Section 1. Minnesota Statutes 2008, section 245A.10, subdivision 2, is amended to read:
Subd. 2. County fees for background studies and licensing inspections. (a) For purposes of family and group family child care licensing under this chapter, a county agency may charge a fee to an applicant or license holder to recover the actual cost of background studies, but in any case not to exceed $100 annually. A county agency may also charge a license fee to an applicant or license holder not to exceed $50 for a one-year license or $100 for a two-year license.

(b) A county agency may charge a fee to a legal nonlicensed child care provider or applicant for authorization to recover the actual cost of background studies completed under section 119B.125, but in any case not to exceed $100 annually.

(c) Counties may elect to reduce or waive the fees in paragraph (a) or (b):

(1) in cases of financial hardship;

(2) if the county has a shortage of providers in the county's area;

(3) for new providers; or

(4) for providers who have attained at least 16 hours of training before seeking initial licensure.

(d) Counties may allow providers to pay the applicant fees in paragraph (a) or (b) on an installment basis for up to one year. If the provider is receiving child care assistance payments from the state, the provider may have the fees under paragraph (a) or (b) deducted from the child care assistance payments for up to one year and the state shall reimburse the county for the county fees collected in this manner.

(e) For purposes of adult foster care and child foster care licensing under this chapter, a county agency may charge a fee to a corporate applicant or corporate license holder to recover the actual cost of background studies. A county agency may also charge a fee to a corporate applicant or corporate license holder to recover the actual cost of licensing inspections, not to exceed $500 annually.

(f) Counties may elect to reduce or waive the fees in paragraph (e) under the following circumstances:

(1) in cases of financial hardship;

The application fee shall not be prorated, is nonrefundable, and
is in lieu of the annual license or certification fee that expires on December 31. The commissioner shall not process an application until the application fee is paid.

(b) Except as provided in clauses (1) to (3), an applicant shall apply for a license to provide services at a specific location.

(1) For a license to provide waivered residential-based habilitation services to persons with developmental disabilities or related conditions under chapter 245B, an applicant shall submit an application for each county in which the waivered services will be provided. A license holder in one county may not provide services under the home and community-based waiver for persons with developmental disabilities to more than three people in a second county without holding a separate license for that second county. Applicants or licensees providing services under this clause to not more than three persons remain subject to the inspection fees established in section 245A.10, subdivision 2, for each location.

(2) For a license to provide supported employment, crisis respite, or semi-independent living services to persons with developmental disabilities or related conditions under chapter 245B, an applicant shall submit a single application to provide services statewide.

Subd. 5. **License or Mental health center or mental health clinic certification fee for other programs.** (a) Except as provided in paragraphs (b) and (c), a program without a stated licensed capacity shall pay a license or certification fee of $400.
A mental health center or mental health clinic requesting certification for purposes of insurance and subscriber contract reimbursement under Minnesota Rules, parts 9520.0750 to 9520.0870, shall pay a certification fee of $1,000 per year. If the mental health center or mental health clinic provides services at a primary location with satellite facilities, the satellite facilities shall be certified with the primary location without an additional charge.

(c) A program licensed to provide residential-based habilitation services under the home and community-based waiver for persons with developmental disabilities shall pay an annual license fee that includes a base rate of $250 plus $38 times the number of clients served on the first day of August of the current license year. State-operated programs are exempt from the license fee under this paragraph.

Sec. 17. Minnesota Statutes 2008, section 245A.10, is amended by adding a subdivision to read:

Subd. 7. **Human services licensing revenue and appropriations.** Effective July 1, 2011:

Sec. 18. Minnesota Statutes 2008, section 245A.11, subdivision 2a, is amended to read:

Subd. 2a. **Adult foster care license capacity.** The commissioner shall issue adult foster care licenses with a maximum licensed capacity of four beds, including nonstaff roomers and boarders, except that the commissioner may issue a license with a capacity of five beds, including roomers and boarders, according to paragraphs (a) to (e).

(a) An adult foster care license holder may have a maximum license capacity of five if all persons in care are age 55 or over and do not have a serious and persistent mental illness or a developmental disability.

(b) The commissioner may grant variances to paragraph (a) to allow a foster care provider with a licensed capacity of five persons to admit an individual under the age of 55 if the variance complies with section 245A.04, subdivision 9, and approval of the variance is recommended by the county in which the licensed foster care provider is located.

(c) The commissioner may grant variances to paragraph (a) to allow the use of a fifth bed for emergency crisis services for a person with serious and persistent mental illness.
or a developmental disability, regardless of age, if the variance complies with section
245A.04, subdivision 9, and approval of the variance is recommended by the county in
which the licensed foster care provider is located.

(d) Notwithstanding paragraph (a), if the 2009 legislature adopts a rate reduction
that impacts providers of adult foster care services, the commissioner may issue an adult
foster care license with a capacity of five adults if the fifth bed does not increase the
overall statewide capacity of licensed adult foster care beds in homes that are not the
primary residence of the license holder, over the licensed capacity in such homes on July
1, 2009, as identified in a plan submitted to the commissioner by the county, when the
capacity is recommended by the county licensing agency of the county in which the
facility is located and if the recommendation verifies that:

(1) the facility meets the physical environment requirements in the adult foster
care licensing rule;

(2) the five-bed living arrangement is specified for each resident in the resident's:
  (i) individualized plan of care;
  (ii) individual service plan under section 256B.092, subdivision 1b, if required; or
  (iii) individual resident placement agreement under Minnesota Rules, part
9555.5105, subpart 19, if required;

(3) the license holder obtains written and signed informed consent from each
resident or resident's legal representative documenting the resident's informed choice to
living in the home and that the resident's refusal to consent would not have resulted in
service termination; and

(4) the facility was licensed for adult foster care before March 1, 2009.

(e) The commissioner shall not issue a new adult foster care license under paragraph
(d) after June 30, 2011. The commissioner shall allow a facility with an adult foster
care license issued under paragraph (d) before June 30, 2011, to continue with a
capacity of five adults if the license holder continues to comply with the requirements in
paragraph (d).

EFFECTIVE DATE. This section is effective July 1, 2009.

Sec. 19. Minnesota Statutes 2008, section 245A.11, is amended by adding a
subdivision to read:

Subd. 8. Alternate overnight supervision technology; adult foster care license.

(a) The commissioner may grant an applicant or license holder an adult foster care license
for a residence that does not have a caregiver in the residence during normal sleeping
hours as required under Minnesota Rules, part 9555.5105, subpart 37, item B, but uses
monitoring technology to alert the license holder when an incident occurs that may
jeopardize the health, safety, or rights of a foster care recipient. The applicant or license
holder must comply with all other requirements under Minnesota Rules, parts 9555.5105
to 9555.6265, and the requirements under this subdivision. The license printed by the
commissioner must state in bold and large font:

(1) that staff are not present on-site overnight; and

(2) the telephone number of the county’s common entry point for making reports of
suspected maltreatment of vulnerable adults under section 626.557, subdivision 9,

(b) Applications for a license under this section must be submitted directly to
the Department of Human Services licensing division. The licensing division must
immediately notify the host county and lead county contract agency and the host county
licensing agency. The licensing division must collaborate with the county licensing
agency in the review of the application and the licensing of the program.

(c) Before a license is issued by the commissioner, and for the duration of the license,
the applicant or license holder must establish, maintain, and document the implementation
of written policies and procedures addressing the requirements in paragraphs (d) to (f).

(d) The applicant or license holder must have policies and procedures that:

(1) establish characteristics of target populations that will be admitted into the home
and characteristics of populations that will not be accepted into the home;

(2) explain the discharge process when a foster care recipient requires overnight
supervision or other services that cannot be provided by the license holder due to the
limited hours that the license holder is on-site;

(3) describe the types of events to which the program will respond with a physical
presence when those events occur in the home during time when staff are not on-site, and
how the license holder’s response plan meets the requirements in paragraph (e), clause
(1) or (2);

(4) establish a process for documenting a review of the implementation and
effectiveness of the response protocol for the response required under paragraph (e),
clause (1) or (2). The documentation must include:

(i) a description of the triggering incident;

(ii) the date and time of the triggering incident;

(iii) the time of the response or responses under paragraph (e), clause (1) or (2);

(iv) whether the response met the resident’s needs;

(v) whether the existing policies and response protocols were followed; and

(vi) whether the existing policies and protocols are adequate or need modification.
When no physical presence response is completed for a three-month period, the license holder's written policies and procedures must require a physical presence response drill to be conducted for which the effectiveness of the response protocol under paragraph (e), clause (1) or (2), will be reviewed and documented as required under this clause; and (5) establish that emergency and nonemergency phone numbers are posted in a prominent location in a common area of the home where they can be easily observed by a person responding to an incident who is not otherwise affiliated with the home.

(e) The license holder must document and include in the license application which response alternative under clause (1) or (2) is in place for responding to situations that present a serious risk to the health, safety, or rights of people receiving foster care services in the home:

(1) response alternative (1) requires only the technology to provide an electronic notification or alert to the license holder that an event is underway that requires a response. Under this alternative, no more than ten minutes will pass before the license holder will be physically present on-site to respond to the situation; or

(2) response alternative (2) requires the electronic notification and alert system under alternative (1), but more than ten minutes may pass before the license holder is present on-site to respond to the situation. Under alternative (2), all of the following conditions are met:

(i) the license holder has a written description of the interactive technological applications that will assist the licensor holder in communicating with and assessing the needs related to care, health, and safety of the foster care recipients. This interactive technology must permit the license holder to remotely assess the well being of the foster care recipient without requiring the initiation or participation by the foster care recipient. Requiring the foster care recipient to initiate a telephone call or answer a telephone call does not meet this requirement;

(ii) the license holder documents how the remote license holder is qualified and capable of meeting the needs of the foster care recipients and assessing foster care recipients' needs under item (i), during the absence of the license holder on-site;

(iii) the license holder maintains written procedures to dispatch emergency response personnel to the site in the event of an identified emergency; and

(iv) each foster care recipient's individualized plan of care, individual service plan under section 256B.092, subdivision 1b, if required, or individual resident placement agreement under Minnesota Rules, part 9555.5105, subpart 19, if required, identifies the maximum response time, which may be greater than ten minutes, for the license holder to be on-site for that foster care recipient.
(f) All placement agreements, individual service agreements, and plans applicable
to the foster care recipient must clearly state that the adult foster care license category is
a program without the presence of a caregiver in the residence during normal sleeping
hours; the protocols in place for responding to situations that present a serious risk to
health, safety, or rights of foster care recipients under paragraph (e), clause (1) or (2); and a
signed informed consent from each foster care recipient or the person's legal representative
documenting the person's or legal representative's agreement with placement in the
program. If electronic monitoring technology is used in the home, the informed consent
form must also explain the following:

(1) how any electronic monitoring is incorporated into the alternative supervision
system;

(2) the backup system for any electronic monitoring in times of electrical outages or
other equipment malfunctions;

(3) how the license holder is trained on the use of the technology;

(4) the event types and license holder response times established under paragraph (e);

(5) how the license holder protects the foster care recipient's privacy related to
electronic monitoring and related to any electronically recorded data generated by the
monitoring system. The consent form must explain where and how the electronically
recorded data is stored, with whom it will be shared, and how long it is retained; and

(6) the risks and benefits of the alternative overnight supervision system.

The written explanations under clauses (1) to (6) may be accomplished through
cross-references to other policies and procedures as long as they are explained to the
person giving consent, and the person giving consent is offered a copy.

(g) Nothing in this section requires the applicant or license holder to develop or
maintain separate or duplicative policies, procedures, documentation, consent forms, or
individual plans that may be required for other licensing standards, if the requirements of
this section are incorporated into those documents.

(h) The commissioner may grant variances to the requirements of this section
according to section 245A.04, subdivision 9.

(i) For the purposes of paragraphs (c) to (h), "license holder" has the meaning
under section 245A.02, subdivision 9, and additionally includes all staff, volunteers, and
contractors affiliated with the license holder.

Sec. 20. Minnesota Statutes 2008, section 245A.16, subdivision 1, is amended to read:

recommend denial of applicants under section 245A.05; to issue correction orders, to issue
variances, and recommend a conditional license under section 245A.06, or to recommend
suspending or revoking a license or issuing a fine under section 245A.07, shall comply
with rules and directives of the commissioner governing those functions and with this
section. The following variances are excluded from the delegation of variance authority
and may be issued only by the commissioner:

(1) dual licensure of family child care and child foster care, dual licensure of child
and adult foster care, and adult foster care and family child care;
(2) adult foster care maximum capacity;
(3) adult foster care minimum age requirement;
(4) child foster care maximum age requirement;
(5) variances regarding disqualified individuals except that county agencies may

and 245C.27, subdivision 2, clauses (a) and (b), of a county maltreatment determination
and a disqualification based on serious or recurring maltreatment; and
(6) the required presence of a caregiver in the adult foster care residence during
normal sleeping hours.
(b) County agencies must report information about disqualification reconsiderations
under sections 245C.25 and 245C.27, subdivision 2, paragraphs (a) and (b), and variances
granted under paragraph (a), clause (5), to the commissioner at least monthly in a format
prescribed by the commissioner.
(c) For family day care programs, the commissioner may authorize licensing reviews
every two years after a licensee has had at least one annual review.
(d) For family adult day services programs, the commissioner may authorize
licensing reviews every two years after a licensee has had at least one annual review.
(e) A license issued under this section may be issued for up to two years.

Sec. 21. Minnesota Statutes 2008, section 245A.16, subdivision 3, is amended to read:

(e) The commissioner of human services shall conduct a background study of an

paragraphs (a) and (b), and subdivision 5, paragraphs (a) and (b). The background
study conducted by the commissioner under this paragraph must include a review of
the information required under section 245C.08, subdivision 1, paragraph (a), and
subdivisions 3 and 4.

(h) Applicants for licensure, license holders, and other entities as provided in this
chapter must submit completed background study forms to the commissioner before
individuals specified in section 245C.03, subdivision 1, begin positions allowing direct
contact in any licensed program.

(i) For purposes of this section, a physician licensed under chapter 147 is
considered to be continuously affiliated upon the license holder's receipt from the

If a license holder initiates a background study under the commissioner's online system, but the background study subject's name does not appear in the list of active or recent studies initiated by that license holder, the license holder must either contact the human services licensing division or resubmit the background study information online for that individual.

Sec. 29. Minnesota Statutes 2008, section 245C.21, subdivision 1a, is amended to read:

Subd. 1a. **Submission of reconsideration request to county or private agency.**

Sec. 30. Minnesota Statutes 2008, section 245C.23, subdivision 2, is amended to read:

Subd. 2. Commissioner’s notice of disqualification that is not set aside. (a) The commissioner shall notify the license holder of the disqualification and order the license holder to immediately remove the individual from any position allowing direct contact with persons receiving services from the license holder if:

(1) the individual studied does not submit a timely request for reconsideration under section 245C.21;

(2) the individual submits a timely request for reconsideration, but the commissioner does not set aside the disqualification for that license holder under section 245C.22;

(3) an individual who has a right to request a hearing under sections 245C.27 and 256.045, or 245C.28 and chapter 14 for a disqualification that has not been set aside, does not request a hearing within the specified time; or

(4) an individual submitted a timely request for a hearing under sections 245C.27 and 256.045, or 245C.28 and chapter 14, but the commissioner does not set aside the disqualification under section 245A.08, subdivision 5, or 256.045.

(b) If the commissioner does not set aside the disqualification under section 245C.22, and the license holder was previously ordered under section 245C.17 to immediately remove the disqualified individual from direct contact with persons receiving services or to ensure that the individual is under continuous, direct supervision when providing direct contact services, the order remains in effect pending the outcome of a hearing under sections 245C.27 and 256.045, or 245C.28 and chapter 14.

(c) For background studies related to child foster care, the commissioner shall also notify the county or private agency that initiated the study of the results of the reconsideration.

Sec. 31. Minnesota Statutes 2008, section 256B.092, is amended by adding a subdivision to read:

Subd. 5b. Revised per diem based on legislated rate reduction. Notwithstanding section 252.28, subdivision 3, paragraph (d), if the 2009 legislature adopts a rate reduction that impacts payment to providers of adult foster care services, the commissioner may issue adult foster care licenses that permit a capacity of five adults. The application for a five-bed license must meet the requirements of section 245A.11, subdivision 2a. Prior to admission of the fifth recipient of adult foster care services, the county must negotiate a revised per diem rate for room and board and waiver services that reflects the legislated
rate reduction and results in an overall average per diem reduction for all foster care
recipients in that home. The revised per diem must allow the provider to maintain, as
much as possible, the level of services or enhanced services provided in the residence,
while mitigating the losses of the legislated rate reduction.

EFFECTIVE DATE. This section is effective July 1, 2009.

Sec. 32. Minnesota Statutes 2008, section 256B.0945, subdivision 4, is amended to
read:

Subd. 4. Payment rates. (a) Notwithstanding sections 256B.19 and 256B.041,
 payments to counties for residential services provided by a residential facility shall only
be made of federal earnings for services provided under this section, and the nonfederal
share of costs for services provided under this section shall be paid by the county from
sources other than federal funds or funds used to match other federal funds. Payment to
counties for services provided according to this section shall be a proportion of the per
day contract rate that relates to rehabilitative mental health services and shall not include
payment for costs or services that are billed to the IV-E program as room and board.

(b) Per diem rates paid to providers under this section by prepaid plans shall be the
proportion of the per-day contract rate that relates to rehabilitative mental health services
and shall not include payment for group foster care costs or services that are billed to the
county of financial responsibility.

(c) The commissioner shall set aside a portion not to exceed five percent of the
federal funds earned for county expenditures under this section to cover the state costs
of administering this section, and to reduce licensing fees charged to facilities providing
services under this section. Any unexpended funds from the set-aside shall be distributed
to the counties in proportion to their earnings under this section.

Sec. 33. Minnesota Statutes 2008, section 256B.49, subdivision 17, is amended to read:

Subd. 17. Cost of services and supports. (a) The commissioner shall ensure
that the average per capita expenditures estimated in any fiscal year for home and
community-based waiver recipients does not exceed the average per capita expenditures
that would have been made to provide institutional services for recipients in the absence
of the waiver.

(b) The commissioner shall implement on January 1, 2002, one or more aggregate,
need-based methods for allocating to local agencies the home and community-based
waivered service resources available to support recipients with disabilities in need of
the level of care provided in a nursing facility or a hospital. The commissioner shall
allocate resources to single counties and county partnerships in a manner that reflects consideration of:

(1) an incentive-based payment process for achieving outcomes;
(2) the need for a state-level risk pool;
(3) the need for retention of management responsibility at the state agency level; and
(4) a phase-in strategy as appropriate.

(c) Until the allocation methods described in paragraph (b) are implemented, the annual allowable reimbursement level of home and community-based waiver services shall be the greater of:

(1) the statewide average payment amount which the recipient is assigned under the waiver reimbursement system in place on June 30, 2001, modified by the percentage of any provider rate increase appropriated for home and community-based services; or
(2) an amount approved by the commissioner based on the recipient's extraordinary needs that cannot be met within the current allowable reimbursement level. The increased reimbursement level must be necessary to allow the recipient to be discharged from an institution or to prevent imminent placement in an institution. The additional reimbursement may be used to secure environmental modifications; assistive technology and equipment; and increased costs for supervision, training, and support services necessary to address the recipient's extraordinary needs. The commissioner may approve an increased reimbursement level for up to one year of the recipient's relocation from an institution or up to six months of a determination that a current waiver recipient is at imminent risk of being placed in an institution.

(d) Beginning July 1, 2001, medically necessary private duty nursing services will be authorized under this section as complex and regular care according to sections 256B.0651 and 256B.0653 to 256B.0656. The rate established by the commissioner for registered nurse or licensed practical nurse services under any home and community-based waiver as of January 1, 2001, shall not be reduced.

(e) Notwithstanding section 252.28, subdivision 3, paragraph (d), if the 2009 legislature adopts a rate reduction that impacts payment to providers of adult foster care services, the commissioner may issue adult foster care licenses that permit a capacity of five adults. The application for a five-bed license must meet the requirements of section 245A.11, subdivision 2a. Prior to admission of the fifth recipient of adult foster care services, the county must negotiate a revised per diem rate for room and board and waiver services that reflects the legislated rate reduction and results in an overall average per diem reduction for all foster care recipients in that home. The revised per diem must allow
the provider to maintain, as much as possible, the level of services or enhanced services
provided in the residence, while mitigating the losses of the legislated rate reduction.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 34. **WAIVER.**

By December 1, 2009, the commissioner shall request all federal approvals and
waiver amendments to the disability home and community-based waivers to allow properly
licensed adult foster care homes to provide residential services for up to five individuals.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 35. **REPEALER.**

(a) Minnesota Statutes 2008, section 256B.092, subdivision 5a, is repealed effective
July 1, 2009.

(b) Minnesota Rules, part 9555.6125, subpart 4, item 3, is repealed.

subdivision 6c;

(3) accept and supervise the disbursement of any funds that may be provided by the
federal government or from other sources for use in this state for food stamp employment
and training services;

(4) apply for the maximum allowable federal matching funds under United States
Code, title 7, section 2025, paragraph (h), for state expenditures made on behalf of family
stabilization services participants voluntarily engaged in food stamp employment and
training activities, where appropriate;
(5) cooperate with other agencies including any agency of the United States or of another state in all matters concerning the powers and duties of the commissioner under this section and section 256D.052; and

(6) in cooperation with the commissioner of employment and economic development, ensure that each component of an employment and training program carried out under this section is delivered through a statewide workforce development system, unless the component is not available locally through such a system.

Sec. 2. Minnesota Statutes 2008, section 256D.0515, is amended to read:

**256D.0515 ASSET LIMITATIONS FOR FOOD STAMP HOUSEHOLDS.**

All food stamp households must be determined eligible for the benefit discussed under section 256.029. Food stamp households must demonstrate that:

(1) their gross income meets the federal Food Stamp requirements under United States Code, title 7, section 2014(c); and

(2) they have financial resources, excluding vehicles, of less than $7,000.

Sec. 3. Minnesota Statutes 2008, section 256D.06, subdivision 2, is amended to read:

Subd. 2. **Emergency need.** (a) Notwithstanding the provisions of subdivision 1, a grant of emergency general assistance shall, to the extent funds are available, be made to an eligible single adult, married couple, or family for an emergency need, as defined in rules promulgated by the commissioner, where the recipient requests temporary assistance not exceeding 30 days if an emergency situation appears to exist under criteria adopted by the county agency and the individual or family is ineligible for MFIP or DWP or is not a participant of MFIP or DWP and whose annual net income is no greater than 200 percent of the federal poverty level for the previous calendar year. If an applicant or recipient relates facts to the county agency which may be sufficient to constitute an emergency situation, the county agency shall, to the extent funds are available, advise the person of the procedure for applying for assistance according to this subdivision. An emergency general assistance grant is available to a recipient not more than once in any 12-month period.

(b) Funding for an emergency general assistance program is limited to the appropriation. Each fiscal year, the commissioner shall allocate to counties the money appropriated for emergency general assistance grants based on each county agency's average share of state's emergency general expenditures for the immediate past three fiscal years as determined by the commissioner, and may reallocate any unspent amounts to other counties.

(c) No county shall be allocated less than $1,000 for the fiscal year.
(d) Should an emergency be declared as provided in section 12.31, the commissioner may immediately reallocate unspent funds without regard to the other provisions of this section to meet the emergency needs. The emergency reallocation must be excluded from calculations for subsequent allocations as provided in paragraphs (b) and (c).

(e) Any emergency general assistance expenditures by a county above the amount of the commissioner’s allocation to the county must be made from county funds.

Sec. 4. Minnesota Statutes 2008, section 256D.09, subdivision 6, is amended to read:

Subd. 6. Recovery of overpayments. (a) If an amount of general assistance or family general assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) Except as provided for interim assistance in section 256D.06, subdivision 5, when an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member, for one or more monthly assistance payments, until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit’s standard of need in nonfraud cases and ten percent where fraud has occurred, or the amount of the monthly payment, whichever is less, for all overpayments.

(c) In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(d) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the aid reductions provided in this subdivision, to include further voluntary reductions in the grant level agreed to in writing by the individual, until the total amount of the overpayment is repaid.

(e) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance under standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than $35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of violating section 256.98.

(f) Establishment of an overpayment is limited to 12 months prior to the month of discovery due to an agency error and six years prior to the month of discovery due to a client error or an intentional program violation determined under section 256.046.
Sec. 5. Minnesota Statutes 2008, section 256D.49, subdivision 3, is amended to read:

  Subd. 3. Overpayment of monthly grants and recovery of ATM errors. (a) When the county agency determines that an overpayment of the recipient's monthly payment of Minnesota supplemental aid has occurred, it shall issue a notice of overpayment to the recipient. If the person is no longer receiving Minnesota supplemental aid, the county agency may request voluntary repayment or pursue civil recovery. If the person is receiving Minnesota supplemental aid, the county agency shall recover the overpayment by withholding an amount equal to three percent of the standard of assistance for the recipient or the total amount of the monthly grant, whichever is less.

  (b) Establishment of an overpayment is limited to 12 months prior to the month of discovery due to an agency error and six years prior to the month of discovery due to a client error or an intentional program violation determined under section 256.046.

  (c) For recipients receiving benefits via electronic benefit transfer, if the overpayment is a result of an automated teller machine (ATM) dispensing funds in error to the recipient, the agency may recover the ATM error by immediately withdrawing funds from the recipient's electronic benefit transfer account, up to the amount of the error.

  (d) Residents of nursing homes, regional treatment centers, and licensed residential facilities with negotiated rates shall not have overpayments recovered from their personal needs allowance.

Sec. 6. Minnesota Statutes 2008, section 256I.03, subdivision 7, is amended to read:

  Subd. 7. Countable income. "Countable income" means all income received by an applicant or recipient less any applicable exclusions or disregards. For a recipient of any cash benefit from the SSI program, countable income means the SSI benefit limit in effect at the time the person is in a GRH setting less $20, less the medical assistance personal needs allowance. If the SSI limit has been reduced for a person due to events occurring prior to the persons entering the GRH setting, countable income means actual income less any applicable exclusions and disregards.

EFFECTIVE DATE. This section is effective April 1, 2010.

Sec. 7. Minnesota Statutes 2008, section 256I.05, subdivision 7c, is amended to read:

  Subd. 7c. Demonstration project. The commissioner is authorized to pursue the expansion of a demonstration project under federal food stamp regulation for the purpose of gaining additional federal reimbursement of food and nutritional costs currently paid by the state group residential housing program. The commissioner shall seek approval no
later than January 1, 2004 October 1, 2009. Any reimbursement received is nondedicated revenue to the general fund.

Sec. 8. Minnesota Statutes 2008, section 256J.20, subdivision 3, is amended to read:

Subd. 3. Other property limitations. To be eligible for MFIP, the equity value of all nonexcluded real and personal property of the assistance unit must not exceed $2,000 for applicants and $5,000 for ongoing participants. The value of assets in clauses (1) to (19) must be excluded when determining the equity value of real and personal property:

1. a licensed vehicle up to a loan value of less than or equal to $15,000 $7,500. If the assistance unit owns more than one licensed vehicle, the county agency shall determine the loan value of all additional vehicles and exclude the combined loan value of less than or equal to $7,500. The county agency shall apply any excess loan value as if it were equity value to the asset limit described in this section. If the assistance unit owns more than one licensed vehicle, the county agency shall determine the vehicle with the highest loan value and count only the loan value over $7,500, excluding: (i) the value of one vehicle per physically disabled person when the vehicle is needed to transport the disabled unit member; this exclusion does not apply to mentally disabled people; (ii) the value of special equipment for a disabled member of the assistance unit; and (iii) any vehicle used for long-distance travel, other than daily commuting, for the employment of a unit member.

The county agency shall count the loan value of all other vehicles and apply this amount as if it were equity value to the asset limit described in this section. To establish the loan value of vehicles, a county agency must use the N.A.D.A. Official Used Car Guide, Midwest Edition, for newer model cars. When a vehicle is not listed in the guidebook, or when the applicant or participant disputes the loan value listed in the guidebook as unreasonable given the condition of the particular vehicle, the county agency may require the applicant or participant document the loan value by securing a written statement from a motor vehicle dealer licensed under section 168.27, stating the amount that the dealer would pay to purchase the vehicle. The county agency shall reimburse the applicant or participant for the cost of a written statement that documents a lower loan value;

2. the value of life insurance policies for members of the assistance unit;

3. one burial plot per member of an assistance unit;

4. the value of personal property needed to produce earned income, including tools, implements, farm animals, inventory, business loans, business checking and savings accounts used at least annually and used exclusively for the operation of a self-employment business, and any motor vehicles if at least 50 percent of the vehicle's use is to produce income and if the vehicles are essential for the self-employment business;
(5) the value of personal property not otherwise specified which is commonly used by household members in day-to-day living such as clothing, necessary household furniture, equipment, and other basic maintenance items essential for daily living;

(6) the value of real and personal property owned by a recipient of Supplemental Security Income or Minnesota supplemental aid;

(7) the value of corrective payments, but only for the month in which the payment is received and for the following month;

(8) a mobile home or other vehicle used by an applicant or participant as the applicant's or participant's home;

(9) money in a separate escrow account that is needed to pay real estate taxes or insurance and that is used for this purpose;

(10) money held in escrow to cover employee FICA, employee tax withholding, sales tax withholding, employee worker compensation, business insurance, property rental, property taxes, and other costs that are paid at least annually, but less often than monthly;

(11) monthly assistance payments for the current month's or short-term emergency needs under section 256J.626, subdivision 2;

(12) the value of school loans, grants, or scholarships for the period they are intended to cover;

(13) payments listed in section 256J.21, subdivision 2, clause (9), which are held in escrow for a period not to exceed three months to replace or repair personal or real property;

(14) income received in a budget month through the end of the payment month;

(15) savings from earned income of a minor child or a minor parent that are set aside in a separate account designated specifically for future education or employment costs;

(16) the federal earned income credit, Minnesota working family credit, state and federal income tax refunds, state homeowners and renters credits under chapter 290A, property tax rebates and other federal or state tax rebates in the month received and the following month;

(17) payments excluded under federal law as long as those payments are held in a separate account from any nonexcluded funds;

(18) the assets of children ineligible to receive MFIP benefits because foster care or adoption assistance payments are made on their behalf; and

(19) the assets of persons whose income is excluded under section 256J.21, subdivision 2, clause (43).

**EFFECTIVE DATE.** This section is effective March 1, 2010.
Sec. 9. Minnesota Statutes 2008, section 256J.24, subdivision 5a, is amended to read:

Subd. 5a. **Food portion of MFIP transitional standard.** The commissioner shall adjust the food portion of the MFIP transitional standard by October 1 of each year beginning October 1, 1998 as needed to reflect the cost of living adjustments to the food Stamp support program. The commissioner shall annually publish in the State Register the transitional standard for an assistance unit of sizes one to ten in the State Register whenever an adjustment is made.

**EFFECTIVE DATE.** This section is effective October 1, 2009.

Sec. 10. Minnesota Statutes 2008, section 256J.24, subdivision 10, is amended to read:

Subd. 10. **MFIP exit level.** The commissioner shall adjust the MFIP earned income disregard to ensure that most participants do not lose eligibility for MFIP until their income reaches at least $4,110 percent of the federal poverty guidelines in effect in October of each fiscal year at the time of the adjustment. The adjustment to the disregard shall be based on a household size of three, and the resulting earned income disregard percentage must be applied to all household sizes. The adjustment under this subdivision must be implemented at the same time as the October food stamp or whenever there is a food support cost of living adjustment is reflected in the food portion of MFIP transitional standard as required under subdivision 5a.

**EFFECTIVE DATE.** This section is effective October 1, 2010.

Sec. 11. Minnesota Statutes 2008, section 256J.37, subdivision 3a, is amended to read:

Subd. 3a. **Rental subsidies; unearned income.** (a) **Effective July 1, 2003.** The county agency shall count $50 $100 of the value of public and assisted rental subsidies provided through the Department of Housing and Urban Development (HUD) as unearned income to the cash portion of the MFIP grant. The full amount of the subsidy must be counted as unearned income when the subsidy is less than $50 $100. The income from this subsidy shall be budgeted according to section 256J.34.

(b) The provisions of this subdivision shall not apply to an MFIP assistance unit which includes a participant who is:

(1) age 60 or older;

(2) a caregiver who is suffering from an illness, injury, or incapacity that has been certified by a qualified professional when the illness, injury, or incapacity is expected to continue for more than 30 days and prevents the person from obtaining or retaining employment; or
(3) a caregiver whose presence in the home is required due to the illness or incapacity of another member in the assistance unit, a relative in the household, or a foster child in the household when the illness or incapacity and the need for the participant's presence in the home has been certified by a qualified professional and is expected to continue for more than 30 days.

(c) The provisions of this subdivision shall not apply to an MFIP assistance unit where the parental caregiver is an SSI recipient.

(d) Prior to implementing this provision, the commissioner must identify the MFIP participants subject to this provision and provide written notice to these participants at least 30 days before the first grant reduction. The notice must inform the participant of the basis for the potential grant reduction, the exceptions to the provision, if any, and inform the participant of the steps necessary to claim an exception. A person who is found not to meet one of the exceptions to the provision must be notified and informed of the right to a fair hearing under section 256J.40. The notice must also inform the participant that the participant may be eligible for a rent reduction resulting from a reduction in the MFIP grant and encourage the participant to contact the local housing authority.

**EFFECTIVE DATE.** This section is effective October 1, 2010.

Sec. 12. Minnesota Statutes 2008, section 256J.37, is amended by adding a subdivision to read:

Subd. 11. **Treatment of Supplemental Security Income.** Effective March 1, 2010, the county shall reduce the cash portion of the MFIP grant by up to $70 for an MFIP assistance unit that includes one or more Supplemental Security Income (SSI) recipients who reside in the household, and who would otherwise be included in the MFIP assistance unit under section 256J.24, subdivision 2, but are excluded solely due to the SSI recipient status under section 256J.24, subdivision 3, paragraph (a), clause (1).

If the SSI recipient or recipients receive less than $70 of SSI, only the amount received must be used in calculating the MFIP cash assistance payment. This provision does not apply to relative caregivers who could elect to be included in the MFIP assistance unit under section 256J.24, subdivision 4, unless the caregiver's children or stepchildren are included in the MFIP assistance unit.

**EFFECTIVE DATE.** This section is effective October 1, 2010.

Sec. 13. Minnesota Statutes 2008, section 256J.38, subdivision 1, is amended to read:
Subdivision 1. **Scope of overpayment.** (a) When a participant or former participant receives an overpayment due to agency, client, or ATM error, or due to assistance received while an appeal is pending and the participant or former participant is determined ineligible for assistance or for less assistance than was received, the county agency must recoup or recover the overpayment using the following methods:

- (1) reconstruct each affected budget month and corresponding payment month;
- (2) use the policies and procedures that were in effect for the payment month; and
- (3) do not allow employment disregards in section 256J.21, subdivision 3 or 4, in the calculation of the overpayment when the unit has not reported within two calendar months following the end of the month in which the income was received.

(b) Establishment of an overpayment is limited to 12 months prior to the month of discovery due to agency error and six years prior to the month of discovery due to client error or an intentional program violation determined under section 256.046.

- (1) a participant who meets the requirements for or has been granted a hardship extension under section 256J.425, subdivision 2 or 3, except that it is not necessary for the participant to have reached or be approaching 60 months of eligibility for this section to apply;
- (2) a participant who is applying for Supplemental Security Income or Social Security disability insurance; and
- (3) a participant who is a noncitizen who has been in the United States for 12 or fewer months.

(c) A participant under paragraph (a), clause (3), must be provided with English as a second language opportunities and skills training for up to 12 months. After 12 months, the case manager and participant must determine whether the participant should continue with English as a second language classes or skills training, or both, and continue to receive family stabilization services.

**EFFECTIVE DATE.** This section is effective March 1, 2010.

Sec. 15. Minnesota Statutes 2008, section 256J.575, subdivision 6, is amended to read:

The appropriate number of hours must be based on the participant's plan.

(c) The case manager shall review the participant's progress toward the goals in the family stabilization plan every six months to determine whether conditions have changed, including whether revisions to the plan are needed.

(d) A participant's requirement to comply with any or all family stabilization plan requirements under this subdivision is excused when the case management services, training and educational services, or family support services identified in the participant's family stabilization plan are unavailable for reasons beyond the control of the participant, including when money appropriated is not sufficient to provide the services.

Sec. 16. Minnesota Statutes 2008, section 256J.575, subdivision 7, is amended to read:

Subd. 7. Sanctions. (a) The county agency or employment services provider must follow the requirements of this subdivision at the time the county agency or employment services provider has information that an MFIP recipient may meet the eligibility criteria in subdivision 3.

