background studies, but in any case not to exceed $100 annually. A county agency may
also charge a license fee to an applicant or license holder not to exceed $50 for a one-year
license or $100 for a two-year license.

(b) A county agency may charge a fee to a legal nonlicensed child care provider or
applicant for authorization to recover the actual cost of background studies completed
under section 119B.125, but in any case not to exceed $100 annually.

(c) Counties may elect to reduce or waive the fees in paragraph (a) or (b):
(1) in cases of financial hardship;
(2) if the county has a shortage of providers in the county’s area;
(3) for new providers; or
(4) for providers who have attained at least 16 hours of training before seeking
initial licensure.

(d) Counties may allow providers to pay the applicant fees in paragraph (a) or (b) on
an installment basis for up to one year. If the provider is receiving child care assistance
payments from the state, the provider may have the fees under paragraph (a) or (b)
deducted from the child care assistance payments for up to one year and the state shall
reimburse the county for the county fees collected in this manner.

(e) For purposes of adult foster care and child foster care licensing under this
chapter, a county agency may charge a fee to a corporate applicant or corporate license
holder to recover the actual cost of background studies. A county agency may also charge

is in lieu of the annual license or certification fee that expires on December 31. The
commissioner shall not process an application until the application fee is paid.

subdivision to read:

Subd. 8. Alternate overnight supervision technology; adult foster care license.

(a) The commissioner may grant an applicant or license holder an adult foster care license
for a residence that does not have a caregiver in the residence during normal sleeping
hours as required under Minnesota Rules, part 9555.5105, subpart 37, item B, but uses
monitoring technology to alert the license holder when an incident occurs that may jeopardize the health, safety, or rights of a foster care recipient. The applicant or license holder must comply with all other requirements under Minnesota Rules, parts 9555.5105 to 9555.6265, and the requirements under this subdivision. The license printed by the commissioner must state in bold and large font:

(1) that staff are not present on-site overnight; and

(2) the telephone number of the county's common entry point for making reports of suspected maltreatment of vulnerable adults under section 626.557, subdivision 9.

(b) Applications for a license under this section must be submitted directly to the Department of Human Services licensing division. The licensing division must immediately notify the host county and lead county contrac: agency and the host county licensing agency in the review of the application and the licensing of the program.

(c) Before a license is issued by the commissioner, and for the duration of the license, the applicant or license holder must establish, maintain, and document the implementation of written policies and procedures addressing the requirements in paragraphs (d) to (f).

(d) The applicant or license holder must have policies and procedures that:

(1) establish characteristics of target populations that will be admitted into the home and characteristics of populations that will not be accepted into the home;

(2) explain the discharge process when a foster care recipient requires overnight supervision or other services that cannot be provided by the license holder due to the limited hours that the license holder is on-site;

(3) describe the types of events to which the program will respond with a physical presence when those events occur in the home during time when staff are not on-site, and how the license holder's response plan meets the requirements in paragraph (e), clause (1) or (2);

(4) establish a process for documenting a review of the implementation and effectiveness of the response protocol for the response required under paragraph (e), clause (1) or (2). The documentation must include:

(i) a description of the triggering incident;

(ii) the date and time of the triggering incident;

(iii) the time of the response or responses under paragraph (e), clause (1) or (2);

(iv) whether the response met the resident's needs;

(v) whether the existing policies and response protocols were followed; and

(vi) whether the existing policies and protocols are adequate or need modification.
When no physical presence response is completed for a three-month period, the
license holder's written policies and procedures must require a physical presence response
drill to be conducted for which the effectiveness of the response protocol under paragraph
(e), clause (1) or (2), will be reviewed and documented as required under this clause; and
(5) establish that emergency and nonemergency phone numbers are posted in a
prominent location in a common area of the home where they can be easily observed by a
person responding to an incident who is not otherwise affiliated with the home.

(e) The license holder must document and include in the license application which
response alternative under clause (1) or (2) is in place for responding to situations that
present a serious risk to the health, safety, or rights of people receiving foster care services
in the home:

1. response alternative (1) requires only the technology to provide an electronic
notification or alert to the license holder that an event is underway that requires a response.
Under this alternative, no more than ten minutes will pass before the license holder will be
physically present on-site to respond to the situation; or

2. response alternative (2) requires the electronic notification and alert system
under alternative (1), but more than ten minutes may pass before the license holder is
present on-site to respond to the situation. Under alternative (2), all of the following
conditions are met:

(i) the license holder has a written description of the interactive technological
applications that will assist the licenser holder in communicating with and assessing the
needs related to care, health, and safety of the foster care recipients. This interactive
technology must permit the license holder to remotely assess the well being of the foster
care recipient without requiring the initiation or participation by the foster care recipient.

(ii) the license holder documents how the remote license holder is qualified and
capable of meeting the needs of the foster care recipients and assessing foster care
recipients' needs under item (i), during the absence of the license holder on-site;

(iii) the license holder maintains written procedures to dispatch emergency response
personnel to the site in the event of an identified emergency; and

(iv) each foster care recipient's individualized plan of care, individual service plan
under section 256B.092, subdivision 1b, if required, or individual resident placement
agreement under Minnesota Rules, part 9555.5105, subpart 19, if required, identifies the
maximum response time, which may be greater than ten minutes, for the license holder
to be on-site for that foster care recipient.
(f) All placement agreements, individual service agreements, and plans applicable to the foster care recipient must clearly state that the adult foster care license category is a program without the presence of a caregiver in the residence during normal sleeping hours; the protocols in place for responding to situations that present a serious risk to health, safety, or rights of foster care recipients under paragraph (e), clause (1) or (2); and a signed informed consent from each foster care recipient or the person's legal representative documenting the person's or legal representative's agreement with placement in the program. If electronic monitoring technology is used in the home, the informed consent form must also explain the following:

(1) how any electronic monitoring is incorporated into the alternative supervision system;

(2) the backup system for any electronic monitoring in times of electrical outages or other equipment malfunctions;

(3) how the license holder is trained on the use of the technology;

(4) the event types and license holder response times established under paragraph (e);

(5) how the license holder protects the foster care recipient's privacy related to electronic monitoring and related to any electronically recorded data generated by the monitoring system. The consent form must explain where and how the electronically recorded data is stored, with whom it will be shared, and how long it is retained; and

(6) the risks and benefits of the alternative overnight supervision system.

The written explanations under clauses (1) to (6) may be accomplished through cross-references to other policies and procedures as long as they are explained to the person giving consent, and the person giving consent is offered a copy.

(g) Nothing in this section requires the applicant or license holder to develop or maintain separate or duplicative policies, procedures, documentation, consent forms, or individual plans that may be required for other licensing standards, if the requirements of this section are incorporated into those documents.

(h) The commissioner may grant variances to the requirements of this section according to section 245A.04, subdivision 9.

(i) For the purposes of paragraphs (c) to (h), "license holder" has the meaning under section 245A.02, subdivision 9, and additionally includes all staff, volunteers, and contractors affiliated with the license holder.

Sec. 31. Minnesota Statutes 2008, section 256B.092, is amended by adding a subdivision to read:

Subd. 5b. **Revised per diem based on legislated rate reduction.** Notwithstanding section 252.28, subdivision 3, paragraph (d), if the 2009 legislature adopts a rate reduction that impacts payment to providers of adult foster care services, the commissioner may issue adult foster care licenses that permit a capacity of five adults. The application for a five-bed license must meet the requirements of section 245A.11, subdivision 2a. Prior to admission of the fifth recipient of adult foster care services, the county must negotiate a revised per diem rate for room and board and waiver services that reflects the legislated
rate reduction and results in an overall average per diem reduction for all foster care
recipients in that home. The revised per diem must allow the provider to maintain, as
much as possible, the level of services or enhanced services provided in the residence,
while mitigating the losses of the legislated rate reduction.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 32. Minnesota Statutes 2008, section 256B.49, subdivision 17, is amended to read:

Subd. 17. **Cost of services and supports.** (a) The commissioner shall ensure
that the average per capita expenditures estimated in any fiscal year for home and
community-based waiver recipients does not exceed the average per capita expenditures
that would have been made to provide institutional services for recipients in the absence
of the waiver.

(b) The commissioner shall implement on January 1, 2002, one or more aggregate,
need-based methods for allocating to local agencies the home and community-based
waived service resources available to support recipients with disabilities in need of
the level of care provided in a nursing facility or a hospital. The commissioner shall
allocate resources to single counties and county partnerships in a manner that reflects
consideration of:

(1) an incentive-based payment process for achieving outcomes;
(2) the need for a state-level risk pool;
(3) the need for retention of management responsibility at the state agency level; and
(4) a phase-in strategy as appropriate.

(c) Until the allocation methods described in paragraph (b) are implemented, the
annual allowable reimbursement level of home and community-based waiver services
shall be the greater of:

(1) the statewide average payment amount which the recipient is assigned under the
waiver reimbursement system in place on June 30, 2001, modified by the percentage of
any provider rate increase appropriated for home and community-based services; or
(2) an amount approved by the commissioner based on the recipient's extraordinary
needs that cannot be met within the current allowable reimbursement level. The
increased reimbursement level must be necessary to allow the recipient to be discharged
from an institution or to prevent imminent placement in an institution. The additional
reimbursement may be used to secure environmental modifications; assistive technology
and equipment; and increased costs for supervision, training, and support services
necessary to address the recipient's extraordinary needs. The commissioner may approve
an increased reimbursement level for up to one year of the recipient's relocation from an
institution or up to six months of a determination that a current waiver recipient is at
imminent risk of being placed in an institution.

(d) Beginning July 1, 2001, medically necessary private duty nursing services will be
authorized under this section as complex and regular care according to sections 256B.0651
and 256B.0653 to 256B.0656. The rate established by the commissioner for registered
nurse or licensed practical nurse services under any home and community-based waiver as
of January 1, 2001, shall not be reduced.

(e) Notwithstanding section 252.28, subdivision 3, paragraph (d), if the 2009
legislature adopts a rate reduction that impacts payment to providers of adult foster care
services, the commissioner may issue adult foster care licenses that permit a capacity of
five adults. The application for a five-bed license must meet the requirements of section
245A.11, subdivision 2a. Prior to admission of the fifth recipient of adult foster care
services, the county must negotiate a revised per diem rate for room and board and waiver
services that reflects the legislated rate reduction and results in an overall average per
diem reduction for all foster care recipients in that home. The revised per diem must allow
the provider to maintain, as much as possible, the level of services or enhanced services
provided in the residence, while mitigating the losses of the legislated rate reduction.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 33. **WAIVER.**

By December 1, 2009, the commissioner shall request all federal approvals and
waiver amendments to the disability home and community-based waivers to allow properly
licensed adult foster care homes to provide residential services for up to five individuals.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 34. **REPEALER.**

(a) Minnesota Statutes 2008, section 256B.092, subdivision 5a, is repealed effective
July 1, 2009.

(b) Minnesota Rules, part 9555.6125, subpart 4, item 3, is repealed.

Sec. 2. Minnesota Statutes 2008, section 256D.0515, is amended to read:

**256D.0515 ASSET LIMITATIONS FOR FOOD STAMP HOUSEHOLDS.**

All food stamp households must be determined eligible for the benefit discussed under section 256.029. Food stamp households must demonstrate that:

Sec. 3. Minnesota Statutes 2008, section 256D.06, subdivision 2, is amended to read:

Subd. 2. **Emergency need.** (a) Notwithstanding the provisions of subdivision 1, a grant of emergency general assistance shall, to the extent funds are available, be made to an eligible single adult, married couple, or family for an emergency need, as defined in rules promulgated by the commissioner, where the recipient requests temporary assistance
not exceeding 30 days if an emergency situation appears to exist under criteria adopted by
the county agency and the individual or family is ineligible for MFIP or DWP or is not a
participant of MFIP or DWP and whose annual net income is no greater than 200 percent
of the federal poverty level for the previous calendar year. If an applicant or recipient

procedure for applying for assistance according to this subdivision. An emergency general
assistance grant is available to a recipient not more than once in any 12-month period.
(b) Funding for an emergency general assistance program is limited to the
appropriation. Each fiscal year, the commissioner shall allocate to counties the money
appropriated for emergency general assistance grants based on each county agency's
average share of state's emergency general expenditures for the immediate past three fiscal
years as determined by the commissioner, and may reallocate any unspent amounts to
other counties.
(c) No county shall be allocated less than $1,000 for the fiscal year.
(d) Should an emergency be declared as provided in section 12.31, the commissioner

calculations for subsequent allocations as provided in paragraphs (b) and (c).
(e) Any emergency general assistance expenditures by a county above the amount of
the commissioner's allocation to the county must be made from county funds.

Sec. 4. Minnesota Statutes 2008, section 256D.09, subdivision 6, is amended to read:

its intention to recover the overpayment.
(b) Except as provided for interim assistance in section 256D.06, subdivision
5, when an overpayment occurs, the county agency shall recover the overpayment
from a current recipient by reducing the amount of aid payable to the assistance unit of
which the recipient is a member, for one or more monthly assistance payments, until
the overpayment is repaid. All county agencies in the state shall reduce the assistance
payment by three percent of the assistance unit's standard of need in nonfraud cases and
ten percent where fraud has occurred, or the amount of the monthly payment, whichever is
less, for all overpayments.
(c) In cases when there is both an overpayment and underpayment, the county
agency shall offset one against the other in correcting the payment.

(d) Overpayments may also be voluntarily repaid, in part or in full, by the individual,
in addition to the aid reductions provided in this subdivision, to include further voluntary
reductions in the grant level agreed to in writing by the individual, until the total amount
of the overpayment is repaid.

(e) The county agency shall make reasonable efforts to recover overpayments to
persons no longer on assistance under standards adopted in rule by the commissioner
of human services. The county agency need not attempt to recover overpayments of
less than $35 paid to an individual no longer on assistance if the individual does not
receive assistance again within three years, unless the individual has been convicted of
violating section 256.98.

(f) Establishment of an overpayment is limited to 12 months prior to the month of
discovery due to an agency error and six years prior to the month of discovery due to a

School districts shall be reimbursed by the commissioner of human services for the federal share of individual education plan health-related services that qualify for reimbursement by medical assistance, minus up to five percent retained by the commissioner of human services for administrative costs, not to exceed $250,000 per fiscal year. The commissioner may withhold up to five percent of each payment to a school district. Following the end of each fiscal year, the commissioner shall settle up with each school district in order to ensure that collections from each district for departmental administrative costs are made on a pro rata basis according to federal earnings for these services in each district. A school district is not eligible to enroll as a home care provider or a personal care provider organization for purposes of billing home care services under sections 256B.0651 and 256B.0653 to 256B.0656 until the commissioner of human services issues a bulletin instructing county public health nurses on how to assess for the needs of eligible recipients during school hours. To use private duty nursing services or personal care services at school, the recipient or responsible party must provide written authorization in the care plan identifying the chosen provider and the daily amount of services to be used at school.

Sec. 3. Minnesota Statutes 2008, section 256.01, subdivision 2b, is amended to read:

Subd. 2b. Performance payments; performance measurement. (a) The commissioner shall develop and implement a pay-for-performance system to provide performance payments to eligible medical groups and clinics that demonstrate optimum care in serving individuals with chronic diseases who are enrolled in health care programs administered by the commissioner under chapters 256B, 256D, and 256L. commissioner shall develop and implement a patient incentive health program to provide

have met personal health goals established with the patient's primary care providers to
manage a chronic disease or condition, including but not limited to diabetes, high blood
pressure, and coronary artery disease. The commissioner, in consultation with the Health
and Human Services Policy Committee, shall develop and provide to the legislature by
December 15, 2009, a methodology and any draft legislation necessary to allow for the
release, upon request, of summary data as defined in section 13.02, subdivision 19,
on claims and utilization for medical assistance, general assistance medical care, and
MinnesotaCare enrollees at no charge to the University of Minnesota Medical School, the

Sec. 7. Minnesota Statutes 2008, section 256.963, is amended by adding a subdivision to read:

Subd. 3. Urgent dental care services. The commissioner of human services shall authorize pilot projects to reduce the total costs to the state for dental services provided to persons enrolled in Minnesota health care programs by reducing hospital emergency room costs for preventable and nonemergency dental services. The commissioner may provide start-up funding and establish special payment rates for urgent dental care services provided as an alternative to emergency room services and may change or waive existing payment policies in order to adequately reimburse providers for providing cost-effective alternative services in outpatient or urgent care settings. The commissioner may establish a project in conjunction with the initiative authorized under subdivisions 1 and 2, or establish new initiatives, or may implement both approaches.

Sec. 8. Minnesota Statutes 2008, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. Payments. (a) Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. Except as provided in section 256.9693, medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party and recipient liability, for discharges occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation shall be calculated separately for medical assistance and general assistance medical care services. The limitation on general assistance medical care shall be effective for admissions occurring on or after July 1, 1991. Services that have rates established under subdivision 11 or 12, must be limited separately from other services. After consulting with
the affected hospitals, the commissioner may consider related hospitals one entity and
may merge the payment rates while maintaining separate provider numbers. The operating
and property base rates per admission or per day shall be derived from the best Medicare
and claims data available when rates are established. The commissioner shall determine
the best Medicare and claims data, taking into consideration variables of recency of the
data, audit disposition, settlement status, and the ability to set rates in a timely manner.
The commissioner shall notify hospitals of payment rates by December 1 of the year
preceding the rate year. The rate setting data must reflect the admissions data used to
establish relative values. Base year changes from 1981 to the base year established for the
rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited
to the limits ending June 30, 1987, on the maximum rate of increase under subdivision
1. The commissioner may adjust base year cost, relative value, and case mix index data
to exclude the costs of services that have been discontinued by the October 1 of the year
preceding the rate year or that are paid separately from inpatient services. Inpatient stays
that encompass portions of two or more rate years shall have payments established based
on payment rates in effect at the time of admission unless the date of admission preceded
the rate year in effect by six months or more. In this case, operating payment rates for
services rendered during the rate year in effect and established based on the date of
admission shall be adjusted to the rate year in effect by the hospital cost index.

(b) For fee-for-service admissions occurring on or after July 1, 2002, the total
payment, before third-party liability and spenddown, made to hospitals for inpatient
services is reduced by .5 percent from the current statutory rates.

fee-for-service admissions occurring on or after July 1, 2005, made to hospitals for
inpatient services before third-party liability and spenddown, is reduced 6.0 percent
from the current statutory rates. Mental health services within diagnosis related groups
424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph.

care plans shall be reduced for services provided on or after January 1, 2006, to reflect
this reduction.

Payments made to managed care plans shall be reduced for services provided on or after January 1, 2009, through June 30, 2009, to reflect this reduction.

(f) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2006, through June 30, 2010, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.9 percent from the current statutory rates. The accumulation of the clothing and personal needs allowance according to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. The value of assets that are not considered in determining eligibility for medical assistance is the value of those assets excluded under the supplemental security income program for aged, blind, and disabled persons, with the following exceptions:

1. household goods and personal effects are not considered;
2. capital and operating assets of a trade or business that the local agency determines are necessary to the person's ability to earn an income are not considered. Sec. 10. Minnesota Statutes 2008, section 256B.056, subdivision 3b, is amended to read:

Subd. 3b. Treatment of trusts. (a) A "medical assistance qualifying trust" is a revocable or irrevocable trust, or similar legal device, established on or before August 10, 1993, by a person or the person's spouse under the terms of which the person receives or could receive payments from the trust principal or income and the trustee has discretion in making payments to the person from the trust principal or income.

Notwithstanding that definition, a medical assistance qualifying trust does not include:

(1) a trust set up by will; (2) a trust set up before April 7, 1986, solely to benefit a person with a developmental disability living in an intermediate care facility for persons with developmental disabilities; or (3) a trust set up by a person with payments made by the Social Security Administration pursuant to the United States Supreme Court decision in Sullivan v. Zebley, 110 S. Ct. 885 (1990). The maximum amount of payments that a trustee of a medical assistance qualifying trust may make to a person under the terms of the trust is considered to be available assets to the person, without regard to whether the trustee actually makes the maximum payments to the person and without regard to the purpose for which the medical assistance qualifying trust was established.

(b) Except as provided in paragraphs (c) and (d), trusts established after August 10, 1993, are treated according to section 13611(b) of the Omnibus Budget Reconciliation Act of 1993 (OBRA), Public Law 103-66.

(c) For purposes of paragraph (d), a pooled trust means a trust established under United States Code, title 42, section 1396p(d)(4)(C).

(d) A beneficiary's interest in a pooled trust is considered an available asset unless the trust provides that upon the death of the beneficiary or termination of the trust during the beneficiary's lifetime, whichever is sooner, the department receives any amount in excess of reasonable administrative fees remaining in the beneficiary's trust account up to the amount of medical assistance benefits paid on behalf of the beneficiary under the state medical assistance plan. The trust may provide the nonprofit trustee, prior to payment to the state:

(1) reimbursement of reasonable expenses incurred by the trustee on behalf of the beneficiary which are subject to reimbursement under the terms of the trust; and

(2) reimbursement of reasonable administrative costs and fees.

A remainder interest may be retained by the nonprofit trustee that does not exceed five percent of the remaining balance in the trust account upon the death of the beneficiary or the termination of the trust, and must only be used for the benefit of disabled individuals who have a beneficial interest in the pooled trust.
EFFECTIVE DATE. This section is effective for pooled trust accounts established on or after January 1, 2011.

In addition to these maximum amounts, an eligible individual or family may accrue interest on these amounts, but they must be reduced to the maximum at the time of an eligibility redetermination. The value of assets that are not considered in determining eligibility for medical assistance for families and children is the value of those assets excluded under the AFDC state plan as of July 16, 1996, as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Public Law 104-193, with the following exceptions:

1. household goods and personal effects are not considered;

guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision
2, but only to the extent income of the institutionalized spouse is made available to the
community spouse;

(5) a monthly allowance for children under age 18 which, together with the net
income of the children, would provide income equal to the medical assistance standard
for families and children according to section 256B.056, subdivision 4, for a family size
that includes only the minor children. This deduction applies only if the children do not
live with the community spouse and only to the extent that the deduction is not included
in the personal needs allowance under section 256B.35, subdivision 1, as child support
garnished under a court order;

(6) a monthly family allowance for other family members, equal to one-third of the
difference between 122 percent of the federal poverty guidelines and the monthly income
for that family member;

(7) reparation payments made by the Federal Republic of Germany and reparation
payments made by the Netherlands for victims of Nazi persecution between 1940 and
1945;

(8) all other exclusions from income for institutionalized persons as mandated by
federal law; and

(9) amounts for reasonable expenses, as specified in subdivision 2, incurred for
necessary medical or remedial care for the institutionalized person that are recognized
under state law, not medical assistance covered expenses, and that are not subject to
payment by a third party.

Reasonable expenses are limited to expenses that have not been previously used as a
deduction from income and are incurred during the enrollee's current period of eligibility,
including retroactive months associated with the current period of eligibility, for medical
assistance payment of long-term care services.

For purposes of clause (6), "other family member" means a person who resides
with the community spouse and who is a minor or dependent child, dependent parent, or
dependent sibling of either spouse. "Dependent" means a person who could be claimed as
a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three
calendar months, in an amount equal to the medical assistance standard for a family
size of one if:
(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Subd. 2. Reasonable expenses. (a) For the purposes of subdivision 1, paragraph (a), clause (9), reasonable expenses are limited to expenses that have not been previously used as a deduction from income and were not:

(1) for long-term care expenses incurred during a period of ineligibility as defined in section 256B.0595, subdivision 2;

(2) incurred more than three months before the month of application associated with the current period of eligibility;

(3) for expenses incurred by a recipient that are duplicative of services that are covered under chapter 256B; or

(4) nursing facility expenses incurred without a timely assessment as required under section 256B.0911.

Sec. 17. Minnesota Statutes 2008, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. Prohibited transfers. (a) For transfers of assets made on or before August 10, 1993, if an institutionalized person or the institutionalized person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the supplemental security program, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.
(b) Effective for transfers made after August 10, 1993, an institutionalized person, an institutionalized person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the institutionalized person or institutionalized person's spouse, may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the Supplemental Security Income program, for the purpose of establishing or maintaining medical assistance eligibility. This applies to all transfers, including those made by a community spouse after the month in which the institutionalized spouse is determined eligible for medical assistance. For purposes of determining eligibility for long-term care services, any transfer of such assets within 36 months before or any time after an institutionalized person requests medical assistance payment of long-term care services, or 36 months before or any time after a medical assistance recipient becomes an institutionalized person, for less than fair market value may be considered. Any such transfer is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the institutionalized person is ineligible for long-term care services for the period of time determined under subdivision 2, unless the institutionalized person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivision 3 or 4. In the case of payments from a trust or portions of a trust that are considered transfers of assets under federal law, or in the case of any other disposal of assets made on or after February 8, 2006, any transfers made within 60 months before or any time after an institutionalized person requests medical assistance payment of long-term care services and within 60 months before or any time after a medical assistance recipient becomes an institutionalized person, may be considered.

(c) This section applies to transfers, for less than fair market value, of income or assets, including assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments or income to which the institutionalized person or the institutionalized person's spouse is entitled but does not receive due to action by the institutionalized person, the institutionalized person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the institutionalized person or the institutionalized person's spouse.

(d) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care
or services provided. A notarized written agreement is not required if payment for the
services was made within 60 days after the service was provided.

(e) This section applies to the portion of any asset or interest that an institutionalized
person, an institutionalized person's spouse, or any person, court, or administrative body
with legal authority to act in place of, on behalf of, at the direction of, or upon the request
of the institutionalized person or the institutionalized person's spouse, transfers to any
annuity that exceeds the value of the benefit likely to be returned to the institutionalized
person or institutionalized person's spouse while alive, based on estimated life expectancy
as determined according to the current actuarial tables published by the Office of the
Chief Actuary of the Social Security Administration. The commissioner may adopt rules
reducing life expectancies based on the need for long-term care. This section applies to an
annuity purchased on or after March 1, 2002, that:

(1) is not purchased from an insurance company or financial institution that is
subject to licensing or regulation by the Minnesota Department of Commerce or a similar
regulatory agency of another state;

(2) does not pay out principal and interest in equal monthly installments; or

(3) does not begin payment at the earliest possible date after annuitization.

(f) Effective for transactions, including the purchase of an annuity, occurring on or
after February 8, 2006, by or on behalf of an institutionalized person who has applied for
or is receiving long-term care services or the institutionalized person's spouse shall be
treated as the disposal of an asset for less than fair market value unless the department is
named a preferred remainder beneficiary as described in section 256B.056, subdivision
11. Any subsequent change to the designation of the department as a preferred remainder
beneficiary shall result in the annuity being treated as a disposal of assets for less than
fair market value. The amount of such transfer shall be the maximum amount the
institutionalized person or the institutionalized person's spouse could receive from the
annuity or similar financial instrument. Any change in the amount of the income or
principal being withdrawn from the annuity or other similar financial instrument at the
time of the most recent disclosure shall be deemed to be a transfer of assets for less than
fair market value unless the institutionalized person or the institutionalized person's spouse
demonstrates that the transaction was for fair market value. In the event a distribution
of income or principal has been improperly distributed or disbursed from an annuity or
other retirement planning instrument of an institutionalized person or the institutionalized
person's spouse, a cause of action exists against the individual receiving the improper
distribution for the cost of medical assistance services provided or the amount of the
improper distribution, whichever is less.
(g) Effective for transactions, including the purchase of an annuity, occurring on
or after February 8, 2006, by or on behalf of an institutionalized person applying for or
receiving long-term care services shall be treated as a disposal of assets for less than fair
market value unless it is:

(i) an annuity described in subsection (b) or (q) of section 408 of the Internal
Revenue Code of 1986; or

(ii) purchased with proceeds from:

(A) an account or trust described in subsection (a), (c), or (p) of section 408 of the
Internal Revenue Code;

(B) a simplified employee pension within the meaning of section 408(k) of the
Internal Revenue Code; or

(C) a Roth IRA described in section 408A of the Internal Revenue Code; or

(iii) an annuity that is irrevocable and nonassignable; is actuarially sound as
determined in accordance with actuarial publications of the Office of the Chief Actuary of
the Social Security Administration; and provides for payments in equal amounts during
the term of the annuity, with no deferral and no balloon payments made.

(h) For purposes of this section, long-term care services include services in a nursing
facility, services that are eligible for payment according to section 256B.0625, subdivision
2, because they are provided in a swing bed, intermediate care facility for persons with
developmental disabilities, and home and community-based services provided pursuant
to sections 256B.0915, 256B.092, and 256B.49. For purposes of this subdivision and
subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient
in a nursing facility or in a swing bed, or intermediate care facility for persons with
developmental disabilities or who is receiving home and community-based services under
sections 256B.0915, 256B.092, and 256B.49.

(i) This section applies to funds used to purchase a promissory note, loan, or
mortgage unless the note, loan, or mortgage:

(1) has a repayment term that is actuarially sound;

(2) provides for payments to be made in equal amounts during the term of the loan,
with no deferral and no balloon payments made; and

(3) prohibits the cancellation of the balance upon the death of the lender.

In the case of a promissory note, loan, or mortgage that does not meet an exception
in clauses (1) to (3), the value of such note, loan, or mortgage shall be the outstanding
balance due as of the date of the institutionalized person's request for medical assistance
payment of long-term care services.
(j) This section applies to the purchase of a life estate interest in another person's home unless the purchaser resides in the home for a period of at least one year after the date of purchase.

(k) This section applies to transfers into a pooled trust that qualifies under United States Code, title 42, section 1396p(d)(4)(C), by:

(1) a person age 65 or older or the person's spouse; or

(2) any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of a person age 65 or older or the person's spouse.

Sec. 18. Minnesota Statutes 2008, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. **Period of ineligibility for long-term care services.** (a) For any uncompensated transfer occurring on or before August 10, 1993, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

(b) For uncompensated transfers made after August 10, 1993, the number of months of ineligibility for long-term care services shall be the total uncompensated value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the first day of the month after the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty
period calculated to begin on the first day of the month after the month in which the first
uncompensated transfer was made. If the transfer was reported to the local agency after
the date that advance notice of a period of ineligibility that affects the next month could
be provided to the recipient and the recipient received medical assistance services or the
transfer was not reported to the local agency, and the applicant or recipient received
medical assistance services during what would have been the period of ineligibility if
the transfer had been reported, a cause of action exists against the transferee for that
portion of long-term care services provided during the period of ineligibility, or for the
uncompensated amount of the transfer, whichever is less. The uncompensated transfer
amount is the fair market value of the asset at the time it was given away, sold, or disposed
of, less the amount of compensation received. Effective for transfers made on or after
March 1, 1996, involving persons who apply for medical assistance on or after April 13,
1996, no cause of action exists for a transfer unless:
(1) the transferee knew or should have known that the transfer was being made by a
person who was a resident of a long-term care facility or was receiving that level of care in
the community at the time of the transfer;
(2) the transferee knew or should have known that the transfer was being made to
assist the person to qualify for or retain medical assistance eligibility; or
(3) the transferee actively solicited the transfer with intent to assist the person to
qualify for or retain eligibility for medical assistance.
(c) For uncompensated transfers made on or after February 8, 2006, the period
of ineligibility:
(1) for uncompensated transfers by or on behalf of individuals receiving medical
assistance payment of long-term care services, begins the first day of the month following
advance notice of the penalty period of ineligibility, but no later than the first day of the
month that follows three full calendar months from the date of the report or discovery
of the transfer; or
(2) for uncompensated transfers by individuals requesting medical assistance
payment of long-term care services, begins the date on which the individual is eligible
for medical assistance under the Medicaid state plan and would otherwise be receiving
long-term care services based on an approved application for such care but for the
application of the penalty period of ineligibility resulting from the uncompensated
transfer; and
(3) cannot begin during any other period of ineligibility.
(d) If a calculation of a penalty period of ineligibility results in a partial month,
payments for long-term care services shall be reduced in an amount equal to the fraction.
(e) In the case of multiple fractional transfers of assets in more than one month for
less than fair market value on or after February 8, 2006, the period of ineligibility is
calculated by treating the total, cumulative, uncompensated value of all assets transferred
during all months on or after February 8, 2006, as one transfer.

(f) A period of ineligibility established under paragraph (c) may be eliminated if
all of the assets transferred for less than fair market value used to calculate the period of
ineligibility, or cash equal to the value of the assets at the time of the transfer, are returned
within 12 months after the date the period of ineligibility began. A period of ineligibility
must not be adjusted if less than the full amount of the transferred assets or the full cash
value of the transferred assets are returned.

