13.4 maximum family benefit under section 353.31, subdivision 1a. If the maximum is
13.5 exceeded, each dependent child will receive ten percent of the member's specified
13.6 average monthly salary, and the benefit to the joint annuitant must be reduced to the

33.18 Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating
33.19 the level normal cost, the actuarial valuation of the retirement plan must contain an
33.20 exhibit for financial reporting purposes indicating the additional annual contribution
33.21 sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit
33.22 for contribution determination purposes indicating the additional contribution sufficient
33.23 to amortize the unfunded actuarial accrued liability. For the retirement plans listed in
33.24 subdivision 8, paragraph (c), the additional contribution must be calculated on a level
33.25 percentage of covered payroll basis by the established date for full funding in effect when
33.26 the valuation is prepared, assuming annual payroll growth at the applicable percentage
33.27 rate set forth in subdivision 8, paragraph (c). For all other retirement plans, the additional
33.28 annual contribution must be calculated on a level annual dollar amount basis.

33.29 (b) For any retirement plan other than the Minneapolis Employees Retirement Fund,
33.30 the general employees retirement plan of the Public Employees Retirement Association,
33.31 and the St. Paul Teachers Retirement Fund Association, if there has not been a change in

33.33 change in the benefit plan governing annuities and benefits payable from the fund, a
33.34 change in the actuarial cost method used in calculating the actuarial accrued liability of all
33.35 or a portion of the fund, or a combination of the three, which change or changes by itself

34.1 or by themselves without inclusion of any other items of increase or decrease produce a
34.2 net increase in the unfunded actuarial accrued liability of the fund, the established date for
34.3 full funding is the first actuarial valuation date occurring after June 1, 2020.

34.4 (c) For any retirement plan other than the Minneapolis Employees Retirement
34.5 Fund and the general employees retirement plan of the Public Employees Retirement
34.6 Association, if there has been a change in any or all of the actuarial assumptions used
34.7 for calculating the actuarial accrued liability of the fund, a change in the benefit plan
34.8 governing annuities and benefits payable from the fund, a change in the actuarial cost
34.9 method used in calculating the actuarial accrued liability of all or a portion of the fund,
34.10 or a combination of the three, and the change or changes, by itself or by themselves and
34.11 without inclusion of any other items of increase or decrease, produce a net increase in the
34.12 unfunded actuarial accrued liability in the fund, the established date for full funding must
34.13 be determined using the following procedure:

34.14 (i) the unfunded actuarial accrued liability of the fund must be determined in
34.15 accordance with the plan provisions governing annuities and retirement benefits and the
34.16 actuarial assumptions in effect before an applicable change;

34.17 (ii) the level annual dollar contribution or level percentage, whichever is applicable,
34.18 needed to amortize the unfunded actuarial accrued liability amount determined under item
34.19 (i) by the established date for full funding in effect before the change must be calculated
34.20 using the interest assumption specified in subdivision 8 in effect before the change;

34.21 (iii) the unfunded actuarial accrued liability of the fund must be determined in
34.22 accordance with any new plan provisions governing annuities and benefits payable from
34.23 the fund and any new actuarial assumptions and the remaining plan provisions governing
34.24 annuities and benefits payable from the fund and actuarial assumptions in effect before
34.25 the change;

34.26 (iv) the level annual dollar contribution or level percentage, whichever is applicable,
34.27 needed to amortize the difference between the unfunded actuarial accrued liability amount
34.28 calculated under item (i) and the unfunded actuarial accrued liability amount calculated
34.29 under item (iii) over a period of 30 years from the end of the plan year in which the
34.30 applicable change is effective must be calculated using the applicable interest assumption
34.31 specified in subdivision 8 in effect after any applicable change;

34.32 (v) the level annual dollar or level percentage amortization contribution under item
34.33 (iv) must be added to the level annual dollar amortization contribution or level percentage
34.34 calculated under item (ii);

34.35 (vi) the period in which the unfunded actuarial accrued liability amount determined
34.36 in item (iii) is amortized by the total level annual dollar or level percentage amortization

35.1 contribution computed under item (v) must be calculated using the interest assumption
35.2 specified in subdivision 8 in effect after any applicable change, rounded to the nearest
35.3 integral number of years, but not to exceed 30 years from the end of the plan year in
35.4 which the determination of the established date for full funding using the procedure set
35.5 forth in this clause is made and not to be less than the period of years beginning in the
35.6 plan year in which the determination of the established date for full funding using the
35.7 procedure set forth in this clause is made and ending by the date for full funding in effect
35.8 before the change; and

35.9 (vii) the period determined under item (vi) must be added to the date as of which
35.10 the actuarial valuation was prepared and the date obtained is the new established date
35.11 for full funding.

35.12 (d) For the Minneapolis Employees Retirement Fund, the established date for full
35.13 funding is June 30, 2020.

35.14 (e) For the general employees retirement plan of the Public Employees Retirement
35.15 Association, the established date for full funding is June 30, 2031.

35.16 (f) For the Teachers Retirement Association, the established date for full funding is
35.17 June 30, 2037.

35.18 (g) For the correctional state employees retirement plan of the Minnesota State
35.19 Retirement System, the established date for full funding is June 30, 2038.

35.20 (h) For the judges retirement plan, the established date for full funding is June
35.21 30, 2038.

35.22 (i) For the public employees police and fire retirement plan, the established date
35.23 for full funding is June 30, 2038.

35.24 (j) For the St. Paul Teachers Retirement Fund Association, the established date for
35.25 full funding is June 30 of the 25th year from the valuation date. In addition to other
35.26 requirements of this chapter, the annual actuarial valuation shall contain an exhibit
35.27 indicating the funded ratio and the deficiency or sufficiency in annual contributions when
35.28 comparing liabilities to the market value of the assets of the fund as of the close of the
35.29 most recent fiscal year.

35.30 (k) For the retirement plans for which the annual actuarial valuation indicates an
35.31 excess of valuation assets over the actuarial accrued liability, the valuation assets in
35.32 excess of the actuarial accrued liability must be recognized as a reduction in the current
35.33 contribution requirements by an amount equal to the amortization of the excess expressed
35.34 as a level percentage of pay over a 30-year period beginning anew with each annual
35.35 actuarial valuation of the plan.

36.1 ~~(f) In addition to calculating the unfunded actuarial accrued liability of the retirement~~
36.2 ~~plan for financial reporting purposes under paragraphs (a) to (j), the actuarial valuation~~
36.3 ~~of the retirement plan must also include a calculation of the unfunded actuarial accrued~~
36.4 ~~liability of the retirement plan for purposes of determining the amortization contribution~~
36.5 ~~sufficient to amortize the unfunded actuarial liability of the Minnesota Post Retirement~~
36.6 ~~Investment Fund. For this exhibit, the calculation must be the unfunded actuarial accrued~~
36.7 ~~liability net of the postretirement adjustment liability funded from the investment~~
36.8 ~~performance of the Minnesota Post Retirement Investment Fund or the retirement benefit~~
36.9 ~~fund.~~

44.30 **EFFECTIVE DATE.** This section is effective July 1, 2009.

45.13 inherent dangers specific to covered correctional positions.

45.14 **EFFECTIVE DATE.** This section is effective July 1, 2009.

45.15 Sec. 7. Minnesota Statutes 2008, section 352.01, is amended by adding a subdivision

45.28 Sec. 9. Minnesota Statutes 2008, section 352.113, subdivision 4, is amended to read:

46.1 Subd. 4. **Medical or psychological examinations; authorization for payment of**

 46.3 support an application for total and permanent disability.

46.4 (b) The director shall have the employee examined by at least one additional
 46.5 licensed chiropractor, physician, or psychologist designated by the medical adviser. The
 46.6 chiropractors, physicians, or psychologists shall make written reports to the director
 46.7 concerning the employee's disability including expert opinions as to whether the employee
 46.8 is permanently and totally disabled within the meaning of section 352.01, subdivision 17.

46.9 (c) The director shall also obtain written certification from the employer stating
 46.10 whether the employment has ceased or whether the employee is on sick leave of
 46.11 absence because of a disability that will prevent further service to the employer and as a
 46.12 consequence the employee is not entitled to compensation from the employer.

46.13 (d) The medical adviser shall consider the reports of the physicians, psychologists,
 46.14 and chiropractors and any other evidence supplied by the employee or other interested
 46.15 parties. If the medical adviser finds the employee totally and permanently disabled, the
 46.16 adviser shall make appropriate recommendation to the director in writing together with the
 46.17 date from which the employee has been totally disabled. The director shall then determine
 46.18 if the disability occurred within ~~180 days~~ 18 months of filing the application, while still

 46.20 benefit as provided in this section.

46.21 (e) A terminated employee may apply for a disability benefit within ~~180 days~~ 18
 46.22 months of termination as long as the disability occurred while in the employment of the
 46.23 state. The fact that an employee is placed on leave of absence without compensation
 46.24 because of disability does not bar that employee from receiving a disability benefit.

46.25 (f) Unless the payment of a disability benefit has terminated because the employee is
 46.26 no longer totally disabled, or because the employee has reached normal retirement age as
 46.27 provided in this section, the disability benefit must cease with the last payment received
 46.28 by the disabled employee or which had accrued during the lifetime of the employee unless
 46.29 there is a spouse surviving. In that event, the surviving spouse is entitled to the disability
 46.30 benefit for the calendar month in which the disabled employee died.

46.31 **EFFECTIVE DATE.** This section is effective July 1, 2009, and applies to disability
 46.32 benefit applicants whose last day of public employment was after June 30, 2009.

47.8 percent equal to that specified in section 356.315, subdivision 5, for each year of covered
47.9 correctional service in excess of 20 years, ten months, prorated for completed months.

53.6 **OF ABSENCE.**

53.7 A member on leave of absence receiving temporary workers' compensation
53.8 payments and a reduced salary or no salary from the employer who is entitled to allowable

53.13 and employer contribution rate under section 352B.02, subdivisions 1b and 1c, on
53.14 the differential salary amount for the period of the leave of absence. The employing
53.15 department, at its option, may pay the employer amount on behalf of the member. Payment
53.16 made under this subdivision must include interest at the rate of 8.5 percent per year, and
53.17 must be completed within one year of the member's return from the leave of absence.

53.18 **EFFECTIVE DATE.** This section is effective July 1, 2009.

53.19 Sec. 18. **[352B.086] SERVICE CREDIT FOR UNIFORMED SERVICE.**

53.20 (a) A member who is absent from employment by reason of service in the uniformed
53.21 services, as defined in United States Code, title 38, section 4303(13), and who returns to
53.22 state employment in a position covered by the plan upon discharge from service in the
53.23 uniformed services within the time frame required in United States Code, title 38, section
53.24 4312(e), may obtain service credit for the period of the uniformed service, provided that
53.25 the member did not separate from uniformed service with a dishonorable or bad conduct
53.26 discharge or under other than honorable conditions.

53.27 (b) The member may obtain credit by paying into the fund an equivalent member
53.28 contribution based on the member contribution rate or rates in effect at the time that
53.29 the uniformed service was performed multiplied by the full and fractional years being
53.30 purchased and applied to the annual salary rate. The annual salary rate is the average
53.31 annual salary during the purchase period that the member would have received if the
53.32 member had continued to provide employment services to the state rather than to provide
53.33 uniformed service, or if the determination of that rate is not reasonably certain, the annual

54.1 salary rate is the member's average salary rate during the 12-month period of covered
 54.2 employment rendered immediately preceding the purchase period.

54.3 (c) The equivalent employer contribution and, if applicable, the equivalent employer
 54.4 additional contribution, must be paid by the employing unit, using the employer and
 54.5 employer additional contribution rate or rates in effect at the time that the uniformed
 54.6 service was performed, applied to the same annual salary rate or rates used to compute the
 54.7 equivalent member contribution.

54.8 (d) If the member equivalent contributions provided for in this subdivision are not
 54.9 paid in full, the member's allowable service credit must be prorated by multiplying the
 54.10 full and fractional number of years of uniformed service eligible for purchase by the
 54.11 ratio obtained by dividing the total member contributions received by the total member
 54.12 contributions otherwise required under this subdivision.

54.13 (e) To receive allowable service credit under this subdivision, the contributions
 54.14 specified in this section must be transmitted to the fund during the period which begins
 54.15 with the date on which the individual returns to state employment covered by the plan and
 54.16 which has a duration of three times the length of the uniformed service period, but not
 54.17 to exceed five years. If the determined payment period is calculated to be less than one
 54.18 year, the contributions required under this subdivision to receive service credit may be
 54.19 within one year from the discharge date.

54.20 (f) The amount of allowable service credit obtainable under this section may not
 54.21 exceed five years, unless a longer purchase period is required under United States Code,
 54.22 title 38, section 4312.

54.23 (g) The employing unit shall pay interest on all equivalent member and employer
 54.24 contribution amounts payable under this section. Interest must be computed at a rate of
 54.25 8.5 percent compounded annually from the end of each fiscal year of the leave or break in
 54.26 service to the end of the month in which payment is received.

54.27 **EFFECTIVE DATE.** This section is effective July 1, 2009.

54.28 Sec. 19. Minnesota Statutes 2008, section 352B.10, subdivision 1, is amended to read:

 54.30 ~~becomes disabled and who is expected to be physically or mentally unfit to perform duties~~

 54.32 ~~in or arose out of any act of duty~~ is determined to qualify for duty disability as defined in
 54.33 section 352B.011, subdivision 7, is entitled to receive a duty disability ~~benefits~~ benefit
 54.34 while disabled. The benefits must be paid in monthly ~~installments~~. The duty disability
 54.35 benefit is an amount equal to the member's average monthly salary multiplied by 60

55.1 percent, plus an additional percent equal to that specified in section 356.315, subdivision
55.2 6, for each year and pro rata for completed months of service in excess of 20 years, if any.

55.3 **EFFECTIVE DATE.** This section is effective July 1, 2009.

55.4 Sec. 20. Minnesota Statutes 2008, section 352B.10, subdivision 2, is amended to read:

55.5 Subd. 2. ~~Disabled while not on duty~~ **Regular disability benefit.** If A member with
55.6 at least one year of service ~~becomes disabled and is expected to be physically or mentally~~
55.7 ~~unfit to perform the duties of the position for at least one year because of sickness or injury~~
55.8 ~~that occurred while not engaged in covered employment, the individual~~ who qualifies for
55.9 a regular disability benefit as defined in section 352B.011, subdivision 12, is entitled to
55.10 a regular disability ~~benefits~~ benefit. The regular disability benefit must be computed as if
55.11 the individual were 55 years old at the date of disability and as if the annuity was payable
55.12 under section 352B.08. If a regular disability under this subdivision occurs after one year
55.13 of service but before 15 years of service, the regular disability benefit must be computed
55.14 as though the individual had credit for 15 years of service.

55.15 **EFFECTIVE DATE.** This section is effective July 1, 2009.

55.16 Sec. 21. Minnesota Statutes 2008, section 352B.10, is amended by adding a
55.17 subdivision to read:

55.18 Subd. 2a. **Applying for benefits; accrual.** No application for disability benefits
55.19 shall be made until after the last day physically on the job. The disability benefit begins to
55.20 accrue the day following the last day for which the employee is paid sick leave or annual
55.21 leave but not earlier than 180 days before the date the application is filed. A member
55.22 who is terminated must file a written application within the time frame specified under
55.23 section 352.113, subdivision 4, paragraph (e).

55.27 Subd. 5. **Optional annuity.** A disabilitant may elect, in lieu of spousal survivorship
55.28 coverage under section 352B.11, subdivisions 2b and 2c, the normal disability benefit or
55.29 an optional annuity as provided in section 352B.08, subdivision 3. The choice of an
55.30 optional annuity must be made in writing, on a form prescribed by the executive director,
55.31 and must be made before the commencement of the payment of the disability benefit, or
55.32 within 90 days before reaching age ~~65~~ 55 or before reaching the five-year anniversary

56.1 of the effective date of the disability benefit, whichever is later. The optional annuity
56.2 is effective on the date on which the disability benefit begins to accrue, or the month
56.3 following the attainment of age ~~65~~ 55 or following the five-year anniversary of the
56.4 effective date of the disability benefit, whichever is later.

56.5 **EFFECTIVE DATE.** This section is effective July 1, 2009, and applies to disability
56.6 benefit applicants whose last day of public employment was after June 30, 2009.

56.9 dependent child, as defined in section ~~352B.01, subdivision 10~~ 352B.011, subdivision 6, is
56.10 entitled to receive a monthly annuity equal to ten percent of the average monthly salary
56.11 of the deceased member.

56.12 (b) A dependent child over 18 and under 23 years of age also may receive the
56.13 monthly benefit provided in this section if the child is continuously attending an accredited
56.14 school as a full-time student during the normal school year as determined by the director.
56.15 If the child does not continuously attend school, but separates from full-time attendance
56.16 during any part of a school year, the annuity must cease at the end of the month of
56.17 separation.

56.18 (c) In addition, a payment of \$20 per month must be prorated equally to the
56.19 surviving dependent children when the former member is survived by more than one
56.20 dependent child.

56.22 spouse, or if there is none, to the legal guardian of the child.

