individual or family income for individuals or families with incomes below the limits for
the medical assistance program for families and children in effect on January 1, 1999, and
proceeds through the following evenly spaced steps: 1.8, 2.3, 3.1, 3.8, 4.8, 5.9, 7.4, and
8.8 percent. These percentages are matched to evenly spaced income steps ranging from
the medical assistance income limit for families and children in effect on January 1, 1999,
to 275 percent of the federal poverty guidelines for the applicable family size, up to a
family size of five. The sliding fee scale for a family of five must be used for families of
more than five. The sliding fee scale and percentages are not subject to the provisions of
chapter 14. If a family or individual reports increased income after enrollment, premiums
shall be adjusted at the time the change in income is reported.

(b) Children in families whose gross income is above 275 percent of the federal
poverty guidelines shall pay the maximum premium. The maximum premium is defined
as a base charge for one, two, or three or more enrollees so that if all MinnesotaCare
cases paid the maximum premium, the total revenue would equal the total cost of
MinnesotaCare medical coverage and administration. In this calculation, administrative
costs shall be assumed to equal ten percent of the total. The costs of medical coverage
for pregnant women and children under age two and the enrollees in these groups shall
be excluded from the total. The maximum premium for two enrollees shall be twice the
maximum premium for one, and the maximum premium for three or more enrollees shall
be three times the maximum premium for one.

(e) Beginning July 1, 2009 January 1, 2014, MinnesotaCare enrollees shall pay
premiums according to the premium scale specified in paragraph (d) with the exception
that children 20 years of age and younger in families with income at or below 200 percent
of the federal poverty guidelines shall pay no premiums. For purposes of paragraph (d),
"minimum" means a monthly premium of $4.

(d) (c) The following premium scale is established for individuals and families
with gross family incomes of 275 percent of the federal poverty guidelines or less each
individual in the household who is 21 years of age or older and enrolled in MinnesotaCare:

**EFFECTIVE DATE.** This section is effective January 1, 2014, or upon federal approval, whichever is later. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

**Sec. 64. DETERMINATION OF FUNDING ADEQUACY FOR MINNESOTACARE.**

The commissioners of revenue and management and budget, in consultation with the commissioner of human services, shall conduct an assessment of health care taxes, including the gross premiums tax, the provider tax, and Medicaid surcharges, and their relationship to the long-term solvency of the health care access fund, as part of the state revenue and expenditure forecast in November 2013. The commissioners shall determine the amount of state funding that will be required after December 31, 2019, in addition to the federal payments made available under section 1331 of the Affordable Care Act, for the MinnesotaCare program. The commissioners shall evaluate the stability and likelihood of long-term federal funding for the MinnesotaCare program under section 1331. The commissioners shall report the results of this assessment to the chairs and ranking minority members of the legislative committees with jurisdiction over human services, finances, and taxes by January 15, 2014, along with recommendations for...
changes to state revenue for the health care access fund, if state funding continues to
be required beyond December 31, 2019.

Sec. 65. **STATE-BASED RISK ADJUSTMENT SYSTEM ASSESSMENT.**

(a) Notwithstanding Minnesota Rules, chapter 4653, the commissioner of health,
as part of the commissioner's responsibilities under Minnesota Statutes, section 62U.04,
subdivision 4, paragraph (b), shall collect from health carriers in the individual and
small group health insurance market, beginning on January 1, 2014, for service dates
beginning October 1, 2013, through December 31, 2014, all data required for conducting
risk adjustment with standard risk adjusters such as the Adjusted Clinical Groups or the
Hierarchical Condition Category System, including, but not limited to:

1. an indicator identifying the health plan product under which an enrollee is covered;
2. an indicator identifying whether an enrollee's policy is an individual or small
   group market policy;
3. an indicator identifying, if applicable, the metal level of an enrollee's health plan
   product, and whether the policy is a catastrophic policy; and
4. additional identified demographic data necessary to link individuals' data across
   health carriers and insurance affordability programs with 95 percent accuracy. The
   commissioner shall not collect more than the last four digits of an individual's Social
   Security number.

(b) The commissioner of health shall assess the extent to which data collected under
paragraph (a) and under Minnesota Statutes, section 62U.04, subdivision 4, paragraph (a),
are sufficient for developing and operating a state alternative risk adjustment methodology
consistent with applicable federal rules by evaluating:

1. if the data submitted are adequately complete, accurate, and timely;
2. if the data should be further enriched by nontraditional risk adjusters that help
   in better explaining variation in health care costs of a given population and account for
   risk selection across metal levels;
3. whether additional data or identifiers have the potential to strengthen a
   Minnesota-based risk adjustment approach; and
4. what, if any, changes to the technical infrastructure will be necessary to
   effectively perform state-based risk adjustment.

(c) For purposes of paragraph (b), the commissioner of health shall have the
authority to use identified data to validate and audit a statistically valid sample of data for
each health carrier in the individual and small group health insurance market.
(d) If the assessment conducted in paragraph (b) finds that the data collected under Minnesota Statutes, section 62U.04, subdivision 4, are sufficient for developing and operating a state alternative risk adjustment methodology consistent with applicable federal rules, the commissioners of health and human services, in consultation with the commissioner of commerce and the Board of MNsure, shall study whether Minnesota-based risk adjustment of the individual and small group health insurance market, using either the federal risk adjustment model or a state-based alternative, can be more cost-effective and perform better than risk adjustment conducted by federal agencies. The study shall assess the policies, infrastructure, and resources necessary to satisfy the requirements of Code of Federal Regulations, title 45, section 153, subpart D. The study shall also evaluate the extent to which Minnesota-based risk adjustment could meet requirements established in Code of Federal Regulations, title 45, section 153.330, including:

1. explaining the variation in health care costs of a given population;
2. linking risk factors to daily clinical practices and that which is clinically meaningful to providers;
3. encouraging favorable behavior among health care market participants and discouraging unfavorable behavior;
4. whether risk adjustment factors are relatively easy for stakeholders to understand and participate in;
5. providing stable risk scores over time and across health plan products;
6. minimizing administrative costs;
7. accounting for risk selection across metal levels;
8. aligning each of the elements of the methodology; and
9. can be conducted at per-member cost equal to or lower than the projected cost of the federal risk adjustment model.

(e) In conducting the study described in paragraph (d), the commissioner of health shall contract with entities that do not have an economic interest in the outcome of Minnesota-based risk adjustment, but have demonstrated expertise in actuarial science or health economics and demonstrated experience with designing and implementing risk adjustment models. The commissioner of human services shall evaluate opportunities to maximize federal funding under section 1331 of the Affordable Care Act. The commissioner of human services shall make recommendations on risk adjustment strategies to maximize federal funding to the state of Minnesota.

(f) The commissioner of health shall submit an interim report to the legislature by March 15, 2014, with preliminary findings from the assessment conducted in paragraph (b). The interim report shall include legislative recommendations for any necessary
changes to Minnesota Statutes, section 62Q.03. The commissioners of health and human
services shall submit a final report to the legislature by October 1, 2015. The final report
must include findings from the overall assessment conducted under paragraph (e), and a
recommendation on whether to conduct state-based risk adjustment.

(g) The Board of MNsure shall apply for federal funding under section 1311 or
1321 of the Affordable Care Act, to fund the work under paragraphs (a), (b), (d), and (e).
Federal funding awarded to MNsure for this purpose is approved and appropriated for
this purpose. The commissioners of health and human services may only proceed with
activities under paragraphs (a) to (e) if funding has been made available for this purpose.

(h) For purposes of this section, the Board of MNsure means the board established
under Minnesota Statutes, section 62V.03, and the Affordable Care Act has the meaning
given in Minnesota Statutes, section 256B.02, subdivision 17.

Sec. 66. REQUEST FOR FEDERAL AUTHORITY.
The commissioner of human services shall seek authority from the federal Centers
for Medicare and Medicaid Services to allow persons under age 65, participating in
a home and community-based services waiver under section 1915(c) of the Social
Security Act, to continue to disregard spousal income and assets, in place of the spousal
impoverishment provisions under the federal Patient Protection and Affordable Care Act,
Public Law 111-148, section 2404, as amended by the federal Health Care and Education
Reconciliation Act of 2010, Public Law 111-152, and any amendments to, or regulations
and guidance issued under, those acts.

Sec. 67. REVISOR'S INSTRUCTION.
The revisor of statutes shall: (1) remove cross-references to the sections repealed
in this article wherever they appear in Minnesota Statutes and Minnesota Rules; (2)
change the term "Minnesota Insurance Marketplace" to "MNsure" wherever it appears
in this article and in Minnesota Statutes; and (3) make changes necessary to correct the
punctuation, grammar, or structure of the remaining text and preserve its meaning.

Sec. 68. REPEALER.
Minnesota Statutes 2012, sections 256L.01, subdivision 4a; 256L.031; 256L.04,
subdivisions 1b, 9, and 10a; 256L.05, subdivision 3b; 256L.07, subdivisions 1, 5, 8, and 9;
256L.11, subdivisions 5 and 6; and 256L.17, subdivisions 1, 2, 3, 4, and 5, are repealed
effective January 1, 2014.
(b) Minnesota Statutes 2012, sections 256B.055, subdivisions 3, 5, and 10b; 256B.056, subdivision 5b; and 256B.057, subdivisions 1c and 2, are repealed effective January 1, 2014.

**ARTICLE 2**

**CONTINGENT REFORM 2020: REDESIGNING HOME AND COMMUNITY-BASED SERVICES**

Section 1. Minnesota Statutes 2012, section 144.0724, subdivision 4, is amended to read:

Subd. 4. **Resident assessment schedule.** (a) A facility must conduct and electronically submit to the commissioner of health case mix assessments that conform with the assessment schedule defined by Code of Federal Regulations, title 42, section 483.20, and published by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, in the Long Term Care Assessment Instrument User's Manual, version 3.0, and subsequent updates when issued by the Centers for Medicare and Medicaid Services. The commissioner of health may substitute successor manuals or question and answer documents published by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, to replace or supplement the current version of the manual or document.

(b) The assessments used to determine a case mix classification for reimbursement include the following:

1. a new admission assessment must be completed by day 14 following admission;
2. an annual assessment which must have an assessment reference date (ARD) within 366 days of the ARD of the last comprehensive assessment;
3. a significant change assessment must be completed within 14 days of the identification of a significant change; and
4. all quarterly assessments must have an assessment reference date (ARD) within 92 days of the ARD of the previous assessment.

(c) In addition to the assessments listed in paragraph (b), the assessments used to determine nursing facility level of care include the following:

1. preadmission screening completed under section 256B.0911, subdivision 4a, by a county, tribe, or managed care organization under contract with the Department of Human Services 256.975, subdivision 7a, by the Senior LinkAge Line or other organization under contract with the Minnesota Board on Aging; and
2. a nursing facility level of care determination as provided for under section 256B.0911, subdivision 4c, as part of a face-to-face long-term care consultation assessment.

Article 2 Section 1.
Sec. 2. Minnesota Statutes 2012, section 144A.351, is amended to read:

144A.351 BALANCING LONG-TERM CARE SERVICES AND SUPPORTS:
REPORT AND STUDY REQUIRED.
Subdivision 1. Report requirements. The commissioners of health and human services, with the cooperation of counties and in consultation with stakeholders, including persons who need or are using long-term care services and supports, lead agencies, regional entities, senior, disability, and mental health organization representatives, service providers, and community members shall prepare a report to the legislature by August 15, 2013, and biennially thereafter, regarding the status of the full range of long-term care services and supports for the elderly and children and adults with disabilities and mental illnesses in Minnesota. The report shall address:

1. demographics and need for long-term care services and supports in Minnesota;
2. summary of county and regional reports on long-term care gaps, surpluses, imbalances, and corrective action plans;
3. status of long-term care services and related mental health services, housing options, and supports by county and region including:
   a. changes in availability of the range of long-term care services and housing options;
   b. access problems, including access to the least restrictive and most integrated services and settings, regarding long-term care services; and
   c. comparative measures of long-term care services availability, including serving people in their home areas near family, and changes over time; and
4. recommendations regarding goals for the future of long-term care services and supports, policy and fiscal changes, and resource development and transition needs.

Subd. 2. Critical access study. The commissioner of human services shall conduct a onetime study to assess local capacity and availability of home and community-based services for older adults, people with disabilities, and people with mental illnesses. The study must assess critical access at the community level and identify potential strategies to build home and community-based service capacity in critical access areas. The report shall be submitted to the legislature no later than August 15, 2015.

Sec. 3. Minnesota Statutes 2012, section 148E.065, subdivision 4a, is amended to read:

Subd. 4a. City, county, and state social workers. (a) Beginning July 1, 2016, the licensure of city, county, and state agency social workers is voluntary, except an individual
who is newly employed by a city or state agency after July 1, 2016, must be licensed
if the individual who provides social work services, as those services are defined in
section 148E.010, subdivision 11, paragraph (b), is presented to the public by any title
incorporating the words "social work" or "social worker."
(b) City, county, and state agencies employing social workers and staff who are
designated to perform mandated duties under sections 256.975, subdivisions 7 to 7c and
256.01, subdivision 24, are not required to employ licensed social workers.

Sec. 4. Minnesota Statutes 2012, section 256.01, subdivision 2, is amended to read:

Subd. 2. Specific powers. Subject to the provisions of section 241.021, subdivision
2, the commissioner of human services shall carry out the specific duties in paragraphs (a)
through (ee) (dd):

(a) Administer and supervise all forms of public assistance provided for by state law
and other welfare activities or services as are vested in the commissioner. Administration
and supervision of human services activities or services includes, but is not limited to,
assuring timely and accurate distribution of benefits, completeness of service, and quality
program management. In addition to administering and supervising human services
activities vested by law in the department, the commissioner shall have the authority to:

(1) require county agency participation in training and technical assistance programs
to promote compliance with statutes, rules, federal laws, regulations, and policies
governing human services;

(2) monitor, on an ongoing basis, the performance of county agencies in the
operation and administration of human services, enforce compliance with statutes, rules,
federal laws, regulations, and policies governing welfare services and promote excellence
of administration and program operation;

(3) develop a quality control program or other monitoring program to review county
performance and accuracy of benefit determinations;

(4) require county agencies to make an adjustment to the public assistance benefits
issued to any individual consistent with federal law and regulation and state law and rule
and to issue or recover benefits as appropriate;

(5) delay or deny payment of all or part of the state and federal share of benefits and
administrative reimbursement according to the procedures set forth in section 256.017;

(6) make contracts with and grants to public and private agencies and organizations,
both profit and nonprofit, and individuals, using appropriated funds; and

(7) enter into contractual agreements with federally recognized Indian tribes with
a reservation in Minnesota to the extent necessary for the tribe to operate a federally
approved family assistance program or any other program under the supervision of the
commissioner. The commissioner shall consult with the affected county or counties in
the contractual agreement negotiations, if the county or counties wish to be included,
in order to avoid the duplication of county and tribal assistance program services. The
commissioner may establish necessary accounts for the purposes of receiving and
disbursing funds as necessary for the operation of the programs.

(b) Inform county agencies, on a timely basis, of changes in statute, rule, federal law,
regulation, and policy necessary to county agency administration of the programs.

(c) Administer and supervise all child welfare activities; promote the enforcement of
laws protecting disabled, dependent, neglected and delinquent children, and children born
to mothers who were not married to the children's fathers at the times of the conception
nor at the births of the children; license and supervise child-caring and child-placing
agencies and institutions; supervise the care of children in boarding and foster homes or
in private institutions; and generally perform all functions relating to the field of child
welfare now vested in the State Board of Control.

(d) Administer and supervise all noninstitutional service to disabled persons,
including those who are visually impaired, hearing impaired, or physically impaired
or otherwise disabled. The commissioner may provide and contract for the care and
treatment of qualified indigent children in facilities other than those located and available
at state hospitals when it is not feasible to provide the service in state hospitals.

(e) Assist and actively cooperate with other departments, agencies and institutions,
local, state, and federal, by performing services in conformity with the purposes of Laws
1939, chapter 431.

(f) Act as the agent of and cooperate with the federal government in matters of
mutual concern relative to and in conformity with the provisions of Laws 1939, chapter
431, including the administration of any federal funds granted to the state to aid in the
performance of any functions of the commissioner as specified in Laws 1939, chapter 431,
and including the promulgation of rules making uniformly available medical care benefits
to all recipients of public assistance, at such times as the federal government increases its
participation in assistance expenditures for medical care to recipients of public assistance,
the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

(g) Establish and maintain any administrative units reasonably necessary for the
performance of administrative functions common to all divisions of the department.

(h) Act as designated guardian of both the estate and the person of all the wards of
the state of Minnesota, whether by operation of law or by an order of court, without any
further act or proceeding whatever, except as to persons committed as developmentally
disabled. For children under the guardianship of the commissioner or a tribe in Minnesota
recognized by the Secretary of the Interior whose interests would be best served by
adoptive placement, the commissioner may contract with a licensed child-placing agency
or a Minnesota tribal social services agency to provide adoption services. A contract
with a licensed child-placing agency must be designed to supplement existing county
efforts and may not replace existing county programs or tribal social services, unless the
replacement is agreed to by the county board and the appropriate exclusive bargaining
representative, tribal governing body, or the commissioner has evidence that child
placements of the county continue to be substantially below that of other counties. Funds
collected and obligated under an agreement for a specific child shall remain available
until the terms of the agreement are fulfilled or the agreement is terminated.

(i) Act as coordinating referral and informational center on requests for service for
newly arrived immigrants coming to Minnesota.

(j) The specific enumeration of powers and duties as hereinabove set forth shall in no
way be construed to be a limitation upon the general transfer of powers herein contained.

(k) Establish county, regional, or statewide schedules of maximum fees and charges
which may be paid by county agencies for medical, dental, surgical, hospital, nursing and
nursing home care and medicine and medical supplies under all programs of medical
care provided by the state and for congregate living care under the income maintenance
programs.

(l) Have the authority to conduct and administer experimental projects to test methods
and procedures of administering assistance and services to recipients or potential recipients
of public welfare. To carry out such experimental projects, it is further provided that the
commissioner of human services is authorized to waive the enforcement of existing specific
statutory program requirements, rules, and standards in one or more counties. The order
establishing the waiver shall provide alternative methods and procedures of administration,
shall not be in conflict with the basic purposes, coverage, or benefits provided by law, and
in no event shall the duration of a project exceed four years. It is further provided that no
order establishing an experimental project as authorized by the provisions of this section
shall become effective until the following conditions have been met:

(1) the secretary of health and human services of the United States has agreed, for
the same project, to waive state plan requirements relative to statewide uniformity; and

(2) a comprehensive plan, including estimated project costs, shall be approved by
the Legislative Advisory Commission and filed with the commissioner of administration.
(m) According to federal requirements, establish procedures to be followed by
local welfare boards in creating citizen advisory committees, including procedures for
selection of committee members.

(n) Allocate federal fiscal disallowances or sanctions which are based on quality
control error rates for the aid to families with dependent children program formerly
codified in sections 256.72 to 256.87, medical assistance, or food stamp program in the
following manner:

(1) one-half of the total amount of the disallowance shall be borne by the county
boards responsible for administering the programs. For the medical assistance and the
AFDC program formerly codified in sections 256.72 to 256.87, disallowances shall be
shared by each county board in the same proportion as that county's expenditures for the
sanctioned program are to the total of all counties' expenditures for the AFDC program
formerly codified in sections 256.72 to 256.87, and medical assistance programs. For the
food stamp program, sanctions shall be shared by each county board, with 50 percent of
the sanction being distributed to each county in the same proportion as that county's
administrative costs for food stamps are to the total of all food stamp administrative costs
for all counties, and 50 percent of the sanctions being distributed to each county in the
same proportion as that county's value of food stamp benefits issued are to the total of
all benefits issued for all counties. Each county shall pay its share of the disallowance
to the state of Minnesota. When a county fails to pay the amount due hereunder, the
commissioner may deduct the amount from reimbursement otherwise due the county, or
the attorney general, upon the request of the commissioner, may institute civil action
to recover the amount due; and

(2) notwithstanding the provisions of clause (1), if the disallowance results from
knowing noncompliance by one or more counties with a specific program instruction, and
that knowing noncompliance is a matter of official county board record, the commissioner
may require payment or recover from the county or counties, in the manner prescribed in
clause (1), an amount equal to the portion of the total disallowance which resulted from the
noncompliance, and may distribute the balance of the disallowance according to clause (1).

(o) Develop and implement special projects that maximize reimbursements and
result in the recovery of money to the state. For the purpose of recovering state money,
the commissioner may enter into contracts with third parties. Any recoveries that result
from projects or contracts entered into under this paragraph shall be deposited in the
state treasury and credited to a special account until the balance in the account reaches
$1,000,000. When the balance in the account exceeds $1,000,000, the excess shall be
transferred and credited to the general fund. All money in the account is appropriated to
the commissioner for the purposes of this paragraph.

(p) Have the authority to make direct payments to facilities providing shelter
to women and their children according to section 256D.05, subdivision 3. Upon
the written request of a shelter facility that has been denied payments under section
256D.05, subdivision 3, the commissioner shall review all relevant evidence and make
a determination within 30 days of the request for review regarding issuance of direct
payments to the shelter facility. Failure to act within 30 days shall be considered a
determination not to issue direct payments.

(q) Have the authority to establish and enforce the following county reporting
requirements:

(1) the commissioner shall establish fiscal and statistical reporting requirements
necessary to account for the expenditure of funds allocated to counties for human
services programs. When establishing financial and statistical reporting requirements, the
commissioner shall evaluate all reports, in consultation with the counties, to determine if
the reports can be simplified or the number of reports can be reduced;

(2) the county board shall submit monthly or quarterly reports to the department
as required by the commissioner. Monthly reports are due no later than 15 working days
after the end of the month. Quarterly reports are due no later than 30 calendar days after
the end of the quarter, unless the commissioner determines that the deadline must be
shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines
or risking a loss of federal funding. Only reports that are complete, legible, and in the
required format shall be accepted by the commissioner;

(3) if the required reports are not received by the deadlines established in clause (2),
the commissioner may delay payments and withhold funds from the county board until
the next reporting period. When the report is needed to account for the use of federal
funds and the late report results in a reduction in federal funding, the commissioner shall
withhold from the county boards with late reports an amount equal to the reduction in
federal funding until full federal funding is received;

(4) a county board that submits reports that are late, illegible, incomplete, or not
in the required format for two out of three consecutive reporting periods is considered
noncompliant. When a county board is found to be noncompliant, the commissioner
shall notify the county board of the reason the county board is considered noncompliant
and request that the county board develop a corrective action plan stating how the
county board plans to correct the problem. The corrective action plan must be submitted
to the commissioner within 45 days after the date the county board received notice
of noncompliance;

(5) the final deadline for fiscal reports or amendments to fiscal reports is one year
after the date the report was originally due. If the commissioner does not receive a report
by the final deadline, the county board forfeits the funding associated with the report for
that reporting period and the county board must repay any funds associated with the
report received for that reporting period;

(6) the commissioner may not delay payments, withhold funds, or require repayment
under clause (3) or (5) if the county demonstrates that the commissioner failed to
provide appropriate forms, guidelines, and technical assistance to enable the county to
comply with the requirements. If the county board disagrees with an action taken by the
commissioner under clause (3) or (5), the county board may appeal the action according
to sections 14.57 to 14.69; and

(7) counties subject to withholding of funds under clause (3) or forfeiture or
repayment of funds under clause (5) shall not reduce or withhold benefits or services to
clients to cover costs incurred due to actions taken by the commissioner under clause
(3) or (5).

(r) Allocate federal fiscal disallowances or sanctions for audit exceptions when
federal fiscal disallowances or sanctions are based on a statewide random sample in direct
proportion to each county's claim for that period.

(s) Be responsible for ensuring the detection, prevention, investigation, and
resolution of fraudulent activities or behavior by applicants, recipients, and other
participants in the human services programs administered by the department.

(t) Require county agencies to identify overpayments, establish claims, and utilize
all available and cost-beneficial methodologies to collect and recover these overpayments
in the human services programs administered by the department.

(u) Have the authority to administer a drug rebate program for drugs purchased
pursuant to the prescription drug program established under section 256.955 after the
beneficiary's satisfaction of any deductible established in the program. The commissioner
shall require a rebate agreement from all manufacturers of covered drugs as defined in
section 256B.0625, subdivision 13. Rebate agreements for prescription drugs delivered on
or after July 1, 2002, must include rebates for individuals covered under the prescription
drug program who are under 65 years of age. For each drug, the amount of the rebate shall
be equal to the rebate as defined for purposes of the federal rebate program in United
States Code, title 42, section 1396r-8. The manufacturers must provide full payment

subdivision 7b, paragraphs (a) and (b). The purpose of the screening is to determine the
need for nursing facility level of care as described in section 256B.0911, subdivision
4e, and to complete activities required under federal law related to mental illness and
developmental disability as outlined in paragraph (b).

(b) A person who has a diagnosis or possible diagnosis of mental illness or
developmental disability must receive a preadmission screening before admission
regardless of the exemptions outlined in subdivision 7b, paragraphs (a) and (b), to identify
the need for further evaluation and specialized services, unless the admission prior to
screening is authorized by the local mental health authority or the local developmental
disabilities case manager, or unless authorized by the county agency according to Public

(c) The following criteria apply to the preadmission screening:

(1) requests for preadmission screenings must be submitted via an online form

1. a person is admitted from the community to a certified nursing or certified boarding care facility during Senior LinkAge Line nonworking hours;

2. a physician has determined that delaying admission until preadmission screening is completed would adversely affect the person's health and safety;

3. there is a recent precipitating event that precludes the client from living safely in the community, such as sustaining an injury, sudden onset of acute illness, or a caregiver's inability to continue to provide care;

4. the attending physician has authorized the emergency placement and has documented the reason that the emergency placement is recommended; and

5. the Senior LinkAge Line is contacted on the first working day following the emergency admission.

Further, the goal of these services is to contain costs associated with unnecessary institutional admissions. Long-term consultation services must be available to any person regardless of public program eligibility. Subd. 3a. **Assessment and support planning.** (a) Persons requesting assessment, services planning, or other assistance intended to support community-based living, including persons who need assessment in order to determine waiver or alternative care program eligibility, must be visited by a long-term care consultation team within 20 calendar days after the date on which an assessment was requested or recommended. Upon statewide implementation of subdivisions 2b, 2c, and 5, this requirement also applies to an assessment of a person requesting personal care assistance services and private duty nursing. The commissioner shall provide at least a 90-day notice to lead agencies prior to the effective date of this requirement. Face-to-face assessments must be conducted according to paragraphs (b) to (i).

(b) The lead agency may utilize a team of either the social worker or public health nurse, or both. Upon implementation of subdivisions 2b, 2c, and 5, lead agencies shall use certified assessors to conduct the assessment. The consultation team members must confer regarding the most appropriate care for each individual screened or assessed. For a person with complex health care needs, a public health or registered nurse from the team must be consulted.

(c) The assessment must be comprehensive and include a person-centered assessment of the health, psychological, functional, environmental, and social needs of referred individuals and provide information necessary to develop a community support plan that meets the consumers needs, using an assessment form provided by the commissioner.

(d) The assessment must be conducted in a face-to-face interview with the person being assessed and the person's legal representative, and other individuals as requested by the person, who can provide information on the needs, strengths, and preferences of the person necessary to develop a community support plan that ensures the person's health and safety, but who is not a provider of service or has any financial interest in the provision of services. For persons who are to be assessed for elderly waiver customized living services under section 256B.0915, with the permission of the person being assessed or the person's designated or legal representative, the client's current or proposed provider of services may submit a copy of the provider's nursing assessment or written report outlining its recommendations regarding the client's care needs. The person conducting the assessment will notify the provider of the date by which this information is to be submitted. This information shall be provided to the person conducting the assessment prior to the assessment.

(e) If the person chooses to use community-based services, the person or the person's legal representative must be provided with a written community support plan within 40
calendar days of the assessment visit, regardless of whether the individual is eligible for
Minnesota health care programs. The written community support plan must include:

(1) a summary of assessed needs as defined in paragraphs (c) and (d);
(2) the individual's options and choices to meet identified needs, including all
available options for case management services and providers;
(3) identification of health and safety risks and how those risks will be addressed,
including personal risk management strategies;
(4) referral information; and
(5) informal caregiver supports, if applicable.

For a person determined eligible for state plan home care under subdivision 1a,
paragraph (b), clause (1), the person or person's representative must also receive a copy of
the home care service plan developed by the certified assessor.

(f) A person may request assistance in identifying community supports without
participating in a complete assessment. Upon a request for assistance identifying
community support, the person must be transferred or referred to long-term care options
counseling services available under sections 256.975, subdivision 7, and 256.01,
subdivision 24, for telephone assistance and follow up.

(g) The person has the right to make the final decision between institutional
placement and community placement after the recommendations have been provided,
except as provided in section 256.975, subdivision 4a, paragraph (e), 7a, paragraph (d).

(h) The lead agency must give the person receiving assessment or support planning,
or the person's legal representative, materials, and forms supplied by the commissioner
containing the following information:

(1) written recommendations for community-based services and consumer-directed
options;
(2) documentation that the most cost-effective alternatives available were offered to
the individual. For purposes of this clause, "cost-effective" means community services and
living arrangements that cost the same as or less than institutional care. For an individual
found to meet eligibility criteria for home and community-based service programs under
section 256B.0915 or 256B.49, "cost-effectiveness" has the meaning found in the federally
approved waiver plan for each program;

(3) the need for and purpose of preadmission screening conducted by long-term care
options counselors according to section 256.975, subdivisions 7a to 7c, if the person selects
nursing facility placement. If the individual selects nursing facility placement, the lead
agency shall forward information needed to complete the level of care determinations and
screening for developmental disability and mental illness collected during the assessment to the long-term care options counselor using forms provided by the commissioner;

(6) the person's freedom to accept or reject the recommendations of the team;

(7) the person's right to confidentiality under the Minnesota Government Data Practices Act, chapter 13;

(8) the certified assessor's decision regarding the person's need for institutional level of care as determined under criteria established in section 256B.0911, subdivision 4a, paragraph (d) 4e, and the certified assessor's decision regarding eligibility for all services and programs as defined in subdivision 1a, paragraphs (a), clause (7), and (b); and

(9) the person's right to appeal the certified assessor's decision regarding eligibility for all services and programs as defined in subdivision 1a, paragraphs (a), clause (7), and (b), and incorporating the decision regarding the need for institutional level of care or the lead agency's final decisions regarding public programs eligibility according to section 256.045, subdivision 3.

(i) Face-to-face assessment completed as part of eligibility determination for the alternative care, elderly waiver, community alternatives for disabled individuals, community alternative care, and brain injury waiver programs under sections 256B.0913, 256B.0915, and 256B.49 is valid to establish service eligibility for no more than 60 calendar days after the date of assessment.

(j) The effective eligibility start date for programs in paragraph (i) can never be prior to the date of assessment. If an assessment was completed more than 60 days before the effective waiver or alternative care program eligibility start date, assessment and support plan information must be updated in a face-to-face visit and documented in the department's Medicaid Management Information System (MMIS). Notwithstanding retroactive medical assistance coverage of state plan services, the effective date of eligibility for programs included in paragraph (i) cannot be prior to the date the most recent updated assessment is completed.

Sec. 20. Minnesota Statutes 2012, section 256B.0911, subdivision 4d, is amended to read:
Subd. 4d. **Preadmission screening of individuals under 65 years of age.** (a)

(b) Individuals under 65 years of age who are admitted to a Medicaid-certified nursing facility from a hospital must be screened prior to admission as outlined in subdivisions 4a through 4e according to the requirements outlined in section 256.975, subdivisions 7a to 7c. This shall be provided by the Senior LinkAge Line as required under section 256.975, subdivision 7.

(c) Individuals under 65 years of age who are admitted to nursing facilities with only a telephone screening must receive a face-to-face assessment from the long-term care consultation team member of the county in which the facility is located or from the recipient's county case manager within 40 calendar days of admission.

(h) (g) At the face-to-face assessment, the long-term care consultation team member or the case manager must present information about home and community-based options, including consumer-directed options, so the individual can make informed choices. 71.4 not desired. In this case, the individual must receive a face-to-face assessment at least
71.5 once every 36 months for the same purposes.
71.6 (i) Notwithstanding the provisions of subdivision 6, the commissioner may pay
71.7 county agencies directly for face-to-face assessments for individuals under 65 years of age
71.8 who are being considered for placement or residing in a nursing facility.

71.32 (b) The total payment for each county must be paid monthly by certified nursing
71.33 facilities in the county. The monthly amount to be paid by each nursing facility for each
71.34 fiscal year must be determined by dividing the county's annual allocation for long-term
care consultation services by 12 to determine the monthly payment and allocating the

Minnesota health care programs. No individual or family member shall be charged for an
initial assessment or initial support plan development provided under subdivision 3a or 3b.

(i) (i) The commissioner shall develop an alternative payment methodology effective on October 1, 2013, for long-term care consultation services that includes

(b) The nursing facility must not bill a person who is not a medical assistance recipient for resident days that preceded the date of completion of screening activities as required under section 256.975, subdivisions 4a, 4b, and 4e 7a to 7c. The nursing facility must include unreimbursed resident days in the nursing facility resident day totals reported to the commissioner.

Sec. 24. Minnesota Statutes 2012, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. **Eligibility for funding for services for nonmedical assistance recipients.**

(a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been determined by a community assessment under section 256B.0911 to be a person who would require the level of care provided in a nursing facility, as determined under section 256B.0911, subdivision 4a, paragraph (d) 4e, but for the provision of services under the alternative care program;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 135 days of admission to a nursing facility;
(4) the person is not ineligible for the payment of long-term care services by the medical assistance program due to an asset transfer penalty under section 256B.0595 or equity interest in the home exceeding $500,000 as stated in section 256B.056;

(5) the person needs long-term care services that are not funded through other state or federal funding, or other health insurance or other third-party insurance such as long-term care insurance;

(6) except for individuals described in clause (7), the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the monthly limit described under section 256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased under this section exceed the difference between the client's monthly service limit defined under section 256B.0915, subdivision 3, and the alternative care program monthly service limit defined in this paragraph. If care-related supplies and equipment or environmental modifications and adaptations are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's other alternative care services exceeds the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit described in this paragraph;

(7) for individuals assigned a case mix classification A as described under section 256B.0915, subdivision 3a, paragraph (a), with (i) no dependencies in activities of daily living, or (ii) up to two dependencies in bathing, dressing, grooming, walking, and eating when the dependency score in eating is three or greater as determined by an assessment performed under section 256B.0911, the monthly cost of alternative care services funded by the program cannot exceed $593 per month for all new participants enrolled in the program on or after July 1, 2011. This monthly limit shall be applied to all other participants who meet this criteria at reassessment. This monthly limit shall be increased annually as described in section 256B.0915, subdivision 3a, paragraph (a). This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased exceed the difference between the client's monthly service limit defined in this clause and the limit described in clause (6) for case mix classification A; and

(8) the person is making timely payments of the assessed monthly fee.

A person is ineligible if payment of the fee is over 60 days past due, unless the person agrees to:
(i) the appointment of a representative payee;
(ii) automatic payment from a financial account;
(iii) the establishment of greater family involvement in the financial management of payments; or
(iv) another method acceptable to the lead agency to ensure prompt fee payments.

The lead agency may extend the client's eligibility as necessary while making arrangements to facilitate payment of past-due amounts and future premium payments.

Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be reinstated for a period of 30 days.

(b) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown or waiver obligation. A person whose initial application for medical assistance and the elderly waiver program is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, medical assistance must be billed for services payable under the federally approved elderly waiver plan and delivered from the date the individual was found eligible for the federally approved elderly waiver plan. Notwithstanding this provision, alternative care funds may not be used to pay for any service the cost of which: (i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation; or (iii) is used to pay a medical assistance income spenddown for a person who is eligible to participate in the federally approved elderly waiver program under the special income standard provision.

(c) Alternative care funding is not available for a person who resides in a licensed nursing home, certified boarding care home, hospital, or intermediate care facility, except for case management services which are provided in support of the discharge planning process for a nursing home resident or certified boarding care home resident to assist with a relocation process to a community-based setting.

(d) Alternative care funding is not available for a person whose income is greater than the maintenance needs allowance under section 256B.0915, subdivision 1d, but equal to or less than 120 percent of the federal poverty guideline effective July 1 in the fiscal year for which alternative care eligibility is determined, who would be eligible for the elderly waiver with a waiver obligation.

Sec. 25. Minnesota Statutes 2012, section 256B.0915, subdivision 5, is amended to read:

Subd. 5. **Assessments and reassessments for waiver clients.** (a) Each client shall receive an initial assessment of strengths, informal supports, and need for services in accordance with section 256B.0911, subdivisions 3, 3a, and 3b. A reassessment of a
76.1 client served under the elderly waiver must be conducted at least every 12 months and at
76.2 other times when the case manager determines that there has been significant change in
76.3 the client's functioning. This may include instances where the client is discharged from
76.4 the hospital. There must be a determination that the client requires nursing facility level
76.5 of care as defined in section 256B.0911, subdivision 4a, paragraph (d) 4e, at initial and
76.6 subsequent assessments to initiate and maintain participation in the waiver program.
76.7 (b) Regardless of other assessments identified in section 144.0724, subdivision
76.8 4, as appropriate to determine nursing facility level of care for purposes of medical
76.9 assistance payment for nursing facility services, only face-to-face assessments conducted
76.10 according to section 256B.0911, subdivisions 3a and 3b, that result in a nursing facility
76.11 level of care determination will be accepted for purposes of initial and ongoing access to
76.12 waiver service payment.

76.13 Sec. 26. Minnesota Statutes 2012, section 256B.0917, is amended by adding a
76.14 subdivision to read:

EFFECTIVE DATE. This section is effective February 3, 2014.

Sec. 3. Minnesota Statutes 2012, section 119B.025, subdivision 1, is amended to read:

(b) If a family did not use the universal application or child care addendum to apply for child care assistance, the family must complete the universal application or child care addendum at its next eligibility redetermination and the county must verify the factors listed in paragraph (a) as part of that redetermination. Once a family has completed a universal application or child care addendum, the county shall use the redetermination form described in paragraph (c) for that family's subsequent redeterminations. Eligibility must be redetermined at least every six months. A family is considered to have met the eligibility redetermination requirement if a complete redetermination form and all required verifications are received within 30 days after the date the form was due. This includes student parents as defined under section 119B.011, subdivision 19b. Within this priority, the following subpriorities must be used:

Sec. 6. Minnesota Statutes 2012, section 119B.13, subdivision 1, is amended to read:

Subdivision 1. **Subsidy restrictions.** (a) Beginning October 31, 2014 February 3, 2014, the maximum rate paid for child care assistance in any county or multicounty region, county price cluster under the child care fund shall be the rate for like-care arrangements in the county effective July 1, 2006, decreased by 2.5 percent greater of the 25th percentile of the 2011 child care provider rate survey or the maximum rate effective November 28, 2011.

The commissioner may: (1) assign a county with no reported provider prices to a similar price cluster; and (2) consider county level access when determining final price clusters.

(b) Biennially, beginning in 2012, the commissioner shall survey rates charged by child care providers in Minnesota to determine the 75th percentile for like care arrangements in counties. When the commissioner determines that, using the commissioner's established protocol, the number of providers responding to the survey is too small to determine the 75th percentile rate for like care arrangements in a county or multicounty region, the commissioner may establish the 75th percentile maximum rate based on like care arrangements in a county, region, or category that the commissioner deems to be similar.

(e) (b) A rate which includes a special needs rate paid under subdivision 3 or under a school readiness service agreement paid under section 119B.231, may be in excess of the maximum rate allowed under this subdivision.

(d) (c) The department shall monitor the effect of this paragraph on provider rates.

The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care on an hourly, full-day, and weekly basis, including special needs and disability care. The maximum payment to a provider for one day of care must not exceed the daily rate. The maximum payment to a provider for one week of care must not exceed the weekly rate.

(e) (d) Child care providers receiving reimbursement under this chapter must not be paid activity fees or an additional amount above the maximum rates for care provided during nonstandard hours for families receiving assistance.

(f) (e) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family co-payment fee.
(f) All maximum provider rates changes shall be implemented on the Monday following the effective date of the maximum provider rate.

(g) Notwithstanding Minnesota Rules, part 3400.0130, subpart 7, maximum registration fees in effect on January 1, 2013, shall remain in effect.

Sec. 7. Minnesota Statutes 2012, section 119B.13, subdivision 1a, is amended to read:

Subd. 1a. Legal nonlicensed family child care provider rates. (a) Legal nonlicensed family child care providers receiving reimbursement under this chapter must be paid on an hourly basis for care provided to families receiving assistance.

(b) The maximum rate paid to legal nonlicensed family child care providers must be 68 percent of the county maximum hourly rate for licensed family child care providers. In counties or county price clusters where the maximum hourly rate for licensed family child care providers is higher than the maximum weekly rate for those providers divided by 50, the maximum hourly rate that may be paid to legal nonlicensed family child care providers is the rate equal to the maximum weekly rate for licensed family child care providers divided by 50 and then multiplied by 0.68. The maximum payment to a provider for one day of care must not exceed the maximum hourly rate times ten. The maximum payment to a provider for one week of care must not exceed the maximum hourly rate times 50.

(c) A rate which includes a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision.

Sec. 8. Minnesota Statutes 2012, section 119B.13, subdivision 3a, is amended to read:

Subd. 3a. Provider rate differential for accreditation. A family child care provider or child care center shall be paid a 15 percent differential above the maximum rate established in subdivision 1, up to the actual provider rate, if the provider or center holds a current early childhood development credential or is accredited. For a family child care provider, early childhood development credential and accreditation includes an individual who has earned a child development associate degree, a child development associate credential, a diploma in child development from a Minnesota state technical college, or a bachelor's or post baccalaureate degree in early childhood education from an accredited college or university, or who is accredited by the National Association for Family Child Care or the Competency Based Training and Assessment Program. For a child care center, accreditation includes accreditation that meets the following criteria:
the accrediting organization must demonstrate the use of standards that promote the
physical, social, emotional, and cognitive development of children. The accreditation
standards shall include, but are not limited to, positive interactions between adults and
children, age-appropriate learning activities, a system of tracking children's learning,
use of assessment to meet children's needs, specific qualifications for staff, a learning
environment that supports developmentally appropriate experiences for children, health
and safety requirements, and family engagement strategies. The commissioner of human
services, in conjunction with the commissioners of education and health, will develop an
application and approval process based on the criteria in this section and any additional
criteria. The process developed by the commissioner of human services must address
periodic reassessment of approved accreditations. The commissioner of human services
must report the criteria developed, the application, approval, and reassessment processes,
and any additional recommendations by February 15, 2013, to the chairs and ranking
minority members of the legislative committees having jurisdiction over early childhood
issues. Based on an application process developed by the commissioner in conjunction
with the commissioners of education and health, the Department of Human Services must
accept applications from accrediting organizations beginning on July 1, 2013, and on an
annual basis thereafter. The provider rate differential shall be paid to centers holding an
accreditation from an approved accrediting organization beginning on a billing cycle to be
determined by the commissioner, no later than the last Monday in February of a calendar
year. The commissioner shall annually publish a list of approved accrediting organizations.
An approved accreditation must be reassessed by the commissioner every two years. If an
approved accrediting organization is determined to no longer meet the approval criteria, the
organization and centers being paid the differential under that accreditation must be given
a 90-day notice by the commissioner and the differential payment must end after a 15-day
notice to affected families and centers as directed in Minnesota Rules, part 3400.0185.

EFFECTIVE DATE. This section is effective August 4, 2014.

Sec. 11. Minnesota Statutes 2012, section 119B.13, subdivision 6, is amended to read:

Subd. 6. Provider payments. (a) The provider shall bill for services provided within ten days of the end of the service period. If bills are submitted within ten days of the end of the service period, payments under the child care fund shall be made within 30 days of receiving a bill from the provider. Counties or the state may establish policies that make payments on a more frequent basis.

(b) If a provider has received an authorization of care and been issued a billing form for an eligible family, the bill must be submitted within 60 days of the last date of service on the bill. A bill submitted more than 60 days after the last date of service must be paid if the county determines that the provider has shown good cause why the bill was not submitted within 60 days. Good cause must be defined in the county's child care fund plan under section 119B.08, subdivision 3, and the definition of good cause must include county error. Any bill submitted more than a year after the last date of service on the bill must not be paid.

(c) If a provider provided care for a time period without receiving an authorization of care and a billing form for an eligible family, payment of child care assistance may only
be made retroactively for a maximum of six months from the date the provider is issued an authorization of care and billing form.

(d) A county may refuse to issue a child care authorization to a licensed or legal nonlicensed provider, revoke an existing child care authorization to a licensed or legal nonlicensed provider, stop payment issued to a licensed or legal nonlicensed provider, or refuse to pay a bill submitted by a licensed or legal nonlicensed provider if:

(1) the provider admits to intentionally giving the county materially false information on the provider's billing forms;

(2) a county finds by a preponderance of the evidence that the provider intentionally gave the county materially false information on the provider's billing forms;

(3) the provider is in violation of child care assistance program rules, until the agency determines those violations have been corrected;

(4) the provider is operating after receipt of an order of suspension or an order of revocation of the provider's license, or the provider has been issued an order citing violations of licensing standards that affect the health and safety of children in care due to the nature, chronicity, or severity of the licensing violations, until the licensing agency determines those violations have been corrected;

(5) the provider submits false attendance reports or refuses to provide documentation of the child's attendance upon request; or

(6) the provider gives false child care price information.

The county may withhold the provider's authorization or payment for a period of time not to exceed three months beyond the time the condition has been corrected.

(e) A county's payment policies must be included in the county's child care plan under section 119B.08, subdivision 3. If payments are made by the state, in addition to being in compliance with this subdivision, the payments must be made in compliance with section 16A.124.

Sec. 12. Minnesota Statutes 2012, section 119B.13, subdivision 7, is amended to read:

Subd. 7. Absent days. (a) Licensed child care providers and license-exempt centers must not be reimbursed for more than ten full-day absent days per child, excluding holidays, in a fiscal year, or for more than ten consecutive full-day absent days. Legal nonlicensed family child care providers must not be reimbursed for absent days. If a child attends for part of the time authorized to be in care in a day, but is absent for part of the time authorized to be in care in that same day, the absent time must be reimbursed but the time must not count toward the ten absent days limit. Child care providers must
only be reimbursed for absent days if the provider has a written policy for child absences
and charges all other families in care for similar absences.

(b) Notwithstanding paragraph (a), children with documented medical conditions
that cause more frequent absences may exceed the 25 absent days limit, or ten consecutive
full-day absent days limit. Absences due to a documented medical condition of a parent
or sibling who lives in the same residence as the child receiving child care assistance
do not count against the absent days limit in a fiscal year. Documentation of medical
conditions must be on the forms and submitted according to the timelines established by
the commissioner. A public health nurse or school nurse may verify the illness in lieu of
a medical practitioner. If a provider sends a child home early due to a medical reason,
including, but not limited to, fever or contagious illness, the child care center director or
lead teacher may verify the illness in lieu of a medical practitioner.

(b) (c) Notwithstanding paragraph (a), children in families may exceed the ten absent
days limit if at least one parent: (1) is under the age of 21; (2) does not have a high school
or general equivalency diploma; and (3) is a student in a school district or another similar
program that provides or arranges for child care, parenting support, social services, career
and employment supports, and academic support to achieve high school graduation, upon
request of the program and approval of the county. If a child attends part of an authorized
day, payment to the provider must be for the full amount of care authorized for that day.

(e) (d) Child care providers must be reimbursed for up to ten federal or state holidays
or designated holidays per year when the provider charges all families for these days and the
holiday or designated holiday falls on a day when the child is authorized to be in attendance.
Parents may substitute other cultural or religious holidays for the ten recognized state and
federal holidays. Holidays do not count toward the ten absent day days limit.

(e) (e) A family or child care provider must not be assessed an overpayment for an
absent day payment unless (1) there was an error in the amount of care authorized for the
family, (2) all of the allowed full-day absent payments for the child have been paid, or (3)
the family or provider did not timely report a change as required under law.

(e) (f) The provider and family shall receive notification of the number of absent
days used upon initial provider authorization for a family and ongoing notification of the
number of absent days used as of the date of the notification.

(g) For purposes of this subdivision, "absent days limit" means 25 full-day absent
days per child, excluding holidays, in a fiscal year; and ten consecutive full-day absent days.

**EFFECTIVE DATE.** This section is effective February 1, 2014.

Sec. 13. Minnesota Statutes 2012, section 245A.07, subdivision 2a, is amended to read:
Subd. 2a. **Immediate suspension expedited hearing.** (a) Within five working days of receipt of the license holder's timely appeal, the commissioner shall request assignment of an administrative law judge. The request must include a proposed date, time, and place of a hearing. A hearing must be conducted by an administrative law judge within 30 calendar days of the request for assignment, unless an extension is requested by either party and granted by the administrative law judge for good cause. The commissioner shall issue a notice of hearing by certified mail or personal service at least ten working days before the hearing. The scope of the hearing shall be limited solely to the issue of whether the temporary immediate suspension should remain in effect pending the commissioner's final order under section 245A.08, regarding a licensing sanction issued under subdivision 3 following the immediate suspension. The burden of proof in expedited hearings under this subdivision shall be limited to the commissioner's demonstration that reasonable cause exists to believe that the license holder's actions or failure to comply with applicable law or rule poses, or if the actions of other individuals or conditions in the program poses an imminent risk of harm to the health, safety, or rights of persons served by the program. "Reasonable cause" means there exist specific articulable facts or circumstances which provide the commissioner with a reasonable suspicion that there is an imminent risk of harm to the health, safety, or rights of persons served by the program. When the commissioner has determined there is reasonable cause to order the temporary immediate suspension of a license based on a violation of safe sleep requirements, as defined in section 245A.1435, the commissioner is not required to demonstrate that an infant died or was injured as a result of the safe sleep violations.

(b) The administrative law judge shall issue findings of fact, conclusions, and a recommendation within ten working days from the date of hearing. The parties shall have ten calendar days to submit exceptions to the administrative law judge's report. The record shall close at the end of the ten-day period for submission of exceptions. The commissioner's final order shall be issued within ten working days from the close of the record. Within 90 calendar days after a final order affirming an immediate suspension, the commissioner shall make a determination regarding whether a final licensing sanction shall be issued under subdivision 3. The license holder shall continue to be prohibited from operation of the program during this 90-day period.

(c) When the final order under paragraph (b) affirms an immediate suspension, and a final licensing sanction is issued under subdivision 3 and the license holder appeals that sanction, the license holder continues to be prohibited from operation of the program pending a final commissioner's order under section 245A.08, subdivision 5, regarding the final licensing sanction.
Sec. 14. Minnesota Statutes 2012, section 245A.1435, is amended to read:

245A.1435 REDUCTION OF RISK OF SUDDEN UNEXPECTED INFANT DEATH SYNDROME IN LICENSED PROGRAMS.

(a) When a license holder is placing an infant to sleep, the license holder must place the infant on the infant's back, unless the license holder has documentation from the infant's parent physician directing an alternative sleeping position for the infant. The parent physician directive must be on a form approved by the commissioner and must include a statement that the parent or legal guardian has read the information provided by the Minnesota Sudden Infant Death Center, related to the risk of SIDS and the importance of placing an infant or child on its back to sleep to reduce the risk of SIDS remain on file at the licensed location. An infant who independently rolls onto its stomach after being placed to sleep on its back may be allowed to remain sleeping on its stomach if the infant is at least six months of age or the license holder has a signed statement from the parent indicating that the infant regularly rolls over at home.

(b) The license holder must place the infant in a crib directly on a firm mattress with a fitted crib sheet that fits tightly on the mattress and overlaps the mattress so it cannot be dislodged by pulling on the corner of the sheet. The license holder must not place pillows, quilts, comforters, sheepskin, pillow-like stuffed toys, or other soft products in the crib with the infant. The license holder must place the infant in a crib directly on a firm mattress with a fitted sheet that is appropriate to the mattress size, that fits tightly on the mattress, and overlaps the underside of the mattress so it cannot be dislodged by pulling on the corner of the sheet with reasonable effort. The requirements of this section apply to license holders serving infants up to and including 12 months younger than one year of age. Licensed child care providers must meet the crib requirements under section 245A.146.

(c) If an infant falls asleep before being placed in a crib, the license holder must move the infant to a crib as soon as practicable, and must keep the infant within sight of the license holder until the infant is placed in a crib. When an infant falls asleep while being held, the license holder must consider the supervision needs of other children in care when determining how long to hold the infant before placing the infant in a crib to sleep. The sleeping infant must not be in a position where the airway may be blocked or with anything covering the infant's face.

(d) Placing a swaddled infant down to sleep in a licensed setting is not recommended for an infant of any age and is prohibited for any infant who has begun to roll over independently. However, with the written consent of a parent or guardian according to this
paragraph, a license holder may place the infant who has not yet begun to roll over on its own down to sleep in a one-piece sleeper equipped with an attached system that fastens securely only across the upper torso, with no constriction of the hips or legs, to create a swaddle. Prior to any use of swaddling for sleep by a provider licensed under this chapter, the license holder must obtain informed written consent for the use of swaddling from the parent or guardian of the infant on a form provided by the commissioner and prepared in partnership with the Minnesota Sudden Infant Death Center.

Subd. 7. Training requirements for family and group family child care. For
purposes of family and group family child care, the license holder and each primary
caregiver must complete eight 16 hours of ongoing training each year. For purposes
of this subdivision, a primary caregiver is an adult caregiver who provides services in
the licensed setting for more than 30 days in any 12-month period. Repeat of topical
training requirements in subdivisions 2 to 8 shall count toward the annual 16-hour training
requirement. Additional ongoing training subjects to meet the annual 16-hour training
requirement must be selected from the following areas:
(1) Child growth and development training has the meaning given in
subdivision 2, paragraph (a);
(2) Learning environment and curriculum includes training in
establishing an environment and providing activities that provide learning experiences to
meet each child's needs, capabilities, and interests;
(3) Assessment and planning for individual needs includes training in
observing and assessing what children know and can do in order to provide curriculum
and instruction that addresses their developmental and learning needs, including children
with special needs and bilingual children or children for whom English is not their
primary language;
(4) Interactions with children includes training in establishing
supportive relationships with children, guiding them as individuals and as part of a group;
(5) families and communities includes training in working collaboratively with families and agencies or organizations to meet children's needs and to encourage the community's involvement;

(6) health, safety, and nutrition includes training in establishing and maintaining an environment that ensures children's health, safety, and nourishment, including child abuse, maltreatment, prevention, and reporting; home and fire safety; child injury prevention; communicable disease prevention and control; first aid; and CPR; and

(7) program planning and evaluation includes training in establishing, implementing, evaluating, and enhancing program operations; and

(8) behavior guidance, including training in the understanding of the functions of child behavior and strategies for managing behavior.

Subd. 8. Other required training requirements. (a) The training required of family and group family child care providers and staff must include training in the cultural dynamics of early childhood development and child care. The cultural dynamics and disabilities training and skills development of child care providers must be designed to achieve outcomes for providers of child care that include, but are not limited to:

(1) an understanding and support of the importance of culture and differences in ability in children's identity development;

(2) understanding the importance of awareness of cultural differences and similarities in working with children and their families;

(3) understanding and support of the needs of families and children with differences in ability;

(4) developing skills to help children develop unbiased attitudes about cultural differences and differences in ability;

(5) developing skills in culturally appropriate caregiving; and

(6) developing skills in appropriate caregiving for children of different abilities.

The commissioner shall approve the curriculum for cultural dynamics and disability training.

(b) The provider must meet the training requirement in section 245A.14, subdivision 11, paragraph (a), clause (4), to be eligible to allow a child cared for at the family child care or group family child care home to use the swimming pool located at the home.

Subd. 9. Supervising for safety; training requirement. Effective July 1, 2014, all family child care license holders and each adult caregiver who provides care in the licensed family child care home for more than 30 days in any 12-month period shall complete and document at least six hours of approved training on supervising for safety prior to initial licensure, and before caring for children. At least two hours of training
on supervising for safety must be repeated annually. For purposes of this subdivision,
"supervising for safety" includes supervision basics, supervision outdoors, equipment and
materials, illness, injuries, and disaster preparedness. The commissioner shall develop
the supervising for safety curriculum by January 1, 2014.

Subd. 10. Approved training. County licensing staff must accept training approved
by the Minnesota Center for Professional Development, including:
(1) face-to-face or classroom training;
(2) online training; and
(3) relationship-based professional development, such as mentoring, coaching,
and consulting.

Subd. 11. Provider training. New and increased training requirements under this
section must not be imposed on providers until the commissioner establishes statewide
accessibility to the required provider training.

Sec. 22. Minnesota Statutes 2012, section 252.27, subdivision 2a, is amended to read:
Subd. 2a. Contribution amount. (a) The natural or adoptive parents of a minor
child, including a child determined eligible for medical assistance without consideration of
parental income, must contribute to the cost of services used by making monthly payments
on a sliding scale based on income, unless the child is married or has been married, parental
rights have been terminated, or the child's adoption is subsidized according to section
259.67 or through title IV-E of the Social Security Act. The parental contribution is a partial
or full payment for medical services provided for diagnostic, therapeutic, curing, treating,
mitigating, rehabilitation, maintenance, and personal care services as defined in United
States Code, title 26, section 213, needed by the child with a chronic illness or disability.
(b) For households with adjusted gross income equal to or greater than \(\text{}\text{100}\times 275\%
\text{percent of federal poverty guidelines, the parental contribution shall be computed by
applying the following schedule of rates to the adjusted gross income of the natural or
adoptive parents:}

(1) if the adjusted gross income is equal to or greater than 100 percent of federal
poverty guidelines and less than 175 percent of federal poverty guidelines, the parental
contribution is $4 per month;

(2) (1) if the adjusted gross income is equal to or greater than \(\text{}\text{175}\times 275\%
percent of federal poverty guidelines and less than or equal to 545 percent of federal poverty
guidelines, the parental contribution shall be determined using a sliding fee scale
established by the commissioner of human services which begins at \(\text{}\text{one}\times 2.76\% \text{of
adjusted gross income at}\text{\text{175}\times 275}\% \text{percent of federal poverty guidelines and increases to

Article 3 Sec. 22.
7.5 percent of adjusted gross income for those with adjusted gross income up to 545
percent of federal poverty guidelines;

(3) if the adjusted gross income is greater than 545 percent of federal poverty
guidelines and less than 675 percent of federal poverty guidelines, the parental
contribution shall be 7.5 percent of adjusted gross income;

(4) if the adjusted gross income is equal to or greater than 675 percent of federal
poverty guidelines and less than 975 percent of federal poverty guidelines, the parental
contribution shall be determined using a sliding fee scale established by the commissioner
of human services which begins at 7.5 percent of adjusted gross income at 675 percent of
federal poverty guidelines and increases to ten percent of adjusted gross income for those
with adjusted gross income up to 975 percent of federal poverty guidelines; and

(5) if the adjusted gross income is equal to or greater than 975 percent of federal
poverty guidelines, the parental contribution shall be 12.5 percent of adjusted gross income.

If the child lives with the parent, the annual adjusted gross income is reduced by
$2,400 prior to calculating the parental contribution. If the child resides in an institution
specified in section 256B.35, the parent is responsible for the personal needs allowance
specified under that section in addition to the parental contribution determined under this
section. The parental contribution is reduced by any amount required to be paid directly to
the child pursuant to a court order, but only if actually paid.

(c) The household size to be used in determining the amount of contribution under
paragraph (b) includes natural and adoptive parents and their dependents, including the
child receiving services. Adjustments in the contribution amount due to annual changes
in the federal poverty guidelines shall be implemented on the first day of July following
publication of the changes.

(d) For purposes of paragraph (b), "income" means the adjusted gross income of the
natural or adoptive parents determined according to the previous year's federal tax form,
effective retroactive to July 1, 2003, taxable capital gains to the extent the funds
have been used to purchase a home shall not be counted as income.

(e) The contribution shall be explained in writing to the parents at the time eligibility
for services is being determined. The contribution shall be made on a monthly basis
effective with the first month in which the child receives services. Annually upon
redetermination or at termination of eligibility, if the contribution exceeded the cost of
services provided, the local agency or the state shall reimburse that excess amount to
the parents, either by direct reimbursement if the parent is no longer required to pay a
contribution, or by a reduction in or waiver of parental fees until the excess amount is
exhausted. All reimbursements must include a notice that the amount reimbursed may be
taxable income if the parent paid for the parent's fees through an employer's health care
flexible spending account under the Internal Revenue Code, section 125, and that the
parent is responsible for paying the taxes owed on the amount reimbursed.

(f) The monthly contribution amount must be reviewed at least every 12 months;
when there is a change in household size; and when there is a loss of or gain in income
from one month to another in excess of ten percent. The local agency shall mail a written
notice 30 days in advance of the effective date of a change in the contribution amount.
A decrease in the contribution amount is effective in the month that the parent verifies a
reduction in income or change in household size.

(g) Parents of a minor child who do not live with each other shall each pay the
contribution required under paragraph (a). An amount equal to the annual court-ordered
child support payment actually paid on behalf of the child receiving services shall be
deducted from the adjusted gross income of the parent making the payment prior to
calculating the parental contribution under paragraph (b).

(h) The contribution under paragraph (b) shall be increased by an additional five
percent if the local agency determines that insurance coverage is available but not
obtained for the child. For purposes of this section, "available" means the insurance is a
benefit of employment for a family member at an annual cost of no more than five percent
of the family's annual income. For purposes of this section, "insurance" means health
and accident insurance coverage, enrollment in a nonprofit health service plan, health
maintenance organization, self-insured plan, or preferred provider organization.
Parents who have more than one child receiving services shall not be required
to pay more than the amount for the child with the highest expenditures. There shall
be no resource contribution from the parents. The parent shall not be required to pay
a contribution in excess of the cost of the services provided to the child, not counting
payments made to school districts for education-related services. Notice of an increase in
fee payment must be given at least 30 days before the increased fee is due.

(i) The contribution under paragraph (b) shall be reduced by $300 per fiscal year if,
in the 12 months prior to July 1:
(1) the parent applied for insurance for the child;
(2) the insurer denied insurance;
(3) the parents submitted a complaint or appeal, in writing to the insurer, submitted
a complaint or appeal, in writing, to the commissioner of health or the commissioner of
commerce, or litigated the complaint or appeal; and
(4) as a result of the dispute, the insurer reversed its decision and granted insurance.
For purposes of this section, "insurance" has the meaning given in paragraph (h).
A parent who has requested a reduction in the contribution amount under this paragraph shall submit proof in the form and manner prescribed by the commissioner or county agency, including, but not limited to, the insurer's denial of insurance, the written letter or complaint of the parents, court documents, and the written response of the insurer approving insurance. The determinations of the commissioner or county agency under this paragraph are not rules subject to chapter 14.

(i) Notwithstanding paragraph (b), for the period from July 1, 2010, to June 30, 2015, the parental contribution shall be computed by applying the following contribution schedule to the adjusted gross income of the natural or adoptive parents:

(1) if the adjusted gross income is equal to or greater than 100 percent of federal poverty guidelines and less than 175 percent of federal poverty guidelines, the parental contribution is $4 per month;

(2) if the adjusted gross income is equal to or greater than 175 percent of federal poverty guidelines and less than or equal to 525 percent of federal poverty guidelines; the parental contribution shall be determined using a sliding fee scale established by the commissioner of human services which begins at one percent of adjusted gross income at 175 percent of federal poverty guidelines and increases to eight percent of adjusted gross income for those with adjusted gross income up to 525 percent of federal poverty guidelines;

(3) if the adjusted gross income is greater than 525 percent of federal poverty guidelines and less than 675 percent of federal poverty guidelines, the parental contribution shall be 9.5 percent of adjusted gross income;

(4) if the adjusted gross income is equal to or greater than 675 percent of federal poverty guidelines and less than 900 percent of federal poverty guidelines, the parental contribution shall be determined using a sliding fee scale established by the commissioner of human services which begins at 9.5 percent of adjusted gross income at 675 percent of federal poverty guidelines and increases to 12 percent of adjusted gross income for those with adjusted gross income up to 900 percent of federal poverty guidelines; and

(5) if the adjusted gross income is equal to or greater than 900 percent of federal poverty guidelines, the parental contribution shall be 13.5 percent of adjusted gross income. If the child lives with the parent, the annual adjusted gross income is reduced by $2,400 prior to calculating the parental contribution. If the child resides in an institution specified in section 256B.35, the parent is responsible for the personal needs allowance specified under that section in addition to the parental contribution determined under this section. The parental contribution is reduced by any amount required to be paid directly to the child pursuant to a court order, but only if actually paid.
EFFECTIVE DATE. Paragraph (b) is effective January 1, 2014. Paragraph (j) is effective July 1, 2013.

Sec. 23. Minnesota Statutes 2012, section 256.98, subdivision 8, is amended to read:

Subd. 8. Disqualification from program. The period of program disqualification shall begin on the date stipulated on the advance notice of disqualification without possibility of postponement for administrative stay or administrative hearing and shall continue through completion unless and until the findings upon which the sanctions were imposed are reversed by a court of competent jurisdiction. The period for which sanctions are imposed is not subject to review. The sanctions provided under this subdivision are in addition to, and not in substitution for, any other sanctions that may be provided for by law for the offense involved. A disqualification established through hearing or waiver shall result in the disqualification period beginning immediately unless the person has become otherwise ineligible for assistance. If the person is ineligible for assistance, the disqualification period begins when the person again meets the eligibility criteria of the program from which they were disqualified and makes application for that program.

(b) A family receiving assistance through child care assistance programs under chapter 119B with a family member who is found to be guilty of wrongfully obtaining child care assistance by a federal court, state court, or an administrative hearing determination or waiver, through a disqualification consent agreement, as part of an approved diversion plan under section 401.065, or a court-ordered stay with probationary or other conditions,
is disqualified from child care assistance programs. The disqualifications must be for

second, and third offenses, respectively. Subsequent violations must result in permanent
disqualification. During the disqualification period, disqualification from any child care
program must extend to all child care programs and must be immediately applied.

(c) A provider caring for children receiving assistance through child care assistance
programs under chapter 119B is disqualified from receiving payment for child care
services from the child care assistance program under chapter 119B when the provider is
found to have wrongfully obtained child care assistance by a federal court, state court,
or an administrative hearing determination or waiver under section 256.046, through
a disqualification consent agreement, as part of an approved diversion plan under
section 401.065, or a court-ordered stay with probationary or other conditions. The
disqualification must be for a period of one year for the first offense and two years for
the second offense. Any subsequent violation must result in permanent disqualification.
The disqualification period must be imposed immediately after a determination is made
under this paragraph. During the disqualification period, the provider is disqualified from
receiving payment from any child care program under chapter 119B.

(d) Any person found to be guilty of wrongfully obtaining general assistance
medical care, MinnesotaCare for adults without children, and upon federal approval, all
categories of medical assistance and remaining categories of MinnesotaCare, except
for children through age 18, by a federal or state court or by an administrative hearing
determination, or waiver thereof, through a disqualification consent agreement, or as part
of any approved diversion plan under section 401.065, or any court-ordered stay which
carries with it any probationary or other conditions, is disqualified from that program. The
period of disqualification is one year after the first offense, two years after the second
offense, and permanently after the third or subsequent offense. The period of program
disqualification shall begin on the date stipulated on the advance notice of disqualification
without possibility of postponement for administrative stay or administrative hearing
and shall continue through completion unless and until the findings upon which the
sanctions were imposed are reversed by a court of competent jurisdiction. The period for
which sanctions are imposed is not subject to review. The sanctions provided under this
subdivision are in addition to, and not in substitution for, any other sanctions that may be
provided for by law for the offense involved.

Sec. 26. Minnesota Statutes 2012, section 256J.21, subdivision 3, is amended to read:

Subd. 3. Initial income test. The county agency shall determine initial eligibility
by considering all earned and unearned income that is not excluded under subdivision 2.
To be eligible for MFIP, the assistance unit's countable income minus the disregards in
paragraphs (a) and (b) must be below the transitional standard of assistance family wage
level according to section 256J.24 for that size assistance unit.

(a) The initial eligibility determination must disregard the following items:

(1) the employment disregard is 18 percent of the gross earned income whether or
not the member is working full time or part time;

(2) dependent care costs must be deducted from gross earned income for the actual
amount paid for dependent care up to a maximum of $200 per month for each child less
than two years of age, and $175 per month for each child two years of age and older under
this chapter and chapter 119B;

(3) all payments made according to a court order for spousal support or the support
of children not living in the assistance unit's household shall be disregarded from the
income of the person with the legal obligation to pay support, provided that, if there has
been a change in the financial circumstances of the person with the legal obligation to pay
support since the support order was entered, the person with the legal obligation to pay
support has petitioned for a modification of the support order; and

(4) an allocation for the unmet need of an ineligible spouse or an ineligible child
under the age of 21 for whom the caregiver is financially responsible and who lives with
the caregiver according to section 256J.36.

(b) Notwithstanding paragraph (a), when determining initial eligibility for applicant
units when at least one member has received MFIP in this state within four months of
the most recent application for MFIP, apply the disregard as defined in section 256J.08,
subdivision 24, for all unit members.

After initial eligibility is established, the assistance payment calculation is based on
the monthly income test.

**EFFECTIVE DATE.** This section is effective October 1, 2014, or upon approval
from the United States Department of Agriculture, whichever is later.

Sec. 27. Minnesota Statutes 2012, section 256J.24, subdivision 5, is amended to read:

Subd. 5. **MFIP transitional standard.** The MFIP transitional standard is based
on the number of persons in the assistance unit eligible for both food and cash assistance
unless the restrictions in subdivision 6 on the birth of a child apply. The amount of the
transitional standard is published annually by the Department of Human Services.

**EFFECTIVE DATE.** This section is effective January 1, 2015.

Sec. 28. Minnesota Statutes 2012, section 256J.24, subdivision 7, is amended to read:

Subd. 7. **Family wage level.** The family wage level is 110 percent of the transitional
standard under subdivision 5 or 6, when applicable, and is the standard used when there is
earned income in the assistance unit. As specified in section 256J.21. If there is earned
income in the assistance unit, earned income is subtracted from the family wage level to
determine the amount of the assistance payment, as specified in section 256J.21. The
assistance payment may not exceed the transitional standard under subdivision 5 or 6,
or the shared household standard under subdivision 9, whichever is applicable, for the
assistance unit.

**EFFECTIVE DATE.** This section is effective October 1, 2014, or upon approval
from the United States Department of Agriculture, whichever is later.

256J.35 AMOUNT OF ASSISTANCE PAYMENT.

Except as provided in paragraphs (a) to (e) (d), the amount of an assistance payment is equal to the difference between the MFIP standard of need or the Minnesota family wage level in section 256J.24 and countable income.

(a) Beginning July 1, 2015, MFIP assistance units are eligible for an MFIP housing assistance grant of $110 per month, unless:

(1) the housing assistance unit is currently receiving public and assisted rental subsidies provided through the Department of Housing and Urban Development (HUD) and is subject to section 256J.37, subdivision 3a; or

(2) the assistance unit is a child-only case under section 256J.88.

(b) When MFIP eligibility exists for the month of application, the amount of the assistance payment for the month of application must be prorated from the date of application or the date all other eligibility factors are met for that applicant, whichever is later. This provision applies when an applicant loses at least one day of MFIP eligibility.

(c) MFIP overpayments to an assistance unit must be recouped according to section 256J.38, subdivision 4.

518A.60 COLLECTION; ARREARS ONLY.

(a) Remedies available for the collection and enforcement of support in this chapter and chapters 256, 257, 518, and 518C also apply to cases in which the child or children for whom support is owed are emancipated and the obligor owes past support or has an accumulated arrearage as of the date of the youngest child's emancipation. Child support arrearages under this section include arrearages for child support, medical support, child care, pregnancy and birth expenses, and unreimbursed medical expenses as defined in section 518A.41, subdivision 1, paragraph (h).

(b) This section applies retroactively to any support arrearage that accrued on or before June 3, 1997, and to all arrearages accruing after June 3, 1997.

(c) Past support or pregnancy and confinement expenses ordered for which the obligor has specific court ordered terms for repayment may not be enforced using drivers' and occupational or professional license suspension, credit bureau reporting, and additional income withholding under section 518A.53, subdivision 10, paragraph (a), unless the obligor fails to comply with the terms of the court order for repayment.

(d) If an arrearage exists at the time a support order would otherwise terminate and section 518A.53, subdivision 10, paragraph (c), does not apply to this section, the arrearage shall be repaid in an amount equal to the current support order until all arrears have been paid in full, absent a court order to the contrary.

(e) If an arrearage exists according to a support order which fails to establish a monthly support obligation in a specific dollar amount, the public authority, if it provides child support services, or the obligee, may establish a payment agreement which shall equal what the obligor would pay for current support after application of section 518A.34, plus an additional 20 percent of the current support obligation, until all arrears have been paid in full. If the obligor fails to enter into or comply with a payment agreement, the public authority, if it provides child support services, or the obligee, may move the district court or child support magistrate, if section 484.702 applies, for an order establishing repayment terms.

(f) If there is no longer a current support order because all of the children of the order are emancipated, the public authority may discontinue child support services and close its case under title IV-D of the Social Security Act if:

(1) the arrearage is under $500; or

(2) the arrearage is considered unenforceable by the public authority because there have been no collections for three years, and all administrative and legal remedies have been attempted or are determined by the public authority to be ineffective because the
obligor is unable to pay, the obligor has no known income or assets, and there is no
reasonable prospect that the obligor will be able to pay in the foreseeable future.

(g) At least 60 calendar days before the discontinuation of services under paragraph

(f), the public authority must mail a written notice to the obligee and obligor at the

obligee's and obligor's last known addresses that the public authority intends to close the

child support enforcement case and explaining each party's rights. Seven calendar days

after the first notice is mailed, the public authority must mail a second notice under this

paragraph to the obligee.

(h) The case must be kept open if the obligee responds before case closure and

provides information that could reasonably lead to collection of arrears. If the case is

closed, the obligee may later request that the case be reopened by completing a new

application for services, if there is a change in circumstances that could reasonably lead to

the collection of arrears.

(b) New eligibility criteria may be added as mutually agreed upon by the commissioner and participating navigator programs.

Subd. 3. Program evaluation. The commissioner shall evaluate navigator pilot projects under this section and report the results of the evaluation to the chairs and ranking minority members of the legislative committees with jurisdiction over chemical health issues by January 15, 2014. Evaluation of the navigator pilot projects must be based on outcome evaluation criteria negotiated with the navigator pilot projects prior to implementation.

Subd. 4. Notice of navigator pilot project discontinuation. Each county's participation in the navigator pilot project may be discontinued for any reason by the county or the commissioner of human services after 30 days' written notice to the other party.

Any unspent funds held for the exiting county's pro rata share in the special revenue fund under the authority in subdivision 5, paragraph (d), shall be transferred to the consolidated chemical dependency treatment fund following discontinuation of the pilot project.

(d) To the extent that state fiscal year expenditures within a pilot project are less than the expected share of forecasted expenditures in the absence of the pilot projects, the commissioner shall deposit the unexpended funds in a separate account within the
consolidated chemical dependency treatment fund, and make these funds available for
expenditure by the pilot projects the following year. To the extent that treatment and
nontreatment pilot services expenditures within the pilot project exceed the amount
expected in the absence of the pilot projects, the pilot project county or counties are
responsible for the portion of nontreatment pilot services expenditures in excess of the
otherwise expected share of forecasted expenditures.

incompatible with the implementation of the navigator pilot project, except that any
chemical dependency treatment funded under this section must continue to be provided
by a licensed treatment provider.

(7) (e) The commissioner shall not approve or enter into any agreement related to
navigator pilot projects authorized under this section that puts current or future federal
funding at risk.

(f) The commissioner shall provide participating navigator pilot projects with
transactional data, reports, provider data, and other data generated by county activity to

an acceptable form to participating navigator pilot projects at least once every six months
or within a reasonable time following the commissioner's receipt of information from the
counties needed to comply with this paragraph.