**EFFECTIVE DATE.** This section is effective for periods of ineligibility established
on or after January 1, 2011.

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee;
the maximum allowable cost set by the federal government or by the commissioner plus
the fixed dispensing fee; or the usual and customary price charged to the public. The
amount of payment basis must be reduced to reflect all discount amounts applied to the
charge by any provider/insurer agreement or contract for submitted charges to medical
assistance programs. The net submitted charge may not be greater than the patient liability
for the service. The pharmacy dispensing fee shall be $3.65, except that the dispensing fee
for intravenous solutions which must be compounded by the pharmacist shall be $8 per
bag, $14 per bag for cancer chemotherapy products, and $30 per bag for total parenteral
nutritional products dispensed in one liter quantities, or $44 per bag for total parenteral
nutritional products dispensed in quantities greater than one liter. Actual acquisition

Effective July 1, 2008, the actual acquisition cost of a drug shall be estimated by the

cost of antihemophilic factor drugs shall be estimated at the average wholesale price
minus 30 percent. The maximum allowable cost of a multisource drug may be set by the
commissioner and it shall be comparable to, but no higher than, the maximum amount
paid by other third-party payors in this state who have maximum allowable cost programs.
Establishment of the amount of payment for drugs shall not be subject to the requirements
of the Administrative Procedure Act.

(b) An additional dispensing fee of $.30 may be added to the dispensing fee paid
to pharmacists for legend drug prescriptions dispensed to residents of long-term care
facilities when a unit dose blister card system, approved by the department, is used. Under
this type of dispensing system, the pharmacist must dispense a 30-day supply of drug.
The National Drug Code (NDC) from the drug container used to fill the blister card must
be identified on the claim to the department. The unit dose blister card containing the
drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700,
that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider
will be required to credit the department for the actual acquisition cost of all unused
drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the
manufacturer's unopened package. The commissioner may permit the drug clozapine to be
dispensed in a quantity that is less than a 30-day supply.

(c) Whenever a generically equivalent product is available, payment shall be on the
basis of the actual acquisition cost of the generic drug, or on the maximum allowable cost
established by the commissioner.

(d) The basis for determining the amount of payment for drugs administered in an
outpatient setting shall be the lower of the usual and customary cost submitted by the

Article 6 Sec. 23.
provider or the amount established for Medicare by the United States Department of
Health and Human Services pursuant to title XVIII, section 1847a of the federal Social
Security Act.

(e) The commissioner may negotiate lower reimbursement rates for specialty
pharmacy products than the rates specified in paragraph (a). The commissioner may
require individuals enrolled in the health care programs administered by the department
to obtain specialty pharmacy products from providers with whom the commissioner has
negotiated lower reimbursement rates. Specialty pharmacy products are defined as those
used by a small number of recipients or recipients with complex and chronic diseases
that require expensive and challenging drug regimens. Examples of these conditions
include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis
C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms
of cancer. Specialty pharmaceutical products include injectable and infusion therapies,
biotechnology drugs, high-cost therapies, and therapies that require complex care. The
commissioner shall consult with the formulary committee to develop a list of specialty
pharmacy products subject to this paragraph. In consulting with the formulary committee
in developing this list, the commissioner shall take into consideration the population
served by specialty pharmacy products, the current delivery system and standard of care in
the state, and access to care issues. The commissioner shall have the discretion to adjust
the reimbursement rate to prevent access to care issues.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 24. Minnesota Statutes 2008, section 256B.0625, subdivision 17, is amended to
read:

Subd. 17. **Transportation costs.** (a) Medical assistance covers transportation costs
incurred solely for obtaining emergency medical care or transportation costs incurred
by eligible persons in obtaining emergency or nonemergency medical care when paid
directly to an ambulance company, common carrier, or other recognized providers of
transportation services.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules,
part 9505.0315, subpart 1, item F, if the recipient has a physical or mental impairment that
would prohibit the recipient from safely accessing and using a bus, taxi, other commercial
transportation, or private automobile.

The commissioner may use an order by the recipient's attending physician to certify that
the recipient requires special transportation services. Special transportation includes
driver-assisted service to eligible individuals. Driver-assisted service includes passenger
pickup at and return to the individual's residence or place of business, assistance with
admittance of the individual to the medical facility, and assistance in passenger securement
or in securing of wheelchairs or stretchers in the vehicle. Special transportation providers
must obtain written documentation from the health care service provider who is serving
the recipient being transported, identifying the time that the recipient arrived. Special
transportation providers may not bill for separate base rates for the continuation of a trip
beyond the original destination. Special transportation providers must take recipients to
the nearest appropriate health care provider, using the most direct route available. The
maximum medical assistance reimbursement rates for special transportation services are:

1. $17 for the base rate and $1.35 $1.65 per mile for services to eligible persons
who need a wheelchair-accessible van;

2. $11.50 $8.50 for the base rate and $1.30 per mile for services to eligible persons
who do not need a wheelchair-accessible van; and

3. $60 for the base rate and $2.40 per mile, and an attendant rate of $9 per trip, for
services to eligible persons who need a stretcher-accessible vehicle.

Sec. 25. Minnesota Statutes 2008, section 256B.0625, subdivision 26, is amended to
read:

Sec. 26. Special education services. (a) Medical assistance covers medical
services identified in a recipient's individualized education plan and covered under the
medical assistance state plan. Covered services include occupational therapy, physical
therapy, speech-language therapy, clinical psychological services, nursing services,
school psychological services, school social work services, personal care assistants
serving as management aides, assistive technology devices, transportation services,
health assessments, and other services covered under the medical assistance state plan.

Mental health services eligible for medical assistance reimbursement must be provided or
coordinated through a child's mental health collaborative where a collaborative exists if
the child is included in the collaborative operational target population. The provision or
coordination of services does not require that the individual education plan be developed
by the collaborative.

The services may be provided by a Minnesota school district that is enrolled as a
medical assistance provider or its subcontractor, and only if the services meet all the
requirements otherwise applicable if the service had been provided by a provider other
than a school district, in the following areas: medical necessity, physician's orders,
documentation, personnel qualifications, and prior authorization requirements. The
nonfederal share of costs for services provided under this subdivision is the responsibility
of the local school district as provided in section 125A.74. Services listed in a child's
individual education plan are eligible for medical assistance reimbursement only if those
services meet criteria for federal financial participation under the Medicaid program.

(b) Approval of health-related services for inclusion in the individual education plan
does not require prior authorization for purposes of reimbursement under this chapter.
The commissioner may require physician review and approval of the plan not more than
once annually or upon any modification of the individual education plan that reflects a
change in health-related services.

(c) Services of a speech-language pathologist provided under this section are covered
notwithstanding Minnesota Rules, part 9505.0390, subpart 1., item L, if the person:

(1) holds a masters degree in speech-language pathology;

(2) is licensed by the Minnesota Board of Teaching as an educational
speech-language pathologist; and

(3) either has a certificate of clinical competence from the American Speech and
Hearing Association, has completed the equivalent educational requirements and work
experience necessary for the certificate or has completed the academic program and is
acquiring supervised work experience to qualify for the certificate.

(d) Medical assistance coverage for medically necessary services provided under
other subdivisions in this section may not be denied solely on the basis that the same or
similar services are covered under this subdivision.

(e) The commissioner shall develop and implement package rates, bundled rates, or
per diem rates for special education services under which separately covered services are
grouped together and billed as a unit in order to reduce administrative complexity.

(f) The commissioner shall develop a cost-based payment structure for payment
of these services. The commissioner shall reimburse claims submitted based on an
interim rate, and shall settle at a final rate once the department has determined it. The
commissioner shall notify the school district of the final rate. The school district has 60
days to appeal the final rate. To appeal the final rate, the school district shall file a written
appeal request to the commissioner within 60 days of the date the final rate determination
was mailed. The appeal request shall specify (1) the disputed items and (2) the name and
address of the person to contact regarding the appeal.

(g) Effective July 1, 2000, medical assistance services provided under an individual
education plan or an individual family service plan by local school districts shall not count
against medical assistance authorization thresholds for that child.
(h) Nursing services as defined in section 148.171, subdivision 15, and provided as an individual education plan health-related service, are eligible for medical assistance payment if they are otherwise a covered service under the medical assistance program. Medical assistance covers the administration of prescription medications by a licensed nurse who is employed by or under contract with a school district when the administration of medications is identified in the child's individualized education plan. The simple administration of medications alone is not covered under medical assistance when administered by a provider other than a school district or when it is not identified in the child's individualized education plan.

Sec. 26. Minnesota Statutes 2008, section 256B.0631, subdivision 1, is amended to read:

Subdivision 1. **Co-payments.** (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after October 1, 2003, and before January 1, 2009 July 1, 2009:

1. $3 per nonpreventive visit. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;
2. $3 for eyeglasses;
3. $6 for nonemergency visits to a hospital-based emergency room; and
4. $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $12 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness;

(b) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after January 1, 2009:

1. $6 for nonemergency visits to a hospital-based emergency room;
2. (4) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $7 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness; and
3. (5) for individuals identified by the commissioner with income at or below 100 percent of the federal poverty guidelines, total monthly co-payments must not exceed five percent of family income. For purposes of this paragraph, family income is the total
earned and unearned income of the individual and the individual's spouse, if the spouse is
enrolled in medical assistance and also subject to the five percent limit on co-payments.

(2) (b) Recipients of medical assistance are responsible for all co-payments in this
subdivision.

Sec. 27. [256B.0755] PAYMENT REFORM DEMONSTRATION PROJECT FOR
SPECIAL PATIENT POPULATIONS.

Subdivision 1. Demonstration project. (a) The commissioner of human services,
in consultation with the commissioner of health, shall establish a payment reform
demonstration project implementing an alternative payment system for health care
providers serving an identified group of patients who are enrolled in a state health
care program, and are either high utilizers of high-cost health care services or have
characteristics that put them at high risk of becoming high utilizers. The purpose of the
demonstration project is to implement and evaluate methods of reducing hospitalizations,
emergency room use, high-cost medications and specialty services, admissions to nursing
facilities, or use of long-term home and community-based services, in order to reduce the
total cost of care and services for the patients.

(b) The commissioner shall give the highest priority to projects that will serve
patients who have chronic medical conditions or complex medical needs that are
complicated by a physical disability, serious mental illness, or serious socioeconomic
factors such as poverty, homelessness, or language or cultural barriers. The commissioner
shall also give the highest priority to providers or groups of providers who have the
highest concentrations of patients with these characteristics.

(c) The commissioner must implement this payment reform demonstration project
in a manner consistent with the payment reform initiative provided in sections 62U.02
to 62U.04.

(d) For purposes of this section, "state health care program" means the medical
assistance, MinnesotaCare, and general assistance medical care programs.

Subd. 2. Participation. (a) The commissioner shall request eligible providers or
groups of providers to submit a proposal to participate in the demonstration project by
September 1, 2009. The providers who are interested in participating shall negotiate with
the commissioner to determine:

(1) the identified group of patients who are to be enrolled in the program;

(2) the services that are to be included in the total cost of care calculation;
(3) the methodology for calculating the total cost of care, which may take into
consideration the impact on costs to other state or local government programs including,
but not limited to, social services and income maintenance programs;
(4) the time period to be covered under the bid;
(5) the implementation of a risk adjustment mechanism to adjust for factors that are
beyond the control of the provider including nonclinical factors that will affect the cost
or outcomes of treatment;
(6) the payment reforms and payment methods to be used under the project, which
may include but are not limited to adjustments in fee-for-service payments, payment of
care coordination fees, payments for start-up and implementation costs to be recovered or
repaid later in the project, payments adjusted based on a provider’s proportion of patients
who are enrolled in state health care programs; payments adjusted for the clinical or
socioeconomic complexity of the patients served, payment incentives tied to use of
inpatient and emergency room services, and periodic settle-up adjustments;
(7) methods of sharing financial risk and benefit between the commissioner and
the provider or groups of providers, which may include but are not limited to stop-loss
arrangements to cover high-cost outlier cases or costs that are beyond the control of the
provider, and risk-sharing and benefit-sharing corridors; and
(8) performance and outcome benchmarks to be used to measure performance,
achievement of cost-savings targets, and quality of care provided.
(b) A provider or group of providers may submit a proposal for a demonstration
project in partnership with a health maintenance organization or county-based purchasing
plan for the purposes of sharing risk, claims processing, or administration of the project,
or to extend participation in the project to persons who are enrolled in prepaid health
care programs.

Subd. 3. Total cost of care agreement. Based on negotiations, the commissioner
must enter into an agreement with interested and eligible providers or groups of providers
to implement projects that are designed to reduce the total cost of care for the identified
patients. To the extent possible, the projects shall begin implementation on January 1,
2010, or upon federal approval, whichever is later.

Subd. 4. Eligibility. To be eligible to participate, providers or groups of providers
must meet certification standards for health care homes established by the Department of
Health and the Department of Human Services under section 256B.0751.

Subd. 5. Alternative payments. The commissioner shall seek all federal waivers
and approvals necessary to implement this section and to obtain federal matching funds. To
the extent authorized by federal law, the commissioner may waive existing fee-for-service
payment rates, provider contract or performance requirements, consumer incentive policies, or other requirements in statute or rule in order to allow the providers or groups of providers to utilize alternative payment and financing methods that will appropriately fund necessary and cost-effective primary care and care coordination services; establish appropriate incentives for prevention, health promotion, and care coordination; and mitigate financial harm to participating providers caused by the successful reduction in preventable hospitalization, emergency room use, and other costly services.

Subd. 6. Cost neutrality. The total cost, including administrative costs, of this demonstration project must not exceed the costs that would otherwise be incurred by the state had services to the state health care program enrollees participating in the demonstration project been provided, as applicable for the enrollee, under fee-for-service or through managed care or county-based purchasing plans.

Sec. 28. Minnesota Statutes 2008, section 256B.08, is amended by adding a subdivision to read:

Subd. 4. Data from Social Security. The commissioner shall accept data from the Social Security Administration in accordance with United States Code, title 42, section 1396U-5(a).

EFFECTIVE DATE. This section is effective January 1, 2010.

Sec. 29. Minnesota Statutes 2008, section 256B.15, subdivision 1, is amended to read:

Subdivision 1. Policy and applicability. (a) It is the policy of this state that individuals or couples, either or both of whom participate in the medical assistance program, use their own assets to pay their share of the total cost of their care during or after their enrollment in the program according to applicable federal law and the laws of this state. The following provisions apply:

(1) subdivisions 1c to 1k shall not apply to claims arising under this section which are presented under section 525.313;

(2) the provisions of subdivisions 1c to 1k expanding the interests included in an estate for purposes of recovery under this section give effect to the provisions of United States Code, title 42, section 1396p, governing recoveries, but do not give rise to any express or implied liens in favor of any other parties not named in these provisions;

(3) the continuation of a recipient's life estate or joint tenancy interest in real property after the recipient's death for the purpose of recovering medical assistance under this section modifies common law principles holding that these interests terminate on the death of the holder;
(4) all laws, rules, and regulations governing or involved with a recovery of medical assistance shall be liberally construed to accomplish their intended purposes;

(5) a deceased recipient's life estate and joint tenancy interests continued under this section shall be owned by the remaindemen or surviving joint tenants as their interests may appear on the date of the recipient's death. They shall not be merged into the remainder interest or the interests of the surviving joint tenants by reason of ownership. They shall be subject to the provisions of this section. Any conveyance, transfer, sale, assignment, or encumbrance by a remaindeman, a surviving joint tenant, or their heirs, successors, and assigns shall be deemed to include all of their interest in the deceased recipient's life estate or joint tenancy interest continued under this section; and

(6) the provisions of subdivisions 1c to 1k continuing a recipient's joint tenancy interests in real property after the recipient's death do not apply to a homestead owned of record, on the date the recipient dies, by the recipient and the recipient's spouse as joint tenants with a right of survivorship. Homestead means the real property occupied by the surviving joint tenant spouse as their sole residence on the date the recipient dies and classified and taxed to the recipient and surviving joint tenant spouse as homestead property for property tax purposes in the calendar year in which the recipient dies. For purposes of this exemption, real property the recipient and their surviving joint tenant spouse purchase solely with the proceeds from the sale of their prior homestead, own of record as joint tenants, and qualify as homestead property under section 273.124 in the calendar year in which the recipient dies and prior to the recipient's death shall be deemed to be real property classified and taxed to the recipient and their surviving joint tenant spouse as homestead property in the calendar year in which the recipient dies. The surviving spouse, or any person with personal knowledge of the facts, may provide an affidavit describing the homestead property affected by this clause and stating facts showing compliance with this clause. The affidavit shall be prima facie evidence of the facts it states.

(b) For purposes of this section, "medical assistance" includes the medical assistance program under this chapter and the general assistance medical care program under chapter 256D and alternative care for nonmedical assistance recipients under section 256B.0913.

(c) For purposes of this section, beginning January 1, 2010, "medical assistance" does not include Medicare cost-sharing benefits in accordance with United States Code, title 42, section 1396p.

(d) All provisions in this subdivision, and subdivisions 1d, 1f, 1g, 1h, 1i, and 1j, related to the continuation of a recipient's life estate or joint tenancy interests in real property after the recipient's death for the purpose of recovering medical assistance, are
effective only for life estates and joint tenancy interests established on or after August 1, 2003. For purposes of this paragraph, medical assistance does not include alternative care.

Sec. 30. Minnesota Statutes 2008, section 256B.15, subdivision 1a, is amended to read:

Subd. 1a. Estates subject to claims. (a) If a person receives any medical assistance hereunder, on the person's death, if single, or on the death of the survivor of a married couple, either or both of whom received medical assistance, or as otherwise provided for in this section, the total amount paid for medical assistance rendered for the person and spouse shall be filed as a claim against the estate of the person or the estate of the surviving spouse in the court having jurisdiction to probate the estate or to issue a decree of descent according to sections 525.31 to 525.313.

(b) For the purposes of this section, the person's estate must consist of:

(1) the person's probate estate;

(2) all of the person's interests or proceeds of those interests in real property the person owned as a life tenant or as a joint tenant with a right of survivorship at the time of the person's death;

(3) all of the person's interests or proceeds of those interests in securities the person owned in beneficiary form as provided under sections 524.6-301 to 524.6-311 at the time of the person's death, to the extent the interests or proceeds of those interests become part of the probate estate under section 524.6-307;

(4) all of the person's interests in joint accounts, multiple-party accounts, and pay-on-death accounts, brokerage accounts, investment accounts, or the proceeds of those accounts, as provided under sections 524.6-201 to 524.6-214 at the time of the person's death to the extent the interests become part of the probate estate under section 524.6-207; and

(5) assets conveyed to a survivor, heir, or assign of the person through survivorship, living trust, or other arrangements.

(c) For the purpose of this section and recovery in a surviving spouse's estate for medical assistance paid for a predeceased spouse, the estate must consist of all of the legal title and interests the deceased individual's predeceased spouse had in jointly owned or marital property at the time of the spouse's death, as defined in subdivision 2b, and the proceeds of those interests, that passed to the deceased individual or another individual, a survivor, an heir, or an assign of the predeceased spouse through a joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement. A deceased recipient who, at death, owned the property jointly with the surviving spouse shall have an interest in the entire property.
(d) For the purpose of recovery in a single person's estate or the estate of a survivor of a married couple, "other arrangement" includes any other means by which title to all or any part of the jointly owned or marital property or interest passed from the predeceased spouse to another including, but not limited to, transfers between spouses which are permitted, prohibited, or penalized for purposes of medical assistance.

(e) A claim shall be filed if medical assistance was rendered for either or both persons under one of the following circumstances:

1. The person was over 55 years of age, and received services under this chapter;
2. The person resided in a medical institution for six months or longer, received services under this chapter, and, at the time of institutionalization or application for medical assistance, whichever is later, the person could not have reasonably been expected to be discharged and returned home, as certified in writing by the person's treating physician. For purposes of this section only, a "medical institution" means a skilled nursing facility, intermediate care facility, intermediate care facility for persons with developmental disabilities, nursing facility, or inpatient hospital; or
3. The person received general assistance medical care services under chapter 256D.

(f) The claim shall be considered an expense of the last illness of the decedent for the purpose of section 524.3-805. Notwithstanding any law or rule to the contrary, a state or county agency with a claim under this section must be a creditor under section 524.6-307.

Any statute of limitations that purports to limit any county agency or the state agency, or both, to recover for medical assistance granted hereunder shall not apply to any claim made hereunder for reimbursement for any medical assistance granted hereunder. Notice of the claim shall be given to all heirs and devisees of the decedent whose identity can be ascertained with reasonable diligence. The notice must include procedures and instructions for making an application for a hardship waiver under subdivision 5; time frames for submitting an application and determination; and information regarding appeal rights and procedures. Counties are entitled to one-half of the nonfederal share of medical assistance collections from estates that are directly attributable to county effort. Counties are entitled to ten percent of the collections for alternative care directly attributable to county effort.

Sec. 31. Minnesota Statutes 2008, section 256B.15, subdivision 1h, is amended to read:

Subd. 1h. Estates of specific persons receiving medical assistance. (a) For purposes of this section, paragraphs (b) to (e) apply if a person received medical assistance for which a claim may be filed under this section and died single, or the
surviving spouse of the couple and was not survived by any of the persons described in subdivisions 3 and 4.

(b) For purposes of this section, the person's estate consists of: (1) the person's probate estate; (2) all of the person's interests or proceeds of those interests in real property the person owned as a life tenant or as a joint tenant with a right of survivorship at the time of the person's death; (3) all of the person's interests or proceeds of those interests in securities the person owned in beneficiary form as provided under sections 524.6-301 to 524.6-311 at the time of the person's death, to the extent they become part of the probate estate under section 524.6-307; (4) all of the person's interests in joint accounts, multiple party accounts, and pay on death accounts, or the proceeds of those accounts, as provided under sections 524.6-201 to 524.6-214 at the time of the person's death to the extent they become part of the probate estate under section 524.6-207; and (5) the person's legal title or interest at the time of the person's death in real property transferred under a transfer on death deed under section 507.071, or in the proceeds from the subsequent sale of the person's interest in the real property. Notwithstanding any law or rule to the contrary, a state or county agency with a claim under this section shall be a creditor under section 524.6-307:

(c) (b) Notwithstanding any law or rule to the contrary, the person's life estate or joint tenancy interest in real property not subject to a medical assistance lien under sections 514.980 to 514.985 on the date of the person's death shall not end upon the person's death and shall continue as provided in this subdivision. The life estate in the person's estate shall be that portion of the interest in the real property subject to the life estate that is equal to the life estate percentage factor for the life estate as listed in the Life Estate Mortality Table of the health care program's manual for a person who was the age of the medical assistance recipient on the date of the person's death. The joint tenancy interest in real property in the estate shall be equal to the fractional interest the person would have owned in the jointly held interest in the property had they and the other owners held title to the property as tenants in common on the date the person died.

(d) (c) The court upon its own motion, or upon motion by the personal representative or any interested party, may enter an order directing the remaindermen or surviving joint tenants and their spouses, if any, to sign all documents, take all actions, and otherwise fully cooperate with the personal representative and the court to liquidate the decedent's life estate or joint tenancy interests in the estate and deliver the cash or the proceeds of those interests to the personal representative and provide for any legal and equitable sanctions as the court deems appropriate to enforce and carry out the order, including an award of reasonable attorney fees.
The personal representative may, execute, and deliver any conveyances or other documents necessary to convey the decedent's life estate or joint tenancy interest in the estate that are necessary to liquidate and reduce to cash the decedent's interest or for any other purposes.

Subject to administration, all costs, including reasonable attorney fees, directly and immediately related to liquidating the decedent's life estate or joint tenancy interest in the decedent's estate, shall be paid from the gross proceeds of the liquidation allocable to the decedent's interest and the net proceeds shall be turned over to the personal representative and applied to payment of the claim presented under this section.

The personal representative shall bring a motion in the district court in which the estate is being probated to compel the remaindermen or surviving joint tenants to account for and deliver to the personal representative all or any part of the proceeds of any sale, mortgage, transfer, conveyance, or any disposition of real property allocable to the decedent's life estate or joint tenancy interest in the decedent's estate, and do everything necessary to liquidate and reduce to cash the decedent's interest and turn the proceeds of the sale or other disposition over to the personal representative. The court may grant any legal or equitable relief including, but not limited to, ordering a partition of real estate under chapter 558 necessary to make the value of the decedent's life estate or joint tenancy interest available to the estate for payment of a claim under this section.

Subject to administration, the personal representative shall use all of the cash or proceeds of interests to pay an allowable claim under this section. The remaindermen or surviving joint tenants and their spouses, if any, may enter into a written agreement with the personal representative or the claimant to settle and satisfy obligations imposed at any time before or after a claim is filed.

The personal representative may, at their discretion, provide any or all of the other owners, remaindermen, or surviving joint tenants with an affidavit terminating the decedent's estate's interest in real property the decedent owned as a life tenant or as a joint tenant with others, if the personal representative determines in good faith that neither the decedent nor any of the decedent's predeceased spouses received any medical assistance for which a claim could be filed under this section, or if the personal representative has filed an affidavit with the court that the estate has other assets sufficient to pay a claim, as presented, or if there is a written agreement under paragraph (g), or if the claim, as allowed, has been paid in full or to the full extent of the assets the estate has available to pay it. The affidavit may be recorded in the office of the county recorder or filed in the Office of the Registrar of Titles for the county in which the real property is located. Except as provided in section 514.981, subdivision 6, when recorded or filed, the affidavit
shall terminate the decedent's interest in real estate the decedent owned as a life tenant or a joint tenant with others. The affidavit shall:

(1) be signed by the personal representative;

(2) identify the decedent and the interest being terminated;

(3) give recording information sufficient to identify the instrument that created the interest in real property being terminated;

(4) legally describe the affected real property;

(5) state that the personal representative has determined that neither the decedent nor any of the decedent's predeceased spouses received any medical assistance for which a claim could be filed under this section;

(6) state that the decedent's estate has other assets sufficient to pay the claim, as presented, or that there is a written agreement between the personal representative and the claimant and the other owners or remaindermen or other joint tenants to satisfy the obligations imposed under this subdivision; and

(7) state that the affidavit is being given to terminate the estate's interest under this subdivision, and any other contents as may be appropriate.

The recorder or registrar of titles shall accept the affidavit for recording or filing. The affidavit shall be effective as provided in this section and shall constitute notice even if it does not include recording information sufficient to identify the instrument creating the interest it terminates. The affidavit shall be conclusive evidence of the stated facts.

The holder of a lien arising under subdivision 1c shall release the lien at the holder's expense against an interest terminated under paragraph (h)(g) to the extent of the termination.

If a lien arising under subdivision 1c is not released under paragraph (h)(i), prior to closing the estate, the personal representative shall deed the interest subject to the lien to the remaindermen or surviving joint tenants as their interests may appear. Upon recording or filing, the deed shall work a merger of the recipient's life estate or joint tenancy interest, subject to the lien, into the remainder interest or interest the decedent and others owned jointly. The lien shall attach to and run with the property to the extent of the decedent's interest at the time of the decedent's death.

Sec. 32. Minnesota Statutes 2008, section 256B.15, subdivision 2, is amended to read:

Subd. 2. Limitations on claims. The claim shall include only the total amount of medical assistance rendered after age 55 or during a period of institutionalization described in subdivision 1a, clause (b) paragraph (e), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been
allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A
claim against the estate of a surviving spouse who did not receive medical assistance, for
medical assistance rendered for the predeceased spouse, shall be payable from the full
value of all of the predeceased spouse's assets and interests which are part of the surviving
spouse's estate under subdivisions 1a and 2b. Recovery of medical assistance expenses in
the nonrecipient surviving spouse's estate is limited to the value of the assets of the estate
that were marital property or jointly owned property at any time during the marriage. The
claim is not payable from the value of assets or proceeds of assets in the estate attributable
to a predeceased spouse whom the individual married after the death of the predeceased
recipient spouse for whom the claim is filed or from assets and the proceeds of assets in the
estate which the nonrecipient decedent spouse acquired with assets which were not marital
property or jointly owned property after the death of the predeceased recipient spouse.
Claims for alternative care shall be net of all premiums paid under section 256B.0913,
subdivision 12, on or after July 1, 2003, and shall be limited to services provided on or
after July 1, 2003. Claims against marital property shall be limited to claims against
recipients who died on or after July 1, 2009.

Sec. 33. Minnesota Statutes 2008, section 256B.15, is amended by adding a
subdivision to read:

Subd. 2b. Controlling provisions. (a) For purposes of this subdivision and
subdivisions 1a and 2, paragraphs (b) to (d) apply.

(b) At the time of death of a recipient spouse and solely for purpose of recovery of
medical assistance benefits received, a predeceased recipient spouse shall have a legal
title or interest in the undivided whole of all of the property which the recipient and the
recipient's surviving spouse owned jointly or which was marital property at any time
during their marriage regardless of the form of ownership and regardless of whether
it was owned or titled in the names of one or both the recipient and the recipient's
spouse. Title and interest in the property of a predeceased recipient spouse shall not end
or extinguish upon the person's death and shall continue for the purpose of allowing
recovery of medical assistance in the estate of the surviving spouse. Upon the death of
the predeceased recipient spouse, title and interest in the predeceased spouse's property
shall vest in the surviving spouse by operation of law and without the necessity for any
probate or decree of descent proceedings and shall continue to exist after the death of the
predeceased spouse and the surviving spouse to permit recovery of medical assistance.
The recipient spouse and the surviving spouse of a deceased recipient spouse shall not
encumber, disclaimer, transfer, alienate, hypothecate, or otherwise divest themselves of
these interests before or upon death.

c For purposes of this section, “marital property” includes any and all real or
personal property of any kind or interests in such property the predeceased recipient
spouse and their spouse, or either of them, owned at the time of their marriage to each
other or acquired during their marriage regardless of whether it was owned or titled in
the names of one or both of them. If either or both spouses of a married couple received
medical assistance, all property owned during the marriage or which either or both spouses
acquired during their marriage shall be presumed to be marital property for purposes of
recovering medical assistance unless there is clear and convincing evidence to the contrary.

(d) The agency responsible for the claim for medical assistance for a recipient spouse
may, at its discretion, release specific real and personal property from the provisions of
this section. The release shall extinguish the interest created under paragraph (b) in the
land it describes upon filing or recording. The release need not be attested, certified, or
acknowledged as a condition of filing or recording and shall be filed or recorded in the
office of the county recorder or registrar of titles, as appropriate, in the county where the
real property is located. The party to whom the release is given shall be responsible for
paying all fees and costs necessary to record and file the release. If the property described
in the release is registered property, the registrar of titles shall accept it for recording and
shall record it on the certificate of title for each parcel of property described in the release.

If the property described in the release is abstract property, the recorder shall accept it
for filing and file it in the county’s grantor-grantee indexes and any tract index the county
maintains for each parcel of property described in the release.

Sec. 34. Minnesota Statutes 2008, section 256B.15, is amended by adding a
subdivision to read:

Subd. 9. Commissioner’s intervention. The commissioner shall be permitted to
intervene as a party in any proceeding involving recovery of medical assistance upon
filing a notice of intervention and serving such notice on the other parties.

Sec. 35. Minnesota Statutes 2008, section 256B.69, subdivision 5a, is amended to read:

Subd. 5a. Managed care contracts. (a) Managed care contracts under this section
and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year
basis beginning January 1, 1996. Managed care contracts which were in effect on June
30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995
through December 31, 1995 at the same terms that were in effect on June 30, 1995. The
commissioner may issue separate contracts with requirements specific to services to medical assistance recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms of its contract with the commissioner. Requirements applicable to managed care programs under chapters 256B, 256D, and 256L, established after the effective date of a contract with the commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner shall withhold five percent of managed care plan payments under this section and county-based purchasing plan's payment rate under section 256B.692 for the prepaid medical assistance and general assistance medical care programs pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The managed care plan must demonstrate, to the commissioner’s satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, including characteristics of the plan’s enrollee population. The withheld funds must be returned no sooner than July of the following year if performance targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

(d) Effective for services rendered on or after January 1, 2009, the commissioner shall withhold three percent of managed care plan payments under this section and county-based purchasing plan payments under section 256B.692 for the prepaid medical assistance and general assistance medical care programs. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year. The commissioner may exclude special demonstration projects under subdivision 23.

(2) A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under
this paragraph: The return of the withhold under this paragraph is not subject to the
requirements of paragraph (c).

