1.10 including those with developmental disabilities. Basic health care services include:

1.11 (1) those services covered by the medical assistance state plan except for ICF/MR  
1.12 services, home and community-based waiver services, case management for persons with

1.16 (2) basic health care services may also include risk for up to 100 days of nursing  
1.17 facility services for persons who reside in a noninstitutional setting and home health  
1.18 services related to rehabilitation as defined by the commissioner after consultation with  
1.19 the stakeholder group.

1.20 The commissioner may exclude other medical assistance services from the basic

1.22 same basis as other medical assistance recipients who have not enrolled.

2.1 Unless a person is otherwise required to enroll in managed care, enrollment in these  
2.2 plans for Medicaid services must be voluntary. For purposes of this subdivision, automatic  
2.3 enrollment with an option to opt out is not voluntary enrollment.

2.4 (b) Beginning January 1, 2007, the commissioner may contract with qualified  
2.5 Medicare special needs plans to provide basic health care services under medical  
2.6 assistance to persons who are dually eligible for both Medicare and Medicaid and those  
2.7 Social Security beneficiaries eligible for Medicaid but in the waiting period for Medicare.  
2.8 The commissioner shall consult with the stakeholder group under paragraph (d) in  
2.9 developing program specifications for these services. The commissioner shall report to  
2.10 the chairs of the house and senate committees with jurisdiction over health and human  
2.11 services policy and finance by February 1, 2007, on implementation of these programs and  
2.12 the need for increased funding for the ombudsman for managed care and other consumer  
2.13 assistance and protections needed due to enrollment in managed care of persons with  
2.14 disabilities. Payment for Medicaid services provided under this subdivision for the months  
2.15 of May and June will be made no earlier than July 1 of the same calendar year.

2.16 (c) Beginning January 1, 2008, the commissioner may expand contracting under this  
2.17 subdivision to all persons with disabilities not otherwise required to enroll in managed  
2.18 care.

2.19 (d) The commissioner shall establish a state-level stakeholder group to provide  
2.20 advice on managed care programs for persons with disabilities, including both MnDHO  
2.21 and contracts with special needs plans that provide basic health care services as described  
2.22 in paragraphs (a) and (b). The stakeholder group shall provide advice on program  
2.23 expansions under this subdivision and subdivision 23, including:

2.24 (1) implementation efforts;

2.25 (2) consumer protections; and

2.26 (3) program specifications such as quality assurance measures, data collection and  
2.27 reporting, and evaluation of costs, quality, and results.

2.28 (e) Each plan under contract to provide medical assistance basic health care services  
2.29 shall establish a local or regional stakeholder group, including representatives of the  
2.30 counties covered by the plan, members, consumer advocates, and providers, for advice on  
2.31 issues that arise in the local or regional area.

2.32 (f) Each plan under contract to provide medical assistance basic health care services  
2.33 shall coordinate with the county, at no cost, the voluntary reenrollment of persons choosing  
2.34 to return to fee-for-service care, including the release of all medical documentation to the  
2.35 new physician on record.