Subd. 6. Duties of county board. The county board, or other county entity that
is approved to administer a navigator pilot project, shall:

(1) administer the navigator pilot project in a manner consistent with the objectives
described in subdivision 2 and the planning process in subdivision 5;

they would otherwise be eligible under section 254A.03, subdivision 3; and

(3) provide the commissioner with timely and pertinent information as negotiated in
agreements governing operation of the navigator pilot projects.

Subd. 7. Managed care. An individual who is eligible for the navigator pilot
program under subdivision 2a is excluded from mandatory enrollment in managed care
until these services are included in the health plan's benefit set.

Subd. 8. Authorization for continuation of navigator pilots. The navigator pilot
projects implemented pursuant to subdivision 1 are authorized to continue operation after
July 1, 2013, under existing agreements governing operation of the pilot projects.

(a) The commissioner, in coordination with representatives of the Minnesota Association of County Social Service Administrators and the Minnesota Inter-County Association, shall develop a process for identifying and selecting interested counties and providers for participation in the continuum of care pilot projects. There shall be three pilot projects; one representing the northern region, one for the metro region, and one for the southern region. The selection process of counties and providers must include consideration of population size, geographic distribution, cultural and racial demographics, and provider accessibility. The commissioner shall identify counties and providers that are selected for participation in the continuum of care pilot projects no later than September 30, 2013.

(b) The commissioner and entities participating in the continuum of care pilot projects shall enter into agreements governing the operation of the continuum of care pilot projects. The agreements shall identify pilot project outcomes and include timelines for implementation and beginning operation of the pilot projects.

(c) Entities that are currently participating in the navigator pilot project are eligible to participate in the continuum of care pilot project subsequent to or instead of participating in the navigator pilot project.

(d) The commissioner may waive administrative rule requirements that are incompatible with implementation of the continuum of care pilot projects.

(e) Notwithstanding section 254A.19, the commissioner may designate noncounty entities to complete chemical use assessments and placement authorizations required under section 254A.19 and Minnesota Rules, parts 9530.6600 to 9530.6655. Section 254A.19, subdivision 3, is applicable to the continuum of care pilot projects at the discretion of the commissioner.

(2) telehealth services, when appropriate to address barriers to services;
(3) services that assure integration with the mental health delivery system when appropriate;

(4) services that address the needs of diverse populations; and

(5) an assessment and access process that permits clients to present directly to a service provider for a substance use disorder assessment and authorization of services.

(b) Prior to implementation of the continuum of care pilot projects, a utilization review process must be developed and agreed to by the commissioner, participating counties, and providers. The utilization review process shall be described in the agreements governing operation of the continuum of care pilot projects.

Subd. 4. Notice of project discontinuation. Each entity's participation in the continuum of care pilot project may be discontinued for any reason by the county or the commissioner after 30 days' written notice to the entity.

Subd. 5. Duties of commissioner. (a) Notwithstanding any other provisions in this chapter, the commissioner may authorize chemical dependency treatment funds to pay for nontreatment services arranged by continuum of care pilot projects. Individuals who are currently accessing Rule 31 treatment services are eligible for concurrent participation in the continuum of care pilot projects.

(b) County expenditures for continuum of care pilot project services shall not be greater than their expected share of forecasted expenditures in the absence of the continuum of care pilot projects.

Subd. 6. Managed care. An individual who is eligible for the continuum of care pilot project is excluded from mandatory enrollment in managed care unless these services are included in the health plan's benefit set.

EFFECTIVE DATE. This section is effective August 1, 2013.

Subd. 2. Definitions. For purposes of this section, the following terms have the
meanings given them.

(a) "Adult rehabilitative mental health services" means mental health services
which are rehabilitative and enable the recipient to develop and enhance psychiatric
stability, social competencies, personal and emotional adjustment, and independent living,
parenting skills, and community skills, when these abilities are impaired by the symptoms
of mental illness. Adult rehabilitative mental health services are also appropriate when
provided to enable a recipient to retain stability and functioning, if the recipient would
be at risk of significant functional decompensation or more restrictive service settings
without these services.

(1) Adult rehabilitative mental health services instruct, assist, and support the
recipient in areas such as: interpersonal communication skills, community resource
utilization and integration skills, crisis assistance, relapse prevention skills, health care
directives, budgeting and shopping skills, healthy lifestyle skills and practices, cooking
and nutrition skills, transportation skills, medication education and monitoring, mental
illness symptom management skills, household management skills, employment-related
skills, parenting skills, and transition to community living services.

(2) These services shall be provided to the recipient on a one-to-one basis in the
recipient's home or another community setting or in groups.

(b) "Medication education services" means services provided individually or in
groups which focus on educating the recipient about mental illness and symptoms; the role
and effects of medications in treating symptoms of mental illness; and the side effects of
medications. Medication education is coordinated with medication management services
and does not duplicate it. Medication education services are provided by physicians,
pharmacists, physician's assistants, or registered nurses.

(c) "Transition to community living services" means services which maintain
continuity of contact between the rehabilitation services provider and the recipient and
which facilitate discharge from a hospital, residential treatment program under Minnesota
Rules, chapter 9505, board and lodging facility, or nursing home. Transition to community living services are not intended to provide other areas of adult rehabilitative mental health services.

The need for consultation and the receipt of the consultation must be documented in the patient record maintained by the primary care practitioner. If the patient consents, and subject to federal limitations and data privacy provisions, the consultation may be provided without the patient present.

Sec. 18. Minnesota Statutes 2012, section 256B.0625, subdivision 56, is amended to read:

Subd. 56. **Medical service coordination.** (a)(1) Medical assistance covers in-reach community-based service coordination that is performed through a hospital emergency department as an eligible procedure under a state healthcare program for a frequent user. A frequent user is defined as an individual who has frequented the hospital emergency department for services three or more times in the previous four consecutive months. In-reach community-based service coordination includes navigating services to address a client's mental health, chemical health, social, economic, and housing needs, or any other activity targeted at reducing the incidence of emergency room and other nonmedically necessary health care utilization.

(2) Medical assistance covers in-reach community-based service coordination that is performed through a hospital emergency department or inpatient psychiatric unit for a child or young adult up to age 21 with a serious emotional disturbance who has frequented the hospital emergency room two or more times in the previous consecutive three months or been admitted to an inpatient psychiatric unit two or more times in the previous consecutive four months, or is being discharged to a shelter.

(b) Reimbursement must be made in 15-minute increments and allowed for up to 60 days posthospital discharge based upon the specific identified emergency department visit or inpatient admitting event. In-reach community-based service coordination shall seek to connect frequent users with existing covered services available to them, including, but not
limited to, targeted case management, waiver case management, or care coordination in a health care home. For children and young adults with a serious emotional disturbance, in-reach community-based service coordination includes navigating and arranging for community-based services prior to discharge to address a client's mental health, chemical health, social, educational, family support and housing needs, or any other activity targeted at reducing multiple incidents of emergency room use, inpatient readmissions, and other nonmedically necessary health care utilization. In-reach services shall seek to connect them with existing covered services, including targeted case management, waiver case management, care coordination in a health care home, children's therapeutic services and supports, crisis services, and respite care. In-reach community-based service coordination includes working with the individual during their discharge and for up to a defined amount of time in the individual's living environment, reducing the individual's need for readmittance.

(2) Hospitals utilizing in-reach service coordinators shall report annually to the commissioner on the number of adults, children, and adolescents served; the postdischarge services which they accessed; and emergency department/psychiatric hospitalization readmissions. The commissioner shall ensure that services and payments provided under in-reach care coordination do not duplicate services or payments provided under section 256B.0753, 256B.0755, or 256B.0625, subdivision 20.

175.3 (4) refer the matter for review by a prosecutorial agency with appropriate jurisdiction
175.4 for possible civil action under the Minnesota False Claims Act, chapter 15C.
175.5 (c) In addition to section 256.98, the department may impose sanctions by:
175.6 (1) pursuing administrative disqualification through hearings or waivers;
175.7 (2) establishing and seeking monetary recovery or recoupment; or
175.8 (3) issuing an order of corrective action that states the practices that are violations of
175.9 child care assistance program policies, laws, or regulations, and that they must be corrected.
175.10 Subd. 6. Duty to provide access. (a) A provider, license holder, controlling
175.11 individual, employee, staff person, or recipient has an affirmative duty to provide access
175.12 upon request to information specified under subdivision 8 or the program facility.
175.13 (b) Failure to provide access may result in denial or termination of authorizations for
175.14 or payments to a recipient, provider, license holder, or controlling individual in the child
175.15 care assistance program.
175.16 (c) When a provider fails to provide access, a 15-day notice of denial or termination
175.17 must be issued to the provider, which prohibits the provider from participating in the child
175.18 care assistance program. Notice must be sent to recipients whose children are under the
175.19 provider's care pursuant to Minnesota Rules, part 3400.0185.
175.20 (d) If the provider continues to fail to provide access at the expiration of the 15-day
175.21 notice period, child care assistance program payments to the provider must be denied
175.22 beginning the 16th day following notice of the initial failure or refusal to provide access.
175.23 The department may rescind the denial based upon good cause if the provider submits in
175.24 writing a good cause basis for having failed or refused to provide access. The writing must
175.25 be postmarked no later than the 15th day following the provider's notice of initial failure
175.26 to provide access. Additionally, the provider, license holder, or controlling individual
175.27 must immediately provide complete, ongoing access to the department. Repeated failures
175.28 to provide access must, after the initial failure or for any subsequent failure, result in
175.29 termination from participation in the child care assistance program.
175.30 (e) The department, at its own expense, may photocopy or otherwise duplicate
175.31 records referenced in subdivision 8. Photocopying must be done on the provider's
175.32 premises on the day of the request or other mutually agreeable time, unless removal of
175.33 records is specifically permitted by the provider. If requested, a provider, license holder,
175.34 or controlling individual, or a designee, must assist the investigator in duplicating any
175.35 record, including a hard copy or electronically stored data, on the day of the request.
(f) A provider, license holder, controlling individual, employee, or staff person must
grant the department access during the department's normal business hours, and any hours
that the program is operated, to examine the provider's program or the records listed in
subdivision 8. A provider shall make records available at the provider's place of business
on the day for which access is requested, unless the provider and the department both agree
otherwise. The department's normal business hours are 8:00 a.m. to 5:00 p.m., Monday
to Friday, excluding state holidays as defined in section 645.44, subdivision 5.

Subd. 7. Honest and truthful statements. It shall be unlawful for a provider,
license holder, controlling individual, or recipient to:

(1) falsify, conceal, or cover up by any trick, scheme, or device a material fact;
(2) make any materially false, fictitious, or fraudulent statement or representation; or
(3) make or use any false writing or document knowing the same to contain any
materially false, fictitious, or fraudulent statement or entry related to any child care
assistance program services that the provider, license holder, or controlling individual
supplies or in relation to any child care assistance payments received by a provider, license
holder, or controlling individual or to any fraud investigator or law enforcement officer
conducting a financial misconduct investigation.

Subd. 8. Record retention. (a) The following records must be maintained,
controlled, and made immediately accessible to license holders, providers, and controlling
individuals. The records must be organized and labeled to correspond to categories that
make them easy to identify so that they can be made available immediately upon request
to an investigator acting on behalf of the commissioner at the provider's place of business:

(1) payroll ledgers, canceled checks, bank deposit slips, and any other accounting
records;
(2) daily attendance records required by and that comply with section 119B.125,
subdivision 6;
(3) billing transmittal forms requesting payments from the child care assistance
program and billing adjustments related to child care assistance program payments;
(4) records identifying all persons, corporations, partnerships, and entities with an
ownership or controlling interest in the provider's child care business;
(5) employee records identifying those persons currently employed by the provider's
child care business or who have been employed by the business at any time within the
previous five years. The records must include each employee's name, hourly and annual
salary, qualifications, position description, job title, and dates of employment. In addition,
employee records that must be made available include the employee's time sheets, current
home address of the employee or last known address of any former employee, and
documentation of background studies required under chapter 119B or 245C;

(6) records related to transportation of children in care, including but not limited to:

(i) the dates and times that transportation is provided to children for transportation to

and from the provider's business location for any purpose. For transportation related to

field trips or locations away from the provider's business location, the names and addresses

of those field trips and locations must also be provided;

(ii) the name, business address, phone number, and Web site address, if any, of the

transportation service utilized; and

(iii) all billing or transportation records related to the transportation.

(b) A provider, license holder, or controlling individual must retain all records in

paragraph (a) for at least six years after the last date of service. Microfilm or electronically

stored records satisfy the record keeping requirements of this subdivision.

(c) A provider, license holder, or controlling individual who withdraws or is

terminated from the child care assistance program must retain the records required under

this subdivision and make them available to the department on demand.

(d) If the ownership of a provider changes, the transferor, unless otherwise provided

by law or by written agreement with the transferee, is responsible for maintaining,
preserving, and upon request from the department, making available the records related to

the provider that were generated before the date of the transfer. Any written agreement

affecting this provision must be held in the possession of the transferor and transferee.
The written agreement must be provided to the department or county immediately upon

request, and the written agreement must be retained by the transferor and transferee for six

years after the agreement is fully executed.

(e) In the event of an appealed case, the provider must retain all records required in

this subdivision for the duration of the appeal or six years, whichever is longer.

(f) A provider's use of electronic record keeping or electronic signatures is governed

by chapter 325L.

Subd. 9. Factors regarding imposition of administrative sanctions. (a) The
department shall consider the following factors in determining the administrative sanctions
to be imposed:

(1) nature and extent of financial misconduct;

(2) history of financial misconduct;

(3) actions taken or recommended by other state agencies, other divisions of the
department, and court and administrative decisions;

(4) prior imposition of sanctions;
(5) size and type of provider;

(6) information obtained through an investigation from any source;

(7) convictions or pending criminal charges; and

(8) any other information relevant to the acts or omissions related to the financial misconduct.

(b) Any single factor under paragraph (a) may be determinative of the department's decision of whether and what sanctions are imposed.

Subd. 10. **Written notice of department sanction.** (a) The department shall give notice in writing to a person of an administrative sanction that is to be imposed. The notice shall be sent by mail as defined in subdivision 1, paragraph (k).

(b) The notice shall state:

(1) the factual basis for the department's determination;

(2) the sanction the department intends to take;

(3) the dollar amount of the monetary recovery or recoupment, if any;

(4) how the dollar amount was computed;

(5) the right to dispute the department's determination and to provide evidence;

(6) the right to appeal the department's proposed sanction; and

(7) the option to meet informally with department staff, and to bring additional documentation or information, to resolve the issues.

(c) In cases of determinations resulting in denial or termination of payments, in addition to the requirements of paragraph (b), the notice must state:

(1) the length of the denial or termination;

(2) the requirements and procedures for reinstatement; and

(3) the provider's right to submit documents and written arguments against the denial or termination of payments for review by the department before the effective date of denial or termination.

(d) The submission of documents and written argument for review by the department under paragraph (b), clause (5) or (7), or paragraph (c), clause (3), does not stay the deadline for filing an appeal.

(e) Unless timely appealed, the effective date of the proposed sanction shall be 30 days after the license holder's, provider's, controlling individual's, or recipient's receipt of the notice. If a timely appeal is made, the proposed sanction shall be delayed pending the final outcome of the appeal. Implementation of a proposed sanction following the resolution of a timely appeal may be postponed if, in the opinion of the department, the delay of sanction is necessary to protect the health or safety of children in care. The department may consider the economic hardship of a person in implementing the proposed
sanction, but economic hardship shall not be a determinative factor in implementing the
proposed sanction.

(f) Requests for an informal meeting to attempt to resolve issues and requests
for appeals must be sent or delivered to the department's Office of Inspector General,
Financial Fraud and Abuse Division.

Subd. 11. Appeal of department sanction under this section. (a) If the department
does not pursue a criminal action against a provider, license holder, controlling individual,
or recipient for financial misconduct, but the department imposes an administrative
sanction under subdivision 5, paragraph (c), any individual or entity against whom the
sanction was imposed may appeal the department's administrative sanction under this
section pursuant to section 119B.16 or 256.045 with the additional requirements in clauses
(1) to (4). An appeal must specify:

(1) each disputed item, the reason for the dispute, and an estimate of the dollar
amount involved for each disputed item, if appropriate;

(2) the computation that is believed to be correct, if appropriate;

(3) the authority in the statute or rule relied upon for each disputed item; and

(4) the name, address, and phone number of the person at the provider's place of
business with whom contact may be made regarding the appeal.

(b) An appeal is considered timely only if postmarked or received by the department's
Appeals Division within 30 days after receiving a notice of department sanction.

(c) Before the appeal hearing, the department may deny or terminate authorizations
or payment to the entity or individual if the department determines that the action is
necessary to protect the public welfare or the interests of the child care assistance program.

Subd. 12. Consolidated hearings with licensing sanction. If a financial
misconduct sanction has an appeal hearing right and it is timely appealed, and a licensing
sanction exists for which there is an appeal hearing right and the sanction is timely
appealed, and the overpayment recovery action and licensing sanction involve the same
set of facts, the overpayment recovery action and licensing sanction must be consolidated
in the contested case hearing related to the licensing sanction.

Subd. 13. Grounds for and methods of monetary recovery. (a) The department
may obtain monetary recovery from a provider who has been improperly paid by the
child care assistance program, regardless of whether the error was intentional or county
error. The department does not need to establish a pattern as a precondition of monetary
recovery of erroneous or false billing claims, duplicate billing claims, or billing claims
based on false statements or financial misconduct.
(b) The department shall obtain monetary recovery from providers by the following means:

(1) permitting voluntary repayment of money, either in lump-sum payment or installment payments;

(2) using any legal collection process;

(3) deducting or withholding program payments; or

(4) utilizing the means set forth in chapter 16D.

Subd. 14. Reporting of suspected fraudulent activity. (a) A person who, in good faith, makes a report of or testifies in any action or proceeding in which financial misconduct is alleged, and who is not involved in, has not participated in, or has not aided and abetted, conspired, or colluded in the financial misconduct, shall have immunity from any liability, civil or criminal, that results by reason of the person's report or testimony.

For the purpose of any proceeding, the good faith of any person reporting or testifying under this provision shall be presumed.

(b) If a person that is or has been involved in, participated in, aided and abetted, conspired, or colluded in the financial misconduct reports the financial misconduct, the department may consider that person's report and assistance in investigating the misconduct as a mitigating factor in the department's pursuit of civil, criminal, or administrative remedies.

Subd. 15. Data privacy. Data of any kind obtained or created in relation to a provider or recipient investigation under this section is defined, classified, and protected the same as all other data under section 13.46, and this data has the same classification as licensing data.

Subd. 16. Monetary recovery; random sample extrapolation. The department is authorized to calculate the amount of monetary recovery from a provider, license holder, or controlling individual based upon extrapolation from a statistical random sample of claims submitted by the provider, license holder, or controlling individual and paid by the child care assistance program. The department's random sample extrapolation shall constitute a rebuttable presumption of the accuracy of the calculation of monetary recovery. If the presumption is not rebutted by the provider, license holder, or controlling individual in the appeal process, the department shall use the extrapolation as the monetary recovery figure.

The department may use sampling and extrapolation to calculate the amount of monetary recovery if the claims to be reviewed represent services to 50 or more children in care.

Subd. 17. Effect of department's monetary penalty determination. Unless a timely and proper appeal is received by the department, the department's administrative determination or sanction shall be considered a final department determination.
Sec. 6. Minnesota Statutes 2012, section 256B.04, subdivision 21, is amended to read:

Subd. 21. Provider enrollment. (a) If the commissioner or the Centers for Medicare and Medicaid Services determines that a provider is designated "high-risk," the commissioner may withhold payment from providers within that category upon initial enrollment for a 90-day period. The withholding for each provider must begin on the date of the first submission of a claim.

(b) An enrolled provider that is also licensed by the commissioner under chapter 245A must designate an individual as the entity's compliance officer. The compliance officer must:

(1) develop policies and procedures to assure adherence to medical assistance laws and regulations and to prevent inappropriate claims submissions;

(2) train the employees of the provider entity, and any agents or subcontractors of the provider entity including billers, on the policies and procedures under clause (1);

(3) respond to allegations of improper conduct related to the provision or billing of medical assistance services, and implement action to remediate any resulting problems;

(4) use evaluation techniques to monitor compliance with medical assistance laws and regulations;

(5) promptly report to the commissioner any identified violations of medical assistance laws or regulations; and

(6) within 60 days of discovery by the provider of a medical assistance reimbursement overpayment, report the overpayment to the commissioner and make arrangements with the commissioner for the commissioner's recovery of the overpayment.

The commissioner may require, as a condition of enrollment in medical assistance, that a provider within a particular industry sector or category establish a compliance program that contains the core elements established by the Centers for Medicare and Medicaid Services.

(c) The commissioner may revoke the enrollment of an ordering or rendering provider for a period of not more than one year, if the provider fails to maintain and, upon request from the commissioner, provide access to documentation relating to written orders or requests for payment for durable medical equipment, certifications for home health services, or referrals for other items or services written or ordered by such provider, when the commissioner has identified a pattern of a lack of documentation. A pattern means a
failure to maintain documentation or provide access to documentation on more than one
occasion. Nothing in this paragraph limits the authority of the commissioner to sanction a
provider under the provisions of section 256B.064.

(d) The commissioner shall terminate or deny the enrollment of any individual or
entity if the individual or entity has been terminated from participation in Medicare or
under the Medicaid program or Children's Health Insurance Program of any other state.

(e) As a condition of enrollment in medical assistance, the commissioner shall
require that a provider designated "moderate" or "high-risk" by the Centers for Medicare
and Medicaid Services or the Minnesota Department of Human Services commissioner
permit the Centers for Medicare and Medicaid Services, its agents, or its designated
contractors and the state agency, its agents, or its designated contractors to conduct
unannounced on-site inspections of any provider location. The commissioner shall publish
in the Minnesota Health Care Program Provider Manual a list of provider types designated
"limited," "moderate," or "high-risk," based on the criteria and standards used to designate
Medicare providers in Code of Federal Regulations, title 42, section 424.518. The list and
criteria are not subject to the requirements of chapter 14. The commissioner's designations
are not subject to administrative appeal.

(f) As a condition of enrollment in medical assistance, the commissioner shall
require that a high-risk provider, or a person with a direct or indirect ownership interest in
the provider of five percent or higher, consent to criminal background checks, including
fingerprinting, when required to do so under state law or by a determination by the
commissioner or the Centers for Medicare and Medicaid Services that a provider is
designated high-risk for fraud, waste, or abuse.

(g)(1) Upon initial enrollment, reenrollment, and revalidation, all durable medical
equipment, prosthetics, orthotics, and supplies (DMEPOS) suppliers operating in
Minnesota and receiving Medicaid funds, must purchase a surety bond that is annually
renewed and designates the Minnesota Department of Human Services as the obligee, and
must be submitted in a form approved by the commissioner.

(2) At the time of initial enrollment or reenrollment, the provider agency must
purchase a performance bond of $50,000. If a revalidating provider's Medicaid revenue
in the previous calendar year is up to and including $300,000, the provider agency must
purchase a performance bond of $50,000. If a revalidating provider's Medicaid revenue
in the previous calendar year is over $300,000, the provider agency must purchase a
performance bond of $100,000. The performance bond must allow for recovery of costs
and fees in pursuing a claim on the bond.

Article 5 Sec. 6.
(h) The Department of Human Services may require a provider to purchase a performance surety bond as a condition of initial enrollment, reenrollment, reinstatement, or continued enrollment if: (1) the provider fails to demonstrate financial viability, (2) the department determines there is significant evidence of or potential for fraud and abuse by the provider, or (3) the provider or category of providers is designated high-risk pursuant to paragraph (a) and as per Code of Federal Regulations, title 42, section 455.450. The performance bond must be in an amount of $100,000 or ten percent of the provider's payments from Medicaid during the immediately preceding 12 months, whichever is greater. The performance bond must name the Department of Human Services as an obligee and must allow for recovery of costs and fees in pursuing a claim on the bond.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2012, section 256B.04, is amended by adding a subdivision to read:

Subd. 22. **Application fee.** (a) The commissioner must collect and retain federally required nonrefundable application fees to pay for provider screening activities in accordance with Code of Federal Regulations, title 42, section 455, subpart E. The enrollment application must be made under the procedures specified by the commissioner, in the form specified by the commissioner, and accompanied by an application fee described in paragraph (b), or a request for a hardship exception as described in the specified procedures. Application fees must be deposited in the provider screening account in the special revenue fund. Amounts in the provider screening account are appropriated to the commissioner for costs associated with the provider screening activities required in Code of Federal Regulations, title 42, section 455, subpart E. The commissioner shall conduct screening activities as required by Code of Federal Regulations, title 42, section 455, subpart E, and as otherwise provided by law, to include database checks, unannounced pre- and postenrollment site visits, fingerprinting, and criminal background studies. The commissioner must revalidate all providers under this subdivision at least once every five years.

(b) The application fee under this subdivision is $532 for the calendar year 2013.

For calendar year 2014 and subsequent years, the fee:

(1) is adjusted by the percentage change to the consumer price index for all urban consumers, United States city average, for the 12-month period ending with June of the previous year. The resulting fee must be announced in the Federal Register;

(2) is effective from January 1 to December 31 of a calendar year;
(3) is required on the submission of an initial application, an application to establish
a new practice location, an application for re-enrollment when the provider is not enrolled
at the time of application of re-enrollment, or at revalidation when required by federal
regulation; and

(4) must be in the amount in effect for the calendar year during which the application
for enrollment, new practice location, or re-enrollment is being submitted.

(c) The application fee under this subdivision cannot be charged to:

(1) providers who are enrolled in Medicare or who provide documentation of
payment of the fee to, and enrollment with, another state, unless the commissioner is
required to rescreen the provider;

(2) providers who are enrolled but are required to submit new applications for
purposes of reenrollment;

(3) a provider who enrolls as an individual; and

(4) group practices and clinics that bill on behalf of individually enrolled providers
within the practice who have reassigned their billing privileges to the group practice
or clinic.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2012, section 256B.064, subdivision 1a, is amended to read:

Subd. 1a. Grounds for sanctions against vendors. The commissioner may
impose sanctions against a vendor of medical care for any of the following: (1) fraud,
thief, or abuse in connection with the provision of medical care to recipients of public
assistance; (2) a pattern of presentment of false or duplicate claims or claims for services
not medically necessary; (3) a pattern of making false statements of material facts for
the purpose of obtaining greater compensation than that to which the vendor is legally
entitled; (4) suspension or termination as a Medicare vendor; (5) refusal to grant the state
agency access during regular business hours to examine all records necessary to disclose
the extent of services provided to program recipients and appropriateness of claims for
payment; (6) failure to repay an overpayment or a fine finally established under this
section; and (7) failure to correct errors in the maintenance of health service or financial
records for which a fine was imposed or after issuance of a warning by the commissioner;
and (8) any reason for which a vendor could be excluded from participation in the
Medicare program under section 1128, 1128A, or 1866(b)(2) of the Social Security Act.
The determination of services not medically necessary may be made by the commissioner
in consultation with a peer advisory task force appointed by the commissioner on the
recommendation of appropriate professional organizations. The task force expires as
provided in section 15.059, subdivision 5.

Sec. 9. Minnesota Statutes 2012, section 256B.064, subdivision 1b, is amended to read:

Subd. 1b. Sanctions available. The commissioner may impose the following
sanctions for the conduct described in subdivision 1a: suspension or withholding of
payments to a vendor and suspending or terminating participation in the program, or
imposition of a fine under subdivision 2, paragraph (f). When imposing sanctions under
this section, the commissioner shall consider the nature, chronicity, or severity of the
conduct and the effect of the conduct on the health and safety of persons served by the
vendor. Regardless of imposition of sanctions, the commissioner may make a referral
to the appropriate state licensing board.

Sec. 10. Minnesota Statutes 2012, section 256B.064, subdivision 2, is amended to read:

Subd. 2. Imposition of monetary recovery and sanctions. (a) The commissioner
shall determine any monetary amounts to be recovered and sanctions to be imposed upon
a vendor of medical care under this section. Except as provided in paragraphs (b) and
(d), neither a monetary recovery nor a sanction will be imposed by the commissioner
without prior notice and an opportunity for a hearing, according to chapter 14, on the
commissioner's proposed action, provided that the commissioner may suspend or reduce
payment to a vendor of medical care, except a nursing home or convalescent care facility,
after notice and prior to the hearing if in the commissioner's opinion that action is
necessary to protect the public welfare and the interests of the program.

(b) Except when the commissioner finds good cause not to suspend payments under
Code of Federal Regulations, title 42, section 455.23 (e) or (f), the commissioner shall
withhold or reduce payments to a vendor of medical care without providing advance
notice of such withholding or reduction if either of the following occurs:

(1) the vendor is convicted of a crime involving the conduct described in subdivision
1a; or

(2) the commissioner determines there is a credible allegation of fraud for which an
investigation is pending under the program. A credible allegation of fraud is an allegation
which has been verified by the state, from any source, including but not limited to:

(i) fraud hotline complaints;

(ii) claims data mining; and

(iii) patterns identified through provider audits, civil false claims cases, and law
enforcement investigations.
Allegations are considered to be credible when they have an indicia of reliability and the state agency has reviewed all allegations, facts, and evidence carefully and acts judiciously on a case-by-case basis.

(c) The commissioner must send notice of the withholding or reduction of payments under paragraph (b) within five days of taking such action unless requested in writing by a law enforcement agency to temporarily withhold the notice. The notice must:

(1) state that payments are being withheld according to paragraph (b);
(2) set forth the general allegations as to the nature of the withholding action, but need not disclose any specific information concerning an ongoing investigation;
(3) except in the case of a conviction for conduct described in subdivision 1a, state that the withholding is for a temporary period and cite the circumstances under which withholding will be terminated;
(4) identify the types of claims to which the withholding applies; and
(5) inform the vendor of the right to submit written evidence for consideration by the commissioner.

The withholding or reduction of payments will not continue after the commissioner determines there is insufficient evidence of fraud by the vendor, or after legal proceedings relating to the alleged fraud are completed, unless the commissioner has sent notice of intention to impose monetary recovery or sanctions under paragraph (a).

(d) The commissioner shall suspend or terminate a vendor's participation in the program without providing advance notice and an opportunity for a hearing when the suspension or termination is required because of the vendor's exclusion from participation in Medicare. Within five days of taking such action, the commissioner must send notice of the suspension or termination. The notice must:

(1) state that suspension or termination is the result of the vendor's exclusion from Medicare;
(2) identify the effective date of the suspension or termination; and
(3) inform the vendor of the need to be reinstated to Medicare before reapplying for participation in the program.

(e) Upon receipt of a notice under paragraph (a) that a monetary recovery or sanction is to be imposed, a vendor may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the vendor. The appeal request must specify:
(1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;

(2) the computation that the vendor believes is correct;

(3) the authority in statute or rule upon which the vendor relies for each disputed item;

(4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and

(5) other information required by the commissioner.

(f) The commissioner may order a vendor to forfeit a fine for failure to fully document services according to standards in this chapter and Minnesota Rules, chapter 9505. The commissioner may assess fines if specific required components of documentation are missing. The fine for incomplete documentation shall equal 20 percent of the amount paid on the claims for reimbursement submitted by the vendor, or up to $5,000, whichever is less.

(g) The vendor shall pay the fine assessed on or before the payment date specified. If the vendor fails to pay the fine, the commissioner may withhold or reduce payments and recover the amount of the fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

Sec. 11. Minnesota Statutes 2012, section 256B.0659, subdivision 21, is amended to read:

Subd. 21. Requirements for initial provider enrollment of personal care assistance provider agencies. (a) All personal care assistance provider agencies must provide, at the time of enrollment, reenrollment, and revalidation as a personal care assistance provider agency in a format determined by the commissioner, information and documentation that includes, but is not limited to, the following:

(1) the personal care assistance provider agency's current contact information including address, telephone number, and e-mail address;

(2) proof of surety bond coverage in the amount of $50,000 or ten percent of the provider's payments from Medicaid in the previous year, whichever is less;

(2) proof of surety bond coverage. Upon new enrollment, or if the provider's Medicaid revenue in the previous calendar year is up to and including $300,000, the provider agency must purchase a performance bond of $50,000. If the Medicaid revenue in the previous year is over $300,000, the provider agency must purchase a performance bond of $100,000. The performance bond must be in a form approved by the commissioner, must be renewed annually, and must allow for recovery of costs and fees in pursuing a claim on the bond;

(3) proof of fidelity bond coverage in the amount of $20,000;
(4) proof of workers' compensation insurance coverage;
(5) proof of liability insurance;
(6) a description of the personal care assistance provider agency's organization
identifying the names of all owners, managing employees, staff, board of directors, and
the affiliations of the directors, owners, or staff to other service providers;
(7) a copy of the personal care assistance provider agency's written policies and
procedures including: hiring of employees; training requirements; service delivery;
and employee and consumer safety including process for notification and resolution
of consumer grievances, identification and prevention of communicable diseases, and
employee misconduct;
(8) copies of all other forms the personal care assistance provider agency uses in
the course of daily business including, but not limited to:
(i) a copy of the personal care assistance provider agency's time sheet if the time
sheet varies from the standard time sheet for personal care assistance services approved
by the commissioner, and a letter requesting approval of the personal care assistance
provider agency's nonstandard time sheet;
(ii) the personal care assistance provider agency's template for the personal care
assistance plan; and
(iii) the personal care assistance provider agency's template for the written
agreement in subdivision 20 for recipients using the personal care assistance choice
option, if applicable;
(9) a list of all training and classes that the personal care assistance provider agency
requires of its staff providing personal care assistance services;
(10) documentation that the personal care assistance provider agency and staff have
successfully completed all the training required by this section;
(11) documentation of the agency's marketing practices;
(12) disclosure of ownership, leasing, or management of all residential properties
that is used or could be used for providing home care services;

402A.18 COMMISSIONER POWER TO REMEDY FAILURE TO MEET PERFORMANCE OUTCOMES.

Subdivision 1. Underperforming county; specific service. If the commissioner determines that a county or service delivery authority is deficient in achieving minimum performance outcomes standards for a specific essential service human services program, the commissioner may impose the following remedies and adjust state and federal program allocations accordingly:

(1) voluntary incorporation of the administration and operation of the specific essential service human services program with an existing service delivery authority or another county. A service delivery authority or county incorporating an underperforming county shall not be financially liable for the costs associated with remedying performance outcome deficiencies;

(2) mandatory incorporation of the administration and operation of the specific essential service human services program with an existing service delivery authority or another county. A service delivery authority or county incorporating an underperforming
county shall not be financially liable for the costs associated with remediating performance outcome deficiencies; or

(3) transfer of authority for program administration and operation of the specific essential service human services program to the commissioner.

Subd. 2. Underperforming county; more than one-half of services. If the commissioner determines that a county or service delivery authority is deficient in achieving minimum performance outcomes standards for more than one-half of the defined essential human services programs, the commissioner may impose the following remedies:

(1) voluntary incorporation of the administration and operation of essential human services programs with an existing service delivery authority or another county. A service delivery authority or county incorporating an underperforming county shall not be financially liable for the costs associated with remediating performance outcome deficiencies;

(2) mandatory incorporation of the administration and operation of essential human services programs with an existing service delivery authority or another county. A service delivery authority or county incorporating an underperforming county shall not be financially liable for the costs associated with remediating performance outcome deficiencies; or

(3) transfer of authority for program administration and operation of essential human services programs to the commissioner.

Subd. 2a. Financial responsibility of underperforming county. A county subject to remedies under subdivision 1 or 2 shall provide to the entity assuming administration of the essential service or essential human services program or programs the amount of nonfederal and nonstate funding needed to remedy performance outcome deficiencies.

Subd. 3. Conditions prior to imposing remedies. Before the commissioner may impose the remedies authorized under this section, the following conditions must be met:

(1) the county or service delivery authority determined by the commissioner to be deficient in achieving minimum performance outcomes has the opportunity, in coordination with the council, to develop a program outcome improvement plan. The program outcome improvement plan must be developed no later than six months from the date of the deficiency determination; and

(2) the council has conducted an assessment of the program outcome improvement plan to determine if the county or service delivery authority has made satisfactory progress toward performance outcomes and has made a recommendation about remedies to the commissioner. The assessment and recommendation must be made to the commissioner within 12 months from the date of the deficiency determination; (a) The commissioner
shall notify a county or service delivery authority that it must submit a performance improvement plan if:

(1) the county or service delivery authority does not meet the minimum performance standard for a measure; or

(2) the county or service delivery authority does not meet the minimum performance standard for one or more racial or ethnic subgroup for which there is a statistically valid population size for three or more measures, even if the county or service delivery authority met the standard for the overall population.

The commissioner must approve the performance improvement plan. The county or service delivery authority may negotiate the terms of the performance improvement plan with the commissioner.

(b) When the department determines that a county or service delivery authority does not meet the minimum performance standard for a given measure, the commissioner must advise the county or service delivery authority that fiscal penalties may result if the performance does not improve. The department must offer technical assistance to the county or service delivery authority. Within 30 days of the initial advisement from the department, the county or service delivery authority may claim and the department may approve an extenuating circumstance that relieves the county or service delivery authority of any further remedy. If a county or service delivery authority has a small number of participants in an essential human services program such that reliable measurement is not possible, the commissioner may approve extenuating circumstances or may average performance over three years.

(c) If there are no extenuating circumstances, the county or service delivery authority must submit a performance improvement plan to the commissioner within 60 days of the initial advisement from the department. The term of the performance improvement plan must be two years, starting with the date the plan is approved by the commissioner. This plan must include a target level for improvement for each measure that did not meet the minimum performance standard. The commissioner must approve the performance improvement plan within 60 days of submittal.

(d) The department must monitor the performance improvement plan for two years. After two years, if the county or service delivery authority meets the minimum performance standard, there is no further remedy. If the county or service delivery authority fails to meet the minimum performance standard, but meets the improvement target in the performance improvement plan, the county or service delivery authority shall modify the performance improvement plan for further improvement and the department shall continue to monitor the plan.
(e) If, after two years of monitoring, the county or service delivery authority fails to meet both the minimum performance standard and the improvement target identified in the performance improvement plan, the next step of the remedies process shall be invoked by the commissioner. This phase of the remedies process may include:

(1) fiscal penalties for the county or service delivery authority that do not exceed one percent of the county's human services expenditures and that are negotiated in the performance improvement plan, based on what is needed to improve outcomes. Counties or service delivery authorities must reinvest the amount of the fiscal penalty into the essential human services program that was underperforming. A county or service delivery authority shall not be required to pay more than three fiscal penalties in a year; and

(2) the department's provision of technical assistance to the county or service delivery authority that is targeted to address the specific performance issues.

The commissioner shall continue monitoring the performance improvement plan for a third year.

(f) If, after the third year of monitoring, the county or service delivery authority meets the minimum performance standard, there is no further remedy. If the county or service delivery authority fails to meet the minimum performance standard, but meets the improvement target for the performance improvement plan, the county or service delivery authority shall modify the performance improvement plan for further improvement and the department shall continue to monitor the plan.

(g) If, after the third year of monitoring, the county or service delivery authority fails to meet the minimum performance standard and the improvement target identified in the performance improvement plan, the Human Services Performance Council shall review the situation and recommend a course of action to the commissioner.

(h) If the commissioner has determined that a program has a balanced set of program measures and a county or service delivery authority is subject to fiscal penalties for more than one-half of the measures for that program, the commissioner may apply further remedies as described in subdivisions 1 and 2.

Sec. 17. INSTRUCTIONS TO THE COMMISSIONER.

In collaboration with labor organizations, the commissioner of human services shall develop clear and consistent standards for state-operated services programs to:

(1) address direct service staffing shortages;

(2) identify and help resolve workplace safety issues; and

(3) elevate the use and visibility of performance measures and objectives related to overtime use.

(f) In the event a health maintenance organization or community integrated service
network converts its licensure to a different type of entity subject to liability for the
surcharge under this chapter, but survives in the same or substantially similar form, the
surviving entity remains liable for the surcharge regardless of whether one of the entities
or corporations does not retain a certificate of authority under chapter 62D or a license
under chapter 62N.

(g) The surcharge assessed to a health maintenance organization or community
integrated service network ends when the entity ceases providing services for premiums
and the cessation is not connected with a merger, consolidation, acquisition, or conversion.

Sec. 9. Minnesota Statutes 2012, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. Drugs. (a) Medical assistance covers drugs, except for fertility drugs
when specifically used to enhance fertility, if prescribed by a licensed practitioner and
dispensed by a licensed pharmacist, by a physician enrolled in the medical assistance
program as a dispensing physician, or by a physician, physician assistant, or a nurse
practitioner employed by or under contract with a community health board as defined in
section 145A.02, subdivision 5, for the purposes of communicable disease control.
(b) The dispensed quantity of a prescription drug must not exceed a 34-day supply,
unless authorized by the commissioner.
(c) For the purpose of this subdivision and subdivision 13d, an "active
pharmaceutical ingredient" is defined as a substance that is represented for use in a drug
and when used in the manufacturing, processing, or packaging of a drug becomes an
active ingredient of the drug product. An "excipient" is defined as an inert substance
used as a diluent or vehicle for a drug. The commissioner shall establish a list of active
pharmaceutical ingredients and excipients which are included in the medical assistance
formulary. Medical assistance covers selected active pharmaceutical ingredients and
excipients used in compounded prescriptions when the compounded combination is
specifically approved by the commissioner or when a commercially available product:
(1) is not a therapeutic option for the patient;
(2) does not exist in the same combination of active ingredients in the same strengths
as the compounded prescription; and
(3) cannot be used in place of the active pharmaceutical ingredient in the
compounded prescription.
(d) Medical assistance covers the following over-the-counter drugs when prescribed
by a licensed practitioner or by a licensed pharmacist who meets standards established by
the commissioner, in consultation with the board of pharmacy: antacids, acetaminophen,
family planning products, aspirin, insulin, products for the treatment of lice, vitamins for
adults with documented vitamin deficiencies, vitamins for children under the age of seven
and pregnant or nursing women, and any other over-the-counter drug identified by the
commissioner, in consultation with the formulary committee, as necessary, appropriate,
and cost-effective for the treatment of certain specified chronic diseases, conditions,
or disorders, and this determination shall not be subject to the requirements of chapter
14. A pharmacist may prescribe over-the-counter medications as provided under this
paragraph for purposes of receiving reimbursement under Medicaid. When prescribing
over-the-counter drugs under this paragraph, licensed pharmacists must consult with
the recipient to determine necessity, provide drug counseling, review drug therapy
for potential adverse interactions, and make referrals as needed to other health care
professionals. Over-the-counter medications must be dispensed in a quantity that is the
lower of: (1) the number of dosage units contained in the manufacturer's original package;
and (2) the number of dosage units required to complete the patient's course of therapy.
(c) Effective January 1, 2006, medical assistance shall not cover drugs that
are coverable under Medicare Part D as defined in the Medicare Prescription Drug,
Improvement, and Modernization Act of 2003, Public Law 108-173, section 1860D-2(e),
for individuals eligible for drug coverage as defined in the Medicare Prescription

(f) Medical assistance covers drugs acquired through the federal 340B Drug Pricing
Program and dispensed by 340B covered entities and ambulatory pharmacies under

pharmacies.

Sec. 10. Minnesota Statutes 2012, section 256B.0625, subdivision 13e, is amended to
read:

Subd. 13e. Payment rates. (a) The basis for determining the amount of payment
shall be the lower of the actual acquisition costs of the drugs or the maximum allowable
cost by the commissioner plus the fixed dispensing fee; or the usual and customary price
charged to the public. The amount of payment basis must be reduced to reflect all discount
amounts applied to the charge by any provider/insurer agreement or contract for submitted
charges to medical assistance programs. The net submitted charge may not be greater
than the patient liability for the service. The pharmacy dispensing fee shall be $3.65,
209.1 except that the dispensing fee for intravenous solutions which must be compounded by
209.2 the pharmacist shall be $8 per bag, $14 per bag for cancer chemotherapy products, and
209.3 $30 per bag for total parenteral nutritional products dispensed in one liter quantities,
209.4 or $44 per bag for total parenteral nutritional products dispensed in quantities greater
209.5 than one liter. Actual acquisition cost includes quantity and other special discounts
209.6 except time and cash discounts. The actual acquisition cost of a drug shall be estimated
209.7 by the commissioner at wholesale acquisition cost plus four percent for independently
209.8 owned pharmacies located in a designated rural area within Minnesota, and at wholesale
209.9 acquisition cost plus two percent for all other pharmacies. A pharmacy is "independently
209.10 owned" if it is one of four or fewer pharmacies under the same ownership nationally. A
209.11 "designated rural area" means an area defined as a small rural area or isolated rural area
209.12 according to the four-category classification of the Rural Urban Commuting Area system
209.13 developed for the United States Health Resources and Services Administration. Effective
209.14 January 1, 2014, the actual acquisition cost of a drug acquired through the federal 340B
209.15 Drug Pricing Program shall be estimated by the commissioner at wholesale acquisition
209.16 cost minus 40 percent. Wholesale acquisition cost is defined as the manufacturer's list
209.17 price for a drug or biological to wholesalers or direct purchasers in the United States, not
209.18 including prompt pay or other discounts, rebates, or reductions in price, for the most
209.19 recent month for which information is available, as reported in wholesale price guides or
209.20 other publications of drug or biological pricing data. The maximum allowable cost of a
209.21 multisource drug may be set by the commissioner and it shall be comparable to, but no
209.22 higher than, the maximum amount paid by other third-party payors in this state who have
209.23 maximum allowable cost programs. Establishment of the amount of payment for drugs
209.24 shall not be subject to the requirements of the Administrative Procedure Act.
209.25 (b) An additional dispensing fee of $.30 may be added to the dispensing fee paid
209.26 to pharmacists for legend drug prescriptions dispensed to residents of long-term care
209.27 facilities when a unit dose blister card system, approved by the department, is used. Under
209.28 this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The
209.29 National Drug Code (NDC) from the drug container used to fill the blister card must be
209.30 identified on the claim to the department. The unit dose blister card containing the drug
209.31 must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that
govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will
209.32 be required to credit the department for the actual acquisition cost of all unused drugs that
209.33 are eligible for reuse. The commissioner may permit the drug clozapine to be dispensed in
209.34 a quantity that is less than a 30-day supply.
(c) Whenever a maximum allowable cost has been set for a multisource drug, payment shall be the lower of the usual and customary price charged to the public or the maximum allowable cost established by the commissioner unless prior authorization for the brand name product has been granted according to the criteria established by the Drug Formulary Committee as required by subdivision 13f, paragraph (a), and the prescriber has indicated "dispense as written" on the prescription in a manner consistent with section 151.21, subdivision 2.

(d) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider or 106 percent of the average sales price as determined by the United States Department of Health and Human Services pursuant to title XVIII, section 1847a of the federal Social Security Act, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. If average sales price is unavailable, the amount of payment must be lower of the usual and customary cost submitted by the provider or the wholesale acquisition cost, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. Effective January 1, 2014, the commissioner shall discount the payment rate for drugs obtained through the federal 340B Drug Pricing Program by 20 percent. The payment for drugs administered in an outpatient setting shall be made to the administering facility or practitioner. A retail or specialty pharmacy dispensing a drug for administration in an outpatient setting is not eligible for direct reimbursement.

(e) The commissioner may negotiate lower reimbursement rates for specialty pharmacy products than the rates specified in paragraph (a). The commissioner may require individuals enrolled in the health care programs administered by the department to obtain specialty pharmacy products from providers with whom the commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are defined as those used by a small number of recipients or recipients with complex and chronic diseases that require expensive and challenging drug regimens. Examples of these conditions include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of cancer. Specialty pharmaceutical products include injectable and infusion therapies, biotechnology drugs, antihemophilic factor products, high-cost therapies, and therapies that require complex care. The commissioner shall consult with the formulary committee to develop a list of specialty pharmacy products subject to this paragraph. In consulting with the formulary committee in developing this list, the commissioner shall take into consideration the population served by specialty pharmacy products, the current delivery
system and standard of care in the state, and access to care issues. The commissioner shall
have the discretion to adjust the reimbursement rate to prevent access to care issues.

(f) Home infusion therapy services provided by home infusion therapy pharmacies
must be paid at rates according to subdivision 8d.

**EFFECTIVE DATE.** This section is effective July 1, 2013.

Sec. 11. Minnesota Statutes 2012, section 256B.0625, is amended by adding a
subdivision to read:

**Subd. 28b. Doula services.** Medical assistance covers doula services provided by a
certified doula as defined in section 148.995, subdivision 2, of the mother's choice. For
purposes of this section, "doula services" means childbirth education and support services,

**Subd. 31. Medical supplies and equipment.** (a) Medical assistance covers medical
supplies and equipment. Separate payment outside of the facility's payment rate shall
be made for wheelchairs and wheelchair accessories for recipients who are residents
of intermediate care facilities for the developmentally disabled. Reimbursement for
wheelchairs and wheelchair accessories for ICF/MR recipients shall be subject to the same
conditions and limitations as coverage for recipients who do not reside in institutions. A
wheelchair purchased outside of the facility's payment rate is the property of the recipient.

The commissioner may set reimbursement rates for specified categories of medical
supplies at levels below the Medicare payment rate.

(b) Vendors of durable medical equipment, prosthetics, orthotics, or medical supplies
must enroll as a Medicare provider.

(c) When necessary to ensure access to durable medical equipment, prosthetics,
orthotics, or medical supplies, the commissioner may exempt a vendor from the Medicare
enrollment requirement if:

(1) the vendor supplies only one type of durable medical equipment, prothetic,
orthotic, or medical supply;

(2) the vendor serves ten or fewer medical assistance recipients per year;
(3) the commissioner finds that other vendors are not available to provide same or similar durable medical equipment, prosthetics, orthotics, or medical supplies; and

(4) the vendor complies with all screening requirements in this chapter and Code of Federal Regulations, title 42, part 455. The commissioner may also exempt a vendor from the Medicare enrollment requirement if the vendor is accredited by a Centers for Medicare and Medicaid Services approved national accreditation organization as complying with the Medicare program's supplier and quality standards and the vendor serves primarily pediatric patients.

(d) Durable medical equipment means a device or equipment that:

(1) can withstand repeated use;

(2) is generally not useful in the absence of an illness, injury, or disability; and

(3) is provided to correct or accommodate a physiological disorder or physical condition or is generally used primarily for a medical purpose.

(e) Electronic tablets may be considered durable medical equipment if the electronic tablet will be used as an augmentative and alternative communication system as defined under subdivision 31a, paragraph (a). To be covered by medical assistance, the device must be locked in order to prevent use not related to communication.

Sec. 13. Minnesota Statutes 2012, section 256B.0625, is amended by adding a subdivision to read:

Subd. 31b. **Preferred diabetic testing supply program.** (a) The commissioner shall implement a point-of-sale preferred diabetic testing supply program by January 1, 2014. Medical assistance coverage for diabetic testing supplies shall conform to the limitations established under the program. The commissioner may enter into a contract with a vendor for the purpose of participating in a preferred diabetic testing supply list and supplemental rebate program. The commissioner shall ensure that any contract meets all federal requirements and maximizes federal financial participation. The commissioner shall maintain an accurate and up-to-date list on the department's Web site.

(b) The commissioner may add to, delete from, and otherwise modify the preferred diabetic testing supply program drug list after consulting with the Drug Formulary Committee and appropriate medical specialists and providing public notice and the opportunity for public comment.

(c) The commissioner shall adopt and administer the preferred diabetic testing supply program as part of the administration of the diabetic testing supply rebate program. Reimbursement for diabetic testing supplies not on the preferred diabetic testing supply list may be subject to prior authorization.
(d) All claims for diabetic testing supplies in categories on the preferred diabetic testing supply list must be submitted by enrolled pharmacy providers using the most current National Council of Prescription Drug Plans electronic claims standard.

(e) For purposes of this subdivision, "preferred diabetic testing supply list" means a list of diabetic testing supplies selected by the commissioner, for which prior authorization is not required.

(f) The commissioner shall seek any federal waivers or approvals necessary to implement this subdivision.

Sec. 14. Minnesota Statutes 2012, section 256B.0625, subdivision 39, is amended to read:

Subd. 39. **Childhood immunizations.** Providers who administer pediatric vaccines within the scope of their licensure, and who are enrolled as a medical assistance provider, must enroll in the pediatric vaccine administration program established by section 13631 of the Omnibus Budget Reconciliation Act of 1993. Medical assistance shall pay $8.50 per dose for administration of the vaccine to children eligible for medical assistance. Medical assistance does not pay for vaccines that are available at no cost from the pediatric vaccine administration program.

Sec. 15. Minnesota Statutes 2012, section 256B.0625, subdivision 58, is amended to read:

Subd. 58. **Early and periodic screening, diagnosis, and treatment services.**

Medical assistance covers early and periodic screening, diagnosis, and treatment services (EPSDT). The payment amount for a complete EPSDT screening shall not include charges for vaccines that are available at no cost to the provider and shall not exceed the rate established per Minnesota Rules, part 9505.0445, item M, effective October 1, 2010.

Sec. 16. Minnesota Statutes 2012, section 256B.0625, is amended by adding a subdivision to read:

Subd. 61. **Payment for multiple services provided on the same day.** The commissioner shall not prohibit payment, including supplemental payments, for mental health services or dental services provided to a patient by a clinic or health care professional solely because the mental health or dental services were provided on the same day as other covered health services furnished by the same provider.

Sec. 17. Minnesota Statutes 2012, section 256B.0631, subdivision 1, is amended to read:
Subdivision 1. **Cost-sharing.** (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following cost-sharing for all recipients, effective for services provided on or after September 1, 2011:

(1) $3 per nonpreventive visit, except as provided in paragraph (b). For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

(2) $3.50 for nonemergency visits to a hospital-based emergency room, except that this co-payment shall be increased to $20 upon federal approval;

(3) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $12 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness;

(4) effective January 1, 2012, a family deductible equal to the maximum amount allowed under Code of Federal Regulations, title 42, part 447.54; and

(5) for individuals identified by the commissioner with income at or below 100 percent of the federal poverty guidelines, total monthly cost-sharing must not exceed five percent of family income. For purposes of this paragraph, family income is the total earned and unearned income of the individual and the individual's spouse, if the spouse is enrolled in medical assistance and also subject to the five percent limit on cost-sharing.

(b) Recipients of medical assistance are responsible for all co-payments and deductibles in this subdivision.

(c) Notwithstanding paragraph (b), the commissioner, through the contracting process under sections 256B.69 and 256B.692, may allow managed care plans and county-based purchasing plans to waive the family deductible under paragraph (a), clause (4). The value of the family deductible shall not be included in the capitation payment to managed care plans and county-based purchasing plans. Managed care plans and county-based purchasing plans shall certify annually to the commissioner the dollar value of the family deductible.

(d) Notwithstanding paragraph (b), the commissioner may waive the collection of the family deductible described under paragraph (a), clause (4), from individuals and allow long-term care and waived service providers to assume responsibility for payment.

(e) Notwithstanding paragraph (b), the commissioner, through the contracting process under section 256B.0756 shall allow the pilot program in Hennepin County to waive co-payments. The value of the co-payments shall not be included in the capitation payment amount to the integrated health care delivery networks under the pilot program.
Sec. 18. Minnesota Statutes 2012, section 256B.0756, is amended to read:

256B.0756 HENNEPIN AND RAMSEY COUNTIES PILOT PROGRAM.

(a) The commissioner, upon federal approval of a new waiver request or amendment of an existing demonstration, may establish a pilot program in Hennepin County or Ramsey County, or both, to test alternative and innovative integrated health care delivery networks.

(b) Individuals eligible for the pilot program shall be individuals who are eligible for medical assistance under section 256B.055, subdivision 15, and who reside in Hennepin County or Ramsey County. The commissioner may identify individuals to be enrolled in the Hennepin County pilot program based on zip code in Hennepin County or whether the individuals would benefit from an integrated health care delivery network.

(c) Individuals enrolled in the pilot program shall be enrolled in an integrated health care delivery network in their county of residence. The integrated health care delivery network in Hennepin County shall be a network, such as an accountable care organization or a community-based collaborative care network, created by or including Hennepin County Medical Center. The integrated health care delivery network in Ramsey County shall be a network, such as an accountable care organization or community-based collaborative care network, created by or including Regions Hospital.

(d) The commissioner shall cap pilot program enrollment at 7,000 enrollees for Hennepin County and 3,500 enrollees for Ramsey County.

(e) (d) In developing a payment system for the pilot programs, the commissioner shall establish a total cost of care for the recipients enrolled in the pilot programs that equals the cost of care that would otherwise be spent for these enrollees in the prepaid medical assistance program.

(f) Counties may transfer funds necessary to support the nonfederal share of payments for integrated health care delivery networks in their county. Such transfers per county shall not exceed 15 percent of the expected expenses for county enrollees.

(g) (e) The commissioner shall apply to the federal government for, or as appropriate, cooperate with counties, providers, or other entities that are applying for any applicable grant or demonstration under the Patient Protection and Affordable Health Care Act, Public Law 111-148, or the Health Care and Education Reconciliation Act of 2010, Public Law 111-152, that would further the purposes of or assist in the creation of an integrated health care delivery network for the purposes of this subdivision, including, but not limited to, a global payment demonstration or the community-based collaborative care network grants.

Sec. 19. Minnesota Statutes 2012, section 256B.196, subdivision 2, is amended to read:
Subd. 2. Commissioner’s duties. (a) For the purposes of this subdivision and subdivision 3, the commissioner shall determine the fee-for-service outpatient hospital services upper payment limit for nonstate government hospitals. The commissioner shall then determine the amount of a supplemental payment to Hennepin County Medical Center and Regions Hospital for these services that would increase medical assistance spending in this category to the aggregate upper payment limit for all nonstate government hospitals in Minnesota. In making this determination, the commissioner shall allot the available increases between Hennepin County Medical Center and Regions Hospital based on the ratio of medical assistance fee-for-service outpatient hospital payments to the two facilities. The commissioner shall adjust this allotment as necessary based on federal approvals, the amount of intergovernmental transfers received from Hennepin and Ramsey Counties, and other factors, in order to maximize the additional total payments. The commissioner shall inform Hennepin County and Ramsey County of the periodic intergovernmental transfers necessary to match federal Medicaid payments available under this subdivision in order to make supplementary medical assistance payments to Hennepin County Medical Center and Regions Hospital equal to an amount that when combined with existing medical assistance payments to nonstate governmental hospitals would increase total payments to hospitals in this category for outpatient services to the aggregate upper payment limit for all hospitals in this category in Minnesota. Upon receipt of these periodic transfers, the commissioner shall make supplementary payments to Hennepin County Medical Center and Regions Hospital.

(b) For the purposes of this subdivision and subdivision 3, the commissioner shall determine an upper payment limit for physicians and other billing professionals affiliated with Hennepin County Medical Center and with Regions Hospital. The upper payment limit shall be based on the average commercial rate or be determined using another method acceptable to the Centers for Medicare and Medicaid Services. The commissioner shall inform Hennepin County and Ramsey County of the periodic intergovernmental transfers necessary to match the federal Medicaid payments available under this subdivision in order to make supplementary payments to physicians and other billing professionals affiliated with Hennepin County Medical Center and to make supplementary payments to physicians and other billing professionals affiliated with Regions Hospital through HealthPartners Medical Group equal to the difference between the established medical assistance payment for physician and other billing professional services and the upper payment limit. Upon receipt of these periodic transfers, the commissioner shall make supplementary payments to physicians and other billing professionals affiliated with Hennepin County
Medical Center and shall make supplementary payments to physicians and other billing professionals affiliated with Regions Hospital through HealthPartners Medical Group.

(c) Beginning January 1, 2010, Hennepin County and Ramsey County may make monthly voluntary intergovernmental transfers to the commissioner in amounts not to exceed $12,000,000 per year from Hennepin County and $6,000,000 per year from Ramsey County. The commissioner shall increase the medical assistance capitation payments to any licensed health plan under contract with the medical assistance program that agrees to make enhanced payments to Hennepin County Medical Center or Regions Hospital. The increase shall be in an amount equal to the annual value of the monthly transfers plus federal financial participation, with each health plan receiving its pro rata share of the increase based on the pro rata share of medical assistance admissions to Hennepin County Medical Center and Regions Hospital by those plans. Upon the request of the commissioner, health plans shall submit individual-level cost data for verification purposes. The commissioner may ratably reduce these payments on a pro rata basis in order to satisfy federal requirements for actuarial soundness. If payments are reduced, transfers shall be reduced accordingly. Any licensed health plan that receives increased medical assistance capitation payments under the intergovernmental transfer described in this paragraph shall increase its medical assistance payments to Hennepin County Medical Center and Regions Hospital by the same amount as the increased payments received in the capitation payment described in this paragraph.

(d) For the purposes of this subdivision and subdivision 3, the commissioner shall determine an upper payment limit for ambulance services affiliated with Hennepin County Medical Center and the city of St. Paul. The upper payment limit shall be based on the average commercial rate or be determined using another method acceptable to the Centers for Medicare and Medicaid Services. The commissioner shall inform Hennepin County and the city of St. Paul of the periodic intergovernmental transfers necessary to match the federal Medicaid payments available under this subdivision in order to make supplementary payments to Hennepin County Medical Center and the city of St. Paul equal to the difference between the established medical assistance payment for ambulance services and the upper payment limit. Upon receipt of these periodic transfers, the commissioner shall make supplementary payments to Hennepin County Medical Center and the city of St. Paul.

(e) The commissioner shall inform the transferring governmental entities on an ongoing basis of the need for any changes needed in the intergovernmental transfers in order to continue the payments under paragraphs (a) to (e), at their maximum level,
including increases in upper payment limits, changes in the federal Medicaid match, and
other factors.

(f) The payments in paragraphs (a) to (d) shall be implemented independently of each other, subject to federal approval and to the receipt of transfers under subdivision 3.

Subd. 5c. Medical education and research fund. (a) The commissioner of human services shall transfer each year to the medical education and research fund established under section 62J.692, an amount specified in this subdivision. The commissioner shall calculate the following:

1) an amount equal to the reduction in the prepaid medical assistance payments as specified in this clause. Until January 1, 2002, the county medical assistance capitation base rate prior to plan specific adjustments and after the regional rate adjustments under subdivision 5b is reduced 6.3 percent for Hennepin County, two percent for the remaining metropolitan counties, and no reduction for nonmetropolitan Minnesota counties; and after January 1, 2002, the county medical assistance capitation base rate prior to plan specific adjustments is reduced 6.3 percent for Hennepin County, two percent for the remaining metropolitan counties, and 1.6 percent for nonmetropolitan Minnesota counties. Nursing facility and elderly waiver payments and demonstration project payments operating under subdivision 23 are excluded from this reduction. The amount calculated under this clause shall not be adjusted for periods already paid due to subsequent changes to the capitation payments;

2) beginning July 1, 2003, $4,314,000 from the capitation rates paid under this section;

3) beginning July 1, 2002, an additional $12,700,000 from the capitation rates paid under this section; and

4) beginning July 1, 2003, an additional $4,700,000 from the capitation rates paid under this section.

(b) This subdivision shall be effective upon approval of a federal waiver which allows federal financial participation in the medical education and research fund. The amount specified under paragraph (a), clauses (1) to (4), shall not exceed the total amount transferred for fiscal year 2009. Any excess shall first reduce the amounts specified under paragraph (a), clauses (2) to (4). Any excess following this reduction shall proportionally reduce the amount specified under paragraph (a), clause (1).

(c) Beginning September 1, 2011, of the amount in paragraph (a), the commissioner shall transfer $21,714,000 each fiscal year to the medical education and research fund.

The penalty for exceeding this limit must be the amount of administrative spending in excess of 105 percent of the actual calculated amount. The commissioner may waive this penalty if the excess administrative spending is the result of unexpected shifts in enrollment or member needs or new program requirements.

(b) Expenses listed under section 62D.12, subdivision 9a, clause (4), are not allowable administrative expenses for rate-setting purposes under this section, unless approved by the commissioner. The following expenses are not allowable administrative expenses for rate-setting purposes under this section:

**256B.767 MEDICARE PAYMENT LIMIT.**

(a) Effective for services rendered on or after July 1, 2010, fee-for-service payment rates for physician and professional services under section 256B.76, subdivision 1, and basic care services subject to the rate reduction specified in section 256B.766, shall not exceed the Medicare payment rate for the applicable service, as adjusted for any changes in Medicare payment rates after July 1, 2010. The commissioner shall implement this section after any other rate adjustment that is effective July 1, 2010, and shall reduce rates under this section by first reducing or eliminating provider rate add-ons.

(b) This section does not apply to services provided by advanced practice certified nurse midwives licensed under chapter 148 or traditional midwives licensed under chapter 147D. Notwithstanding this exemption, medical assistance fee-for-service payment rates for advanced practice certified nurse midwives and licensed traditional midwives shall equal and shall not exceed the medical assistance payment rate to physicians for the applicable service.

(c) This section does not apply to mental health services or physician services billed by a psychiatrist or an advanced practice registered nurse with a specialty in mental health.

(d) Effective for durable medical equipment, prosthetics, orthotics, or supplies provided on or after July 1, 2013, through June 30, 2014, the payment rate for items that are subject to the rates established under Medicare's National Competitive Bidding Program shall be equal to the rate that applies to the same item when not subject to the rate established under Medicare's National Competitive Bidding Program. This paragraph does not apply to mail order diabetic supplies and does not apply to items provided to dually eligible recipients when Medicare is the primary payer of the item.

Sec. 32. Laws 2013, chapter 1, section 6, is amended to read:

**Sec. 6. TRANSFER.**

(a) The commissioner of management and budget shall transfer from the health care access fund to the general fund up to $21,319,000 in fiscal year 2014; up to $42,314,000 in fiscal year 2015; up to $56,147,000 in fiscal year 2016; and up to $64,683,000 in fiscal year 2017.

(b) The commissioner of human services shall determine the difference between the actual or forecasted cost to the medical assistance program of adding 19- and 20-year-olds and parents and relative caretaker populations with income between 100 and 138 percent of the federal poverty guidelines and the cost of adding those populations that was estimated during the 2013 legislative session based on the data from the February 2013 forecast.
(c) For each fiscal year from 2014 to 2017, the commissioner of human services shall certify and report to the commissioner of management and budget the actual or forecasted cost difference of adding 19- and 20-year-olds and parents and relative caretaker populations with income between 100 and 138 percent of the federal poverty guidelines, as determined under paragraph (b), to the commissioner of management and budget at least four weeks prior to the release of a forecast under Minnesota Statutes, section 16A.103, of each fiscal year.

(d) No later than three weeks before the release of the forecast under Minnesota Statutes, section 16A.103, the commissioner of management and budget shall reduce the health care access fund transfer in paragraph (a), by the cumulative differences in costs reported by the commissioner of human services under paragraph (c). If, for any fiscal year, the amount of the cumulative cost differences determined under paragraph (b) is positive, no change is made to the appropriation. If, for any fiscal year, the amount of the cumulative cost differences determined under paragraph (b) is less than the amount of the original appropriation, the appropriation for that year must be zero.

Sec. 33. REQUEST FOR INFORMATION; EMERGENCY MEDICAL ASSISTANCE AND THE UNINSURED STUDY.

(a) The commissioner of human services, in consultation with safety net hospitals, nonprofit health care coverage programs, nonprofit community clinics, counties, and other interested parties, shall identify alternatives and make recommendations for providing coordinated and cost-effective health care and coverage to individuals who:

(1) meet eligibility standards for emergency medical assistance; or

(2) are uninsured and ineligible for other state public health care programs, have incomes below 400 percent of the federal poverty level, and are ineligible for premium credits through the Minnesota Insurance Marketplace as defined under Minnesota Statutes, section 62V.02.

(b) The commissioner of human services shall issue a request for information to help identify options for coverage of medically necessary services not eligible for federal financial participation for emergency medical assistance recipients and medically necessary services for individuals who are uninsured and ineligible for other state public health care programs or coverage through the Minnesota Insurance Marketplace. The request for information shall provide:

(1) the identification of services, including community-based medical, dental, and behavioral health services, necessary to reduce emergency department and inpatient hospital utilization for these recipients;
(2) delivery system options, including for each option how the system would be organized to promote care coordination and cost-effectiveness, and how the system would be available statewide;

(3) funding options and payment mechanisms to encourage providers to manage the delivery of care to these populations at a lower cost of care and with better patient outcomes than the current system;

(4) how the funding and delivery of services will be coordinated with the services covered under emergency medical assistance;

(5) options for administration of eligibility determination and service delivery; and

(6) evaluation methods to measure cost-effectiveness and health outcomes that take into consideration the social determinants of health care for recipients participating in this alternative coverage option.

c) The commissioner shall issue a request for information by August 1, 2013, and respondents to the request must submit information to the commissioner by October 1, 2013.

d) The commissioner shall incorporate the information obtained through the request for information described in paragraph (b) and information collected by the commissioner of health and other relevant sources related to the uninsured in this state when developing recommendations.

e) The commissioner shall submit recommendations to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over health and human services and finance by January 15, 2014.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 34. REQUEST FOR INFORMATION; EMERGENCY MEDICAL ASSISTANCE.

(a) The commissioner of human services shall issue a request for information (RFI) to identify and develop options for a program to provide emergency medical assistance recipients with coverage for medically necessary services not eligible for federal financial participation. The RFI must focus on providing coverage for nonemergent services for recipients who have two or more chronic conditions and have had two or more hospitalizations covered by emergency medical assistance in a one-year period.

(b) The RFI must be issued by August 1, 2013, and require respondents to submit information to the commissioner by November 1, 2013. The RFI must request information on:
233.1 (1) services necessary to reduce emergency department and inpatient hospital use for emergency medical assistance recipients;
233.2 (2) methods of service delivery that promote efficiency and cost-effectiveness, and provide statewide access;
233.3 (3) funding options for the services to be covered under the program;
233.4 (4) coordination of service delivery and funding with services covered under emergency medical assistance;
233.5 (5) options for program administration; and
233.6 (6) methods to evaluate the program, including evaluation of cost-effectiveness and health outcomes for those emergency medical assistance recipients eligible for coverage of additional services under the program.
233.7 (c) The commissioner shall make information submitted in response to the RFI available on the agency Web site. The commissioner, based on the responses to the RFI, shall submit recommendations on providing emergency medical assistance recipients with coverage for nonemergent services, as described in paragraph (a), to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance by January 15, 2014.

Sec. 35. DENTAL ACCESS AND REIMBURSEMENT REPORT.
233.18 Subdivision 1. Study. (a) The commissioner of human services shall study the current oral health and dental services delivery system for state public health care programs to improve access and ensure cost-effective delivery of services. The commissioner shall make recommendations on modifying the delivery of services and reimbursement methods, including modifications to the critical access dental provider payments under Minnesota Statutes, section 256B.76, subdivision 4.
233.19 (b) The commissioner shall consult with dental providers enrolled in Minnesota health care programs, including providers who serve substantial numbers of low-income and uninsured patients and are currently receiving enhanced critical access dental provider payments.
233.20 Subd. 2. Service delivery and reimbursement methods. The recommendations must address:
233.21 (1) targeting state funding and critical access dental payments to improve access to oral health services for individuals enrolled in Minnesota health care programs who are not receiving timely and appropriate dental services;
(2) encouraging the use of cost-effective service delivery methods, workforce
innovations, and the delivery of preventive services, including, but not limited to, dental
sealants that will reduce dental disease and future costs of treatment;
(3) improving access in all geographic areas of the state;
(4) encouraging the use of tele-dentistry and mobile dental equipment to serve
underserved patients and communities;
(5) evaluating the use of a single administrator delivery model;
(6) compensating providers for the added costs to providers of serving low-income
and underserved patients and populations who experience the greatest oral health
disparities in terms of incidence of oral health disease and access to and utilization of
needed oral health services;
(7) encouraging coordination of oral health care with other health care services;
(8) preventing overtreatment, fraud, and abuse; and
(9) reducing administrative costs for the state and for dental providers.

Subd. 3. Report. The commissioner shall submit a report on the recommendations to
the chairs and ranking minority members of the of the legislative committees and divisions
with jurisdiction over health and human services policy and finance by December 15, 2013.

ARTICLE 7
CONTINUING CARE

Section 1. Minnesota Statutes 2012, section 144.0724, subdivision 6, is amended to read:
Subd. 6. Penalties for late or nonsubmission. (a) A facility that fails to complete
or submit an assessment for a RUG-III or RUG-IV classification within seven days of the
time requirements in subdivisions 4 and 5 is subject to a reduced rate for that resident.
The reduced rate shall be the lowest rate for that facility. The reduced rate is effective on
the day of admission for new admission assessments or on the day that the assessment
was due for all other assessments and continues in effect until the first day of the month
following the date of submission of the resident's assessment.
(b) If loss of revenue due to penalties incurred by a facility for any period of 92 days
are equal to or greater than 1.0 percent of the total operating costs on the facility's most
recent annual statistical and cost report, a facility may apply to the commissioner of
human services for a reduction in the total penalty amount. The commissioner of human
services, in consultation with the commissioner of health, may, at the sole discretion of
the commissioner of human services, limit the penalty for residents covered by medical
assistance to 15 days.
Sec. 2. Minnesota Statutes 2012, section 144A.071, subdivision 4b, is amended to read:

Subd. 4b. Licensed beds on layaway status. A licensed and certified nursing facility may lay away, upon prior written notice to the commissioner of health, licensed and certified beds. A nursing facility may not discharge a resident in order to lay away a bed. Notice to the commissioner shall be given 60 days prior to the effective date of the layaway. Beds on layaway shall have the same status as voluntarily delicensed and decertified beds and shall not be subject to license fees and license surcharge fees. In addition, beds on layaway may be removed from layaway at any time on or after one-year six months after the effective date of layaway in the facility of origin, with a 60-day notice to the commissioner. A nursing facility that removes beds from layaway may not place beds on layaway status for one-year six months after the effective date of the removal from layaway. The commissioner may approve the immediate removal of beds from layaway if necessary to provide access to those nursing home beds to residents relocated from other nursing homes due to emergency situations or closure. In the event approval is granted, the one-year six-month restriction on placing beds on layaway after a removal of beds from layaway shall not apply. Beds may remain on layaway for up to ten years. The commissioner may approve placing and removing beds on layaway at any time during renovation or construction related to a moratorium project approved under this section or section 144A.073. Nursing facilities are not required to comply with any licensure or certification requirements for beds on layaway status.

Sec. 3. Minnesota Statutes 2012, section 245A.03, subdivision 7, is amended to read:

Subd. 7. Licensing moratorium. (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a license is issued during this moratorium, and the license holder changes the license holder's primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. Exceptions to the moratorium include:

(1) foster care settings that are required to be registered under chapter 144D;
(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, and determined to be needed by the commissioner under paragraph (b);
(3) new foster care licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/MR, or regional treatment center;
facilities; or, allowing movement to the community for people who no longer require the
level of care provided in state-operated facilities as provided under section 256B.092,
subdivision 13, or 256B.49, subdivision 24;
(4) new foster care licenses determined to be needed by the commissioner under
paragraph (b) for persons requiring hospital level care; or
(5) new foster care licenses determined to be needed by the commissioner for the
transition of people from personal care assistance to the home and community-based
services.
(b) The commissioner shall determine the need for newly licensed foster care homes
as defined under this subdivision. As part of the determination, the commissioner shall
consider the availability of foster care capacity in the area in which the licensee seeks to
operate, and the recommendation of the local county board. The determination by the
commissioner must be final. A determination of need is not required for a change in
ownership at the same address.
(e) The commissioner shall study the effects of the license moratorium under this
subdivision and shall report back to the legislature by January 15, 2011. This study shall
include, but is not limited to the following:
(1) the overall capacity and utilization of foster care beds where the physical location
is not the primary residence of the license holder prior to and after implementation
of the moratorium;
(2) the overall capacity and utilization of foster care beds where the physical
location is the primary residence of the license holder prior to and after implementation
of the moratorium; and
(3) the number of licensed and occupied ICF/MR beds prior to and after
implementation of the moratorium.
(d) (c) When a foster care recipient moves out of a foster home that is not the primary
residence of the license holder according to section 256B.49, subdivision 15, paragraph
(f), the county shall immediately inform the Department of Human Services Licensing
Division. The department shall decrease the statewide licensed capacity for foster care
settings where the physical location is not the primary residence of the license holder, if
the voluntary changes described in paragraph (d) (c) are not sufficient to meet the savings
required by reductions in licensed bed capacity under Laws 2011, First Special Session
chapter 9, article 7, sections 1 and 40, paragraph (f), and maintain statewide long-term
care residential services capacity within budgetary limits. Implementation of the statewide
licensed capacity reduction shall begin on July 1, 2013. The commissioner shall delicense
up to 128 beds by June 30, 2014, using the needs determination process. Under this
paragraph, the commissioner has the authority to reduce unused licensed capacity of a
current foster care program to accomplish the consolidation or closure of settings. Under
this paragraph, the commissioner has the authority to manage statewide capacity, including
adjusting the capacity available to each county and adjusting statewide available capacity,
to meet the statewide needs identified through the process in paragraph (e). A decreased
licensed capacity according to this paragraph is not subject to appeal under this chapter.

