Subd. 4. **Separate accounts.** Each district <u>and cooperative unit</u> that receives basic skills revenue shall maintain separate accounts to identify expenditures for salaries and programs related to basic skills revenue.

Sec. 12. Minnesota Statutes 2008, section 126C.17, subdivision 9, is amended to read: Subd. 9. **Referendum revenue.** (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board or shall be called by the board upon written petition of qualified voters of the district. The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under subdivision 11, paragraph (a), the referendum must be held on the first Tuesday after the first Monday in November. The ballot must state the maximum amount of the increased revenue per resident marginal cost pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per resident marginal cost pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per resident marginal cost pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies at the same amount per pupil as in the previous year:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING TO EXTEND AN EXISTING PROPERTY TAX REFERENDUM THAT IS SCHEDULED TO EXPIRE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ......, School District No. .., be approved?"

If approved, an amount equal to the approved revenue per resident marginal cost pupil unit times the resident marginal cost pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer is deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum extends an existing operating referendum at the same amount per pupil as in the previous year."

- (c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board and shall be called by the board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.
- (d) A petition authorized by paragraph (a) or (c) is effective if signed by a number of qualified voters in excess of 15 30 percent of the registered voters of the district on

The maximum amount which may be levied for all costs under this section shall be equal to \$30 multiplied by the district's adjusted marginal cost pupil units for the school year. The proceeds of the levy must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools; (2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (e), in the elementary schools; (3) to pay the costs for a gang resistance education training curriculum in the district's schools; (4) to pay the costs for security in the district's schools and on school property; (5) to pay the costs for other crime prevention, drug abuse, student and staff safety, voluntary opt-in suicide prevention tools, and violence prevention measures taken by the school district; or (6) to pay costs for licensed school counselors, licensed school nurses, licensed school social workers, licensed school psychologists, and licensed alcohol and chemical dependency counselors to help provide early responses to problems. For expenditures under clause (1), the district must initially attempt to contract for services to be provided by peace officers or sheriffs with the police department of each city or the sheriff's department of the county within the district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries.

The district must annually certify either that: (1) its total spending on services provided by the employees listed in paragraph (a), clause (6), is not less than the sum of its expenditures for these purposes, excluding amounts spent under this section, in the previous year plus the amount spent under this section; or (2) that the district's full-time equivalent number of employees listed in paragraph (a), clause (6), is not less than the number for the previous year.

  - (b) General education aid paid to a district serving a pupil in programs listed in this subdivision must be increased by an amount equal to the greater of (1) the referendum equalization aid attributable to the pupil in the nonresident district; or (2) the product of the district's open enrollment concentration index, the maximum amount of referendum revenue in the first tier, and the district's net open enrollment pupil units for that year. A district's open enrollment concentration index equals the greater of: (i) zero, or (ii) the lesser of 1.0, or the difference between the district's ratio of open enrollment pupil units served to its resident pupil units for that year and 0.2. The tuition must be equal to (1) the actual cost of providing special instruction and services to the pupil, including a proportionate amount for special transportation and unreimbursed building lease and debt service costs for facilities used primarily for special education, minus (2) if the pupil receives special instruction and services outside the regular classroom for more than 60 percent of the school day, the amount of general education revenue and referendum aid attributable to that pupil for the portion of time the pupil receives special instruction and services outside of the regular classroom, excluding portions attributable to district and school administration, district support services, operations and maintenance, capital expenditures, and pupil transportation, minus (3) special education aid attributable to that pupil, that is received by the district providing special instruction and services. Sec. 8. Minnesota Statutes 2008, section 120B.13, is amended to read:

# 120B.13 ADVANCED PLACEMENT AND, INTERNATIONAL BACCALAUREATE, AND CONCURRENT ENROLLMENT PROGRAMS.

Subdivision 1. **Program structure; training programs for teachers.** (a) The advanced placement and, international baccalaureate, and concurrent enrollment programs are well-established academic programs for mature, academically directed high school students. These programs, in addition to providing academic rigor, offer sound curricular design, accountability, comprehensive external assessment, feedback to students and teachers, and the opportunity for high school students to compete academically on a global level. Advanced placement and, international baccalaureate, and concurrent enrollment programs allow students to leave high school with the academic skills and self-confidence to succeed in college and beyond. The advanced placement and, international baccalaureate, and concurrent enrollment programs help provide Minnesota students with world-class educational opportunity.

(b) Critical to schools' educational success is ongoing advanced

placement/international baccalaureate-approved teacher training for teachers instructing

students in the advanced placement, international baccalaureate, and concurrent enrollment

programs. A secondary teacher assigned by a district to teach an advanced placement or international baccalaureate course or other interested educator may participate in a training program offered by The College Board or International Baccalaureate North America, Inc. A secondary teacher assigned by a district to teach a concurrent enrollment course, or other interested educator, may participate in a training program offered by the eligible public postsecondary institution with which the district has entered into an agreement according to section 124D.09, subdivision 3, paragraph (a). The state may pay a portion of the tuition, room, board, and out-of-state travel costs a teacher or other interested educator incurs in participating in a training program. The commissioner shall determine application procedures and deadlines, select teachers and other interested educators to participate in the training program, and determine the payment process and amount of the subsidy. The procedures determined by the commissioner shall, to the extent possible, ensure that advanced placement and, international baccalaureate, and concurrent enrollment courses become available in all parts of the state and that a variety of course offerings are available in school districts. This subdivision does not prevent teacher or other interested educator participation in training programs offered by The College Board or International Baccalaureate North America, Inc., when tuition is paid by a source other than the state.

(c) The commissioner may award state-funded competitive grants designed to create advanced placement summer training institutes for secondary teachers. Two-year grants, beginning and ending on October 1, may be awarded to Minnesota institutions of higher education that comply with the training requirements outlined by the College Board. The commissioner shall determine award criteria and the selection process.

Subd. 2. **Support programs.** The commissioner shall provide support programs during the school year for teachers who attended the training programs and teachers experienced in teaching advanced placement or, international baccalaureate, or concurrent enrollment courses. The support programs shall provide teachers with opportunities to share instructional ideas with other teachers. The state may pay the costs of participating in the support programs, including substitute teachers, if necessary, and program affiliation costs.

Subd. 3. **Subsidy for examination fees.** The state may pay all or part of the fee for advanced placement or international baccalaureate examinations. The commissioner shall pay all examination fees for all public and nonpublic students of low-income families, as defined by the commissioner, and to the limit of the available appropriation, shall also pay a portion or all of the examination fees for other public and nonpublic students sitting for an advanced placement examination, international baccalaureate examination, or both. The commissioner shall determine procedures for state payments of fees.

- (9) engage in other activity directly related to expanding students' access to, participation in, and success with preadvanced placement, advanced placement, or international baccalaureate, or concurrent enrollment courses or programs, including low-income and other disadvantaged students.
- Subd. 4. **Annual reports.** (a) Each school district and charter school that receives a grant under this section annually must collect demographic and other student data to demonstrate and measure the extent to which the district or charter school raised students' academic achievement under this program and must report the data to the commissioner in the form and manner the commissioner determines. The commissioner annually by February 15 must make summary data about this program available to the education policy and finance committees of the legislature.
- (b) Each school district and charter school that receives a grant under this section annually must report to the commissioner, consistent with the Uniform Financial Accounting and Reporting Standards, its actual expenditures for advanced placement, preadvanced placement, and international baccalaureate, and concurrent enrollment courses and programs. The report must demonstrate that the school district or charter school has maintained its effort from other sources for advanced placement, preadvanced placement, and international baccalaureate, and concurrent enrollment courses and programs compared with the previous fiscal year, and the district or charter school has expended all grant funds, consistent with its approved budget.
- Subd. 5. Accreditation of concurrent enrollment programs. (a) To establish a uniform standard by which concurrent enrollment courses and professional development activities may be measured, postsecondary institutions are encouraged to apply for accreditation by the National Alliance of Concurrent Enrollment Partnership.
- (b) Beginning in fiscal year 2011, districts offering a concurrent enrollment program according to an agreement under section 124D.09, subdivision 10, are only eligible for aid

under this section and section 120B.13, if the college or university concurrent enrollment

34.2	courses offered by the district are accredited by the National Alliance of Concurrent
34.3	Enrollment Partnership, in the process of being accredited, or are shown by clear evidence
34.4	to be of comparable standard to accredited courses.
34.5	Sec. 10. [120B.299] DEFINITIONS.
34.6	Subdivision 1. <b>Definitions.</b> The definitions in this section apply to this chapter.
34.7	Subd. 2. Growth. "Growth" compares the difference in a student's achievement
34.8	score at two or more distinct points in time.
34.9	Subd. 3. Value added. "Value added" is the amount of achievement a student
34.10	demonstrates above an established baseline. The difference between the student's score
34.11	and the baseline defines value added.
34.12	Subd. 4. Value-added growth. "Value-added growth" is based on a student's
34.13	growth score. In a value-added growth system, the student's first test is the baseline, and
34.14	the difference between the student's first and next test scores within a defined period is the
34.15	measure of value added. Value-added growth models use student-level data to measure
34.16	what portion of a student's growth can be explained by inputs related to the educational
34.17	environment.
34.18	Subd. 5. Adequate yearly progress. A school or district makes "adequate yearly
34.19	progress" if, for every student subgroup under the federal 2001 No Child Left Behind
34.20	Act in the school or district, its proficiency index or other approved adjustments for
34.21	performance, based on statewide assessment scores, meets or exceeds federal expectations.
34.22	To make adequate yearly progress, the school or district also must satisfy applicable
34.23	federal requirements related to student attendance, graduation, and test participation rates.
34.24	Subd. 6. State growth target. (a) "State growth target" is the average year-two
34.25	assessment scores for students with similar year-one assessment scores.
34.26	(b) The state growth targets for each grade and subject are benchmarked as follows
34.27	until the assessment scale changes:
34.28	(1) beginning in the 2008-2009 school year, the state growth target for grades 3 to 8
34.29	is benchmarked to 2006-2007 and 2007-2008 school year data;
34.30	(2) beginning in the 2008-2009 school year the state growth target for grade 10 is
34.31	benchmarked to 2005-2006 and 2006-2007 school year data;
34.32	(3) for the 2008-2009 school year, the state growth target for grade 11 is
34.33	benchmarked to 2005-2006 school year data; and
34.34	(4) beginning in the 2009-2010 school year, the state growth target for grade 11 is
34.35	benchmarked to 2005-2006 and 2006-2007 school year data.

35.1	(c) Each time before the assessment scale changes, a stakeholder group that includes
35.2	assessment and evaluation directors and staff and researchers must recommend a new
35.3	state growth target that the commissioner must consider when revising standards under
35.4	section 120B.023, subdivision 2.
35.5	Subd. 7. Low growth. "Low growth" is an assessment score one-half standard
35.6	deviation below the state growth target.
35.7	Subd. 8. Medium growth. "Medium growth" is an assessment score within one-half
35.8	standard deviation above or below the state growth target.
35.9	Subd. 9. High growth. "High growth" is an assessment score one-half standard
35.10	deviation or more above the state growth target.
35.11	Subd. 10. Proficiency. "Proficiency" for purposes of reporting growth on school
35.12	performance report cards under section 120B.36, subdivision 1, means those students
35.13	who, in the previous school year, scored at or above "meets standards" on the statewide
35.14	assessments under section 120B.30. Each year, school performance report cards must
35.15	separately display: (1) the numbers and percentages of students who achieved low growth
35.16	medium growth, and high growth and achieved proficiency in the previous school year;
35.17	and (2) the numbers and percentages of students who achieved low growth, medium
35.18	growth, and high growth and did not achieve proficiency in the previous school year.
35.19	Subd. 11. Growth and progress toward proficiency. The categories of low
35.20	growth, medium growth, and high growth shall be used to indicate both (1) growth and (2)
35.21	progress toward grade-level proficiency that is consistent with subdivision 10.
35.22	<b>EFFECTIVE DATE.</b> This section is effective the day following final enactment.
35.23	Sec. 11. Minnesota Statutes 2008, section 120B.30, is amended to read:
35.24	120B.30 STATEWIDE TESTING AND REPORTING SYSTEM.
35.25	Subdivision 1. <b>Statewide testing.</b> (a) The commissioner, with advice from experts
35.26	with appropriate technical qualifications and experience and stakeholders, consistent with
35.27	subdivision 1a, shall include in the comprehensive assessment system, for each grade
35.28	level to be tested, state-constructed tests developed from and to be computer-adaptive
35.29	reading and mathematics assessments for general education students that are aligned with
35.30	the state's required academic standards under section 120B.021, include both multiple

the 2002-2003 school year, must include both machine-scoreable multiple choice and constructed response questions. The commissioner shall establish one or more months during which schools shall administer the tests to students each school year. Schools that the commissioner identifies for stand-alone field testing or other national sampling must participate as directed. Superintendents or charter school directors may appeal in writing to the commissioner for an exemption from a field test based on undue hardship. The commissioner's decision regarding the appeal is final. For students enrolled in grade 8 before the 2005-2006 school year, only Minnesota basic skills tests in reading, mathematics, and writing shall fulfill students' basic skills testing requirements for a passing state notation. The passing scores of basic skills tests in reading and mathematics are the equivalent of 75 percent correct for students entering grade 9 in 1997 and thereafter, as based on the first uniform test administration of administered in February 1998. Students who have not successfully passed a Minnesota basic skills test by the end of the 2011-2012 school year must pass the graduation-required assessments for diploma under paragraph (b).