(e) Effective for services rendered on or after January 1, 2010, the commissioner
shall include as part of the performance targets described in paragraph (a) a reduction in
the health plan's emergency room utilization rate for state health care program enrollees
by a measurable rate of five percent from the plan's utilization rate for state health care
program enrollees for the previous calendar year.

The withheld funds must be returned no sooner than July 1 and no later than July
31 of the following calendar year if the managed care plan or county-based purchasing
plan demonstrates to the satisfaction of the commissioner that a reduction in the utilization
rate was achieved.

The withheld described in this paragraph shall continue for each consecutive
contract period until the health plan's emergency room utilization rate for state health care
program enrollees is reduced by 25 percent of the health plan's emergency room utilization
rate for state health care program enrollees for calendar year 2008.

(f) A managed care plan or a county-based purchasing plan under section 256B.692
may include as admitted assets under section 62D.044 any amount withheld under this
section that is reasonably expected to be returned.

Sec. 36. Minnesota Statutes 2008, section 256B.69, subdivision 5c, is amended to read:

Subd. 5c. Medical education and research fund. (a) Except as provided in
paragraph (c), the commissioner of human services shall transfer each year to the medical
education and research fund established under section 62J.692, the following:

(1) an amount equal to the reduction in the prepaid medical assistance and prepaid
general assistance medical care payments as specified in this clause. Until January 1,
2002, the county medical assistance and general assistance medical care capitation base
rate prior to plan specific adjustments and after the regional rate adjustments under section
256B.69, subdivision 5b, is reduced 6.3 percent for Hennepin County, two percent for
the remaining metropolitan counties, and no reduction for nonmetropolitan Minnesota
counties; and after January 1, 2002, the county medical assistance and general assistance
medical care capitation base rate prior to plan specific adjustments is reduced 6.3 percent
for Hennepin County, two percent for the remaining metropolitan counties, and 1.6 percent
for nonmetropolitan Minnesota counties. Nursing facility and elderly waiver payments
and demonstration project payments operating under subdivision 23 are excluded from
this reduction. The amount calculated under this clause shall not be adjusted for periods
already paid due to subsequent changes to the capitation payments;
(2) beginning July 1, 2003, $2,157,000 and $4,314,000 from the capitation rates paid under this section, plus any federal matching funds on this amount;

(3) beginning July 1, 2002, an additional $12,700,000 from the capitation rates paid under this section; and

(4) beginning July 1, 2003, an additional $4,700,000 from the capitation rates paid under this section.

(b) This subdivision shall be effective upon approval of a federal waiver which allows federal financial participation in the medical education and research fund. Effective July 1, 2009, and thereafter, the transfers required by paragraph (a), clauses (1) to (4), shall not exceed the total amount transferred for fiscal year 2009. Any excess shall first reduce the amounts otherwise required to be transferred under paragraph (a), clauses (2), (3), and (4). Any excess following this reduction shall proportionally reduce the transfers under paragraph (a), clause (1).

(c) Effective July 1, 2003, the amount reduced from the prepaid general assistance medical care payments under paragraph (a), clause (1), shall be transferred to the general fund.

(d) Beginning July 1, 2009, of the amounts in paragraph (a), the commissioner shall transfer $21,714,000 each fiscal year to the medical education and research fund. The balance of the transfers under paragraph (a) shall be transferred to the medical education and research fund no earlier than July 1 of the following fiscal year.

Sec. 37. Minnesota Statutes 2008, section 256B.69, subdivision 5f, is amended to read:

Subd. 5f. Capitation rates. (a) Beginning July 1, 2002, the capitation rates paid under this section are increased by $12,700,000 per year. Beginning July 1, 2003, the capitation rates paid under this section are increased by $4,700,000 per year.

(b) Beginning July 1, 2009, the capitation rates paid under this section are increased each year by the lesser of $21,714,000 or an amount equal to the difference between the estimated value of the reductions described in subdivision 5c, paragraph (a), clause (1), and the amount of the limit described in subdivision 5c, paragraph (b).

Sec. 38. [256B.695] PAYMENT FOR BASIC CARE SERVICES.

Effective service date July 1, 2009, total payments for basic care services, except prescription drugs, medical supplies, prosthetics, lab, radiology, medical transportation, and services subject to or specifically exempted from section 256B.76, subdivision 1, paragraph (c), shall be reduced by 3.0 percent, prior to third-party liability. Payments
made to managed care and county-based purchasing plans shall be reduced for services
provided on or after January 1, 2010, to reflect this reduction.

Sec. 39. Minnesota Statutes 2008, section 256B.76, subdivision 1, is amended to read:

Subdivision 1. Physician reimbursement. (a) Effective for services rendered on
or after October 1, 1992, the commissioner shall make payments for physician services
as follows:

(1) payment for level one Centers for Medicare and Medicaid Services' common
procedural coding system codes titled "office and other outpatient services," "preventive
medicine new and established patient," "delivery, antepartum, and postpartum care,"
"critical care," cesarean delivery and pharmacologic management provided to psychiatric
patients, and level three codes for enhanced services for prenatal high risk, shall be paid
at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June
30, 1992. If the rate on any procedure code within these categories is different than the
rate that would have been paid under the methodology in section 256B.74, subdivision 2,
then the larger rate shall be paid;

(2) payments for all other services shall be paid at the lower of (i) submitted charges,
or (ii) 15.4 percent above the rate in effect on June 30, 1992; and

(3) all physician rates shall be converted from the 50th percentile of 1982 to the 50th
percentile of 1989, less the percent in aggregate necessary to equal the above increases
except that payment rates for home health agency services shall be the rates in effect
on September 30, 1992.

(b) Effective for services rendered on or after January 1, 2000, payment rates for
physician and professional services shall be increased by three percent over the rates
in effect on December 31, 1999, except for home health agency and family planning
agency services. The increases in this paragraph shall be implemented January 1, 2000,
for managed care.

(c) Effective for services rendered on or after July 1, 2009, payment rates for
physician and professional services shall be reduced by three percent over the rates in effect
on June 30, 2009, except for office or other outpatient services (procedure codes 99201
to 99215) and preventive medicine services (procedure codes 99381 to 99412) billed by
the following primary care specialties: general practitioner, internal medicine, pediatrics,
geriatric nurse practitioner, pediatric nurse practitioner, family practice nurse practitioner,
adult nurse practitioner, geriatrics, and family practice. The commissioner, effective
January 1, 2010, shall reduce capitation rates paid to managed care and county-based
purchasing plans under sections 256B.69 and 256B.692 to reflect this payment reduction.
Sec. 40. Minnesota Statutes 2008, section 256B.76, subdivision 4, is amended to read:

Subd. 4. Critical access dental providers. Effective for dental services rendered on or after January 1, 2002, the commissioner shall increase reimbursements to dentists and dental clinics deemed by the commissioner to be critical access dental providers. For dental services rendered on or after July 1, 2007, the commissioner shall increase reimbursement by 30 percent above the reimbursement rate that would otherwise be paid to the critical access dental provider. The commissioner shall pay the health plan companies in amounts sufficient to reflect increased reimbursements to critical access dental providers as approved by the commissioner. In determining which dentists and dental clinics shall be deemed critical access dental providers, the commissioner shall review:

(1) the utilization rate in the service area in which the dentist or dental clinic operates for dental services to patients covered by medical assistance, general assistance medical care, or MinnesotaCare as their primary source of coverage;

(2) the level of services provided by the dentist or dental clinic to patients covered by medical assistance, general assistance medical care, or MinnesotaCare as their primary source of coverage; and

(3) whether the level of services provided by the dentist or dental clinic is critical to maintaining adequate levels of patient access within the service area.

In the absence of a critical access dental provider in a service area, the commissioner may designate a dentist or dental clinic as a critical access dental provider if the dentist or dental clinic is willing to provide care to patients covered by medical assistance, general assistance medical care, or MinnesotaCare at a level which significantly increases access to dental care in the service area. The commissioner shall administer this subdivision within the limits of available appropriations.

Sec. 41. Minnesota Statutes 2008, section 256B.76, is amended by adding a subdivision to read:

Subd. 4a. Designation and termination of critical access dental providers. (a) The commissioner shall not designate an individual dentist or clinic as a critical access dental provider under subdivision 4 or section 256L.11, subdivision 7, when the owner or any dentist employed by or under contract with the practice:

(1) has been subject to a corrective or disciplinary action by the Minnesota Board of Dentistry within the past five years or is currently subject to a corrective or disciplinary action by the board. Designation shall not be made until the provider is no longer subject to a corrective or disciplinary action;

(2) does not bill on a clinic-specific location basis;
(3) has been subject, within the past five years, to a postinvestigation action by the
commissioner of human services or contracted health plan when investigating services
provided to Minnesota health care program enrollees, including administrative sanctions,
monetary recovery, referral to state regulatory agency, referral to the state attorney general
or county attorney general, or issuance of a warning as specified in Minnesota Rules, parts
9505.2160 to 9505.2245. Designation shall not be considered until the January of the
year following documentation that the activity that resulted in postinvestigative action
has stopped; or

(4) has not completed the application for critical access dental provider designation,
has submitted the application after the due date, provided incorrect information, or has
knowingly and willfully submitted a fraudulent designation form.

(b) The commissioner shall terminate a critical access designation of an individual
dentist or clinic, if the owner or any dentist employed by or under contract with the
practice:

(1) becomes subject to a disciplinary or corrective action by the Minnesota Board of
Dentistry. The provider shall not be considered for critical access designation until the
January following the year in which the action has ended; or

(2) becomes subject to a postinvestigation action by the commissioner of human
services or contracted health plan including administrative sanctions, monetary recovery,
referral to state regulatory agency, referral to the state attorney general or county attorney
general, or issuance of a warning as specified in Minnesota Rules, parts 9505.2160 to
9505.2245. Designation shall not be considered until the January of the year following
documentation that the activity that resulted in postinvestigative action has stopped.

(c) Any termination is retroactive to the date of the:

(1) postinvestigative action; or

(2) disciplinary or corrective action by the Minnesota Board of Dentistry.

(d) A provider who has been terminated or not designated may appeal only through
the contested hearing process as defined in section 14.02, subdivision 3, by filing with the
commissioner a written request of appeal. The appeal request must be received by the
commissioner no later than 30 days after notification of termination or nondesignation.

(e) The commissioner may make an exception to paragraph (a), clauses (1) and (3),
and paragraph (b), if an action taken by the Minnesota Board of Dentistry, commissioner
of human services, or contracted health plan is the result of a onetime event by an
individual employed or contracted by a group practice.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 42. Minnesota Statutes 2008, section 256D.03, subdivision 4, is amended to read:

(19) services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, a certified neonatal nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if (1) the service is otherwise covered under this chapter as a physician service, (2) the service provided on an inpatient basis is not included as part of the cost for inpatient services included in the operating payment rate, and (3) the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171;
(20) services of a certified public health nurse or a registered nurse practicing in

(ii) Effective October 1, 2003, for a person who is eligible under subdivision 3,
paragraph (a), clause (2), item (ii), general assistance medical care coverage is limited
to inpatient hospital services, including physician services provided during the inpatient
hospital stay. A $1,000 deductible is required for each inpatient hospitalization.
(b) Effective August 1, 2005, sex reassignment surgery is not covered under this
subdivision.
(c) In order to contain costs, the commissioner of human services shall select
vendors of medical care who can provide the most economical care consistent with high
medical standards and shall where possible contract with organizations on a prepaid
capitation basis to provide these services. The commissioner shall consider proposals by
counties and vendors for prepaid health plans, competitive bidding programs, block grants,
or other vendor payment mechanisms designed to provide services in an economical
manner or to control utilization, with safeguards to ensure that necessary services are
provided. Before implementing prepaid programs in counties with a county operated or
affiliated public teaching hospital or a hospital or clinic operated by the University of
Minnesota, the commissioner shall consider the risks the prepaid program creates for the
hospital and allow the county or hospital the opportunity to participate in the program in a
manner that reflects the risk of adverse selection and the nature of the patients served by
the hospital, provided the terms of participation in the program are competitive with the
terms of other participants considering the nature of the population served. Payment for
services provided pursuant to this subdivision shall be as provided to medical assistance
vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For
payments made during fiscal year 1990 and later years, the commissioner shall consult
with an independent actuary in establishing prepayment rates, but shall retain final control
over the rate methodology.

(d) Effective January 1, 2008, drug coverage under general assistance medical
care is limited to prescription drugs that:

medical care rebate agreements with the commissioner and comply with the agreements.

Prescription drug coverage under general assistance medical care must conform to
coverage under the medical assistance program according to section 256B.0625,
subdivisions 13 to 13g.

(e) Recipients eligible under subdivision 3, paragraph (a), shall pay the following
co-payments for services provided on or after October 1, 2003, and before January 1, 2009:

(1) $25 for eyeglasses;

(2) $25 for nonemergency visits to a hospital-based emergency room;

(g) MS 2007 Supp [Expired]

(h) Effective January 1, 2009, co-payments shall be limited to one per day per
provider for nonemergency visits to a hospital-based emergency room. Recipients of
general assistance medical care are responsible for all co-payments in this subdivision.
The general assistance medical care reimbursement to the provider shall be reduced by the
amount of the co-payment, except that reimbursement for prescription drugs shall not be
reduced once a recipient has reached the $7 per month maximum for prescription drug
co-payments. The provider collects the co-payment from the recipient. Providers may not
deny services to recipients who are unable to pay the co-payment.
(i) General assistance medical care reimbursement to fee-for-service providers and payments to managed care plans shall not be increased as a result of the removal of the co-payments effective January 1, 2009.

(j) Any county may, from its own resources, provide medical payments for which state payments are not made.

(k) Chemical dependency services that are reimbursed under chapter 254B must not be reimbursed under general assistance medical care.

(l) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(m) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

(n) Inpatient and outpatient payments shall be reduced by five percent, effective July 1, 2003. This reduction is in addition to the five percent reduction effective July 1, 2003, and incorporated by reference in paragraph (l).

(o) Payments for all other health services except inpatient, outpatient, and pharmacy services shall be reduced by five percent, effective July 1, 2003.

(p) Payments to managed care plans shall be reduced by five percent for services provided on or after October 1, 2003.

(q) A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(r) Fee-for-service payments for nonpreventive visits shall be reduced by $3 for services provided on or after January 1, 2006. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, advance practice nurse, audiologist, optician, or optometrist.

(s) Payments to managed care plans shall not be increased as a result of the removal of the $3 nonpreventive visit co-payment effective January 1, 2006.

(t) Payments for mental health services added as covered benefits after December 31, 2007, are not subject to the reductions in paragraphs (l), (n), (o), and (p).

(u) In addition to the reductions in paragraphs (k) and (l), effective service date July 1, 2009, total payments for basic care services, except prescription drugs, medical supplies, prosthetics, lab, radiology, medical transportation, and services subject to or specifically exempted from paragraph (v), shall be reduced by 3.0 percent, prior to
third-party liability. Payments made to managed care and county-based purchasing plans
shall be reduced for services provided on or after January 1, 2010, to reflect this reduction.
(v) Effective for services rendered on or after July 1, 2009, payment rates for
physician and professional services shall be reduced by three percent over the rates in
effect on June 30, 2009, except for office or other outpatient services (procedure codes
99201 to 99215) and preventive medicine services (procedure codes 99381 to 99412)
billed by the following primary care specialties: general practitioner, internal medicine,
pediatrics, geriatric nurse practitioner, pediatric nurse practitioner, family practice nurse
practitioner, adult nurse practitioner, geriatrics, and family practice. The commissioner,
effective January 1, 2010, shall reduce capitation rates paid to managed care and
county-based purchasing plans under paragraph (c) to reflect this payment reduction.

Sec. 43. Minnesota Statutes 2008, section 256L.04, subdivision 10a, is amended to
read:

Subd. 10a. **Sponsor’s income and resources deemed available; documentation.**
When determining eligibility for any federal or state benefits under sections 256L.01 to
256L.18, the income and resources of all noncitizens whose sponsor signed an affidavit of
support as defined under United States Code, title 8, section 1183a, shall be deemed to
include their sponsors’ income and resources as defined in the Personal Responsibility
and Work Opportunity Reconciliation Act of 1996, title IV, Public Law 104-193, sections
421 and 422, and subsequently set out in federal rules. To be eligible for the program,
noncitizens must provide documentation of their immigration status. Beginning July
1, 2010, or upon federal approval, whichever is later, sponsor deeming does not apply
to pregnant women and children who are qualified noncitizens, as described in section
256B.06, subdivision 4, paragraph (b).

**EFFECTIVE DATE.** This section is effective July 1, 2010, or upon federal
approval, whichever is later. The commissioner shall notify the revisor of statutes when
federal approval has been obtained.

Sec. 44. Minnesota Statutes 2008, section 256L.04, is amended by adding a subdivision
to read:

Subd. 14. **Presumptive eligibility.** MinnesotaCare is available during a presumptive

to MinnesotaCare enrollees on or after January 1, 2007 2010, the commissioner shall

commissioner shall pay the prepaid health plans under contract with the commissioner
amounts sufficient to reflect this rate increase. The prepaid health plan must pass this rate
increase to providers who have been identified by the commissioner as critical access
dental providers under section 256B.76, subdivision 4. The commissioner shall administer
this subdivision within the limits of available appropriations.

Sec. 50. Minnesota Statutes 2008, section 256L.12, subdivision 9, is amended to read:

(b) For services rendered on or after January 1, 2003, to December 31, 2003, the
commissioner shall withhold .5 percent of managed care plan payments under this section
pending completion of performance targets. The withheld funds must be returned no

in the contract are achieved. A managed care plan may include as admitted assets under
section 62D.844 any amount withheld under this paragraph that is reasonably expected
to be returned.

(b) For services rendered on or after January 1, 2004, the commissioner shall
withhold five percent of managed care plan payments and county-based purchasing

satisfaction, that the data submitted regarding attainment of the performance target is
accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, such as characteristics of the plan's enrollee population. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if performance targets in the contract are achieved. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

(c) Effective for services rendered on or after January 1, 2010, the commissioner shall include as part of the performance targets described in paragraph (b) a reduction in the plan's emergency room utilization rate for state health care program enrollees by a measurable rate of five percent from the plan's utilization rate for the previous calendar year.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a reduction in the utilization rate was achieved.

The withhold described in this paragraph shall continue for each consecutive contract period until the health plan's emergency room utilization rate for state health care program enrollees is reduced by 25 percent of the health plan's emergency room utilization rate for state health care program enrollees for calendar year 2008.

(d) A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this section that is reasonably expected to be returned.

requirement, if the commissioner determines that there is reason to believe that an
individual or family has assets that exceed the program limit.

Sec. 52. Minnesota Statutes 2008, section 501B.89, is amended by adding a
subdivision to read:

accounting must include the following information for the accounting period:

(1) an inventory of trust assets and the value of those assets at the beginning of the
accounting period;

(2) additions to the trust during the accounting period and the source of those
additions;

(3) itemized distributions from the trust during the accounting period, including the
purpose of the distributions and to whom the distributions were made;

(4) an inventory of trust assets and the value of those assets at the end of the
accounting period; and

(5) changes to the trust instrument during the accounting period.

(c) For the purpose of paragraph (b), an accounting period is 12 months unless an
accounting period of a different length is permitted by the commissioner.

EFFECTIVE DATE. This section is effective for applications for medical
assistance and renewals of medical assistance submitted on or after July 1, 2009.

**Federal Contingency Appropriation.** (a)

Federal Medicaid funds made available under title IV of the federal Jobs and Growth Tax Relief Reconciliation Act of 2003 are appropriated to the commissioner of human services for use in the state's medical assistance and MinnesotaCare programs.

The commissioners of human services and finance shall report to the legislative advisory committee on the additional federal Medicaid matching funds that will be available to the state.

(b) Because of the availability of these funds, the following policies shall become effective:

1. medical assistance and MinnesotaCare eligibility and local financial participation changes provided for in this act may be implemented prior to September 2, 2003, or
may be delayed as necessary to maximize
the use of federal funds received under
title IV of the Jobs and Growth Tax Relief
Reconciliation Act of 2003;
(2) the aggregate cap on the services
identified in Minnesota Statutes, section
256L.035, paragraph (a), clause (3), shall
be increased from $2,000 to $5,000. This
increase shall expire at the end of fiscal year
2007. Funds may be transferred from the
general fund to the health care access fund as
necessary to implement this provision; and
(3) the following payment shifts shall not be
implemented:
(i) MFIP payment shift found in subdivision
11;
(ii) the county payment shift found in
subdivision 1; and
(iii) the delay in medical assistance
and general assistance medical care
fee-for-service payments found in
subdivision 6.
(c) Notwithstanding section 14, paragraphs
(a) and (b) shall expire June 30, 2007.

Receipts for Systems Projects.
Appropriations and federal receipts for
information system projects for MAXIS,
PRISM, MMIS, and SSIS must be deposited
in the state system account authorized in
Minnesota Statutes, section 256.014. Money
appropriated for computer projects approved
by the Minnesota office of technology,
funded by the legislature, and approved
by the commissioner of finance may be
transferred from one project to another
and from development to operations as the
commissioner of human services considers
necessary. Any unexpended balance in
the appropriation for these projects does
not cancel but is available for ongoing
development and operations.

Gifts. Notwithstanding Minnesota Statutes,
chapter 7, the commissioner may accept
on behalf of the state additional funding
from sources other than state funds for the
purpose of financing the cost of assistance
program grants or nongrant administration.
All additional funding is appropriated to the
commissioner for use as designated by the
grantor of funding.

Systems Continuity. In the event of
disruption of technical systems or computer
operations, the commissioner may use
available grant appropriations to ensure
continuity of payments for maintaining the
health, safety, and well-being of clients
served by programs administered by the
department of human services. Grant funds
must be used in a manner consistent with the
original intent of the appropriation.

Nonfederal Share Transfers. The
nonfederal share of activities for which
federal administrative reimbursement is
appropriated to the commissioner may be
transferred to the special revenue fund.

TANF Funds Appropriated to Other
Entities. Any expenditures from the TANF
block grant shall be expended in accordance
with the requirements and limitations of part
A of title IV of the Social Security Act, as amended, and any other applicable federal requirement or limitation. Prior to any expenditure of these funds, the commissioner shall assure that funds are expended in compliance with the requirements and limitations of federal law and that any reporting requirements of federal law are met. It shall be the responsibility of any entity to which these funds are appropriated to implement a memorandum of understanding with the commissioner that provides the necessary assurance of compliance prior to any expenditure of funds. The commissioner shall receipt TANF funds appropriated to other state agencies and coordinate all related interagency accounting transactions necessary to implement these appropriations. Unexpended TANF funds appropriated to any state, local, or nonprofit entity cancel at the end of the state fiscal year unless appropriating language permits otherwise.

TANF Funds Transferred to Other Federal Grants. The commissioner must authorize transfers from TANF to other federal block grants so that funds are available to meet the annual expenditure needs as appropriated. Transfers may be authorized prior to the expenditure year with the agreement of the receiving entity. Transferred funds must be expended in the year for which the funds were appropriated unless appropriation language permits otherwise. In accelerating transfer authorizations, the commissioner must aim to preserve the future potential
transfer capacity from TANF to other block 

grants.

**TANF Maintenance of Effort.** (a) In 

order to meet the basic maintenance of 

effort (MOE) requirements of the TANF 

block grant specified under Code of Federal 

Regulations, title 45, section 263.1, the 

commissioner may only report nonfederal 

money expended for allowable activities 

listed in the following clauses as TANF/MOE 

expenditures:

(1) MFIP cash, diversionary work program, 

and food assistance benefits under Minnesota 

Statutes, chapter 256J;

(2) the child care assistance programs 

under Minnesota Statutes, sections 119B.03 

and 119B.05, and county child care 

administrative costs under Minnesota 

Statutes, section 119B.15;

(3) state and county MFIP administrative 

costs under Minnesota Statutes, chapters 

256J and 256K;

(4) state, county, and tribal MFIP 

employment services under Minnesota 

Statutes, chapters 256J and 256K;

(5) expenditures made on behalf of 

noncitizen MFIP recipients who qualify 

for the medical assistance without federal 

financial participation program under 

Minnesota Statutes, section 256B.06, 

subdivision 4, paragraphs (d), (e), and (j); 

and
(6) qualifying working family credit expenditures under Minnesota Statutes, section 290.0671.

(b) The commissioner shall ensure that sufficient qualified nonfederal expenditures are made each year to meet the state's TANF/MOE requirements. For the activities listed in paragraph (a), clauses (2) to (6), the commissioner may only report expenditures that are excluded from the definition of assistance under Code of Federal Regulations, title 45, section 260.31.

(c) By August 31 of each year, the commissioner shall make a preliminary calculation to determine the likelihood that the state will meet its annual federal work participation requirement under Code of Federal Regulations, title 45, sections 261.21 and 261.23, after adjustment for any caseload reduction credit under Code of Federal Regulations, title 45, section 261.41. If the commissioner determines that the state will meet its federal work participation rate for the federal fiscal year ending that September, the commissioner may reduce the expenditure under paragraph (a), clause (1), to the extent allowed under Code of Federal Regulations, title 45, section 263.1(a)(2).

(d) For fiscal years beginning with state fiscal year 2003, the commissioner shall assure that the maintenance of effort used by the commissioner of finance for the February and November forecasts required under Minnesota Statutes, section 16A.103, contains expenditures under paragraph (a),
clause (1), equal to at least 25 percent of
the total required under Code of Federal
Regulations, title 45, section 263.1.

(e) If nonfederal expenditures for the
programs and purposes listed in paragraph
(a) are insufficient to meet the state's
TANF/MOE requirements, the commissioner
shall recommend additional allowable
sources of nonfederal expenditures to the
legislature, if the legislature is or will be in
session to take action to specify additional
sources of nonfederal expenditures for
TANF/MOE before a federal penalty is
imposed. The commissioner shall otherwise
provide notice to the legislative commission
on planning and fiscal policy under paragraph
(g).

(f) If the commissioner uses authority
granted under section 11, or similar authority
granted by a subsequent legislature, to
meet the state's TANF/MOE requirement
in a reporting period, the commissioner
shall inform the chairs of the appropriate
legislative committees about all transfers
made under that authority for this purpose.

(g) If the commissioner determines that
nonfederal expenditures under paragraph
(a) are insufficient to meet TANF/MOE
expenditure requirements, and if the
legislature is not or will not be in
session to take timely action to avoid a
federal penalty, the commissioner may
report nonfederal expenditures from
other allowable sources as TANF/MOE
expenditures after the requirements of this
paragraph are met. The commissioner may report nonfederal expenditures in addition to those specified under paragraph (a) as nonfederal TANF/MOE expenditures, but only ten days after the commissioner of finance has first submitted the commissioner's recommendations for additional allowable sources of nonfederal TANF/MOE expenditures to the members of the legislative commission on planning and fiscal policy for their review.

(h) The commissioner of finance shall not incorporate any changes in federal TANF expenditures or nonfederal expenditures for TANF/MOE that may result from reporting additional allowable sources of nonfederal TANF/MOE expenditures under the interim procedures in paragraph (g) into the February or November forecasts required under Minnesota Statutes, section 16A.103, unless the commissioner of finance has approved the additional sources of expenditures under paragraph (g).

(i) Minnesota Statutes, section 256.011, subdivision 3, which requires that federal grants or aids secured or obtained under that subdivision be used to reduce any direct appropriations provided by law, do not apply if the grants or aids are federal TANF funds.

(j) Notwithstanding section 14, paragraph (a), clauses (1) to (6), and paragraphs (b) to (j) expire June 30, 2007.

**Working Family Credit Expenditures as TANF MOE.** The commissioner may claim as TANF maintenance of effort up to the
following amounts of working family credit expenditures for the following fiscal years:

(1) fiscal year 2004, $7,013,000;
(2) fiscal year 2005, $25,133,000;
(3) fiscal year 2006, $6,942,000; and
(4) fiscal year 2007, $6,707,000.

**Fiscal Year 2003 Appropriations**

**Carryforward.** Effective the day following final enactment, notwithstanding Minnesota Statutes, section 16A.28, or any other law to the contrary, state agencies and constitutional offices may carry forward unexpended and unencumbered nongrant operating balances from fiscal year 2003 general fund appropriations into fiscal year 2004 to offset general budget reductions.

**Transfer of Grant Balances.** Effective the day following final enactment, the commissioner of human services, with the approval of the commissioner of finance and after notification of the chair of the senate health, human services and corrections budget division and the chair of the house of representatives health and human services finance committee, may transfer unencumbered appropriation balances for the biennium ending June 30, 2003, in fiscal year 2003 among the MFIP, MFIP child care assistance under Minnesota Statutes, section 119B.05, general assistance, general assistance medical care, medical assistance, Minnesota supplemental aid, and group residential housing programs, and the entitlement portion of the chemical...
dependency consolidated treatment fund, and
between fiscal years of the biennium.

TANF Appropriation Cancellation. Notwithstanding the provisions of Laws
2000, chapter 488, article 1, section 16,
any prior appropriations of TANF funds
to the department of trade and economic
development or to the job skills partnership
board or any transfers of TANF funds from
another agency to the department of trade
and economic development or to the job
skills partnership board are not available
until expended, and if unobligated as of June
30, 2003, these appropriations or transfers
shall cancel to the TANF fund.

Shift County Payment. The commissioner
shall make up to 100 percent of the
calendar year 2005 payments to counties for
developmental disabilities semi-independent
living services grants, developmental
disabilities family support grants, and
adult mental health grants from fiscal year
2006 appropriations. This is a onetime
payment shift. Calendar year 2006 and future
payments for these grants are not affected by
this shift. This provision expires June 30,
2006.

Capitation Rate Increase. Of the health care
access fund appropriations to the University
of Minnesota in the higher education
omnibus appropriation bill, $2,157,000 in
fiscal year 2004 and $2,157,000 in fiscal year
2005 are to be used to increase the capitation
payments under for fiscal years beginning
July 1, 2003, and thereafter, $2,157,000 each
year shall be transferred to the commissioner for purposes of Minnesota Statutes, section 256B.69. Notwithstanding the provisions of section 14, this provision shall not expire.

Sec. 55. INCOME METHODOLOGY.

The commissioner of human services shall study approaches toward adopting a uniform income methodology for families and children under medical assistance and MinnesotaCare. The approaches to be examined by the commissioner must include, but are not limited to: (1) replacing the MinnesotaCare gross income standard with a net income standard based on the medical assistance families with children methodology; and (2) replacing the medical assistance net income standard for families with children with the MinnesotaCare gross income standard. The commissioner must evaluate the impact of each approach on the number of potential MinnesotaCare and medical assistance enrollees who are families and children and on administrative, health care, and other costs to the state. The commissioner shall present findings and recommendations to the legislative committees with jurisdiction over health care by January 15, 2010.

Sec. 56. ADMINISTRATION OF MINNESOTACARE.

The commissioner of human services, in cooperation with representatives of county human services agencies, shall develop a plan to administer the MinnesotaCare program. The plan must require county agencies to administer MinnesotaCare in their respective counties under the supervision of the state agency and the commissioner of human services. The plan, to the extent feasible, must incorporate procedures and requirements that are identical to or consistent with those procedures and requirements that apply to county administration of the medical assistance program. The commissioner shall present recommendations to the legislative committees with jurisdiction over health care by January 15, 2010.

Sec. 57. EXPENDITURE LIMIT.

For calendar years beginning on or after January 1, 2010, the commissioner of human services shall limit annual expenditures for the critical access dental provider program under Minnesota Statutes, sections 256B.76, subdivisions 4 and 4a, and 256L.11, subdivision 7, to 75 percent of the expenditure level for the calendar year ending December 31, 2008.

ARTICLE 7
TECHNICAL

Section 1. Minnesota Statutes 2008, section 125A.744, subdivision 3, is amended to read:

Subd. 3. Implementation. Consistent with section 256B.0625, subdivision 26, school districts may enroll as medical assistance providers or subcontractors and bill the Department of Human Services under the medical assistance fee for service claims processing system for special education services which are covered services under chapter 256B, which are provided in the school setting for a medical assistance recipient, and for whom the district has secured informed consent consistent with section 13.05, subdivision 4, paragraph (d), and section 256B.77, subdivision 2, paragraph (p), to bill for each type of covered service. School districts shall be reimbursed by the commissioner of human services for the federal share of individual education plan health-related services that qualify for reimbursement by medical assistance, minus up to five percent retained by the commissioner of human services for administrative costs, not to exceed $350,000 per fiscal year. The commissioner may withhold up to five percent of each payment to a school district. Following the end of each fiscal year, the commissioner shall settle up with each school district in order to ensure that collections from each district for departmental administrative costs are made on a pro rata basis according to federal earnings for these services in each district. A school district is not eligible to enroll as a home care provider or a personal care provider organization for purposes of billing home care services under sections 256B.0651 and 256B.0653 to 256B.0656 and 256B.0659 until the commissioner of human services issues a bulletin instructing county public health nurses on how to assess for the needs of eligible recipients during school hours. To use private duty nursing services or personal care services at school, the recipient or responsible party must provide written authorization in the care plan identifying the chosen provider and the daily amount of services to be used at school.

commissioner for the purpose of conducting background studies.

