.31 payments to facilities with the cost of providing care, only upon authorization in law as
4.32 required by subdivision 1a. The rebased operating cost payment rates shall be calculated
4.33 using the statistical and cost report filed by each nursing facility for the report period
4.34 ending one year prior to the rate year.

5.1 ~~(b) The new operating cost payment rates based on this section shall take effect~~
5.2 ~~beginning with the rate year beginning October 1, 2008, and shall be phased in over~~
5.3 ~~eight rate years through October 1, 2015.~~

5.4 ~~(c) Operating cost payment rates shall be rebased on October 1, 2016, and every~~
5.5 ~~two years after that date.~~

5.6 ~~(d)~~ (b) Each cost reporting year shall begin on October 1 and end on the following
5.7 September 30. Beginning in 2006, a statistical and cost report shall be filed by each
5.8 nursing facility by January 15. Notice of rates shall be distributed by August 15 and the
5.9 rates shall go into effect on October 1 for one year.

5.10 ~~(e)~~ (c) Effective October 1, 2014 upon full implementation of rebased operating cost
5.11 payment rates, property rates shall be rebased in accordance with section 256B.431 and
5.12 Minnesota Rules, chapter 9549. The commissioner shall determine what the property
5.13 payment rate for a nursing facility would be had the facility not had its property rate
5.14 determined under section 256B.434. The commissioner shall allow nursing facilities to
5.15 provide information affecting this rate determination that would have been filed annually
5.16 under Minnesota Rules, chapter 9549, and nursing facilities shall report information
5.17 necessary to determine allowable debt. The commissioner shall use this information
5.18 to determine the property payment rate.

5.19 Sec. 4. Minnesota Statutes 2006, section 256B.441, is amended by adding a
5.20 subdivision to read:

5.21 Subd. 1a. **Prohibition on implementation.** The commissioner is prohibited from
5.22 rebasings nursing facility payment rates, and from implementing any provision of this
5.23 section related to rebasing, without specific authorization in law.

5.24 Sec. 5. Minnesota Statutes 2007 Supplement, section 256B.441, subdivision 50,
5.25 is amended to read:

5.26 Subd. 50. **Determination of total care-related limit.** (a) The limit on the total
5.27 care-related per diem shall be determined for each peer group and facility type group
5.28 combination. A facility's total care-related per diems shall be limited to 120 percent of the
5.29 median for the facility's peer and facility type group. The facility-specific direct care costs
5.30 used in making this comparison and in the calculation of the median shall be based on a
5.31 RUG's weight of 1.00. A facility that is above that limit shall have its total care-related per
5.32 diem reduced to the limit. If a reduction of the total care-related per diem is necessary
5.33 because of this limit, the reduction shall be made proportionally to both the direct care per
5.34 diem and the other care-related per diem.

6.1 (b) ~~Beginning with rates determined for October 1, 2016~~ Effective upon full
6.2 implementation of rebased operating cost payment rates, the total care-related limit shall
6.3 be a variable amount based on each facility's quality score, as determined under section
6.4 256B.441, subdivision 44, in accordance with clauses (1) to (4):

6.5 (1) for each facility, the commissioner shall determine the quality score, subtract 40,
6.6 divide by 40, and convert to a percentage;

6.7 (2) if the value determined in clause (1) is less than zero, the total care-related limit
6.8 shall be 105 percent of the median for the facility's peer and facility type group;

6.9 (3) if the value determined in clause (1) is greater than 100 percent, the total
6.10 care-related limit shall be 125 percent of the median for the facility's peer and facility
6.11 type group; and

6.12 (4) if the value determined in clause (1) is greater than zero and less than 100
6.13 percent, the total care-related limit shall be 105 percent of the median for the facility's peer
6.14 and facility type group plus one-fifth of the percentage determined in clause (1).

6.15 Sec. 6. Minnesota Statutes 2007 Supplement, section 256B.441, subdivision 51a,
6.16 is amended to read:

6.17 Subd. 51a. **Exception allowing contracting for specialized care.** (a) ~~For rate years~~
6.18 ~~beginning on or after October 1, 2016~~ Effective upon full implementation of rebased
6.19 operating cost payment rates, the commissioner may negotiate increases to the care-related
6.20 limit for nursing facilities that provide specialized care, at a cost to the general fund not
6.21 to exceed \$600,000 per year. The commissioner shall publish a request for proposals
6.22 annually, and may negotiate increases to the limits that shall apply for either one or
6.23 two years before the increase shall be subject to a new proposal and negotiation. The
6.24 care-related limit may be increased by up to 50 percent.

6.25 (b) In selecting facilities with which to negotiate, the commissioner shall consider:

6.26 (1) the diagnoses or other circumstances of residents in the specialized program that
6.27 require care that costs substantially more than the RUG's rates associated with those
6.28 residents;

6.29 (2) the nature of the specialized program or programs offered to meet the needs
6.30 of these individuals; and

6.31 (3) outcomes achieved by the specialized program.