56.23 (e) The monthly benefit for any one family, including a surviving spouse benefit, if
56.24 applicable, must not be less than 50 percent nor exceed 70 percent of the average monthly

 60.22 means:

60.23 (1) service during years of actual membership in the course of which employee

60.28 ~~(2)~~ (3) service in years during which the public employee was not a member but for
 60.29 which the member later elected, while a member, to obtain credit by making payments to
 60.30 the fund as permitted by any law then in effect;

60.31 ~~(3)~~ (4) a period of authorized leave of absence with pay from which deductions for
 60.32 employee contributions are made, deposited, and credited to the fund;

60.33 ~~(4)~~ (5) a period of authorized personal, parental, or medical leave of absence without
 60.34 pay, including a leave of absence covered under the federal Family Medical Leave Act,

61.1 that does not exceed one year, and for which a member obtained service credit for each
61.2 month in the leave period by payment under section 353.0161 to the fund made in place of
61.3 salary deductions. An employee must return to public service and render a minimum of
61.4 three months of allowable service in order to be eligible to make payment under section
61.5 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the
61.6 employee must be granted allowable service credit for the purchased period;

61.7 ~~(5)~~ (6) a periodic, repetitive leave that is offered to all employees of a governmental
61.8 subdivision. The leave program may not exceed 208 hours per annual normal work
61.9 cycle as certified to the association by the employer. A participating member obtains
61.10 service credit by making employee contributions in an amount or amounts based on the
61.11 member's average salary that would have been paid if the leave had not been taken. The
61.12 employer shall pay the employer and additional employer contributions on behalf of the
61.13 participating member. The employee and the employer are responsible to pay interest on
61.14 their respective shares at the rate of 8.5 percent a year, compounded annually, from the
61.15 end of the normal cycle until full payment is made. An employer shall also make the
61.16 employer and additional employer contributions, plus 8.5 percent interest, compounded
61.17 annually, on behalf of an employee who makes employee contributions but terminates
61.18 public service. The employee contributions must be made within one year after the end of
61.19 the annual normal working cycle or within ~~20~~ 30 days after termination of public service,
61.20 whichever is sooner. The executive director shall prescribe the manner and forms to be
61.21 used by a governmental subdivision in administering a periodic, repetitive leave. Upon
61.22 payment, the member must be granted allowable service credit for the purchased period;

61.23 ~~(6)~~ (7) an authorized temporary or seasonal layoff under subdivision 12, limited
61.24 to three months allowable service per authorized temporary or seasonal layoff in one
61.25 calendar year. An employee who has received the maximum service credit allowed for an
61.26 authorized temporary or seasonal layoff must return to public service and must obtain a
61.27 minimum of three months of allowable service subsequent to the layoff in order to receive
61.28 allowable service for a subsequent authorized temporary or seasonal layoff; ~~or~~

61.29 ~~(7)~~ (8) a period during which a member is absent from employment by a
61.30 governmental subdivision by reason of service in the uniformed services, as defined in
61.31 United States Code, title 38, section 4303(13), if the member returns to public service with
61.32 the same governmental subdivision upon discharge from service in the uniformed service
61.33 within the time frames required under United States Code, title 38, section 4312(e),
61.34 provided that the member did not separate from uniformed service with a dishonorable or
61.35 bad conduct discharge or under other than honorable conditions. The service is credited
61.36 if the member pays into the fund equivalent employee contributions based upon the

62.1 contribution rate or rates in effect at the time that the uniformed service was performed
62.2 multiplied by the full and fractional years being purchased and applied to the annual salary
62.3 rate. The annual salary rate is the average annual salary during the purchase period that
62.4 the member would have received if the member had continued to be employed in covered
62.5 employment rather than to provide uniformed service, or, if the determination of that
62.6 rate is not reasonably certain, the annual salary rate is the member's average salary rate
62.7 during the 12-month period of covered employment rendered immediately preceding the
62.8 period of the uniformed service. Payment of the member equivalent contributions must
62.9 be made during a period that begins with the date on which the individual returns to
62.10 public employment and that is three times the length of the military leave period, or
62.11 within five years of the date of discharge from the military service, whichever is less. If
62.12 the determined payment period is less than one year, the contributions required under
62.13 this clause to receive service credit may be made within one year of the discharge date.
62.14 Payment may not be accepted following ~~20~~ 30 days after termination of public service
62.15 under subdivision 11a. If the member equivalent contributions provided for in this clause
62.16 are not paid in full, the member's allowable service credit must be prorated by multiplying
62.17 the full and fractional number of years of uniformed service eligible for purchase by the
62.18 ratio obtained by dividing the total member contributions received by the total member
62.19 contributions otherwise required under this clause. The equivalent employer contribution,
62.20 and, if applicable, the equivalent additional employer contribution must be paid by the
62.21 governmental subdivision employing the member if the member makes the equivalent
62.22 employee contributions. The employer payments must be made from funds available to
62.23 the employing unit, using the employer and additional employer contribution rate or
62.24 rates in effect at the time that the uniformed service was performed, applied to the same
62.25 annual salary rate or rates used to compute the equivalent member contribution. The
62.26 governmental subdivision involved may appropriate money for those payments. The
62.27 amount of service credit obtainable under this section may not exceed five years unless a
62.28 longer purchase period is required under United States Code, title 38, section 4312. The
62.29 employing unit shall pay interest on all equivalent member and employer contribution
62.30 amounts payable under this clause. Interest must be computed at a rate of 8.5 percent
62.31 compounded annually from the end of each fiscal year of the leave or the break in service
62.32 to the end of the month in which the payment is received. Upon payment, the employee
62.33 must be granted allowable service credit for the purchased period; or

62.34 (9) a period specified under subdivision 40.

62.35 (b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for
62.36 state officers and employees displaced by the Community Corrections Act, chapter 401,

63.1 and transferred into county service under section 401.04, "allowable service" means the
63.2 combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and
63.3 section 352.01, subdivision 11.

63.4 (c) For a public employee who has prior service covered by a local police or
63.5 firefighters relief association that has consolidated with the Public Employees Retirement
63.6 Association or to which section 353.665 applies, and who has elected the type of benefit
63.7 coverage provided by the public employees police and fire fund either under section
63.8 353A.08 following the consolidation or under section 353.665, subdivision 4, "applicable
63.9 service" is a period of service credited by the local police or firefighters relief association
63.10 as of the effective date of the consolidation based on law and on bylaw provisions
63.11 governing the relief association on the date of the initiation of the consolidation procedure.

63.12 (d) No member may receive more than 12 months of allowable service credit in a
63.13 year either for vesting purposes or for benefit calculation purposes.

63.20 United States armed forces before becoming a public employee, or who failed to obtain
63.21 service credit for a military leave of absence under subdivision 16, paragraph ~~(a)~~,

63.25 credit from any other Minnesota defined benefit public employee pension plan, other than
63.26 a volunteer fire plan, for the same period of service, or if the separation from the United
63.27 States armed forces was under less than honorable conditions.

63.29 (a) must apply with the executive director to make the purchase. The application must
63.30 include all necessary documentation of the public employee's qualifications to make the
63.31 purchase, signed written permission to allow the executive director to request and receive
63.32 necessary verification of applicable facts and eligibility requirements, and any other
63.33 relevant information that the executive director may require.

98.35 **EFFECTIVE DATE.** This section is effective July 1, 2011.

 99.30 member and 9.5 percent of the salary of each basic member after June 30, 2007-, and

100.3	<u>(4) unless paragraph (d) applies, after</u>		
100.4	<u>June 30, 2014</u>	<u>7.5 percent</u>	<u>9.5 percent</u>

100.5 (d) After July 1, 2012, a scheduled contribution increase under paragraph (a), clause
 100.6 (4) or (5), and paragraph (c), clause (3) or (4), is suspended if the most recent actuarial

 100.8 when the total employee contributions, employer contributions under subdivision 3, and
 100.9 direct state aid under section 354A.12 and chapter 422A are compared to the actuarial
 100.10 required contributions of the retirement plan.

100.11 **EFFECTIVE DATE.** This section is effective July 1, 2011.

100.12 Sec. 5. Minnesota Statutes 2008, section 354.42, is amended by adding a subdivision
 100.13 to read:

100.14 Subd. 4b. **Determination.** (a) For purposes of this section, a contribution
 100.15 sufficiency exists if, for purposes of the applicable plan, the total of the employee
 100.16 contributions, the employer contributions, and any additional employer contributions, if
 100.17 applicable, exceeds the total of the normal cost, the administrative expenses, and the
 100.18 amortization contribution of the retirement plan as reported in the most recent actuarial
 100.19 valuation of the retirement plan prepared by the actuary retained under section 356.214
 100.20 and prepared under section 356.215 and the standards for actuarial work of the Legislative
 100.21 Commission on Pensions and Retirement.

100.22 (b) For purposes of this section, a contribution deficiency exists if, for the applicable
 100.23 plan, the total employee contributions, the employer contributions, and any additional
 100.24 employer contributions are less than the total of the normal cost, the administrative
 100.25 expenses, and the amortization contribution of the retirement plan as reported in the most
 100.26 recent actuarial valuation of the retirement plan prepared by the actuary retained under
 100.27 section 356.214 and prepared under section 356.215 and the standards for actuarial work
 100.28 of the Legislative Commission on Pensions and Retirement.

100.29 Sec. 6. Minnesota Statutes 2008, section 354.42, is amended by adding a subdivision
 100.30 to read:

100.31 Subd. 4c. **Contribution rate revision.** Notwithstanding the contribution rate
 100.32 provisions stated in plan law, the employee and employer contribution rates must be
 100.33 adjusted:

101.1 (1) if after July 1, 2014, the regular actuarial valuations of the applicable plan under
101.2 section 356.215 indicate that there is a contribution sufficiency under subdivision 2 equal
101.3 to or greater than 0.5 percent of covered payroll for two consecutive years, the employee
101.4 and employer contribution rates for the applicable plan must be decreased as determined
101.5 under subdivision 4 to a level such that the sufficiency equals no more than 0.25 percent of
101.6 covered payroll based on the most recent actuarial valuation; or

101.7 (2) if after July 1, 2014, the regular actuarial valuations of the applicable plan under
101.8 section 356.215 indicate that there is a deficiency equal to or greater than 0.5 percent of
101.9 covered payroll for two consecutive years, the employee and employer contribution rates
101.10 for the applicable plan must be increased as determined under subdivision 4 to a level such
101.11 that no deficiency exists based on the most recent actuarial valuation.

101.12 Sec. 7. Minnesota Statutes 2008, section 354.42, is amended by adding a subdivision
101.13 to read:

101.14 Subd. 4d. **Reporting, commission review.** (a) The contribution rate increase
101.15 or decrease must be determined by the executive director of the Teachers Retirement
101.16 Association, must be reported to the chair and the executive director of the Legislative
101.17 Commission on Pensions and Retirement on or before the next February 1, and, if the
101.18 Legislative Commission on Pensions and Retirement does not recommend against the
101.19 rate change or does not recommend a modification in the rate change, is effective on the
101.20 next July 1 following the determination by the executive director that a contribution
101.21 deficiency or sufficiency has existed for two consecutive fiscal years based on the most
101.22 recent actuarial valuations under section 356.215. If the actuarially required contribution
101.23 exceeds or is less than the total support provided by the combined employee and employer
101.24 contribution rates for the applicable plan by more than 0.5 percent of covered payroll, the
101.25 applicable plan employee and employer contribution rates must be adjusted incrementally
101.26 over one or more years to a level such that there remains a contribution sufficiency of no
101.27 more than 0.25 percent of covered payroll.

101.28 (b) No incremental adjustment may exceed 0.25 percent of payroll for either the
101.29 employee or employer contribution rates per year in which any adjustment is implemented.
101.30 For an applicable plan, a contribution rate adjustment under this section must not be
101.31 made until at least two years have passed since fully implementing a previous adjustment
101.32 under this section.

101.33 **EFFECTIVE DATE.** This section is effective July 1, 2011.

101.34 Sec. 8. Minnesota Statutes 2008, section 354.44, subdivision 6, is amended to read:

102.1 Subd. 6. **Computation of formula program retirement annuity.** (a) The formula
 102.2 retirement annuity must be computed in accordance with the applicable provisions of the
 102.3 formulas stated in paragraph (b) or (d) on the basis of each member's average salary under
 102.4 section 354.05, subdivision 13a, for the period of the member's formula service credit.

102.5 (b) This paragraph, in conjunction with paragraph (c), applies to a person who first
 102.6 became a member of the association or a member of a pension fund listed in section
 102.7 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with
 102.8 paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The
 102.9 average salary as defined in section 354.05, subdivision 13a, multiplied by the following
 102.10 percentages per year of formula service credit ~~shall determine~~ determines the amount
 102.11 of the annuity to which the member qualifying therefor is entitled for service rendered
 102.12 before July 1, 2006:

	Coordinated Member	Basic Member
102.13		
102.14	Each year of service during	the percent specified
102.15	first ten	in section 356.315,
102.16		subdivision 1, per year
102.17	Each year of service	the percent specified
102.18	thereafter	in section 356.315,
102.19		subdivision 2, per year
		subdivision 3, per year
		subdivision 4, per year

102.20 For service rendered on or after July 1, 2006, the average salary as defined in section
 102.21 354.05, subdivision 13a, multiplied by the following percentages per year of service credit,
 102.22 determines the amount the annuity to which the member qualifying therefor is entitled:

	Coordinated Member	Basic Member
102.23		
102.24	Each year of service during	the percent specified
102.25	first ten	in section 356.315,
102.26		subdivision 1a, per year
102.27	Each year of service after	the percent specified
102.28	ten years of service	in section 356.315,
102.29		subdivision 2b, per year
		subdivision 3, per year
		subdivision 4, per year

102.30 (c)(i) This paragraph applies only to a person who first became a member of the
 102.31 association or a member of a pension fund listed in section 356.30, subdivision 3, before
 102.32 July 1, 1989, and whose annuity is higher when calculated under paragraph (b), in
 102.33 conjunction with this paragraph than when calculated under paragraph (d), in conjunction
 102.34 with paragraph (e).

102.35 (ii) Where any member retires prior to normal retirement age under a formula
 102.36 annuity, the member ~~shall~~ must be paid a retirement annuity in an amount equal to the
 102.37 normal annuity provided in paragraph (b) reduced by one-quarter of one percent for each
 102.38 month that the member is under normal retirement age at the time of retirement except

103.1 that for any member who has 30 or more years of allowable service credit, the reduction
103.2 ~~shall~~ must be applied only for each month that the member is under age 62.

103.3 (iii) Any member whose attained age plus credited allowable service totals 90 years
103.4 is entitled, upon application, to a retirement annuity in an amount equal to the normal
103.5 annuity provided in paragraph (b), without any reduction by reason of early retirement.

103.6 (d) This paragraph applies to a member who has become at least 55 years old and
103.7 first became a member of the association after June 30, 1989, and to any other member
103.8 who has become at least 55 years old and whose annuity amount when calculated under
103.9 this paragraph and in conjunction with paragraph (e), is higher than it is when calculated
103.10 under paragraph (b), in conjunction with paragraph (c). For a basic member, the average
103.11 salary, as defined in section 354.05, subdivision 13a, multiplied by the percent specified
103.12 by section 356.315, subdivision 4, for each year of service for a basic member ~~shall~~
103.13 ~~determine~~ determines the amount of the retirement annuity to which the basic member is
103.14 entitled. The annuity of a basic member who was a member of the former Minneapolis
103.15 Teachers Retirement Fund Association as of June 30, 2006, must be determined according
103.16 to the annuity formula under the articles of incorporation of the former Minneapolis
103.17 Teachers Retirement Fund Association in effect as of that date. For a coordinated member,
103.18 the average salary, as defined in section 354.05, subdivision 13a, multiplied by the percent
103.19 specified in section 356.315, subdivision 2, for each year of service rendered before July
103.20 1, 2006, ~~and~~ by the percent specified in section 356.315, subdivision 2b, for each year
103.21 of service rendered on or after July 1, 2006, and before July 1, 2011, and by the percent
103.22 specified in section 356.315, subdivision 2c, for each year of service rendered after June
103.23 30, 2011, determines the amount of the retirement annuity to which the coordinated
103.24 member is entitled. For a member who has 30 or more years of allowable service credit,
103.25 the person's normal retirement age is age 62 and the age 55 minimum early reduced benefit
103.26 retirement age does not apply to the person.

103.27 (e) This paragraph applies to a person who has become at least 55 years old and first
103.28 becomes a member of the association after June 30, 1989, and to any other member who
103.29 has become at least 55 years old and whose annuity is higher when calculated under
103.30 paragraph (d) in conjunction with this paragraph than when calculated under paragraph
103.31 (b), in conjunction with paragraph (c). An employee who retires under the formula
103.32 annuity before the normal retirement age ~~shall~~ as defined by section 354.05, subdivision
103.33 38, must be paid the normal annuity provided in paragraph (d) reduced so that the reduced
103.34 annuity is the actuarial equivalent of the annuity that would be payable to the employee if
103.35 the employee deferred receipt of the annuity and the annuity amount were augmented at
103.36 an annual rate of three percent compounded annually from the day the annuity begins to

104.1 accrue until the normal retirement age if the employee became an employee before July 1,
104.2 2006, and at 2.5 percent compounded annually if the employee becomes an employee after
104.3 June 30, 2006. For a member who has 30 or more years of allowable service credit, the
104.4 person's normal retirement age is age 62 and the age 55 minimum early reduced benefit
104.5 retirement age does not apply to the person.

104.6 (f) No retirement annuity is payable to a former employee with a salary that exceeds
104.7 95 percent of the governor's salary unless and until the salary figures used in computing
104.8 the highest five successive years average salary under paragraph (a) have been audited by
104.9 the Teachers Retirement Association and determined by the executive director to comply
104.10 with the requirements and limitations of section 354.05, subdivisions 35 and 35a.

104.11 **EFFECTIVE DATE.** This section is effective July 1, 2011.

104.12 Sec. 9. Minnesota Statutes 2008, section 354A.011, subdivision 15a, is amended to
104.13 read:

104.14 Subd. 15a. **Normal retirement age.** "Normal retirement age" means age 65 ~~for a~~
104.15 ~~person who first became a member of the coordinated program of the St. Paul Teachers~~
104.16 ~~Retirement Fund Association or the new law coordinated program of the Duluth Teachers~~
104.17 ~~Retirement Fund Association or a member of a pension fund listed in section 356.30;~~
104.18 ~~subdivision 3, before July 1, 1989. For a person who first became a member of the~~
104.19 ~~coordinated program of the St. Paul Teachers Retirement Fund Association or the new law~~
104.20 ~~coordinated program of the Duluth Teachers Retirement Fund Association after June 30,~~
104.21 ~~1989, normal retirement age means the higher of age 65 or retirement age, as defined in~~
104.22 ~~United States Code, title 42, section 416(1), as amended, but not to exceed age 66. For a~~
104.23 person with 30 years of service, normal retirement age means age 62. For a person who is
104.24 a member of the basic program of the St. Paul Teachers Retirement Fund Association or
104.25 the old law coordinated program of the Duluth Teachers Retirement Fund Association,
104.26 normal retirement age means the age at which a teacher becomes eligible for a normal
104.27 retirement annuity computed upon meeting the age and service requirements specified
104.28 in the applicable provisions of the articles of incorporation or bylaws of the respective
104.29 teachers retirement fund association.

104.30 **EFFECTIVE DATE.** This section is effective July 1, 2011.

104.31 Sec. 10. Minnesota Statutes 2008, section 354A.12, subdivision 1, is amended to read:

105.1 Subdivision 1. **Employee contributions.** (a) The contribution required to be paid
 105.2 by each member of a teachers retirement fund association ~~shall~~ must not be less than the
 105.3 percentage of total salary specified below for the applicable association and program:

105.4 Duluth Teachers Retirement Fund Association	
105.5 old law and new law

 107.23 subdivision to read:

107.24 Subd. 4a. **Determination.** (a) For purposes of this section, a contribution sufficiency
 107.25 exists if, for purposes of the applicable plan, the total of the employee contributions,
 107.26 the employer contributions, and any additional employer contributions, if applicable,
 107.27 exceeds the total of the normal cost, the administrative expenses, and the amortization
 107.28 contribution of the retirement plan as reported in the most recent actuarial valuation of the
 107.29 retirement plan prepared by the actuary retained under section 356.214 and prepared under
 107.30 section 356.215 and the standards for actuarial work of the Legislative Commission on
 107.31 Pensions and Retirement.