Sec. 7. Minnesota Statutes 2008, section 256B.04, subdivision 16, is amended to read:
Subd. 16. Personal care services. (a) Notwithstanding any contrary language in
this paragraph, the commissioner of human services and the commissioner of health shall
jointly promulgate rules to be applied to the licensure of personal care services provided
under the medical assistance program. The rules shall consider standards for personal care
services that are based on the World Institute on Disability’s recommendations regarding
personal care services. These rules shall at a minimum consider the standards and
requirements adopted by the commissioner of health under section 144A.45, which the
commissioner of human services determines are applicable to the provision of personal
care services, in addition to other standards or modifications which the commissioner of
human services determines are appropriate.

The commissioner of human services shall establish an advisory group including
personal care consumers and providers to provide advice regarding which standards or
modifications should be adopted. The advisory group membership must include not less
than 15 members, of which at least 60 percent must be consumers of personal care services
and representatives of recipients with various disabilities and diagnoses and ages. At least
51 percent of the members of the advisory group must be recipients of personal care.

The commissioner of human services may contract with the commissioner of health
to enforce the jointly promulgated licensure rules for personal care service providers.
Prior to final promulgation of the joint rule the commissioner of human services
shall report preliminary findings along with any comments of the advisory group and a
plan for monitoring and enforcement by the Department of Health to the legislature by

Limits on the extent of personal care services that may be provided to an individual
must be based on the cost-effectiveness of the services in relation to the costs of inpatient
hospital care, nursing home care, and other available types of care. The rules must
provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and
supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified
recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service
by a personal care assistant and supervision by a qualified professional supervising the
personal care assistant unless the recipient selects the fiscal agent option under section
256B.0655, subdivision 7, 256B.0659, subdivision 33;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.
(b) The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county and shall waive the requirement for personal care assistants required to join an agency for the first time during 1993 when personal care services are provided under a relative hardship waiver under Minnesota Statutes 1992, section 256B.0627, subdivision 4, paragraph (b), clause (7), and at least two agencies providing personal care services have refused to employ or contract with the independent personal care assistant.

Sec. 8. Minnesota Statutes 2008, section 256B.055, subdivision 12, is amended to read:

Subd. 12. Disabled children. (a) A person is eligible for medical assistance if the person is under age 19 and qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance under the state plan if residing in a medical institution, and the child requires a level of care provided in a hospital, nursing facility, or intermediate care facility for persons with developmental disabilities, for whom home care is appropriate, provided that the cost to medical assistance under this section is not more than the amount that medical assistance would pay for if the child resides in an institution. After the child is determined to be eligible under this section, the commissioner shall review the child's disability under United States Code, title 42, section 1382c(a) and level of care defined under this section no more often than annually and may elect, based on the recommendation of health care professionals under contract with the state medical review team, to extend the review of disability and level of care up to a maximum of four years. The commissioner's decision on the frequency of continuing review of disability and level of care is not subject to administrative appeal under section 256.045. The county agency shall send a notice of disability review to the enrollee six months prior to the date the recertification of disability is due. Nothing in this subdivision shall be construed as affecting other redeterminations of medical assistance eligibility under this chapter and annual cost-effective reviews under this section.

(b) For purposes of this subdivision, "hospital" means an institution as defined in section 144.696, subdivision 3, 144.55, subdivision 3, or Minnesota Rules, part 4640.3600, and licensed pursuant to sections 144.50 to 144.58. For purposes of this subdivision, a child requires a level of care provided in a hospital if the child is determined by the commissioner to need an extensive array of health services, including mental health services, for an undetermined period of time, whose health condition requires frequent monitoring and treatment by a health care professional or by a person supervised by a health care professional, who would reside in a hospital or require frequent hospitalization...
if these services were not provided, and the daily care needs are more complex than
a nursing facility level of care.

A child with serious emotional disturbance requires a level of care provided in a
hospital if the commissioner determines that the individual requires 24-hour supervision
because the person exhibits recurrent or frequent suicidal or homicidal ideation or
behavior, recurrent or frequent psychosomatic disorders or somatopsychic disorders that
may become life threatening, recurrent or frequent severe socially unacceptable behavior
associated with psychiatric disorder, ongoing and chronic psychosis or severe, ongoing
and chronic developmental problems requiring continuous skilled observation, or severe
disabling symptoms for which office-centered outpatient treatment is not adequate, and
which overall severely impact the individual's ability to function.

(c) For purposes of this subdivision, "nursing facility" means a facility which
provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to
sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative
treatment; is in need of special treatments provided or supervised by a licensed nurse; or
has unpredictable episodes of active disease processes requiring immediate judgment
by a licensed nurse. For purposes of this subdivision, a child requires the level of care
provided in a nursing facility if the child is determined by the commissioner to meet
the requirements of the preadmission screening assessment document under section
256B.0911 and the home care independent rating document under section 256B.0655,
subdivision 4, clause (3) 256B.0659, adjusted to address age-appropriate standards for
children age 18 and under, pursuant to section 256B.0655, subdivision 3 256B.0659.

(d) For purposes of this subdivision, "intermediate care facility for persons with
developmental disabilities" or "ICF/MR" means a program licensed to provide services to
persons with developmental disabilities under section 252.28, and chapter 245A, and a
physical plant licensed as a supervised living facility under chapter 144, which together
are certified by the Minnesota Department of Health as meeting the standards in Code of
Federal Regulations, title 42, part 483, for an intermediate care facility which provides
services for persons with developmental disabilities who require 24-hour supervision
and active treatment for medical, behavioral, or habilitation needs. For purposes of this
subdivision, a child requires a level of care provided in an ICF/MR if the commissioner
finds that the child has a developmental disability in accordance with section 256B.092,
is in need of a 24-hour plan of care and active treatment similar to persons with
developmental disabilities, and there is a reasonable indication that the child will need
ICF/MR services.
(e) For purposes of this subdivision, a person requires the level of care provided in a nursing facility if the person requires 24-hour monitoring or supervision and a plan of mental health treatment because of specific symptoms or functional impairments associated with a serious mental illness or disorder diagnosis, which meet severity criteria for mental health established by the commissioner and published in March 1997 as the Minnesota Mental Health Level of Care for Children and Adolescents with Severe Emotional Disorders.

(f) The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by the parent or guardian, the child's physician or physicians, and other professionals as requested by the commissioner. The commissioner shall establish a screening team to conduct the level of care determinations according to this subdivision.

(g) If a child meets the conditions in paragraph (b), (c), (d), or (e), the commissioner must assess the case to determine whether:

(1) the child qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance if residing in a medical institution; and

(2) the cost of medical assistance services for the child, if eligible under this subdivision, would not be more than the cost to medical assistance if the child resides in a medical institution to be determined as follows:

(i) for a child who requires a level of care provided in an ICF/MR, the cost of care for the child in an institution shall be determined using the average payment rate established for the regional treatment centers that are certified as ICFs/MR;

(ii) for a child who requires a level of care provided in an inpatient hospital setting according to paragraph (b), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3520, items F and G; and

(iii) for a child who requires a level of care provided in a nursing facility according to paragraph (c) or (e), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3040, except that the nursing facility average rate shall be adjusted to reflect rates which would be paid for children under age 16. The commissioner may authorize an amount up to the amount medical assistance would pay for a child referred to the commissioner by the preadmission screening team under section 256B.0911.

(h) Children eligible for medical assistance services under section 256B.055, subdivision 12, as of June 30, 1995, must be screened according to the criteria in this subdivision prior to January 1, 1996. Children found to be ineligible may not be removed from the program until January 1, 1996.
Sec. 9. Minnesota Statutes 2008, section 256B.0621, subdivision 2, is amended to read:

Subd. 2. Targeted case management; definitions. For purposes of subdivisions 3 to 10, the following terms have the meanings given them:

(1) "home care service recipients" means those individuals receiving the following services under sections 256B.0651 to 256B.0656 and 256B.0659: skilled nursing visits, home health aide visits, private duty nursing, personal care assistants, or therapies provided through a home health agency;

(2) "home care targeted case management" means the provision of targeted case management services for the purpose of assisting home care service recipients to gain access to needed services and supports so that they may remain in the community;

(3) "institutions" means hospitals, consistent with Code of Federal Regulations, title 42, section 440.10; regional treatment center inpatient services, consistent with section 245.474; nursing facilities; and intermediate care facilities for persons with developmental disabilities;

(4) "relocation targeted case management" includes the provision of both county targeted case management and public or private vendor service coordination services for the purpose of assisting recipients to gain access to needed services and supports if they choose to move from an institution to the community. Relocation targeted case management may be provided during the lesser of:

(i) the last 180 consecutive days of an eligible recipient's institutional stay; or

(ii) the limits and conditions which apply to federal Medicaid funding for this service; and

(5) "targeted case management" means case management services provided to help recipients gain access to needed medical, social, educational, and other services and supports.

Sec. 10. Minnesota Statutes 2008, section 256B.0652, subdivision 3, is amended to read:

Subd. 3. Assessment and prior authorization process. Effective January 1, 1996, for purposes of providing informed choice, coordinating of local planning decisions, and streamlining administrative requirements, the assessment and prior authorization process for persons receiving both home care and home and community-based waivered services for persons with developmental disabilities shall meet the requirements of sections 256B.0651 and 256B.0653 to 256B.0656 and 256B.0659 with the following exceptions:

(a) Upon request for home care services and subsequent assessment by the public health nurse under sections 256B.0651 and 256B.0653 to 256B.0656 and 256B.0659.
the public health nurse shall participate in the screening process, as appropriate, and,
if home care services are determined to be necessary, participate in the development
of a service plan coordinating the need for home care and home and community-based
waivered services with the assigned county case manager, the recipient of services, and
the recipient's legal representative, if any.

(b) The public health nurse shall give prior authorization for home care services
to the extent that home care services are:

(1) medically necessary;

(2) chosen by the recipient and their legal representative, if any, from the array of
home care and home and community-based waivered services available;

(3) coordinated with other services to be received by the recipient as described
in the service plan; and

(4) provided within the county's reimbursement limits for home care and home and
community-based waivered services for persons with developmental disabilities.

(c) If the public health agency is or may be the provider of home care services to the
recipient, the public health agency shall provide the commissioner of human services with
a written plan that specifies how the assessment and prior authorization process will be
held separate and distinct from the provision of services.

Sec. 11. Minnesota Statutes 2008, section 256B.0657, subdivision 2, is amended to
read:

Subd. 2. Eligibility. (a) The self-directed supports option is available to a person
who:

(1) is a recipient of medical assistance as determined under sections 256B.055,
256B.056, and 256B.057, subdivision 9;

(2) is eligible for personal care assistant services under section 256B.0655
256B.0659;

(3) lives in the person's own apartment or home, which is not owned, operated, or
controlled by a provider of services not related by blood or marriage;

(4) has the ability to hire, fire, supervise, establish staff compensation for, and
manage the individuals providing services, and to choose and obtain items, related
services, and supports as described in the participant's plan. If the recipient is not able to
carry out these functions but has a legal guardian or parent to carry them out, the guardian
or parent may fulfill these functions on behalf of the recipient; and

(5) has not been excluded or disenrolled by the commissioner.
(b) The commissioner may disenroll or exclude recipients, including guardians and
parents, under the following circumstances:

1. recipients who have been restricted by the Primary Care Utilization Review
Committee may be excluded for a specified time period;
2. recipients who exit the self-directed supports option during the recipient's
service plan year shall not access the self-directed supports option for the remainder of
that service plan year; and
3. when the department determines that the recipient cannot manage respondent
responsibilities under the program.

Sec. 12. Minnesota Statutes 2008, section 256B.0657, subdivision 6, is amended to
read:

Subd. 6. Services covered. (a) Services covered under the self-directed supports
option include:

1. personal care assistant services under section 256B.0655, 256B.0659; and
2. items, related services, and supports, including assistive technology, that increase
independence or substitute for human assistance to the extent expenditures would
otherwise be used for human assistance.

(b) Items, supports, and related services purchased under this option shall not be
considered home care services for the purposes of section 144A.43.

Sec. 13. Minnesota Statutes 2008, section 256B.0657, subdivision 8, is amended to
read:

Subd. 8. Self-directed budget requirements. The budget for the provision of the
self-directed service option shall be equal to the greater of either:

1. the annual amount of personal care assistant services under section 256B.0655
256B.0659 that the recipient has used in the most recent 12-month period; or
2. the amount determined using the consumer support grant methodology under
section 256.476, subdivision 11, except that the budget amount shall include the federal
and nonfederal share of the average service costs.

Sec. 14. Minnesota Statutes 2008, section 256B.49, subdivision 17, is amended to read:

Subd. 17. Cost of services and supports. (a) The commissioner shall ensure
that the average per capita expenditures estimated in any fiscal year for home and
community-based waiver recipients does not exceed the average per capita expenditures
that would have been made to provide institutional services for recipients in the absence of the waiver.

(b) The commissioner shall implement on January 1, 2002, one or more aggregate, need-based methods for allocating to local agencies the home and community-based waived service resources available to support recipients with disabilities in need of the level of care provided in a nursing facility or a hospital. The commissioner shall allocate resources to single counties and county partnerships in a manner that reflects consideration of:

(1) an incentive-based payment process for achieving outcomes;

(2) the need for a state-level risk pool;

(3) the need for retention of management responsibility at the state agency level; and

(4) a phase-in strategy as appropriate.

(c) Until the allocation methods described in paragraph (b) are implemented, the annual allowable reimbursement level of home and community-based waiver services shall be the greater of:

(1) the statewide average payment amount which the recipient is assigned under the waiver reimbursement system in place on June 30, 2001, modified by the percentage of any provider rate increase appropriated for home and community-based services; or

(2) an amount approved by the commissioner based on the recipient’s extraordinary needs that cannot be met within the current allowable reimbursement level. The increased reimbursement level must be necessary to allow the recipient to be discharged from an institution or to prevent imminent placement in an institution. The additional reimbursement may be used to secure environmental modifications; assistive technology and equipment; and increased costs for supervision, training, and support services necessary to address the recipient’s extraordinary needs. The commissioner may approve an increased reimbursement level for up to one year of the recipient’s relocation from an institution or up to six months of a determination that a current waiver recipient is at imminent risk of being placed in an institution.

(d) Beginning July 1, 2001, medically necessary private duty nursing services will be authorized under this section as complex and regular care according to sections 256B.0651 and 256B.0653 to 256B.0656 and 256B.0659. The rate established by the commissioner for registered nurse or licensed practical nurse services under any home and community-based waiver as of January 1, 2001, shall not be reduced.

Sec. 15. Minnesota Statutes 2008, section 256B.501, subdivision 4a, is amended to read:
Subd. 4a. **Inclusion of home care costs in waiver rates.** The commissioner
shall adjust the limits of the established average daily reimbursement rates for waivered
services to include the cost of home care services that may be provided to waivered
services recipients. This adjustment must be used to maintain or increase services and
shall not be used by county agencies for inflation increases for waivered services vendors.
Home care services referenced in this section are those listed in section 256B.0651,
subdivision 2. The average daily reimbursement rates established in accordance with
the provisions of this subdivision apply only to the combined average, daily costs of
waivered and home care services and do not change home care limitations under sections
256B.0651 and 256B.0653 to 256B.0656 and 256B.0659. Waivered services recipients
receiving home care as of June 30, 1992, shall not have the amount of their services
reduced as a result of this section.

Sec. 16. Minnesota Statutes 2008, section 256G.02, subdivision 6, is amended to read:
Subd. 6. **Excluded time.** "Excluded time" means:
(a) any period an applicant spends in a hospital, sanitarium, nursing home, shelter
other than an emergency shelter, halfway house, foster home, semi-independent living
domicile or services program, residential facility offering care, board and lodging facility
or other institution for the hospitalization or care of human beings, as defined in section
144.50, 144A.01, or 245A.02, subdivision 14; maternity home, battered women's shelter,
or correctional facility; or any facility based on an emergency hold under sections
253B.05, subdivisions 1 and 2, and 253B.07, subdivision 6;
(b) any period an applicant spends on a placement basis in a training and habilitation
program, including a rehabilitation facility or work or employment program as defined
in section 268A.01; or receiving personal care assistant services pursuant to section
256B.0655, subdivision 2, 256B.0659; semi-independent living services provided under
section 252.275, and Minnesota Rules, parts 9525.0500 to 9525.0660; day training and
habilitation programs and assisted living services; and
(c) any placement for a person with an indeterminate commitment, including
independent living.

Sec. 17. Minnesota Statutes 2008, section 256I.05, subdivision 1a, is amended to read:
Subd. 1a. **Supplementary service rates.** (a) Subject to the provisions of section
256I.04, subdivision 3, the county agency may negotiate a payment not to exceed $426.37
for other services necessary to provide room and board provided by the group residence
if the residence is licensed by or registered by the Department of Health, or licensed by
the Department of Human Services to provide services in addition to room and board,
and if the provider of services is not also concurrently receiving funding for services for
a recipient under a home and community-based waiver under title XIX of the Social
Security Act; or funding from the medical assistance program under section 256B.0655,
subdivision 2 256B.0659, for personal care services for residents in the setting; or residing
in a setting which receives funding under Minnesota Rules, parts 9535.2000 to 9535.3000.
If funding is available for other necessary services through a home and community-based
waiver, or personal care services under section 256B.0655, subdivision 2 256B.0659,
then the GRH rate is limited to the rate set in subdivision 1. Unless otherwise provided
in law, in no case may the supplementary service rate exceed $426.37. The registration
and licensure requirement does not apply to establishments which are exempt from state
licensure because they are located on Indian reservations and for which the tribe has
prescribed health and safety requirements. Service payments under this section may be
prohibited under rules to prevent the supplanting of federal funds with state funds. The
commissioner shall pursue the feasibility of obtaining the approval of the Secretary of
Health and Human Services to provide home and community-based waiver services under
title XIX of the Social Security Act for residents who are not eligible for an existing home
and community-based waiver due to a primary diagnosis of mental illness or chemical
dependency and shall apply for a waiver if it is determined to be cost-effective.
(b) The commissioner is authorized to make cost-neutral transfers from the GRH
fund for beds under this section to other funding programs administered by the department
after consultation with the county or counties in which the affected beds are located.
The commissioner may also make cost-neutral transfers from the GRH fund to county
human service agencies for beds permanently removed from the GRH census under a plan
submitted by the county agency and approved by the commissioner. The commissioner
shall report the amount of any transfers under this provision annually to the legislature.
(c) The provisions of paragraph (b) do not apply to a facility that has its
reimbursement rate established under section 256B.431, subdivision 4, paragraph (c).

Sec. 18. Minnesota Statutes 2008, section 256J.45, subdivision 3, is amended to read:
Subd. 3. Good cause exemptions for not attending orientation. (a) The county
agency shall not impose the sanction under section 256J.46 if it determines that the
participant has good cause for failing to attend orientation. Good cause exists when:
(1) appropriate child care is not available;
(2) the participant is ill or injured;
(3) a family member is ill and needs care by the participant that prevents the participant from attending orientation. For a caregiver with a child or adult in the household who meets the disability or medical criteria for home care services under section 256B.0655, subdivision 1g, or a home and community-based waiver services program under chapter 256B, or meets the criteria for severe emotional disturbance under section 245.4871, subdivision 6, or for serious and persistent mental illness under section 245.462, subdivision 20, paragraph (c), good cause also exists when an interruption in the provision of those services occurs which prevents the participant from attending orientation;

(4) the caregiver is unable to secure necessary transportation;

(5) the caregiver is in an emergency situation that prevents orientation attendance;

(6) the orientation conflicts with the caregiver's work, training, or school schedule; or

(7) the caregiver documents other verifiable impediments to orientation attendance beyond the caregiver's control.

(b) Counties must work with clients to provide child care and transportation necessary to ensure a caregiver has every opportunity to attend orientation.

Sec. 19. Minnesota Statutes 2008, section 604A.33, subdivision 1, is amended to read:

Subd. 11. Vulnerable adult. "Vulnerable adult" means any person 18 years of age or older who:

(1) is a resident inpatient of a facility;

(2) receives services at or from a facility required to be licensed to serve adults under sections 245A.01 to 245A.15, except that a person receiving outpatient services for treatment of chemical dependency or mental illness, or one who is committed as a sexual
psychopathic personality or as a sexually dangerous person under chapter 253B, is not
considered a vulnerable adult unless the person meets the requirements of clause (4);

(3) receives services from a home care provider required to be licensed under section
144A.46; or from a person or organization that exclusively offers, provides, or arranges
for personal care assistant services under the medical assistance program as authorized

(4) regardless of residence or whether any type of service is received, possesses a
physical or mental infirmity or other physical, mental, or emotional dysfunction:

(i) that impairs the individual's ability to provide adequately for the individual's
own care without assistance, including the provision of food, shelter, clothing, health
care, or supervision; and

(ii) because of the dysfunction or infirmity and the need for assistance, the individual
has an impaired ability to protect the individual from maltreatment.

Sec. 21. Minnesota Statutes 2008, section 626.5572, subdivision 6, is amended to read:

Subd. 6. Facility. (a) "Facility" means a hospital or other entity required to be
licensed under sections 144.50 to 144.58; a nursing home required to be licensed to
serve adults under section 144A.02; a residential or nonresidential facility required to
be licensed to serve adults under sections 245A.01 to 245A.16; a home care provider
licensed or required to be licensed under section 144A.46; a hospice provider licensed
under sections 144A.75 to 144A.755; or a person or organization that exclusively offers,

(b) For home care providers and personal care attendants, the term "facility" refers
to the provider or person or organization that exclusively offers, provides, or arranges for
personal care services, and does not refer to the client's home or other location at which
services are rendered.

Sec. 22. Minnesota Statutes 2008, section 626.5572, subdivision 21, is amended to read:

Subd. 21. Vulnerable adult. "Vulnerable adult" means any person 18 years of
age or older who:

(1) is a resident or inpatient of a facility;
(2) receives services at or from a facility required to be licensed to serve adults under sections 245A.01 to 245A.15, except that a person receiving outpatient services for treatment of chemical dependency or mental illness, or one who is served in the Minnesota sex offender program on a court-hold order for commitment, or is committed as a sexual psychopathic personality or as a sexually dangerous person under chapter 253B, is not considered a vulnerable adult unless the person meets the requirements of clause (4);

(3) receives services from a home care provider required to be licensed under section 144A.46; or from a person or organization that exclusively offers, provides, or arranges for personal care assistant services under the medical assistance program as authorized under sections 256B.04, subdivision 16, 256B.0625, subdivision 19a, 256B.0651, and 256B.0653 to 256B.0656, and 256B.0659; or

(4) regardless of residence or whether any type of service is received, possesses a physical or mental infirmity or other physical, mental, or emotional dysfunction:

**ARTICLE 8**

**CHEMICAL AND MENTAL HEALTH**

Section 1. Minnesota Statutes 2008, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. **Admission criteria.** The county board shall: (a) Prior to admission, except in the case of emergency admission, determine the needed level of care for all children referred for treatment of severe emotional disturbance in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if public funds are used to pay for the services. The county board shall also determine the needed level of care for all children admitted to an acute care hospital for treatment of severe emotional disturbance if public funds other than reimbursement under chapters 256B and 256D are used to pay for the services.

(b) The county board shall determine the appropriate level of care when county-controlled funds are used to pay for the services. When the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care. When the child is an Indian tribal
member seeking placement through the tribe in a tribally operated or contracted facility.
the tribe must determine the appropriate level of care. When more than one entity bears
responsibility for coverage, the entities shall coordinate level of care determination
activities to the extent possible.

(c) The level of care determination shall determine whether the proposed treatment:

(1) is necessary;
(2) is appropriate to the child's individual treatment needs;
(3) cannot be effectively provided in the child's home: and
(4) provides a length of stay as short as possible consistent with the individual
child's need.

(d) When a level of care determination is conducted, the county board responsible
treatment facility; or acute care hospital is not appropriate solely because
services were not first provided to the child in a less restrictive setting and the child failed
to make progress toward or meet treatment goals in the less restrictive setting. The level
of care determination must be based on a diagnostic assessment that includes a functional
assessment which evaluates family, school, and community living situations; and an
assessment of the child's need for care out of the home using a validated tool which
assesses a child's functional status and assigns an appropriate level of care. The validated
tool must be approved by the commissioner of human services. If a diagnostic assessment
including a functional assessment has been completed by a mental health professional
within the past 180 days, a new diagnostic assessment need not be completed unless in the
opinion of the current treating mental health professional the child's mental health status
has changed markedly since the assessment was completed. The child's parent shall be
notified if an assessment will not be completed and of the reasons. A copy of the notice
shall be placed in the child's file. Recommendations developed as part of the level of care
determination process shall include specific community services needed by the child and,
if appropriate, the child's family, and shall indicate whether or not these services are
available and accessible to the child and family.

During the level of care determination process, the child, child's family, or child's
legal representative, as appropriate, must be informed of the child's eligibility for case
management services and family community support services and that an individual
family community support plan is being developed by the case manager, if assigned.
The level of care determination shall comply with section 260C.212. Wherever
possible, The parent shall be consulted in the process, unless clinically inappropriate
detrimental to the child.
The level of care determination, and placement decision, and recommendations for mental health services must be documented in the child's record.

An alternate review process may be approved by the commissioner if the county board demonstrates that an alternate review process has been established by the county board and the times of review, persons responsible for the review, and review criteria are comparable to the standards in clauses (1) to (4):

Sec. 2. Minnesota Statutes 2008, section 254A.02, is amended by adding a subdivision to read:

Subd. 8a. **Placing authority.** "Placing authority" means a county, prepaid health plan, or tribal governing board governed by Minnesota Rules, parts 9530.6600 to 9530.6655.

Sec. 3. Minnesota Statutes 2008, section 254A.16, is amended by adding a subdivision to read:

Subd. 6. **Monitoring.** The commissioner shall gather and placing authorities shall provide information to measure compliance with Minnesota Rules, parts 9530.6600 to 9530.6655. The commissioner shall specify the format for data collection to facilitate tracking, aggregating, and using the information.

Sec. 4. Minnesota Statutes 2008, section 254B.03, subdivision 1, is amended to read:

Subdivision 1. **Local agency duties.** (a) Every local agency shall provide chemical dependency services to persons residing within its jurisdiction who meet criteria established by the commissioner for placement in a chemical dependency residential or nonresidential treatment service. Chemical dependency money must be administered by the local agencies according to law and rules adopted by the commissioner under sections 14.001 to 14.69.

(b) In order to contain costs, the county board shall, with the approval of the commissioner of human services, shall select eligible vendors of chemical dependency services who can provide economical and appropriate treatment. Unless the local agency is a social services department directly administered by a county or human services board, the local agency shall not be an eligible vendor under section 254B.05. The commissioner may approve proposals from county boards to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. If a county implements a demonstration or experimental medical services funding plan, the commissioner shall transfer the money as appropriate. **If a county selects a vendor**
located in another state, the county shall ensure that the vendor is in compliance with the rules governing licensure of programs located in the state.

(c) A culturally specific vendor that provides assessments under a variance under Minnesota Rules, part 9530.6610, shall be allowed to provide assessment services to persons not covered by the variance.

**EFFECTIVE DATE.** This section is effective July 1, 2011.

Sec. 5. Minnesota Statutes 2008, section 254B.03, subdivision 3, is amended to read:

Subd. 3. **Local agencies to pay state for county share.** Local agencies shall pay the state for the county share of the services authorized by the local agency, except when the payment is made according to section 254B.09, subdivision 8.

Sec. 6. Minnesota Statutes 2008, section 254B.03, is amended by adding a subdivision to read:

Subd. 9. **Commissioner to select vendors and set rates.** (a) Effective July 1, 2011, the commissioner shall:

1. enter into agreements with eligible vendors that:
   1. meet the standards in section 254B.05, subdivision 1;
   2. have good standing in all applicable licensure; and
   3. have a current approved provider agreement as a Minnesota health care program provider; and

2. set rates for services reimbursed under this chapter:

(a) When setting rates, the commissioner shall consider the complexity and the acuity of the problems presented by the client.

(b) When rates set under this section and rates set under section 254B.09, subdivision 8, apply to the same treatment placement, section 254B.09, subdivision 8, supercedes.

Sec. 7. Minnesota Statutes 2008, section 254B.05, subdivision 1, is amended to read:

Subdivision 1. **Licensure required.** Programs licensed by the commissioner are eligible vendors. Hospitals may apply for and receive licenses to be eligible vendors, notwithstanding the provisions of section 245A.03. American Indian programs located on federally recognized tribal lands that provide chemical dependency primary treatment, extended care, transitional residence, or outpatient treatment services, and are licensed by tribal government are eligible vendors. Detoxification programs are not eligible vendors. Programs that are not licensed as a chemical dependency residential or nonresidential treatment program by the commissioner or by tribal government are not eligible vendors.
To be eligible for payment under the Consolidated Chemical Dependency Treatment Fund, a vendor of a chemical dependency service must participate in the Drug and Alcohol Abuse Normative Evaluation System and the treatment accountability plan.

Effective January 1, 2000, vendors of room and board are eligible for chemical dependency fund payment if the vendor:

1. is certified by the county or tribal governing body as having rules prohibiting residents bringing chemicals into the facility or using chemicals while residing in the facility and provide consequences for infractions of those rules;
2. has a current contract with a county or tribal governing body;
3. is determined to meet applicable health and safety requirements;
4. is not a jail or prison; and
5. is not concurrently receiving funds under chapter 256I for the recipient.

**EFFECTIVE DATE.** This section is effective July 1, 2011.

Sec. 8. Minnesota Statutes 2008, section 254B.09, subdivision 2, is amended to read:

Subd. 2. **American Indian agreements.** The commissioner may enter into agreements with federally recognized tribal units to pay for chemical dependency treatment services provided under Laws 1986, chapter 394, sections 8 to 20. The agreements must clarify how the governing body of the tribal unit fulfills local agency responsibilities regarding:

1. selection of eligible vendors under section 254B.03, subdivision 1;
2. negotiation of agreements that establish vendor services and rates for programs located on the tribal governing body's reservation;
3. (1) the form and manner of invoicing; and
4. (2) provide that only invoices for eligible vendors according to section 254B.05 will be included in invoices sent to the commissioner for payment, to the extent that money allocated under subdivisions 4 and 5 is used.

**EFFECTIVE DATE.** This section is effective July 1, 2011.

Sec. 9. **[254B.11] MAXIMUM RATES.**

The commissioner shall publish maximum rates for vendors of the consolidated chemical dependency treatment fund by July 1 of each year for implementation the following January 1. Rates for calendar year 2010 must not exceed 185 percent of the average rate on January 1, 2009, for each group of vendors with similar attributes. Unless a new rate methodology is developed under section 254B.12, rates for services provided on
and after July 1, 2011, must not exceed 160 percent of the average rate on January 1, 2009, for each group of vendors with similar attributes. Payment for services provided by Indian Health Services or by agencies operated by Indian tribes for medical assistance-eligible individuals must be governed by the applicable federal rate methodology.

Sec. 10. [254B.12] RATE METHODOLOGY.

(a) The commissioner shall, with broad-based stakeholder input, develop a recommendation and present a report to the 2011 legislature, including proposed legislation for a new rate methodology for the consolidated chemical dependency treatment fund. The new methodology must replace county-negotiated rates with a uniform statewide methodology that must include:

1. a graduated reimbursement scale based on the patients' level of acuity and complexity; and
2. beginning July 1, 2012, retroactive quality incentive payments up to four percent of each provider's prior-year approved chemical dependency fund claims.

(b) The quality incentive payments under paragraph (a), clause (2), must be based on each provider's performance in the prior year relating to certain program criteria, based on best practices in addiction treatment. The quality incentive criteria under paragraph (a), clause (2), may include program completion rates, national outcome measures, program innovations, lack of licensing violations, and other measures to be determined by the commissioner.