- (b) For students enrolled in grade 8 in the 2005-2006 school year and later, only the following options shall fulfill students' state graduation test requirements:
  - (1) for reading and mathematics:
- (i) obtaining an achievement level equivalent to or greater than proficient as determined through a standard setting process on the Minnesota comprehensive assessments in grade 10 for reading and grade 11 for mathematics or achieving a passing score as determined through a standard setting process on the graduation-required assessment for diploma in grade 10 for reading and grade 11 for mathematics or subsequent retests;
- (ii) achieving a passing score as determined through a standard setting process on the state-identified language proficiency test in reading and the mathematics test for English language learners or the graduation-required assessment for diploma equivalent of those assessments for students designated as English language learners;
- (iii) achieving an individual passing score on the graduation-required assessment for diploma as determined by appropriate state guidelines for students with an individual education plan or 504 plan;
- (iv) obtaining achievement level equivalent to or greater than proficient as determined through a standard setting process on the state-identified alternate assessment or assessments in grade 10 for reading and grade 11 for mathematics for students with an individual education plan; or

37.1	(v) achieving an individual passing score on the state-identified alternate assessment
37.2	or assessments as determined by appropriate state guidelines for students with an
37.3	individual education plan; and
37.4	(2) for writing:
37.5	(i) achieving a passing score on the graduation-required assessment for diploma;
37.6	(ii) achieving a passing score as determined through a standard setting process on
37.7	the state-identified language proficiency test in writing for students designated as English
37.8	language learners;
37.9	(iii) achieving an individual passing score on the graduation-required assessment
37.10	for diploma as determined by appropriate state guidelines for students with an individual
37.11	education plan or 504 plan; or
37.12	(iv) achieving an individual passing score on the state-identified alternate assessment
37.13	or assessments as determined by appropriate state guidelines for students with an
37.14	individual education plan.
37.15	(c) Students enrolled in grade 8 in any school year from the 2005-2006 school
37.16	year to the 2009-2010 school year who do not pass the mathematics graduation-required
37.17	assessment for diploma under paragraph (b) are eligible to receive a high school diploma
37.18	with a passing state notation if they:
37.19	(1) complete with a passing score or grade all state and local coursework and credits
37.20	required for graduation by the school board granting the students their diploma;
37.21	(2) participate in district-prescribed academic remediation in mathematics; and
37.22	(3) fully participate in at least two retests of the mathematics GRAD test or until
37.23	they pass the mathematics GRAD test, whichever comes first. A school board issuing a
37.24	student a high school diploma in any school year from the 2009-2010 school year through
37.25	the 2013-2014 school year must record on the student's high school transcript the student's
37.26	score as the total number of test items and the number of test items the student answered
37.27	correctly on the mathematics graduation-required assessment for diploma under this
37.28	subdivision.
37.29	In addition, the school board granting the students their diplomas may formally
37.30	decide to include a notation of high achievement on the high school diplomas of those
37.31	graduating seniors who, according to established school board criteria, demonstrate
37.32	exemplary academic achievement during high school.
37.33	(d) The 3rd through 8th grade computer-adaptive assessments and high school level
37.34	test results shall be available to districts for diagnostic purposes affecting student learning
37.35	and district instruction and curriculum, and for establishing educational accountability.

The commissioner m	ust disseminate to th	ne public the	computer-adaptiv	ve assessments and
high school test resul	ts upon receiving th	ose results.	-	

- (d) State (e) The 3rd through 8th grade computer-adaptive assessments and high school tests must be constructed and aligned with state academic standards. The commissioner shall determine the testing process and the order of administration shall be determined by the commissioner. The statewide results shall be aggregated at the site and district level, consistent with subdivision 1a.
- (e) (f) In addition to the testing and reporting requirements under this section, the commissioner shall include the following components in the statewide public reporting system:
- (1) uniform statewide testing of all students in grades 3 through 8 and at the high school level that provides appropriate, technically sound accommodations; or alternate assessments, or exemptions consistent with applicable federal law, only with parent or guardian approval, for those very few students for whom the student's individual education plan team under sections 125A.05 and 125A.06 determines that the general statewide test is inappropriate for a student, or for a limited English proficiency student under section 124D.59, subdivision 2;
- (2) educational indicators that can be aggregated and compared across school districts and across time on a statewide basis, including average daily attendance, high school graduation rates, and high school drop-out rates by age and grade level;
  - (3) state results on the American College Test; and
- (4) state results from participation in the National Assessment of Educational Progress so that the state can benchmark its performance against the nation and other states, and, where possible, against other countries, and contribute to the national effort to monitor achievement.
- Subd. 1a. **Statewide and local assessments; results.** (a) <u>For purposes of this</u> section, the following definitions have the meanings given them.
- (1) "Computer-adaptive assessments" means fully adaptive assessments or partially adaptive assessments.
- (2) "Fully adaptive assessments" include test items that are on-grade level and items that may be above or below a student's grade level.
- (3) "Partially adaptive assessments" include two portions of test items, where one portion is limited to on-grade level test items and a second portion includes test items that are on-grade level or above or below a student's grade level.
- 38.35 (4) "On-grade level" test items contain subject area content that is aligned to state
  38.36 academic standards for the grade level of the student taking the assessment.

39.1	(5) "Above-grade level" test items contain subject area content that is above the grade
39.2	level of the student taking the assessment and are considered aligned with state academic
39.3	standards to the extent they are aligned with content represented in state academic
39.4	standards above the grade level of the student taking the assessment. Notwithstanding
39.5	the student's grade level, administering above-grade level test items to a student does not
39.6	violate the requirement that state assessments must be aligned with state standards.
39.7	(6) "Below-grade level" test items contain subject area content that is below
39.8	the grade level of the student taking the test and are considered aligned with state
39.9	academic standards to the extent they are aligned with content represented in state
39.10	academic standards below the student's current grade level. Notwithstanding the student's
39.11	grade level, administering below-grade level test items to a student does not violate the
39.12	requirement that state assessments must be aligned with state standards.
39.13	(b) The commissioner must use fully adaptive assessments to the extent no net loss
39.14	of federal and state funds occurs as a result of using these assessments. If a net loss of
39.15	federal and state funds were to occur under this subdivision, then the commissioner must
39.16	use partially adaptive assessments to meet existing federal educational accountability
39.17	requirements.
39.18	(c) For purposes of conforming with existing federal educational accountability
39.19	requirements, the commissioner must develop and implement computer-adaptive reading,
39.20	and mathematics, and science assessments for grades 3 through 8, state-developed
39.21	high school reading and mathematics tests aligned with state academic standards, and
39.22	science assessments under clause (2) that districts and sites must use to monitor student
39.23	growth toward achieving those standards. The commissioner must not develop statewide
39.24	assessments for academic standards in social studies, health and physical education, and
39.25	the arts. The commissioner must require:
39.26	(1) annual computer-adaptive reading and mathematics assessments in grades 3
39.27	through 8, and at the high school level for the 2005-2006 school year and later high school
39.28	reading and mathematics tests; and
39.29	(2) annual science assessments in one grade in the grades 3 through 5 span, the
39.30	grades 6 through 9 8 span, and a life sciences assessment in the grades 10 9 through 12
39.31	span for the 2007-2008 school year and later, and the commissioner must not require
39.32	students to achieve a passing score on high school science assessments as a condition of
39.33	receiving a high school diploma.
39.34	The commissioner must ensure that for annual computer-adaptive assessments:
39.35	(i) individual student performance data and achievement and summary reports are
39.36	available within three school days of when students take an assessment;

40.1	(11) growth information is available for each student from the student's first
40.2	assessment to each proximate assessment using a constant measurement scale;
40.3	(iii) parents, teachers, and school administrators are able to use elementary and
40.4	middle school student performance data to project student achievement in high school; and
40.5	(iv) useful diagnostic information about areas of students' academic strengths and
40.6	weaknesses is available to teachers and school administrators for purposes of improving
40.7	student instruction and indicating the specific skills and concepts that should be introduced
40.8	and developed for students at given score levels, organized by strands within subject areas,
40.9	and aligned to state academic standards.
40.10	When contracting for computer-adaptive assessments under this section, the
40.11	weighting criteria the commissioner uses to evaluate contract proposals must give
40.12	preference to vendors prepared to provide statewide computer-adaptive assessments and
40.13	options for locally selected, locally financed, and locally implemented assessments that are
40.14	independently aligned to state standards and used to inform curriculum and instruction.
40.15	(b) (d) The commissioner must ensure that all statewide tests administered to
40.16	elementary and secondary students measure students' academic knowledge and skills and
40.17	not students' values, attitudes, and beliefs.
40.18	(e) (e) Reporting of assessment results must:
40.19	(1) provide timely, useful, and understandable information on the performance of
40.20	individual students, schools, school districts, and the state;
40.21	(2) include, by no later than the 2008-2009 school year, a value-added component
40.22	that is in addition to a measure for student achievement growth over time growth indicator
40.23	of student achievement under section 120B.35, subdivision 3, paragraph (b); and
40.24	(3)(i) for students enrolled in grade 8 before the 2005-2006 school year, determine
40.25	whether students have met the state's basic skills requirements; and
40.26	(ii) for students enrolled in grade 8 in the 2005-2006 school year and later, determine
40.27	whether students have met the state's academic standards.
40.28	(d) (f) Consistent with applicable federal law and subdivision 1, paragraph (d),
40.29	clause (1), the commissioner must include appropriate, technically sound accommodations
40.30	or alternative assessments for the very few students with disabilities for whom statewide
40.31	assessments are inappropriate and for students with limited English proficiency.
40.32	(e) (g) A school, school district, and charter school must administer statewide
40.33	assessments under this section, as the assessments become available, to evaluate student
40.34	progress in achieving the proficiency in the context of the state's grade level academic
40.35	standards. If a state assessment is not available, a school, school district, and charter

school must determine locally if a student has met the required academic standards. A

school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

- (h) For each procurement cycle for computer-adaptive assessments, the commissioner must report to the K-12 education policy and finance committees of the legislature on the costs of implementing computer-adaptive assessments and demonstrate that these assessments both represent the greatest value to the state and local school districts and minimize the need for redundant assessments.
- Subd. 2. **Department of Education assistance.** The Department of Education shall contract for professional and technical services according to competitive bidding procedures under chapter 16C for purposes of this section.
- Subd. 3. **Reporting.** The commissioner shall report test data publicly and to stakeholders, including the performance achievement levels developed from students' unweighted test scores in each tested subject and a listing of demographic factors that strongly correlate with student performance. The commissioner shall also report data that compares performance results among school sites, school districts, Minnesota and other states, and Minnesota and other nations. The commissioner shall disseminate to schools and school districts a more comprehensive report containing testing information that meets local needs for evaluating instruction and curriculum.
- Subd. 4. **Access to tests.** The commissioner must adopt and publish a policy to provide public and parental access for review of basic skills tests, Minnesota Comprehensive Assessments, or any other such statewide test and assessment. Upon receiving a written request, the commissioner must make available to parents or guardians a copy of their student's actual responses to the test questions to be reviewed by the parent for their review.

Sec. 13. Minnesota Statutes 2008, section 120B.35, is amended to read:

### 120B.35 STUDENT ACADEMIC ACHIEVEMENT AND <del>PROGRESS</del> GROWTH.

Subdivision 1. Adequate yearly progress of schools and students School and student indicators of growth and achievement. The commissioner must develop and implement a system for measuring and reporting academic achievement and individual student progress growth, consistent with the statewide educational accountability and reporting system. The <u>system</u> components of the <u>system</u> must measure and <u>separately</u> report the adequate yearly progress of schools and the growth of individual students: students' current achievement in schools under subdivision 2; and individual students' educational progress growth over time under subdivision 3. The system also must include statewide measures of student academic achievement growth that identify schools with high levels of achievement growth, and also schools with low levels of achievement growth that need improvement. When determining a school's effect, the data must include both statewide measures of student achievement and, to the extent annual tests are administered, indicators of achievement growth that take into account a student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. Indicators that take into account a student's prior achievement must not be used to disregard a school's low achievement or to exclude a school from a program to improve low achievement levels. The commissioner by January 15, 2002, must submit a plan for integrating these components to the chairs of the legislative committees having policy and budgetary responsibilities for elementary and secondary education.

Subd. 2. <u>Federal expectations for student academic achievement.</u> (a) Each school year, a school district must determine if the student achievement levels at each school site meet <u>state and local federal</u> expectations. If student achievement levels at a school site do not meet <u>state and local federal</u> expectations and the site has not made adequate yearly progress for two consecutive school years, beginning with the 2001-2002 school year, the district must work with the school site to adopt a plan to raise student achievement levels to meet <u>state and local federal</u> expectations. The commissioner of education shall establish student academic achievement levels to comply with this paragraph.

(b) School sites identified as not meeting <u>federal</u> expectations must develop continuous improvement plans in order to meet <u>state and local federal</u> expectations for student academic achievement. The department, at a district's request, must assist the district and the school site in developing a plan to improve student achievement. The plan must include parental involvement components.

(	(C)	The	commissioner	must:

- (1) provide assistance to assist school sites and districts identified as not meeting federal expectations; and
- (2) provide technical assistance to schools that integrate student progress achievement measures under subdivision 3 in into the school continuous improvement plan.
- (d) The commissioner shall establish and maintain a continuous improvement Web site designed to make data on every school and district available to parents, teachers, administrators, community members, and the general public.
- Subd. 3. Student progress assessment State growth target; other state measures.

  (a) The <u>state's</u> educational assessment system <del>component</del> measuring individual students' educational <del>progress must be growth is</del> based, to the extent annual tests are administered, on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments.
- (b) The commissioner, in consultation with a stakeholder group that includes assessment and evaluation directors and staff and researchers must identify effective models for measuring individual student progress that enable a school district or school site to perform gains-based analysis, including evaluating the effects of the teacher, school, and school district on student achievement over time. At least one model must be a "value-added" assessment model that reliably estimates those effects for classroom settings where a single teacher teaches multiple subjects to the same group of students, for team teaching arrangements, and for other teaching circumstances. implement a model that uses a value-added growth indicator and includes criteria for identifying schools and school districts that demonstrate medium and high growth under section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures under section 120B.299, subdivision 3. The model may be used to advance educators' professional development and replicate programs that succeed in meeting students' diverse learning needs. Data on individual teachers generated under the model are personnel data under section 13.43. The model must allow users to:
  - (1) report student growth consistent with this paragraph; and
- 45.32 (2) for all student categories, report and compare aggregated and disaggregated state
  45.33 growth data using the nine student categories identified under the federal 2001 No Child
  45.34 Left Behind Act and two student gender categories of male and female, respectively,
  45.35 following appropriate reporting practices to protect nonpublic student data.