107.32 (b) For purposes of this section, a contribution deficiency exists if, for the applicable
 107.33 plan, the total employee contributions, employer contributions, and any additional
 107.34 employer contributions are less than the total of the normal cost, the administrative
 107.35 expenses, and the amortization contribution of the retirement plan as reported in the most
 107.36 recent actuarial valuation of the retirement plan prepared by the actuary retained under

108.1 section 356.214 and prepared under section 356.215 and the standards for actuarial work
108.2 of the Legislative Commission on Pensions and Retirement.

108.3 Sec. 13. Minnesota Statutes 2008, section 354A.12, is amended by adding a
108.4 subdivision to read:

108.5 Subd. 4b. **Contribution rate revision.** Notwithstanding the contribution rate
108.6 provisions stated in plan law, the employee and employer contribution rates must be
108.7 adjusted:

108.8 (1) if after July 1, 2014, the regular actuarial valuations of the applicable plan under
108.9 section 356.215 indicate that there is a contribution sufficiency under subdivision 2 equal
108.10 to or greater than 0.5 percent of covered payroll for two consecutive years, the employee
108.11 and employer contribution rates for the applicable plan must be decreased as determined
108.12 under subdivision 4 to a level such that the sufficiency equals no more than 0.25 percent of
108.13 covered payroll based on the most recent actuarial valuation; or

108.14 (2) if after July 1, 2014, the regular actuarial valuations of the applicable plan under
108.15 section 356.215 indicate that there is a deficiency equal to or greater than 0.5 percent of
108.16 covered payroll for two consecutive years, the employee and employer contribution rates
108.17 for the applicable plan must be increased as determined under subdivision 4 to a level such
108.18 that no deficiency exists based on the most recent actuarial valuation.

108.19 Sec. 14. Minnesota Statutes 2008, section 354A.12, is amended by adding a
108.20 subdivision to read:

108.21 Subd. 4c. **Reporting, commission review.** (a) The contribution rate increase or
108.22 decrease must be determined by the executive director of the Duluth Teachers Retirement
108.23 Fund Association or the St. Paul Teachers Retirement Fund Association, and must be
108.24 reported to the chair and the executive director of the Legislative Commission on Pensions
108.25 and Retirement on or before the next February 1, and, if the Legislative Commission
108.26 on Pensions and Retirement does not recommend against the rate change or does not
108.27 recommend a modification in the rate change, is effective on the next July 1 following
108.28 the determination by the executive director that a contribution deficiency or sufficiency
108.29 has existed for two consecutive fiscal years based on the most recent actuarial valuations
108.30 under section 356.215. If the actuarially required contribution exceeds or is less than
108.31 the total support provided by the combined employee and employer contribution rates
108.32 for the applicable plan by more than 0.5 percent of covered payroll, the applicable plan
108.33 employee and employer contribution rates must be adjusted incrementally over one or

109.1 more years to a level such that there remains a contribution sufficiency of no more than
109.2 0.25 percent of covered payroll.

109.3 (b) No incremental adjustment may exceed 0.25 percent of payroll for either the
109.4 employee or employer contribution rates per year in which any adjustment is implemented.
109.5 For an applicable plan, a contribution rate adjustment under this section must not be
109.6 made until at least two years have passed since fully implementing a previous adjustment
109.7 under this section.

109.8 **EFFECTIVE DATE.** This section is effective July 1, 2011.

109.9 Sec. 15. Minnesota Statutes 2008, section 354A.31, subdivision 4, is amended to read:

109.10 Subd. 4. **Computation of normal coordinated retirement annuity; St. Paul**
109.11 **fund.** (a) This subdivision applies to the coordinated program of the St. Paul Teachers
109.12 Retirement Fund Association.

109.13 (b) The normal coordinated retirement annuity is an amount equal to a retiring
109.14 coordinated member's average salary under section 354A.011, subdivision 7a, multiplied
109.15 by the retirement annuity formula percentage.

109.16 (c) This paragraph, in conjunction with subdivision 6, applies to a person who first
109.17 became a member or a member in a pension fund listed in section 356.30, subdivision 3,
109.18 before July 1, 1989, unless paragraph (d), in conjunction with subdivision 7, produces a
109.19 higher annuity amount, in which case paragraph (d) will apply. ~~The retirement annuity~~
109.20 ~~formula percentage for purposes of this paragraph is the percent specified in section~~
109.21 ~~356.315, subdivision 1, per year for each year of coordinated service for the first ten years~~
109.22 ~~and the percent specified in section 356.315, subdivision 2, for each year of coordinated~~
109.23 ~~service thereafter.~~ The average salary multiplied by the following retirement annuity
109.24 formula percentage per year of allowable service determines the amount of the annuity to
109.25 which the member qualifying therefor is entitled for service rendered before July 1, 2011:

109.26 Each year of service during first ten years the percent specified in section 356.315,
109.27 subdivision 1, per year

109.28 Each year of service thereafter the percent specified in section 356.315,
109.29 subdivision 2, per year

109.30 For service rendered on or after July 1, 2011, the average salary multiplied by the
109.31 following retirement annuity formula percentage per year of allowable service determines
109.32 the amount of the annuity to which the member qualifying therefor is entitled:

109.33 Each year of service during first ten years the percent specified in section 356.315,
109.34 subdivision 1a, per year

109.35 Each year of service thereafter the percent specified in section 356.315,
109.36 subdivision 2b, per year

110.1 (d) This paragraph applies to a person who has become at least 55 years old and who
 110.2 first becomes a member after June 30, 1989, and to any other member who has become
 110.3 at least 55 years old and whose annuity amount, when calculated under this paragraph
 110.4 and in conjunction with subdivision 7 is higher than it is when calculated under paragraph
 110.5 (c), in conjunction with the provisions of subdivision 6. The retirement annuity formula
 110.6 percentage for purposes of this paragraph is the percent specified in section 356.315,
 110.7 subdivision 2, for each year of coordinated service before July 1, 2011, and by the percent
 110.8 specified in section 356.315, subdivision 2c, for each year of service rendered after June
 110.9 30, 2011. For a member who has 30 or more years of allowable service credit, the person's
 110.10 normal retirement age is age 62 and the age 55 minimum early reduced benefit retirement
 110.11 age does not apply to the person.

110.12 **EFFECTIVE DATE.** This section is effective July 1, 2011.

110.13 Sec. 16. Minnesota Statutes 2008, section 354A.31, subdivision 4a, is amended to read:

110.14 Subd. 4a. **Computation of normal coordinated retirement annuity; Duluth**
 110.15 **fund.** (a) This subdivision applies to the new law coordinated program of the Duluth
 110.16 Teachers Retirement Fund Association.

110.17 (b) The normal coordinated retirement annuity is an amount equal to a retiring
 110.18 coordinated member's average salary under section 354A.011, subdivision 7a, multiplied
 110.19 by the retirement annuity formula percentage.

110.20 (c) This paragraph, in conjunction with subdivision 6, applies to a person who first
 110.21 became a member or a member in a pension fund listed in section 356.30, subdivision 3,
 110.22 before July 1, 1989, unless paragraph (d), in conjunction with subdivision 7, produces a
 110.23 higher annuity amount, in which case paragraph (d) applies. ~~The retirement annuity~~
 110.24 ~~formula percentage for purposes of this paragraph is the percent specified in section~~
 110.25 ~~356.315, subdivision 1, per year for each year of coordinated service for the first ten years~~
 110.26 ~~and the percent specified in section 356.315, subdivision 2, for each subsequent year of~~
 110.27 ~~coordinated service.~~ The average salary multiplied by the following retirement annuity
 110.28 formula percentage per year of allowable service determines the amount of the annuity to
 110.29 which the member qualifying therefor is entitled for service rendered before July 1, 2011:

110.30 <u>Each year of service during first ten years</u>	<u>the percent specified in section 356.315,</u>
110.31	<u>subdivision 1, per year</u>
110.32 <u>Each year of service thereafter</u>	<u>the percent specified in section 356.315,</u>
110.33	<u>subdivision 2, per year</u>

111.1 For service rendered on or after July 1, 2011, the average salary multiplied by the
 111.2 following retirement annuity formula percentage per year of allowable service determines
 111.3 the amount of the annuity to which the member qualifying therefor is entitled:

111.4 Each year of service during first ten years the percent specified in section 356.315,
 111.5 subdivision 1a, per year

111.6 Each year of service thereafter the percent specified in section 356.315,
 111.7 subdivision 2b, per year

111.8 (d) This paragraph applies to a person who is at least 55 years old and who first
 111.9 becomes a member after June 30, 1989, and to any other member who is at least 55 years
 111.10 old and whose annuity amount, when calculated under this paragraph and in conjunction
 111.11 with subdivision 7, is higher than it is when calculated under paragraph (c) in conjunction
 111.12 with subdivision 6. The retirement annuity formula percentage for purposes of this
 111.13 paragraph is the percent specified in section 356.315, subdivision 2, for each year of
 111.14 coordinated service before July 1, 2011, and by the percent specified in section 356.315,
 111.15 subdivision 2c, for each year of service rendered after June 30, 2011. For a member who
 111.16 has 30 or more years of allowable service credit, the person's normal retirement age is
 111.17 age 62 and the age 55 minimum early reduced benefit retirement age does not apply
 111.18 to the person.

111.19 **EFFECTIVE DATE.** This section is effective July 1, 2011.

111.20 Sec. 17. Minnesota Statutes 2008, section 354A.31, subdivision 7, is amended to read:

111.21 Subd. 7. **Actuarial reduction for early retirement.** This subdivision applies to
 111.22 a person who has become at least 55 years old and first becomes a coordinated member
 111.23 after June 30, 1989, and to any other coordinated member who has become at least 55
 111.24 years old and whose annuity is higher when calculated using the retirement annuity
 111.25 formula percentage in subdivision 4, paragraph (d), and subdivision 4a, paragraph (d), in
 111.26 conjunction with this subdivision than when calculated under subdivision 4, paragraph
 111.27 (c), or subdivision 4a, paragraph (c), in conjunction with subdivision 6. A coordinated
 111.28 member who retires before the full benefit age ~~shall~~ as defined by section 354A.011,
 111.29 subdivision 15a, must be paid the retirement annuity calculated using the retirement
 111.30 annuity formula percentage in subdivision 4, paragraph (d), or subdivision 4a, paragraph
 111.31 (d), reduced so that the reduced annuity is the actuarial equivalent of the annuity that
 111.32 would be payable to the member if the member deferred receipt of the annuity and the
 111.33 annuity amount were augmented at an annual rate of three percent compounded annually
 111.34 from the day the annuity begins to accrue until the normal retirement age if the employee
 111.35 became an employee before July 1, 2006, and at 2.5 percent compounded annually

112.1 from the day the annuity begins to accrue until the normal retirement age if the person
112.2 initially becomes a teacher after June 30, 2006. For a member who has 30 or more years
112.3 of allowable service credit, the person's normal retirement age is age 62 and the age 55
112.4 minimum early reduced benefit retirement age does not apply to the person.

112.5 **EFFECTIVE DATE.** This section is effective July 1, 2011.

112.6 Sec. 18. Minnesota Statutes 2008, section 356.315, is amended by adding a subdivision
112.7 to read:

112.8 Subd. 2c. **Certain coordinated members.** The applicable benefit accrual rate
112.9 is 2.1 percent.

112.10 **EFFECTIVE DATE.** This section is effective July 1, 2011.

112.30 adoption by the board of trustees, shall post the same document on the system website at
112.31 the same time, and shall hold a public hearing on the proposed eligibility requirements.
112.32 The type and any additional amount of the incentive to be offered may vary by employee
112.33 classification, as specified by the board.

113.18 early separation incentive must be borne by the successor institution. If a college or
113.19 university is closed, the remaining cost of any early separation incentive must be borne
113.20 by the board of trustees.

113.21 (i) Annually, the chancellor and the president of each college or university must
113.22 report on the number and types of early separation incentives which were offered and
113.23 utilized under this section. The report must be filed annually with the board of trustees and
113.24 with the Legislative Reference Library on or before September 1.

115.35 rounded to the nearest one-tenth of one percent.

116.1 (e) The amount calculated under paragraph (d) is the full cost-of-living adjustment
116.2 to be applied as a permanent increase to the regular payment of each eligible member
116.3 on January 1 of the next calendar year. For any eligible member whose effective date
116.4 of benefit commencement occurred during the calendar year before the cost-of-living

116.7 which the cost-of-living adjustment is applied, calculated to the third decimal place.

123.24 Sec. 6. Minnesota Statutes 2008, section 69.021, subdivision 7, is amended to read:

123.25 Subd. 7. **Apportionment of fire state aid to municipalities and relief associations.**

123.26 (a) The commissioner shall apportion the fire state aid relative to the premiums reported
 123.27 on the Minnesota Firetown Premium Reports filed under this chapter to each municipality
 123.28 and/or firefighters relief association.

123.29 (b) The commissioner shall calculate an initial fire state aid allocation amount for
 123.30 each municipality or fire department under paragraph (c) and a minimum fire state aid
 123.31 allocation amount for each municipality or fire department under paragraph (d). The
 123.32 municipality or fire department must receive the larger fire state aid amount.

123.33 (c) The initial fire state aid allocation amount is the amount available for
 123.34 apportionment as fire state aid under subdivision 5, without inclusion of any additional
 123.35 funding amount to support a minimum fire state aid amount under section 423A.02,

124.1 subdivision 3, allocated one-half in proportion to the population as shown in the last
124.2 official statewide federal census for each fire town and one-half in proportion to the market
124.3 value of each fire town, including (1) the market value of tax exempt property and (2) the
124.4 market value of natural resources lands receiving in lieu payments under sections 477A.11
124.5 to 477A.14, but excluding the market value of minerals. In the case of incorporated or
124.6 municipal fire departments furnishing fire protection to other cities, towns, or townships
124.7 as evidenced by valid fire service contracts filed with the commissioner, the distribution
124.8 must be adjusted proportionately to take into consideration the crossover fire protection
124.9 service. Necessary adjustments ~~shall~~ must be made to subsequent apportionments. In
124.10 the case of municipalities or independent fire departments qualifying for the aid, the
124.11 commissioner shall calculate the state aid for the municipality or relief association on the
124.12 basis of the population and the market value of the area furnished fire protection service
124.13 by the fire department as evidenced by duly executed and valid fire service agreements
124.14 filed with the commissioner. If one or more fire departments are furnishing contracted
124.15 fire service to a city, town, or township, only the population and market value of the
124.16 area served by each fire department may be considered in calculating the state aid and
124.17 the fire departments furnishing service shall enter into an agreement apportioning among
124.18 themselves the percent of the population and the market value of each service area. The
124.19 agreement must be in writing and must be filed with the commissioner.

124.20 (d) The minimum fire state aid allocation amount is the amount in addition to the
124.21 initial fire state allocation amount that is derived from any additional funding amount
124.22 to support a minimum fire state aid amount under section 423A.02, subdivision 3, and
124.23 allocated to municipalities with volunteer firefighters relief associations or covered by the
124.24 voluntary statewide lump-sum volunteer firefighter retirement plan based on the number
124.25 of active volunteer firefighters who are members of the relief association as reported
124.26 in the annual financial reporting for the calendar year 1993 to the Office of the State
124.27 Auditor, but not to exceed 30 active volunteer firefighters, so that all municipalities or
124.28 fire departments with volunteer firefighters relief associations receive in total at least a
124.29 minimum fire state aid amount per 1993 active volunteer firefighter to a maximum of
124.30 30 firefighters. If a relief association is established after calendar year 1993 and before
124.31 calendar year 2000, the number of active volunteer firefighters who are members of the
124.32 relief association as reported in the annual financial reporting for calendar year 1998
124.33 to the Office of the State Auditor, but not to exceed 30 active volunteer firefighters,
124.34 shall be used in this determination. If a relief association is established after calendar
124.35 year 1999, the number of active volunteer firefighters who are members of the relief
124.36 association as reported in the first annual financial reporting submitted to the Office of

125.1 the State Auditor, but not to exceed 20 active volunteer firefighters, must be used in this
125.2 determination. If a relief association is terminated as a result of providing retirement
125.3 coverage for volunteer firefighters by the voluntary statewide lump-sum volunteer
125.4 firefighter retirement plan under chapter 353G, the number of active volunteer firefighters
125.5 of the municipality covered by the statewide plan as certified by the executive director of
125.6 the Public Employees Retirement Association to the commissioner and the state auditor,
125.7 but not to exceed 30 active firefighters, must be used in this determination.

125.8 (e) Unless the firefighters of the applicable fire department are members of the
125.9 voluntary statewide lump-sum volunteer firefighter retirement plan, the fire state aid must
125.10 be paid to the treasurer of the municipality where the fire department is located and the
125.11 treasurer of the municipality shall, within 30 days of receipt of the fire state aid, transmit
125.12 the aid to the relief association if the relief association has filed a financial report with the
125.13 treasurer of the municipality and has met all other statutory provisions pertaining to the
125.14 aid apportionment. If the firefighters of the applicable fire department are members of
125.15 the voluntary statewide lump-sum volunteer firefighter retirement plan, the fire state aid
125.16 must be paid to the executive director of the Public Employees Retirement Association
125.17 and deposited in the voluntary statewide lump-sum volunteer firefighter retirement fund.

125.18 (f) The commissioner may make rules to permit the administration of the provisions
125.19 of this section.

125.20 (g) Any adjustments needed to correct prior misallocations must be made to
125.21 subsequent apportionments.

125.22 Sec. 7. Minnesota Statutes 2008, section 69.021, subdivision 9, is amended to read:

125.24 association, ~~or~~ a police relief association, or the voluntary statewide lump-sum volunteer

125.26 review and adjust the apportionment of funds within the county in the case of police state
125.27 aid, or within the state in the case of fire state aid. The decision of the commissioner is
125.28 subject to appeal, review, and adjustment by the district court in the county in which the
125.29 applicable municipality, fire department, or police department is located.