Sec. 11. Minnesota Statutes 2008, section 256B.0625, subdivision 41, is amended to read:

Subd. 41. Residential services for children with severe emotional disturbance.

Medical assistance covers rehabilitative services in accordance with section 256B.0945 that are provided by a county through a residential facility under contract with a county or Indian tribe, for children who have been diagnosed with severe emotional disturbance and have been determined to require the level of care provided in a residential facility.

Sec. 12. Minnesota Statutes 2008, section 256B.0625, subdivision 47, is amended to read:

Subd. 47. Treatment foster care services. Effective July 1, 2007, 2011, and subject to federal approval, medical assistance covers treatment foster care services according to section 256B.0946.
Sec. 13. Minnesota Statutes 2008, section 256B.0944, is amended by adding a
subdivision to read:

Subd. 4a. Alternative provider standards. If a provider entity demonstrates that,
due to geographic or other barriers, it is not feasible to provide mobile crisis intervention
services 24 hours a day, seven days a week, according to the standards in subdivision 4,
paragraph (b), clause (1), the commissioner may approve a crisis response provider based
on an alternative plan proposed by a provider entity. The alternative plan must:

(1) result in increased access and a reduction in disparities in the availability of
crisis services; and

(2) provide mobile services outside of the usual nine-to-five office hours and on
weekends and holidays.

Sec. 14. Minnesota Statutes 2008, section 256B.0945, subdivision 4, is amended to
read:

Subd. 4. Payment rates. (a) Notwithstanding sections 256B.19 and 256B.041,
payments to counties for residential services provided by a residential facility shall only
be made of federal earnings for services provided under this section, and the nonfederal
share of costs for services provided under this section shall be paid by the county from
sources other than federal funds or funds used to match other federal funds. Payment to
 counties for services provided according to this section shall be a proportion of the per
day contract rate that relates to rehabilitative mental health services and shall not include
payment for costs or services that are billed to the IV-E program as room and board.

(b) Per diem rates paid to providers under this section by prepaid plans shall be the
proportion of the per-day contract rate that relates to rehabilitative mental health services
and shall not include payment for group foster care costs or services that are billed to the
county of financial responsibility.

(c) (b) The commissioner shall set aside a portion not to exceed five percent of the
federal funds earned for county expenditures under this section to cover the state costs of
administering this section. Any unexpended funds from the set-aside shall be distributed
to the counties in proportion to their earnings under this section.

(c) The payment rate negotiated and paid to a provider by prepaid health plans
under section 256B.69 for services under this section must be supplemented by the
commissioner from state appropriations to cover the nontreatment costs at a rate equal to
the portion of the county negotiated per diem attributable to nontreatment service costs for
that provider as determined by the commissioner of human services.
(d) Payment for mental health rehabilitative services provided under this section by 
or under contract with an Indian tribe or tribal organization or by agencies operated by or 
under contract with an Indian tribe or tribal organization may be made according to section 
256B.0625, subdivision 34, or other relevant federally approved rate setting methodology.

1993, with at least 33 percent of the clients receiving rehabilitation services in the most 
recent calendar year who are medical assistance recipients, will be increased by 38 percent, 
when those services are provided within the comprehensive outpatient rehabilitation

A work group must be convened on or before July 1, 2009, consisting of representatives from the Department of Human Services and participating counties to develop final proposals for pilot projects meeting the requirements of this section. This work group must focus its efforts on the need for systems change, mandate and waiver relief, payment reform or other funding options, and outcomes. 2. an annual assessment must be completed within 366 days of the last comprehensive assessment;
3. a significant change assessment must be completed within 14 days of the identification of a significant change; and
4. the second quarterly assessment following either a new admission assessment, an annual assessment, or a significant change assessment, and all quarterly assessments beginning October 1, 2006. Each quarterly assessment must be completed within 92 days of the previous assessment.

(c) In addition to the assessments listed in paragraph (b), the assessments used to determine nursing facility level of care include the following:

2. a face-to-face long-term care consultation assessment completed under section 256B.0911, subdivision 3a, 3b, or 4d, by a county, tribe, or managed care organization under contract with the Department of Human Services.

Sec. 3. Minnesota Statutes 2008, section 144.0724, subdivision 8, is amended to read:

Subd. 8. Request for reconsideration of resident classifications. (a) The resident, or resident's representative, or the nursing facility or boarding care home may request that the commissioner of health reconsider the assigned reimbursement classification. The request for reconsideration must be submitted in writing to the commissioner within 30 days of the day the resident or the resident's representative receives the resident classification notice. The request for reconsideration must include the name of the resident, the name and address of the facility in which the resident resides, the reasons for the reconsideration, the requested classification changes, and documentation supporting
the requested classification. The documentation accompanying the reconsideration request is limited to documentation which establishes that the needs of the resident at the time of the assessment justify a classification which is different than the classification established by the commissioner of health.

(b) Upon request, the nursing facility must give the resident or the resident's representative a copy of the assessment form and the other documentation that was given to the commissioner of health to support the assessment findings. The nursing facility shall also provide access to and a copy of other information from the resident's record that has been requested by or on behalf of the resident to support a resident's reconsideration request. A copy of any requested material must be provided within three working days of receipt of a written request for the information. If a facility fails to provide the material within this time, it is subject to the issuance of a correction order and penalty assessment under sections 144.653 and 144A.10. Notwithstanding those sections, any correction order issued under this subdivision must require that the nursing facility immediately comply with the request for information and that as of the date of the issuance of the correction order, the facility shall forfeit to the state a $100 fine for the first day of noncompliance, and an increase in the $100 fine by $50 increments for each day the noncompliance continues.

(c) In addition to the information required under paragraphs (a) and (b), a reconsideration request from a nursing facility must contain the following information: (i) the date the reimbursement classification notices were received by the facility; (ii) the date the classification notices were distributed to the resident or the resident's representative; and (iii) a copy of a notice sent to the resident or to the resident's representative. This notice must inform the resident or the resident's representative that a reconsideration of the resident's classification is being requested, the reason for the request, that the resident's rate will change if the request is approved by the commissioner, the extent of the change, that copies of the facility's request and supporting documentation are available for review, and that the resident also has the right to request a reconsideration. If the facility fails to provide the required information with the reconsideration request, the request must be denied, and the facility may not make further reconsideration requests on that specific reimbursement classification.

(d) Reconsideration by the commissioner must be made by individuals not involved in reviewing the assessment, audit, or reconsideration that established the disputed classification. The reconsideration must be based upon the initial assessment and upon the information provided to the commissioner under paragraphs (a) and (b). If necessary for evaluating the reconsideration request, the commissioner may conduct on-site reviews. Within 15 working days of receiving the request for reconsideration, the commissioner
shall affirm or modify the original resident classification. The original classification
must be modified if the commissioner determines that the assessment resulting in the
classification did not accurately reflect the needs or assessment characteristics of the
resident at the time of the assessment. The resident and the nursing facility or boarding
care home shall be notified within five working days after the decision is made. A decision
by the commissioner under this subdivision is the final administrative decision of the
agency for the party requesting reconsideration.

(e) The resident classification established by the commissioner shall be the
classification that applies to the resident while the request for reconsideration is pending.
If a request for reconsideration applies to an assessment used to determine nursing facility
level of care under subdivision 4, paragraph (c), the resident shall continue to be eligible
for nursing facility level of care while the request for reconsideration is pending.

(f) The commissioner may request additional documentation regarding a
reconsideration necessary to make an accurate reconsideration determination.

Sec. 6. Minnesota Statutes 2008, section 144A.073, is amended by adding a subdivision to read:

A home care provider may not require a person to surrender these rights as a condition of receiving services. A guardian or conservator or, when there is no guardian or conservator, a designated person, may seek to enforce these rights. This statement of rights does not replace or diminish other rights and liberties that may exist relative to persons receiving home care services, persons providing home care services, or providers licensed under Laws 1987, chapter 378. A copy of these rights must be provided to an individual at the time home care services, including personal care assistance services, are initiated. The copy shall also contain the address and phone number of the Office of Health Facility Complaints and the Office of Ombudsman for Long-Term Care and a brief statement describing how to file a complaint with these offices. consider the availability of foster care capacity in the area which the licensee seeks to

commissioner must be final. A determination of need is not required for a change in
ownership at the same address.

c) Residential settings that would otherwise fall under the moratorium established in
paragraph (a), that are in the process of receiving an adult or child foster care license as of

in the home care program's overall ratio of actual payments to service authorizations
programs.
(b) Effective January 1, 2004, persons previously receiving exception grants will
have their grants calculated using the methodology in paragraph (a), clause (1). If a person

The provider must offer the recipient or responsible party the option of shared or one-on-one private duty nursing services. The recipient or responsible party can withdraw from participating in a shared service arrangement at any time.

(h) The private duty nursing agency must document the following in the health service record for each individual recipient sharing private duty nursing care.

The documentation for shared private duty nursing must be on a form approved by
the commissioner for each individual recipient sharing private duty nursing. The
documentation must be part of the recipient's health service record and include:

(1) permission by the recipient or the recipient's legal representative for the
maximum number of shared nursing care hours per week chosen by the recipient and
permission for shared private duty nursing services provided in and outside the recipient's
home residence;

(2) permission by the recipient or the recipient's legal representative for shared
private duty nursing services provided outside the recipient's residence;

and care issues.

(1) Unless otherwise provided in this subdivision, all other statutory and regulatory
provisions relating to private duty nursing services apply to shared private duty nursing
services:

Nothing in this subdivision shall be construed to reduce the total number of private
duty nursing hours authorized for an individual recipient under subdivision 2:

(i) The commissioner shall provide a rate methodology for shared private duty
nursing. For two persons sharing nursing care, the rate paid to a provider must not exceed
1.5 times the regular private duty nursing rates paid for serving a single individual by a
registered nurse or licensed practical nurse. These rates apply only to situations in which
both recipients are present and receive shared private duty nursing care on the date for
which the service is billed.

Subd. 4. Hardship criteria; private duty nursing. (a) Payment is allowed for
extraordinary services that require specialized nursing skills and are provided by parents
of minor children, family foster parents, spouses, and legal guardians who are providing
private duty nursing care under the following conditions:

1) the provision of these services is not legally required of the parents, family
foster parents, spouses, or legal guardians;

2) the services are necessary to prevent hospitalization of the recipient; and

3) the recipient is eligible for state plan home care or a home and community-based
waiver and one of the following hardship criteria are met:

i) the parent, spouse, or legal guardian resigns from a part-time or full-time job to
provide nursing care for the recipient; or

ii) the parent, spouse, or legal guardian goes from a full-time to a part-time job with
less compensation to provide nursing care for the recipient; or

iii) the parent, spouse, or legal guardian takes a leave of absence without pay to
provide nursing care for the recipient; or

private duty nursing services to meet the medical needs of the recipient.

b) Private duty nursing may be provided by a parent, spouse, family foster parent,
or legal guardian who is a nurse licensed in Minnesota. Private duty nursing services
provided by a parent, spouse, family foster parent, or legal guardian cannot be used in lieu of nursing services covered and available under liable third-party payors, including Medicare. The private duty nursing provided by a parent, family foster parent, spouse, or legal guardian must be included in the service plan. Authorized skilled nursing services for a single recipient or recipients with the same residence and provided by the parent, family foster parent, spouse, or legal guardian may not exceed 50 percent of the total approved nursing hours, or eight hours per day, whichever is less, up to a maximum of 40 hours per week. A parent or parents, family foster parents, spouse, or legal guardian shall not provide more than 40 hours of services in a seven-day period. For parents, family foster parents, and legal guardians, 40 hours is the total amount allowed regardless of the number of children or adults who receive services. Nothing in this subdivision precludes the parent's, family foster parents', spouse's, or legal guardian's obligation of assuming the nonreimbursed family responsibilities of emergency backup caregiver and primary caregiver.

c) A parent, family foster parent, or spouse may not be paid to provide private
duty nursing care if:

1) the parent or spouse fails to pass a criminal background check according to chapter 245C7 or if.
(2) it has been determined by the home health care agency, the case manager, or the physician that the private duty nursing care provided by the parent, family foster parents, spouse, or legal guardian is unsafe; or

(3) the parent, family foster parents, spouse, or legal guardian do not follow physician orders.

(d) For purposes of this section, "assessment" means a review and evaluation of a recipient's need for home care services conducted in person. Assessments for private duty nursing must be conducted by a registered nurse.

Sec. 28. Minnesota Statutes 2008, section 256B.0655, subdivision 1b, is amended to read:

Assessments for personal care assistant services shall be conducted by the county public health nurse or a certified public health nurse under contract with the county. A face-to-face [An in-person] assessment must include: documentation of health status, determination of need, evaluation of service effectiveness, identification of appropriate services, service plan development or modification, coordination of services, referrals and follow-up to appropriate payers and community resources, completion of required reports, recommendation of service authorization, and consumer education. Once the need for personal care assistant services is determined under this section or sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656, the county public health nurse or certified public health nurse under contract with the county is responsible for communicating this recommendation to the commissioner and the recipient. A face-to-face assessment for personal care assistant services is conducted on those recipients who have never had a county public health nurse assessment. A face-to-face [An in-person] assessment must occur at least annually or when there is a significant change in the recipient's condition or when there is a change in the need for personal care assistant services. A service update may substitute for the annual face-to-face assessment when there is not a significant change in recipient condition or a change in the need for personal care assistant service. A service update may be completed by telephone, used when there is no need for an increase in personal care assistant services, and used for two consecutive assessments if followed by a face-to-face assessment. A service update must be completed on a form approved by the commissioner. A service update or review for temporary increase includes a review of initial baseline data, evaluation of service effectiveness, redetermination of service need, modification of service plan and appropriate referrals, update of initial forms, obtaining
service authorization, and on going consumer education. Assessments must be completed on forms provided by the commissioner within 30 days of a request for home care services by a recipient or responsible party or personal care provider agency.

Sec. 29. Minnesota Statutes 2008, section 256B.0655, subdivision 4, is amended to read:

**Subd. 4. Prior Authorization; personal care assistance and qualified professional.** The commissioner, or the commissioner’s designee, shall review the assessment, service update, request for temporary services, request for flexible use option, service plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request, assessment, and service plan, authorize home care services as follows:

**(a)** All personal care assistant services and supervision by a qualified professional, if requested by the recipient, and additional services beyond the limits established in section 256B.0652, subdivision 11, must be prior authorized by the commissioner or the commissioner’s designee before services begin except for the assessments established in section sections 256B.0651, subdivision 11, and 256B.0655, subdivision 1b. The authorization for personal care assistance and qualified professional services under section 256B.0659 must be completed within 30 calendar days after receiving a complete request.

**(b)** The amount of personal care assistant services authorized must be based on the recipient’s home care rating. The home care rating shall be determined by the commissioner or the commissioner’s designee based on information submitted to the commissioner identifying the following:

A child may not be found to be dependent in an activity of daily living if because of the child’s age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

**(A)** up to two times the average number of direct care hours provided in nursing facilities for the recipient’s comparable case mix level; or

**(B)** up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs or are dependent in at least seven activities of daily living and need physical assistance with eating or have a neurological diagnosis; or
(E) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have Level I behavior, plus any inflation adjustment as provided by the legislature for personal care services; or

(9) up to the amount the commissioner would pay, as of July 1, 1991, plus any inflation adjustment provided for home care services, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.0911 or 256B.092; and

(F) a reasonable amount of time for the provision of supervision by a qualified professional of personal care assistant services, if a qualified professional is requested by the recipient or responsible party.

(2) The number of direct care hours shall be determined according to the annual cost report submitted to the department by nursing facilities. The average number of direct care hours, as established by May 1, 1992, shall be calculated and incorporated into the home care limits on July 1, 1992. These limits shall be calculated to the nearest quarter hour.

(3) The home care rating shall be determined by the commissioner or the commissioner’s designee based on information submitted to the commissioner by the county public health nurse or forms specified by the commissioner. The home care rating shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of recipients who need home care including children and adults under 65 years of age. The commissioner shall establish these forms and protocols under this section and sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656 and shall use an advisory group, including representatives of recipients, providers, and counties, for consultation in establishing and revising the forms and protocols.

(4) A recipient shall qualify as having complex medical needs if the care required is difficult to perform and because of recipient’s medical condition requires more time than community-based standards allow or requires more skill than would ordinarily be required and the recipient needs or has one or more of the following:

(A) daily tube feedings:
(B) daily parenteral therapy;
(C) wound or decubiti care;
(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;
(E) catheterization;
(F) ostomy care;
(G) quadriplegia; or
(H) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care;
(5) A recipient shall qualify as having Level 1 behavior if there is reasonable supporting evidence that the recipient exhibits, or that without supervision, observation, or redirection would exhibit, one or more of the following behaviors that cause, or have the potential to cause:
(A) injury to the recipient’s own body;
(B) physical injury to other people; or
(C) destruction of property.
(6) Time authorized for personal care relating to Level 1 behavior in paragraph (5), clauses (A) to (C), shall be based on the predictability, frequency, and amount of intervention required.
(7) A recipient shall qualify as having Level 2 behavior if the recipient exhibits on a daily basis one or more of the following behaviors that interfere with the completion of personal care assistant services under subdivision 2, paragraph (a):
(A) unusual or repetitive habits;
(B) withdrawn behavior; or
(C) offensive behavior.
(8) A recipient with a home care rating of Level 2 behavior in paragraph (7), clauses (A) to (C), shall be rated as comparable to a recipient with complex medical needs under paragraph (4). If a recipient has both complex medical needs and Level 2 behavior, the home care rating shall be the next complex category up to the maximum rating under paragraph (1), clause (B):
(1) total number of dependencies of activities of daily living as defined in section 256B.0659;
(2) number of complex health-related functions as defined in section 256B.0659; and

A request to the commissioner to exceed this total in a calendar year must be requested by the personal care provider agency on a form approved by the commissioner.

Sec. 30. Minnesota Statutes 2008, section 256B.0657, subdivision 8, is amended to read:

Subd. 8. Self-directed budget requirements. The budget for the provision of the self-directed service option shall be equal to the greater of either established based on:

(b) The qualified professional shall perform the duties of training, supervision, and
evaluation of the personal care assistance staff and evaluation of the effectiveness of
personal care assistance services. The qualified professional shall:

(1) develop and monitor with the recipient a personal care assistance care plan based
on the service plan and individualized needs of the recipient;
(2) develop and monitor with the recipient a monthly plan for the use of personal
care assistance services;
(3) review documentation of personal care assistance services provided;
(4) provide training and ensure competency for the personal care assistant in the
individual needs of the recipient; and

improve performance of the personal care assistants.
(c) The qualified professional shall complete the provider training with basic information about the personal care assistance program approved by the commissioner within six months of the date hired by a personal care assistance provider agency. Qualified professionals who have completed the required trainings as an employee with a personal care assistance provider agency do not need to repeat the required trainings if they are hired by another agency, if they have completed the training within the last three years.

Subd. 14. Qualified professional; duties. (a) All personal care assistants must be supervised by a qualified professional or in a joint supervision relationship with the recipient or the responsible party.

(b) Through direct training, observation, return demonstrations, and consultation with the staff and the recipient, the qualified professional must ensure and document that the personal care assistant is:

2. knowledgeable about the plan of personal care assistance services before services are performed; and
3. able to identify conditions that should be immediately brought to the attention of the qualified professional.

(c) The qualified professional shall evaluate the personal care assistant within the first 14 days of starting to provide services for a recipient, except for those providing services under the personal care assistant choice option under subdivision 19. The qualified professional shall evaluate the personal care assistance services for a recipient through direct observation of a personal care assistant's work:

1. at least every 90 days thereafter for the first year of a recipient's services; and
2. every 120 days after the first year of a recipient's service, or whenever needed for response to a recipient's request for increased supervision of the personal care assistance staff.

(d) Communication with the recipient is a part of the evaluation process of the personal care assistance staff.

(e) At each supervisory visit, the qualified professional shall evaluate personal care assistance services including the following information:

1. satisfaction level of the recipient with personal care assistance services;
2. review of the month-to-month plan for use of personal care assistance services;

(2) supervision of personal care assistance completed by telephone;

(3) agency administrative activities;

(4) training other than the individualized training required to provide care for a recipient; and

(5) any other activity that is not described in this section.

Subd. 15. **Flexible use.** (a) "Flexible use" means the scheduled use of authorized hours of personal care assistance services, which vary within a service authorization period covering no more than six months, in order to more effectively meet the needs and schedule of the recipient. Each 12-month service agreement is divided into two six-month authorization date spans. No more than 75 percent of the total authorized units for a 12-month service agreement may be used in a six-month date span.

(b) Authorization of flexible use occurs during the authorization process under section 256B.0652. The flexible use of authorized hours does not increase the total amount of authorized hours available to a recipient. The commissioner shall not authorize additional personal care assistance services to supplement a service authorization that
is exhausted before the end date under a flexible service use plan, unless the assessor
determines a change in condition and a need for increased services is established.
Authorized hours not used within the six-month period must not be carried over to another
time period.

(c) A recipient who has terminated personal care assistance services before the end
of the 12-month authorization period must not receive additional hours upon reapplying
during the same 12-month authorization period, except if a change in condition is
documented. Services must be prorated for the remainder of the 12-month authorization
period based on the first six-month assessment.

(d) The recipient, responsible party, and qualified professional must develop a
written month-to-month plan of the projected use of personal care assistance services that
is part of the personal care assistance care plan and ensures:

(1) that the health and safety needs of the recipient are met throughout both date
spans of the authorization period; and

(2) that the total authorized amount of personal care assistance services for each date
span must not be used before the end of each date span in the authorization period.

(e) The personal care assistance provider agency shall monitor the use of personal
care assistance services to ensure health and safety needs of the recipient are met
throughout both date spans of the authorization period. The commissioner or the
commissioner’s designee shall provide written notice to the provider and the recipient or
responsible party when a recipient is at risk of exceeding the personal care assistance
services prior to the end of the six-month period.

(f) Misuse and abuse of the flexible use of personal care assistance services resulting
in the overuse of units in a manner where the recipient will not have enough units to meet
their needs for assistance and ensure health and safety for the entire six-month date span
may lead to an action by the commissioner. The commissioner may take action including,
but not limited to: (1) restricting recipients to service authorizations of no more than one
month in duration; (2) requiring the recipient to have a responsible party; and (3) requiring
a qualified professional to monitor and report services on a monthly basis.

Subd. 16. Shared services. (a) Medical assistance payments for shared personal
care assistance services are limited according to this subdivision.

(b) Shared service is the provision of personal care assistance services by a personal
care assistant to two or three recipients, eligible for medical assistance, who voluntarily
enter into an agreement to receive services at the same time and in the same setting.

(c) For the purposes of this subdivision, "setting" means:
(1) the home residence or family foster care home of one or more of the individual
recipients; or
(2) a child care program licensed under chapter 245A or operated by a local school
district or private school.
(d) Shared personal care assistance services follow the same criteria for covered
services as subdivision 2.
(e) Noncovered shared personal care assistance services include the following:
(1) services for more than three recipients by one personal care assistant at one time;
(2) staff requirements for child care programs under chapter 245C;
(3) caring for multiple recipients in more than one setting;
(4) additional units of personal care assistance based on the selection of the option;
and
(5) use of more than one personal care assistance provider agency for the shared
care services.
(f) The option of shared personal care assistance is elected by the recipient or the
responsible party with the assistance of the assessor. The option must be determined
appropriate based on the ages of the recipients, compatibility, and coordination of their
assessed care needs. The recipient or the responsible party, in conjunction with the
qualified professional, shall arrange the setting and grouping of shared services based
on the individual needs and preferences of the recipients. The personal care assistance
provider agency shall offer the recipient or the responsible party the option of shared or
one-on-one personal care assistance services or a combination of both. The recipient or
the responsible party may withdraw from participating in a shared services arrangement at
any time.
(g) Authorization for the shared service option must be determined by the
commissioner based on the criteria that the shared service is appropriate to meet all of the
recipients' needs and their health and safety is maintained. The authorization of shared
services is part of the overall authorization of personal care assistance services. Nothing
in this subdivision must be construed to reduce the total number of hours authorized for
an individual recipient.
(h) A personal care assistant providing shared personal care assistance services must:
(1) receive training specific for each recipient served; and
(2) follow all required documentation requirements for time and services provided.
(i) A qualified professional shall:
(1) evaluate the ability of the personal care assistant to provide services for all of
the recipients in a shared setting:
225.1 (2) visit the shared setting as services are being provided at least once every six
225.2 months or whenever needed for response to a recipient's request for increased supervision
225.3 of the personal care assistance staff;
225.4 (3) provide ongoing monitoring and evaluation of the effectiveness and
225.5 appropriateness of the shared services;
225.6 (4) develop a contingency plan with each of the recipients which accounts for
225.7 absence of the recipient in a share services setting due to illness or other circumstances;
225.8 (5) obtain permission from each of the recipients who are sharing a personal care
225.9 assistant for number of shared hours for services provided inside and outside the home
225.10 residence; and
225.11 (6) document the training completed by the personal care assistants specific to the
225.12 shared setting and recipients sharing services.
225.13 Subd. 17. Shared services; rates. The commissioner shall establish a rate system
225.14 for shared personal care assistance services. For two persons sharing services, the rate
225.15 paid to a provider must not exceed one and one-half times the rate paid for serving a single
225.16 individual, and for three persons sharing services, the rate paid to a provider must not
225.17 exceed twice the rate paid for serving a single individual. These rates apply only when all
225.18 of the criteria for the shared care personal care assistance service have been met.
225.19 Subd. 18. Personal care assistance choice option; generally. (a) The
225.20 commissioner may allow a recipient of personal care assistance services to use a fiscal
225.21 intermediary to assist the recipient in paying and account for medically necessary covered
225.22 personal care assistance services. Unless otherwise provided in this section, all other
225.23 statutory and regulatory provisions relating to personal care assistance services apply to a
225.24 recipient using the personal care assistance choice option.
225.25 (b) Personal care assistance choice is an option of the personal care assistance
225.26 program that allows the recipient who receives personal care assistance services to be
225.27 responsible for the hiring, training, scheduling, and termination of personal care assistants.
225.28 This program offers greater control and choice for the recipient in deciding who provides
225.29 the personal care assistance service and when the service is scheduled. The recipient or
225.30 the recipient's responsible party must choose a personal care assistance choice provider
225.31 agency as a fiscal intermediary. This personal care assistance choice provider agency
225.32 manages payroll, invoices the state, is responsible for all payroll related taxes and
225.33 insurance, and is responsible for providing the consumer training and support in managing
225.34 the recipient's personal care assistance services.
225.35 Subd. 19. Personal care assistance choice option; qualifications; duties. (a)
225.36 Under personal care assistance choice, the recipient or responsible party shall:
(1) recruit, hire, schedule, and terminate personal care assistants and a qualified professional;

The personal care assistance choice provider agency must provide a minimum of 75 percent of the revenue generated by the medical assistance rate for personal care assistance for employee personal care assistant wages and benefits.

(c) The commissioner shall deny, revoke, or suspend the authorization to use the personal care assistance choice option if:
(1) it has been determined by the qualified professional or public health nurse that the use of this option jeopardizes the recipient's health and safety;
(2) the parties have failed to comply with the written agreement specified in subdivision 20;
(3) the use of the option has led to abusive or fraudulent billing for personal care assistance services; or

(4) the department terminates the personal care assistance choice option.

(d) The recipient or responsible party may appeal the commissioner's decision in paragraph (c) according to section 256.045. The denial, revocation, or suspension to use the personal care assistance choice option must not affect the recipient's authorized level of personal care assistance services.

Subd. 21. Requirements for initial enrollment of personal care assistance provider agencies. (g) The person has the right to make the final decision between nursing facility institutional placement and community placement after the screening team's recommendation recommendations have been provided, except as provided in subdivision 4a, paragraph (c).

(h) The team must give the person receiving assessment or support planning, or the person's legal representative, materials, and forms supplied by the commissioner containing the following information:

(1) the need for and purpose of preadmission screening if the person selects nursing facility placement;

The effective date of program eligibility in this case cannot be prior to the date the updated assessment is completed.

**EFFECTIVE DATE.** The amendment to paragraph (h), clause (6), is effective July 1, 2011.
Sec. 39. Minnesota Statutes 2008, section 256B.0911, subdivision 4a, is amended to read:

Subd. 4a. **Preadmission screening activities related to nursing facility admissions.** (a) All applicants to Medicaid certified nursing facilities, including certified boarding care facilities, must be screened prior to admission regardless of income, assets, or funding sources for nursing facility care, except as described in subdivision 4b. The purpose of the screening is to determine the need for nursing facility level of care as described in paragraph (d) and to complete activities required under federal law related to mental illness and developmental disability as outlined in paragraph (b).

(b) A person who has a diagnosis or possible diagnosis of mental illness or developmental disability must receive a preadmission screening before admission regardless of the exemptions outlined in subdivision 4b, paragraph (b), to identify the need for further evaluation and specialized services, unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law 101-508.

The following criteria apply to the preadmission screening:

1. the county must use forms and criteria developed by the commissioner to identify persons who require referral for further evaluation and determination of the need for specialized services; and

2. the evaluation and determination of the need for specialized services must be done by:

   (i) a qualified independent mental health professional, for persons with a primary or secondary diagnosis of a serious mental illness; or

   (ii) a qualified developmental disability professional, for persons with a primary or secondary diagnosis of developmental disability. For purposes of this section, "specialized services" for a person with developmental disability means active treatment as that term is defined under Code of Federal Regulations, title 42, section 483.440 (a)(1).
(d) The determination of the need for nursing facility level of care must be made according to criteria established in section 144.0724, subdivision 11, and 256B.092, using forms developed by the commissioner. In assessing a person's needs, consultation team members shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician must be included if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county.

**EFFECTIVE DATE.** The section is effective July 1, 2011.

Sec. 40. Minnesota Statutes 2008, section 256B.0911, subdivision 5, is amended to read:

Subd. 5. **Administrative activity.** The commissioner shall minimize the number of forms required in the provision of long-term care consultation services and shall limit the screening document to items necessary for community support plan approval, reimbursement, program planning, evaluation, and policy development business processes required to provide the services in this section and shall implement integrated solutions to automate the business processes to the extent necessary for community support plan approval, reimbursement, program planning, evaluation, and policy development.

Sec. 41. Minnesota Statutes 2008, section 256B.0911, subdivision 6, is amended to read:

Subd. 6. **Payment for long-term care consultation services.** (a) The total payment for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's annual allocation for long-term care consultation services by 12 to determine the monthly payment and allocating the monthly payment to each nursing facility based on the number of licensed beds in the nursing facility. Payments to counties in which there is no certified nursing facility must be made by increasing the payment rate of the two facilities located nearest to the county seat.

(b) The commissioner shall include the total annual payment determined under paragraph (a) for each nursing facility reimbursed under section 256B.431 or 256B.434 according to section 256B.431, subdivision 2b, paragraph (g).

(c) In the event of the layaway, delicensure and decertification, or removal from layaway of 25 percent or more of the beds in a facility, the commissioner may adjust the per diem payment amount in paragraph (b) and may adjust the monthly payment amount in paragraph (a). The effective date of an adjustment made under this paragraph
shall be on or after the first day of the month following the effective date of the layaway, delicensure and decertification, or removal from layaway.

(d) Payments for long-term care consultation services are available to the county or counties to cover staff salaries and expenses to provide the services described in subdivision 1a. The county shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide long-term care consultation services while meeting the state's long-term care outcomes and objectives as defined in section 256B.0917, subdivision 1. The county shall be accountable for meeting local objectives as approved by the commissioner in the biennial home and community-based services quality assurance plan on a form provided by the commissioner.

(e) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local consultation teams.

(g) The county may bill, as case management services, assessments, support planning, and follow-along provided to persons determined to be eligible for care management under Minnesota health care programs. No individual or family member shall be charged for an initial assessment or initial support plan development provided under subdivision 3a or 3b.

(h) The commissioner shall develop an alternative payment methodology for long-term care consultation services that includes the funding available under this subdivision, and sections 256B.092 and 256B.0655. In developing the new payment methodology, the commissioner shall consider the maximization of federal funding for this activity.