The commissioner must report separate measures of student growth and proficiency, consistent with this paragraph.

(c) If a district has an accountability plan that includes gains-based analysis or "value-added" assessment, the commissioner shall, to the extent practicable, incorporate those measures in determining whether the district or school site meets expectations. The department must coordinate with the district in evaluating school sites and continuous improvement plans, consistent with best practices. When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2011, must report two core measures indicating the extent to which current high school graduates are being prepared for postsecondary academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school graduates in the most recent school year who completed course work important to preparing them for postsecondary academic and career opportunities, consistent with the core academic subjects required for admission to Minnesota's public colleges and universities as determined by the Office of Higher Education under chapter 136A; and

(2) a rigorous coursework measure indicating the number and percentage of high school graduates in the most recent school year who successfully completed one or more college-level advanced placement, international baccalaureate, postsecondary enrollment options including concurrent enrollment, other rigorous courses of study under section 120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively following appropriate reporting practices to protect nonpublic student data.

(d) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2013, must report summary data on school safety and students' engagement and connection at school. The summary data under this paragraph are separate from and must not be used for any purpose related to measuring or evaluating the performance of classroom teachers. The commissioner, in consultation with qualified experts on student engagement and connection and classroom teachers, must identify highly reliable variables that generate summary data under this paragraph. The summary data may be used at school, district, and state levels only. Any data on individuals received, collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

The request for proposals must include what types of schools or education innovations the board intends to create. A current site may submit a proposal to create a different model for the site if 60 percent or more of the teachers at the site support the proposal. A group of licensed district professionals from one or multiple district sites may submit a proposal. The

62.1	group submitting the proposal must include parents or other community members in the
62.2	development of the proposal. A proposal may request approval for a model of a school not
62.3	included in the request for proposal of the board.
62.4	(b) The school board and the applicable bargaining unit representing district
62.5	employees must enter into memoranda of understanding specifying how applicable
62.6	sections of current contracts will enable the provisions of subdivision 2, clauses (7) and
62.7	(8), to be implemented.
62.8	(c) Within 60 days of receipt of the application, the school board shall determine
62.9	whether to approve, deny, or return the application to the applicants for further information
62.10	or development.
62.11	(d) Upon approval of the proposal, an agreement between the district and the site
62.12	council shall be developed identifying the powers and duties delegated to the site and
62.13	outlining the details of the proposal including the provisions of subdivisions 2, 3, and
62.14	5. Any powers or duties not specifically delegated to the school site in the agreement
62.15	remains with the school board.
62.16	Subd. 2. Roles and responsibilities of site-governed schools. (a) Site-governed
62.17	schools approved by the school board have the following autonomy and responsibilities at
62.18	the discretion of the site:
62.19	(1) to create the site-governing council of the school. The council shall include
62.20	teachers, administrators, parents, students if appropriate, community members, and other
62.21	representatives of the community as determined by the site-governing council. Teachers
62.22	may comprise a majority of the site-governing council at the option of a majority of
62.23	the teachers at the site. The number of members on the site-governing council and the
62.24	composition shall be included in the proposal approved by the school board;
62.25	(2) to determine the leadership model for the site including: selecting a principal,
62.26	operating as a teacher professional practices model with school leadership functions
62.27	performed by one or more teachers or administrators at the school or other model
62.28	determined by the site;
62.29	(3) to determine the budget for the site and the allocation and expenditure of the
62.30	revenue based on provisions of subdivision 3;
62.31	(4) to determine the learning model and organization of the school consistent with
62.32	the application approved by the school board;
62.33	(5) to select and develop its curriculum and determine formative and summative
62.34	assessment practices;
62.35	(6) to set policies for the site including student promotion, attendance, discipline,
62.36	graduation requirements which may exceed the school board standards, and other such

63.1	rules as approved by the school board consistent with the mission, goals, and learning
63.2	program of the school site;
63.3	(7) to determine the length of the school day and year and employee work rules
63.4	covered by the terms and conditions of the employment contract;
63.5	(8) to select teachers and other staff consistent with current law and collective
63.6	bargaining agreements and memoranda of understanding provided for in subdivision 1,
63.7	paragraph (b). At least 70 percent of the teachers must be selected by the site prior to final
63.8	approval of the agreement. Prior to requesting the district to employ staff not currently
63.9	employed by the district, the site must first select current district staff including those on
63.10	requested and unrequested leave as provided for in sections 122A.40 and 122A.41. The
63.11	school board shall be the legal employer of all staff at the site and all teachers and other
63.12	staff members of the applicable bargaining units. Teachers and other employees may be
63.13	required to sign an individual work agreement with the site-governing council committing

63.15	the site-governing council; and
63.16	(9) to fulfill other provisions as agreed to by the district and site-governing council.

63.25	programs, private revenues, and general administrative functions including school board,
63.26	superintendent, district legal counsel, finance, accountability and self-governed school
63.27	contract oversight, facilities maintenance, districtwide special education programs, and
63.28	other such services as agreed to by the site and school board. The administrative fee
63.29	shall be included in the agreement.
63.30	(c) As part of the agreement, the district may provide specific services for the site
63.31	and may specify the amount to be paid for each service and retain the revenues for that
63.32	amount. The formula or procedures for determining the amount of revenue to be allocated
63.33	to the site each year shall be consistent with this subdivision and incorporated in the site
63.34	budget annually following a timeline and process that is included in the agreement with
63.35	the school board. The site is responsible for allocating revenue for all staff at the site and

for the other provisions of the agreement with the district board.

64.1	(d) All unspent revenue shall be carried over to following years for the sole use
64.2	of the site.
64.3	Subd. 4. Exemption from statutes and rules. Except as outlined in this section,

64.7	122A.50, and 122A.51.
64.8	Subd. 5. Performance standards. (a) The school board and the site council shall
64.9	include in the agreement performance standards and expectations that shall include at
64.10	least the following:
64.11	(1) student achievement targets on multiple indicators including either a growth
64.12	model or value-added growth model;
64.13	(2) the criteria and process to be followed if it is determined that the site failed
64.14	to comply with district oversight and accountability requirements as outlined in the
64.15	agreement; and
64.16	(3) other performance provisions as agreed to.
64.17	(b) All agreements shall be filed with the commissioner. The initial agreement shall
64.18	be for up to three years, shall be reviewed annually, and may be renewed by the district
64.19	board for additional terms of up to five years based on the performance of the school.
64.20	Subd. 6. Board termination of self-governed school authority. (a) The district
64.21	board may terminate the agreement for one or more of the following reasons:

pay authorized by this section may be paid in a lump sum. Payment under this section must not extend beyond four years from the date the employee reported for active service, plus any additional time the employee may be legally required to serve.

- (b) Subject to the limits under paragraph (g), each school district shall pay to each eligible member of the National Guard or other reserve component of the armed forces of the United States an amount equal to the difference between the member's basic base active duty military salary and the salary the member would be paid as an active school district employee, including any adjustments the member would have received if not on leave of absence. The pay differential must be based on a comparison between the member's daily base rate of active duty pay, calculated by dividing the member's base military monthly salary by the number of paid days in the month, and the member's daily rate of pay for the member's school district salary, calculated by dividing the member's total school district salary by the number of contract days. The member's salary as a school district employee must include the member's basic salary and any additional salary the member earns from the school district for cocurricular and extracurricular activities. The differential payment under this paragraph must be the difference between the daily base rates of military pay times the number of school district contract days the member misses because of military active duty. This payment may be made only to a person whose basic active duty military salary daily base rate of active duty pay is less than the salary the person would be paid person's daily rate of pay as an active school district employee. Payments may be made at the intervals at which the member received pay as a school district employee. Payment under this section must not extend beyond four years from the date the employee reported for active service, plus any additional time the employee may be legally required to serve.
- (c) An eligible member of the reserve components of the armed forces of the United States is a reservist or National Guard member who was an employee of a political subdivision at the time the member reported for active service on or after May 29, 2003, or who is on active service on May 29, 2003.
- (d) Except as provided in paragraph (e) and elsewhere in Minnesota Statutes, a statutory or home rule charter city, county, town, or other political subdivision has total discretion regarding employee benefit continuation for a member who reports for active service and the terms and conditions of any benefit.
- (e) A school district must continue the employee's enrollment in health and dental coverage, and the employer contribution toward that coverage, until the employee is covered by health and dental coverage provided by the armed forces. If the employee had elected dependent coverage for health or dental coverage as of the time that the employee reported for active service, a school district must offer the employee the option to continue

the employee to continue participating in any pretax account in which the employee
participated when the employee reported for active service, to the extent of employee pay
available for that purpose.

- (f) For purposes of this section, "active service" has the meaning given in section 190.05, subdivision 5, but excludes service performed exclusively for purposes of:
- (1) basic combat training, advanced individual training, annual training, and periodic inactive duty training;
  - (2) special training periodically made available to reserve members; and
  - (3) service performed in accordance with section 190.08, subdivision 3.
- (g) A school district making payments under paragraph (b) shall place a sum equal to any difference between the amount of salary that would have been paid to the employee who is receiving the payments and the amount of salary being paid to substitutes for that employee into a special fund that must be used to pay or partially pay the deployed employee's payments under paragraph (b). A school district is required to pay only this amount to the deployed school district employee.

# Sec. 67. <u>IMPLEMENTING RIGOROUS COURSEWORK MEASURES</u> <u>RELATED TO STUDENT PERFORMANCE.</u>

To implement the requirements of Minnesota Statutes, section 120B.35, subdivision 3, paragraph (c), clauses (1) and (2), and to help parents and members of the public better understand the reported data, the commissioner of education must convene a group of recognized and qualified experts and interested stakeholders, including parents and teachers among other stakeholders, to develop a model projecting anticipated performance of each high school on preparation and rigorous coursework measures that compares the school with similar schools. The model must use information about entering high school students based on particular background characteristics that are predictive of differing rates of college readiness. These characteristics include grade 8 achievement levels, high school student mobility, high school student attendance, and the size of each entering ninth grade class. The group of experts and stakeholders may examine other characteristics not part of the prediction model including the nine student categories identified under the federal 2001 No Child Left Behind Act, and two student gender categories of male and female, respectively. The commissioner annually must use the predicted level of entering

for a period of no more than ten school days. If a suspension is longer than five days,
the suspending administrator must provide the superintendent with a reason for the
longer suspension. This definition does not apply to dismissal from school for one school
day or less, except as provided in federal law for a student with a disability. Each
suspension action may include a readmission plan. The readmission plan shall include,
where appropriate, a provision for implementing alternative educational services upon
readmission and may not be used to extend the current suspension. Consistent with section
125A.091, subdivision 5, the readmission plan must not obligate a parent to provide a
sympathomimetic medication for the parent's child as a condition of readmission. The
school administration may not impose consecutive suspensions against the same pupil
for the same course of conduct, or incident of misconduct, except where the pupil will
create an immediate and substantial danger to self or to surrounding persons or property,
or where the district is in the process of initiating an expulsion, in which case the school
administration may extend the suspension to a total of 15 school days. In the ease
of a student with a disability, the student's individual education plan team must meet
immediately but not more than ten school days after the date on which the decision to
remove the student from the student's current education placement is made. The individual
education plan team and other qualified personnel shall at that meeting: conduct a review
of the relationship between the child's disability and the behavior subject to disciplinary
action; and determine the appropriateness of the child's education plan.

121.21 The requirements of the individual education plan team meeting apply when:

- (1) the parent requests a meeting;
- (2) the student is removed from the student's current placement for five or more consecutive days; or 121.24
  - (3) the student's total days of removal from the student's placement during the school year exceed ten cumulative days in a school year. The school administration shall implement alternative educational services when the suspension exceeds five days. A separate administrative conference is required for each period of suspension.