6.32 Sec. 7. Minnesota Statutes 2007 Supplement, section 256B.5012, subdivision 7,
6.33 is amended to read:

7.1 Subd. 7. **ICF/MR rate increases effective October 1, 2007, and October 1, 2008.**

7.2 (a) For the rate year beginning October 1, 2007, the commissioner shall make available
7.3 to each facility reimbursed under this section operating payment rate adjustments equal
7.4 to 2.0 percent of the operating payment rates in effect on September 30, 2007. For
7.5 the rate year beginning July 1, 2008, the commissioner shall make available to each
7.6 facility reimbursed under this section operating payment rate adjustments equal to ~~2.0~~ 5.0
7.7 percent of the operating payment rates in effect on June 30, 2008. For each facility, the
7.8 commissioner shall make available an adjustment, based on occupied beds, using the

7.10 variable rate but excluding the property-related payment rate, in effect on the preceding
7.11 day. The total payment rate shall include the adjustment provided in section 256B.501,
7.12 subdivision 12. A facility whose payment rates are governed by closure agreements,
7.13 receivership agreements, or Minnesota Rules, part 9553.0075, is not eligible for an
7.14 adjustment otherwise granted under this subdivision.

7.15 (b) Seventy-five percent of the money resulting from the rate adjustments under
7.16 paragraph (a) must be used for increases in compensation-related costs for employees
7.17 directly employed by the facility on or after the effective date of the rate adjustments,
7.18 except:

7.19 (1) the administrator;

7.20 (2) persons employed in the central office of a corporation that has an ownership
7.21 interest in the facility or exercises control over the facility; and

7.22 (3) persons paid by the facility under a management contract.

7.23 (c) Two-thirds of the money available under paragraph (b) must be used for wage
7.24 increases for all employees directly employed by the facility on or after the effective
7.25 date of the rate adjustments, except those listed in paragraph (b), clauses (1) to (3). The
7.26 wage adjustment that employees receive under this paragraph must be paid as an equal
7.27 hourly percentage wage increase for all eligible employees. All wage increases under this
7.28 paragraph must be effective on the same date. Only costs associated with the portion of
7.29 the equal hourly percentage wage increase that goes to all employees shall qualify under
7.30 this paragraph. Costs associated with wage increases in excess of the amount of the equal
7.31 hourly percentage wage increase provided to all employees shall be allowed only for
7.32 meeting the requirements in paragraph (b). This paragraph shall not apply to employees
7.33 covered by a collective bargaining agreement.

7.34 (d) The commissioner shall allow as compensation-related costs all costs for:

8.7 requirements in paragraphs (b) and (c) shall be provided to facilities effective October
8.8 1 of each year.

8.9 (f) Facilities may apply for the portion of the rate adjustments under paragraph
8.10 (a) that is subject to the requirements in paragraphs (b) and (c). The application
8.11 must be submitted to the commissioner within six months of the effective date of the
8.12 rate adjustments, and the facility must provide additional information required by
8.13 the commissioner within nine months of the effective date of the rate adjustments.
8.14 The commissioner must respond to all applications within three weeks of receipt.
8.15 The commissioner may waive the deadlines in this paragraph under extraordinary
8.16 circumstances, to be determined at the sole discretion of the commissioner. The
8.17 application must contain:

8.18 (1) an estimate of the amounts of money that must be used as specified in paragraphs
8.19 (b) and (c);

8.20 (2) a detailed distribution plan specifying the allowable compensation-related and
8.21 wage increases the facility will implement to use the funds available in clause (1);

8.22 (3) a description of how the facility will notify eligible employees of the contents of
8.23 the approved application, which must provide for giving each eligible employee a copy of
8.24 the approved application, excluding the information required in clause (1), or posting a
8.25 copy of the approved application, excluding the information required in clause (1), for
8.26 a period of at least six weeks in an area of the facility to which all eligible employees
8.27 have access; and

8.32 commissioner's representative.

8.33 (g) The commissioner shall ensure that cost increases in distribution plans under
8.34 paragraph (f), clause (2), that may be included in approved applications, comply with
8.35 requirements in clauses (1) to (4):

9.1 (1) costs to be incurred during the applicable rate year resulting from wage and
9.2 salary increases effective after October 1, 2006, and prior to the first day of the facility's
9.3 payroll period that includes October 1 of each year shall be allowed if they were not used
9.4 in the prior year's application and they meet the requirements of paragraphs (b) and (c);

9.5 (2) a portion of the costs resulting from tenure-related wage or salary increases
9.6 may be considered to be allowable wage increases, according to formulas that the
9.7 commissioner shall provide, where employee retention is above the average statewide
9.8 rate of retention of direct care employees;

9.9 (3) the annualized amount of increases in costs for the employer's share of health
9.10 and dental insurance, life insurance, disability insurance, and workers' compensation shall
9.11 be allowable compensation-related increases if they are effective on or after April 1 of
9.12 the year in which the rate adjustments are effective and prior to April 1 of the following
9.13 year; and

9.14 (4) for facilities in which employees are represented by an exclusive bargaining
9.15 representative, the commissioner shall approve the application only upon receipt of a letter
9.16 of acceptance of the distribution plan, as regards members of the bargaining unit, signed
9.17 by the exclusive bargaining agent and dated after May 25, 2007. Upon receipt of the letter
9.18 of acceptance, the commissioner shall deem all requirements of this section as having
9.19 been met in regard to the members of the bargaining unit.