(e) (d) Residential settings that would otherwise be subject to the decreased license
capacity established in paragraph (d) (c) shall be exempt under the following circumstances:

(1) until August 1, 2013, the license holder's beds occupied by residents whose
primary diagnosis is mental illness and the license holder is:

(i) a provider of assertive community treatment (ACT) or adult rehabilitative mental
health services (ARMHS) as defined in section 256B.0623;

(ii) a mental health center certified under Minnesota Rules, parts 9520.0750 to
9520.0870;

(iii) a mental health clinic certified under Minnesota Rules, parts 9520.0750 to
9520.0870; or

(iv) a provider of intensive residential treatment services (IRTS) licensed under
Minnesota Rules, parts 9520.0500 to 9520.0670; or

(2) the license holder's beds occupied by residents whose primary diagnosis is
mental illness and the license holder is certified under the requirements in subdivision 6a.

(f) (e) A resource need determination process, managed at the state level, using the
available reports required by section 144A.351, and other data and information shall
be used to determine where the reduced capacity required under paragraph (d) (c) will
be implemented. The commissioner shall consult with the stakeholders described in
section 144A.351, and employ a variety of methods to improve the state's capacity to
meet long-term care service needs within budgetary limits, including seeking proposals
from service providers or lead agencies to change service type, capacity, or location to
improve services, increase the independence of residents, and better meet needs identified
by the long-term care services reports and statewide data and information. By February
1 of each, 2013, and August 1, 2014, and each following year, the commissioner shall
provide information and data on the overall capacity of licensed long-term care services,
actions taken under this subdivision to manage statewide long-term care services and
supports resources, and any recommendations for change to the legislative committees
with jurisdiction over health and human services budget.

(f) (f) At the time of application and reapplication for licensure, the applicant and the
license holder that are subject to the moratorium or an exclusion established in paragraph
238.1 (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. The commissioner shall print on the foster care license certificate whether or not the physical location is the primary residence of the license holder.

238.7 (b) License holders of foster care homes identified under paragraph (a) that are not the primary residence of the license holder and that also provide services in the foster care home that are covered by a federally approved home and community-based services waiver, as authorized under section 256B.0915, 256B.092, or 256B.49, must inform the human services licensing division that the license holder provides or intends to provide these waiver-funded services. These license holders must be considered registered under section 256B.092, subdivision 11, paragraph (c), and this registration status must be identified on their license certificates.

238.15 Sec. 4. Minnesota Statutes 2012, section 252.291, is amended by adding a subdivision to read:

Subd. 2b. Nicollet County facility project. The commissioner of health shall certify one additional bed in an intermediate care facility for persons with developmental disabilities in Nicollet County.

238.20 Sec. 5. Minnesota Statutes 2012, section 256.9657, subdivision 3a, is amended to read:

Subd. 3a. ICF/MR ICF/DD license surcharge. (a) Effective July 1, 2003, each non-state-operated facility as defined under section 256B.501, subdivision 1, shall pay to the commissioner an annual surcharge according to the schedule in subdivision 4, paragraph (d). The annual surcharge shall be $1,040 per licensed bed. If the number of licensed beds is reduced, the surcharge shall be based on the number of remaining licensed beds the second month following the receipt of timely notice by the commissioner of human services that beds have been delicensed. The facility must notify the commissioner of health in writing when beds are delicensed. The commissioner of health must notify the commissioner of human services within ten working days after receiving written notification. If the notification is received by the commissioner of human services by the 15th of the month, the invoice for the second following month must be reduced to recognize the delicensing of beds. The commissioner may reduce, and may subsequently restore, the surcharge under this subdivision based on the commissioner's determination of a permissible surcharge.
(b) Effective July 1, 2013, the surcharge under paragraph (a) is increased to $3,679 per licensed bed.

EFFECTIVE DATE. This section is effective July 1, 2013.

Sec. 6. Minnesota Statutes 2012, section 256B.0915, subdivision 3a, is amended to read:

Subd. 3a. Elderly waiver cost limits. (a) The monthly limit for the cost of waivered services to an individual elderly waiver client except for individuals described in paragraphs (b) and (d) shall be the weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the recipient's maintenance needs allowance as described in subdivision 1d, paragraph (a), until the first day of the state fiscal year in which the resident assessment system as described in section 256B.438 for nursing home rate determination is implemented. Effective on the first day of the state fiscal year in which the resident assessment system as described in section 256B.438 for nursing home rate determination is implemented and the first day of each subsequent state fiscal year, the monthly limit for the cost of waivered services to an individual elderly waiver client shall be the rate of the case mix resident class to which the waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, in effect on the last day of the previous state fiscal year, adjusted by any legislatively adopted home and community-based services percentage rate adjustment.

(b) The monthly limit for the cost of waivered services to an individual elderly waiver client assigned to a case mix classification A under paragraph (a) with:

1. no dependencies in activities of daily living; or
2. up to two dependencies in bathing, dressing, grooming, walking, and eating when the dependency score in eating is three or greater as determined by an assessment performed under section 256B.0911 shall be $1,750 per month effective on July 1, 2011, for all new participants enrolled in the program on or after July 1, 2011. This monthly limit shall be applied to all other participants who meet this criteria at reassessment. This monthly limit shall be increased annually as described in paragraph (a).

(c) If extended medical supplies and equipment or environmental modifications are or will be purchased for an elderly waiver client, the costs may be prorated for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's waivered services exceeds the monthly limit established in paragraph (a) or (b), the annual cost of all waivered services shall be determined. In this event, the annual cost of all waivered services shall not exceed 12 times the monthly limit of waivered services as described in paragraph (a) or (b).
(d) Effective July 1, 2013, the monthly cost limit of waiver services, including
any necessary home care services described in section 256B.0651, subdivision 2, for
individuals who meet the criteria as ventilator-dependent given in section 256B.0651,
subdivision 1, paragraph (g), shall be the average of the monthly medical assistance
amount established for home care services as described in section 256B.0652, subdivision
7, and the annual average contracted amount established by the commissioner for nursing
facility services for ventilator-dependent individuals. This monthly limit shall be increased
annually as described in paragraph (a).

Sec. 7. Minnesota Statutes 2012, section 256B.0915, is amended by adding a
subdivision to read:

Subd. 3j. Individual community living support. Upon federal approval, there
is established a new service called individual community living support (ICLS) that is
available on the elderly waiver. ICLS providers may not be the landlord of recipients, nor
have any interest in the recipient's housing. ICLS must be delivered in a single-family
home or apartment where the service recipient or their family owns or rents, as
demonstrated by a lease agreement, and maintains control over the individual unit. Case
managers or care coordinators must develop individual ICLS plans in consultation with
the client using a tool developed by the commissioner. The commissioner shall establish
payment rates and mechanisms to align payments with the type and amount of service
provided, assure statewide uniformity for payment rates, and assure cost-effectiveness.
Licensing standards for ICLS shall be reviewed jointly by the Departments of Health and
Human Services to avoid conflict with provider regulatory standards pursuant to section
144A.43 and chapter 245D.

Sec. 8. Minnesota Statutes 2012, section 256B.0916, is amended by adding a
subdivision to read:

Subd. 11. Excess spending. County and tribal agencies are responsible for spending
in excess of the allocation made by the commissioner. In the event a county or tribal
agency spends in excess of the allocation made by the commissioner for a given allocation
period, they must submit a corrective action plan to the commissioner. The plan must state
the actions the agency will take to correct their overspending for the year following the
period when the overspending occurred. Failure to correct overspending shall result in
recoupment of spending in excess of the allocation. Nothing in this subdivision shall be
construed as reducing the county's responsibility to offer and make available feasible
home and community-based options to eligible waiver recipients within the resources allocated to them for that purpose.

Sec. 9. Minnesota Statutes 2012, section 256B.092, subdivision 7, is amended to read:

Subd. 7. Screening teams. (a) For persons with developmental disabilities, screening teams shall be established which shall evaluate the need for the level of care provided by residential-based habilitation services, residential services, training and habilitation services, and nursing facility services. The evaluation shall address whether home and community-based services are appropriate for persons who are at risk of placement in an intermediate care facility for persons with developmental disabilities, or for whom there is reasonable indication that they might require this level of care. The screening team shall make an evaluation of need within 60 working days of a request for service by a person with a developmental disability, and within five working days of an emergency admission of a person to an intermediate care facility for persons with developmental disabilities.

(b) The screening team shall consist of the case manager for persons with developmental disabilities, the person, the person's legal guardian or conservator, or the parent if the person is a minor, and a qualified developmental disability professional, as defined in Code of Federal Regulations, title 42, section 483.430, as amended through June 3, 1988. The case manager may also act as the qualified developmental disability professional if the case manager meets the federal definition.

(c) County social service agencies may contract with a public or private agency or individual who is not a service provider for the person for the public guardianship representation required by the screening or individual service planning process. The contract shall be limited to public guardianship representation for the screening and individual service planning activities. The contract shall require compliance with the commissioner's instructions and may be for paid or voluntary services.

(d) For persons determined to have overriding health care needs and are seeking admission to a nursing facility or an ICF/MR, or seeking access to home and community-based waivered services, a registered nurse must be designated as either the case manager or the qualified developmental disability professional.

(e) For persons under the jurisdiction of a correctional agency, the case manager must consult with the corrections administrator regarding additional health, safety, and supervision needs.

(f) The case manager, with the concurrence of the person, the person's legal guardian or conservator, or the parent if the person is a minor, may invite other individuals to attend meetings of the screening team. With the permission of the person being screened...
or the person's designated legal representative, the person's current provider of services
may submit a written report outlining their recommendations regarding the person's care
needs prepared by a direct service employee with at least 20 hours of service to that client.
The screening team must notify the provider of the date by which this information is to
be submitted. This information must be provided to the screening team and the person
or the person's legal representative and must be considered prior to the finalization of
the screening.

(g) Upon federal approval, if during an assessment or reassessment the recipient
is determined to be able to have the recipient's needs met through alternative services
in a less restrictive setting, the case manager shall help the recipient develop a plan to
transition to an appropriate less restrictive setting.

(h) No member of the screening team shall have any direct or indirect service
provider interest in the case.

(i) Nothing in this section shall be construed as requiring the screening team
meeting to be separate from the service planning meeting.

EFFECTIVE DATE. This section is effective January 1, 2014.

Sec. 10. Minnesota Statutes 2012, section 256B.092, subdivision 11, is amended to read:

Subd. 11. Residential support services. (a) Upon federal approval, there is
established a new service called residential support that is available on the community
alternative care, community alternatives for disabled individuals, developmental
disabilities, and brain injury waivers. Existing waiver service descriptions must be
modified to the extent necessary to ensure there is no duplication between other services.
Residential support services must be provided by vendors licensed as a community
residential setting as defined in section 245A.11, subdivision 8.

(b) Residential support services must meet the following criteria:

(1) providers of residential support services must own or control the residential site;
(2) the residential site must not be the primary residence of the license holder;
(3) the residential site must have a designated program supervisor responsible for
program oversight, development, and implementation of policies and procedures;
(4) the provider of residential support services must provide supervision, training,
and assistance as described in the person's coordinated service and support plan; and
(5) the provider of residential support services must meet the requirements of
licensure and additional requirements of the person's coordinated service and support plan.

(c) Providers of residential support services that meet the definition in paragraph
(a) must be registered using a process determined by the commissioner beginning July

Article 7 Sec. 10.
1, 2009. Providers licensed to provide child foster care under Minnesota Rules, parts
2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts
9555.5105 to 9555.6265, and that meet the requirements in section 245A.03, subdivision
7, paragraph (e) (f), are considered registered under this section.

Sec. 11. Minnesota Statutes 2012, section 256B.092, subdivision 12, is amended to read:
Subd. 12. Waivered services statewide priorities. (a) The commissioner shall
establish statewide priorities for individuals on the waiting list for developmental
disabilities (DD) waiver services, as of January 1, 2010. The statewide priorities must
include, but are not limited to, individuals who continue to have a need for waiver services
after they have maximized the use of state plan services and other funding resources,
including natural supports, prior to accessing waiver services, and who meet at least one
of the following criteria:

(1) no longer require the intensity of services provided where they are currently
living; or
(2) make a request to move from an institutional setting.

(b) After the priorities in paragraph (a) are met, priority must also be given to
individuals who meet at least one of the following criteria:

The index for the inflation adjustment must be based on the change in the Consumer Price Index-All Items (United States City average) (CPI-U) forecasted by the commissioner of management and budget's national economic consultant, as forecasted in the fourth quarter of the calendar year preceding the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined. For the rate years beginning on July 1, 1999, July 1, 2000, July 1, 2001, July 1, 2002, July 1, 2003, July 1, 2004, July 1, 2005, July 1, 2006, July 1, 2007, July 1, 2008, October 1, 2009, and October 1, 2010, this paragraph shall apply only to the property-related payment rate. For the rate years beginning on October 1, 2011, and October 1, 2012, October 1, 2013, October 1, 2014, October 1, 2015, and October 1, 2016, the rate adjustment under this paragraph shall be suspended. Beginning in 2005, adjustment to the property payment rate under this section and section 256B.431...
shall be effective on October 1. In determining the amount of the property-related payment
rate adjustment under this paragraph, the commissioner shall determine the proportion of
the facility's rates that are property-related based on the facility's most recent cost report.
(d) The commissioner shall develop additional incentive-based payments of up to
five percent above a facility's operating payment rate for achieving outcomes specified
in a contract. The commissioner may solicit contract amendments and implement those
which, on a competitive basis, best meet the state's policy objectives. The commissioner
shall limit the amount of any incentive payment and the number of contract amendments
under this paragraph to operate the incentive payments within funds appropriated for this
purpose. The contract amendments may specify various levels of payment for various
levels of performance. Incentive payments to facilities under this paragraph may be in the
form of time-limited rate adjustments or onetime supplemental payments. In establishing
the specified outcomes and related criteria, the commissioner shall consider the following
state policy objectives:
(1) successful diversion or discharge of residents to the residents' prior home or other
community-based alternatives;
(2) adoption of new technology to improve quality or efficiency;
(3) improved quality as measured in the Nursing Home Report Card;
(4) reduced acute care costs; and
(5) any additional outcomes proposed by a nursing facility that the commissioner
finds desirable.
(e) Notwithstanding the threshold in section 256B.431, subdivision 16, facilities that
take action to come into compliance with existing or pending requirements of the life
safety code provisions or federal regulations governing sprinkler systems must receive
reimbursement for the costs associated with compliance if all of the following conditions
are met:
(1) the expenses associated with compliance occurred on or after January 1, 2005,
and before December 31, 2008;
(2) the costs were not otherwise reimbursed under subdivision 4f or section
144A.071 or 144A.073; and
(3) the total allowable costs reported under this paragraph are less than the minimum
threshold established under section 256B.431, subdivision 15, paragraph (e), and
subdivision 16.
The commissioner shall use money appropriated for this purpose to provide to qualifying
nursing facilities a rate adjustment beginning October 1, 2007, and ending September 30,
2008. Nursing facilities that have spent money or anticipate the need to spend money
to satisfy the most recent life safety code requirements by (1) installing a sprinkler system or (2) replacing all or portions of an existing sprinkler system may submit to the commissioner by June 30, 2007, on a form provided by the commissioner the actual costs of a completed project or the estimated costs, based on a project bid, of a planned project. The commissioner shall calculate a rate adjustment equal to the allowable costs of the project divided by the resident days reported for the report year ending September 30, 2006. If the costs from all projects exceed the appropriation for this purpose, the commissioner shall allocate the money appropriated on a pro rata basis to the qualifying facilities by reducing the rate adjustment determined for each facility by an equal percentage. Facilities that used estimated costs when requesting the rate adjustment shall report to the commissioner by January 31, 2009, on the use of this money on a form provided by the commissioner. If the nursing facility fails to provide the report, the commissioner shall recoup the money paid to the facility for this purpose. If the facility reports expenditures allowable under this subdivision that are less than the amount received in the facility's annualized rate adjustment, the commissioner shall recoup the difference.

Sec. 25. Minnesota Statutes 2012, section 256B.434, is amended by adding a subdivision to read:

Subd. 19a. Nursing facility rate adjustments beginning September 1, 2013. A total of a five percent average rate adjustment shall be provided as described under this subdivision and under section 256B.441, subdivision 46b.

(1) the administrator;

(2) persons employed in the central office of a corporation that has an ownership interest in the nursing facility or exercises control over the nursing facility; and

(3) persons paid by the nursing facility under a management contract.

(c) The commissioner shall allow as compensation-related costs all costs for:

Nursing facilities may apply for the portion of the rate adjustment under paragraph (a) that is subject to the requirements in paragraph (b). The application must be submitted to the commissioner within six months of the effective date of the rate adjustment, and the nursing facility must provide additional information required by the commissioner within nine months of the effective date of the rate adjustment. The commissioner must respond to all applications within three weeks of receipt. The commissioner may waive the deadlines in this paragraph under extraordinary circumstances, to be determined at the sole discretion of the commissioner. The application must contain:

(1) an estimate of the amounts of money that must be used as specified in paragraph (b);

(2) a detailed distribution plan specifying the allowable compensation-related increases the nursing facility will implement to use the funds available in clause (1);

(3) a description of how the nursing facility will notify eligible employees of the contents of the approved application, which must provide for giving each eligible employee a copy of the approved application, excluding the information required in clause (1), or posting a copy of the approved application, excluding the information required in clause (1), for a period of at least six weeks in an area of the nursing facility to which all eligible employees have access; and

(4) instructions for employees who believe they have not received the compensation-related increases specified in clause (2), as approved by the commissioner, and which must include a mailing address, e-mail address, and the telephone number that may be used by the employee to contact the commissioner or the commissioner's representative.

dental insurance, life insurance, disability insurance, and workers' compensation
shall be allowable compensation-related increases if they are effective on or after April

bargaining representative, the commissioner shall approve the application only upon
receipt of a letter of acceptance of the distribution plan, in regard to members of the
bargaining unit, signed by the exclusive bargaining agent, and dated after May 25, 2013.
Upon receipt of the letter of acceptance, the commissioner shall deem all requirements of
this provision as having been met in regard to the members of the bargaining unit.

(f) The commissioner shall review applications received under paragraph (d) and
shall provide the portion of the rate adjustment under paragraph (b) if the requirements
of this statute have been met. The rate adjustment shall be effective September 1, 2013.
Notwithstanding paragraph (a), if the approved application distributes less money than is
available, the amount of the rate adjustment shall be reduced so that the amount of money
made available is equal to the amount to be distributed.

(g) The increase in this subdivision shall be applied as a percentage to operating
payment rates in effect on August 31, 2013. For each facility, the commissioner shall
determine the operating payment rate, not including any rate components resulting from
equitable cost-sharing for publicly owned nursing facility program participation under
section 256B.441, subdivision 55a, critical access nursing facility program participation
under section 256B.441, subdivision 63, or performance-based incentive payment
program participation under subdivision 4, paragraph (d), for a RUG class with a weight
of 1.00 in effect on August 31, 2013.

The recalculated planned closure rate adjustment shall be effective from the date the per bed dollar amount is increased.

(g) For planned closures approved after June 30, 2009, the commissioner of human services shall calculate the amount of the planned closure rate adjustment available under subdivision 3, paragraph (b), according to paragraph (a), clauses (1) to (4).

The system profiles must be designed to provide information on quality to:

(1) consumers and their families to facilitate informed choices of service providers;

(2) providers to enable them to measure the results of their quality improvement efforts and compare quality achievements with other service providers; and

(3) public and private purchasers of long-term care services to enable them to purchase high-quality care.

determined in subdivisions 1 and 2a. The commissioner shall limit the types of home and
community-based services providers that may receive the quality add-on and the amount
of the quality add-on payments to operate the quality add-on within funds appropriated for
this purpose and based on the availability of the quality measures.

Sec. 35. Minnesota Statutes 2012, section 256B.441, subdivision 44, is amended to read:

Subd. 44. **Calculation of a quality score.** (a) The commissioner shall determine

3. use of pool staff;
4. quality indicators from the minimum data set; and
5. survey deficiencies.

(d) For rate years beginning after October 1, 2006, when making revisions to the
quality measures or method for calculating scores, the commissioner shall publish the
methodology in the State Register at least 15 months prior to the start of the rate year for
which the revised methodology is to be used for rate-setting purposes. The quality score
used to determine payment rates shall be established for a rate year using data submitted
in the statistical and cost report from the associated reporting year, and using data from
other sources related to a period beginning no more than six months prior to the associated
reporting year. Beginning July 1, 2013, the quality score shall be a value between zero and
100, using data as provided in the Minnesota nursing home report card, with 50 percent
derived from the Minnesota quality indicators score, 40 percent derived from the resident

(b) For each facility, the commissioner shall compute a quality factor by subtracting 40 from the most recent quality score computed under subdivision 44, and then dividing by 60. If the quality factor is less than zero, the commissioner shall use the value zero.

(c) The quality add-ons shall be the operating payment rates determined in paragraph (a), multiplied by the quality factor determined in paragraph (b), and then multiplied by 3.2 percent. The commissioner shall implement the quality add-ons effective September 1, 2013.

(1) no longer require the intensity of services provided where they are currently living; or

(2) make a request to move from an institutional setting.

(b) After the priorities in paragraph (a) are met, priority must also be given to individuals who meet at least one of the following criteria:

(1) have unstable living situations due to the age, incapacity, or sudden loss of the primary caregivers;

(2) are moving from an institution due to bed closures;

(3) experience a sudden closure of their current living arrangement;

(e) The commissioner shall evaluate the impact of the use of statewide priorities and provide recommendations to the legislature on whether to continue the use of statewide priorities in the November 1, 2011, annual report required by the commissioner in sections 256B.0916, subdivision 7, and 256B.49, subdivision 24.

recommendations regarding the recipient's care needs prepared by a direct service
employee with at least 20 hours of service to that client. The person conducting the
assessment or reassessment must notify the provider of the date by which this information
is to be submitted. This information shall be provided to the person conducting the
assessment and the person or the person's legal representative and must be considered
prior to the finalization of the assessment or reassessment.

(b) There must be a determination that the client requires a hospital level of care or a
nursing facility level of care as defined in section 256B.0911, subdivision 4a, paragraph
(d), at initial and subsequent assessments to initiate and maintain participation in the
waiver program.

(c) Regardless of other assessments identified in section 144.0724, subdivision 4, as
appropriate to determine nursing facility level of care for purposes of medical assistance
payment for nursing facility services, only face-to-face assessments conducted according
to section 256B.0911, subdivisions 3a, 3b, and 4d, that result in a hospital level of care
determination or a nursing facility level of care determination must be accepted for
purposes of initial and ongoing access to waiver services payment.

(d) Recipients who are found eligible for home and community-based services under
this section before their 65th birthday may remain eligible for these services after their
65th birthday if they continue to meet all other eligibility factors.

(e) The commissioner shall develop criteria to identify recipients whose level of
functioning is reasonably expected to improve and reassess these recipients to establish
a baseline assessment. Recipients who meet these criteria must have a comprehensive
transitional service plan developed under subdivision 15, paragraphs (b) and (e), and be
reassessed every six months until there has been no significant change in the recipient's
functioning for at least 12 months. After there has been no significant change in the
recipient's functioning for at least 12 months, reassessments of the recipient's strengths,
informal support systems, and need for services shall be conducted at least every 12
months and at other times when there has been a significant change in the recipient's
functioning. Counties, case managers, and service providers are responsible for
conducting these reassessments and shall complete the reassessments out of existing funds.

Sec. 40. Minnesota Statutes 2012, section 256B.49, subdivision 15, is amended to read:

Subd. 15. Coordinated service and support plan; comprehensive transitional
service plan; maintenance service plan. (a) Each recipient of home and community-based

Article 7 Sec. 40.
waivered services shall be provided a copy of the written coordinated service and support plan which meets the requirements in section 256B.092, subdivision 1b.

(b) In developing the comprehensive transitional service plan, the individual receiving services, the case manager, and the guardian, if applicable, will identify the transitional service plan fundamental service outcome and anticipated timeline to achieve this outcome. Within the first 20 days following a recipient's request for an assessment or reassessment, the transitional service planning team must be identified. A team leader must be identified who will be responsible for assigning responsibility and communicating with team members to ensure implementation of the transition plan and ongoing assessment and communication process. The team leader should be an individual, such as the case manager or guardian, who has the opportunity to follow the recipient to the next level of service.

Within ten days following an assessment, a comprehensive transitional service plan must be developed incorporating elements of a comprehensive functional assessment and including short-term measurable outcomes and timelines for achievement of and reporting on these outcomes. Functional milestones must also be identified and reported according to the timelines agreed upon by the transitional service planning team. In addition, the comprehensive transitional service plan must identify additional supports that may assist in the achievement of the fundamental service outcome such as the development of greater natural community support, increased collaboration among agencies, and technological supports.

The timelines for reporting on functional milestones will prompt a reassessment of services provided, the units of services, rates, and appropriate service providers. It is the responsibility of the transitional service planning team leader to review functional milestone reporting to determine if the milestones are consistent with observable skills and that milestone achievement prompts any needed changes to the comprehensive transitional service plan.

For those whose fundamental transitional service outcome involves the need to procure housing, a plan for the recipient to seek the resources necessary to secure the least restrictive housing possible should be incorporated into the plan, including employment and public supports such as housing access and shelter needy funding.

(c) Counties and other agencies responsible for funding community placement and ongoing community supportive services are responsible for the implementation of the comprehensive transitional service plans. Oversight responsibilities include both ensuring effective transitional service delivery and efficient utilization of funding resources.

(d) Following one year of transitional services, the transitional services planning team will make a determination as to whether or not the individual receiving services requires...
the current level of continuous and consistent support in order to maintain the recipient's current level of functioning. Recipients who are determined to have not had a significant change in functioning for 12 months must move from a transitional to a maintenance service plan. Recipients on a maintenance service plan must be reassessed to determine if the recipient would benefit from a transitional service plan at least every 12 months and at other times when there has been a significant change in the recipient's functioning. This assessment should consider any changes to technological or natural community supports.

(e) When a county is evaluating denials, reductions, or terminations of home and community-based services under section 256B.49 for an individual, the case manager shall offer to meet with the individual or the individual's guardian in order to discuss the prioritization of service needs within the coordinated service and support plan, comprehensive transitional service plan, or maintenance service plan. The reduction in the authorized services for an individual due to changes in funding for waivered services may not exceed the amount needed to ensure medically necessary services to meet the individual's health, safety, and welfare.

(f) At the time of reassessment, local agency case managers shall assess each recipient of community alternatives for disabled individuals or brain injury waivered services currently residing in a licensed adult foster home that is not the primary residence of the license holder, or in which the license holder is not the primary caregiver, to determine if that recipient could appropriately be served in a community-living setting. If appropriate for the recipient, the case manager shall offer the recipient, through a person-centered planning process, the option to receive alternative housing and service options. In the event that the recipient chooses to transfer from the adult foster home, the vacated bed shall not be filled with another recipient of waiver services and group residential housing and the licensed capacity shall be reduced accordingly, unless the savings required by the licensed bed closure reductions under Laws 2011, First Special Session chapter 9, article 7, sections 1 and 40, paragraph (f), for foster care settings where the physical location is not the primary residence of the license holder are met through voluntary changes described in section 245A.03, subdivision 7, paragraph (4) (e), or as provided under paragraph (a), clauses (3) and (4). If the adult foster home becomes no longer viable due to these transfers, the county agency, with the assistance of the department, shall facilitate a consolidation of settings or closure. This reassessment process shall be completed by July 1, 2013.

Sec. 41. Minnesota Statutes 2012, section 256B.49, is amended by adding a subdivision to read:
Subd. 25. Reduce avoidable behavioral crisis emergency room admissions, psychiatric inpatient hospitalizations, and commitments to institutions. (a) Persons receiving home and community-based services authorized under this section who have two or more admissions within a calendar year to an emergency room, psychiatric unit, or institution must receive consultation from a mental health professional as defined in section 245.462, subdivision 18, or a behavioral professional as defined in the home and community-based services state plan within 30 days of discharge. The mental health professional or behavioral professional must:

(1) conduct a functional assessment of the crisis incident as defined in section 245D.02, subdivision 11, which led to the hospitalization with the goal of developing proactive strategies as well as necessary reactive strategies to reduce the likelihood of future avoidable hospitalizations due to a behavioral crisis;

(2) use the results of the functional assessment to amend the coordinated service and support plan in section 245D.02, subdivision 4b, to address the potential need for additional staff training, increased staffing, access to crisis mobility services, mental health services, use of technology, and crisis stabilization services in section 256B.0624, subdivision 7; and

(3) identify the need for additional consultation, testing, mental health crisis intervention team services as defined in section 245D.02, subdivision 20, psychotropic medication use and monitoring under section 245D.051, and the frequency and duration of ongoing consultation.

(b) For the purposes of this subdivision, "institution" includes, but is not limited to, the Anoka-Metro Regional Treatment Center and the Minnesota Security Hospital.

Sec. 42. Minnesota Statutes 2012, section 256B.49, is amended by adding a subdivision to read:

Subd. 26. Excess allocations. County and tribal agencies will be responsible for authorizations in excess of the allocation made by the commissioner. In the event a county or tribal agency authorizes in excess of the allocation made by the commissioner for a given allocation period, the county or tribal agency must submit a corrective action plan to the commissioner. The plan must state the actions the agency will take to correct their overspending for the year following the period when the overspending occurred. Failure to correct overauthorizations shall result in recoupment of authorizations in excess of the allocation. Nothing in this subdivision shall be construed as reducing the county's responsibility to offer and make available feasible home and community-based options to eligible waiver recipients within the resources allocated to them for that purpose.
Sec. 43. Minnesota Statutes 2012, section 256B.492, is amended to read:

**256B.492 HOME AND COMMUNITY-BASED SETTINGS FOR PEOPLE**

WITH DISABILITIES.

4. be segregated based on a disability, either physically or because of setting characteristics, from the larger community; and
5. have the qualities of an institution which include, but are not limited to: regimented meal and sleep times, limitations on visitors, and lack of privacy. Restrictions agreed to and documented in the person's individual service plan shall not result in a residence having the qualities of an institution as long as the restrictions for the person are not imposed upon others in the same residence and are the least restrictive alternative, imposed for the shortest possible time to meet the person's needs.

(c) The provisions of paragraphs (a) and (b) do not apply to any setting in which individuals receive services under a home and community-based waiver as of July 1, 2012, and the setting does not meet the criteria of this section.

(d) Notwithstanding paragraph (c), a program in Hennepin County established as part of a Hennepin County demonstration project is qualified for the exception allowed under paragraph (c).

(e) The commissioner shall submit an amendment to the waiver plan no later than December 31, 2012.

Article 7 Sec. 43.
Sec. 44. Minnesota Statutes 2012, section 256B.493, subdivision 2, is amended to read:

Subd. 2. Planned closure process needs determination. The commissioner shall announce and implement a program for planned closure of adult foster care homes. Planned closure shall be the preferred method for achieving necessary budgetary savings required by the licensed bed closure budget reduction in section 245A.03, subdivision 7, paragraph (d) (c). If additional closures are required to achieve the necessary savings, the commissioner shall use the process and priorities in section 245A.03, subdivision 7, paragraph (d) (c).

children with autism spectrum disorder and other developmental conditions. (a) The

commissioner shall require managed care plans and county-based purchasing plans, as

a condition of contract, to implement strategies that facilitate access for young children

between the ages of one and three years to periodic developmental and social-emotional

screenings, as recommended by the Minnesota Interagency Developmental Screening

Task Force, and that those children who do not meet milestones are provided access to

appropriate evaluation and assessment, including treatment recommendations, expected to

improve the child's functioning, with the goal of meeting milestones by age five.

(b) The following information from encounter data provided to the commissioner

shall be reported on the department's public Web site for each managed care plan and

shall establish a medical assistance state plan option for the provision of home and

community-based personal assistance service and supports called "community first

services and supports (CFSS)."

(b) CFSS is a participant-controlled method of selecting and providing services

and supports that allows the participant maximum control of the services and supports.

Participants may choose the degree to which they direct and manage their supports by
278.1 choosing to have a significant and meaningful role in the management of services and
278.2 supports including by directly employing support workers with the necessary supports
278.3 to perform that function.
278.4 (c) CFSS is available statewide to eligible individuals to assist with accomplishing
278.5 activities of daily living (ADLs), instrumental activities of daily living (IADLs), and
278.6 health-related procedures and tasks through hands-on assistance to accomplish the task
278.7 or constant supervision and cueing to accomplish the task; and to assist with acquiring,
278.8 maintaining, and enhancing the skills necessary to accomplish ADLs, IADLs, and
278.9 health-related procedures and tasks. CFSS allows payment for certain supports and goods
278.10 such as environmental modifications and technology that are intended to replace or
278.11 decrease the need for human assistance.
278.12 (d) Upon federal approval, CFSS will replace the personal care assistance program

subdivision 5 a participant is determined to be in need of a participant's representative, one
must be selected. If the participant is unable to assist in the selection of a participant's
representative, the legal representative shall appoint one. Two persons may be designated
as a participant's representative for reasons such as divided households and court-ordered

or financial management services contractor at least annually upon reassessment, or
when there is a significant change in the participant's condition, or a change in the need
for services and supports.

(b) The commissioner shall establish the format and criteria for the CFSS service
delivery plan.

(c) The CFSS service delivery plan must be person-centered and:

(1) specify the agency-provider or financial management services contractor selected
by the participant;

(2) reflect the setting in which the participant resides that is chosen by the participant;

(3) reflect the participant's strengths and preferences;
(4) include the means to address the clinical and support needs as identified through an assessment of functional needs;

(5) include individually identified goals and desired outcomes;

(6) reflect the services and supports, paid and unpaid, that will assist the participant to achieve identified goals, and the providers of those services and supports, including natural supports;

(7) identify the amount and frequency of face-to-face supports and amount and frequency of remote supports and technology that will be used;

(8) identify risk factors and measures in place to minimize them, including individualized backup plans;

(9) be understandable to the participant and the individuals providing support;

(10) identify the individual or entity responsible for monitoring the plan;

(11) be finalized and agreed to in writing by the participant and signed by all individuals and providers responsible for its implementation;

(12) be distributed to the participant and other people involved in the plan; and

(13) prevent the provision of unnecessary or inappropriate care.

(d) The total units of agency-provider services or the budget allocation amount for the budget model include both annual totals and a monthly average amount that cover the number of months of the service authorization. The amount used each month may vary, but additional funds must not be provided above the annual service authorization amount unless a change in condition is assessed and authorized by the certified assessor and documented in the community support plan, coordinated services and supports plan, and service delivery plan.

Subd. 7. Community first services and supports; covered services. Within the service unit authorization or budget allocation, services and supports covered under CFSS include:

(1) assistance to accomplish activities of daily living (ADLs), instrumental activities of daily living (IADLs), and health-related procedures and tasks through hands-on assistance to accomplish the task or constant supervision and cueing to accomplish the task;

(2) assistance to acquire, maintain, or enhance the skills necessary for the participant to accomplish activities of daily living, instrumental activities of daily living, or health-related tasks;

(3) expenditures for items, services, supports, environmental modifications, or goods, including assistive technology. These expenditures must:

(i) relate to a need identified in a participant's CFSS service delivery plan;
(ii) increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance for the participant's assessed needs;

(4) observation and redirection for behavior or symptoms where there is a need for assistance. An assessment of behaviors must meet the criteria in this clause. A recipient qualifies as having a need for assistance due to behaviors if the recipient's behavior requires assistance at least four times per week and shows one or more of the following behaviors:

(i) physical aggression towards self or others, or destruction of property that requires the immediate response of another person;

(ii) increased vulnerability due to cognitive deficits or socially inappropriate behavior; or

(iii) increased need for assistance for recipients who are verbally aggressive or resistive to care so that time needed to perform activities of daily living is increased;

(5) back-up systems or mechanisms, such as the use of pagers or other electronic devices, to ensure continuity of the participant's services and supports;

(6) transition costs, including:

(i) deposits for rent and utilities;

(ii) first month's rent and utilities;

(iii) bedding;

(iv) basic kitchen supplies;

(v) other necessities, to the extent that these necessities are not otherwise covered under any other funding that the participant is eligible to receive; and

(vi) other required necessities for an individual to make the transition from a nursing facility, institution for mental diseases, or intermediate care facility for persons with developmental disabilities to a community-based home setting where the participant resides; and

(7) services by a support specialist defined under subdivision 2 that are chosen by the participant.

Subd. 8. Determination of CFSS service methodology. (a) All community first services and supports must be authorized by the commissioner or the commissioner's designee before services begin, except for the assessments established in section 256B.0911. The authorization for CFSS must be completed as soon as possible following an assessment but no later than 40 calendar days from the date of the assessment.

(b) The amount of CFSS authorized must be based on the recipient's home care rating described in subdivision 8, paragraphs (d) and (e), and any additional service units for which the person qualifies as described in subdivision 8, paragraph (f).
(c) The home care rating shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner identifying the following for a recipient:

1. the total number of dependencies of activities of daily living as defined in subdivision 2, paragraph (b);
2. the presence of complex health-related needs as defined in subdivision 2, paragraph (e); and
3. the presence of Level I behavior as defined in subdivision 2, paragraph (d),

clause (1).

(d) The methodology to determine the total service units for CFSS for each home care rating is based on the median paid units per day for each home care rating from fiscal year 2007 data for the PCA program.

(e) Each home care rating is designated by the letters P through Z and EN and has the following base number of service units assigned:

(i) P home care rating requires Level 1 behavior or one to three dependencies in ADLs and qualifies one for five service units;
(ii) Q home care rating requires Level 1 behavior and one to three dependencies in ADLs and qualifies one for six service units;
(iii) R home care rating requires a complex health-related need and one to three dependencies in ADLs and qualifies one for seven service units;
(iv) S home care rating requires four to six dependencies in ADLs and qualifies one for ten service units;
(v) T home care rating requires four to six dependencies in ADLs and Level 1 behavior and qualifies one for 11 service units;
(vi) U home care rating requires four to six dependencies in ADLs and a complex health need and qualifies one for 14 service units;
(vii) V home care rating requires seven to eight dependencies in ADLs and qualifies one for 17 service units;
(viii) W home care rating requires seven to eight dependencies in ADLs and Level 1 behavior and qualifies one for 20 service units;
(ix) Z home care rating requires seven to eight dependencies in ADLs and a complex health related need and qualifies one for 30 service units; and
(x) EN home care rating includes ventilator dependency as defined in section 256B.0651, subdivision 1, paragraph (g). Recipients who meet the definition of ventilator-dependent and the EN home care rating and utilize a combination of CFSS and other home care services are limited to a total of 96 service units per day for those
services in combination. Additional units may be authorized when a recipient's assessment
indicates a need for two staff to perform activities. Additional time is limited to 16 service
units per day.

(f) Additional service units are provided through the assessment and identification of
the following:

(1) 30 additional minutes per day for a dependency in each critical activity of daily
living as defined in subdivision 2, paragraph (h);

(2) 30 additional minutes per day for each complex health-related function as
defined in subdivision 2, paragraph (e); and

(3) 30 additional minutes per day for each behavior issue as defined in subdivision 2,
paragraph (d).

Subd. 9. Noncovered services. (a) Services or supports that are not eligible for
payment under this section include those that:

(1) are not authorized by the certified assessor or included in the written service
delivery plan;

(2) are provided prior to the authorization of services and the approval of the written
CFSS service delivery plan;

(3) are duplicative of other paid services in the written service delivery plan;

(4) supplant natural unpaid supports that appropriately meet a need in the service
plan, are provided voluntarily to the participant and are selected by the participant in lieu
of other services and supports;

(5) are not effective means to meet the participant's needs; and

(6) are available through other funding sources, including, but not limited to, funding
through Title IV-E of the Social Security Act.

(b) Additional services, goods, or supports that are not covered include:

(1) those that are not for the direct benefit of the participant, except that services for
caregivers such as training to improve the ability to provide CFSS are considered to directly
benefit the participant if chosen by the participant and approved in the support plan;

(2) any fees incurred by the participant, such as Minnesota health care programs fees
and co-pays, legal fees, or costs related to advocate agencies;

(3) insurance, except for insurance costs related to employee coverage;

(4) room and board costs for the participant with the exception of allowable
transition costs in subdivision 7, clause (6);

(5) services, supports, or goods that are not related to the assessed needs;
(6) special education and related services provided under the Individuals with Disabilities Education Act and vocational rehabilitation services provided under the Rehabilitation Act of 1973;

(7) assistive technology devices and assistive technology services other than those for back-up systems or mechanisms to ensure continuity of service and supports listed in subdivision 7;

(8) medical supplies and equipment;

(9) environmental modifications, except as specified in subdivision 7;

(10) expenses for travel, lodging, or meals related to training the participant, the participant's representative, legal representative, or paid or unpaid caregivers that exceed $500 in a 12-month period;

(11) experimental treatments;

(12) any service or good covered by other medical assistance state plan services, including prescription and over-the-counter medications, compounds, and solutions and related fees, including premiums and co-payments;

(13) membership dues or costs, except when the service is necessary and appropriate to treat a physical condition or to improve or maintain the participant's physical condition. The condition must be identified in the participant's CFSS plan and monitored by a physician enrolled in a Minnesota health care program;

(14) vacation expenses other than the cost of direct services;

(15) vehicle maintenance or modifications not related to the disability, health condition, or physical need; and

(16) tickets and related costs to attend sporting or other recreational or entertainment events.

Subd. 10. Provider qualifications and general requirements. Agency-providers delivering services under the agency-provider model under subdivision 11 or financial management service (FMS) contractors under subdivision 13 shall:

(1) enroll as a medical assistance Minnesota health care programs provider and meet all applicable provider standards;

(2) comply with medical assistance provider enrollment requirements;

(3) demonstrate compliance with law and policies of CFSS as determined by the commissioner;

(4) comply with background study requirements under chapter 245C;

(5) verify and maintain records of all services and expenditures by the participant, including hours worked by support workers and support specialists;

(a) The agency-provider model is limited to the services provided by support workers and support specialists who are employed by an agency-provider that is licensed according to chapter 245A or meets other criteria established by the commissioner, including required training.
(b) The agency-provider shall allow the participant to have a significant role in the selection and dismissal of the support workers for the delivery of the services and supports specified in the participant's service delivery plan.
(c) A participant may use authorized units of CFSS services as needed within a service authorization that is not greater than 12 months. Using authorized units in a flexible manner in either the agency-provider model or the budget model does not increase the total amount of services and supports authorized for a participant or included in the participant's service delivery plan.
(d) A participant may share CFSS services. Two or three CFSS participants may share services at the same time provided by the same support worker.
(e) The agency-provider must use a minimum of 72.5 percent of the revenue generated by the medical assistance payment for CFSS for support worker wages and benefits. The agency-provider must document how this requirement is being met. The revenue generated by the support specialist and the reasonable costs associated with the support specialist must not be used in making this calculation.
(f) The agency-provider model must be used by individuals who have been restricted by the Minnesota restricted recipient program under Minnesota Rules, parts 9505.2160 to 9505.2245.
Subd. 12. **Requirements for enrollment of CFSS provider agencies.** (a) All CFSS provider agencies must provide, at the time of enrollment, reenrollment, and revalidation as a CFSS provider agency in a format determined by the commissioner, information and documentation that includes, but is not limited to, the following:

1. the CFSS provider agency's current contact information including address, telephone number, and e-mail address;
2. proof of surety bond coverage. Upon new enrollment, or if the provider agency's Medicaid revenue in the previous calendar year is less than or equal to $300,000, the provider agency must purchase a performance bond of $50,000. If the provider agency's Medicaid revenue in the previous calendar year is greater than $300,000, the provider agency must purchase a performance bond of $100,000. The performance bond must be in a form approved by the commissioner, must be renewed annually, and must allow for recovery of costs and fees in pursuing a claim on the bond;
3. proof of fidelity bond coverage in the amount of $20,000;
4. proof of workers' compensation insurance coverage;
5. proof of liability insurance;
6. a description of the CFSS provider agency's organization identifying the names or all owners, managing employees, staff, board of directors, and the affiliations of the directors, owners, or staff to other service providers;
7. a copy of the CFSS provider agency's written policies and procedures including:
   - hiring of employees; training requirements; service delivery; and employee and consumer safety including process for notification and resolution of consumer grievances, identification and prevention of communicable diseases, and employee misconduct;

(13) documentation that the agency will use at least the following percentages of
revenue generated from the medical assistance rate paid for CFSS services for employee
personal care assistant wages and benefits: 72.5 percent of revenue from CFSS providers,
The revenue generated by the support specialist and the reasonable costs associated with
the support specialist shall not be used in making this calculation; and
(14) documentation that the agency does not burden recipients' free exercise of their
right to choose service providers by requiring personal care assistants to sign an agreement
not to work with any particular CFSS recipient or for another CFSS provider agency after
leaving the agency and that the agency is not taking action on any such agreements or
requirements regardless of the date signed.
(b) CFSS provider agencies shall provide to the commissioner the information
specified in paragraph (a).
(c) All CFSS provider agencies shall require all employees in management and
supervisory positions and owners of the agency who are active in the day-to-day
management and operations of the agency to complete mandatory training as determined
by the commissioner. Employees in management and supervisory positions and owners
who are active in the day-to-day operations of an agency who have completed the required
training as an employee with a CFSS provider agency do not need to repeat the required
training if they are hired by another agency, if they have completed the training within
the past three years. CFSS provider agency billing staff shall complete training about
CFSS program financial management. Any new owners or employees in management
and supervisory positions involved in the day-to-day operations are required to complete
mandatory training as a requisite of working for the agency. CFSS provider agencies
certified for participation in Medicare as home health agencies are exempt from the
training required in this subdivision.

Subd. 13. **Budget model.** (a) Under the budget model participants can exercise
more responsibility and control over the services and supports described and budgeted
within the CFSS service delivery plan. Under this model, participants may use their
budget allocation to:
(1) directly employ support workers;
(2) obtain supports and goods as defined in subdivision 7; and
(3) choose a range of support assistance services from the financial management
services (FMS) contractor related to:
(i) assistance in managing the budget to meet the service delivery plan needs,
consistent with federal and state laws and regulations;
(ii) the employment, training, supervision, and evaluation of workers by the participant;

(iii) acquisition and payment for supports and goods; and

(iv) evaluation of individual service outcomes as needed for the scope of the participant's degree of control and responsibility.

(b) Participants who are unable to fulfill any of the functions listed in paragraph (a) may authorize a legal representative or participant's representative to do so on their behalf.

(c) The FMS contractor shall not provide CFSS services and supports under the agency-provider service model. The FMS contractor shall provide service functions as determined by the commissioner that include but are not limited to:

(1) information and consultation about CFSS;

(2) assistance with the development of the service delivery plan and budget model as requested by the participant;

(3) billing and making payments for budget model expenditures;

(5) data recording and reporting of participant spending; and

(6) other duties established in the contract with the department, including with respect to providing assistance to the participant, participant's representative, or legal representative in performing their employer responsibilities regarding support workers.

The support worker shall not be considered the employee of the financial management services contractor.

(d) A participant who requests to purchase goods and supports along with support worker services under the agency-provider model must use the budget model with a service delivery plan that specifies the amount of services to be authorized to the agency-provider and the expenditures to be paid by the FMS contractor.

(e) The FMS contractor shall:

(1) not limit or restrict the participant's choice of service or support providers or service delivery models consistent with any applicable state and federal requirements;

(3) be knowledgeable of state and federal employment regulations, including those under the Fair Labor Standards Act of 1938, and comply with the requirements under the
Internal Revenue Service Revenue Code Procedure 70-6, Section 35-4, Agency Employer

flow as determined by the commissioner and have on staff or under contract a certified
public accountant or an individual with a baccalaureate degree in accounting;

(5) assume fiscal accountability for state funds designated for the program; and

(6) maintain documentation of receipts, invoices, and bills to track all services and
supports expenditures for any goods purchased and maintain time records of support
workers. The documentation and time records must be maintained for a minimum of
five years from the claim date and be available for audit or review upon request by the
commissioner. Claims submitted by the FMS contractor to the commissioner for payment
must correspond with services, amounts, and time periods as authorized in the participant's
spending budget and service plan.

(f) The commissioner of human services shall:

(1) establish rates and payment methodology for the FMS contractor;

(2) identify a process to ensure quality and performance standards for the FMS
contractor and ensure statewide access to FMS contractors; and

the budget model and transfer them to the agency-provider model under the following

program, the participant may be excluded for a specified time period under Minnesota
Rules, parts 9505.2160 to 9505.2245;

(2) when a participant exits the budget model during the participant's service plan
year. Upon transfer, the participant shall not access the budget model for the remainder of
that service plan year; or

(3) when the department determines that the participant or participant's representative
or legal representative cannot manage participant responsibilities under the budget model.

The commissioner must develop policies for determining if a participant is unable to
manage responsibilities under a budget model.
(h) A participant may appeal under section 256.045, subdivision 3, in writing to the
department to contest the department's decision under paragraph (c), clause (3), to remove
or exclude the participant from the budget model.

Subd. 14. Participant's responsibilities under budget model. (a) A participant
using the budget model must use an FMS contractor or vendor that is under contract with
the department. Upon a determination of eligibility and completion of the assessment and
community support plan, the participant shall choose a FMS contractor from a list of
eligible vendors maintained by the department.

(b) When the participant, participant's representative, or legal representative
chooses to be the employer of the support worker, they are responsible for the hiring and
supervision of the support worker, including, but not limited to, recruiting, interviewing,
training, scheduling, and discharging the support worker consistent with federal and
state laws and regulations.

(c) In addition to the employer responsibilities in paragraph (b), the participant,
participant's representative, or legal representative is responsible for:

(1) tracking the services provided and all expenditures for goods or other supports;

(2) preparing and submitting time sheets, signed by both the participant and support
worker, to the FMS contractor on a regular basis and in a timely manner according to
the FMS contractor's procedures;

not limited to, any hospitalization of the participant or change in the participant's address,
telephone number, or employment;

(4) notifying the FMS contractor of any changes in the employment status of each
participant support worker; and

(5) reporting any problems resulting from the quality of services rendered by the
support worker to the FMS contractor. If the participant is unable to resolve any problems
resulting from the quality of service rendered by the support worker with the assistance of
the FMS contractor, the participant shall report the situation to the department.

Subd. 15. Documentation of support services provided. (a) Support services
provided to a participant by a support worker employed by either an agency-provider
or the participant acting as the employer must be documented daily by each support
worker, on a time sheet form approved by the commissioner. All documentation may be
Web-based, electronic, or paper documentation. The completed form must be submitted
on a monthly basis to the provider or the participant and the FMS contractor selected by
the participant to provide assistance with meeting the participant's employer obligations

and kept in the recipient's health record.

(b) The activity documentation must correspond to the written service delivery plan

and be reviewed by the agency provider or the participant and the FMS contractor when

the participant is acting as the employer of the support worker.

(c) The time sheet must be on a form approved by the commissioner documenting

time the support worker provides services in the home. The following criteria must be

included in the time sheet:

(1) full name of the support worker and individual provider number;

(2) provider name and telephone numbers, if an agency-provider is responsible for

delivery services under the written service plan;

(3) full name of the participant;

participant's representative;

(3) have the skills and ability to provide the services and supports according to the

and responsibilities of support workers including information about basic body mechanics,
emergency preparedness, orientation to positive behavioral practices, orientation to

components, the support worker must pass the certification test to provide assistance
to participants;
(6) complete training and orientation on the participant's individual needs; and
(7) maintain the privacy and confidentiality of the participant, and not independently
determine the medication dose or time for medications for the participant.
(b) The commissioner may deny or terminate a support worker's provider enrollment

(c) A support worker may appeal in writing to the commissioner to contest the
decision to terminate the support worker's provider enrollment and provider number.

Subd. 17. **Support specialist requirements and payments.** The commissioner
shall develop qualifications, scope of functions, and payment rates and service limits for a
support specialist that may provide additional or specialized assistance necessary to plan,
implement, arrange, augment, or evaluate services and supports.

Subd. 18. **Service unit and budget allocation requirements and limits.** (a) For the
agency-provider model, services will be authorized in units of service. The total service
unit amount must be established based upon the assessed need for CFSS services, and must
not exceed the maximum number of units available as determined under subdivision 8.
(b) For the budget model, the budget allocation allowed for services and supports
is established by multiplying the number of units authorized under subdivision 8 by the
payment rate established by the commissioner.
Subd. 19. **Support system.** (a) The commissioner shall provide information, consultation, training, and assistance to ensure the participant is able to manage the services and supports and budgets, if applicable. This support shall include individual consultation on how to select and employ workers, manage responsibilities under CFSS, and evaluate personal outcomes.

(b) The commissioner shall provide assistance with the development of risk management agreements.

Subd. 20. **Service-related rights.** (a) Participants must be provided with adequate information, counseling, training, and assistance, as needed, to ensure that the participant is able to choose and manage services, models, and budgets. This support shall include information regarding:

1. person-centered planning;
2. the range and scope of individual choices;
3. the process for changing plans, services and budgets;
4. the grievance process;
5. individual rights;
6. identifying and assessing appropriate services;
7. risks and responsibilities; and
8. risk management.

(b) The commissioner must ensure that the participant has a copy of the most recent community support plan and service delivery plan.

(c) A participant who appeals a reduction in previously authorized CFSS services may continue previously authorized services pending an appeal in accordance with section 256.045.

(d) If the units of service or budget allocation for CFSS are reduced, denied, or terminated, the commissioner must provide notice of the reasons for the reduction in the participant's notice of denial, termination, or reduction.

(e) If all or part of a service delivery plan is denied approval, the commissioner must provide a notice that describes the basis of the denial.

Subd. 21. **Development and Implementation Council.** The commissioner shall establish a Development and Implementation Council of which the majority of members are individuals with disabilities, elderly individuals, and their representatives. The commissioner shall consult and collaborate with the council when developing and implementing this section for at least the first five years of operation. The commissioner, in consultation with the council, shall provide recommendations on how to improve the quality and integrity of CFSS, reduce the paper documentation required in subdivisions.

(d) Data reporting requirements will be developed in consultation with the council
established in subdivision 21.

Subd. 23. Commissioner's access. When the commissioner is investigating a
possible overpayment of Medicaid funds, the commissioner must be given immediate
access without prior notice to the agency provider or FMS contractor's office during
regular business hours and to documentation and records related to services provided and
submission of claims for services provided. Denying the commissioner access to records
is cause for immediate suspension of payment and terminating the agency provider's
enrollment according to section 256B.064 or terminating the FMS contract.

Subd. 24. CFSS agency-providers; background studies. CFSS agency-providers
enrolled to provide personal care assistance services under the medical assistance program
shall comply with the following:

(1) owners who have a five percent interest or more and all managing employees
are subject to a background study as provided in chapter 245C. This applies to currently
enrolled CFSS agency-providers and those agencies seeking enrollment as a CFSS
agency-provider. "Managing employee" has the same meaning as Code of Federal

Section 50. Minnesota Statutes 2012, section 256D.44, subdivision 5, is amended to read:

Subd. 5. Special needs. In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid who are not residents of a nursing home, a regional treatment center, or a group residential housing facility.

(a) The county agency shall pay a monthly allowance for medically prescribed diets if the cost of those additional dietary needs cannot be met through some other maintenance benefit. The need for special diets or dietary items must be prescribed by a licensed physician. Costs for special diets shall be determined as percentages of the allotment for a one-person household under the thrifty food plan as defined by the United States Department of Agriculture. The types of diets and the percentages of the thrifty food plan that are covered are as follows:

(1) high protein diet, at least 80 grams daily, 25 percent of thrifty food plan;
(2) controlled protein diet, 40 to 60 grams and requires special products, 100 percent
of thrifty food plan;
(3) controlled protein diet, less than 40 grams and requires special products, 125
percent of thrifty food plan;
(4) low cholesterol diet, 25 percent of thrifty food plan;
(5) high residue diet, 20 percent of thrifty food plan;
(6) pregnancy and lactation diet, 35 percent of thrifty food plan;
(7) gluten-free diet, 25 percent of thrifty food plan;
(8) lactose-free diet, 25 percent of thrifty food plan;
(9) antidumping diet, 15 percent of thrifty food plan;
(10) hypoglycemic diet, 15 percent of thrifty food plan; or
(11) ketogenic diet, 25 percent of thrifty food plan.
(b) Payment for nonrecurring special needs must be allowed for necessary home
repairs or necessary repairs or replacement of household furniture and appliances using
the payment standard of the AFDC program in effect on July 16, 1996, for these expenses,
as long as other funding sources are not available.
(c) A fee for guardian or conservator service is allowed at a reasonable rate
negotiated by the county or approved by the court. This rate shall not exceed five percent
of the assistance unit's gross monthly income up to a maximum of $100 per month. If the
guardian or conservator is a member of the county agency staff, no fee is allowed.
(d) The county agency shall continue to pay a monthly allowance of $68 for
restaurant meals for a person who was receiving a restaurant meal allowance on June 1,
1990, and who eats two or more meals in a restaurant daily. The allowance must continue
until the person has not received Minnesota supplemental aid for one full calendar month
or until the person's living arrangement changes and the person no longer meets the criteria
for the restaurant meal allowance, whichever occurs first.
(e) A fee of ten percent of the recipient's gross income or $25, whichever is less,
is allowed for representative payee services provided by an agency that meets the
requirements under SSI regulations to charge a fee for representative payee services. This
special need is available to all recipients of Minnesota supplemental aid regardless of
their living arrangement.
(f)(1) Notwithstanding the language in this subdivision, an amount equal to the
maximum allotment authorized by the federal Food Stamp Program for a single individual
which is in effect on the first day of July of each year will be added to the standards of
assistance established in subdivisions 1 to 4 for adults under the age of 65 who qualify
as shelter needy and are: (i) relocating from an institution, or an adult mental health

residential treatment program under section 256B.0622; (ii) eligible for the self-directed
supports option as defined under section 256B.0657, subdivision 2; or (iii) home and
community-based waiver recipients living in their own home or rented or leased apartment
which is not owned, operated, or controlled by a provider of service not related by blood
or marriage, unless allowed under paragraph (g).

(2) Notwithstanding subdivision 3, paragraph (c), an individual eligible for the
shelter needy benefit under this paragraph is considered a household of one. An eligible
individual who receives this benefit prior to age 65 may continue to receive the benefit
after the age of 65.

(3) "Shelter needy" means that the assistance unit incurs monthly shelter costs that
exceed 40 percent of the assistance unit's gross income before the application of this
special needs standard. "Gross income" for the purposes of this section is the applicant's or
recipient's income as defined in section 256D.35, subdivision 10, or the standard specified
in subdivision 3, paragraph (a) or (b), whichever is greater. A recipient of a federal or
state housing subsidy, that limits shelter costs to a percentage of gross income, shall not be
considered shelter needy for purposes of this paragraph.

(g) Notwithstanding this subdivision, to access housing and services as provided
in paragraph (f), the recipient may choose housing that may be owned, operated, or
controlled by the recipient's service provider. In a multifamily building of more than four
units, the maximum number of units that may be used by recipients of this program shall
be the greater of four units or 25 percent of the units in the building, unless required by the
Housing Opportunities for Persons with AIDS Program. In multifamily buildings of four
or fewer units, all of the units may be used by recipients of this program. When housing is
controlled by the service provider, the individual may choose the individual's own service
provider as provided in section 256B.49, subdivision 23, clause (3). When the housing is
controlled by the service provider, the service provider shall implement a plan with the
recipient to transition the lease to the recipient's name. Within two years of signing the
initial lease, the service provider shall transfer the lease entered into under this subdivision
to the recipient. In the event the landlord denies this transfer, the commissioner may
approve an exception within sufficient time to ensure the continued occupancy by the
recipient. This paragraph expires June 30, 2016.

To implement the reduction specified in

Notwithstanding any contrary provisions in this article, this paragraph expires June 30, 2015.

**Personal Care Assistance Relative Care.** The commissioner shall adjust the capitation payment rates for managed care organizations paid under Minnesota Statutes, section 256B.69, to reflect the rate reductions for personal care assistance provided by a relative pursuant to Minnesota Statutes, section 256B.0659, subdivision 11. Sec. 5. Minnesota Statutes 2012, section 245.91, is amended by adding a subdivision to read:

Subd. 3a. Emergency use of manual restraint. "Emergency use of manual restraint" has the meaning given in section 245D.02, subdivision 8a, and applies to services licensed under chapter 245D.

Sec. 6. Minnesota Statutes 2012, section 245.94, subdivision 2, is amended to read:

Subd. 2. Matters appropriate for review. (a) In selecting matters for review by the office, the ombudsman shall give particular attention to unusual deaths or injuries of a client or reports of emergency use of manual restraint as identified in section 245D.061, served by an agency, facility, or program, or actions of an agency, facility, or program that:

1. may be contrary to law or rule;
2. may be unreasonable, unfair, oppressive, or inconsistent with a policy or order of an agency, facility, or program;
3. may be mistaken in law or arbitrary in the ascertainment of facts;
4. may be unclear or inadequately explained, when reasons should have been revealed;
5. may result in abuse or neglect of a person receiving treatment;
(6) may disregard the rights of a client or other individual served by an agency or facility;  
(7) may impede or promote independence, community integration, and productivity for clients; or  
(8) may impede or improve the monitoring or evaluation of services provided to clients.  
(b) The ombudsman shall, in selecting matters for review and in the course of the review, avoid duplicating other investigations or regulatory efforts.

Sec. 7. Minnesota Statutes 2012, section 245.94, subdivision 2a, is amended to read:  
Subd. 2a. Mandatory reporting. Within 24 hours after a client suffers death or serious injury, the agency, facility, or program director shall notify the ombudsman of the death or serious injury. The emergency use of manual restraint must be reported to the ombudsman as required under section 245D.061, subdivision 10. The ombudsman is authorized to receive identifying information about a deceased client according to Code of Federal Regulations, title 42, section 2.15, paragraph (b).

Sec. 8. Minnesota Statutes 2012, section 245A.02, subdivision 10, is amended to read:  
Subd. 10. Nonresidential program. "Nonresidential program" means care, supervision, rehabilitation, training or habilitation of a person provided outside the person's own home and provided for fewer than 24 hours a day, including adult day care programs; and chemical dependency or chemical abuse programs that are located in a nursing home or hospital and receive public funds for providing chemical abuse or chemical dependency treatment services under chapter 254B. Nonresidential programs include home and community-based services and semi-independent living services for persons with developmental disabilities or persons age 65 and older that are provided in or outside of a person's own home under chapter 245D.

Sec. 9. Minnesota Statutes 2012, section 245A.02, subdivision 14, is amended to read:  
Subd. 14. Residential program. "Residential program" means a program that provides 24-hour-a-day care, supervision, food, lodging, rehabilitation, training, education, habilitation, or treatment outside a person's own home, including a program in an intermediate care facility for four or more persons with developmental disabilities; and chemical dependency or chemical abuse programs that are located in a hospital or nursing home and receive public funds for providing chemical abuse or chemical dependency treatment services under chapter 254B. Residential programs include home
and community-based services for persons with developmental disabilities or persons age
65 and older that are provided in or outside of a person's own home under chapter 245D.

Sec. 10. Minnesota Statutes 2012, section 245A.03, subdivision 7, is amended to read:
Subd. 7. Licensing moratorium. (a) The commissioner shall not issue an initial
license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340,
or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under
this chapter for a physical location that will not be the primary residence of the license
holder for the entire period of licensure. If a license is issued during this moratorium, and
the license holder changes the license holder's primary residence away from the physical
location of the foster care license, the commissioner shall revoke the license according
to section 245A.07. The commissioner shall not issue an initial license for a community
residential setting licensed under chapter 245D. Exceptions to the moratorium include:

(1) foster care settings that are required to be registered under chapter 144D;
(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or
community residential setting licenses replacing adult foster care licenses in existence on
December 31, 2013, and determined to be needed by the commissioner under paragraph (b);
(3) new foster care licenses or community residential setting licenses determined to
be needed by the commissioner under paragraph (b) for the closure of a nursing facility,
ICF/MR, or regional treatment center, or restructuring of state-operated services that
limits the capacity of state-operated facilities;
(4) new foster care licenses or community residential setting licenses determined to
be needed by the commissioner under paragraph (b) for persons requiring hospital
level care; or
(5) new foster care licenses or community residential setting licenses determined to
be needed by the commissioner for the transition of people from personal care assistance
to the home and community-based services.

(b) The commissioner shall determine the need for newly licensed foster care
homes or community residential settings as defined under this subdivision. As part of the
determination, the commissioner shall consider the availability of foster care capacity in
the area in which the licensee seeks to operate, and the recommendation of the local
county board. The determination by the commissioner must be final. A determination of
need is not required for a change in ownership at the same address.

(c) The commissioner shall study the effects of the license moratorium under this
subdivision and shall report back to the legislature by January 15, 2011. This study shall
include, but is not limited to the following:
(1) the overall capacity and utilization of foster care beds where the physical location
is not the primary residence of the license holder prior to and after implementation
of the moratorium;
(2) the overall capacity and utilization of foster care beds where the physical
location is the primary residence of the license holder prior to and after implementation
of the moratorium; and
(3) the number of licensed and occupied ICF/MR beds prior to and after
implementation of the moratorium.
(d) When a foster care recipient an adult resident served by the program moves out
of a foster home that is not the primary residence of the license holder according to section
256B.49, subdivision 15, paragraph (f), or the adult community residential setting, the
county shall immediately inform the Department of Human Services Licensing Division.
The department shall decrease the statewide licensed capacity for adult foster care settings
where the physical location is not the primary residence of the license holder, or for adult
community residential settings, if the voluntary changes described in paragraph (f) are
not sufficient to meet the savings required by reductions in licensed bed capacity under
Laws 2011, First Special Session chapter 9, article 7, sections 1 and 40, paragraph (f),
and maintain statewide long-term care residential services capacity within budgetary
limits. Implementation of the statewide licensed capacity reduction shall begin on July
1, 2013. The commissioner shall delicense up to 128 beds by June 30, 2014, using the
needs determination process. Under this paragraph, the commissioner has the authority
to reduce unused licensed capacity of a current foster care program, or the community
residential settings, to accomplish the consolidation or closure of settings. A decreased
licensed capacity according to this paragraph is not subject to appeal under this chapter.
(e) Residential settings that would otherwise be subject to the decreased license
capacity established in paragraph (d) shall be exempt under the following circumstances:
(1) until August 1, 2013, the license holder's beds occupied by residents whose
primary diagnosis is mental illness and the license holder is:
(i) a provider of assertive community treatment (ACT) or adult rehabilitative mental
health services (ARMHS) as defined in section 256B.0623;
(ii) a mental health center certified under Minnesota Rules, parts 9520.0750 to
9520.0870;
(iii) a mental health clinic certified under Minnesota Rules, parts 9520.0750 to
9520.0870; or
(iv) a provider of intensive residential treatment services (IRTS) licensed under
Minnesota Rules, parts 9520.0500 to 9520.0670; or
(2) the license holder is certified under the requirements in subdivision 6a or section 245D.33.

(f) A resource need determination process, managed at the state level, using the available reports required by section 144A.351, and other data and information shall be used to determine where the reduced capacity required under paragraph (d) will be implemented. The commissioner shall consult with the stakeholders described in section 144A.351, and employ a variety of methods to improve the state's capacity to meet long-term care service needs within budgetary limits, including seeking proposals from service providers or lead agencies to change service type, capacity, or location to improve services, increase the independence of residents, and better meet needs identified by the long-term care services reports and statewide data and information. By February 1 of each year, the commissioner shall provide information and data on the overall capacity of licensed long-term care services, actions taken under this subdivision to manage statewide long-term care services and supports resources, and any recommendations for change to the legislative committees with jurisdiction over health and human services budget.

(g) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. The commissioner shall print on the foster care license certificate whether or not the physical location is the primary residence of the license holder.

(h) License holders of foster care homes identified under paragraph (g) that are not the primary residence of the license holder and that also provide services in the foster care home that are covered by a federally approved home and community-based services waiver, as authorized under section 256B.0915, 256B.092, or 256B.49, must inform the human services licensing division that the license holder provides or intends to provide these waiver-funded services. These license holders must be considered registered under section 256B.092, subdivision 11, paragraph (e), and this registration status must be identified on their license certificates.

Sec. 11. Minnesota Statutes 2012, section 245A.03, subdivision 8, is amended to read:

Subd. 8. Excluded providers seeking licensure. Nothing in this section shall prohibit a program that is excluded from licensure under subdivision 2, paragraph (a), clause (28) (26), from seeking licensure. The commissioner shall ensure that any
application received from such an excluded provider is processed in the same manner as all other applications for child care center licensure.

Sec. 12. Minnesota Statutes 2012, section 245A.03, subdivision 9, is amended to read:

Subd. 9. **Permitted services by an individual who is related.** Notwithstanding subdivision 2, paragraph (a), clause (1), and subdivision 7, an individual who is related to a person receiving supported living services may provide licensed services to that person if:

1. the person who receives supported living services received these services in a residential site on July 1, 2005;

2. the services under clause (1) were provided in a corporate foster care setting for adults and were funded by the developmental disabilities home and community-based services waiver defined in section 256B.092;

3. the individual who is related obtains and maintains both a license under chapter 245B or successor licensing requirements for the provision of supported living services and an adult foster care license under Minnesota Rules, parts 9555.5105 to 9555.6265; and

4. the individual who is related is not the guardian of the person receiving supported living services.

Sec. 13. Minnesota Statutes 2012, section 245A.042, subdivision 3, is amended to read:

Subd. 3. **Implementation.** (a) The commissioner shall implement the responsibilities of this chapter according to the timelines in paragraphs (b) and (c) only within the limits of available appropriations or other administrative cost recovery methodology.

(b) The licensure of home and community-based services according to this section shall be implemented January 1, 2014. License applications shall be received and processed on a phased-in schedule as determined by the commissioner beginning July 1, 2013. Licenses will be issued thereafter upon the commissioner's determination that the application is complete according to section 245A.04.

(c) Within the limits of available appropriations or other administrative cost recovery methodology, implementation of compliance monitoring must be phased in after January 1, 2014.

1. Applicants who do not currently hold a license issued under this chapter 245B must receive an initial compliance monitoring visit after 12 months of the effective date of the initial license for the purpose of providing technical assistance on how to achieve and maintain compliance with the applicable law or rules governing the provision of home and community-based services under chapter 245D. If during the review the commissioner
finds that the license holder has failed to achieve compliance with an applicable law or
rule and this failure does not imminently endanger the health, safety, or rights of the
persons served by the program, the commissioner may issue a licensing review report with
recommendations for achieving and maintaining compliance.

(2) Applicants who do currently hold a license issued under this chapter must receive
a compliance monitoring visit after 24 months of the effective date of the initial license.

(d) Nothing in this subdivision shall be construed to limit the commissioner's
authority to suspend or revoke a license or issue a fine at any time under section 245A.07,
or make correction orders and make a license conditional for failure to comply with
applicable laws or rules under section 245A.06, based on the nature, chronicity, or severity
of the violation of law or rule and the effect of the violation on the health, safety, or
rights of persons served by the program.

Sec. 14. Minnesota Statutes 2012, section 245A.08, subdivision 2a, is amended to read:

Subd. 2a. *Consolidated contested case hearings.* (a) When a denial of a license
under section 245A.05 or a licensing sanction under section 245A.07, subdivision 3, is
based on a disqualification for which reconsideration was requested and which was not
set aside under section 245C.22, the scope of the contested case hearing shall include the
disqualification and the licensing sanction or denial of a license, unless otherwise specified
in this subdivision. When the licensing sanction or denial of a license is based on a
determination of maltreatment under section 626.556 or 626.557, or a disqualification for
serious or recurring maltreatment which was not set aside, the scope of the contested case
hearing shall include the maltreatment determination, disqualification, and the licensing
sanction or denial of a license, unless otherwise specified in this subdivision. In such
cases, a fair hearing under section 256.045 shall not be conducted as provided for in
sections 245C.27, 626.556, subdivision 10i, and 626.557, subdivision 9d.

(b) Except for family child care and child foster care, reconsideration of a
maltreatment determination under sections 626.556, subdivision 10i, and 626.557,
subdivision 9d, and reconsideration of a disqualification under section 245C.22, shall
not be conducted when:

(1) a denial of a license under section 245A.05, or a licensing sanction under section
245A.07, is based on a determination that the license holder is responsible for maltreatment
or the disqualification of a license holder is based on serious or recurring maltreatment;

(2) the denial of a license or licensing sanction is issued at the same time as the
maltreatment determination or disqualification; and
(3) the license holder appeals the maltreatment determination or disqualification, and denial of a license or licensing sanction. In these cases, a fair hearing shall not be conducted under sections 245C.27, 626.556, subdivision 10i, and 626.557, subdivision 9d. The scope of the contested case hearing must include the maltreatment determination, disqualification, and denial of a license or licensing sanction. Notwithstanding clauses (1) to (3), if the license holder appeals the maltreatment determination or disqualification, but does not appeal the denial of a license or a licensing sanction, reconsideration of the maltreatment determination shall be conducted under sections 626.556, subdivision 10i, and 626.557, subdivision 9d, and reconsideration of the disqualification shall be conducted under section 245C.22. In such cases, a fair hearing shall also be conducted as provided under sections 245C.27, 626.556, subdivision 10i, and 626.557, subdivision 9d.

(c) In consolidated contested case hearings regarding sanctions issued in family child care, child foster care, family adult day services, and adult foster care, and community residential settings, the county attorney shall defend the commissioner's orders in accordance with section 245A.16, subdivision 4.

(d) The commissioner's final order under subdivision 5 is the final agency action on the issue of maltreatment and disqualification, including for purposes of subsequent background studies under chapter 245C and is the only administrative appeal of the final agency determination, specifically, including a challenge to the accuracy and completeness of data under section 13.04.

(e) When consolidated hearings under this subdivision involve a licensing sanction based on a previous maltreatment determination for which the commissioner has issued a final order in an appeal of that determination under section 256.045, or the individual failed to exercise the right to appeal the previous maltreatment determination under section 626.556, subdivision 10i, or 626.557, subdivision 9d, the commissioner's order is conclusive on the issue of maltreatment. In such cases, the scope of the administrative law judge's review shall be limited to the disqualification and the licensing sanction or denial of a license. In the case of a denial of a license or a licensing sanction issued to a facility based on a maltreatment determination regarding an individual who is not the license holder or a household member, the scope of the administrative law judge's review includes the maltreatment determination.

(f) The hearings of all parties may be consolidated into a single contested case hearing upon consent of all parties and the administrative law judge, if:
(1) a maltreatment determination or disqualification, which was not set aside under section 245C.22, is the basis for a denial of a license under section 245A.05 or a licensing sanction under section 245A.07;

(2) the disqualified subject is an individual other than the license holder and upon whom a background study must be conducted under section 245C.03; and

(3) the individual has a hearing right under section 245C.27.

(g) When a denial of a license under section 245A.05 or a licensing sanction under section 245A.07 is based on a disqualification for which reconsideration was requested and was not set aside under section 245C.22, and the individual otherwise has no hearing right under section 245C.27, the scope of the administrative law judge's review shall include the denial or sanction and a determination whether the disqualification should be set aside, unless section 245C.24 prohibits the set-aside of the disqualification. In determining whether the disqualification should be set aside, the administrative law judge shall consider the factors under section 245C.22, subdivision 4, to determine whether the individual poses a risk of harm to any person receiving services from the license holder.