Sec. 3. Minnesota Statutes 2008, section 121A.43, is amended to read:

## 121A.43 EXCLUSION AND EXPULSION OF PUPILS WITH A DISABILITY.

(a) Consistent with federal law governing days of removal and section 121A.46, school personnel may suspend a child with a disability. When a child with a disability has been suspended for more than five consecutive school days or ten cumulative school days in the same school year, and that suspension does not involve a recommendation for expulsion or exclusion or other change of placement under federal law, relevant

Article 3 Sec. 3. 121

22.1	members of the child's individualized education program team, including at least one of
22.2	the child's teachers, shall meet and determine the extent the child needs services in order
22.3	to continue to participate in the general education curriculum, although in another setting,
22.4	and to progress toward meeting the goals in the child's individualized education program.
22.5	That meeting must occur as soon as possible, but no more than ten days after the sixth
22.6	consecutive day of suspension or the tenth cumulative day of suspension has elapsed.
22.7	(b) A dismissal for one school day or less is a day of suspension if the child with a
22.8	disability does not receive regular or special education instruction during that dismissal
22.9	period. The notice requirements under section 121A.46 do not apply to a dismissal
22.10	of one day or less.
22.11	(c) A child with a disability shall be provided alternative educational services to the
22.12	extent a suspension exceeds five consecutive school days.
22.13	(d) Before initiating an expulsion or exclusion under sections 121A.40 to 121A.56,
22.14	the district, relevant members of the child's individualized education program team,
22.15	and the child's parent shall, consistent with federal law, determine whether the child's
22.16	behavior was caused by or had a direct and substantial relationship to the child's disability
22.17	and whether the child's conduct was a direct result of a failure to implement the child's
22.18	individualized education program. When a pupil child with a disability who has an
22.19	individual individualized education plan program is excluded or expelled under sections
22.20	121A.40 to 121A.56 for misbehavior that is not a manifestation of the pupil's child's
22.21	disability, the district shall continue to provide special education and related services after
22.22	a period of suspension, if suspension is imposed. The district shall initiate a review of
22.23	the pupil's individual education plan and conduct a review of the relationship between
22.24	the pupil's disability and the behavior subject to disciplinary action and determine
22.25	the appropriateness of the pupil's education plan before commencing an expulsion or
22.26	exclusion during the exclusion or expulsion.
22.27	Sec. 4. Minnesota Statutes 2008, section 122A.31, subdivision 4, is amended to read:
22.28	Subd. 4. <b>Reimbursement.</b> (a) For purposes of revenue under section <del>125A.78</del>
22.29	125A.76, the Department of Education must only reimburse school districts for the
22.30	services of those interpreters/transliterators who satisfy the standards of competency
22.31	under this section.
22.32	(b) Notwithstanding paragraph (a), a district shall be reimbursed for the services
22.33	of interpreters with a nonrenewable provisional certificate, interpreters/transliterators

employed to mentor the provisional certified interpreters, and persons for whom a

123.1	time-limited extension has been granted under subdivision 1, paragraph (d), or subdivision
123.2	2, paragraph (c).
123.3	Sec. 5. Minnesota Statutes 2008, section 125A.02, is amended to read:
123.4	125A.02 CHILD WITH A DISABILITY DEFINED.
123.5	Subdivision 1. Child with a disability. Every child who has "Child with a

123.7	having a hearing impairment, blindness, visual disability, speech or language impairment,
123.8	physical disability, other health impairment, mental disability, emotional/behavioral
123.9	disorder, specific learning disability, autism, traumatic brain injury, multiple disabilities, or
123.10	deaf/blind disability and who needs special instruction and education and related services,
123.11	as determined by the standards rules of the commissioner, is a child with a disability. A
123.12	licensed physician, an advanced practice nurse, or a licensed psychologist is qualified
123.13	to make a diagnosis and determination of attention deficit disorder or attention deficit
123.14	hyperactivity disorder for purposes of identifying a child with a disability.

123.17	three to age seven, who needs special instruction and services, as determined by the
123.18	standards rules of the commissioner, because the child has a substantial delay or has
123.19	an identifiable physical or mental condition known to hinder normal development is
123.20	a child with a disability.
123.21	Subd. 2. Not a child with a disability. A child with a short-term or temporary
123.22	physical or emotional illness or disability, as determined by the standards rules of the
123.23	commissioner, is not a child with a disability.
123.24	Sec. 6. [125A.031] GENERAL SCHOOL DISTRICT OBLIGATIONS TO
123.25	CHILDREN WITH DISABILITIES.
123.26	(a) Except as specifically provided in other law, the following requirements
123.27	governing school district obligations to children with disabilities apply.
123.28	(b) A resident school district must identify, locate, and evaluate every child with
123.29	a disability who is in need of special education and related services, including a child

(e) Consistent with the number of children with disabilities who are enrolled by their parents in a nonpublic school or facility located within a district, the district in which the nonpublic school or facility is located must ensure that those children have an opportunity to participate in special education and related services and that the amount the district spends to provide such services must be at least equal to the proportionate amount of federal funds made available under this chapter.

Sec. 7. Minnesota Statutes 2008, section 125A.07, is amended to read:

#### 125A.07 RULES OF COMMISSIONER RULEMAKING.

(a) As defined in Consistent with this paragraph section, the commissioner must shall adopt new rules and amend existing rules relative to qualifications of essential personnel, courses of study, methods of instruction, pupil eligibility, size of classes, rooms, equipment, supervision, parent consultation, and other necessary rules for instruction of children with a disability. These rules must provide standards and procedures appropriate for the implementation of and within the limitations of sections 125A.08 and 125A.091. These rules must also provide standards for the discipline, control, management, and protection of children with a disability. The commissioner must not adopt rules for pupils served primarily in the regular classroom establishing either case loads or the maximum number of pupils that may be assigned to special education teachers. The commissioner, in consultation with the Departments of Health and Human Services, must adopt permanent rules for instruction and services for children under age five and their families. These rules are binding on state and local education, health, and human services agencies. The commissioner must adopt rules to determine eligibility for special education services. The rules must include procedures and standards by which to grant variances for experimental eligibility criteria. The commissioner must, according to section 14.05, subdivision 4, notify a district applying for a variance from the rules within 45 calendar days of receiving the request whether the request for the variance has been granted or denied. If a request is

125.1	denied, the commissioner must specify the program standards used to evaluate the request
125.2	and the reasons for denying the request related to children with disabilities only under
125.3	specific authority and consistent with the requirements of chapter 14 and paragraph (c).
125.4	(b) As provided in this paragraph, the state's regulatory scheme should support
125.5	schools by assuring that all state special education rules adopted by the commissioner
125.6	result in one or more of the following outcomes:
125.7	(1) increased time available to teachers and, where appropriate, to support staff
125.8	including school nurses for educating students through direct and indirect instruction;
125.9	(2) consistent and uniform access to effective education programs for students with
125.10	disabilities throughout the state;
125.11	(3) reduced inequalities and conflict, appropriate due process hearing procedures
125.12	and reduced court actions related to the delivery of special education instruction and
125.13	services for students with disabilities;
125.14	(4) clear expectations for service providers and for students with disabilities;
125.15	(5) increased accountability for all individuals and agencies that provide instruction
125.16	and other services to students with disabilities;
125.17	(6) greater focus for the state and local resources dedicated to educating students
125.18	with disabilities; and
125.19	(7) clearer standards for evaluating the effectiveness of education and support
125.20	services for students with disabilities.
125.21	(c) Subject to chapter 14, the commissioner may adopt, amend, or rescind a rule
125.22	related to children with disabilities if such action is specifically required by federal law.
125.23	Sec. 8. Minnesota Statutes 2008, section 125A.08, is amended to read:
125.24	125A.08 SCHOOL DISTRICT OBLIGATIONS INDIVIDUALIZED
125.25	EDUCATION PROGRAMS.
125.26	(a) At the beginning of each school year, each school district shall have in effect, for
125.27	each child with a disability, an individualized education program.
125.28	(b) As defined in this section, every district must ensure the following:
125.29	(1) all students with disabilities are provided the special instruction and services
125.30	which are appropriate to their needs. Where the individual education plan team has
125.31	determined appropriate goals and objectives based on the student's needs, including the
125.32	extent to which the student can be included in the least restrictive environment, and where
125.33	there are essentially equivalent and effective instruction, related services, or assistive
125.34	technology devices available to meet the student's needs, cost to the district may be among
125.35	the factors considered by the team in choosing how to provide the appropriate services,

instruction, or devices that are to be made part of the student's individual education plan. The individual education plan team shall consider and may authorize services covered by medical assistance according to section 256B.0625, subdivision 26. The student's needs and the special education instruction and services to be provided must be agreed upon through the development of an individual education plan. The plan must address the student's need to develop skills to live and work as independently as possible within the community. The individual education plan team must consider positive behavioral interventions, strategies, and supports that address behavior for children with attention deficit disorder or attention deficit hyperactivity disorder. By During grade 9 or age 14, the plan must address the student's needs for transition from secondary services to postsecondary education and training, employment, community participation, recreation, and leisure and home living. In developing the plan, districts must inform parents of the full range of transitional goals and related services that should be considered. The plan must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded;

- (2) children with a disability under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;
- (3) children with a disability and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment including assistive technology assessment, and educational placement of children with a disability;
- (4) eligibility and needs of children with a disability are determined by an initial assessment or reassessment, which may be completed using existing data under United States Code, title 20, section 33, et seq.;
- (5) to the maximum extent appropriate, children with a disability, including those in public or private institutions or other care facilities, are educated with children who are not disabled, and that special classes, separate schooling, or other removal of children with a disability from the regular educational environment occurs only when and to the extent that the nature or severity of the disability is such that education in regular classes with the use of supplementary services cannot be achieved satisfactorily;
- (6) in accordance with recognized professional standards, testing and evaluation materials, and procedures used for the purposes of classification and placement of children with a disability are selected and administered so as not to be racially or culturally discriminatory; and
- 126.35 (7) the rights of the child are protected when the parents or guardians are not known or not available, or the child is a ward of the state.

(b) (c) For paraprofessionals employed to work in programs for students with

127.1

127.2	disabilities, the school board in each district shall ensure that:
127.3	(1) before or immediately upon employment, each paraprofessional develops
127.4	sufficient knowledge and skills in emergency procedures, building orientation, roles and
127.5	responsibilities, confidentiality, vulnerability, and reportability, among other things, to
127.6	begin meeting the needs of the students with whom the paraprofessional works;
127.7	(2) annual training opportunities are available to enable the paraprofessional to
127.8	continue to further develop the knowledge and skills that are specific to the students with
127.9	whom the paraprofessional works, including understanding disabilities, following lesson
127.10	plans, and implementing follow-up instructional procedures and activities; and
127.11	(3) a districtwide process obligates each paraprofessional to work under the ongoing
127.12	direction of a licensed teacher and, where appropriate and possible, the supervision of a
127.13	school nurse.
127.14	Sec. 9. Minnesota Statutes 2008, section 125A.091, is amended to read:
127.15	125A.091 ALTERNATIVE DISPUTE RESOLUTION AND DUE PROCESS
127.16	HEARINGS.
127.17	Subdivision 1. District obligation. A school district must use the procedures in
127.18	federal law and state law and rule to reach decisions about the identification, evaluation,
127.19	educational placement, manifestation determination, interim alternative educational
127.20	placement, or the provision of a free appropriate public education to a child with a
127.21	disability.
127.22	Subd. 2. Prior written notice. A parent must receive prior written notice
127.23	a reasonable time before the district proposes or refuses to initiate or change the
127.24	identification, evaluation, educational placement, or the provision of a free appropriate
127.25	public education to a child with a disability.
127.26	Subd. 3. Content of notice. The notice under subdivision 2 must:
127.27	(1) describe the action the district proposes or refuses;
127.28	(2) explain why the district proposes or refuses to take the action;
127.29	(3) describe any other option the district considered and the reason why it rejected
127.30	the option;
127.31	(4) describe each evaluation procedure, test, record, or report the district used as a
127.32	basis for the proposed or refused action;
127.33	(5) describe any other factor affecting the proposal or refusal of the district to take
127.34	the action;

128.1	(6) state that the parent of a child with a disability is protected by procedural
128.2	safeguards and, if this notice is not an initial referral for evaluation, how a parent can get a
128.3	description of the procedural safeguards; and
128.4	(7) identify where a parent can get help in understanding this law.
128.5	Subd. 3a. Additional requirements for prior written notice. In addition to federal
128.6	law requirements, a prior written notice shall:
128.7	(1) inform the parent that except for the initial placement of a child in special
128.8	education, the school district will proceed with its proposal for the child's placement or
128.9	for providing special education services unless the child's parent notifies the district of
128.10	an objection within 14 days of when the district sends the prior written notice to the
128.11	parent; and
128.12	(2) state that a parent who objects to a proposal or refusal in the prior written notice
128.13	may request a conciliation conference under subdivision 7 or another alternative dispute
128.14	resolution procedure under subdivision 8 or 9.
128.15	Subd. 4. Understandable notice. (a) The written notice under subdivision 2 must
128.16	be understandable to the general public and available in the parent's native language or by
128.17	another communication form, unless it is clearly not feasible to do so.
128.18	(b) If the parent's native language or other communication form is not written,
128.19	the district must take steps to ensure that:
128.20	(1) the notice is translated orally or by other means to the parent in the parent's
128.21	native language or other communication form;
128.22	(2) the parent understands the notice; and
128.23	(3) written evidence indicates the requirements in subdivision 2 are met.
128.24	Subd. 5. Initial action; parent consent. (a) The district must not proceed with the
128.25	initial evaluation of a child, the initial placement of a child in a special education program,
128.26	or the initial provision of special education services for a child without the prior written
128.27	consent of the child's parent. A district may not override the written refusal of a parent to
128.28	consent to an initial evaluation or reevaluation.
128.29	(b) A parent, after consulting with health care, education, or other professional
128.30	providers, may agree or disagree to provide the parent's child with sympathomimetic
128.31	medications unless section 144.344 applies.
128.32	Subd. 6. Dispute resolution processes; generally. Parties are encouraged to
128.33	resolve disputes over the identification, evaluation, educational placement, manifestation
128.34	determination, interim alternative educational placement, or the provision of a free

Subd. 7. **Conciliation conference.** A parent must have an opportunity to meet with appropriate district staff in at least one conciliation conference if the parent objects to any proposal of which the parent receives notice under subdivision 23a. Subd. 8. **Voluntary dispute resolution options.** In addition to offering at least one conciliation conference, a district must inform a parent of other dispute resolution processes, including at least mediation and facilitated team meetings. The fact that an alternative dispute resolution process was used is admissible in evidence at any subsequent proceeding. State-provided mediators and team meeting facilitators shall not be subpoenaed to testify at a due process hearing or civil action under federal special education law nor are any records of mediators or state-provided team meeting facilitators accessible to the parties.

Subd. 9. **Mediation.** Mediation is a dispute resolution process that involves a neutral party provided by the state to assist a parent and a district in resolving disputes over the identification, evaluation, educational placement, manifestation determination, interim alternative educational placement, or the provision of a free appropriate public education to a child with a disability. A mediation process is available as an informal alternative to a due process hearing but must not be used to deny or postpone the opportunity of a parent or district to obtain a due process hearing. Mediation is voluntary for all parties. All mediation discussions are confidential and inadmissible in evidence in any subsequent proceeding, unless the:

- (1) parties expressly agree otherwise;
- (2) evidence is otherwise available; or
- (3) evidence is offered to prove bias or prejudice of a witness.