(b) The financial assistance grant of a participating family is reduced according to section 256J.46, if a participating adult fails without good cause to comply or continue to comply with the family stabilization plan requirements in this subdivision, unless compliance has been excused under subdivision 6, paragraph (d).

(c) Given the purpose of the family stabilization services in this section and the nature of the underlying family circumstances that act as barriers to both employment and full compliance with program requirements, there must be a review by the county agency prior to imposing a sanction to determine whether the plan was appropriated to the needs of the participant and family. There must be a current assessment by a behavioral health or medical professional confirming that the participant in all ways had the ability to comply with the plan, as confirmed by a behavioral health or medical professional.

(d) Prior to the imposition of a sanction, the county agency or employment services provider shall review the participant's case to determine if the family stabilization plan is still appropriate and meet with the participant face-to-face. The participant may
33.1 bring an advocate. The county agency or employment services provider must inform the
33.2 participant of the right to bring an advocate to the face-to-face meeting.
33.3
33.4 During the face-to-face meeting, the county agency shall:
33.5 (1) determine whether the continued noncompliance can be explained and mitigated
33.6 by providing a needed family stabilization service, as defined in subdivision 2, paragraph
33.7 (d);
33.8 (2) determine whether the participant qualifies for a good cause exception under
33.9 section 256J.57, or if the sanction is for noncooperation with child support requirements,
33.10 determine if the participant qualifies for a good cause exemption under section 256.741,
33.11 subdivision 10;
33.12 (3) determine whether activities in the family stabilization plan are appropriate
33.13 based on the family’s circumstances;
33.14 (4) explain the consequences of continuing noncompliance;
33.15 (5) identify other resources that may be available to the participant to meet the
33.16 needs of the family; and
33.17 (6) inform the participant of the right to appeal under section 256J.40.
33.18 If the lack of an identified activity or service can explain the noncompliance, the
33.19 county shall work with the participant to provide the identified activity.
33.20 (d) If the participant fails to come to the face-to-face meeting, the case manager or a
33.21 designee shall attempt at least one home visit. If a face-to-face meeting is not conducted,
33.22 the county agency shall send the participant a written notice that includes the information
33.23 under paragraph (c).
33.24 (e) After the requirements of paragraphs (c) and (d) are met and prior to imposition
33.25 of a sanction, the county agency shall provide a notice of intent to sanction under section
33.26 256J.57, subdivision 2, and, when applicable, a notice of adverse action under section
33.27 256J.31.

33.29 by this subdivision.

33.32 or upon terminating the Minnesota family investment program with earnings, a participant
33.33 who is employed may be eligible for work participation cash benefits of $75.50 per
33.34 month to assist in meeting the family’s basic needs as the participant continues to move
33.35 toward self-sufficiency.
(b) To be eligible for work participation cash benefits, the participant shall not receive MFIP or diversionary work program assistance during the month and the participant or participants must meet the following work requirements:

(1) if the participant is a single caregiver and has a child under six years of age, the participant must be employed at least 87 hours per month;

(c) Expenditures on the program are maintenance of effort state funds under a separate state program for participants under paragraph (b), clauses (1) and (2). Expenditures for participants under paragraph (b), clause (3), are nonmaintenance of effort funds. provided as an alternative to emergency room services and may change or waive existing
payment policies in order to adequately reimburse providers for providing cost-effective
alternative services in outpatient or urgent care settings. The commissioner may establish
a project in conjunction with the initiative authorized under subdivisions 1 and 2, or
establish new initiatives, or may implement both approaches.

Sec. 8. Minnesota Statutes 2008, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. Payments. (a) Acute care hospital billings under the medical
assistance program must not be submitted until the recipient is discharged. However,
the commissioner shall establish monthly interim payments for inpatient hospitals that
have individual patient lengths of stay over 30 days regardless of diagnostic category.
Except as provided in section 256.9693, medical assistance reimbursement for treatment
of mental illness shall be reimbursed based on diagnostic classifications. Individual
hospital payments established under this section and sections 256.9685, 256.9686, and
256.9695, in addition to third party and recipient liability, for discharges occurring during
the rate year shall not exceed, in aggregate, the charges for the medical assistance covered
inpatient services paid for the same period of time to the hospital. This payment limitation
shall be calculated separately for medical assistance and general assistance medical
care services. The limitation on general assistance medical care shall be effective for
admissions occurring on or after July 1, 1991. Services that have rates established under
subdivision 11 or 12, must be limited separately from other services. After consulting with
the affected hospitals, the commissioner may consider related hospitals one entity and
may merge the payment rates while maintaining separate provider numbers. The operating
and property base rates per admission or per day shall be derived from the best Medicare
and claims data available when rates are established. The commissioner shall determine
the best Medicare and claims data, taking into consideration variables of recency of the
data, audit disposition, settlement status, and the ability to set rates in a timely manner.
The commissioner shall notify hospitals of payment rates by December 1 of the year
preceding the rate year. The rate setting data must reflect the admissions data used to
establish relative values. Base year changes from 1981 to the base year established for the
rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited
to the limits ending June 30, 1987, on the maximum rate of increase under subdivision
1. The commissioner may adjust base year cost, relative value, and case mix index data
to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

(b) For fee-for-service admissions occurring on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for inpatient services is reduced by .5 percent from the current statutory rates.

(c) In addition to the reduction in paragraph (b), the total payment for fee-for-service admissions occurring on or after July 1, 2003, made to hospitals for inpatient services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2009, through June 30, 2009, to reflect this reduction.

(f) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2008, through June 30, 2010, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.9 percent from the current statutory rates. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2010, to reflect this reduction.

The accumulation of the clothing and personal needs allowance according to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. beneficiary's death or termination of the trust, and must only be used for the benefit of
disabled individuals who have a beneficiary interest in the pooled trust.

EFFECTIVE DATE. This section is effective for pooled trust accounts established
on or after January 1, 2011.

determined. The agency must provide notice of presumptive eligibility and information
on the procedures for completing the eligibility process. The presumptive period ends
on the earlier of the date of the determination for medical assistance eligibility, or the
last day of the month following the presumptive eligibility determination if a complete
application with requested verifications is not submitted by that date. Enrollees who are
terminated for failure to complete an application or provide verifications cannot be granted
presumptive eligibility again for 12 months.

**EFFECTIVE DATE.** This section is effective July 1, 2011, or upon federal
approval, whichever is later.

Sec. 13. Minnesota Statutes 2008, section 256B.057, subdivision 3, is amended to read:

**Subd. 3. Qualified Medicare beneficiaries.** A person who is entitled to Part A
Medicare benefits, whose income is equal to or less than 100 percent of the federal
poverty guidelines, and whose assets are no more than $10,000 for a single individual.
and $18,000 for a married couple or family of two or more the maximum resource

according to United States Code, title 42, section 1396d(p)(1)(C), is eligible for medical
assistance reimbursement of Part A and Part B premiums, Part A and Part B coinsurance
and deductibles, and cost-effective premiums for enrollment with a health maintenance
organization or a competitive medical plan under section 1876 of the Social Security Act.
Reimbursement of the Medicare coinsurance and deductibles, when added to the amount
paid by Medicare, must not exceed the total rate the provider would have received for the
same service or services if the person were a medical assistance recipient with Medicare
coverage. Increases in benefits under Title II of the Social Security Act shall not be
counted as income for purposes of this subdivision until July 1 of each year.

**EFFECTIVE DATE.** This section is effective January 1, 2012.

Sec. 14. Minnesota Statutes 2008, section 256B.057, subdivision 9, is amended to read:

Subd. 9. **Employed persons with disabilities.** (a) Medical assistance may be paid
for a person who is employed and who:

(1) meets the definition of disabled under the supplemental security income program;
(2) is at least 16 but less than 65 years of age;
(3) meets the asset limits in paragraph (e); and
(4) effective November 1, 2003, pays a premium and other obligations under
paragraph (e).

Any spousal income or assets shall be disregarded for purposes of eligibility and premium
determinations.

(b) After the month of enrollment, a person enrolled in medical assistance under
this subdivision who:

(1) is temporarily unable to work and without receipt of earned income due to a
medical condition, as verified by a physician, may retain eligibility for up to four calendar
months; or
(2) effective January 1, 2004, loses employment for reasons not attributable to the
enrollee, may retain eligibility for up to four consecutive months after the month of job
loss. To receive a four-month extension, enrollees must verify the medical condition or
provide notification of job loss. All other eligibility requirements must be met and the
enrollee must pay all calculated premium costs for continued eligibility.

(c) For purposes of determining eligibility under this subdivision, a person's assets
must not exceed $20,000, excluding:
(1) all assets excluded under section 256B.056;

(2) retirement accounts, including individual accounts, 401(k) plans, 403(b) plans, Keogh plans, and pension plans; and

(3) medical expense accounts set up through the person's employer.

(d)(1) Effective January 1, 2004, for purposes of eligibility, there will be a $65 earned income disregard. To be eligible, a person applying for medical assistance under this subdivision must have earned income above the disregard level.

(2) Effective January 1, 2004, to be considered earned income, Medicare, Social Security, and applicable state and federal income taxes must be withheld. To be eligible, a person must document earned income tax withholding.

(e)(1) A person whose earned and unearned income is equal to or greater than 100 percent of federal poverty guidelines for the applicable family size must pay a premium to be eligible for medical assistance under this subdivision. The premium shall be based on the person's gross earned and unearned income and the applicable family size using a sliding fee scale established by the commissioner, which begins at one percent of income at 100 percent of the federal poverty guidelines and increases to 7.5 percent of income for those with incomes at or above 300 percent of the federal poverty guidelines. Annual adjustments in the premium schedule based upon changes in the federal poverty guidelines shall be effective for premiums due in July of each year.

(2) Effective January 1, 2004, all enrollees must pay a premium to be eligible for medical assistance under this subdivision. An enrollee shall pay the greater of a $35, $50 premium or the premium calculated in clause (1).

(3) Effective November 1, 2003, all enrollees who receive unearned income must pay one-half of one 2.5 percent of unearned income in addition to the premium amount.

(4) Effective November 1, 2003, for enrollees whose income does not exceed 200 percent of the federal poverty guidelines and who are also enrolled in Medicare, the commissioner must reimburse the enrollee for Medicare Part B premiums under section 256B.0625, subdivision 15, paragraph (a).

(5) Increases in benefits under title II of the Social Security Act shall not be counted as income for purposes of this subdivision until July 1 of each year.

(f) A person's eligibility and premium shall be determined by the local county agency. Premiums must be paid to the commissioner. All premiums are dedicated to the commissioner.

(g) Any required premium shall be determined at application and redetermined at the enrollee's six-month income review or when a change in income or household size is reported. Enrollees must report any change in income or household size within ten days.
of when the change occurs. A decreased premium resulting from a reported change in
income or household size shall be effective the first day of the next available billing month
after the change is reported. Except for changes occurring from annual cost-of-living
increases, a change resulting in an increased premium shall not affect the premium amount
until the next six-month review.

(h) Premium payment is due upon notification from the commissioner of the
premium amount required. Premiums may be paid in installments at the discretion of
the commissioner.

(i) Nonpayment of the premium shall result in denial or termination of medical
assistance unless the person demonstrates good cause for nonpayment. Good cause exists
if the requirements specified in Minnesota Rules, part 9506.0040, subpart 7, items B to
D, are met. Except when an installment agreement is accepted by the commissioner,
all persons disenrolled for nonpayment of a premium must pay any past due premiums
as well as current premiums due prior to being reenrolled. Nonpayment shall include
payment with a returned, refused, or dishonored instrument. The commissioner may
require a guaranteed form of payment as the only means to replace a returned, refused,
or dishonored instrument.

**EFFECTIVE DATE.** This section is effective January 1, 2011.

Sec. 15. Minnesota Statutes 2008, section 256B.057, is amended by adding a
subdivision to read:

Subd. 11. **Treatment for colorectal cancer.** (a) State-only funded medical
assistance may be paid for an individual who:

(1) has been screened for colorectal cancer by the colorectal cancer prevention
demonstration project;

(2) according to the individual’s treating health professional, needs treatment for
colorectal cancer;

(3) meets income eligibility guidelines for the colorectal cancer prevention
demonstration project;

(4) is under the age of 65; and

(5) is not otherwise eligible for federally funded medical assistance or covered under
creditable coverage as defined under United States Code, title 42, section 1396a(aa).

(b) Medical assistance provided under this subdivision shall be limited to services
provided during the period that the individual receives treatment for colorectal cancer.
An individual meeting the criteria in paragraph (a) is eligible for state-only funded medical assistance without meeting the eligibility criteria relating to income and assets in section 256B.056, subdivisions 1a to 5b.

Sec. 16. Minnesota Statutes 2008, section 256B.0575, is amended to read:

**256B.0575 AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.**

Subdivision 1. Income deductions. When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

1. the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, or a surviving spouse of a veteran having no child, the amount of an improved pension received from the veteran's administration not exceeding $90 per month;

2. the personal allowance for disabled individuals under section 256B.36;

3. if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to $100 as reimbursement for guardianship or conservatorship services;

4. a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

5. a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only to the extent that the deduction is not included in the personal needs allowance under section 256B.35, subdivision 1, as child support garnished under a court order;

6. a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

7. reparations payments made by the Federal Republic of Germany and reparations payments made by the Netherlands for victims of Nazi persecution between 1940 and 1945;
(8) all other exclusions from income for institutionalized persons as mandated by federal law; and

(9) amounts for reasonable expenses, as specified in subdivision 2, incurred for necessary medical or remedial care for the institutionalized person that are recognized under state law, not medical assistance covered expenses, and that are not subject to payment by a third party.

Reasonable expenses are limited to expenses that have not been previously used as a deduction from income and are incurred during the enrollee’s current period of eligibility, including retroactive months associated with the current period of eligibility, for medical assistance payment of long-term care services.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person’s spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Subd. 2. Reasonable expenses. (a) For the purposes of subdivision 1, paragraph (a), clause (9), reasonable expenses are limited to expenses that have not been previously used as a deduction from income and were not:

(1) for long-term care expenses incurred during a period of ineligibility as defined in section 256B.0595, subdivision 2;

(2) incurred more than three months before the month of application associated with the current period of eligibility;
(3) for expenses incurred by a recipient that are duplicative of services that are
covered under chapter 256B; or

(4) nursing facility expenses incurred without a timely assessment as required under
section 256B.0911.

Sec. 17. Minnesota Statutes 2008, section 256B.0595, subdivision 1, is amended to
read:

Subdivision 1. Prohibited transfers. (a) For transfers of assets made on or before
August 10, 1993, if an institutionalized person or the institutionalized person's spouse has
given away, sold, or disposed of, for less than fair market value, any asset or interest
therein, except assets other than the homestead that are excluded under the supplemental
security program, within 30 months before or any time after the date of institutionalization
if the person has been determined eligible for medical assistance, or within 30 months
before or any time after the date of the first approved application for medical assistance
if the person has not yet been determined eligible for medical assistance, the person is
ineligible for long-term care services for the period of time determined under subdivision
2.

(b) Effective for transfers made after August 10, 1993, an institutionalized person, an
institutionalized person's spouse, or any person, court, or administrative body with legal
authority to act in place of, on behalf of, at the direction of, or upon the request of the
institutionalized person or institutionalized person's spouse, may not give away, sell, or
dispose of, for less than fair market value, any asset or interest therein, except assets other
than the homestead that are excluded under the Supplemental Security Income program,
for the purpose of establishing or maintaining medical assistance eligibility. This applies
to all transfers, including those made by a community spouse after the month in which
the institutionalized spouse is determined eligible for medical assistance. For purposes of
determining eligibility for long-term care services, any transfer of such assets within 36
months before or any time after an institutionalized person requests medical assistance
payment of long-term care services, or 36 months before or any time after a medical
assistance recipient becomes an institutionalized person, for less than fair market value
may be considered. Any such transfer is presumed to have been made for the purpose
of establishing or maintaining medical assistance eligibility and the institutionalized
person is ineligible for long-term care services for the period of time determined under
subdivision 2, unless the institutionalized person furnishes convincing evidence to
establish that the transaction was exclusively for another purpose, or unless the transfer is
permitted under subdivision 3 or 4. In the case of payments from a trust or portions of a
trust that are considered transfers of assets under federal law, or in the case of any other
disposal of assets made on or after February 8, 2006, any transfers made within 60 months
before or any time after an institutionalized person requests medical assistance payment of
long-term care services and within 60 months before or any time after a medical assistance
recipient becomes an institutionalized person, may be considered.

(c) This section applies to transfers, for less than fair market value, of income
or assets, including assets that are considered income in the month received, such as
inheritions, court settlements, and retroactive benefit payments or income to which the
institutionalized person or the institutionalized person’s spouse is entitled but does not
receive due to action by the institutionalized person, the institutionalized person's spouse,
or any person, court, or administrative body with legal authority to act in place of, on
behalf of, at the direction of, or upon the request of the institutionalized person or the
institutionalized person's spouse.

(d) This section applies to payments for care or personal services provided by a
relative, unless the compensation was stipulated in a notarized, written agreement which
was in existence when the service was performed, the care or services directly benefited
the person, and the payments made represented reasonable compensation for the care
or services provided. A notarized written agreement is not required if payment for the
services was made within 60 days after the service was provided.

(e) This section applies to the portion of any asset or interest that an institutionalized
person, an institutionalized person’s spouse, or any person, court, or administrative body
with legal authority to act in place of, on behalf of, at the direction of, or upon the request
of the institutionalized person or the institutionalized person's spouse, transfers to any
annuity that exceeds the value of the benefit likely to be returned to the institutionalized
person or institutionalized person’s spouse while alive, based on estimated life expectancy
as determined according to the current actuarial tables published by the Office of the
Chief Actuary of the Social Security Administration. The commissioner may adopt rules
reducing life expectancies based on the need for long-term care. This section applies to an
annuity purchased on or after March 1, 2002, that:

(1) is not purchased from an insurance company or financial institution that is
subject to licensing or regulation by the Minnesota Department of Commerce or a similar
regulatory agency of another state;

(2) does not pay out principal and interest in equal monthly installments; or

(3) does not begin payment at the earliest possible date after annuitization.

(f) Effective for transactions, including the purchase of an annuity, occurring on or
after February 8, 2006, by or on behalf of an institutionalized person who has applied for
or is receiving long-term care services or the institutionalized person's spouse shall be treated as the disposal of an asset for less than fair market value unless the department is named a preferred remainder beneficiary as described in section 256B.056, subdivision 11. Any subsequent change to the designation of the department as a preferred remainder beneficiary shall result in the annuity being treated as a disposal of assets for less than fair market value. The amount of such transfer shall be the maximum amount the institutionalized person or the institutionalized person's spouse could receive from the annuity or similar financial instrument. Any change in the amount of the income or principal being withdrawn from the annuity or other similar financial instrument at the time of the most recent disclosure shall be deemed to be a transfer of assets for less than fair market value unless the institutionalized person or the institutionalized person's spouse demonstrates that the transaction was for fair market value. In the event a distribution of income or principal has been improperly distributed or disbursed from an annuity or other retirement planning instrument of an institutionalized person or the institutionalized person's spouse, a cause of action exists against the individual receiving the improper distribution for the cost of medical assistance services provided or the amount of the improper distribution, whichever is less.

(g) Effective for transactions, including the purchase of an annuity, occurring on or after February 8, 2006, by or on behalf of an institutionalized person applying for or receiving long-term care services shall be treated as a disposal of assets for less than fair market value unless it is:

(i) an annuity described in subsection (b) or (q) of section 408 of the Internal Revenue Code of 1986; or

(ii) purchased with proceeds from:

(A) an account or trust described in subsection (a), (c), or (p) of section 408 of the Internal Revenue Code;

(B) a simplified employee pension within the meaning of section 408(k) of the Internal Revenue Code; or

(C) a Roth IRA described in section 408A of the Internal Revenue Code; or

(iii) an annuity that is irrevocable and nonassignable; is actuarially sound as determined in accordance with actuarial publications of the Office of the Chief Actuary of the Social Security Administration; and provides for payments in equal amounts during the term of the annuity, with no deferral and no balloon payments made.

(h) For purposes of this section, long-term care services include services in a nursing facility, services that are eligible for payment according to section 256B.0625, subdivision 2, because they are provided in a swing bed, intermediate care facility for persons with
developmental disabilities, and home and community-based services provided pursuant
to sections 256B.0915, 256B.092, and 256B.49. For purposes of this subdivision and
subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient
in a nursing facility or in a swing bed, or intermediate care facility for persons with
developmental disabilities or who is receiving home and community-based services under
sections 256B.0915, 256B.092, and 256B.49.

(i) This section applies to funds used to purchase a promissory note, loan, or
mortgage unless the note, loan, or mortgage:

(1) has a repayment term that is actuarially sound;

(2) provides for payments to be made in equal amounts during the term of the loan,
with no deferral and no balloon payments made; and

(3) prohibits the cancellation of the balance upon the death of the lender.

In the case of a promissory note, loan, or mortgage that does not meet an exception
in clauses (1) to (3), the value of such note, loan, or mortgage shall be the outstanding
balance due as of the date of the institutionalized person's request for medical assistance
payment of long-term care services.

(j) This section applies to the purchase of a life estate interest in another person's
home unless the purchaser resides in the home for a period of at least one year after the
date of purchase.

(k) This section applies to transfers into a pooled trust that qualifies under United
States Code, title 42, section 1396p(d)(4)(C), by:

(1) a person age 65 or older or the person's spouse; or

(2) any person, court, or administrative body with legal authority to act in place
of, on behalf of, at the direction of, or upon the request of a person age 65 or older or
the person's spouse.

Sec. 18. Minnesota Statutes 2008, section 256B.0595, subdivision 2, is amended to
read:

Subd. 2. Period of ineligibility for long-term care services. (a) For any
uncompensated transfer occurring on or before August 10, 1993, the number of months
of ineligibility for long-term care services shall be the lesser of 30 months, or the
uncompensated transfer amount divided by the average medical assistance rate for nursing
facility services in the state in effect on the date of application. The amount used to
calculate the average medical assistance payment rate shall be adjusted each July 1 to
reflect payment rates for the previous calendar year. The period of ineligibility begins
with the month in which the assets were transferred. If the transfer was not reported to
the local agency at the time of application, and the applicant received long-term care
services during what would have been the period of ineligibility if the transfer had been
reported, a cause of action exists against the transferee for the cost of long-term care
services provided during the period of ineligibility, or for the uncompensated amount of
the transfer, whichever is less. The uncompensated transfer amount is the fair market
value of the asset at the time it was given away, sold, or disposed of, less the amount of
compensation received.

(b) For uncompensated transfers made after August 10, 1993, the number of months
of ineligibility for long-term care services shall be the total uncompensated value of the
resources transferred divided by the average medical assistance rate for nursing facility
services in the state in effect on the date of application. The amount used to calculate
the average medical assistance payment rate shall be adjusted each July 1 to reflect
payment rates for the previous calendar year. The period of ineligibility begins with the
first day of the month after the month in which the assets were transferred except that
if one or more uncompensated transfers are made during a period of ineligibility, the
total assets transferred during the ineligibility period shall be combined and a penalty
period calculated to begin on the first day of the month after the month in which the first
uncompensated transfer was made. If the transfer was reported to the local agency after
the date that advance notice of a period of ineligibility that affects the next month could
be provided to the recipient and the recipient received medical assistance services or the
transfer was not reported to the local agency, and the applicant or recipient received
medical assistance services during what would have been the period of ineligibility if
the transfer had been reported, a cause of action exists against the transferee for that
portion of long-term care services provided during the period of ineligibility, or for the
uncompensated amount of the transfer, whichever is less. The uncompensated transfer
amount is the fair market value of the asset at the time it was given away, sold, or disposed
of, less the amount of compensation received. Effective for transfers made on or after
March 1, 1996, involving persons who apply for medical assistance on or after April 13,
1996, no cause of action exists for a transfer unless:

(1) the transferee knew or should have known that the transfer was being made by a
person who was a resident of a long-term care facility or was receiving that level of care in
the community at the time of the transfer;

(2) the transferee knew or should have known that the transfer was being made to
assist the person to qualify for or retain medical assistance eligibility; or

(3) the transferee actively solicited the transfer with intent to assist the person to
qualify for or retain eligibility for medical assistance.
(c) For uncompensated transfers made on or after February 8, 2006, the period of ineligibility:

(1) for uncompensated transfers by or on behalf of individuals receiving medical assistance payment of long-term care services, begins the first day of the month following advance notice of the penalty period of ineligibility, but no later than the first day of the month that follows three full calendar months from the date of the report or discovery of the transfer; or

(2) for uncompensated transfers by individuals requesting medical assistance payment of long-term care services, begins the date on which the individual is eligible for medical assistance under the Medicaid state plan and would otherwise be receiving long-term care services based on an approved application for such care but for the application of the penalty period of ineligibility resulting from the uncompensated transfer; and

(3) cannot begin during any other period of ineligibility.

(d) If a calculation of a penalty period of ineligibility results in a partial month, payments for long-term care services shall be reduced in an amount equal to the fraction.

(e) In the case of multiple fractional transfers of assets in more than one month for less than fair market value on or after February 8, 2006, the period of ineligibility is calculated by treating the total, cumulative, uncompensated value of all assets transferred during all months on or after February 8, 2006, as one transfer.

(f) A period of ineligibility established under paragraph (c) may be eliminated if all of the assets transferred for less than fair market value used to calculate the period of ineligibility, or cash equal to the value of the assets at the time of the transfer, are returned within 12 months after the date the period of ineligibility began. A period of ineligibility must not be adjusted if less than the full amount of the transferred assets or the full cash value of the transferred assets are returned.

**EFFECTIVE DATE.** This section is effective for periods of ineligibility established on or after January 1, 2011.

Sec. 19. Minnesota Statutes 2008, section 256B.06, subdivision 4, is amended to read:

with the United States Citizenship and Immigration Services to pursue any applicable

for medical assistance with federal financial participation through December 31, 1996.

(2) Beginning January 1, 1997, persons described in clause (1) are eligible for
medical assistance without federal financial participation as described in paragraph (j).

(3) Beginning December 1, 1996, persons residing in the United States prior to

or after August 22, 1996, are eligible for medical assistance without federal financial
participation as described in paragraph (j).

(f) Nonimmigrants who otherwise meet the eligibility requirements of this chapter
are eligible for the benefits as provided in paragraphs (g) to (i). For purposes of this
subdivision, a "nonimmigrant" is a person in one of the classes listed in United States
Code, title 8, section 1101(a)(15).

(g) Payment shall also be made for care and services that are furnished to noncitizens,
regardless of immigration status, who otherwise meet the eligibility requirements of
this chapter, if such care and services are necessary for the treatment of an emergency
medical condition, except for organ transplants and related care and services and routine
prenatal care.

The Health Services Policy Committee shall advise the commissioner regarding health services pertaining to the administration of health care benefits covered under the medical assistance, general assistance medical care, and MinnesotaCare programs. The Health Services Policy Committee shall meet at least quarterly. The Health Services Policy Committee shall annually elect a physician chair from among its members, who shall work directly with the commissioner's medical director, to establish the agenda for each meeting. The Health Services Policy Committee shall also recommend criteria for verifying centers of excellence for specific aspects of medical care where a specific set of combined services, a volume of patients necessary to maintain a high level of competency, or a specific level of technical capacity is associated with improved health outcomes.

high medical costs. The commissioner, based upon the findings of the committee, shall
regularly notify physicians whose practice patterns indicate higher than average utilization
or costs. Managed care and county-based purchasing plans shall provide the committee
with utilization and cost data necessary to implement this paragraph.

Sec. 22. Minnesota Statutes 2008, section 256B.0625, subdivision 9, is amended to

(6) panoramic x-rays, limited to one every five years, and only if provided in
conjunction with a posterior extraction or scheduled outpatient facility procedure, or as
medically necessary for the diagnosis and follow-up of oral and maxillofacial pathology

cooperate for intraoral film due to a developmental disability or medical condition that
does not allow for intraoral film placement;

Sec. 23. Minnesota Statutes 2008, section 256B.0625, subdivision 13e, is amended to read:

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee; the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee; or the usual and customary price charged to the public. The amount of payment basis must be reduced to reflect all discount amounts applied to the charge by any provider/insurer agreement or contract for submitted charges to medical assistance programs. The net submitted charge may not be greater than the patient liability for the service. The pharmacy dispensing fee shall be $3.65, except that the dispensing fee for intravenous solutions which must be compounded by the pharmacist shall be $8 per bag, $14 per bag for cancer chemotherapy products, and $30 per bag for total parenteral nutritional products dispensed in one liter quantities, or $44 per bag for total parenteral nutritional products dispensed in quantities greater than one liter. Actual acquisition cost includes quantity and other special discounts except time and cash discounts.

Effective July 1, 2008, the actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus +15 percent. The actual acquisition cost...
cost of antihemophilic factor drugs shall be estimated at the average wholesale price
minus 30 percent. The maximum allowable cost of a multisource drug may be set by the
commissioner and it shall be comparable to, but no higher than, the maximum amount
paid by other third-party payors in this state who have maximum allowable cost programs.
Establishment of the amount of payment for drugs shall not be subject to the requirements
of the Administrative Procedure Act.

(b) An additional dispensing fee of $.30 may be added to the dispensing fee paid
to pharmacists for legend drug prescriptions dispensed to residents of long-term care
facilities when a unit dose blister card system, approved by the department, is used. Under
this type of dispensing system, the pharmacist must dispense a 30-day supply of drug.
The National Drug Code (NDC) from the drug container used to fill the blister card must
be identified on the claim to the department. The unit dose blister card containing the
drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700,
that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider
will be required to credit the department for the actual acquisition cost of all unused
drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the
manufacturer's unopened package. The commissioner may permit the drug clozapine to be
dispensed in a quantity that is less than a 30-day supply.

(c) Whenever a generically equivalent product is available, payment shall be on the
basis of the actual acquisition cost of the generic drug, or on the maximum allowable cost
established by the commissioner.

(d) The basis for determining the amount of payment for drugs administered in an
outpatient setting shall be the lower of the usual and customary cost submitted by the
provider or the amount established for Medicare by the United States Department of
Health and Human Services pursuant to title XVIII, section 1847a of the federal Social
Security Act.

(e) The commissioner may negotiate lower reimbursement rates for specialty
pharmacy products than the rates specified in paragraph (a). The commissioner may
require individuals enrolled in the health care programs administered by the department
to obtain specialty pharmacy products from providers with whom the commissioner has
negotiated lower reimbursement rates. Specialty pharmacy products are defined as those
used by a small number of recipients or recipients with complex and chronic diseases
that require expensive and challenging drug regimens. Examples of these conditions
include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis
C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms
of cancer. Specialty pharmaceutical products include injectable and infusion therapies,
biotechnology drugs, high-cost therapies, and therapies that require complex care. The commissioner shall consult with the formulary committee to develop a list of specialty pharmacy products subject to this paragraph. In consulting with the formulary committee in developing this list, the commissioner shall take into consideration the population served by specialty pharmacy products, the current delivery system and standard of care in the state, and access to care issues. The commissioner shall have the discretion to adjust the reimbursement rate to prevent access to care issues.

**EFFECTIVE DATE.** This section is effective July 1, 2009.

Sec. 24. Minnesota Statutes 2008, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. Transportation costs. (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by eligible persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the recipient has a physical or mental impairment that would prohibit the recipient from safely accessing and using a bus, taxi, other commercial transportation, or private automobile.

The commissioner may use an order by the recipient's attending physician to certify that the recipient requires special transportation services. Special transportation includes driver-assisted service to eligible individuals. Driver-assisted service includes passenger pickup at and return to the individual's residence or place of business, assistance with admittance of the individual to the medical facility, and assistance in passenger securement or in securing of wheelchairs or stretchers in the vehicle. Special transportation providers must obtain written documentation from the health care service provider who is serving the recipient being transported, identifying the time that the recipient arrived. Special transportation providers may not bill for separate base rates for the continuation of a trip beyond the original destination. Special transportation providers must take recipients to the nearest appropriate health care provider, using the most direct route available. The maximum medical assistance reimbursement rates for special transportation services are:

(1) $17 for the base rate and $1.35 $1.65 per mile for services to eligible persons who need a wheelchair-accessible van;
2. **$8.50** for the base rate and $1.30 per mile for services to eligible persons who do not need a wheelchair-accessible van; and

3. $60 for the base rate and $2.40 per mile, and an attendant rate of $9 per trip, for services to eligible persons who need a stretcher-accessible vehicle.

Sec. 25. Minnesota Statutes 2008, section 256B.0625, subdivision 26, is amended to read:

Subd. 26. **Special education services.** (a) Medical assistance covers medical services identified in a recipient's individualized education plan and covered under the medical assistance state plan. Covered services include occupational therapy, physical therapy, speech-language therapy, clinical psychological services, nursing services, school psychological services, school social work services, personal care assistants serving as management aides, assistive technology devices, transportation services, health assessments, and other services covered under the medical assistance state plan.

Mental health services eligible for medical assistance reimbursement must be provided or coordinated through a children's mental health collaborative where a collaborative exists if the child is included in the collaborative operational target population. The provision or coordination of services does not require that the individual education plan be developed by the collaborative.

The services may be provided by a Minnesota school district that is enrolled as a medical assistance provider or its subcontractor, and only if the services meet all the requirements otherwise applicable if the service had been provided by a provider other than a school district, in the following areas: medical necessity, physician's orders, documentation, personnel qualifications, and prior authorization requirements. The nonfederal share of costs for services provided under this subdivision is the responsibility of the local school district as provided in section 125A.74. Services listed in a child's individual education plan are eligible for medical assistance reimbursement only if those services meet criteria for federal financial participation under the Medicaid program.

(b) Approval of health-related services for inclusion in the individual education plan does not require prior authorization for purposes of reimbursement under this chapter.

The commissioner may require physician review and approval of the plan not more than once annually or upon any modification of the individual education plan that reflects a change in health-related services.

(c) Services of a speech-language pathologist provided under this section are covered notwithstanding Minnesota Rules, part 9505.0390, subpart 1, item L, if the person:

1. holds a masters degree in speech-language pathology;
(2) is licensed by the Minnesota Board of Teaching as an educational
speech-language pathologist; and

(3) either has a certificate of clinical competence from: the American Speech and
Hearing Association, has completed the equivalent educational requirements and work
experience necessary for the certificate or has completed the academic program and is
acquiring supervised work experience to qualify for the certificate.

(d) Medical assistance coverage for medically necessary services provided under
other subdivisions in this section may not be denied solely on the basis that the same or
similar services are covered under this subdivision.

(e) The commissioner shall develop and implement package rates, bundled rates, or
per diem rates for special education services under which separately covered services are
grouped together and billed as a unit in order to reduce administrative complexity.

(f) The commissioner shall develop a cost-based payment structure for payment
of these services. The commissioner shall reimburse claims submitted based on an
interim rate, and shall settle at a final rate once the department has determined it. The
commissioner shall notify the school district of the final rate. The school district has 60
days to appeal the final rate. To appeal the final rate, the school district shall file a written
appeal request to the commissioner within 60 days of the date the final rate determination
was mailed. The appeal request shall specify (1) the disputed items and (2) the name and
address of the person to contact regarding the appeal.

(g) Effective July 1, 2000, medical assistance services provided under an individual
education plan or an individual family service plan by local school districts shall not count
against medical assistance authorization thresholds for that child.

(h) Nursing services as defined in section 148.171, subdivision 15, and provided
as an individual education plan health-related service, are eligible for medical assistance
payment if they are otherwise a covered service under the medical assistance program.
Medical assistance covers the administration of prescription medications by a licensed
nurse who is employed by or under contract with a school district when the administration
of medications is identified in the child's individualized education plan. The simple
administration of medications alone is not covered under medical assistance when
administered by a provider other than a school district or when it is not identified in the
child's individualized education plan.

Sec. 26. Minnesota Statutes 2008, section 256B.0631, subdivision 1, is amended to
read:
Subdivision 1. **Co-payments.** (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after October 1, 2003, and before January 1, 2009: July 1, 2009:

1. $3 per nonpreventive visit. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

2. $3 for eyeglasses;

3. $6 for nonemergency visits to a hospital-based emergency room; and

4. $3 per brand-name drug prescription and $1 per generic drug prescription; subject to a $12 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness.

(b) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after January 1, 2009:

1. $6 for nonemergency visits to a hospital-based emergency room;

2. (2) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $7 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness; and

3. (5) for individuals identified by the commissioner with income at or below 100 percent of the federal poverty guidelines, total monthly co-payments must not exceed five percent of family income. For purposes of this paragraph, family income is the total earned and unearned income of the individual and the individual's spouse, if the spouse is enrolled in medical assistance and also subject to the five percent limit on co-payments.