(h) Notwithstanding section 245C.30, subdivision 5, when a licensing sanction under section 245A.07 is based on the termination of a variance under section 245C.30, subdivision 4, the scope of the administrative law judge's review shall include the sanction and a determination whether the disqualification should be set aside, unless section 245C.24 prohibits the set-aside of the disqualification. In determining whether the disqualification should be set aside, the administrative law judge shall consider the factors under section 245C.22, subdivision 4, to determine whether the individual poses a risk of harm to any person receiving services from the license holder.

Sec. 15. Minnesota Statutes 2012, section 245A.10, is amended to read:

245A.10 FEES.

Subdivision 1. Application or license fee required, programs exempt from fee.

(a) Unless exempt under paragraph (b), the commissioner shall charge a fee for evaluation of applications and inspection of programs which are licensed under this chapter.

(b) Except as provided under subdivision 2, no application or license fee shall be charged for child foster care, adult foster care, family and group family child care, or a community residential setting.

Subd. 2. County fees for background studies and licensing inspections. (a) For purposes of family and group family child care licensing under this chapter, a county agency may charge a fee to an applicant or license holder to recover the actual cost of background studies, but in any case not to exceed $100 annually. A county agency may
also charge a license fee to an applicant or license holder not to exceed $50 for a one-year
license or $100 for a two-year license.
(b) A county agency may charge a fee to a legal nonlicensed child care provider or
applicant for authorization to recover the actual cost of background studies completed
under section 119B.125, but in any case not to exceed $100 annually.
(c) Counties may elect to reduce or waive the fees in paragraph (a) or (b):
(1) in cases of financial hardship;
(2) if the county has a shortage of providers in the county's area;
(3) for new providers; or
(4) for providers who have attained at least 16 hours of training before seeking
initial licensure.
(d) Counties may allow providers to pay the applicant fees in paragraph (a) or (b) on
an installment basis for up to one year. If the provider is receiving child care assistance
payments from the state, the provider may have the fees under paragraph (a) or (b)
deducted from the child care assistance payments for up to one year and the state shall
reimburse the county for the county fees collected in this manner.
(e) For purposes of adult foster care and child foster care licensing, and licensing
the physical plant of a community residential setting, under this chapter, a county agency
may charge a fee to a corporate applicant or corporate license holder to recover the actual
cost of licensing inspections, not to exceed $500 annually.
(f) Counties may elect to reduce or waive the fees in paragraph (e) under the
following circumstances:
(1) in cases of financial hardship;
(2) if the county has a shortage of providers in the county's area; or
(3) for new providers.

Subd. 3. Application fee for initial license or certification. (a) For fees required
under subdivision 1, an applicant for an initial license or certification issued by the
commissioner shall submit a $500 application fee with each new application required
under this subdivision. An applicant for an initial day services facility license under
chapter 245D shall submit a $250 application fee with each new application. The
application fee shall not be prorated, is nonrefundable, and is in lieu of the annual license
or certification fee that expires on December 31. The commissioner shall not process an
application until the application fee is paid.
(b) Except as provided in clauses (1) to (4) (3), an applicant shall apply for a license
to provide services at a specific location.
(1) For a license to provide residential-based habilitation services to persons with developmental disabilities under chapter 245B, an applicant shall submit an application for each county in which the services will be provided. Upon licensure, the license holder may provide services to persons in that county plus no more than three persons at any one time in each of up to ten additional counties. A license holder in one county may not provide services under the home and community-based waiver for persons with developmental disabilities to more than three people in a second county without holding a separate license for that second county. Applicants or licensees providing services under this clause to not more than three persons remain subject to the inspection fees established in section 245A.10, subdivision 2, for each location. The license issued by the commissioner must state the name of each additional county where services are being provided to persons with developmental disabilities. A license holder must notify the commissioner before making any changes that would alter the license information listed under section 245A.04, subdivision 7, paragraph (a), including any additional counties where persons with developmental disabilities are being served. For a license to provide home and community-based services to persons with disabilities or age 65 and older under chapter 245D, an applicant shall submit an application to provide services statewide. Notwithstanding paragraph (a), applications received by the commissioner between July 1, 2013, and December 31, 2013, for licensure of services provided under chapter 245D must include an application fee that is equal to the annual license renewal fee under subdivision 4, paragraph (b), or $500, whichever is less. Applications received by the commissioner after January 1, 2014, must include the application fee required under paragraph (a).

Applicants who meet the modified application criteria identified in section 245A.042, subdivision 2, are exempt from paying an application fee.

(2) For a license to provide supported employment, crisis respite, or semi-independent living services to persons with developmental disabilities under chapter 245B, an applicant shall submit a single application to provide services statewide.

(3) For a license to provide independent living assistance for youth under section 245A.22, an applicant shall submit a single application to provide services statewide.

(4) For a license for a private agency to provide foster care or adoption services under Minnesota Rules, parts 9545.0755 to 9545.0845, an applicant shall submit a single application to provide services statewide.

(c) The initial application fee charged under this subdivision does not include the temporary license surcharge under section 16E.22.

Subd. 4. License or certification fee for certain programs. (a) Child care centers shall pay an annual nonrefundable license fee based on the following schedule:

(d) A program licensed to provide supported employment services to persons with developmental disabilities under chapter 245B shall pay an annual nonrefundable license fee of $650.

(e) A program licensed to provide crisis respite services to persons with developmental disabilities under chapter 245B shall pay an annual nonrefundable license fee of $700.

Subd. 6. License not issued until license or certification fee is paid. The
commissioner shall not issue a license or certification until the license or certification fee
is paid. The commissioner shall send a bill for the license or certification fee to the billing
address identified by the license holder. If the license holder does not submit the license or
certification fee payment by the due date, the commissioner shall send the license holder
a past due notice. If the license holder fails to pay the license or certification fee by the
due date on the past due notice, the commissioner shall send a final notice to the license
holder informing the license holder that the program license will expire on December 31

EFFECTIVE DATE. This section is effective July 1, 2013.

Sec. 16. Minnesota Statutes 2012, section 245A.11, subdivision 2a, is amended to read:

Subd. 2a. Adult foster care and community residential setting license capacity.
(a) The commissioner shall issue adult foster care and community residential setting
licenses with a maximum licensed capacity of four beds, including nonstaff roomers and
boarders, except that the commissioner may issue a license with a capacity of five beds,
including roomers and boarders, according to paragraphs (b) to (f).
(b) An adult foster care license holder may have a maximum license capacity
of five if all persons in care are age 55 or over and do not have a serious and persistent
mental illness or a developmental disability.
(c) The commissioner may grant variances to paragraph (b) to allow a foster care provider facility with a licensed capacity of five persons to admit an individual under the age of 55 if the variance complies with section 245A.04, subdivision 9, and approval of the variance is recommended by the county in which the licensed foster care provider facility is located.

(d) The commissioner may grant variances to paragraph (b) to allow the use of a fifth bed for emergency crisis services for a person with serious and persistent mental illness or a developmental disability, regardless of age, if the variance complies with section 245A.04, subdivision 9, and approval of the variance is recommended by the county in which the licensed foster care provider facility is located.

(e) The commissioner may grant a variance to paragraph (b) to allow for the use of a fifth bed for respite services, as defined in section 245A.02, for persons with disabilities, regardless of age, if the variance complies with sections 245A.03, subdivision 7, and 245A.04, subdivision 9, and approval of the variance is recommended by the county in which the licensed foster care provider facility is licensed located. Respite care may be provided under the following conditions:

1. Staffing ratios cannot be reduced below the approved level for the individuals being served in the home on a permanent basis;
2. No more than two different individuals can be accepted for respite services in any calendar month and the total respite days may not exceed 120 days per program in any calendar year;
3. The person receiving respite services must have his or her own bedroom, which could be used for alternative purposes when not used as a respite bedroom, and cannot be the room of another person who lives in the foster care home facility; and
4. Individuals living in the foster care home facility must be notified when the variance is approved. The provider must give 60 days’ notice in writing to the residents and their legal representatives prior to accepting the first respite placement. Notice must be given to residents at least two days prior to service initiation, or as soon as the license holder is able if they receive notice of the need for respite less than two days prior to initiation, each time a respite client will be served, unless the requirement for this notice is waived by the resident or legal guardian.

(f) The commissioner may issue an adult foster care or community residential setting license with a capacity of five adults if the fifth bed does not increase the overall statewide capacity of licensed adult foster care or community residential setting beds in homes that are not the primary residence of the license holder, as identified in a plan submitted to the
commissioner by the county, when the capacity is recommended by the county licensing
agency of the county in which the facility is located and if the recommendation verifies that:

(1) the facility meets the physical environment requirements in the adult foster
care licensing rule;

(2) the five-bed living arrangement is specified for each resident in the resident's:

(i) individualized plan of care;

(ii) individual service plan under section 256B.092, subdivision 1b, if required; or

(iii) individual resident placement agreement under Minnesota Rules, part

9555.5105, subpart 19, if required;

(3) the license holder obtains written and signed informed consent from each
resident or resident's legal representative documenting the resident's informed choice
to remain living in the home and that the resident's refusal to consent would not have
resulted in service termination; and

(4) the facility was licensed for adult foster care before March 1, 2011.

(g) The commissioner shall not issue a new adult foster care license under paragraph
(f) after June 30, 2016. The commissioner shall allow a facility with an adult foster care
license issued under paragraph (f) before June 30, 2016, to continue with a capacity of five
adults if the license holder continues to comply with the requirements in paragraph (f).

Sec. 17. Minnesota Statutes 2012, section 245A.11, subdivision 7, is amended to read:

Subd. 7. Adult foster care; variance for alternate overnight supervision. (a) The
commissioner may grant a variance under section 245A.04, subdivision 9, to rule parts
requiring a caregiver to be present in an adult foster care home during normal sleeping
hours to allow for alternative methods of overnight supervision. The commissioner may
grant the variance if the local county licensing agency recommends the variance and the
county recommendation includes documentation verifying that:

(1) the county has approved the license holder's plan for alternative methods of
providing overnight supervision and determined the plan protects the residents' health,
safety, and rights;

(2) the license holder has obtained written and signed informed consent from
each resident or each resident's legal representative documenting the resident's or legal
representative's agreement with the alternative method of overnight supervision; and

(3) the alternative method of providing overnight supervision, which may include
the use of technology, is specified for each resident in the resident's: (i) individualized
plan of care; (ii) individual service plan under section 256B.092, subdivision 1b, if
required; or (iii) individual resident placement agreement under Minnesota Rules, part 9555.5105, subpart 19, if required.

(b) To be eligible for a variance under paragraph (a), the adult foster care license holder must not have had a conditional license issued under section 245A.06, or any other licensing sanction issued under section 245A.07 during the prior 24 months based on failure to provide adequate supervision, health care services, or resident safety in the adult foster care home.

(c) A license holder requesting a variance under this subdivision to utilize technology as a component of a plan for alternative overnight supervision may request the commissioner's review in the absence of a county recommendation. Upon receipt of such a request from a license holder, the commissioner shall review the variance request with the county.

(d) A variance granted by the commissioner according to this subdivision before January 1, 2014, to a license holder for an adult foster care home must transfer with the license when the license converts to a community residential setting license under chapter 245D. The terms and conditions of the variance remain in effect as approved at the time the variance was granted.

Sec. 18. Minnesota Statutes 2012, section 245A.11, subdivision 7a, is amended to read:

Subd. 7a. Alternate overnight supervision technology; adult foster care license and community residential setting licenses. (a) The commissioner may grant an applicant or license holder an adult foster care or community residential setting license for a residence that does not have a caregiver in the residence during normal sleeping hours as required under Minnesota Rules, part 9555.5105, subpart 37, item B, or section 245D.02, subdivision 33b, but uses monitoring technology to alert the license holder when an incident occurs that may jeopardize the health, safety, or rights of a foster care recipient. The applicant or license holder must comply with all other requirements under Minnesota Rules, parts 9555.5105 to 9555.6265, or applicable requirements under chapter 245D, and the requirements under this subdivision. The license printed by the commissioner must state in bold and large font:

1. that the facility is under electronic monitoring; and
2. the telephone number of the county's common entry point for making reports of suspected maltreatment of vulnerable adults under section 626.557, subdivision 9.

(b) Applications for a license under this section must be submitted directly to the Department of Human Services licensing division. The licensing division must immediately notify the host county and lead county contract agency and the host county

Article 8 Sec. 18.
licensing agency. The licensing division must collaborate with the county licensing
agency in the review of the application and the licensing of the program.

(c) Before a license is issued by the commissioner, and for the duration of the
license, the applicant or license holder must establish, maintain, and document the
implementation of written policies and procedures addressing the requirements in
paragraphs (d) through (f).

(d) The applicant or license holder must have policies and procedures that:

(1) establish characteristics of target populations that will be admitted into the home,
and characteristics of populations that will not be accepted into the home;

(2) explain the discharge process when a foster care recipient resident served by the
program requires overnight supervision or other services that cannot be provided by the
license holder due to the limited hours that the license holder is on site;

(3) describe the types of events to which the program will respond with a physical
presence when those events occur in the home during time when staff are not on site, and
how the license holder's response plan meets the requirements in paragraph (e), clause
(1) or (2);

(4) establish a process for documenting a review of the implementation and
effectiveness of the response protocol for the response required under paragraph (e),
clause (1) or (2). The documentation must include:

(i) a description of the triggering incident;

(ii) the date and time of the triggering incident;

(iii) the time of the response or responses under paragraph (e), clause (1) or (2);

(iv) whether the response met the resident's needs;

(v) whether the existing policies and response protocols were followed; and

(vi) whether the existing policies and protocols are adequate or need modification.

When no physical presence response is completed for a three-month period, the
license holder's written policies and procedures must require a physical presence response
drill to be conducted for which the effectiveness of the response protocol under paragraph
(e), clause (1) or (2), will be reviewed and documented as required under this clause; and

(5) establish that emergency and nonemergency phone numbers are posted in a
prominent location in a common area of the home where they can be easily observed by a
person responding to an incident who is not otherwise affiliated with the home.

(e) The license holder must document and include in the license application which
response alternative under clause (1) or (2) is in place for responding to situations that
present a serious risk to the health, safety, or rights of people receiving foster care services
in the home residents served by the program:
(1) response alternative (1) requires only the technology to provide an electronic notification or alert to the license holder that an event is underway that requires a response. Under this alternative, no more than ten minutes will pass before the license holder will be physically present on site to respond to the situation; or

(2) response alternative (2) requires the electronic notification and alert system under alternative (1), but more than ten minutes may pass before the license holder is present on site to respond to the situation. Under alternative (2), all of the following conditions are met:

(i) the license holder has a written description of the interactive technological applications that will assist the license holder in communicating with and assessing the needs related to the care, health, and safety of the foster care recipients. This interactive technology must permit the license holder to remotely assess the well being of the foster care recipient served by the program without requiring the initiation of the foster care recipient. Requiring the foster care recipient to initiate a telephone call does not meet this requirement;

(ii) the license holder documents how the remote license holder is qualified and capable of meeting the needs of the foster care recipients and assessing foster care recipients' needs under item (i) during the absence of the license holder on site;

(iii) the license holder maintains written procedures to dispatch emergency response personnel to the site in the event of an identified emergency; and

(iv) each foster care recipient's individualized plan of care, individual service plan coordinated service and support plan under section sections 256B.0913, subdivision 8; 256B.0915, subdivision 6; 256B.092, subdivision 1b; and 256B.49, subdivision 15, if required, or individual resident placement agreement under Minnesota Rules, part 9555.5105, subpart 19, if required, identifies the maximum response time, which may be greater than ten minutes, for the license holder to be on site for that foster care recipient resident.

(f) Each foster care recipient's placement agreement, individual service agreement, and plan must clearly state that the adult foster care or community residential setting license category is a program without the presence of a caregiver in the residence during normal sleeping hours; the protocols in place for responding to situations that present a serious risk to the health, safety, or rights of foster care recipients served by the program under paragraph (e), clause (1) or (2); and a signed informed consent from each foster care recipient resident served by the program or the person's legal representative documenting the person's or legal representative's agreement with placement in the program. If electronic monitoring technology is used in the home, the informed consent form must also explain the following:
(1) how any electronic monitoring is incorporated into the alternative supervision system;

(2) the backup system for any electronic monitoring in times of electrical outages or other equipment malfunctions;

(3) how the caregivers or direct support staff are trained on the use of the technology;

(4) the event types and license holder response times established under paragraph (e);

(5) how the license holder protects the foster care recipient's each resident's privacy related to electronic monitoring and related to any electronically recorded data generated by the monitoring system. A foster care recipient resident served by the program may not be removed from a program under this subdivision for failure to consent to electronic monitoring. The consent form must explain where and how the electronically recorded data is stored, with whom it will be shared, and how long it is retained; and

(6) the risks and benefits of the alternative overnight supervision system.

The written explanations under clauses (1) to (6) may be accomplished through cross-references to other policies and procedures as long as they are explained to the person giving consent, and the person giving consent is offered a copy.

(g) Nothing in this section requires the applicant or license holder to develop or maintain separate or duplicative policies, procedures, documentation, consent forms, or individual plans that may be required for other licensing standards, if the requirements of this section are incorporated into those documents.

(h) The commissioner may grant variances to the requirements of this section according to section 245A.04, subdivision 9.

(i) For the purposes of paragraphs (d) through (h), "license holder" has the meaning under section 245A.2, subdivision 9, and additionally includes all staff, volunteers, and contractors affiliated with the license holder.

(j) For the purposes of paragraph (e), the terms "assess" and "assessing" mean to remotely determine what action the license holder needs to take to protect the well-being of the foster care recipient.

(k) The commissioner shall evaluate license applications using the requirements in paragraphs (d) to (f). The commissioner shall provide detailed application forms, including a checklist of criteria needed for approval.

(l) To be eligible for a license under paragraph (a), the adult foster care or community residential setting license holder must not have had a conditional license issued under section 245A.06 or any licensing sanction under section 245A.07 during the prior 24 months based on failure to provide adequate supervision, health care services, or resident safety in the adult foster care home or community residential setting.
338.1  (m) The commissioner shall review an application for an alternative overnight supervision license within 60 days of receipt of the application. When the commissioner receives an application that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant, the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application that is substantially complete. An applicant's failure to submit a substantially complete application after receiving notice from the commissioner is a basis for license denial under section 245A.05. The commissioner shall complete subsequent review within 30 days.

338.12  (n) Once the application is considered complete under paragraph (m), the commissioner will approve or deny an application for an alternative overnight supervision license within 60 days.

338.15  (o) For the purposes of this subdivision, "supervision" means:

338.16  (1) oversight by a caregiver or direct support staff as specified in the individual resident's place agreement or coordinated service and support plan and awareness of the resident's needs and activities; and

338.19  (2) the presence of a caregiver or direct support staff in a residence during normal sleeping hours, unless a determination has been made and documented in the individual's coordinated service and support plan that the individual does not require the presence of a caregiver or direct support staff during normal sleeping hours.

Sec. 19. Minnesota Statutes 2012, section 245A.11, subdivision 7b, is amended to read:

338.24  Subd. 7b. **Adult foster care data privacy and security.** (a) An adult foster care or community residential setting license holder who creates, collects, records, maintains, stores, or discloses any individually identifiable recipient data, whether in an electronic or any other format, must comply with the privacy and security provisions of applicable privacy laws and regulations, including:

338.29  (1) the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-1; and the HIPAA Privacy Rule, Code of Federal Regulations, title 45, part 160, and subparts A and E of part 164; and

338.32  (2) the Minnesota Government Data Practices Act as codified in chapter 13.

338.33  (b) For purposes of licensure, the license holder shall be monitored for compliance with the following data privacy and security provisions:
(1) The license holder must control access to data on foster care recipients residents served by the program according to the definitions of public and private data on individuals under section 13.02; classification of the data on individuals as private under section 13.46, subdivision 2; and control over the collection, storage, use, access, protection, and contracting related to data according to section 13.05, in which the license holder is assigned the duties of a government entity;

(2) The license holder must provide each foster care recipient resident served by the program with a notice that meets the requirements under section 13.04, in which the license holder is assigned the duties of the government entity, and that meets the requirements of Code of Federal Regulations, title 45, part 164.52. The notice shall describe the purpose for collection of the data, and to whom and why it may be disclosed pursuant to law. The notice must inform the recipient individual that the license holder uses electronic monitoring and, if applicable, that recording technology is used;

(3) The license holder must not install monitoring cameras in bathrooms;

(4) Electronic monitoring cameras must not be concealed from the foster care recipients residents served by the program; and

(5) Electronic video and audio recordings of foster care recipients residents served by the program shall be stored by the license holder for five days unless: (i) a foster care recipient resident served by the program or legal representative requests that the recording be held longer based on a specific report of alleged maltreatment; or (ii) the recording captures an incident or event of alleged maltreatment under section 626.556 or 626.557 or a crime under chapter 609. When requested by a recipient resident served by the program or when a recording captures an incident or event of alleged maltreatment or a crime, the license holder must maintain the recording in a secured area for no longer than 30 days to give the investigating agency an opportunity to make a copy of the recording. The investigating agency will maintain the electronic video or audio recordings as required in section 626.557, subdivision 12b.

c The commissioner shall develop, and make available to license holders and county licensing workers, a checklist of the data privacy provisions to be monitored for purposes of licensure.

Sec. 20. Minnesota Statutes 2012, section 245A.11, subdivision 8, is amended to read:

Subd. 8. Community residential setting license. (a) The commissioner shall establish provider standards for residential support services that integrate service standards and the residential setting under one license. standards recommendations required by Laws 2010, chapter 352, article 1, section 24.

private agencies that have been designated or licensed by the commissioner to perform
licensing functions and activities under section 245A.04 and background studies for family
child care under chapter 245C; to recommend denial of applicants under section 245A.05;
to issue correction orders, to issue variances, and recommend a conditional license under
section 245A.06, or to recommend suspending or revoking a license or issuing a fine under
section 245A.07, shall comply with rules and directives of the commissioner governing
those functions and with this section. The following variances are excluded from the

The restriction must be implemented in the least restrictive alternative manner necessary to protect the person and provide support to reduce or eliminate the need for the restriction in the most integrated setting and inclusive manner. The documentation must include the following information:

1. the justification for the restriction based on an assessment of the person's vulnerability related to exercising the right without restriction;
2. the objective measures set as conditions for ending the restriction;
3. a schedule for reviewing the need for the restriction based on the conditions for ending the restriction to occur, at a minimum, every three months for persons who do not have a legal representative and annually for persons who do have a legal representative semiannually from the date of initial approval, at a minimum, or more frequently if requested by the person, the person's legal representative, if any, and case manager; and

Sec. 25. Minnesota Statutes 2012, section 245D.05, is amended to read:

**245D.05 HEALTH SERVICES.**
Subdivision 1. **Health needs.** (a) The license holder is responsible for providing meeting health services service needs assigned in the coordinated service and support plan and or the coordinated service and support plan addendum, consistent with the person's health needs. The license holder is responsible for promptly notifying the person or the person's legal representative, if any, and the case manager of changes in a person's physical and mental health needs affecting assigned health services service needs assigned to the license holder in the coordinated service and support plan or the coordinated service and support plan addendum, when discovered by the license holder, unless the license holder has reason to know the change has already been reported. The license holder must document when the notice is provided.

(b) When assigned in the service plan, if responsibility for meeting the person's health service needs has been assigned to the license holder in the coordinated service and support plan or the coordinated service and support plan addendum, the license holder is required to maintain documentation on how the person's health needs will be met, including a description of the procedures the license holder will follow in order to:

1. provide medication administration, assistance or medication assistance, or medication management administration according to this chapter;
2. monitor health conditions according to written instructions from the person's physician or a licensed health professional;
3. assist with or coordinate medical, dental, and other health service appointments; or
4. use medical equipment, devices, or adaptive aides or technology safely and correctly according to written instructions from the person's physician or a licensed health professional.

Subd. 1a. **Medication setup.** For the purposes of this subdivision, "medication setup" means the arranging of medications according to instructions from the pharmacy, the prescriber, or a licensed nurse, for later administration when the license holder is assigned responsibility for medication assistance or medication administration in the coordinated service and support plan or the coordinated service and support plan addendum. A prescription label or the prescriber's written or electronically recorded order for the prescription is sufficient to constitute written instructions from the prescriber. The license holder must document in the person's medication administration record: dates of setup, name of medication, quantity of dose, times to be administered, and route of administration at time of setup; and, when the person will be away from home, to whom the medications were given.

Subd. 1b. **Medication assistance.** If responsibility for medication assistance is assigned to the license holder in the coordinated service and support plan or the
coordinated service and support plan addendum, the license holder must ensure that
the requirements of subdivision 2, paragraph (b), have been met when staff provides
medication assistance to enable a person to self-administer medication or treatment when
the person is capable of directing the person's own care, or when the person's legal
representative is present and able to direct care for the person. For the purposes of this
subdivision, "medication assistance" means any of the following:

(1) bringing to the person and opening a container of previously set up medications,
emptying the container into the person's hand, or opening and giving the medications in
the original container to the person;
(2) bringing to the person liquids or food to accompany the medication; or
(3) providing reminders to take regularly scheduled medication or perform regularly
scheduled treatments and exercises.

Subd. 2. Medication administration. (a) If responsibility for medication
administration is assigned to the license holder in the coordinated service and support plan
or the coordinated service and support plan addendum, the license holder must implement
the following medication administration procedures to ensure a person takes medications
and treatments as prescribed:

(1) checking the person's medication record;
(2) preparing the medication as necessary;
(3) administering the medication or treatment to the person;
(4) documenting the administration of the medication or treatment or the reason for
not administering the medication or treatment; and
(5) reporting to the prescriber or a nurse any concerns about the medication or
treatment, including side effects, effectiveness, or a pattern of the person refusing to
take the medication or treatment as prescribed. Adverse reactions must be immediately
reported to the prescriber or a nurse.

(b)(1) The license holder must ensure that the following criteria requirements in
clauses (2) to (4) have been met before staff that is not a licensed health professional
administers administering medication or treatment:

(1) (2) The license holder must obtain written authorization has been obtained from
the person or the person's legal representative to administer medication or treatment
orders; and must obtain reauthorization annually as needed. If the person or the person's
legal representative refuses to authorize the license holder to administer medication, the
medication must not be administered. The refusal to authorize medication administration
must be reported to the prescriber as expeditiously as possible.
(2) (3) The staff person has completed responsible for administering the medication or treatment must complete medication administration training according to section 245D.09, subdivision 4, paragraph 4a, paragraphs (a) and (c), clause (2); and, as applicable to the person, paragraph (d).

(3) The medication or treatment will be administered under administration procedures established for the person in consultation with a licensed health professional. Written instruction from the person's physician may constitute the medication administration procedures. A prescription label or the prescriber's order for the prescription is sufficient to constitute written instructions from the prescriber. A licensed health professional may delegate medication administration procedures.

(4) For a license holder providing intensive support services, the medication or treatment must be administered according to the license holder's medication administration policy and procedures as required under section 245D.11, subdivision 2, clause (3).

(b) (c) The license holder must ensure the following information is documented in the person's medication administration record:

(1) the information on the current prescription label or the prescriber's current written or electronically recorded order or prescription that includes directions for the person's name, description of the medication or treatment to be provided, and the frequency and other information needed to safely and correctly administer the medication or treatment to ensure effectiveness;

(2) information on any discomforts, risks, or other side effects that are reasonable to expect, and any contraindications to its use. This information must be readily available to all staff administering the medication;

(3) the possible consequences if the medication or treatment is not taken or administered as directed;

(4) instruction from the prescriber on when and to whom to report the following:

(i) if the dose of medication or treatment is not administered or treatment is not performed as prescribed, whether by error by the staff or the person or by refusal by the person; and

(ii) the occurrence of possible adverse reactions to the medication or treatment;

(5) notation of any occurrence of a dose of medication not being administered or treatment not performed as prescribed, whether by error by the staff or the person or by refusal by the person, or of adverse reactions, and when and to whom the report was made; and

(6) notation of when a medication or treatment is started, administered, changed, or discontinued.
(c) The license holder must ensure that the information maintained in the medication administration record is current and is regularly reviewed with the person or the person's legal representative and the staff administering the medication to identify medication administration issues or errors. At a minimum, the review must be conducted every three months or more often if requested by the person or the person's legal representative. Based on the review, the license holder must develop and implement a plan to correct medication administration issues or errors. If issues or concerns are identified related to the medication itself, the license holder must report those as required under subdivision 4.

Subd. 3. Medication assistance. The license holder must ensure that the requirements of subdivision 2, paragraph (a), have been met when staff provides assistance to enable a person to self-administer medication when the person is capable of directing the person's own care, or when the person's legal representative is present and able to direct care for the person.

Subd. 4. Reviewing and reporting medication and treatment issues. The following medication administration issues must be reported to the person or the person's legal representative and case manager as they occur or following timelines established in the person's service plan or as requested in writing by the person or the person's legal representative, or the case manager: (a) When assigned responsibility for medication administration, the license holder must ensure that the information maintained in the medication administration record is current and is regularly reviewed to identify medication administration errors. At a minimum, the review must be conducted every three months, or more frequently as directed in the coordinated service and support plan or coordinated service and support plan addendum or as requested by the person or the person's legal representative. Based on the review, the license holder must develop and implement a plan to correct patterns of medication administration errors when identified.

(b) If assigned responsibility for medication assistance or medication administration, the license holder must report the following to the person's legal representative and case manager as they occur or as otherwise directed in the coordinated service and support plan or the coordinated service and support plan addendum:

1. any reports made to the person's physician or prescriber required under subdivision 2, paragraph (b) (c), clause (4);
2. a person's refusal or failure to take or receive medication or treatment as prescribed; or
3. concerns about a person's self-administration of medication or treatment.
Subd. 5. **Injectable medications.** Injectable medications may be administered according to a prescriber's order and written instructions when one of the following conditions has been met:

1. a registered nurse or licensed practical nurse will administer the subcutaneous or intramuscular injection;
2. a supervising registered nurse with a physician's order has delegated the administration of subcutaneous injectable medication to an unlicensed staff member and has provided the necessary training; or
3. there is an agreement signed by the license holder, the prescriber, and the person or the person's legal representative specifying what subcutaneous injections may be given, when, how, and that the prescriber must retain responsibility for the license holder's giving the injections. A copy of the agreement must be placed in the person's service recipient record.

Only licensed health professionals are allowed to administer psychotropic medications by injection.

**EFFECTIVE DATE.** This section is effective January 1, 2014.

**Sec. 26.** [245D.051] PSYCHOTROPIC MEDICATION USE AND MONITORING.

**Subdivision 1. Conditions for psychotropic medication administration.** (a)

When a person is prescribed a psychotropic medication and the license holder is assigned responsibility for administration of the medication in the person's coordinated service and support plan or the coordinated service and support plan addendum, the license holder must ensure that the requirements in paragraphs (b) to (d) and section 245D.05, subdivision 2, are met.

(b) Use of the medication must be included in the person's coordinated service and support plan or in the coordinated service and support plan addendum and based on a prescriber's current written or electronically recorded prescription.

(c) The license holder must develop, implement, and maintain the following documentation in the person's coordinated service and support plan addendum according to the requirements in sections 245D.07 and 245D.071:

1. a description of the target symptoms that the psychotropic medication is to alleviate; and
2. documentation methods the license holder will use to monitor and measure changes in the target symptoms that are to be alleviated by the psychotropic medication if required by the prescriber. The license holder must collect and report on medication and
symptom-related data as instructed by the prescriber. The license holder must provide

the monitoring data to the expanded support team for review every three months, or as

otherwise requested by the person or the person's legal representative.

For the purposes of this section, "target symptom" refers to any perceptible
diagnostic criteria for a person's diagnosed mental disorder as defined by the Diagnostic
and Statistical Manual of Mental Disorders Fourth Edition Text Revision (DSM-IV-TR) or
successive editions that has been identified for alleviation.

Subd. 2. Refusal to authorize psychotropic medication. If the person or the
person's legal representative refuses to authorize the administration of a psychotropic
medication as ordered by the prescriber, the license holder must follow the requirement
in section 245D.05, subdivision 2, paragraph (b), clause (2). After reporting the refusal
to the prescriber, the license holder must follow any directives or orders given by the
prescriber. A court order must be obtained to override the refusal. Refusal to authorize
administration of a specific psychotropic medication is not grounds for service termination
and does not constitute an emergency. A decision to terminate services must be reached in
compliance with section 245D.10, subdivision 3.

EFFECTIVE DATE. This section is effective January 1, 2014.

Sec. 27. Minnesota Statutes 2012, section 245D.06, is amended to read:

245D.06 PROTECTION STANDARDS.

Subdivision 1. Incident response and reporting. (a) The license holder must
respond to all incidents under section 245D.02, subdivision 11, that occur while providing
services to protect the health and safety of and minimize risk of harm to the person.

(b) The license holder must maintain information about and report incidents to the
person's legal representative or designated emergency contact and case manager within 24
hours of an incident occurring while services are being provided, or within 24 hours of
discovery or receipt of information that an incident occurred, unless the license holder
has reason to know that the incident has already been reported, or as otherwise directed
in a person's coordinated service and support plan or coordinated service and support
plan addendum. An incident of suspected or alleged maltreatment must be reported as
required under paragraph (d), and an incident of serious injury or death must be reported
as required under paragraph (e).

(c) When the incident involves more than one person, the license holder must not
disclose personally identifiable information about any other person when making the report
to each person and case manager unless the license holder has the consent of the person.
(d) Within 24 hours of reporting maltreatment as required under section 626.556
or 626.557, the license holder must inform the case manager of the report unless there is
reason to believe that the case manager is involved in the suspected maltreatment. The
license holder must disclose the nature of the activity or occurrence reported and the
agency that received the report.

(e) The license holder must report the death or serious injury of the person to the legal
representative, if any, and case manager, as required in paragraph (b) and to the Department
of Human Services Licensing Division, and the Office of Ombudsman for Mental Health
and Developmental Disabilities as required under section 245.94, subdivision 2a, within
24 hours of the death, or receipt of information that the death occurred, unless the license
holder has reason to know that the death has already been reported.

(f) When a death or serious injury occurs in a facility certified as an intermediate
care facility for persons with developmental disabilities, the death or serious injury must
be reported to the Department of Health, Office of Health Facility Complaints, and the
Office of Ombudsman for Mental Health and Developmental Disabilities, as required
under sections 245.91 and 245.94, subdivision 2a, unless the license holder has reason to
know that the death has already been reported.

(1) The license holder must conduct an internal review of incident reports of
deaths and serious injuries that occurred while services were being provided and that
were not reported by the program as alleged or suspected maltreatment, for identification
of incident patterns, and implementation of corrective action as necessary to reduce
occurrences. The review must include an evaluation of whether related policies and
procedures were followed, whether the policies and procedures were adequate, whether
there is a need for additional staff training, whether the reported event is similar to past
events with the persons or the services involved, and whether there is a need for corrective
action by the license holder to protect the health and safety of persons receiving services.

Based on the results of this review, the license holder must develop, document, and
implement a corrective action plan designed to correct current lapses and prevent future
lapses in performance by staff or the license holder, if any.

(h) The license holder must verbally report the emergency use of manual restraint of
a person as required in paragraph (b), within 24 hours of the occurrence. The license holder
must ensure the written report and internal review of all incident reports of the emergency
use of manual restraints are completed according to the requirements in section 245D.061.

Subd. 2. Environment and safety. The license holder must:

(1) ensure the following when the license holder is the owner, lessor, or tenant
of the service site:
(i) the service site is a safe and hazard-free environment;

(ii) doors are locked or that toxic substances or dangerous items normally accessible are inaccessible to persons served by the program are stored in locked cabinets, drawers, or containers only to protect the safety of a person receiving services and not as a substitute for staff supervision or interactions with a person who is receiving services. If doors are locked or toxic substances or dangerous items normally accessible to persons served by the program are stored in locked cabinets, drawers, or containers are made inaccessible, the license holder must justify and document how this determination was made in consultation with the person or person's legal representative, and how access will otherwise be provided to the person and all other affected persons receiving services; and document an assessment of the physical plant, its environment, and its population identifying the risk factors which require toxic substances or dangerous items to be inaccessible and a statement of specific measures to be taken to minimize the safety risk to persons receiving services;

(iii) doors are locked from the inside to prevent a person from exiting only when necessary to protect the safety of a person receiving services and not as a substitute for staff supervision or interactions with the person. If doors are locked from the inside, the license holder must document an assessment of the physical plant, the environment and the population served, identifying the risk factors which require the use of locked doors, and a statement of specific measures to be taken to minimize the safety risk to persons receiving services at the service site; and

(iv) a staff person is available on at the service site who is trained in basic first aid and, when required in a person's coordinated service and support plan or coordinated service and support plan addendum, cardiopulmonary resuscitation, "CPR," whenever persons are present and staff are required to be at the site to provide direct service. The CPR training must include in-person instruction, hands-on practice, and an observed skills assessment under the direct supervision of a CPR instructor;

(2) maintain equipment, vehicles, supplies, and materials owned or leased by the license holder in good condition when used to provide services;

(3) follow procedures to ensure safe transportation, handling, and transfers of the person and any equipment used by the person, when the license holder is responsible for transportation of a person or a person's equipment;

(4) be prepared for emergencies and follow emergency response procedures to ensure the person's safety in an emergency; and

(5) follow universal precautions and sanitary practices, including hand washing, for infection prevention and control, and to prevent communicable diseases.
Subd. 3. Compliance with fire and safety codes. When services are provided at a
service site licensed according to chapter 245A or where the license holder is the owner,
tenant, or occupant of the service site, the license holder must document compliance with
applicable building codes, fire and safety codes, health rules, and zoning ordinances, or
document that an appropriate waiver has been granted.
Subd. 4. Funds and property. (a) Whenever the license holder assists a person
with the safekeeping of funds or other property according to section 245A.04, subdivision
13, the license holder must have obtained written authorization to do so from the person or
the person's legal representative and the case manager. Authorization must be obtained
within five working days of service initiation and renewed annually thereafter. At the time
initial authorization is obtained, the license holder must survey, document, and implement
the preferences of the person or the person's legal representative and the case manager
for frequency of receiving a statement that itemizes receipts and disbursements of funds
or other property. The license holder must document changes to these preferences when
they are requested.
(b) A license holder or staff person may not accept powers-of-attorney from a
person receiving services from the license holder for any purpose, and may not accept an
appointment as guardian or conservator of a person receiving services from the license
holder. This does not apply to license holders that are Minnesota counties or other
units of government or to staff persons employed by license holders who were acting
as power of attorney, guardian, or conservator before April 23, 2012. The license holder must maintain
documentation of the power-of-attorney, guardianship, or conservatorship in the service
recipient record.
(c) Upon the transfer or death of a person, any funds or other property of the person
must be surrendered to the person or the person's legal representative, or given to the
executor or administrator of the estate in exchange for an itemized receipt.
Subd. 5. Prohibitions Prohibited procedures. (a) The license holder is prohibited
from using psychotropic medication, chemical restraints, mechanical restraints, manual
restraints, time out, seclusion, or any other aversive or deprivation procedure, as a
substitute for adequate staffing, for a behavioral or therapeutic program to reduce or
eliminate behavior, as punishment, or for staff convenience, or for any reason other than
as prescribed.
(b) The license holder is prohibited from using restraints or seclusion under any
circumstance, unless the commissioner has approved a variance request from the license
holder that allows for the emergency use of restraints and seclusion according to terms
and conditions approved in the variance. Applicants and license holders who have
reason to believe they may be serving an individual who will need emergency use of
restraints or seclusion may request a variance on the application or reapplication, and
the commissioner shall automatically review the request for a variance as part of the
application or reapplication process. License holders may also request the variance any
time after issuance of a license. In the event a license holder uses restraint or seclusion for
any reason without first obtaining a variance as required, the license holder must report
the unauthorized use of restraint or seclusion to the commissioner within 24 hours of the
occurrence and request the required variance.

Subd. 6. Restricted procedures. The following procedures are allowed when the
procedures are implemented in compliance with the standards governing their use as
identified in clauses (1) to (3). Allowed but restricted procedures include:

(1) permitted actions and procedures subject to the requirements in subdivision 7;
(2) procedures identified in a positive support transition plan subject to the
requirements in subdivision 8; or
(3) emergency use of manual restraint subject to the requirements in section
245D.061.

For purposes of this chapter, this section supersedes the requirements identified in
Minnesota Rules, part 9525.2740.

Subd. 7. Permitted actions and procedures. (a) Use of the instructional techniques
and intervention procedures as identified in paragraphs (b) and (c), is permitted when used
on an intermittent or continuous basis. When used on a continuous basis, it must be
addressed in a person's coordinated service and support plan addendum as identified in
sections 245D.07 and 245D.071. For purposes of this chapter, the requirements of this
subdivision supersede the requirements identified in Minnesota Rules, part 9525.2720.
(b) Physical contact or instructional techniques must use the least restrictive
alternative possible to meet the needs of the person and may be used:
(1) to calm or comfort a person by holding that person with no resistance from
that person;
(2) to protect a person known to be at risk or injury due to frequent falls as a result
of a medical condition;
(3) to facilitate the person's completion of a task or response when the person does
not resist or the person's resistance is minimal in intensity and duration; or
(4) to briefly block or redirect a person's limbs or body without holding the person
or limiting the person's movement to interrupt the person's behavior that may result in
injury to self or others.
(c) Restraint may be used as an intervention procedure to:
   (1) allow a licensed health care professional to safely conduct a medical examination
   or to provide medical treatment ordered by a licensed health care professional to a person
   necessary to promote healing or recovery from an acute, meaning short-term, medical
   condition;
   (2) assist in the safe evacuation or redirection of a person in the event of an
   emergency and the person is at imminent risk of harm.

Any use of manual restraint as allowed in this paragraph must comply with the restrictions
identified in section 245D.061, subdivision 3; or

(3) to position a person with physical disabilities in a manner specified in the
person's coordinated service and support plan addendum.

(d) Use of adaptive aids or equipment, orthotic devices, or other medical equipment
ordered by a licensed health professional to treat a diagnosed medical condition do not in
and of themselves constitute the use of mechanical restraint.

Subd. 8. Positive support transition plan. License holders must develop a positive
support transition plan on the forms and in the manner prescribed by the commissioner for
a person who requires intervention in order to maintain safety when it is known that the
person's behavior poses an immediate risk of physical harm to self or others. The positive
support transition plan forms and instructions will supersede the requirements in Minnesota
Rules, parts 9525.2750; 9525.2760; and 9525.2780. The positive support transition plan
must phase out any existing plans for the emergency or programmatic use of aversive or
deprivation procedures prohibited under this chapter within the following timelines:
   (1) for persons receiving services from the license holder before January 1, 2014,
   the plan must be developed and implemented by February 1, 2014, and phased out no
   later than December 31, 2014; and
   (2) for persons admitted to the program on or after January 1, 2014, the plan must be
developed and implemented within 30 calendar days of service initiation and phased out
no later than 11 months from the date of plan implementation.

EFFECTIVE DATE. This section is effective January 1, 2014.

Sec. 28. [245D.061] EMERGENCY USE OF MANUAL RESTRAINTS.

Subdivision 1. Standards for emergency use of manual restraints. The license
holder must ensure that emergency use of manual restraints complies with the requirements
of this chapter and the license holder's policy and procedures as required under subdivision
10. For the purposes of persons receiving services governed by this chapter, this section supersedes the requirements identified in Minnesota Rules, part 9525.2770.

Subd. 2. Conditions for emergency use of manual restraint. Emergency use of manual restraint must meet the following conditions:

1. immediate intervention must be needed to protect the person or others from imminent risk of physical harm; and

2. the type of manual restraint used must be the least restrictive intervention to eliminate the immediate risk of harm and effectively achieve safety. The manual restraint must end when the threat of harm ends.

Subd. 3. Restrictions when implementing emergency use of manual restraint.

(a) Emergency use of manual restraint procedures must not:

1. be implemented with a child in a manner that constitutes sexual abuse, neglect, physical abuse, or mental injury, as defined in section 626.556, subdivision 2;

2. be implemented with an adult in a manner that constitutes abuse or neglect as defined in section 626.5572, subdivisions 2 and 17;

3. be implemented in a manner that violates a person's rights and protections identified in section 245D.04;

4. restrict a person's normal access to a nutritious diet, drinking water, adequate ventilation, necessary medical care, ordinary hygiene facilities, normal sleeping conditions, or necessary clothing, or to any protection required by state licensing standards and federal regulations governing the program;

5. deny the person visitation or ordinary contact with legal counsel, a legal representative, or next of kin;

6. be used as a substitute for adequate staffing, for the convenience of staff, as punishment, or as a consequence if the person refuses to participate in the treatment or services provided by the program; or

7. use prone restraint. For the purposes of this section, "prone restraint" means use of manual restraint that places a person in a face-down position. This does not include brief physical holding of a person who, during an emergency use of manual restraint, rolls into a prone position, and the person is restored to a standing, sitting, or side-lying position as quickly as possible. Applying back or chest pressure while a person is in the prone or supine position or face-up is prohibited.

Subd. 4. Monitoring emergency use of manual restraint. The license holder shall monitor a person's health and safety during an emergency use of a manual restraint. Staff monitoring the procedure must not be the staff implementing the procedure when possible.
The license holder shall complete a monitoring form, approved by the commissioner, for each incident involving the emergency use of a manual restraint.

Subd. 5. Reporting emergency use of manual restraint incident. (a) Within three calendar days after an emergency use of a manual restraint, the staff person who implemented the emergency use must report in writing to the designated coordinator the following information about the emergency use:

(1) the staff and persons receiving services who were involved in the incident leading up to the emergency use of manual restraint;
(2) a description of the physical and social environment, including who was present before and during the incident leading up to the emergency use of manual restraint;
(3) a description of what less restrictive alternative measures were attempted to de-escalate the incident and maintain safety before the manual restraint was implemented that identifies when, how, and how long the alternative measures were attempted before manual restraint was implemented;
(4) a description of the mental, physical, and emotional condition of the person who was restrained, and other persons involved in the incident leading up to, during, and following the manual restraint;
(5) whether there was any injury to the person who was restrained or other persons involved in the incident, including staff, before or as a result of the use of manual restraint;
(6) whether there was a debriefing with the staff, and, if not contraindicated, with the person who was restrained and other persons who were involved in or who witnessed the restraint, following the incident and the outcome of the debriefing. If the debriefing was not conducted at the time the incident report was made, the report should identify whether a debriefing is planned; and
(7) a copy of the report must be maintained in the person's service recipient record.

(b) Each single incident of emergency use of manual restraint must be reported separately. For the purposes of this subdivision, an incident of emergency use of manual restraint is a single incident when the following conditions have been met:

(1) after implementing the manual restraint, staff attempt to release the person at the moment staff believe the person's conduct no longer poses an imminent risk of physical harm to self or others and less restrictive strategies can be implemented to maintain safety;
(2) upon the attempt to release the restraint, the person's behavior immediately re-escalates; and
(3) staff must immediately reimplement the restraint in order to maintain safety.

Subd. 6. Internal review of emergency use of manual restraint. (a) Within five working days of the emergency use of manual restraint, the license holder must complete
and document an internal review of each report of emergency use of manual restraint. The
review must include an evaluation of whether:

(1) the person's service and support strategies developed according to sections
245D.07 and 245D.071 need to be revised;
(2) related policies and procedures were followed;
(3) the policies and procedures were adequate;
(4) there is a need for additional staff training;
(5) the reported event is similar to past events with the persons, staff, or the services
involved; and
(6) there is a need for corrective action by the license holder to protect the health
and safety of persons.

(b) Based on the results of the internal review, the license holder must develop,
document, and implement a corrective action plan for the program designed to correct
current lapses and prevent future lapses in performance by individuals or the license
holder, if any. The corrective action plan, if any, must be implemented within 30 days of
the internal review being completed.

(c) The license holder must maintain a copy of the internal review and the corrective
action plan, if any, in the person's service recipient record.

Subd. 7. Expanded support team review. (a) Within five working days after the
completion of the internal review required in subdivision 8, the license holder must consult
with the expanded support team following the emergency use of manual restraint to:

(1) discuss the incident reported in subdivision 7, to define the antecedent or event
that gave rise to the behavior resulting in the manual restraint and identify the perceived
function the behavior served; and

(2) determine whether the person's coordinated service and support plan addendum
needs to be revised according to sections 245D.07 and 245D.071 to positively and
effectively help the person maintain stability and to reduce or eliminate future occurrences
requiring emergency use of manual restraint.

(b) The license holder must maintain a written summary of the expanded support
team's discussion and decisions required in paragraph (a) in the person's service recipient
record.

Subd. 8. External review and reporting. Within five working days of the expanded
support team review, the license holder must submit the following to the Department of
Human Services, and the Office of the Ombudsman for Mental Health and Developmental
Disabilities, as required under section 245.94, subdivision 2a:

(1) the report required under subdivision 7;
Subd. 9. Emergency use of manual restraints policy and procedures. The license holder must develop, document, and implement a policy and procedures that promote service recipient rights and protect health and safety during the emergency use of manual restraints. The policy and procedures must comply with the requirements of this section and must specify the following:

1. a description of the positive support strategies and techniques staff must use to attempt to de-escalate a person’s behavior before it poses an imminent risk of physical harm to self or others;

2. a description of the types of manual restraints the license holder allows staff to use on an emergency basis, if any. If the license holder will not allow the emergency use of manual restraint, the policy and procedure must identify the alternative measures the license holder will require staff to use when a person’s conduct poses an imminent risk of physical harm to self or others and less restrictive strategies would not achieve safety;

3. instructions for safe and correct implementation of the allowed manual restraint procedures;

4. the training that staff must complete and the timelines for completion, before they may implement an emergency use of manual restraint. In addition to the training on this policy and procedure and the orientation and annual training required in section 245D.09, subdivision 4, the training for emergency use of manual restraint must incorporate the following subjects:

   i. alternatives to manual restraint procedures, including techniques to identify events and environmental factors that may escalate conduct that poses an imminent risk of physical harm to self or others;

   ii. de-escalation methods, positive support strategies, and how to avoid power struggles;

   iii. simulated experiences of administering and receiving manual restraint procedures allowed by the license holder on an emergency basis;

   iv. how to properly identify thresholds for implementing and ceasing restrictive procedures;

   v. how to recognize, monitor, and respond to the person’s physical signs of distress, including positional asphyxia;

   vi. the physiological and psychological impact on the person and the staff when restrictive procedures are used;

   vii. the communicative intent of behaviors; and
(viii) relationship building;

(5) the procedures and forms to be used to monitor the emergency use of manual restraints, including what must be monitored and the frequency of monitoring per each incident of emergency use of manual restraint, and the person or position who is responsible for monitoring the use;

(6) the instructions, forms, and timelines required for completing and submitting an incident report by the person or persons who implemented the manual restraint; and

(7) the procedures and timelines for conducting the internal review and the expanded support team review, and the person or position responsible for completing the reviews and for ensuring that corrective action is taken or the person's coordinated service and support plan addendum is revised, when determined necessary.

**EFFECTIVE DATE.** This section is effective January 1, 2014.

396.12 Subdivision 1. **General maintenance.** The license holder must maintain the interior and exterior of buildings, structures, or enclosures used by the facility, including walls, floors, ceilings, registers, fixtures, equipment, and furnishings in good repair and in a sanitary and safe condition. The facility must be clean and free from accumulations of...
dirt, grease, garbage, peeling paint, mold, vermin, and insects. The license holder must
correct building and equipment deterioration, safety hazards, and unsanitary conditions.

Subd. 2. Hazards and toxic substances. The license holder must ensure that
service sites owned or leased by the license holder are free from hazards that would
threaten the health or safety of a person receiving services by ensuring the requirements
in paragraphs (a) to (g) are met.

(a) Chemicals, detergents, and other hazardous or toxic substances must not be
stored with food products or in any way that poses a hazard to persons receiving services.
(b) The license holder must install handrails and nonslip surfaces on interior and
exterior runways, stairways, and ramps according to the applicable building code.
(c) If there are elevators in the facility, the license holder must have elevators
inspected each year. The date of the inspection, any repairs needed, and the date the
necessary repairs were made must be documented.
(d) The license holder must keep stairways, ramps, and corridors free of obstructions.
(e) Outside property must be free from debris and safety hazards. Exterior stairs and
walkways must be kept free of ice and snow.
(f) Heating, ventilation, air conditioning units, and other hot surfaces and moving
parts of machinery must be shielded or enclosed.
(g) Use of dangerous items or equipment by persons served by the program must be
allowed in accordance with the person's coordinated service and support plan addendum
or the program abuse prevention plan, if not addressed in the coordinated service and
support plan addendum.

Subd. 3. Storage and disposal of medication. Schedule II controlled substances in
the facility that are named in section 152.02, subdivision 3, must be stored in a locked
storage area permitting access only by persons and staff authorized to administer the
medication. This must be incorporated into the license holder's medication administration
policy and procedures required under section 245D.11, subdivision 2, clause (3).
Medications must be disposed of according to the Environmental Protection Agency
recommendations.

Subd. 4. First aid must be available on site. (a) A staff person trained in first
aid must be available on site and, when required in a person's coordinated service and
support plan or coordinated service and support plan addendum, be able to provide
cardiopulmonary resuscitation, whenever persons are present and staff are required to be
at the site to provide direct service. The CPR training must include in-person instruction,
hands-on practice, and an observed skills assessment under the direct supervision of a
CPR instructor.
(b) A facility must have first aid kits readily available for use by, and that meet
the needs of, persons receiving services and staff. At a minimum, the first aid kit must
be equipped with accessible first aid supplies including bandages, sterile compresses,
scissors, an ice bag or cold pack, an oral or surface thermometer, mild liquid soap,
and adhesive tape, and first aid manual.

Subd. 5. Emergencies. (a) The license holder must have a written plan for
responding to emergencies as defined in section 245D.02, subdivision 8, to ensure the
safety of persons served in the facility. The plan must include:

(1) procedures for emergency evacuation and emergency sheltering, including:
   (i) how to report a fire or other emergency;
   (ii) procedures to notify, relocate, and evacuate occupants, including use of adaptive
   procedures or equipment to assist with the safe evacuation of persons with physical or
   sensory disabilities; and
   (iii) instructions on closing off the fire area, using fire extinguishers, and activating
   and responding to alarm systems;
   (2) a floor plan that identifies:
      (i) the location of fire extinguishers;
      (ii) the location of audible or visual alarm systems, including but not limited to
      manual fire alarm boxes, smoke detectors, fire alarm enunciators and controls, and
      sprinkler systems;
      (iii) the location of exits, primary and secondary evacuation routes, and accessible
      egress routes, if any; and
      (iv) the location of emergency shelter within the facility;
   (3) a site plan that identifies:
      (i) designated assembly points outside the facility;
      (ii) the locations of fire hydrants; and
      (iii) the routes of fire department access;
   (4) the responsibilities each staff person must assume in case of emergency;
   (5) procedures for conducting quarterly drills each year and recording the date of
each drill in the file of emergency plans;
   (6) procedures for relocation or service suspension when services are interrupted
for more than 24 hours;
   (7) for a community residential setting with three or more dwelling units, a floor
plan that identifies the location of enclosed exit stairs; and
   (8) an emergency escape plan for each resident.

(b) The license holder must:
399.1 (1) maintain a log of quarterly fire drills on file in the facility;
399.2 (2) provide an emergency response plan that is readily available to staff and persons receiving services;
399.3 (3) inform each person of a designated area within the facility where the person should go for emergency shelter during severe weather and the designated assembly points outside the facility; and
399.4 (4) maintain emergency contact information for persons served at the facility that can be readily accessed in an emergency.
399.5 Subd. 6. Emergency equipment. The facility must have a flashlight and a portable radio or television set that do not require electricity and can be used if a power failure occurs.
399.6 Subd. 7. Telephone and posted numbers. A facility must have a non-coin operated telephone that is readily accessible. A list of emergency numbers must be posted in a prominent location. When an area has a 911 number or a mental health crisis intervention team number, both numbers must be posted and the emergency number listed must be 911. In areas of the state without a 911 number, the numbers listed must be those of the local fire department, police department, emergency transportation, and poison control center. The names and telephone numbers of each person's representative, physician, and dentist must be readily available.
399.7 EFFECTIVE DATE. This section is effective January 1, 2014.
399.8 Sec. 39. [245D.23] COMMUNITY RESIDENTIAL SETTINGS; SATELLITE LICENSURE REQUIREMENTS AND APPLICATION PROCESS.
399.9 Subdivision 1. Separate satellite license required for separate sites. (a) A license holder providing residential support services must obtain a separate satellite license for each community residential setting located at separate addresses when the community residential settings are to be operated by the same license holder. For purposes of this chapter, a community residential setting is a satellite of the home and community-based services license.
399.10 (b) Community residential settings are permitted single-family use homes. After a license has been issued, the commissioner shall notify the local municipality where the residence is located of the approved license.
399.11 Subd. 2. Notification to local agency. The license holder must notify the local agency within 24 hours of the onset of changes in a residence resulting from construction, remodeling, or damages requiring repairs that require a building permit or may affect a licensing requirement in this chapter.
Subd. 3. **Alternate overnight supervision.** A license holder granted an alternate overnight supervision technology adult foster care license according to section 245A.11, subdivision 7a, that converts to a community residential setting satellite license according to this chapter, must retain that designation.

**EFFECTIVE DATE.** This section is effective January 1, 2014.

Sec. 40. [245D.24] **COMMUNITY RESIDENTIAL SETTINGS; PHYSICAL PLANT AND ENVIRONMENT.**

Subdivision 1. **Occupancy.** The residence must meet the definition of a dwelling unit in a residential occupancy.

Subd. 2. **Common area requirements.** The living area must be provided with an adequate number of furnishings for the usual functions of daily living and social activities. The dining area must be furnished to accommodate meals shared by all persons living in the residence. These furnishings must be in good repair and functional to meet the daily needs of the persons living in the residence.

Subd. 3. **Bedrooms.** (a) People receiving services must mutually consent, in writing, to sharing a bedroom with one another. No more than two people receiving services may share one bedroom.

(b) A single occupancy bedroom must have at least 80 square feet of floor space with a 7-1/2 foot ceiling. A double occupancy room must have at least 120 square feet of floor space with a 7-1/2 foot ceiling. Bedrooms must be separated from halls, corridors, and other habitable rooms by floor to ceiling walls containing no openings except doorways and must not serve as a corridor to another room used in daily living.

(c) A person's personal possessions and items for the person's own use are the only items permitted to be stored in a person's bedroom.

(d) Unless otherwise documented through assessment as a safety concern for the person, each person must be provided with the following furnishings:

(1) a separate bed of proper size and height for the convenience and comfort of the person, with a clean mattress in good repair;

(2) clean bedding appropriate for the season for each person;

(3) an individual cabinet, or dresser, shelves, and a closet, for storage of personal possessions and clothing; and

(4) a mirror for grooming.

(e) When possible, a person must be allowed to have items of furniture that the person personally owns in the bedroom, unless doing so would interfere with safety precautions, violate a building or fire code, or interfere with another person's use of the
bedroom. A person may choose not to have a cabinet, dresser, shelves, or a mirror in the
bedroom, as otherwise required under paragraph (d), clause (3) or (4). A person may
choose to use a mattress other than an innerspring mattress and may choose not to have
the mattress on a mattress frame or support. If a person chooses not to have a piece of
required furniture, the license holder must document this choice and is not required to
provide the item. If a person chooses to use a mattress other than an innerspring mattress
or chooses not to have a mattress frame or support, the license holder must document this
choice and allow the alternative desired by the person.

(f) A person must be allowed to bring personal possessions into the bedroom
and other designated storage space, if such space is available, in the residence. The
person must be allowed to accumulate possessions to the extent the residence is able to
accommodate them, unless doing so is contraindicated for the person's physical or mental
health, would interfere with safety precautions or another person's use of the bedroom, or
would violate a building or fire code. The license holder must allow for locked storage
of personal items. Any restriction on the possession or locked storage of personal items,
including requiring a person to use a lock provided by the license holder, must comply
with section 245D.04, subdivision 3, paragraph (c), and allow the person to be present if
and when the license holder opens the lock.

EFFECTIVE DATE. This section is effective January 1, 2014.

Sec. 41. [245D.25] COMMUNITY RESIDENTIAL SETTINGS; FOOD AND
WATER.

Subdivision 1. Water. Potable water from privately owned wells must be tested
annually by a Department of Health-certified laboratory for coliform bacteria and nitrate
nitrogens to verify safety. The health authority may require retesting and corrective
measures if results exceed state water standards in Minnesota Rules, chapter 4720, or in
the event of flooding or an incident which may put the well at risk of contamination. To
prevent scalding, the water temperature of faucets must not exceed 120 degrees Fahrenheit.

Subd. 2. Food. Food served must meet any special dietary needs of a person as
prescribed by the person's physician or dietitian. Three nutritionally balanced meals a day
must be served or made available to persons, and nutritious snacks must be available
between meals.

Subd. 3. Food safety. Food must be obtained, handled, and properly stored to
prevent contamination, spoilage, or a threat to the health of a person.

EFFECTIVE DATE. This section is effective January 1, 2014.
Sec. 42. [245D.26] COMMUNITY RESIDENTIAL SETTINGS; SANITATION AND HEALTH.

Subdivision 1. Goods provided by the license holder. Individual clean bed linens appropriate for the season and the person's comfort, including towels and wash cloths, must be available for each person. Usual or customary goods for the operation of a residence which are communally used by all persons receiving services living in the residence must be provided by the license holder, including household items for meal preparation, cleaning supplies to maintain the cleanliness of the residence, window coverings on windows for privacy, toilet paper, and hand soap.

Subd. 2. Personal items. Personal health and hygiene items must be stored in a safe and sanitary manner.

Subd. 3. Pets and service animals. Pets and service animals housed within the residence must be immunized and maintained in good health as required by local ordinances and state law. The license holder must ensure that the person and the person's representative are notified before admission of the presence of pets in the residence.

Subd. 4. Smoking in the residence. License holders must comply with the requirements of the Minnesota Clean Indoor Air Act, sections 144.411 to 144.417, when smoking is permitted in the residence.

Subd. 5. Weapons. Weapons and ammunition must be stored separately in locked areas that are inaccessible to a person receiving services. For purposes of this subdivision, "weapons" means firearms and other instruments or devices designed for and capable of producing bodily harm.

EFFECTIVE DATE. This section is effective January 1, 2014.

Sec. 43. [245D.27] DAY SERVICES FACILITIES; SATELLITE LICENSURE REQUIREMENTS AND APPLICATION PROCESS.

Except for day service facilities on the same or adjoining lot, the license holder providing day services must apply for a separate license for each facility-based service site when the license holder is the owner, lessor, or tenant of the service site at which persons receive day services and the license holder's employees who provide day services are present for a cumulative total of more than 30 days within any 12-month period. For purposes of this chapter, a day services facility license is a satellite license of the day services program. A day services program may operate multiple licensed day service facilities in one or more counties in the state. For the purposes of this section, "adjoining lot" means day services facilities that are next door to or across the street from one another.
403.1 **EFFECTIVE DATE.** This section is effective January 1, 2014.

403.2 Sec. 44. [245D.28] **DAY SERVICES FACILITIES; PHYSICAL PLANT AND SPACE REQUIREMENTS.**

403.3 Subdivision 1. **Facility capacity and useable space requirements.** (a) The facility capacity of each day service facility must be determined by the amount of primary space available, the scheduling of activities at other service sites, and the space requirements of all persons receiving services at the facility, not just the licensed services. The facility capacity must specify the maximum number of persons that may receive services on site at any one time.

403.4 (b) When a facility is located in a multifunctional organization, the facility may share common space with the multifunctional organization if the required available primary space for use by persons receiving day services is maintained while the facility is operating. The license holder must comply at all times with all applicable fire and safety codes under section 245A.04, subdivision 2a, and adequate supervision requirements under section 245D.31 for all persons receiving day services.

403.5 (c) A day services facility must have a minimum of 40 square feet of primary space available for each person receiving services who is present at the site at any one time.

403.6 Primary space does not include:

403.7 (1) common areas, such as hallways, stairways, closets, utility areas, bathrooms, and kitchens;

403.8 (2) floor areas beneath stationary equipment; or

403.9 (3) any space occupied by persons associated with the multifunctional organization while persons receiving day services are using common space.

403.10 Subd. 2. **Individual personal articles.** Each person must be provided space in a closet, cabinet, on a shelf, or a coat hook for storage of personal items for the person's own use while receiving services at the facility, unless doing so would interfere with safety precautions, another person's work space, or violate a building or fire code.

403.11 **EFFECTIVE DATE.** This section is effective January 1, 2014.

403.12 Sec. 45. [245D.29] **DAY SERVICES FACILITIES; HEALTH AND SAFETY REQUIREMENTS.**

403.13 Subdivision 1. **Refrigeration.** If the license holder provides refrigeration at service sites owned or leased by the license holder for storing perishable foods and perishable portions of bag lunches, whether the foods are supplied by the license holder or the

Article 8 Sec. 45. 403
persons receiving services, the refrigeration must have a temperature of 40 degrees Fahrenheit or less.

Subd. 2. Drinking water. Drinking water must be available to all persons receiving services. If a person is unable to request or obtain drinking water, it must be provided according to that person's individual needs. Drinking water must be provided in single-service containers or from drinking fountains accessible to all persons.

Subd. 3. Individuals who become ill during the day. There must be an area in which a person receiving services can rest if:

1. the person becomes ill during the day;
2. the person does not live in a licensed residential site;
3. the person requires supervision; and
4. there is not a caretaker immediately available. Supervision must be provided until the caretaker arrives to bring the person home.

Subd. 4. Safety procedures. The license holder must establish general written safety procedures that include criteria for selecting, training, and supervising persons who work with hazardous machinery, tools, or substances. Safety procedures specific to each person's activities must be explained and be available in writing to all staff members and persons receiving services.

EFFECTIVE DATE. This section is effective January 1, 2014.

Sec. 46. [245D.31] DAY SERVICES FACILITIES; STAFF RATIO AND FACILITY COVERAGE.

Subdivision 1. Scope. This section applies only to facility-based day services.

Subd. 2. Factors. (a) The number of direct support service staff members that a license holder must have on duty at the facility at a given time to meet the minimum staffing requirements established in this section varies according to:

1. the number of persons who are enrolled and receiving direct support services at that given time;
2. the staff ratio requirement established under subdivision 3 for each person who is present; and
3. whether the conditions described in subdivision 8 exist and warrant additional staffing beyond the number determined to be needed under subdivision 7.

(b) The commissioner must consider the factors in paragraph (a) in determining a license holder's compliance with the staffing requirements and must further consider whether the staff ratio requirement established under subdivision 3 for each person receiving services accurately reflects the person's need for staff time.
Subd. 3. **Staff ratio requirement for each person receiving services.** The case manager, in consultation with the interdisciplinary team, must determine at least once each year which of the ratios in subdivisions 4, 5, and 6 is appropriate for each person receiving services on the basis of the characteristics described in subdivisions 4, 5, and 6. The ratio assigned each person and the documentation of how the ratio was arrived at must be kept in each person's individual service plan. Documentation must include an assessment of the person with respect to the characteristics in subdivisions 4, 5, and 6 recorded on a standard assessment form required by the commissioner.

Subd. 4. **Person requiring staff ratio of one to four.** A person must be assigned a staff ratio requirement of one to four if:

(1) on a daily basis the person requires total care and monitoring or constant hand-over-hand physical guidance to successfully complete at least three of the following activities: toileting, communicating basic needs, eating, ambulating; or is not capable of taking appropriate action for self-preservation under emergency conditions; or

(2) the person engages in conduct that poses an imminent risk of physical harm to self or others at a documented level of frequency, intensity, or duration requiring frequent daily ongoing intervention and monitoring as established in the person's coordinated service and support plan or coordinated service and support plan addendum.

Subd. 5. **Person requiring staff ratio of one to eight.** A person must be assigned a staff ratio requirement of one to eight if:

(1) the person does not meet the requirements in subdivision 4; and

(2) on a daily basis the person requires verbal prompts or spot checks and minimal or no physical assistance to successfully complete at least four of the following activities:
toileting, communicating basic needs, eating, ambulating, or taking appropriate action for self-preservation under emergency conditions.

Subd. 6. **Person requiring staff ratio of one to six.** A person who does not have any of the characteristics described in subdivision 4 or 5 must be assigned a staff ratio requirement of one to six.

Subd. 7. **Determining number of direct support service staff required.** The minimum number of direct support service staff members required at any one time to meet the combined staff ratio requirements of the persons present at that time can be determined by the following steps:

(1) assign to each person in attendance the three-digit decimal below that corresponds to the staff ratio requirement assigned to that person. A staff ratio requirement of one to four equals 0.250. A staff ratio requirement of one to eight equals 0.125. A staff ratio requirement of one to six equals 0.166. A staff ratio requirement of one to ten equals 0.100;
(2) add all of the three-digit decimals (one three-digit decimal for every person in attendance) assigned in clause (1);

(3) when the sum in clause (2) falls between two whole numbers, round off the sum to the larger of the two whole numbers; and

(4) the larger of the two whole numbers in clause (3) equals the number of direct support service staff members needed to meet the staff ratio requirements of the persons in attendance.

Subd. 8. **Staff to be included in calculating minimum staffing requirement.** Only staff providing direct support must be counted as staff members in calculating the staff-to-participant ratio. A volunteer may be counted as a direct support staff in calculating the staff-to-participant ratio if the volunteer meets the same standards and requirements as paid staff. No person receiving services must be counted as or be substituted for a staff member in calculating the staff-to-participant ratio.

Subd. 9. **Conditions requiring additional direct support staff.** The license holder must increase the number of direct support staff members present at any one time beyond the number arrived at in subdivision 4 if necessary when any one or combination of the following circumstances can be documented by the commissioner as existing:

(1) the health and safety needs of the persons receiving services cannot be met by the number of staff members available under the staffing pattern in effect even though the number has been accurately calculated under subdivision 7; or

(2) the person's conduct frequently presents an imminent risk of physical harm to self or others.

Subd. 10. **Supervision requirements.** (a) At no time must one direct support staff member be assigned responsibility for supervision and training of more than ten persons receiving supervision and training, except as otherwise stated in each person's risk management plan.

(b) In the temporary absence of the director or a supervisor, a direct support staff member must be designated to supervise the center.

Subd. 11. **Multifunctional programs.** A multifunctional program may count other employees of the organization besides direct support staff of the day service facility in calculating the staff-to-participant ratio if the employee is assigned to the day services facility for a specified amount of time, during which the employee is not assigned to another organization or program.

**EFFECTIVE DATE.** This section is effective January 1, 2014.

Sec. 47. **[245D.32] ALTERNATIVE LICENSING INSPECTIONS.**
Subdivision 1. Eligibility for an alternative licensing inspection. (a) A license holder providing services licensed under this chapter, with a qualifying accreditation and meeting the eligibility criteria in paragraphs (b) and (c), may request approval for an alternative licensing inspection when all services provided under the license holder's license are accredited. A license holder with a qualifying accreditation and meeting the eligibility criteria in paragraphs (b) and (c) may request approval for an alternative licensing inspection for individual community residential settings or day services facilities licensed under this chapter.

(b) In order to be eligible for an alternative licensing inspection, the program must have had at least one inspection by the commissioner following issuance of the initial license. For programs operating a day services facility, each facility must have had at least one on-site inspection by the commissioner following issuance of the initial license.

(c) In order to be eligible for an alternative licensing inspection, the program must have been in substantial and consistent compliance at the time of the last licensing inspection and during the current licensing period. For purposes of this section, "substantial and consistent compliance" means:

(1) the license holder's license was not made conditional, suspended, or revoked;

(2) there have been no substantiated allegations of maltreatment against the license holder;

(3) there were no program deficiencies identified that would jeopardize the health, safety, or rights of persons being served; and

(4) the license holder maintained substantial compliance with the other requirements of chapters 245A and 245C and other applicable laws and rules.

(d) For the purposes of this section, the license holder's license includes services licensed under this chapter that were previously licensed under chapter 245B until December 31, 2013.

Subd. 2. Qualifying accreditation. The commissioner must accept a three-year accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) as a qualifying accreditation.

Subd. 3. Request for approval of an alternative inspection status. (a) A request for an alternative inspection must be made on the forms and in the manner prescribed by the commissioner. When submitting the request, the license holder must submit all documentation issued by the accrediting body verifying that the license holder has obtained and maintained the qualifying accreditation and has complied with recommendations or requirements from the accrediting body during the period of accreditation. Based
on the request and the additional required materials, the commissioner may approve

an alternative inspection status.

(b) The commissioner must notify the license holder in writing that the request for

an alternative inspection status has been approved. Approval must be granted until the

day of the qualifying accreditation period.

(c) The license holder must submit a written request for approval to be renewed

one month before the end of the current approval period according to the requirements

in paragraph (a). If the license holder does not submit a request to renew approval as

required, the commissioner must conduct a licensing inspection.

Subd. 4. Programs approved for alternative licensing inspection; deemed

compliance licensing requirements. (a) A license holder approved for alternative

licensing inspection under this section is required to maintain compliance with all

licensing standards according to this chapter.

(b) A license holder approved for alternative licensing inspection under this section

must be deemed to be in compliance with all the requirements of this chapter, and the

commissioner must not perform routine licensing inspections.

(c) Upon receipt of a complaint regarding the services of a license holder approved

for alternative licensing inspection under this section, the commissioner must investigate

the complaint and may take any action as provided under section 245A.06 or 245A.07.

Subd. 5. Investigations of alleged or suspected maltreatment. Nothing in this

section changes the commissioner's responsibilities to investigate alleged or suspected

maltreatment of a minor under section 626.556 or a vulnerable adult under section 626.557.

Subd. 6. Termination or denial of subsequent approval. Following approval of

an alternative licensing inspection, the commissioner may terminate or deny subsequent

approval of an alternative licensing inspection if the commissioner determines that:

(1) the license holder has not maintained the qualifying accreditation;

(2) the commissioner has substantiated maltreatment for which the license holder or

facility is determined to be responsible during the qualifying accreditation period; or

(3) during the qualifying accreditation period, the license holder has been issued

an order for conditional license, fine, suspension, or license revocation that has not been

reversed upon appeal.

Subd. 7. Appeals. The commissioner's decision that the conditions for approval for

an alternative licensing inspection have not been met is final and not subject to appeal

under the provisions of chapter 14.
Subd. 8. **Commissioner's programs.** Home and community-based services licensed
der under this chapter for which the commissioner is the license holder with a qualifying
accreditation are excluded from being approved for an alternative licensing inspection.

**EFFECTIVE DATE.** This section is effective January 1, 2014.

Sec. 48. [245D.33] **ADULT MENTAL HEALTH CERTIFICATION STANDARDS.**

(a) The commissioner of human services shall issue a mental health certification
for services licensed under this chapter when a license holder is determined to have met
the requirements under paragraph (b). This certification is voluntary for license holders.

The certification shall be printed on the license and identified on the commissioner's
public Web site.

(b) The requirements for certification are:

(1) all staff have received at least seven hours of annual training covering all of
the following topics:

(i) mental health diagnoses;

(ii) mental health crisis response and de-escalation techniques;

(iii) recovery from mental illness;

(iv) treatment options, including evidence-based practices;

(v) medications and their side effects;

(vi) co-occurring substance abuse and health conditions; and

(vii) community resources;

(2) a mental health professional, as defined in section 245.462, subdivision 18, or a
mental health practitioner as defined in section 245.462, subdivision 17, is available
for consultation and assistance;

(3) there is a plan and protocol in place to address a mental health crisis; and

(4) each person's individual service and support plan identifies who is providing
clinical services and their contact information, and includes an individual crisis prevention
and management plan developed with the person.

(c) License holders seeking certification under this section must request this
certification on forms and in the manner prescribed by the commissioner.

(d) If the commissioner finds that the license holder has failed to comply with the
certification requirements under paragraph (b), the commissioner may issue a correction
order and an order of conditional license in accordance with section 245A.06 or may
issue a sanction in accordance with section 245A.07, including and up to removal of
the certification.
(e) A denial of the certification or the removal of the certification based on a
determination that the requirements under paragraph (b) have not been met is not subject to
appeal. A license holder that has been denied a certification or that has had a certification
removed may again request certification when the license holder is in compliance with the
requirements of paragraph (b).