Subd. 10. **Mediated agreements.** Mediated agreements are not admissible unless the parties agree otherwise or a party to the agreement believes the agreement is not being implemented, in which case the aggrieved party may enter the agreement into evidence at a due process hearing. The parties may request another mediation to resolve a dispute over implementing the mediated agreement. After a due process hearing is requested, a party may request mediation and the commissioner must provide a mediator who conducts a mediation session no later than the third business day after the mediation request is made to the commissioner. If the parties resolve all or a portion of the dispute, or agree to use another procedure to resolve the dispute, the mediator shall ensure that the resolution or agreement is in writing and signed by the parties and each party is given a copy of the document. The written resolution or agreement shall state that all discussions that occurred during mediation are confidential and may not be used as evidence in any hearing or civil proceeding. The resolution or agreement is legally binding upon the parties and is enforceable in the state or federal district court. A party may request another mediation to resolve a dispute over implementing the mediated agreement.

Subd. 11. **Facilitated team meeting.** A facilitated team meeting is an IEP, IFSP, or IIIP team meeting led by an impartial state-provided facilitator to promote effective communication and assist a team in developing an individualized education plan.

Subd. 12. **Impartial due process hearing.** (a) A parent or a district is entitled to an impartial due process hearing conducted by the state when a dispute arises over the identification, evaluation, educational placement, manifestation determination, interim alternative educational placement, or the provision of a free appropriate public education to a child with a disability. The hearing must be held in the district responsible for ensuring that a free appropriate public education is provided according to state and federal law. The proceedings must be recorded and preserved, at state expense, pending ultimate disposition of the action. The parent and the district shall receive, at state expense, a copy of the hearing transcript or recording and the hearing officer's findings of fact, conclusion of law, and decisions.

(b) The due process hearing must be conducted according to the rules of the commissioner and federal law.

Subd. 13. **Hearing officer qualifications.** The commissioner must appoint an individual who is qualified under this subdivision to serve as a hearing officer. The commissioner shall maintain a list of qualified hearing officers who are not employees of or otherwise under contract with the department or the school district except when under contract with the department as a hearing officer, and who do not have a personal or professional interest that conflicts with their objectivity when serving as hearing officers

Article 3 Sec. 9. 130

31.1	in hearings under this section. The list shall include a statement of the qualifications of
31.2	each person listed. A hearing officer must know and understand state and federal special
31.3	education laws, rules, and regulations, and legal interpretations by federal and state courts.
31.4	A hearing officer also must have the knowledge and ability to conduct hearings and render
31.5	and write decisions according to appropriate, standard legal practice. Upon receipt of a
31.6	written request for a hearing, the commissioner shall appoint a hearing officer from the
31.7	list. The hearing officer must:
31.8	(1) be knowledgeable and impartial;
31.9	(2) have no personal interest in or specific involvement with the student who is a
31.10	party to the hearing;
31.11	(3) not have been employed as an administrator by the district that is a party to
31.12	the hearing;
31.13	(4) not have been involved in selecting the district administrator who is a party
31.14	to the hearing;
31.15	(5) have no personal, economic, or professional interest in the outcome of the
31.16	hearing other than properly administering federal and state laws, rules, and policies;
31.17	(6) have no substantial involvement in developing state or local policies or
31.18	procedures challenged in the hearing;
31.19	(7) not be a current employee or board member of a Minnesota public school district,
31.20	education district, intermediate unit or regional education agency, or the department if
31.21	the department is the service provider; and
31.22	(8) not be a current employee or board member of a disability advocacy organization
31.23	or group.
31.24	Subd. 14. Request for hearing. A request for a due process hearing must:
31.25	(1) be in writing;
31.26	(2) describe the nature of the dispute about providing special education services to
31.27	the student including facts relating to the dispute; and
31.28	(3) state, to the extent known, the relief sought.
31.29	Any school district administrator receiving a request for a due process hearing
31.30	must immediately forward the request to the commissioner. Within two business days of
31.31	receiving a request for a due process hearing, the commissioner must appoint a hearing
31.32	officer. The commissioner must not deny a request for hearing because the request
31.33	is incomplete. A party may disqualify a hearing officer only by affirmatively showing
31.34	prejudice or bias to the commissioner or to the chief administrative law judge if the hearing
31.35	officer is an administrative law judge. If a party affirmatively shows prejudice against a
31.36	hearing officer, the commissioner must assign another hearing officer to hear the matter. (a)

132.1	A parent or a school district may file a written request for a due process hearing regarding
132.2	a proposal or refusal to initiate or change that child's evaluation, individualized education
132.3	program, or educational placement, or to provide a free appropriate public education.
132.4	(b) The parent shall include in the hearing request the name of the child, the address
132.5	of the child's residence, the name of the school the child attends, a description of the
132.6	child's problem relating to the proposed or refused initiation or change, including facts
132.7	relating to the problem, and a proposed resolution of the problem to the extent known
132.8	and available to the parents at the time.
132.9	(c) A parent or a school district may file a written request for a hearing under United
132.10	States Code, title 20, section 1415, paragraph (k).
132.11	(d) A parent or school district filing a request for a hearing under this subdivision
132.12	must provide the request to the other party and a copy of the request to the department.
132.13	Upon receiving a request for a hearing, the department shall give to the child's parent a
132.14	copy of the procedural safeguards notice available to a parent under federal regulations.
132.15	(e)(1) If the parent of a child with a disability files a written request for a hearing,
132.16	and the school district has not previously sent a written notice to the parent under
132.17	subdivision 3a, regarding the subject matter of the hearing request, the school district
132.18	shall, within ten days of receiving the hearing request, send to the child's parent a written
132.19	explanation of why the school district proposed or refused to take the action raised in the
132.20	hearing request, a description of other options that the individualized education program
132.21	team considered and the reason why those options were rejected, a description of each
132.22	evaluation procedure, assessment, record, or report that the school district used as the
132.23	basis for the proposed or refused action, and a description of the factors that are relevant
132.24	to the school district's proposal or refusal. A response by a school district under this
132.25	subdivision does not preclude the school district from asserting that the parent's request
132.26	for a hearing is insufficient under clause (2).
132.27	(2) A hearing may not occur until the party requesting the hearing files a request that
132.28	meets the requirements of paragraph (b). The request under paragraph (b) is considered
132.29	sufficient unless the party receiving the request notifies the hearing officer and the other
132.30	party in writing within 15 days of receiving the request that the receiving party believes
132.31	the request does not meet the requirements of paragraph (b). Within five days of receiving
132.32	a notice under this subdivision, the hearing officer shall determine whether the request
132.33	meets the requirements under paragraph (b) and notify the parties.
132.34	(f) Except as provided in paragraph (e), clause (1), the party receiving a request for a
132.35	hearing shall send to the party requesting the hearing a written response that addresses the
122.26	issues raised in the hearing request within ten days of receiving the request

133.3	officer must initiate the prehearing conference which may be conducted in person, at a
133.4	location within the district, or by telephone. The hearing officer must create a written
133.5	verbatim record of the prehearing conference which is available to either party upon
133.6	request. At the prehearing conference, the hearing officer must:
133.7	(1) identify the questions that must be answered to resolve the dispute and eliminate
133.8	claims and complaints that are without merit;

- (4) establish the management, control, and location of the hearing to ensure its fair, efficient, and effective disposition.
- Subd. 16. **Burden of proof.** The burden of proof at a due process hearing is on the district to demonstrate, by a preponderance of the evidence, that it is complying with the law and offered or provided a free appropriate public education to the child in the least restrictive environment. If the district has not offered or provided a free appropriate public education in the least restrictive environment and the parent wants the district to pay for a private placement, the burden of proof is on the parent to demonstrate, by a preponderance of the evidence, that the private placement is appropriate party seeking relief.
- Subd. 17. Admissible evidence. The hearing officer may admit all evidence that possesses probative value, including hearsay, if it is the type of evidence on which reasonable, prudent persons are accustomed to rely in conducting their serious affairs. The hearing officer must give effect to the rules of privilege recognized by law and exclude evidence that is incompetent, irrelevant, immaterial, or unduly repetitious.
- Subd. 18. Hearing officer authority. (a) A hearing officer must limit an impartial due process hearing to the time sufficient for each party to present its case.
- (b) A hearing officer must establish and maintain control and manage the hearing. This authority includes, but is not limited to:
- (1) requiring attorneys representing parties at the hearing, after notice and an opportunity to be heard, to pay court reporting and hearing officer costs, or fines payable to the state, for failing to: (i) obey scheduling or prehearing orders, (ii) appear, (iii) be prepared, or (iv) participate in the hearing process in good faith;

  - (6) ordering an independent educational evaluation of a child at district expense; and
- 134.7 (7) extending the hearing decision timeline for good cause shown.
  - (c) Good cause includes, but is not limited to, the time required for mediation or other settlement discussions, independent educational evaluation, complexity and volume of issues, or finding or changing counsel.

Subd. 19. Expedited due process hearings. Consistent with federal law, a parent has the right to or a school district may file a written request for an expedited due process hearing when there is a dispute over a manifestation determination or a proposed or actual placement in an interim alternative educational setting. A district has the right to an expedited due process hearing when proposing or seeking to maintain placement in an interim alternative educational setting. A hearing officer must hold an expedited due process hearing within 20 school days of the date the expedited due process request is filed and must issue a decision within ten calendar school days of after the request for a hearing. A hearing officer may extend by up to five additional calendar days the time for issuing a decision in an expedited due process hearing. All policies in this section apply to expedited due process hearings to the extent they do not conflict with federal law. A resolution meeting must occur within seven days of receiving the request for an expedited due process hearing unless the parent and the school district agree in writing either to waive the resolution meeting or use the mediation process. The expedited due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of receiving the expedited due process hearing request.

Subd. 20. Hearing officer's decision; time period. (a) The hearing officer must issue a decision within 45 calendar days of the date on which the commissioner receives the request for a due process hearing ensure that not later than 45 days after the 30-day period or the adjusted time periods under federal regulations expire, the hearing officer reaches a final decision in the due process hearing and transmits a copy of the decision to each party. A hearing officer, at the request of either party, may grant specific extensions of time beyond the 45-day period under subdivision 18. The hearing officer must conduct the oral arguments in a hearing at a time and place that is reasonably convenient to the parents and child involved. A hearing officer is encouraged to accelerate the time line to 30 days for a child under the age of three whose needs change rapidly and who requires

Article 3 Sec. 9.

135.1	quick resolution of a dispute. A hearing officer may not extend the time beyond the 45-day
135.2	period unless requested by either party for good cause shown on the record. Extensions
135.3	of time must not exceed a total of 30 calendar days unless both parties and the hearing
135.4	officer agree or time is needed to complete an independent educational evaluation. Good
135.5	cause includes, but is not limited to, the time required for mediation or other settlement
135.6	discussions, independent educational evaluation, complexity and volume of issues, or
135.7	finding or changing counsel.
135.8	(b) The hearing officer's decision must:
135.9	(1) be in writing;
135.10	(2) state the controlling and material facts upon which the decision is made in order
135.11	to apprise the reader of the basis and reason for the decision; and
135.12	(3) be based on local standards, state statute, the rules of the commissioner, and
135.13	<del>federal law.</del>
135.14	(b) Once the hearing officer has issued a final decision, the hearing officer lacks
135.15	authority to amend the decision except for clerical or mathematical errors.
135.16	(c) Nothing in this subdivision precludes a hearing officer from ordering a school
135.17	district to comply with federal procedural safeguards under the federal Individuals with
135.18	Disabilities Education Act.
135.19	Subd. 21. Compensatory educational services. The hearing officer may require
135.20	the resident or responsible district to provide compensatory educational services to the
135.21	child if the hearing officer finds that the district has not offered or made available to
135.22	the child a free appropriate public education in the least restrictive environment and the
135.23	child suffered a loss of educational benefit. Such services take the form of direct and
135.24	indirect special education and related services designed to address any loss of educational
135.25	benefit that may have occurred. The hearing officer's finding must be based on a present
135.26	determination of whether the child has suffered a loss of educational benefit.
135.27	Subd. 22. Child's educational placement during due process hearing. (a) Until a
135.28	due process hearing under this section is completed or the district and the parent agree
135.29	otherwise, the child must remain in the child's current educational placement and must
135.30	not be denied initial admission to school.
135.31	(b) Until an expedited due process hearing challenging an interim alternative
135.32	educational placement is completed, the child must remain in the interim alternative
135.33	educational setting until the decision of the hearing officer or the expiration of the 45 days
135.34	permitted for an interim alternative educational setting, whichever occurs first, unless the
135.35	parent and district agree otherwise.

136.1	Subd. 23. Implementation of hearing officer order. (a) That portion of a hearing
136.2	officer's decision granting relief requested by the parent must be implemented upon
136.3	<del>issuance.</del>
136.4	(b) Except as provided under paragraph (a) or the district and parent agree otherwise,
136.5	following a hearing officer's decision granting relief requested by the district, the child
136.6	must remain in the current educational placement until the time to request judicial review
136.7	under subdivision 24 expires or, if judicial review is requested, at the time the Minnesota
136.8	Court of Appeals or the federal district court issues its decision, whichever is later.
136.9	Subd. 24. Review of hearing officer decisions. The parent or district may seek
136.10	review of the hearing officer's decision in the Minnesota Court of Appeals or in the federal
136.11	district court, consistent with federal law. A party must appeal to the Minnesota Court
136.12	of Appeals within 60 days of receiving the hearing officer's decision or must appeal to
136.13	federal district court within 90 days of receiving the hearing officer's decision.
136.14	Subd. 25. Enforcement of orders. The commissioner must monitor final hearing
136.15	officer decisions and ensure enforcement of hearing officer orders decisions.
136.16	Subd. 26. Hearing officer and person conducting alternative dispute resolution
136.17	are state employees. A hearing officer or person conducting alternative dispute resolution
136.18	under this section is an employee of the state under section 3.732 for purposes of section
136.19	3.736 only.
136.20	Subd. 27. Hearing officer training. A hearing officer must participate in training
136.21	and follow procedures established offered by the commissioner.
136.22	Subd. 28. <b>District liability.</b> A district is not liable for harmless technical violations
136.23	of this section or rules implementing this section federal or state laws, rules, or regulations
136.24	governing special education if the school district can demonstrate on a case-by-case basis
136.25	that the violations did not harm a student's educational progress or the parent's right to
136.26	notice, participation, or due process. This subdivision is applicable to due process hearings
136.27	and special education complaints filed with the department.
136.28	Sec. 10. [125A.094] RESTRICTIVE PROCEDURES FOR CHILDREN WITH
136.29	DISABILITIES.
136.30	The use of restrictive procedures for children with disabilities is governed by
136.31	sections 125A.0941 and 125A.0942.
136.32	<b>EFFECTIVE DATE.</b> This section is effective August 1, 2011.
136.33	Sec. 11. [125A.0941] DEFINITIONS.
136.34	(a) The following terms have the meanings given them.