Sec. 42. Minnesota Statutes 2008, section 256B.0911, subdivision 7, is amended to read:

Subd. 7. Reimbursement for certified nursing facilities. (a) Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted prior to admission or the county has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screener has determined does not meet the level of care criteria for nursing facility placement in section 144.0724, subdivision 11, or, if indicated, has not had a level II OBRA evaluation as required under the federal Omnibus Budget Reconciliation Act of 1987 completed unless an admission for a recipient with mental illness is approved by the local mental health authority or an admission for a
recipient with developmental disability is approved by the state developmental disability
authority.

(b) The nursing facility must not bill a person who is not a medical assistance
recipient for resident days that preceded the date of completion of screening activities as
required under subdivisions 4a, 4b, and 4c. The nursing facility must include unreimbursed
resident days in the nursing facility resident day totals reported to the commissioner.

EFFECTIVE DATE. The section is effective July 1, 2011.

Sec. 43. Minnesota Statutes 2008, section 256B.0913, subdivision 4, is amended to
read:

Subd. 4. Eligibility for funding for services for nonmedical assistance recipients.

(a) Funding for services under the alternative care program is available to persons who
meet the following criteria:

(1) the person has been determined by a community assessment under section
256B.0911 to be a person who would require the level of care provided in a nursing
facility according to the criteria established in section 144.0724, subdivision 11, but for
the provision of services under the alternative care program;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 135 days of admission
to a nursing facility;

(4) the person is not ineligible for the payment of long-term care services by the
medical assistance program due to an asset transfer penalty under section 256B.0595 or
equity interest in the home exceeding $500,000 as stated in section 256B.056;

(5) the person needs long-term care services that are not funded through other state
or federal funding;

(6) the monthly cost of the alternative care services funded by the program for
this person does not exceed 75 percent of the monthly limit described under section
256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care
client from payment for additional services, but in no case may the cost of additional
services purchased under this section exceed the difference between the client's monthly
service limit defined under section 256B.0915, subdivision 3, and the alternative care
program monthly service limit defined in this paragraph. If care-related supplies and
equipment or environmental modifications and adaptations are or will be purchased for
an alternative care services recipient, the costs may be prorated on a monthly basis for
up to 12 consecutive months beginning with the month of purchase. If the monthly cost
of a recipient's other alternative care services exceeds the monthly limit established in
this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit described in this paragraph; and (7) the person is making timely payments of the assessed monthly fee.

A person is ineligible if payment of the fee is over 60 days past due, unless the person agrees to:

(i) the appointment of a representative payee; 
(ii) automatic payment from a financial account; 
(iii) the establishment of greater family involvement in the financial management of payments; or 
(iv) another method acceptable to the lead agency to ensure prompt fee payments. 

The lead agency may extend the client's eligibility as necessary while making arrangements to facilitate payment of past-due amounts and future premium payments. Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be reinstated for a period of 30 days.

(b) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown or waiver obligation. A person whose initial application for medical assistance and the elderly waiver program is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, medical assistance must be billed for services payable under the federally approved elderly waiver plan and delivered from the date the individual was found eligible for the federally approved elderly waiver plan. Notwithstanding this provision, alternative care funds may not be used to pay for any service the cost of which: 
(i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation; or (iii) is used to pay a medical assistance income spenddown for a person who is eligible to participate in the federally approved elderly waiver program under the special income standard provision.

(c) Alternative care funding is not available for a person who resides in a licensed nursing home, certified boarding care home, hospital, or intermediate care facility, except for case management services which are provided in support of the discharge planning process for a nursing home resident or certified boarding care home resident to assist with a relocation process to a community-based setting.

(d) Alternative care funding is not available for a person whose income is greater than the maintenance needs allowance under section 256B.0915, subdivision 1d, but equal to or less than 120 percent of the federal poverty guideline effective July 1 in the fiscal

Article 9 Sec. 43.
year for which alternative care eligibility is determined, who would be eligible for the
elderly waiver with a waiver obligation.

**EFFECTIVE DATE.** The section is effective July 1, 2011.

Sec. 44. Minnesota Statutes 2008, section 256B.0915, subdivision 3e, is amended to
read:

Subd. 3e. **Customized living service rate.** (a) Payment for customized living
services shall be a monthly rate negotiated and authorized by the lead agency within the
parameters established by the commissioner. The payment agreement must delineate the
services that have been customized for each recipient and specify the amount of each
component service included in the recipient's customized living service to be provided
plan. The lead agency shall ensure that there is a documented need for all within the
parameters established by the commissioner for all component customized living services
authorized. Customized living services must not include rent or raw food costs.

(b) The negotiated payment rate must be based on the amount of component services
to be provided utilizing component rates established by the commissioner. Counties and
tribes shall use tools issued by the commissioner to develop and document customized
living service plans and rates.

**Negotiated** (c) Component service rates must not exceed payment rates for
comparable elderly waiver or medical assistance services and must reflect economies of
scale. Customized living services must not include rent or raw food costs.

(d) The individualized monthly negotiated authorized payment for the
customized living services service plan shall not exceed the nonfederal share, in effect
on July 1 of the state fiscal year for which the rate limit is being calculated, 50 percent
of the greater of either the statewide or any of the geographic groups' weighted average
monthly nursing facility rate of the case mix resident class to which the elderly waiver
eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059,
less the maintenance needs allowance as described in subdivision 1d, paragraph (a), until
the July 1 of the state fiscal year in which the resident assessment system as described
in section 256B.438 for nursing home rate determination is implemented. Effective on
July 1 of the state fiscal year in which the resident assessment system as described in
section 256B.438 for nursing home rate determination is implemented and July 1 of each
subsequent state fiscal year, the individualized monthly negotiated authorized payment
for the services described in this clause shall not exceed the limit described in this clause
which was in effect on June 30 of the previous state fiscal year and which has been
adjusted by the greater of any legislatively adopted home and community-based services
Article 9 Sec. 44.
cost-of-living percentage increase or any legislatively adopted statewide percent rate
increase for nursing facilities updated annually based on legislatively adopted changes to
all service rate maximums for home and community-based service providers.

(e) Customized living services are delivered by a provider licensed by the
Department of Health as a class A or class F home care provider and provided in a
building that is registered as a housing with services establishment under chapter 144D.

Sec. 45. Minnesota Statutes 2008, section 256B.0915, subdivision 3h, is amended to
read:

Subd. 3h. Service rate limits; 24-hour customized living services. (a) The
payment rates for 24-hour customized living services are a monthly rate negotiated and
authorized by the lead agency within the parameters established by the commissioner
of human services. The payment agreement must delineate the services that have been
customized for each recipient and specify the amount of each component service included
in each recipient’s customized living service to be provided plan. The lead agency
shall ensure that there is a documented need within the parameters established by the
commissioner for all component customized living services authorized. The lead agency
shall not authorize 24-hour customized living services unless there is a documented need
for 24-hour supervision.

(b) For purposes of this section, "24-hour supervision" means that the recipient
requires assistance due to needs related to one or more of the following:

(1) intermittent assistance with toileting or transferring;
(2) cognitive or behavioral issues;
(3) a medical condition that requires clinical monitoring; or
(4) other conditions or needs as defined by the commissioner of human services.

The lead agency shall ensure that the frequency and mode of supervision of the recipient
and the qualifications of staff providing supervision are described and meet the needs of
the recipient. Customized living services must not include rent or raw food costs.

(c) The negotiated payment rate for 24-hour customized living services must be
based on the amount of component services to be provided utilizing component rates
established by the commissioner. Counties and tribes will use tools issued by the
commissioner to develop and document customized living plans and authorize rates.

(d) Component service rates must not exceed payment rates for
comparable elderly waiver or medical assistance services and must reflect economies
of scale.
(e) The individually negotiated authorized 24-hour customized living payments, in combination with the payment for other elderly waiver services, including case management, must not exceed the recipient's community budget cap specified in subdivision 3a. Customized living services must not include rent or raw food costs.

(f) The individually authorized 24-hour customized living payment rates shall not exceed the 95 percentile of statewide monthly authorizations for 24-hour customized living services in effect and in the Medicaid management information systems on March 31, 2009, for each case mix resident class under Minnesota Rules, parts 9549.0050 to 9549.0059, to which elderly waiver service clients are assigned. When there are fewer than 50 authorizations in effect in the case mix resident class, the commissioner shall multiply the calculated service payment rate maximum for the A classification by the standard weight for that classification under Minnesota Rules, parts 9549.0050 to 9549.0059, to determine the applicable payment rate maximum. Service payment rate maximums shall be updated annually based on legislatively adopted changes to all service rates for home and community-based service providers.

(g) Notwithstanding the requirements of paragraphs (d) and (f), the commissioner may establish alternative payment rate systems for 24-hour customized living services in housing with services establishments which are freestanding buildings with a capacity of 16 or fewer, by applying a single hourly rate for covered component services provided in either:

1. licensed corporate adult foster homes; or
2. specialized dementia care units which meet the requirements of section 144D.065 and in which:
   (i) each resident is offered the option of having their own apartment; or
   (ii) the units are licensed as board and lodge establishments with maximum capacity of eight residents, and which meet the requirements of Minnesota Rules, part 9555.6205, subparts 1, 2, 3, and 4, item A.

Sec. 46. Minnesota Statutes 2008, section 256B.0915, subdivision 5, is amended to read:

Subd. 5. Assessments and reassessments for waiver clients. (a) Each client shall receive an initial assessment of strengths, informal supports, and need for services in accordance with section 256B.0911, subdivisions 3, 3a, and 3b. A reassessment of a client served under the elderly waiver must be conducted at least every 12 months and at other times when the case manager determines that there has been significant change in the client's functioning. This may include instances where the client is discharged from...
the hospital. There must be a determination that the client requires nursing facility level of care as defined in section 144.0724, subdivision 11, at initial and subsequent assessments to initiate and maintain participation in the waiver program.

(b) Regardless of other assessments identified in section 144.0724, subdivision 4, as appropriate to determine nursing facility level of care for purposes of medical assistance payment for nursing facility services, only face-to-face assessments conducted according to section 256B.0911, subdivisions 3a and 3b, that result in a nursing facility level of care determination will be accepted for purposes of initial and ongoing access to waiver service payment.

EFFECTIVE DATE. The section is effective July 1, 2011.

Sec. 47. Minnesota Statutes 2008, section 256B.0915, is amended by adding a subdivision to read:

Subd. 10. Waiver payment rates; managed care organizations. The commissioner shall adjust the elderly waiver capitation payment rates for managed care organizations paid under section 256B.69, subdivisions 6a and 23, to reflect the maximum service rate limits for customized living services and 24-hour customized living services under subdivisions 3e and 3h for the contract period beginning October 1, 2009. Medical assistance rates paid to customized living providers by managed care organizations under this section shall not exceed the maximum service rate limits determined by the commissioner under subdivisions 3e and 3h.

Sec. 48. Minnesota Statutes 2008, section 256B.0916, subdivision 2, is amended to read:

Subd. 2. Distribution of funds; partnerships. (a) Beginning with fiscal year 2000, the commissioner shall distribute all funding available for home and community-based waiver services for persons with developmental disabilities to individual counties or to groups of counties that form partnerships to jointly plan, administer, and authorize funding for eligible individuals. The commissioner shall encourage counties to form partnerships that have a sufficient number of recipients and funding to adequately manage the risk and maximize use of available resources.

(b) Counties must submit a request for funds and a plan for administering the program as required by the commissioner. The plan must identify the number of clients to be served, their ages, and their priority listing based on:

(1) requirements in Minnesota Rules, part 9525.1880; and
unstable living situations due to the age or incapacity of the primary caregiver;

statewide priorities identified in section 256B.092, subdivision 12.

(3) the need for services to avoid out-of-home placement of children;

(4) the need to serve persons affected by private sector ICF/MR closures; and

(5) the need to serve persons whose consumer support grant exception amount

was eliminated in 2004.

The plan must also identify changes made to improve services to eligible persons and to
improve program management.

(c) In allocating resources to counties, priority must be given to groups of counties
that form partnerships to jointly plan, administer, and authorize funding for eligible
individuals and to counties determined by the commissioner to have sufficient waiver
capacity to maximize resource use.

(d) Within 30 days after receiving the county request for funds and plans, the
commissioner shall provide a written response to the plan that includes the level of
resources available to serve additional persons.

(e) Counties are eligible to receive medical assistance administrative reimbursement
for administrative costs under criteria established by the commissioner.

Sec. 49. Minnesota Statutes 2008, section 256B.0917, is amended by adding a
subdivision to read:

community supports grant program is to provide targeted services to persons 65 years and
older who need essential community support, but whose needs do not meet the level of
care required for nursing facility placement under section 144.0724, subdivision 11.

(b) Within the limits of the appropriation and not to exceed $400 per person per
month, funding must be available to a person who:

(1) is age 65 or older;

(2) is not eligible for medical assistance;

(3) would otherwise be financially eligible for the alternative care program under
section 256B.0913, subdivision 4;

(4) has received a community assessment under section 256B.0911, subdivision 3a
or 3b, and does not require the level of care provided in a nursing facility;

(5) has a community support plan; and

(6) has been determined by a community assessment under section 256B.0911,

their community residence:

(i) caregiver support;
(ii) homemaker;
(iii) chore; or
(iv) a personal emergency response device or system.

(c) The person receiving any of the essential community supports in this subdivision

(d) A person who has been determined to be eligible for an essential community
support grant must be reassessed at least annually and continue to meet the criteria in
paragraph (b) to remain eligible for an essential community support grant.
(e) The commissioner shall allocate grants to counties and tribes under contract with
the department based upon the historic use of the medical assistance elderly waiver and
alternative care grant programs and other criteria as determined by the commissioner.

EFFECTIVE DATE. This section is effective July 1, 2011.

Sec. 50. Minnesota Statutes 2008, section 256B.092, subdivision 8a, is amended to

to place a person in another county for services, the county of financial responsibility shall
seek concurrence from the proposed county of service and the placement shall be made
cooperatively between the two counties. Arrangements shall be made between the two
counties for ongoing social service, including annual reviews of the person's individual
service plan. The county where services are provided may not make changes in the
person's service plan without approval by the county of financial responsibility.
(b) When a person has been screened and authorized for services in an intermediate
care facility for persons with developmental disabilities or for home and community-based
services for persons with developmental disabilities, the case manager shall assist that
person in identifying a service provider who is able to meet the needs of the person
according to the person's individual service plan. If the identified service is to be provided
in a county other than the county of financial responsibility, the county of financial
responsibility shall request concurrence of the county where the person is requesting to
receive the identified services. The county of service may refuse to concur if:

(1) it can demonstrate that the provider is unable to provide the services identified in
the person's individual service plan as services that are needed and are to be provided; or
(2) in the case of an intermediate care facility for persons with developmental
disabilities, there has been no authorization for admission by the admission review team
as required in section 256B.0926 or,
(3) in the case of home and community-based services for persons with
developmental disabilities, the county of service can demonstrate that the prospective
provider has failed to substantially comply with the terms of a past contract or has had a
prior contract terminated within the last 12 months for failure to provide adequate services;
or has received a notice of intent to terminate the contract.
(c) The county of service shall notify the county of financial responsibility of
concurrency or refusal to concur no later than 20 working days following receipt of the
written request. Unless other mutually acceptable arrangements are made by the involved
county agencies, the county of financial responsibility is responsible for costs of social
services and the costs associated with the development and maintenance of the placement.
The county of service may request that the county of financial responsibility purchase
case management services from the county of service or from a contracted provider
of case management when the county of financial responsibility is not providing case
management as defined in this section and rules adopted under this section, unless other
mutually acceptable arrangements are made by the involved county agencies. Standards
for payment limits under this section may be established by the commissioner. Financial
disputes between counties shall be resolved as provided in section 256G.09.

Sec. 51. Minnesota Statutes 2008, section 256B.092, is amended by adding a
subdivision to read:
Subd. 11. Residential support services. (a) Upon federal approval, there is
established a new service called residential support that is available on the CAC, CADI,
DD, and TBI waivers. Existing waiver service descriptions must be modified to the extent
necessary to ensure there is no duplication between other services. Residential support
services must be provided by vendors licensed under category community residential
setting as defined in section 245A.11, subdivision 8.

(b) Residential support services must meet the following criteria:
(1) providers of residential support services must own or control the residential site;
(2) the residential site must not be the primary residence of the license holder;
(3) the residential site must have a designated program supervisor responsible for
program oversight, development, and implementation of policies and procedures;
(4) the provider of residential support services must provide supervision, training,
and assistance as described in the person’s community support plan; and
(5) the provider of residential support services must meet the requirements of licensure and additional requirements of the person's community support plan.

c) Providers of residential support services that meet the definition in paragraph (a)
must be registered using a process determined by the commissioner beginning July 1, 2009.

Sec. 52. Minnesota Statutes 2008, section 256B.092, is amended by adding a subdivision to read:

Subd. 12. Waivered services statewide priorities. (a) The commissioner shall establish statewide priorities for individuals on the waiting list for developmental disabilities (DD) waiver services, as of January 1, 2010. The statewide priorities must include, but are not limited to, individuals who continue to have a need for waiver services after they have maximized the use of state plan services and other funding resources, including natural supports, prior to accessing waiver services, and who meet at least one of the following criteria:

1. have unstable living situations due to the age, incapacity, or sudden loss of the primary caregivers;
2. are moving from an institution due to bed closures;
3. experience a sudden closure of their current living arrangement;
4. require protection from confirmed abuse, neglect, or exploitation;
5. experience a sudden change in need that can no longer be met through state plan services or other funding resources alone; or
6. meet other priorities established by the department.

(b) When allocating resources to lead agencies, the commissioner shall take into consideration the number of individuals waiting who meet statewide priorities.

(c) The commissioner shall evaluate the impact of the use of statewide priorities and provide recommendations to the legislature on whether to continue the use of statewide priorities in the November 1, 2011, annual report required by the commissioner in sections 256B.0916, subdivision 7, and 256B.49, subdivision 21.

Sec. 53. Minnesota Statutes 2008, section 256B.37, subdivision 1, is amended to read:

Subdivision 1. Subrogation. Upon furnishing medical assistance or alternative care services under section 256B.0913 to any person who has private accident or health care coverage, or receives or has a right to receive health or medical care from any type of organization or entity, or has a cause of action arising out of an occurrence that necessitated the payment of medical assistance, the state agency or the state agency's agent shall be subrogated, to the extent of the cost of medical care furnished, to any rights the
person may have under the terms of the coverage, or against the organization or entity
providing or liable to provide health or medical care, or under the cause of action.

The right of subrogation created in this section includes all portions of the cause
of action, notwithstanding any settlement allocation or apportionment that purports to
dispose of portions of the cause of action not subject to subrogation.

Sec. 54. Minnesota Statutes 2008, section 256B.37, subdivision 5, is amended to read:

Subd. 5. Private benefits to be used first. Private accident and health care coverage
including Medicare for medical services is primary coverage and must be exhausted before
medical assistance or alternative care services are paid for medical services including
home health care, personal care assistant services, hospice, supplies and equipment, or
services covered under a Centers for Medicare and Medicaid Services waiver. When a
person who is otherwise eligible for medical assistance has private accident or health care
coverage, including Medicare or a prepaid health plan, the private health care benefits
available to the person must be used first and to the fullest extent.

Sec. 55. Minnesota Statutes 2008, section 256B.437, subdivision 6, is amended to read:

Subd. 6. Planned closure rate adjustment. (a) The commissioner of human
services shall calculate the amount of the planned closure rate adjustment available under
subdivision 3, paragraph (b), for up to 5,140 beds according to clauses (1) to (4):

(1) the amount available is the net reduction of nursing facility beds multiplied
by $2,080;

(2) the total number of beds in the nursing facility or facilities receiving the planned
closure rate adjustment must be identified;

(3) capacity days are determined by multiplying the number determined under
clause (2) by 365; and

(4) the planned closure rate adjustment is the amount available in clause (1), divided
by capacity days determined under clause (3).

(b) A planned closure rate adjustment under this section is effective on the first day
of the month following completion of closure of the facility designated for closure in the
application and becomes part of the nursing facility's total operating payment rate.

(c) Applicants may use the planned closure rate adjustment to allow for a property
payment for a new nursing facility or an addition to an existing nursing facility or as an
operating payment rate adjustment. Applications approved under this subdivision are
exempt from other requirements for moratorium exceptions under section 144A.073,
subdivisions 2 and 3.
(d) Upon the request of a closing facility, the commissioner must allow the facility a closure rate adjustment as provided under section 144A.161, subdivision 10.

(e) A facility that has received a planned closure rate adjustment may reassign it to another facility that is under the same ownership at any time within three years of its effective date. The amount of the adjustment shall be computed according to paragraph (a).

(f) If the per bed dollar amount specified in paragraph (a), clause (1), is increased, the commissioner shall recalculate planned closure rate adjustments for facilities that delicense beds under this section on or after July 1, 2001, to reflect the increase in the per bed dollar amount. The recalculated planned closure rate adjustment shall be effective from the date the per bed dollar amount is increased.

(g) For planned closures approved after June 30, 2009, the commissioner of human services shall calculate the amount of the planned closure rate adjustment available under subdivision 3, paragraph (b), according to paragraph (a), clauses (1) to (4).

Sec. 56. Minnesota Statutes 2008, section 256B.441, is amended by adding a subdivision to read:

Subd. 24a. Medicare costs. For purposes of computing rates under this section for rate years beginning on or after October 1, 2009, "Medicare costs" means 70.4 percent of Medicare Part A and Part B revenues received during the reporting year.

Sec. 57. Minnesota Statutes 2008, section 256B.441, subdivision 48, is amended to read:

Subd. 48. Calculation of operating per diems. The direct care per diem for each facility shall be the facility's direct care costs divided by its standardized days.

The other care-related per diem shall be the sum of the facility's activities costs, other direct care costs, raw food costs, therapy costs, and social services costs, divided by the facility's resident days. The other operating per diem shall be the sum of the facility's administrative costs, dietary costs, housekeeping costs, laundry costs, and maintenance and plant operations costs divided by the facility's resident days. For rate years beginning on or after October 1, 2009, the calculations of the direct care per diem, other care-related per diem, and other operating per diem shall:

1. have allowable costs reduced by Medicare costs as defined in subdivision 24a.

The Medicare costs must be allocated between direct care, other care-related, and other operating based on a ratio of allowable expenses from the cost report; and

2. have resident days and standardized days computed without using days paid by Medicare.
Sec. 58. Minnesota Statutes 2008, section 256B.441, subdivision 55, is amended to read:

Subd. 55. **Phase-in of rebased operating payment rates.** (a) For the rate years beginning October 1, 2008, to October 1, 2015, the operating payment rate calculated under this section shall be phased in by blending the operating rate with the operating payment rate determined under section 256B.434. For purposes of this subdivision, the rate to be used that is determined under section 256B.434 shall not include the portion of the operating payment rate related to performance-based incentive payments under section 256B.434, subdivision 4, paragraph (d). For the rate year beginning October 1, 2008, the operating payment rate for each facility shall be 13 percent of the operating payment rate from this section, and 87 percent of the operating payment rate from section 256B.434. For the rate year period beginning October 1, 2009, through September 30, 2013, the operating payment rate for each facility shall be 14 percent of the operating payment rate from this section, and 86 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2010, the operating payment rate for each facility shall be 14 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2011, the operating payment rate for each facility shall be 31 percent of the operating payment rate from this section, and 69 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2012, the operating payment rate for each facility shall be 48 percent of the operating payment rate from this section, and 52 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2013, the operating payment rate for each facility shall be 65 percent of the operating payment rate from this section, and 35 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2014, the operating payment rate for each facility shall be 82 percent of the operating payment rate from this section, and 18 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2015, the operating payment rate for each facility shall be the operating payment rate determined under this section. The blending of operating payment rates under this section shall be performed separately for each RUG’s class.

(b) For the rate year beginning October 1, 2008, the commissioner shall apply limits to the operating payment rate increases under paragraph (a) by creating a minimum percentage increase and a maximum percentage increase.

(1) Each nursing facility that receives a blended October 1, 2008, operating payment rate increase under paragraph (a) of less than one percent, when compared to its operating
payment rate on September 30, 2008, computed using rates with RUG's weight of 1.00,
shall receive a rate adjustment of one percent.

(2) The commissioner shall determine a maximum percentage increase that will
result in savings equal to the cost of allowing the minimum increase in clause (1). Nursing
facilities with a blended October 1, 2008, operating payment rate increase under paragraph
(a) greater than the maximum percentage increase determined by the commissioner, when
compared to its operating payment rate on September 30, 2008, computed using rates with
a RUG's weight of 1.00, shall receive the maximum percentage increase.

(3) Nursing facilities with a blended October 1, 2008, operating payment rate
increase under paragraph (a) greater than one percent and less than the maximum
percentage increase determined by the commissioner, when compared to its operating
payment rate on September 30, 2008, computed using rates with a RUG's weight of 1.00,
shall receive the blended October 1, 2008, operating payment rate increase determined
under paragraph (a).

(4) The October 1, 2009, through October 1, 2015, operating payment rate for
facilities receiving the maximum percentage increase determined in clause (2) shall be
the amount determined under paragraph (a) less the difference between the amount
determined under paragraph (a) for October 1, 2008, and the amount allowed under clause
(2). This rate restriction does not apply to rate increases provided in any other section.

(c) A portion of the funds received under this subdivision that are in excess of
operating payment rates that a facility would have received under section 256B.434, as
determined in accordance with clauses (1) to (3), shall be subject to the requirements in
section 256B.434, subdivision 19, paragraphs (b) to (h).

(1) Determine the amount of additional funding available to a facility, which shall be
equal to total medical assistance resident days from the most recent reporting year times
the difference between the blended rate determined in paragraph (a) for the rate year being
computed and the blended rate for the prior year.

(2) Determine the portion of all operating costs, for the most recent reporting year,
that are compensation related. If this value exceeds 75 percent, use 75 percent.

(3) Subtract the amount determined in clause (2) from 75 percent.

(4) The portion of the fund received under this subdivision that shall be subject to
the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h), shall equal
the amount determined in clause (1) times the amount determined in clause (3).

Sec. 59. Minnesota Statutes 2008, section 256B.441, is amended by adding a
subdivision to read:
Subd. 59. **Single-bed payments for medical assistance recipients.** Effective October 1, 2009, the amount paid for a private room under Minnesota Rules, part 9549.0070, subpart 3, is reduced from 115 percent to 111.5 percent.

Sec. 60. Minnesota Statutes 2008, section 256B.49, is amended by adding a subdivision to read:

**Subd. 11a. Waivered services waiting list.** (a) The commissioner shall establish statewide priorities for individuals on the waiting list for CAC, CADI, and TBI waiver services, as of January 1, 2010. The statewide priorities must include, but are not limited to, individuals who continue to have a need for waiver services after they have maximized the use of state plan services and other funding resources, including natural supports, prior to accessing waiver services, and who meet at least one of the following criteria:

1. have unstable living situations due to the age, incapacity, or sudden loss of the primary caregivers;
2. are moving from an institution due to bed closures;
3. experience a sudden closure of their current living arrangement;
4. require protection from confirmed abuse, neglect, or exploitation;
5. experience a sudden change in need that can no longer be met through state plan services or other funding resources alone; or
6. meet other priorities established by the department.

(b) When allocating resources to lead agencies, the commissioner shall take into consideration the number of individuals waiting who meet statewide priorities.

(c) The commissioner shall evaluate the impact of the use of statewide priorities and provide recommendations to the legislature on whether to continue the use of statewide priorities in the November 1, 2011, annual report required by the commissioner in sections 256B.0916, subdivision 7, and 256B.49, subdivision 21.

Sec. 61. Minnesota Statutes 2008, section 256B.49, subdivision 12, is amended to read:

**Subd. 12. Informed choice.** Persons who are determined likely to require the level of care provided in a nursing facility as determined under sections 256B.0911 and 144.0724, subdivision 11, or hospital shall be informed of the home and community-based support alternatives to the provision of inpatient hospital services or nursing facility services. Each person must be given the choice of either institutional or home and community-based services using the provisions described in section 256B.77, subdivision 2, paragraph (p).

**EFFECTIVE DATE.** The section is effective July 1, 2011.
Sec. 62. Minnesota Statutes 2008, section 256B.49, subdivision 13, is amended to read:

Subd. 13. Case management. (a) Each recipient of a home and community-based waiver shall be provided case management services by qualified vendors as described in the federally approved waiver application. The case management service activities provided will include:

1. assessing the needs of the individual within 20 working days of a recipient's request;

2. developing the written individual service plan within ten working days after the assessment is completed;

3. informing the recipient or the recipient's legal guardian or conservator of service options;

4. assisting the recipient in the identification of potential service providers;

5. assisting the recipient to access services;

6. coordinating, evaluating, and monitoring of the services identified in the service plan;

7. completing the annual reviews of the service plan; and

8. informing the recipient or legal representative of the right to have assessments completed and service plans developed within specified time periods, and to appeal county action or inaction under section 256.045, subdivision 3, including the determination of nursing facility level of care.

(b) The case manager may delegate certain aspects of the case management service activities to another individual provided there is oversight by the case manager. The case manager may not delegate those aspects which require professional judgment including assessments, reassessments, and care plan development.

Sec. 63. Minnesota Statutes 2008, section 256B.49, subdivision 14, is amended to read:

Subd. 14. Assessment and reassessment. (a) Assessments of each recipient's strengths, informal support systems, and need for services shall be completed within 20 working days of the recipient's request. Reassessment of each recipient's strengths, support systems, and need for services shall be conducted at least every 12 months and at other times when there has been a significant change in the recipient's functioning.

(b) There must be a determination that the client requires a hospital level of care or a nursing facility level of care as defined in section 144.0724, subdivision 11, at initial and subsequent assessments to initiate and maintain participation in the waiver program.

(c) Regardless of other assessments identified in section 144.0724, subdivision 4, as appropriate to determine nursing facility level of care for purposes of medical assistance
payment for nursing facility services, only face-to-face assessments conducted according
to section 256B.0911, subdivisions 3a, 3b, and 4d, that result in a hospital level of care
determination or a nursing facility level of care determination must be accepted for
purposes of initial and ongoing access to waiver services payment.

(d) Persons with developmental disabilities who apply for services under the nursing
facility level waiver programs shall be screened for the appropriate level of care according
to section 256B.092.

(e) Recipients who are found eligible for home and community-based services
under this section before their 65th birthday may remain eligible for these services after
their 65th birthday if they continue to meet all other eligibility factors.

EFFECTIVE DATE. The section is effective July 1, 2011.

Sec. 64. Minnesota Statutes 2008, section 256B.49, is amended by adding a
subsection to read:

Subd. 22. Residential support services. For the purposes of this section, the
provisions of section 256B.092, subdivision 11, are controlling.

Sec. 65. [256B.4912] HOME AND COMMUNITY-BASED WAIVERS;

PROVIDERS AND PAYMENT.

Subdivision 1. Provider qualifications. For the home and community-based
waivers providing services to seniors and individuals with disabilities, the commissioner
shall establish:

(1) agreements with enrolled waiver service providers to ensure providers meet
qualifications defined in the waiver plans;

(2) regular reviews of provider qualifications; and

(3) processes to gather the necessary information to determine provider
qualifications.

By July 2010, staff that provide direct contact, as defined in section 245C.02, subdivision
11, that are employees of waiver service providers must meet the requirements of chapter
245C prior to providing waiver services and as part of ongoing enrollment. Upon federal
approval, this requirement must also apply to consumer-directed community supports.

Subd. 2. Rate-setting methodologies. The commissioner shall establish
statewide rate-setting methodologies that meet federal waiver requirements for home
and community-based waiver services for individuals with disabilities. The rate-setting
methodologies must utilize person-centered methods that result in quality of life beyond

Article 9 Sec. 65.
custodial care, promote individual choice and service stability, are understandable to
families and nonfinancial county staff, are equitable across the state, are transparent and
available to the public, and are flexible to adapt to recipients' individual service needs. The
methodologies must involve a uniform process of structuring rates for each service and
must promote quality and participant choice. The rate-setting methodologies developed
under this section must be codified in statute before implementation.

Sec. 66. Minnesota Statutes 2008, section 256B.5011, subdivision 2, is amended to
read:

Subd. 2. Contract provisions. (a) The service contract with each intermediate
care facility must include provisions for:

(1) modifying payments when significant changes occur in the needs of the
consumers;

(2) the establishment and use of a quality improvement plan. Using criteria and
options for performance measures developed by the commissioner, each intermediate care
facility must identify a minimum of one performance measure on which to focus its efforts
for quality improvement during the contract period:

(3) appropriate and necessary statistical information required by the commissioner;

(4) annual aggregate facility financial information; and

(5) additional requirements for intermediate care facilities not meeting the
standards set forth in the service contract.