EFFECTIVE DATE. This section is effective January 1, 2014.

Sec. 49. Minnesota Statutes 2012, section 256B.092, subdivision 1a, is amended to read:

Subd. 1a. Case management services. (a) Each recipient of a home and
community-based waiver shall be provided case management services by qualified
vendors as described in the federally approved waiver application.

(b) Case management service activities provided to or arranged for a person include:

1. development of the coordinated service and support plan under subdivision 1b;

2. informing the individual or the individual's legal guardian or conservator, or
parent if the person is a minor, of service options;

3. consulting with relevant medical experts or service providers;

4. assisting the person in the identification of potential providers;

5. assisting the person to access services and assisting in appeals under section
256.045;

6. coordination of services, if coordination is not provided by another service
provider;

7. evaluation and monitoring of the services identified in the coordinated service
and support plan, which must incorporate at least one annual face-to-face visit by the case
manager with each person; and

8. reviewing coordinated service and support plans and providing the lead agency
with recommendations for service authorization based upon the individual's needs
identified in the coordinated service and support plan.

(c) Case management service activities that are provided to the person with a
developmental disability shall be provided directly by county agencies or under contract.
Case management services must be provided by a public or private agency that is enrolled
as a medical assistance provider determined by the commissioner to meet all of the
requirements in the approved federal waiver plans. Case management services must not
be provided to a recipient by a private agency that has a financial interest in the provision
of any other services included in the recipient's coordinated service and support plan. For
purposes of this section, "private agency" means any agency that is not identified as a lead
agency under section 256B.0911, subdivision 1a, paragraph (e).
(d) Case managers are responsible for service provisions listed in paragraphs (a) and (b). Case managers shall collaborate with consumers, families, legal representatives, and relevant medical experts and service providers in the development and annual review of the coordinated service and support plan and habilitation plan.

If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order. Except as provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an order suspending or revoking a license, the license holder may continue to operate the program as provided in section 245A.04, subdivision 7, paragraphs (g) and (h), until the commissioner issues a final order on the suspension or revocation.

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license holder of the responsibility for payment of fines and the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal of an order to pay a fine must be made in writing by certified mail or personal service. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the fine has been ordered. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order.

(2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify the license holder by certified mail or personal service that a second fine has been assessed. The license holder may appeal the second fine as provided under this subdivision.
(4) Fines shall be assessed as follows: the license holder shall forfeit $1,000 for each determination of maltreatment of a child under section 626.556 or the maltreatment of a vulnerable adult under section 626.557 for which the license holder is determined responsible for the maltreatment under section 626.556, subdivision 10e, paragraph (i), or 626.557, subdivision 9c, paragraph (c); the license holder shall forfeit $200 for each occurrence of a violation of law or rule governing matters of health, safety, or supervision, including but not limited to the provision of adequate staff-to-child or adult ratios, and failure to comply with background study requirements under chapter 245C; and the license holder shall forfeit $100 for each occurrence of a violation of law or rule other than those subject to a $1,000 or $200 fine above. For purposes of this section, "occurrence" means each violation identified in the commissioner's fine order. Fines assessed against a license holder that holds a license to provide the residential-based habilitation home and community-based services, as defined under identified in section 245B.02, subdivision 20 245D.03, subdivision 1, and a community residential setting or day services facility license to provide foster care under chapter 245D where the services are provided, may be assessed against both licenses for the same occurrence, but the combined amount of the fines shall not exceed the amount specified in this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing, selling, or otherwise transferring the licensed program to a third party. In such an event, the license holder will be personally liable for payment. In the case of a corporation, each controlling individual is personally and jointly liable for payment.

d) Except for background study violations involving the failure to comply with an order to immediately remove an individual or an order to provide continuous, direct supervision, the commissioner shall not issue a fine under paragraph (c) relating to a background study violation to a license holder who self-corrects a background study violation before the commissioner discovers the violation. A license holder who has previously exercised the provisions of this paragraph to avoid a fine for a background study violation may not avoid a fine for a subsequent background study violation unless at least 365 days have passed since the license holder self-corrected the earlier background study violation.

Subd. 2. **Definitions.** As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege substantial child endangerment. Family assessment does not include a determination as to whether child maltreatment occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(b) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve substantial child endangerment, and for reports of maltreatment in facilities required to be licensed under chapter 245A or 245B; under sections 144.50 to 144.58 and 241.021; in a school as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10; or in a nonlicensed personal care provider association as defined in sections 256B.04, subdivision 16, and 256B.0625, subdivision 19a.

(c) "Substantial child endangerment" means a person responsible for a child's care, and in the case of sexual abuse includes a person who has a significant relationship to the child as defined in section 609.341, or a person in a position of authority as defined in

609.223;
(8) solicitation, inducement, and promotion of prostitution under section 609.322;
(9) criminal sexual conduct under sections 609.342 to 609.3451;
(10) solicitation of children to engage in sexual conduct under section 609.352;
(11) malicious punishment or neglect or endangerment of a child under section
609.377 or 609.378;
(12) use of a minor in sexual performance under section 617.246; or
(13) parental behavior, status, or condition which mandates that the county attorney
file a termination of parental rights petition under section 260C.301, subdivision 3,
paragraph (a).

(d) "Sexual abuse" means the subjection of a child by a person responsible for the
child's care, by a person who has a significant relationship to the child, as defined in
section 609.341, or by a person in a position of authority, as defined in section 609.341,
subdivision 10, to any act which constitutes a violation of section 609.342 (criminal sexual
conduct in the first degree), 609.343 (criminal sexual conduct in the second degree),
609.344 (criminal sexual conduct in the third degree), 609.345 (criminal sexual conduct
in the fourth degree), or 609.3451 (criminal sexual conduct in the fifth degree). Sexual
abuse also includes any act which involves a minor which constitutes a violation of
prostitution offenses under sections 609.321 to 609.324 or 617.246. Sexual abuse includes
threatened sexual abuse which includes the status of a parent or household member
who has committed a violation which requires registration as an offender under section

243.166, subdivision 1b, paragraph (a) or (b).
(e) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(f) "Neglect" means the commission or omission of any of the acts specified under clauses (1) to (9), other than by accidental means:

(1) failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child's physical or mental health when reasonably able to do so;

(2) failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker, or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of medical care may cause serious danger to the child's health. This section does not impose upon persons, not otherwise legally responsible for providing a child with necessary food, clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision 2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child at birth, medical effects or developmental delays during the child's
first year of life that medically indicate prenatal exposure to a controlled substance, or the
presence of a fetal alcohol spectrum disorder;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or
person responsible for the care of the child that adversely affects the child's basic needs
and safety; or

(9) emotional harm from a pattern of behavior which contributes to impaired
emotional functioning of the child which may be demonstrated by a substantial and
observable effect in the child's behavior, emotional response, or cognition that is not
within the normal range for the child's age and stage of development, with due regard to
the child's culture.

(g) "Physical abuse" means any physical injury, mental injury, or threatened injury,
inflicted by a person responsible for the child's care on a child other than by accidental
means, or any physical or mental injury that cannot reasonably be explained by the child's
history of injuries, or any aversive or deprivation procedures, or regulated interventions,
that have not been authorized under section 121A.67 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child
administered by a parent or legal guardian which does not result in an injury. Abuse does
not include the use of reasonable force by a teacher, principal, or school employee as
allowed by section 121A.582. Actions which are not reasonable and moderate include,
but are not limited to, any of the following that are done in anger or without regard to the
safety of the child:

(1) throwing, kicking, burning, biting, or cutting a child;

(7) striking a child under age one on the face or head;

substances which were not prescribed for the child by a practitioner, in order to control or
punish the child; or other substances that substantially affect the child's behavior, motor
coordination, or judgment or that results in sickness or internal injury, or subjects the
child to medical procedures that would be unnecessary if the child were not exposed
to the substances;
(9) unreasonable physical confinement or restraint not permitted under section

609.379, including but not limited to tying, caging, or chaining; or

(10) in a school facility or school zone, an act by a person responsible for the child's
care that is a violation under section 121A.58.

(h) "Report" means any report received by the local welfare agency, police
department, county sheriff, or agency responsible for assessing or investigating
maltreatment pursuant to this section.

(i) "Facility" means:

(1) a licensed or unlicensed day care facility, residential facility, agency, hospital,
sanitarium, or other facility or institution required to be licensed under sections 144.50 to
144.58, 241.021, or 245A.01 to 245A.16, or chapter 245B 245D;

(2) a school as defined in sections 120A.05, subdivisions 9, 11, and 13; and

124D.10; or

not limited to employee assistance counseling and the provision of guardian ad litem and
parenting time expeditor services.

(m) "Mental injury" means an injury to the psychological capacity or emotional
stability of a child as evidenced by an observable or substantial impairment in the child's
ability to function within a normal range of performance and behavior with due regard to
the child's culture.

(n) "Threatened injury" means a statement, overt act, condition, or status that
represents a substantial risk of physical or sexual abuse or mental injury. Threatened
injury includes, but is not limited to, exposing a child to a person responsible for the
child's care, as defined in paragraph (e), clause (1), who has:

(1) subjected a child to, or failed to protect a child from, an overt act or condition
that constitutes egregious harm, as defined in section 260C.007, subdivision 14, or a
similar law of another jurisdiction;

(2) been found to be palpably unfit under section 260C.301, paragraph (b), clause
(4), or a similar law of another jurisdiction;

(3) committed an act that has resulted in an involuntary termination of parental rights
under section 260C.301, or a similar law of another jurisdiction; or
(4) committed an act that has resulted in the involuntary transfer of permanent legal and physical custody of a child to a relative under Minnesota Statutes 2010, section 260C.201, subdivision 11, paragraph (d), clause (1), section 260C.515, subdivision 4, or a similar law of another jurisdiction.

A child is the subject of a report of threatened injury when the responsible social services agency receives birth match data under paragraph (o) from the Department of Human Services.

(o) Upon receiving data under section 144.225, subdivision 2b, contained in a birth record or recognition of parentage identifying a child who is subject to threatened injury under paragraph (n), the Department of Human Services shall send the data to the responsible social services agency. The data is known as "birth match" data. Unless the responsible social services agency has already begun an investigation or assessment of the report due to the birth of the child or execution of the recognition of parentage and the parent's previous history with child protection, the agency shall accept the birth match data as a report under this section. The agency may use either a family assessment or investigation to determine whether the child is safe. All of the provisions of this section apply. If the child is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.301, subdivision 3.

(p) Persons who conduct assessments or investigations under this section shall take into account accepted child-rearing practices of the culture in which a child participates and accepted teacher discipline practices, which are not injurious to the child's health, welfare, and safety.

(q) "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event which:

(1) is not likely to occur and could not have been prevented by exercise of due care; and

(2) if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence or event.

(r) "Nonmaltreatment mistake" means:

(1) at the time of the incident, the individual was performing duties identified in the center's child care program plan required under Minnesota Rules, part 9503.0045;
(2) the individual has not been determined responsible for a similar incident that
resulted in a finding of maltreatment for at least seven years;

(3) the individual has not been determined to have committed a similar
nonmaltreatment mistake under this paragraph for at least four years;

(4) any injury to a child resulting from the incident, if treated, is treated only with
remedies that are available over the counter, whether ordered by a medical professional or
not; and

(5) except for the period when the incident occurred, the facility and the individual
providing services were both in compliance with all licensing requirements relevant to the
incident.

This definition only applies to child care centers licensed under Minnesota
Rules, chapter 9503. If clauses (1) to (5) apply, rather than making a determination of
substantiated maltreatment by the individual, the commissioner of human services shall
determine that a nonmaltreatment mistake was made by the individual.

**EFFECTIVE DATE.** This section is effective January 1, 2014.

Nothing in this subdivision shall be construed to require more than one report from any institution, facility, school, or agency.

(b) Any person may voluntarily report to the local welfare agency, agency responsible for assessing or investigating the report, police department, or the county sheriff if the person knows, has reason to believe, or suspects a child is being or has been neglected or subjected to physical or sexual abuse. (d) Any person mandated to report shall receive a summary of the disposition of any report made by that reporter, including whether the case has been opened for child protection or other services, or if a referral has been made to a community organization, unless release would be detrimental to the best interests of the child. Any person who is not mandated to report shall, upon request to the local welfare agency, receive a concise summary of the disposition of any report made by that reporter, unless release would be detrimental to the best interests of the child.

(e) For purposes of this section, "immediately" means as soon as possible but in no event longer than 24 hours.

**EFFECTIVE DATE.** This section is effective January 1, 2014.
Sec. 15. Minnesota Statutes 2012, section 626.556, subdivision 10d, is amended to read:

Subd. 10d. Notification of neglect or abuse in facility. (a) When a report is received that alleges neglect, physical abuse, sexual abuse, or maltreatment of a child while in the care of a licensed or unlicensed day care facility, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed according to sections 144.50 to 144.58; 241.021; or 245A.01 to 245A.16; or chapter 245B 245D, or a school as defined in sections 120A.05, subdivisions 9, 11, and 13; and 124D.10; or a nonlicensed personal care provider organization as defined in section 256B.04, subdivision 16, and 256B.0625, subdivision 19a, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency investigating the report shall provide the following information to the parent, guardian, or legal custodian of a child alleged to have been neglected, physically abused, sexually abused, or the victim of maltreatment of a child in the facility: the name of the facility; the fact that a report alleging neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility has been received; the nature of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; that the agency is conducting an assessment or investigation; any protective or corrective measures being taken pending the outcome of the investigation; and that a written memorandum will be provided when the investigation is completed.

(b) The commissioner of the agency responsible for assessing or investigating the report or local welfare agency may also provide the information in paragraph (a) to the parent, guardian, or legal custodian of any other child in the facility if the investigative agency knows or has reason to believe the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility has occurred. In determining whether to exercise this authority, the commissioner of the agency responsible for assessing or investigating the report or local welfare agency shall consider the seriousness of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; the number of children allegedly neglected, physically abused, sexually abused, or victims of maltreatment of a child in the facility; the number of alleged perpetrators; and the length of the investigation. The facility shall be notified whenever this discretion is exercised.

(c) When the commissioner of the agency responsible for assessing or investigating the report or local welfare agency has completed its investigation, every parent, guardian, or legal custodian previously notified of the investigation by the commissioner or local welfare agency shall be provided with the following information in a written memorandum: the name of the facility investigated; the nature of the alleged neglect, physical abuse, sexual abuse, or maltreatment of a child in the facility; the investigator's name; a summary of the investigation findings; a statement whether maltreatment was
found; and the protective or corrective measures that are being or will be taken. The memorandum shall be written in a manner that protects the identity of the reporter and the child and shall not contain the name, or to the extent possible, reveal the identity of the alleged perpetrator or of those interviewed during the investigation. If maltreatment is determined to exist, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child in the facility who had contact with the individual responsible for the maltreatment. When the facility is the responsible party for maltreatment, the commissioner or local welfare agency shall also provide the written memorandum to the parent, guardian, or legal custodian of each child who received services in the population of the facility where the maltreatment occurred. This notification must be provided to the parent, guardian, or legal custodian of each child receiving services from the time the maltreatment occurred until either the individual responsible for maltreatment is no longer in contact with a child or children in the facility or the conclusion of the investigation. In the case of maltreatment within a school facility, as defined in sections 120A.05, subdivisions 9, 11, and 13, and 124D.10, the commissioner of education need not provide notification to parents, guardians, or legal custodians of each child in the facility, but shall, within ten days after the investigation is completed, provide written notification to the parent, guardian, or legal custodian of any student alleged to have been maltreated. The commissioner of education may notify the parent, guardian, or legal custodian of any student involved as a witness to alleged maltreatment.

upon the date of expiration.

Sec. 9. [214.075] HEALTH-RELATED LICENSING BOARDS; CRIMINAL
BACKGROUND CHECKS.

Subdivision 1. Applications. (a) By January 1, 2018, each health-related licensing
board, as defined in section 214.01, subdivision 2, shall require applicants for initial
licensure, licensure by endorsement, or reinstatement or other relicensure after a lapse
in licensure, as defined by the individual health-related licensing boards, to submit to
a criminal history records check of state data completed by the Bureau of Criminal
Apprehension (BCA) and a national criminal history records check, including a search of
the records of the Federal Bureau of Investigation (FBI).

(b) An applicant must complete a criminal background check if more than one year
has elapsed since the applicant last submitted a background check to the board.

Subd. 2. Investigations. If a health-related licensing board has reasonable cause
to believe a licensee has been charged with or convicted of a crime in this or any other
jurisdiction, the health-related licensing board may require the licensee to submit to a
criminal history records check of state data completed by the BCA and a national criminal
history records check, including a search of the records of the FBI.

Subd. 3. Consent form; fees; fingerprints. (a) In order to effectuate the federal
and state level, fingerprint-based criminal background check, the applicant or licensee
must submit a completed criminal history records check consent form and a full set of
fingerprints to the respective health-related licensing board or a designee in the manner
and form specified by the board.

(b) The applicant or licensee is responsible for all fees associated with preparation of
the fingerprints, the criminal records check consent form, and the criminal background
check. The fees for the criminal records background check shall be set by the BCA and
the FBI and are not refundable. The fees shall be submitted to the respective health-related
licensing board by the applicant or licensee as prescribed by the respective board.

(c) All fees received by the health-related licensing boards under this subdivision
shall be deposited in a dedicated account in the special revenue fund and are appropriated
to the Board of Nursing Home Administrators for the administrative services unit to pay
for the criminal background checks conducted by the Bureau of Criminal Apprehension
and Federal Bureau of Investigation.

Subd. 4. Refusal to consent. (a) The health-related licensing boards shall not issue
a license to any applicant who refuses to consent to a criminal background check or fails
to submit fingerprints within 90 days after submission of an application for licensure. Any
fees paid by the applicant to the board shall be forfeited if the applicant refuses to consent
to the criminal background check or fails to submit the required fingerprints.

(b) The failure of a licensee to submit to a criminal background check as provided in
subdivision 3 is grounds for disciplinary action by the respective health licensing board.

Subd. 5. Submission of fingerprints to the Bureau of Criminal Apprehension.
The health-related licensing board or designee shall submit applicant or licensee
fingerprints to the BCA. The BCA shall perform a check for state criminal justice
information and shall forward the applicant's or licensee's fingerprints to the FBI to

Subd. 6. Alternatives to fingerprint-based criminal background checks. The
health-related licensing board may require an alternative method of criminal history
checks for an applicant or licensee who has submitted at least three sets of fingerprints in
accordance with this section that have been unreadable by the BCA or the FBI.
Subd. 7. Opportunity to challenge accuracy of report. Prior to taking disciplinary action against an applicant or a licensee based on a criminal conviction, the health-related licensing board shall provide the applicant or the licensee an opportunity to complete or challenge the accuracy of the criminal history information reported to the board. The applicant or licensee shall have 30 calendar days following notice from the board of the intent to deny licensure or to take disciplinary action to request an opportunity to correct or complete the record prior to the board taking disciplinary action based on the information reported to the board. The board shall provide the applicant up to 180 days to challenge the accuracy or completeness of the report with the agency responsible for the record. This subdivision does not affect the right of the subject of the data to contest the accuracy or completeness under section 13.04, subdivision 4.

Subd. 8. Instructions to the board; plans. The health-related licensing boards, in collaboration with the commissioner of human services and the BCA, shall establish a plan for completing criminal background checks of all licensees who were licensed before the effective date requirement under subdivision 1. The plan must seek to minimize duplication of requirements for background checks of licensed health professionals. The plan for background checks of current licensees shall be developed no later than January 1, 2017, and may be contingent upon the implementation of a system by the BCA or FBI in which any new crimes that an applicant or licensee commits after an initial background check are flagged in the BCA’s or FBI’s database and reported back to the board. The plan shall include recommendations for any necessary statutory changes.

(d) If requested, the home care provider shall provide the commissioner information to verify the provider's annual revenues or other information as needed, including copies of documents submitted to the Department of Revenue.

(e) At each annual renewal, a home care provider may elect to pay the highest renewal fee for its license category, and not provide annual revenue information to the commissioner.

(f) A temporary license or license applicant, or temporary licensee or licensee that knowingly provides the commissioner incorrect revenue amounts for the purpose of paying a lower license fee shall be subject to a civil penalty in the amount of double the fee the provider should have paid.

(g) Fees and penalties collected under this section shall be deposited in the state treasury and credited to the special state government revenue fund.

(h) The license renewal fee schedule in this subdivision is effective July 1, 2016.

Sec. 12. [144A.473] ISSUANCE OF TEMPORARY LICENSE AND LICENSE RENEWAL.

Subdivision 1. Temporary license and renewal of license. (a) The department shall review each application to determine the applicant's knowledge of and compliance with Minnesota home care regulations. Before granting a temporary license or renewing a
license, the commissioner may further evaluate the applicant or licensee by requesting additional information or documentation or by conducting an on-site survey of the applicant to determine compliance with sections 144A.43 to 144A.482.

(b) Within 14 calendar days after receiving an application for a license, the commissioner shall acknowledge receipt of the application in writing. The acknowledgment must indicate whether the application appears to be complete or whether additional information is required before the application will be considered complete.

(c) Within 90 days after receiving a complete application, the commissioner shall issue a temporary license, renew the license, or deny the license.

d) The commissioner shall issue a license that contains the home care provider's name, address, license level, expiration date of the license, and unique license number. All licenses are valid for one year from the date of issuance.

Subd. 2. Temporary license. (a) For new license applicants, the commissioner shall issue a temporary license for either the basic or comprehensive home care level. A temporary license is effective for one year from the date of issuance. Temporary licensees must comply with sections 144A.43 to 144A.482.

(b) During the temporary license year, the commissioner shall survey the temporary licensee after the commissioner is notified or has evidence that the temporary licensee is providing home care services.

c) Within five days of beginning the provision of services, the temporary licensee must notify the commissioner that it is serving clients. The notification to the commissioner may be mailed or e-mailed to the commissioner at the address provided by the commissioner. If the temporary licensee does not provide home care services during the temporary license year, then the temporary license expires at the end of the year and the applicant must reapply for a temporary home care license.

d) A temporary licensee may request a change in the level of licensure prior to being surveyed and granted a license by notifying the commissioner in writing and providing additional documentation or materials required to update or complete the changed temporary license application. The applicant must pay the difference between the application fees when changing from the basic level to the comprehensive level of licensure. No refund will be made if the provider chooses to change the license application to the basic level.

e) If the temporary licensee notifies the commissioner that the licensee has clients within 45 days prior to the temporary license expiration, the commissioner may extend the temporary license for up to 60 days in order to allow the commissioner to complete the on-site survey required under this section and follow-up survey visits.
Subd. 3. Temporary licensee survey. (a) If the temporary licensee is in substantial compliance with the survey, the commissioner shall issue either a basic or comprehensive home care license. If the temporary licensee is not in substantial compliance with the survey, the commissioner shall not issue a basic or comprehensive license and there will be no contested hearing right under chapter 14.

(b) If the temporary licensee whose basic or comprehensive license has been denied disagrees with the conclusions of the commissioner, then the licensee may request a reconsideration by the commissioner or commissioner's designee. The reconsideration request process must be conducted internally by the commissioner or commissioner's designee, and chapter 14 does not apply.

(c) The temporary licensee requesting reconsideration must make the request in writing and must list and describe the reasons why the licensee disagrees with the decision to deny the basic or comprehensive home care license.

(d) A temporary licensee whose license is denied must comply with the requirements for notification and transfer of clients in section 144A.475, subdivision 5.

Sec. 13. [144A.474] SURVEYS AND INVESTIGATIONS.

Subdivision 1. Surveys. The commissioner shall conduct surveys of each home care provider. By June 30, 2016, the commissioner shall conduct a survey of home care providers on a frequency of at least once every three years. Survey frequency may be based on the license level, the provider's compliance history, number of clients served, or other factors as determined by the department deemed necessary to ensure the health, safety, and welfare of clients and compliance with the law.

Subd. 2. Types of home care surveys. (a) "Initial full survey" means the survey of a new temporary licensee conducted after the department is notified or has evidence that the temporary licensee is providing home care services to determine if the provider is in compliance with home care requirements. Initial full surveys must be completed within 14 months after the department's issuance of a temporary basic or comprehensive license.

(b) "Core survey" means periodic inspection of home care providers to determine ongoing compliance with the home care requirements, focusing on the essential health and safety requirements. Core surveys are available to licensed home care providers who have been licensed for three years and surveyed at least once in the past three years with the latest survey having no widespread violations beyond Level 1 as provided in subdivision 11. Providers must also not have had any substantiated licensing complaints, substantiated complaints against the agency under the Vulnerable Adults Act or Maltreatment of Minors Act, or an enforcement action as authorized in section 144A.475 in the past three years.
(1) The core survey for basic home care providers must review compliance in the following areas:

(i) reporting of maltreatment;
(ii) orientation to and implementation of Home Care Client Bill of Rights;
(iii) statement of home care services;
(iv) initial evaluation of clients and initiation of services;
(v) client review and monitoring;
(vi) service plan implementation and changes to the service plan;
(vii) client complaint and investigative process;
(viii) competency of unlicensed personnel; and
(ix) infection control.

(2) For comprehensive home care providers, the core survey must include everything in the basic core survey plus these areas:

(i) delegation to unlicensed personnel;
(ii) assessment, monitoring, and reassessment of clients; and
(iii) medication, treatment, and therapy management.

(c) "Full survey" means the periodic inspection of home care providers to determine ongoing compliance with the home care requirements that cover the core survey areas and all the legal requirements for home care providers. A full survey is conducted for all temporary licensees and for providers who do not meet the requirements needed for a core survey, and when a surveyor identifies unacceptable client health or safety risks during a core survey. A full survey must include all the tasks identified as part of the core survey and any additional review deemed necessary by the department, including additional observation, interviewing, or records review of additional clients and staff.

(d) "Follow-up surveys" means surveys conducted to determine if a home care provider has corrected deficient issues and systems identified during a core survey, full survey, or complaint investigation. Follow-up surveys may be conducted via phone, e-mail, fax, mail, or on-site reviews. Follow-up surveys, other than complaint surveys, shall be concluded with an exit conference and written information provided on the process for requesting a reconsideration of the survey results.

(e) Upon receiving information alleging that a home care provider has violated or is currently violating a requirement of sections 144A.43 to 144A.482, the commissioner shall investigate the complaint according to sections 144A.51 to 144A.54.

Subd. 3. Survey process. (a) The survey process for core surveys shall include the following as applicable to the particular licensee and setting surveyed:
(1) presurvey review of pertinent documents and notification to the ombudsman for long-term care;

(2) an entrance conference with available staff;

(3) communication with managerial officials or the registered nurse in charge, if available, and ongoing communication with key staff throughout the survey regarding information needed by the surveyor, clarifications regarding home care requirements, and applicable standards of practice;

(4) presentation of written contact information to the provider about the survey staff conducting the survey, the supervisor, and the process for requesting a reconsideration of the survey results;

(5) a brief tour of a sample of the housing with services establishments in which the provider is providing home care services;

(6) a sample selection of home care clients;

(7) information-gathering through client and staff observations, client and staff interviews, and reviews of records, policies, procedures, practices, and other agency information;

(8) interviews of clients' family members, if available, with clients' consent when the client can legally give consent;

(9) except for complaint surveys conducted by the Office of Health Facilities Complaints, an on-site exit conference, with preliminary findings shared and discussed with the provider, documentation that an exit conference occurred, and written information provided on the process for requesting a reconsideration of the survey results; and

(10) postsurvey analysis of findings and formulation of survey results, including correction orders when applicable.

Subd. 4. **Scheduling surveys.** Surveys and investigations shall be conducted without advance notice to home care providers. Surveyors may contact the home care provider on the day of a survey to arrange for someone to be available at the survey site.

The contact does not constitute advance notice.

Subd. 5. **Information provided by home care provider.** The home care provider shall provide accurate and truthful information to the department during a survey, investigation, or other licensing activities.

Subd. 6. **Providing client records.** Upon request of a surveyor, home care providers shall provide a list of current and past clients or client representatives that includes addresses and telephone numbers and any other information requested about the services to clients within a reasonable period of time.
Subd. 7. **Contacting and visiting clients.** Surveyors may contact or visit a home care provider's clients to gather information without notice to the home care provider. Before visiting a client, a surveyor shall obtain the client's or client's representative's permission by telephone, mail, or in person. Surveyors shall inform all clients or client's representatives of their right to decline permission for a visit.

Subd. 8. **Correction orders.** (a) A correction order may be issued whenever the commissioner finds upon survey or during a complaint investigation that a home care provider, a managerial official, or an employee of the provider is not in compliance with sections 144A.43 to 144A.482. The correction order shall cite the specific statute and document areas of noncompliance and the time allowed for correction.

(b) The commissioner shall mail copies of any correction order within 30 calendar days after an exit survey to the last known address of the home care provider. A copy of each correction order and copies of any documentation supplied to the commissioner shall be kept on file by the home care provider, and public documents shall be made available for viewing by any person upon request. Copies may be kept electronically.

(c) By the correction order date, the home care provider must document in the provider's records any action taken to comply with the correction order. The commissioner may request a copy of this documentation and the home care provider's action to respond to the correction order in future surveys, upon a complaint investigation, and as otherwise needed.

Subd. 9. **Follow-up surveys.** For providers that have Level 3 or Level 4 violations, under subdivision 11, or any violations determined to be widespread, the department shall conduct a follow-up survey within 90 calendar days of the survey. When conducting a follow-up survey, the surveyor will focus on whether the previous violations have been corrected and may also address any new violations that are observed while evaluating the corrections that have been made. If a new violation is identified on a follow-up survey, no fine will be imposed unless it is not corrected on the next follow-up survey.

Subd. 10. **Performance incentive.** A licensee is eligible for a performance incentive if there are no violations identified in a core or full survey. The performance incentive is a ten percent discount on the licensee's next home care renewal license fee.

Subd. 11. **Fines.** (a) Fines and enforcement actions under this subdivision may be assessed based on the level and scope of the violations described in paragraph (c) as follows:

(1) Level 1, no fines or enforcement;

(2) Level 2, fines ranging from $0 to $500, in addition to any of the enforcement mechanisms authorized in section 144A.475 for widespread violations;
(3) Level 3, fines ranging from $500 to $1,000, in addition to any of the enforcement mechanisms authorized in section 144A.475; and

(4) Level 4, fines ranging from $1,000 to $5,000, in addition to any of the enforcement mechanisms authorized in section 144A.475.

(b) Correction orders for violations are categorized by both level and scope and fines shall be assessed as follows:

(1) Level of violation:

(i) Level 1 is a violation that has no potential to cause more than a minimal impact on the client and does not affect health or safety;

(ii) Level 2 is a violation that did not harm a client's health or safety but had the potential to have harmed a client's health or safety, but was not likely to cause serious injury, impairment, or death;

(iii) Level 3 is a violation that harmed a client's health or safety, not including serious injury, impairment, or death, or a violation that has the potential to lead to serious injury, impairment, or death; and

(iv) Level 4 is a violation that results in serious injury, impairment, or death.

(2) Scope of violation:

(i) isolated, when one or a limited number of clients are affected or one or a limited number of staff are involved or the situation has occurred only occasionally;

(ii) pattern, when more than a limited number of clients are affected, more than a limited number of staff are involved, or the situation has occurred repeatedly but is not found to be pervasive; and

(iii) widespread, when problems are pervasive or represent a systemic failure that has affected or has the potential to affect a large portion or all of the clients.

(c) If the commissioner finds that the applicant or a home care provider required to be licensed under sections 144A.43 to 144A.482 has not corrected violations by the date specified in the correction order or conditional license resulting from a survey or complaint investigation, the commissioner may impose a fine. A notice of noncompliance with a correction order must be mailed to the applicant's or provider's last known address. The noncompliance notice must list the violations not corrected.

(d) The license holder must pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies by paying the fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.
(e) A license holder shall promptly notify the commissioner in writing when a violation specified in the order is corrected. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order, the commissioner may issue a second fine. The commissioner shall notify the license holder by mail to the last known address in the licensing record that a second fine has been assessed. The license holder may appeal the second fine as provided under this subdivision.

(f) A home care provider that has been assessed a fine under this subdivision has a right to a reconsideration or a hearing under this section and chapter 14.

(g) When a fine has been assessed, the license holder may not avoid payment by closing, selling, or otherwise transferring the licensed program to a third party. In such an event, the license holder shall be liable for payment of the fine.

(h) In addition to any fine imposed under this section, the commissioner may assess costs related to an investigation that results in a final order assessing a fine or other enforcement action authorized by this chapter.

(i) Fines collected under this subdivision shall be deposited in the state government special revenue fund and credited to an account separate from the revenue collected under section 144A.472. Subject to an appropriation by the legislature, the revenue from the fines collected may be used by the commissioner for special projects to improve home care in Minnesota as recommended by the advisory council established in section 144A.4799.

Subd. 12. Reconsideration. (a) The commissioner shall make available to home care providers a correction order reconsideration process. This process may be used to challenge the correction order issued, including the level and scope described in subdivision 11, and any fine assessed. During the correction order reconsideration request, the issuance for the correction orders under reconsideration are not stayed, but the department shall post information on the Web site with the correction order that the licensee has requested a reconsideration and that the review is pending.

(b) A licensed home care provider may request from the commissioner, in writing, a correction order reconsideration regarding any correction order issued to the provider. The correction order reconsideration shall not be reviewed by any surveyor, investigator, or supervisor that participated in the writing or reviewing of the correction order being disputed. The correction order reconsiderations may be conducted in person, by telephone, by another electronic form, or in writing, as determined by the commissioner. The commissioner shall respond in writing to the request from a home care provider for a correction order reconsideration within 60 days of the date the provider requests a reconsideration. The commissioner's response shall identify the commissioner's decision regarding each citation challenged by the home care provider.
(c) The findings of a correction order reconsideration process shall be one or more of the following:

(1) supported in full, the correction order is supported in full, with no deletion of findings to the citation;

(2) supported in substance, the correction order is supported, but one or more findings are deleted or modified without any change in the citation;

(3) correction order cited an incorrect home care licensing requirement, the correction order is amended by changing the correction order to the appropriate statutory reference;

(4) correction order was issued under an incorrect citation, the correction order is amended to be issued under the more appropriate correction order citation;

(5) the correction order is rescinded;

(6) fine is amended, it is determined that the fine assigned to the correction order was applied incorrectly; or

(7) the level or scope of the citation is modified based on the reconsideration.

(d) If the correction order findings are changed by the commissioner, the commissioner shall update the correction order Web site.

Subd. 13. **Home care surveyor training.** (a) Before conducting a home care survey, each home care surveyor must receive training on the following topics:

(4) principles of documentation;

(5) survey protocol and processes;

(7) Office of Health Facility Complaints;

(8) Minnesota landlord-tenant and housing with services laws;

(9) types of payors for home care services; and

(10) Minnesota Nurse Practice Act for nurse surveyors.

(b) Materials used for the training in paragraph (a) shall be posted on the department Web site. Requisite understanding of these topics will be reviewed as part of the quality improvement plan in section 144A.483.

Sec. 14. **[144A.475] ENFORCEMENT.**

Subd. 2. Terms to suspension or conditional license. A suspension or conditional
license designation may include terms that must be completed or met before a suspension
or conditional license designation is lifted. A conditional license designation may include
restrictions or conditions that are imposed on the provider. Terms for a suspension or
conditional license may include one or more of the following and the scope of each will be
determined by the commissioner:

the home care provider's practices and submit reports to the commissioner at the cost of
the home care provider;
(2) requiring supervision of the home care provider or staff practices at the cost
of the home care provider by an unrelated person who has sufficient knowledge and
qualifications to oversee the practices and who will submit reports to the commissioner;
(3) requiring the home care provider or employees to obtain training at the cost of
the home care provider;
(4) requiring the home care provider to submit reports to the commissioner;
(5) prohibiting the home care provider from taking any new clients for a period
of time; or
(6) any other action reasonably required to accomplish the purpose of this
subdivision and section 144A.45, subdivision 2.

Subd. 3. Notice. Prior to any suspension, revocation, or refusal to renew a license,
the home care provider shall be entitled to notice and a hearing as provided by sections
14.57 to 14.69. In addition to any other remedy provided by law, the commissioner may,
without a prior contested case hearing, temporarily suspend a license or prohibit delivery
of services by a provider for not more than 90 days if the commissioner determines that
the health or safety of a consumer is in imminent danger, provided:
(1) advance notice is given to the home care provider;
(2) after notice, the home care provider fails to correct the problem;
(3) the commissioner has reason to believe that other administrative remedies are not
likely to be effective; and
(4) there is an opportunity for a contested case hearing within the 90 days.

Subd. 4. Time limits for appeals. To appeal the assessment of civil penalties
under section 144A.45, subdivision 2, clause (5), and an action against a license under
this section, a provider must request a hearing no later than 15 days after the provider
receives notice of the action.

Subd. 5. Plan required. (a) The process of suspending or revoking a license
must include a plan for transferring affected clients to other providers by the home care
provider, which will be monitored by the commissioner. Within three business days of
being notified of the final revocation or suspension action, the home care provider shall
provide the commissioner, the lead agencies as defined in section 256B.0911, and the
ombudsman for long-term care with the following information:
(1) a list of all clients, including full names and all contact information on file;
(2) a list of each client's representative or emergency contact person, including full
names and all contact information on file;
(3) the location or current residence of each client;
(4) the payor sources for each client, including payor source identification numbers; and
(5) for each client, a copy of the client's service plan, and a list of the types of services being provided.

(b) The revocation or suspension notification requirement is satisfied by mailing the notice to the address in the license record. The home care provider shall cooperate with the commissioner and the lead agencies during the process of transferring care of clients to qualified providers. Within three business days of being notified of the final revocation or suspension action, the home care provider must notify and disclose to each of the home care provider's clients, or the client's representative or emergency contact persons, that the commissioner is taking action against the home care provider's license by providing a copy of the revocation or suspension notice issued by the commissioner.

Subd. 6. Owners and managerial officials; refusal to grant license. (a) The owner and managerial officials of a home care provider whose Minnesota license has not been renewed or that has been revoked because of noncompliance with applicable laws or rules shall not be eligible to apply for nor will be granted a home care license, including other licenses under this chapter, or be given status as an enrolled personal care assistance provider agency or personal care assistant by the Department of Human Services under section 256B.0659 for five years following the effective date of the nonrenewal or revocation. If the owner and managerial officials already have enrollment status, their enrollment will be terminated by the Department of Human Services.

(b) The commissioner shall not issue a license to a home care provider for five years following the effective date of license nonrenewal or revocation if the owner or managerial official, including any individual who was an owner or managerial official of another home care provider, had a Minnesota license that was not renewed or was revoked as described in paragraph (a).

(c) Notwithstanding subdivision 1, the commissioner shall not renew, or shall suspend or revoke, the license of any home care provider that includes any individual as an owner or managerial official who was an owner or managerial official of a home care provider whose Minnesota license was not renewed or was revoked as described in paragraph (a) for five years following the effective date of the nonrenewal or revocation.

(d) The commissioner shall notify the home care provider 30 days in advance of the date of nonrenewal, suspension, or revocation of the license. Within ten days after the receipt of the notification, the home care provider may request, in writing, that the commissioner stay the nonrenewal, revocation, or suspension of the license. The home care provider shall specify the reasons for requesting the stay; the steps that will be taken
to attain or maintain compliance with the licensure laws and regulations; any limits on the
authority or responsibility of the owners or managerial officials whose actions resulted in
the notice of nonrenewal, revocation, or suspension; and any other information to establish
that the continuing affiliation with these individuals will not jeopardize client health, safety,
or well-being. The commissioner shall determine whether the stay will be granted within
30 days of receiving the provider's request. The commissioner may propose additional
restrictions or limitations on the provider's license and require that the granting of the stay
be contingent upon compliance with those provisions. The commissioner shall take into
consideration the following factors when determining whether the stay should be granted:

(1) the threat that continued involvement of the owners and managerial officials with
the home care provider poses to client health, safety, and well-being;

(2) the compliance history of the home care provider; and

(3) the appropriateness of any limits suggested by the home care provider.
If the commissioner grants the stay, the order shall include any restrictions or
limitation on the provider's license. The failure of the provider to comply with any
restrictions or limitations shall result in the immediate removal of the stay and the
commissioner shall take immediate action to suspend, revoke, or not renew the license.

Subd. 7. Request for hearing. A request for a hearing must be in writing and must:

(1) be mailed or delivered to the department or the commissioner's designee;

(2) contain a brief and plain statement describing every matter or issue contested; and

(3) contain a brief and plain statement of any new matter that the applicant or home
care provider believes constitutes a defense or mitigating factor.

Subd. 8. Informal conference. At any time, the applicant or home care provider
and the commissioner may hold an informal conference to exchange information, clarify
issues, or resolve issues.

Subd. 9. Injunctive relief. In addition to any other remedy provided by law, the
commissioner may bring an action in district court to enjoin a person who is involved in
the management, operation, or control of a home care provider or an employee of the
home care provider from illegally engaging in activities regulated by sections 144A.43 to
144A.482. The commissioner may bring an action under this subdivision in the district
court in Ramsey County or in the district in which a home care provider is providing
services. The court may grant a temporary restraining order in the proceeding if continued
activity by the person who is involved in the management, operation, or control of a home
care provider, or by an employee of the home care provider, would create an imminent
risk of harm to a recipient of home care services.
Subd. 10. **Subpoena.** In matters pending before the commissioner under sections 144A.43 to 144A.482, the commissioner may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. If a person fails or refuses to comply with a subpoena or order of the commissioner to appear or testify regarding any matter about which the person may be lawfully questioned or to produce any papers, books, records, documents, or evidentiary materials in the matter to be heard, the commissioner may apply to the district court in any district, and the court shall order the person to comply with the commissioner's order or subpoena. The commissioner of health may administer oaths to witnesses or take their affirmation. Depositions may be taken in or outside the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served on a named person anywhere in the state by an officer authorized to serve subpoenas in civil actions, with the same fees and mileage and in the same manner as prescribed by law for a process issued out of a district court. A person subpoenaed under this subdivision shall receive the same fees, mileage, and other costs that are paid in proceedings in district court.

Sec. 15. [144A.476] **BACKGROUND STUDIES.**

Subdivision 1. **Prior criminal convictions; owner and managerial officials.** (a) Before the commissioner issues a temporary license or renews a license, an owner or managerial official is required to complete a background study under section 144.057. No person may be involved in the management, operation, or control of a home care provider if the person has been disqualified under chapter 245C. If an individual is disqualified under section 144.057 or chapter 245C, the individual may request reconsideration of the disqualification. If the individual requests reconsideration and the commissioner sets aside or rescinds the disqualification, the individual is eligible to be involved in the management, operation, or control of the provider. If an individual has a disqualification under section 245C.15, subdivision 1, and the disqualification is affirmed, the individual's disqualification is barred from a set aside, and the individual must not be involved in the management, operation, or control of the provider.

(b) For purposes of this section, owners of a home care provider subject to the background check requirement are those individuals whose ownership interest provides sufficient authority or control to affect or change decisions related to the operation of the home care provider. An owner includes a sole proprietor, a general partner, or any other individual whose individual ownership interest can affect the management and direction of the policies of the home care provider.
(c) For the purposes of this section, managerial officials subject to the background check requirement are individuals who provide direct contact as defined in section 245C.02, subdivision 11, or individuals who have the responsibility for the ongoing management or direction of the policies, services, or employees of the home care provider. Data collected under this subdivision shall be classified as private data on individuals under section 13.02, subdivision 12.

(d) The department shall not issue any license if the applicant or owner or managerial official has been unsuccessful in having a background study disqualification set aside under section 144.057 and chapter 245C; if the owner or managerial official, as an owner or managerial official of another home care provider, was substantially responsible for the other home care provider's failure to substantially comply with sections 144A.43 to 144A.482; or if an owner that has ceased doing business, either individually or as an owner of a home care provider, was issued a correction order for failing to assist clients in violation of this chapter.

Subd. 2. Employees, contractors, and volunteers. (a) Employees, contractors, and volunteers of a home care provider are subject to the background study required by section 144.057, and may be disqualified under chapter 245C. Nothing in this section shall be construed to prohibit a home care provider from requiring self-disclosure of criminal conviction information.

(b) Termination of an employee in good faith reliance on information or records obtained under paragraph (a) or subdivision 1, regarding a confirmed conviction does not subject the home care provider to civil liability or liability for unemployment benefits.

Sec. 16. [144A.477] COMPLIANCE.

Subdivision 1. Medicare-certified providers; coordination of surveys. If feasible, the commissioner shall survey licensees to determine compliance with this chapter at the same time as surveys for certification for Medicare if Medicare certification is based on compliance with the federal conditions of participation and on survey and enforcement by the Department of Health as agent for the United States Department of Health and Human Services.

Subd. 2. Medicare-certified providers; equivalent requirements. For home care providers licensed to provide comprehensive home care services that are also certified for participation in Medicare as a home health agency under Code of Federal Regulations, title 42, part 484, the following state licensure regulations are considered equivalent to the federal requirements:

(1) quality management, section 144A.479, subdivision 3;
(2) personnel records, section 144A.479, subdivision 7;
(3) acceptance of clients, section 144A.4791, subdivision 4;
(4) referrals, section 144A.4791, subdivision 5;
(5) client assessment, sections 144A.4791, subdivision 8, and 144A.4792, subdivisions 2 and 3;
(6) individualized monitoring and reassessment, sections 144A.4791, subdivisions 8, and 144A.4792, subdivisions 2 and 3;
(7) individualized service plan, sections 144A.4791, subdivision 9, 144A.4792, subdivision 5, and 144A.4793, subdivision 3;
(8) client complaint and investigation process, section 144A.4791, subdivision 11;
(9) prescription orders, section 144A.4792, subdivisions 13 to 16;
(10) client records, section 144A.4794, subdivisions 1 to 3;
(11) qualifications for unlicensed personnel performing delegated tasks, section 144A.4795;
(12) training and competency staff, section 144A.4795;
(13) training and competency for unlicensed personnel, section 144A.4795, subdivision 7;
(14) delegation of home care services, section 144A.4795, subdivision 4;
(15) availability of contact person, section 144A.4797, subdivision 1; and
(16) supervision of staff, section 144A.4797, subdivisions 2 and 3.

Violations of requirements in clauses (1) to (16) may lead to enforcement actions under section 144A.44.

Sec. 17. [144A.478] INNOVATION VARIANCE.

Subdivision 1. Definition. For purposes of this section, "innovation variance" means a specified alternative to a requirement of this chapter. An innovation variance may be granted to allow a home care provider to offer home care services of a type or in a manner that is innovative, will not impair the services provided, will not adversely affect the health, safety, or welfare of the clients, and is likely to improve the services provided. The innovative variance cannot change any of the client's rights under section 144A.44, home care bill of rights.

Subd. 2. Conditions. The commissioner may impose conditions on the granting of an innovation variance that the commissioner considers necessary.

Subd. 3. Duration and renewal. The commissioner may limit the duration of any innovation variance and may renew a limited innovation variance.
Subd. 4. **Applications; innovation variance.** An application for innovation variance from the requirements of this chapter may be made at any time, must be made in writing to the commissioner, and must specify the following:

1. the statute or law from which the innovation variance is requested;
2. the time period for which the innovation variance is requested;
3. the specific alternative action that the licensee proposes;
4. the reasons for the request; and
5. justification that an innovation variance will not impair the services provided, will not adversely affect the health, safety, or welfare of clients, and is likely to improve the services provided.

The commissioner may require additional information from the home care provider before acting on the request.

Subd. 5. **Grants and denials.** The commissioner shall grant or deny each request for an innovation variance in writing within 45 days of receipt of a complete request.

Notice of a denial shall contain the reasons for the denial. The terms of a requested innovation variance may be modified upon agreement between the commissioner and the home care provider.

Subd. 6. **Violation of innovation variances.** A failure to comply with the terms of an innovation variance shall be deemed to be a violation of this chapter.

Subd. 7. **Revocation or denial of renewal.** The commissioner shall revoke or deny renewal of an innovation variance if:

1. it is determined that the innovation variance is adversely affecting the health, safety, or welfare of the licensee's clients;
2. the home care provider has failed to comply with the terms of the innovation variance;
3. the home care provider notifies the commissioner in writing that it wishes to relinquish the innovation variance and be subject to the statute previously varied; or
4. the revocation or denial is required by a change in law.

Sec. 18. [144A.479] **HOME CARE PROVIDER RESPONSIBILITIES; BUSINESS OPERATION.**

Subdivision 1. **Display of license.** The original current license must be displayed in the home care providers' principal business office and copies must be displayed in any branch office. The home care provider must provide a copy of the license to any person who requests it.
Subd. 2. Advertising. Home care providers shall not use false, fraudulent, or misleading advertising in the marketing of services. For purposes of this section, advertising includes any verbal, written, or electronic means of communicating to potential clients about the availability, nature, or terms of home care services.

Subd. 3. Quality management. The home care provider shall engage in quality management appropriate to the size of the home care provider and relevant to the type of services the home care provider provides. The quality management activity means evaluating the quality of care by periodically reviewing client services, complaints made, and other issues that have occurred and determining whether changes in services, staffing, or other procedures need to be made in order to ensure safe and competent services to clients. Documentation about quality management activity must be available for two years. Information about quality management must be available to the commissioner at the time of the survey, investigation, or renewal.

Subd. 4. Provider restrictions. (a) This subdivision does not apply to licensees that are Minnesota counties or other units of government.

(b) A home care provider or staff cannot accept powers-of-attorney from clients for any purpose, and may not accept appointments as guardians or conservators of clients.

(c) A home care provider cannot serve as a client's representative.

Subd. 5. Handling of client's finances and property. (a) A home care provider may assist clients with household budgeting, including paying bills and purchasing household goods, but may not otherwise manage a client's property. A home care provider must provide a client with receipts for all transactions and purchases paid with the client's funds. When receipts are not available, the transaction or purchase must be documented. A home care provider must maintain records of all such transactions.

(b) A home care provider or staff may not borrow a client's funds or personal or real property, nor in any way convert a client's property to the home care provider's or staff's possession.

(c) Nothing in this section precludes a home care provider or staff from accepting gifts of minimal value, or precludes the acceptance of donations or bequests made to a home care provider that are exempt from income tax under section 501(c) of the Internal Revenue Code of 1986.

Subd. 6. Reporting maltreatment of vulnerable adults and minors. (a) All home care providers must comply with requirements for the reporting of maltreatment of minors in section 626.556 and the requirements for the reporting of maltreatment of vulnerable adults in section 626.557. Each home care provider must establish and implement a written procedure to ensure that all cases of suspected maltreatment are reported.
(b) Each home care provider must develop and implement an individual abuse prevention plan for each vulnerable minor or adult for whom home care services are provided by a home care provider. The plan shall contain an individualized review or assessment of the person's susceptibility to abuse by another individual, including other vulnerable adults or minors; the person's risk of abusing other vulnerable adults or minors; and statements of the specific measures to be taken to minimize the risk of abuse to that person and other vulnerable adults or minors. For purposes of the abuse prevention plan, the term abuse includes self-abuse.

Subd. 7. **Employee records.** The home care provider must maintain current records of each paid employee, regularly scheduled volunteers providing home care services, and of each individual contractor providing home care services. The records must include the following information:

1. evidence of current professional licensure, registration, or certification, if licensure, registration, or certification is required by this statute, or other rules;
2. records of orientation, required annual training and infection control training, and competency evaluations;
3. current job description, including qualifications, responsibilities, and identification of staff providing supervision;
4. documentation of annual performance reviews which identify areas of improvement needed and training needs;
5. for individuals providing home care services, verification that required health screenings under section 144A.4798 have taken place and the dates of those screenings; and
6. documentation of the background study as required under section 144.057.

Each employee record must be retained for at least three years after a paid employee, home care volunteer, or contractor ceases to be employed by or under contract with the home care provider. If a home care provider ceases operation, employee records must be maintained for three years.

Sec. 19. [144A.4791] **HOME CARE PROVIDER RESPONSIBILITIES WITH RESPECT TO CLIENTS.**

Subdivision 1. **Home care bill of rights; notification to client.** (a) The home care provider shall provide the client or the client's representative a written notice of the rights under section 144A.44 before the initiation of services to that client. The provider shall make all reasonable efforts to provide notice of the rights to the client or the client's representative in a language the client or client's representative can understand.
(b) In addition to the text of the home care bill of rights in section 144A.44,
subdivision 1, the notice shall also contain the following statement describing how to file
a complaint with these offices.

"If you have a complaint about the provider or the person providing your
home care services, you may call, write, or visit the Office of Health Facility
Complaints, Minnesota Department of Health. You may also contact the Office of
Ombudsman for Long-Term Care or the Office of Ombudsman for Mental Health
and Developmental Disabilities."

The statement should include the telephone number, Web site address, e-mail
address, mailing address, and street address of the Office of Health Facility Complaints at
the Minnesota Department of Health, the Office of the Ombudsman for Long-Term Care,
and the Office of the Ombudsman for Mental Health and Developmental Disabilities. The
statement should also include the home care provider's name, address, e-mail, telephone
number, and name or title of the person at the provider to whom problems or complaints
may be directed. It must also include a statement that the home care provider will not
retaliate because of a complaint.

(c) The home care provider shall obtain written acknowledgment of the client's
receipt of the home care bill of rights or shall document why an acknowledgment cannot
be obtained. The acknowledgment may be obtained from the client or the client's
representative. Acknowledgment of receipt shall be retained in the client's record.

Subd. 2. **Notice of services for dementia, Alzheimer's disease, or related
disorders.** The home care provider that provides services to clients with dementia shall
provide in written or electronic form, to clients and families or other persons who request
it, a description of the training program and related training it provides, including the
categories of employees trained, the frequency of training, and the basic topics covered.
This information satisfies the disclosure requirements in section 325F.72, subdivision
2, clause (4).

Subd. 3. **Statement of home care services.** Prior to the initiation of services,
a home care provider must provide to the client or the client's representative a written
statement which identifies if the provider has a basic or comprehensive home care license,
the services the provider is authorized to provide, and which services the provider cannot
provide under the scope of the provider's license. The home care provider shall obtain
written acknowledgment from the clients that the provider has provided the statement or
must document why the provider could not obtain the acknowledgment.

Subd. 4. **Acceptance of clients.** No home care provider may accept a person as a
client unless the home care provider has staff, sufficient in qualifications, competency,
and numbers, to adequately provide the services agreed to in the service plan and that
are within the provider's scope of practice.

Subd. 5. **Referrals.** If a home care provider reasonably believes that a client is in
need of another medical or health service, including a licensed health professional, or
social service provider, the home care provider shall:

(1) determine the client's preferences with respect to obtaining the service; and
(2) inform the client of resources available, if known, to assist the client in obtaining
services.

Subd. 6. **Initiation of services.** When a provider initiates services and the
individualized review or assessment required in subdivisions 7 and 8 has not been
completed, the provider must complete a temporary plan and agreement with the client for
services.

Subd. 7. **Basic individualized client review and monitoring.** (a) When services
being provided are basic home care services, an individualized initial review of the client's
needs and preferences must be conducted at the client's residence with the client or client's
representative. This initial review must be completed within 30 days after the initiation of
the home care services.

(b) Client monitoring and review must be conducted as needed based on changes
in the needs of the client and cannot exceed 90 days from the date of the last review.
The monitoring and review may be conducted at the client's residence or through the
utilization of telecommunication methods based on practice standards that meet the
individual client's needs.

Subd. 8. **Comprehensive assessment, monitoring, and reassessment.** (a) When
the services being provided are comprehensive home care services, an individualized
initial assessment must be conducted in-person by a registered nurse. When the services
are provided by other licensed health professionals, the assessment must be conducted by
the appropriate health professional. This initial assessment must be completed within five
days after initiation of home care services.

(b) Client monitoring and reassessment must be conducted in the client's home no
more than 14 days after initiation of services.

(c) Ongoing client monitoring and reassessment must be conducted as needed based
on changes in the needs of the client and cannot exceed 90 days from the last date of the
assessment. The monitoring and reassessment may be conducted at the client's residence
or through the utilization of telecommunication methods based on practice standards that
meet the individual client's needs.
Subd. 9. **Service plan, implementation, and revisions to service plan.** (a) No later than 14 days after the initiation of services, a home care provider shall finalize a current written service plan.

(b) The service plan and any revisions must include a signature or other authentication by the home care provider and by the client or the client's representative documenting agreement on the services to be provided. The service plan must be revised, if needed, based on client review or reassessment under subdivisions 7 and 8. The provider must provide information to the client about changes to the provider's fee for services and how to contact the Office of the Ombudsman for Long-Term Care.

(c) The home care provider must implement and provide all services required by the current service plan.

(d) The service plan and revised service plan must be entered into the client's record, including notice of a change in a client's fees when applicable.

(e) Staff providing home care services must be informed of the current written service plan.

(f) The service plan must include:

1. a description of the home care services to be provided, the fees for services, and the frequency of each service, according to the client's current review or assessment and client preferences;

2. the identification of the staff or categories of staff who will provide the services;

3. the schedule and methods of monitoring reviews or assessments of the client;

4. the frequency of sessions of supervision of staff and type of personnel who will supervise staff; and

5. a contingency plan that includes:

   i. the action to be taken by the home care provider and by the client or client's representative if the scheduled service cannot be provided;

   ii. information and method for a client or client's representative to contact the home care provider;

   iii. names and contact information of persons the client wishes to have notified in an emergency or if there is a significant adverse change in the client's condition, including identification of and information as to who has authority to sign for the client in an emergency; and

   iv. the circumstances in which emergency medical services are not to be summoned consistent with chapters 145B and 145C, and declarations made by the client under those chapters.
Subd. 10. **Termination of service plan.** (a) If a home care provider terminates a service plan with a client, and the client continues to need home care services, the home care provider shall provide the client and the client's representative, if any, with a written notice of termination which includes the following information:

1. the effective date of termination;
2. the reason for termination;
3. a list of known licensed home care providers in the client's immediate geographic area;
4. a statement that the home care provider will participate in a coordinated transfer of care of the client to another home care provider, health care provider, or caregiver, as required by the home care bill of rights, section 144A.44, subdivision 1, clause (17);
5. the name and contact information of a person employed by the home care provider with whom the client may discuss the notice of termination; and
6. if applicable, a statement that the notice of termination of home care services does not constitute notice of termination of the housing with services contract with a housing with services establishment.

(b) When the home care provider voluntarily discontinues services to all clients, the home care provider must notify the commissioner, lead agencies, and the ombudsman for long-term care about its clients and comply with the requirements in this subdivision.

Subd. 11. **Client complaint and investigative process.** (a) The home care provider must have a written policy and system for receiving, investigating, reporting, and attempting to resolve complaints from its clients or clients' representatives. The policy should clearly identify the process by which clients may file a complaint or concern about home care services and an explicit statement that the home care provider will not discriminate or retaliate against a client for expressing concerns or complaints. A home care provider must have a process in place to conduct investigations of complaints made by the client or the client's representative about the services in the client's plan that are or are not being provided or other items covered in the client's home care bill of rights. This complaint system must provide reasonable accommodations for any special needs of the client or client's representative if requested.

(b) The home care provider must document the complaint, name of the client, investigation, and resolution of each complaint filed. The home care provider must maintain a record of all activities regarding complaints received, including the date the complaint was received, and the home care provider's investigation and resolution of the complaint. This complaint record must be kept for each event for at least two years after the date of entry and must be available to the commissioner for review.
(c) The required complaint system must provide for written notice to each client or client's representative that includes:

1. the client's right to complain to the home care provider about the services received;
2. the name or title of the person or persons with the home care provider to contact with complaints;
3. the method of submitting a complaint to the home care provider; and
4. a statement that the provider is prohibited against retaliation according to paragraph (d).

(d) A home care provider must not take any action that negatively affects a client in retaliation for a complaint made or a concern expressed by the client or the client's representative.

Subd. 12. Disaster planning and emergency preparedness plan. The home care provider must have a written plan of action to facilitate the management of the client's care and services in response to a natural disaster, such as flood and storms, or other emergencies that may disrupt the home care provider's ability to provide care or services. The licensee must provide adequate orientation and training of staff on emergency preparedness.

Subd. 13. Request for discontinuation of life-sustaining treatment. (a) If a client, family member, or other caregiver of the client requests that an employee or other agent of the home care provider discontinue a life-sustaining treatment, the employee or agent receiving the request:

1. shall take no action to discontinue the treatment; and
2. shall promptly inform the supervisor or other agent of the home care provider of the client's request.

(b) Upon being informed of a request for termination of treatment, the home care provider shall promptly:

1. inform the client that the request will be made known to the physician who ordered the client's treatment;
2. inform the physician of the client's request; and
3. work with the client and the client's physician to comply with the provisions of the Health Care Directive Act in chapter 145C.

(c) This section does not require the home care provider to discontinue treatment, except as may be required by law or court order.

(d) This section does not diminish the rights of clients to control their treatments, refuse services, or terminate their relationships with the home care provider.

(e) This section shall be construed in a manner consistent with chapter 145B or 145C, whichever applies, and declarations made by clients under those chapters.
Sec. 20. [144A.4792] MEDICATION MANAGEMENT.

Subdivision 1. Medication management services; comprehensive home care license. (a) This subdivision applies only to home care providers with a comprehensive home care license that provide medication management services to clients. (d) A home care provider that provides home management services and other home care services must be licensed, but licensure requirements other than the home care bill of
rights do not apply to those employees or volunteers who provide only home management services to clients who do not receive any other home care services from the provider.

A licensed home care provider need not be registered as a home management service provider but must provide an orientation on the home care bill of rights to its employees or volunteers who provide home management services.

(e) An individual who provides home management services under this section must, within 120 days after beginning to provide services, attend an orientation session approved by the commissioner that provides training on the home care bill of rights and an orientation on the aging process and the needs and concerns of elderly and disabled persons.

(f) The commissioner may suspend or revoke a provider's certificate of registration or assess fines for violation of the home care bill of rights. Any fine assessed for a violation of the home care bill of rights by a provider registered under this section shall be in the amount established in the licensure rules for home care providers. As a condition of registration, a provider must cooperate fully with any investigation conducted by the commissioner, including providing specific information requested by the commissioner on clients served and the employees and volunteers who provide services. Fines collected under this paragraph shall be deposited in the state treasury and credited to the fund specified in the statute or rule in which the penalty was established.

The commissioner shall establish a quality improvement program for the home care survey and home care complaint investigation processes. The commissioner shall submit to the legislature an annual report, beginning October 1, 2015, and each October 1 thereafter, Each report will review the previous state fiscal year of home care licensing and regulatory activities. The report must include, but is not limited to, an analysis of:

1) the number of FTE's in the Division of Compliance Monitoring, including the Office of Health Facility Complaints units assigned to home care licensing, survey, investigation and enforcement process;

2) numbers of and descriptive information about licenses issued, complaints received and investigated, including allegations made and correction orders issued, surveys completed and timelines, and correction order reconsiderations and results;

The commissioner shall review home care regulatory systems in other states as part of that study. The commissioner shall consult with the home care providers and representatives.

Sec. 31. INTEGRATED LICENSING SYSTEM FOR HOME CARE AND HOME AND COMMUNITY-BASED SERVICES.

(a) The Department of Health Compliance Monitoring Division and the Department of Human Services Licensing Division shall jointly develop an integrated licensing system for providers of both home care services subject to licensure under Minnesota Statutes, chapter 144A, and for home and community-based services subject to licensure under Minnesota Statutes, chapter 245D. The integrated licensing system shall:

(1) require only one license of any provider of services under Minnesota Statutes, sections 144A.43 to 144A.482, and 245D.03, subdivision 1;

(2) promote quality services that recognize a person's individual needs and protect the person's health, safety, rights, and well-being;

(3) promote provider accountability through application requirements, compliance inspections, investigations, and enforcement actions;

(4) reference other applicable requirements in existing state and federal laws, including the federal Affordable Care Act;

(5) establish internal procedures to facilitate ongoing communications between the agencies, and with providers and services recipients about the regulatory activities;

(6) create a link between the agency Web sites so that providers and the public can access the same information regardless of which Web site is accessed initially; and

(7) collect data on identified outcome measures as necessary for the agencies to report to the Centers for Medicare and Medicaid Services.

(b) The joint recommendations for legislative changes to implement the integrated licensing system are due to the legislature by February 15, 2014.
(c) Before implementation of the integrated licensing system, providers licensed as home care providers under Minnesota Statutes, chapter 144A, may also provide home and community-based services subject to licensure under Minnesota Statutes, chapter 245D, without obtaining a home and community-based services license under Minnesota Statutes, chapter 245D. During this time, the conditions under clauses (1) to (3) shall apply to these providers:

(1) the provider must comply with all requirements under Minnesota Statutes, chapter 245D, for services otherwise subject to licensure under Minnesota Statutes, chapter 245D;

(2) a violation of requirements under Minnesota Statutes, chapter 245D, may be enforced by the Department of Health under the enforcement authority set forth in Minnesota Statutes, section 144A.475; and

(3) the Department of Health will provide information to the Department of Human Services about each provider licensed under this section, including the provider's license application, licensing documents, inspections, information about complaints received, and investigations conducted for possible violations of Minnesota Statutes, chapter 245D.

Sec. 32. STUDY OF CORRECTION ORDER APPEAL PROCESS.

Beginning July 1, 2015, the commissioner of health shall study whether to use a correction order appeal process conducted by an independent reviewer, such as an administrative law judge or other office. The commissioner shall review home care regulatory systems in other states and consult with the home care providers and representatives. By February 1, 2016, the commissioner shall submit a report to the chairs and ranking minority members of the committees of the legislature with jurisdiction over health and human services and judiciary issues with any recommendations regarding an independent appeal process.

**Subd. 2. Transfers.** (a) Notwithstanding section 295.581, to the extent available resources in the health care access fund exceed expenditures in that fund, effective for the biennium beginning July 1, 2007, the commissioner of management and budget shall transfer the excess funds from the health care access fund to the general fund on June 30 of each year, provided that the amount transferred in any fiscal biennium shall not exceed $96,000,000. The purpose of this transfer is to meet the rate increase required under Laws 2003, First Special Session chapter 14, article 13C, section 2, subdivision 6.

(b) For fiscal years 2006 to 2011, MinnesotaCare shall be a forecasted program, and, if necessary, the commissioner shall reduce these transfers from the health care access fund to the general fund to meet annual MinnesotaCare expenditures or, if necessary, transfer sufficient funds from the general fund to the health care access fund to meet annual MinnesotaCare expenditures.

(c) Notwithstanding section 295.581, to the extent available resources in the health care access fund exceed expenditures in that fund after the transfer required in paragraph (a), effective for the biennium beginning July 1, 2013, the commissioner of management and budget shall transfer $1,000,000 each fiscal year from the health access fund to the medical education and research costs fund established under section 62J.692, for distribution under section 62J.692, subdivision 4, paragraph (c).

Sec. 2. Minnesota Statutes 2012, section 43A.23, is amended by adding a subdivision to read:

**Subd. 4. Coverage for autism spectrum disorders.** For participants in the state employee group insurance program, the commissioner of management and budget must administer the identical benefit as is required under section 62A.3094.

**EFFECTIVE DATE.** This section is effective January 1, 2016, or the date a collective bargaining agreement or compensation plan that includes changes to this section is approved under Minnesota Statutes, section 3.855, whichever is earlier.

Subdivision 1. Definitions. (a) For purposes of this section, the terms defined in paragraphs (b) to (d) have the meanings given.

(b) "Autism spectrum disorders" means the conditions as determined by criteria set forth in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(c) "Medically necessary care" means health care services appropriate, in terms of type, frequency, level, setting, and duration, to the enrollee's condition, and diagnostic testing and preventative services. Medically necessary care must be consistent with generally accepted practice parameters as determined by physicians and licensed psychologists who typically manage patients who have autism spectrum disorders.

(d) "Mental health professional" means a mental health professional as defined in section 245.4871, subdivision 27, clause (1), (2), (3), (4), or (6), who has training and expertise in autism spectrum disorder and child development.

(a) A health plan issued to a large employer, as defined in section 62Q.18, subdivision 1, must provide coverage for the diagnosis, evaluation, multidisciplinary assessment, and medically necessary care of children under 18 with autism spectrum disorders, including but not limited to the following:

(c) The coverage required under this subdivision must include treatment that is in accordance with an individualized treatment plan prescribed by the enrollee's treating physician or mental health professional.

(d) A health carrier may not refuse to renew or reissue, or otherwise terminate or restrict, coverage of an individual solely because the individual is diagnosed with an autism spectrum disorder.

(e) A health carrier may request an updated treatment plan only once every six months, unless the health carrier and the treating physician or mental health professional agree that a more frequent review is necessary due to emerging circumstances.
An independent progress evaluation conducted by a mental health professional with expertise and training in autism spectrum disorder and child development must be completed to determine if progress toward function and generalizable gains, as determined in the treatment plan, is being made.

Subd. 3. **No effect on other law.** Nothing in this section limits the coverage required under section 62Q.47.

Subd. 4. **State health care programs.** This section does not affect benefits available under the medical assistance and MinnesotaCare programs and does not limit, restrict, or otherwise reduce coverage under these programs.

Sec. 4. Minnesota Statutes 2012, section 62J.692, subdivision 1, is amended to read:

Training that occurs in nursing facility settings is not eligible for funding under this section.

Sec. 5. Minnesota Statutes 2012, section 62J.692, subdivision 3, is amended to read:

Subd. 3. Application process. (a) A clinical medical education program conducted in Minnesota by a teaching institution to train physicians, doctor of pharmacy practitioners, dentists, chiropractors, or physician assistants, dental therapists and advanced dental therapists, psychologists, clinical social workers, community paramedics, or community health workers are eligible for funds under subdivision 4 if the program:

(1) is funded, in part, by patient care revenues;

(2) occurs in patient care settings that face increased financial pressure as a result of competition with nonteaching patient care entities; and

(3) emphasizes primary care or specialties that are in undersupply in Minnesota.

(b) A clinical medical education program for advanced practice nursing is eligible for funds under subdivision 4 if the program meets the eligibility requirements in paragraph (a), clauses (1) to (3), and is sponsored by the University of Minnesota Academic Health Center, the Mayo Foundation, or institutions that are part of the Minnesota State Colleges and Universities system or members of the Minnesota Private College Council.

(c) Applications must be submitted to the commissioner by a sponsoring institution on behalf of an eligible clinical medical education program and must be received by October 31 of each year for distribution in the following year. An application for funds must contain the following information:

(1) the official name and address of the sponsoring institution and the official name and site address of the clinical medical education programs on whose behalf the sponsoring institution is applying;

(2) the name, title, and business address of those persons responsible for administering the funds;

(3) for each clinical medical education program for which funds are being sought, the type and specialty orientation of trainees in the program; the name, site address, and medical assistance provider number and national provider identification number of each training site used in the program; the federal tax identification number of each training site.
used in the program, where available; the total number of trainees at each training site; and
the total number of eligible trainee FTEs at each site; and
(4) other supporting information the commissioner deems necessary to determine
program eligibility based on the criteria in paragraphs (a) and (b) and to ensure the
equitable distribution of funds.
(d) An application must include the information specified in clauses (1) to (3) for
each clinical medical education program on an annual basis for three consecutive years.
After that time, an application must include the information specified in clauses (1) to (3)
when requested, at the discretion of the commissioner:
(1) audited clinical training costs per trainee for each clinical medical education
program when available or estimates of clinical training costs based on audited financial
data;
(2) a description of current sources of funding for clinical medical education costs,
including a description and dollar amount of all state and federal financial support,
including Medicare direct and indirect payments; and
(3) other revenue received for the purposes of clinical training.
(e) An applicant that does not provide information requested by the commissioner
shall not be eligible for funds for the current funding cycle.

Sec. 6. Minnesota Statutes 2012, section 62J.692, subdivision 4, is amended to read:
Subd. 4. Distribution of funds. (a) The commissioner shall annually distribute the
available medical education funds to all qualifying applicants based on a distribution
formula that reflects a summation of two factors:
(1) a public program volume factor, which is determined by the total volume of
public program revenue received by each training site as a percentage of all public
program revenue received by all training sites in the fund pool; and
(2) a supplemental public program volume factor, which is determined by providing
a supplemental payment of 20 percent of each training site's grant to training sites whose
public program revenue accounted for at least 0.98 percent of the total public program
revenue received by all eligible training sites. Grants to training sites whose public
program revenue accounted for less than 0.98 percent of the total public program revenue
received by all eligible training sites shall be reduced by an amount equal to the total
value of the supplemental payment.
Public program revenue for the distribution formula includes revenue from medical
assistance, prepaid medical assistance, general assistance medical care, and prepaid
general assistance medical care. Training sites that receive no public program revenue
are ineligible for funds available under this subdivision. For purposes of determining training-site level grants to be distributed under paragraph (a) this paragraph, total statewide average costs per trainee for medical residents is based on audited clinical training costs per trainee in primary care clinical medical education programs for medical residents. Total statewide average costs per trainee for dental residents is based on audited clinical training costs per trainee in clinical medical education programs for dental students. Total statewide average costs per trainee for pharmacy residents is based on audited clinical training costs per trainee in clinical medical education programs for pharmacy students. Training sites whose training site level grant is less than $4,000

$5,000, based on the formula described in this paragraph, or that train fewer than 0.1 FTE eligible trainees, are ineligible for funds available under this subdivision. No training sites shall receive a grant per FTE trainee that is in excess of the 95th percentile grant per FTE across all eligible training sites; grants in excess of this amount will be redistributed to other eligible sites based on the formula described in this paragraph.

(b) For funds distributed in fiscal years 2014 and 2015, the distribution formula shall include a supplemental public program volume factor, which is determined by providing a supplemental payment to training sites whose public program revenue accounted for at least 0.98 percent of the total public program revenue received by all eligible training sites. The supplemental public program volume factor shall be equal to ten percent of each training sites grant for funds distributed in fiscal year 2014 and for funds distributed in fiscal year 2015. Grants to training sites whose public program revenue accounted for less than 0.98 percent of the total public program revenue received by all eligible training sites shall be reduced by an amount equal to the total value of the supplemental payment. For fiscal year 2016 and beyond, the distribution of funds shall be based solely on the public program volume factor as described in paragraph (a).

(c) Of available medical education funds, $1,000,000 shall be distributed each year for grants to family medicine residency programs located outside of the seven-county metropolitan area, as defined in section 473.121, subdivision 4, focused on education and training of family medicine physicians to serve communities outside the metropolitan area. To be eligible for a grant under this paragraph, a family medicine residency program must demonstrate that over the most recent three calendar years, at least 25 percent of its residents practice in Minnesota communities outside of the metropolitan area. Grant funds must be allocated proportionally based on the number of residents per eligible residency program.

145.986 STATEWIDE HEALTH IMPROVEMENT PROGRAM.

Subdivision 1. Grants to local communities Purpose. The purpose of the statewide
health improvement program is to:

(1) address the top three leading preventable causes of illness and death: tobacco use
and exposure, poor diet, and lack of regular physical activity;

(2) promote the development, availability, and use of evidence-based, community
level, comprehensive strategies to create healthy communities; and
(3) measure the impact of the evidence-based, community health improvement practices which over time work to contain health care costs and reduce chronic diseases.

Subd. 1a.  **Grants to local communities.** (a) Beginning July 1, 2009, the commissioner of health shall award competitive grants to community health boards established pursuant to section 145A.09 and tribal governments to convene, coordinate, and implement evidence-based strategies targeted at reducing the percentage of Minnesotans who are obese or overweight and to reduce the use of tobacco.  Grants shall be awarded to all community health boards and tribal governments whose proposals demonstrate the ability to implement programs designed to achieve the purposes in subdivision 1 and other requirements of this section.

(b) Grantee activities shall:

1. be based on scientific evidence;
2. be based on community input;
3. address behavior change at the individual, community, and systems levels;
4. occur in community, school, worksite, and health care settings; and
5. be focused on policy, systems, and environmental changes that support healthy behaviors; and
6. address the health disparities and inequities that exist in the grantee's community.

(c) To receive a grant under this section, community health boards and tribal governments must submit proposals to the commissioner.  A local match of ten percent of the total funding allocation is required.  This local match may include funds donated by community partners.