137.1	(b) "Emergency" means a situation where immediate intervention is needed to protect
137.2	a child or other individual from physical injury or to prevent serious property damage.
137.3	(c) "Physical holding" means physical intervention intended to hold a child immobile
137.4	or limit a child's movement and where body contact is the only source of physical restraint.
137.5	The term physical holding does not mean physical contact that:
137.6	(1) helps a child respond or complete a task;
137.7	(2) assists a child without restricting the child's movement;
137.8	(3) is needed to administer an authorized health-related service or procedure; or
137.9	(4) is needed to physically escort a child when the child does not resist or the child's
137.10	resistance is minimal.
137.11	(d) "Positive behavioral interventions and supports" means interventions and
137.12	strategies to improve the school environment and teach children the skills to behave
137.13	appropriately.
137.14	(e) "Restrictive procedures" means the use of physical holding or seclusion in an
137.15	emergency.
137.16	(f) "Seclusion" means confining a child alone in a room from which egress is barred.
137.17	Removing a child from an activity to a location where the child cannot participate in or
137.18	observe the activity is not seclusion.
137.19	<b>EFFECTIVE DATE.</b> This section is effective August 1, 2011.
137.20	Sec. 12. [125A.0942] STANDARDS FOR RESTRICTIVE PROCEDURES.
137.21	Subdivision 1. Restrictive procedures plan. Schools that intend to use restrictive
137.22	procedures shall maintain and make publicly accessible a restrictive procedures plan for
137.23	children that includes at least the following:
137.24	(1) the list of restrictive procedures the school intends to use;
137.25	(2) how the school will monitor and review the use of restrictive procedures,
137.26	including conducting post-use debriefings and convening an oversight committee; and
137.27	(3) a written description and documentation of the training staff completed under
137.28	subdivision 5.
137.29	Subd. 2. Restrictive procedures. (a) Restrictive procedures may be used only
137.30	by a licensed special education teacher, school social worker, school psychologist,
137.31	behavior analyst certified by the National Behavior Analyst Certification Board, a person
137.32	with a master's degree in behavior analysis, other licensed education professional,
137.33	paraprofessional under section 120B.363, or mental health professional under section
137.34	245.4871, subdivision 27, who has completed the training program under subdivision 5.

138.1	(b) A school shall make reasonable efforts to notify the parent on the same day a
138.2	restrictive procedure is used on the child, or if the school is unable to provide same-day
138.3	notice, notice is sent within two days by written or electronic means or as otherwise
138.4	indicated by the child's parent under paragraph (d).
138.5	(c) When restrictive procedures are used twice in 30 days or when a pattern emerges
138.6	and restrictive procedures are not included in a child's individualized education program or
138.7	behavior intervention plan, the district must hold a meeting of the individualized education
138.8	plan team, conduct or review a functional behavioral analysis, review data, consider
138.9	developing additional or revised positive behavioral interventions and supports, consider
138.10	actions to reduce the use of restrictive procedures, and modify the individualized education
138.11	plan or behavior intervention plan as appropriate. At the meeting, the team must review
138.12	any known medical or psychological limitations that contraindicate the use of a restrictive
138.13	procedure, consider whether to prohibit that restrictive procedure, and document any
138.14	prohibition in the individualized education program or behavior intervention plan.
138.15	(d) An individualized education plan team may plan for using restrictive procedures
138.16	and may include these procedures in a child's individualized education program or
138.17	behavior intervention plan; however, the restrictive procedures may be used only in
138.18	response to behavior that constitutes an emergency, consistent with this section. The
138.19	individualized education program or behavior intervention plan shall indicate how the
138.20	parent wants to be notified when a restrictive procedure is used.
138.21	Subd. 3. Physical holding or seclusion. Physical holding or seclusion may be used
138.22	only in an emergency. A school that uses physical holding or seclusion shall meet the
138.23	following requirements:
138.24	(1) the physical holding or seclusion must be the least intrusive intervention that
138.25	effectively responds to the emergency;
138.26	(2) physical holding or seclusion must end when the threat of harm ends and the
138.27	staff determines that the child can safely return to the classroom or activity;
138.28	(3) staff must directly observe the child while physical holding or seclusion is being
138.29	used;
138.30	(4) each time physical holding or seclusion is used, the staff person who implements
138.31	or oversees the physical holding or seclusion shall document, as soon as possible after the
138.32	incident concludes, the following information:
138.33	(i) a description of the incident that led to the physical holding or seclusion;
138.34	(ii) why a less restrictive measure failed or was determined by staff to be
138.35	inappropriate or impractical;

139.1	(iii) the time the physical holding or seclusion began and the time the child was
139.2	released; and

(b) If a district other than the resident district places a pupil for care and treatment, the district placing the pupil must notify and give the resident district an opportunity to participate in the placement decision. When an immediate emergency placement of a pupil is necessary and time constraints foreclose a resident district from participating in the emergency placement decision, the district in which the pupil is temporarily placed must notify the resident district of the emergency placement within 15 days. The resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(c) When a child is temporarily placed for care and treatment in a day program located in another district and the child continues to live within the district of residence during the care and treatment, the district of residence is responsible for providing transportation to and from the care and treatment facility program and an appropriate educational program for the child. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the educational program at a school within the district of residence, at the child's residence, or in the district in which the day treatment center is located by paying tuition to that district.

(e) (d) When a child is temporarily placed in a residential program for care and treatment, the nonresident district in which the child is placed is responsible for providing an appropriate educational program for the child and necessary transportation while the child is attending the educational program; and must bill the district of the child's residence for the actual cost of providing the program, as outlined in section 125A.11, except as provided in paragraph (d) (e). However, the board, lodging, and treatment costs incurred in behalf of a child with a disability placed outside of the school district of residence by the commissioner of human services or the commissioner of corrections or their agents, for reasons other than providing for the child's special educational needs must not become the responsibility of either the district providing the instruction or the district of the child's residence. For the purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment.

(d) (e) A privately owned and operated residential facility may enter into a contract to obtain appropriate educational programs for special education children and services

The entity with which the private facility contracts for special education services shall be the district responsible for providing students placed in that facility an appropriate educational program in place of the district in which the facility is located. The council must address methods of implementing the state policy of developing and implementing comprehensive, coordinated, multidisciplinary interagency programs of early intervention services for children with disabilities and their families.

The duties of the council include recommending policies to ensure a comprehensive and coordinated system of all state and local agency services for children under age five with disabilities and their families. The policies must address how to incorporate each agency's services into a unified state and local system of multidisciplinary assessment practices, individual intervention plans, comprehensive systems to find children in need of services, methods to improve public awareness, and assistance in determining the role of interagency early intervention committees.

On the date that Minnesota Part C Annual Performance Report is submitted to the federal Office of Special Education, the council must recommend to the governor and the commissioners of education, health, human services, commerce, and employment and economic development policies for a comprehensive and coordinated system.

146.2	receives academic or behavioral instruction provided by a special education teacher to
146.3	a small group of primarily pupils with disabilities to implement their individualized
146.4	education programs, (ii) who needs the support to succeed in the general education

Subd. 3. **Debt verification.** The commissioner shall establish a uniform auditing or other verification procedure for districts to determine whether a statutory operating debt exists in any Minnesota school district as of June 30, 1977. This procedure must identify all interfund transfers made during fiscal year 1977 from a fund included in computing statutory operating debt to a fund not included in computing statutory operating debt. The standards for this uniform auditing or verification procedure must be promulgated by the state board pursuant to chapter 14 commissioner. If a district applies to the commissioner for a statutory operating debt verification or if the unaudited financial statement for the school year ending June 30, 1977 reveals that a statutory operating debt might exist, the commissioner shall require a verification of the amount of the statutory operating debt which actually does exist.

  Subd. 4. **Debt elimination.** If an audit or other verification procedure conducted pursuant to subdivision 3 determines that a statutory operating debt exists, a district must follow the procedures set forth in this section 123B.83 to eliminate this statutory operating debt.

That portion of superintendent and fiscal manager costs that can be documented as attributable to the food service program may be charged to the food service fund provided that the school district does not employ or contract with a food service director or other individual who manages the food service program, or food service management company. If the cost of the superintendent or fiscal manager is charged to the food service fund, the charge must be at a wage rate not to exceed the statewide average for food service directors as determined by the department.

- (d) Capital expenditures for the purchase of food service equipment must be made from the general fund and not the food service fund, unless two conditions apply:

- (f) If a deficit in the food service fund exists at the end of a fiscal year, and the deficit is not eliminated by revenues from food service operations in the next fiscal year, then the deficit must be eliminated by a permanent fund transfer from the general fund at the end of that the second fiscal year following the year in which the deficit occurred. However, if a district contracts with a food service management company during the period in which the deficit has accrued, the deficit must be eliminated by a payment from attributed to the food service management company or the district or both.

The amount of the deficit attributable to the district shall be the revenue shortfall caused by the difference between the contractually agreed upon prices for meals, a la carte, vending and catering and the actual prices charged by the district plus the amount of expenditures charged to the food service fund by the district in excess of the contractually agreed upon budget. The remaining amount of the deficit shall be attributable to the food service management company.

The amount of the deficit attributable to the food service management company must be eliminated by a payment to the district by the end of the fiscal year following the year in which the deficit occurred. If the payment is not made by the end of the fiscal year following the year in which the deficit occurred, the food service management company may not bid on any food service management contracts throughout the state until such payment has been made.

fund for up to three years without making the permanent transfer if the district submits

deficit at the end of the third fiscal year.

The metropolitan special taxing districts shall be required to hold only a single joint initial public hearing, the location of which will be determined by the affected metropolitan agencies. A city, county, metropolitan special taxing district as defined in subdivision 3, paragraph (i), regional library district established under section 134.201, or school district is not required to hold a public hearing under this subdivision unless its proposed property tax levy for taxes payable in the following year, as certified under subdivision 1, has increased over its final property tax levy for taxes payable in the current year by a percentage that is greater than the percentage increase in the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the Bureau of Economic Analysts of the United States Department of Commerce for the 12-month period ending March 31 of the current year. (c) The initial hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No initial hearing may be held on a Sunday.

(d) At the initial hearing under this subdivision, the percentage increase in property taxes proposed by the taxing authority, if any, and the specific purposes for which property tax revenues are being increased must be discussed. During the discussion, the governing body shall hear comments regarding a proposed increase and explain the reasons for the proposed increase. The public shall be allowed to speak and to ask questions. At the public hearing, the school district must also provide and discuss information on the distribution of its revenues by revenue source, and the distribution of its spending by program area.

(e) If the initial hearing is not completed on its scheduled date, the taxing authority must announce, prior to adjournment of the hearing, the date, time, and place for the continuation of the hearing. The continuation hearing must be held at least five business days but no more than 14 business days after the initial hearing. A continuation hearing may not be held later than December 20 except as provided in paragraphs (f) and (g). A continuation hearing must be held after 5:00 p.m. if scheduled on a day other than Saturday. No continuation hearing may be held on a Sunday.

210.4	(1) compensatory revenue under subdivision 3; plus
210.5	(2) limited English proficiency revenue under section 124D.65, subdivision 5; plus.

210.11	Subd. 6. <b>Definitions.</b> The definitions in this subdivision apply only to subdivisions
210.12	7 and 8.
210.13	(a) "High school" means a public secondary school, except a charter school under
210.14	section 124D.10, that has pupils enrolled in at least the 10th, 11th, and 12th grades. If
210.15	there is no high school in the district and the school is at least 19 15 miles from the next
210.16	nearest school, the commissioner must designate one school in the district as a high school
210.17	for the purposes of this section.
210.18	(b) "Secondary average daily membership" means, for a district that has only one
210.19	high school, the average daily membership of pupils served in grades 7 through 12. For a
210.20	district that has more than one high school, "secondary average daily membership" for
210.21	each high school means the product of the average daily membership of pupils served in
210.22	grades 7 through 12 in the high school, times the ratio of six to the number of grades
210.23	in the high school.
210.24	(c) "Attendance area" means the total surface area of the district, in square miles,
210.25	divided by the number of high schools in the district. For a district that does not operate
210.26	a high school and is less than 19 15 miles from the nearest operating high school, the
210.27	attendance area equals zero.
210.28	(d) "Isolation index" for a high school means the square root of 55 percent of the
210.29	attendance area plus the distance in miles, according to the usually traveled routes,
210.30	between the high school and the nearest high school. For a district in which there is located
210.31	land defined in section 84A.01, 84A.20, or 84A.31, the distance in miles is the sum of:
210.32	(1) the square root of one-half of the attendance area; and
210.33	(2) the distance from the border of the district to the nearest high school.
210.34	(e) "Qualifying high school" means a high school that has an isolation index greater
210.35	than 23 and that has secondary average daily membership of less than 400.

case, has an elementary average daily membership of an average of 20 or fewer per grade.