(b) The commissioner of human services and the commissioner of health, in
consultation with representatives from counties, advocacy organizations, and the provider
community, shall review the consolidated standards under chapter 245B and the supervised
living facility rule under Minnesota Rules, chapter 4665, to determine what provisions
in Minnesota Rules, chapter 4665, may be waived by the commissioner of health for
intermediate care facilities in order to enable facilities to implement the performance
measures in their contract and provide quality services to residents without a duplication
of or increase in regulatory requirements.

Sec. 67. Minnesota Statutes 2008, section 256B.5012, is amended by adding a
subdivision to read:

Subd. 8. ICF/MR rate decreases effective July 1, 2009. The commissioner shall
decrease each facility reimbursed under this section operating payment adjustments
equal to 3.0 percent of the operating payment rates in effect on June 30, 2009. For each
facility, the commissioner shall implement the rate reduction, based on occupied beds,
using the percentage specified in this subdivision multiplied by the total payment rate.
including the variable rate but excluding the property-related payment rate, in effect on
the preceding date. The total rate reduction shall include the adjustment provided in
section 256B.502, subdivision 7.

Sec. 68. Minnesota Statutes 2008, section 256B.5013, subdivision 1, is amended to
read:

Subdivision 1. Variable rate adjustments. (a) For rate years beginning on or after
October 1, 2000, when there is a documented increase in the needs of a current ICF/MR
recipient, the county of financial responsibility may recommend a variable rate to enable
the facility to meet the individual's increased needs. Variable rate adjustments made under
this subdivision replace payments for persons with special needs under section 256B.501,
subdivision 8, and payments for persons with special needs for crisis intervention services
under section 256B.501, subdivision 8a. Effective July 1, 2003, facilities with a base rate
above the 50th percentile of the statewide average reimbursement rate for a Class A
facility or Class B facility, whichever matches the facility licensure, are not eligible for a
variable rate adjustment. Variable rate adjustments may not exceed a 12-month period,
except when approved for purposes established in paragraph (b), clause (1). Variable rate
adjustments approved solely on the basis of changes on a developmental disabilities
screening document will end June 30, 2002.

(b) A variable rate may be recommended by the county of financial responsibility
for increased needs in the following situations:

(1) a need for resources due to an individual's full or partial retirement from
participation in a day training and habilitation service when the individual: (i) has reached
the age of 65 or has a change in health condition that makes it difficult for the person
to participate in day training and habilitation services over an extended period of time
because it is medically contraindicated; and (ii) has expressed a desire for change through
the developmental disability screening process under section 256B.092;

(2) a need for additional resources for intensive short-term programming which is
necessary prior to an individual's discharge to a less restrictive, more integrated setting;

(3) a demonstrated medical need that significantly impacts the type or amount of
services needed by the individual; or

(4) a demonstrated behavioral need that significantly impacts the type or amount of
services needed by the individual.
The county of financial responsibility must justify the purpose, the projected length of time, and the additional funding needed for the facility to meet the needs of the individual.

(d) The facility shall provide a quarterly report to the county case manager on the use of the variable rate funds and the status of the individual on whose behalf the funds were approved. The county case manager will forward the facility's report with a recommendation to the commissioner to approve or disapprove a continuation of the variable rate.

(e) Funds made available through the variable rate process that are not used by the facility to meet the needs of the individual for whom they were approved shall be returned to the state.

Sec. 69. Minnesota Statutes 2008, section 256B.69, subdivision 5a, is amended to read:

Subd. 5a. Managed care contracts. (a) Managed care contracts under this section and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year basis beginning January 1, 1996. Managed care contracts which were in effect on June 30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995 through December 31, 1995 at the same terms that were in effect on June 30, 1995. The commissioner may issue separate contracts with requirements specific to services to medical assistance recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms of its contract with the commissioner. Requirements applicable to managed care programs under chapters 256B, 256D, and 256L, established after the effective date of a contract with the commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner shall withhold five percent of managed care plan payments under this section for the prepaid medical assistance and general assistance medical care programs pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The managed care plan must demonstrate, to the commissioner's satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The
performance targets must include measurement of plan efforts to contain spending
on health care services and administrative activities. The commissioner may adopt
plan-specific performance targets that take into account factors affecting only one plan,
including characteristics of the plan’s enrollee population. The withheld funds must be
returned no sooner than July of the following year if performance targets in the contract
are achieved. The commissioner may exclude special demonstration projects under
subdivision 23. A managed care plan or a county-based purchasing plan under section
256B.692 may include as admitted assets under section 62D.044 any amount withheld
under this paragraph that is reasonably expected to be returned.

(d)(1) Effective for services rendered on or after January 1, 2009, the commissioner
shall withhold three percent of managed care plan payments under this section for the
prepaid medical assistance and general assistance medical care programs. The withheld
funds must be returned no sooner than July 1 and no later than July 31 of the following
year. The commissioner may exclude special demonstration projects under subdivision 23.

(2) A managed care plan or a county-based purchasing plan under section 256B.692
may include as admitted assets under section 62D.044 any amount withheld under
this paragraph. The return of the withhold under this paragraph is not subject to the
requirements of paragraph (c).

(e) Effective for services provided on or after January 1, 2010, the commissioner
shall require that managed care plans use the fee-for-service medical assistance assessment
and authorization processes, forms, timelines, standards, documentation, and data
reporting requirements, protocols, billing processes, and policies for all personal care
assistance services under section 256B.0659.

Sec. 70. Minnesota Statutes 2008, section 256D.44, subdivision 5, is amended to read:

Subd. 5. Special needs. In addition to the state standards of assistance established in
subdivisions 1 to 4, payments are allowed for the following special needs of recipients of
Minnesota supplemental aid who are not residents of a nursing home, a regional treatment
center, or a group residential housing facility.

(a) The county agency shall pay a monthly allowance for medically prescribed
diets if the cost of those additional dietary needs cannot be met through some other
maintenance benefit. The need for special diets or dietary items must be prescribed by
a licensed physician. Costs for special diets shall be determined as percentages of the
allotment for a one-person household under the thrifty food plan as defined by the United
States Department of Agriculture. The types of diets and the percentages of the thrifty
food plan that are covered are as follows:
(1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;
(2) controlled protein diet, 40 to 60 grams and requires special products, 100 percent of thrifty food plan;
(3) controlled protein diet, less than 40 grams and requires special products, 125 percent of thrifty food plan;
(4) low cholesterol diet, 25 percent of thrifty food plan;
(5) high residue diet, 20 percent of thrifty food plan;
(6) pregnancy and lactation diet, 35 percent of thrifty food plan;
(7) gluten-free diet, 25 percent of thrifty food plan;
(8) lactose-free diet, 25 percent of thrifty food plan;
(9) antidumping diet, 15 percent of thrifty food plan;
(10) hypoglycemic diet, 15 percent of thrifty food plan; or
(11) ketogenic diet, 25 percent of thrifty food plan.

(b) Payment for nonrecurring special needs must be allowed for necessary home repairs or necessary repairs or replacement of household furniture and appliances using the payment standard of the AFDC program in effect on July 16, 1996, for these expenses, as long as other funding sources are not available.

(c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's gross monthly income up to a maximum of $100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of $68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota supplemental aid for one full calendar month or until the person's living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipient's gross income or $25, whichever is less, is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. This special need is available to all recipients of Minnesota supplemental aid regardless of their living arrangement.

(f)(1) Notwithstanding the language in this subdivision, an amount equal to the maximum allotment authorized by the federal Food Stamp Program for a single individual which is in effect on the first day of July of each year will be added to the standards of assistance established in subdivisions 1 to 4 for adults under the age of 65 who qualify.
as shelter needy and are: (i) relocating from an institution, or an adult mental health
residential treatment program under section 256B.0622; (ii) eligible for the self-directed
supports option as defined under section 256B.0657, subdivision 2; or (iii) home and
community-based waiver recipients living in their own home or rented or leased apartment
which is not owned, operated, or controlled by a provider of service not related by blood
or marriage.

(2) Notwithstanding subdivision 3, paragraph (c), an individual eligible for the
shelter needy benefit under this paragraph is considered a household of one. An eligible
individual who receives this benefit prior to age 65 may continue to receive the benefit
after the age of 65.

(3) "Shelter needy" means that the assistance unit incurs monthly shelter costs that
exceed 40 percent of the assistance unit's gross income before the application of this
special needs standard. "Gross income" for the purposes of this section is the applicant's or
recipient's income as defined in section 256D.35, subdivision 10, or the standard specified
in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or
state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be
considered shelter needy for purposes of this paragraph.

(g) Notwithstanding this subdivision, recipients of home and community-based
services may relocate to services without 24-hour supervision and receive the equivalent
of the recipient's group residential housing allocation in Minnesota supplemental
assistance shelter needy funding if the cost of the services and housing is equal to or less
than provided to the recipient in home and community-based services and the relocation is
the recipient's choice and is approved by the recipient or guardian.

(h) To access housing and services as provided in paragraph (g), the recipient may
choose housing that may or may not be owned, operated, or controlled by the recipient's
service provider.

(i) The provisions in paragraphs (g) and (h) are effective to June 30, 2011. The
commissioner shall assess the development of publicly owned housing, other housing
alternatives, and whether a public equity housing fund may be established that would
maintain the state's interest, to the extent paid from group residential housing and
Minnesota supplemental aid shelter needy funds in provider-owned housing so that when
sold, the state would recover its share for a public equity fund to be used for future public
needs under this chapter. The commissioner shall report findings and recommendations to
the legislative committees and budget divisions with jurisdiction over health and human
services policy and financing by January 15, 2012.
(j) In selecting prospective services needed by recipients for whom home and
community-based services have been authorized, the recipient and the recipient's guardian
shall first consider alternatives to home and community-based services. Minnesota
supplemental aid shelter needy funding for recipients who utilize Minnesota supplemental
aid shelter needy funding as provided in this section shall remain permanent unless the
recipient with the recipient's guardian later chooses to access home and community-based
services.

(2) use of cooperatives, land trusts, and other limited equity ownership models;
(3) the desirability of the state acquiring an ownership interest or promoting the
use of publicly owned housing;
(4) promoting more choices in the market for accessible housing that meets the
needs of persons with physical challenges; and
(5) what consumer ownership models, if any, are appropriate.

The commissioner shall provide a written report on the findings of the evaluation of

ARTICLE 10
STATE-COUNTY RESULTS, ACCOUNTABILITY, AND SERVICE
DELIVERY REFORM ACT

Section 1. [402A.01] CITATION.
Sections 402A.01 to 402A.50 may be cited as the "State-County Results,
Accountability, and Service Delivery Reform Act."

Sec. 2. [402A.10] DEFINITIONS.
Subdivision 1. Terms defined. For the purposes of this chapter, the terms defined in
this subdivision have the meanings given.

Subd. 2. Commissioner. "Commissioner" means the commissioner of human
services.

Subd. 3. Council. "Council" means the Council on State-County Results,
Accountability, and Service Delivery Redesign established in section 402A.40.

Subd. 4. Essential human services programs. "Essential human services
programs" means assistance and services to recipients or potential recipients of public
welfare and other services delivered by counties that are mandated in state law that are
to be available in all counties of the state.

Subd. 5. Redesign. "Redesign" means the State-County Results, Accountability,
and Service Delivery Redesign under this chapter.

Subd. 6. Service delivery authority. "Service delivery authority" means a single
county, or group of counties operating by execution of a joint powers agreement under
section 471.59 or other contractual agreement, that has voluntarily chosen by resolution of
the county board of commissioners to participate in the redesign under this chapter.

Subd. 7. **Steering committee.** "Steering committee" means the Steering Committee
on Performance and Outcome Reforms.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 3. **[402A.15] STEERING COMMITTEE ON PERFORMANCE AND
OUTCOME REFORMS.**

Subdivision 1. **Duties.** (a) The Steering Committee on Performance and Outcome
Reforms shall develop a uniform process to establish and review performance and
outcome standards for essential human services programs, and to develop appropriate
reporting measures and a uniform accountability process for responding to a county's
or human service authority's failure to make adequate progress on achieving outcome
goals. The accountability process shall focus on the performance measures rather than
inflexible implementation requirements.

(b) The steering committee shall:

1. by November 1, 2009, establish an agreed upon list of essential services;
2. by January 10, 2010, develop and recommend to the legislature a uniform,
graded process for responding to a county's failure to make adequate progress on
achieving outcome goals, including recommendations for the specific measures and
penalties to be imposed; and
3. by December 15, 2009, establish a three-year schedule of ongoing program
reviews to evaluate and establish outcome goals, modify the reporting system, and review
the distribution of state and federal funds for those services, taking into consideration
program demand and the unique differences of local areas in geography and the
populations served. Priority shall be given to services with the greatest variation in
availability and greatest administrative demands. The schedule shall be published on the
agency Web site and reported to the legislative committees with jurisdiction over health
and human services.

(c) As far as possible, the outcome goals, reporting system, and distribution formulas
shall be consistent across program areas. The development of outcome goals shall
consider the manner in which achievement of these goals will be reported. An estimate
of increased or decreased state and local administrative costs in collecting and reporting
outcomes shall be included when outcome goals are established. The steering committee
shall take into consideration that the goal of implementing changes to program monitoring
and reporting the progress toward achieving outcomes is to significantly minimize the
cost of administrative requirements and to allow funds freed by reduced administrative
expenditures to be used to provide additional services, allow flexibility in service design
and management, and focus energies on achieving program and client outcomes.

(d) In making its recommendations, the steering committee shall consider input from
the council established in section 402A.40. The steering committee shall review the
measurable goals established under section 402A.30, subdivision 2, paragraph (b), and
consider whether they may be applied as statewide performance outcomes.

(e) The steering committee shall form work groups that include persons who provide
or receive essential services and representatives of organizations who advocate on behalf
of those persons.

(f) By January 15 of each year starting January 15, 2010, the steering committee
shall report to the legislative committees with jurisdiction over health and human services
its recommendations for outcome goals, a reporting system, and funding distribution
formulas. The steering committee shall also identify statutory provisions, administrative
rules and requirements, and reports that should be repealed or eliminated. In addition, the
commissioner shall post quarterly updates on the progress of the steering committee on
the department Web site.

(g) The commissioner shall publish instructional bulletins in a timely manner that
contain the outcome goals and reporting requirements adopted by the legislature. The
commissioner shall initiate state plan amendments necessary to implement provisions of
this section in a timely manner.

Subd. 2. **Composition.** (a) The steering committee shall include:

(1) the commissioner of human services, or designee;

(2) three county commissioners, representative of rural, suburban, and urban
counties, selected by the Association of Minnesota Counties;

(3) three county directors of human services, representative of rural, suburban,
and urban counties, selected by the Minnesota Association of County Social Service
Administrators; and

(4) five clients or client advocates representing different populations receiving
services from the Department of Human Services, who are appointed by the commissioner.

(b) The commissioner, or designee, and a county commissioner shall serve as
cochairs of the committee. The committee shall be convened within 60 days of final
enactment of this legislation.

(c) State agency staff shall serve as informational resources and staff to the steering
committee. Statewide county associations shall assemble county program data as required.
(d) To promote information sharing and coordination between the steering committee
and council, one of the county representatives from paragraph (a), clause (2), and one of the
county representatives from paragraph (a), clause (3), must also serve as a representative
on the council under section 402A.40, subdivision 1, paragraph (b), clause (5) or (6).

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. [402A.20] STATE-COUNTY RESULTS, ACCOUNTABILITY, AND
SERVICE DELIVERY REDESIGN.

The State-County Results, Accountability, and Service Delivery Redesign is
established to authorize implementation of methods and procedures for administering
assistance and services to recipients or potential recipients of public welfare and other
services delivered by counties which encourage greater transparency, more effective
governance, and innovation through the use of flexibility and performance measurement.

Sec. 5. [402A.30] DESIGNATION OF SERVICE DELIVERY AUTHORITY.

Subdivision 1. Establishment. A county or consortium of counties may establish
a service delivery authority to redesign the delivery of some or all essential services,
or other services as appropriate.

Subd. 2. New state-county governance framework. (a) Upon recommendation
of the council and approval of the commissioner, a single county with a population over
55,000, or two or more counties meeting the criteria in subdivision 4 may, by resolution of
their county boards of commissioners, establish a service delivery authority having the
composition, powers, and duties agreed upon. These counties may, by agreement entered
into through action of their bodies, jointly or cooperatively exercise any power common to
the contracting parties in carrying out their duties under current law, including, but not
limited to, chapters 245 to 267, 393, and 402. Participating county boards shall establish
acceptable ways of apportioning the cost of the services.

(b) To establish a service delivery authority, each participating county and the
state must enter into the following binding agreements to establish a joint state-county
governance framework:

(1) a governance agreement which defines the scope of essential services or other
services over which the service delivery authority has jurisdiction, and the respective
authority, powers, roles, and responsibilities of the state and service delivery authorities.
Each service delivery authority shall designate a single administrative structure to oversee
the delivery of services over which the service delivery authority has jurisdiction. As part
of the governance agreement, the service delivery authority shall be held accountable for
achieving measurable goals as defined in the performance agreement under clause (2). The state and participating counties shall identify in the agreement the waivers from statutory requirements that are needed to ensure greater local control and flexibility to determine the most cost-effective means of achieving specified measurable goals. The commissioner shall grant the identified waivers, subject to clause (2). The governance agreement shall set forth the terms under which a county may withdraw from participation;

(2) a performance agreement which defines measurable goals in key operational areas that the service delivery authority is expected to achieve. This agreement must identify the dependencies and other requirements necessary for the service delivery authority to achieve the measurable goals as defined in the performance agreement. The dependencies and requirements may include, but are not limited to, specific resource commitments of the state and the service delivery authority, and funding or expenditure flexibility.

The performance goals must, at a minimum, satisfy performance outcomes recommended by the steering committee and enacted into law; and

(3) a service level agreement which specifies the expectations and responsibilities of the state and the service delivery authority regarding administrative and information technology support necessary to achieve the measurable goals specified in the performance agreement under clause (2). The service level agreement shall set forth a reasonable level of targeted reductions in overhead and administrative costs for each county participating in the service delivery authority.

c) After January 1, 2010, each county board in Minnesota shall vote to determine whether the county intends to participate in a service delivery authority under this chapter. Counties may withdraw from participation as set forth in the governance agreement, but no county may withdraw except under the following conditions:

(1) the county shall submit written notification to the council after August 1 in the preceding calendar year in which the county wishes to withdraw; and

(2) if a county wishing to withdraw has received an appropriation from the state for costs related to the county’s participation in the redesign, those funds must be repaid. If a county withdraws after participating in the redesign for:

(i) one year or less, the county must repay 75 percent of the money appropriated;

(ii) more than one year but less than two years, the county must repay 50 percent of the money appropriated;

(iii) two years or more but less than three years, the county must repay 25 percent of the money appropriated; or

(iv) three years or more, the county is not required to repay the appropriation.

The commissioner may waive the repayment requirement in clause (2).
(d) Nothing in this chapter precludes local governments from utilizing sections 465.81 and 465.82 to establish procedures for local governments to merge, with the consent of the voters. Any agreement under subdivision 2, paragraph (b), must be governed by this chapter. Nothing in this chapter limits the authority of a county board to enter into contractual agreements for services not covered by the provisions of the redesign with other agencies or with other units of government.

Subd. 3. Duties. (a) The service delivery authority shall:

(1) carry out the responsibilities required of local agencies under chapter 393 and human service boards under chapter 402;

(2) manage the public resources devoted to human services and other public services delivered or purchased by the counties that are subsidized or regulated by the Department of Human Services under chapter 245 or 267;

(3) employ staff to assist in carrying out the redesign;

(4) develop and maintain a continuity of operations plan to ensure the continued operation or resumption of essential human services functions in the event of any business interruption according to local, state, and federal emergency planning requirements;

Counties with populations over 55,000 that serve as their own service delivery authority may enter into shared services arrangements with other service delivery authorities or smaller counties. These shared services arrangements may include, but are not limited to, human services, corrections, public health, veterans planning, human resources, program development and operations, training, technical systems, joint purchasing, and consultative services or direct services to transient, special needs, or low-incidence populations.

The council may recommend that the commissioner of human services exempt a single county or multicounty service delivery authority from the minimum population standard in this subdivision if that service delivery authority can demonstrate that it can otherwise meet the requirements of this chapter.

Subd. 7. Commissioner remedies. The commissioner may submit to the council a recommendation of remedies for performance improvement for any service delivery authority not meeting the measurable goals agreed upon in performance agreements under subdivision 2, paragraph (b). (c) Applications for renewal of accreditation must be received by November 1 and no earlier than October 1 of each year. The commissioner shall send annual renewal notices to laboratories 90 days before expiration. Failure to receive a renewal notice does not exempt laboratories from meeting the annual November 1 renewal date.

When the plans and specifications have been approved, the state Department of Health shall issue an approval report permitting the applicant to construct or make alterations upon a manufactured home park or recreational camping area and the appurtenances thereto according to the plans and specifications presented.

Such approval does not relieve the applicant from securing building permits in municipalities that require permits or from complying with any other municipal ordinance or ordinances, applicable thereto, not in conflict with this statute.

Subd. 6. Denial of construction. If the application to construct or make alterations upon a manufactured home park or recreational camping area and the appurtenances thereto or a primary license to operate and maintain the same is denied by the state commissioner of health, the commissioner shall so state in writing giving the reason or reasons for denying the application. No wastewater from manufactured homes or recreational camping vehicles shall be deposited on the surface of the ground. All sewage and other water carried wastes shall be discharged into a municipal sewage system whenever available. When a municipal sewage system is not available, a sewage disposal system acceptable to the state commissioner of health shall be provided.

There shall be an open space of at least ten feet between the sides of adjacent manufactured homes including their attachments and at least three feet between manufactured homes when parked end to end. The park owner shall provide each resident with a copy of the approved shelter or evacuation plan, as provided by section 327C.01, subdivision 1c. Nothing in this paragraph requires the Department of Health to review or approve any shelter or evacuation plan developed by a park. Failure of a municipality to approve a plan submitted by a park shall not be grounds for action against the park by the Department of Health if the park has made a good faith effort to develop the plan and obtain municipal approval.

(7) A manufactured home park with ten or more manufactured homes, licensed prior to March 1, 1988, shall provide a safe place of shelter for park residents or a plan for the evacuation of park residents to a safe place of shelter within a reasonable distance of the park for use by park residents in times of severe weather, including tornadoes and high winds. The shelter or evacuation plan must be approved by the municipality by March 1,
1989. The municipality may require the park owner to construct a shelter if it determines
that a safe place of shelter is not available within a reasonable distance from the park. A
copy of the municipal approval and the plan shall be submitted by the park owner to the
Department of Health. The park owner shall provide each resident with a copy of the
approved shelter or evacuation plan, as provided by section 327C.01, subdivision 1c.

the governor, an approved evacuation plan may be provided in lieu of a shelter for a
period not exceeding 18 months.

(9) For the purposes of this subdivision, "park owner" and "resident" have the
meaning meanings given them in section 327C.01.

penalty of $140 in addition to the renewal fee if the application for renewal is received
after March 1 of the licensure renewal period. A renewed license issued after March 1 of
the licensure renewal period is valid only to the end of the period regardless of when the
renewal fee is received.

Subd. 5. **Reinstatement fee.** An applicant for license renewal whose license
has previously been suspended by official board action for nonrenewal must pay a
reinstatement fee of $60 in addition to the $280 renewal fee and the $140 late renewal
penalty.

Subd. 6. **Penalty for failure to pay.** Within 30 days after the renewal date, a
licensee who has not renewed the license must be notified by letter sent to the last known
address of the licensee in the file of the board that the renewal is overdue and that failure
to pay the current fee and current late fee within 60 days after the renewal date will result
in suspension of the license. A second notice must be sent by registered or certified mail at
least seven days before a board meeting occurring 60 days or more after the renewal date
to a licensee who has not paid the renewal fee and late fee.

Subd. 7. **Suspension.** The board, by means of a roll call vote, shall suspend the
license of a licensee whose license renewal is at least 60 days overdue and to whom
notification has been sent as provided in Minnesota Rules, part 9100.0500, subpart 5.
Failure of a licensee to receive notification is not grounds for later challenge by the
licensee of the suspension. The former licensee must be notified by registered or certified
letter within seven days of the board action. The suspended status placed on a license may
be removed only on payment of renewal fees and late penalty fees for each licensure
period or part of a period that the license was not renewed. A licensee who fails to renew a
license for five years or more must meet the criteria of section 156.071 for relicensure.

Subd. 8. Inactive license. (a) A person holding a current active license to practice
veterinary medicine in Minnesota may, at the time of the person's next biennial license
renewal date, renew the license as an inactive license at one-half the renewal fee of an
active license. The license may be continued in an inactive status by renewal on a biennial
basis at one-half the regular license fee.

(b) A person holding an inactive license is not permitted to practice veterinary
medicine in Minnesota and remains under the disciplinary authority of the board.

(c) A person may convert a current inactive license to an active license upon
application to and approval by the board. The application must include:

(1) documentation of licensure in good standing and of having met continuing
education requirements of current state of practice, or documentation of having met
Minnesota continuing education requirements retroactive to the date of licensure
inactivation;

(2) certification by the applicant that the applicant is not currently under disciplinary
orders or investigation for acts that could result in disciplinary action in any other
jurisdiction; and

(3) payment of a fee equal to the full difference between an inactive and active
license if converting during the first year of the biennial license cycle or payment of a fee
equal to one-half the difference between an inactive and an active license if converting
during the second year of the license cycle.

(d) Deadline for renewal of an inactive license is March 1 of the first year of the
biennial license renewal period. A late renewal penalty of one-half the inactive renewal
fee must be paid if renewal is received after March 1.

Sec. 13. Minnesota Statutes 2008, section 156.015, is amended to read:

156.015 MISCELLANEOUS FEES.

Subdivision 1. Verification of licensure. The board may charge a fee of $25 per
license verification to a licensee for verification of licensure status provided to other
veterinary licensing boards.

Subd. 2. Continuing education review. The board may charge a fee of $50 per
submission to a sponsor for review and approval of individual continuing education
seminars, courses, wet labs, and lectures. This fee does not apply to continuing education
sponsors that already meet the criteria for preapproval under Minnesota Rules, part
9100.1000, subdivision 3, item A.

Subd. 3. Temporary license fee. A person meeting the requirements for issuance
of a temporary permit to practice veterinary medicine under section 156.073, pending
examination, who desires a temporary permit shall pay a fee of $60 to the board.
Subd. 4. Duplicate license. A person requesting issuance of a duplicate or
replacement license shall pay a fee of $15 to the board.

materials is $15.

are repealed.
(b) Minnesota Statutes 2008, section 148D.180, subdivision 8, is repealed.

information systems projects for MAXIS,
PRISM, MMIS, and SSIS must be deposited in the state system account authorized in Minnesota Statutes, section 256.014. Money appropriated for computer projects approved by the Minnesota Office of Enterprise Technology, funded by the legislature, and approved by the commissioner of finance, may be transferred from one project to another and from development to operations as the commissioner of human services considers necessary. Any unexpended balance in the appropriation for these projects does not cancel but is available for ongoing development and operations.

**Nonfederal Share Transfers.** The nonfederal share of activities for which federal administrative reimbursement is appropriated to the commissioner may be transferred to the special revenue fund.

**TANF Maintenance of Effort.**

(a) In order to meet the basic maintenance of effort (MOE) requirements of the TANF block grant specified under Code of Federal Regulations, title 45, section 263.1, the commissioner may only report nonfederal money expended for allowable activities listed in the following clauses as TANF/MOE expenditures:

(1) MFIP cash, diversionary work program, and food assistance benefits under Minnesota Statutes, chapter 256J;

(2) the child care assistance programs under Minnesota Statutes, sections 119B.03 and 119B.05, and county child care
administrative costs under Minnesota Statutes, section 119B.15;

(3) state and county MFIP administrative costs under Minnesota Statutes, chapters 256J and 256K;

(4) state, county, and tribal MFIP employment services under Minnesota Statutes, chapters 256J and 256K;

(5) expenditures made on behalf of noncitizen MFIP recipients who qualify for the medical assistance without federal financial participation program under Minnesota Statutes, section 256B.06, subdivision 4, paragraphs (d), (e), and (j);

and

(6) qualifying working family credit expenditures under Minnesota Statutes, section 290.0671.

(b) The commissioner shall ensure that sufficient qualified nonfederal expenditures are made each year to meet the state’s TANF/MOE requirements. For the activities listed in paragraph (a), clauses (2) to (6), the commissioner may only report expenditures that are excluded from the definition of assistance under Code of Federal Regulations, title 45, section 260.31.

(c) For fiscal years beginning with state fiscal year 2003, the commissioner shall ensure that the maintenance of effort used by the commissioner of finance for the February and November forecasts required under Minnesota Statutes, section 16A.103, contains expenditures under paragraph (a), clause (1), equal to at least 16 percent of
the total required under Code of Federal
Regulations, title 45, section 263.1.
(d) For the federal fiscal year beginning
October 1, 2007, the commissioner may not
claim an amount of TANF/MOE in excess of
the 75 percent standard in Code of Federal
Regulations, title 45, section 263.1(a)(2),
except:
(1) to the extent necessary to meet the 80
percent standard under Code of Federal
Regulations, title 45, section 263.1(a)(1),
if it is determined by the commissioner
that the state will not meet the TANF work
participation target rate for the current year;
(2) to provide any additional amounts
under Code of Federal Regulations, title 45,
section 264.5, that relate to replacement of
TANF funds due to the operation of TANF
penalties; and
(3) to provide any additional amounts that
may contribute to avoiding or reducing
TANF work participation penalties through
the operation of the excess MOE provisions
of Code of Federal Regulations, title 45,
section 261.43(a)(2).
For the purposes of clauses (1) to (3),
the commissioner may supplement the
MOE claim with working family credit
expenditures to the extent such expenditures
or other qualified expenditures are otherwise
available after considering the expenditures
allowed in this section.
(e) Minnesota Statutes, section 256.011,
subdivision 3, which requires that federal
grants or aids secured or obtained under that
subdivision be used to reduce any direct
appropriations provided by law, do not apply
if the grants or aids are federal TANF funds.
(f) Notwithstanding any contrary provision
in this article, this provision expires June 30,
2013.

Working Family Credit Expenditures as
TANF/MOE. The commissioner may claim
as TANF/MOE up to $6,707,000 per year for
fiscal year 2010 through fiscal year 2011.

Working Family Credit Expenditures
to be Claimed for TANF/MOE. The
commissioner may count the following
amounts of working family credit expenditure
as TANF/MOE:

(1) fiscal year 2010, $6,707,000;
(2) fiscal year 2011, $32,387,000;
(3) fiscal year 2012, $38,052,000; and
(4) fiscal year 2013, $42,555,000.

Notwithstanding any contrary provision in
this article, this rider expires June 30, 2013.

TANF Transfer to Federal Child Care
and Development Fund. The following
TANF fund amounts are appropriated to the
commissioner for the purposes of MFIP and
transition year child care under Minnesota
Statutes, section 119B.05:

(1) fiscal year 2010, $0;
(2) fiscal year 2011, $25,680,000;
(3) fiscal year 2012, $31,345,000; and
(4) fiscal year 2013, $35,848,000.
The commissioner shall authorize the
transfer of sufficient TANF funds to the
federal child care and development fund to
meet this appropriation and shall ensure that
all transferred funds are expended according
to federal child care and development fund
regulations. The transferred funds shall be
used to offset any general fund reductions to
MFIP child care in this article.

Child Care and Development Fund

Unexpended Balance. The commissioner
shall determine the unexpended balance of
the federal Child Care and Development
Fund (CCDF) for the basic sliding fee child
care program by February 28, 2009. The
balance must first be used to fund programs
described in paragraph (b) and the remainder
must be available for the basic sliding fee
child care under Minnesota Statutes, section
119B.03.

Food Stamps Employment and Training.
Notwithstanding Minnesota Statutes, sections
256J.626 and 256D.051, subdivisions 1a, 6b,
and 6c, federal food stamps employment and
training funds received as reimbursement of
MFIP consolidated fund grant expenditures
and child care assistance program
expenditures for two-parent families must be
deposited in the general fund. The amount of
funds must be limited to $3,400,000 in fiscal
year 2010 and $4,400,000 in fiscal years
2011 through 2013, contingent on approval
by the federal Food and Nutrition Service.
Consistent with the receipt of these federal
funds, the commissioner may adjust the
level of working family credit expenditures
claimed as TANF maintenance of effort.
Notwithstanding any contrary provision in this article, this rider expires June 30, 2013.