(b) Recipients of medical assistance are responsible for all co-payments in this subdivision.

Sec. 27. [256B.0755] PAYMENT REFORM DEMONSTRATION PROJECT FOR SPECIAL PATIENT POPULATIONS.

Subdivision 1. **Demonstration project.** (a) The commissioner of human services, in consultation with the commissioner of health, shall establish a payment reform demonstration project implementing an alternative payment system for health care providers serving an identified group of patients who are enrolled in a state health care program, and are either high utilizers of high-cost health care services or have characteristics that put them at high risk of becoming high utilizers. The purpose of the
(b) The commissioner shall give the highest priority to projects that will serve patients who have chronic medical conditions or complex medical needs that are complicated by a physical disability, serious mental illness, or serious socioeconomic factors such as poverty, homelessness, or language or cultural barriers. The commissioner shall also give the highest priority to providers or groups of providers who have the highest concentrations of patients with these characteristics.

(c) The commissioner must implement this payment reform demonstration project in a manner consistent with the payment reform initiative provided in sections 62U.02 to 62U.04.

(d) For purposes of this section, "state health care program" means the medical assistance, MinnesotaCare, and general assistance medical care programs.

Subd. 2. Participation. (a) The commissioner shall request eligible providers or groups of providers to submit a proposal to participate in the demonstration project by September 1, 2009. The providers who are interested in participating shall negotiate with the commissioner to determine:

(1) the identified group of patients who are to be enrolled in the program;
(2) the services that are to be included in the total cost of care calculation;
(3) the methodology for calculating the total cost of care, which may take into consideration the impact on costs to other state or local government programs including, but not limited to, social services and income maintenance programs;
(4) the time period to be covered under the bid;
(5) the implementation of a risk adjustment mechanism to adjust for factors that are beyond the control of the provider including nonclinical factors that will affect the cost or outcomes of treatment;
(6) the payment reforms and payment methods to be used under the project, which may include but are not limited to adjustments in fee-for-service payments, payment of care coordination fees, payments for start-up and implementation costs to be recovered or repaid later in the project, payments adjusted based on a provider's proportion of patients who are enrolled in state health care programs; payments adjusted for the clinical or socioeconomic complexity of the patients served, payment incentives tied to use of inpatient and emergency room services, and periodic settle-up adjustments;
(7) methods of sharing financial risk and benefit between the commissioner and
the provider or groups of providers, which may include but are not limited to stop-loss
arrangements to cover high-cost outlier cases or costs that are beyond the control of the
provider, and risk-sharing and benefit-sharing corridors; and

(8) performance and outcome benchmarks to be used to measure performance,
achievement of cost-savings targets, and quality of care provided.

(b) A provider or group of providers may submit a proposal for a demonstration
project in partnership with a health maintenance organization or county-based purchasing
plan for the purposes of sharing risk, claims processing, or administration of the project,
or to extend participation in the project to persons who are enrolled in prepaid health
care programs.

Subd. 3. Total cost of care agreement. Based on negotiations, the commissioner
must enter into an agreement with interested and eligible providers or groups of providers
to implement projects that are designed to reduce the total cost of care for the identified
patients. To the extent possible, the projects shall begin implementation on January 1,
2010, or upon federal approval, whichever is later.

Subd. 4. Eligibility. To be eligible to participate, providers or groups of providers
must meet certification standards for health care homes established by the Department of
Health and the Department of Human Services under section 256B.0751.

Subd. 5. Alternative payments. The commissioner shall seek all federal waivers
and approvals necessary to implement this section and to obtain federal matching funds. To
the extent authorized by federal law, the commissioner may waive existing fee-for-service
payment rates, provider contract or performance requirements, consumer incentive
policies, or other requirements in statute or rule in order to allow the providers or groups
of providers to utilize alternative payment and financing methods that will appropriately
fund necessary and cost-effective primary care and care coordination services; establish
appropriate incentives for prevention, health promotion, and care coordination; and
mitigate financial harm to participating providers caused by the successful reduction in
preventable hospitalization, emergency room use, and other costly services.

Subd. 6. Cost neutrality. The total cost, including administrative costs, of this
demonstration project must not exceed the costs that would otherwise be incurred by
the state had services to the state health care program enrollees participating in the
demonstration project been provided, as applicable for the enrollee, under fee-for-service
or through managed care or county-based purchasing plans.
Sec. 28. Minnesota Statutes 2008, section 256B.08, is amended by adding a subdivision to read:

Subd. 4. Data from Social Security. The commissioner shall accept data from the Social Security Administration in accordance with United States Code, title 42, section 1396U-5(a).

EFFECTIVE DATE. This section is effective January 1, 2010.

Sec. 29. Minnesota Statutes 2008, section 256B.15, subdivision 1, is amended to read:

Subdivision 1. Policy and applicability. (a) It is the policy of this state that individuals or couples, either or both of whom participate in the medical assistance program, use their own assets to pay their share of the total cost of their care during or after their enrollment in the program according to applicable federal law and the laws of this state. The following provisions apply:

1. subdivisions 1c to 1k shall not apply to claims arising under this section which are presented under section 525.313;

2. the provisions of subdivisions 1c to 1k expanding the interests included in an estate for purposes of recovery under this section give effect to the provisions of United States Code, title 42, section 1396p, governing recoveries, but do not give rise to any express or implied liens in favor of any other parties not named in these provisions;

3. the continuation of a recipient's life estate or joint tenancy interest in real property after the recipient's death for the purpose of recovering medical assistance under this section modifies common law principles holding that these interests terminate on the death of the holder;

4. all laws, rules, and regulations governing or involved with a recovery of medical assistance shall be liberally construed to accomplish their intended purposes;

5. a deceased recipient's life estate and joint tenancy interests continued under this section shall be owned by the remaindermen or surviving joint tenants as their interests may appear on the date of the recipient's death. They shall not be merged into the remainder interest or the interests of the surviving joint tenants by reason of ownership. They shall be subject to the provisions of this section. Any conveyance, transfer, sale, assignment, or encumbrance by a remainderman, a surviving joint tenant, or their heirs, successors, and assigns shall be deemed to include all of their interest in the deceased recipient's life estate or joint tenancy interest continued under this section; and

6. the provisions of subdivisions 1c to 1k continuing a recipient's joint tenancy interests in real property after the recipient's death do not apply to a homestead owned of record, on the date the recipient dies, by the recipient and the recipient's spouse as
joint tenants with a right of survivorship. Homestead means the real property occupied
by the surviving joint tenant spouse as their sole residence on the date the recipient dies
and classified and taxed to the recipient and surviving joint tenant spouse as homestead
property for property tax purposes in the calendar year in which the recipient dies. For
purposes of this exemption, real property the recipient and their surviving joint tenant
spouse purchase solely with the proceeds from the sale of their prior homestead, own
of record as joint tenants, and qualify as homestead property under section 273.124 in
the calendar year in which the recipient dies and prior to the recipient's death shall be
deemed to be real property classified and taxed to the recipient and their surviving joint
tenant spouse as homestead property in the calendar year in which the recipient dies.
The surviving spouse, or any person with personal knowledge of the facts, may provide
an affidavit describing the homestead property affected by this clause and stating facts
showing compliance with this clause. The affidavit shall be prima facie evidence of the
facts it states.

(b) For purposes of this section, "medical assistance" includes the medical assistance
program under this chapter and the general assistance medical care program under chapter
256D and alternative care for nonmedical assistance recipients under section 256B.0913.

(c) For purposes of this section, beginning January 1, 2010, "medical assistance"
does not include Medicare cost-sharing benefits in accordance with United States Code,
title 42, section 1396p.

(d) All provisions in this subdivision, and subdivisions 1d, 1f, 1g, 1h, 1i, and
1j, related to the continuation of a recipient's life estate or joint tenancy interests in real
property after the recipient's death for the purpose of recovering medical assistance, are
effective only for life estates and joint tenancy interests established on or after August 1,
2003. For purposes of this paragraph, medical assistance does not include alternative care.

Sec. 30. Minnesota Statutes 2008, section 256B.15, subdivision 1a, is amended to read:

Subd. 1a. Estates subject to claims. (a) If a person receives any medical assistance
hereunder, on the person's death, if single, or on the death of the survivor of a married
couple, either or both of whom received medical assistance, or as otherwise provided
for in this section, the total amount paid for medical assistance rendered for the person
and spouse shall be filed as a claim against the estate of the person or the estate of the
surviving spouse in the court having jurisdiction to probate the estate or to issue a decree
of descent according to sections 525.31 to 525.313.

(b) For the purposes of this section, the person's estate must consist of:

(1) the person's probate estate;
(2) all of the person's interests or proceeds of those interests in real property the
person owned as a life tenant or as a joint tenant with a right of survivorship at the time of
the person's death;

(3) all of the person's interests or proceeds of those interests in securities the person
owned in beneficiary form as provided under sections 524.6-301 to 524.6-311 at the time
of the person's death, to the extent the interests or proceeds of those interests become part
of the probate estate under section 524.6-307;

(4) all of the person's interests in joint accounts, multiple-party accounts, and
pay-on-death accounts, brokerage accounts, investment accounts, or the proceeds of
those accounts, as provided under sections 524.6-201 to 524.6-214 at the time of the
person's death to the extent the interests become part of the probate estate under section
524.6-207; and

(5) assets conveyed to a survivor, heir, or assign of the person through survivorship,
living trust, or other arrangements.

(c) For the purpose of this section and recovery in a surviving spouse's estate for
medical assistance paid for a predeceased spouse, the estate must consist of all of the legal
title and interests the deceased individual's predeceased spouse had in jointly owned or
marital property at the time of the spouse's death, as defined in subdivision 2b, and the
proceeds of those interests, that passed to the deceased individual or another individual, a
survivor, an heir, or an assign of the predeceased spouse through a joint tenancy, tenancy
in common, survivorship, life estate, living trust, or other arrangement. A deceased
recipient who, at death, owned the property jointly with the surviving spouse shall have
an interest in the entire property.

(d) For the purpose of recovery in a single person's estate or the estate of a survivor
of a married couple, "other arrangement" includes any other means by which title to all or
any part of the jointly owned or marital property or interest passed from the predeceased
spouse to another including, but not limited to, transfers between spouses which are
permitted, prohibited, or penalized for purposes of medical assistance.

(e) A claim shall be filed if medical assistance was rendered for either or both
persons under one of the following circumstances:

(a) (1) the person was over 55 years of age, and received services under this chapter;

(b) (2) the person resided in a medical institution for six months or longer, received
services under this chapter, and, at the time of institutionalization or application for
medical assistance, whichever is later, the person could not have reasonably been expected
to be discharged and returned home, as certified in writing by the person's treating
physician. For purposes of this section only, a "medical institution" means a skilled
nursing facility, intermediate care facility, intermediate care facility for persons with
developmental disabilities, nursing facility, or inpatient hospital; or

(3) the person received general assistance medical care services under chapter
256D.

(f) The claim shall be considered an expense of the last illness of the decedent for the
purpose of section 524.3-805. Notwithstanding any law or rule to the contrary, a state or
county agency with a claim under this section must be a creditor under section 524.6-307.
Any statute of limitations that purports to limit any county agency or the state agency,
or both, to recover for medical assistance granted hereunder shall not apply to any claim
made hereunder for reimbursement for any medical assistance granted hereunder. Notice
of the claim shall be given to all heirs and devisees of the decedent whose identity can be
ascertained with reasonable diligence. The notice must include procedures and instructions
for making an application for a hardship waiver under subdivision 5; time frames for
submitting an application and determination; and information regarding appeal rights and
procedures. Counties are entitled to one-half of the nonfederal share of medical assistance
collections from estates that are directly attributable to county effort. Counties are entitled
to ten percent of the collections for alternative care directly attributable to county effort.

Sec. 31. Minnesota Statutes 2008, section 256B.15, subdivision 1h, is amended to read:
Subd. 1h. Estates of specific persons receiving medical assistance. (a) For
purposes of this section, paragraphs (b) to (f) apply if a person received medical
assistance for which a claim may be filed under this section and died single, or the
surviving spouse of the couple and was not survived by any of the persons described
in subdivisions 3 and 4.

(b) For purposes of this section, the person's estate consists of: (1) the person's
probate estate; (2) all of the person's interests or proceeds of those interests in real property
the person owned as a life tenant or as a joint tenant with a right of survivorship at the
time of the person's death; (3) all of the person's interests or proceeds of those interests in
securities the person owned in beneficiary form as provided under sections 524.6-301 to
524.6-311 at the time of the person's death, to the extent they become part of the probate
estate under section 524.6-307; (4) all of the person's interests in joint accounts, multiple
party accounts, and pay on death accounts, or the proceeds of those accounts, as provided
under sections 524.6-201 to 524.6-214 at the time of the person's death to the extent
they become part of the probate estate under section 524.6-207; and (5) the person's
legal title or interest at the time of the person's death in real property transferred under
a transfer on death deed under section 507.071, or in the proceeds from the subsequent
sale of the person's interest in the real property. Notwithstanding any law or rule to the
contrary, a state or county agency with a claim under this section shall be a creditor under
section 524.6307:

(e) (b) Notwithstanding any law or rule to the contrary, the person's life estate or joint
tenancy interest in real property not subject to a medical assistance lien under sections
514.980 to 514.985 on the date of the person's death shall not end upon the person's death
and shall continue as provided in this subdivision. The life estate in the person's estate
shall be that portion of the interest in the real property subject to the life estate that is equal
to the life estate percentage factor for the life estate as listed in the Life Estate Mortality
Table of the health care program's manual for a person who was the age of the medical
assistance recipient on the date of the person's death. The joint tenancy interest in real
property in the estate shall be equal to the fractional interest the person would have owned
in the jointly held interest in the property had they and the other owners held title to the
property as tenants in common on the date the person died.

(d) (c) The court upon its own motion, or upon motion by the personal representative
or any interested party, may enter an order directing the remaindermen or surviving joint
tenants and their spouses, if any, to sign all documents, take all actions, and otherwise
fully cooperate with the personal representative and the court to liquidate the decedent's
life estate or joint tenancy interests in the estate and deliver the cash or the proceeds of
those interests to the personal representative and provide for any legal and equitable
sanctions as the court deems appropriate to enforce and carry out the order, including an
award of reasonable attorney fees.

(e) (d) The personal representative may make, execute, and deliver any conveyances
or other documents necessary to convey the decedent's life estate or joint tenancy interest
in the estate that are necessary to liquidate and reduce to cash the decedent's interest or
for any other purposes.

(f) (c) Subject to administration, all costs, including reasonable attorney fees,
directly and immediately related to liquidating the decedent's life estate or joint tenancy
interest in the decedent's estate, shall be paid from the gross proceeds of the liquidation
allocable to the decedent's interest and the net proceeds shall be turned over to the personal
representative and applied to payment of the claim presented under this section.

(f) (f) The personal representative shall bring a motion in the district court in which
the estate is being probated to compel the remaindermen or surviving joint tenants to
account for and deliver to the personal representative all or any part of the proceeds of any
sale, mortgage, transfer, conveyance, or any disposition of real property allocable to the
decedent's life estate or joint tenancy interest in the decedent's estate, and do everything
necessary to liquidate and reduce to cash the decedent's interest and turn the proceeds of
the sale or other disposition over to the personal representative. The court may grant any
legal or equitable relief including, but not limited to, ordering a partition of real estate
under chapter 558 necessary to make the value of the decedent's life estate or joint tenancy
interest available to the estate for payment of a claim under this section.

(6) Subject to administration, the personal representative shall use all of the cash
or proceeds of interests to pay an allowable claim under this section. The remaindernen
or surviving joint tenants and their spouses, if any, may enter into a written agreement
with the personal representative or the claimant to settle and satisfy obligations imposed at
any time before or after a claim is filed.

(7) The personal representative may, at their discretion, provide any or all of the
other owners, remaindernen, or surviving joint tenants with an affidavit terminating the
decedent's estate's interest in real property the decedent owned as a life tenant or as a joint
tenant with others, if the personal representative determines in good faith that neither the
decedent nor any of the decedent's predeceased spouses received any medical assistance
for which a claim could be filed under this section, or if the personal representative has
filed an affidavit with the court that the estate has other assets sufficient to pay a claim, as
presented, or if there is a written agreement under paragraph (5), or if the claim, as
allowed, has been paid in full or to the full extent of the assets the estate has available
to pay it. The affidavit may be recorded in the office of the county recorder or filed in
the Office of the Registrar of Titles for the county in which the real property is located.
Except as provided in section 514.981, subdivision 6, when recorded or filed, the affidavit
shall terminate the decedent's interest in real estate the decedent owned as a life tenant or a
joint tenant with others. The affidavit shall:

(1) be signed by the personal representative;
(2) identify the decedent and the interest being terminated;
(3) give recording information sufficient to identify the instrument that created the
interest in real property being terminated;
(4) legally describe the affected real property;
(5) state that the personal representative has determined that neither the decedent
nor any of the decedent's predeceased spouses received any medical assistance for which
a claim could be filed under this section;
(6) state that the decedent's estate has other assets sufficient to pay the claim, as
presented, or that there is a written agreement between the personal representative and
the claimant and the other owners or remaindernen or other joint tenants to satisfy the
obligations imposed under this subdivision; and
(7) state that the affidavit is being given to terminate the estate's interest under this subdivision, and any other contents as may be appropriate.

The recorder or registrar of titles shall accept the affidavit for recording or filing. The affidavit shall be effective as provided in this section and shall constitute notice even if it does not include recording information sufficient to identify the instrument creating the interest it terminates. The affidavit shall be conclusive evidence of the stated facts.

(j) The holder of a lien arising under subdivision 1c shall release the lien at the holder's expense against an interest terminated under paragraph (h) (g) to the extent of the termination.

(k) If a lien arising under subdivision 1c is not released under paragraph (j) (i), prior to closing the estate, the personal representative shall deed the interest subject to the lien to the remaindermen or surviving joint tenants as their interests may appear. Upon recording or filing, the deed shall work a merger of the recipient's life estate or joint tenancy interest, subject to the lien, into the remainder interest or interest the decedent and others owned jointly. The lien shall attach to and run with the property to the extent of the decedent's interest at the time of the decedent's death.

Sec. 32. Minnesota Statutes 2008, section 256B.15, subdivision 2, is amended to read:

Subd. 2. Limitations on claims. The claim shall include only the total amount of medical assistance rendered after age 55 or during a period of institutionalization described in subdivision 1a, clause (b) paragraph (c), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, shall be payable from the full value of all of the predeceased spouse's assets and interests which are part of the surviving spouse's estate under subdivisions 1a and 2b. Recovery of medical assistance expenses in the nonrecipient surviving spouse's estate is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage. The claim is not payable from the value of assets or proceeds of assets in the estate attributable to a predeceased spouse whom the individual married after the death of the predeceased recipient spouse for whom the claim is filed or from assets and the proceeds of assets in the estate which the nonrecipient decedent spouse acquired with assets which were not marital property or jointly owned property after the death of the predeceased recipient spouse.

Claims for alternative care shall be net of all premiums paid under section 256B.0913, subdivision 12, on or after July 1, 2003, and shall be limited to services provided on or
after July 1, 2003. Claims against marital property shall be limited to claims against
recipients who died on or after July 1, 2009.

Sec. 33. Minnesota Statutes 2008, section 256B.15, is amended by adding a
subdivision to read:

Subd. 2b. **Controlling provisions.** (a) For purposes of this subdivision and
subdivisions 1a and 2, paragraphs (b) to (d) apply.

(b) At the time of death of a recipient spouse and solely for purpose of recovery of
medical assistance benefits received, a predeceased recipient spouse shall have a legal
title or interest in the undivided whole of all of the property which the recipient and the
recipient's surviving spouse owned jointly or which was marital property at any time
during their marriage regardless of the form of ownership and regardless of whether
it was owned or titled in the names of one or both the recipient and the recipient's
spouse. Title and interest in the property of a predeceased recipient spouse shall not end
or extinguish upon the person's death and shall continue for the purpose of allowing
recovery of medical assistance in the estate of the surviving spouse. Upon the death of
the predeceased recipient spouse, title and interest in the predeceased spouse's property
shall vest in the surviving spouse by operation of law and without the necessity for any
probate or decree of descent proceedings and shall continue to exist after the death of the
predeceased spouse and the surviving spouse to permit recovery of medical assistance.
The recipient spouse and the surviving spouse of a deceased recipient spouse shall not
encumber, disclaim, transfer, alienate, hypothecate, or otherwise divest themselves of
these interests before or upon death.

(c) For purposes of this section, "marital property" includes any and all real or
personal property of any kind or interests in such property the predeceased recipient
spouse and their spouse, or either of them, owned at the time of their marriage to each
other or acquired during their marriage regardless of whether it was owned or titled in
the names of one or both of them. If either or both spouses of a married couple received
medical assistance, all property owned during the marriage or which either or both spouses
acquired during their marriage shall be presumed to be marital property for purposes of
recovering medical assistance unless there is clear and convincing evidence to the contrary.

(d) The agency responsible for the claim for medical assistance for a recipient spouse
may, at its discretion, release specific real and personal property from the provisions of
this section. The release shall extinguish the interest created under paragraph (b) in the
land it describes upon filing or recording. The release need not be attested, certified, or
acknowledged as a condition of filing or recording and shall be filed or recorded in the
office of the county recorder or registrar of titles, as appropriate, in the county where the
treal property is located. The party to whom the release is given shall be responsible for
paying all fees and costs necessary to record and file the release. If the property described
in the release is registered property, the registrar of titles shall accept it for recording and
shall record it on the certificate of title for each parcel of property described in the release.
If the property described in the release is abstract property, the recorder shall accept it
for filing and file it in the county's grantor-grantee indexes and any tract index the county
maintains for each parcel of property described in the release.

Sec. 34. Minnesota Statutes 2008, section 256B.15, is amended by adding a
subdivision to read:

Subd. 9. **Commissioner's intervention.** The commissioner shall be permitted to
intervene as a party in any proceeding involving recovery of medical assistance upon
filing a notice of intervention and serving such notice on the other parties.

Sec. 35. Minnesota Statutes 2008, section 256B.69, subdivision 5a, is amended to read:

Subd. 5a. **Managed care contracts.** (a) Managed care contracts under this section
and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year
basis beginning January 1, 1996. Managed care contracts which were in effect on June
30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995
through December 31, 1995 at the same terms that were in effect on June 30, 1995. The
commissioner may issue separate contracts with requirements specific to services to
medical assistance recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons
pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms
of its contract with the commissioner. Requirements applicable to managed care programs
under chapters 256B, 256D, and 256L, established after the effective date of a contract
with the commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner shall
withhold five percent of managed care plan payments under this section and county-based
purchasing plan's payment rate under section 256B.692 for the prepaid medical assistance
and general assistance medical care programs pending completion of performance targets.
Each performance target must be quantifiable, objective, measurable, and reasonably
attainable, except in the case of a performance target based on a federal or state law or rule.
Criteria for assessment of each performance target must be outlined in writing prior to the
contract effective date. The managed care plan must demonstrate, to the commissioner's
satisfaction, that the data submitted regarding attainment of the performance target is
accurate. The commissioner shall periodically change the administrative measures used
as performance targets in order to improve plan performance across a broader range of
administrative services. The performance targets must include measurement of plan
efforts to contain spending on health care services and administrative activities. The
commissioner may adopt plan-specific performance targets that take into account factors
affecting only one plan, including characteristics of the plan’s enrollee population. The
withheld funds must be returned no sooner than July of the following year if performance
targets in the contract are achieved. The commissioner may exclude special demonstration
projects under subdivision 23. A managed care plan or a county-based purchasing plan
under section 256B.692 may include as admitted assets under section 62D.044 any amount
withheld under this paragraph that is reasonably expected to be returned.

(d) Effective for services rendered on or after January 1, 2009, the commissioner
shall withhold three percent of managed care plan payments under this section and
county-based purchasing plan payments under section 256B.692 for the prepaid medical
assistance and general assistance medical care programs. The withheld funds must be
returned no sooner than July 1 and no later than July 31 of the following year. The
commissioner may exclude special demonstration projects under subdivision 23.

(2) A managed care plan or a county-based purchasing plan under section 256B.692
may include as admitted assets under section 62D.044 any amount withheld under
this paragraph. The return of the withhold under this paragraph is not subject to the
requirements of paragraph (c).

(e) Effective for services rendered on or after January 1, 2010, the commissioner
shall include as part of the performance targets described in paragraph (a) a reduction in
the health plan’s emergency room utilization rate for state health care program enrollees
by a measurable rate of five percent from the plan’s utilization rate for state health care
program enrollees for the previous calendar year.

The withheld funds must be returned no sooner than July 1 and no later than July
31 of the following calendar year if the managed care plan or county-based purchasing
plan demonstrates to the satisfaction of the commissioner that a reduction in the utilization
rate was achieved.

The withhold described in this paragraph shall continue for each consecutive
contract period until the health plan’s emergency room utilization rate for state health care
program enrollees is reduced by 25 percent of the health plan’s emergency room utilization
rate for state health care program enrollees for calendar year 2008.
(f) A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this section that is reasonably expected to be returned.

Sec. 36. Minnesota Statutes 2008, section 256B.69, subdivision 5c, is amended to read:

Subd. 5c. Medical education and research fund. (a) Except as provided in paragraph (c), the commissioner of human services shall transfer each year to the medical education and research fund established under section 62J.692, the following:

(1) an amount equal to the reduction in the prepaid medical assistance and prepaid general assistance medical care payments as specified in this clause. Until January 1, 2002, the county medical assistance and general assistance medical care capitation base rate prior to plan specific adjustments and after the regional rate adjustments under section 256B.69, subdivision 5b, is reduced 6.3 percent for Hennepin County, two percent for the remaining metropolitan counties, and no reduction for nonmetropolitan Minnesota counties; and after January 1, 2002, the county medical assistance and general assistance medical care capitation base rate prior to plan specific adjustments is reduced 6.3 percent for Hennepin County, two percent for the remaining metropolitan counties, and 1.6 percent for nonmetropolitan Minnesota counties. Nursing facility and elderly waiver payments and demonstration project payments operating under subdivision 23 are excluded from this reduction. The amount calculated under this clause shall not be adjusted for periods already paid due to subsequent changes to the capitation payments;

(2) beginning July 1, 2003, $2,157,000 $4,314,000 from the capitation rates paid under this section plus any federal matching funds on this amount;

(3) beginning July 1, 2002, an additional $12,700,000 from the capitation rates paid under this section; and

(4) beginning July 1, 2003, an additional $4,700,000 from the capitation rates paid under this section.

(b) This subdivision shall be effective upon approval of a federal waiver which allows federal financial participation in the medical education and research fund. Effective July 1, 2009, and thereafter, the transfers required by paragraph (a), clauses (1) to (4), shall not exceed the total amount transferred for fiscal year 2009. Any excess shall first reduce the amounts otherwise required to be transferred under paragraph (a), clauses (2), (3), and (4). Any excess following this reduction shall proportionally reduce the transfers under paragraph (a), clause (1).
(c) Effective July 1, 2003, the amount reduced from the prepaid general assistance medical care payments under paragraph (a), clause (1), shall be transferred to the general fund.

(d) Beginning July 1, 2009, of the amounts in paragraph (a), the commissioner shall transfer $21,714,000 each fiscal year to the medical education and research fund. The balance of the transfers under paragraph (a) shall be transferred to the medical education and research fund no earlier than July 1 of the following fiscal year.

Sec. 37. Minnesota Statutes 2008, section 256B.69, subdivision 5f, is amended to read:

Subd. 5f. Capitation rates. (a) Beginning July 1, 2002, the capitation rates paid under this section are increased by $12,700,000 per year. Beginning July 1, 2003, the capitation rates paid under this section are increased by $4,700,000 per year.

(b) Beginning July 1, 2009, the capitation rates paid under this section are increased each year by the lesser of $21,714,000 or an amount equal to the difference between the estimated value of the reductions described in subdivision 5c, paragraph (a), clause (1), and the amount of the limit described in subdivision 5c, paragraph (b).

Sec. 38. [256B.695] PAYMENT FOR BASIC CARE SERVICES.

Effective service date July 1, 2009, total payments for basic care services, except prescription drugs, medical supplies, prosthetics, lab, radiology, medical transportation, and services subject to or specifically exempted from section 256B.76, subdivision 1, paragraph (c), shall be reduced by 3.0 percent, prior to third-party liability. Payments made to managed care and county-based purchasing plans shall be reduced for services provided on or after January 1, 2010, to reflect this reduction.

Sec. 39. Minnesota Statutes 2008, section 256B.76, subdivision 1, is amended to read:

Subdivision 1. Physician reimbursement. (a) Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for physician services as follows:

(1) payment for level one Centers for Medicare and Medicaid Services' common procedural coding system codes titled "office and other outpatient services," "preventive medicine new and established patient," "delivery, antepartum, and postpartum care," "critical care," cesarean delivery and pharmacologic management provided to psychiatric patients, and level three codes for enhanced services for prenatal high risk, shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992. If the rate on any procedure code within these categories is different than the
rate that would have been paid under the methodology in section 256B.74, subdivision 2,
then the larger rate shall be paid;
(2) payments for all other services shall be paid at the lower of (i) submitted charges,
or (ii) 15.4 percent above the rate in effect on June 30, 1992; and
(3) all physician rates shall be converted from the 50th percentile of 1982 to the 50th
percentile of 1989, less the percent in aggregate necessary to equal the above increases
except that payment rates for home health agency services shall be the rates in effect
on September 30, 1992.
(b) Effective for services rendered on or after January 1, 2000, payment rates for
physician and professional services shall be increased by three percent over the rates
in effect on December 31, 1999, except for home health agency and family planning
agency services. The increases in this paragraph shall be implemented January 1, 2000,
for managed care.
(c) Effective for services rendered on or after July 1, 2009, payment rates for
physician and professional services shall be reduced by three percent over the rates in effect
on June 30, 2009, except for office or other outpatient services (procedure codes 99201
to 99215) and preventive medicine services (procedure codes 99381 to 99412) billed by
the following primary care specialties: general practitioner, internal medicine, pediatrics,
geriatric nurse practitioner, pediatric nurse practitioner, family practice nurse practitioner,
adult nurse practitioner, geriatrics, and family practice. The commissioner, effective
January 1, 2010, shall reduce capitation rates paid to managed care and county-based
purchasing plans under sections 256B.69 and 256B.692 to reflect this payment reduction.

Sec. 40. Minnesota Statutes 2008, section 256B.76, subdivision 4, is amended to read:

Subd. 4. Critical access dental providers. Effective for dental services rendered
on or after January 1, 2002, the commissioner shall increase reimbursements to dentists
and dental clinics deemed by the commissioner to be critical access dental providers.
For dental services rendered on or after July 1, 2007, the commissioner shall increase
reimbursement by 30 percent above the reimbursement rate that would otherwise be paid to
the critical access dental provider. The commissioner shall pay the health plan companies
in amounts sufficient to reflect increased reimbursements to critical access dental providers
as approved by the commissioner. In determining which dentists and dental clinics shall
be deemed critical access dental providers, the commissioner shall review:
(1) the utilization rate in the service area in which the dentist or dental clinic operates
for dental services to patients covered by medical assistance, general assistance medical
care, or MinnesotaCare as their primary source of coverage;
(2) the level of services provided by the dentist or dental clinic to patients covered by medical assistance, general assistance medical care, or MinnesotaCare as their primary source of coverage; and

(3) whether the level of services provided by the dentist or dental clinic is critical to maintaining adequate levels of patient access within the service area.

In the absence of a critical access dental provider in a service area, the commissioner may designate a dentist or dental clinic as a critical access dental provider if the dentist or dental clinic is willing to provide care to patients covered by medical assistance, general assistance medical care, or MinnesotaCare at a level which significantly increases access to dental care in the service area. The commissioner shall administer this subdivision within the limits of available appropriations.

Sec. 41. Minnesota Statutes 2008, section 256B.76, is amended by adding a subdivision to read:

Subd. 4a. Designation and termination of critical access dental providers. (a)
The commissioner shall not designate an individual dentist or clinic as a critical access dental provider under subdivision 4 or section 256L.11, subdivision 7, when the owner or any dentist employed by or under contract with the practice:

(1) has been subject to a corrective or disciplinary action by the Minnesota Board of Dentistry within the past five years or is currently subject to a corrective or disciplinary action by the board. Designation shall not be made until the provider is no longer subject to a corrective or disciplinary action;

(2) does not bill on a clinic-specific location basis;

(3) has been subject, within the past five years, to a postinvestigation action by the commissioner of human services or contracted health plan when investigating services provided to Minnesota health care program enrollees, including administrative sanctions, monetary recovery, referral to state regulatory agency, referral to the state attorney general or county attorney general, or issuance of a warning as specified in Minnesota Rules, parts 9505.2160 to 9505.2245. Designation shall not be considered until the January of the year following documentation that the activity that resulted in postinvestigative action has stopped; or

(4) has not completed the application for critical access dental provider designation, has submitted the application after the due date, provided incorrect information, or has knowingly and willfully submitted a fraudulent designation form.
(b) The commissioner shall terminate a critical access designation of an individual
dentist or clinic, if the owner or any dentist employed by or under contract with the
practice:
(1) becomes subject to a disciplinary or corrective action by the Minnesota Board of
Dentistry. The provider shall not be considered for critical access designation until the
January following the year in which the action has ended; or
(2) becomes subject to a postinvestigation action by the commissioner of human
services or contracted health plan including administrative sanctions, monetary recovery,
referred to state regulatory agency, referred to the state attorney general or county attorney
general, or issuance of a warning as specified in Minnesota Rules, parts 9505.2160 to
9505.2245. Designation shall not be considered until the January of the year following
documentation that the activity that resulted in postinvestigative action has stopped.
(c) Any termination is retroactive to the date of the:
(1) postinvestigative action; or
(2) disciplinary or corrective action by the Minnesota Board of Dentistry.
(d) A provider who has been terminated or not designated may appeal only through
the contested hearing process as defined in section 14.02, subdivision 3, by filing with the
commissioner a written request of appeal. The appeal request must be received by the
commissioner no later than 30 days after notification of termination or nondesignation.
(e) The commissioner may make an exception to paragraph (a), clauses (1) and (3),
and paragraph (b), if an action taken by the Minnesota Board of Dentistry, commissioner
of human services, or contracted health plan is the result of a onetime event by an
individual employed or contracted by a group practice.

EFFECTIVE DATE. This section is effective the day following final enactment.

(20) services of a certified public health nurse or a registered nurse practicing in a public health nursing clinic that is a department of, or that operates under the direct authority of, a unit of government, if the service is within the scope of practice of the public health nurse's license as a registered nurse, as defined in section 148.171;

(b) Effective August 1, 2005, sex reassignment surgery is not covered under this
subdivision.
(c) In order to contain costs, the commissioner of human services shall select
vendors of medical care who can provide the most economical care consistent with high
medical standards and shall where possible contract with organizations on a prepaid
capitation basis to provide these services. The commissioner shall consider proposals by
counties and vendors for prepaid health plans, competitive bidding programs, block grants,
or other vendor payment mechanisms designed to provide services in an economical
manner or to control utilization, with safeguards to ensure that necessary services are
provided. Before implementing prepaid programs in counties with a county operated or
affiliated public teaching hospital or a hospital or clinic operated by the University of
Minnesota, the commissioner shall consider the risks the prepaid program creates for the
hospital and allow the county or hospital the opportunity to participate in the program in a
manner that reflects the risk of adverse selection and the nature of the patients served by
the hospital, provided the terms of participation in the program are competitive with the
terms of other participants considering the nature of the population served. Payment for
services provided pursuant to this subdivision shall be as provided to medical assistance
vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For

(h) Effective January 1, 2009, co-payments shall be limited to one per day per provider for nonemergency visits to a hospital-based emergency room. Recipients of general assistance medical care are responsible for all co-payments in this subdivision. The general assistance medical care reimbursement to the provider shall be reduced by the amount of the co-payment, except that reimbursement for prescription drugs shall not be reduced once a recipient has reached the $7 per month maximum for prescription drug co-payments. The provider collects the co-payment from the recipient. Providers may not deny services to recipients who are unable to pay the co-payment.

(i) General assistance medical care reimbursement to fee-for-service providers and payments to managed care plans shall not be increased as a result of the removal of the co-payments effective January 1, 2009.

(l) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(m) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.
(n) Inpatient and outpatient payments shall be reduced by five percent, effective July 1, 2003. This reduction is in addition to the five percent reduction effective July 1, 2003, and incorporated by reference in paragraph (l).

(o) Payments for all other health services except inpatient, outpatient, and pharmacy services shall be reduced by five percent, effective July 1, 2003.