(d) In order to receive a grant, community health boards and tribal governments must submit a health improvement plan to the commissioner of health for approval.  The commissioner may require the plan to identify a community leadership team, community partners, and a community action plan that includes an assessment of area strengths and needs, proposed action strategies, technical assistance needs, and a staffing plan.

(e) The grant recipient must implement the health improvement plan, evaluate the effectiveness of the interventions strategies, and modify or discontinue interventions strategies found to be ineffective.

(f) By January 15, 2011, the commissioner of health shall recommend whether any funding should be distributed to community health boards and tribal governments based on health disparities demonstrated in the populations served.

(g) (f) Grant recipients shall report their activities and their progress toward the outcomes established under subdivision 2 to the commissioner in a format and at a time specified by the commissioner.
(h) (g) All grant recipients shall be held accountable for making progress toward the measurable outcomes established in subdivision 2. The commissioner shall require a corrective action plan and may reduce the funding level of grant recipients that do not make adequate progress toward the measurable outcomes.

Subd. 2. Outcomes. (a) The commissioner shall set measurable outcomes to meet the goals specified in subdivision 1, and annually review the progress of grant recipients in meeting the outcomes.

(b) The commissioner shall measure current public health status, using existing measures and data collection systems when available, to determine baseline data against which progress shall be monitored.

Subd. 3. Technical assistance and oversight. (a) The commissioner shall provide content expertise, technical expertise, and training to grant recipients and advice on evidence-based strategies, including those based on populations and types of communities served. The commissioner shall ensure that the statewide health improvement program meets the outcomes established under subdivision 2 by conducting a comprehensive statewide evaluation and assisting grant recipients to modify or discontinue interventions found to be ineffective.

(b) For the purposes of carrying out the grant program under this section, including for administrative purposes, the commissioner shall award contracts to appropriate entities to assist in training and provide technical assistance to grantees.

(c) Contracts awarded under paragraph (b) may be used to provide technical assistance and training in the areas of:

(1) community engagement and capacity building;
(2) tribal support;
(3) community asset building and risk behavior reduction;
(4) legal;
(5) communications;
(6) community, school, health care, work site, and other site-specific strategies; and
(7) health equity.

Subd. 4. Evaluation. (a) Using the outcome measures established in subdivision 3, the commissioner shall conduct a biennial evaluation of the statewide health improvement program funded under this section. Grant recipients shall cooperate with the commissioner in the evaluation and provide the commissioner with the information necessary to conduct the evaluation.
(b) Grant recipients will collect, monitor, and submit to the Department of Health baseline and annual data and provide information to improve the quality and impact of community health improvement strategies.

(c) For the purposes of carrying out the grant program under this section, including for administrative purposes, the commissioner shall award contracts to appropriate entities to assist in designing and implementing evaluation systems.

(d) Contracts awarded under paragraph (c) may be used to:

(1) develop grantee monitoring and reporting systems to track grantee progress,

(2) manage, analyze, and report program evaluation data results; and

(3) utilize innovative support tools to analyze and predict the impact of prevention strategies on health outcomes and state health care costs over time.

Subd. 5. Report. The commissioner shall submit a biennial report to the legislature on the statewide health improvement program funded under this section. These reports must include information on each grant recipient, including the activities that were conducted by the grantee using grant funds, evaluation data, and outcome measures, if available. The grantee's progress toward achieving the measurable outcomes established under subdivision 2, and the data provided to the commissioner by the grantee to measure these outcomes for grant activities. The commissioner shall provide information on grants in which a corrective action plan was required under subdivision 1a, the types of plan action, and the progress that has been made toward meeting the measurable outcomes. In addition, the commissioner shall provide recommendations on future areas of focus for health improvement. These reports are due by January 15 of every other year, beginning in 2010. In the report due on January 15, 2010, the commissioner shall include recommendations on a sustainable funding source for the statewide health improvement program other than the health care access fund. In the report due on January 15, 2014, the commissioner shall include a description of the contracts awarded under subdivision 4, paragraph (c), and the monitoring and evaluation systems that were designed and implemented under these contracts.

Subd. 6. Supplantation of existing funds. Sec. 74. [149A.54] LICENSE TO OPERATE AN ALKALINE HYDROLYSIS FACILITY.

Subdivision 1. License requirement. Except as provided in section 149A.01, subdivision 3, a place or premise shall not be maintained, managed, or operated which is devoted to or used in the holding and alkaline hydrolysis of a dead human body without possessing a valid license to operate an alkaline hydrolysis facility issued by the commissioner of health.
Subd. 2. Requirements for an alkaline hydrolysis facility. (a) An alkaline hydrolysis facility licensed under this section must consist of:

(1) a building or structure that complies with applicable local and state building codes, zoning laws and ordinances, and wastewater management and environmental standards, containing one or more alkaline hydrolysis vessels for the alkaline hydrolysis of dead human bodies;

(2) a method approved by the commissioner of health to dry the hydrolyzed remains and which is located within the licensed facility;

(3) a means approved by the commissioner of health for refrigeration of dead human bodies awaiting alkaline hydrolysis;

(4) an appropriate means of processing hydrolyzed remains to a granulated appearance appropriate for final disposition; and

(5) an appropriate holding facility for dead human bodies awaiting alkaline hydrolysis.

(b) An alkaline hydrolysis facility licensed under this section may also contain a display room for funeral goods.

Subd. 3. Application procedure; documentation; initial inspection. An application to license and operate an alkaline hydrolysis facility shall be submitted to the commissioner of health. A completed application includes:

(1) a completed application form, as provided by the commissioner;

(2) proof of business form and ownership;

(3) proof of liability insurance coverage or other financial documentation, as determined by the commissioner, that demonstrates the applicant's ability to respond in damages for liability arising from the ownership, maintenance management, or operation of an alkaline hydrolysis facility; and

(4) copies of wastewater and other environmental regulatory permits and environmental regulatory licenses necessary to conduct operations.

Upon receipt of the application and appropriate fee, the commissioner shall review and verify all information. Upon completion of the verification process and resolution of any deficiencies in the application information, the commissioner shall conduct an initial inspection of the premises to be licensed. After the inspection and resolution of any deficiencies found and any reinspections as may be necessary, the commissioner shall make a determination, based on all the information available, to grant or deny licensure. If the commissioner's determination is to grant the license, the applicant shall be notified and the license shall issue and remain valid for a period prescribed on the license, but not to exceed one calendar year from the date of issuance of the license. If the commissioner's
determination is to deny the license, the commissioner must notify the applicant in writing of the denial and provide the specific reason for denial.

Subd. 4. **Nontransferability of license.** A license to operate an alkaline hydrolysis facility is not assignable or transferable and shall not be valid for any entity other than the one named. Each license issued to operate an alkaline hydrolysis facility is valid only for the location identified on the license. A 50 percent or more change in ownership or location of the alkaline hydrolysis facility automatically terminates the license. Separate licenses shall be required of two or more persons or other legal entities operating from the same location.

Subd. 5. **Display of license.** Each license to operate an alkaline hydrolysis facility must be conspicuously displayed in the alkaline hydrolysis facility at all times.

Conspicuous display means in a location where a member of the general public within the alkaline hydrolysis facility is able to observe and read the license.

Subd. 6. **Period of licensure.** All licenses to operate an alkaline hydrolysis facility issued by the commissioner are valid for a period of one calendar year beginning on July 1 and ending on June 30, regardless of the date of issuance.

Subd. 7. **Reporting changes in license information.** Any change of license information must be reported to the commissioner, on forms provided by the commissioner, no later than 30 calendar days after the change occurs. Failure to report changes is grounds for disciplinary action.

Subd. 8. **Notification to the commissioner.** If the licensee is operating under a wastewater or an environmental permit or license that is subsequently revoked, denied, or terminated, the licensee shall notify the commissioner.

Subd. 9. **Application information.** All information submitted to the commissioner for a license to operate an alkaline hydrolysis facility is classified as licensing data under section 13.41, subdivision 5.

Sec. 75. **[149A.55] RENEWAL OF LICENSE TO OPERATE AN ALKALINE HYDROLYSIS FACILITY.**

Subdivision 1. **Renewal required.** All licenses to operate an alkaline hydrolysis facility issued by the commissioner expire on June 30 following the date of issuance of the license and must be renewed to remain valid.

Subd. 2. **Renewal procedure and documentation.** Licensees who wish to renew their licenses must submit to the commissioner a completed renewal application no later than June 30 following the date the license was issued. A completed renewal application includes:

1. a completed renewal application form, as provided by the commissioner; and
2) proof of liability insurance coverage or other financial documentation, as
determined by the commissioner, that demonstrates the applicant's ability to respond in
damages for liability arising from the ownership, maintenance, management, or operation
of an alkaline hydrolysis facility.

Upon receipt of the completed renewal application, the commissioner shall review and
verify the information. Upon completion of the verification process and resolution of
any deficiencies in the renewal application information, the commissioner shall make a
determination, based on all the information available, to reissue or refuse to reissue the
license. If the commissioner's determination is to reissue the license, the applicant shall
be notified and the license shall issue and remain valid for a period prescribed on the
license, but not to exceed one calendar year from the date of issuance of the license. If
the commissioner's determination is to refuse to reissue the license, section 149A.09,
subdivision 2, applies.

Subd. 3. Penalty for late filing. Renewal applications received after the expiration
date of a license will result in the assessment of a late filing penalty. The late filing penalty
must be paid before the reissuance of the license and received by the commissioner no
later than 31 calendar days after the expiration date of the license.

Subd. 4. Lapse of license. Licenses to operate alkaline hydrolysis facilities
shall automatically lapse when a completed renewal application is not received by the
commissioner within 31 calendar days after the expiration date of a license, or a late
filing penalty assessed under subdivision 3 is not received by the commissioner within 31
calendar days after the expiration of a license.

Subd. 5. Effect of lapse of license. Upon the lapse of a license, the person to whom
the license was issued is no longer licensed to operate an alkaline hydrolysis facility in
Minnesota. The commissioner shall issue a cease and desist order to prevent the lapsed
license holder from operating an alkaline hydrolysis facility in Minnesota and may pursue
any additional lawful remedies as justified by the case.

Subd. 6. Restoration of lapsed license. The commissioner may restore a lapsed
license upon receipt and review of a completed renewal application, receipt of the late
filing penalty, and reinspection of the premises, provided that the receipt is made within
one calendar year from the expiration date of the lapsed license and the cease and desist
order issued by the commissioner has not been violated. If a lapsed license is not restored
within one calendar year from the expiration date of the lapsed license, the holder of the
lapsed license cannot be relicensed until the requirements in section 149A.54 are met.

Subd. 7. Reporting changes in license information. Any change of license
information must be reported to the commissioner, on forms provided by the
commissioner, no later than 30 calendar days after the change occurs. Failure to report
changes is grounds for disciplinary action.

Subd. 8. Application information. All information submitted to the commissioner
by an applicant for renewal of licensure to operate an alkaline hydrolysis facility is
classified as licensing data under section 13.41, subdivision 5.

subdivision to read:

Subd. 7. State government special revenue fund. Fees collected by the
commissioner under this section must be deposited in the state treasury and credited to
the state government special revenue fund.

Subdivision 1. Use of titles. Only a person holding a valid license to practice
mortuary science issued by the commissioner may use the title of mortician, funeral
director, or any other title implying that the licensee is engaged in the business or practice
of mortuary science. Only the holder of a valid license to operate an alkaline hydrolysis
facility issued by the commissioner may use the title of alkaline hydrolysis facility, water
cremation, water-reduction, biocremation, green-cremation, resomation, dissolution, or

(4) using a founding or establishing date or total years of service not directly or continuously related to a name under which the funeral establishment, alkaline hydrolysis facility, or crematory is currently or was previously licensed.

Any advertising or other printed material that contains the names or pictures of persons affiliated with a funeral establishment, alkaline hydrolysis facility, or crematory shall state the position held by the persons and shall identify each person who is licensed or unlicensed under this chapter.

The list must contain, at least, the retail prices of all the specific funeral goods and burial site goods offered which do not require special ordering, enough information to identify each, and the effective date for the price list. However, funeral providers are not required to make a specific price list available if the funeral providers place the information required by this paragraph on the general price list described in paragraph (e).

(e) Funeral providers must give a printed price list, for retention, to persons who inquire in person about the funeral goods, funeral services, burial site goods, or burial site services or prices offered by the funeral provider. The funeral provider must give the list upon beginning discussion of either the prices of or the overall type of funeral service or disposition or specific funeral goods, funeral services, burial site goods, or burial site services offered by the provider. This requirement applies whether the discussion takes place in the funeral establishment or elsewhere. However, when the deceased is removed for transportation to the funeral establishment, an in-person request for authorization to embalm does not, by itself, trigger the requirement to offer the general price list. If the provider, in making an in-person request for authorization to embalm, discloses that
embalming is not required by law except in certain special cases, the provider is not
required to offer the general price list. Any other discussion during that time about prices
or the selection of funeral goods, funeral services, burial site goods, or burial site services
triggers the requirement to give the consumer a general price list. The general price list
must contain the following information:

(1) the name, address, and telephone number of the funeral provider's place of
business;

(2) a caption describing the list as a "general price list";

(3) the effective date for the price list;

(4) the retail prices, in any order, expressed either as a flat fee or as the prices per
hour, mile, or other unit of computation, and other information described as follows:

(i) forwarding of remains to another funeral establishment, together with a list of
the services provided for any quoted price;

(ii) receiving remains from another funeral establishment, together with a list of
the services provided for any quoted price;

(iii) separate prices for each alkaline hydrolysis or cremation offered by the funeral
provider, with the price including an alternative container or alkaline hydrolysis or
cremation container, any alkaline hydrolysis or crematory charges, and a description of the
services and container included in the price, where applicable, and the price of alkaline
hydrolysis or cremation where the purchaser provides the container;

(iv) separate prices for each immediate burial offered by the funeral provider,
including a casket or alternative container, and a description of the services and container
included in that price, and the price of immediate burial where the purchaser provides the
casket or alternative container;

(v) transfer of remains to the funeral establishment or other location;

(vi) embalming;

(vii) other preparation of the body;

(viii) use of facilities, equipment, or staff for viewing;

(ix) use of facilities, equipment, or staff for funeral ceremony;

(x) use of facilities, equipment, or staff for memorial service;

(xi) use of equipment or staff for graveside service;

(xii) hearse or funeral coach;

(xiii) limousine; and

(xiv) separate prices for all cemetery-specific goods and services, including all goods
and services associated with interment and burial site goods and services and excluding

markers and headstones;
(5) the price range for the caskets offered by the funeral provider, together with the statement "A complete price list will be provided at the funeral establishment or casket sale location," or the prices of individual caskets, as disclosed in the manner described in paragraphs (c) and (d);

(6) the price range for the alternative containers offered by the funeral provider, together with the statement "A complete price list will be provided at the funeral establishment or alternative container sale location." or the prices of individual alternative containers, as disclosed in the manner described in paragraphs (c) and (d);

(7) the price range for the outer burial containers offered by the funeral provider, together with the statement "A complete price list will be provided at the funeral establishment or outer burial container sale location." or the prices of individual outer burial containers, as disclosed in the manner described in paragraphs (c) and (d);

(8) the price range for the alkaline hydrolysis container offered by the funeral provider, together with the statement: "A complete price list will be provided at the funeral establishment or alkaline hydrolysis container sale location.", or the prices of individual alkaline hydrolysis containers, as disclosed in the manner described in paragraphs (c) and (d);

(9) the price range for the hydrolyzed remains container offered by the funeral provider, together with the statement: "A complete price list will be provided at the funeral establishment or hydrolyzed remains container sale location.", or the prices of individual hydrolyzed remains container, as disclosed in the manner described in paragraphs (c) and (d);

(10) the price range for the cremation containers offered by the funeral provider, together with the statement "A complete price list will be provided at the funeral establishment or cremation container sale location." or the prices of individual cremation containers and cremated remains containers, as disclosed in the manner described in paragraphs (c) and (d);

(11) the price range for the cremated remains containers offered by the funeral provider, together with the statement, "A complete price list will be provided at the funeral establishment or cremated remains container sale location," or the prices of individual cremation containers as disclosed in the manner described in paragraphs (c) and (d);

(12) the price for the basic services of funeral provider and staff, together with a list of the principal basic services provided for any quoted price and, if the charge cannot be declined by the purchaser, the statement "This fee for our basic services will be added to the total cost of the funeral arrangements you select. (This fee is already included in
our charges for alkaline hydrolysis, direct cremations, immediate burials, and forwarding
or receiving remains.) If the charge cannot be declined by the purchaser, the quoted
price shall include all charges for the recovery of unallocated funeral provider overhead,
and funeral providers may include in the required disclosure the phrase "and overhead"
after the word "services." This services fee is the only funeral provider fee for services,
facilities, or unallocated overhead permitted by this subdivision to be nondeclinable,
unless otherwise required by law;

(13) The price range for the markers and headstones offered by the funeral
provider, together with the statement "A complete price list will be provided at the funeral
establishment or marker or headstone sale location." or the prices of individual markers
and headstones, as disclosed in the manner described in paragraphs (c) and (d); and

(14) Any package priced funerals offered must be listed in addition to and
following the information required in paragraph (e) and must clearly state the funeral
goods and services being offered, the price being charged for those goods and services,
and the discounted savings.

Funeral providers must give an itemized written statement, for retention, to each
consumer who arranges an at-need funeral or other disposition of human remains at the
conclusion of the discussion of the arrangements. The itemized written statement must be
signed by the consumer selecting the goods and services as required in section 149A.80.
If the statement is provided by a funeral establishment, the statement must be signed by
the licensed funeral director or mortician planning the arrangements. If the statement is
provided by any other funeral provider, the statement must be signed by an authorized
agent of the funeral provider. The statement must list the funeral goods, funeral services,
burial site goods, or burial site services selected by that consumer and the prices to be paid
for each item, specifically itemized cash advance items (these prices must be given to the
extent then known or reasonably ascertainable if the prices are not known or reasonably
ascertainable, a good faith estimate shall be given and a written statement of the actual
charges shall be provided before the final bill is paid), and the total cost of goods and
services selected. At the conclusion of an at-need arrangement, the funeral provider is
required to give the consumer a copy of the signed itemized written contract that must
contain the information required in this paragraph.

(g) Upon receiving actual notice of the death of an individual with whom a funeral
provider has entered a preneed funeral agreement, the funeral provider must provide
a copy of all preneed funeral agreement documents to the person who controls final
disposition of the human remains or to the designee of the person controlling disposition.
The person controlling final disposition shall be provided with these documents at the time
of the person's first in-person contact with the funeral provider, if the first contact occurs
in person at a funeral establishment, alkaline hydrolysis facility, crematory, or other place
of business of the funeral provider. If the contact occurs by other means or at another
location, the documents must be provided within 24 hours of the first contact.

Sec. 83. Minnesota Statutes 2012, section 149A.71, subdivision 4, is amended to read:

Subd. 4. Casket, alternate container, alkaline hydrolysis container, and
cremation container sales; records; required disclosures. Any funeral provider who
sells or offers to sell a casket, alternate container, or alkaline hydrolysis container,
hydroyzed remains container, cremation container, or cremated remains container to
the public must maintain a record of each sale that includes the name of the purchaser,
the purchaser's mailing address, the name of the decedent, the date of the decedent's
death, and the place of death. These records shall be open to inspection by the regulatory
agency. Any funeral provider selling a casket, alternate container, or cremation container
to the public, and not having charge of the final disposition of the dead human body,
shall provide a copy of the statutes and rules controlling the removal, preparation,
transportation, arrangements for disposition, and final disposition of a dead human body.
This subdivision does not apply to morticians, funeral directors, funeral establishments,
crematories, or wholesale distributors of caskets, alternate containers, alkaline hydrolysis
containers, or cremation containers.

Sec. 84. Minnesota Statutes 2012, section 149A.72, subdivision 3, is amended to read:

Subd. 3. Casket for alkaline hydrolysis or cremation provisions; deceptive acts
or practices. In selling or offering to sell funeral goods or funeral services to the public, it
is a deceptive act or practice for a funeral provider to represent that a casket is required for
alkaline hydrolysis or cremations by state or local law or otherwise.

Sec. 85. Minnesota Statutes 2012, section 149A.72, is amended by adding a
subdivision to read:

Subd. 3a. Casket for alkaline hydrolysis provision; preventive measures. To
prevent deceptive acts or practices, funeral providers must place the following disclosure
in immediate conjunction with the prices shown for alkaline hydrolysis: "Minnesota
law does not require you to purchase a casket for alkaline hydrolysis. If you want to
arrange for alkaline hydrolysis, you can use an alkaline hydrolysis container. An alkaline
hydrolysis container is a hydrolyzable or biodegradable closed container or pouch resistant
to leakage of bodily fluids that encases the body and into which a dead human body is
placed prior to insertion into an alkaline hydrolysis vessel. The containers we provide are (specify containers provided).” This disclosure is required only if the funeral provider arranges alkaline hydrolysis.

Sec. 86. Minnesota Statutes 2012, section 149A.72, subdivision 9, is amended to read:

Subd. 9. Deceptive acts or practices. In selling or offering to sell funeral goods, funeral services, burial site goods, or burial site services to the public, it is a deceptive act or practice for a funeral provider to represent that federal, state, or local laws, or particular cemeteries, alkaline hydrolysis facilities, or crematories, require the purchase of any funeral goods, funeral services, burial site goods, or burial site services when that is not the case.

Sec. 87. Minnesota Statutes 2012, section 149A.73, subdivision 1, is amended to read:

Subdivision 1. Casket for alkaline hydrolysis or cremation provisions; deceptive acts or practices. In selling or offering to sell funeral goods, funeral services, burial site goods, or burial site services to the public, it is a deceptive act or practice for a funeral provider to require that a casket be purchased for alkaline hydrolysis or cremation.

Sec. 88. Minnesota Statutes 2012, section 149A.73, subdivision 2, is amended to read:

Subd. 2. Casket for alkaline hydrolysis or cremation; preventive requirements. To prevent unfair or deceptive acts or practices, if funeral providers arrange for alkaline hydrolysis or cremations, they must make an alkaline hydrolysis container or cremation container available for alkaline hydrolysis or cremations.

Sec. 89. Minnesota Statutes 2012, section 149A.73, subdivision 4, is amended to read:

Subd. 4. Required purchases of funeral goods or services; preventive requirements. To prevent unfair or deceptive acts or practices, funeral providers must place the following disclosure in the general price list, immediately above the prices required by section 149A.71, subdivision 2, paragraph (e), clauses (4) to (10): “The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. If legal or other requirements mean that you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods, funeral services, burial site goods, and burial site services you selected.” However, if the charge for "services of funeral director and staff" cannot be declined by the purchaser, the statement shall include the sentence "However, any funeral arrangements you select will include a charge for our basic services.” between the second and third sentences of the sentences specified in this subdivision. The statement
may include the phrase "and overhead" after the word "services" if the fee includes a
charge for the recovery of unallocated funeral overhead. If the funeral provider does
not include this disclosure statement, then the following disclosure statement must be
placed in the statement of funeral goods, funeral services, burial site goods, and burial site
services selected, as described in section 149A.71, subdivision 2, paragraph (f): "Charges
are only for those items that you selected or that are required. If we are required by law or
by a cemetery, alkaline hydrolysis facility, or crematory to use any items, we will explain
the reasons in writing below." A funeral provider is not in violation of this subdivision by
failing to comply with a request for a combination of goods or services which would be
impossible, impractical, or excessively burdensome to provide.

Sec. 90. Minnesota Statutes 2012, section 149A.74, is amended to read:

149A.74 FUNERAL SERVICES PROVIDED WITHOUT PRIOR APPROVAL.

Subdivision 1. Services provided without prior approval; deceptive acts or
practices. In selling or offering to sell funeral goods or funeral services to the public, it
is a deceptive act or practice for any funeral provider to embalm a dead human body
unless state or local law or regulation requires embalming in the particular circumstances
regardless of any funeral choice which might be made, or prior approval for embalming
has been obtained from an individual legally authorized to make such a decision. In
seeking approval to embalm, the funeral provider must disclose that embalming is not
required by law except in certain circumstances; that a fee will be charged if a funeral
is selected which requires embalming, such as a funeral with viewing; and that no
embalming fee will be charged if the family selects a service which does not require
embalming, such as direct alkaline hydrolysis, direct cremation, or immediate burial.

Subd. 2. Services provided without prior approval; preventive requirement.

To prevent unfair or deceptive acts or practices, funeral providers must include on
the itemized statement of funeral goods or services, as described in section 149A.71,
subdivision 2, paragraph (f), the statement "If you selected a funeral that may require
embalming, such as a funeral with viewing, you may have to pay for embalming. You do
not have to pay for embalming you did not approve if you selected arrangements such
as direct alkaline hydrolysis, direct cremation, or immediate burial. If we charged for
embalming, we will explain why below."

Sec. 91. Minnesota Statutes 2012, section 149A.91, subdivision 9, is amended to read:

Subd. 9. Embalmed Bodies awaiting final disposition. All embalmed bodies
awaiting final disposition shall be kept in an appropriate holding facility or preparation
and embalming room. The holding facility must be secure from access by anyone except
the authorized personnel of the funeral establishment, preserve the dignity and integrity of
the body, and protect the health and safety of the personnel of the funeral establishment.

Sec. 92. Minnesota Statutes 2012, section 149A.93, subdivision 3, is amended to read:

Subd. 3. Disposition permit. A disposition permit is required before a body can
be buried, entombed, alkaline hydrolyzed, or cremated. No disposition permit shall be
issued until a fact of death record has been completed and filed with the local or state
registrar of vital statistics.

Sec. 93. Minnesota Statutes 2012, section 149A.93, subdivision 6, is amended to read:

Subd. 6. Conveyances permitted for transportation. A dead human body may be
transported by means of private vehicle or private aircraft, provided that the body must be
encased in an appropriate container, that meets the following standards:

1. promotes respect for and preserves the dignity of the dead human body;
2. shields the body from being viewed from outside of the conveyance;
3. has ample enclosed area to accommodate a cot, stretcher, rigid tray, casket,
alternative container, alkaline hydrolysis container, or cremation container in a horizontal
position;
4. is designed to permit loading and unloading of the body without excessive tilting
of the cot, stretcher, rigid tray, casket, alternative container, alkaline hydrolysis container,
or cremation container; and
5. if used for the transportation of more than one dead human body at one time,
the vehicle must be designed so that a body or container does not rest directly on top of
another body or container and that each body or container is secured to prevent the body
or container from excessive movement within the conveyance.

A vehicle that is a dignified conveyance and was specified for use by the deceased
or by the family of the deceased may be used to transport the body to the place of final
disposition.

Sec. 94. Minnesota Statutes 2012, section 149A.94, is amended to read:

149A.94 FINAL DISPOSITION.

Subdivision 1. Generally. Every dead human body lying within the state, except
unclaimed bodies delivered for dissection by the medical examiner, those delivered for
anatomical study pursuant to section 149A.81, subdivision 2, or lawfully carried through
the state for the purpose of disposition elsewhere; and the remains of any dead human

Article 12 Sec. 94. 569
body after dissection or anatomical study, shall be decently buried, or entombed in a
d public or private cemetery, hydrolyzed or cremated, within a reasonable time
after death. Where final disposition of a body will not be accomplished within 72 hours
following death or release of the body by a competent authority with jurisdiction over the
body, the body must be properly embalmed, refrigerated, or packed with dry ice. A body
may not be kept in refrigeration for a period exceeding six calendar days, or packed in dry
ice for a period that exceeds four calendar days, from the time of death or release of the
body from the coroner or medical examiner.

Subd. 3. Permit required. No dead human body shall be buried, entombed, or
cremated without a disposition permit. The disposition permit must be filed with the person
in charge of the place of final disposition. Where a dead human body will be transported out
of this state for final disposition, the body must be accompanied by a certificate of removal.

Subd. 4. Alkaline hydrolysis or cremation. Inurnment of alkaline hydrolyzed or
cremated remains and release to an appropriate party is considered final disposition and no
further permits or authorizations are required for transportation, interment, entombment, or
placement of the cremated remains, except as provided in section 149A.95, subdivision 16.

Sec. 95. [149A.941] ALKALINE HYDROLYSIS FACILITIES AND ALKALINE
HYDROLYSIS.

Subdivision 1. License required. A dead human body may only be hydrolyzed in
this state at an alkaline hydrolysis facility licensed by the commissioner of health.

Subd. 2. General requirements. Any building to be used as an alkaline hydrolysis
facility must comply with all applicable local and state building codes, zoning laws and
ordinances, wastewater management regulations, and environmental statutes, rules, and
standards. An alkaline hydrolysis facility must have, on site, a purpose built human
alkaline hydrolysis system approved by the commissioner of health, a system approved by
the commissioner of health for drying the hydrolyzed remains, a motorized mechanical
device approved by the commissioner of health for processing hydrolyzed remains, and in
the building a holding facility approved by the commissioner of health for the retention
of dead human bodies awaiting alkaline hydrolysis. The holding facility must be secure
from access by anyone except the authorized personnel of the alkaline hydrolysis facility,
preserve the dignity of the remains, and protect the health and safety of the alkaline
hydrolysis facility personnel.

Subd. 3. Lighting and ventilation. The room where the alkaline hydrolysis vessel
is located and the room where the chemical storage takes place shall be properly lit and
ventilated with an exhaust fan that provides at least 12 air changes per hour.
Subd. 4. **Plumbing connections.** All plumbing fixtures, water supply lines, plumbing vents, and waste drains shall be properly vented and connected pursuant to the Minnesota Plumbing Code. The alkaline hydrolysis facility shall be equipped with a functional sink with hot and cold running water.

Subd. 5. **Flooring, walls, ceiling, doors, and windows.** The room where the alkaline hydrolysis vessel is located and the room where the chemical storage takes place shall have nonporous flooring, so that a sanitary condition is provided. The walls and ceiling of the room where the alkaline hydrolysis vessel is located and the room where the chemical storage takes place shall run from floor to ceiling and be covered with tile, or by plaster or sheetrock painted with washable paint or other appropriate material so that a sanitary condition is provided. The doors, walls, ceiling, and windows shall be constructed to prevent odors from entering any other part of the building. All windows or other openings to the outside must be screened, and all windows must be treated in a manner that prevents viewing into the room where the alkaline hydrolysis vessel is located and the room where the chemical storage takes place. A viewing window for authorized family members or their designees is not a violation of this subdivision.

Subd. 6. **Equipment and supplies.** The alkaline hydrolysis facility must have a functional emergency eye wash and quick drench shower.

Subd. 7. **Access and privacy.** (a) The room where the alkaline hydrolysis vessel is located and the room where the chemical storage takes place must be private and have no general passageway through it. The room shall, at all times, be secure from the entrance of unauthorized persons. Authorized persons are:

1. licensed morticians;
2. registered interns or students as described in section 149A.91, subdivision 6;
3. public officials or representatives in the discharge of their official duties;
4. trained alkaline hydrolysis facility operators; and
5. the person or persons with the right to control the dead human body as defined in section 149A.80, subdivision 2, and their designees.

(b) Each door allowing ingress or egress shall carry a sign that indicates that the room is private and access is limited. All authorized persons who are present in or enter the room where the alkaline hydrolysis vessel is located while a body is being prepared for final disposition must be attired according to all applicable state and federal regulations regarding the control of infectious disease and occupational and workplace health and safety.

Subd. 8. **Sanitary conditions and permitted use.** The room where the alkaline hydrolysis vessel is located and the room where the chemical storage takes place and all
fixtures, equipment, instruments, receptacles, clothing, and other appliances or supplies stored or used in the room must be maintained in a clean and sanitary condition at all times.

Subd. 9. Boiler use. When a boiler is required by the manufacturer of the alkaline hydrolysis vessel for its operation, all state and local regulations for that boiler must be followed.

Subd. 10. Occupational and workplace safety. All applicable provisions of state and federal regulations regarding exposure to workplace hazards and accidents shall be followed in order to protect the health and safety of all authorized persons at the alkaline hydrolysis facility.

Subd. 11. Licensed personnel. A licensed alkaline hydrolysis facility must employ a licensed mortician to carry out the process of alkaline hydrolysis of a dead human body.

It is the duty of the licensed alkaline hydrolysis facility to provide proper procedures for all personnel, and the licensed alkaline hydrolysis facility shall be strictly accountable for compliance with this chapter and other applicable state and federal regulations regarding occupational and workplace health and safety.

Subd. 12. Authorization to hydrolyze required. No alkaline hydrolysis facility shall hydrolyze or cause to be hydrolyzed any dead human body or identifiable body part without receiving written authorization to do so from the person or persons who have the legal right to control disposition as described in section 149A.80 or the person's legal designee. The written authorization must include:

1. the name of the deceased and the date of death of the deceased;
2. a statement authorizing the alkaline hydrolysis facility to hydrolyze the body;
3. the name, address, telephone number, relationship to the deceased, and signature of the person or persons with legal right to control final disposition or a legal designee;
4. directions for the disposition of any nonhydrolyzed materials or items recovered from the alkaline hydrolysis vessel;
5. acknowledgment that the hydrolyzed remains will be dried and mechanically reduced to a granulated appearance and placed in an appropriate container and authorization to place any hydrolyzed remains that a selected urn or container will not accommodate into a temporary container;
6. acknowledgment that, even with the exercise of reasonable care, it is not possible to recover all particles of the hydrolyzed remains and that some particles may inadvertently become commingled with particles of other hydrolyzed remains that remain in the alkaline hydrolysis vessel or other mechanical devices used to process the hydrolyzed remains;
7. directions for the ultimate disposition of the hydrolyzed remains; and
(8) a statement that includes, but is not limited to, the following information:

"During the alkaline hydrolysis process, chemical dissolution using heat, water, and an alkaline solution is used to chemically break down the human tissue and the hydrolyzable alkaline hydrolysis container. After the process is complete, the liquid effluent solution contains the chemical by-products of the alkaline hydrolysis process except for the deceased's bone fragments. The solution is cooled and released according to local environmental regulations. A water rinse is applied to the hydrolyzed remains which are then dried and processed to facilitate inurnment or scattering."

Subd. 13. **Limitation of liability.** A licensed alkaline hydrolysis facility acting in good faith, with reasonable reliance upon an authorization to hydrolyze, pursuant to an authorization to hydrolyze and in an otherwise lawful manner, shall be held harmless from civil liability and criminal prosecution for any actions taken by the alkaline hydrolysis facility.

Subd. 14. **Acceptance of delivery of body.** (a) No dead human body shall be accepted for final disposition by alkaline hydrolysis unless:

1. encased in an appropriate alkaline hydrolysis container;
2. accompanied by a disposition permit issued pursuant to section 149A.93, subdivision 3, including a photocopy of the completed death record or a signed release authorizing alkaline hydrolysis of the body received from the coroner or medical examiner; and
3. accompanied by an alkaline hydrolysis authorization that complies with subdivision 12.

(b) An alkaline hydrolysis facility shall refuse to accept delivery of an alkaline hydrolysis container where there is:

1. evidence of leakage of fluids from the alkaline hydrolysis container;
2. a known dispute concerning hydrolysis of the body delivered;
3. a reasonable basis for questioning any of the representations made on the written authorization to hydrolyze; or
4. any other lawful reason.

Subd. 15. **Bodies awaiting hydrolysis.** A dead human body must be hydrolyzed within 24 hours of the alkaline hydrolysis facility accepting legal and physical custody of the body.

Subd. 16. **Handling of alkaline hydrolysis containers for dead human bodies.** All alkaline hydrolysis facility employees handling alkaline hydrolysis containers for dead human bodies shall use universal precautions and otherwise exercise all reasonable
precautions to minimize the risk of transmitting any communicable disease from the body.

No dead human body shall be removed from the container in which it is delivered.

Subd. 17. Identification of body. All licensed alkaline hydrolysis facilities shall develop, implement, and maintain an identification procedure whereby dead human bodies can be identified from the time the alkaline hydrolysis facility accepts delivery of the remains until the hydrolyzed remains are released to an authorized party. After hydrolyzation, an identifying disk, tab, or other permanent label shall be placed within the hydrolyzed remains container before the hydrolyzed remains are released from the alkaline hydrolysis facility. Each identification disk, tab, or label shall have a number that shall be recorded on all paperwork regarding the decedent. This procedure shall be designed to reasonably ensure that the proper body is hydrolyzed and that the hydrolyzed remains are returned to the appropriate party. Loss of all or part of the hydrolyzed remains or the inability to individually identify the hydrolyzed remains is a violation of this subdivision.

Subd. 18. Alkaline hydrolysis vessel for human remains. A licensed alkaline hydrolysis facility shall knowingly hydrolyze only dead human bodies or human remains in an alkaline hydrolysis vessel, along with the alkaline hydrolysis container used for infectious disease control.

Subd. 19. Alkaline hydrolysis procedures; privacy. The final disposition of dead human bodies by alkaline hydrolysis shall be done in privacy. Unless there is written authorization from the person with the legal right to control the disposition, only authorized alkaline hydrolysis facility personnel shall be permitted in the alkaline hydrolysis area while any dead human body is in the alkaline hydrolysis area awaiting alkaline hydrolysis, in the alkaline hydrolysis vessel, being removed from the alkaline hydrolysis vessel, or being processed and placed in a hydrolyzed remains container.

Subd. 20. Alkaline hydrolysis procedures; commingling of hydrolyzed remains prohibited. Except with the express written permission of the person with the legal right to control the disposition, no alkaline hydrolysis facility shall hydrolyze more than one dead human body at the same time and in the same alkaline hydrolysis vessel, or introduce a second dead human body into an alkaline hydrolysis vessel until reasonable efforts have been employed to remove all fragments of the preceding hydrolyzed remains, or hydrolyze a dead human body and other human remains at the same time and in the same alkaline hydrolysis vessel. This section does not apply where commingling of human remains during alkaline hydrolysis is otherwise provided by law. The fact that there is incidental and unavoidable residue in the alkaline hydrolysis vessel used in a prior hydrolyzation is not a violation of this subdivision.
Subd. 21. **Alkaline hydrolysis procedures; removal from alkaline hydrolysis vessel.** Upon completion of the alkaline hydrolysis process, reasonable efforts shall be made to remove from the alkaline hydrolysis vessel all of the recoverable hydrolyzed remains and nonhydrolyzed materials or items. Further, all reasonable efforts shall be made to separate and recover the nonhydrolyzed materials or items from the hydrolyzed human remains and dispose of these materials in a lawful manner, by the alkaline hydrolysis facility. The hydrolyzed human remains shall be placed in an appropriate container to be transported to the processing area.

Subd. 22. **Drying device or mechanical processor procedures; commingling of hydrolyzed remains prohibited.** Except with the express written permission of the person with the legal right to control the final disposition or otherwise provided by law, no alkaline hydrolysis facility shall dry or mechanically process the hydrolyzed human remains of more than one body at a time in the same drying device or mechanical processor, or introduce the hydrolyzed human remains of a second body into a drying device or mechanical processor until processing of any preceding hydrolyzed human remains has been terminated and reasonable efforts have been employed to remove all fragments of the preceding hydrolyzed remains. The fact that there is incidental and unavoidable residue in the drying device, the mechanical processor, or any container used in a prior alkaline hydrolysis process, is not a violation of this provision.

Subd. 23. **Alkaline hydrolysis procedures; processing hydrolyzed remains.** The hydrolyzed human remains shall be dried and then reduced by a motorized mechanical device to a granulated appearance appropriate for final disposition and placed in an alkaline hydrolysis remains container along with the appropriate identifying disk, tab, or permanent label. Processing must take place within the licensed alkaline hydrolysis facility. Dental gold, silver or amalgam, jewelry, or mementos, to the extent that they can be identified, may be removed prior to processing the hydrolyzed remains, only by staff licensed or registered by the commissioner of health; however, any dental gold and silver, jewelry, or mementos that are removed shall be returned to the hydrolyzed remains container unless otherwise directed by the person or persons having the right to control the final disposition. Every person who removes or possesses dental gold or silver, jewelry, or mementos from any hydrolyzed remains without specific written permission of the person or persons having the right to control those remains is guilty of a misdemeanor. The fact that residue and any unavoidable dental gold or dental silver, or other precious metals remain in the alkaline hydrolysis vessel or other equipment or any container used in a prior hydrolysis is not a violation of this section.
If a hydrolyzed remains container is of insufficient capacity to accommodate all
hydrolyzed remains of a given dead human body, subject to directives provided in the
written authorization to hydrolyze, the alkaline hydrolysis facility shall place the excess
hydrolyzed remains in a secondary alkaline hydrolysis remains container and attach the
second container, in a manner so as not to be easily detached through incidental contact, to
the primary alkaline hydrolysis remains container. The secondary container shall contain a
duplicate of the identification disk, tab, or permanent label that was placed in the primary
container and all paperwork regarding the given body shall include a notation that the
hydrolyzed remains were placed in two containers. Keepsake jewelry or similar miniature
hydrolyzed remains containers are not subject to the requirements of this subdivision.

Subd. 25. Disposition procedures; commingling of hydrolyzed remains
prohibited. No hydrolyzed remains shall be disposed of or scattered in a manner or in
a location where the hydrolyzed remains are commingled with those of another person
without the express written permission of the person with the legal right to control
disposition or as otherwise provided by law. This subdivision does not apply to the
scattering or burial of hydrolyzed remains at sea or in a body of water from individual
containers, to the scattering or burial of hydrolyzed remains in a dedicated cemetery, to
the disposal in a dedicated cemetery of accumulated residue removed from an alkaline
hydrolysis vessel or other alkaline hydrolysis equipment, to the inurnment of members
of the same family in a common container designed for the hydrolyzed remains of more
than one body, or to the inurnment in a container or internment in a space that has been

(4) the person receives long-term care services and has an assessment score that
indicates they hear only very loud sounds, have no useful hearing, or a determination
cannot be made; and the person receives long-term care services and has an assessment
that indicates the person communicates needs with sign language, symbol board, written
messages, gestures or an interpreter; communicates with inappropriate content, makes
garbled sounds or displays echolalia, or does not communicate needs.

Subd. 13. Transportation. The commissioner shall require that the purchase
of transportation services be cost-effective and be limited to market rates where the
transportation mode is generally available and accessible.

Subd. 14. Exceptions. (a) In a format prescribed by the commissioner, lead
agencies must identify individuals with exceptional needs that cannot be met under the
disability waiver rate system. The commissioner shall use that information to evaluate
and, if necessary, approve an alternative payment rate for those individuals.

(b) Lead agencies must submit exception requests to the state.

(c) An application for a rate exception may be submitted for the following criteria:

(1) an individual has service needs that cannot be met through additional units
of service; or

(2) an individual’s rate determined under subdivisions 6, 7, 8, and 9 results in an
individual being discharged.

(d) Exception requests must include the following information:

(1) the service needs required by each individual that are not accounted for in
subdivisions 6, 7, 8, and 9;

(2) the service rate requested and the difference from the rate determined in
subdivisions 6, 7, 8, and 9;

(3) a basis for the underlying costs used for the rate exception and any accompanying
documentation;

(4) the duration of the rate exception; and

(5) any contingencies for approval.

(e) Approved rate exceptions shall be managed within lead agency allocations under
sections 256B.092 and 256B.49.
(f) Individual disability waiver recipients may request that a lead agency submit an exception request. A lead agency that denies such a request shall notify the individual waiver recipient of its decision and the reasons for denying the request in writing no later than 30 days after the individual's request has been made.

(g) The commissioner shall determine whether to approve or deny an exception request no more than 30 days after receiving the request. If the commissioner denies the request, the commissioner shall notify the lead agency and the individual disability waiver recipient in writing of the reasons for the denial.

(h) The individual disability waiver recipient may appeal any denial of an exception request by either the lead agency or the commissioner, pursuant to sections 256.045 and 256.0451. When the denial of an exception request results in the proposed demission of a waiver recipient from a residential or day habilitation program, the commissioner shall issue a temporary stay of demission, when requested by the disability waiver recipient, consistent with the provisions of section 256.045, subdivisions 4a and 6, paragraph (c). The temporary stay shall remain in effect until the lead agency can provide an informed choice of appropriate, alternative services to the disability waiver.

(i) Providers may petition lead agencies to update values that were entered incorrectly or erroneously into the rate management system, based on past service level discussions and determination in subdivision 4, without applying for a rate exception.

Subd. 15. County or tribal allocations. (a) Upon implementation of the disability waiver rates management system on January 1, 2014, the commissioner shall establish a method of tracking and reporting the fiscal impact of the disability waiver rates management system on individual lead agencies.

(b) Beginning January 1, 2014, the commissioner shall make annual adjustments to lead agencies' home and community-based waivered service budget allocations to adjust for rate differences and the resulting impact on county allocations upon implementation of the disability waiver rates system.

Subd. 16. Budget neutrality adjustments. (a) The commissioner shall use the following adjustments to the rate generated by the framework to assure budget neutrality until the rate information is available to implement paragraph (b). The rate generated by the framework shall be multiplied by the appropriate factor, as designated below:

(1) for residential services: 1.003;
(2) for day services: 1.000;
(3) for unit-based services with programming: 0.941; and
(4) for unit-based services without programming: 0.796.
(b) Within 12 months of January 1, 2014, the commissioner shall compare estimated spending for all home and community-based waiver services under the new payment rates defined in subdivisions 6 to 9 with estimated spending for the same recipients and services under the rates in effect on July 1, 2013. This comparison must distinguish spending under each of subdivisions 6, 7, 8, and 9. The comparison must be based on actual recipients and services for one or more service months after the new rates have gone into effect.

The commissioner shall consult with the commissioner of management and budget on this analysis to ensure budget neutrality. If estimated spending under the new rates for services under one or more subdivisions differs in this comparison by 0.3 percent or more, the commissioner shall assure aggregate budget neutrality across all service areas by adjusting the budget neutrality factor in paragraph (a) in each subdivision so that total estimated spending for each subdivision under the new rates matches estimated spending under the rates in effect on July 1, 2013.

Sec. 13. FEDERAL APPROVAL.

During the transition to a new disability waivers payment methodology system, the commissioner of human services has the authority to manage the disability home and community-based service waiver programs within federally required parameters. The commissioner may negotiate an agreement with the Centers for Medicare and Medicaid Services for the implementation of the disability waivers payment methodology system in order to prevent federal action that would withhold or disallow federal funding for current waiver recipients, or new waiver recipients as authorized by the legislature. The commissioner must provide for public notice and comment, as required by state and federal law, to changes related to federal approval of the disability waivers payment methodology system. If the Centers for Medicare and Medicaid Services requires changes to the disability waivers payment rate methodology implementation plan, the commissioner shall implement the changes in accordance with Minnesota Statutes, section 256B.4914, subdivision 16, and upon:

(1) public notice;
(2) federal approval;
(3) Legislative Advisory Commission review and recommendation, in a manner described under Minnesota Statutes, section 3.3005, subdivision 4; and
(4) recommendation of necessary legislation to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance by January 15, 2014. The changed implementation plan must provide for a transition from the historical to the new rate setting methodology.
Sec. 14. REPEALER.

(a) Minnesota Statutes 2012, sections 252.40; 252.46, subdivisions 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 16, 17, 18, 19, 20, and 21; 256B.4913, subdivisions 1, 2, 3, and 4; and 256B.501, subdivision 8, are repealed effective January 1, 2014.

in section 256N.02, subdivision 15, represent costs for activities similar in nature to those expected of parents and do not cover services rendered by the licensed or tribally approved foster parent, facility, or administrative costs or fees. Payments made to foster parents must follow the requirements of section 256N.26, subdivision 15. The legally responsible agency must provide foster parents with the assessment and notice as specified in section 256N.24. The financially responsible agency is permitted to make additional payments for specific services provided by the foster parents or facility, as permitted in section 256N.21, subdivision 5. These additional payments are not considered foster care maintenance.

Sec. 2. Minnesota Statutes 2012, section 256.82, subdivision 2, is amended to read:

Subd. 2. Foster care maintenance payments. Beginning January 1, 1986, for the purpose of foster care maintenance payments under title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 676, the county paying the maintenance costs must be reimbursed for the costs from the federal money available for the purpose. Beginning July 1, 1997, for the purposes of determining a child's eligibility under title IV-E of the Social Security Act, the placing agency shall use AFDC requirements in effect on July 16, 1996.

Sec. 3. Minnesota Statutes 2012, section 256.82, subdivision 3, is amended to read:

Subd. 3. Setting foster care standard rates. (a) The commissioner shall annually establish minimum foster care maintenance rates for foster care maintenance and including supplemental difficulty of care payments for all children in foster care eligible for Northstar Care for Children under chapter 256N.

(b) All children entering foster care on or after January 1, 2015, are eligible for Northstar Care for Children under chapter 256N. Any increase in rates shall in no case exceed three percent per annum.

(c) All children in foster care on December 31, 2014, must remain in the pre-Northstar Care for Children foster care program under sections 256N.21, subdivision 6, and 260C.4411, subdivision 1. The rates for the pre-Northstar Care for Children foster care program shall remain those in effect on January 1, 2013.

Sec. 4. [256N.001] CITATION.

Sections 256N.001 to 256N.28 may be cited as the "Northstar Care for Children Act."

Sections 256N.001 to 256N.28 establish Northstar Care for Children, which authorizes certain benefits to support a child in need who is served by the Minnesota child welfare system and who is the responsibility of the state, local county social service agencies, or
tribal social service agencies authorized under section 256.01, subdivision 14b, or are
otherwise eligible for federal adoption assistance. A child eligible under this chapter
has experienced a child welfare intervention that has resulted in the child being placed
away from the child's parents' care and is receiving foster care services consistent with
chapter 260B, 260C, or 260D, or is in the permanent care of relatives through a transfer of
permanent legal and physical custody, or in the permanent care of adoptive parents.

Sec. 5. [256N.01] PUBLIC POLICY.
(a) The legislature declares that the public policy of this state is to keep children safe
from harm and to ensure that when children suffer harmful or injurious experiences in
their lives, appropriate services are immediately available to keep them safe.
(b) Children do best in permanent, safe, nurturing homes where they can maintain
lifelong relationships with adults. Whenever safely possible, children are best served
when they can be nurtured and raised by their parents. Where services cannot be provided
to allow a child to remain safely at home, an out-of-home placement may be required.
When this occurs, reunification should be sought if it can be accomplished safely. When
it is not possible for parents to provide safety and permanency for their children, an
alternative permanent home must quickly be made available to the child, drawing from
kinship sources whenever possible.
(c) Minnesota understands the importance of having a comprehensive approach to
temporary out-of-home care and to permanent homes for children who cannot be reunited
with their families. It is critical that stable benefits be available to caregivers to ensure
that the child's needs can be met whether the child's situation and best interests call for
temporary foster care, transfer of permanent legal and physical custody to a relative, or
adoption. Northstar Care for Children focuses on the child's needs and strengths, and
the actual level of care provided by the caregiver, without consideration for the type of
placement setting. In this way caregivers are not faced with the burden of making specific
long-term decisions based upon competing financial incentives.

Sec. 6. [256N.02] DEFINITIONS.
Subd. 1. Scope. For the purposes of sections 256N.001 to 256N.28, the terms
defined in this section have the meanings given them.
Subd. 2. Adoption assistance. "Adoption assistance" means medical coverage as
allowable under section 256B.055 and reimbursement of nonrecurring expenses associated
with adoption and may include financial support provided under agreement with the
financially responsible agency, the commissioner, and the parents of an adoptive child
whose special needs would otherwise make it difficult to place the child for adoption to
assist with the cost of caring for the child. Financial support may include a basic rate
payment and a supplemental difficulty of care rate.

Subd. 3. Assessment. "Assessment" means the process under section 256N.24 that
determines the benefits an eligible child may receive under section 256N.26.

Subd. 4. At-risk child. "At-risk child" means a child who does not have a
documented disability but who is at risk of developing a physical, mental, emotional, or
behavioral disability based on being related within the first or second degree to persons
who have an inheritable physical, mental, emotional, or behavioral disabling condition,
or from a background which has the potential to cause the child to develop a physical,
mental, emotional, or behavioral disability that the child is at risk of developing. The
disability must manifest during childhood.

Subd. 5. Basic rate. "Basic rate" means the maintenance payment made on behalf
of a child to support the costs caregivers incur to provide for a child's needs consistent with
the care parents customarily provide, including: food, clothing, shelter, daily supervision,
school supplies, and a child's personal incidentals. It also supports typical travel to the
child's home for visitation, and reasonable travel for the child to remain in the school in
which the child is enrolled at the time of placement.

Subd. 6. Caregiver. "Caregiver" means the foster parent or parents of a child in
foster care who meet the requirements of emergency relative placement, licensed foster
parents under chapter 245A, or foster parents licensed or approved by a tribe; the relative
custodian or custodians; or the adoptive parent or parents who have legally adopted a child.

Subd. 7. Commissioner. "Commissioner" means the commissioner of human
services or any employee of the Department of Human Services to whom the
commissioner has delegated appropriate authority.

Subd. 8. County board. "County board" means the board of county commissioners
in each county.

Subd. 9. Disability. "Disability" means a physical, mental, emotional, or behavioral
impairment that substantially limits one or more major life activities. Major life activities
include, but are not limited to: thinking, walking, hearing, breathing, working, seeing,
speaking, communicating, learning, developing and maintaining healthy relationships,
safely caring for oneself, and performing manual tasks. The nature, duration, and severity
of the impairment must be considered in determining if the limitation is substantial.

Subd. 10. Financially responsible agency. "Financially responsible agency" means
the agency that is financially responsible for a child. These agencies include both local
social service agencies under section 393.07 and tribal social service agencies authorized
in section 256.01, subdivision 14b, as part of the American Indian Child Welfare Initiative, and Minnesota tribes who assume financial responsibility of children from other states.

Under Northstar Care for Children, the agency that is financially responsible at the time of placement for foster care continues to be responsible under section 256N.27 for the local share of any maintenance payments, even after finalization of the adoption of transfer of permanent legal and physical custody of a child.

Subd. 11. Guardianship assistance. "Guardianship assistance" means medical coverage, as allowable under section 256B.055, and reimbursement of nonrecurring expenses associated with obtaining permanent legal and physical custody of a child, and may include financial support provided under agreement with the financially responsible agency, the commissioner, and the relative who has received a transfer of permanent legal and physical custody of a child. Financial support may include a basic rate payment and a supplemental difficulty of care rate to assist with the cost of caring for the child.

Subd. 12. Human services board. "Human services board" means a board established under section 402.02; Laws 1974, chapter 293; or Laws 1976, chapter 340.

Subd. 13. Initial assessment. "Initial assessment" means the assessment conducted within the first 30 days of a child's initial placement into foster care under section 256N.24, subdivisions 4 and 5.

Subd. 14. Legally responsible agency. "Legally responsible agency" means the Minnesota agency that is assigned responsibility for placement, care, and supervision of the child through a court order, voluntary placement agreement, or voluntary relinquishment. These agencies include local social service agencies under section 393.07, tribal social service agencies authorized in section 256.01, subdivision 14b, and Minnesota tribes that assume court jurisdiction when legal responsibility is transferred to the tribal social service agency through a Minnesota district court order. A Minnesota local social service agency is otherwise financially responsible.

Subd. 15. Maintenance payments. "Maintenance payments" means the basic rate plus any supplemental difficulty of care rate under Northstar Care for Children. It specifically does not include the cost of initial clothing allowance, payment for social services, or administrative payments to a child-placing agency. Payments are paid consistent with section 256N.26.

Subd. 16. Permanent legal and physical custody. "Permanent legal and physical custody" means a transfer of permanent legal and physical custody to a relative ordered by a Minnesota juvenile court under section 260C.515, subdivision 4, or for a child under jurisdiction of a tribal court, a judicial determination under a similar provision in tribal code which means that a relative will assume the duty and authority to provide care,
control, and protection of a child who is residing in foster care, and to make decisions regarding the child's education, health care, and general welfare until adulthood.

Subd. 17. **Reassessment.** "Reassessment" means an update of a previous assessment through the process under section 256N.24 for a child who has been continuously eligible for Northstar Care for Children, or when a child identified as an at-risk child (Level A) under guardianship or adoption assistance has manifested the disability upon which eligibility for the agreement was based according to section 256N.25, subdivision 3, paragraph (b). A reassessment may be used to update an initial assessment, a special assessment, or a previous reassessment.

Subd. 18. **Relative.** "Relative," as described in section 260C.007, subdivision 27, means a person related to the child by blood, marriage, or adoption, or an individual who is an important friend with whom the child has resided or had significant contact. For an Indian child, relative includes members of the extended family as defined by the law or custom of the Indian child's tribe or, in the absence of law or custom, nieces, nephews, or first or second cousins, as provided in the Indian Child Welfare Act of 1978, United States Code, title 25, section 1903.

Subd. 19. **Relative custodian.** "Relative custodian" means a person to whom permanent legal and physical custody of a child has been transferred under section 260C.515, subdivision 4, or for a child under jurisdiction of a tribal court, a judicial determination under a similar provision in tribal code, which means that a relative will assume the duty and authority to provide care, control, and protection of a child who is residing in foster care, and to make decisions regarding the child's education, health care, and general welfare until adulthood.

Subd. 20. **Special assessment.** "Special assessment" means an assessment performed under section 256N.24 that determines the benefits that an eligible child may receive under section 256N.26 at the time when a special assessment is required. A special assessment is used when a child's status within Northstar Care is shifted from a pre-Northstar Care program into Northstar Care for Children and when the commissioner determines that a special assessment is appropriate instead of assigning the transition child to a level under section 256N.28.

Subd. 21. **Supplemental difficulty of care rate.** "Supplemental difficulty of care rate" means the supplemental payment under section 256N.26, if any, as determined by the financially responsible agency or the state, based upon an assessment under section 256N.24. The rate must support activities consistent with the care a parent provides a child with special needs and not the equivalent of a purchased service. The rate must consider the capacity and intensity of the activities associated with parenting duties provided in
the home to nurture the child, preserve the child's connections, and support the child's
functioning in the home and community.

Sec. 7. [256N.20] NORTHERN CARE FOR CHILDREN; GENERALLY.
Subdivision 1. Eligibility. A child is eligible for Northstar Care for Children if
the child is eligible for:

(1) foster care under section 256N.21;
(2) guardianship assistance under section 256N.22; or
(3) adoption assistance under section 256N.23.

Subd. 2. Assessments. Except as otherwise specified, a child eligible for Northstar
Care for Children shall receive an assessment under section 256N.24.

Subd. 3. Agreements. When a child is eligible for guardianship assistance or
adoption assistance, negotiations with caregivers and the development of a written,
binding agreement must be conducted under section 256N.25.

Subd. 4. Benefits and payments. A child eligible for Northstar Care for Children is
entitled to benefits specified in section 256N.26, based primarily on assessments under
section 256N.24, and, if appropriate, negotiations and agreements under section 256N.25.
Although paid to the caregiver, these benefits must be considered benefits of the child
rather than of the caregiver.

Subd. 5. Federal, state, and local shares. The cost of Northstar Care for Children
must be shared among the federal government, state, counties of financial responsibility,
and certain tribes as specified in section 256N.27.

Subd. 6. Administration and appeals. The commissioner and financially
responsible agency, or other agency designated by the commissioner, shall administer
Northstar Care for Children according to section 256N.28. The notification and fair
hearing process applicable to this chapter is defined in section 256N.28.

Subd. 7. Transition. A child in foster care, relative custody assistance, or adoption
assistance prior to January 1, 2015, who remains with the same caregivers continues
to receive benefits under programs preceding Northstar Care for Children, unless the
child moves to a new foster care placement, permanency is obtained for the child, or the
commissioner initiates transition of a child receiving pre-Northstar Care for Children
relative custody assistance, guardianship assistance, or adoption assistance under this
chapter. Provisions for the transition to Northstar Care for Children for certain children in
preceding programs are specified in section 256N.28, subdivisions 2 and 7. Additional
provisions for children in: foster care are specified in section 256N.21, subdivision
6; relative custody assistance under section 257.85 are specified in section 256N.22,
subdivision 12; and adoption assistance under chapter 259A are specified in section

Sec. 8. [256N.21] ELIGIBILITY FOR FOSTER CARE BENEFITS.

Subdivision 1. General eligibility requirements. (a) A child is eligible for foster
care benefits under this section if the child meets the requirements of subdivision 2 on
or after January 1, 2015.
(b) The financially responsible agency shall make a title IV-E eligibility determination
for all foster children meeting the requirements of subdivision 2, provided the agency has
such authority under the state title IV-E plan. To be eligible for title IV-E foster care, a child
must also meet any additional criteria specified in section 472 of the Social Security Act.
(c) Except as provided under section 256N.26, subdivision 1 or 6, the foster care
benefit to the child under this section must be determined under sections 256N.24 and
256N.26 through an individual assessment. Information from this assessment must be
used to determine a potential future benefit under guardianship assistance or adoption
assistance, if needed.
(d) When a child is eligible for additional services, subdivisions 3 and 4 govern
the co-occurrence of program eligibility.

Subd. 2. Placement in foster care. To be eligible for foster care benefits under this
section, the child must be in placement away from the child's legal parent or guardian and
all of the following criteria must be met:
(1) the legally responsible agency must have placement authority and care
responsibility, including for a child 18 years old or older and under age 21, who maintains
eligibility for foster care consistent with section 260C.451;
(2) the legally responsible agency must have authority to place the child with a
voluntary placement agreement or a court order, consistent with sections 260B.198,
260C.001, 260D.01, or continued eligibility consistent with section 260C.451; and
(3) the child must be placed in an emergency relative placement under section
245A.035, a licensed foster family setting, foster residence setting, or treatment foster
care setting licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, a family
foster home licensed or approved by a tribal agency or, for a child 18 years old or older
and under age 21, an unlicensed supervised independent living setting approved by the
agency responsible for the youth's care.

Subd. 3. Minor parent. A child who is a minor parent in placement with the minor
parent's child in the same home is eligible for foster care benefits under this section. The
foster care benefit is limited to the minor parent, unless the legally responsible agency has separate legal authority for placement of the minor parent's child.

Subd. 4. **Foster children ages 18 up to 21 placed in an unlicensed supervised independent living setting.** A foster child 18 years old or older and under age 21 who maintains eligibility consistent with section 260C.451 and who is placed in an unlicensed supervised independent living setting shall receive the level of benefit under section 256N.26.

Subd. 5. **Excluded activities.** The basic and supplemental difficulty of care payment represents costs for activities similar in nature to those expected of parents, and does not cover services rendered by the licensed or tribally approved foster parent, facility, or administrative costs or fees. The financially responsible agency may pay an additional fee for specific services provided by the licensed foster parent or facility. A foster parent or residence setting must distinguish such a service from the daily care of the child as assessed through the process under section 256N.24.

Subd. 6. **Transition from pre-Northstar Care for Children program.** (a) Section 256.82 establishes the pre-Northstar Care for Children foster care program for all children residing in family foster care on December 31, 2014. Unless transitioned under paragraph (b), a child in foster care with the same caregiver receives benefits under this pre-Northstar Care for Children foster care program.

(b) Transition from the pre-Northstar Care for Children foster care program to Northstar Care for Children takes place on or after January 1, 2015, when the child:

1. moves to a different foster home or unlicensed supervised independent living setting;

2. has permanent legal and physical custody transferred and, if applicable, meets eligibility requirements in section 256N.22;

3. is adopted and, if applicable, meets eligibility requirements in section 256N.23; or

4. re-enters foster care after reunification or a trial home visit.

(c) Upon becoming eligible, a foster child must be assessed according to section 256N.24 and then transitioned into Northstar Care for Children according to section 256N.28.

Sec. 9. [256N.22] **GUARDIANSHIP ASSISTANCE ELIGIBILITY.**

Subdivision 1. **General eligibility requirements.** (a) To be eligible for guardianship assistance under this section, there must be a judicial determination under section 260C.515, subdivision 4, that a transfer of permanent legal and physical custody to a relative is in the child's best interest. For a child under jurisdiction of a tribal court, a
judicial determination under a similar provision in tribal code indicating that a relative will assume the duty and authority to provide care, control, and protection of a child who is residing in foster care, and to make decisions regarding the child's education, health care, and general welfare until adulthood, and that this is in the child's best interest is considered equivalent. Additionally, a child must:

1. have been removed from the child's home pursuant to a voluntary placement agreement or court order;
2. have resided in foster care for at least six consecutive months in the home of the prospective relative custodian; or
3. have received an exemption from the requirement in item (i) from the court based on a determination that:
   A. an expedited move to permanency is in the child's best interest;
   B. expedited permanency cannot be completed without provision of guardianship assistance; and
   C. the prospective relative custodian is uniquely qualified to meet the child's needs on a permanent basis;
4. meet the agency determinations regarding permanency requirements in subdivision 2;
5. meet the applicable citizenship and immigration requirements in subdivision 3;
6. have been consulted regarding the proposed transfer of permanent legal and physical custody to a relative, if the child is at least 14 years of age or is expected to attain 14 years of age prior to the transfer of permanent legal and physical custody; and
7. have a written, binding agreement under section 256N.25 among the caregiver or caregivers, the financially responsible agency, and the commissioner established prior to transfer of permanent legal and physical custody.
8. In addition to the requirements in paragraph (a), the child's prospective relative custodian or custodians must meet the applicable background study requirements in subdivision 4.
9. To be eligible for title IV-E guardianship assistance, a child must also meet any additional criteria in section 473(d) of the Social Security Act. The sibling of a child who meets the criteria for title IV-E guardianship assistance in section 473(d) of the Social Security Act is eligible for title IV-E guardianship assistance if the child and sibling are placed with the same prospective relative custodian or custodians, and the legally responsible agency, relatives, and commissioner agree on the appropriateness of the arrangement for the sibling. A child who meets all eligibility criteria except those
specific to title IV-E guardianship assistance is entitled to guardianship assistance paid
through funds other than title IV-E.

Subd. 2. **Agency determinations regarding permanency.** (a) To be eligible for
guardianship assistance, the legally responsible agency must complete the following
determinations regarding permanency for the child prior to the transfer of permanent
legal and physical custody:

(1) a determination that reunification and adoption are not appropriate permanency
options for the child; and

(2) a determination that the child demonstrates a strong attachment to the prospective
relative custodian and the prospective relative custodian has a strong commitment to
caring permanently for the child.

(b) The legally responsible agency shall document the determinations in paragraph
(a) and the supporting information for completing each determination in the case file and
make them available for review as requested by the financially responsible agency and the
commissioner during the guardianship assistance eligibility determination process.

Subd. 3. **Citizenship and immigration status.** A child must be a citizen of the
United States or otherwise be eligible for federal public benefits according to the Personal
Responsibility and Work Opportunity Reconciliation Act of 1996, as amended, in order
to be eligible for guardianship assistance.

Subd. 4. **Background study.** (a) A background study under section 245C.33 must
be completed on each prospective relative custodian and any other adult residing in the
home of the prospective relative custodian. A background study on the prospective
relative custodian or adult residing in the household previously completed under section
245C.04 for the purposes of foster care licensure may be used for the purposes of this
section, provided that the background study is current at the time of the application for
guardianship assistance.

(b) If the background study reveals:

(1) a felony conviction at any time for:

(i) child abuse or neglect;

(ii) spousal abuse;

(iii) a crime against a child, including child pornography; or

(iv) a crime involving violence, including rape, sexual assault, or homicide, but not
including other physical assault or battery; or

(2) a felony conviction within the past five years for:

(i) physical assault;

(ii) battery; or
(iii) a drug-related offense;

the prospective relative custodian is prohibited from receiving guardianship assistance
on behalf of an otherwise eligible child.

Subd. 5. Responsibility for determining guardianship assistance eligibility. The
commissioner shall determine eligibility for:

(1) a child under the legal custody or responsibility of a Minnesota county social
service agency who would otherwise remain in foster care;

(2) a Minnesota child under tribal court jurisdiction who would otherwise remain
in foster care; and

(3) an Indian child being placed in Minnesota who meets title IV-E eligibility defined
in section 473(d) of the Social Security Act. The agency or entity assuming responsibility
for the child is responsible for the nonfederal share of the guardianship assistance payment.

Subd. 6. Exclusions. (a) A child with a guardianship assistance agreement under
Northstar Care for Children is not eligible for the Minnesota family investment program
child-only grant under chapter 256J.

(b) The commissioner shall not enter into a guardianship assistance agreement with:

(1) a child's biological parent;

(2) an individual assuming permanent legal and physical custody of a child or the
equivalent under tribal code without involvement of the child welfare system; or

(3) an individual assuming permanent legal and physical custody of a child who was
placed in Minnesota by another state or a tribe outside of Minnesota.

Subd. 7. Guardianship assistance eligibility determination. The financially
responsible agency shall prepare a guardianship assistance eligibility determination
for review and final approval by the commissioner. The eligibility determination must
be completed according to requirements and procedures and on forms prescribed by
the commissioner. Supporting documentation for the eligibility determination must be
provided to the commissioner. The financially responsible agency and the commissioner
must make every effort to establish a child's eligibility for title IV-E guardianship
assistance. A child who is determined to be eligible for guardianship assistance must
have a guardianship assistance agreement negotiated on the child's behalf according to
section 256N.25.

Subd. 8. Termination of agreement. (a) A guardianship assistance agreement must
be terminated in any of the following circumstances:

(1) the child has attained the age of 18, or up to age 21 when the child meets a
condition for extension in subdivision 11;
(2) the child has not attained the age of 18 years of age, but the commissioner
determines the relative custodian is no longer legally responsible for support of the child;
(3) the commissioner determines the relative custodian is no longer providing
financial support to the child up to age 21;
(4) the death of the child; or
(5) the relative custodian requests in writing termination of the guardianship
assistance agreement.
(b) A relative custodian is considered no longer legally responsible for support of
the child in any of the following circumstances:
(1) permanent legal and physical custody or guardianship of the child is transferred
to another individual;
(2) the death of the relative custodian under subdivision 9;
(3) the child enlists in the military;
(4) the child gets married; or
(5) the child is determined an emancipated minor through legal action.

Subd. 9. Death of relative custodian or dissolution of custody. The guardianship
assistance agreement ends upon death or dissolution of permanent legal and physical
custody of both relative custodians in the case of assignment of custody to two individuals,
or the sole relative custodian in the case of assignment of custody to one individual.
Guardianship assistance eligibility may be continued according to subdivision 10.

Subd. 10. Assigning a child's guardianship assistance to a court-appointed
guardian or custodian. (a) Guardianship assistance may be continued with the written
consent of the commissioner to an individual who is a guardian or custodian appointed by
a court for the child upon the death of both relative custodians in the case of assignment
of custody to two individuals, or the sole relative custodian in the case of assignment
of custody to one individual, unless the child is under the custody of a county, tribal,
or child-placing agency.
(b) Temporary assignment of guardianship assistance may be approved for a
maximum of six consecutive months from the death of the relative custodian or custodians
as provided in paragraph (a) and must adhere to the policies and procedures prescribed by
the commissioner. If a court has not appointed a permanent legal guardian or custodian
within six months, the guardianship assistance must terminate and must not be resumed.
(c) Upon assignment of assistance payments under this subdivision, assistance must
be provided from funds other than title IV-E.

Subd. 11. Extension of guardianship assistance after age 18. (a) Under the
circumstances outlined in paragraph (e), a child may qualify for extension of the
guardianship assistance agreement beyond the date the child attains age 18, up to the
date the child attains the age of 21.

(b) A request for extension of the guardianship assistance agreement must be
completed in writing and submitted, including all supporting documentation, by the
relative custodian to the commissioner at least 60 calendar days prior to the date that the
current agreement will terminate.

(c) A signed amendment to the current guardianship assistance agreement must be
fully executed between the relative custodian and the commissioner at least ten business
days prior to the termination of the current agreement. The request for extension and
the fully executed amendment must be made according to requirements and procedures
prescribed by the commissioner, including documentation of eligibility, and on forms
prescribed by the commissioner.

(d) If an agency is certifying a child for guardianship assistance and the child will
attain the age of 18 within 60 calendar days of submission, the request for extension must
be completed in writing and submitted, including all supporting documentation, with
the guardianship assistance application.

(e) A child who has attained the age of 16 prior to the effective date of the
guardianship assistance agreement is eligible for extension of the agreement up to the
date the child attains age 21 if the child:

(1) is dependent on the relative custodian for care and financial support; and

(2) meets at least one of the following conditions:

(i) is completing a secondary education program or a program leading to an
equivalent credential;

(ii) is enrolled in an institution which provides postsecondary or vocational education;

(iii) is participating in a program or activity designed to promote or remove barriers
to employment;

(iv) is employed for at least 80 hours per month; or

(v) is incapable of doing any of the activities described in items (i) to (iv) due to
a medical condition where incapability is supported by professional documentation
according to the requirements and procedures prescribed by the commissioner.

(f) A child who has not attained the age of 16 prior to the effective date of the
guardianship assistance agreement is eligible for extension of the guardianship assistance
agreement up to the date the child attains the age of 21 if the child is:

(1) dependent on the relative custodian for care and financial support; and
(2) possesses a physical or mental disability which impairs the capacity for
independent living and warrants continuation of financial assistance, as determined by
the commissioner.

Subd. 12. **Beginning guardianship assistance component of Northstar Care for**

**Children.** Effective November 27, 2014, a child who meets the eligibility criteria for
guardianship assistance in subdivision 1 may have a guardianship assistance agreement
negotiated on the child's behalf according to section 256N.25. The effective date of the
agreement must be January 1, 2015, or the date of the court order transferring permanent
legal and physical custody, whichever is later. Except as provided under section 256N.26,
subdivision 1, paragraph (c), the rate schedule for an agreement under this subdivision
is determined under section 256N.26 based on the age of the child on the date that the
prospective relative custodian signs the agreement.

Subd. 13. **Transition to guardianship assistance under Northstar Care for**

**Children.** The commissioner may execute guardianship assistance agreements for a child
with a relative custody agreement under section 257.85 executed on the child's behalf
on or before November 26, 2014, in accordance with the priorities outlined in section
256N.28, subdivision 7, paragraph (b). To facilitate transition into the guardianship
assistance program, the commissioner may waive any guardianship assistance eligibility
requirements for a child with a relative custody agreement under section 257.85 executed
on the child's behalf on or before November 26, 2014. Agreements negotiated under
this subdivision must be done according to the process outlined in section 256N.28,
subdivision 7. The maximum rate used in the negotiation process for an agreement under
this subdivision must be as outlined in section 256N.28, subdivision 7.

Sec. 10. **[256N.23] ADOPTION ASSISTANCE ELIGIBILITY.**

Subdivision 1. **General eligibility requirements.** (a) To be eligible for adoption
assistance under this section, a child must:

(1) be determined to be a child with special needs under subdivision 2;
(2) meet the applicable citizenship and immigration requirements in subdivision 3;
(3)(i) meet the criteria in section 473 of the Social Security Act; or
(ii) have had foster care payments paid on the child's behalf while in out-of-home
placement through the county or tribe and be either under the guardianship of the
commissioner or under the jurisdiction of a Minnesota tribe and adoption, according to
tribal law, is in the child's documented permanency plan; and
(4) have a written, binding agreement under section 256N.25 among the adoptive
parent, the financially responsible agency, or if there is no financially responsible agency,
the agency designated by the commissioner, and the commissioner established prior to
finalization of the adoption.

(b) In addition to the requirements in paragraph (a), an eligible child's adoptive parent
or parents must meet the applicable background study requirements in subdivision 4.
(c) A child who meets all eligibility criteria except those specific to title IV-E adoption
assistance shall receive adoption assistance paid through funds other than title IV-E.

Subd. 2. Special needs determination. (a) A child is considered a child with
special needs under this section if the requirements in paragraphs (b) to (g) are met.
(b) There must be a determination that the child must not or should not be returned
to the home of the child's parents as evidenced by:

(1) a court-ordered termination of parental rights;
(2) a petition to terminate parental rights;
(3) consent of parent to adoption accepted by the court under chapter 260C;
(4) in circumstances when tribal law permits the child to be adopted without a
termination of parental rights, a judicial determination by a tribal court indicating the valid
reason why the child cannot or should not return home;
(5) a voluntary relinquishment under section 259.25 or 259.47 or, if relinquishment
occurred in another state, the applicable laws in that state; or
(6) the death of the legal parent or parents if the child has two legal parents.
(c) There exists a specific factor or condition of which it is reasonable to conclude
that the child cannot be placed with adoptive parents without providing adoption
assistance as evidenced by:

(1) a determination by the Social Security Administration that the child meets all
medical or disability requirements of title XVI of the Social Security Act with respect to
eligibility for Supplemental Security Income benefits;
(2) a documented physical, mental, emotional, or behavioral disability not covered
under clause (1);
(3) a member of a sibling group being adopted at the same time by the same parent;
(4) an adoptive placement in the home of a parent who previously adopted a sibling
for whom they receive adoption assistance; or
(5) documentation that the child is an at-risk child.
(d) A reasonable but unsuccessful effort must have been made to place the child
with adoptive parents without providing adoption assistance as evidenced by:

(1) a documented search for an appropriate adoptive placement; or
(2) a determination by the commissioner that a search under clause (1) is not in the
best interests of the child.
(e) The requirement for a documented search for an appropriate adoptive placement under paragraph (d), including the registration of the child with the state adoption exchange and other recruitment methods under paragraph (f), must be waived if:

1. the child is being adopted by a relative and it is determined by the child-placing agency that adoption by the relative is in the best interests of the child;

2. the child is being adopted by a foster parent with whom the child has developed significant emotional ties while in the foster parent's care as a foster child and it is determined by the child-placing agency that adoption by the foster parent is in the best interests of the child; or

3. the child is being adopted by a parent that previously adopted a sibling of the child, and it is determined by the child-placing agency that adoption by this parent is in the best interests of the child.

For an Indian child covered by the Indian Child Welfare Act, a waiver must not be granted unless the child-placing agency has complied with the placement preferences required by the Indian Child Welfare Act, United States Code, title 25, section 1915(a).

(f) To meet the requirement of a documented search for an appropriate adoptive placement under paragraph (d), clause (1), the child-placing agency minimally must:

1. conduct a relative search as required by section 260C.221 and give consideration to placement with a relative, as required by section 260C.212, subdivision 2;

2. comply with the placement preferences required by the Indian Child Welfare Act when the Indian Child Welfare Act, United States Code, title 25, section 1915(a), applies;

3. locate prospective adoptive families by registering the child on the state adoption exchange, as required under section 259.75; and

4. if registration with the state adoption exchange does not result in the identification of an appropriate adoptive placement, the agency must employ additional recruitment methods prescribed by the commissioner.

(g) Once the legally responsible agency has determined that placement with an identified parent is in the child's best interests and made full written disclosure about the child's social and medical history, the agency must ask the prospective adoptive parent if the prospective adoptive parent is willing to adopt the child without receiving adoption assistance under this section. If the identified parent is either unwilling or unable to adopt the child without adoption assistance, the legally responsible agency must provide documentation as prescribed by the commissioner to fulfill the requirement to make a reasonable effort to place the child without adoption assistance. If the identified parent is willing to adopt the child without adoption assistance, the parent must provide a written statement to this effect to the legally responsible agency and the statement must be
maintained in the permanent adoption record of the legally responsible agency. For children
under guardianship of the commissioner, the legally responsible agency shall submit a copy
of this statement to the commissioner to be maintained in the permanent adoption record.

Subd. 3. Citizenship and immigration status. (a) A child must be a citizen of the
United States or otherwise eligible for federal public benefits according to the Personal
Responsibility and Work Opportunity Reconciliation Act of 1996, as amended, in order to
be eligible for the title IV-E adoption assistance program.
(b) A child must be a citizen of the United States or meet the qualified alien
requirements as defined in the Personal Responsibility and Work Opportunity
Reconciliation Act of 1996, as amended, in order to be eligible for adoption assistance
paid through funds other than title IV-E.

Subd. 4. Background study. A background study under section 259.41 must be
completed on each prospective adoptive parent. If the background study reveals:
(1) a felony conviction at any time for:
(i) child abuse or neglect;
(ii) spousal abuse;
(iii) a crime against a child, including child pornography; or
(iv) a crime involving violence, including rape, sexual assault, or homicide, but not
including other physical assault or battery; or
(2) a felony conviction within the past five years for:
(i) physical assault;
(ii) battery; or
(iii) a drug-related offense;
the adoptive parent is prohibited from receiving adoption assistance on behalf of an
otherwise eligible child.

Subd. 5. Responsibility for determining adoption assistance eligibility. The
commissioner must determine eligibility for:
(1) a child under the guardianship of the commissioner who would otherwise remain
in foster care;
(2) a child who is not under the guardianship of the commissioner who meets title
IV-E eligibility defined in section 473 of the Social Security Act and no state agency has
legal responsibility for placement and care of the child;
(3) a Minnesota child under tribal jurisdiction who would otherwise remain in foster
care; and
(4) an Indian child being placed in Minnesota who meets title IV-E eligibility defined in section 473 of the Social Security Act. The agency or entity assuming responsibility for the child is responsible for the nonfederal share of the adoption assistance payment.

Subd. 6. Exclusions. The commissioner must not enter into an adoption assistance agreement with the following individuals:

(1) a child's biological parent or stepparent;

(2) a child's relative under section 260C.007, subdivision 27, with whom the child resided immediately prior to child welfare involvement unless:

(i) the child was in the custody of a Minnesota county or tribal agency pursuant to an order under chapter 260C or equivalent provisions of tribal code and the agency had placement and care responsibility for permanency planning for the child; and

(ii) the child is under guardianship of the commissioner of human services according to the requirements of section 260C.325, subdivision 1 or 3, or is a ward of a Minnesota tribal court after termination of parental rights, suspension of parental rights, or a finding by the tribal court that the child cannot safely return to the care of the parent;

(3) an individual adopting a child who is the subject of a direct adoptive placement under section 259.47 or the equivalent in tribal code;

(4) a child's legal custodian or guardian who is now adopting the child; or

(5) an individual who is adopting a child who is not a citizen or resident of the United States and was either adopted in another country or brought to the United States for the purposes of adoption.

Subd. 7. Adoption assistance eligibility determination. (a) The financially responsible agency shall prepare an adoption assistance eligibility determination for review and final approval by the commissioner. When there is no financially responsible agency, the adoption assistance eligibility determination must be completed by the agency designated by the commissioner. The eligibility determination must be completed according to requirements and procedures and on forms prescribed by the commissioner.

The financially responsible agency and the commissioner shall make every effort to establish a child's eligibility for title IV-E adoption assistance. Documentation from a qualified expert for the eligibility determination must be provided to the commissioner to verify that a child meets the special needs criteria in subdivision 2. A child who is determined to be eligible for adoption assistance must have an adoption assistance agreement negotiated on the child's behalf according to section 256N.25.

(b) Documentation from a qualified expert of a disability is limited to evidence deemed appropriate by the commissioner and must be submitted to the commissioner with the eligibility determination. Examples of appropriate documentation include, but are not
limited to, medical records, psychological assessments, educational or early childhood
evaluations, court findings, and social and medical history.

c) Documentation that the child is at risk of developing physical, mental, emotional,
or behavioral disabilities must be submitted according to policies and procedures
prescribed by the commissioner.

Subd. 8. Termination of agreement. (a) An adoption assistance agreement must
terminate in any of the following circumstances:

1) the child has attained the age of 18, or up to age 21 when the child meets a
condition for extension in subdivision 12;

2) the child has not attained the age of 18, but the commissioner determines the
adoptive parent is no longer legally responsible for support of the child;

3) the commissioner determines the adoptive parent is no longer providing financial
support to the child up to age 21;

4) the death of the child; or

5) the adoptive parent requests in writing the termination of the adoption assistance
agreement.

(b) An adoptive parent is considered no longer legally responsible for support of the
child in any of the following circumstances:

1) parental rights to the child are legally terminated or a court accepted the parent's
consent to adoption under chapter 260C;

2) permanent legal and physical custody or guardianship of the child is transferred
to another individual;

3) death of the adoptive parent under subdivision 9;

4) the child enlists in the military;

5) the child gets married; or

6) the child is determined an emancipated minor through legal action.

Subd. 9. Death of adoptive parent or adoption dissolution. The adoption
assistance agreement ends upon death or termination of parental rights of both adoptive
parents in the case of a two-parent adoption, or the sole adoptive parent in the case of
a single-parent adoption. The child's adoption assistance eligibility may be continued
according to subdivision 10.

Subd. 10. Continuing a child's title IV-E adoption assistance in a subsequent
adoption. (a) The child maintains eligibility for title IV-E adoption assistance in a
subsequent adoption if the following criteria are met:

1) the child is determined to be a child with special needs as outlined in subdivision
2; and
(2) the subsequent adoptive parent resides in Minnesota.

(b) If a child had a title IV-E adoption assistance agreement in effect prior to the
death of the adoptive parent or dissolution of the adoption, and the subsequent adoptive
parent resides outside of Minnesota, the commissioner is not responsible for determining
whether the child meets the definition of special needs, entering into the adoption
assistance agreement, and making any adoption assistance payments outlined in the new
agreement unless a state agency in Minnesota has responsibility for placement and care of
the child at the time of the subsequent adoption. If there is no state agency in Minnesota
that has responsibility for placement and care of the child at the time of the subsequent
adoption, the public child welfare agency in the subsequent adoptive parent's residence is
responsible for determining whether the child meets the definition of special needs and
entering into the adoption assistance agreement.

Subd. 11. Assigning a child's adoption assistance to a court-appointed guardian
or custodian. (a) State-funded adoption assistance may be continued with the written
consent of the commissioner to an individual who is a guardian appointed by a court for
the child upon the death of both the adoptive parents in the case of a two-parent adoption,
or the sole adoptive parent in the case of a single-parent adoption, unless the child is
under the custody of a state agency.

(b) Temporary assignment of adoption assistance may be approved by the
commissioner for a maximum of six consecutive months from the death of the adoptive
parent or parents under subdivision 9 and must adhere to the requirements and procedures
prescribed by the commissioner. If, within six months, the child has not been adopted by a
person agreed upon by the commissioner, or a court has not appointed a permanent legal
guardian under section 260C.325, 525.5-313, or similar law of another jurisdiction, the
adoption assistance must terminate.

(c) Upon assignment of payments under this subdivision, assistance must be from
funds other than title IV-E.

Subd. 12. Extension of adoption assistance agreement. (a) Under certain limited
circumstances a child may qualify for extension of the adoption assistance agreement
beyond the date the child attains age 18, up to the date the child attains the age of 21.

(b) A request for extension of the adoption assistance agreement must be completed
in writing and submitted, including all supporting documentation, by the adoptive parent
to the commissioner at least 60 calendar days prior to the date that the current agreement
will terminate.

(c) A signed amendment to the current adoption assistance agreement must be
fully executed between the adoptive parent and the commissioner at least ten business
days prior to the termination of the current agreement. The request for extension and the
fully executed amendment must be made according to the requirements and procedures
prescribed by the commissioner, including documentation of eligibility, on forms
prescribed by the commissioner.

(d) If an agency is certifying a child for adoption assistance and the child will attain
the age of 18 within 60 calendar days of submission, the request for extension must be
completed in writing and submitted, including all supporting documentation, with the
adoption assistance application.

(e) A child who has attained the age of 16 prior to the finalization of the child's
adoption is eligible for extension of the adoption assistance agreement up to the date the
child attains age 21 if the child is:

(1) dependent on the adoptive parent for care and financial support; and
(2)(i) completing a secondary education program or a program leading to an
equivalent credential;
(ii) enrolled in an institution that provides postsecondary or vocational education;
(iii) participating in a program or activity designed to promote or remove barriers to
employment;
(iv) employed for at least 80 hours per month; or
(v) incapable of doing any of the activities described in items (i) to (iv) due to
a medical condition where incapability is supported by documentation from an expert
according to the requirements and procedures prescribed by the commissioner.

(f) A child who has not attained the age of 16 prior to finalization of the child's
adoption is eligible for extension of the adoption assistance agreement up to the date the
child attains the age of 21 if the child is:

(1) dependent on the adoptive parent for care and financial support; and
(2)(i) enrolled in a secondary education program or a program leading to the
equivalent; or
(ii) possesses a physical or mental disability that impairs the capacity for independent
living and warrants continuation of financial assistance as determined by the commissioner.

Subd. 13. **Beginning adoption assistance under Northstar Care for Children.**

Effective November 27, 2014, a child who meets the eligibility criteria for adoption
assistance in subdivision 1, may have an adoption assistance agreement negotiated on
the child's behalf according to section 256N.25, and the effective date of the agreement
must be January 1, 2015, or the date of the court order finalizing the adoption, whichever
is later. Except as provided under section 256N.26, subdivision 1, paragraph (c), the
maximum rate schedule for the agreement must be determined according to section
256N.26 based on the age of the child on the date that the prospective adoptive parent or
parents sign the agreement.

Subd. 14. Transition to adoption assistance under Northstar Care for Children.
The commissioner may offer adoption assistance agreements under this chapter to a
child with an adoption assistance agreement under chapter 259A executed on the child's
behalf on or before November 26, 2014, according to the priorities outlined in section
256N.28, subdivision 7, paragraph (b). To facilitate transition into the Northstar Care for
Children adoption assistance program, the commissioner has the authority to waive any
Northstar Care for Children adoption assistance eligibility requirements for a child with
an adoption assistance agreement under chapter 259A executed on the child's behalf on
or before November 26, 2014. Agreements negotiated under this subdivision must be in
accordance with the process in section 256N.28, subdivision 7. The maximum rate used in
the negotiation process for an agreement under this subdivision must be as outlined in
section 256N.28, subdivision 7.

Sec. 11. [256N.24] ASSESSMENTS.

Subd. 1. Assessment. (a) Each child eligible under sections 256N.21,
256N.22, and 256N.23, must be assessed to determine the benefits the child may receive
under section 256N.26, in accordance with the assessment tool, process, and requirements
specified in subdivision 2.

(b) If an agency applies the emergency foster care rate for initial placement under
section 256N.26, the agency may wait up to 30 days to complete the initial assessment.

(c) Unless otherwise specified in paragraph (d), a child must be assessed at the basic
level, level B, or one of ten supplemental difficulty of care levels, levels C to L.

(d) An assessment must not be completed for:

(1) a child eligible for guardianship assistance under section 256N.22 or adoption
assistance under section 256N.23 who is determined to be an at-risk child. A child under
this clause must be assigned level A under section 256N.26, subdivision 1; and

(2) a child transitioning into Northstar Care for Children under section 256N.28,
subdivision 7, unless the commissioner determines an assessment is appropriate.

Subd. 2. Establishment of assessment tool, process, and requirements. Consistent
with sections 256N.001 to 256N.28, the commissioner shall establish an assessment tool
to determine the basic and supplemental difficulty of care, and shall establish the process
to be followed and other requirements, including appropriate documentation, when
conducting the initial assessment of a child entering Northstar Care for Children or when
the special assessment and reassessments may be needed for children continuing in the
Subd. 3. Child care allowance portion of assessment. (a) The assessment tool established under subdivision 2 must include consideration of the caregiver's need for child care under this subdivision, with greater consideration for children of younger ages. (b) The child's assessment must include consideration of the caregiver's need for child care if the following criteria are met:

- (1) the child is under age 13;
- (2) all available adult caregivers are employed or attending educational or vocational training programs; and
- (3) the caregiver does not receive child care assistance for the child under chapter 119B.

(c) For children younger than seven years of age, the level determined by the non-child care portions of the assessment must be adjusted based on the average number of hours child care is needed each week due to employment or attending a training or educational program as follows:

- (1) fewer than ten hours or if the caregiver is participating in the child care assistance program under chapter 119B, no adjustment;
- (2) ten to 19 hours or if needed during school summer vacation or equivalent only, increase one level;
- (3) 20 to 29 hours, increase two levels;
- (4) 30 to 39 hours, increase three levels; and
- (5) 40 or more hours, increase four levels.

(d) For children at least seven years of age but younger than 13, the level determined by the non-child care portions of the assessment must be adjusted based on the average number of hours child care is needed each week due to employment or attending a training or educational program as follows:

- (1) fewer than 20 hours, needed during school summer vacation or equivalent only, or if the caregiver is participating in the child care assistance program under chapter 119B, no adjustment;
- (2) 20 to 39 hours, increase one level; and
- (3) 40 or more hours, increase two levels.

(e) When the child attains the age of seven, the child care allowance must be reduced by reducing the level to that available under paragraph (d). For children in foster care, benefits under section 256N.26 must be automatically reduced when the child turns seven. For children who receive guardianship assistance or adoption assistance, agreements must
include similar provisions to ensure that the benefit provided to these children does not exceed the benefit provided to children in foster care.

(f) When the child attains the age of 13, the child care allowance must be eliminated by reducing the level to that available prior to any consideration of the caregiver's need for child care. For children in foster care, benefits under section 256N.26 must be automatically reduced when the child attains the age of 13. For children who receive guardianship assistance or adoption assistance, agreements must include similar provisions to ensure that the benefit provided to these children does not exceed the benefit provided to children in foster care.

(g) The child care allowance under this subdivision is not available to caregivers who receive the child care assistance under chapter 119B. A caregiver receiving a child care allowance under this subdivision must notify the commissioner if the caregiver subsequently receives the child care assistance program under chapter 119B, and the level must be reduced to that available prior to any consideration of the caregiver's need for child care.

(h) In establishing the assessment tool under subdivision 2, the commissioner must design the tool so that the levels applicable to the non-child care portions of the assessment at a given age accommodate the requirements of this subdivision.

Subd. 4. Extraordinary levels. (a) The assessment tool established under subdivision 2 must provide a mechanism through which up to five levels can be added to the supplemental difficulty of care for a particular child under section 256N.26.

(b) These extraordinary levels are available when all of the following circumstances apply:

(1) the child has extraordinary needs as determined by the assessment tool provided for under subdivision 2, and the child meets other requirements established by the commissioner, such as a minimum score on the assessment tool;

(2) the child's extraordinary needs require extraordinary care and intense supervision that is provided by the child's caregiver as part of the parental duties as described in the supplemental difficulty of care rate, section 256N.02, subdivision 21. This extraordinary care provided by the caregiver is required so that the child can be safely cared for in the home and community, and prevents residential placement;
(3) the child is physically living in a foster family setting, as defined in Minnesota
Rules, part 2960.3010, subpart 23, or physically living in the home with the adoptive
parent or relative custodian; and

(4) the child is receiving the services for which the child is eligible through medical
assistance programs or other programs that provide necessary services for children with
disabilities or other medical and behavioral conditions to live with the child's family, but
the agency with caregiver's input has identified a specific support gap that cannot be met
through home and community support waivers or other programs that are designed to
provide support for children with special needs.

(c) The agency completing an assessment, under subdivision 2, that suggests an
extraordinary level must document as part of the assessment, the following:

(1) the assessment tool that determined that the child's needs or disabilities require
extraordinary care and intense supervision;

(2) a summary of the extraordinary care and intense supervision that is provided by
the caregiver as part of the parental duties as described in the supplemental difficulty of
care rate, section 256N.02, subdivision 21;

(3) confirmation that the child is currently physically residing in the foster family
setting or in the home with the adoptive parent or relative custodian;

(4) the efforts of the agency, caregiver, parents, and others to request support services
in the home and community that would ease the degree of parental duties provided by the
caregiver for the care and supervision of the child. This would include documentation of
the services provided for the child's needs or disabilities, and the services that were denied
or not available from the local social service agency, community agency, the local school
district, local public health department, the parent or child's medical insurance provider;

(5) the specific support gap identified that places the child's safety and well-being at
risk in the home or community and is necessary to prevent residential placement; and

(6) the extraordinary care and intense supervision provided by the foster, adoptive,
or guardianship caregivers to maintain the child safely in the child's home and prevent
residential placement that cannot be supported by medical assistance or other programs
that provide services, necessary care for children with disabilities, or other medical or
behavioral conditions in the home or community.

(d) An agency completing an assessment under subdivision 2 that suggests
an extraordinary level is appropriate must forward the assessment and required
documentation to the commissioner. If the commissioner approves, the extraordinary
levels must be retroactive to the date the assessment was forwarded.
Subd. 5. **Timing of initial assessment.** For a child entering Northstar Care for

Children under section 256N.21, the initial assessment must be completed within 30
days after the child is placed in foster care.

Subd. 6. **Completion of initial assessment.** (a) The assessment must be completed
in consultation with the child's caregiver. Face-to-face contact with the caregiver is not
required to complete the assessment.

(b) Initial assessments are completed for foster children, eligible under section
256N.21.

(c) The initial assessment must be completed by the financially responsible agency,
in consultation with the legally responsible agency if different, within 30 days of the
child's placement in foster care.

(d) If the foster parent is unable or unwilling to cooperate with the assessment process,
the child shall be assigned the basic level, level B under section 256N.26, subdivision 3.

(e) Notice to the foster parent shall be provided as specified in subdivision 12.

Subd. 7. **Timing of special assessment.** (a) A special assessment is required as part
of the negotiation of the guardianship assistance agreement under section 256N.22 if:

(1) the child was not placed in foster care with the prospective relative custodian
or custodians prior to the negotiation of the guardianship assistance agreement under
section 256N.25; or

(2) any requirement for reassessment under subdivision 8 is met.

(b) A special assessment is required as part of the negotiation of the adoption
assistance agreement under section 256N.23 if:

(1) the child was not placed in foster care with the prospective adoptive parent
or parents prior to the negotiation of the adoption assistance agreement under section
256N.25; or

(2) any requirement for reassessment under subdivision 8 is met.

(c) A special assessment is required when a child transitions from a pre-Northstar
Care for Children program into Northstar Care for Children if the commissioner
determines that a special assessment is appropriate instead of assigning the transition child
to a level under section 256N.28.

(d) The special assessment must be completed prior to the establishment of a
guardianship assistance or adoption assistance agreement on behalf of the child.

Subd. 8. **Completing the special assessment.** (a) The special assessment must
be completed in consultation with the child's caregiver. Face-to-face contact with the
caregiver is not required to complete the special assessment.
(b) If a new special assessment is required prior to the effective date of the guardianship assistance agreement, it must be completed by the financially responsible agency, in consultation with the legally responsible agency if different. If the prospective relative custodian is unable or unwilling to cooperate with the special assessment process, the child shall be assigned the basic level, level B under section 256N.26, subdivision 3, unless the child is known to be an at-risk child, in which case, the child shall be assigned level A under section 256N.26, subdivision 1.

c) If a special assessment is required prior to the effective date of the adoption assistance agreement, it must be completed by the financially responsible agency, in consultation with the legally responsible agency if different. If there is no financially responsible agency, the special assessment must be completed by the agency designated by the commissioner. If the prospective adoptive parent is unable or unwilling to cooperate with the special assessment process, the child must be assigned the basic level, level B under section 256N.26, subdivision 3, unless the child is known to be an at-risk child, in which case, the child shall be assigned level A under section 256N.26, subdivision 1.

d) Notice to the prospective relative custodians or prospective adoptive parents must be provided as specified in subdivision 12.

Subd. 9. **Timing of and requests for reassessments.** Reassessments for an eligible child must be completed within 30 days of any of the following events:

1. for a child in continuous foster care, when six months have elapsed since completion of the last assessment;
2. for a child in continuous foster care, change of placement location;
3. for a child in foster care, at the request of the financially responsible agency or legally responsible agency;
4. at the request of the commissioner; or
5. at the request of the caregiver under subdivision 9.

Subd. 10. **Caregiver requests for reassessments.** (a) A caregiver may initiate a reassessment request for an eligible child in writing to the financially responsible agency or, if there is no financially responsible agency, the agency designated by the commissioner. The written request must include the reason for the request and the name, address, and contact information of the caregivers. For an eligible child with a guardianship assistance or adoption assistance agreement, the caregiver may request a reassessment if at least six months have elapsed since any previously requested review.

For an eligible foster child, a foster parent may request reassessment in less than six months with written documentation that there have been significant changes in the child's needs that necessitate an earlier reassessment.
(b) A caregiver may request a reassessment of an at-risk child for whom a guardianship assistance or adoption assistance agreement has been executed if the caregiver has satisfied the commissioner with written documentation from a qualified expert that the potential disability upon which eligibility for the agreement was based has manifested itself, consistent with section 256N.25, subdivision 3, paragraph (b).

(c) If the reassessment cannot be completed within 30 days of the caregiver's request, the agency responsible for reassessment must notify the caregiver of the reason for the delay and a reasonable estimate of when the reassessment can be completed.

Subd. 11. Completion of reassessment. (a) The reassessment must be completed in consultation with the child's caregiver. Face-to-face contact with the caregiver is not required to complete the reassessment.

(b) For foster children eligible under section 256N.21, reassessments must be completed by the financially responsible agency, in consultation with the legally responsible agency if different.

(c) If reassessment is required after the effective date of the guardianship assistance agreement, the reassessment must be completed by the financially responsible agency.

(d) If a reassessment is required after the effective date of the adoption assistance agreement, it must be completed by the financially responsible agency or, if there is no financially responsible agency, the agency designated by the commissioner.

(e) If the child's caregiver is unable or unwilling to cooperate with the reassessment, the child must be assessed at level B under section 256N.26, subdivision 3, unless the child has an adoption assistance or guardianship assistance agreement in place and is known to be an at-risk child, in which case the child must be assessed at level A under section 256N.26, subdivision 1.

Subd. 12. Approval of initial assessments, special assessments, and reassessments. (a) Any agency completing initial assessments, special assessments, or reassessments must designate one or more supervisors or other staff to examine and approve assessments completed by others in the agency under subdivision 2. The person approving an assessment must not be the case manager or staff member completing that assessment.

(b) In cases where a special assessment or reassessment for guardian assistance and adoption assistance is required under subdivision 7 or 10, the commissioner shall review and approve the assessment as part of the eligibility determination process outlined in section 256N.22, subdivision 7, for guardianship assistance, or section 256N.23, subdivision 7, for adoption assistance. The assessment determines the maximum for the negotiated agreement amount under section 256N.25.
(c) The new rate is effective the calendar month that the assessment is approved, or the effective date of the agreement, whichever is later.

Subd. 13. Notice for caregiver. (a) The agency as defined in subdivision 5 or 10 that is responsible for completing the initial assessment or reassessment must provide the child's caregiver with written notice of the initial assessment or reassessment.

(b) Initial assessment notices must be sent within 15 days of completion of the initial assessment and must minimally include the following:

(1) a summary of the child's completed individual assessment used to determine the initial rating;

(2) statement of rating and benefit level;

(3) statement of the circumstances under which the agency must reassess the child;

(4) procedure to seek reassessment;

(5) notice that the caregiver has the right to a fair hearing review of the assessment and how to request a fair hearing, consistent with section 256.045, subdivision 3; and

(6) the name, telephone number, and e-mail, if available, of a contact person at the agency completing the assessment.

(c) Reassessment notices must be sent within 15 days after the completion of the reassessment and must minimally include the following:

(1) a summary of the child's individual assessment used to determine the new rating;

(2) any change in rating and its effective date;

(3) procedure to seek reassessment;

(4) notice that if a change in rating results in a reduction of benefits, the caregiver has the right to a fair hearing review of the assessment and how to request a fair hearing consistent with section 256.045, subdivision 3;

(5) notice that a caregiver who requests a fair hearing of the reassessed rating within ten days may continue at the current rate pending the hearing, but the agency may recover any overpayment; and

(6) name, telephone number, and e-mail, if available, of a contact person at the agency completing the reassessment.

(d) Notice is not required for special assessments since the notice is part of the guardianship assistance or adoption assistance negotiated agreement completed according to section 256N.25.

Subd. 14. Assessment tool determines rate of benefits. The assessment tool established by the commissioner in subdivision 2 determines the monthly benefit level for children in foster care. The monthly payment for guardian assistance or adoption
assistance may be negotiated up to the monthly benefit level under foster care for those
children eligible for a payment under section 256N.26, subdivision 1.

Sec. 12. [256N.25] AGREEMENTS.

Subdivision 1. Agreement; guardianship assistance; adoption assistance. (a)
In order to receive guardianship assistance or adoption assistance benefits on behalf of
an eligible child, a written, binding agreement between the caregiver or caregivers, the
financially responsible agency, or, if there is no financially responsible agency, the agency
designated by the commissioner, and the commissioner must be established prior to
finalization of the adoption or a transfer of permanent legal and physical custody. The
agreement must be negotiated with the caregiver or caregivers under subdivision 2.
(b) The agreement must be on a form approved by the commissioner and must
specify the following:
(1) duration of the agreement;
(2) the nature and amount of any payment, services, and assistance to be provided
under such agreement;
(3) the child's eligibility for Medicaid services;
(4) the terms of the payment, including any child care portion as specified in section
256N.24, subdivision 3;
(5) eligibility for reimbursement of nonrecurring expenses associated with adopting
or obtaining permanent legal and physical custody of the child, to the extent that the
total cost does not exceed $2,000 per child;
(6) that the agreement must remain in effect regardless of the state of which the
adoptive parents or relative custodians are residents at any given time;
(7) provisions for modification of the terms of the agreement, including renegotiation
of the agreement; and
(8) the effective date of the agreement.
(c) The caregivers, the commissioner, and the financially responsible agency, or, if
there is no financially responsible agency, the agency designated by the commissioner, must
sign the agreement. A copy of the signed agreement must be given to each party. Once
signed by all parties, the commissioner shall maintain the official record of the agreement.
(d) The effective date of the guardianship assistance agreement must be the date of the
court order that transfers permanent legal and physical custody to the relative. The effective
date of the adoption assistance agreement is the date of the finalized adoption decree.
(e) Termination or disruption of the preadoptive placement or the foster care
placement prior to assignment of custody makes the agreement with that caregiver void.
Subd. 2. **Negotiation of agreement.** (a) When a child is determined to be eligible for guardianship assistance or adoption assistance, the financially responsible agency, or, if there is no financially responsible agency, the agency designated by the commissioner, must negotiate with the caregiver to develop an agreement under subdivision 1. If and when the caregiver and agency reach concurrence as to the terms of the agreement, both parties shall sign the agreement. The agency must submit the agreement, along with the eligibility determination outlined in sections 256N.22, subdivision 7, and 256N.23, subdivision 7, to the commissioner for final review, approval, and signature according to subdivision 1.

(b) A monthly payment is provided as part of the adoption assistance or guardianship assistance agreement to support the care of children unless the child is determined to be an at-risk child, in which case the special at-risk monthly payment under section 256N.26, subdivision 7, must be made until the caregiver obtains written documentation from a qualified expert that the potential disability upon which eligibility for the agreement was based has manifested itself.

1. The amount of the payment made on behalf of a child eligible for guardianship assistance or adoption assistance is determined through agreement between the prospective relative custodian or the adoptive parent and the financially responsible agency, or, if there is no financially responsible agency, the agency designated by the commissioner, using the assessment tool established by the commissioner in section 256N.24, subdivision 2, and the associated benefit and payments outlined in section 256N.26. Except as provided under section 256N.24, subdivision 1, paragraph (c), the assessment tool establishes the monthly benefit level for a child under foster care. The monthly payment under a guardianship assistance agreement or adoption assistance agreement may be negotiated up to the monthly benefit level under foster care. In no case may the amount of the payment under a guardianship assistance agreement or adoption assistance agreement exceed the foster care maintenance payment which would have been paid during the month if the child with respect to whom the guardianship assistance or adoption assistance payment is made had been in a foster family home in the state.

2. The rate schedule for the agreement is determined based on the age of the child on the date that the prospective adoptive parent or parents or relative custodians sign the agreement.

3. The income of the relative custodian or custodians or adoptive parent or parents must not be taken into consideration when determining eligibility for guardianship assistance or adoption assistance or the amount of the payments under section 256N.26.

4. With the concurrence of the relative custodian or adoptive parent, the amount of the payment may be adjusted periodically using the assessment tool established by the
commissioner in section 256N.24, subdivision 2, and the agreement renegotiated under subdivision 3 when there is a change in the child's needs or the family's circumstances.

(5) The guardianship assistance or adoption assistance agreement of a child who is identified as at-risk receives the special at-risk monthly payment under section 256N.26, subdivision 7, unless and until the potential disability manifests itself, as documented by an appropriate professional, and the commissioner authorizes commencement of payment by modifying the agreement accordingly. A relative custodian or adoptive parent of an at-risk child with a guardianship assistance or adoption assistance agreement may request a reassessment of the child under section 256N.24, subdivision 9, and renegotiation of the guardianship assistance or adoption assistance agreement under subdivision 3 to include a monthly payment, if the caregiver has written documentation from a qualified expert that the potential disability upon which eligibility for the agreement was based has manifested itself. Documentation of the disability must be limited to evidence deemed appropriate by the commissioner.

(c) For guardianship assistance agreements:

(1) the initial amount of the monthly guardianship assistance payment must be equivalent to the foster care rate in effect at the time that the agreement is signed less any offsets under section 256N.26, subdivision 11, or a lesser negotiated amount if agreed to by the prospective relative custodian and specified in that agreement, unless the child is identified as at-risk or the guardianship assistance agreement is entered into when a child is under the age of six;

(2) an at-risk child must be assigned level A as outlined in section 256N.26 and receive the special at-risk monthly payment under section 256N.26, subdivision 7, unless and until the potential disability manifests itself, as documented by a qualified expert, and the commissioner authorizes commencement of payment by modifying the agreement accordingly; and

(3) the amount of the monthly payment for a guardianship assistance agreement for a child, other than an at-risk child, who is under the age of six must be as specified in section 256N.26, subdivision 5.

(d) For adoption assistance agreements:

(1) for a child in foster care with the prospective adoptive parent immediately prior to adoptive placement, the initial amount of the monthly adoption assistance payment must be equivalent to the foster care rate in effect at the time that the agreement is signed less any offsets in section 256N.26, subdivision 11, or a lesser negotiated amount if agreed to by the prospective adoptive parents and specified in that agreement, unless the child is
identified as at-risk or the adoption assistance agreement is entered into when a child is
under the age of six;

(2) an at-risk child must be assigned level A as outlined in section 256N.26 and
receive the special at-risk monthly payment under section 256N.26, subdivision 7, unless
and until the potential disability manifests itself, as documented by an appropriate
professional, and the commissioner authorizes commencement of payment by modifying
the agreement accordingly;

(3) the amount of the monthly payment for an adoption assistance agreement for
a child under the age of six, other than an at-risk child, must be as specified in section
256N.26, subdivision 5;

(4) for a child who is in the guardianship assistance program immediately prior
to adoptive placement, the initial amount of the adoption assistance payment must be
equivalent to the guardianship assistance payment in effect at the time that the adoption
assistance agreement is signed or a lesser amount if agreed to by the prospective adoptive
parent and specified in that agreement; and

(5) for a child who is not in foster care placement or the guardianship assistance
program immediately prior to adoptive placement or negotiation of the adoption assistance
agreement, the initial amount of the adoption assistance agreement must be determined
using the assessment tool and process in this section and the corresponding payment
amount outlined in section 256N.26.

Subd. 3. Renegotiation of agreement. (a) A relative custodian or adoptive
parent of a child with a guardianship assistance or adoption assistance agreement may
request renegotiation of the agreement when there is a change in the needs of the child
or in the family's circumstances. When a relative custodian or adoptive parent requests
renegotiation of the agreement, a reassessment of the child must be completed consistent
with section 256N.24, subdivisions 9 and 10. If the reassessment indicates that the
child's level has changed, the financially responsible agency or, if there is no financially
responsible agency, the agency designated by the commissioner or the commissioner's
designee, and the caregiver must renegotiate the agreement to include a payment with
the level determined through the reassessment process. The agreement must not be
renegotiated unless the commissioner, the financially responsible agency, and the caregiver
mutually agree to the changes. The effective date of any renegotiated agreement must be
determined by the commissioner.

(b) A relative custodian or adoptive parent of an at-risk child with a guardianship
assistance or adoption assistance agreement may request renegotiation of the agreement to
include a monthly payment higher than the special at-risk monthly payment under section
256N.26, subdivision 7, if the caregiver has written documentation from a qualified
expert that the potential disability upon which eligibility for the agreement was based has
manifested itself. Documentation of the disability must be limited to evidence deemed
appropriate by the commissioner. Prior to renegotiating the agreement, a reassessment
of the child must be conducted as outlined in section 256N.24, subdivision 9. The
reassessment must be used to renegotiate the agreement to include an appropriate monthly
payment. The agreement must not be renegotiated unless the commissioner, the financially
responsible agency, and the caregiver mutually agree to the changes. The effective date of
any renegotiated agreement must be determined by the commissioner.

(c) Renegotiation of a guardianship assistance or adoption assistance agreement is
required when one of the circumstances outlined in section 256N.26, subdivision 13,
occurs.

Sec. 13. [256N.26] BENEFITS AND PAYMENTS.

Subdivision 1. Benefits. (a) There are three benefits under Northstar Care for
Children: medical assistance, basic payment, and supplemental difficulty of care payment.
(b) A child is eligible for medical assistance under subdivision 2.
(c) A child is eligible for the basic payment under subdivision 3, except for a child
assigned level A under section 256N.24, subdivision 1, because the child is determined to
be an at-risk child receiving guardianship assistance or adoption assistance.
(d) A child, including a foster child age 18 to 21, is eligible for an additional
supplemental difficulty of care payment under subdivision 4, as determined by the
assessment under section 256N.24.
(e) An eligible child entering guardianship assistance or adoption assistance under
the age of six receives a basic payment and supplemental difficulty of care payment as
specified in subdivision 5.
(f) A child transitioning in from a pre-Northstar Care for Children program under
section 256N.28, subdivision 7, shall receive basic and difficulty of care supplemental
payments according to those provisions.

Subd. 2. Medical assistance. Eligibility for medical assistance under this chapter
must be determined according to section 256B.055.

Subd. 3. Basic monthly rate. From January 1, 2015, to June 30, 2016, the basic
monthly rate must be according to the following schedule:

<table>

<tr>

Subd. 4. Difficulty of care supplemental monthly rate. From January 1, 2015, to June 30, 2016, the supplemental difficulty of care monthly rate is determined by the following schedule:

A child assigned level A is not eligible for either the basic or supplemental difficulty of care payment, while a child assigned level B is not eligible for the supplemental difficulty of care payment but is eligible for the basic monthly rate under subdivision 3.

Subd. 5. Alternate rates for preschool entry and certain transitioned children. A child who entered the guardianship assistance or adoption assistance components of Northstar Care for Children while under the age of six shall receive 50 percent of the amount the child would otherwise be entitled to under subdivisions 3 and 4. The commissioner may also use the 50 percent rate for a child who was transitioned into those components through declaration of the commissioner under section 256N.28, subdivision 7.

Subd. 6. Emergency foster care rate for initial placement. (a) A child who enters foster care due to immediate custody by a police officer or court order, consistent with section 260C.175, subdivisions 1 and 2, or equivalent provision under tribal code, shall receive the emergency foster care rate for up to 30 days. The emergency foster care rate cannot be extended beyond 30 days of the child's placement.

(b) For this payment rate to be applied, at least one of three conditions must apply:

1. the child's initial placement must be in foster care in Minnesota;
2. the child's previous placement was more than two years ago; or
(3) the child's previous placement was for fewer than 30 days and an assessment under section 256N.24 was not completed by an agency under section 256N.24.

(c) The emergency foster care rate consists of the appropriate basic monthly rate under subdivision 3 plus a difficulty of care supplemental monthly rate of level D under subdivision 4.

(d) The emergency foster care rate ends under any of three conditions:

(1) when an assessment under section 256N.24 is completed;

(2) when the placement ends; or

(3) after 30 days have elapsed.

(e) The financially responsible agency, in consultation with the legally responsible agency, if different, may replace the emergency foster care rate at any time by completing an initial assessment on which a revised difficulty of care supplemental monthly rate would be based. Consistent with section 256N.24, subdivision 9, the caregiver may request a reassessment in writing for an initial assessment to replace the emergency foster care rate. This written request would initiate an initial assessment under section 256N.24, subdivision 5. If the revised difficulty of care supplemental level based on the initial assessment is higher than level D, then the revised higher rate shall apply retroactively to the beginning of the placement. If the revised level is lower, the lower rate shall apply on the date the initial assessment was completed.

(f) If a child remains in foster care placement for more than 30 days, the emergency foster care rate ends after the 30th day of placement and an assessment under section 256N.26 must be completed.

Subd. 7. Special at-risk monthly payment for at-risk children in guardianship assistance and adoption assistance. A child eligible for guardianship assistance under section 256N.22 or adoption assistance under section 256N.23 who is determined to be an at-risk child shall receive a special at-risk monthly payment of $1 per month basic, unless and until the potential disability manifests itself and the agreement is renegotiated to include reimbursement. Such an at-risk child shall receive neither a supplemental difficulty of care monthly rate under subdivision 4 nor home and vehicle modifications under subdivision 10, but must be considered for medical assistance under subdivision 2.

Subd. 8. Daily rates. (a) The commissioner shall establish prorated daily rates to the nearest cent for the monthly rates under subdivisions 3 to 7. Daily rates must be routinely used when a partial month is involved for foster care, guardianship assistance, or adoption assistance.
(b) A full month payment is permitted if a foster child is temporarily absent from the foster home if the brief absence does not exceed 14 days and the child's placement continues with the same caregiver.

Subd. 9. Revision. By April 1, 2016, for fiscal year 2017, and by each succeeding April 1 for the subsequent fiscal year, the commissioner shall review and revise the rates under subdivisions 3 to 7 based on the United States Department of Agriculture, Estimates of the Cost of Raising a Child, published by the United States Department of Agriculture, Agricultural Resources Service, Publication 1411. The revision shall be the average percentage by which costs increase for the age ranges represented in the United States Department of Agriculture, Estimates of the Cost of Raising a Child, except that in no instance must the increase be more than three percent per annum. The monthly rates must be revised to the nearest dollar and the daily rates to the nearest cent.

Subd. 10. Home and vehicle modifications. (a) Except for a child assigned level A under section 256N.24, subdivision 1, paragraph (d), clause (1), a child who is eligible for an adoption assistance agreement may have reimbursement of home and vehicle modifications necessary to accommodate the child's special needs upon which eligibility for adoption assistance was based and included as part of the negotiation of the agreement under section 256N.25, subdivision 2. Reimbursement of home and vehicle modifications must not be available for a child who is assessed at level A under subdivision 1, unless and until the potential disability manifests itself and the agreement is renegotiated to include reimbursement.

(b) Application for and reimbursement of modifications must be completed according to a process specified by the commissioner. The type and cost of each modification must be preapproved by the commissioner. The type of home and vehicle modifications must be limited to those specified by the commissioner.

(c) Reimbursement for home modifications as outlined in this subdivision is limited to once every five years per child. Reimbursement for vehicle modifications as outlined in this subdivision is limited to once every five years per family.

Subd. 11. Child income or income attributable to the child. (a) A monthly guardianship assistance or adoption assistance payment must be considered as income and resources attributable to the child. Guardianship assistance and adoption assistance are exempt from garnishment, except as permissible under the laws of the state where the child resides.

(b) When a child is placed into foster care, any income and resources attributable to the child are treated as provided in sections 252.27 and 260C.331, or 260B.331, as applicable to the child being placed.
(c) Consideration of income and resources attributable to the child must be part of the negotiation process outlined in section 256N.25, subdivision 2. In some circumstances, the receipt of other income on behalf of the child may impact the amount of the monthly payment received by the relative custodian or adoptive parent on behalf of the child through Northstar Care for Children. Supplemental Security Income (SSI), retirement survivor's disability insurance (RSDI), veteran's benefits, railroad retirement benefits, and black lung benefits are considered income and resources attributable to the child.

Subd. 12. Treatment of Supplemental Security Income. If a child placed in foster care receives benefits through Supplemental Security Income (SSI) at the time of foster care placement or subsequent to placement in foster care, the financially responsible agency may apply to be the payee for the child for the duration of the child's placement in foster care. If a child continues to be eligible for SSI after finalization of the adoption or transfer of permanent legal and physical custody and is determined to be eligible for a payment under Northstar Care for Children, a permanent caregiver may choose to receive payment from both programs simultaneously. The permanent caregiver is responsible to report the amount of the payment to the Social Security Administration and the SSI payment will be reduced as required by the Social Security Administration.

Subd. 13. Treatment of retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, and black lung benefits. (a) If a child placed in foster care receives retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits at the time of foster care placement or subsequent to placement in foster care, the financially responsible agency may apply to be the payee for the child for the duration of the child's placement in foster care. If it is anticipated that a child will be eligible to receive retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits after finalization of the adoption or assignment of permanent legal and physical custody, the permanent caregiver shall apply to be the payee of those benefits on the child's behalf. The monthly amount of the other benefits must be considered an offset to the amount of the payment the child is determined eligible for under Northstar Care for Children.

(b) If a child becomes eligible for retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits, after the initial amount of the payment under Northstar Care for Children is finalized, the permanent caregiver shall contact the commissioner to redetermine the payment under Northstar Care for Children. The monthly amount of the other benefits must be considered an offset to the amount of the payment the child is determined eligible for under Northstar Care for Children.
(c) If a child ceases to be eligible for retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits after the initial amount of the payment under Northstar Care for Children is finalized, the permanent caregiver shall contact the commissioner to redetermine the payment under Northstar Care for Children. The monthly amount of the payment under Northstar Care for Children must be the amount the child was determined to be eligible for prior to consideration of any offset.

(d) If the monthly payment received on behalf of the child under retirement survivor's disability insurance, veteran's benefits, railroad retirement benefits, or black lung benefits changes after the adoption assistance or guardianship assistance agreement is finalized, the permanent caregiver shall notify the commissioner as to the new monthly payment amount, regardless of the amount of the change in payment. If the monthly payment changes by $75 or more, even if the change occurs incrementally over the duration of the term of the adoption assistance or guardianship assistance agreement, the monthly payment under Northstar Care for Children must be adjusted without further consent to reflect the amount of the increase or decrease in the offset amount. Any subsequent change to the payment must be reported and handled in the same manner. A change of monthly payments of less than $75 is not a permissible reason to renegotiate the adoption assistance or guardianship assistance agreement under section 256N.25, subdivision 3.

The commissioner shall review and revise the limit at which the adoption assistance or guardian assistance agreement must be renegotiated in accordance with subdivision 9.

Subd. 14. Treatment of child support and Minnesota family investment program. (a) If a child placed in foster care receives child support, the child support payment may be redirected to the financially responsible agency for the duration of the child's placement in foster care. In cases where the child qualifies for Northstar Care for Children by meeting the adoption assistance eligibility criteria or the guardianship assistance eligibility criteria, any court-ordered child support must not be considered income attributable to the child and must have no impact on the monthly payment.

(b) Consistent with section 256J.24, a child eligible for Northstar Care for Children whose caregiver receives a payment on the child's behalf is excluded from a Minnesota family investment program assistance unit.

Subd. 15. Payments. (a) Payments to caregivers under Northstar Care for Children must be made monthly. Consistent with section 256N.24, subdivision 12, the financially responsible agency must send the caregiver the required written notice within 15 days of a completed assessment or reassessment.

(b) Unless paragraph (c) or (d) applies, the financially responsible agency shall pay foster parents directly for eligible children in foster care.
(c) When the legally responsible agency is different than the financially responsible agency, the legally responsible agency may make the payments to the caregiver, provided payments are made on a timely basis. The financially responsible agency must pay the legally responsible agency on a timely basis. Caregivers must have access to the financially and legally responsible agencies' records of the transaction, consistent with the retention schedule for the payments.

(d) For eligible children in foster care, the financially responsible agency may pay the foster parent's payment for a licensed child-placing agency instead of paying the foster parents directly. The licensed child-placing agency must timely pay the foster parents and maintain records of the transaction. Caregivers must have access to the financially responsible agency's records of the transaction and the child-placing agency's records of the transaction, consistent with the retention schedule for the payments.

Subd. 16. **Effect of benefit on other aid.** Payments received under this section must not be considered as income for child care assistance under chapter 119B or any other financial benefit. Consistent with section 256J.24, a child receiving a maintenance payment under Northstar Care for Children is excluded from any Minnesota family investment program assistance unit.

Subd. 17. **Home and community-based services waiver for persons with disabilities.** A child in foster care may qualify for home and community-based waived services, consistent with section 256B.092 for developmental disabilities, or section 256B.49 for community alternative care, community alternatives for disabled individuals, or traumatic brain injury waivers. A waiver service must not be substituted for the foster care program. When the child is simultaneously eligible for waivered services and for benefits under Northstar Care for Children, the financially responsible agency must assess and provide basic and supplemental difficulty of care rates as determined by the assessment according to section 256N.24. If it is determined that additional services are needed to meet the child's needs in the home that is not or cannot be met by the foster care program, the need would be referred to the local waivered service program.

Subd. 18. **Overpayments.** The commissioner has the authority to collect any amount of foster care payment, adoption assistance, or guardianship assistance paid to a caregiver in excess of the payment due. Payments covered by this subdivision include basic maintenance needs payments, supplemental difficulty of care payments, and reimbursement of home and vehicle modifications under subdivision 10. Prior to any collection, the commissioner or the commissioner's designee shall notify the caregiver in writing, including:

(1) the amount of the overpayment and an explanation of the cause of overpayment;
688.34 (2) clarification of the corrected amount;
688.35 (3) a statement of the legal authority for the decision;
688.36 (4) information about how the caregiver can correct the overpayment;
688.37 (5) if repayment is required, when the payment is due and a person to contact to
688.38 review a repayment plan;
688.39 (6) a statement that the caregiver has a right to a fair hearing review by the
688.40 department; and
688.41 (7) the procedure for seeking a fair hearing review by the department.
688.42 Subd. 19. Payee. For adoption assistance and guardianship assistance cases, the
688.43 payment must only be made to the adoptive parent or relative custodian specified on the
688.44 agreement. If there is more than one adoptive parent or relative custodian, both parties will
688.45 be listed as the payee unless otherwise specified in writing according to policies outlined
688.46 by the commissioner. In the event of divorce or separation of the caregivers, a change of
688.47 payee must be made in writing according to policies outlined by the commissioner. If both
688.48 caregivers are in agreement as to the change, it may be made according to a process outlined
688.49 by the commissioner. If there is not agreement as to the change, a court order indicating
688.50 the party who is to receive the payment is needed before a change can be processed. If the
688.51 change of payee is disputed, the commissioner may withhold the payment until agreement
688.52 is reached. A noncustodial caregiver may request notice in writing of review, modification,
688.53 or termination of the adoption assistance or guardianship assistance agreement. In the
688.54 event of the death of a payee, a change of payee consistent with sections 256N.22 and
688.55 256N.23 may be made in writing according to policies outlined by the commissioner.
688.56 Subd. 20. Notification of change. (a) A caregiver who has an adoption assistance
688.57 agreement or guardianship assistance agreement in place shall keep the agency
688.58 administering the program informed of changes in status or circumstances which would
688.59 make the child ineligible for the payments or eligible for payments in a different amount.
688.60 (b) For the duration of the agreement, the caregiver agrees to notify the agency
688.61 administering the program in writing within 30 days of any of the following:
688.62 (1) a change in the child's or caregiver's legal name;
688.63 (2) a change in the family's address;
688.64 (3) a change in the child's legal custody status;
688.65 (4) the child's completion of high school, if this occurs after the child attains age 18;
688.66 (5) the end of the caregiver's legal responsibility to support the child based on
688.67 termination of parental rights of the caregiver, transfer of guardianship to another person,
688.68 or transfer of permanent legal and physical custody to another person,
688.69 (6) the end of the caregiver's financial support of the child;
(7) the death of the child;
(8) the death of the caregiver;
(9) the child enlists in the military;
(10) the child gets married;
(11) the child becomes an emancipated minor through legal action;
(12) the caregiver separates or divorces; and
(13) the child is residing outside the caregiver's home for a period of more than 
30 consecutive days.

Subd. 21. Correct and true information. The caregiver must be investigated for 
 fraud if the caregiver reports information the caregiver knows is untrue, the caregiver 
 fails to notify the commissioner of changes that may affect eligibility, or the agency 
 administering the program receives relevant information that the caregiver did not report.

Subd. 22. Termination notice for caregiver. The agency that issues the 
maintenance payment shall provide the child's caregiver with written notice of termination 
of payment. Termination notices must be sent at least 15 days before the final payment or, 
in the case of an unplanned termination, the notice is sent within three days of the end of 
the payment. The written notice must minimally include the following:

(1) the date payment will end;
(2) the reason payments will end and the event that is the basis to terminate payment;
(3) a statement that the provider has a right to a fair hearing review by the department 
consistent with section 256.045, subdivision 3;
(4) the procedure to request a fair hearing; and 
(5) the name, telephone number, and e-mail address of a contact person at the agency.

Sec. 14. [256N.27] FEDERAL, STATE, AND LOCAL SHARES.

Subdivision 1. Federal share. For the purposes of determining a child's eligibility 
under title IV-E of the Social Security Act for a child in foster care, the financially 
responsible agency shall use the eligibility requirements outlined in section 472 of the 
Social Security Act. For a child who qualifies for guardianship assistance or adoption 
assistance, the financially responsible agency and the commissioner shall use the 
eligibility requirements outlined in section 473 of the Social Security Act. In each case, 
the agency paying the maintenance payments must be reimbursed for the costs from the 
federal money available for this purpose.

Subd. 2. State share. The commissioner shall pay the state share of the maintenance 
payments as determined under subdivision 4, and an identical share of the pre-Northstar 
Care foster care program under section 260C.4411, subdivision 1, the relative custody
assistance program under section 257.85, and the pre-Northstar Care for Children adoption
program under chapter 259A. The commissioner may transfer funds into the
account if a deficit occurs.

Subd. 3. **Local share.** (a) The financially responsible agency at the time of
placement for foster care or finalization of the agreement for guardianship assistance or
adoption assistance shall pay the local share of the maintenance payments as determined
under subdivision 4, and an identical share of the pre-Northstar Care for Children foster
care program under section 260C.4411, subdivision 1, the relative custody assistance
program under section 257.85, and the pre-Northstar Care for Children adoption assistance
program under chapter 259A.

(b) The financially responsible agency shall pay the entire cost of any initial clothing
allowance, administrative payments to child caring agencies specified in section 317A.907,
or other support services it authorizes, except as provided under other provisions of law.

(c) In cases of federally required adoption assistance where there is no financially
responsible agency as provided in section 256N.24, subdivision 5, the commissioner
shall pay the local share.

(d) When an Indian child being placed in Minnesota meets title IV-E eligibility
defined in section 473(d) of the Social Security Act and is receiving guardianship
assistance or adoption assistance, the agency or entity assuming responsibility for the
child is responsible for the nonfederal share of the payment.

Subd. 4. **Nonfederal share.** (a) The commissioner shall establish a percentage share
of the maintenance payments, reduced by federal reimbursements under title IV-E of the
Social Security Act, to be paid by the state and to be paid by the financially responsible
agency.

(b) These state and local shares must initially be calculated based on the ratio of the
average appropriate expenditures made by the state and all financially responsible agencies
during calendar years 2011, 2012, 2013, and 2014. For purposes of this calculation,
appropriate expenditures for the financially responsible agencies must include basic and
difficulty of care payments for foster care reduced by federal reimbursements, but not
including any initial clothing allowance, administrative payments to child care agencies
specified in section 317A.907, child care, or other support or ancillary expenditures. For
purposes of this calculation, appropriate expenditures for the state shall include adoption
assistance and relative custody assistance, reduced by federal reimbursements.

(c) For each of the periods January 1, 2015, to June 30, 2016, and fiscal years 2017,
2018, and 2019, the commissioner shall adjust this initial percentage of state and local
shares to reflect the relative expenditure trends during calendar years 2011, 2012, 2013, and
2014, taking into account appropriations for Northstar Care for Children and the turnover
rates of the components. In making these adjustments, the commissioner's goal shall be to
make these state and local expenditures other than the appropriations for Northstar Care for
Children to be the same as they would have been had Northstar Care for Children not been
implemented, or if that is not possible, proportionally higher or lower, as appropriate. The
state and local share percentages for fiscal year 2019 must be used for all subsequent years.

Subd. 5. Adjustments for proportionate shares among financially responsible
agencies. (a) The commissioner shall adjust the expenditures under subdivision 4 by each
financially responsible agency so that its relative share is proportional to its foster care
expenditures, with the goal of making the local share similar to what the county or tribe
would have spent had Northstar Care for Children not been enacted.

(b) For the period January 1, 2015, to June 30, 2016, the relative shares must be as
determined under subdivision 4 for calendar years 2011, 2012, 2013, and 2014 compared
with similar costs of all financially responsible agencies.

(c) For subsequent fiscal years, the commissioner shall update the relative shares
based on actual utilization of Northstar Care for Children by the financially responsible
agencies during the previous period, so that those using relatively more than they did
historically are adjusted upward and those using less are adjusted downward.

(d) The commissioner must ensure that the adjustments are not unduly influenced by
onetime events, anomalies, small changes that appear large compared to a narrow historic
base, or fluctuations that are the results of the transfer of responsibilities to tribal social
service agencies authorized in section 256.01, subdivision 14b, as part of the American
Indian Child Welfare Initiative.

Sec. 15. [256N.28] ADMINISTRATION AND APPEALS.

Subdivision 1. Responsibilities. (a) The financially responsible agency shall
determine the eligibility for Northstar Care for Children for children in foster care under
section 256N.21, and for those children determined eligible, shall further determine each
child's eligibility for title IV-E of the Social Security Act, provided the agency has such
authority under the state title IV-E plan.

(b) Subject to commissioner review and approval, the financially responsible agency
shall prepare the eligibility determination for Northstar Care for Children for children in
guardianship assistance under section 256N.22 and children in adoption assistance under
section 256N.23. The AFDC relatedness determination, when necessary to determine a
child's eligibility for title IV-E funding, shall be made only by an authorized agency
according to policies and procedures prescribed by the commissioner.
(c) The financially responsible agency is responsible for the administration of
Northstar Care for Children for children in foster care. The agency designated by the
commissioner is responsible for assisting the commissioner with the administration of
Northstar Care for Children for children in guardianship assistance and adoption assistance
by conducting assessments, reassessments, negotiations, and other activities as specified
by the commissioner under subdivision 2.

Subd. 2. Procedures, requirements, and deadlines. The commissioner shall
specify procedures, requirements, and deadlines for the administration of Northstar Care
for Children in accordance with sections 256N.001 to 256N.28, including for children
transferring into Northstar Care for Children under subdivision 7. The commissioner
shall periodically review all procedures, requirements, and deadlines, including the
assessment tool and process under section 256N.24, in consultation with counties, tribes,
and representatives of caregivers, and may alter them as needed.

Subd. 3. Administration of title IV-E programs. The title IV-E foster care,
guardianship assistance, and adoption assistance programs must operate within the
statutes, rules, and policies set forth by the federal government in the Social Security Act.

Subd. 4. Reporting. The commissioner shall specify required fiscal and statistical
reports under section 256.01, subdivision 2, paragraph (q), and other reports as necessary.

Subd. 5. Promotion of programs. Families who adopt a child under the
commissioner's guardianship must be informed as to the adoption tax credit. The
commissioner shall actively seek ways to promote the guardianship assistance and
adoption assistance programs, including informing prospective caregivers of eligible
children of the availability of guardianship assistance and adoption assistance.

Subd. 6. Appeals and fair hearings. (a) A caregiver has the right to appeal to the
commissioner under section 256.045 when eligibility for Northstar Care for Children is
denied, and when payment or the agreement for an eligible child is modified or terminated.

(b) A relative custodian or adoptive parent has additional rights to appeal to the
commissioner pursuant to section 256.045. These rights include when the commissioner
terminates or modifies the guardianship assistance or adoption assistance agreement or
when the commissioner denies an application for guardianship assistance or adoption
assistance. A prospective relative custodian or adoptive parent who disagrees with a
decision by the commissioner before transfer of permanent legal and physical custody or
finalization of the adoption may request review of the decision by the commissioner or
may appeal the decision under section 256.045. A guardianship assistance or adoption
assistance agreement must be signed and in effect before the court order that transfers
permanent legal and physical custody or the adoption finalization; however, in some cases,
there may be extenuating circumstances as to why an agreement was not entered into
before finalization of permanency for the child. Caregivers who believe that extenuating
circumstances exist in the case of their child may request a fair hearing. Caregivers have the
responsibility of proving that extenuating circumstances exist. Caregivers must be required
to provide written documentation of each eligibility criterion at the fair hearing. Examples
of extenuating circumstances include: relevant facts regarding the child were known by
the placing agency and not presented to the caregivers before transfer of permanent legal
and physical custody or finalization of the adoption, or failure by the commissioner or a
designee to advise potential caregivers about the availability of guardianship assistance or
adoption assistance for children in the state foster care system. If an appeals judge finds
through the fair hearing process that extenuating circumstances existed and that the child
met all eligibility criteria at the time the transfer of permanent legal and physical custody
was ordered or the adoption was finalized, the effective date and any associated federal
financial participation shall be retroactive from the date of the request for a fair hearing.

Subd. 7. Transitions from pre-Northstar Care for Children programs. (a) A child
in foster care who remains with the same caregiver shall continue to receive benefits under
the pre-Northstar Care for Children foster care program under section 256.82. Transitions
to Northstar Care for Children must occur as provided in section 256N.21, subdivision 6.
(b) The commissioner may seek to transition into Northstar Care for Children a child
who is in pre-Northstar Care for Children relative custody assistance under section 257.85
or pre-Northstar Care for Children adoption assistance under chapter 259A, in accordance
with these priorities, in order of priority:

(1) financial and budgetary constraints;
(2) complying with federal regulations;
(3) converting pre-Northstar Care for Children relative custody assistance under
section 257.85 to the guardianship assistance component of Northstar Care for Children;
(4) improving permanency for a child or children;
(5) maintaining permanency for a child or children;
(6) accessing additional federal funds; and
(7) administrative simplification.
(c) Transitions shall be accomplished according to procedures, deadlines, and
requirements specified by the commissioner under subdivision 2.
(d) The commissioner may accomplish a transition of a child from pre-Northstar
Care for Children relative custody assistance under section 257.85 to the guardianship
assistance component of Northstar Care for Children by declaration and appropriate notice
to the caregiver, provided that the benefit for a child under this paragraph is not reduced.
(e) The commissioner may offer a transition of a child from pre-Northstar Care for
Children adoption assistance under chapter 259A to the adoption assistance component
of Northstar Care for Children by contacting the caregiver with an offer. The transition
must be accomplished only when the caregiver agrees to the offer. The caregiver shall
have a maximum of 90 days to review and accept the commissioner's offer. If the
commissioner's offer is not accepted within 90 days, the pre-Northstar Care for Children
adoption assistance agreement remains in effect until it terminates or a subsequent offer is
made by the commissioner.

(f) For a child transitioning into Northstar Care for Children, the commissioner shall
assign an equivalent assessment level based on the most recently completed supplemental
difficulty of care level assessment, unless the commissioner determines that arranging
for a new assessment under section 256N.24 would be more appropriate based on the
priorities specified in paragraph (b).

(g) For a child transitioning into Northstar Care for Children, regardless of the age
of the child, the commissioner shall use the rates under section 256N.26, subdivision 5,
unless the rates under section 256N.26, subdivisions 3 and 4, are more appropriate based
on the priorities specified in paragraph (b), as determined by the commissioner.

Subd. 8. *Purchase of child-specific adoption services.* The commissioner may
reimburse the placing agency for appropriate adoption services for children eligible
under section 259A.75.

Sec. 16. Minnesota Statutes 2012, section 257.85, subdivision 2, is amended to read:

Subd. 2. *Scope.* The provisions of this section apply to those situations in which
the legal and physical custody of a child is established with a relative or important friend
with whom the child has resided or had significant contact according to section 260C.515,
subdivision 4, by a district court order issued on or after July 1, 1997, but on or before
November 26, 2014, or a tribal court order issued on or after July 1, 2005, but on or
before November 26, 2014, when the child has been removed from the care of the parent
by previous district or tribal court order.

Sec. 17. Minnesota Statutes 2012, section 257.85, subdivision 5, is amended to read:

Subd. 5. *Relative custody assistance agreement.* (a) A relative custody assistance
agreement will not be effective, unless it is signed by the local agency and the relative
custodian no later than 30 days after the date of the order establishing permanent legal and
physical custody, and on or before November 26, 2014, except that a local agency may
enter into a relative custody assistance agreement with a relative custodian more than 30
days after the date of the order if it certifies that the delay in entering the agreement was
through no fault of the relative custodian and the agreement is signed and in effect on or
before November 26, 2014. There must be a separate agreement for each child for whom
the relative custodian is receiving relative custody assistance.

(b) Regardless of when the relative custody assistance agreement is signed by the
local agency and relative custodian, the effective date of the agreement shall be the date of
the order establishing permanent legal and physical custody.

(c) If MFIP is not the applicable program for a child at the time that a relative
custody assistance agreement is entered on behalf of the child, when MFIP becomes
the applicable program, if the relative custodian had been receiving custody assistance
payments calculated based upon a different program, the amount of relative custody
assistance payment under subdivision 7 shall be recalculated under the Minnesota family
investment program.

(d) The relative custody assistance agreement shall be in a form specified by the
commissioner and shall include provisions relating to the following:

(1) the responsibilities of all parties to the agreement;

(2) the payment terms, including the financial circumstances of the relative
custodian, the needs of the child, the amount and calculation of the relative custody
assistance payments, and that the amount of the payments shall be reevaluated annually;

(3) the effective date of the agreement, which shall also be the anniversary date for
the purpose of submitting the annual affidavit under subdivision 8;

(4) that failure to submit the affidavit as required by subdivision 8 will be grounds
for terminating the agreement;

(5) the agreement's expected duration, which shall not extend beyond the child's
eighteenth birthday;

(6) any specific known circumstances that could cause the agreement or payments
to be modified, reduced, or terminated and the relative custodian's appeal rights under
subdivision 9;

(7) that the relative custodian must notify the local agency within 30 days of any of
the following:

(i) a change in the child's status;

(ii) a change in the relationship between the relative custodian and the child;

(iii) a change in composition or level of income of the relative custodian's family;

(iv) a change in eligibility or receipt of benefits under MFIP, or other assistance
program; and
(v) any other change that could affect eligibility for or amount of relative custody assistance;

(8) that failure to provide notice of a change as required by clause (7) will be grounds for terminating the agreement;

(9) that the amount of relative custody assistance is subject to the availability of state funds to reimburse the local agency making the payments;

(10) that the relative custodian may choose to temporarily stop receiving payments under the agreement at any time by providing 30 days' notice to the local agency and may choose to begin receiving payments again by providing the same notice but any payments the relative custodian chooses not to receive are forfeit; and

(11) that the local agency will continue to be responsible for making relative custody assistance payments under the agreement regardless of the relative custodian's place of residence.

Sec. 18. Minnesota Statutes 2012, section 257.85, subdivision 6, is amended to read:

Subd. 6. Eligibility criteria. (a) A local agency shall enter into a relative custody assistance agreement under subdivision 5 if it certifies that the following criteria are met:

(1) the juvenile court has determined or is expected to determine that the child, under the former or current custody of the local agency, cannot return to the home of the child's parents;

(2) the court, upon determining that it is in the child's best interests, has issued or is expected to issue an order transferring permanent legal and physical custody of the child; and

(3) the child either:

(i) is a member of a sibling group to be placed together; or

(ii) has a physical, mental, emotional, or behavioral disability that will require financial support.

When the local agency bases its certification that the criteria in clause (1) or (2) are met upon the expectation that the juvenile court will take a certain action, the relative custody assistance agreement does not become effective until and unless the court acts as expected.

(b) After November 26, 2014, new relative custody assistance agreements must not be executed. Agreements that were signed by all parties on or before November 26, 2014, and were not in effect because the proposed transfer of permanent legal and physical custody of the child did not occur on or before November 26, 2014, must be renegotiated under the terms of Northstar Care for Children in chapter 256N.
Sec. 19. [259A.12] NO NEW EXECUTION OF ADOPTION ASSISTANCE AGREEMENTS.

After November 26, 2014, new adoption assistance agreements must not be executed under this section. Agreements that were signed on or before November 26, 2014, and were not in effect because the adoption finalization of the child did not occur on or before November 26, 2014, must be renegotiated according to the terms of Northstar Care for Children under chapter 256N. Agreements signed and in effect on or before November 26, 2014, must continue according to the terms of this section and applicable rules for the duration of the agreement, unless the commissioner and the adoptive parents choose to renegotiated the agreements under Northstar Care for Children consistent with section 256N.28, subdivision 7. After November 26, 2014, this section and associated rules must be referred to as the pre-Northstar Care for Children adoption assistance program and shall apply to children whose adoption assistance agreements were in effect on or before November 26, 2014, and whose adoptive parents have not renegotiated their agreements according to the terms of Northstar Care for Children.

Sec. 20. [260C.4411] PRE-NORTHSTAR CARE FOR CHILDREN FOSTER CARE PROGRAM.

Subdivision 1. Pre-Northstar Care for Children foster care program. (a) For a child placed in family foster care on or before December 31, 2014, the county of financial responsibility under section 256G.02 or tribal agency authorized under section 256.01, subdivision 14b, shall pay the local share under section 256N.27, subdivision 3, for foster care maintenance including any difficulty of care as defined in Minnesota Rules, part 9560.0521, subparts 7 and 10. Family foster care includes:

(1) emergency relative placement under section 245A.035;
(2) licensed foster family settings, foster residence settings, or treatment foster care settings, licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, and served by a public or private child care agency authorized by Minnesota Rules, parts 9545.0755 to 9545.0845;
(3) family foster care homes approved by a tribal agency; and
(4) unlicensed supervised settings for foster youth ages 18 to 21.
(b) The county of financial responsibility under section 256G.02 or tribal social services agency authorized in section 256.01, subdivision 14b, shall pay the entire cost of any initial clothing allowance, administrative payments to child care agencies specified in section 317A.907, or any other support services it authorizes, except as otherwise provided by law.
(c) The rates for the pre-Northstar Care for Children foster care program remain those in effect on January 1, 2013, continuing the preexisting rate structure for foster children who remain with the same caregivers and do not transition into Northstar Care for Children under section 256N.21, subdivision 6.

(d) Difficulty of care payments must be maintained consistent with Minnesota Rules, parts 9560.0652 and 9560.0653, using the established reassessment tool in Minnesota Rules, part 9560.0654. The preexisting rate structure for the pre-Northstar Care for Children foster care program must be maintained, provided that when the number of foster children in the program is less than ten percent of the population in 2012, the commissioner may apply the same assessment tool to both the pre-Northstar Care for Children foster care program and Northstar Care for Children under the authority granted in section 256N.24, subdivision 2.

(e) The county of financial responsibility under section 256G.02 or tribal agency authorized under section 256.01, subdivision 14b, shall document the determined pre-Northstar Care for Children foster care rate in the case record, including a description of each condition on which the difficulty of care assessment is based. The difficulty of care rate is reassessed:

1. every 12 months;
2. at the request of the foster parent; or
3. if the child's level of need changes in the current foster home.

(f) The pre-Northstar Care for Children foster care program must maintain the following existing program features:

1. monthly payments must be made to the family foster home provider;
2. notice and appeal procedures must be consistent with Minnesota Rules, part 9560.0665; and
3. medical assistance eligibility for foster children must continue to be determined according to section 256B.055.

(g) The county of financial responsibility under section 256G.02 or tribal agency authorized under section 256.01, subdivision 14b, may continue existing program features, including:

1. establishing a local fund of county money through which the agency may reimburse foster parents for the cost of repairing damage done to the home and contents by the foster child and the additional care insurance premium cost of a child who possesses a permit or license to drive a car; and
(2) paying a fee for specific services provided by the foster parent, based on the parent's skills, experience, or training. This fee must not be considered foster care maintenance.

(h) The following events end the child's enrollment in the pre-Northstar Care for Children foster care program:

1. reunification with parent or other relative;
2. adoption or transfer of permanent legal and physical custody;
3. removal from the current foster home to a different foster home;
4. another event that ends the current placement episode; or
5. attaining the age of 21.

Subd. 2. Consideration of other programs. (a) When a child in foster care is eligible to receive a grant of Retirement Survivors Disability Insurance (RSDI) or Supplemental Security Income for the aged, blind, and disabled, or a foster care maintenance payment under title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 676, the child's needs must be met through these programs. Every effort must be made to establish a child's eligibility for a title IV-E grant to reimburse the county or tribe from the federal funds available for this purpose.

(b) When a child in foster care qualifies for home and community-based waivered services under section 256B.49 for community alternative care (CAC), community alternatives for disabled individuals (CADI), or traumatic brain injury (TBI) waivers, this service does not substitute for the child foster care program. When a foster child is receiving waivered services benefits, the county of financial responsibility under section 256G.02 or tribal agency authorized under section 256.01, subdivision 14b, assesses and provides foster care maintenance including difficulty of care using the established tool in Minnesota Rules, part 9560.0654. If it is determined that additional services are needed to meet the child's needs in the home that are not or cannot be met by the foster care program, the needs must be referred to the waivered service program.

Sec. 21. [260C.4412] PAYMENT FOR RESIDENTIAL PLACEMENTS.

When a child is placed in a foster care group residential setting under Minnesota Rules, parts 2960.0020 to 2960.0710, foster care maintenance payments must be made on behalf of the child to cover the cost of providing food, clothing, shelter, daily supervision, school supplies, child's personal incidentals and supports, reasonable travel for visitation, or other transportation needs associated with the items listed. Daily supervision in the group residential setting includes routine day-to-day direction and arrangements to
ensure the well-being and safety of the child. It may also include reasonable costs of
administration and operation of the facility.

**EFFECTIVE DATE.** This section is effective January 1, 2015.

Sec. 22. [260C.4413] INITIAL CLOTHING ALLOWANCE.

(a) An initial clothing allowance must be available to a child eligible for:
(1) the pre-Northstar Care for Children foster care program under section 260C.4411,
subdivision 1; and
(2) the Northstar Care for Children benefits under section 256N.21.

(b) An initial clothing allowance must also be available for a foster child in a group
residential setting based on the child's individual needs during the first 60 days of the
child's initial placement. The agency must consider the parent's ability to provide for a
child's clothing needs and the residential facility contracts.

(c) The county of financial responsibility under section 256G.02 or tribal agency
authorized under section 256.01, subdivision 14b, shall approve an initial clothing
allowance consistent with the child's needs. The amount of the initial clothing allowance
must not exceed the monthly basic rate for the child's age group under section 256N.26,
subdivision 3.

**EFFECTIVE DATE.** This section is effective January 1, 2015.

Sec. 23. Minnesota Statutes 2012, section 260C.446, is amended to read:

**260C.446 DISTRIBUTION OF FUNDS RECOVERED FOR ASSISTANCE FURNISHED.**

When any amount shall be recovered from any source for assistance furnished
under the provisions of sections 260C.001 to 260C.421 and 260C.441, there shall be paid
into the treasury of the state or county in the proportion in which they have respectively
contributed toward the total assistance paid.

**EFFECTIVE DATE.** This section is effective January 1, 2015.

Sec. 24. REPEALER.

(a) Minnesota Statutes 2012, sections 256.82, subdivision 4; and 260C.441, are
repealed effective January 1, 2015.

(b) Minnesota Rules, parts 9560.0650, subparts 1, 3, and 6; 9560.0651; and
9560.0655, are repealed effective January 1, 2015.
62J.693 MEDICAL RESEARCH.
Subdivision 1. Definitions. For purposes of this section, health care research means approved clinical, outcomes, and health services investigations.
Subd. 2. Grant application process. (a) The commissioner of health shall make recommendations for a process for the submission, review, and approval of research grant applications. The process shall give priority for grants to applications that are intended to gather preliminary data for submission for a subsequent proposal for funding from a federal agency or foundation, which awards research money on a competitive, peer-reviewed basis. Grant recipients must be able to demonstrate the ability to comply with federal regulations on human subjects research in accordance with Code of Federal Regulations, title 45, section 46, and shall conduct the proposed research. Grants may be awarded to the University of Minnesota, the Mayo Clinic, or any other public or private organization in the state involved in medical research. The commissioner shall report to the legislature by January 15, 2000, with recommendations.
(b) The commissioner may appoint a research advisory committee to provide advice and oversight on the grant application process. If the commissioner appoints a research advisory committee, the committee shall be governed by section 15.059 for membership terms and removal of members.

1031.005 DEFINITIONS.
Subd. 20. Vertical heat exchanger. "Vertical heat exchanger" means an earth-coupled heating or cooling device consisting of a sealed closed-loop piping system installed vertically in the ground to transfer heat to or from the surrounding earth with no discharge.