**Emergency Fund for the TANF Program.**

TANF Emergency Contingency funds available under the American Recovery and Reinvestment Act of 2009 (Public Law 111-5) are appropriated to the commissioner. The commissioner must request TANF Emergency Contingency funds from the Secretary of the Department of Health and Human Services to the extent the commissioner meets or expects to meet the requirements of section 403(c) of the Social Security Act. The commissioner must seek to maximize such grants. The funds received must be used as appropriated.

As required under section 256B.0625, subdivision 19c, the county public health nurse, as a part of the assessment, will assist the recipient or responsible party to identify the most appropriate person to provide supervision of the personal care assistant. Health-related delegated tasks performed by the personal care assistant will be under the supervision of a qualified professional or the direction of the recipient's physician. If the recipient has a qualified professional, Minnesota Rules, part 9505.0335, subpart 4, applies.

(f) In order to be paid for personal care assistant services, personal care provider organizations, and personal care assistant choice providers are required:

(1) to maintain a recipient file for each recipient for whom services are being billed that contains:

(g) The commissioner shall establish an ongoing audit process for potential fraud and abuse for personal care assistant services. The audit process must include, at a minimum, a requirement that the documentation of hours of care provided be on a form approved by the commissioner and include the personal care assistant's signature attesting that the hours shown on each bill were provided by the personal care assistant on the dates and the times specified.

Subd. 3. Assessment and service plan. Assessments under subdivision 1b and sections 256B.0651, subdivision 1, paragraph (b), and 256B.0654, subdivision 1, paragraph (a), shall be conducted initially, and at least annually thereafter, in person with the recipient and result in a completed service plan using forms specified by the commissioner. A personal care provider agency must use a form approved by the commissioner to request a county public health nurse to conduct a personal care assistant services assessment. When requesting a reassessment, the personal care provider agency must notify the county and the recipient at least 60 days prior to the end of the current prior authorization for personal care assistant services. The recipient
notice shall include information on the recipient's appeal rights. Within 30 days of recipient or responsible party or personal care assistant provider agency request for home care services, the assessment, the service plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries shall be submitted to the commissioner. Notwithstanding the provisions of subdivision 8, the commissioner shall maximize federal financial participation to pay for public health nurse assessments for personal care services. For personal care assistant services:

(1) The amount and type of service authorized based upon the assessment and service plan will follow the recipient if the recipient chooses to change providers.

(2) If the recipient's need changes, the recipient's provider may assess the need for a change in service authorization and request the change from the county public health nurse. The request must be made on a form approved by the commissioner. Within 30 days of the request, the public health nurse will determine whether to request the change in services based upon the provider assessment, or conduct a home visit to assess the need and determine whether the change is appropriate. If the change in service need is due to a change in medical condition, a new physician's statement of need required by section 256B.0625, subdivision 19c, must be obtained.

(3) To continue to receive personal care assistant services after the first year, the recipient or the responsible party, in conjunction with the public health nurse, may complete a service update on forms developed by the commissioner according to criteria and procedures in subdivisions 1a to 1i and sections 256B.0651, subdivision 1; 256B.0653; and 256B.0654, subdivision 1.

Subd. 5. Shared personal care assistant services. (a) Medical assistance payments for shared personal care assistance services shall be limited according to this subdivision.

(b) Recipients of personal care assistant services may share staff and the commissioner shall provide a rate system for shared personal care assistant services. For two persons sharing services, the rate paid to a provider shall not exceed 1-1/2 times the rate paid for serving a single individual, and for three persons sharing services, the rate paid to a provider shall not exceed twice the rate paid for serving a single individual. These rates apply only to situations in which all recipients were present and received shared services on the date for which the service is billed. No more than three persons may receive shared services from a personal care assistant in a single setting.

(c) Shared service is the provision of personal care assistant services by a personal care assistant to two or three recipients at the same time and in the same setting. For the purposes of this subdivision, "setting" means:

(1) the home or foster care home of one of the individual recipients; or
(2) a child care program in which all recipients served by one personal care assistant are participating, which is licensed under chapter 245A or operated by a local school district or private school; or
(3) outside the home or foster care home of one of the recipients when normal life activities take the recipients outside the home.

The provisions of this subdivision do not apply when a personal care assistant is caring for multiple recipients in more than one setting.

(d) The recipient or the recipient's responsible party, in conjunction with the county public health nurse, shall determine:

(1) whether shared personal care assistant services is an appropriate option based on the individual needs and preferences of the recipient; and
(2) the amount of shared services allocated as part of the overall authorization of personal care assistant services.

The recipient or the responsible party, in conjunction with the supervising qualified professional, if a qualified professional is requested by any one of the recipients or responsible parties, shall arrange the setting and grouping of shared services based on the individual needs and preferences of the recipients. Decisions on the selection of recipients to share services must be based on the ages of the recipients, compatibility, and coordination of their care needs.

(e) The following items must be considered by the recipient or the responsible party and the supervising qualified professional, if a qualified professional has been requested by any one of the recipients or responsible parties, and documented in the recipient's health service record:

(1) the additional qualifications needed by the personal care assistant to provide care to several recipients in the same setting;
(2) the additional training and supervision needed by the personal care assistant to ensure that the needs of the recipient are met appropriately and safely. The provider must provide on-site supervision by a qualified professional within the first 14 days of shared services, and monthly thereafter, if supervision by a qualified provider has been requested by any one of the recipients or responsible parties;
(3) the setting in which the shared services will be provided;
(4) the ongoing monitoring and evaluation of the effectiveness and appropriateness of the service and process used to make changes in service or setting; and
(5) a contingency plan which accounts for absence of the recipient in a shared services setting due to illness or other circumstances and staffing contingencies.

(f) The provider must offer the recipient or the responsible party the option of shared or one-on-one personal care assistant services. The recipient or the responsible party can withdraw from participating in a shared services arrangement at any time.

(g) In addition to documentation requirements under Minnesota Rules, part 9505.2175, a personal care provider must meet documentation requirements for shared personal care assistant services and must document the following in the health service record for each individual recipient sharing services:

(1) permission by the recipient or the recipient's responsible party, if any, for the maximum number of shared services hours per week chosen by the recipient;
(2) permission by the recipient or the recipient's responsible party, if any, for personal care assistant services provided outside the recipient's residence;
(3) permission by the recipient or the recipient's responsible party, if any, for others to receive shared services in the recipient's residence;
(4) revocation by the recipient or the recipient's responsible party, if any, of the shared service authorization, or the shared service to be provided to others in the recipient's residence, or the shared service to be provided outside the recipient's residence;
(5) supervision of the shared personal care assistant services by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties, including the date, time of day, number of hours spent supervising the provision of shared services, whether the supervision was face-to-face or another method of supervision, changes in the recipient's condition, shared services scheduling issues and recommendations;
(6) documentation by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties, of telephone calls or other discussions with the personal care assistant regarding services being provided to the recipient who has requested the supervision; and
(7) daily documentation of the shared services provided by each identified personal care assistant including:
   (i) the names of each recipient receiving shared services together;
   (ii) the setting for the shared services, including the starting and ending times that the recipient received shared services; and
   (iii) notes by the personal care assistant regarding changes in the recipient's condition, problems that may arise from the sharing of services, scheduling issues, care issues, and other notes as required by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties.

(h) Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to shared services.

(i) In the event that supervision by a qualified professional has been requested by one or more recipients, but not by all of the recipients, the supervision duties of the qualified professional shall be limited to only those recipients who have requested the supervision.

Nothing in this subdivision shall be construed to reduce the total number of hours authorized for an individual recipient.

Subd. 6. Flexible use option. (a) "Flexible use option" means the scheduled use of authorized hours of personal care assistant services, which vary within a service authorization period covering no more than six months, in order to more effectively meet the needs and schedule of the recipient. Authorized hours not used within the six-month period may not be carried over to another time period. The flexible use of personal care assistant hours for a six-month period must be prior authorized by the commissioner, based on a request submitted on a form approved by the commissioner. The request must include the assessment and the annual service plan prepared by the county public health nurse.

(b) The recipient or responsible party, together with the case manager, if the recipient has case management services, and the county public health nurse, shall determine whether flexible use is an appropriate option based on the needs, abilities, preferences, and history of service use of the recipient or responsible party, and if appropriate, must ensure that the allocation of hours covers the ongoing needs of the recipient over an entire year divided into two six-month periods of flexible use. A recipient who has terminated personal care assistant services before the end of the 12-month authorization period shall not receive additional hours upon reapplying during the same
12-month authorization period, except if a change in condition is documented. Services shall be prorated for the remainder of the 12-month authorization period based on earlier assessment.

(c) If prior authorized, recipients may use their approved hours flexibly within the service authorization period for medically necessary covered services specified in the assessment required in subdivision 1b and section 256B.0651, subdivision 1, paragraph (b). The flexible use of authorized hours does not increase the total amount of authorized hours available to a recipient as determined under subdivision 4. The commissioner shall not authorize additional personal care assistant services to supplement a service authorization that is exhausted before the end date under a flexible service use plan, unless the county public health nurse determines a change in condition and a need for increased services is established.

(d) The personal care provider organization and the recipient or responsible party or the personal care assistance choice provider must develop a written month-to-month plan of the projected use of personal care assistant services that is part of the care plan and ensures:

(1) that the health and safety needs of the recipient will be met;

(2) that the total annual authorization will not be used before the end of the authorization period; and

(3) monthly monitoring will be conducted of hours used as a percentage of the authorized amount.

(e) The provider shall notify the recipient or responsible party, any case manager for the recipient, and the county public health nurse in advance and as soon as possible, on a form approved by the commissioner, if the monthly amount of hours authorized is likely to be exceeded for the month.

(f) The commissioner shall provide written notice to the provider, the recipient or responsible party, any case manager for the recipient, and the county public health nurse, when a flexible use recipient exceeds the personal care assistant service authorization for the month by an amount determined by the commissioner. If the use of hours exceeds the monthly service authorization by the amount determined by the commissioner for two months during any three-month period, the commissioner shall notify the recipient and the county public health nurse that the flexible use authorization will be revoked beginning the following month. The revocation will not become effective if, within ten working days of the commissioner's notice of flexible use revocation, the county public health nurse requests prior authorization for an increase in the service authorization or continuation of the flexible use option, or the recipient appeals and assistance pending appeal is ordered. The commissioner shall determine whether to approve the increase and continued flexible use.

(g) The recipient or responsible party may stop the flexible use of hours by notifying the personal care provider organization or the personal care assistance choice provider and county public health nurse in writing.

(h) The recipient or responsible party may appeal the commissioner's action according to section 256.045. The denial or revocation of the flexible use option shall not affect the recipient's authorized level of personal care assistant services as determined under subdivision 4.

Subd. 7. Fiscal intermediary option. (a) The commissioner may allow a recipient of personal care assistant services to use a fiscal intermediary to assist the recipient in paying and accounting for medically necessary covered personal care assistant services authorized in subdivision 2 and within the payment parameters of subdivision 4. Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to a recipient using the fiscal intermediary option.

(b) The recipient or responsible party shall:

(1) recruit, hire, and terminate a qualified professional if a qualified professional is requested by the recipient or responsible party;

(2) verify and document the credentials of the qualified professional, if a qualified professional is requested by the recipient or responsible party;

(3) develop a service plan based on physician orders and public health nurse assessment with the assistance of a qualified professional, if a qualified professional is requested by the recipient or responsible party, that addresses the health and safety of the recipient;

(4) recruit, hire, and terminate the personal care assistant;

(5) orient and train the personal care assistant with assistance as needed from the qualified professional;

(c) The duties of the fiscal intermediary shall be to:

(1) bill the medical assistance program for personal care assistant and qualified professional services;
(2) request and secure background checks on personal care assistants and qualified professionals according to chapter 245C;
(3) pay the personal care assistant and qualified professional based on actual hours of services provided;
(4) withhold and pay all applicable federal and state taxes;
(5) verify and keep records of hours worked by the personal care assistant and qualified professional;

(2) must ensure arm's-length transactions with the recipient and personal care assistant; and
(3) shall be considered a joint employer of the personal care assistant and qualified professional to the extent specified in this section and sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656.

The fiscal intermediary or owners of the entity that provides fiscal intermediary services under this subdivision must pass a criminal background check.

The qualified professional shall assist the recipient in developing and revising a plan to meet the recipient's needs, as assessed by the public health nurse. (g) The rates paid for personal care assistant services, shared care services, qualified professional services, and fiscal intermediary services under this subdivision shall be the same rates paid for personal care assistant services and qualified professional services under section 256B.0651, subdivision 2, respectively. Except for the administrative fee of the fiscal intermediary specified in paragraph (f), the remainder of the rates paid to the fiscal intermediary must be used to pay for the salary and benefits for the personal care assistant or the qualified professional.

(2) the parties have failed to comply with the written agreement specified in paragraph
(f); or
(3) the use of the option has led to abusive or fraudulent billing for personal care assistant
services.

The recipient or responsible party may appeal the commissioner's action according to
section 256.045. The denial, revocation, or suspension to use the fiscal intermediary option shall
not affect the recipient's authorized level of personal care assistant services as determined in
subdivision 4.

Subd. 8. Public health nurse assessment rate. (a) The reimbursement rates for public
health nurse visits that relate to the provision of personal care services under this section and
section 256B.0625, subdivision 19a, are:

(2) $105.25 for each service update; and
(3) $105.25 for each request for a temporary service increase.

(b) The rates specified in paragraph (a) must be adjusted to reflect provider rate increases
for personal care assistant services that are approved by the legislature for the fiscal year ending
June 30, 2000, and subsequent fiscal years. Any requirements applied by the legislature to provider
rate increases for personal care assistant services also apply to adjustments under this paragraph.

c) Effective July 1, 2008, the payment rate for an assessment under this section and
section 256B.0651 shall be reduced by 25 percent when the assessment is not completed on
time or the service agreement documentation is not submitted in time to continue services. The
commissioner shall recoup these amounts on a retroactive basis.

Subd. 9. Quality assurance plan. The commissioner shall establish a quality assurance
plan for personal care assistant services that includes:

(1) performance-based provider agreements;
(2) meaningful consumer input, which may include consumer surveys, that measure the
extent to which participants receive the services and supports described in the individual plan
and participant satisfaction with such services and supports;
(3) ongoing monitoring of the health and well-being of consumers; and
(4) an ongoing public process for development, implementation, and review of the quality
assurance plan.

Subd. 10. Oversight of enrolled providers. The commissioner may request from
providers documentation of compliance with laws, rules, and policies governing the provision
of personal care assistant services. A personal care assistant service provider must provide the
requested documentation to the commissioner within ten business days of the request. Failure to
provide information to demonstrate substantial compliance with laws, rules, or policies may result
in suspension, denial, or termination of the provider agreement.

Subd. 11. Personal care provider responsibilities. The personal care provider shall:

(1) employ or contract with services staff to provide personal care services and to train
services staff as necessary;
(2) supervise the personal care services as provided in subdivision 2, paragraph (f);
(3) employ a personal care assistant that a qualified recipient brings to the personal care
provider as the recipient's choice of assistant and who meets the employment qualifications of
the provider, except that a personal care provider who must comply with the requirements of a
governmental personnel administration system is exempt from this clause;
(4) bill the medical assistance program for a personal care service by the personal care
assistant and a visit by the qualified professional supervising the personal care assistant;
(5) establish a grievance mechanism to resolve consumer complaints about personal
care services, including the personal care provider's decision whether to employ the qualified
recipient's choice of a personal care assistant;
(6) keep records as required in Minnesota Rules, parts 9505.2160 to 9505.2195;
(7) perform functions and provide services specified in the personal care provider's
contract;
(8) comply with applicable rules and statutes; and
(9) perform other functions as necessary to carry out the responsibilities in clauses (1)
to (8).

Subd. 12. Personal care provider; employment prohibition. A personal care provider
shall not employ a person to provide personal care service for a qualified recipient if the person:

(1) refuses to provide full disclosure of criminal history records as specified in Minnesota
Rules, part 9505.0335, subpart 12;
(2) has been convicted of a crime that directly relates to the occupation of providing
personal care services to a qualified recipient;
APPENDIX

(3) has jeopardized the health or welfare of a vulnerable adult through physical abuse, sexual abuse, or neglect as defined in section 626.557; or
(4) is misusing or is dependent on mood-altering chemicals, including alcohol, to the extent that the personal care provider knows or has reason to believe that the use of chemicals has a negative effect on the person's ability to provide personal care services or the use of chemicals is apparent during the hours the person is providing personal care services.

Subd. 13. Supervision of personal care services. A personal care service to a qualified recipient as described in subdivision 4 shall be under the supervision of a qualified professional who shall have the following duties:

(1) ensure that the personal care assistant is capable of providing the required personal care services through direct observation of the assistant's work or through consultation with the qualified recipient;
(2) ensure that the personal care assistant is knowledgeable about the plan of personal care services before the personal care assistant performs personal care services;
(3) ensure that the personal care assistant is knowledgeable about essential observations of the recipient's health, and about any conditions that should be immediately brought to the attention of either the qualified professional or the attending physician;
(4) evaluate the personal care services of a recipient through direct observation of the personal care assistant's work or through consultation with the qualified recipient. Evaluation shall be made:
   (i) within 14 days after the placement of a personal care assistant with the qualified recipient;
   (ii) at least once every 30 days during the first 90 days after the qualified recipient first receives personal care services according to the plan of personal care service; and
   (iii) at least once every 120 days following the period of evaluations in item (ii). The qualified professional shall record in writing the results of the evaluation and actions taken to correct any deficiencies in the work of the personal care assistant;
(5) review, together with the recipient, and revise, as necessary, the plan of personal care services at least once every 120 days after a plan of personal care services is developed;
(6) ensure that the personal care assistant and recipient are knowledgeable about a change in the plan of personal care services;
(7) ensure that records are kept, showing the services provided to the recipient by the personal care assistant as described in subdivision 2, paragraph (f), and the time spent providing the services;
(8) determine that a qualified recipient is still capable of directing the recipient's own care or has a responsible party; and
(9) determine with a physician that a recipient is a qualified recipient.

256B.071 MEDICARE MAXIMIZATION PROGRAM.
Subdivision 1. Definition. (a) "Dual entitlees" means recipients eligible for either the medical assistance program or the alternative care program who are also eligible for the federal Medicare program.
   (b) For purposes of this section, "home care services" means home health agency services, private duty nursing services, personal care assistant services, waivered services, alternative care program services, hospice services, rehabilitation therapy services, and suppliers of medical supplies and equipment.

Subd. 2. Technical assistance to providers. (a) The commissioner shall establish a technical assistance program to require providers of services and equipment under this section to maximize collections from the federal Medicare program. The technical assistance may include the provision of materials to help providers determine those services and equipment likely to be reimbursed by Medicare.
   (b) Any provider of home care services enrolled in the medical assistance program, or county public health nursing agency responsible for personal care assessments, or county case managers for alternative care or medical assistance waiver programs, is required to use the method developed and supplied by the Department of Human Services for determining Medicare coverage for home care equipment and services provided to dual entitlees to ensure appropriate billing of Medicare.

Subd. 3. Referrals to Medicare providers required. Non-Medicare certified home care providers and medical suppliers that do not participate or accept Medicare assignment must refer and document the referral of dual eligible recipients to Medicare providers when Medicare is
determined to be the appropriate payer for services and supplies and equipment. Providers will be
terminated from participation in the medical assistance program for failure to make such referrals.

Subd. 4. Medicare certification requirement. Medicare certification is required of
all medical assistance enrolled home care service providers as required under Title XIX of the
Social Security Act.

256B.092 SERVICES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES.

Subd. 5a. Increasing adult foster care capacity to serve five persons. (a) When an adult
foster care provider increases the capacity of an existing home licensed to serve four persons to
serve a fifth person under this section, the county agency shall reduce the contracted per diem cost
for room and board and the developmental disability waiver services of the existing foster care
home by an average of 14 percent for all individuals living in that home. A county agency may
average the required per diem rate reductions across several adult foster care homes that expand
capacity under this section to achieve the necessary overall per diem reduction.

(b) Following the contract changes in paragraph (a), the commissioner shall adjust:

(1) individual county allocations for developmental disability waived services by the
amount of savings that results from the changes made for developmental disability waiver
recipients for whom the county is financially responsible; and

(2) group residential housing rate payments to the adult foster care home by the amount of
savings that results from the changes made.

(c) Effective July 1, 2003, when a new five-person adult foster care home is licensed under
this section, county agencies shall not establish group residential housing room and board rates
and developmental disability waiver service rates for the new home that exceed 86 percent of
the average per diem room and board and developmental disability waiver services costs of
four-person homes serving persons with comparable needs and in the same geographic area. A
county agency developing more than one new five-person adult foster care home may average the
required per diem rates across the homes to achieve the necessary overall per diem reductions.

(d) The commissioner shall reduce the individual county allocations for developmental
disability waived services by the savings resulting from the per diem limits on adult foster care
recipients for whom the county is financially responsible, and shall limit the group residential
housing rate for a new five-person adult foster care home.

256B.19 DIVISION OF COST.

Subd. 1d. Portion of nonfederal share to be paid by certain counties. (a) In addition
to the percentage contribution paid by a county under subdivision 1, the governmental units
designated in this subdivision shall be responsible for an additional portion of the nonfederal
share of medical assistance cost. For purposes of this subdivision, "designated governmental
units" means the counties of Becker, Beltrami, Clearwater, Cook, Dodge, Hubbard, Itasca, Lake,
Pennington, Pipestone, Ramsey, St. Louis, Steele, Todd, Traverse, and Wadena.

(b) Beginning in 1994, each of the governmental units designated in this subdivision shall
transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of
licensed beds in any nursing home owned and operated by the county on that date, with the county
named as licensee, multiplied by $5,723. If two or more counties own and operate a nursing
home, the payment shall be prorated. These sums shall be part of the designated governmental
units portion of the nonfederal share of medical assistance costs.

(c) Beginning in 2002, in addition to any transfer under paragraph (b), each of the state
Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and
operated by the county on that date, with the county named as licensee, multiplied by $10,784.
The provisions of paragraph (b) apply to transfers under this paragraph.

(d) The commissioner may reduce the intergovernmental transfers under paragraph (c)
based on the commissioner's determination of the payment rate in section 256B.431, subdivision
23, paragraphs (c) and (d). Any adjustments must be made on a per-bed basis and must result in
an amount equivalent to the total amount resulting from the rate adjustment in section 256B.431,
subdivision 23, paragraphs (c) and (d).

256B.431 RATE DETERMINATION.

Subd. 23. County nursing home payment adjustments. (a) Beginning in 1994, the
commissioner shall pay a nursing home payment adjustment on May 31 after noon to a county
in which is located a nursing home that, on that date, was county-owned and operated, with the
county named as licensee by the commissioner of health, and had over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to $16 per calendar day multiplied by the number of beds licensed in the facility on that date.

(b) Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

(c) Beginning in 2002, in addition to any payment under paragraph (a), the commissioner shall pay to a nursing facility described in paragraph (a) an adjustment in an amount equal to $29.55 per calendar day multiplied by the number of beds licensed in the facility on that date. The provisions of paragraphs (a) and (b) apply to payments under this paragraph.

(d) The commissioner may reduce payments under paragraph (c) based on the commissioner's determination of Medicare upper payment limits. Any adjustments must be proportional to adjustments made under section 256B.19, subdivision 1d, paragraph (d).

256D.46 EMERGENCY MINNESOTA SUPPLEMENTAL AID.
Subdivision 1. Eligibility. A county agency must grant emergency Minnesota supplemental aid, to the extent funds are available, if the recipient is without adequate resources to resolve an emergency that, if unresolved, will threaten the health or safety of the recipient. For the purposes of this section, the term "recipient" includes persons for whom a group residential housing benefit is being paid under sections 256I.01 to 256I.06.
Subd. 2. Income and resource test. All income and resources available to the recipient must be considered in determining the recipient's ability to meet the emergency need. Property that can be liquidated in time to resolve the emergency and income, excluding an amount equal to the Minnesota supplemental aid standard of assistance, that is normally disregarded or excluded under the Minnesota supplemental aid program must be considered available to meet the emergency need.
Subd. 3. Payment amount. The amount of assistance granted under emergency Minnesota supplemental aid is limited to the amount necessary to resolve the emergency. An emergency Minnesota supplemental aid grant is available to a recipient no more than once in any 12-month period. Funding for emergency Minnesota supplemental aid is limited to the appropriation. Each fiscal year, the commissioner shall allocate to counties the money appropriated for emergency Minnesota supplemental aid grants based on each county agency's average share of state's emergency Minnesota supplemental aid expenditures for the immediate past three fiscal years as determined by the commissioner, and may reallocate any unspent amounts to other counties. Any emergency Minnesota supplemental aid expenditures by a county above the amount of the commissioner's allocation to the county must be made from county funds.

256I.06 PAYMENT METHODS.
Subd. 9. Community living adjustment. Effective August 1, 2005, persons eligible for and residing in group residential housing under section 256I.04 shall receive a group residential housing community living adjustment of $12 per month.

256J.626 MFIP CONSOLIDATED FUND.
Subd. 7. Performance base funds. (a) For calendar year 2009 and yearly thereafter, each county and tribe will be allocated 95 percent of their initial calendar year allocation. Counties and tribes will be allocated additional funds based on performance as follows:

1. a county or tribe that achieves a 50 percent TANF participation rate or a five percentage point improvement over the previous year's TANF participation rate under section 256J.751, subdivision 2, clause (7), as averaged across 12 consecutive months for the most recent year for which the measurements are available, will receive an additional allocation equal to 2.5 percent of its initial allocation; and

2. a county or tribe that performs within or above its range of expected performance on the annualized three-year self-support index under section 256J.751, subdivision 2, clause (6), will receive an additional allocation equal to 2.5 percent of its initial allocation; and

3. a county or tribe that does not achieve a 50 percent TANF participation rate or a five percentage point improvement over the previous year's TANF participation rate under section 256J.751, subdivision 2, clause (7), as averaged across 12 consecutive months for the most recent
year for which the measurements are available, will not receive an additional 2.5 percent of its initial allocation until after negotiating a multiyear improvement plan with the commissioner; or
(4) a county or tribe that does not perform within or above its range of expected performance on the annualized three-year self-support index under section 256J.751, subdivision 2, clause (6), will not receive an additional allocation equal to 2.5 percent of its initial allocation until after negotiating a multiyear improvement plan with the commissioner.
(b) For calendar year 2009 and yearly thereafter, performance-based funds for a federally approved tribal TANF program in which the state and tribe have in place a contract under section 256.01, addressing consolidated funding, will be allocated as follows:
(1) a tribe that achieves the participation rate approved in its federal TANF plan using the average of 12 consecutive months for the most recent year for which the measurements are available, will receive an additional allocation equal to 2.5 percent of its initial allocation; and
(2) a tribe that performs within or above its range of expected performance on the annualized three-year self-support index under section 256J.751, subdivision 2, clause (6), will receive an additional allocation equal to 2.5 percent of its initial allocation; or
(3) a tribe that does not achieve the participation rate approved in its federal TANF plan using the average of 12 consecutive months for the most recent year for which the measurements are available, will not receive an additional allocation equal to 2.5 percent of its initial allocation until after negotiating a multiyear improvement plan with the commissioner; or
(4) a tribe that does not perform within or above its range of expected performance on the annualized three-year self-support index under section 256J.751, subdivision 2, clause (6), will not receive an additional allocation equal to 2.5 percent until after negotiating a multiyear improvement plan with the commissioner.
(c) Funds remaining unallocated after the performance-based allocations in paragraph (a) are available to the commissioner for innovation projects under subdivision 5.
(d)(1) If available funds are insufficient to meet county and tribal allocations under paragraph (a), the commissioner may make available for allocation funds that are unobligated and available from the innovation projects through the end of the current biennium.
(2) If after the application of clause (1) funds remain insufficient to meet county and tribal allocations under paragraph (a), the commissioner must proportionally reduce the allocation of each county and tribe with respect to their maximum allocation available under paragraph (a).

259.83 POSTADOPTION SERVICES.
Subd. 3. Identifying information. In adoptive placements made on and after August 1, 1982, the agency responsible for or supervising the placement shall obtain from the birth parents named on the original birth record an affidavit attesting to the following:
(a) that the birth parent has been informed of the right of the adopted person at the age specified in section 259.89 to request from the agency the name, last known address, birthdate and birthplace of the birth parents named on the adopted person’s original birth record;
(b) that each birth parent may file in the agency record an affidavit objecting to the release of any or all of the information listed in clause (a) about that birth parent, and that parent only, to the adopted person;
(c) that if the birth parent does not file an affidavit objecting to release of information before the adopted person reaches the age specified in section 259.89, the agency will provide the adopted person with the information upon request;
(d) that notwithstanding the filing of an affidavit, the adopted person may petition the court according to section 259.61 for release of identifying information about a birth parent;
(e) that the birth parent shall then have the opportunity to present evidence to the court that nondisclosure of identifying information is of greater benefit to the birth parent than disclosure to the adopted person; and
(f) that any objection filed by the birth parent shall become invalid when withdrawn by the birth parent or when the birth parent dies. Upon receipt of a death record for the birth parent, the agency shall release the identifying information to the adopted person if requested.

259.89 ACCESS TO ORIGINAL BIRTH RECORD INFORMATION.
Subd. 2. Search. Within six months after receiving notice of the request of the adopted person, the commissioner of human services’ agent or a licensed child-placing agency shall make complete and reasonable efforts to notify each parent identified on the original birth record of the adopted person. The commissioner, the commissioner's agents, and licensed child-placing agencies may charge a reasonable fee to the adopted person for the cost of making a search
pursuant to this subdivision. Every licensed child-placing agency in the state shall cooperate with the commissioner of human services in efforts to notify an identified parent. All communications under this subdivision are confidential pursuant to section 13.02, subdivision 3.

For purposes of this subdivision, "notify" means a personal and confidential contact with the birth parents named on the original birth record of the adopted person. The contact shall be by an employee or agent of the licensed child-placing agency which processed the pertinent adoption or some other licensed child-placing agency designated by the commissioner of human services when it is determined to be reasonable by the commissioner; otherwise contact shall be by mail or telephone. The contact shall be evidenced by filing with the commissioner of health an affidavit of notification executed by the person who notified each parent certifying that each parent was given the following information:

(1) the nature of the information requested by the adopted person;
(2) the date of the request of the adopted person;
(3) the right of the parent to file, within 30 days of receipt of the notice, an affidavit with the commissioner of health stating that the information on the original birth record should not be disclosed;
(4) the right of the parent to file a consent to disclosure with the commissioner of health at any time; and
(5) the effect of a failure of the parent to file either a consent to disclosure or an affidavit stating that the information on the original birth record should not be disclosed.

Subd. 3. Failure to notify parent. If the commissioner of human services certifies to the commissioner of health an inability to notify a parent identified on the original birth record within six months, and if neither identified parent has at any time filed an unrevoked consent to disclosure with the commissioner of health, the information may be disclosed as follows:

(a) If the person was adopted prior to August 1, 1977, the person may petition the appropriate court for disclosure of the original birth record pursuant to section 259.61, and the court shall grant the petition if, after consideration of the interests of all known persons involved, the court determines that disclosure of the information would be of greater benefit than nondisclosure.

(b) If the person was adopted on or after August 1, 1977, the commissioner of health shall release the requested information to the adopted person.

If either parent identified on the birth record has at any time filed with the commissioner of health an unrevoked affidavit stating that the information on the original birth record should not be disclosed, the commissioner of health shall not disclose the information to the adopted person until the affidavit is revoked by the filing of a consent to disclosure by that parent.

Subd. 4. Release of information after notice. If, within six months, the commissioner of human services' agent or licensed child-placing agency documents to the commissioner of health notification of each parent identified on the original birth record pursuant to subdivision 2, the commissioner of health shall disclose the information requested by the adopted person 31 days after the date of the latest notice to either parent. This disclosure will occur if, at any time during the 31 days both of the parents identified on the original birth record have filed a consent to disclosure with the commissioner of health and neither consent to disclosure has been revoked by the subsequent filing by a parent of an affidavit stating that the information should not be disclosed. If only one parent has filed a consent to disclosure and the consent has not been revoked, the commissioner of health shall disclose, to the adopted person, original birth record information on the consenting parent only.