(q) A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(r) Fee-for-service payments for nonpreventive visits shall be reduced by $3 for services provided on or after January 1, 2006. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, advance practice nurse, audiologist, optician, or optometrist.

(s) Payments to managed care plans shall not be increased as a result of the removal of the $3 nonpreventive visit co-payment effective January 1, 2006.

(t) Payments for mental health services added as covered benefits after December 31, 2007, are not subject to the reductions in paragraphs (l), (n), (o), and (p).

(u) In addition to the reductions in paragraphs (k) and (l), effective service date July 1, 2009, total payments for basic care services, except prescription drugs, medical supplies, prosthetics, lab, radiology, medical transportation, and services subject to or specifically exempted from paragraph (v), shall be reduced by 3.0 percent, prior to third-party liability. Payments made to managed care and county-based purchasing plans shall be reduced for services provided on or after January 1, 2010, to reflect this reduction.

(v) Effective for services rendered on or after July 1, 2009, payment rates for physician and professional services shall be reduced by three percent over the rates in effect on June 30, 2009, except for office or other outpatient services (procedure codes 99201 to 99215) and preventive medicine services (procedure codes 99381 to 99412) billed by the following primary care specialties: general practitioner, internal medicine, pediatrics, geriatric nurse practitioner, pediatric nurse practitioner, family practice nurse practitioner, adult nurse practitioner, geriatrics, and family practice. The commissioner, effective January 1, 2010, shall reduce capitation rates paid to managed care and county-based purchasing plans under paragraph (c) to reflect this payment reduction.

The presumptive period begins on the first day of the month following the date on which presumptive eligibility is determined by the state or local agency. The agency must provide notice of presumptive eligibility and information on the procedures for completing the eligibility process. The effective date of coverage for children who are determined presumptively eligible is in accordance with section 256L.05, subdivision 3. The presumptive period ends on the earlier of the date of the determination for MinnesotaCare eligibility, or the last day of the month following the month the presumptive eligibility period begins if a complete application with requested verifications is not submitted by that date. Applicants and enrollees who are denied or terminated for failure to complete an application or provide verifications cannot be granted presumptive eligibility again for 12 months.

**EFFECTIVE DATE.** This section is effective July 1, 2011, or upon federal approval, whichever is later.

Payments made to managed care and county-based purchasing plans shall be reduced for services provided on or after January 1, 2010, to reflect this reduction.

(c) Effective for services rendered on or after July 1, 2009, payment rates for physician and professional services shall be reduced by three percent over the rates in effect on June 30, 2009, except for office or other outpatient services (procedure codes 99201 to 99215) and preventive medicine services (procedure codes 99381 to 99412) billed by the following primary care specialties: general practitioner, internal medicine, pediatrics, geriatric nurse practitioner, pediatric nurse practitioner, family practice nurse practitioner, adult nurse practitioner, geriatrics, and family practice. The commissioner, effective January 1, 2010, shall reduce capitation rates paid to managed care and county-based purchasing plans under section 256L.12 to reflect this payment reduction.

Sec. 49. Minnesota Statutes 2008, section 256L.11, subdivision 7, is amended to read:

Subd. 7. **Critical access dental providers.** Effective for dental services provided to MinnesotaCare enrollees on or after January 1, 2007, 2010, the commissioner shall increase payment rates to dentists and dental clinics deemed by the commissioner to be critical access providers under section 256B.76, subdivision 4, subdivisions 4 and 4a, by 50 percent above the payment rate that would otherwise be paid to the provider. The

Sec. 50. Minnesota Statutes 2008, section 256L.12, subdivision 9, is amended to read:

(b) For services rendered on or after January 1, 2003, to December 31, 2003, the commissioner shall withhold .5 percent of managed care plan payments under this section pending completion of performance targets. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year if performance targets in the contract are achieved. A managed care plan may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The managed care plan must demonstrate, to the commissioner’s satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, such as characteristics of the plan’s enrollee population. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if performance targets in the contract are achieved. A managed care plan or a county-based purchasing plan under section 256B.692 may include as

The withhold described in this paragraph shall continue for each consecutive contract period until the health plan's emergency room utilization rate for state health care program enrollees is reduced by 25 percent of the health plan's emergency room utilization rate for state health care program enrollees for calendar year 2008.

**Federal Contingency Appropriation.** (a)

Federal Medicaid funds made available under title IV of the federal Jobs and Growth Tax Relief Reconciliation Act of 2003 are appropriated to the commissioner of human services for use in the state's medical assistance and MinnesotaCare programs. The commissioners of human services and finance shall report to the legislative advisory committee on the additional federal Medicaid matching funds that will be available to the state.

(b) Because of the availability of these funds, the following policies shall become effective:

1. medical assistance and MinnesotaCare eligibility and local financial participation changes provided for in this act may be implemented prior to September 2, 2003, or may be delayed as necessary to maximize the use of federal funds received under title IV of the Jobs and Growth Tax Relief Reconciliation Act of 2003;

2. the aggregate cap on the services identified in Minnesota Statutes, section 256L.035, paragraph (a), clause (3), shall be increased from $2,000 to $5,000. This increase shall expire at the end of fiscal year 2007. Funds may be transferred from the...
general fund to the health care access fund as
necessary to implement this provision; and
(3) the following payment shifts shall not be implemented:
(i) MFIP payment shift found in subdivision
11;
(ii) the county payment shift found in subdivision 1; and
(iii) the delay in medical assistance and general assistance medical care
fee-for-service payments found in subdivision 6.
(c) Notwithstanding section 14, paragraphs
(a) and (b) shall expire June 30, 2007.

**Receipts for Systems Projects.**

Appropriations and federal receipts for information system projects for MAXIS, PRISM, MMIS, and SSIS must be deposited in the state system account authorized in Minnesota Statutes, section 256.014. Money appropriated for computer projects approved by the Minnesota office of technology, funded by the legislature, and approved by the commissioner of finance may be transferred from one project to another and from development to operations as the commissioner of human services considers necessary. Any unexpended balance in the appropriation for these projects does not cancel but is available for ongoing development and operations.

**Gifts.** Notwithstanding Minnesota Statutes, chapter 7, the commissioner may accept on behalf of the state additional funding
from sources other than state funds for the
purpose of financing the cost of assistance
program grants or nongrant administration.
All additional funding is appropriated to the
commissioner for use as designated by the
grantor of funding.

**Systems Continuity.** In the event of
disruption of technical systems or computer
operations, the commissioner may use
available grant appropriations to ensure
continuity of payments for maintaining the
health, safety, and well-being of clients
served by programs administered by the
department of human services. Grant funds
must be used in a manner consistent with the
original intent of the appropriation.

**Nonfederal Share Transfers.** The
nonfederal share of activities for which
federal administrative reimbursement is
appropriated to the commissioner may be
transferred to the special revenue fund.

**TANF Funds Appropriated to Other
Entities.** Any expenditures from the TANF
block grant shall be expended in accordance
with the requirements and limitations of part
A of title IV of the Social Security Act, as
amended, and any other applicable federal
requirement or limitation. Prior to any
expenditure of these funds, the commissioner
shall assure that funds are expended in
compliance with the requirements and
limitations of federal law and that any
reporting requirements of federal law are
met. It shall be the responsibility of any entity
to which these funds are appropriated to
implement a memorandum of understanding
with the commissioner that provides the
necessary assurance of compliance prior to
any expenditure of funds. The commissioner
shall receipt TANF funds appropriated
to other state agencies and coordinate all
related interagency accounting transactions
necessary to implement these appropriations.
Unexpended TANF funds appropriated to
any state, local, or nonprofit entity cancel
at the end of the state fiscal year unless
appropriating language permits otherwise.

TANF Funds Transferred to Other Federal
Grants. The commissioner must authorize
transfers from TANF to other federal block
grants so that funds are available to meet the
annual expenditure needs as appropriated.
Transfers may be authorized prior to the
expenditure year with the agreement of the
receiving entity. Transferred funds must be
expended in the year for which the funds
were appropriated unless appropriation
language permits otherwise. In accelerating
transfer authorizations, the commissioner
must aim to preserve the future potential
transfer capacity from TANF to other block
grants.

TANF Maintenance of Effort. (a) In
order to meet the basic maintenance of
effort (MOE) requirements of the TANF
block grant specified under Code of Federal
Regulations, title 45, section 263.1, the
commissioner may only report nonfederal
money expended for allowable activities
listed in the following clauses as TANF/MOE
expenditures:
(1) MFIP cash, diversionary work program,
and food assistance benefits under Minnesota
Statutes, chapter 256J;

(2) the child care assistance programs
under Minnesota Statutes, sections 119B.03
and 119B.05, and county child care
administrative costs under Minnesota
Statutes, section 119B.15;

(3) state and county MFIP administrative
costs under Minnesota Statutes, chapters
256J and 256K;

(4) state, county, and tribal MFIP
employment services under Minnesota
Statutes, chapters 256J and 256K;

(5) expenditures made on behalf of
noncitizen MFIP recipients who qualify
for the medical assistance without federal
financial participation program under
Minnesota Statutes, section 256B.06,
subdivision 4, paragraphs (d), (e), and (j);
and

(6) qualifying working family credit
expenditures under Minnesota Statutes,
section 290.0671.

(b) The commissioner shall ensure that
sufficient qualified nonfederal expenditures
are made each year to meet the state's
TANF/MOE requirements. For the activities
listed in paragraph (a), clauses (2) to
(6), the commissioner may only report
expenditures that are excluded from the
definition of assistance under Code of
Federal Regulations, title 45, section 260.31.
(c) By August 31 of each year, the commissioner shall make a preliminary calculation to determine the likelihood that the state will meet its annual federal work participation requirement under Code of Federal Regulations, title 45, sections 261.21 and 261.23, after adjustment for any caseload reduction credit under Code of Federal Regulations, title 45, section 261.41.

If the commissioner determines that the state will meet its federal work participation rate for the federal fiscal year ending that September, the commissioner may reduce the expenditure under paragraph (a), clause (1), to the extent allowed under Code of Federal Regulations, title 45, section 263.1(a)(2).

(d) For fiscal years beginning with state fiscal year 2003, the commissioner shall assure that the maintenance of effort used by the commissioner of finance for the February and November forecasts required under Minnesota Statutes, section 16A.103, contains expenditures under paragraph (a), clause (1), equal to at least 25 percent of the total required under Code of Federal Regulations, title 45, section 263.1.

(e) If nonfederal expenditures for the programs and purposes listed in paragraph (a) are insufficient to meet the state's TANF/MOE requirements, the commissioner shall recommend additional allowable sources of nonfederal expenditures to the legislature, if the legislature is or will be in session to take action to specify additional sources of nonfederal expenditures for TANF/MOE before a federal penalty is
imposed. The commissioner shall otherwise provide notice to the legislative commission on planning and fiscal policy under paragraph (g).

(f) If the commissioner uses authority granted under section 11, or similar authority granted by a subsequent legislature, to meet the state's TANF/MOE requirement in a reporting period, the commissioner shall inform the chairs of the appropriate legislative committees about all transfers made under that authority for this purpose.

(g) If the commissioner determines that nonfederal expenditures under paragraph (a) are insufficient to meet TANF/MOE expenditure requirements, and if the legislature is not or will not be in session to take timely action to avoid a federal penalty, the commissioner may report nonfederal expenditures from other allowable sources as TANF/MOE expenditures after the requirements of this paragraph are met. The commissioner may report nonfederal expenditures in addition to those specified under paragraph (a) as nonfederal TANF/MOE expenditures, but only ten days after the commissioner of finance has first submitted the commissioner's recommendations for additional allowable sources of nonfederal TANF/MOE expenditures to the members of the legislative commission on planning and fiscal policy for their review.

(h) The commissioner of finance shall not incorporate any changes in federal TANF
expenditures or nonfederal expenditures for TANF/MOE that may result from reporting additional allowable sources of nonfederal TANF/MOE expenditures under the interim procedures in paragraph (g) into the February or November forecasts required under Minnesota Statutes, section 16A.103, unless the commissioner of finance has approved the additional sources of expenditures under paragraph (g).

(i) Minnesota Statutes, section 256.011,

subdivision 3, which requires that federal grants or aids secured or obtained under that subdivision be used to reduce any direct appropriations provided by law, do not apply if the grants or aids are federal TANF funds.

hospital care, nursing home care, and other available types of care. The rules must
provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and
supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified
recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

Subd. 12. **Disabled children.** (a) A person is eligible for medical assistance if the
person is under age 19 and qualifies as a disabled individual under United States Code,
title 42, section 1382c(a), and would be eligible for medical assistance under the state
plan if residing in a medical institution, and the child requires a level of care provided in
a hospital, nursing facility, or intermediate care facility for persons with developmental
disabilities, for whom home care is appropriate, provided that the cost to medical
assistance under this section is not more than the amount that medical assistance would pay
for if the child resides in an institution. After the child is determined to be eligible under
this section, the commissioner shall review the child's disability under United States Code,
title 42, section 1382c(a) and level of care defined under this section no more often than
annually and may elect, based on the recommendation of health care professionals under contract with the state medical review team, to extend the review of disability and level of care up to a maximum of four years. The commissioner's decision on the frequency of continuing review of disability and level of care is not subject to administrative appeal under section 256.045. The county agency shall send a notice of disability review to the enrollee six months prior to the date the recertification of disability is due. Nothing in this subdivision shall be construed as affecting other redeterminations of medical assistance eligibility under this chapter and annual cost-effective reviews under this section.

(b) For purposes of this subdivision, "hospital" means an institution as defined in section 144.696, subdivision 3, 144.55, subdivision 3, or Minnesota Rules, part 4640.3600, and licensed pursuant to sections 144.50 to 144.58. For purposes of this subdivision, a child requires a level of care provided in a hospital if the child is determined by the commissioner to need an extensive array of health services, including mental health services, for an undetermined period of time, whose health condition requires frequent monitoring and treatment by a health care professional or by a person supervised by a health care professional, who would reside in a hospital or require frequent hospitalization if these services were not provided, and the daily care needs are more complex than a nursing facility level of care.

A child with serious emotional disturbance requires a level of care provided in a hospital if the commissioner determines that the individual requires 24-hour supervision because the person exhibits recurrent or frequent suicidal or homicidal ideation or behavior, recurrent or frequent psychosomatic disorders or somatopsychic disorders that may become life threatening, recurrent or frequent severe socially unacceptable behavior associated with psychiatric disorder, ongoing and chronic psychosis or severe, ongoing and chronic developmental problems requiring continuous skilled observation, or severe disabling symptoms for which office-centered outpatient treatment is not adequate, and which overall severely impact the individual's ability to function.

(c) For purposes of this subdivision, "nursing facility" means a facility which provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is in need of special treatments provided or supervised by a licensed nurse; or has unpredictable episodes of active disease processes requirring immediate judgment by a licensed nurse. For purposes of this subdivision, a child requires the level of care provided in a nursing facility if the child is determined by the commissioner to meet the requirements of the preadmission screening assessment document under section 256B.0911 and the home care independent rating document under section 256B.0655.
subdivision 4, clause (3) 256B.0659, adjusted to address age-appropriate standards for children age 18 and under, pursuant to section 256B.0655, subdivision 3 256B.0659.

(d) For purposes of this subdivision, "intermediate care facility for persons with developmental disabilities" or "ICF/MR" means a program licensed to provide services to persons with developmental disabilities under section 252.28, and chapter 245A, and a physical plant licensed as a supervised living facility under chapter 144, which together are certified by the Minnesota Department of Health as meeting the standards in Code of Federal Regulations, title 42, part 483, for an intermediate care facility which provides services for persons with developmental disabilities who require 24-hour supervision and active treatment for medical, behavioral, or habilitation needs. For purposes of this subdivision, a child requires a level of care provided in an ICF/MR if the commissioner finds that the child has a developmental disability in accordance with section 256B.092, is in need of a 24-hour plan of care and active treatment similar to persons with developmental disabilities, and there is a reasonable indication that the child will need ICF/MR services.

(e) For purposes of this subdivision, a person requires the level of care provided in a nursing facility if the person requires 24-hour monitoring or supervision and a plan of mental health treatment because of specific symptoms or functional impairments associated with a serious mental illness or disorder diagnosis, which meet severity criteria for mental health established by the commissioner and published in March 1997 as the Minnesota Mental Health Level of Care for Children and Adolescents with Severe Emotional Disorders.

(f) The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by the parent or guardian, the child's physician or physicians, and other professionals as requested by the commissioner. The commissioner shall establish a screening team to conduct the level of care determinations according to this subdivision.

(g) If a child meets the conditions in paragraph (b), (c), (d), or (e), the commissioner must assess the case to determine whether:

(1) the child qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance if residing in a medical institution; and

(2) the cost of medical assistance services for the child, if eligible under this subdivision, would not be more than the cost to medical assistance if the child resides in a medical institution to be determined as follows:
(i) for a child who requires a level of care provided in an ICF/MR, the cost of

care for the child in an institution shall be determined using the average payment rate

established for the regional treatment centers that are certified as ICF's/MR;

(ii) for a child who requires a level of care provided in an inpatient hospital setting

according to paragraph (b), cost-effectiveness shall be determined according to Minnesota

Rules, part 9505.3520, items F and G; and

(iii) for a child who requires a level of care provided in a nursing facility according

to paragraph (c) or (e), cost-effectiveness shall be determined according to Minnesota

Rules, part 9505.3040, except that the nursing facility average rate shall be adjusted to

reflect rates which would be paid for children under age 16. The commissioner may

authorize an amount up to the amount medical assistance would pay for a child referred to

the commissioner by the preadmission screening team under section 256B.0911.

(h) Children eligible for medical assistance services under section 256B.055,

subdivision 12, as of June 30, 1995, must be screened according to the criteria in this

subdivision prior to January 1, 1996. Children found to be ineligible may not be removed

from the program until January 1, 1996.

home health aide visits, private duty nursing, personal care assistants, or therapies

provided through a home health agency;

(2) "home care targeted case management" means the provision of targeted case

management services for the purpose of assisting home care service recipients to gain

access to needed services and supports so that they may remain in the community;

(3) "institutions" means hospitals, consistent with Code of Federal Regulations, title

42, section 440.10; regional treatment center inpatient services, consistent with section

245.474; nursing facilities; and intermediate care facilities for persons with developmental

disabilities;

(4) "relocation targeted case management" includes the provision of both county

targeted case management and public or private vendor service coordination services

for the purpose of assisting recipients to gain access to needed services and supports if

they choose to move from an institution to the community. Relocation targeted case

management may be provided during the lesser of:
(i) the last 180 consecutive days of an eligible recipient's institutional stay; or

(ii) the limits and conditions which apply to federal Medicaid funding for this

service; and

(5) "targeted case management" means case management services provided to help

recipients gain access to needed medical, social, educational, and other services and

supports.

Sec. 10. Minnesota Statutes 2008, section 256B.0652, subdivision 3, is amended to

read:

Subd. 3. **Assessment and prior authorization process.** Effective January 1, 1996, for purposes of providing informed choice, coordinating of local planning decisions, and

streamlining administrative requirements, the assessment and prior authorization process

for persons receiving both home care and home and community-based waived services

for persons with developmental disabilities shall meet the requirements of sections

256B.0651 and 256B.0653 to 256B.0656 and 256B.0659 with the following exceptions:

(a) Upon request for home care services and subsequent assessment by the public

health nurse under sections 256B.0651 and 256B.0653 to 256B.0656 and 256B.0659,

the public health nurse shall participate in the screening process, as appropriate, and, if home care services are determined to be necessary, participate in the development

of a service plan coordinating the need for home care and home and community-based

waivered services with the assigned county case manager, the recipient of services, and

the recipient's legal representative, if any.

(b) The public health nurse shall give prior authorization for home care services

to the extent that home care services are:

(1) medically necessary;

(2) chosen by the recipient and their legal representative, if any, from the array of

home care and home and community-based waivered services available;

(3) coordinated with other services to be received by the recipient as described

in the service plan; and

(4) provided within the county's reimbursement limits for home care and home and

community-based waivered services for persons with developmental disabilities.

(c) If the public health agency is or may be the provider of home care services to the

recipient, the public health agency shall provide the commissioner of human services with

a written plan that specifies how the assessment and prior authorization process will be

held separate and distinct from the provision of services.
Sec. 11. Minnesota Statutes 2008, section 256B.0657, subdivision 2, is amended to read:

Subd. 2. Eligibility. (a) The self-directed supports option is available to a person who:

(1) is a recipient of medical assistance as determined under sections 256B.055, 256B.056, and 256B.057, subdivision 9;

(2) is eligible for personal care assistant services under section 256B.0655;

(3) lives in the person's own apartment or home, which is not owned, operated, or controlled by a provider of services not related by blood or marriage;

(4) has the ability to hire, fire, supervise, establish staff compensation for, and manage the individuals providing services, and to choose and obtain items, related services, and supports as described in the participant's plan. If the recipient is not able to carry out these functions but has a legal guardian or parent to carry them out, the guardian or parent may fulfill these functions on behalf of the recipient; and

(5) has not been excluded or disenrolled by the commissioner.

(b) The commissioner may disenroll or exclude recipients, including guardians and parents, under the following circumstances:

(1) recipients who have been restricted by the Primary Care Utilization Review Committee may be excluded for a specified time period;

(2) recipients who exit the self-directed supports option during the recipient's service plan year shall not access the self-directed supports option for the remainder of that service plan year; and

(3) when the department determines that the recipient cannot manage recipient responsibilities under the program.

Sec. 12. Minnesota Statutes 2008, section 256B.0657, subdivision 6, is amended to read:

Subd. 6. Services covered. (a) Services covered under the self-directed supports option include:

(1) personal care assistant services under section 256B.0655, 256B.0659; and

(2) items, related services, and supports, including assistive technology, that increase independence or substitute for human assistance to the extent expenditures would otherwise be used for human assistance.

(b) Items, supports, and related services purchased under this option shall not be considered home care services for the purposes of section 144A.43.
Sec. 13. Minnesota Statutes 2008, section 256B.0657, subdivision 8, is amended to read:

Subd. 8. **Self-directed budget requirements.** The budget for the provision of the self-directed service option shall be equal to the greater of either:

1. the annual amount of personal care assistant services under section 256B.0655 that the recipient has used in the most recent 12-month period; or
2. the amount determined using the consumer support grant methodology under section 256.476, subdivision 11, except that the budget amount shall include the federal and nonfederal share of the average service costs.

Sec. 14. Minnesota Statutes 2008, section 256B.49, subdivision 17, is amended to read:

Subd. 17. **Cost of services and supports.** (a) The commissioner shall ensure that the average per capita expenditures estimated in any fiscal year for home and community-based waiver recipients does not exceed the average per capita expenditures that would have been made to provide institutional services for recipients in the absence of the waiver.

(b) The commissioner shall implement on January 1, 2002, one or more aggregate, need-based methods for allocating to local agencies the home and community-based waivered service resources available to support recipients with disabilities in need of the level of care provided in a nursing facility or a hospital. The commissioner shall allocate resources to single counties and county partnerships in a manner that reflects consideration of:

1. an incentive-based payment process for achieving outcomes;
2. the need for a state-level risk pool;
3. the need for retention of management responsibility at the state agency level; and
4. a phase-in strategy as appropriate.

(c) Until the allocation methods described in paragraph (b) are implemented, the annual allowable reimbursement level of home and community-based waiver services shall be the greater of:

1. the statewide average payment amount which the recipient is assigned under the waiver reimbursement system in place on June 30, 2001, modified by the percentage of any provider rate increase appropriated for home and community-based services; or
2. an amount approved by the commissioner based on the recipient's extraordinary needs that cannot be met within the current allowable reimbursement level. The increased reimbursement level must be necessary to allow the recipient to be discharged from an institution or to prevent imminent placement in an institution. The additional
reimbursement may be used to secure environmental modifications; assistive technology
and equipment; and increased costs for supervision, training, and support services
necessary to address the recipient's extraordinary needs. The commissioner may approve
an increased reimbursement level for up to one year of the recipient's relocation from an
institution or up to six months of a determination that a current waiver recipient is at
imminent risk of being placed in an institution.

(d) Beginning July 1, 2001, medically necessary private duty nursing services
will be authorized under this section as complex and regular care according to sections
256B.0651 and 256B.0653 to 256B.0656 and 256B.0659. The rate established by the
commissioner for registered nurse or licensed practical nurse services under any home and
community-based waiver as of January 1, 2001, shall not be reduced.

Sec. 15. Minnesota Statutes 2008, section 256B.501, subdivision 4a, is amended to
read:

Subd. 4a. Inclusion of home care costs in waiver rates. The commissioner
shall adjust the limits of the established average daily reimbursement rates for waivered
services to include the cost of home care services that may be provided to waivered
services recipients. This adjustment must be used to maintain or increase services and
shall not be used by county agencies for inflation increases for waivered services vendors.

Home care services referenced in this section are those listed in section 256B.0651,
subdivision 2. The average daily reimbursement rates established in accordance with
the provisions of this subdivision apply only to the combined average, daily costs of
waivered and home care services and do not change home care limitations under sections
256B.0651 and 256B.0653 to 256B.0656 and 256B.0659. Waivered services recipients
receiving home care as of June 30, 1992, shall not have the amount of their services
reduced as a result of this section.

Sec. 16. Minnesota Statutes 2008, section 256G.02, subdivision 6, is amended to read:

Subd. 6. Excluded time. "Excluded time" means:

(a) any period an applicant spends in a hospital, sanitarium, nursing home, shelter
other than an emergency shelter, halfway house, foster home, semi-independent living
domicile or services program, residential facility offering care, board and lodging facility
or other institution for the hospitalization or care of human beings, as defined in section
144.50, 144A.01, or 245A.02, subdivision 14; maternity home, battered women’s shelter,
or correctional facility; or any facility based on an emergency hold under sections
253B.05, subdivisions 1 and 2, and 253B.07, subdivision 6;
(b) any period an applicant spends on a placement basis in a training and habilitation program, including a rehabilitation facility or work or employment program as defined in section 268A.01; or receiving personal care assistant services pursuant to section 256B.0655; subdivision 2, 256B.0659; semi-independent living services provided under section 252.275, and Minnesota Rules, parts 9525.0500 to 9525.0660; day training and habilitation programs and assisted living services; and

c) any placement for a person with an indeterminate commitment, including independent living.

Sec. 17. Minnesota Statutes 2008, section 256L.05, subdivision 1a, is amended to read:

Subd. 1a. Supplementary service rates. (a) Subject to the provisions of section 256L.04, subdivision 3, the county agency may negotiate a payment not to exceed $426.37 for other services necessary to provide room and board provided by the group residence if the residence is licensed by or registered by the Department of Health, or licensed by the Department of Human Services to provide services in addition to room and board, and if the provider of services is not also concurrently receiving funding for services for a recipient under a home and community-based waiver under title XIX of the Social Security Act; or funding from the medical assistance program under section 256B.0655; subdivision 2, 256B.0659, for personal care services for residents in the setting; or residing in a setting which receives funding under Minnesota Rules, parts 9535.2000 to 9535.3000.

If funding is available for other necessary services through a home and community-based waiver, or personal care services under section 256B.0655, subdivision 2, 256B.0659, then the GRH rate is limited to the rate set in subdivision 1. Unless otherwise provided in law, in no case may the supplementary service rate exceed $426.37. The registration and licensure requirement does not apply to establishments which are exempt from state licensure because they are located on Indian reservations and for which the tribe has prescribed health and safety requirements. Service payments under this section may be prohibited under rules to prevent the supplanting of federal funds with state funds. The commissioner shall pursue the feasibility of obtaining the approval of the Secretary of Health and Human Services to provide home and community-based waiver services under title XIX of the Social Security Act for residents who are not eligible for an existing home and community-based waiver due to a primary diagnosis of mental illness or chemical dependency and shall apply for a waiver if it is determined to be cost-effective.

(b) The commissioner is authorized to make cost-neutral transfers from the GRH fund for beds under this section to other funding programs administered by the department after consultation with the county or counties in which the affected beds are located.
The commissioner may also make cost-neutral transfers from the GRH fund to county
human service agencies for beds permanently removed from the GRH census under a plan
submitted by the county agency and approved by the commissioner. The commissioner
shall report the amount of any transfers under this provision annually to the legislature.
(c) The provisions of paragraph (b) do not apply to a facility that has its
reimbursement rate established under section 256B.431, subdivision 4, paragraph (c).

Sec. 18. Minnesota Statutes 2008, section 256J.45, subdivision 3, is amended to read:
Subd. 3. Good cause exemptions for not attending orientation. (a) The county
agency shall not impose the sanction under section 256J.46 if it determines that the
participant has good cause for failing to attend orientation. Good cause exists when:
(1) appropriate child care is not available;
(2) the participant is ill or injured;
(3) a family member is ill and needs care by the participant that prevents the
participant from attending orientation. For a caregiver with a child or adult in the
household who meets the disability or medical criteria for home care services under
section 256B.0655, subdivision 1c, 256B.0659, or a home and community-based waiver
services program under chapter 256B, or meets the criteria for severe emotional
disturbance under section 245.4871, subdivision 6, or for serious and persistent mental
illness under section 245.462, subdivision 20, paragraph (c), good cause also exists when
an interruption in the provision of those services occurs which prevents the participant
from attending orientation;
(4) the caregiver is unable to secure necessary transportation;
(5) the caregiver is in an emergency situation that prevents orientation attendance;
(6) the orientation conflicts with the caregiver's work, training, or school schedule; or
(7) the caregiver documents other verifiable impediments to orientation attendance
beyond the caregiver's control.
(b) Counties must work with clients to provide child care and transportation
necessary to ensure a caregiver has every opportunity to attend orientation.

Sec. 19. Minnesota Statutes 2008, section 604A.33, subdivision 1, is amended to read:
Subdivision 1. Application. This section applies to residential treatment programs
for children or group homes for children licensed under chapter 245A, residential
services and programs for juveniles licensed under section 241.021, providers licensed
pursuant to sections 144A.01 to 144A.33 or sections 144A.43 to 144A.47, personal care
provider organizations under section 256B.0655, subdivision 1g, 256B.0659, providers
of day training and habilitation services under sections 252.40 to 252.46, board and
lodging facilities licensed under chapter 157, intermediate care facilities for persons with
developmental disabilities, and other facilities licensed to provide residential services to
persons with developmental disabilities.

Sec. 20. Minnesota Statutes 2008, section 609.232, subdivision 11, is amended to read:

Subd. 11. Vulnerable adult. "Vulnerable adult" means any person 18 years of
age or older who:

(1) is a resident inpatient of a facility;

(2) receives services at or from a facility required to be licensed to serve adults
under sections 245A.01 to 245A.15, except that a person receiving outpatient services for
treatment of chemical dependency or mental illness, or one who is committed as a sexual
psychopathic personality or as a sexually dangerous person under chapter 253B, is not
considered a vulnerable adult unless the person meets the requirements of clause (4);

(3) receives services from a home care provider required to be licensed under section
144A.46; or from a person or organization that exclusively offers, provides, or arranges
for personal care assistant services under the medical assistance program as authorized
under sections 256B.04, subdivision 16, 256B.0625, subdivision 19a, 256B.0651, and
256B.0653 to 256B.0656 and 256B.0659; or

(4) regardless of residence or whether any type of service is received, possesses a
physical or mental infirmity or other physical, mental, or emotional dysfunction:

(i) that impairs the individual's ability to provide adequately for the individual's
own care without assistance, including the provision of food, shelter, clothing, health
care, or supervision; and

(ii) because of the dysfunction or infirmity and the need for assistance, the individual
has an impaired ability to protect the individual from maltreatment.

Sec. 21. Minnesota Statutes 2008, section 626.5572, subdivision 6, is amended to read:

Subd. 6. Facility. (a) "Facility" means a hospital or other entity required to be
licensed under sections 144.50 to 144.58; a nursing home required to be licensed to
serve adults under section 144A.02; a residential or nonresidential facility required to
be licensed to serve adults under sections 245A.01 to 245A.16; a home care provider
licensed or required to be licensed under section 144A.46; a hospice provider licensed
under sections 144A.75 to 144A.755; or a person or organization that exclusively offers,

program as authorized under sections 256B.04, subdivision 16, 256B.0625, subdivision
155.2 19a, 256B.0651, and 256B.0653 to 256B.0656, and 256B.0559.
155.3 (b) For home care providers and personal care attendants, the term "facility" refers
155.4 to the provider or person or organization that exclusively offers, provides, or arranges for
155.5 personal care services, and does not refer to the client's home or other location at which
155.6 services are rendered.

155.7 Sec. 22. Minnesota Statutes 2008, section 626.5572, subdivision 21, is amended to
155.8 read:

155.9 Subd. 21. Vulnerable adult. "Vulnerable adult" means any person 18 years of
155.10 age or older who:
155.11 (1) is a resident or inpatient of a facility;
155.12 (2) receives services at or from a facility required to be licensed to serve adults
155.13 under sections 245A.01 to 245A.15, except that a person receiving outpatient services for
155.14 treatment of chemical dependency or mental illness, or one who is served in the Minnesota
155.15 sex offender program on a court-hold order for commitment, or is committed as a sexual
155.16 psychopathic personality or as a sexually dangerous person under chapter 253B, is not
155.17 considered a vulnerable adult unless the person meets the requirements of clause (4);
155.18 (3) receives services from a home care provider required to be licensed under section
155.19 144A.46; or from a person or organization that exclusively offers, provides, or arranges

155.22 256B.0653 to 256B.0656, and 256B.0559; or
155.23 (4) regardless of residence or whether any type of service is received, possesses a
155.24 physical or mental infirmity or other physical, mental, or emotional dysfunction:
155.25 (i) that impairs the individual's ability to provide adequately for the individual's
155.26 own care without assistance, including the provision of food, shelter, clothing, health
155.27 care, or supervision; and
155.28 (ii) because of the dysfunction or infirmity and the need for assistance, the individual

155.30 ARTICLE 8
155.31 CHEMICAL AND MENTAL HEALTH

155.32 Section 1. Minnesota Statutes 2008, section 245.4885, subdivision 1, is amended to
155.33 read:
Subdivision 1. Admission criteria. The county board shall: (a) Prior to admission, except in the case of emergency admission, determine the needed level of care for all children referred for treatment of severe emotional disturbance in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if public funds are used to pay for the services. The county board shall also determine the needed level of care for all children admitted to an acute care hospital for treatment of severe emotional disturbance if public funds other than reimbursement under chapters 256B and 256D are used to pay for the services.

(b) The county board shall determine the appropriate level of care when county-controlled funds are used to pay for the services. When the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care. When the child is an Indian tribal member seeking placement through the tribe in a tribally operated or contracted facility, the tribe must determine the appropriate level of care. When more than one entity bears responsibility for coverage, the entities shall coordinate level of care determination activities to the extent possible.

(c) The level of care determination shall determine whether the proposed treatment:
1. is necessary;
2. is appropriate to the child's individual treatment needs;
3. cannot be effectively provided in the child's home: and
4. provides a length of stay as short as possible consistent with the individual child's need.

(d) When a level of care determination is conducted, the county board responsible entity may not determine that referral or admission to a treatment foster care setting; or residential treatment facility; or acute care hospital is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment that includes a functional assessment which evaluates family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care. The validated tool must be approved by the commissioner of human services. If a diagnostic assessment including a functional assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status...
has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether or not these services are available and accessible to the child and family.

During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family community support plan is being developed by the case manager, if assigned.

The level of care determination shall comply with section 260C.212. Wherever possible, the parent shall be consulted in the process, unless clinically inappropriate detrimental to the child.

The level of care determination, and placement decision, and recommendations for mental health services must be documented in the child's record.

An alternate review process may be approved by the commissioner if the county board demonstrates that an alternate review process has been established by the county board and the times of review, persons responsible for the review, and review criteria are comparable to the standards in clauses (1) to (4):

Sec. 2. Minnesota Statutes 2008, section 254A.02, is amended by adding a subdivision to read:

Subd. 8a. **Placing authority.** "Placing authority" means a county, prepaid health plan, or tribal governing board governed by Minnesota Rules, parts 9530.6600 to 9530.6655.

Sec. 3. Minnesota Statutes 2008, section 254A.16, is amended by adding a subdivision to read:

Subd. 6. **Monitoring.** The commissioner shall gather and placing authorities shall provide information to measure compliance with Minnesota Rules, parts 9530.6600 to 9530.6655. The commissioner shall specify the format for data collection to facilitate tracking, aggregating, and using the information.

Sec. 4. Minnesota Statutes 2008, section 254B.03, subdivision 1, is amended to read:

Subdivision 1. **Local agency duties.** (a) Every local agency shall provide chemical dependency services to persons residing within its jurisdiction who meet criteria
established by the commissioner for placement in a chemical dependency residential or
nonresidential treatment service. Chemical dependency money must be administered
by the local agencies according to law and rules adopted by the commissioner under
sections 14.001 to 14.69.