The commissioner must not authorize a levy under this subdivision in an amount greater than the cost to the district of renting or leasing a building or land for approved purposes. The proceeds of this levy must not be used for custodial or other maintenance services. A district may not levy under this subdivision for the purpose of leasing or renting a district-owned building or site to itself.
- (c) For agreements finalized after July 1, 1997, a district may not levy under this subdivision for the purpose of leasing: (1) a newly constructed building used primarily for regular kindergarten, elementary, or secondary instruction; or (2) a newly constructed building addition or additions used primarily for regular kindergarten, elementary, or secondary instruction that contains more than 20 percent of the square footage of the previously existing building.

A levy authorized for a district by the commissioner under this paragraph may be in the amount needed by the district to make payments required by a lease purchase agreement, installment purchase agreement, or other deferred payments agreement authorized by law, provided that any agreement include a provision giving the school districts the right to terminate the agreement annually without penalty.

- Sec. 40. Minnesota Statutes 2008, section 127A.51, is amended to read:

## 127A.51 STATEWIDE AVERAGE REVENUE.

By October 1 of each year the commissioner must estimate the statewide average adjusted general revenue per adjusted marginal cost pupil unit and the disparity in adjusted general revenue among pupils and districts by computing the ratio of the 95th percentile to the fifth percentile of adjusted general revenue. The commissioner must provide that information to all districts.

If the disparity in adjusted general revenue as measured by the ratio of the 95th percentile to the fifth percentile increases in any year, the commissioner shall recommend to the legislature options for change in the general education formula that will limit the disparity in adjusted general revenue to no more than the disparity for the previous school year. The commissioner must submit the recommended options to the education committees of the legislature by January 15.

For purposes of this section and section 126C.10, adjusted general revenue means:

The commissioner must select program participants from urban, suburban, and rural areas throughout the state.
- (b) The commissioner may issue a request for proposals to contract with an organization that provides a value-added assessment model that reliably estimates school and school district effects on students' academic achievement over time. The model the commissioner selects must accommodate diverse data and must use each student's test data across grades. Data on individual teachers generated under the model are personnel data under section 13.43.
- (c) The contract under paragraph (b) must be consistent with the definition of "best value" under section 16C.02, subdivision 4.

- (2) develop a written procedure clarifying the notification process to be used by the chemical abuse preassessment team established under section 121A.26 when a student is believed to be in possession of or under the influence of alcohol or a controlled substance. The procedure must include contact with the student, and the student's parents or guardian in the case of a minor student.

- Subd. 5. **Reserve account.** Deferred maintenance revenue must be maintained in a reserve account within the general fund. Deferred maintenance revenue may be used only for expenditures that would be eligible for alternative facilities bonding and levy revenue under section 123B.59, subdivision 2, paragraph (a), if the district qualified for that revenue under section 123B.59, subdivision 1, paragraph (a).

The money must be used to defray the cost of delivering the course at the high school. The commissioner shall establish application procedures and deadlines for receipt of aid payments.

#### 125A.03 SPECIAL INSTRUCTION FOR CHILDREN WITH A DISABILITY.

- (a) As defined in paragraph (b), every district must provide special instruction and services, either within the district or in another district, for all children with a disability, including providing required services under Code of Federal Regulations, title 34, section 300.121, paragraph (d), to those children suspended or expelled from school for more than ten school days in that school year, who are residents of the district and who are disabled as set forth in section 125A.02. For purposes of state and federal special education laws, the phrase "special instruction and services" in the state Education Code means a free and appropriate public education provided to an eligible child with disabilities and includes special education and related services defined in the Individuals with Disabilities Education Act, subpart A, section 300.24.
- (b) Notwithstanding any age limits in laws to the contrary, special instruction and services must be provided from birth until July 1 after the child with a disability becomes 21 years old but shall not extend beyond secondary school or its equivalent, except as provided in section 124D.68, subdivision 2. Local health, education, and social service agencies must refer children under age five who are known to need or suspected of needing special instruction and services to the school district. Districts with less than the minimum number of eligible children with a disability as determined by the commissioner must cooperate with other districts to maintain a full range of programs for education and services for children with a disability. This section does not alter the compulsory attendance requirements of section 120A.22.

## 125A.05 METHOD OF SPECIAL INSTRUCTION.

(a) As defined in this section, to the extent required by federal law as of July 1, 1999, special instruction and services for children with a disability must be based on the assessment

Repealed Minnesota Statutes: H0002-4

and individual education plan. The instruction and services may be provided by one or more of the following methods:

- (1) in connection with attending regular elementary and secondary school classes;
- (2) establishment of special classes;
- (3) at the home or bedside of the child;
- (4) in other districts;
- (5) instruction and services by special education cooperative centers established under this section, or in another member district of the cooperative center to which the resident district of the child with a disability belongs;
- (6) in a state residential school or a school department of a state institution approved by the commissioner;
  - (7) in other states;
  - (8) by contracting with public, private or voluntary agencies;
- (9) for children under age five and their families, programs and services established through collaborative efforts with other agencies;
- (10) for children under age five and their families, programs in which children with a disability are served with children without a disability; and
  - (11) any other method approved by the commissioner.
- (b) Preference shall be given to providing special instruction and services to children under age three and their families in the residence of the child with the parent or primary caregiver, or both, present.
- (c) The primary responsibility for the education of a child with a disability must remain with the district of the child's residence regardless of which method of providing special instruction and services is used. If a district other than a child's district of residence provides special instruction and services to the child, then the district providing the special instruction and services must notify the child's district of residence before the child's individual education plan is developed and must provide the district of residence an opportunity to participate in the plan's development. The district of residence must inform the parents of the child about the methods of instruction that are available.

## 125A.18 SPECIAL INSTRUCTION; NONPUBLIC SCHOOLS.

No resident of a district who is eligible for special instruction and services under this section may be denied instruction and service on a shared time basis consistent with section 126C.19, subdivision 4, because of attending a nonpublic school defined in section 123B.41, subdivision 9. If a resident pupil with a disability attends a nonpublic school located within the district of residence, the district must provide necessary transportation for that pupil within the district between the nonpublic school and the educational facility where special instruction and services are provided on a shared time basis. If a resident pupil with a disability attends a nonpublic school located in another district and if no agreement exists under section 126C.19, subdivision 1 or 2, for providing special instruction and services on a shared time basis to that pupil by the district of attendance and where the special instruction and services are provided within the district of residence, the district of residence must provide necessary transportation for that pupil between the boundary of the district of residence and the educational facility. The district of residence may provide necessary transportation for that pupil between its boundary and the nonpublic school attended, but the nonpublic school must pay the cost of transportation provided outside the district boundary.

Parties serving students on a shared time basis have access to the due process hearing system described under United States Code, title 20, and the complaint system under Code of Federal Regulations, title 34, section 300.660-662. In the event it is determined under these systems that the nonpublic school or staff impeded the public school district's provision of a free appropriate education, the commissioner may withhold public funds available to the nonpublic school proportionally applicable to that student under section 123B.42.

## 125A.76 SPECIAL EDUCATION REVENUE.

Subd. 4. **State total special education aid.** The state total special education aid equals \$529,247,000 for fiscal year 2007, \$694,063,000 for fiscal year 2008, \$719,470,000 for fiscal year 2009, \$735,693,000 for fiscal year 2010, and \$786,586,000 for fiscal year 2011. The state total special education aid for later fiscal years equals:

- (1) the state total special education aid for the preceding fiscal year; times
- (2) the program growth factor; times

## Repealed Minnesota Statutes: H0002-4

(3) the greater of one, or the ratio of the state total average daily membership for the current fiscal year to the state total average daily membership for the preceding fiscal year.

## 125A.79 SPECIAL EDUCATION EXCESS COST AID.

- Subd. 6. **State total special education excess cost aid.** The state total special education excess cost aid equals \$104,700,000 for fiscal year 2007, \$110,641,000 for fiscal year 2008, \$110,918,000 for fiscal year 2009, \$110,847,000 for fiscal year 2010, and \$110,892,000 for fiscal year 2011. The state total special education excess cost aid for later fiscal years equals:
  - (1) the state total special education excess cost aid for the preceding fiscal year; times
  - (2) the program growth factor; times
- (3) the greater of one, or the ratio of the state total average daily membership for the current fiscal year to the state total average daily membership for the preceding fiscal year.

#### 126C.10 GENERAL EDUCATION REVENUE.

- Subd. 2b. **Gifted and talented revenue.** Gifted and talented revenue for each district equals the district's adjusted marginal cost pupil units for that school year times \$12 for fiscal year 2008 and later. A school district must reserve gifted and talented revenue and, consistent with section 120B.15, must spend the revenue only to:
  - (1) identify gifted and talented students;
  - (2) provide education programs for gifted and talented students; or
- (3) provide staff development to prepare teachers to best meet the unique needs of gifted and talented students.
- Subd. 13a. **Operating capital levy.** To obtain operating capital revenue for fiscal year 2007 and later, a district may levy an amount not more than the product of its operating capital revenue for the fiscal year times the lesser of one or the ratio of its adjusted net tax capacity per adjusted marginal cost pupil unit to the operating capital equalizing factor. The operating capital equalizing factor equals \$22,222 for fiscal year 2006, and \$10,700 for fiscal year 2007 and later.
- Subd. 13b. **Operating capital aid.** A district's operating capital aid equals its operating capital revenue minus its operating capital levy times the ratio of the actual amount levied to the permitted levy.
  - Subd. 24. **Equity revenue.** (a) A school district qualifies for equity revenue if:
- (1) the school district's adjusted marginal cost pupil unit amount of basic revenue, supplemental revenue, transition revenue, and referendum revenue is less than the value of the school district at or immediately above the 95th percentile of school districts in its equity region for those revenue categories; and
- (2) the school district's administrative offices are not located in a city of the first class on July 1, 1999.
- (b) Equity revenue for a qualifying district that receives referendum revenue under section 126C.17, subdivision 4, equals the product of (1) the district's adjusted marginal cost pupil units for that year; times (2) the sum of (i) \$13, plus (ii) \$75, times the school district's equity index computed under subdivision 27.
- (c) Equity revenue for a qualifying district that does not receive referendum revenue under section 126C.17, subdivision 4, equals the product of the district's adjusted marginal cost pupil units for that year times \$13.
- (d) A school district's equity revenue is increased by the greater of zero or an amount equal to the district's resident marginal cost pupil units times the difference between ten percent of the statewide average amount of referendum revenue per resident marginal cost pupil unit for that year and the district's referendum revenue per resident marginal cost pupil unit. A school district's revenue under this paragraph must not exceed \$100,000 for that year.
- (e) A school district's equity revenue for a school district located in the metro equity region equals the amount computed in paragraphs (b), (c), and (d) multiplied by 1.25.

- Subd. 25. **Regional equity gap.** The regional equity gap equals the difference between the value of the school district at or immediately above the fifth percentile of adjusted general revenue per adjusted marginal cost pupil unit and the value of the school district at or immediately above the 95th percentile of adjusted general revenue per adjusted marginal cost pupil unit.

- Subd. 28. **Equity region.** For the purposes of computing equity revenue under subdivision 24, a district whose administrative offices on July 1, 1999, is located in Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington County is part of the metro equity region. Districts whose administrative offices on July 1, 1999, are not located in Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington County are part of the rural equity region.
- Subd. 29. **Equity levy.** To obtain equity revenue for fiscal year 2005 and later, a district may levy an amount not more than the product of its equity revenue for the fiscal year times the lesser of one or the ratio of its referendum market value per resident marginal cost pupil unit to \$476,000.
- Subd. 30. **Equity aid.** A district's equity aid equals its equity revenue minus its equity levy times the ratio of the actual amount levied to the permitted levy.
- Subd. 31. **Transition revenue.** (a) A district's transition allowance equals the greater of zero or the product of the ratio of the number of adjusted marginal cost pupil units the district would have counted for fiscal year 2004 under Minnesota Statutes 2002 to the district's adjusted marginal cost pupil units for fiscal year 2004, times the difference between: (1) the lesser of the district's general education revenue per adjusted marginal cost pupil unit for fiscal year 2003 or the amount of general education revenue the district would have received per adjusted marginal cost pupil unit for fiscal year 2004 according to Minnesota Statutes 2002, and (2) the district's general education revenue for fiscal year 2004 excluding transition revenue divided by the number of adjusted marginal cost pupil units the district would have counted for fiscal year 2004 under Minnesota Statutes 2002.
- (b) A district's transition revenue for fiscal years 2006 through 2009 equals the sum of the product of the district's transition allowance times the district's adjusted marginal cost pupil units plus the district's transition for prekindergarten revenue under subdivision 31a.
- (c) A district's transition revenue for fiscal year 2010 and later equals the sum of the product of the district's transition allowance times the district's adjusted marginal cost pupil units plus the district's transition for prekindergarten revenue under subdivision 31a plus the district's transition for tuition reciprocity revenue under subdivision 31c.
- Subd. 31a. **Transition for prekindergarten revenue.** For fiscal year 2007 and later, a school district's transition for prekindergarten revenue equals the sum of (1) the amount of referendum revenue under section 126C.17 and general education revenue, excluding transition revenue, for fiscal year 2004 attributable to pupils four or five years of age on September 1, 2003, enrolled in a prekindergarten program implemented by the district before July 1, 2003, and reported as kindergarten pupils under section 126C.05, subdivision 1, for fiscal year 2004, plus (2) the amount of compensatory education revenue under subdivision 3 for fiscal year 2005 attributable to pupils four years of age on September 1, 2003, enrolled in a prekindergarten program implemented by the district before July 1, 2003, and reported as kindergarten pupils under section 126C.05, subdivision 1, for fiscal year 2004 multiplied by .04.

The basic alternative teacher compensation aid for an intermediate school district or charter school with a plan approved under section 122A.414, subdivisions 2a and 2b, if the recipient is a charter school, equals \$260 times the number of

## Repealed Minnesota Statutes: H0002-4

pupils enrolled in the school on October 1 of the previous fiscal year, or on October 1 of the current fiscal year for a charter school in the first year of operation, times the ratio of the sum of the alternative teacher compensation aid and alternative teacher compensation levy for all participating school districts to the maximum alternative teacher compensation revenue for those districts under section 122A.415, subdivision 1.