9.20 (h) The commissioner shall review applications received under paragraph (f) and
9.21 shall provide the portion of the rate adjustments under paragraphs (b) and (c) if the
9.22 requirements of this subdivision have been met. The rate adjustments shall be effective
9.23 October 1 of each year. Notwithstanding paragraph (a), if the approved application
9.24 distributes less money than is available, the amount of the rate adjustment shall be reduced
9.25 so that the amount of money made available is equal to the amount to be distributed.

9.26 Sec. 8. Minnesota Statutes 2006, section 256B.5012, is amended by adding a
9.27 subdivision to read:

9.28 Subd. 8. **ICF/MR employee health insurance costs.** (a) For the period between
9.29 July 1, 2008, and June 30, 2009, the commissioner shall provide to each ICF/MR facility
9.30 reimbursed under this section, or any other section, a health insurance per diem of ... cents

9.32 health insurance coverage for employees.

9.33 (b) A facility receiving the health insurance per diem shall annually report to the
9.34 commissioner, in the form and manner specified by the commissioner, a calculation of the
9.35 health insurance per diem, including: the amount received from this rate adjustment, the

10.1 type and cost of health insurance coverage purchased, the number of persons for whom
10.2 health coverage was purchased, a calculation of the per diem amount of health coverage
10.3 costs based on actual resident days, and other information required by the commissioner.

10.5 from the total operating payment rate of each facility.

10.6 (d) For rate periods and rate years beginning on or after July 1, 2009, the
10.7 commissioner shall provide to each facility the health insurance per diem as determined
10.8 by using the methods in paragraph (b) and the most recently reported information, subject
10.9 to an upper limit determined by the commissioner, based on the results of the study of
10.10 health coverage for long-term care workers required by section 13.

10.11 Sec. 9. Minnesota Statutes 2006, section 256L.07, subdivision 2, is amended to read:

10.12 Subd. 2. **Must not have access to employer-subsidized coverage.** (a) To be
10.13 eligible, a family or individual must not have access to subsidized health coverage through
10.14 an employer and must not have had access to employer-subsidized coverage through
10.15 a current employer for 18 months prior to application or reapplication. A family or
10.16 individual whose employer-subsidized coverage is lost due to an employer terminating
10.17 health care coverage as an employee benefit during the previous 18 months is not eligible.

10.18 (b) This subdivision does not apply to a family or individual who was enrolled
10.19 in MinnesotaCare within six months or less of reapplication and who no longer has
10.20 employer-subsidized coverage due to the employer terminating health care coverage
10.21 as an employee benefit.

10.22 (c) For purposes of this requirement, subsidized health coverage means health
10.23 coverage for which the employer pays at least 50 percent of the cost of coverage for
10.24 the employee or dependent, or a higher percentage as specified by the commissioner.

10.26 the noncustodial parent. The commissioner must treat employer contributions to Internal

10.28 health care costs as qualified employer subsidies toward the cost of health coverage for
10.29 employees for purposes of this subdivision.

10.30 (d) The commissioner, for the period between July 1, 2008, and June 30, 2009, shall
10.31 exempt a family or individual from this subdivision if access to employer-subsidized
10.32 insurance is through employment at: (1) a nursing facility licensed under chapter 144A
10.33 that participates in the medical assistance program; (2) a service provider eligible for a
10.34 rate increase provided under Laws 2007, chapter 147, article 7, section 71; or (3) an

11.1 **EFFECTIVE DATE.** This section is effective July 1, 2008, or upon federal
11.2 approval, whichever is later. The commissioner of human services shall inform the revisor
11.3 of statutes when federal approval is obtained.

11.4 Sec. 10. Laws 2007, chapter 147, article 7, section 71, is amended to read:

11.5 Sec. 71. **PROVIDER RATE INCREASES.**

11.6 (a) The commissioner of human services shall increase allocations, reimbursement

16.11 The commissioners of human services and health shall convene a working group of
16.12 consumers, nursing facility providers, and nursing facility employees, to: (1) review the

16.16 staff positions and titles, including but not limited to "resident assistant," should be
16.17 incorporated over time into direct care staffing. The commissioners shall present working

16.28 necessary to determine the cost of a future rate increase to long-term care employers for
16.29 the purchase of employee health insurance. The data to be collected must include, but is
16.30 not limited to, the number of full-time and part-time long-term care workers, their claims
16.31 patterns and histories, and the current levels of employer investment in health insurance.
16.32 Long-term care providers shall submit the data in the form and manner specified by the