(b) In order to contain costs, the county board shall, with the approval of the
commissioner of human services, shall select eligible vendors of chemical dependency
services who can provide economical and appropriate treatment. Unless the local agency
is a social services department directly administered by a county or human services board,
the local agency shall not be an eligible vendor under section 254B.05. The commissioner
may approve proposals from county boards to provide services in an economical manner
or to control utilization, with safeguards to ensure that necessary services are provided.
If a county implements a demonstration or experimental medical services funding plan,
the commissioner shall transfer the money as appropriate. If a county selects a vendor
located in another state, the county shall ensure that the vendor is in compliance with the
rules governing licensure of programs located in the state.

(c) A culturally specific vendor that provides assessments under a variance under
Minnesota Rules, part 9530.6610, shall be allowed to provide assessment services to
persons not covered by the variance.

EFFECTIVE DATE. This section is effective July 1, 2011.

Sec. 5. Minnesota Statutes 2008, section 254B.03, subdivision 3, is amended to read:

Subd. 3. Local agencies to pay state for county share. Local agencies shall pay
the state for the county share of the services authorized by the local agency, except when
the payment is made according to section 254B.09, subdivision 8.

Sec. 6. Minnesota Statutes 2008, section 254B.03, is amended by adding a subdivision
to read:

Subd. 9. Commissioner to select vendors and set rates. (a) Effective July 1, 2011,
the commissioner shall:

(1) enter into agreements with eligible vendors that:

(i) meet the standards in section 254B.05, subdivision 1;

(ii) have good standing in all applicable licensure; and

(iii) have a current approved provider agreement as a Minnesota health care program
provider; and

(2) set rates for services reimbursed under this chapter.
(b) When setting rates, the commissioner shall consider the complexity and the
acuity of the problems presented by the client.

(c) When rates set under this section and rates set under section 254B.09, subdivision
8, apply to the same treatment placement, section 254B.09, subdivision 8, supersedes.

Sec. 7. Minnesota Statutes 2008, section 254B.05, subdivision 1, is amended to read:

Subdivision 1. **Licensure required.** Programs licensed by the commissioner are eligible vendors. Hospitals may apply for and receive licenses to be eligible vendors,
notwithstanding the provisions of section 245A.03. American Indian programs located on federally recognized tribal lands that provide chemical dependency primary treatment,
extended care, transitional residence, or outpatient treatment services, and are licensed by tribal government are eligible vendors. Detoxification programs are not eligible vendors.
Programs that are not licensed as a chemical dependency residential or nonresidential treatment program by the commissioner or by tribal government are not eligible vendors.
To be eligible for payment under the Consolidated Chemical Dependency Treatment Fund,
a vendor of a chemical dependency service must participate in the Drug and Alcohol Abuse Normative Evaluation System and the treatment accountability plan.

Effective January 1, 2000, vendors of room and board are eligible for chemical dependency fund payment if the vendor:

(1) is certified by the county or tribal governing body as having rules prohibiting residents bringing chemicals into the facility or using chemicals while residing in the facility and provide consequences for infractions of those rules;
(2) has a current contract with a county or tribal governing body;
(3) is determined to meet applicable health and safety requirements;
(4) is not a jail or prison; and
(5) is not concurrently receiving funds under chapter 256I for the recipient.

**EFFECTIVE DATE.** This section is effective July 1, 2011.

Sec. 8. Minnesota Statutes 2008, section 254B.09, subdivision 2, is amended to read:

Subd. 2. **American Indian agreements.** The commissioner may enter into agreements with federally recognized tribal units to pay for chemical dependency treatment services provided under Laws 1986, chapter 394, sections 8 to 20. The agreements must clarify how the governing body of the tribal unit fulfills local agency responsibilities regarding:

(1) selection of eligible vendors under section 254B.09, subdivision 1,
(2) negotiation of agreements that establish vendor services and rates for programs located on the tribal governing body's reservation;

(3) (1) the form and manner of invoicing; and

(4) (2) provide that only invoices for eligible vendors according to section 254B.05 will be included in invoices sent to the commissioner for payment, to the extent that money allocated under subdivisions 4 and 5 is used.

EFFECTIVE DATE. This section is effective July 1, 2011.

Sec. 9. [254B.11] MAXIMUM RATES.

The commissioner shall publish maximum rates for vendors of the consolidated chemical dependency treatment fund by July 1 of each year for implementation the following January 1. Rates for calendar year 2010 must not exceed 185 percent of the average rate on January 1, 2009, for each group of vendors with similar attributes. The new methodology must replace county-negotiated rates with a uniform statewide methodology that must include:

(1) a graduated reimbursement scale based on the patients' level of acuity and complexity; and

(2) beginning July 1, 2012, retroactive quality incentive payments up to four percent of each provider's prior-year approved chemical dependency fund claims.

(b) The quality incentive payments under paragraph (a), clause (2), must be based on each provider's performance in the prior year relating to certain program criteria, based on best practices in addiction treatment. The quality incentive criteria under paragraph (a), clause (2), may include program completion rates, national outcome measures, program innovations, lack of licensing violations, and other measures to be determined by the commissioner.

The purpose of the pilot project is for the Department of Human Services and counties to work in partnership to redesign the current chemical health delivery system to promote greater accountability, productivity, and results in the delivery of state chemical dependency services. The pilot project must look to promote appropriate flexibility in a way that better aligns systems and services to offer the most appropriate level of chemical health care services to the client. This may include, but is not limited to, developing new governance agreements, performance agreements, or service level agreements. The pilot projects must maintain eligibility levels under the current programmatic entitlement structure, continue to meet the requirements of Rule 25 and Rule 31, and must not put at risk current and future federal funding toward chemical health-related services in Minnesota.

Subd. 2. **Work group.** A work group must be convened on or before July 1, 2009, consisting of representatives from the Department of Human Services and participating counties to develop final proposals for pilot projects meeting the requirements of this section. (c) "Index maximization" means classifying a resident who could be assigned to
more than one category, to the category with the highest case mix index.

Medicare and Medicaid Services and designated by the Minnesota Department of Health.

(e) "Representative" means a person who is the resident's guardian or conservator,
the person authorized to pay the nursing home expenses of the resident, a representative

The commissioner of health may substitute successor manuals or question and answer documents published by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, to replace or supplement the current version of the manual or document.

(b) The assessments used to determine a case mix classification for reimbursement include the following:

(1) a new admission assessment must be completed by day 14 following admission;
(2) an annual assessment must be completed within 366 days of the last comprehensive assessment;
(3) a significant change assessment must be completed within 14 days of the identification of a significant change; and
(4) the second quarterly assessment following either a new admission assessment, an annual assessment, or a significant change assessment, and all quarterly assessments beginning October 1, 2006. Each quarterly assessment must be completed within 92 days of the previous assessment.

(1) preadmission screening completed under section 256B.0911, subdivision 4a, by a county, tribe, or managed care organization under contract with the Department of Human Services; and

(2) a face-to-face long-term care consultation assessment completed under section 256B.0911, subdivision 3a, 3b, or 4d, by a county, tribe, or managed care organization under contract with the Department of Human Services.

EFFECTIVE DATE. The section is effective July 1, 2011.

Sec. 3. Minnesota Statutes 2008, section 144.0724, subdivision 8, is amended to read:

Subd. 8. Request for reconsideration of resident classifications. (a) The resident, or resident's representative, or the nursing facility or boarding care home may request that the commissioner of health reconsider the assigned reimbursement classification. The request for reconsideration must be submitted in writing to the commissioner within 30 days of the day the resident or the resident's representative receives the resident classification notice. The request for reconsideration must include the name of the resident, the name and address of the facility in which the resident resides, the reasons for the reconsideration, the requested classification changes, and documentation supporting the requested classification. The documentation accompanying the reconsideration request is limited to documentation which establishes that the needs of the resident at the time of the assessment justify a classification which is different than the classification established by the commissioner of health.

(b) Upon request, the nursing facility must give the resident or the resident's representative a copy of the assessment form and the other documentation that was given to the commissioner of health to support the assessment findings. The nursing facility shall also provide access to and a copy of other information from the resident's record that has been requested by or on behalf of the resident to support a resident's reconsideration request. A copy of any requested material must be provided within three working days of receipt of a written request for the information. If a facility fails to provide the material within this time, it is subject to the issuance of a correction order and penalty assessment under sections 144.653 and 144A.10. Notwithstanding those sections, any correction order issued under this subdivision must require that the nursing facility immediately comply with the request for information and that as of the date of the issuance of the correction order, the facility shall forfeit to the state a $100 fine for the first day of noncompliance, and an increase in the $100 fine by $50 increments for each day the noncompliance continues.

(c) In addition to the information required under paragraphs (a) and (b), a reconsideration request from a nursing facility must contain the following information: (i)
the date the reimbursement classification notices were received by the facility; (ii) the date
the classification notices were distributed to the resident or the resident's representative;
and (iii) a copy of a notice sent to the resident or to the resident's representative. This
notice must inform the resident or the resident's representative that a reconsideration of the
resident's classification is being requested, the reason for the request, that the resident's
rate will change if the request is approved by the commissioner, the extent of the change,
that copies of the facility's request and supporting documentation are available for review,
and that the resident also has the right to request a reconsideration. If the facility fails to
provide the required information with the reconsideration request, the request must be
denied, and the facility may not make further reconsideration requests on that specific
reimbursement classification.
(d) Reconsideration by the commissioner must be made by individuals not involved
in reviewing the assessment, audit, or reconsideration that established the disputed
classification. The reconsideration must be based upon the initial assessment and upon the
information provided to the commissioner under paragraphs (a) and (b). If necessary for
evaluating the reconsideration request, the commissioner may conduct on-site reviews.
Within 15 working days of receiving the request for reconsideration, the commissioner
shall affirm or modify the original resident classification. The original classification
must be modified if the commissioner determines that the assessment resulting in the
classification did not accurately reflect the needs or assessment characteristics of the
resident at the time of the assessment. The resident and the nursing facility or boarding
care home shall be notified within five working days after the decision is made. A decision
by the commissioner under this subdivision is the final administrative decision of the
agency for the party requesting reconsideration.
(e) The resident classification established by the commissioner shall be the
classification that applies to the resident while the request for reconsideration is pending.
If a request for reconsideration applies to an assessment used to determine nursing facility
level of care under subdivision 4, paragraph (c), the resident shall continue to be eligible
for nursing facility level of care while the request for reconsideration is pending.
(f) The commissioner may request additional documentation regarding a
reconsideration necessary to make an accurate reconsideration determination.

**EFFECTIVE DATE.** The section is effective July 1, 2011.

Sec. 4. Minnesota Statutes 2008, section 144.0724, is amended by adding a subdivision
to read:

payment of long-term care services, a recipient must be determined, using assessments
defined in subdivision 4, to meet one of the following nursing facility level of care criteria:

1. the person needs the assistance of another person or constant supervision to begin
and complete at least four of the following activities of living: bathing, bed mobility,
dressing, eating, grooming, toileting, transferring, and walking;

2. the person needs the assistance of another person or constant supervision to begin
and complete toileting, transferring, or positioning and the assistance cannot be scheduled;

3. the person has significant difficulty with memory, using information, daily
decision making, or behavioral needs that require intervention;

4. the person has had a qualifying nursing facility stay of at least 90 days; or

readmission through a face-to-face long-term care consultation assessment as specified
in section 256B.0911, subdivision 3a, 3b, or 4d, by a county, tribe, or managed care
organization under contract with the Department of Human Services. The person is
considered at risk under this clause if the person currently lives alone or will live alone
upon discharge and also meets one of the following criteria:

(i) the person has experienced a fall resulting in a fracture;

(ii) the person has been determined to be at risk of maltreatment or neglect,
including self-neglect; or

services must be the most recent assessment performed under subdivision 4, paragraph
(b), that occurred no more than 90 calendar days before the effective date of medical
assistance eligibility for payment of long-term care services. In no case shall medical
assistance payment for long-term care services occur prior to the date of the determination
of nursing facility level of care.

(c) The assessment used to establish medical assistance payment for long-term care
services provided under sections 256B.0915 and 256B.49 and alternative care payment
for services provided under section 256B.0913 must be the most recent face-to-face
assessment performed under subdivision 4, paragraph (c), clause (2), that occurred no
more than 60 calendar days before the effective date of medical assistance eligibility
for payment of long-term care services.

EFFECTIVE DATE. The section is effective July 1, 2011.
Sec. 5. Minnesota Statutes 2008, section 144.0724, is amended by adding a subdivision
to read:

Subd. 12. **Appeal of nursing facility level of care determination.** A resident or
prospective resident whose level of care determination results in a denial of long-term care
services can appeal the determination as outlined in section 256B.0911, subdivision 3a,
paragraph (h), clause (7).

**EFFECTIVE DATE.** The section is effective July 1, 2011.

Sec. 6. Minnesota Statutes 2008, section 144A.073, is amended by adding a
subdivision to read:

Subd. 12. **Extension of approval of moratorium exception projects.**
Notwithstanding subdivision 3, the commissioner of health shall extend project approval
by an additional 18 months for an approved proposal for an exception to the nursing home
licensure and certification moratorium if the proposal was approved under this section
between July 1, 2007, and June 30, 2009.

Sec. 7. Minnesota Statutes 2008, section 144A.44, subdivision 2, is amended to read:

Subd. 2. **Interpretation and enforcement of rights.** These rights are established
for the benefit of persons who receive home care services. "Home care services" means
home care services as defined in section 144A.43, subdivision 3, and unlicensed personal
care assistance services, including services covered by medical assistance under section
256B.0625, subdivision 19a. A home care provider may not require a person to surrender
these rights as a condition of receiving services. A guardian or conservator or, when there
is no guardian or conservator, a designated person, may seek to enforce these rights. This
statement of rights does not replace or diminish other rights and liberties that may exist
relative to persons receiving home care services, persons providing home care services, or
providers licensed under Laws 1987, chapter 378. A copy of these rights must be provided
to an individual at the time home care services, including personal care assistance
services, are initiated. The copy shall also contain the address and phone number of the
Office of Health Facility Complaints and the Office of Ombudsman for Long-Term Care
and a brief statement describing how to file a complaint with these offices. Information
about how to contact the Office of Ombudsman for Long-Term Care shall be included in
notices of change in client fees and in notices where home care providers initiate transfer
or discontinuation of services.
Sec. 8. Minnesota Statutes 2008, section 245A.03, is amended by adding a subdivision to read:

Subd. 7. Licensing moratorium. (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.300 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a license is issued during this moratorium, and the license holder changes the license holder’s primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. Exceptions to the moratorium include:

(1) foster care settings that are required to be registered under chapter 144D;

(2) foster care licenses replacing foster care licenses in existence on the effective date of this section and determined to be needed by the commissioner under paragraph (b);

(3) new foster care licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/MR, or regional treatment center;

(4) new foster care licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital level of care;

(5) new foster care licenses determined to be needed by the commissioner for the transition of people from personal care assistance to the home and community-based services; or

(6) new foster care residences in development that have received county approval prior to July 1, 2011, but may not have received a license from the commissioner for the actual residence.

(b) The commissioner shall determine the need for newly licensed foster care homes as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area which the licensee seeks to operate, and the recommendation of the local county board. The determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.

(c) Residential settings that would otherwise fall under the moratorium established in paragraph (a), that are in the process of receiving an adult or child foster care license as of July 1, 2011, must be able to continue to complete the process of receiving an adult or child foster care license. For purposes of this paragraph, all of the following conditions must be met to be considered in the process of receiving an adult or child foster care license:

(1) participants have made decisions to move into the residential setting, including documentation in each participant’s care plans;
(2) the provider has purchased housing or has made a financial investment in the
property;

(3) the lead agency has approved the plans, including costs for the residential setting
for each individual;

(4) the completion of the licensing process, including all necessary inspections, is
the only remaining component prior to being able to provide services; and

(5) the needs of the individuals cannot be met within the existing capacity in that
county.

To qualify for the process under this paragraph, the lead agency must submit
documentation to the commissioner by August 1, 2011, that all of the criteria in this
paragraph are met.

(d) The commissioner shall study the effects of the license moratorium under this
subdivision and shall report back to the legislature by January 15, 2013.

EFFECTIVE DATE. This section is effective July 1, 2011.

Sec. 9. Minnesota Statutes 2008, section 245A.11, is amended by adding a subdivision
to read:

establish provider standards for residential support services that integrate service standards
and the residential setting under one license. The commissioner shall propose statutory
language and an implementation plan for licensing requirements for residential support
services to the legislature by January 15, 2011.

(b) Providers licensed under chapter 245B, and providing, contracting, or arranging
for services in settings licensed as adult foster care under Minnesota Rules, parts
9555.5105 to 9555.6265, or child foster care under Minnesota Rules, parts 2960.3000 to
2960.3340; and meeting the provisions of section 256B.092, subdivision 11, paragraph
(b), must be required to obtain a community residential setting license.

Sec. 10. Minnesota Statutes 2008, section 252.46, is amended by adding a subdivision
to read:

Subd. 1a. Day training and habilitation rates. The commissioner shall establish
a statewide rate-setting methodology for all day training and habilitation services. The
rate-setting methodology must abide by the principles of transparency and equitability
across the state. The methodology must involve a uniform process of structuring rates for
each service and must promote quality and participant choice.
Sec. 11. Minnesota Statutes 2008, section 252.50, subdivision 1, is amended to read:

Subdivision 1. **Community-based programs established.** The commissioner shall establish a system of state-operated, community-based programs for persons with developmental disabilities. For purposes of this section, “state-operated, community-based program” means a program administered by the state to provide treatment and habilitation in noninstitutional community settings to persons with developmental disabilities.

Employees of the programs, except clients who work within and benefit from these treatment and habilitation programs, must be state employees under chapters 43A and 179A. 201.19 not reached 18 years of age unless allowed under subdivision 4;
201.20 (2) nursing services to more than two persons receiving shared private duty nursing
201.21 services from a private duty nurse in a single setting; and
201.22 (3) nursing services provided by a registered nurse or licensed practical nurse who is
201.23 the recipient’s legal guardian or related to the recipient as spouse, parent, family foster
201.24 parent, or child, whether by blood, marriage, or adoption except as specified in section
201.25 256B.0652, subdivision 4.
201.26 Subd. 3. Shared private duty nursing care option. (a) Medical assistance
201.27 payments for shared private duty nursing services by a private duty nurse shall be limited
201.28 according to this subdivision. For the purposes of this section and sections 256B.0651,
201.29 256B.0653, 256B.0655, and 256B.0656, “private duty nursing agency” means an agency
201.30 licensed under chapter 144A to provide private duty nursing services. Unless otherwise
201.31 provided in this subdivision, all other statutory and regulatory provisions relating to
201.32 private duty nursing services apply to shared private duty nursing services. Nothing in
201.33 this subdivision shall be construed to reduce the total number of private duty nursing
201.34 hours authorized for an individual recipient.
201.35 (b) Recipients of private duty nursing services may share nursing staff and the
201.36 commissioner shall provide a rate methodology for shared private duty nursing. For two
201.37 persons sharing nursing care, the rate paid to a provider shall not exceed 1.5 times the
regular private duty nursing rates paid for serving a single individual by a registered nurse
or licensed practical nurse. These rates apply only to situations in which both recipients
are present and receive shared private duty nursing care on the date for which the service
is billed. No more than two persons may receive shared private duty nursing services
from a private duty nurse in a single setting:

(c) (b) Shared private duty nursing care is the provision of nursing services by a
private duty nurse to two medical assistance eligible recipients at the same time and in
the same setting. This subdivision does not apply when a private duty nurse is caring for
multiple recipients in more than one setting.

(c) For the purposes of this subdivision, "setting" means:

(1) the home residence or foster care home of one of the individual recipients as
defined in section 256B.0651; or

(2) a child care program licensed under chapter 245A or operated by a local school
district or private school; or

(3) an adult day care service licensed under chapter 245A; or

(4) outside the home residence or foster care home of one of the recipients when
normal life activities take the recipients outside the home.

This subdivision does not apply when a private duty nurse is caring for multiple
recipients in more than one setting:

(d) The private duty nursing agency must offer the recipient the option of shared or
one-on-one private duty nursing services. The recipient may withdraw from participating
in a shared service arrangement at any time.

(5) (e) The recipient or the recipient's legal representative, and the recipient's
physician, in conjunction with the home health care private duty nursing agency, shall
determine:

(1) whether shared private duty nursing care is an appropriate option based on the
individual needs and preferences of the recipient; and

(2) the amount of shared private duty nursing services authorized as part of the
overall authorization of nursing services.

(e) (f) The recipient or the recipient's legal representative, in conjunction with the
private duty nursing agency, shall approve the setting, grouping, and arrangement of
shared private duty nursing care based on the individual needs and preferences of the
recipients. Decisions on the selection of recipients to share services must be based on the
ages of the recipients, compatibility, and coordination of their care needs.
The following items must be considered by the recipient or the recipient's legal representative and the private duty nursing agency, and documented in the recipient's health service record:

1. The additional training needed by the private duty nurse to provide care to two recipients in the same setting and to ensure that the needs of the recipients are met appropriately and safely;

2. The setting in which the shared private duty nursing care will be provided;

3. The ongoing monitoring and evaluation of the effectiveness and appropriateness of the service and process used to make changes in service or setting;

4. A contingency plan which accounts for absence of the recipient in a shared private duty nursing setting due to illness or other circumstances;

5. Staffing backup contingencies in the event of employee illness or absence; and

6. Arrangements for additional assistance to respond to urgent or emergency care needs of the recipients.

The provider must offer the recipient or responsible party the option of shared or one-on-one private duty nursing services. The recipient or responsible party can withdraw from participating in a shared service arrangement at any time.

The private duty nursing agency must document the following in the health service record for each individual recipient sharing private duty nursing care:

The documentation for shared private duty nursing must be on a form approved by the commissioner for each individual recipient sharing private duty nursing. The documentation must be part of the recipient's health service record and include:

1. Permission by the recipient or the recipient's legal representative for the maximum number of shared nursing care hours per week chosen by the recipient and permission for shared private duty nursing services provided in and outside the recipient's home residence;

2. Permission by the recipient or the recipient's legal representative for shared private duty nursing services provided outside the recipient's residence;

3. Permission by the recipient or the recipient's legal representative for others to receive shared private duty nursing services in the recipient's residence;

4. Revocation by the recipient or the recipient's legal representative of the shared private duty nursing care authorization, or the shared care to be provided to others in the recipient's residence, or the shared private duty nursing services to be provided outside permission, or services provided to others in and outside the recipient's residence; and

5. Daily documentation of the shared private duty nursing services provided by each identified private duty nurse, including:
(i) the names of each recipient receiving shared private duty nursing services
together;
(ii) the setting for the shared services, including the starting and ending times that
the recipient received shared private duty nursing care; and
(iii) notes by the private duty nurse regarding changes in the recipient's condition,
problems that may arise from the sharing of private duty nursing services, and scheduling
and care issues.

(i) Unless otherwise provided in this subdivision, all other statutory and regulatory
provisions relating to private duty nursing services apply to shared private duty nursing
services:

Nothing in this subdivision shall be construed to reduce the total number of private
duty nursing hours authorized for an individual recipient under subdivision 2:

(i) The commissioner shall provide a rate methodology for shared private duty
nursing. For two persons sharing nursing care, the rate paid to a provider must not exceed
1.5 times the regular private duty nursing rates paid for serving a single individual by a
registered nurse or licensed practical nurse. These rates apply only to situations in which
both recipients are present and receive shared private duty nursing care on the date for
which the service is billed.

Subd. 4. **Hardship criteria; private duty nursing.** (a) Payment is allowed for
extraordinary services that require specialized nursing skills and are provided by parents
of minor children, family foster parents, spouses, and legal guardians who are providing
private duty nursing care under the following conditions:

1. the provision of these services is not legally required of the parents, family
foster parents, spouses, or legal guardians;
2. the services are necessary to prevent hospitalization of the recipient; and
3. the recipient is eligible for state plan home care or a home and community-based
waiver and one of the following hardship criteria are met:

(i) the parent, spouse, or legal guardian resigns from a part-time or full-time job to
provide nursing care for the recipient; or
(ii) the parent, spouse, or legal guardian goes from a full-time to a part-time job with
less compensation to provide nursing care for the recipient; or
(iii) the parent, spouse, or legal guardian takes a leave of absence without pay to
provide nursing care for the recipient; or
(iv) because of labor conditions, special language needs, or intermittent hours of
care needed, the parent, spouse, or legal guardian is needed in order to provide adequate
private duty nursing services to meet the medical needs of the recipient.
(b) Private duty nursing may be provided by a parent, spouse, family foster parent, or legal guardian who is a nurse licensed in Minnesota. Private duty nursing services provided by a parent, spouse, family foster parent, or legal guardian cannot be used in lieu of nursing services covered and available under liable third-party payors, including Medicare. The private duty nursing provided by a parent, family foster parent, spouse, or legal guardian must be included in the service plan. Authorized skilled nursing services for a single recipient or recipients with the same residence and provided by the parent, family foster parent, spouse, or legal guardian may not exceed 50 percent of the total approved nursing hours, or eight hours per day, whichever is less, up to a maximum of 40 hours per week. A parent or parents, family foster parents, spouse, or legal guardian shall not provide more than 40 hours of services in a seven-day period. For parents, family foster parents, and legal guardians, 40 hours is the total amount allowed regardless of the number of children or adults who receive services. Nothing in this subdivision precludes the parent's, family foster parents', spouse's, or legal guardian's obligation of assuming the nonreimbursed family responsibilities of emergency backup caregiver and primary caregiver.

(c) A parent, family foster parent, or a spouse may not be paid to provide private duty nursing care if:

(1) the parent or spouse fails to pass a criminal background check according to chapter 245C; or

(2) it has been determined by the home health care agency, the case manager, or the physician that the private duty nursing care provided by the parent, family foster parents, spouse, or legal guardian is unsafe; or

(3) the parent, family foster parents, spouse, or legal guardian do not follow physician orders.

(d) For purposes of this section, "assessment" means a review and evaluation of a recipient's need for home care services conducted in person. Assessments for private duty nursing must be conducted by a registered nurse.

Sec. 29. Minnesota Statutes 2008, section 256B.0655, subdivision 1b, is amended to read:

Subd. 1b. Assessment. "Assessment" means a review and evaluation of a recipient's need for home care services conducted in person. Assessments for personal care assistant services shall be conducted by the county public health nurse or a certified public health nurse under contract with the county. A face-to-face An in-person assessment must include: documentation of health status, determination of need, evaluation of
service effectiveness, identification of appropriate services, service plan development
or modification, coordination of services, referrals and follow-up to appropriate payers
and community resources, completion of required reports, recommendation of service
authorization, and consumer education. Once the need for personal care assistant
services is determined under this section or sections 256B.0651, 256B.0653, 256B.0654,
and 256B.0656, the county public health nurse or certified public health nurse under
contract with the county is responsible for communicating this recommendation to the
commissioner and the recipient. A face-to-face assessment for personal care assistant
services is conducted on those recipients who have never had a county public health
nurse assessment. A face-to-face assessment must occur at least annually or
when there is a significant change in the recipient's condition or when there is a change
in the need for personal care assistant services. A service update may substitute for
the annual face-to-face assessment when there is not a significant change in recipient
condition or a change in the need for personal care assistant service. A service update
may be completed by telephone, used when there is no need for an increase in personal
care assistant services, and used for two consecutive assessments if followed by a
face-to-face assessment. A service update must be completed on a form approved by the
commissioner. A service update or review for temporary increase includes a review of
initial baseline data, evaluation of service effectiveness, redetermination of service need,
modification of service plan and appropriate referrals, update of initial forms, obtaining
service authorization, and ongoing consumer education. Assessments must be completed
on forms provided by the commissioner within 30 days of a request for home care services
by a recipient or responsible party or personal care provider agency.

Sec. 30. Minnesota Statutes 2008, section 256B.0655, subdivision 4, is amended to
read:

Subd. 4. Prior Authorization; personal care assistance and qualified
professional. The commissioner, or the commissioner's designee, shall review the
assessment, service update, request for temporary services, request for flexible use option;
service plan, and any additional information that is submitted. The commissioner shall;
within 30 days after receiving a complete request, assessment, and service plan, authorize
home care services as follows:

(a) All personal care assistant services and supervision by a qualified
professional, if requested by the recipient; and additional services beyond the limits
established in section 256B.0652, subdivision 11, must be prior authorized by the
commissioner or the commissioner's designee before services begin except for the
assessments established in section sections 256B.0651, subdivision 11, and 256B.0655, subdivision 1b. The authorization for personal care assistance and qualified professional services under section 256B.0659 must be completed within 30 calendar days after receiving a complete request.

(b) The amount of personal care assistant services authorized must be based on the recipient's home care rating. The home care rating shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner identifying the following:

A child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's comparable case mix level; or

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs or are dependent in at least seven activities of daily living and need physical assistance with eating or have a neurological diagnosis; or

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have Level I behavior, plus any inflation adjustment as provided by the legislature for personal care service; or

(D) up to the amount the commissioner would pay, as of July 1, 1991, plus any inflation adjustment provided for home care services, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.0911 or 256B.092; and

(F) a reasonable amount of time for the provision of supervision by a qualified professional of personal care assistant services, if a qualified professional is requested by the recipient or responsible party.

(2) The number of direct care hours shall be determined according to the annual cost report submitted to the department by nursing facilities. The average number of direct care
hours, as established by May 1, 1992, shall be calculated and incorporated into the home

care limits on July 1, 1992. These limits shall be calculated to the nearest quarter hour.

(3) The home care rating shall be determined by the commissioner or the

commisioner's designee based on information submitted to the commissioner by the

county public health nurse on forms specified by the commissioner. The home care rating

shall be a combination of current assessment tools developed under sections 256B.0911

and 256B.501 with an addition for seizure activity that will assess the frequency and

severity of seizure activity and with adjustments, additions, and clarifications that are

necessary to reflect the needs and conditions of recipients who need home care including

children and adults under 65 years of age. The commissioner shall establish these forms

and protocols under this section and sections 256B.0651, 256B.0653, 256B.0654, and

256B.0656 and shall use an advisory group, including representatives of recipients;

providers, and counties, for consultation in establishing and revising the forms and

protocols.

(4) A recipient shall qualify as having complex medical needs if the care required is
difficult to perform and because of recipient's medical condition requires more time than

elementary-based standards allow or requires more skill than would ordinarily be required

and the recipient needs or has one or more of the following:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy
care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care;

(G) quadriplegia; or

(H) other comparable medical conditions or treatments the commissioner determines

would otherwise require institutional care;

(5) A recipient shall qualify as having Level I behavior if there is reasonable

supporting evidence that the recipient exhibits, or that without supervision, observation, or

redirection would exhibit, one or more of the following behaviors that cause, or have the

potential to cause:

(A) injury to the recipient's own body;

(B) physical injury to other people; or

(C) destruction of property.
(6) Time authorized for personal care relating to Level I behavior in paragraph (5), clauses (A) to (C), shall be based on the predictability, frequency, and amount of intervention required.

(7) A recipient shall qualify as having Level II behavior if the recipient exhibits on a daily basis one or more of the following behaviors that interfere with the completion of personal care assistant services under subdivision 2, paragraph (a):

(A) unusual or repetitive habits;
(B) withdrawn behavior; or
(C) offensive behavior.

(8) A recipient with a home care rating of Level II behavior in paragraph (7), clauses (A) to (C), shall be rated as comparable to a recipient with complex medical needs under paragraph (4). If a recipient has both complex medical needs and Level II behavior, the home care rating shall be the next complex category up to the maximum rating under paragraph (1), clause (B):

(1) total number of dependencies of activities of daily living as defined in section 256B.0659;

(2) number of complex health-related functions as defined in section 256B.0659; and

(3) number of behavior criteria as defined in section 256B.0659.

(c) The methodology to determine total time for personal care assistance services is based on the median paid units per day for each home care rating from fiscal year 2007 data. Each home care rating has a base level of hours assigned. Additional time is added through the assessment and identification of the following:

(1) 30 additional minutes per day for a dependency in each critical activity of daily living as defined in section 256B.0659;

(2) 30 additional minutes per day for each complex health-related need as defined in section 256B.0659; and

(3) 30 additional minutes per day for each behavior criteria as defined in section 256B.0659.

(d) A limit of 96 units of qualified professional supervision may be authorized for each recipient receiving personal care assistance services. A request to the commissioner to exceed this total in a calendar year must be requested by the personal care provider agency on a form approved by the commissioner.

Sec. 31. Minnesota Statutes 2008, section 256B.0657, subdivision 8, is amended to read:
Subd. 8. **Self-directed budget requirements.** The budget for the provision of the self-directed service option shall be equal to the greater of either established based on:

1. the annual amount of personal care assistant services under section 256B.0655 that the recipient has used in the most recent 12-month period, assessed personal care assistance units, not to exceed the maximum number of personal care assistance units available, as determined by section 256B.0655; or
   2. the amount determined using the consumer support grant methodology under section 256B.476, subdivision 11, except that the budget amount shall include the federal and nonfederal share of the average service costs, the personal care assistance unit rate: 
   i. with a reduction to the unit rate to pay for a program administrator as defined in subdivision 10; and
   ii. an additional adjustment to the unit rate as needed to ensure cost neutrality for the state.

Sec. 32. Minnesota Statutes 2008, section 256B.0657, is amended by adding a subdivision to read:

Subd. 12. **Enrollment and evaluation.** Enrollment in the self-directed supports option is available to current personal care assistance recipients upon annual personal care assistance reassessment, with a maximum enrollment of 1,000 people in the first fiscal year of implementation and an additional 1,000 people in the second fiscal year. The commissioner shall evaluate the self-directed supports option during the first two years of implementation and make any necessary changes prior to the option becoming available statewide.

(d) The rates specified in paragraph (c) must be adjusted to reflect provider rate increases for personal care assistance services that are approved by the legislature for the fiscal year ending June 30, 2000, and subsequent fiscal years. Any requirements applied by the legislature to provider rate increases for personal care assistance services also apply to adjustments under this paragraph.

(e) Effective July 1, 2008, the payment rate for an assessment under this section and section 256B.0651 shall be reduced by 25 percent when the assessment is not completed on time and the service agreement documentation is not submitted in time to continue services. The commissioner shall reduce the amount of the claim for those assessments that are not submitted on time.

Subd. 6. Service plan. The service plan must be completed by the assessor with the recipient and responsible party on a form determined by the commissioner and include a summary of the assessment with a description of the need, authorized amount, and expected outcomes and goals of personal care assistance services. of the personal care assistance care plan. The personal care assistance care plan must
be completed within the first week after start of services with a personal care provider
agency and must be updated as needed when there is a change in need for personal care
assistance services. A new personal care assistance care plan is required annually at the
time of the reassessment.

Subd. 8. Communication with recipient's physician. The personal care assistance
program requires communication with the recipient's physician about a recipient's assessed
needs for personal care assistance services. The commissioner shall work with the state
medical director to develop options for communication with the recipient's physician.

Subd. 9. Responsible party; generally. (a) "Responsible party" means an
individual who is capable of providing the support necessary to assist the recipient to live
in the community.

(b) A responsible party must be 18 years of age, actively participate in planning and

(b) Responsible parties who are parents of minors or guardians of minors or incapacitated persons may delegate the responsibility to another adult who is not the personal care assistant during a temporary absence of at least 24 hours but not more than six months. The person delegated as a responsible party must be able to meet the definition of the responsible party, except that the delegated responsible party is required to reside with the recipient only while serving as the responsible party. The responsible party must ensure that the delegate performs the functions of the responsible party, is identified at the time of the assessment, and is listed on the personal care assistance care plan. The responsible party must communicate to the personal care assistance provider agency about the need for a delegate responsible party, including the name of the

Upon completion of the training components, the personal care assistant must demonstrate the competency to provide assistance to the recipient. Personal care assistant training and orientation must be completed within the
first seven days after the services begin and be directed to the needs of the recipient and
the recipient's personal care assistance care plan; and

(9) be limited to providing and being paid for no more than 310 hours per month of
personal care assistance services that is determined by the commissioner regardless of
the number of recipients being served or the number of personal care assistance provider
agencies enrolled with.

for the guardian services and meets the criteria for personal care assistants in paragraph (a).

must be employed by a personal care assistance provider agency and meet the definition
under section 256B.0625, subdivision 19c. Before a qualified professional provides
services, the personal care assistance provider agency must initiate a background study on
the qualified professional under chapter 245C, and the personal care assistance provider
agency must have received a notice from the commissioner that the qualified professional:

(1) is not disqualified under section 245C.14; or
(2) is disqualified, but the qualified professional has received a set aside of the

improve performance of the personal care assistants.