- (b) Notwithstanding paragraphs (a) and (b) and section 122A.415, subdivision 1, the state total basic alternative teacher compensation aid entitlement must not exceed \$75,636,000 for fiscal year 2007 and later. The commissioner must limit the amount of alternative teacher compensation aid approved under section 122A.415 so as not to exceed these limits.
- Subd. 35. Alternative teacher compensation levy. For fiscal year 2007 and later, the alternative teacher compensation levy for a district receiving basic alternative teacher compensation aid equals the product of (1) the difference between the district's alternative teacher compensation revenue and the district's basic alternative teacher compensation aid times (2) the lesser of one or the ratio of the district's adjusted net tax capacity per adjusted pupil unit to \$5,913.
- Subd. 36. Alternative teacher compensation aid. (a) For fiscal year 2007 and later, a district's alternative teacher compensation equalization aid equals the district's alternative teacher compensation revenue minus the district's basic alternative teacher compensation aid minus the district's alternative teacher compensation levy. If a district does not levy the entire amount permitted, the alternative teacher compensation equalization aid must be reduced in proportion to the actual amount levied.
- (b) A district's alternative teacher compensation aid equals the sum of the district's basic alternative teacher compensation aid and the district's alternative teacher compensation equalization aid.

## 126C.12 LEARNING AND DEVELOPMENT REVENUE AMOUNT AND USE.

Subdivision 1. **Revenue.** Of a district's general education revenue for fiscal year 2000 and thereafter each school district shall reserve an amount equal to the formula allowance multiplied by the following calculation:

- (1) the sum of adjusted marginal cost pupils in average daily membership, according to section 126C.05, subdivision 5, in kindergarten times .057; plus
- (2) the sum of adjusted marginal cost pupils in average daily membership, according to section 126C.05, subdivision 5, in grades 1 to 3 times .115; plus
- (3) the sum of adjusted marginal cost pupils in average daily membership, according to section 126C.05, subdivision 5, in grades 4 to 6 times .06.
- Subd. 2. **Definitions.** (a) "Classroom teacher" means a public employee licensed by the board of teaching who is authorized to teach all subjects to children in any grade in kindergarten through grade 6 and whose duties are full-time regular classroom instruction, excluding a teacher for whom federal aids are received or for whom categorical aids are received under section 125A.76 or who is an itinerant teacher or provides instruction outside of the regular classroom. Except as provided in section 122A.68, subdivision 6, classroom teacher does not include supervisory and support personnel defined in section 122A.15. A classroom teacher whose duties are less than full-time instruction must be included as an equivalent only for the number of hours of instruction in kindergarten through grade 3.
- (b) "Class size" means the districtwide ratio at each grade level of the number of full-time students in kindergarten through grade 3 served at least 40 percent of the time in regular classrooms to the number of full-time classroom teachers in kindergarten through grade 3, determined as of October 1 of each school year.
- Subd. 3. **Instruction contact time.** Instruction may be provided by a classroom teacher or by a team of classroom teachers, or by a teacher resident supervised by a classroom teacher. The district must maximize classroom teacher to learner average instructional contact time in the core subjects of reading and mathematics.
- Subd. 4. **Revenue use.** (a) Revenue must be used to reduce and maintain the district's average class size in kindergarten through grade 3 to a level of 17 to 1 on average in each of the respective grades.
- (b) A district must not increase the districtwide class sizes in other grades as a result of reducing class sizes in kindergarten through grade 3. Revenue may not be used to provide instructor preparation. A district may use a portion of the revenue reserved under this section to employ up to the same number of full-time equivalent education assistants or aides as the district employed during the 1992-1993 school year under Minnesota Statutes 1992, section 124.331, subdivision 2, through fiscal year 2002. Beginning in fiscal year 2003, class size reduction

revenue may only be reserved to employ classroom teachers contributing to lower class sizes in kindergarten through grade 3.

- Subd. 5. **Additional revenue use.** If the board of a district determines that the district has achieved and is maintaining the class sizes specified in subdivision 4, the board may use the revenue to reduce class size in grades 4, 5, and 6, provide all-day, everyday kindergarten, prepare and use individualized learning plans, improve program offerings, purchase instructional material, services, or technology, or provide staff development needed for reduced class sizes.
- Subd. 6. **Annual report.** By December 1 of each year, districts receiving revenue under subdivision 1 shall make available to the public a report on the amount of revenue the district has received and the use of the revenue. This report shall be in the form and manner determined by the commissioner and shall include the district average class sizes in kindergarten through grade 6 as of October 1 of the current school year and the class sizes for each site serving kindergarten through grade 6 students in the district. A copy of the report shall be filed with the commissioner by December 15.

- (1) a decrease equal to each district's share of the fiscal year 1997 adjustment effected under Minnesota Statutes 1996, section 124.2139;
- (2) an increase equal to one percent of the salaries paid to members of the general plan of the Public Employees Retirement Association in fiscal year 1997, multiplied by 0.35 for fiscal year 1998 and 0.70 each year thereafter;
- (3) a decrease equal to 2.34 percent of the salaries paid to members of the Teachers Retirement Association in fiscal year 1997; and
- (4) an increase equal to 0.5 percent of the salaries paid to members of the Teachers Retirement Association in fiscal year 2007.
- Subd. 2. **Appropriation.** The amounts necessary to pay any positive net adjustments under this section to any school district are appropriated annually from the general fund to the commissioner of education.
- Subd. 3. Limits on adjustments and potential reductions. Increases to any school districts under subdivision 1, clause (2), and decreases under subdivision 1, clauses (1) and (3), are limited to the fiscal year 1999 amounts. The commissioner of education may permanently reduce the adjustments to school districts under subdivision 1, clauses (1) and (2), in the same manner as prescribed for nonschool jurisdictions under section 273.1385, subdivision 2. The commissioner may, from time to time, require that the most recent fiscal year payroll information be certified by the executive director of the Teachers Retirement Association. For any school district where the newly certified Teachers Retirement Association payroll is significantly lower than the fiscal 1997 amount as determined by the commissioner, the commissioner shall recalculate the lower reduction under subdivision 1, clause (3), and shall permanently reduce the adjustment amount in subsequent years.
- Subd. 4. **Effect of reorganizations.** The commissioner of education shall reapportion the aid adjustments to school districts under this section to account for significant changes in boundaries or consolidations, as determined by the commissioner. If a school district is dissolved, or a school district function thereof is assumed by either the state or a nonpublic organization, adjustments for all or the appropriate fraction of the total payroll under this section must terminate.

Repealed Minnesota Statutes: H0002-4

Subd. 5. **Adjustment termination.** All adjustments under this section terminate on June 30, 2020.

The newspaper selected must be one of general interest and readership in the community, and not one of limited subject matter. The advertisement must appear in a newspaper that is published at least once per week.

For purposes of this section, the metropolitan special taxing district's advertisement must only be published in the Minneapolis Star and Tribune and the Saint Paul Pioneer Press.

In addition to other requirements, a county and a city having a population of more than 2,500 must show in the public advertisement required under this subdivision the current local tax rate, the proposed local tax rate if no property tax levy increase is adopted, and the proposed rate if the proposed levy is adopted. For purposes of this subdivision, "local tax rate" means the city's or county's net tax capacity levy divided by the city's or county's taxable net tax capacity.

- (d) For purposes of this subdivision, the budget amounts listed on the advertisement mean:
- (1) for cities, the total government fund expenditures, as defined by the state auditor under section 471.6965, less any expenditures for improvements or services that are specially assessed or charged under chapter 429, 430, 435, or the provisions of any other law or charter; and

  - (i) Minnesota family investment program under chapters 256J and 256K;
- (ii) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;
  - (iii) general assistance medical care under section 256D.03, subdivision 6;
  - (iv) general assistance under section 256D.03, subdivision 2;
  - (v) Minnesota supplemental aid under section 256D.36, subdivision 1;
- (vi) preadmission screening under section 256B.0911, and alternative care grants under section 256B.0913;

- (ix) group residential housing under section 256I.05, subdivision 8, transferred from programs in clauses (iv) and (v); or
  - (x) any successor programs to those listed in clauses (i) to (ix).
- (e) A city with a population of over 500 but not more than 2,500 that is required to hold a public hearing under subdivision 6 must advertise by posted notice as defined in section 645.12, subdivision 1. The advertisement must be posted at the time provided in paragraph (a). It must be in the form required in paragraph (b).
- (f) For purposes of this subdivision, the population of a city is the most recent population as determined by the state demographer under section 4A.02.
- (g) The commissioner of revenue shall annually prescribe the specific form and format of the advertisements required under this subdivision, including such details as font size and style, and spacing for the required items. The commissioner may prescribe alternate and additional language for the advertisement for a taxing authority or for groups of taxing authorities. At least two weeks before November 29 each year, the commissioner shall provide a copy of the prescribed advertisements to the chairs of the committees of the house of representatives and the senate with jurisdiction over taxes.
- Subd. 6b. **Joint public hearings.** Notwithstanding any other provision of law, any city with a population of 10,000 and over, may conduct a more comprehensive public hearing than is contained in subdivision 6 by including a board member from the county, a board member from the school district located within the city's boundary, and a representative of the metropolitan council, if the city is in the metropolitan area, as defined in section 473.121, subdivision 2, at the city's public hearing. All provisions regarding the public hearings under subdivision 6 are applicable to the joint public hearings under this subdivision.

Upon the adoption of a resolution by the governing body of the city to hold a joint hearing, the city shall notify the county, the school district, and the Metropolitan Council if the city is in the metropolitan area, of the decision to hold a joint public hearing and request a board member

## Repealed Minnesota Statutes: H0002-4

from each of those taxing authorities, and the member or the designee of the Metropolitan Council if applicable, to be at the joint hearing. If the city is located in more than one county, the city may choose to request a county board member from each county or only from the county containing the majority of the city's market value. If more than one school district is partially or totally located within the city, the city may choose to request a school district board member from each school district, or a board member only from the school district containing the majority of the city's market value. If, as a result of requests under this subdivision, there are not sufficient board members in the county or the school district to attend the joint hearing, the county or school district may send a nonelected person working for its taxing authority to speak on the authority's behalf. The city may also invite each state senator and representative who represents the city, or a portion of the city, to come to the joint hearing.

The primary purpose of the joint hearing is to discuss the city's budget and property tax levy. The county and school district officials, and Metropolitan Council representative, if the city is in the metropolitan area, should be prepared to answer questions relevant to its budget and levy and the effect that its levy has on the property owners in the city.

If a city conducts a hearing under this subdivision, this hearing is in lieu of the initial hearing required under subdivision 6. However, the city is still required to adopt its proposed property tax levy at a subsequent hearing as provided under subdivision 6. The hearings under this subdivision do not relieve a county, school district, or the Metropolitan Council of the requirement to hold its individual hearing under subdivision 6.

- Subd. 6c. **Joint public hearing; nonmetropolitan county, cities, and school districts.**(a) Notwithstanding any other provision of law, the county board may hold a joint hearing with the governing bodies of all taxing authorities located wholly or partially within the county that are required to hold a public hearing under this section, excluding special taxing districts. The primary purpose of the joint hearing is for taxpayer efficiency by allowing taxpayers to come to a single public hearing to discuss the budgets and proposed property tax levies of most taxing authorities that impact the taxes on their property.
- (b) This subdivision applies only to counties located outside the metropolitan area as defined under section 473.121, subdivision 2. If a city or school district is located partially within the metropolitan area, that taxing jurisdiction may participate in its nonmetropolitan county's joint hearing, if it so chooses.
- (c) Upon the adoption of a resolution by the county board to hold a joint public hearing, the county shall notify each city with a population over 500 and each school district located wholly or partially within the county of its intention to hold the joint hearing and ask each of the taxing authorities if it would like to participate. Participation is voluntary, and participation in the joint hearing is in lieu of the requirement for the governing body to hold a separate public hearing under subdivision 6. If a participating city or school district is located in more than one county, the hearing under this subdivision is in lieu of the requirement to hold a separate public hearing if 75 percent or more of that city or school district's previous year's net tax capacity is in the county where the hearing is held.
- (d) The initial joint hearing must be held on the first Thursday in December. The county may hold an additional joint hearing on another date before December 20 if the majority of the participating taxing authorities want an additional hearing.

The county board shall obtain a meeting space to hold the joint hearing, preferably at a public building such as the courthouse, school, or community center. The location shall be as centrally located within the county as possible. The meeting shall generally be structured in the following general manner:

- (1) 30 to 60 minutes must be devoted to discussion of the county's budget and levy;
- (2) 30 to 60 minutes must be devoted to discussion of the city's budget and levy, with each city's discussion held in a separate room, preferably in the same building;
- (3) 30 to 60 minutes must be devoted to discussion of the school district's levy, with each school district's discussion held in a separate room, preferably in the same building; and
- (4) during the last 30 minutes the governing bodies must reassemble in a joint meeting to entertain any follow-up questions that have arisen from the separate discussions.

The county shall attempt to keep the total public hearing to within three hours.

(e) In lieu of the public advertisement requirement in subdivision 5a, the county shall have a single advertisement listing the county, each city with a population of over 500, and each school district participating in the joint public hearing listing. Any taxing authority participating under this subdivision is exempt from the separate public advertisement requirement under subdivision 5a. The cost of the joint hearing advertisement shall be apportioned in the same manner provided in subdivision 4. The notice must be published not less than two business days nor more than six business days before the hearing. The newspaper selected must be one of general interest

Repealed Minnesota Statutes: H0002-4

and readership in the county, and not one of limited subject matter. The advertisement must appear in a newspaper that is published at least once per week. The advertisement must be in the following form:
