

2.1 assessment of the requirements necessary to refine and mechanically fix the relative  
2.2 position of various parts of the prosthesis to maximize function, stability, and safety of the  
2.3 patient. The practice of prosthetics includes providing and continuing patient care in order  
2.4 to assess the prosthetic device's effect on the patient's tissues and to assure proper fit and  
2.5 function of the prosthetic device by periodic evaluation.

2.6 (c) "Orthosis" means:

2.7 (1) an external medical device that is custom-fabricated or custom-fitted to a specific  
2.8 patient based on the patient's unique physical condition and is applied to a part of the  
2.9 body to correct a deformity, provide support and protection, restrict motion, improve  
2.10 function, or relieve symptoms of a disease, syndrome, injury, or postoperative condition  
2.11 and is deemed medically necessary; and

2.12 (2) any repair or replacement of the device that is furnished by an accredited facility  
2.13 in comprehensive orthotic services, or by a credentialed clinician who is certified or  
2.14 licensed.

2.15 (d) "Orthotics" means:

2.16 (1) the science and practice of evaluating, measuring, designing, fabricating,  
2.17 assembling, fitting, adjusting, or servicing and providing the initial training necessary to  
2.18 accomplish the fitting of an orthotic device for the support, correction, or alleviation of a  
2.19 neuromuscular or musculoskeletal dysfunction, disease, injury, or deformity;

2.20 (2) evaluation, treatment, and consultation;

2.21 (3) basic observation of gait and postural analysis;

2.22 (4) assessing and designing orthosis to maximize function and provide support  
2.23 and alignment necessary to prevent or correct a deformity or to improve the safety and  
2.24 efficiency of mobility and locomotion;

2.25 (5) continuing patient care to assess the effect on the patient's tissues; and

2.26 (6) proper fit and function of the orthotic device by periodic evaluation.

2.27 For purposes of orthotic device coverage, this section specifically excludes the  
2.28 following categories: items that are available over-the-counter without a prescription,  
2.29 such as soft goods, immobilizers, soft collars, corsets, sleeves, wraps, and other items not  
2.30 requiring modification or adjustment and can be fitted with minimum expertise.

2.31 (e) "Accredited provider" means any provider that is accredited by the American  
2.32 Board for Certification in Orthotics Prosthetics and Pedorthics (ABC), by the Board  
2.33 for Orthotist/Prosthetist Certification (BOC), by the Joint Commission (JC), or by the  
2.34 Commission on Accreditation of Rehabilitation Facilities (CARF) and that provides  
2.35 comprehensive orthotic and prosthetic devices or services.

3.1 Subd. 2. **Coverage.** (a) A health plan shall provide coverage for orthotic and  
3.2 prosthetic devices, supplies, and services to the extent that coverage is provided under  
3.3 federal laws for health insurance for the aged and disabled under sections 1832, 1833,  
3.4 1834, Social Security Act (United States Code, title 42, sections 1395k, 1395l, and  
3.5 1395m), but only to the extent consistent with this section. Coverage may be limited to the  
3.6 orthotic or prosthetic devices, supplies, and services that are the most appropriate model  
3.7 that is determined medically necessary and includes the design, fabrication, material and  
3.8 component selection, and measurements, fittings, static and dynamic alignments and  
3.9 device maintenance, including repair of the device to restore or maintain the ability to  
3.10 complete activities of daily living and essential job-related activities and that is not solely  
3.11 for comfort, convenience, or recreation.

3.12 (b) Orthotic and prosthetic device coverage under this section may only be subject to  
3.13 the annual or lifetime dollar maximums, deductibles, and coinsurance that apply generally  
3.14 to all terms and services covered under the plan.

3.15 (c) Reimbursement for orthotic and prosthetic devices, supplies, and services must  
3.16 be equal to the reimbursement of other contracted medical services between an accredited  
3.17 provider and a health plan or state-funded medical insurance plan.

3.18 Subd. 3. **Prior authorization.** A health plan may require prior authorization for  
3.19 orthotic and prosthetic devices, supplies, and services in the same manner and to the same  
3.20 extent as prior authorization is required for any other covered benefit.

3.21 Subd. 4. **Repair or replacement.** The coverage under this section shall include  
3.22 repair or replacement of an orthotic or prosthetic device that is medically necessary to  
3.23 restore or maintain the ability to complete activities of daily living or essential job-related  
3.24 activities and that is not solely for comfort, convenience, or recreation. Repair or  
3.25 replacement due to the covered individual's neglect, misuse, or abuse is not covered.

3.26 Subd. 5. **Accredited provider.** Orthotic and prosthetic devices, supplies, and  
3.27 services must be provided by an accredited provider in comprehensive orthotic or  
3.28 prosthetic services and prescribed by a licensed physician or licensed health care provider  
3.29 who has the authority in this state to prescribe orthotic and prosthetic devices, supplies,  
3.30 and services.

3.31 **EFFECTIVE DATE.** This section is effective August 1, 2010, and applies to all  
3.32 health plans issued or renewed to provide coverage for Minnesota residents on or after  
3.33 that date.