(c) The qualified professional shall complete the provider training with basic
information about the personal care assistance program approved by the commissioner
within six months of the date hired by a personal care assistance provider agency.
Qualified professionals who have completed the required trainings as an employee with a
personal care assistance provider agency do not need to repeat the required trainings if they
are hired by another agency, if they have completed the training within the last three years.

Subd. 14. Qualified professional; duties. (a) All personal care assistants must
be supervised by a qualified professional or in a joint supervision relationship with the
recipient or the responsible party.

(b) Through direct training, observation, return demonstrations, and consultation
with the staff and the recipient, the qualified professional must ensure and document

services under the personal care assistant choice option under subdivision 19. The
qualified professional shall evaluate the personal care assistance services for a recipient
through direct observation of a personal care assistant's work:
(1) at least every 90 days thereafter for the first year of a recipient's services; and
(2) every 120 days after the first year of a recipient's service, or whenever needed for
response to a recipient's request for increased supervision of the personal care assistance
staff.
(d) Communication with the recipient is a part of the evaluation process of the
personal care assistance staff.
(e) At each supervisory visit, the qualified professional shall evaluate personal care
assistance services including the following information:
(1) satisfaction level of the recipient with personal care assistance services;
(2) review of the month-to-month plan for use of personal care assistance services;
(3) review of documentation of personal care assistance services provided;
(4) whether the personal care assistance services are meeting the goals of the service
as stated in the personal care assistance care plan and service plan;

deficiencies in the work of a personal care assistant; and
(6) revision of the personal care assistance care plan as necessary in consultation
with the recipient or responsible party, to meet the needs of the recipient.
(f) The qualified professional shall complete the required documentation in the
agency recipient and employee files and the recipient's home, including the following

(1) the personal care assistance care plan based on the service plan and individualized
needs of the recipient;

personal care assistance care plan;

(4) training other than the individualized training required to provide care for a
recipient; and
(5) any other activity that is not described in this section.

Subd. 15. Flexible use. (a) "Flexible use" means the scheduled use of authorized
hours of personal care assistance services, which vary within a service authorization
period covering no more than six months, in order to more effectively meet the needs and
schedule of the recipient. Each 12-month service agreement is divided into two six-month
authorization date spans. No more than 75 percent of the total authorized units for a
12-month service agreement may be used in a six-month date span.

(b) Authorization of flexible use occurs during the authorization process under
section 256B.0652. The flexible use of authorized hours does not increase the total
amount of authorized hours available to a recipient. The commissioner shall not authorize
additional personal care assistance services to supplement a service authorization that
is exhausted before the end date under a flexible service use plan, unless the assessor
determines a change in condition and a need for increased services is established.
Authorized hours not used within the six-month period must not be carried over to another
time period.

(c) A recipient who has terminated personal care assistance services before the end
of the 12-month authorization period must not receive additional hours upon reapplying
during the same 12-month authorization period, except if a change in condition is
documented. Services must be prorated for the remainder of the 12-month authorization
period based on the first six-month assessment.

(d) The recipient, responsible party, and qualified professional must develop a
written month-to-month plan of the projected use of personal care assistance services that
is part of the personal care assistance care plan and ensures:
(1) that the health and safety needs of the recipient are met throughout both date
spans of the authorization period; and
(2) that the total authorized amount of personal care assistance services for each date
span must not be used before the end of each date span in the authorization period.

(e) The personal care assistance provider agency shall monitor the use of personal
care assistance services to ensure health and safety needs of the recipient are met
throughout both date spans of the authorization period. The commissioner or the
commissioner's designee shall provide written notice to the provider and the recipient or
responsible party when a recipient is at risk of exceeding the personal care assistance
services prior to the end of the six-month period.

(f) Misuse and abuse of the flexible use of personal care assistance services resulting
in the overuse of units in a manner where the recipient will not have enough units to meet
their needs for assistance and ensure health and safety for the entire six-month date span
may lead to an action by the commissioner. The commissioner may take action including,
but not limited to: (1) restricting recipients to service authorizations of no more than one
month in duration; (2) requiring the recipient to have a responsible party; and (3) requiring
a qualified professional to monitor and report services on a monthly basis.

Subd. 16. Shared services. (a) Medical assistance payments for shared personal
care assistance services are limited according to this subdivision.

(b) Shared service is the provision of personal care assistance services by a personal
care assistant to two or more recipients, eligible for medical assistance, who voluntarily
enter into an agreement to receive services at the same time and in the same setting.

(c) For the purposes of this subdivision, "setting" means:

(1) the home residence or family foster care home of one or more of the individual
recipients; or

(2) a child care program licensed under chapter 245A or operated by a local school
district or private school.

(d) Shared personal care assistance services follow the same criteria for covered
services as subdivision 2.

(e) Noncovered shared personal care assistance services include the following:

(1) services for more than three recipients by one personal care assistant at one time;

(2) staff requirements for child care programs under chapter 245C;

(3) caring for multiple recipients in more than one setting;

(4) additional units of personal care assistance based on the selection of the option;

and

(5) use of more than one personal care assistance provider agency for the shared
care services.

(f) The option of shared personal care assistance is elected by the recipient or the
responsible party with the assistance of the assessor. The option must be determined
appropriate based on the ages of the recipients, compatibility, and coordination of their
assessed care needs. The recipient or the responsible party, in conjunction with the
qualified professional, shall arrange the setting and grouping of shared services based
on the individual needs and preferences of the recipients. The personal care assistance
provider agency shall offer the recipient or the responsible party the option of shared or
one-on-one personal care assistance services or a combination of both. The recipient or
the responsible party may withdraw from participating in a shared services arrangement at
any time.

(g) Authorization for the shared service option must be determined by the
commissioner based on the criteria that the shared service is appropriate to meet all of the
recipients' needs and their health and safety is maintained. The authorization of shared
services is part of the overall authorization of personal care assistance services. Nothing
in this subdivision must be construed to reduce the total number of hours authorized for
an individual recipient.

(h) A personal care assistant providing shared personal care assistance services must:

(1) receive training specific for each recipient served; and

(2) follow all required documentation requirements for time and services provided.

(i) A qualified professional shall:

(1) evaluate the ability of the personal care assistant to provide services for all of
the recipients in a shared setting;

(2) visit the shared setting as services are being provided at least once every six
months or whenever needed for response to a recipient's request for increased supervision
of the personal care assistance staff;

(3) provide ongoing monitoring and evaluation of the effectiveness and
appropriateness of the shared services;

(4) develop a contingency plan with each of the recipients which accounts for
absence of the recipient in a share services setting due to illness or other circumstances;

(5) obtain permission from each of the recipients who are sharing a personal care
assistant for number of shared hours for services provided inside and outside the home
residence; and

(6) document the training completed by the personal care assistants specific to the
shared setting and recipients sharing services.

Subd. 17. Shared services; rates. The commissioner shall establish a rate system
for shared personal care assistance services. For two persons sharing services, the rate
paid to a provider must not exceed one and one-half times the rate paid for serving a single
individual, and for three persons sharing services, the rate paid to a provider must not
exceed twice the rate paid for serving a single individual. These rates apply only when all
of the criteria for the shared care personal care assistance service have been met.

Subd. 18. Personal care assistance choice option; generally. (a) The
commissioner may allow a recipient of personal care assistance services to use a fiscal
intermediary to assist the recipient in paying and account for medically necessary covered
personal care assistance services. Unless otherwise provided in this section, all other
statutory and regulatory provisions relating to personal care assistance services apply to a
recipient using the personal care assistance choice option.

(b) Personal care assistance choice is an option of the personal care assistance
program that allows the recipient who receives personal care assistance services to be
responsible for the hiring, training, scheduling, and termination of personal care assistants.
This program offers greater control and choice for the recipient in deciding who provides
the personal care assistance service and when the service is scheduled. The recipient or
the recipient's responsible party must choose a personal care assistance choice provider
agency as a fiscal intermediary. This personal care assistance choice provider agency
manages payroll, invoices the state, is responsible for all payroll related taxes and
insurance, and is responsible for providing the consumer training and support in managing
the recipient's personal care assistance services.

Subd. 19. Personal care assistance choice option; qualifications; duties. (a)
Under personal care assistance choice, the recipient or responsible party shall:

(1) recruit, hire, schedule, and terminate personal care assistants and a qualified
professional;

(2) develop a personal care assistance care plan based on the assessed needs
and addressing the health and safety of the recipient with the assistance of a qualified
professional as needed;

(3) orient and train the personal care assistant with assistance as needed from the
qualified professional;

(4) supervise and evaluate the personal care assistant with the qualified professional,
who is required to visit at least every 180 days;

(5) monitor and verify in writing and report to the personal care assistance choice
agency the number of hours worked by the personal care assistant and the qualified
professional;

(6) engage in an annual face-to-face reassessment to determine continuing eligibility
and service authorization; and

(7) use the same personal care assistance choice provider agency if shared personal
assistance care is being used.

(b) The personal care assistance choice provider agency shall:

(1) meet all personal care assistance provider agency standards;

(2) enter into a written agreement with the recipient, responsible party, and personal
care assistants;
(3) not be related as a parent, child, sibling, or spouse to the recipient, qualified professional, or the personal care assistant; and

(4) ensure arm's-length transactions without undue influence or coercion with the recipient and personal care assistant.

(c) The duties of the personal care assistance choice provider agency are to:

(1) be the employer of the personal care assistant and the qualified professional for employment law and related regulations including but not limited to purchasing and maintaining workers' compensation, unemployment insurance, surety and fidelity bonds, and liability insurance, and submit any or all necessary documentation including, but not limited to, workers' compensation and unemployment insurance;

(2) bill the medical assistance program for personal care assistance services and qualified professional services;

(3) request and complete background studies that comply with the requirements for personal care assistants and qualified professionals;

(4) pay the personal care assistant and qualified professional based on actual hours of services provided;

(5) withhold and pay all applicable federal and state taxes;

(6) verify and keep records of hours worked by the personal care assistant and qualified professional;

(7) make the arrangements and pay taxes and other benefits, if any; and comply with any legal requirements for a Minnesota employer;

(8) enroll in the medical assistance program as a personal care assistance choice agency; and

(9) enter into a written agreement as specified in subdivision 20 before services are provided.

Subd. 20. Personal care assistance choice option; administration. (a) Before services commence under the personal care assistance choice option, and annually thereafter, the personal care assistance choice provider agency, recipient, or responsible party, each personal care assistant, and the qualified professional shall enter into a written agreement. The agreement must include at a minimum:

(1) duties of the recipient, qualified professional, personal care assistant, and personal care assistance choice provider agency;

(2) salary and benefits for the personal care assistant and the qualified professional;

(3) administrative fee of the personal care assistance choice provider agency and services paid for with that fee, including background study fees;

(4) grievance procedures to respond to complaints;
(5) procedures for hiring and terminating the personal care assistant; and
(6) documentation requirements including, but not limited to, time sheets, activity
records, and the personal care assistance care plan.

(b) Except for the administrative fee of the personal care assistance choice provider
agency as reported on the written agreement, the remainder of the rates paid to the
personal care assistance choice provider agency must be used to pay for the salary and
benefits for the personal care assistant or the qualified professional. The personal care
assistance choice provider agency must provide a minimum of 75 percent of the revenue
generated by the medical assistance rate for personal care assistance for employee
personal care assistant wages and benefits.

(c) The commissioner shall deny, revoke, or suspend the authorization to use the
personal care assistance choice option if:

(1) it has been determined by the qualified professional or public health nurse that
the use of this option jeopardizes the recipient's health and safety;

(2) the parties have failed to comply with the written agreement specified in
subdivision 20;

(3) the use of the option has led to abusive or fraudulent billing for personal care
assistance services; or

(4) the department terminates the personal care assistance choice option.

(d) The recipient or responsible party may appeal the commissioner's decision in
paragraph (c) according to section 256.045. The denial, revocation, or suspension to
use the personal care assistance choice option must not affect the recipient's authorized
level of personal care assistance services.

Subd. 21. Requirements for initial enrollment of personal care assistance
provider agencies. (a) All personal care assistance provider agencies must provide, at the
time of enrollment as a personal care assistance provider agency in a format determined
by the commissioner, information and documentation that includes, but is not limited to,
the following:

(1) the personal care assistance provider agency's current contact information
including address, telephone number, and e-mail address;

(b) Personal care assistance provider agencies shall provide the information specified in paragraph (a) to the commissioner at the time the personal care assistance provider agency enrolls as a vendor or upon request from the commissioner. The commissioner shall collect the information specified in paragraph (a) from all personal care assistance providers beginning upon enactment of this section.
(c) All personal care assistance provider agencies shall complete mandatory training
as determined by the commissioner before enrollment as a provider. Personal care
assistance provider agencies are required to send all owners employed by the agency
and all other managerial officials to the initial and subsequent trainings. Personal care
assistance provider agency billing staff shall complete training about personal care
assistance program financial management. This training is effective upon enactment of
this section. Any personal care assistance provider agency enrolled before that date shall,
if it has not already, complete the provider training within 18 months of the effective
date of this section. Any new owners, new qualified professionals, and new managerial
officials are required to complete mandatory training as a prerequisite of hiring.

Subd. 22. Annual review for personal care providers. (a) All personal care
assistance provider agencies shall resubmit, on an annual basis, the information specified
in subdivision 21, in a format determined by the commissioner, and provide a copy of the
personal care assistance provider agency’s most current version of its grievance policies

(c) Personal care assistance provider agencies also currently licensed under
Minnesota Rules, part 4668.0012, as a class A provider or currently certified for
participation in Medicare as a home health agency under Code of Federal Regulations,
title 42, part 484, are deemed in compliance with the personal care assistance requirements
for enrollment, annual review process, and documentation.

Subd. 23. Enrollment requirements following termination. (a) A terminated
personal care assistance provider agency, including all named individuals on the current
enrollment disclosure form and known or discovered affiliates of the personal care
assistance provider agency, is not eligible to enroll as a personal care assistance provider agency for two years following the termination.

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the monthly limit described under section 256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased under this section exceed the difference between the client's monthly service limit defined under section 256B.0915, subdivision 3, and the alternative care program monthly service limit defined in this paragraph. If care-related supplies and equipment or environmental modifications and adaptations are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive months beginning with the month of purchase. (b) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown or waiver obligation. A person whose initial application for medical assistance and the elderly waiver program is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, medical assistance must be billed for services payable under the federally approved elderly waiver plan and delivered from the date the individual was found eligible for the federally approved elderly waiver plan. Notwithstanding this provision, alternative care funds may not be used to pay for any service the cost of which:

subsequent state fiscal year, the individualized monthly negotiated authorized payment
for the services described in this clause shall not exceed the limit described in this clause
which was in effect on June 30 of the previous state fiscal year and which has been
adjusted by the greater of any legislatively adopted home and community-based services
cost-of-living percentage increase or any legislatively adopted statewide percent rate
increase for nursing facilities updated annually based on legislatively adopted changes to
all service rate maximums for home and community-based service providers.

(e) Customized living services are delivered by a provider licensed by the
Department of Health as a class A or class F home care provider and provided in a
building that is registered as a housing with services establishment under chapter 144D.

Sec. 46. Minnesota Statutes 2008, section 256B.0915, subdivision 3h, is amended to
read:

Subd. 3h. Service rate limits; 24-hour customized living services. (a) The
payment rates for 24-hour customized living services are a monthly rate negotiated and
authorized by the lead agency within the parameters established by the commissioner

Article 9 Sec. 46.
of human services. The payment agreement must delineate the services that have been
customized for each recipient and specify the amount of each component service included
in each recipient's customized living service to be provided plan. The lead agency
shall ensure that there is a documented need within the parameters established by the
commissioner for all component customized living services authorized. The lead agency
shall not authorize 24-hour customized living services unless there is a documented need
for 24-hour supervision.

(b) For purposes of this section, "24-hour supervision" means that the recipient
requires assistance due to needs related to one or more of the following:

(1) intermittent assistance with toileting or transferring;
(2) cognitive or behavioral issues;
(3) a medical condition that requires clinical monitoring; or
(4) other conditions or needs as defined by the commissioner of human services.

The lead agency shall ensure that the frequency and mode of supervision of the recipient
and the qualifications of staff providing supervision are described and meet the needs of
the recipient. Customized living services must not include rent or raw food costs.

(c) The negotiated payment rate for 24-hour customized living services must be
based on the amount of component services to be provided utilizing component rates
established by the commissioner. Counties and tribes will use tools issued by the
commissioner to develop and document customized living plans and authorize rates.

(d) Component service rates must not exceed payment rates for
comparable elderly waiver or medical assistance services and must reflect economies
of scale.

(e) The individually negotiated authorized 24-hour customized living payments,
in combination with the payment for other elderly waiver services, including case
management, must not exceed the recipient's community budget cap specified in
subdivision 3a. Customized living services must not include rent or raw food costs.

(f) The individually authorized 24-hour customized living payment rates shall not
exceed the 95 percentile of statewide monthly authorizations for 24-hour customized
living services in effect and in the Medicaid management information systems on March
31, 2009, for each case mix resident class under Minnesota Rules, parts 9549.0050
to 9549.0059, to which elderly waiver service clients are assigned. When there are
fewer than 50 authorizations in effect in the case mix resident class, the commissioner
shall multiply the calculated service payment rate maximum for the A classification by
the standard weight for that classification under Minnesota Rules, parts 9549.0050 to
9549.0059, to determine the applicable payment rate maximum. Service payment rate
maximums shall be updated annually based on legislatively adopted changes to all service
rates for home and community-based service providers.

(g) Notwithstanding the requirements of paragraphs (d) and (f), the commissioner
may establish alternative payment rate systems for 24-hour customized living services in
housing with services establishments which are freestanding buildings with a capacity of
16 or fewer, by applying a single hourly rate for covered component services provided
in either:

(1) licensed corporate adult foster homes; or

(2) specialized dementia care units which meet the requirements of section 144D.065
and in which:

(i) each resident is offered the option of having their own apartment; or

(ii) the units are licensed as board and lodge establishments with maximum capacity
of eight residents, and which meet the requirements of Minnesota Rules, part 9555.6205,
subparts 1, 2, 3, and 4, item A.

Sec. 47. Minnesota Statutes 2008, section 256B.0915, subdivision 5, is amended to
read:

Subd. 5. Assessments and reassessments for waiver clients. (a) Each client
shall receive an initial assessment of strengths, informal supports, and need for services
in accordance with section 256B.0911, subdivisions 3, 3a, and 3b. A reassessment of a
client served under the elderly waiver must be conducted at least every 12 months and at
other times when the case manager determines that there has been significant change in
the client's functioning. This may include instances where the client is discharged from
the hospital. There must be a determination that the client requires nursing facility level of
care as defined in section 144.0724, subdivision 11, at initial and subsequent assessments
to initiate and maintain participation in the waiver program.

(b) Regardless of other assessments identified in section 144.0724, subdivision
4, as appropriate to determine nursing facility level of care for purposes of medical
assistance payment for nursing facility services, only face-to-face assessments conducted
according to section 256B.0911, subdivisions 3a and 3b, that result in a nursing facility
level of care determination will be accepted for purposes of initial and ongoing access to
waiver service payment.

EFFECTIVE DATE. The section is effective July 1, 2011.

Sec. 48. Minnesota Statutes 2008, section 256B.0915, is amended by adding a
subdivision to read:
Subd. 10.Waiver payment rates; managed care organizations. The commissioner shall adjust the elderly waiver capitation payment rates for managed care organizations paid under section 256B.69, subdivisions 6a and 23, to reflect the maximum service rate limits for customized living services and 24-hour customized living services under subdivisions 3e and 3h for the contract period beginning October 1, 2009. Medical assistance rates paid to customized living providers by managed care organizations under this section shall not exceed the maximum service rate limits determined by the commissioner under subdivisions 3e and 3h.

Sec. 49. Minnesota Statutes 2008, section 256B.0916, subdivision 2, is amended to read:

Subd. 2. Distribution of funds; partnerships. (a) Beginning with fiscal year 2000, the commissioner shall distribute all funding available for home and community-based waiver services for persons with developmental disabilities to individual counties or to groups of counties that form partnerships to jointly plan, administer, and authorize funding for eligible individuals. The commissioner shall encourage counties to form partnerships that have a sufficient number of recipients and funding to adequately manage the risk and maximize use of available resources.

(b) Counties must submit a request for funds and a plan for administering the program as required by the commissioner. The plan must identify the number of clients to be served, their ages, and their priority listing based on:

(1) requirements in Minnesota Rules, part 9525.1880; and

(2) unstable living situations due to the age or incapacity of the primary caregiver; statewide priorities identified in section 256B.092, subdivision 12;

(3) the need for services to avoid out-of-home placement of children;

(4) the need to serve persons affected by private sector ICF/MR closures; and

(5) the need to serve persons whose consumer support grant exception amount was eliminated in 2004.

The plan must also identify changes made to improve services to eligible persons and to improve program management.

(c) In allocating resources to counties, priority must be given to groups of counties that form partnerships to jointly plan, administer, and authorize funding for eligible individuals and to counties determined by the commissioner to have sufficient waiver capacity to maximize resource use.
(d) Within 30 days after receiving the county request for funds and plans, the commissioner shall provide a written response to the plan that includes the level of resources available to serve additional persons.

(e) Counties are eligible to receive medical assistance administrative reimbursement for administrative costs under criteria established by the commissioner.

Sec. 50. Minnesota Statutes 2008, section 256B.0917, is amended by adding a subdivision to read:

Subd. 14. Essential community supports grants. (a) The purpose of the essential community supports grant program is to provide targeted services to persons 65 years and older who need essential community support, but whose needs do not meet the level of care required for nursing facility placement under section 144.0724, subdivision 11.

(b) Within the limits of the appropriation and not to exceed $400 per person per month, funding must be available to a person who:

(1) is age 65 or older;

(2) is not eligible for medical assistance;

(3) would otherwise be financially eligible for the alternative care program under section 256B.0913, subdivision 4;

(4) has received a community assessment under section 256B.0911, subdivision 3a or 3b, and does not require the level of care provided in a nursing facility;

(5) has a community support plan; and

(6) has been determined by a community assessment under section 256B.0911, subdivision 3a or 3b, to be a person who would require provision of at least one of the following services, as defined in the approved elderly waiver plan, in order to maintain their community residence:

(i) caregiver support;

(ii) homemaker;

(iii) chore; or

(iv) a personal emergency response device or system.

(c) The person receiving any of the essential community supports in this subdivision must also receive service coordination as part of their community support plan.

(d) A person who has been determined to be eligible for an essential community support grant must be reassessed at least annually and continue to meet the criteria in paragraph (b) to remain eligible for an essential community support grant.
(e) The commissioner shall allocate grants to counties and tribes under contract with
the department based upon the historic use of the medical assistance elderly waiver and
alternative care grant programs and other criteria as determined by the commissioner.

Sec. 51. Minnesota Statutes 2008, section 256B.092, subdivision 8a, is amended to
read:

Subd. 8a. County concurrence. (a) If the county of financial responsibility wishes
to place a person in another county for services, the county of financial responsibility shall
seek concurrence from the proposed county of service and the placement shall be made
cooperatively between the two counties. Arrangements shall be made between the two
counties for ongoing social service, including annual reviews of the person's individual
service plan. The county where services are provided may not make changes in the
person's service plan without approval by the county of financial responsibility.

(b) When a person has been screened and authorized for services in an intermediate
care facility for persons with developmental disabilities or for home and community-based
services for persons with developmental disabilities, the case manager shall assist that
person in identifying a service provider who is able to meet the needs of the person
according to the person's individual service plan. If the identified service is to be provided
in a county other than the county of financial responsibility, the county of financial
responsibility shall request concurrence of the county where the person is requesting to
receive the identified services. The county of service may refuse to concur if:

(1) it can demonstrate that the provider is unable to provide the services identified in
the person's individual service plan as services that are needed and are to be provided; or

(2) in the case of an intermediate care facility for persons with developmental
disabilities, there has been no authorization for admission by the admission review team
as required in section 256B.0926; or

(3) in the case of home and community-based services for persons with
developmental disabilities, the county of service can demonstrate that the prospective
provider has failed to substantially comply with the terms of a past contract or has had a
prior contract terminated within the last 12 months for failure to provide adequate services;
or has received a notice of intent to terminate the contract;

(c) The county of service shall notify the county of financial responsibility of
concurrency or refusal to concur no later than 20 working days following receipt of the
written request. Unless other mutually acceptable arrangements are made by the involved
county agencies, the county of financial responsibility is responsible for costs of social
services and the costs associated with the development and maintenance of the placement.

The county of service may request that the county of financial responsibility purchase case management services from the county of service or from a contracted provider of case management when the county of financial responsibility is not providing case management as defined in this section and rules adopted under this section, unless other mutually acceptable arrangements are made by the involved county agencies. Standards for payment limits under this section may be established by the commissioner. Financial disputes between counties shall be resolved as provided in section 256G.09.

Sec. 52. Minnesota Statutes 2008, section 256B.092, is amended by adding a subdivision to read:

Existing waiver service descriptions must be modified to the extent necessary to ensure there is no duplication between other services. Residential support services must be provided by vendors licensed under category community residential setting as defined in section 245A.11, subdivision 8.

(b) Residential support services must meet the following criteria:

1. Providers of residential support services must own or control the residential site;
2. The residential site must not be the primary residence of the license holder;
3. The residential site must have a designated program supervisor responsible for program oversight, development, and implementation of policies and procedures;
4. The provider of residential support services must provide supervision, training, and assistance as described in the person's community support plan; and
5. The provider of residential support services must meet the requirements of licensure and additional requirements of the person's community support plan.

The statewide priorities must include, but are not limited to, individuals who continue to have a need for waiver services after they have maximized the use of state plan services and other funding resources,
including natural supports, prior to accessing waiver services, and who meet at least one
of the following criteria:

(1) have unstable living situations due to the age, incapacity, or sudden loss of
the primary caregivers;

(2) are moving from an institution due to bed closures;

(3) experience a sudden closure of their current living arrangement;

services or other funding resources alone; or

(6) meet other priorities established by the department.

(b) When allocating resources to lead agencies, the commissioner shall take into
consideration the number of individuals waiting who meet statewide priorities.

(c) The commissioner shall evaluate the impact of the use of statewide priorities and

shall be subrogated, to the extent of the cost of medical care furnished, to any rights the
person may have under the terms of the coverage, or against the organization or entity
providing or liable to provide health or medical care, or under the cause of action.

The right of subrogation created in this section includes all portions of the cause

dispose of portions of the cause of action not subject to subrogation.

Sec. 55. Minnesota Statutes 2008, section 256B.37, subdivision 5, is amended to read:

**Subd. 5. Private benefits to be used first.** Private accident and health care coverage

(1) the amount available is the net reduction of nursing facility beds multiplied by $2,080;

(2) the total number of beds in the nursing facility or facilities receiving the planned closure rate adjustment must be identified;

(3) capacity days are determined by multiplying the number determined under clause (2) by 365; and

(4) the planned closure rate adjustment is the amount available in clause (1), divided by capacity days determined under clause (3).

(b) A planned closure rate adjustment under this section is effective on the first day of the month following completion of closure of the facility designated for closure in the application and becomes part of the nursing facility's total operating payment rate.

(c) Applicants may use the planned closure rate adjustment to allow for a property payment for a new nursing facility or an addition to an existing nursing facility or as an operating payment rate adjustment. Applications approved under this subdivision are exempt from other requirements for moratorium exceptions under section 144A.073, subdivisions 2 and 3.

(d) Upon the request of a closing facility, the commissioner must allow the facility a closure rate adjustment as provided under section 144A.161, subdivision 10.

(e) A facility that has received a planned closure rate adjustment may reassign it to another facility that is under the same ownership at any time within three years of its effective date. The amount of the adjustment shall be computed according to paragraph (a).

(f) If the per bed dollar amount specified in paragraph (a), clause (1), is increased, the commissioner shall recalculate planned closure rate adjustments for facilities that delicense beds under this section on or after July 1, 2001, to reflect the increase in the per bed dollar amount. The recalculated planned closure rate adjustment shall be effective from the date the per bed dollar amount is increased.
(g) For planned closures approved after June 30, 2009, the commissioner of human

Sec. 57. Minnesota Statutes 2008, section 256B.441, is amended by adding a
subdivision to read:

Subd. 24a. Medicare costs. For purposes of computing rates under this section for
rate years beginning on or after October 1, 2009, "Medicare costs" means 70.4 percent of
Medicare Part A and Part B revenues received during the reporting year.

Sec. 58. Minnesota Statutes 2008, section 256B.441, subdivision 48, is amended to
read:

Subd. 48. Calculation of operating per diems. The direct care per diem for
each facility shall be the facility's direct care costs divided by its standardized days.
The other care-related per diem shall be the sum of the facility's activities costs, other
direct care costs, raw food costs, therapy costs, and social services costs, divided by the
facility's resident days. The other operating per diem shall be the sum of the facility's
administrative costs, dietary costs, housekeeping costs, laundry costs, and maintenance
and plant operations costs divided by the facility's resident days. For rate years beginning
on or after October 1, 2009, the calculations of the direct care per diem, other care-related
per diem, and other operating per diem shall:

(1) have allowable costs reduced by Medicare costs as defined in subdivision 24a.
The Medicare costs must be allocated between direct care, other care-related, and other
operating based on a ratio of allowable expenses from the cost report; and

(2) have resident days and standardized days computed without using days paid
by Medicare.

Sec. 59. Minnesota Statutes 2008, section 256B.441, subdivision 55, is amended to
read:

Subd. 55. Phase-in of rebased operating payment rates. (a) For the rate years
beginning October 1, 2008, to October 1, 2015, the operating payment rate calculated
under this section shall be phased in by blending the operating rate with the operating
payment rate determined under section 256B.434. For purposes of this subdivision, the
rate to be used that is determined under section 256B.434 shall not include the portion of
the operating payment rate related to performance-based incentive payments under section
256B.434, subdivision 4, paragraph (d). For the rate year beginning October 1, 2008, the
operating payment rate for each facility shall be 13 percent of the operating payment rate
from this section, and 87 percent of the operating payment rate from section 256B.434.
For the rate year period beginning October 1, 2009, through September 30, 2013, the
operating payment rate for each facility shall be 14 percent of the operating payment rate
from this section, and 86 percent of the operating payment rate from section 256B.434.
For the rate year beginning October 1, 2010, the operating payment rate for each facility
shall be 14 percent of the operating payment rate from this section, and 86 percent of the
operating payment rate from section 256B.434. For the rate year beginning October 1,
2011, the operating payment rate for each facility shall be 31 percent of the operating
payment rate from this section, and 69 percent of the operating payment rate from section
256B.434. For the rate year beginning October 1, 2012, the operating payment rate for
each facility shall be 48 percent of the operating payment rate from this section, and 52
percent of the operating payment rate from section 256B.434. For the rate year beginning
October 1, 2013, the operating payment rate for each facility shall be 65 percent of the
operating payment rate from this section, and 35 percent of the operating payment rate
from section 256B.434. For the rate year beginning October 1, 2014, the operating
payment rate for each facility shall be 82 percent of the operating payment rate from this
section, and 18 percent of the operating payment rate from section 256B.434. For the rate
year beginning October 1, 2015, the operating payment rate for each facility shall be the
operating payment rate determined under this section. The blending of operating payment
rates under this section shall be performed separately for each RUG's class.
(b) For the rate year beginning October 1, 2008, the commissioner shall apply limits
to the operating payment rate increases under paragraph (a) by creating a minimum
percentage increase and a maximum percentage increase.
(1) Each nursing facility that receives a blended October 1, 2008, operating payment
rate increase under paragraph (a) of less than one percent, when compared to its operating
payment rate on September 30, 2008, computed using rates with RUG's weight of 1.00,
shall receive a rate adjustment of one percent.
(2) The commissioner shall determine a maximum percentage increase that will
result in savings equal to the cost of allowing the minimum increase in clause (1). Nursing
facilities with a blended October 1, 2008, operating payment rate increase under paragraph
(a) greater than the maximum percentage increase determined by the commissioner, when
compared to its operating payment rate on September 30, 2008, computed using rates with
a RUG's weight of 1.00, shall receive the maximum percentage increase.
(3) Nursing facilities with a blended October 1, 2008, operating payment rate
increase under paragraph (a) greater than one percent and less than the maximum
percentage increase determined by the commissioner, when compared to its operating
payment rate on September 30, 2008, computed using rates with a RUG's weight of 1.00,
shall receive the blended October 1, 2008, operating payment rate increase determined
under paragraph (a).

(4) The October 1, 2009, through October 1, 2015, operating payment rate for
facilities receiving the maximum percentage increase determined in clause (2) shall be
the amount determined under paragraph (a) less the difference between the amount
determined under paragraph (a) for October 1, 2008, and the amount allowed under clause
(2). This rate restriction does not apply to rate increases provided in any other section.

(c) A portion of the funds received under this subdivision that are in excess of
operating payment rates that a facility would have received under section 256B.434, as
determined in accordance with clauses (1) to (3), shall be subject to the requirements in
section 256B.434, subdivision 19, paragraphs (b) to (h).

(1) Determine the amount of additional funding available to a facility, which shall be
equal to total medical assistance resident days from the most recent reporting year times
the difference between the blended rate determined in paragraph (a) for the rate year being
computed and the blended rate for the prior year.

(2) Determine the portion of all operating costs, for the most recent reporting year,
that are compensation related. If this value exceeds 75 percent, use 75 percent.

(3) Subtract the amount determined in clause (2) from 75 percent.

(4) The portion of the fund received under this subdivision that shall be subject to
the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h), shall equal
the amount determined in clause (1) times the amount determined in clause (3).

subdivision to read:

(5) experience a sudden change in need that can no longer be met through state plan
services or other funding resources alone; or
(6) meet other priorities established by the department.
(b) When allocating resources to lead agencies, the commissioner shall take into
consideration the number of individuals waiting who meet statewide priorities.
(c) The commissioner shall evaluate the impact of the use of statewide priorities and
provide recommendations to the legislature on whether to continue the use of statewide
priorities in the November 1, 2011, annual report required by the commissioner in sections
256B.0916, subdivision 7, and 256B.49, subdivision 21.

Sec. 62. Minnesota Statutes 2008, section 256B.49, subdivision 12, is amended to read:

request;

assessment is completed;
(3) informing the recipient or the recipient's legal guardian or conservator of service options;
(4) assisting the recipient in the identification of potential service providers;
(5) assisting the recipient to access services;
(6) coordinating, evaluating, and monitoring of the services identified in the service plan;
(7) completing the annual reviews of the service plan; and

(b) There must be a determination that the client requires a hospital level of care or a nursing facility level of care as defined in section 144.0724, subdivision 11, at initial and subsequent assessments to initiate and maintain participation in the waiver program.

(c) Regardless of other assessments identified in section 144.0724, subdivision 4, as appropriate to determine nursing facility level of care for purposes of medical assistance payment for nursing facility services, only face-to-face assessments conducted according to section 256B.0911, subdivisions 3a, 3b, and 4d, that result in a hospital level of care determination or a nursing facility level of care determination must be accepted for purposes of initial and ongoing access to waiver services payment.

(d) Persons with developmental disabilities who apply for services under the nursing facility level waiver programs shall be screened for the appropriate level of care according to section 256B.092.
Recipients who are found eligible for home and community-based services under this section before their 65th birthday may remain eligible for these services after their 65th birthday if they continue to meet all other eligibility factors.

**EFFECTIVE DATE.** The section is effective July 1, 2011.

Sec. 65. Minnesota Statutes 2008, section 256B.49, is amended by adding a subdivision to read:

Subd. 22. **Residential support services.** For the purposes of this section, the provisions of section 256B.092, subdivision 11, are controlling.

Sec. 66. **[256B.4912] HOME AND COMMUNITY-BASED WAIVERS; PROVIDERS AND PAYMENT.**

Subdivision 1. **Provider qualifications.** For the home and community-based waivers providing services to seniors and individuals with disabilities, the commissioner shall establish:

1. agreements with enrolled waiver service providers to ensure providers meet qualifications defined in the waiver plans;
2. regular reviews of provider qualifications; and
3. processes to gather the necessary information to determine provider qualifications.

By July 2010, staff that provide direct contact, as defined in section 245C.02, subdivision 11, that are employees of waiver service providers must meet the requirements of chapter 245C prior to providing waiver services and as part of ongoing enrollment. Upon federal approval, this requirement must also apply to consumer-directed community supports.