125.30 Sec. 8. Minnesota Statutes 2008, section 69.031, subdivision 1, is amended to read:

125.31 Subdivision 1. **Commissioner of finance's warrant.** (a) The commissioner of
125.32 finance shall issue to the Public Employees Retirement Association on behalf of a

126.12 fire state aid against future municipal contribution requirements under section 353G.08
126.13 and shall notify the municipality or independent nonprofit firefighting corporation of
126.14 the fire state aid so credited at least annually. If the municipality or the independent
126.15 nonprofit firefighting corporation is not covered by the voluntary statewide lump-sum
126.16 volunteer firefighter retirement plan, the municipal treasurer shall, within 30 days after
126.17 receipt, transmit the fire state aid to the treasurer of the duly incorporated firefighters'
126.18 relief association if there is one organized and the association has filed a financial report
126.19 with the municipality. If the relief association has not filed a financial report with the
126.20 municipality, the municipal treasurer shall delay transmission of the fire state aid to
126.21 the relief association until the complete financial report is filed. If the municipality or

132.10 relief association, and the chief administrative officer of the entity associated with the

133.7 liquidate any investment security or other asset which the executive director of the State
133.8 Board of Investment has determined to be an ineligible or inappropriate investment for
133.9 retention by the State Board of Investment. The security or asset liquidation must occur
133.10 before the effective date of the transfer of retirement plan coverage. If requested to do
133.11 so by the chief administrative officer of the relief association, the executive director of
133.12 the State Board of Investment shall provide advice about the best means to conduct the
133.13 liquidation.

133.14 (f) Upon receipt of the cost analysis, the governing body of the municipality or
133.15 independent nonprofit firefighting corporation associated with the fire department shall
133.16 approve or disapprove the retirement coverage change within 90 days. If the retirement
133.17 coverage change is not acted upon within 90 days, it is deemed to be disapproved. If the
133.18 retirement coverage change is approved by the applicable governing body, coverage by
133.19 the voluntary statewide lump-sum volunteer firefighter retirement plan is effective on the
133.20 next following January 1.

133.21 **Sec. 15. [353G.06] DISESTABLISHMENT OF PRIOR VOLUNTEER**
133.22 **FIREFIGHTERS' RELIEF ASSOCIATION SPECIAL FUND UPON**
133.23 **RETIREMENT COVERAGE CHANGE.**

133.24 Subdivision 1. **Special fund disestablishment.** (a) On the date immediately prior
133.25 to the effective date of the coverage change, the special fund of the applicable volunteer
133.26 firefighters' relief association, if one exists, ceases to exist as a pension fund of the
133.27 association and legal title to the assets of the special fund transfers to the State Board of
133.28 Investment, with the beneficial title to the assets of the special fund remaining in the
133.29 applicable volunteer firefighters.

133.30 (b) If the market value of the special fund of the volunteer firefighters' relief
133.31 association for which retirement coverage changed under this chapter declines in the
133.32 interval between the date of the most recent financial report or statement, and the special
133.33 fund disestablishment date, the applicable municipality shall transfer an additional amount
133.34 to the State Board of Investment equal to that decline. If more than one municipality is
133.35 responsible for the direct management of the fire department, the municipalities shall

134.1 allocate the additional transfer amount among the various applicable municipalities
134.2 one-half in proportion to the population of each municipality and one-half in proportion
134.3 to the market value of each municipality.

134.4 Subd. 2. **Other relief association changes.** In addition to the transfer and
134.5 disestablishment of the special fund under subdivision 1, notwithstanding any provisions
134.6 of chapter 424A or 424B to the contrary, upon the effective date of the change in volunteer
134.7 firefighter retirement coverage, if the relief association membership elects to retain the
134.8 relief association after the benefit coverage election, the following changes must be
134.9 implemented with respect to the applicable volunteer firefighters' relief association:

134.10 (1) the relief association board of trustees membership is reduced to five, comprised
134.11 of the fire chief of the fire department and four trustees elected by and from the relief
134.12 association membership;

134.13 (2) the relief association may only maintain a general fund, which continues to
134.14 be governed by section 424A.06;

134.15 (3) the relief association is not authorized to receive the proceeds of any state aid or
134.16 to receive any municipal funds; and

134.17 (4) the relief association may not pay any service pension or benefit that was not
134.18 authorized as a general fund disbursement under the articles of incorporation or bylaws of
134.19 the relief association in effect prior to the plan coverage election process.

134.20 Subd. 3. **Successor in interest.** Upon the disestablishment of the special fund of
134.21 the volunteer firefighters' relief association under this section, the voluntary statewide
134.22 lump-sum volunteer firefighter retirement plan is the successor in interest of the special
134.23 fund of the volunteer firefighters' relief association for all claims against the special fund
134.24 other than a claim against the special fund, the volunteer firefighters' relief association,
134.25 the municipality, the fire department, or any person connected with the volunteer
134.26 firefighters' relief association in a fiduciary capacity under chapter 356A or common law
134.27 that was based on any act or acts which were not performed in good faith and which
134.28 constituted a breach of a fiduciary obligation. As the successor in interest of the special
134.29 fund of the volunteer firefighters' relief association, the voluntary statewide lump-sum
134.30 volunteer firefighter retirement plan may assert any applicable defense in any judicial
134.31 proceeding which the board of trustees of the volunteer firefighters' relief association or
134.32 the municipality would have been entitled to assert.

134.33 **Sec. 16. [353G.07] CERTIFICATION OF GOOD TIME SERVICE CREDIT.**

134.34 (a) Annually, by March 31, the fire chief of the fire department with firefighters who
134.35 are active members of the retirement plan shall certify to the executive director the good

135.1 time service credit for the previous calendar year of each firefighter rendering active
135.2 service with the fire department.

135.3 (b) The fire chief shall provide to each firefighter rendering active service with
135.4 the fire department notification of the amount of good time service credit rendered by
135.5 the firefighter for the calendar year. The good time service credit notification must be
135.6 provided to the firefighter 60 days before its certification to the executive director of the
135.7 Public Employees Retirement Association, along with an indication of the process for the
135.8 firefighter to challenge the fire chief's determination of good time service credit. If the
135.9 good time service credit amount is challenged in a timely fashion, the fire chief shall hold
135.10 a hearing on the challenge, accept and consider any additional pertinent information,
135.11 and make a final determination of good time service credit. The final determination of
135.12 good time service credit by the fire chief is not reviewable by the executive director of
135.13 the Public Employees Retirement Association or by the board of trustees of the Public
135.14 Employees Retirement Association.

135.15 (c) The good time service credit certification is an official public document. If a
135.16 false good time service credit certification is filed or if false information regarding good
135.17 time service credits is provided, section 353.19 applies.

135.18 (d) The good time service credit certification must be expressed as a percentage of a
135.19 full year of service during which an active firefighter rendered at least the minimum level
135.20 and quantity of fire suppression, emergency response, fire prevention, or fire education
135.21 duties required by the fire department under the rules and regulations applicable to the
135.22 fire department. No more than one year of good time service credit may be certified
135.23 for a calendar year.

135.24 (e) If a firefighter covered by the retirement plan leaves active firefighting service
135.25 to render active military service that is required to be covered by the federal Uniformed
135.26 Services Employment and Reemployment Rights Act, as amended, the person must be
135.27 certified as providing a full year of good time service credit in each year of the military
135.28 service, up to the applicable limit of the federal Uniformed Services Employment and
135.29 Reemployment Rights Act. If the firefighter does not return from the military service in
135.30 compliance with the federal Uniformed Services Employment and Reemployment Rights
135.31 Act, the good time service credits applicable to that military service credit period are
135.32 forfeited and cancel at the end of the calendar year in which the federal law time limit
135.33 occurs.

135.34 **Sec. 17. [353G.08] RETIREMENT PLAN FUNDING; DISBURSEMENTS.**

136.1 (a) Annually, the executive director shall determine the funding requirements of
136.2 each account in the voluntary statewide lump-sum volunteer firefighter retirement plan
136.3 on or before August 1. The funding requirements as directed under this section, must be
136.4 determined using a mathematical procedure developed and certified as accurate by an
136.5 approved actuary retained by the Public Employees Retirement Association and based on
136.6 present value factors using a six percent interest rate, without any decrement assumptions.
136.7 The funding requirements must be certified to the entity or entities associated with the fire
136.8 department whose active firefighters are covered by the retirement plan.

136.9 (b) The overall funding balance of each account for the current calendar year must
136.10 be determined in the following manner:

136.11 (1) The total accrued liability for all active and deferred members of the account as
136.12 of December 31 of the current year must be calculated based on the good time service
136.13 credit of active and deferred members as of that date.

136.14 (2) The total present assets of the account projected to December 31 of the current
136.15 year, including receipts by and disbursements from the account anticipated to occur on or
136.16 before December 31, must be calculated. To the extent possible, the market value of assets
136.17 must be utilized in making this calculation.

136.18 (3) The amount of the total present assets calculated under clause (2) must be
136.19 subtracted from the amount of the total accrued liability calculated under clause (1). If the
136.20 amount of total present assets exceeds the amount of the total accrued liability, then the
136.21 account is considered to have a surplus over full funding. If the amount of the total present
136.22 assets is less than the amount of the total accrued liability, then the account is considered
136.23 to have a deficit from full funding. If the amount of total present assets is equal to the
136.24 amount of the total accrued liability, then the special fund is considered to be fully funded.

136.25 (c) The financial requirements of each account for the following calendar year must
136.26 be determined in the following manner:

136.27 (1) The total accrued liability for all active and deferred members of the account
136.28 as of December 31 of the calendar year next following the current calendar year must be
136.29 calculated based on the good time service used in the calculation under paragraph (b),
136.30 clause (1), increased by one year.

136.31 (2) The increase in the total accrued liability of the account for the following calendar
136.32 year over the total accrued liability of the account for the current year must be calculated.

136.33 (3) The amount of anticipated future administrative expenses of the account must be
136.34 calculated by multiplying the dollar amount of the administrative expenses for the most
136.35 recent prior calendar year by the factor of 1.035.

137.1 (4) If the account is fully funded, the financial requirement of the account for the
137.2 following calendar year is the total of the amounts calculated under clauses (2) and (3).

137.3 (5) If the account has a deficit from full funding, the financial requirement of the
137.4 account for the following calendar year is the total of the amounts calculated under clauses
137.5 (2) and (3) plus an amount equal to one-tenth of the amount of the deficit from full
137.6 funding of the account.

137.7 (6) If the account has a surplus over full funding, the financial requirement of
137.8 the account for the following calendar year is the financial requirement of the account
137.9 calculated as though the account was fully funded under clause (4) and, if the account has
137.10 also had a surplus over full funding during the prior two years, additionally reduced by an
137.11 amount equal to one-tenth of the amount of the surplus over full funding of the account.

137.12 (d) The required contribution of the entity or entities associated with the fire
137.13 department whose active firefighters are covered by the retirement plan is the annual
137.14 financial requirements of the account of the retirement plan under paragraph (c) reduced
137.15 by the amount of any fire state aid payable under sections 69.011 to 69.051 reasonably
137.16 anticipated to be received by the retirement plan attributable to the entity or entities during
137.17 the following calendar year, and an amount of interest on the assets projected to be
137.18 received during the following calendar year calculated at the rate of six percent per annum.
137.19 The required contribution must be allocated between the entities if more than one entity
137.20 is involved. A reasonable amount of anticipated fire state aid is an amount that does not
137.21 exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

137.22 (e) The required contribution calculated in paragraph (d) must be paid to the
137.23 retirement plan on or before December 31 of the year for which it was calculated. If
137.24 the contribution is not received by the retirement plan by December 31, it is payable
137.25 with interest at an annual compound rate of six percent from the date due until the date
137.26 payment is received by the retirement plan. If the entity does not pay the full amount of
137.27 the required contribution, the executive director shall collect the unpaid amount under
137.28 section 353.28, subdivision 6.

137.29 (f) The assets of the retirement fund may only be disbursed for:

137.30 (1) the administrative expenses of the retirement plan;

137.31 (2) the investment expenses of the retirement fund;

137.32 (3) the service pensions payable under section 353G.10, 353G.11, 353G.14, or
137.33 353G.15; and

137.34 (4) the survivor benefits payable under section 353G.12.

137.35 Sec. 18. **[353G.09] RETIREMENT BENEFIT ELIGIBILITY.**

138.1 Subdivision 1. **Entitlement.** Except as provided in subdivision 3, an active member
 138.2 of the retirement plan is entitled to a lump-sum service pension from the retirement plan
 138.3 if the person:

- 138.4 (1) has separated from active service with the fire department for at least 30 days;
- 138.5 (2) has attained the age of at least 50 years;
- 138.6 (3) has completed at least five years of good time service credit as a member of
 138.7 the retirement plan; and
- 138.8 (4) applies in a manner prescribed by the executive director for the service pension.

138.9 Subd. 2. **Vesting schedule; nonforfeitable portion of service pension.** If an
 138.10 active member has completed less than 20 years of good time service credit, the person's
 138.11 entitlement is to the nonforfeitable percentage of the applicable service pension amount,
 138.12 as follows:

<u>Completed years of good time</u>	<u>Nonforfeitable percentage of the</u>
<u>service credit</u>	<u>service pension</u>
<u>5</u>	<u>40 percent</u>
<u>6</u>	<u>44 percent</u>
<u>7</u>	<u>48 percent</u>
<u>8</u>	<u>52 percent</u>
<u>9</u>	<u>56 percent</u>
<u>10</u>	<u>60 percent</u>
<u>11</u>	<u>64 percent</u>
<u>12</u>	<u>68 percent</u>
<u>13</u>	<u>72 percent</u>
<u>14</u>	<u>76 percent</u>
<u>15</u>	<u>80 percent</u>
<u>16</u>	<u>84 percent</u>
<u>17</u>	<u>88 percent</u>
<u>18</u>	<u>92 percent</u>
<u>19</u>	<u>96 percent</u>
<u>20 and thereafter</u>	<u>100 percent</u>

138.31 Subd. 3. **Alternative pension eligibility and computation.** (a) An active member
 138.32 of the retirement plan is entitled to an alternative lump-sum service pension from the
 138.33 retirement plan if the person:

- 138.34 (1) has separated from active service with the fire department for at least 30 days;
- 138.35 (2) has attained the age of at least 50 years or the age for receipt of a service pension
 138.36 under the benefit plan of the applicable former volunteer firefighters' relief association
 138.37 as of the date immediately prior to the election of the retirement coverage change,
 138.38 whichever is later;

139.1 (3) has completed at least five years of active service with the fire department and at
 139.2 least five years in total as a member of the applicable former volunteer firefighters' relief
 139.3 association or of the retirement plan, but has not rendered at least five years of good time
 139.4 service credit as a member of the retirement plan; and

139.5 (4) applies in a manner prescribed by the executive director for the service pension.

139.6 (b) The alternative lump-sum service pension is the service pension amount specified
 139.7 in the bylaws of the applicable former volunteer firefighters' relief association either
 139.8 as of the date immediately prior to the election of the retirement coverage change or
 139.9 as of the date immediately before the termination of firefighting services, whichever is
 139.10 earlier, multiplied by the total number of years of service as a member of that volunteer
 139.11 firefighters' relief association and as a member of the retirement plan.

139.12 **Sec. 19. [353G.10] DEFERRED SERVICE PENSION AMOUNT.**

139.13 A person who was an active member of a fire department covered by the retirement
 139.14 plan who has separated from active firefighting service for at least 30 days and who has
 139.15 completed at least five years of good time service credit, but has not attained the age of
 139.16 50 years, is entitled to a deferred service pension on or after attaining the age of 50 years
 139.17 and applying in a manner specified by the executive director for the service pension. The
 139.18 service pension payable is the nonforfeitable percentage of the service pension under
 139.19 section 353G.09, subdivision 2, and is payable without any interest over the period of
 139.20 deferral.

139.21 **Sec. 20. [353G.11] SERVICE PENSION LEVELS.**

139.22 Subdivision 1. Levels. The retirement plan provides the following levels of service
 139.23 pension amounts to be selected at the election of coverage, or, if fully funded, thereafter:

139.24	<u>Level A</u>	<u>\$500 per year of good time service credit</u>
139.25	<u>Level B</u>	<u>\$750 per year of good time service credit</u>
139.26	<u>Level C</u>	<u>\$1,000 per year of good time service credit</u>
139.27	<u>Level D</u>	<u>\$1,500 per year of good time service credit</u>
139.28	<u>Level E</u>	<u>\$2,000 per year of good time service credit</u>

139.32	<u>Level I</u>	<u>\$4,000 per year of good time service credit</u>
139.33	<u>Level J</u>	<u>\$4,500 per year of good time service credit</u>
139.34	<u>Level K</u>	<u>\$5,000 per year of good time service credit</u>
139.35	<u>Level L</u>	<u>\$5,500 per year of good time service credit</u>

140.3	<u>Level P</u>	<u>\$7,500 per year of good time service credit</u>

140.4 Subd. 2. **Level selection.** At the time of the election to transfer retirement coverage,
140.5 or on April 30 thereafter, the governing body or bodies of the entity or entities operating
140.6 the fire department whose firefighters are covered by the retirement plan may request
140.7 a cost estimate from the executive director of an increase in the service pension level
140.8 applicable to the active firefighters of the fire department. Within 90 days of the receipt of
140.9 the cost estimate prepared by the executive director using a procedure certified as accurate
140.10 by the approved actuary retained by the Public Employees Retirement Association, the
140.11 governing body or bodies may approve the service pension level change, effective for the
140.12 following calendar year. If not approved in a timely fashion, the service pension level
140.13 change is considered to have been disapproved.

140.14 Subd. 3. **Supplemental benefit.** The retirement plan also shall pay a supplemental
140.15 benefit as provided for in section 424A.10.

140.16 Subd. 4. **Ancillary benefits.** No disability, death, funeral, or other ancillary benefit
140.17 beyond a service pension or a survivor benefit is payable from the retirement plan.

140.18 **Sec. 21. [353G.12] SURVIVOR BENEFIT.**

140.19 Subdivision 1. **Entitlement.** (a) A survivor of a deceased active member of the
140.20 retirement plan or a deceased deferred member of the retirement plan, upon application as
140.21 prescribed by the executive director, is entitled to receive a survivor benefit.

140.22 (b) A survivor is the spouse of the member, or if none, the minor child or children of
140.23 the member, or if none, the estate of the member.

140.24 Subd. 2. **Survivor benefit amount.** The amount of the survivor benefit is the
140.25 amount of the service pension that would have been payable to the member of the
140.26 retirement plan on the date of death if the member had been age 50 or older on that date.

140.27 **Sec. 22. [353G.13] PORTABILITY.**

140.28 Subdivision 1. **Eligibility.** An active firefighter who is a member of the retirement
140.29 plan who also renders firefighting service and has good time service credit in the retirement
140.30 plan from another fire department, if the good time service credit in the plan from a
140.31 combination of periods totals at least five years, is eligible, upon complying with the other
140.32 requirements of section 353G.09, to receive a service pension upon filing an application in
140.33 the manner prescribed by the executive director, computed as provided in subdivision 2.

141.1 Subd. 2. **Combined service pension computation.** The service pension payable to
141.2 a firefighter who qualifies under subdivision 1 is the per year of good time service credit
141.3 service pension amount in effect for each account in which the firefighter has good time
141.4 service credit as of the date on which the firefighter terminated active service with the fire
141.5 department associated with the applicable account, multiplied by the number of years of
141.6 good time service credit that the firefighter has in the applicable account.

141.7 Subd. 3. **Payment.** A service pension under this section must be paid in a single
141.8 payment, with the applicable portion of the total service pension payment amount
141.9 deducted from each account.

141.10 **Sec. 23. [353G.14] PURCHASE OF ANNUITY CONTRACTS.**

141.11 The executive director may purchase an annuity contract on behalf of a retiring
141.12 firefighter with a total premium payment in an amount equal to the lump-sum service
141.13 pension payable under section 353G.09 if the purchase was requested by the retiring
141.14 firefighter in a manner prescribed by the executive director. The annuity contract must
141.15 be purchased from an insurance carrier that is licensed to do business in this state. If
141.16 purchased, the annuity contract is in lieu of any service pension or other benefit from the
141.17 retirement plan. The annuity contract may be purchased at any time after the volunteer
141.18 firefighter discontinues active service, but the annuity contract must stipulate that no
141.19 annuity amounts are payable before the former volunteer firefighter attains the age of 50.

141.20 **Sec. 24. [353G.15] INDIVIDUAL RETIREMENT ACCOUNT TRANSFER.**

141.21 Upon receipt of a determination that the retirement plan is a qualified pension plan
141.22 under section 401(a) of the Internal Revenue Code, as amended, the executive director,
141.23 upon request, shall transfer the service pension amount under sections 353G.08 and
141.24 353G.11 of a former volunteer firefighter who has terminated active firefighting services
141.25 covered by the plan and who has attained the age of at least 50 years to the person's
141.26 individual retirement account under section 408(a) of the federal Internal Revenue Code,
141.27 as amended. The transfer request must be in a manner prescribed by the executive director
141.28 and must be filed by the former volunteer firefighter who has sufficient service credit to be
141.29 entitled to a service pension or, following the death of a participating active firefighter,
141.30 must be filed by the deceased firefighter's surviving spouse.

141.31 **Sec. 25. [353G.16] EXEMPTION FROM PROCESS.**

141.32 The provisions of section 356.401 apply to the retirement plan.

144.10 Sec. 29. Minnesota Statutes 2008, section 424A.10, subdivision 1, is amended to read:

147.12 as provided in clause (1), to use the total state aid to apply toward the municipality's

152.7 amount of the future fire state aid to be received by the relief association as determined
152.8 by the board of trustees following the preparation of an estimate of the expected increase

152.13 association pursuant to this section are such so as to require financial support from the

152.29 full funding pursuant to subdivision 4, and if the municipality is not required to provide
152.30 financial support to the special fund of the relief association pursuant to this section,
152.31 the relief association may adopt or amend its articles of incorporation or bylaws which
152.32 increase or otherwise affect the retirement coverage provided by or the service pensions or
152.33 retirement benefits payable from the special fund of the relief association which ~~shall be~~
152.34 are effective without municipal ratification so long as this does not cause the amount of
152.35 the resulting increase in the accrued liability of the special fund of the relief association to

153.1 exceed 90 percent of the amount of the ~~prior~~ surplus over full funding reported in the prior
153.2 year and this does not result in the financial requirements of the special fund of the relief
153.3 association exceeding the expected amount of the future fire state aid to be received by the
153.4 relief association as determined by the board of trustees following the preparation of an
153.5 updated actuarial valuation including the proposed change or an estimate of the expected

153.7 If a relief association adopts or amends its articles of incorporation or bylaws without

153.10 this section are such so as to require financial support from the municipality, the provision
153.11 which was implemented without municipal ratification ~~shall~~ is no longer ~~be~~ effective
153.12 without municipal ratification and any service pensions or retirement benefits payable
153.13 after that date ~~shall be~~ may paid only in accordance with the articles of incorporation or

153.15 **EFFECTIVE DATE.** This section is effective July 1, 2009.

153.16 Sec. 6. Minnesota Statutes 2008, section 356.219, subdivision 3, is amended to read:

153.17 Subd. 3. **Content of reports.** (a) The report required by subdivision 1 must include
153.18 a written statement of the investment policy. Following that initial report, subsequent
153.19 reports must include investment policy changes and the effective date of each policy
153.20 change rather than a complete statement of investment policy, unless the state auditor
153.21 requests submission of a complete current statement. The report must also include the
153.22 information required by the following paragraphs, as applicable.

153.23 (b) If, after four years of reporting under this paragraph, the total portfolio time
153.24 weighted rate of return, net of all investment related costs and fees, provided by the public
153.25 pension plan differs by no more than 0.1 percent from the comparable return for the plan
153.26 calculated by the Office of the State Auditor, and if a public pension plan has a total
153.27 market value of \$25,000,000 or more as of the beginning of the calendar year, and if the
153.28 public pension plan's annual audit is performed by the state auditor or by the legislative
153.29 auditor, the report required by subdivision 1 must include the market value of the total
153.30 portfolio and the market value of each asset class included in the pension fund as of the
153.31 beginning of the calendar year and as of the end of the calendar year. At the discretion of
153.32 the state auditor, the public pension plan may be required to submit the market value of the
153.33 total portfolio and the market value of each investment account, investment portfolio, or
153.34 asset class included in the pension fund for each month, and the amount and date of each
153.35 injection and withdrawal to the total portfolio and to each investment account, investment

154.1 portfolio, or asset class. If the market value of a public pension plan's fund drops below
154.2 \$25,000,000 in a subsequent year, it must continue reporting under this paragraph for any
154.3 subsequent year in which the public pension plan is not fully invested as specified in
154.4 subdivision 1, paragraph (b), except that if the public pension plan's annual audit is not
154.5 performed by the state auditor or legislative auditor, paragraph (c) applies.

154.6 (c) If paragraph (b) would apply if the annual audit were provided by the state
154.7 auditor or legislative auditor, the report required by subdivision 1 must include the market
154.8 value of the total portfolio and the market value of each asset class included in the pension
154.9 fund as of the beginning of the calendar year and for each month, and the amount and date
154.10 of each injection and withdrawal to the total portfolio and to each investment account,
154.11 investment portfolio, or asset class.

154.12 (d) For public pension plans to which paragraph (b) or (c) applies, the report required
154.13 by subdivision 1 must also include a calculation of the total time-weighted rate of return
154.14 available from index-matching investments assuming the asset class performance targets
154.15 and target asset mix indicated in the written statement of investment policy. The provided
154.16 information must include a description of indices used in the analyses and an explanation
154.17 of why those indices are appropriate. This paragraph does not apply to any fully invested
154.18 plan, as defined by subdivision 1, paragraph (b). Reporting by the State Board of
154.19 Investment under this paragraph is limited to information on the Minnesota public pension
154.20 plans required to be invested by the State Board of Investment under section 11A.23.

154.21 (e) If a public pension plan has a total market value of less than \$25,000,000 as of
154.22 the beginning of the calendar year and was never required to file under paragraph (b) or
154.23 (c), the report required by subdivision 1 must include the amount and date of each total
154.24 portfolio injection and withdrawal. In addition, the report must include the market value
154.25 of the total portfolio as of the beginning of the calendar year and for each quarter.

154.26 (f) Any public pension plan reporting under paragraph (b) or (c) must include
154.27 computed time-weighted rates of return with the report, in addition to all other required
154.28 information, as applicable. The chief administrative officer of the public pension plan
154.29 submitting the returns must certify, on a form prescribed by the state auditor, that the
154.30 returns have been computed by the pension plan's investment performance consultant or
154.31 custodial bank. The chief administrative officer of the public pension plan submitting the
154.32 returns also must certify that the returns are net of all costs and fees, including investment
154.33 management fees, and that the procedures used to compute the returns are consistent
154.34 with Bank Administration Institute studies of investment performance measurement
154.35 and presentation standards set by the ~~Certified Financial Analyst~~ CFA Institute. If the

155.1 certifications required under this paragraph are not provided, the reporting requirements of
155.2 paragraph (c) apply.

155.3 (g) For public pension plans reporting under paragraph (e), the public pension plan
155.4 must retain supporting information specifying the date and amount of each injection and
155.5 withdrawal to each investment account and investment portfolio. The public pension plan
155.6 must also retain the market value of each investment account and investment portfolio at
155.7 the beginning of the calendar year and for each quarter. Information that is required to be
155.8 collected and retained for any given year or years under this paragraph must be submitted
155.9 to the Office of the State Auditor if the Office of the State Auditor requests in writing that
155.10 the information be submitted by a public pension plan or plans, or be submitted by the
155.11 State Board of Investment for any plan or plans for which the State Board of Investment is
155.12 the investment authority under this section. If the state auditor requests information under
155.13 this subdivision, and the public plan fails to comply, the pension plan is subject to penalties
155.14 under subdivision 5, unless penalties are waived by the state auditor under that subdivision.

162.2 based on the service pension amount in effect on the date of the firefighter's previous
162.3 cessation of duties.

162.4 **EFFECTIVE DATE.** This section is effective July 1, 2009.

162.5 Sec. 22. **[424A.015] GENERALLY APPLICABLE VOLUNTEER**
162.6 **FIREFIGHTERS' RELIEF ASSOCIATION PENSION PLAN REGULATION.**

162.7 **Subdivision 1. Separation from active service; exception.** (a) No service pension
162.8 is payable to a person while the person remains an active member of the respective fire
162.9 department, and a person who is receiving a service pension is not entitled to receive any
162.10 other benefits from the special fund of the relief association.

162.11 (b) No relief association as defined in section 424A.001, subdivision 4, may pay a
162.12 service pension or disability benefit to a former member of the relief association if that
162.13 person has not separated from active service with the fire department to which the relief
162.14 association is directly associated, unless:

162.15 (1) the person is employed subsequent to retirement by the municipality or the
162.16 independent nonprofit firefighting corporation, whichever applies, to perform duties within
162.17 the municipal fire department or corporation on a full-time basis;

162.18 (2) the governing body of the municipality or of the corporation has filed its
162.19 determination with the board of trustees of the relief association that the person's
162.20 experience with and service to the fire department in that person's full-time capacity
162.21 would be difficult to replace; and

162.22 (3) the bylaws of the relief association were amended to provide for the payment of
162.23 a service pension or disability benefit for such full-time employees.

162.24 **Subd. 2. No assignment or garnishment.** A service pension or ancillary benefits
162.25 paid or payable from the special fund of a relief association to any person receiving or
162.26 entitled to receive a service pension or ancillary benefits is not subject to garnishment,
162.27 judgment, execution, or other legal process, except as provided in section 518.58, 518.581,
162.28 or 518A.53. No person entitled to a service pension or ancillary benefits from the special
162.29 fund of a relief association may assign any service pension or ancillary benefit payments,
162.30 and the association does not have the authority to recognize any assignment or pay over
162.31 any sum which has been assigned.

162.32 **Subd. 3. Purchase of annuity contract.** A relief association that provides a service
162.33 pension in a single payment, if the governing articles of incorporation or bylaws so
162.34 provide, may purchase an annuity contract on behalf of a retiring member in an amount
162.35 equal to the service pension otherwise payable at the request of the person and in place of

163.1 a direct payment to the person. The annuity contract must be purchased from an insurance
163.2 carrier licensed to do business in this state.

163.3 Subd. 4. **Transfer to individual retirement account.** A relief association that is a
163.4 qualified pension plan under section 401(a) of the Internal Revenue Code, as amended,
163.5 and that provides a single payment service pension, at the written request of the applicable
163.6 retiring member or, following the death of the active member, at the written request of the
163.7 deceased member's surviving spouse, may directly transfer on an institution-to-institution
163.8 basis the eligible member's lump-sum pension or the death or survivor benefit attributable
163.9 to the member, whichever applies, to the requesting person's individual retirement account
163.10 under section 408(a) of the Internal Revenue Code, as amended.

163.11 **EFFECTIVE DATE.** This section is effective July 1, 2009.

163.12 Sec. 23. **[424A.016] DEFINED CONTRIBUTION VOLUNTEER**
163.13 **FIREFIGHTERS' RELIEF ASSOCIATION SPECIFIC REGULATION.**

163.14 Subdivision 1. **Defined contribution relief association authorization.** If the
163.15 articles of incorporation or the bylaws governing the volunteer firefighters' relief
163.16 association so provide exclusively, the relief association may pay a defined contribution
163.17 lump-sum service pension instead of a defined benefit service pension governed by section
163.18 424A.02.

163.19 Subd. 2. **Defined contribution service pension eligibility.** (a) A relief association,
163.20 when its articles of incorporation or bylaws so provide, may pay out of the assets of its
163.21 special fund a defined contribution service pension to each of its members who:

163.22 (1) separates from active service with the fire department;

163.23 (2) reaches age 50;

163.24 (3) completes at least five years of active service as an active member of the
163.25 municipal fire department to which the relief association is associated;

163.26 (4) completes at least five years of active membership with the relief association
163.27 before separation from active service; and

163.28 (5) complies with any additional conditions as to age, service, and membership that
163.29 are prescribed by the bylaws of the relief association.

163.30 (b) In the case of a member who has completed at least five years of active service as
163.31 an active member of the fire department to which the relief association is associated on
163.32 the date that the relief association is established and incorporated, the requirement that
163.33 the member complete at least five years of active membership with the relief association
163.34 before separation from active service may be waived by the board of trustees of the relief
163.35 association if the member completes at least five years of inactive membership with the

164.1 relief association before the date of the payment of the service pension. During the period
 164.2 of inactive membership, the member is not entitled to receive any disability benefit
 164.3 coverage, is not entitled to receive additional individual account allocation of fire state
 164.4 aid or municipal contribution towards a service pension, and is considered to have the
 164.5 status of a person entitled to a deferred service pension.

164.6 (c) The service pension earned by a volunteer under this chapter and the articles
 164.7 of incorporation and bylaws of the relief association may be paid whether or not the
 164.8 municipality or nonprofit firefighting corporation to which the relief association is
 164.9 associated qualifies for the receipt of fire state aid under chapter 69.

164.10 Subd. 3. **Reduced vesting schedule.** If the articles of incorporation or bylaws of a
 164.11 defined contribution relief association so provide, a relief association may pay a reduced
 164.12 service pension not to exceed the nonforfeitable percentage of the account balance to a
 164.13 retiring member who has completed fewer than 20 years of service. The reduced service
 164.14 pension may be paid when the retiring member meets the minimum age and service
 164.15 requirements of subdivision 2. The nonforfeitable percentage of pension amounts are
 164.16 as follows:

<u>Completed Years of Service</u>	<u>Nonforfeitable Percentage of Pension Amount</u>
<u>5</u>	<u>40 percent</u>
<u>6</u>	<u>52 percent</u>
<u>7</u>	<u>64 percent</u>
<u>8</u>	<u>76 percent</u>
<u>9</u>	<u>88 percent</u>
<u>10 and thereafter</u>	<u>100 percent</u>

164.25 Subd. 4. **Individual accounts.** (a) An individual account must be established for
 164.26 each firefighter who is a member of the relief association.

164.27 (b) To each individual active member account must be credited an equal share of:

164.28 (1) any amounts of fire state aid received by the relief association;

164.29 (2) any amounts of municipal contributions to the relief association raised from
 164.30 levies on real estate or from other available municipal revenue sources exclusive of fire
 164.31 state aid; and

164.32 (3) any amounts equal to the share of the assets of the special fund to the credit of:

164.33 (i) any former member who terminated active service with the fire department to
 164.34 which the relief association is associated before meeting the minimum service requirement
 164.35 provided for in subdivision 2, paragraph (b), and has not returned to active service with
 164.36 the fire department for a period no shorter than five years; or

165.1 (ii) any retired member who retired before obtaining a full nonforfeitable interest in
165.2 the amounts credited to the individual member account under subdivision 2, paragraph
165.3 (b), and any applicable provision of the bylaws of the relief association. In addition, any
165.4 investment return on the assets of the special fund must be credited in proportion to the
165.5 share of the assets of the special fund to the credit of each individual active member
165.6 account. Administrative expenses of the relief association payable from the special
165.7 fund may be deducted from individual accounts in a manner specified in the bylaws of
165.8 the relief association.

165.9 (c) Amounts to be credited to individual accounts must be allocated uniformly for all
165.10 years of active service and allocations must be made for all years of service, except for
165.11 caps on service credit if so provided in the bylaws of the relief association. The allocation
165.12 method may utilize monthly proration for fractional years of service, as the bylaws or
165.13 articles of incorporation of the relief association so provide. The bylaws or articles of
165.14 incorporation may define a "month," but the definition must require a calendar month to
165.15 have at least 16 days of active service. If the bylaws or articles of incorporation do not
165.16 define a "month," a "month" is a completed calendar month of active service measured
165.17 from the member's date of entry to the same date in the subsequent month.

165.18 (d) At the time of retirement under subdivision 2 and any applicable provision of the
165.19 bylaws of the relief association, a retiring member is entitled to that portion of the assets
165.20 of the special fund to the credit of the member in the individual member account which is
165.21 nonforfeitable under subdivision 3 and any applicable provision of the bylaws of the relief
165.22 association based on the number of years of service to the credit of the retiring member.

165.23 (e) Annually, the secretary of the relief association shall certify the individual
165.24 account allocations to the state auditor at the same time that the annual financial statement
165.25 or financial report and audit of the relief association, whichever applies, is due under
165.26 section 69.051.

165.27 Subd. 5. **Service pension installment payments.** A defined contribution relief
165.28 association, if the governing bylaws so provide, may pay, at the option of the retiring
165.29 member and in lieu of a single payment of a service pension, the service pension in
165.30 installments. The election of installment payments is irrevocable and must be made by the
165.31 retiring member in writing and filed with the secretary of the relief association no later
165.32 than 30 days before the commencement of payment of the service pension. The amount of
165.33 the installment payments must be the fractional portion of the remaining account balance
165.34 equal to one divided by the number of remaining annual installment payments.

165.35 Subd. 6. **Deferred service pensions.** (a) A member of a relief association is entitled
165.36 to a deferred service pension if the member:

166.1 (1) has completed the lesser of the minimum period of active service with the fire
166.2 department specified in the bylaws or 20 years of active service with the fire department;

166.3 (2) has completed at least five years of active membership in the relief association;
166.4 and

166.5 (3) separates from active service and membership before reaching age 50 or the
166.6 minimum age for retirement and commencement of a service pension specified in the
166.7 bylaws governing the relief association if that age is greater than age 50.

166.8 (b) The deferred service pension is payable when the former member reaches age
166.9 50, or the minimum age specified in the bylaws governing the relief association if that age
166.10 is greater than age 50, and when the former member makes a valid written application.

166.11 (c) A defined contribution relief association may, if its governing bylaws so provide,
166.12 credit interest or additional investment performance on the deferred lump-sum service
166.13 pension during the period of deferral. If provided for in the bylaws, the interest must be
166.14 paid:

166.15 (1) at the investment performance rate actually earned on that portion of the assets
166.16 if the deferred benefit amount is invested by the relief association in a separate account
166.17 established and maintained by the relief association or if the deferred benefit amount is
166.18 invested in a separate investment vehicle held by the relief association; or

166.19 (2) the investment return on the assets of the special fund of the defined contribution
166.20 volunteer firefighter relief association in proportion to the share of the assets of the special
166.21 fund to the credit of each individual deferred member account through the date on which
166.22 the investment return is recognized by and credited to the special fund.

166.23 (d) The deferred service pension is governed by and must be calculated under
166.24 the general statute, special law, relief association articles of incorporation, and relief
166.25 association bylaw provisions applicable on the date on which the member separated from
166.26 active service with the fire department and active membership in the relief association.

166.27 Subd. 7. **Limitation on ancillary benefits.** (a) A defined contribution relief
166.28 association may only pay an ancillary benefit which would constitute an authorized
166.29 disbursement as specified in section 424A.05. The ancillary benefit for active members
166.30 must equal the vested or nonvested amount of the individual account of the member.

166.31 (b) For deferred members, the ancillary benefit must equal the vested amount of
166.32 the individual account of the member. For the recipient of installment payments of a
166.33 service pension, the ancillary benefit must equal the remaining balance in the individual
166.34 account of the recipient.

166.35 Subd. 8. **Filing of bylaw amendments.** Each relief association to which this section
166.36 applies must file a revised copy of its governing bylaws with the state auditor upon the

167.1 adoption of any amendment to its governing bylaws by the relief association. Failure of
167.2 the relief association to file a copy of the bylaws or any bylaw amendments with the state
167.3 auditor disqualifies the municipality from the distribution of any future fire state aid until
167.4 this filing requirement has been completed.

167.5 **EFFECTIVE DATE.** This section is effective July 1, 2009.

167.6 Sec. 24. Minnesota Statutes 2008, section 424A.02, subdivision 1, is amended to read:

167.7 Subdivision 1. **Authorization.** (a) A defined benefit relief association, when its
167.8 articles of incorporation or bylaws so provide, may pay out of the assets of its special fund
167.9 a defined benefit service pension to each of its members who: (1) separates from active
167.10 service with the fire department; (2) reaches age 50; (3) completes at least five years of
167.11 active service as an active member of the municipal fire department to which the relief
167.12 association is associated; (4) completes at least five years of active membership with
167.13 the relief association before separation from active service; and (5) complies with any
167.14 additional conditions as to age, service, and membership that are prescribed by the bylaws
167.15 of the relief association. A service pension computed under this section may be prorated
167.16 monthly for fractional years of service; ~~if~~ as the bylaws or articles of incorporation of
167.17 the relief association so provide. The bylaws or articles of incorporation may define
167.18 a "month," but the definition must require a calendar month to have at least 16 days of
167.19 active service. If the bylaws or articles of incorporation do not define a "month," a
167.20 "month" is a completed calendar month of active service measured from the member's
167.21 date of entry to the same date in the subsequent month. The service pension earned by a
167.22 volunteer firefighter under this chapter and the articles of incorporation and bylaws of the
167.23 volunteer firefighters' relief association may be paid whether or not the municipality or
167.24 nonprofit firefighting corporation to which the relief association is associated qualifies for
167.25 the receipt of fire state aid under chapter 69.

167.26 (b) In the case of a member who has completed at least five years of active service as
167.27 an active member of the fire department to which the relief association is associated on
167.28 the date that the relief association is established and incorporated, the requirement that
167.29 the member complete at least five years of active membership with the relief association
167.30 before separation from active service may be waived by the board of trustees of the relief
167.31 association if the member completes at least five years of inactive membership with the
167.32 relief association before the date of the payment of the service pension. During the
167.33 period of inactive membership, the member is not entitled to receive disability benefit
167.34 coverage, is not entitled to receive additional service credit towards computation of a

168.1 service pension, and is considered to have the status of a person entitled to a deferred
168.2 service pension under subdivision 7.

168.3 (c) No municipality or nonprofit firefighting corporation may delegate the power to
168.4 take final action in setting a service pension or ancillary benefit amount or level to the
168.5 board of trustees of the relief association or to approve in advance a service pension or
168.6 ancillary benefit amount or level equal to the maximum amount or level that this chapter
168.7 would allow rather than a specific dollar amount or level.

168.8 (d) No relief association as defined in section 424A.001, subdivision 4, may pay a
168.9 defined benefit service pension or disability benefit to a former member of the relief
168.10 association if that person has not separated from active service with the fire department to
168.11 which the relief association is directly associated, unless:

168.12 (1) the person is employed subsequent to retirement by the municipality or the
168.13 independent nonprofit firefighting corporation, whichever applies, to perform duties within
168.14 the municipal fire department or corporation on a full-time basis;

168.15 (2) the governing body of the municipality or of the corporation has filed its
168.16 determination with the board of trustees of the relief association that the person's
168.17 experience with and service to the fire department in that person's full-time capacity
168.18 would be difficult to replace; and

168.19 (3) the bylaws of the relief association were amended to provide for the payment of
168.20 a service pension or disability benefit for such full-time employees.

168.21 **EFFECTIVE DATE.** This section is effective July 1, 2009.

168.22 Sec. 25. Minnesota Statutes 2008, section 424A.02, subdivision 2, is amended to read:

168.23 Subd. 2. **Nonforfeitable portion of service pension.** (a) If the articles of
168.24 incorporation or bylaws of a defined benefit relief association so provide, ~~a~~ the relief
168.25 association may pay a reduced service pension to a retiring member who has completed
168.26 fewer than 20 years of service. The reduced service pension may be paid when the retiring
168.27 member meets the minimum age and service requirements of subdivision 1.

168.28 (b) The amount of the reduced service pension may not exceed the amount calculated
168.29 by multiplying the service pension appropriate for the completed years of service as
168.30 specified in the bylaws ~~times~~ multiplied by the applicable nonforfeitable percentage of
168.31 pension.

168.32 (c) For a defined benefit volunteer firefighter relief association that pays a lump-sum
168.33 service pension, a monthly benefit service pension, or a lump-sum service pension or a
168.34 monthly benefit service pension as alternative benefit forms, the nonforfeitable percentage
168.35 of pension amounts are as follows:

	Completed Years of Service	Nonforfeitable Percentage of Pension Amount
169.1		
169.2		
169.3	5	40 percent
169.4	6	44 percent
169.5	7	48 percent
169.6	8	52 percent
169.7	9	56 percent
169.8	10	60 percent
169.9	11	64 percent
169.10	12	68 percent
169.11	13	72 percent
169.12	14	76 percent

169.14	16	84 percent
169.15	17	88 percent
169.16	18	92 percent
169.17	19	96 percent
169.18	20 and thereafter	100 percent

169.19 ~~(d) For a volunteer firefighter relief association that pays a defined contribution~~
 169.20 ~~service pension, the nonforfeitable percentage of pension amounts are as follows:~~

	Completed Years of Service	Nonforfeitable Percentage of Pension Amount
169.21		
169.22		
169.23	5	40 percent
169.24	6	52 percent

169.29 **EFFECTIVE DATE.** This section is effective July 1, 2009.

169.30 Sec. 26. Minnesota Statutes 2008, section 424A.02, subdivision 3, is amended to read:

169.31 Subd. 3. **Flexible service pension maximums.** (a) Annually on or before August 1
 169.32 as part of the certification of the financial requirements and minimum municipal obligation
 169.33 determined under section 69.772, subdivision 4, or 69.773, subdivision 5, as applicable,
 169.34 the secretary or some other official of the relief association designated in the bylaws of
 169.35 each defined benefit relief association shall calculate and certify to the governing body
 169.36 of the applicable qualified municipality the average amount of available financing per
 169.37 active covered firefighter for the most recent three-year period. The amount of available
 169.38 financing ~~shall include~~ includes any amounts of fire state aid received or receivable by the
 169.39 relief association, any amounts of municipal contributions to the relief association raised

170.1 from levies on real estate or from other available revenue sources exclusive of fire state
 170.2 aid, and one-tenth of the amount of assets in excess of the accrued liabilities of the relief
 170.3 association calculated under section 69.772, subdivision 2; 69.773, subdivisions 2 and 4;
 170.4 or 69.774, subdivision 2, if any.

176.16 (e) For a defined benefit relief association in which the governing bylaws provide
 176.17 for a monthly benefit service pension as an alternative form of service pension payment
 176.18 to a lump-sum service pension, the maximum service pension amount for each pension
 176.19 payment type must be determined using the applicable table contained in this subdivision.

176.20 (f) If a defined benefit relief association establishes a service pension in compliance

 176.31 amount associated with the largest applicable flexible service pension maximum.

176.32 (h) The method of calculating service pensions must be applied uniformly for all
 176.33 years of active service. Credit must be given for all years of active service except for caps

176.35 **EFFECTIVE DATE.** This section is effective July 1, 2009.

176.36 Sec. 27. Minnesota Statutes 2008, section 424A.02, subdivision 3a, is amended to read:

177.1 Subd. 3a. **Penalty for paying pension greater than applicable maximum.** (a)

177.2 If a defined benefit relief association pays a service pension greater than the maximum
177.3 service pension associated with the applicable average amount of available financing per
177.4 active covered firefighter under the table in subdivision 3, paragraph (c) or (d), whichever
177.5 applies, the maximum service pension under subdivision 3, paragraph (f), or the applicable
177.6 maximum service pension amount specified in subdivision 3, paragraph (g), whichever is
177.7 less, the state auditor shall:

177.8 (1) disqualify the municipality or the nonprofit firefighting corporation associated
177.9 with the relief association from receiving fire state aid by making the appropriate
177.10 notification to the municipality and the commissioner of revenue, with the disqualification
177.11 applicable for the next apportionment and payment of fire state aid; and

177.12 (2) order the treasurer of the applicable relief association to recover the amount of
177.13 the overpaid service pension or pensions from any retired firefighter who received an
177.14 overpayment.

177.15 (b) Fire state aid amounts from disqualified municipalities for the period of
177.16 disqualifications under paragraph (a), clause (1), must be credited to the amount of
177.17 fire insurance premium tax proceeds available for the next subsequent fire state aid
177.18 apportionment.

177.19 (c) The amount of any overpaid service pension recovered under paragraph (a),
177.20 clause (2), must be credited to the amount of fire insurance premium tax proceeds
177.21 available for the next subsequent fire state aid apportionment.

177.22 (d) The determination of the state auditor that a relief association has paid a service
177.23 pension greater than the applicable maximum must be made on the basis of the information
177.24 filed by the relief association and the municipality with the state auditor under sections
177.25 69.011, subdivision 2, and 69.051, subdivision 1 or 1a, whichever applies, and any other
177.26 relevant information that comes to the attention of the state auditor. The determination
177.27 of the state auditor is final. An aggrieved municipality, relief association, or person may
177.28 appeal the determination under section 480A.06.

177.29 **EFFECTIVE DATE.** This section is effective July 1, 2009.

178.7 50, or the minimum age specified in the bylaws governing the relief association if that age
178.8 is greater than age 50, and when the former member makes a valid written application.

178.9 (c) A defined benefit relief association that provides a lump-sum service pension
178.10 governed by subdivision 3 may, when its governing bylaws so provide, pay interest on the
178.11 deferred lump-sum service pension during the period of deferral. If provided for in the
178.12 bylaws, interest must be paid in one of the following manners:

178.14 if the deferred benefit amount is invested by the relief association in a separate account
178.15 established and maintained by the relief association or if the deferred benefit amount is

178.29 ~~deferred member account through the date on which the investment return is recognized~~
178.30 ~~by and credited to the special fund.~~

178.31 ~~(f)~~ (e) For a deferred service pension that is transferred to a separate account
178.32 established and maintained by the relief association or separate investment vehicle held
178.33 by the relief association, the deferred member bears the full investment risk subsequent
178.34 to transfer and in calculating the accrued liability of the volunteer firefighters relief
178.35 association that pays a lump-sum service pension, the accrued liability for deferred service

179.1 pensions is equal to the separate relief association account balance or the fair market value
 179.2 of the separate investment vehicle held by the relief association.

179.3 ~~(g)~~ (f) The deferred service pension is governed by and must be calculated under
 179.4 the general statute, special law, relief association articles of incorporation, and relief

 179.15 the relief association no later than 30 days ~~prior to~~ before the commencement of payment
 179.16 of the service pension or survivor benefit. The amount of the installment payments ~~shall~~
 179.17 must be determined ~~so that the present value of the aggregate installment payments~~
 179.18 ~~computed at an interest rate of five percent, compounded annually, is equal to the amount~~
 179.19 ~~of the single lump-sum payment which would have been made had the installment~~
 179.20 ~~payments option not been elected. The payment of each installment shall include interest~~
 179.21 ~~at the rate of five percent, compounded annually on the reserve supporting the remaining~~
 179.22 ~~installment payments as of the date on which the previous installment payment was paid~~
 179.23 ~~and computed from the date on which the previous installment payment was paid to the~~
 179.24 ~~date of payment for the current installment payment~~ in any reasonable manner provided
 179.25 for in the governing bylaws, but the total amount of installment payments may not exceed
 179.26 the single payment service pension amount plus interest at an annual rate of five percent

179.32 Sec. 30. Minnesota Statutes 2008, section 424A.02, subdivision 9, is amended to read:

180.1 Subd. 9. **Limitation on ancillary benefits.** ~~Any~~ A defined benefit relief association,
180.2 including any volunteer firefighters relief association governed by section 69.77 or any
180.3 volunteer firefighters division of a relief association governed by chapter 424, may only
180.4 pay ancillary benefits which would constitute an authorized disbursement as specified in
180.5 section 424A.05 subject to the following requirements or limitations:

180.6 (1) with respect to a defined benefit relief association in which governing bylaws
180.7 provide for a lump-sum service pension to a retiring member, no ancillary benefit may
180.8 be paid to any former member or paid to any person on behalf of any former member
180.9 after the former member (i) terminates active service with the fire department and active
180.10 membership in the relief association; and (ii) commences receipt of a service pension as
180.11 authorized under this section; and

180.12 (2) with respect to any defined benefit relief association, no ancillary benefit paid or

180.14 or former member, may exceed in amount the total earned service pension of the member
180.15 or former member. The total earned service pension must be calculated by multiplying
180.16 the service pension amount specified in the bylaws of the relief association at the time of
180.17 death or disability, whichever applies, by the years of service credited to the member or
180.18 former member. The years of service must be determined as of (i) the date the member or
180.19 former member became entitled to the ancillary benefit; or (ii) the date the member or
180.20 former member died entitling a survivor or the estate of the member or former member to
180.21 an ancillary benefit. The ancillary benefit must be calculated without regard to whether the
180.22 member had attained the minimum amount of service and membership credit specified in
180.23 the governing bylaws. For active members, the amount of a permanent disability benefit
180.24 or a survivor benefit must be equal to the member's total earned service pension except
180.25 that the bylaws of ~~any~~ a defined benefit relief association may provide for the payment of
180.26 a survivor benefit in an amount not to exceed five times the yearly service pension amount
180.27 specified in the bylaws on behalf of any member who dies before having performed five
180.28 years of active service in the fire department with which the relief association is affiliated.

180.29 **EFFECTIVE DATE.** This section is effective July 1, 2009.

181.2 is applicable only to retired members and ancillary benefit recipients receiving a service
181.3 pension or ancillary benefit as of the effective date of the bylaw amendment. The authority
181.4 to provide a postretirement increase to retired members and ancillary benefit recipients
181.5 of a relief association contained in this subdivision ~~shall supersede~~ supersedes any prior
181.6 special law authorization relating to the provision of postretirement increases.

181.7 **EFFECTIVE DATE.** This section is effective July 1, 2009.

181.8 Sec. 32. Minnesota Statutes 2008, section 424A.02, subdivision 9b, is amended to read:

181.9 Subd. 9b. **Repayment of service pension in certain instances.** If a retired
181.10 volunteer firefighter does not permanently separate from active firefighting service as
181.11 required by subdivision 1 and section 424A.001, subdivision 9, by resuming active service
181.12 as a firefighter in the same volunteer fire department or as a person in charge of firefighters
181.13 in the same volunteer fire department, no additional service pension amount is payable
181.14 to the person, no additional service is creditable to the person, and the person ~~shall~~ must
181.15 repay to the defined benefit relief association any previously received service pension.

181.16 **EFFECTIVE DATE.** This section is effective July 1, 2009.

181.17 Sec. 33. Minnesota Statutes 2008, section 424A.02, subdivision 10, is amended to read:

198.5 ~~chapter 354A; and~~
198.6 ~~(10)~~ (9) the St. Paul Teachers Retirement Fund Association, established under
198.7 chapter 354A.

198.8 **EFFECTIVE DATE.** This section is effective the day following final enactment.

198.9 Sec. 3. Minnesota Statutes 2008, section 422A.06, subdivision 8, is amended to read:

198.10 Subd. 8. **Retirement benefit fund.** (a) The retirement benefit fund consists of
198.11 amounts held for payment of retirement allowances for members retired under this chapter,
198.12 including any transfer amount payable under subdivision 3, paragraph (c).

198.13 (b) Unless subdivision 3, paragraph (c), applies, assets equal to the required
198.14 reserves for retirement allowances under this chapter determined in accordance with the
198.15 appropriate mortality table adopted by the board of trustees based on the experience of the
198.16 fund as recommended by the actuary retained under section 356.214 must be transferred
198.17 from the deposit accumulation fund to the retirement benefit fund as of the last business
198.18 day of the month in which the retirement allowance begins. The income from investments
198.19 of these assets must be allocated to this fund and any interest charge under subdivision
198.20 3, paragraph (c), must be credited to the fund. There must be paid from this fund the
198.21 retirement annuities authorized by law. A required reserve calculation for the retirement
198.22 benefit fund must be made by the actuary retained under section 356.214 and must be
198.23 certified to the retirement board by the actuary retained under section 356.214.

198.24 (c) There is established a deferred yield adjustment account which must be increased
198.25 by the sale or disposition of any debt securities at less than book value and must be
198.26 decreased by the sale or disposition of debt securities at more than book value. At the
198.27 end of each fiscal year, a portion of the balance of this account must be offset against the
198.28 investment income for that year. The annual portion of the balance to be offset must be
198.29 proportional to the reciprocal of the average remaining life of the bonds sold, unless the
198.30 amounts are offset by gains on the future sales of these securities. The amount of this
198.31 account must be included in the recognized value of assets other than corporate stocks
198.32 and all other equity investments. In any fiscal year in which the gains on the sales of debt
198.33 securities exceed the discounts realized on the sales of such securities, the excess must
198.34 be used to reduce the balance of the account. If the realized capital gains are sufficient

199.1 to reduce the balance of the account to zero, any excess gains must be available for the
199.2 calculation of postretirement adjustments.

199.3 (d)(1) Annually, following June 30, the board shall use the procedures in clauses (2),
199.4 (3), and (4), to determine whether a postretirement adjustment is payable and to determine
199.5 the amount of any postretirement adjustment.

199.6 (2) If the Consumer Price Index for urban wage earners and clerical workers all
199.7 items index published by the Bureau of Labor Statistics of the United States Department
199.8 of Labor increases from June 30 of the preceding year to June 30 of the current year, the
199.9 board shall certify the percentage increase. The amount certified must not exceed ~~the~~
199.10 ~~lesser of the difference between the preretirement interest assumption and postretirement~~
199.11 ~~interest assumption in section 356.215, subdivision 8, paragraph (a), or 3.5 percent.~~

199.12 (3) In addition to any percentage increase certified under paragraph (b), the board
199.13 shall use the following procedures to determine if a postretirement adjustment is payable
199.14 under this paragraph:

199.15 (i) the board shall determine the market value of the fund on June 30 of that year;

199.16 (ii) the amount of reserves required as of the current June 30 for the annuity or
199.17 benefit payable to an annuitant and benefit recipient must be determined by the actuary
199.18 retained under section 356.214. An annuitant or benefit recipient who has been receiving
199.19 an annuity or benefit for at least 12 full months as of the current June 30 is eligible to
199.20 receive a full postretirement adjustment. An annuitant or benefit recipient who has been
199.21 receiving an annuity or benefit for at least one full month, but less than 12 full months as of
199.22 the current June 30, is eligible to receive a partial postretirement adjustment. The amount
199.23 of the reserves for those annuitants and benefit recipients who are eligible to receive a
199.24 full postretirement benefit adjustment is known as "eligible reserves." The amount of
199.25 the reserves for those annuitants and benefit recipients who are not eligible to receive a
199.26 postretirement adjustment is known as "noneligible reserves." For an annuitant or benefit
199.27 recipient who is eligible to receive a partial postretirement adjustment, additional "eligible
199.28 reserves" is an amount that bears the same ratio to the total reserves required for the
199.29 annuitant or benefit recipient as the number of full months of annuity or benefit receipt as
199.30 of the current June 30 bears to 12 full months. The remainder of the annuitant's or benefit
199.31 recipient's reserves are "noneligible reserves";

199.32 (iii) the board shall determine the percentage increase certified under clause (2)
199.33 multiplied by the eligible required reserves, as adjusted for mortality gains and losses,
199.34 determined under item (ii);

200.1 (iv) the board shall add the amount of reserves required for the annuities or benefits
200.2 payable to annuitants and benefit recipients of the participating public pension plans or
200.3 funds as of the current June 30 to the amount determined under item (iii);

200.4 (v) the board shall subtract the amount determined under item (iv) from the market
200.5 value of the fund determined under item (i);

200.6 (vi) the board shall adjust the amount determined under item (v) by the cumulative
200.7 current balance determined under item (viii) and any negative balance carried forward
200.8 under item (ix);

200.9 (vii) a positive amount resulting from the calculations in items (i) to (vi) is the excess
200.10 market value. A negative amount is the negative balance;

200.11 (viii) the board shall allocate one-fifth of the excess market value or one-fifth of the
200.12 negative balance to each of five consecutive years, beginning with the fiscal year ending
200.13 the current June 30; and

200.14 (ix) to calculate the postretirement adjustment under this paragraph based on
200.15 investment performance for a fiscal year, the board shall add together all excess market
200.16 value allocated to that year and subtract from the sum all negative balances allocated to
200.17 that year. If this calculation results in a negative number, the entire negative balance must
200.18 be carried forward and allocated to the next year. If the resulting amount is positive, a
200.19 postretirement adjustment is payable under this paragraph. The board shall express a
200.20 positive amount as a percentage of the total eligible required reserves certified to the
200.21 board under item (ii).

200.22 (4) The board shall determine the amount of any postretirement adjustment which
200.23 is payable using the following procedure:

200.24 (i) the total "eligible" required reserves as of the first of January next following the
200.25 end of the fiscal year for the annuitants and benefit recipients eligible to receive a full or
200.26 partial postretirement adjustment as determined by item (ii) must be certified to the board
200.27 by the actuary retained under section 356.214. The total "eligible" required reserves
200.28 must be determined by the actuary retained under section 356.214 on the assumption that
200.29 all annuitants and benefit recipients eligible to receive a full or partial postretirement
200.30 adjustment will be alive on the January 1 in question; and

200.31 (ii) the board shall add the percentage certified under clause (2) to any positive
200.32 percentage calculated under clause (3). The board shall not subtract from the percentage
200.33 certified under paragraph (b) any negative amount calculated under clause (3). The sum
200.34 of these percentages must be carried to five decimal places and must be certified as the
200.35 full postretirement adjustment percentage.

201.1 (e) The board shall determine the amount of the postretirement adjustment payable
201.2 to each eligible annuitant and benefit recipient. The dollar amount of the postretirement
201.3 adjustment must be calculated by applying the certified postretirement adjustment
201.4 percentage to the amount of the monthly annuity or benefit payable to each eligible
201.5 annuitant or benefit recipient eligible for a full adjustment.

201.6 The dollar amount of the partial postretirement adjustment payable to each annuitant
201.7 or benefit recipient eligible for a partial adjustment must be calculated by first determining
201.8 a partial percentage amount that bears the same ratio to the certified full adjustment
201.9 percentage amount as the number of full months of annuity or benefit receipt as of the
201.10 current June 30 bears to 12 full months. The partial percentage amount determined
201.11 must then be applied to the amount of the monthly annuity or benefit payable to each
201.12 annuitant or benefit recipient eligible to receive a partial postretirement adjustment. The
201.13 postretirement adjustments are payable on January 1 following the calculations required
201.14 under this section and must thereafter be included in the monthly annuity or benefit paid to
201.15 the recipient. Any adjustments under this section must be paid automatically unless the
201.16 intended recipient files a written notice with the applicable participating public pension
201.17 fund or plan requesting that the adjustment not be paid.

201.18 (f) As of June 30 annually, the actuary retained under section 356.214 shall calculate
201.19 the amount of required reserves representing any mortality gains and any mortality losses
201.20 incurred during the fiscal year and report the results of those calculations to the plan.
201.21 The actuary shall report separately the amount of the reserves for annuitants and benefit
201.22 recipients who are eligible for a postretirement benefit adjustment and the amount of
201.23 reserves for annuitants and benefit recipients who are not eligible for a postretirement
201.24 benefit adjustment. If the net amount of required reserves represents a mortality gain,
201.25 the board shall sell sufficient securities or transfer sufficient available cash to equal the
201.26 amount. If the amount of required reserves represents a mortality loss, the plan shall
201.27 transfer an amount equal to the amount of the net mortality loss. The amount of the
201.28 transfers must be determined before any postretirement benefit adjustments have been
201.29 made. All transfers resulting from mortality adjustments must be completed annually
201.30 by December 31 for the preceding June 30. Interest is payable on any transfers after
201.31 December 31 based upon the preretirement interest assumption for the participating plan
201.32 or fund as specified in section 356.215, subdivision 8, stated as a monthly rate. Book
201.33 values of the assets of the fund must be determined only after all adjustments for mortality
201.34 gains and losses for the fiscal year have been made.

202.1 (g) All money necessary to meet the requirements of the certification of withdrawals
 202.2 and all money necessary to pay postretirement adjustments under this section are hereby
 202.3 and from time to time appropriated from the postretirement investment fund to the board.

202.4 (h) Annually, following the calculation of any postretirement adjustment payable
 202.5 from the retirement benefit fund, the board of trustees shall submit a report to the
 202.6 executive director of the Legislative Commission on Pensions and Retirement and to the
 202.7 commissioner of finance indicating the amount of any postretirement adjustment and
 202.8 the underlying calculations on which that postretirement adjustment amount is based,
 202.9 including the amount of dividends, the amount of interest, and the amount of net realized
 202.10 capital gains or losses utilized in the calculations.

202.11 (i) With respect to a former contributing member who began receiving a retirement
 202.12 annuity or disability benefit under section 422A.151, paragraph (a), clause (2), after June
 202.13 30, 1997, or with respect to a survivor of a former contributing member who began
 202.14 receiving a survivor benefit under section 422A.151, paragraph (a), clause (2), after June
 202.15 30, 1997, the reserves attributable to the one percent lower amount of the cost-of-living
 202.16 adjustment payable to those annuity or benefit recipients annually must be transferred back
 202.17 to the deposit accumulation fund to the credit of the Metropolitan Airports Commission.
 202.18 The calculation of this annual reduced cost-of-living adjustment reserve transfer must be

11A.041 REPORT ON POSTRETIREMENT INVESTMENT FUND INVESTMENT PERFORMANCE AND ADJUSTMENT CALCULATION.

The State Board of Investment shall annually report to the Legislative Commission on Pensions and Retirement, the house of representatives Governmental Operations and Gaming Committee, and the senate Governmental Operations and Reform Committee on the investment performance investment activities, and postretirement adjustment calculations of the Minnesota postretirement investment fund established under section 11A.18. The annual report must be filed before January 1. The contents of the report must include the reporting requirements specified by the Legislative Commission on Pensions and Retirement as part of the standards adopted by the commission under section 3.85, subdivision 10. The report also may include any additional information that the State Board of Investment determines is appropriate.

11A.18 MINNESOTA POSTRETIREMENT INVESTMENT FUND.

Subdivision 1. **Establishment.** There is hereby established a postretirement investment fund for the purpose of providing an investment vehicle for the reserves for various retirement annuities and benefits payable by the participating retirement funds and plans. The postretirement investment fund shall be a continuation of the Minnesota adjustable fixed benefit fund in existence on January 1, 1980.

Subd. 2. **Assets.** The assets of the postretirement investment fund shall consist of the money representing the reserves for various retirement annuities and benefits payable by participating retirement funds and plans which have been certified to and received by the state board from the participating public retirement funds and plans.

Subd. 2a. **Composite funded ratio.** (a) Annually, following June 30, the executive director of the State Board of Investment shall determine the composite funded ratio of the postretirement investment fund. The composite funded ratio must be stated as a percentage and must be calculated using:

(1) the total fair market value of the postretirement investment fund as of June 30, calculated in accordance with generally accepted accounting principles; divided by

(2) the total reserves required as of June 30 for the annuities or benefits payable from the postretirement investment fund on that June 30 to all recipients of participating public pension plans or funds, as determined by the actuary retained under section 356.214 using the applicable assumptions in section 356.215.

(b) The executive director of the State Board of Investment shall certify the composite funded ratio to the executive directors of the plans participating in the Minnesota postretirement investment fund and to the executive director of the Legislative Commission on Pensions and Retirement by November 30 annually.

Subd. 3. **Management.** The postretirement investment fund shall be managed by the state board.

Subd. 4. **Investment.** The assets of the postretirement investment fund shall be invested by the state board subject to the provisions of section 11A.24.

Subd. 5. **Deferred yield adjustment account.** There is hereby established a deferred yield adjustment account which shall be increased by the sale or disposition of any debt securities at less than book value and shall be decreased by the sale or disposition of debt securities at more than book value. At the end of each fiscal year, a portion of the balance of this account shall be offset against the investment income for that year. The annual portion of the balance to be offset shall be proportional to the reciprocal of the average remaining life of the bonds sold, unless the amounts are offset by gains on the future sales of these securities. The amount of this account shall be included in the recognized value of assets other than corporate stocks and all other equity investments. In any fiscal year in which the gains on the sales of debt securities exceed the discounts realized on the sales of such securities, the excess shall be used to reduce the balance of the account. If the realized capital gains are sufficient to reduce the balance of the account to zero, any excess gains shall be available for the calculation of postretirement adjustments made according to subdivision 9.

Subd. 6. **Participating public retirement funds or plans; transfer of required reserves.** (a) Any public retirement fund or plan authorized by law to participate in the postretirement investment fund shall no later than the last business day of the month in which the benefit payment from the postretirement investment fund begins to accrue, certify and transfer to the state board money equal to the reserves required for those retirement annuities and benefits which are payable by the public retirement fund or plan and which are specified in law to be included in

APPENDIX

Repealed Minnesota Statutes: H0723-1

the participation in the fund as determined by or determined under a procedure specified by the actuary retained under section 356.214.

(b) If the exact amount of the actuarially determined required reserves is not readily calculable on the required transfer date, the initial transfer must be based on the best estimate for the teachers retirement fund and the public employees retirement fund and may be based on the best estimate for the other participating funds. Any necessary adjustments based on specific calculations of actuarially determined required reserves must be made in later transfers. If a transfer is insufficient, the later transfer from the retirement fund must include interest on the amount of the required reserve insufficiency at the preretirement interest assumption for the retirement fund as specified in section 356.215, subdivision 8, stated as a monthly rate.

Interest on the amount of a required reserve insufficiency payable by a retirement fund shall be compounded on a monthly basis. No interest shall be payable from the postretirement investment fund in the event of a required reserve oversufficiency.

(c) The state board shall confirm in writing each certification and transfer of money made by a participating public retirement fund or plan. Each participating public retirement fund or plan shall maintain adequate records to account for money transferred to or from the postretirement investment fund.

Subd. 7. Participation and financial reporting in fund. (a) Each participating public retirement fund or plan which has transferred money to the state board for investment in the postretirement investment fund shall have an undivided participation in the fund. The participation on any valuation date must be determined by adding to the participation on the prior valuation date:

(1) funds transferred in accordance with subdivision 6;

(2) the amount of required investment income on its participation as defined in subdivision 9, paragraph (c), clause (1); and

(3) the reserves for any benefit adjustment made as of the current valuation date with the result adjusted for any mortality gains or losses determined under subdivision 11.

(b) The total fair market value of the postretirement fund as of June 30 must be calculated in accordance with generally accepted accounting principles. The fair market value share of each fund participating in the postretirement investment fund must be allocated by adding to the fair market value at the beginning of the fiscal year:

(1) 100 percent of the funds transferred in accordance with subdivision 6; and

(2) a pro rata distribution of unrealized gains or losses, based on a weighted percentage of participation at the end of each month of the fiscal year.

Subd. 8. Withdrawal of money. Upon certification by the applicable executive director that a portion of the certified money representing the required reserves for various retirement annuities or benefits payable from the participating public retirement fund or plan are required for the payment of a retirement annuity or benefit, the state board shall sell sufficient securities or transfer sufficient available cash to equal the amount of money certified as required and shall order the transfer of that amount to the appropriate executive director.

Subd. 9. Calculation of postretirement adjustment. (a) Annually, following June 30, the state board shall use the procedures in paragraphs (b), (c), and (d) to determine whether a postretirement adjustment under this subdivision is payable and to determine the amount of any postretirement adjustment under this subdivision.

(b) (1) If the Consumer Price Index for urban wage earners and clerical workers all items index published by the Bureau of Labor Statistics of the United States Department of Labor increases from June 30 of the preceding year to June 30 of the current year, the state board shall certify the percentage increase.

(2) The amount certified must not exceed 2.5 percent.

(c) If the amount calculated under paragraph (b), clause (1), is greater than the maximum amount allowable under paragraph (b), clause (2), in addition to any percentage increase certified under paragraph (b), the board shall use the following procedures to determine if a postretirement adjustment is payable under this paragraph:

(1) the state board shall determine the total fair market value of the fund on June 30 of that year;

(2) the amount of reserves required as of the current June 30 for the annuity or benefit payable to an annuitant and benefit recipient of the participating public pension plans or funds must be determined by the actuary retained under section 356.214. An annuitant or benefit recipient who has been receiving an annuity or benefit for at least 12 full months as of the current June 30 is eligible to receive a full postretirement adjustment. An annuitant or benefit recipient who has been receiving an annuity or benefit for at least one full month, but less than 12 full months as of the current June 30, is eligible to receive a partial postretirement adjustment. Each fund shall report separately the amount of the reserves for those annuitants and benefit recipients

APPENDIX

Repealed Minnesota Statutes: H0723-1

who are eligible to receive a full postretirement benefit adjustment. This amount is known as "eligible reserves." Each fund shall also report separately the amount of the reserves for those annuitants and benefit recipients who are not eligible to receive a postretirement adjustment. This amount is known as "noneligible reserves." For an annuitant or benefit recipient who is eligible to receive a partial postretirement adjustment, each fund shall report separately as additional "eligible reserves" an amount that bears the same ratio to the total reserves required for the annuitant or benefit recipient as the number of full months of annuity or benefit receipt as of the current June 30 bears to 12 full months. The remainder of the annuitant's or benefit recipient's reserves must be separately reported as additional "noneligible reserves." The amount of "eligible" and "noneligible" required reserves must be certified to the board by the actuary retained under section 356.214 as soon as is practical following the current June 30;

(3) the state board shall determine the percentage increase certified under paragraph (b) multiplied by the eligible required reserves, as adjusted for mortality gains and losses under subdivision 11, determined under clause (2);

(4) the state board shall add the amount of reserves required for the annuities or benefits payable to annuitants and benefit recipients of the participating public pension plans or funds as of the current June 30 to the amount determined under clause (3);

(5) the state board shall subtract the amount determined under clause (4) from the total fair market value of the fund determined under clause (1);

(6) the state board shall adjust the amount determined under clause (5) by the cumulative current balance determined under clause (8) and any negative balance carried forward under clause (9);

(7) a positive amount resulting from the calculations in clauses (1) to (6) is the excess market value. A negative amount is the negative balance;

(8) the state board shall allocate one-fifth of the excess market value or one-fifth of the negative balance to each of five consecutive years, beginning with the fiscal year ending the current June 30; and

(9) to calculate the postretirement adjustment under this paragraph, the state board shall add together all excess market value allocated to that year and subtract from the sum all negative balances allocated to that year. If this calculation results in a negative number, the entire negative balance must be carried forward and allocated to the next year. If the resulting amount is positive, a postretirement adjustment is payable under this paragraph. The board shall express a positive amount as a percentage of the total eligible required reserves certified to the board under clause (2). The percentage determined under this paragraph is not payable unless the amount calculated under paragraph (b), clause (1), is greater than 2.5 percent and must not exceed the difference by which the amount calculated under paragraph (b), clause (1), exceeds 2.5 percent.

(d) The state board shall determine the amount of any postretirement adjustment which is payable using the following procedure:

(1) The total "eligible" required reserves as of the first of January next following the end of the fiscal year for the annuitants and benefit recipients eligible to receive a full or partial postretirement adjustment as determined by clause (2) must be certified to the state board by the actuary retained under section 356.214. The total "eligible" required reserves must be determined by the actuary retained under section 356.214 on the assumption that all annuitants and benefit recipients eligible to receive a full or partial postretirement adjustment will be alive on the January 1 in question; and

(2) The state board shall add the percentage certified under paragraph (b) to any positive percentage calculated under paragraph (c). The board shall not subtract from the percentage certified under paragraph (b) any negative amount calculated under paragraph (c). The sum of these percentages must be certified to each participating public pension fund or plan as the full postretirement adjustment percentage. The full postretirement adjustment percentage certified to each participating public pension plan or fund must not exceed five percent.

(e) A retirement annuity payable in the event of retirement before becoming eligible for Social Security benefits as provided in section 352.116, subdivision 3; 353.29, subdivision 6; or 354.35 must be treated as the sum of a period certain retirement annuity and a life retirement annuity for the purposes of any postretirement adjustment. The period certain retirement annuity plus the life retirement annuity must be the annuity amount payable until age 62 or 65, whichever applies. A postretirement adjustment granted on the period certain retirement annuity must terminate when the period certain retirement annuity terminates.

Subd. 9a. **Lost purchasing power increase.** (a) This subdivision applies for fiscal years ending June 30 in which all of the following conditions exist:

APPENDIX

Repealed Minnesota Statutes: H0723-1

(1) the composite funded ratio for the postretirement investment fund as of June 30 as certified by the executive director of the State Board of Investment under subdivision 2a is more than 90 percent;

(2) the State Board of Investment determines that the time-weighted total rate of return on investment of assets in the postretirement investment fund for the fiscal year ending June 30 exceeds 8.5 percent; and

(3) the postretirement adjustment percentage certified under subdivision 9, paragraph (b), is less than 2.5 percent.

(b) The lost purchasing power postretirement increase is payable the following January 1.

(c) Each participating public pension plan must annually calculate:

(1) the cumulative postretirement adjustment percentage applied to the annuity or benefit paid to each eligible annuitant and benefit recipient since the person first received a postretirement adjustment; and

(2) the increase in the Consumer Price Index for urban wage earners and clerical workers all items index published by the Bureau of Labor Statistics of the United States Department of Labor from June 30 of the year before the person first received a postretirement adjustment to June 30 of the current year. If a person received a prorated increase under subdivision 9, paragraph (c), clause (2), the same ratio of the number of months receiving a monthly benefit to 12 months must be applied to the inflation calculation for the fiscal year used to calculate the prorated amount of lost purchasing power for that period.

(d) If the percentage in paragraph (c), clause (2), is greater than the percentage in paragraph (c), clause (1), with respect to an eligible annuitant or benefit recipient, and the conditions in paragraph (a) exist, that person is eligible to receive an increase under this subdivision.

(e) The percentage increase payable to an eligible annuitant or benefit recipient under this subdivision may not exceed the difference between 2.5 percent and the amount certified under subdivision 9 or the amount calculated under paragraph (c), whichever is lower. The percentage increase otherwise payable under this subdivision must be reduced as provided in paragraph (f).

(f) The actuary retained under section 356.214 must determine:

(1) the reserves that would be required to pay in full the adjustments determined under paragraph (c); and

(2) the excess market value necessary to maintain the accrued liability composite funding ratio determined under subdivision 2a is at least 90 percent. If the calculated result under clause (1) is greater than the calculated result under this clause, the increase payable to each eligible annuitant or benefit recipient under this subdivision must be reduced to that portion of the full potential increase amount that equals the ratio that the calculated result under this clause bears to the calculated result under clause (1).

(g) A percentage increase certified under this subdivision must be added to the percentage certified under subdivision 9 and the total resulting percentage must be certified to each participating public pension plan as the full postretirement adjustment percentage.

Subd. 9b. Excess assets trigger. If the composite funded ratio of the postretirement investment fund determined under subdivision 2a is 115 percent or greater as of June 30 of any year, the governing bodies of the retirement plans participating in the postretirement investment fund must jointly report to the Legislative Commission on Pensions and Retirement by the next January 15. The report must evaluate and make recommendations with respect to the overall benefits and funding of the retirement funds for both active employees and benefit recipients.

Subd. 10. Payment of postretirement adjustment. Upon receiving the certification of the amount of the full postretirement adjustment from the state board, each participating public pension fund or plan shall determine the amount of the postretirement adjustment payable to each eligible annuitant and benefit recipient. The dollar amount of the postretirement adjustment shall be calculated by applying the certified postretirement adjustment percentage to the amount of the monthly annuity or benefit payable to each eligible annuitant or benefit recipient eligible for a full adjustment.

The dollar amount of the partial postretirement adjustment payable to each annuitant or benefit recipient eligible for a partial adjustment shall be calculated by first determining a partial percentage amount that bears the same ratio to the certified full adjustment percentage amount as the number of full months of annuity or benefit receipt as of the current June 30 bears to 12 full months. The partial percentage amount determined shall then be applied to the amount of the monthly annuity or benefit payable to each annuitant or benefit recipient eligible to receive a partial postretirement adjustment. The postretirement adjustments shall commence to be paid on January 1 following the calculations required pursuant to this section and shall thereafter be included in the monthly annuity or benefit paid to the recipient. Any adjustments pursuant to this

section shall be paid automatically unless the intended recipient files a written notice with the applicable participating public pension fund or plan requesting that the adjustment not be paid.

Subd. 11. **Adjustment for mortality gains and losses.** As of June 30 annually, the actuary retained under section 356.214 shall calculate the amount of required reserves representing any mortality gains and any mortality losses incurred by each participating public pension fund or plan during the fiscal year and report the results of those calculations to the applicable participating public pension fund or plan. The actuary shall report separately the amount of the reserves for annuitants and benefit recipients who are eligible for a postretirement benefit adjustment and the amount of reserves for annuitants and benefit recipients who are not eligible for a postretirement benefit adjustment. If the net amount of required reserves represents a mortality gain, the participating public pension fund or plan shall certify that amount to the state board, which shall sell sufficient securities or transfer sufficient available cash to equal the amount of money certified. If the amount of required reserves represents a mortality loss, the participating public pension fund or plan shall transfer to the state board an amount equal to the amount of the net mortality loss. The amount of the transfers shall be determined before any postretirement benefit adjustments have been made. All transfers resulting from mortality adjustments shall be completed annually by December 31 for the preceding June 30. Interest shall be charged or credited on any transfers after December 31 based upon the preretirement interest assumption for the participating plan or fund as specified in section 356.215, subdivision 8, stated as a monthly rate. Book values of the assets of the fund for the purposes of subdivision 9 shall be determined only after all adjustments for mortality gains and losses for the fiscal year have been made.

Subd. 12. **Appropriation of required amounts.** All money necessary to meet the requirements of the certification of withdrawals and all money necessary to pay postretirement adjustments pursuant to this section are hereby and from time to time appropriated from the postretirement investment fund to the state board.

11A.181 DISSOLUTION OF MINNESOTA POSTRETIREMENT INVESTMENT FUND.

Subdivision 1. **Conditions for dissolution.** The postretirement investment fund established in section 11A.18 must be dissolved according to the schedule in subdivision 2 if the composite funded ratio calculated as of June 30 of that year under section 11A.18, subdivision 2a, is:

- (2) less than 80 percent.

Subd. 2. **Transition.** If conditions for dissolution of the postretirement investment fund under subdivision 1 apply:

(2) the retirement plans shall not transfer additional funds to the Minnesota postretirement investment fund as a result of the calculation by the actuary retained under section 356.214 of net mortality losses under section 11A.18, subdivision 11;

(3) the assets of the postretirement investment fund must be transferred back to each participating public retirement plan on June 30 of the year following the year in which conditions for dissolution under subdivision 1 occur. The assets to be transferred to each public retirement plan must be based on each plan's participation in the postretirement fund as determined under section 11A.18, subdivision 7, on the June 30 when the transfer back to the plan occurs; and

(4) the postretirement investment fund ceases to exist upon the transfer of all assets as required in clause (3).

Subd. 3. **Postretirement adjustments.** (a) Notwithstanding section 11A.18 or any other law to the contrary, if the postretirement investment fund is dissolved, postretirement adjustments are payable only as follows:

(1) a postretirement increase of 2.5 percent must be applied each year, effective January 1, to the monthly annuity or benefit of each annuitant and benefit recipient who has been receiving an annuity or a benefit for at least 12 full months as of the prior January 1; and

(2) for each annuitant or benefit recipient who has been receiving an annuity or a benefit for at least one full month, an annual postretirement increase of 1/12 of 2.5 percent for each month the person has been receiving an annuity or benefit must be applied, effective January 1 of the year in which the person has been retired for less than 12 months.

However, if the employee has returned to covered employment following a termination, the employee must have earned at least six months of allowable service following their return to qualify for improved benefits resulting from any law change enacted subsequent to that termination.

Subd. 3. Allowable service. (a) "Allowable service" means:

(1) for members defined in subdivision 2, clause (1), service in any month for which payments have been made to the State Patrol retirement fund, and

(2) for members defined in subdivision 2, clauses (2) and (3), service for which payments have been made to the State Patrol retirement fund, service for which payments were made to the State Police officers retirement fund after June 30, 1961, and all prior service which was credited to a member for service on or before June 30, 1961.

(b) Allowable service also includes any period of absence from duty by a member who, by reason of injury incurred in the performance of duty, is temporarily disabled and for which disability the state is liable under the workers' compensation law, until the date authorized by the executive director for commencement of payment of a disability benefit or return to employment.

(d) Allowable service means service in a month during which a member is paid a salary from which a member contribution is deducted, deposited, and credited in the State Patrol retirement plan.

(b) The member may obtain credit by paying into the fund an equivalent member contribution based on the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the member would have received if the member had continued to provide employment services to the state rather than to provide uniformed service, or if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate during the 12-month period of covered employment rendered immediately preceding the purchase period.

(c) The equivalent employer contribution and, if applicable, the equivalent employer additional contribution, must be paid by the employing unit, using the employer and employer additional contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution.

(d) If the member equivalent contributions provided for in this subdivision are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this subdivision.

(e) To receive allowable service credit under this subdivision, the contributions specified in this section must be transmitted to the fund during the period which begins with the date on which the individual returns to state employment covered by the plan and which has a duration of three times the length of the uniformed service period, but not to exceed five years. If the determined payment period is calculated to be less than one year, the contributions required under this subdivision to receive service credit may be within one year from the discharge date.

(f) The amount of allowable service credit obtainable under this section may not exceed five years, unless a longer purchase period is required under United States Code, title 38, section 4312.

(g) The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this subdivision. Average monthly salary must be based upon all allowable service if this service is less than five years.

(b) "Average monthly salary" means the salary of the member as defined in section 352.01, subdivision 13. "Average monthly salary" does not include any lump-sum annual leave payments and overtime payments made at the time of separation from state service, any amounts of severance pay, or any reduced salary paid during the period the person is entitled to workers' compensation benefit payments for temporary disability.

(c) A member on leave of absence receiving temporary workers' compensation payments and a reduced salary or no salary from the employer who is entitled to allowable service credit for the period of absence may make payment to the fund for the difference between salary received, if any, and the salary the member would normally receive if not on leave of absence during the period. The member shall pay an amount equal to the member and employer contribution rate under section 352B.02, subdivisions 1b and 1c, on the differential salary amount for the period of the leave of absence. The employing department, at its option, may pay the employer amount on behalf of the member. A transfer may be made only from the individual account for an electing person's municipality. The executive director may not transfer assets between individual local consolidation accounts, nor may the executive director transfer assets from the Public Employees Retirement Association to the Minnesota postretirement fund or to a local consolidation account to cover liabilities of an individual local consolidation account. A transfer may be made only from the individual account for an electing person's municipality. The executive director may not transfer assets between individual municipal accounts, nor may the executive director transfer assets from the public employees retirement association to the Minnesota postretirement fund or to a local consolidation account to cover liabilities of an individual local consolidation account. (b) The board shall also determine the five-year annualized rate of return attributable to the assets of the St. Paul Teachers Retirement Fund Association under the formula specified in section 11A.04, clause (11), and the amount of the excess five-year annualized rate of return over the preretirement interest assumption specified in section 356.215.

(c) The excess investment percentage adjustment must be determined by multiplying the quantity one minus the rate of contribution deficiency, as specified in the most recent actuarial report of the actuary retained under sections 356.214 and 356.215, by the rate of return excess as determined in paragraph (b).

(d) The excess investment percentage adjustment is payable to all annuitants and benefit recipients on the following January 1.

**356.41 BENEFIT ADJUSTMENTS FOR CERTAIN DISABILITY AND SURVIVOR

(a) Disability benefits payable to a disabilitant, if not otherwise included in the participation in the Minnesota postretirement investment fund, and survivor benefits payable to a survivor from any public pension plan which participates in the Minnesota postretirement investment fund must be adjusted in the same manner, at the same times and in the same amounts as are benefits payable from the Minnesota postretirement investment fund to comparable eligible benefit recipients of that public pension plan.

(b) If a disability benefit is not included in the participation in the Minnesota postretirement investment fund, the disability benefit is recomputed as a retirement annuity and the recipient would have been eligible for an adjustment under this section if the disability benefit was not recomputed, the recipient remains eligible for the adjustment under this section after the recomputation.

(c) For the survivor of a deceased annuitant who receives a survivor benefit calculated under a prior law rather than the second portion of a joint and survivor annuity, any period of receipt of a retirement annuity by the annuitant must be utilized in determining the period of receipt for eligibility to receive an adjustment under this section.

(d) No recipient, however, is entitled to more than one adjustment under this section or section 11A.18 applicable to one benefit during a year by reason of this section.

422A.08 FINANCING OF CITY'S CONTRIBUTION.

Subd. 5a. **Purchase payment amount.** (a) To purchase credit for prior service under this section, there must be paid to the Minneapolis Employees Retirement Fund an amount equal to the present value, on the date of payment, of the amount of the additional retirement annuity obtained by the purchase of the additional service credit. Calculation of this amount must be made using the applicable preretirement interest rate for the association specified in section 356.215, subdivision 8, and the mortality table adopted for the fund. The calculation must assume continuous future service in the fund until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must also assume a future salary history that includes annual salary increases at the applicable salary increase rate for the fund or association specified in section 356.215, subdivision 8. The member must establish in the records of the fund proof of the service for which the purchase of prior service is requested. The manner of the proof of service must be in accordance with procedures prescribed by the executive director.

(b) Payment must be made in one lump sum.

(c) Payment of the amount calculated under this subdivision must be made by the member. However, the current or former governmental subdivision employer of the member may, at its discretion, pay all or any portion of the payment amount that exceeds an amount equal to the employee contribution rates in effect during the period or periods of prior service applied to the actual salary rates in effect during the period or periods of prior service, plus interest at the rate of six percent a year compounded annually from the date on which the contributions would otherwise have been made to the date on which the payment is made.

Subd. 4. **Defined contribution lump sum service pensions.** (a) If the bylaws governing the relief association so provide exclusively, the relief association may pay a defined contribution lump-sum service pension in lieu of any defined benefit service pension governed by subdivision 2.

(b) An individual account for each firefighter who is a member of the relief association must be established. To each individual active member account must be credited an equal share of: (1) any amounts of fire state aid received by the relief association; (2) any amounts of municipal contributions to the relief association raised from levies on real estate or from other available revenue sources exclusive of fire state aid; and (3) any amounts equal to the share of the assets of the special fund to the credit of: (i) any former member who terminated active service with the fire department to which the relief association is associated before meeting the minimum service requirement provided for in subdivision 1 and has not returned to active service with the fire department for a period no shorter than five years; or (ii) any retired member who retired before obtaining a full nonforfeitable interest in the amounts credited to the individual member account under subdivision 2 and any applicable provision of the bylaws of the relief association. In addition, any investment return on the assets of the special fund must be credited in proportion to the share of the assets of the special fund to the credit of each individual active member account through the date on which the investment return is recognized by and credited to the special fund.

(c) At the time of retirement under subdivision 1 and any applicable provision of the bylaws of the relief association, a retiring member is entitled to that portion of the assets of the special fund to the credit of the member in the individual member account which is nonforfeitable under subdivision 2 and any applicable provision of the bylaws of the relief association based on the number of years of service to the credit of the retiring member.

Subd. 6. **Payment of service pensions; nonassignability.** The method of calculating service pensions shall be applied uniformly for all years of active service and credit shall be given for all years of active service, except as otherwise provided in this section. No service pension shall be paid to any person while the person remains an active member of the respective fire department, and no person who is receiving a service pension shall be entitled to receive any other benefits from the special fund of the relief association. No service pension or ancillary benefits paid or payable from the special fund of a relief association to any person receiving or entitled to receive a service pension or ancillary benefits shall be subject to garnishment, judgment, execution, or other legal process, except as provided in section 518.58, 518.581, or 518A.53. No person entitled to a service pension or ancillary benefits from the special fund of a relief association may assign any service pension or ancillary benefit payments, nor shall the association have the authority to recognize any assignment or pay over any sum which has been assigned.

Subd. 8a. **Purchase of annuity contracts.** A relief association providing a lump-sum service pension, if the governing articles of incorporation or bylaws so provide, may purchase an annuity contract on behalf of a retiring member in an amount equal to the service pension otherwise payable at the request of the person and in place of a direct payment to the person. The annuity contract must be purchased from an insurance carrier licensed to do business in this state.

Subd. 8b. **Transfer to individual retirement account.** A relief association that is a qualified pension plan under section 401(a) of the federal Internal Revenue Code, as amended, and that provides a lump-sum service pension, at the written request of the applicable retiring member or, following the death of the active member, at the written request of the deceased member's surviving spouse, may directly transfer the eligible member's lump-sum pension or the death, funeral, or survivor benefit attributable to the member, whichever applies, to the requesting person's individual retirement account under section 408(a) of the federal Internal Revenue Code, as amended.

Subd. 9b. **Repayment of service pension in certain instances.** If a retired volunteer firefighter does not permanently separate from active firefighting service as required by subdivision 1 and section 424A.001, subdivision 9, by resuming active service as a firefighter in the same volunteer fire department or as a person in charge of firefighters in the same volunteer fire department, no additional service pension amount is payable to the person, no additional service is creditable to the person, and the person shall repay any previously received service pension.

424A.09 APPLICATION TO CERTAIN RELIEF ASSOCIATIONS.

Subd. 1c. **Additional employer contribution.** If the employer contribution under subdivision 1b and the assets of the judges retirement fund are insufficient to meet reserve transfers to the Minnesota postretirement investment fund or payments of survivor benefits in a month, the necessary amount is appropriated from the general fund to the executive director of the Minnesota State Retirement System, upon the certification of the required amount by the executive director to the commissioner of finance.

Subd. 1e. **Participation in the postretirement investment fund.** Notwithstanding any laws to the contrary, all judges and survivors receiving a benefit under this chapter shall receive that benefit from the postretirement investment fund.