Subd. 2. **Rate-setting methodologies.** The commissioner shall establish statewide rate-setting methodologies that meet federal waiver requirements for home and community-based waiver services for individuals with disabilities. The rate-setting methodologies must utilize person-centered methods that result in quality of life beyond custodial care, promote individual choice and service stability, are understandable to families and nonfinancial county staff, are equitable across the state, are transparent and available to the public, and are flexible to adapt to recipients’ individual service needs. The methodologies must involve a uniform process of structuring rates for each service and must promote quality and participant choice.
Sec. 67. Minnesota Statutes 2008, section 256B.5011, subdivision 2, is amended to read:

Subd. 2. **Contract provisions.** (a) The service contract with each intermediate care facility must include provisions for:

(1) modifying payments when significant changes occur in the needs of the consumers;

(2) the establishment and use of a quality improvement plan. Using criteria and options for performance measures developed by the commissioner, each intermediate care facility must identify a minimum of one performance measure on which to focus its efforts for quality improvement during the contract period;

(3) appropriate and necessary statistical information required by the commissioner;

(4) annual aggregate facility financial information; and

(5) additional requirements for intermediate care facilities not meeting the standards set forth in the service contract.

(b) The commissioner of human services and the commissioner of health, in consultation with representatives from counties, advocacy organizations, and the provider community, shall review the consolidated standards under chapter 245B and the supervised living facility rule under Minnesota Rules, chapter 4665, to determine what provisions in Minnesota Rules, chapter 4665, may be waived by the commissioner of health for intermediate care facilities in order to enable facilities to implement the performance measures in their contract and provide quality services to residents without a duplication of or increase in regulatory requirements.

Sec. 68. Minnesota Statutes 2008, section 256B.5012, is amended by adding a subdivision to read:

**Subd. 8. ICF/MR rate decreases effective July 1, 2009.** The commissioner shall decrease each facility reimbursed under this section operating payment adjustments equal to 3.0 percent of the operating payment rates in effect on June 30, 2009. For each facility, the commissioner shall implement the rate reduction, based on occupied beds, using the percentage specified in this subdivision multiplied by the total payment rate, including the variable rate but excluding the property-related payment rate, in effect on the preceding date. The total rate reduction shall include the adjustment provided in section 256B.502, subdivision 7.

Sec. 69. Minnesota Statutes 2008, section 256B.5013, subdivision 1, is amended to read:
Subdivision 1. **Variable rate adjustments.** (a) For rate years beginning on or after October 1, 2000, when there is a documented increase in the needs of a current ICF/MR recipient, the county of financial responsibility may recommend a variable rate to enable the facility to meet the individual's increased needs. Variable rate adjustments made under this subdivision replace payments for persons with special needs under section 256B.501, subdivision 8, and payments for persons with special needs for crisis intervention services under section 256B.501, subdivision 8a. Effective July 1, 2003, facilities with a base rate above the 50th percentile of the statewide average reimbursement rate for a Class A facility or Class B facility, whichever matches the facility licensure, are not eligible for a variable rate adjustment. Variable rate adjustments may not exceed a 12-month period, except when approved for purposes established in paragraph (b), clause (1). Variable rate adjustments approved solely on the basis of changes on a developmental disabilities screening document will end June 30, 2002.

(b) A variable rate may be recommended by the county of financial responsibility for increased needs in the following situations:

1. a need for resources due to an individual's full or partial retirement from participation in a day training and habilitation service when the individual: (i) has reached the age of 65 or has a change in health condition that makes it difficult for the person to participate in day training and habilitation services over an extended period of time because it is medically contraindicated; and (ii) has expressed a desire for change through the developmental disability screening process under section 256B.092;

2. a need for additional resources for intensive short-term programming which is necessary prior to an individual's discharge to a less restrictive, more integrated setting;

3. a demonstrated medical need that significantly impacts the type or amount of services needed by the individual; or

4. a demonstrated behavioral need that significantly impacts the type or amount of services needed by the individual.

(c) The county of financial responsibility must justify the purpose, the projected length of time, and the additional funding needed for the facility to meet the needs of the individual.

(d) The facility shall provide a quarterly report to the county case manager on the use of the variable rate funds and the status of the individual on whose behalf the funds were approved. The county case manager will forward the facility’s report with a recommendation to the commissioner to approve or disapprove a continuation of the variable rate.
(c) Funds made available through the variable rate process that are not used by
the facility to meet the needs of the individual for whom they were approved shall be
returned to the state.

Sec. 70. Minnesota Statutes 2008, section 256B.69, subdivision 5a, is amended to read:

Subd. 5a. Managed care contracts. (a) Managed care contracts under this section
and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year
basis beginning January 1, 1996. Managed care contracts which were in effect on June
30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995
through December 31, 1995 at the same terms that were in effect on June 30, 1995. The
commissioner may issue separate contracts with requirements specific to services to
medical assistance recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons
pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms
of its contract with the commissioner. Requirements applicable to managed care programs
under chapters 256B, 256D, and 256L, established after the effective date of a contract
with the commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner
shall withhold five percent of managed care plan payments under this section for the
prepaid medical assistance and general assistance medical care programs pending
completion of performance targets. Each performance target must be quantifiable,
objective, measurable, and reasonably attainable, except in the case of a performance
target based on a federal or state law or rule. Criteria for assessment of each performance
target must be outlined in writing prior to the contract effective date. The managed
care plan must demonstrate, to the commissioner's satisfaction, that the data submitted
regarding attainment of the performance target is accurate. The commissioner shall
periodically change the administrative measures used as performance targets in order
to improve plan performance across a broader range of administrative services. The
performance targets must include measurement of plan efforts to contain spending
on health care services and administrative activities. The commissioner may adopt
plan-specific performance targets that take into account factors affecting only one plan,
including characteristics of the plan's enrollee population. The withheld funds must be
returned no sooner than July of the following year if performance targets in the contract
are achieved. The commissioner may exclude special demonstration projects under
subdivision 23. A managed care plan or a county-based purchasing plan under section
263.1 256B.692 may include as admitted assets under section 62D.044 any amount withheld
263.2 under this paragraph that is reasonably expected to be returned.
263.3 (d)(1) Effective for services rendered on or after January 1, 2009, the commissioner
263.4 shall withhold three percent of managed care plan payments under this section for the
263.5 prepaid medical assistance and general assistance medical care programs. The withheld
263.6 funds must be returned no sooner than July 1 and no later than July 31 of the following
263.7 year. The commissioner may exclude special demonstration projects under subdivision 23.
263.8 (2) A managed care plan or a county-based purchasing plan under section 256B.692
263.9 may include as admitted assets under section 62D.044 any amount withheld under
263.10 this paragraph. The return of the withhold under this paragraph is not subject to the
263.11 requirements of paragraph (c).
263.12 (e) Effective for services provided on or after January 1, 2010, the commissioner
263.13 shall require that managed care plans use the fee-for-service medical assistance assessment
263.14 and authorization processes, forms, timelines, standards, documentation, and data
263.15 reporting requirements, protocols, billing processes, and policies for all personal care
263.16 assistance services under section 256B.0659.

Sec. 71. Minnesota Statutes 2008, section 256D.44, subdivision 5, is amended to read:
263.18 Subd. 5. **Special needs.** In addition to the state standards of assistance established in
263.19 subdivisions 1 to 4, payments are allowed for the following special needs of recipients of
263.20 Minnesota supplemental aid who are not residents of a nursing home, a regional treatment
263.21 center, or a group residential housing facility.
263.22 (a) The county agency shall pay a monthly allowance for medically prescribed
263.23 diets if the cost of those additional dietary needs cannot be met through some other
263.24 maintenance benefit. The need for special diets or dietary items must be prescribed by
263.25 a licensed physician. Costs for special diets shall be determined as percentages of the
263.26 allotment for a one-person household under the thrifty food plan as defined by the United
263.27 States Department of Agriculture. The types of diets and the percentages of the thrifty
263.28 food plan that are covered are as follows:
263.29 (1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;
263.30 (2) controlled protein diet, 40 to 60 grams and requires special products, 100 percent
263.31 of thrifty food plan;
263.32 (3) controlled protein diet, less than 40 grams and requires special products, 125
263.33 percent of thrifty food plan;
263.34 (4) low cholesterol diet, 25 percent of thrifty food plan;
263.35 (5) high residue diet, 20 percent of thrifty food plan;
(6) pregnancy and lactation diet, 35 percent of thrifty food plan;
(7) gluten-free diet, 25 percent of thrifty food plan;
(8) lactose-free diet, 25 percent of thrifty food plan;
(9) antidumping diet, 15 percent of thrifty food plan;
(10) hypoglycemic diet, 15 percent of thrifty food plan; or
(11) ketogenic diet, 25 percent of thrifty food plan.

(b) Payment for nonrecurring special needs must be allowed for necessary home
repairs or necessary repairs or replacement of household furniture and appliances using
the payment standard of the AFDC program in effect on July 16, 1996, for these expenses,
as long as other funding sources are not available.

(c) A fee for guardian or conservator service is allowed at a reasonable rate
negotiated by the county or approved by the court. This rate shall not exceed five percent
of the assistance unit's gross monthly income up to a maximum of $100 per month. If the
guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of $68 for
restaurant meals for a person who was receiving a restaurant meal allowance on June 1,
1990, and who eats two or more meals in a restaurant daily. The allowance must continue
until the person has not received Minnesota supplemental aid for one full calendar month
or until the person's living arrangement changes and the person no longer meets the criteria
for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipient's gross income or $25, whichever is less,
is allowed for representative payee services provided by an agency that meets the
requirements under SSI regulations to charge a fee for representative payee services. This
special need is available to all recipients of Minnesota supplemental aid regardless of
their living arrangement.

(f)(1) Notwithstanding the language in this subdivision, an amount equal to the
maximum allotment authorized by the federal Food Stamp Program for a single individual
which is in effect on the first day of July of each year will be added to the standards of
assistance established in subdivisions 1 to 4 for adults under the age of 65 who qualify
as shelter needy and are: (i) relocating from an institution, or an adult mental health
residential treatment program under section 256B.0622; (ii) eligible for the self-directed
supports option as defined under section 256B.0657, subdivision 2; or (iii) home and
community-based waiver recipients living in their own home or rented or leased apartment
which is not owned, operated, or controlled by a provider of service not related by blood
or marriage.
(2) Notwithstanding subdivision 3, paragraph (c), an individual eligible for the
shelter needy benefit under this paragraph is considered a household of one. An eligible
individual who receives this benefit prior to age 65 may continue to receive the benefit
after the age of 65.

(3) "Shelter needy" means that the assistance unit incurs monthly shelter costs that
exceed 40 percent of the assistance unit's gross income before the application of this
special needs standard. "Gross income" for the purposes of this section is the applicant's or
recipient's income as defined in section 256D.35, subdivision 10, or the standard specified
in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or
state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be
considered shelter needy for purposes of this paragraph.

(g) Notwithstanding this subdivision, recipients of home and community-based
services may relocate to services without 24-hour supervision and receive the equivalent
of the recipient's group residential housing allocation in Minnesota supplemental
assistance shelter needy funding if the cost of the services and housing is equal to or less
than provided to the recipient in home and community-based services and the relocation is
the recipient's choice and is approved by the recipient or guardian.

(h) To access housing and services as provided in paragraph (g), the recipient may
choose housing that may or may not be owned, operated, or controlled by the recipient's
service provider.

(i) The provisions in paragraphs (g) and (h) are effective to June 30, 2011. The
commissioner shall assess the development of publicly owned housing, other housing
alternatives, and whether a public equity housing fund may be established that would
maintain the state's interest, to the extent paid from group residential housing and
Minnesota supplemental aid shelter needy funds in provider-owned housing so that when
sold, the state would recover its share for a public equity fund to be used for future public
needs under this chapter. The commissioner shall report findings and recommendations to
the legislative committees and budget divisions with jurisdiction over health and human
services policy and financing by January 15, 2012.

(i) In selecting prospective services needed by recipients for whom home and
community-based services have been authorized, the recipient and the recipient's guardian
shall first consider alternatives to home and community-based services. Minnesota
supplemental aid shelter needy funding for recipients who utilize Minnesota supplemental
aid shelter needy funding as provided in this section shall remain permanent unless the
recipient with the recipient's guardian later chooses to access home and community-based
services.
Sec. 72. Minnesota Statutes 2008, section 626.556, subdivision 3c, is amended to read:

(a) The county local welfare agency is the agency responsible for assessing or investigating allegations of maltreatment in child foster care, family child care, and legally unlicensed child care and in juvenile correctional facilities licensed under section 241.021 located in the local welfare agency’s county and unlicensed personal care assistance provider organizations providing services and receiving reimbursements under chapter 256B.

Sec. 77. RECOMMENDATIONS FOR PERSONAL CARE ASSISTANCE
SERVICES CHANGES AND CONSULTATION WITH STAKEHOLDERS.
The commissioner shall consult with representatives of interested stakeholders
beginning in July 2009 to examine and develop recommendations for the personal care
assistance services program, including recommendations to streamline the home care
ratings and assignment of units of service to eligible recipients. The recommendations
shall include proposed changes, alternative services, and costs for those whose services
will change, as well as personal care assistance program data for public reporting.
The recommendations are to result in a reduction of spending growth as authorized
by the legislature in personal care assistance services beginning January 1, 2011. The
recommendations shall be provided to the chairs and ranking minority members of the
legislative committees having jurisdiction over health and human services by January
15, 2010.

Sec. 78. ESTABLISHING A SINGLE SET OF STANDARDS.

(a) The commissioner of human services shall consult with disability service
providers, advocates, counties, and consumer families to develop a single set of standards
governing services for people with disabilities receiving services under the home and
community-based waiver services program to replace all or portions of existing laws and
rules including, but not limited to, data practices, licensure of facilities and providers,
background studies, reporting of maltreatment of minors, reporting of maltreatment of
vulnerable adults, and the psychotropic medication checklist. The standards must:

(1) enable optimum consumer choice;
(2) be consumer driven;
(3) link services to individual needs and life goals;
(4) be based on quality assurance and individual outcomes;
(5) utilize the people closest to the recipient, who may include family, friends, and
health and service providers, in conjunction with the recipient's risk management plan to
assist the recipient or the recipient's guardian in making decisions that meet the recipient's
needs in a cost-effective manner and assure the recipient's health and safety;
(6) utilize person-centered planning; and
(7) maximize federal financial participation.

(b) The commissioner may consult with existing stakeholder groups convened under
the commissioner's authority, including the home and community-based expert services
panel established by the commissioner in 2008, to meet all or some of the requirements
of this section.
(c) The commissioner shall provide the reports and plans required by this section to the legislative committees and budget divisions with jurisdiction over health and human services policy and finance by January 15, 2012.

Sec. 79. COMMON SERVICE MENU FOR HOME AND COMMUNITY-BASED WAIVER PROGRAMS.

The commissioner of human services shall confer with representatives of recipients, advocacy groups, counties, providers, and health plans to develop and update a common service menu for home and community-based waiver programs. The commissioner may consult with existing stakeholder groups convened under the commissioner's authority to meet all or some of the requirements of this section.

Sec. 80. INTERMEDIATE CARE FACILITIES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES REPORT.

The commissioner of human services shall consult with providers and advocates of intermediate care facilities for persons with developmental disabilities to monitor progress made in response to the commissioner's December 15, 2008, report to the legislature regarding intermediate care facilities for persons with developmental disabilities.

Sec. 81. HOUSING OPTIONS.

The commissioner of human services, in consultation with the commissioner of administration and the Minnesota Housing Finance Agency, and representatives of counties, residents' advocacy groups, consumers of housing services, and provider agencies shall explore ways to maximize the availability and affordability of housing choices available to persons with disabilities or who need care assistance due to other health challenges. A goal shall also be to minimize state physical plant costs in order to serve more persons with appropriate program and care support. Consideration shall be given to:

1. improved access to rent subsidies;
2. use of cooperatives, land trusts, and other limited equity ownership models;
3. the desirability of the state acquiring an ownership interest or promoting the use of publicly owned housing;
4. promoting more choices in the market for accessible housing that meets the needs of persons with physical challenges; and
5. what consumer ownership models, if any, are appropriate.
The commissioner shall provide a written report on the findings of the evaluation of housing options to the chairs and ranking minority members of the house of representatives and senate standing committees with jurisdiction over health and human services policy and funding by December 15, 2010. This report shall replace the November 1, 2010, annual report by the commissioner required in Minnesota Statutes, sections 256B.0916, subdivision 7, and 256B.49, subdivision 21.

Sec. 82. REVIEW OF ELIGIBILITY.

A county may utilize an eligibility review panel comprised of the county social services director or designee, a county commissioner, and a social worker to review the eligibility of each person currently receiving services under Minnesota Statutes, sections 256B.0659, 256B.092, and 256B.49. If a person currently receiving services is found to be ineligible, the county must discontinue the inappropriately received services to that person. The commissioner of human services may provide technical assistance to the counties in redetermining eligibility for these programs.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 83. REVISOR'S INSTRUCTION.

Accountability, and Service Delivery Reform Act."

Sec. 2. [402A.10] DEFINITIONS.

this subdivision have the meanings given.

Subd. 2. Commissioner. "Commissioner" means the commissioner of human
services.

Subd. 3. Council. "Council" means the Council on State-County Results,
Accountability, and Service Delivery Redesign established in section 402A.40.

Subd. 4. Essential human services programs. "Essential human services
programs" means assistance and services to recipients or potential recipients of public
welfare and other services delivered by counties that are mandated in state law that are
to be available in all counties of the state.

and Service Delivery Redesign under this chapter.

section 471.59 or other contractual agreement, that has voluntarily chosen by resolution of
the county board of commissioners to participate in the redesign under this chapter.

Subd. 7. Steering committee. "Steering committee" means the Steering Committee
on Performance and Outcome Reforms.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 3. [402A.15] STEERING COMMITTEE ON PERFORMANCE AND
OUTCOME REFORMS.

Subdivision 1. Duties. (a) The Steering Committee on Performance and Outcome
Reforms shall develop a uniform process to establish and review performance and outcome
standards for all essential human services programs based on the current level of resources
available, and to develop appropriate reporting measures and a uniform accountability
process for responding to a county's or human service authority's failure to make adequate
progress on achieving performance measures. The accountability process shall focus on
the performance measures rather than inflexible implementation requirements.

(b) The steering committee shall:

1) by November 1, 2009, establish an agreed upon list of essential services;

2) by January 10, 2010, develop and recommend to the legislature a uniform,
graduated process for responding to a county's failure to make adequate progress on
achieving performance measures, including recommendations for the specific measures
and penalties to be imposed; and

3) by December 15, 2009, establish a schedule to complete program reviews of all
essential services within three years, evaluate and establish performance measures and
goals based on those measures, modify the reporting system, and review the distribution
of state and federal funds for those services. The funding recommendations shall take into
consideration program demand and the unique differences of local areas in geography and
the populations served. Priority shall be given to services with the greatest variation in
availability and greatest administrative demands. The schedule shall be published on the
agency Web site and reported to the legislative committees with jurisdiction over health
and human services.
(c) As far as possible, the performance measures, reporting system, and distribution formulas shall be consistent across program areas. The development of performance measures shall consider the manner in which data will be collected and performance will be reported. An estimate of increased or decreased state and local administrative costs in collecting and reporting outcomes shall be addressed when performance measures are established. The steering committee shall take into consideration that the goal of implementing changes to program monitoring and reporting the progress toward achieving outcomes is to significantly minimize the cost of administrative requirements and to allow funds freed by reduced administrative expenditures to be used to provide additional services, allow flexibility in service design and management, and focus energies on achieving program and client outcomes.

(d) In making its recommendations, the steering committee shall consider input from the council established in section 402A.40. The steering committee shall review the measurable goals established under section 402A.30, subdivision 2, paragraph (b), and consider whether they may be applied as statewide performance outcomes.

(e) The steering committee shall form work groups that include persons who provide or receive essential services and representatives of organizations who advocate on behalf of those persons.

(f) By January 15 of each year starting January 15, 2010, the steering committee shall report to the governor and legislative committees with jurisdiction over health and human services its recommendations for performance measures, a reporting system, and funding distribution formulas. The steering committee shall also recommend statutory provisions, rules and requirements, and reports that should be repealed or eliminated. In addition, the commissioner shall post quarterly updates on the progress of the steering committee on the department Web site.

Subd. 2. Composition. (a) The steering committee shall include:

(1) the commissioner of human services, or designee;

(2) three county commissioners, representative of rural, suburban, and urban counties, selected by the Association of Minnesota Counties;

(3) three county directors of human services, representative of rural, suburban, and urban counties, selected by the Minnesota Association of County Social Service Administrators; and

(4) five clients or client advocates representing different populations receiving services from the Department of Human Services, who are appointed by the commissioner.
(b) The commissioner, or designee, and a county commissioner shall serve as cochairs of the committee. The committee shall be convened within 60 days of final enactment of this legislation.

c) State agency staff shall serve as informational resources and staff to the steering committee. Statewide county associations shall assemble county program data as required.

d) To promote information sharing and coordination between the steering committee and council, one of the county representatives from paragraph (a), clause (2), and one of the county representatives from paragraph (a), clause (3), must also serve as a representative on the council under section 402A.40, subdivision 1, paragraph (b), clause (5) or (6).

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 4. [402A.20] STATE-COUNTY RESULTS, ACCOUNTABILITY, AND SERVICE DELIVERY REDESIGN.

The State-County Results, Accountability, and Service Delivery Redesign is established to authorize implementation of methods and procedures for administering assistance and services to recipients or potential recipients of public welfare and other services delivered by counties which encourage greater transparency, more effective governance, and innovation through the use of flexibility and performance measurement.

Sec. 5. [402A.30] DESIGNATION OF SERVICE DELIVERY AUTHORITY.

Subdivision 1. Establishment. A county or consortium of counties may establish a service delivery authority to redesign the delivery of some or all essential services, or other services as appropriate.

Subd. 2. New state-county governance framework. (a) Upon recommendation of the council and approval of the commissioner, a single county with a population over 55,000, or two or more counties meeting the criteria in subdivision 4 may, by resolution of their county boards of commissioners, establish a service delivery authority having the composition, powers, and duties agreed upon. These counties may, by agreement entered into through action of their bodies, jointly or cooperatively exercise any power common to the contracting parties in carrying out their duties under current law, including, but not limited to, chapters 245 to 267, 393, and 402. Participating county boards shall establish acceptable ways of apportioning the cost of the services.

(b) To establish a service delivery authority, each participating county and the state must enter into the following binding agreements to establish a joint state-county governance framework:
(1) a governance agreement which defines the scope of essential services or other services over which the service delivery authority has jurisdiction, and the respective authority, powers, roles, and responsibilities of the state and service delivery authorities. Each service delivery authority shall designate a single administrative structure to oversee the delivery of services over which the service delivery authority has jurisdiction. As part of the governance agreement, the service delivery authority shall be held accountable for achieving measurable goals as defined in the performance agreement under clause (2). The state and participating counties shall identify in the agreement the waivers from statutory requirements that are needed to ensure greater local control and flexibility to determine the most cost-effective means of achieving specified measurable goals. The commissioner shall grant the identified waivers, subject to clause (2). The governance agreement shall set forth the terms under which a county may withdraw from participation:

(2) a performance agreement which defines measurable goals in key operational areas that the service delivery authority is expected to achieve. This agreement must identify the dependencies and other requirements necessary for the service delivery authority to achieve the measurable goals as defined in the performance agreement. The dependencies and requirements may include, but are not limited to, specific resource commitments of the state and the service delivery authority, and funding or expenditure flexibility. The performance goals must, at a minimum, satisfy performance outcomes recommended by the steering committee and enacted into law; and

(3) a service level agreement which specifies the expectations and responsibilities of the state and the service delivery authority regarding administrative and information technology support necessary to achieve the measurable goals specified in the performance agreement under clause (2). The service level agreement shall set forth a reasonable level of targeted reductions in overhead and administrative costs for each county participating in the service delivery authority.

(c) After January 1, 2010, each county board in Minnesota shall vote to determine whether the county intends to participate in a service delivery authority under this chapter. Counties may withdraw from participation as set forth in the governance agreement, but no county may withdraw except under the following conditions:

(1) the county shall submit written notification to the council after August 1 in the preceding calendar year in which the county wishes to withdraw; and

(2) if a county wishing to withdraw has received an appropriation from the state for costs related to the county's participation in the redesign, those funds must be repaid. If a county withdraws after participating in the redesign for:

(i) one year or less, the county must repay 75 percent of the money appropriated;
(ii) more than one year but less than two years, the county must repay 50 percent of the money appropriated;

(iii) two years or more but less than three years, the county must repay 25 percent of the money appropriated; or

(iv) three years or more, the county is not required to repay the appropriation.

The commissioner may waive the repayment requirement in clause (2).

d) Nothing in this chapter precludes local governments from utilizing sections 465.81 and 465.82 to establish procedures for local governments to merge, with the consent of the voters. Any agreement under subdivision 2, paragraph (b), must be governed by this chapter. Nothing in this chapter limits the authority of a county board to enter into contractual agreements for services not covered by the provisions of the redesign with other agencies or with other units of government.

Subd. 3. Duties. (a) The service delivery authority shall:

(1) carry out the responsibilities required of local agencies under chapter 393 and human service boards under chapter 402;

(2) manage the public resources devoted to human services and other public services delivered or purchased by the counties that are subsidized or regulated by the Department of Human Services under chapter 245 or 267;

(3) employ staff to assist in carrying out the redesign;

(4) develop and maintain a continuity of operations plan to ensure the continued operation or resumption of essential human services functions in the event of any business interruption according to local, state, and federal emergency planning requirements;

(5) receive and expend funds received for the redesign;

(6) plan and deliver services directly or through contract with other governmental or nongovernmental providers;

(7) rent, purchase, sell, and otherwise dispose of real and personal property as necessary to carry out the redesign; and

(8) carry out any other service designated as a responsibility of a county.

(b) Each service delivery authority certified under subdivision 4 shall designate a single administrative structure that has the powers and duties assigned to the service delivery authority.

Subd. 4. Certification of service delivery authority. The council shall recommend certification of a county or consortium of counties as a service delivery authority to the commissioner of human services if:

(1) the conditions in subdivision 2, paragraphs (a) and (b), are met; and

(2) the county or consortium of counties are:
(i) a single county with a population of 55,000 or more;
(ii) a consortium of counties with a total combined population of 55,000 or more and
the counties comprising the consortium are in reasonable geographic proximity;
(iii) four or more counties in reasonable geographic proximity without regard to
population; or
(iv) a single county or consortium of counties meeting the criteria for exemption
from minimum population standards in this subdivision and subdivision 6.

Subd. 5. Single county service delivery authority. For counties with populations
over 55,000, the board of county commissioners may be the service delivery authority
and retain existing authority under law. Counties with populations over 55,000 that serve
as their own service delivery authority may enter into shared services arrangements with
other service delivery authorities or smaller counties. These shared services arrangements
may include, but are not limited to, human services, corrections, public health, veterans
planning, human resources, program development and operations, training, technical
systems, joint purchasing, and consultative services or direct services to transient, special
needs, or low-incidence populations.

Subd. 6. Exemption. The council may recommend that the commissioner of
human services exempt a single county or multicounty service delivery authority from the
minimum population standard in this subdivision if that service delivery authority can
demonstrate that it can otherwise meet the requirements of this chapter.

Subd. 7. Commissioner remedies. The commissioner may submit to the council
a recommendation of remedies for performance improvement for any service delivery
authority not meeting the measurable goals agreed upon in performance agreements
under subdivision 2, paragraph (b). This provision does not preclude other powers of the
commissioner of human services to remedy county performance issues in a county or
counties not certified as a service delivery authority.

Sec. 6. [402A.40] COUNCIL.

Subdivision 1. Council. (a) A State-County Results, Accountability, and Service
Delivery Redesign Council is established. The council is responsible for review of the
redesign and must be convened by the commissioner of human services. Appointed council

The commissioner shall prohibit methods that disperse lead dust into the air that could accumulate to a level that would exceed the lead dust standard specified under this section. The commissioner shall work cooperatively with the commissioner of administration to determine which lead hazard reduction methods adopted under this section may be used for lead-safe practices including prohibited practices, preparation, disposal, and cleanup. The commissioner shall work cooperatively with the commissioner of the Pollution Control Agency to develop disposal procedures. shelter or evacuation plan developed by a park. Failure of a municipality to approve a plan
submitted by a park shall not be grounds for action against the park by the Department of
Health if the park has made a good faith effort to develop the plan and obtain municipal
approval.

316.16 Sec. 10. [156.011] LICENSE, APPLICATION, AND EXAMINATION FEES.
316.17 Subdivision 1. Application fee. A person applying for a license to practice
316.18 veterinary medicine in Minnesota or applying for a permit to take the national veterinary
316.19 medical examination must pay a $60 nonrefundable application fee to the board. Persons
316.20 submitting concurrent applications for licensure and a national examination permit shall
316.21 pay only one application fee.
316.22 Subd. 2. Examination fees. (a) An applicant for veterinary licensure in Minnesota
316.23 must successfully pass the Minnesota Veterinary Jurisprudence Examination. The fee for
316.24 this examination is $60, payable to the board.
316.25 (b) An applicant participating in the national veterinary licensing examination must
316.26 complete a separate application for the national examination and submit the application
316.27 to the board for approval. Payment for the national examination must be made by the
316.28 applicant to the national board examination committee.

316.29 Sec. 11. [156.012] INITIAL AND RENEWAL FEE.
316.30 Subdivision 1. Required for licensure. A person now licensed to practice
316.31 veterinary medicine in this state, or who becomes licensed by the Board of Veterinary
316.32 Medicine to engage in the practice, shall pay an initial fee or a biennial license renewal
fee if the person wishes to practice veterinary medicine in the coming two-year period
or remain licensed as a veterinarian. A licensure period begins on March 1 and expires
the last day of February two years later. A licensee with an even-numbered license shall
renew by March 1 of even-numbered years and a licensee with an odd-numbered license
shall renew by March 1 of odd-numbered years.

Subd. 2. Amount. The initial licensure fee and the biennial renewal fee is $280
and must be paid to the executive director of the board. By January 1 of the first year
for which the biennial renewal fee is due, the board shall issue a renewal application to
a current licensee to the last address maintained in the board file. Failure to receive this
notice does not relieve the licensee of the obligation to pay renewal fees so that they are
received by the board on or before the renewal date of March 1.

Initial licenses issued after the start of the licensure renewal period are valid only
until the end of the period.

Subd. 3. Date due. A licensee must apply for a renewal license on or before March
1 of the first year of the biennial license renewal period. A renewal license is valid
from March 1 through the last day of February of the last year of the two-year license
renewal period. An application postmarked no later than the last day of February must be
considered to have been received on March 1.

Subd. 4. Late renewal penalty. An applicant for renewal must pay a late renewal
penalty of $140 in addition to the renewal fee if the application for renewal is received
after March 1 of the licensure renewal period. A renewed license issued after March 1 of
the licensure renewal period is valid only to the end of the period regardless of when the
renewal fee is received.

Subd. 5. Reinstatement fee. An applicant for license renewal whose license
has previously been suspended by official board action for nonrenewal must pay a
reinstatement fee of $60 in addition to the $280 renewal fee and the $140 late renewal
penalty.

Subd. 6. Penalty for failure to pay. Within 30 days after the renewal date, a
licensee who has not renewed the license must be notified by letter sent to the last known
address of the licensee in the file of the board that the renewal is overdue and that failure
to pay the current fee and current late fee within 60 days after the renewal date will result
in suspension of the license. A second notice must be sent by registered or certified mail at
least seven days before a board meeting occurring 60 days or more after the renewal date
to a licensee who has not paid the renewal fee and late fee.

Subd. 7. Suspension. The board, by means of a roll call vote, shall suspend the
license of a licensee whose license renewal is at least 60 days overdue and to whom
notification has been sent as provided in Minnesota Rules, part 9100.0500, subpart 5.

Failure of a licensee to receive notification is not grounds for later challenge by the
licensee of the suspension. The former licensee must be notified by registered or certified
letter within seven days of the board action. The suspended status placed on a license may
be removed only on payment of renewal fees and late penalty fees for each licensure
period or part of a period that the license was not renewed. A licensee who fails to renew a
license for five years or more must meet the criteria of section 156.071 for relicensure.

Subd. 8. Inactive license. (a) A person holding a current active license to practice
veterinary medicine in Minnesota may, at the time of the person's next biennial license
renewal date, renew the license as an inactive license at one-half the renewal fee of an
active license. The license may be continued in an inactive status by renewal on a biennial
basis at one-half the regular license fee.

(b) A person holding an inactive license is not permitted to practice veterinary
medicine in Minnesota and remains under the disciplinary authority of the board.

(c) A person may convert a current inactive license to an active license upon
application to and approval by the board. The application must include:

(1) documentation of licensure in good standing and of having met continuing
education requirements of current state of practice, or documentation of having met
Minnesota continuing education requirements retroactive to the date of licensure
inactivation;

(2) certification by the applicant that the applicant is not currently under disciplinary
orders or investigation for acts that could result in disciplinary action in any other
jurisdiction; and

(3) payment of a fee equal to the full difference between an inactive and active
license if converting during the first year of the biennial license cycle or payment of a fee
equal to one-half the difference between an inactive and an active license if converting
during the second year of the license cycle.

(d) Deadline for renewal of an inactive license is March 1 of the first year of the
biennial license renewal period. A late renewal penalty of one-half the inactive renewal
fee must be paid if renewal is received after March 1.

Sec. 12. Minnesota Statutes 2008, section 156.015, is amended to read:

156.015 MISCELLANEOUS FEES.

Subdivision 1. Verification of licensure. The board may charge a fee of $25 per
license verification to a licensee for verification of licensure status provided to other
veterinary licensing boards.
Subd. 2. Continuing education review. The board may charge a fee of $50 per submission to a sponsor for review and approval of individual continuing education seminars, courses, wet labs, and lectures. This fee does not apply to continuing education sponsors that already meet the criteria for preapproval under Minnesota Rules, part 9100.1000, subpart 3, item A.

Subd. 3. Temporary license fee. A person meeting the requirements for issuance of a temporary permit to practice veterinary medicine under section 156.073, pending examination, who desires a temporary permit shall pay a fee of $60 to the board.

Subd. 4. Duplicate license. A person requesting issuance of a duplicate or replacement license shall pay a fee of $15 to the board.

Subd. 5. Mailing examination and reference materials. An applicant who resides outside the Twin Cities metropolitan area may request to take the Minnesota Veterinary Jurisprudence Examination by mail. The fee for mailing the examination and reference materials is $15.

Sec. 13. REPEALER.

(a) Minnesota Rules, parts 9100.0400, subparts 1 and 3; 9100.0500; and 9100.0600, are repealed.

(b) Minnesota Statutes 2008, section 148D.180, subdivision 8, is repealed.

ARTICLE 13
MISCELLANEOUS

Section 1. Minnesota Statutes 2008, section 256.045, subdivision 3, is amended to read:

Subd. 3. State agency hearings. (a) State agency hearings are available for the following:

(1) any person applying for, receiving or having received public assistance, medical care, or a program of social services granted by the state agency or a county agency or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid;

(2) any patient or relative aggrieved by an order of the commissioner under section 252.27;

(3) a party aggrieved by a ruling of a prepaid health plan;

(4) except as provided under chapter 245C, any individual or facility determined by a lead agency to have maltreated a vulnerable adult under section 626.557 after they have exercised their right to administrative reconsideration under section 626.557;
(5) any person whose claim for foster care payment according to a placement of the
child resulting from a child protection assessment under section 626.556 is denied or not
acted upon with reasonable promptness, regardless of funding source;
(6) any person to whom a right of appeal according to this section is given by other
provision of law;
(7) an applicant aggrieved by an adverse decision to an application for a hardship
waiver under section 256B.15;
(8) an applicant aggrieved by an adverse decision to an application or redetermination
for a Medicare Part D prescription drug subsidy under section 256B.04, subdivision 4a;
(9) except as provided under chapter 245A, an individual or facility determined
to have maltreated a minor under section 626.556, after the individual or facility has
exercised the right to administrative reconsideration under section 626.556; or
(10) except as provided under chapter 245C, an individual disqualified under sections
245C.14 and 245C.15, on the basis of serious or recurring maltreatment; a preponderance
of the evidence that the individual has committed an act or acts that meet the definition
of any of the crimes listed in section 245C.15, subdivisions 1 to 4; or for failing to make
reports required under section 626.556, subdivision 3, or 626.557, subdivision 3. Hearings
regarding a maltreatment determination under clause (4) or (9) and a disqualification under
this clause in which the basis for a disqualification is serious or recurring maltreatment,
which has not been set aside under sections 245C.22 and 245C.23, shall be consolidated
into a single fair hearing. In such cases, the scope of review by the human services referee
shall include both the maltreatment determination and the disqualification. The failure to
exercise the right to an administrative reconsideration shall not be a bar to a hearing under
this section if federal law provides an individual the right to a hearing to dispute a finding
of maltreatment. Individuals and organizations specified in this section may contest the
specified action, decision, or final disposition before the state agency by submitting a
written request for a hearing to the state agency within 30 days after receiving written
notice of the action, decision, or final disposition, or within 90 days of such written notice
if the applicant, recipient, patient, or relative shows good cause why the request was not
submitted within the 30-day time limit; or
(11) any person with an outstanding debt resulting from receipt of public assistance,
medical care, or the federal Food Stamp Act who is contesting a setoff claim by the
Department of Human Services or a county agency. The scope of the appeal is the validity
of the claimant agency's intention to request a setoff of a refund under chapter 270A
against the debt.
(b) The hearing for an individual or facility under paragraph (a), clause (4), (9), or (10), is the only administrative appeal to the final agency determination specifically, including a challenge to the accuracy and completeness of data under section 13.04. Hearings requested under paragraph (a), clause (4), apply only to incidents of maltreatment that occur on or after October 1, 1995. Hearings requested by nursing assistants in nursing homes alleged to have maltreated a resident prior to October 1, 1995, shall be held as a contested case proceeding under the provisions of chapter 14. Hearings requested under paragraph (a), clause (9), apply only to incidents of maltreatment that occur on or after July 1, 1997. A hearing for an individual or facility under paragraph (a), clause (9), is only available when there is no juvenile court or adult criminal action pending. If such action is filed in either court while an administrative review is pending, the administrative review must be suspended until the judicial actions are completed. If the juvenile court action or criminal charge is dismissed or the criminal action overturned, the matter may be considered in an administrative hearing.

(c) For purposes of this section, bargaining unit grievance procedures are not an administrative appeal.

(d) The scope of hearings involving claims to foster care payments under paragraph (a), clause (5), shall be limited to the issue of whether the county is legally responsible for a child's placement under court order or voluntary placement agreement and, if so, the correct amount of foster care payment to be made on the child's behalf and shall not include review of the propriety of the county's child protection determination or child placement decision.

(e) A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

(f) An applicant or recipient is not entitled to receive social services beyond the services prescribed under chapter 256M or other social services the person is eligible for under state law.

(g) The commissioner may summarily affirm the county or state agency's proposed action without a hearing when the sole issue is an automatic change due to a change in state or federal law.

Sec. 2. Minnesota Statutes 2008, section 256.983, subdivision 1, is amended to read:

Subdivision 1. Programs established. Within the limits of available appropriations, the commissioner of human services shall require the maintenance of budget neutral
fraud prevention investigation programs in the counties participating in the fraud
prevention investigation project established under this section. If funds are sufficient,
the commissioner may also extend fraud prevention investigation programs to other
counties provided the expansion is budget neutral to the state. Under any expansion, the
commissioner has the final authority in decisions regarding the creation and realignment
of individual count or regional operations.

Sec. 3. Minnesota Statutes 2008, section 259.67, is amended by adding a subdivision
to read:

Subd. 3b. **Extension; adoption finalized after age 16.** A child who has attained the
age of 16 prior to finalization of their adoption is eligible for extension of the adoption
assistance agreement to the date the child attains age 21 if the child is:

1. completing a secondary education program or a program leading to an equivalent
credential;
2. enrolled in an institution which provides postsecondary or vocational education;
3. participating in a program or activity designed to promote or remove barriers to
employment;
4. employed for at least 80 hours per month; or
5. incapable of doing any of the activities described in clauses (1) to (4) due to a
medical condition which incapability is supported by regularly updated information in
the case plan of the child.

**EFFECTIVE DATE.** This section is effective October 1, 2010.

Sec. 4. Minnesota Statutes 2008, section 270A.09, is amended by adding a subdivision
to read:

Subd. 1b. **Department of Human Services claims.** Notwithstanding subdivision 1,
any debtor contesting a setoff claim by the Department of Human Services or a county
agency whose claim relates to a debt resulting from receipt of public assistance, medical
care, or the federal Food Stamp Act shall have a hearing conducted in the same manner as
an appeal under sections 256.045 and 256.0451.

(b) The commissioner shall ensure that sufficient qualified nonfederal expenditures are made each year to meet the state’s TANF/MOE requirements. For the activities listed in paragraph (a), clauses (2) to (6), the commissioner may only report expenditures that are excluded from the definition of assistance under Code of Federal Regulations, title 45, section 260.31. (c) For fiscal years beginning with state fiscal year 2003, the commissioner shall ensure that the maintenance of effort used by the commissioner of finance for the February and November forecasts required under Minnesota Statutes, section 16A.103, contains expenditures under paragraph (a), clause (1), equal to at least 16 percent of the total required under Code of Federal Regulations, title 45, section 263.1. (d) For the federal fiscal years beginning on or after October 1, 2007, the commissioner may not claim an amount of TANF/MOE in excess of the 75 percent standard in Code of Federal Regulations, title 45, section 263.1(a)(2), except:
(1) to the extent necessary to meet the 80 percent standard under Code of Federal Regulations, title 45, section 263.1(a)(1), if it is determined by the commissioner that the state will not meet the TANF work participation target rate for the current year;

(2) to provide any additional amounts under Code of Federal Regulations, title 45, section 264.5, that relate to replacement of TANF funds due to the operation of TANF penalties; and

(3) to provide any additional amounts that may contribute to avoiding or reducing TANF work participation penalties through the operation of the excess MOE provisions of Code of Federal Regulations, title 45, section 261.43(a)(2).

For the purposes of clauses (1) to (3), the commissioner may supplement the MOE claim with working family credit expenditures to the extent such expenditures or other qualified expenditures are otherwise available after considering the expenditures allowed in this section.

(e) Minnesota Statutes, section 256.011, subdivision 3, which requires that federal grants or aids secured or obtained under that subdivision be used to reduce any direct appropriations provided by law, do not apply if the grants or aids are federal TANF funds.

   (ii) the service plan, including the monthly authorized hours, or flexible use plan;
   (iii) the care plan, signed by the recipient and the qualified professional, if required or designated, detailing the personal care assistant services to be provided;
   (iv) documentation, on a form approved by the commissioner and signed by the personal care assistant, specifying the day, month, year, arrival, and departure times, with AM and PM notation, for all services provided to the recipient. The form must include a notice that it is a federal crime to provide false information on personal care service billings for medical assistance payment; and
   (v) all notices to the recipient regarding personal care service use exceeding authorized hours; and
(2) to communicate, by telephone if available, and in writing, with the recipient or the responsible party about the schedule for use of authorized hours and to notify the recipient and the county public health nurse in advance and as soon as possible, on a form approved by the commissioner, if the monthly number of hours authorized is likely to be exceeded for the month.
(g) The commissioner shall establish an ongoing audit process for potential fraud and abuse for personal care assistant services. The audit process must include, at a minimum, a requirement that the documentation of hours of care provided be on a form approved by the commissioner and include the personal care assistant's signature attesting that the hours shown on each bill were provided by the personal care assistant on the dates and the times specified.

Subd. 3. Assessment and service plan. Assessments under subdivision 1b and sections 256B.0651, subdivision 1, paragraph (b), and 256B.0654, subdivision 1, paragraph (a), shall be conducted initially, and at least annually thereafter, in person with the recipient and result in a completed service plan using forms specified by the commissioner. A personal care provider agency must use a form approved by the commissioner to request a county public health nurse to conduct a personal care assistant services assessment. When requesting a reassessment, the personal care provider agency must notify the county and the recipient at least 60 days prior to the end of the current prior authorization for personal care assistant services. The recipient
notice shall include information on the recipient's appeal rights. Within 30 days of recipient or responsible party or personal care assistant provider agency request for home care services, the assessment, the service plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries shall be submitted to the commissioner. Notwithstanding the provisions of subdivision 8, the commissioner shall maximize federal financial participation to pay for public health nurse assessments for personal care services. For personal care assistant services:

1. The amount and type of service authorized based upon the assessment and service plan will follow the recipient if the recipient chooses to change providers.

2. If the recipient's need changes, the recipient's provider may assess the need for a change in service authorization and request the change from the county public health nurse. The request must be made on a form approved by the commissioner. Within 30 days of the request, the public health nurse will determine whether to request the change in services based upon the provider assessment, or conduct a home visit to assess the need and determine whether the change is appropriate. If the change in service need is due to a change in medical condition, a new physician's statement of need required by section 256B.0625, subdivision 19c, must be obtained.

3. To continue to receive personal care assistant services after the first year, the recipient or the responsible party, in conjunction with the public health nurse, may complete a service update on forms developed by the commissioner according to criteria and procedures in subdivisions 1a to 1i and sections 256B.0651, subdivision 1; 256B.0653; and 256B.0654, subdivision 1.

Subd. 5. Shared personal care assistant services. (a) Medical assistance payments for shared personal care assistance services shall be limited according to this subdivision.

(b) Recipients of personal care assistant services may share staff and the commissioner shall provide a rate system for shared personal care assistant services. For two persons sharing services, the rate paid to a provider shall not exceed 1-1/2 times the rate paid for serving a single individual, and for three persons sharing services, the rate paid to a provider shall not exceed twice the rate paid for serving a single individual. These rates apply only to situations in which all recipients were present and received shared services on the date for which the service is billed. No more than three persons may receive shared services from a personal care assistant in a single setting.

(c) Shared service is the provision of personal care assistant services by a personal care assistant to two or three recipients at the same time and in the same setting. For the purposes of this subdivision, "setting" means:

1. the home or foster care home of one of the individual recipients; or
2. a child care program in which all recipients served by one personal care assistant are participating, which is licensed under chapter 245A or operated by a local school district or private school; or
3. outside the home or foster care home of one of the recipients when normal life activities take the recipients outside the home.

The provisions of this subdivision do not apply when a personal care assistant is caring for multiple recipients in more than one setting.

(d) The recipient or the recipient's responsible party, in conjunction with the county public health nurse, shall determine:

1. whether shared personal care assistant services is an appropriate option based on the individual needs and preferences of the recipient; and
2. the amount of shared services allocated as part of the overall authorization of personal care assistant services.

The recipient or the responsible party, in conjunction with the supervising qualified professional, if a qualified professional is requested by any one of the recipients or responsible parties, shall arrange the setting and grouping of shared services based on the individual needs and preferences of the recipients. Decisions on the selection of recipients to share services must be based on the ages of the recipients, compatibility, and coordination of their care needs.

(e) The following items must be considered by the recipient or the responsible party and the supervising qualified professional, if a qualified professional has been requested by any one of the recipients or responsible parties, and documented in the recipient's health service record:

1. the additional qualifications needed by the personal care assistant to provide care to several recipients in the same setting;
2. the additional training and supervision needed by the personal care assistant to ensure that the needs of the recipient are met appropriately and safely. The provider must provide on-site supervision by a qualified professional within the first 14 days of shared services, and monthly thereafter, if supervision by a qualified provider has been requested by any one of the recipients or responsible parties;
(3) the setting in which the shared services will be provided;
(4) the ongoing monitoring and evaluation of the effectiveness and appropriateness of the service and process used to make changes in service or setting; and
(5) a contingency plan which accounts for absence of the recipient in a shared services setting due to illness or other circumstances and staffing contingencies.

(f) The provider must offer the recipient or the responsible party the option of shared or one-on-one personal care assistant services. The recipient or the responsible party can withdraw from participating in a shared services arrangement at any time.

(g) In addition to documentation requirements under Minnesota Rules, part 9505.2175, a personal care provider must meet documentation requirements for shared personal care assistant services and must document the following in the health service record for each individual recipient sharing services:

(1) permission by the recipient or the recipient's responsible party, if any, for the maximum number of shared services hours per week chosen by the recipient;
(2) permission by the recipient or the recipient's responsible party, if any, for personal care assistant services provided outside the recipient's residence;
(3) permission by the recipient or the recipient's responsible party, if any, for others to receive shared services in the recipient's residence;
(4) revocation by the recipient or the recipient's responsible party, if any, of the shared service authorization, or the shared service to be provided to others in the recipient's residence, or the shared service to be provided outside the recipient's residence;
(5) supervision of the shared personal care assistant services by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties, including the date, time of day, number of hours spent supervising the provision of shared services, whether the supervision was face-to-face or another method of supervision, changes in the recipient's condition, shared services scheduling issues and recommendations;
(6) documentation by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties, of telephone calls or other discussions with the personal care assistant regarding services being provided to the recipient who has requested the supervision; and
(7) daily documentation of the shared services provided by each identified personal care assistant including:

(i) the names of each recipient receiving shared services together;
(ii) the setting for the shared services, including the starting and ending times that the recipient received shared services; and
(iii) notes by the personal care assistant regarding charges in the recipient's condition, problems that may arise from the sharing of services, scheduling issues, care issues, and other notes as required by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties.

(h) Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to shared services.

(i) In the event that supervision by a qualified professional has been requested by one or more recipients, but not by all of the recipients, the supervision duties of the qualified professional shall be limited to only those recipients who have requested the supervision.

Nothing in this subdivision shall be construed to reduce the total number of hours authorized for an individual recipient.

Subd. 6. Flexible use option. (a) "Flexible use option" means the scheduled use of authorized hours of personal care assistant services, which vary within a service authorization period covering no more than six months, in order to more effectively meet the needs and schedule of the recipient. Authorized hours not used within the six-month period may not be carried over to another time period. The flexible use of personal care assistant hours for a six-month period must be prior authorized by the commissioner, based on a request submitted on a form approved by the commissioner. The request must include the assessment and the annual service plan prepared by the county public health nurse.

(b) The recipient or responsible party, together with the case manager, if the recipient has case management services, and the county public health nurse shall determine whether flexible use is an appropriate option based on the needs, abilities, preferences, and history of service use of the recipient or responsible party, and if appropriate, must ensure that the allocation of hours covers the ongoing needs of the recipient over an entire year divided into two six-month periods of flexible use. A recipient who has terminated personal care assistant services before the end of the 12-month authorization period shall not receive additional hours upon reapplying during the same
12-month authorization period, except if a change in condition is documented. Services shall be prorated for the remainder of the 12-month authorization period based on earlier assessment.

(c) If prior authorized, recipients may use their approved hours flexibly within the service authorization period for medically necessary covered services specified in the assessment required in subdivision 1b and section 256B.0651, subdivision 1, paragraph (b). The flexible use of authorized hours does not increase the total amount of authorized hours available to a recipient as determined under subdivision 4. The commissioner shall not authorize additional personal care assistant services to supplement a service authorization that is exhausted before the end date under a flexible service use plan, unless the county public health nurse determines a change in condition and a need for increased services is established.

(d) The personal care provider organization and the recipient or responsible party or the personal care assistance choice provider must develop a written month-to-month plan of the projected use of personal care assistant services that is part of the care plan and ensures:
   (1) that the health and safety needs of the recipient will be met;
   (2) that the total annual authorization will not be used before the end of the authorization period; and
   (3) monthly monitoring will be conducted of hours used as a percentage of the authorized amount.

(e) The provider shall notify the recipient or responsible party, any case manager for the recipient, and the county public health nurse in advance and as soon as possible, on a form approved by the commissioner, if the monthly amount of hours authorized is likely to be exceeded for the month.

(f) The commissioner shall provide written notice to the provider, the recipient or responsible party, any case manager for the recipient, and the county public health nurse, when a flexible use recipient exceeds the personal care assistant service authorization for the month by an amount determined by the commissioner. If the use of hours exceeds the monthly service authorization by the amount determined by the commissioner for two months during any three-month period, the commissioner shall notify the recipient and the county public health nurse that the flexible use authorization will be revoked beginning the following month. The revocation will not become effective if, within ten working days of the commissioner's notice of flexible use revocation, the county public health nurse requests prior authorization for an increase in the service authorization or continuation of the flexible use option, or the recipient appeals and assistance pending appeal is ordered. The commissioner shall determine whether to approve the increase and continued flexible use.

(g) The recipient or responsible party may stop the flexible use of hours by notifying the personal care provider organization or the personal care assistance choice provider and county public health nurse in writing.

(h) The recipient or responsible party may appeal the commissioner's action according to section 256.045. The denial or revocation of the flexible use option shall not affect the recipient's authorized level of personal care assistant services as determined under subdivision 4.

Subd. 7. Fiscal intermediary option. (a) The commissioner may allow a recipient of personal care assistant services to use a fiscal intermediary to assist the recipient in paying and accounting for medically necessary covered personal care assistant services authorized in subdivision 2 and within the payment parameters of subdivision 4. Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to a recipient using the fiscal intermediary option.

(b) The recipient or responsible party shall:
   (1) recruit, hire, and terminate a qualified professional if a qualified professional is requested by the recipient or responsible party;
   (2) verify and document the credentials of the qualified professional, if a qualified professional is requested by the recipient or responsible party;
   (3) develop a service plan based on physician orders and public health nurse assessment with the assistance of a qualified professional, if a qualified professional is requested by the recipient or responsible party, that addresses the health and safety of the recipient;
   (4) recruit, hire, and terminate the personal care assistant;
   (5) orient and train the personal care assistant with assistance as needed from the qualified professional;
   (6) supervise and evaluate the personal care assistant with assistance as needed from the recipient's physician or the qualified professional;
   (7) monitor and verify in writing and report to the fiscal intermediary the number of hours worked by the personal care assistant and the qualified professional; and
   (8) enter into a written agreement, as specified in paragraph (f).
APPENDIX
Repealed Minnesota Statutes: H1362-2

(c) The duties of the fiscal intermediary shall be to:
(1) bill the medical assistance program for personal care assistant and qualified professional services;
(2) request and secure background checks on personal care assistants and qualified professionals according to chapter 245C;
(3) pay the personal care assistant and qualified professional based on actual hours of services provided;
(4) withhold and pay all applicable federal and state taxes;
(5) verify and keep records of hours worked by the personal care assistant and qualified professional;
(6) make the arrangements and pay unemployment insurance, taxes, workers' compensation, liability insurance, and other benefits, if any;
(7) enroll in the medical assistance program as a fiscal intermediary; and
(8) enter into a written agreement as specified in paragraph (f) before services are provided.

(d) The fiscal intermediary:
(1) may not be related to the recipient, qualified professional, or the personal care assistant;
(2) must ensure arm's-length transactions with the recipient and personal care assistant; and
(3) shall be considered a joint employer of the personal care assistant and qualified professional to the extent specified in this section and sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656.

The fiscal intermediary or owners of the entity that provides fiscal intermediary services under this subdivision must pass a criminal background check.

(e) If the recipient or responsible party requests a qualified professional, the qualified professional providing assistance to the recipient shall meet the qualifications specified in section 256B.0625, subdivision 19c. The qualified professional shall assist the recipient in developing and revising a plan to meet the recipient's needs, as assessed by the public health nurse. In performing this function, the qualified professional must visit the recipient in the recipient's home at least once annually. The qualified professional must report any suspected abuse, neglect, or financial exploitation of the recipient to the appropriate authorities.

(f) The fiscal intermediary, recipient or responsible party, personal care assistant, and qualified professional shall enter into a written agreement before services are started. The agreement shall include:

(1) the duties of the recipient, qualified professional, personal care assistant, and fiscal agent based on paragraphs (a) to (e);
(2) the salary and benefits for the personal care assistant and the qualified professional;
(3) the administrative fee of the fiscal intermediary and services paid for with that fee, including background check fees;
(4) procedures to respond to billing or payment complaints; and
(5) procedures for hiring and terminating the personal care assistant and the qualified professional.

(g) The rates paid for personal care assistant services, shared care services, qualified professional services, and fiscal intermediary services under this subdivision shall be the same rates paid for personal care assistant services and qualified professional services under section 256B.0651, subdivision 2, respectively. Except for the administrative fee of the fiscal intermediary specified in paragraph (f), the remainder of the rates paid to the fiscal intermediary must be used to pay for the salary and benefits for the personal care assistant or the qualified professional.

(h) As part of the assessment defined in subdivision 1b, the following conditions must be met to use or continue use of a fiscal intermediary:

(1) the recipient must be able to direct the recipient's own care, or the responsible party for the recipient must be readily available to direct the care of the personal care assistant;
(2) the recipient or responsible party must be knowledgeable of the health care needs of the recipient and be able to effectively communicate those needs;
(3) a face-to-face assessment must be conducted by the local county public health nurse at least annually, or when there is a significant change in the recipient's condition or change in the need for personal care assistant services;
(4) recipients who choose to use the shared care option as specified in subdivision 5 must utilize the same fiscal intermediary; and
(5) parties must be in compliance with the written agreement specified in paragraph (f).

(i) The commissioner shall deny, revoke, or suspend the authorization to use the fiscal intermediary option if:

(1) it has been determined by the qualified professional or local county public health nurse that the use of this option jeopardizes the recipient's health and safety;

9R
(2) the parties have failed to comply with the written agreement specified in paragraph (f); or
(3) the use of the option has led to abusive or fraudulent billing for personal care assistant services.

The recipient or responsible party may appeal the commissioner's action according to section 256.045. The denial, revocation, or suspension to use the fiscal intermediary option shall not affect the recipient's authorized level of personal care assistant services as determined in subdivision 4.

Subd. 8. Public health nurse assessment rate. (a) The reimbursement rates for public health nurse visits that relate to the provision of personal care services under this section and section 256B.0625, subdivision 19a, are:
(1) $210.50 for a face-to-face assessment visit;
(2) $105.25 for each service update; and
(3) $105.25 for each request for a temporary service increase.
(b) The rates specified in paragraph (a) must be adjusted to reflect provider rate increases for personal care assistant services that are approved by the legislature for the fiscal year ending June 30, 2000, and subsequent fiscal years. Any requirements applied by the legislature to provider rate increases for personal care assistant services also apply to adjustments under this paragraph.
(c) Effective July 1, 2008, the payment rate for an assessment under this section and section 256B.0651 shall be reduced by 25 percent when the assessment is not completed on time or the service agreement documentation is not submitted in time to continue services. The commissioner shall recoup these amounts on a retroactive basis.

Subd. 9. Quality assurance plan. The commissioner shall establish a quality assurance plan for personal care assistant services that includes:
(1) performance-based provider agreements;
(2) meaningful consumer input, which may include consumer surveys, that measure the extent to which participants receive the services and supports described in the individual plan and participant satisfaction with such services and supports;
(3) ongoing monitoring of the health and well-being of consumers; and
(4) an ongoing public process for development, implementation, and review of the quality assurance plan.

Subd. 10. Oversight of enrolled providers. The commissioner may request from providers documentation of compliance with laws, rules, and policies governing the provision of personal care assistant services. A personal care assistant service provider must provide the requested documentation to the commissioner within ten business days of the request. Failure to provide information to demonstrate substantial compliance with laws, rules, or policies may result in suspension, denial, or termination of the provider agreement.

Subd. 11. Personal care provider responsibilities. The personal care provider shall:
(1) employ or contract with services staff to provide personal care services and to train services staff as necessary;
(2) supervise the personal care services as provided in subdivision 2, paragraph (f);
(3) employ a personal care assistant that a qualified recipient brings to the personal care provider as the recipient's choice of assistant and who meets the employment qualifications of the provider, except that a personal care provider who must comply with the requirements of a governmental personnel administration system is exempt from this clause;
(4) bill the medical assistance program for a personal care service by the personal care assistant and a visit by the qualified professional supervising the personal care assistant;
(5) establish a grievance mechanism to resolve consumer complaints about personal care services, including the personal care provider's decision whether to employ the qualified recipient's choice of a personal care assistant;
(6) keep records as required in Minnesota Rules, parts 9505.2160 to 9505.2195;
(7) perform functions and provide services specified in the personal care provider's contract;
(8) comply with applicable rules and statutes; and
(9) perform other functions as necessary to carry out the responsibilities in clauses (1) to (8).

Subd. 12. Personal care provider; employment prohibition. A personal care provider shall not employ a person to provide personal care service for a qualified recipient if the person:
(1) refuses to provide full disclosure of criminal history records as specified in Minnesota Rules, part 9505.0335, subpart 12;
(2) has been convicted of a crime that directly relates to the occupation of providing personal care services to a qualified recipient;
(3) has jeopardized the health or welfare of a vulnerable adult through physical abuse, sexual abuse, or neglect as defined in section 626.557; or
(4) is misusing or is dependent on mood-altering chemicals, including alcohol, to the extent that the personal care provider knows or has reason to believe that the use of chemicals has a negative effect on the person's ability to provide personal care services or the use of chemicals is apparent during the hours the person is providing personal care services.

Subd. 13. Supervision of personal care services. A personal care service to a qualified recipient as described in subdivision 4 shall be under the supervision of a qualified professional who shall have the following duties:
(1) ensure that the personal care assistant is capable of providing the required personal care services through direct observation of the assistant's work or through consultation with the qualified recipient;
(2) ensure that the personal care assistant is knowledgeable about the plan of personal care services before the personal care assistant performs personal care services;
(3) ensure that the personal care assistant is knowledgeable about essential observations of the recipient's health, and about any conditions that should be immediately brought to the attention of either the qualified professional or the attending physician;
(4) evaluate the personal care services of a recipient through direct observation of the personal care assistant's work or through consultation with the qualified recipient. Evaluation shall be made:
   (i) within 14 days after the placement of a personal care assistant with the qualified recipient;
   (ii) at least once every 30 days during the first 90 days after the qualified recipient first receives personal care services according to the plan of personal care service; and
   (iii) at least once every 120 days following the period of evaluations in item (ii). The qualified professional shall record in writing the results of the evaluation and actions taken to correct any deficiencies in the work of the personal care assistant;
(5) review, together with the recipient, and revise, as necessary, the plan of personal care services at least once every 120 days after a plan of personal care services is developed;
(6) ensure that the personal care assistant and recipient are knowledgeable about a change in the plan of personal care services;
(7) ensure that records are kept, showing the services provided to the recipient by the personal care assistant as described in subdivision 2, paragraph (f), and the time spent providing the services;
(8) determine that a qualified recipient is still capable of directing the recipient's own care or has a responsible party; and
(9) determine with a physician that a recipient is a qualified recipient.

256B.071 MEDICARE MAXIMIZATION PROGRAM.
Subdivision 1. Definition. (a) "Dual entitlees" means recipients eligible for either the medical assistance program or the alternative care program who are also eligible for the federal Medicare program.
(b) For purposes of this section, "home care services" means home health agency services, private duty nursing services, personal care assistant services, waived services, alternative care program services, hospice services, rehabilitation therapy services, and suppliers of medical supplies and equipment.

Subd. 2. Technical assistance to providers. (a) The commissioner shall establish a technical assistance program to require providers of services and equipment under this section to maximize collections from the federal Medicare program. The technical assistance may include the provision of materials to help providers determine those services and equipment likely to be reimbursed by Medicare.
(b) Any provider of home care services enrolled in the medical assistance program, or county public health nursing agency responsible for personal care assessments, or county case managers for alternative care or medical assistance waiver programs, is required to use the method developed and supplied by the Department of Human Services for determining Medicare coverage for home care equipment and services provided to dual entitlees to ensure appropriate billing of Medicare.

Subd. 3. Referrals to Medicare providers required. Non-Medicare certified home care providers and medical suppliers that do not participate or accept Medicare assignment must refer and document the referral of dual eligible recipients to Medicare providers when Medicare is
determined to be the appropriate payer for services and supplies and equipment. Providers will be
terminated from participation in the medical assistance program for failure to make such referrals.

Subd. 4. Medicare certification requirement. Medicare certification is required of
all medical assistance enrolled home care service providers as required under Title XIX of the
Social Security Act.

256B.092 SERVICES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES.

Subd. 5a. Increasing adult foster care capacity to serve five persons. (a) When an adult
foster care provider increases the capacity of an existing home licensed to serve four persons to
serve a fifth person under this section, the county agency shall reduce the contracted per diem cost
for room and board and the developmental disability waiver services of the existing foster care
home by an average of 14 percent for all individuals living in that home. A county agency may
average the required per diem rate reductions across several adult foster care homes that expand
capacity under this section to achieve the necessary overall per diem reduction.

(b) Following the contract changes in paragraph (a), the commissioner shall adjust:

(1) individual county allocations for developmental disability waived services by the
amount of savings that results from the changes made for developmental disability waiver
recipients for whom the county is financially responsible; and

(2) group residential housing rate payments to the adult foster care home by the amount of
savings that results from the changes made.

(c) Effective July 1, 2003, when a new five-person adult foster care home is licensed under
this section, county agencies shall not establish group residential housing room and board rates
and developmental disability waiver service rates for the new home that exceed 86 percent of
the average per day room and board and developmental disability waiver services costs of
four-person homes serving persons with comparable needs and in the same geographic area. A
county agency developing more than one new five-person adult foster care home may average
the required per diem rates across the homes to achieve the necessary overall per diem reductions.

(d) The commissioner shall reduce the individual county allocations for developmental
disability waived services by the savings resulting from the per diem limits on adult foster care
recipients for whom the county is financially responsible, and shall limit the group residential
housing rate for a new five-person adult foster care home.

256B.19 DIVISION OF COST.

Subd. 1d. Portion of nonfederal share to be paid by certain counties. (a) In addition to
the percentage contribution paid by a county under subdivision 1, the governmental units
designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. For purposes of this subdivision, "designated governmental unit" means the counties of Becker, Beltrami, Clearwater, Cook, Dodge, Hubbard, Itasca, Lake, Pennington, Pipestone, Ramsey, St. Louis, Steele, Todd, Traverse, and Wadena.

(b) Beginning in 1994, each of the governmental units designated in this subdivision shall
transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of
licensed beds in any nursing home owned and operated by the county on that date, with the county
designated as licensee, multiplied by $5,723. If two or more counties own and operate a nursing
home, the payment shall be prorated. These sums shall be part of the designated governmental
unit's portion of the nonfederal share of medical assistance costs.

(c) Beginning in 2002, in addition to any transfer under paragraph (b), each of the state
Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and
operated by the county on that date, with the county named as licensee, multiplied by $10,784.
The provisions of paragraph (b) apply to transfers under this paragraph.

(d) The commissioner may reduce the intergovernmental transfers under paragraph (c)
based on the commissioner's determination of the payment rate in section 256B.431, subdivision
23, paragraphs (c) and (d). Any adjustments must be made on a per-bed basis and must result in
an amount equivalent to the total amount resulting from the rate adjustment in section 256B.431,
subdivision 23, paragraphs (c) and (d).

256B.431 RATE DETERMINATION.

Subd. 23. County nursing home payment adjustments. (a) Beginning in 1994, the
commissioner shall pay a nursing home payment adjustment on May 31 after noon to a county
in which is located a nursing home that, on that date, was county-owned and operated, with the
county named as licensee by the commissioner of health, and had over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to $16 per calendar day multiplied by the number of beds licensed in the facility on that date.

(b) Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

(c) Beginning in 2002, in addition to any payment under paragraph (a), the commissioner shall pay to a nursing facility described in paragraph (a) an adjustment in an amount equal to $29.55 per calendar day multiplied by the number of beds licensed in the facility on that date. The provisions of paragraphs (a) and (b) apply to payments under this paragraph.

(d) The commissioner may reduce payments under paragraph (c) based on the commissioner's determination of Medicare upper payment limits. Any adjustments must be proportional to adjustments made under section 256B.19, subdivision 1d, paragraph (d).

256D.46 EMERGENCY MINNESOTA SUPPLEMENTAL AID.
Subdivision 1. Eligibility. A county agency must grant emergency Minnesota supplemental aid, to the extent funds are available, if the recipient is without adequate resources to resolve an emergency that, if unresolved, will threaten the health or safety of the recipient. For the purposes of this section, the term "recipient" includes persons for whom a group residential housing benefit is being paid under sections 256L.01 to 256L.06.

Subd. 2. Income and resource test. All income and resources available to the recipient must be considered in determining the recipient's ability to meet the emergency need. Property that can be liquidated in time to resolve the emergency and income, excluding an amount equal to the Minnesota supplemental aid standard of assistance, that is normally disregarded or excluded under the Minnesota supplemental aid program must be considered available to meet the emergency need.

Subd. 3. Payment amount. The amount of assistance granted under emergency Minnesota supplemental aid is limited to the amount necessary to resolve the emergency. An emergency Minnesota supplemental aid grant is available to a recipient no more than once in any 12-month period. Funding for emergency Minnesota supplemental aid is limited to the appropriation. Each fiscal year, the commissioner shall allocate to counties the money appropriated for emergency Minnesota supplemental aid grants based on each county agency's average share of state's emergency Minnesota supplemental aid expenditures for the immediate past three fiscal years as determined by the commissioner, and may reallocate any unspent amounts to other counties. Any emergency Minnesota supplemental aid expenditures by a county above the amount of the commissioner's allocation to the county must be made from county funds.

256L.06 PAYMENT METHODS.

259.83 POSTADOPTION SERVICES.

Subd. 3. Identifying information. In adoptive placements made on and after August 1, 1982, the agency responsible for or supervising the placement shall obtain from the birth parents named on the original birth record an affidavit attesting to the following:

(a) that the birth parent has been informed of the right of the adopted person at the age specified in section 259.89 to request from the agency the name, last known address, birthdate and birthplace of the birth parents named on the adopted person's original birth record;

(b) that each birth parent may file in the agency record an affidavit objecting to the release of any or all of the information listed in clause (a) about that birth parent, and that parent only, to the adopted person;

(c) that if the birth parent does not file an affidavit objecting to release of information before the adopted person reaches the age specified in section 259.89, the agency will provide the adopted person with the information upon request;

(d) that notwithstanding the filing of an affidavit, the adopted person may petition the court according to section 259.61 for release of identifying information about a birth parent;

(e) that the birth parent shall then have the opportunity to present evidence to the court that nondisclosure of identifying information is of greater benefit to the birth parent than disclosure to the adopted person; and

(f) that any objection filed by the birth parent shall become invalid when withdrawn by the birth parent or when the birth parent dies. Upon receipt of a death record for the birth parent, the agency shall release the identifying information to the adopted person if requested.

259.89 ACCESS TO ORIGINAL BIRTH RECORD INFORMATION.

Subd. 2. Search. Within six months after receiving notice of the request of the adopted person, the commissioner of human services' agent or a licensed child-placing agency shall make complete and reasonable efforts to notify each parent identified on the original birth record of the adopted person. The commissioner, the commissioner's agents, and licensed child-placing agencies may charge a reasonable fee to the adopted person for the cost of making a search
pursuant to this subdivision. Every licensed child-placing agency in the state shall cooperate with the commissioner of human services in efforts to notify an identified parent. All communications under this subdivision are confidential pursuant to section 13.62, subdivision 3.

For purposes of this subdivision, "notify" means a personal and confidential contact with the birth parents named on the original birth record of the adopted person. The contact shall be by an employee or agent of the licensed child-placing agency which processed the pertinent adoption or some other licensed child-placing agency designated by the commissioner of human services when it is determined to be reasonable by the commissioner; otherwise contact shall be by mail or telephone. The contact shall be evidenced by filing with the commissioner of health an affidavit of notification executed by the person who notified each parent certifying that each parent was given the following information:

(1) the nature of the information requested by the adopted person;
(2) the date of the request of the adopted person;
(3) the right of the parent to file, within 30 days of receipt of the notice, an affidavit with the commissioner of health stating that the information on the original birth record should not be disclosed;
(4) the right of the parent to file a consent to disclosure with the commissioner of health at any time; and
(5) the effect of a failure of the parent to file either a consent to disclosure or an affidavit stating that the information on the original birth record should not be disclosed.

Subd. 3. Failure to notify parent. If the commissioner of human services certifies to the commissioner of health an inability to notify a parent identified on the original birth record within six months, and if neither identified parent has at any time filed an unrevoked consent to disclosure with the commissioner of health, the information may be disclosed as follows:

(a) If the person was adopted prior to August 1, 1977, the person may petition the appropriate court for disclosure of the original birth record pursuant to section 259.61, and the court shall grant the petition if, after consideration of the interests of all known persons involved, the court determines that disclosure of the information would be of greater benefit than nondisclosure.

(b) If the person was adopted on or after August 1, 1977, the commissioner of health shall release the requested information to the adopted person.

If either parent identified on the birth record has at any time filed with the commissioner of health an unrevoked affidavit stating that the information on the original birth record should not be disclosed, the commissioner of health shall not disclose the information to the adopted person until the affidavit is revoked by the filing of a consent to disclosure by that parent.

Subd. 4. Release of information after notice. If, within six months, the commissioner of human services' agent or licensed child-placing agency documents to the commissioner of health notification of each parent identified on the original birth record pursuant to subdivision 2, the commissioner of health shall disclose the information requested by the adopted person 31 days after the date of the latest notice to either parent. This disclosure will occur if, at any time during the 31 days both of the parents identified on the original birth record have filed a consent to disclosure with the commissioner of health and neither consent to disclosure has been revoked by the subsequent filing by a parent of an affidavit stating that the information should not be disclosed. If only one parent has filed a consent to disclosure and the consent has not been revoked, the commissioner of health shall disclose, to the adopted person, original birth record information on the consenting parent only.