144.123 FEES FOR DIAGNOSTIC LABORATORY SERVICES; EXCEPTIONS.
Subd. 2. Fee amounts. The commissioner of health shall charge a handling fee prescribed in subdivision 1. The fee shall approximate the costs to the department of handling specimens including reporting, postage, specimen kit preparation, and overhead costs. The fee prescribed in subdivision 1 shall be $25 per specimen.

144A.46 LICENSURE.
Subdivision 1. License required. (a) A home care provider may not operate in the state without a current license issued by the commissioner of health. A home care provider may hold a separate license for each class of home care licensure.
(b) Within ten days after receiving an application for a license, the commissioner shall acknowledge receipt of the application in writing. The acknowledgment must indicate whether the application appears to be complete or whether additional information is required before the application will be considered complete. Within 90 days after receiving a complete application, the commissioner shall either grant or deny the license. If an applicant is not granted or denied a license within 90 days after submitting a complete application, the license must be deemed granted. An applicant whose license has been deemed granted must provide written notice to the commissioner before providing a home care service.
(c) Each application for a home care provider license, or for a renewal of a license, shall be accompanied by a fee to be set by the commissioner under section 144.122 and information sufficient to show that the applicant meets the requirements of licensure.
Subd. 2. Exemptions. The following individuals or organizations are exempt from the requirement to obtain a home care provider license:
(1) a person who is licensed as a registered nurse under sections 148.171 to 148.285 and who independently provides nursing services in the home without any contractual or employment relationship to a home care provider or other organization;
(2) a personal care assistant who provides services to only one individual under the medical assistance program as authorized under sections 256B.0625, subdivision 19a, and 256B.04, subdivision 16;
(3) a person or organization that offers, provides, or arranges for personal care assistance services under the medical assistance program as authorized under sections 256B.0625, subdivision 19a, 256B.04, subdivision 16, and 256B.0659;
(4) a person who is licensed under sections 148.65 to 148.78 and who independently provides physical therapy services in the home without any contractual or employment relationship to a home care provider or other organization;
APPENDIX
Repealed Minnesota Statutes: H1233-4

(5) a provider that is licensed by the commissioner of human services to provide semi-independent living services under Minnesota Rules, parts 9525.0500 to 9525.0660 when providing home care services to a person with a developmental disability;

(6) a provider that is licensed by the commissioner of human services to provide home and community-based services under Minnesota Rules, parts 9525.2000 to 9525.2140 when providing home care services to a person with a developmental disability;

(7) a person or organization that provides only home management services, if the person or organization is registered under section 144A.461; or

(8) a person who is licensed as a social worker under chapter 148D and who provides social work services in the home independently and not through any contractual or employment relationship with a home care provider or other organization.

An exemption under this subdivision does not excuse the individual from complying with applicable provisions of the home care bill of rights.

Subd. 3. Enforcement. (a) The commissioner may refuse to grant or renew a license, may suspend or revoke a license, or may impose a conditional license for violation of statutes or rules relating to home care services or for conduct detrimental to the welfare of the consumer. A suspension may include terms that must be completed before a suspension is lifted. Terms for a suspension or conditional license may include one or more of the following and the scope of each will be determined by the commissioner:

(1) requiring a consultant to review, evaluate, and make recommended changes to the provider's practices and submit reports to the commissioner at the cost of the provider;

(2) requiring supervision of the provider's practices at the cost of the provider by an unrelated person who has sufficient knowledge and qualifications to oversee the practices and who will submit reports to the commissioner;

(3) requiring the provider or the provider's employees to obtain training at the cost of the provider;

(4) requiring the provider to submit reports to the commissioner;

(5) prohibiting the provider from taking any new clients for a period of time; or

(6) any other action reasonably required to accomplish the purpose of section 144A.45, subdivision 2, and this subdivision.

(b) Prior to any suspension, revocation, or refusal to renew a license, the home care provider shall be entitled to notice and a hearing as provided by sections 14.57 to 14.69. In addition to any other remedy provided by law, the commissioner may, without a prior contested case hearing, temporarily suspend a license or prohibit delivery of services by a provider for not more than 60 days if the commissioner determines that the health or safety of a consumer is in imminent danger, provided: (1) advance notice is given to the provider; (2) after notice, the provider fails to correct the problem; (3) the commissioner has reason to believe that other administrative remedies are not likely to be effective; and (4) there is an opportunity for a contested case hearing within the 60 days.

(c) The process of suspending or revoking a license must include a plan for transferring affected clients to other providers by the provider, which will be monitored by the commissioner. Within three business days of being notified of the final revocation or suspension action, the provider shall provide the commissioner, the lead agencies as defined in section 256B.0911, and the ombudsman for long-term care with the following information: (1) a list of all clients, including full names and all contact information on file; (2) a list of each client's contact person, including full names and all contact information on file; (3) the location of each client; (4) the payor sources for each client, including payor source identification numbers; and (5) for each client, a copy of the client's service agreement, and a list of the types of services being provided. The revocation or suspension notification requirement is satisfied by mailing the notice to the address in the license record. The provider shall cooperate with the commissioner and the lead agencies during the process of transferring care of clients to qualified providers. Within three business days of being notified of the final revocation or suspension action, the provider must notify and disclose to each of the provider's clients, or the client's contact persons, that the commissioner is taking action against the provider's license by providing a copy of the revocation or suspension notice issued by the commissioner. When the home care provider voluntarily discontinues services, the provider will notify the commissioner, lead agencies, and the ombudsman for long-term care about its clients as required in this section.

(d) The owner and managerial officials, as defined in the home care licensure rules, Minnesota Rules, chapter 4668, of a home care provider whose Minnesota license has not been renewed or has been revoked because of noncompliance with applicable law or rule shall not be eligible to apply for nor will be granted a home care license, including other licenses in this chapter, or be given status as an enrolled personal care assistance provider agency or personal

care assistant by the Department of Human Services pursuant to section 256B.0659 for five years following the effective date of the nonrenewal or revocation. If the owner and managerial officials already have enrollment status, their enrollment will be terminated by the Department of Human Services.

(e) The commissioner shall not issue a license to a home care provider if an owner or managerial official includes any individual who was an owner or managerial official of a home care provider whose Minnesota license was not renewed or was revoked as described in paragraph (d) for five years following the effective date of nonrenewal or revocation.

(f) Notwithstanding the provisions of paragraph (a), the commissioner shall not renew, or shall suspend or revoke the license of any home care provider which includes any individual as an owner or managerial official who was an owner or managerial official of a home care provider whose Minnesota license was not renewed or was revoked as described in paragraph (d) for five years following the effective date of nonrenewal or revocation. The commissioner shall notify the home care provider 30 days in advance of the date of nonrenewal, suspension, or revocation of the license. Within ten days after the receipt of this notification, the home care provider may request, in writing, that the commissioner stay the nonrenewal, revocation, or suspension of the license. The home care provider shall specify the reasons for requesting the stay; the steps that will be taken to attain or maintain compliance with the licensure laws and regulations; any limits on the authority or responsibility of the owners or managerial officials whose actions resulted in the notice of nonrenewal, revocation, or suspension; and any other information to establish that the continuing affiliation with these individuals will not jeopardize client health, safety, or well being. The commissioner shall determine whether the stay will be granted within 30 days of receiving the provider's request. The commissioner may propose additional restrictions or limitations on the provider's license and require that the granting of the stay be contingent upon compliance with those provisions. The commissioner shall take into consideration the following factors when determining whether the stay should be granted:

(1) the threat that continued involvement of the owners and managerial officials in the home care provider poses to client health, safety, and well being;
(2) the compliance history of the home care provider;
(3) the appropriateness of any limits suggested by the home care provider.

If the commissioner grants the stay, the order shall include any restrictions or limitation on the provider's license. The failure of the provider to comply with any restrictions or limitations shall result in the immediate removal of the stay and the commissioner shall take immediate action to suspend, revoke, or not renew the license.

(g) The provisions contained in paragraphs (d) and (e) shall apply to any nonrenewal or revocation of a home care license occurring after June 1, 1993, the effective date of the home care licensure rules.

(h) For the purposes of this subdivision, owners of a home care provider are those individuals whose ownership interest provides sufficient authority or control to affect or change decisions related to the operation of the home care provider. An owner includes a sole proprietor, a general partner, or any other individual whose ownership interest can affect the management and direction of the policies of the home care provider. For the purposes of this subdivision, managerial officials are those individuals who had the responsibility for the ongoing management or direction of the policies, services, or employees of the home care provider relating to the areas of noncompliance which led to the license revocation or nonrenewal.

Subd. 3a. Injunctive relief. In addition to any other remedy provided by law, the commissioner may bring an action in district court to enjoin a person who is involved in the management, operation, or control of a home care provider, or an employee of the home care provider from illegally engaging in activities regulated by sections 144A.43 to 144A.47. The commissioner may bring an action under this subdivision in the district court in Ramsey County or in the district in which a home care provider is providing services. The court may grant a temporary restraining order in the proceeding if continued activity by the person who is involved in the management, operation, or control of a home care provider, or by an employee of the home care provider, would create an imminent risk of harm to a recipient of home care services.

Subd. 3b. Subpoena. In matters pending before the commissioner under sections 144A.43 to 144A.47, the commissioner may issue subpoenas and compel the attendance of witnesses and the production of all necessary papers, books, records, documents, and other evidentiary material. If a person fails or refuses to comply with a subpoena or order of the commissioner to appear or testify regarding any matter about which the person may be lawfully questioned or to produce any papers, books, records, documents, or evidentiary materials in the matter to be heard, the commissioner may apply to the district court in any district, and the court shall order the person to comply with the commissioner's order or subpoena. The commissioner of health may administer oaths to
witnesses, or take their affirmation. Depositions may be taken in or outside the state in the manner provided by law for the taking of depositions in civil actions. A subpoena or other process or paper may be served upon a named person anywhere within the state by an officer authorized to serve subpoenas in civil actions, with the same fees and mileage and in the same manner as prescribed by law for process issued out of a district court. A person subpoenaed under this subdivision shall receive the same fees, mileage, and other costs that are paid in proceedings in district court.

Subd. 3c. **Time limits for appeals.** To appeal the assessment of civil penalties under section 144A.45, subdivision 2, clause (4), a denial of a waiver or variance, and an action against a license under subdivision 3, a provider must request a hearing no later than 15 days after the provider receives notice of the action.

Subd. 4. **Relation to other regulatory programs.** In the exercise of the authority granted under sections 144A.43 to 144A.47, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 144A.44. The commissioner of health shall not require a home care provider certified under the Medicare program to comply with a rule adopted under section 144A.45 if the home care provider is required to comply with any equivalent federal law or regulation relating to the same subject matter. The commissioner of health shall specify in the rules those provisions that are not applicable to certified home care providers. To the extent possible, the commissioner shall coordinate the inspections required under sections 144A.45 to 144A.47 with the health facility licensure inspections required under sections 144.50 to 144.58 or 144A.10 when the health care facility is also licensed under the provisions of Laws 1987, chapter 378.

Subd. 5. **Prior criminal convictions.** (a) Before the commissioner issues an initial or renewal license, an owner or managerial official shall be required to complete a background study under section 144.057. No person may be involved in the management, operation, or control of a provider, if the person has been disqualified under the provisions of chapter 245C. Individuals disqualified under these provisions can request a reconsideration, and if the disqualification is set aside are then eligible to be involved in the management, operation or control of the provider. For purposes of this section, owners of a home care provider subject to the background check requirement are those individuals whose ownership interest provides sufficient authority or control to affect or change decisions related to the operation of the home care provider. An owner includes a sole proprietor, a general partner, or any other individual whose individual ownership interest can affect the management and direction of the policies of the home care provider. For the purposes of this section, managerial officials subject to the background check requirement are those individuals who provide “direct contact” as defined in section 245C.02, subdivision 11, or those individuals who have the responsibility for the ongoing management or direction of the policies, services, or employees of the home care provider. Data collected under this subdivision shall be classified as private data under section 13.02, subdivision 12.

(b) Employees, contractors, and volunteers of a home care provider or hospice are subject to the background study required by section 144.057. These individuals shall be disqualified under the provisions of chapter 245C. Nothing in this section shall be construed to prohibit a home care provider from requiring self-disclosure of criminal conviction information.

(c) Termination of an employee in good faith reliance on information or records obtained under paragraph (a) or (b) regarding a confirmed conviction does not subject the home care provider to civil liability or liability for unemployment benefits.

144A.461 **REGISTRATION.**

A person or organization that provides only home management services defined as home care services under section 144A.43, subdivision 3, clause (8), may not operate in the state without a current certificate of registration issued by the commissioner of health. To obtain a certificate of registration, the person or organization must annually submit to the commissioner the name, address, and telephone number of the person or organization and a signed statement declaring that the person or organization is aware that the home care bill of rights applies to their clients and that the person or organization will comply with the bill of rights provisions contained in section 144A.44. A person who provides home management services under this section must, within 120 days after beginning to provide services, attend an orientation session approved by the commissioner that provides training on the bill of rights and an orientation on the aging process and the needs and concerns of elderly and disabled persons. An organization applying for a certificate must also provide the name, business address, and telephone number of each of the
individuals responsible for the management or direction of the organization. The commissioner shall charge an annual registration fee of $20 for individuals and $50 for organizations. A home care provider that provides home management services and other home care services must be licensed, but licensure requirements other than the home care bill of rights do not apply to those employees or volunteers who provide only home management services to clients who do not receive any other home care services from the provider. A licensed home care provider need not be registered as a home management service provider, but must provide an orientation on the home care bill of rights to its employees or volunteers who provide home management services. The commissioner may suspend or revoke a provider's certificate of registration or assess fines for violation of the home care bill of rights. Any fine assessed for a violation of the bill of rights by a provider registered under this section shall be in the amount established in the licensure rules for home care providers. As a condition of registration, a provider must cooperate fully with any investigation conducted by the commissioner, including providing specific information requested by the commissioner on clients served and the employees and volunteers who provide services. The commissioner may use any of the powers granted in sections 144A.43 to 144A.47 to administer the registration system and enforce the home care bill of rights under this section.

149A.025 ALKALINE HYDROLYSIS.

The licensing requirements and regulations of this chapter shall also apply to the entities where the process of alkaline hydrolysis occurs and to the remains that result from the alkaline hydrolysis process.

Upon a payment of any applicable fee specified in section 151.065, the board shall issue a registration certificate in such form as it may prescribe to such manufacturer. Such registration certificate shall be displayed in a conspicuous place in such manufacturer's or wholesaler's place of business for which it is issued and expire on the date set by the board. It shall be unlawful for any person to manufacture drugs, medicines, chemicals, or poisons for medicinal purposes unless such a certificate has been issued to the person by the board. (c) No person acting as principal or agent for any out-of-state wholesale drug distributor may sell or distribute drugs in the state unless the distributor has obtained a license.
(d) The board may adopt regulations that permit out-of-state wholesale drug distributors to obtain a license on the basis of reciprocity to the extent that an out-of-state wholesale drug distributor:
   (1) possesses a valid license granted by another state under legal standards comparable to those that must be met by a wholesale drug distributor of this state as prerequisites for obtaining a license under the laws of this state; and

All other license holders shall inform the consumer or the consumer's legal representative and case manager about any environmental safety concerns in writing;
(2) ensure that doors are locked or toxic substances or dangerous items normally accessible to persons served by the program are stored in locked cabinets, drawers, or containers only to protect the safety of consumers and not as a substitute for staff supervision or interactions with consumers. If doors are locked or toxic substances or dangerous items normally accessible to persons served by the program are stored in locked cabinets, drawers, or containers, the license holder must justify and document how this determination was made in consultation with the person or the person's legal representative and how access will otherwise be provided to the person and all other affected persons receiving services;
(3) follow procedures that minimize the consumer's health risk from communicable diseases; and
(4) maintain equipment, vehicles, supplies, and materials owned or leased by the license holder in good condition.

Subd. 2. Licensed capacity for facility-based day training and habilitation services. The licensed capacity of each day training and habilitation service site must be determined by the amount of primary space available, the scheduling of activities at other service sites, and the space requirements of consumers receiving services at the site. Primary space does not include hallways, stairways, closets, utility areas, bathrooms, kitchens, and floor areas beneath stationary equipment. A facility-based day training and habilitation site must have a minimum of 40 square feet of primary space available for each consumer who is present at the site at any one time. Licensed capacity under this subdivision does not apply to: (1) consumers receiving community-based day training and habilitation services; and (2) the temporary use of a facility-based training and habilitation service site for the limited purpose of providing transportation to consumers receiving...
community-based day training and habilitation services from the license holder. Subd. 3. Residential service sites for more than four consumers; four-bed ICF's/MR. Residential service sites licensed to serve more than four consumers and four-bed ICF's/MR must meet the fire protection provisions of either the Residential Board and Care Occupancies Chapter or the Health Care Occupancies Chapter of the Life Safety Code (LSC), National Fire Protection Association, 1985 edition, or its successors. Sites meeting the definition of a residential board and care occupancy for 16 or less beds must have the emergency evacuation capability of residents evaluated in accordance with Appendix F of the LSC or its successors, except for those sites that meet the LSC Health Care Occupancies Chapter or its successors.

Subd. 5. Consumer health. The license holder is responsible for meeting the health service needs assigned to the license holder in the individual service plan and for bringing health needs as discovered by the license holder promptly to the attention of the consumer, the consumer's legal representative, and the case manager. The license holder is required to maintain documentation on how the consumer's health needs will be met, including a description of procedures the license holder will follow for the consumer regarding medication monitoring and administration and seizure monitoring, if needed. The medication administration procedures are those procedures necessary to implement medication and treatment orders issued by appropriately licensed professionals, and must be established in consultation with a registered nurse, nurse practitioner, physician's assistant, or medical doctor.

Subd. 6. First aid. When the license holder is providing direct service and supervision to a consumer who requires a 24-hour plan of care and receives services at a site licensed under this chapter, the license holder must have available a staff person trained in first aid, and, if needed under section 245B.07, subdivision 6, paragraph (d), cardiopulmonary resuscitation from a qualified source, as determined by the commissioner.

An incident under section 245B.02, subdivision 10, clause (8), must be reported as required under paragraph (c) unless the incident has been reported by another license holder.

(b) When the incident involves more than one consumer, the license holder must not disclose personally identifiable information about any other consumer when making the report to each consumer's legal representative, other licensed caregiver, if any, and case manager unless the license holder has the consent of a consumer or a consumer's legal representative.

(c) Within 24 hours of reporting maltreatment as required under section 626.556 or 626.557, the license holder must inform the consumer's legal representative and case manager of the report unless there is reason to believe that the legal representative or case manager is involved in the suspected maltreatment. The information the license holder must disclose is the nature of the activity or occurrence reported, the agency that receives the report, and the telephone number of the Department of Human Services Licensing Division.

(d) Except as provided in paragraph (e), death or serious injury of the consumer must also be reported to the Department of Human Services Licensing Division and the ombudsman, as required under sections 245.91 and 245.94, subdivision 2a.

(e) When a death or serious injury occurs in a facility certified as an intermediate care facility for persons with developmental disabilities, the death or serious injury must be reported to the Department of Health, Office of Health Facility Complaints, and the ombudsman, as required under sections 245.91 and 245.94, subdivision 2a.

245B.055 STAFFING FOR DAY TRAINING AND HABILITATION SERVICES.

Subd. 2. Factors. (a) The number of direct service staff members that a license holder must have on duty at a given time to meet the minimum staffing requirements established in this section varies according to:

1. the number of persons who are enrolled and receiving direct services at that given time;
2. the staff ratio requirement established under subdivision 3 for each of the persons who is present; and

APPENDIX
Repealed Minnesota Statutes: H1233-4
(3) whether the conditions described in subdivision 8 exist and warrant additional staffing beyond the number determined to be needed under subdivision 7.

(b) The commissioner shall consider the factors in paragraph (a) in determining a license holder's compliance with the staffing requirements and shall further consider whether the staffing ratio requirement established under subdivision 3 for each person receiving services accurately reflects the person's need for staff time.

Subd. 3. Staff ratio requirement for each person receiving services. The case manager, in consultation with the interdisciplinary team shall determine at least once each year which of the ratios in subdivisions 4, 5, and 6 is appropriate for each person receiving services on the basis of the characteristics described in subdivisions 4, 5, and 6. The ratio assigned each person and the documentation of how the ratio was arrived at must be kept in each person's individual service plan. Documentation must include an assessment of the person with respect to the characteristics in subdivisions 4, 5, and 6 recorded on a standard assessment form required by the commissioner.

Subd. 4. Person requiring staff ratio of one to four. A person who has one or more of the following characteristics must be assigned a staff ratio requirement of one to four:

1. on a daily basis the person requires total care and monitoring or constant hand-over-hand physical guidance to successfully complete at least three of the following activities: toileting, communicating basic needs, eating, or ambulating; or

2. the person assaults others, is self-injurious, or manifests severe dysfunctional behaviors at a documented level of frequency, intensity, or duration requiring frequent daily ongoing intervention and monitoring as established in an approved behavior management program.

Subd. 5. Person requiring staff ratio of one to eight. A person who has all of the following characteristics must be assigned a staff ratio requirement of one to eight:

1. the person does not meet the requirements in subdivision 4;

2. on a daily basis the person requires verbal prompts or spot checks and minimal or no physical assistance to successfully complete at least three of the following activities: toileting, communicating basic needs, eating, or ambulating.

Subd. 6. Person requiring staff ratio of one to six. A person who does not have any of the characteristics described in subdivision 4 or 5 must be assigned a staff ratio requirement of one to six.

Subd. 7. Determining number of direct service staff required. The minimum number of direct service staff members required at any one time to meet the combined staff ratio requirements of the persons present at that time can be determined by following the steps in clauses (1) through (4):

1. assign each person in attendance the three-digit decimal below that corresponds to the staff ratio requirement assigned to that person. A staff ratio requirement of one to four equals 0.250. A staff ratio requirement of one to eight equals 0.125. A staff ratio requirement of one to six equals 0.166. A staff ratio requirement of one to ten equals 0.100;

2. add all of the three-digit decimals (one three-digit decimal for every person in attendance) assigned in clause (1);

3. when the sum in clause (2) falls between two whole numbers, round off the sum to the larger of the two whole numbers; and

4. the larger of the two whole numbers in clause (3) equals the number of direct service staff members needed to meet the staff ratio requirements of the persons in attendance.

Subd. 8. Conditions requiring additional direct service staff. The license holder shall increase the number of direct service staff members present at any one time beyond the number arrived at in subdivision 4 if necessary when any one or combination of the following circumstances can be documented by the commissioner as existing:

1. the health and safety needs of the persons receiving services cannot be met by the number of staff members available under the staffing pattern in effect even though the number has been accurately calculated under subdivision 7; or

2. the behavior of a person presents an immediate danger and the person is not eligible for a special needs rate exception under Minnesota Rules, parts 9510.1020 to 9510.1140.

Subd. 9. Supervision requirements. At no time shall one direct service staff member be assigned responsibility for supervision and training of more than ten persons receiving supervision and training, except as otherwise stated in each person's risk management plan.

(c) The license holder must make available to the consumer opportunities to participate in the community, functional skill development, reduced dependency on care providers, and opportunities for development of decision-making skills. "Outcome" means the behavior, action, or status attained by the consumer that can be observed, measured, and can be determined reliable and valid. Outcomes are the equivalent of the long-range goals and short-term goals referenced in section 256B.092, and any rules promulgated under that section.

Subd. 2. Risk management plan. (a) The license holder must develop, document in writing, and implement a risk management plan that meets the requirements of this subdivision. License holders licensed under this chapter are exempt from sections 245A.65, subdivision 2, and 626.557, subdivision 14, if the requirements of this subdivision are met.

(b) The risk management plan must identify areas in which the consumer is vulnerable, based on an assessment, at a minimum, of the following areas:

   (1) an adult consumer's susceptibility to physical, emotional, and sexual abuse as defined in section 626.5572, subdivision 2, and financial exploitation as defined in section 626.5572, subdivision 9; a minor consumer's susceptibility to sexual and physical abuse as defined in section 626.556, subdivision 2, and a consumer's susceptibility to self-abuse, regardless of age;
   (2) the consumer's health needs, considering the consumer's physical disabilities; allergies; sensory impairments; seizures; diet; need for medications; and ability to obtain medical treatment;

   (5) the consumer's behavior, including behaviors that may increase the likelihood of physical aggression between consumers or sexual activity between consumers involving force or coercion, as defined under section 245B.02, subdivision 10, clauses (6) and (7).

(c) When assessing a consumer's vulnerability, the license holder must consider only the consumer's skills and abilities, independent of staffing patterns, supervision plans, the environment, or other situational elements.

(d) License holders jointly providing services to a consumer shall coordinate and use the resulting assessment of risk areas for the development of each license holder's risk management or the shared risk management plan. The license holder's plan must include the specific actions a staff person will take to protect the consumer and minimize risks for the identified vulnerability areas. The specific actions must include the proactive measures being taken, training being provided, or a detailed description of actions a staff person will take when intervention is needed.

(e) Prior to or upon initiating services, a license holder must develop an initial risk management plan that is, at a minimum, verbally approved by the consumer or consumer's legal representative and case manager. The license holder must document the date the license holder receives the consumer's or consumer's legal representative's and case manager's verbal approval of the initial plan.

(f) As part of the meeting held within 45 days of initiating service, as required under section 245B.06, subdivision 4, the license holder must review the initial risk management plan for accuracy and revise the plan if necessary. The license holder must give the consumer or consumer's legal representative and case manager an opportunity to participate in the ongoing plan development. The license holder shall obtain dated signatures from the consumer or consumer's legal representative and case manager to document completion of the annual review and approval of plan changes.

Subd. 3. Assessments. (a) The license holder shall assess and reassess the consumer within stated time lines and assessment areas specified in the individual service plan or as requested in writing by the case manager.

(b) For each area of assessment requested, the license holder must provide a written summary, analysis, and recommendations for use in the development of the individual service plan.

(c) All assessments must include information about the consumer that is descriptive of:

Subd. 4. Supports and methods. The license holder, in coordination with other service providers, shall meet with the consumer, the consumer's legal representative, case manager, and other members of the interdisciplinary team within 45 days of service initiation. Within ten working days after the meeting, the license holder shall develop and document in writing:

(1) the methods that will be used to support the individual or accomplish the outcomes in subdivision 1, including information about physical and social environments, the equipment and materials required, and techniques that are consistent with the consumer's communication mode and learning style specified as the license holder's responsibility in the individual service plan;

(2) the projected starting date for service supports and the criteria for identifying when the desired outcome has been achieved and when the service supports need to be reviewed; and

(3) the names of the staff, staff position, or contractors responsible for implementing each outcome.

Subd. 5. Progress reviews. The license holder must participate in progress review meetings following stated time lines established in the consumer's individual service plan or as requested in writing by the consumer, the consumer's legal representative, or the case manager, at a minimum of once a year. The license holder must summarize the progress toward achieving the desired outcomes and make recommendations in a written report sent to the consumer or the consumer's legal representative and case manager prior to the review meeting.

Subd. 6. Reports. The license holder shall provide written reports regarding the consumer's status as requested by the consumer, or the consumer's legal representative and case manager.

Subd. 7. Staffing requirements. The license holder must provide supervision to ensure the health, safety, and protection of rights of each consumer and to be able to implement each consumer's individual service plan. Day training and habilitation programs must meet the minimum staffing requirements as specified in sections 252.40 to 252.46 and rules promulgated under those sections.

Subd. 8. Leaving the residence. Each consumer requiring a 24-hour plan of care shall receive services during the day outside the residence unless otherwise specified in the individual's service plan. License holders, providing services to consumers living in a licensed site, shall ensure that they are prepared to care for consumers whenever they are at the residence during the day because of illness, work schedules, or other reasons.

Subd. 9. Day training and habilitation service days. Day training and habilitation services must meet a minimum of 195 available service days.

Subd. 10. Prohibition. Psychotropic medication and the use of aversive and deprivation procedures, as referenced in section 245.825 and rules promulgated under that section, cannot be used as a substitute for adequate staffing, as punishment, or for staff convenience.

245B.07 MANAGEMENT STANDARDS.

Subdivision 1. Consumer data file. The license holder must maintain the following information for each consumer:

(1) identifying information that includes date of birth, medications, legal representative, history, medical, and other individual-specific information, and names and telephone numbers of contacts;
consumer's individual service plan. When a consumer's case manager does not provide a current individual service plan, the license holder shall make a written request to the case manager to provide a copy of the individual service plan and inform the consumer or the consumer's legal representative of the right to an individual service plan and the right to appeal under section 256.045. In the event the case manager fails to provide an individual service plan after a written request from the license holder, the license holder shall not be sanctioned or penalized financially for not having a current individual service plan in the consumer's data file;

(11) information about self-abuse.

Subd. 2. Access to records. The license holder must ensure that the following people have access to the information in subdivision 1:
(1) the consumer, the consumer's legal representative, and anyone properly authorized by the consumer or legal representative;
(2) the consumer's case manager;
(3) staff providing direct services to the consumer unless the information is not relevant to carrying out the individual service plan; and
(4) the county adult foster care licensor, when services are also licensed as an adult foster home. Adult foster home means a licensed residence operated by an operator who, for financial gain or otherwise, provides 24-hour foster care to no more than four functionally impaired residents.

Subd. 3. Retention of consumer's records. The license holder must retain the records required for consumers for at least three years following termination of services.

Subd. 4. Staff qualifications. (a) The license holder must ensure that staff is competent through training, experience, and education to meet the consumer's needs and additional requirements as written in the individual service plan. Staff qualifications must be documented. Staff under 18 years of age may not perform overnight duties or administer medication.

(b) Delivery and evaluation of services provided by the license holder to a consumer must be coordinated by a designated person. The designated person or coordinator must minimally have a four-year degree in a field related to service provision, and one year work experience with consumers with developmental disabilities, a two-year degree in a field related to service provision, and two years of work experience with consumers with developmental disabilities, or a diploma in community-based developmental disability services from an accredited postsecondary institution and two years of work experience with consumers with developmental disabilities. (c) The coordinator is responsible for taking the action necessary to facilitate the accomplishment of the outcomes for each consumer as specified in the consumer's individual service plan.
(d) The license holder must provide for adequate supervision of direct care staff to ensure implementation of the individual service plan.

Subd. 5. Staff orientation. (a) Within 60 days of hiring staff who provide direct service, the license holder must provide 30 hours of staff orientation. Direct care staff must complete 15 of the 30 hours orientation before providing any unsupervised direct service to a consumer. If the staff person has received orientation training from a license holder licensed under this chapter, or provides semi-independent living services only, the 15-hour requirement may be reduced to
eight hours. The total orientation of 30 hours may be reduced to 15 hours if the staff person has previously received orientation training from a license holder licensed under this chapter.

(b) The 30 hours of orientation must combine supervised on-the-job training with review of and instruction on the following material:

Staff may administer medications only after they demonstrate the ability, as defined in the license holder's medication administration policy and procedures. Once a consumer with overriding health care needs is admitted, staff will be provided with remedial training as deemed necessary by the license holder and the health professional to meet the needs of that consumer.

For purposes of this section, overriding health care needs means a health care condition that affects the service options available to the consumer because the condition requires:

(i) specialized or intensive medical or nursing supervision; and

(ii) nonmedical service providers to adapt their services to accommodate the health and safety needs of the consumer;

(7) consumer rights and staff responsibilities related to protecting and ensuring the exercise of the consumer rights; and

(8) other topics necessary as determined by the consumer's individual service plan or other areas identified by the license holder.

(c) The license holder must document each employee's orientation received.

Subd. 6. Staff training. (a) A license holder providing semi-independent living services shall ensure that direct service staff annually complete hours of training equal to one percent of the number of hours the staff person worked. All other license holders shall ensure that direct service staff annually complete hours of training as follows:

(1) if the direct services staff have been employed for one to 24 months and:

(i) the average number of work hours scheduled per week is 30 to 40 hours, the staff must annually complete 40 training hours;

(ii) the average number of work hours scheduled per week is 20 to 29 hours, the staff must annually complete 30 training hours; and

(iii) the average number of work hours scheduled per week is one to 19 hours, the staff must annually complete 20 training hours; or

(2) if the direct services staff have been employed for more than 24 months and:

(i) the average number of work hours scheduled per week is 30 to 40 hours, the staff must annually complete 20 training hours;

(ii) the average number of work hours scheduled per week is 20 to 29 hours, the staff must annually complete 15 training hours; and

(iii) the average number of work hours scheduled per week is one to 19 hours, the staff must annually complete 12 training hours.

If direct service staff has received training from a license holder licensed under a program rule identified in this chapter or completed course work regarding disability-related issues from a postsecondary educational institute, that training may also count toward training requirements for other services and for other license holders.

(b) The license holder must document the training completed by each employee.

(c) Training shall address staff competencies necessary to address the consumer needs as identified in the consumer's individual service plan and ensure consumer health, safety, and protection of rights. Training may also include other areas identified by the license holder.

(d) For consumers requiring a 24-hour plan of care, the license holder shall provide training in cardiopulmonary resuscitation, from a qualified source determined by the commissioner, if
the consumer's health needs as determined by the consumer's physician indicate trained staff would be necessary to the consumer.

Subd. 7. Volunteers. The license holder must ensure that volunteers who provide direct services to consumers receive the training and orientation necessary to fulfill their responsibilities.

Subd. 7a. Subcontractors. If the license holder uses a subcontractor to perform services licensed under this chapter on the license holder's behalf, the license holder must ensure that the subcontractor meets and maintains compliance with all requirements under this chapter that apply to the services to be provided.

Subd. 8. Policies and procedures. The license holder must develop and implement the policies and procedures in paragraphs (a) to (c).

(a) Policies and procedures that promote consumer health and safety by ensuring:

(1) consumer safety in emergency situations;
(2) consumer health through sanitary practices;
(3) safe transportation, when the license holder is responsible for transportation of consumers, with provisions for handling emergency situations;
(4) a system of record keeping for both individuals and the organization, for review of incidents and emergencies, and corrective action if needed;
(5) a plan for responding to all incidents, as defined in section 245B.02, subdivision 10, and reporting all incidents required to be reported under section 245B.05, subdivision 7;
(6) safe medication administration as identified in section 245B.05, subdivision 5, incorporating an observed skill assessment to ensure that staff demonstrate the ability to administer medications consistent with the license holder's policy and procedures;
(7) psychotropic medication monitoring when the consumer is prescribed a psychotropic medication, including the use of the psychotropic medication use checklist. If the responsibility for implementing the psychotropic medication use checklist has not been assigned in the individual service plan and the consumer lives in a licensed site, the residential license holder shall be designated; and
(8) criteria for admission or service initiation developed by the license holder.
(b) Policies and procedures that protect consumer rights and privacy by ensuring:
(1) consumer data privacy, in compliance with the Minnesota Data Practices Act, chapter 13, and
(2) that complaint procedures provide consumers with a simple process to bring grievances and consumers receive a response to the grievance within a reasonable time period. The license holder must provide a copy of the program's grievance procedure and time lines for addressing grievances. The program's grievance procedure must permit consumers served by the program and the authorized representatives to bring a grievance to the highest level of authority in the program.
(c) Policies and procedures that promote continuity and quality of consumer supports by ensuring:
(1) continuity of care and service coordination, including provisions for service termination, temporary service suspension, and efforts made by the license holder to coordinate services with other vendors who also provide support to the consumer. The policy must include the following requirements:
(i) the license holder must notify the consumer or consumer's legal representative and the consumer's case manager in writing of the intended termination or temporary service suspension and the consumer's right to seek a temporary order staying the termination or suspension of service according to the procedures in section 256.045, subdivision 4a or subdivision 6, paragraph (c);
(ii) notice of the proposed termination of services, including those situations that began with a temporary service suspension, must be given at least 60 days before the proposed termination is to become effective;
(iii) the license holder must provide information requested by the consumer or consumer's legal representative or case manager when services are temporarily suspended or upon notice of termination;
(iv) use of temporary service suspension procedures are restricted to situations in which the consumer's behavior causes immediate and serious danger to the health and safety of the individual or others;
(v) prior to giving notice of service termination or temporary service suspension, the license holder must document actions taken to minimize or eliminate the need for service termination or temporary service suspension; and
(vi) during the period of temporary service suspension, the license holder will work with the appropriate county agency to develop reasonable alternatives to protect the individual and others; and
(2) quality services measured through a program evaluation process including regular evaluations of consumer satisfaction and sharing the results of the evaluations with the consumers and legal representatives.

Subd. 9. **Availability of current written policies and procedures.** The license holder shall:

1. review and update, as needed, the written policies and procedures in this chapter;
2. inform consumers or the consumer's legal representatives of the written policies and procedures in this chapter upon service initiation. Copies of policies and procedures affecting a consumer's rights under section 245D.04 must be provided upon service initiation. Copies of all other policies and procedures must be available to consumers or the consumer's legal representatives, case managers, the county where services are located, and the commissioner upon request;
3. provide all consumers or the consumer's legal representatives and case managers a copy of the revised policies and procedures and explanation of the revisions that affect consumers' service-related or protection-related rights under section 245B.04 and maltreatment reporting policies and procedures. Unless there is reasonable cause, the license holder must provide this notice at least 30 days before implementing the revised policy and procedure. The license holder must document the reason for not providing the notice at least 30 days before implementing the revisions;
4. annually notify all consumers or the consumers' legal representatives and case managers of any revised policies and procedures under this chapter, other than those in clause (3). Upon request, the license holder must provide the consumer or consumer's legal representative and case manager copies of the revised policies and procedures;
5. before implementing revisions to policies and procedures under this chapter, inform all employees of the revisions and provide training on implementation of the revised policies and procedures; and
6. document and maintain relevant information related to the policies and procedures in this chapter.

Subd. 10. **Consumer funds.** (a) The license holder must ensure that consumers retain the use and availability of personal funds or property unless restrictions are justified in the consumer's individual service plan.

(b) The license holder must ensure separation of consumer funds from funds of the license holder, the program, or program staff.

(c) Whenever the license holder assists a consumer with the safekeeping of funds or other property, the license holder must have written authorization to do so by the consumer or the consumer's legal representative, and the case manager. In addition, the license holder must:

1. document receipt and disbursement of the consumer's funds or the property;
2. annually survey, document, and implement the preferences of the consumer, consumer's legal representative, and the case manager for frequency of receiving a statement that itemizes receipts and disbursements of consumer funds or other property; and
3. return to the consumer upon the consumer's request, funds and property in the license holder's possession subject to restrictions in the consumer's individual service plan, as soon as possible, but no later than three working days after the date of the request.

(d) License holders and program staff must not:

1. borrow money from a consumer;
2. purchase personal items from a consumer;
3. sell merchandise or personal services to a consumer;
4. require a consumer to purchase items for which the license holder is eligible for reimbursement;

5. use consumer funds in a manner that would violate section 256B.04, or any rules promulgated under that section; or
6. accept powers-of-attorney from a person receiving services from the license holder for any purpose, and may not accept an appointment as guardian or conservator of a person receiving services from the license holder. This does not apply to license holders that are Minnesota counties or other units of government.

Subd. 11. **Travel time to and from a day training and habilitation site.** Except in unusual circumstances, the license holder must not transport a consumer receiving services for longer than 90 minutes per one-way trip. Nothing in this subdivision relieves the provider of the obligation to provide the number of program hours as identified in the individualized service plan.

Subd. 12. **Separate license required for separate sites.** The license holder shall apply for separate licenses for each day training and habilitation service site owned or leased by the license holder at which persons receiving services and the provider's employees who provide training and habilitation services are present for a cumulative total of more than 30 days within
APPENDIX
Repealed Minnesota Statutes: H1233-4

any 12-month period, and for each residential service site. Notwithstanding this subdivision, a separate license is not required for:
   (1) a day training and habilitation service site used only for the limited purpose of providing transportation to consumers receiving community-based day training and habilitation services from a license holder;
   (2) a day training and habilitation program that is in a separate building that is adjacent to the central operation of the day training and habilitation program; or
   (3) a satellite day training and habilitation program. For purposes of this clause, a satellite day training and habilitation program is a program that is affiliated with the central operations of an existing day training and habilitation program and is in a separate nonadjacent building in the same county as the central operation day training and habilitation program.

Subd. 13. **Variance.** The commissioner may grant a variance to any of the requirements in sections 245B.02 to 245B.07 except section 245B.07, subdivision 8(1)(vii), or provisions governing data practices and information rights of consumers if the conditions in section 245A.04, subdivision 9 are met. Upon the request of the license holder, the commissioner shall continue variances from the standards in this chapter previously granted under Minnesota Rules that are repealed as a result of this chapter. The commissioner may approve variances for a license holder on a program, geographic, or organizational basis.

**245B.08 COMPLIANCE STRATEGIES.**
Subdivision 1. **Alternative methods of determining compliance.** (a) In addition to methods specified in chapters 245A and 245C, the commissioner may use alternative methods and new regulatory strategies to determine compliance with this section. The commissioner may use sampling techniques to ensure compliance with this section. Notwithstanding section 245A.09, subdivision 7, paragraph (e), the commissioner may also extend periods of licensure, not to exceed five years, for license holders who have demonstrated substantial and consistent compliance with sections 245B.02 to 245B.07 and have consistently maintained the health and safety of consumers and have demonstrated by alternative methods in paragraph (b) that they meet or exceed the requirements of this section. For purposes of this section, "substantial and consistent compliance" means that during the current licensing period:
   (1) the license holder's license has not been made conditional, suspended, or revoked;
   (2) there have been no substantiated allegations of maltreatment against the license holder;
   (3) there have been no program deficiencies that have been identified that would jeopardize the health or safety of consumers being served; and
   (4) the license holder is in substantial compliance with the other requirements of chapters 245A and 245C and other applicable laws and rules.

(b) To determine the length of a license, the commissioner shall consider:
   (1) information from affected consumers, and the license holder's responsiveness to consumers' concerns and recommendations;
   (2) self assessments and peer reviews of the standards of this section, corrective actions taken by the license holder, and sharing the results of the inspections with consumers, the consumers' families, and others, as requested;
   (3) length of accreditation by an independent accreditation body, if applicable;
   (4) information from the county where the license holder is located; and
   (5) information from the license holder demonstrating performance that meets or exceeds the minimum standards of this chapter.

(c) The commissioner may reduce the length of the license if the license holder fails to meet the criteria in paragraph (a) and the conditions specified in paragraph (b).

Subd. 2. **Additional measures.** The commissioner may require the license holder to implement additional measures on a time-limited basis to ensure the health and safety of consumers when the health and safety of consumers has been determined to be at risk as determined by substantiated incidents of maltreatment under sections 626.556 and 626.557. The license holder may request reconsideration of the actions taken by the commissioner under this subdivision according to section 245A.06.

Subd. 3. **Sanctions available.** Nothing in this subdivision shall be construed to limit the commissioner's authority to suspend or revoke a license or issue a fine at any time under section 245A.07; make correction orders and make a license conditional for failure to comply with applicable laws or rules under section 245A.06; or deny an application for license under section 245A.05.

Subd. 4. **Efficient application.** The commissioner shall establish application procedures for license holders licensed under this chapter to reduce the need to submit duplicative material.
Subd. 5. Information. The commissioner shall make information available to consumers and interested others regarding the licensing status of a license holder.

Subd. 6. Implementation. The commissioner shall seek advice from parties affected by the implementation of this chapter.

Subd. 7. Deem status. The commissioner may exempt a license holder from duplicative standards if the license holder is already licensed under chapter 245A.

245D.08 RECORD REQUIREMENTS.
Subdivision 1. Record-keeping systems. The license holder must ensure that the content and format of service recipient, personnel, and program records are uniform, legible, and in compliance with the requirements of this chapter.

Subd. 2. Service recipient record. (a) The license holder must:
(1) maintain a record of current services provided to each person on the premises where the services are provided or coordinated; and
(2) protect service recipient records against loss, tampering, or unauthorized disclosure in compliance with sections 13.01 to 13.10 and 13.46.
(b) The license holder must maintain the following information for each person:
(1) identifying information, including the person's name, date of birth, address, and telephone number;
(2) the name, address, and telephone number of the person's legal representative, if any, an emergency contact, the case manager, and family members or others as identified by the person or case manager;
(3) service information, including service initiation information, verification of the person's eligibility for services, and documentation verifying that services have been provided as identified in the service plan according to paragraph (a);
(4) health information, including medical history and allergies, and when the license holder is assigned responsibility for meeting the person's health needs according to section 245D.05:
(i) current orders for medication, treatments, or medical equipment;
(ii) medication administration procedures;
(iii) a medication administration record documenting the implementation of the medication administration procedures, including any agreements for administration of injectable medications by the license holder; and
(iv) a medical appointment schedule;
(5) the person's current service plan or that portion of the plan assigned to the license holder. When a person's case manager does not provide a current service plan, the license holder must make a written request to the case manager to provide a copy of the service plan and inform the person of the right to a current service plan and the right to appeal under section 256.045;
(6) a record of other service providers serving the person when the person's service plan identifies the need for coordination between the service providers that includes a contact person and telephone numbers, services being provided, and names of staff responsible for coordination;
(7) documentation of orientation to the service recipient rights according to section 245D.04, subdivision 1, and maltreatment reporting policies and procedures according to section 245A.65, subdivision 1, paragraph (c);
(8) copies of authorizations to handle a person's funds according to section 245D.06, subdivision 4, paragraph (a);
(9) documentation of complaints received and grievance resolution;
(10) incident reports required under section 245D.06, subdivision 1;
(11) copies of written reports regarding the person's status when requested according to section 245D.07, subdivision 3; and
(12) discharge summary, including service termination notice and related documentation, when applicable.

Subd. 3. Access to service recipient records. The license holder must ensure that the following people have access to the information in subdivision 1 in accordance with applicable state and federal law, regulation, or rule:
(1) the person, the person's legal representative, and anyone properly authorized by the person;
(2) the person's case manager;
(3) staff providing services to the person unless the information is not relevant to carrying out the service plan; and
(4) the county adult foster care licensor, when services are also licensed as adult foster care.

Subd. 4. Personnel records. The license holder must maintain a personnel record of each employee, direct service volunteer, and subcontractor to document and verify staff qualifications, orientation, and training. For the purposes of this subdivision, the terms "staff" and "staff person" mean paid employee, direct service volunteer, or subcontractor. The personnel record must include:

(1) the staff person's date of hire, completed application, a position description signed by the staff person, documentation that the staff person meets the position requirements as determined by the license holder, the date of first supervised direct contact with a person served by the program, and the date of first unsupervised direct contact with a person served by the program;

(2) documentation of staff qualifications, orientation, training, and performance evaluations as required under section 245D.09, subdivisions 3, 4, and 5, including the date the training was completed, the number of hours per subject area, and the name and qualifications of the trainer or instructor; and

(3) a completed background study as required under chapter 245C.

252.40 SERVICE PRINCIPLES AND RATE-SETTING PROCEDURES.
Sections 252.40 to 252.46 apply to day training and habilitation services for adults with developmental disabilities when the services are authorized to be funded by a county and provided under a contract between a county board and a vendor as defined in section 252.41. Nothing in sections 252.40 to 252.46 absolves intermediate care facilities for persons with developmental disabilities of the responsibility for providing active treatment and habilitation under federal regulations with which those facilities must comply to be certified by the Minnesota Department of Health.

252.46 PAYMENT RATES.
Subdivision 1. Rates. (a) Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board are governed by subdivisions 2 to 19. The commissioner shall approve the following three payment rates for services provided by a vendor:

(1) a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site;

(2) a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and

(3) a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

(b) Notwithstanding any law or rule to the contrary, the commissioner may authorize county participation in a voluntary individualized payment rate structure for day training and habilitation services to allow a county the flexibility to change, after consulting with providers, from a site-based payment rate structure to an individual payment rate structure for the providers of day training and habilitation services in the county. The commissioner shall seek input from providers and consumers in establishing procedures for determining the structure of voluntary individualized payment rates to ensure that there is no additional cost to the state or counties and that the rate structure is cost-neutral to providers of day training and habilitation services, on July 1, 2004, or on day one of the individual rate structure, whichever is later.

(c) Medical assistance rates for home and community-based service provided under section 256B.501, subdivision 4, by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.46. For very dependent persons with special needs the commissioner may approve an exception to the approved payment rate under section 256B.501, subdivision 4 or 8.

Subd. 2. Rate minimum. Unless a variance is granted under subdivision 6, the minimum payment rates set by a county board for each vendor must be equal to the payment rates approved by the commissioner for that vendor in effect January 1 of the previous calendar year.

Subd. 3. Rate maximum. Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous calendar year. The commissioner of management and budget shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual inflation adjustments in reimbursement rates for each vendor, based upon the projected percentage
change in the Urban Consumer Price Index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year.

Subd. 4. New vendors. (a) Payment rates established by a county for a new vendor for which there were no previous rates must not exceed 95 percent of the greater of 125 percent of the statewide median rates or 125 percent of the average payment rates in the regional development commission district under sections 462.381 to 462.396 in which the new vendor is located unless the criteria in paragraph (b) are met.

(b) A payment rate equal to 200 percent of the statewide average rates shall be assigned to persons served by the new vendor when those persons are persons with very severe self-injurious or assaultive behaviors, persons with medical conditions requiring delivery of physician-prescribed medical interventions at one-to-one staffing for at least 15 minutes each time they are performed, or persons discharged from a regional treatment center after May 1, 1993, to the vendor's program. All other persons for whom the new service is needed must be assigned a rate equal to 95 percent of the greater of 125 percent of the statewide median rates or 125 percent of the regional average rates, whichever is higher, and the maximum payment rate that may be recommended is determined by multiplying the number of clients at each limit by the rate corresponding to that limit and dividing the sum by the total number of clients. When the recommended payment rates exceed 95 percent of 125 percent of the greater of the statewide median or regional average rates, whichever is higher, the county must include documentation verifying the medical or behavioral needs of clients. The approved payment rates must be based on 12 months budgeted expenses divided by at least 90 percent of authorized service units associated with the new vendor's licensed capacity. The county must include documentation verifying the person's discharge from a regional treatment center and that admission of new clients to existing services eligible for a rate variance under subdivision 6 was considered before recommending payment rates for a new vendor. Nothing in this subdivision permits development of a new program that primarily results in refinancing of services for individuals already receiving services in existing programs.

Subd. 5. Submitting recommended rates. The county board shall submit recommended payment rates to the commissioner on forms supplied by the commissioner at least 60 days before revised payment rates or payment rates for new vendors are to be effective. The forms must include the county board's written verification of the individual documentation required under section 252.44, clause (a). If a vendor provides services at more than one licensed site, the county board may recommend the same payment rates for each site based on the average rate for all sites. The county board may also recommend differing payment rates for each licensed site if it would result in a total annual payment to the vendor that is equal to or less than the total annual payment that would result if the average rates had been used for all sites. For purposes of this subdivision, the average payment rate for all service sites used by a vendor must be computed by adding the amounts that result when the payment rates for each licensed site are multiplied by the projected annual number of service units to be provided at that site and dividing the sum of those amounts by the total units of service to be provided by the vendor at all sites.

Subd. 6. Variances. (a) A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request on forms supplied by the commissioner with the recommended payment rates.

(b) A variance to the rate maximum may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, transportation, and other program related costs when one of the criterion in clauses (1) to (4) is also met:

(1) a determination of need under section 252.28 is approved for a significant program change that is necessary for a vendor to provide authorized services to one or more clients who meet one or more of the following criteria:

(i) the client is a new client and:

(A) exhibits severe behavior as indicated on the screening document;

(B) periodically requires one-to-one staff time for at least 15 minutes at a time to deliver physician prescribed medical interventions; or

(C) has been discharged directly to the vendor's program from a regional treatment center or the Minnesota extended treatment option.

(ii) the client is an existing client who has developed one of the following changed circumstances which increases costs that are not covered by the vendor's current rate, and for whom a significant program change is necessary to ensure the continued provision of authorized services to that client:
(A) severe behavior as indicated on the screening document;
(B) a medical condition periodically requiring one-to-one staff time for at least 15 minutes at a time to deliver physician prescribed medical interventions; or
(C) a permanent decrease in skill functioning, as verified by medical reports or assessments;
(2) a licensing determination requires a program change that the vendor cannot comply with due to funding restraints;
(3) a determination of need under section 252.28 is approved for a significant and permanent decrease in licensed capacity and the vendor demonstrates the need to retain certain staffing levels to serve the remaining clients; or
(4) in cases where conditions in clauses (1) to (3) do not apply, but a determination of need under section 252.28 is approved for an unusual circumstance which exists that significantly impacts the type or amount of services delivered, as evidenced by documentation presented by the vendor and with the concurrence of the commissioner.
(c) A variance to the rate minimum may be granted when:
(1) the county board contracts for increased services from a vendor and for some or all individuals receiving services from the vendor lower per unit fixed costs result; or
(2) the actual costs of delivering authorized service over a 12-month contract period have decreased.
(d) The written variance request under this subdivision must include documentation that all the following criteria have been met:
(1) the commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate;
(2) the vendor documents efforts to reallocate current staff and any additional staffing needs cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140;
(3) the vendor documents that financial resources have been reallocated before applying for a variance. No variance may be granted for equipment, supplies, or other capital expenditures when depreciation expense for repair and replacement of such items is part of the current rate;
(4) for variances related to loss of clientele, the vendor documents the other program and administrative expenses, if any, that have been reduced;
(5) the county board submits verification of the conditions for which the variance is requested, a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services;
(6) the county board's recommended payment rates do not exceed 95 percent of the greater of 125 percent of the current statewide median or 125 percent of the regional average payment rates, whichever is higher, for each of the regional commission districts under sections 462.381 to 462.396 in which the vendor is located except for the following: when a variance is recommended to allow authorized service delivery to new clients with severe behaviors or with medical conditions requiring delivery of physician prescribed medical interventions, or to persons being directly discharged from a regional treatment center or Minnesota extended treatment options to the vendor's program, those persons must be assigned a payment rate of 200 percent of the current statewide average rates. All other clients receiving services from the vendor must be assigned a payment rate equal to the vendor's current rate unless the vendor's current rate exceeds 95 percent of 125 percent of the statewide median or 125 percent of the regional average payment rates, whichever is higher. When the vendor's rates exceed 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates, the maximum rates assigned to all other clients must be equal to the greater of 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates. The maximum payment rate that may be recommended for the vendor under these conditions is determined by multiplying the number of clients at each limit by the rate corresponding to that limit and then dividing the sum by the total number of clients.
(e) The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.
Subd. 7. Rate reconsiderations. A host county that disagrees with a rate decision of the commissioner under subdivision 6 or 9 may request reconsideration by the commissioner within 45 days after the date the host county received notification of the commissioner's decision. The request must state the reasons why the host county is requesting reconsideration of the rate decision and present evidence explaining the host county's disagreement with the rate decision.
The commissioner shall review the host county's evidence and provide the host county with written notification of the decision on the request within 60 days. The commissioner's decision on the request is final.

Until a reconsideration request is decided, payments must continue at a rate the commissioner determines complies with this section. If a higher rate is approved, the commissioner shall order a retroactive payment as determined in the commissioner's decision.

Subd. 8. Commissioner's notice to boards, vendors. The commissioner shall notify the county boards and vendors of the average regional payment rates, 95 percent of 125 percent of the average regional payments rates for each of the regional development commission districts designated in sections 462.381 to 462.396, 95 percent of 125 percent of the statewide median rates, and 200 percent of the statewide average rates.

Subd. 9. Approval or denial of rates. The commissioner shall approve the county board's recommended payment rates when the rates and verification justifying the projected service units comply with subdivisions 2 to 18. The commissioner shall notify the county board in writing of the approved payment rates within 60 days of receipt of the rate recommendations. If the rates are not approved, or if rates different from those originally recommended are approved, the commissioner shall within 60 days of receiving the rate recommendation notify the county board in writing of the reasons for denying or substituting a different rate for the recommended rates. Approved payment rates remain effective until the commissioner approves different rates in accordance with subdivisions 2 and 3.

Subd. 10. Vendor's report; audit. The vendor shall report to the commissioner and the county board on forms prescribed by the commissioner at times specified by the commissioner. The reports shall include programmatic and fiscal information. The audit must be done according to generally accepted auditing standards to result in statements that include a balance sheet, income statement, changes in financial position, and the certified public accountant's opinion. The county's annual audit shall satisfy the audit required under this subdivision for any county-operated day training and habilitation program. Except for day training and habilitation programs operated by a county, the audit must provide supplemental statements for each day training and habilitation program with an approved unique set of rates.

Subd. 11. Improper transactions. Transactions that have the effect of circumventing subdivisions 1 to 18 must not be considered by the commissioner for the purpose of payment rate approval under the principle that the substance of the transaction prevails over the form.

Subd. 16. Payment rate criteria; allocation of expenditures. Payment rates approved under subdivision 9 must reflect the payment rate criteria in paragraphs (a) and (b) and the allocation principles in paragraph (c).

(a) Payment rates must be based on reasonable costs that are ordinary, necessary, and related to delivery of authorized client services.

(b) The commissioner shall not pay for:

1. unauthorized service delivery;
2. services provided in accordance with receipt of a special grant;
3. services provided under contract to a local school district;
4. extended employment services under Minnesota Rules, parts 3300.1950 to 3300.3050, or vocational rehabilitation services provided under Title I, section 110 or Title VI-C, Rehabilitation Act Amendments of 1992, as amended, and not through use of medical assistance or county social service funds; or

5. services provided to a client by a licensed medical, therapeutic, or rehabilitation practitioner or any other vendor of medical care which are billed separately on a fee for service basis.

(c) On an annual basis, actual and projected contract year expenses must be allocated to standard budget line items corresponding to direct and other program and administrative expenses as submitted to the commissioner with the host county's recommended payment rates. Central or corporate office costs must be allocated to licensed vendor sites within the group served by the central or corporate office according to the cost allocation principles under section 256B.432.

(d) The vendor must maintain records documenting that clients received the billed services.

Subd. 17. Hourly rate structure. Counties participating as host counties under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, may recommend continuation of the hourly rates for participating vendors. The recommendation must be made annually under subdivision 5 and according to the methods and standards provided by the commissioner. The commissioner shall approve the hourly rates when service authorization, billing, and payment for services is possible through the Medicaid management information system and the other criteria in this subdivision are met. Counties and vendors operating under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117,
shall work with the commissioner to translate the hourly rates and actual expenditures into rates meeting the criteria in subdivisions 1 to 16 unless hourly rates are approved under this subdivision. If the rates meeting the criteria in subdivisions 1 to 16 are lower than the county's or vendor's current rate, the county or vendor must continue to receive the current rate.

Subd. 18. *Pilot study rates.* By January 1, 1994, counties and vendors operating under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, shall work with the commissioner to translate the hourly rates and actual expenditures into rates meeting the criteria in subdivisions 1 to 16 unless hourly rates are approved under subdivision 17.

Subd. 19. *Vendor appeals.* With the concurrence of the county board, a vendor may appeal the commissioner's rejection of a variance request which has been submitted by the county under subdivision 6 and may appeal the commissioner's denial under subdivision 9 of a rate which has been recommended by the county. To appeal, the vendor and county board must file a written notice of appeal with the commissioner. The notice of appeal must be filed or received by the commissioner within 45 days of the postmark date on the commissioner's notification to the vendor and county agency that a variance request or county recommended rate has been denied. The notice of appeal must specify the reasons for the appeal, the dollar amount in dispute, and the basis in statute or rule for challenging the commissioner's decision.

Within 45 days of receipt of the notice of appeal, the commissioner must convene a reconciliation conference to attempt to resolve the rate dispute. If the dispute is not resolved to the satisfaction of the parties, the parties may initiate a contested case proceeding under sections 14.57 to 14.69. In a contested case hearing held under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner incorrectly applied the governing law or regulations, or that the commissioner improperly exercised the commissioner's discretion, in refusing to grant a variance or in refusing to adopt a county recommended rate.

Until the appeal is fully resolved, payments must continue at the existing rate pending the appeal. Retroactive payments consistent with the final decision shall be made after the appeal is fully resolved.

Subd. 20. *Study of day training and habilitation vendors.* The commissioner shall study the feasibility of grouping vendors of similar size, location, direct service staffing needs or performance outcomes to establish payment rate limits that define cost-effective service. Based on the conclusions of the feasibility study the department shall consider developing a method to redistribute dollars from less cost-effective to more cost-effective services based on vendor achievement of performance outcomes. The department shall report to the legislature by January 15, 1996, with results of the study and recommendations for further action. The department shall consult with an advisory committee representing counties, service consumers, vendors, and the legislature.

Subd. 21. *Managed care pilot.* (a) The commissioner may initiate a capitated risk-based managed care option for persons with developmental disabilities, which includes capitated payments for day training and habilitation and alternative active treatment services. The commissioner may permit the health plan, care system, or other health plan network participating in this managed care option to negotiate day training and habilitation rates. The commissioner may grant a variance to any of the provisions in sections 252.40 to 252.46 and Minnesota Rules, parts 9525.1200 to 9525.1580, necessary to implement the pilot.

(b) The commissioner shall report to the legislature financial and program results along with a recommendation as to whether the pilot should be expanded.

### 256.82 PAYMENTS BY STATE.

Subd. 4. *Rules.* The commissioner shall adopt rules to implement subdivision 3. In developing rules, the commissioner shall take into consideration any existing difficulty of care payment rates so that, to the extent possible, no child for whom a difficulty of care rate is currently established will be adversely affected.

### 256B.055 ELIGIBILITY CATEGORIES.

Subd. 3. *AFDC families.* Until March 31, 1998, medical assistance may be paid for a person who is eligible for or receiving, or who would be eligible for, except for excess income or assets, public assistance under the aid to families with dependent children program in effect as of July 16, 1996, as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Public Law 104-193.

Subd. 5. *Pregnant women; dependent unborn child.* Medical assistance may be paid for a pregnant woman who has written verification of a positive pregnancy test from a physician or
labeled registered nurse, who meets the other eligibility criteria of this section and who would be
categorically eligible for assistance under the state's AFDC plan in effect as of July 16, 1996,
as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996
(PRWORA), Public Law 104-193, if the child had been born and was living with the woman. For
purposes of this subdivision, a woman is considered pregnant for 60 days postpartum.
Subd. 10b. **Children.** This subdivision supersedes subdivision 10 as long as the Minnesota
health care reform waiver remains in effect. When the waiver expires, the commissioner of human
services shall publish a notice in the State Register and notify the revisor of statutes. Medical
assistance may be paid for a child less than two years of age with countable family income as
established for infants under section 256B.057, subdivision 1.

**256B.056 ELIGIBILITY REQUIREMENTS FOR MEDICAL ASSISTANCE.**
Subd. 5b. **Individuals with low income.** Recipients of medical assistance not residing
in a long-term care facility who have slightly fluctuating income which is below the medical
assistance income limit shall report and verify their income on a semiannual basis.

**256B.057 ELIGIBILITY REQUIREMENTS FOR SPECIAL CATEGORIES.**
Subd. 1c. **No asset test for pregnant women.** Beginning September 30, 1998, eligibility for
medical assistance for a pregnant woman must be determined without regard to asset standards
established in section 256B.056, subdivision 3.
Subd. 2. **Children.** (a) Except as specified in subdivision 1b, effective October 1, 2003,
a child one through 18 years of age in a family whose countable income is no greater than 150
percent of the federal poverty guidelines for the same family size, is eligible for medical assistance.
(b) For applications processed within one calendar month prior to the effective date,
eligibility shall be determined by applying the income standards and methodologies in effect
prior to the effective date for any months in the six-month budget period before that date and
the income standards and methodologies in effect on the effective date for any months in the
six-month budget period on or after that date. The income standards for each month shall be
added together and compared to the applicant's total countable income for the six-month budget
period to determine eligibility.

**256B.0911 LONG-TERM CARE CONSULTATION SERVICES.**
Subd. 4a. **Preadmission screening activities related to nursing facility admissions.** (a)
All applicants to Medicaid certified nursing facilities, including certified boarding care facilities,
must be screened prior to admission regardless of income, assets, or funding sources for nursing
facility care, except as described in subdivision 4b. The purpose of the screening is to determine
the need for nursing facility level of care as described in paragraph (d) and to complete activities
required under federal law related to mental illness and developmental disability as outlined in
paragraph (b).
(b) A person who has a diagnosis or possible diagnosis of mental illness or developmental
disability must receive a preadmission screening before admission regardless of the exemptions
outlined in subdivision 4b, paragraph (b), to identify the need for further evaluation and
specialized services, unless the admission prior to screening is authorized by the local mental
health authority or the local developmental disabilities case manager, or unless authorized by the
county agency according to Public Law 101-508.
The following criteria apply to the preadmission screening:
(1) the lead agency must use forms and criteria developed by the commissioner to identify
persons who require referral for further evaluation and determination of the need for specialized
services; and
(2) the evaluation and determination of the need for specialized services must be done by:
(i) a qualified independent mental health professional, for persons with a primary or
secondary diagnosis of a serious mental illness; or
(ii) a qualified developmental disability professional, for persons with a primary or
secondary diagnosis of developmental disability. For purposes of this requirement, a qualified
developmental disability professional must meet the standards for a qualified developmental
(c) The local county mental health authority or the state developmental disability authority
under Public Laws 100-203 and 101-508 may prohibit admission to a nursing facility if the
individual does not meet the nursing facility level of care criteria or needs specialized services as
defined in Public Laws 100-203 and 101-508. For purposes of this section, "specialized services"
for a person with developmental disability means active treatment as that term is defined under Code of Federal Regulations, title 42, section 483.440 (a)(1).

(d) The determination of the need for nursing facility level of care must be made according to criteria developed by the commissioner, and in section 256B.092, using forms developed by the commissioner. Effective no sooner than on or after July 1, 2012, for individuals age 21 and older, and on or after October 1, 2019, for individuals under age 21, the determination of need for nursing facility level of care shall be based on criteria in section 144.0724, subdivision 11. In assessing a person's needs, consultation team members shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician must be included if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the lead agency.

Subd. 4b. Exemptions and emergency admissions. (a) Exemptions from the federal screening requirements outlined in subdivision 4a, paragraphs (b) and (c), are limited to:

(1) a person who, having entered an acute care facility from a certified nursing facility, is returning to a certified nursing facility;
(2) a person transferring from one certified nursing facility in Minnesota to another certified nursing facility in Minnesota; and
(3) a person, 21 years of age or older, who satisfies the following criteria, as specified in Code of Federal Regulations, title 42, section 483.106(b)(2):
(i) the person is admitted to a nursing facility directly from a hospital after receiving acute inpatient care at the hospital;
(ii) the person requires nursing facility services for the same condition for which care was provided in the hospital; and
(iii) the attending physician has certified before the nursing facility admission that the person is likely to receive less than 30 days of nursing facility services.
(b) Persons who are exempt from preadmission screening for purposes of level of care determination include:

(1) persons described in paragraph (a);
(2) an individual who has a contractual right to have nursing facility care paid for indefinitely by the veterans' administration;
(3) an individual enrolled in a demonstration project under section 256B.69, subdivision 8, at the time of application to a nursing facility; and
(4) an individual currently being served under the alternative care program or under a home and community-based services waiver authorized under section 1915(c) of the federal Social Security Act.

(c) Persons admitted to a Medicaid-certified nursing facility from the community on an emergency basis as described in paragraph (d) or from an acute care facility on a nonworking day must be screened the first working day after admission.

(d) Emergency admission to a nursing facility prior to screening is permitted when all of the following conditions are met:

(1) a person is admitted from the community to a certified nursing or certified boarding care facility during county nonworking hours;
(2) a physician has determined that delaying admission until preadmission screening is completed would adversely affect the person's health and safety;
(3) there is a recent precipitating event that precludes the client from living safely in the community, such as sustaining an injury, sudden onset of acute illness, or a caregiver's inability to continue to provide care;
(4) the attending physician has authorized the emergency placement and has documented the reason that the emergency placement is recommended; and
(5) the county is contacted on the first working day following the emergency admission.

Transfer of a patient from an acute care hospital to a nursing facility is not considered an emergency except for a person who has received hospital services in the following situations: hospital admission for observation, care in an emergency room without hospital admission, or following hospital 24-hour bed care.

(e) A nursing facility must provide written information to all persons admitted regarding the person's right to request and receive long-term care consultation services as defined in subdivision 1a. The information must be provided prior to the person's discharge from the facility and in a format specified by the commissioner.

Subd. 4c. Screening requirements. (a) A person may be screened for nursing facility admission by telephone or in a face-to-face screening interview. Certified assessors shall identify each individual's needs using the following categories:
APPENDIX

Repealed Minnesota Statutes: H1233-4

(1) the person needs no face-to-face screening interview to determine the need for nursing facility level of care based on information obtained from other health care professionals;

(2) the person needs an immediate face-to-face screening interview to determine the need for nursing facility level of care and complete activities required under subdivision 4a; or

(3) the person may be exempt from screening requirements as outlined in subdivision 4b, but will need transitional assistance after admission or in-person follow-along after a return home.

(b) Persons admitted on a nonemergency basis to a Medicaid-certified nursing facility must be screened prior to admission.

(c) The lead agency screening or intake activity must include processes to identify persons who may require transition assistance as described in subdivision 3b.

256B.0917 SENIORS' AGENDA FOR INDEPENDENT LIVING (SAIL) PROJECTS.

Subdivision 1. Purpose, mission, goals, and objectives. (a) The purpose of implementing seniors' agenda for independent living (SAIL) projects under this section is to demonstrate a new cooperative strategy for the long-term care system in the state of Minnesota.

The projects are part of the initial plan for a 20-year strategy. The mission of the 20-year strategy is to create a new community-based care paradigm for long-term care in Minnesota in order to maximize independence of the older adult population, and to ensure cost-effective use of financial and human resources. The goals for the 20-year strategy are to:

(1) achieve a broad awareness and use of low-cost home care and other residential alternatives to nursing homes;

(2) develop a statewide system of information and assistance to enable easy access to long-term care services;

(3) develop sufficient alternatives to nursing homes to serve the increased number of people needing long-term care;

(4) maintain the moratorium on new construction of nursing home beds and to lower the percentage of elderly persons served in institutional settings; and

(5) build a community-based approach and community commitment to delivering long-term care services for elderly persons in their homes.

(b) The objective for the fiscal years 1994 and 1995 biennial plan is to continue at least four but not more than six projects in anticipation of a statewide program. These projects will continue the process of implementing:

(1) a coordinated planning and administrative process;

(2) a refocused function of the preadmission screening program;

(3) the development of additional home, community, and residential alternatives to nursing homes;

(4) a program to support the informal caregivers for elderly persons;

(5) programs to strengthen the use of volunteers; and

(6) programs to support the building of community commitment to provide long-term care for elderly persons.

The services offered through these projects are available to those who have their own funds to pay for services, as well as to persons who are eligible for medical assistance and to persons who are 180-day eligible clients to the extent authorized in this section.

Subd. 2. Design of SAIL projects; local long-term care coordinating team. (a) The commissioner of human services shall contract with SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board or boards must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, a representative of local nursing home providers, a representative of local home care providers, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under title III of the Older Americans Act, title XX of the Social Security Act and the Local Public Health Act; and
(4) ensuring efficient services provision and nonduplication of funding.

(c) The board or boards shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board or boards shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions. No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

Subd. 3. Local long-term care strategy. The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an increase in numbers of alternative care clients served under section 256B.0913, including those who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects.

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening are defined in section 256B.0911, subdivisions 1 to 6. Requirements for an access, screening, and assessment function are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Subd. 4. Information, screening, and assessment function. (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone screening, home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:
(1) The screenings of all persons entering nursing homes shall be reimbursed as defined in section 256B.0911, subdivision 6; and
(2) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clause (1). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.
(c) Any information and referral functions funded by other sources, such as title III of the Older Americans Act and title XX of the Social Security Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.
(d) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.
Subd. 5. Service development and delivery. (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:
(1) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:
   (i) additional adult family foster care homes;
   (ii) family adult day care providers as defined in section 256B.0919, subdivision 2;
   (iii) an assisted living program in an apartment;
   (iv) a congregate housing service project in a subsidized housing project; and
   (v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;
   (2) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;
   (3) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;
   (4) one or more caregiver support and respite care projects, as described in subdivision 6; and
   (5) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.
(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Alternative care funds may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the Medical Assistance Management Information System (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.
(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (4), and grant funds for paragraph (a), clause (5), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.
Subd. 7. Contract. (a) The commissioner of human services shall execute a contract with Living at Home/Block Nurse Program, Inc. (LAH/BN, Inc.). The contract shall require LAH/BN, Inc. to:
   (1) develop criteria for and award grants to establish community-based organizations that will implement living-at-home/block nurse programs throughout the state;
   (2) award grants to enable living-at-home/block nurse programs to continue to implement the combined living-at-home/block nurse program model;
   (3) serve as a state technical assistance center to assist and coordinate the living-at-home/block nurse programs established; and
   (4) manage contracts with individual living-at-home/block nurse programs.
(b) The contract shall be effective July 1, 1997, and section 16B.17 shall not apply.
Subd. 8. Living-at-home/block nurse program grant. (a) The organization awarded the contract under subdivision 7, shall develop and administer a grant program to establish or expand up to 33 community-based organizations that will implement living-at-home/block nurse programs
that are designed to enable senior citizens to live as independently as possible in their homes and in their communities. At least one-half of the programs must be in counties outside the seven-county metropolitan area. Nonprofit organizations and units of local government are eligible to apply for grants to establish the community organizations that will implement living-at-home/block nurse programs. In awarding grants, the organization awarded the contract under subdivision 7 shall give preference to nonprofit organizations and units of local government from communities that:

1. have high nursing home occupancy rates;
2. have a shortage of health care professionals;
3. are located in counties adjacent to, or are located in, counties with existing living-at-home/block nurse programs; and
4. meet other criteria established by LAH/BN, Inc., in consultation with the commissioner.

(b) Grant applicants must also meet the following criteria:

1. the local community demonstrates a readiness to establish a community model of care, including the formation of a board of directors, advisory committee, or similar group, of which at least two-thirds is comprised of community citizens interested in community-based care for older persons;
2. the program has sponsorship by a credible, representative organization within the community;
3. the program has defined specific geographic boundaries and defined its organization, staffing and coordination/delivery of services;
4. the program demonstrates a team approach to coordination and care, ensuring that the older adult participants, their families, the formal and informal providers are all part of the effort to plan and provide services; and
5. the program provides assurances that all community resources and funding will be coordinated and that other funding sources will be maximized, including a person's own resources.

The organization under contract may increase the grant amount for applicants from communities that have socioeconomic characteristics that indicate a higher level of need for assistance. Subject to the availability of funding, grants and grant renewals awarded or entered into on or after July 1, 1997, shall be renewed by LAH/BN, Inc. every four years, unless LAH/BN, Inc. determines that the grant recipient has not satisfactorily operated the living-at-home/block nurse program in compliance with the requirements of paragraphs (b) and (d). Grants provided to living-at-home/block nurse programs under this paragraph may be used for both program development and the delivery of services.

(d) Each living-at-home/block nurse program shall be designed by representatives of the communities being served to ensure that the program addresses the specific needs of the community residents. The programs must be designed to:

1. incorporate the basic community, organizational, and service delivery principles of the living-at-home/block nurse program model;
2. provide senior citizens with registered nurse directed assessment, provision and coordination of health and personal care services on a sliding fee basis as an alternative to expensive nursing home care;
3. provide information, support services, homemaking services, counseling, and training for the client and family caregivers;
4. encourage the development and use of respite care, caregiver support, and in-home support programs, such as adult foster care and in-home adult day care;
5. encourage neighborhood residents and local organizations to collaborate in meeting the needs of senior citizens in their communities;
6. recruit, train, and direct the use of volunteers to provide informal services and other appropriate support to senior citizens and their caregivers; and
7. provide coordination and management of formal and informal services to senior citizens and their families using less expensive alternatives.

Subd. 9. State technical assistance center. The organization under contract shall be the state technical assistance center to provide orientation and technical assistance, and to coordinate the living-at-home/block nurse programs established. The state resource center shall:

1. provide communities with criteria in planning and designing their living-at-home/block nurse programs;
2. provide general orientation and technical assistance to communities who desire to establish living-at-home/block nurse programs;
(3) provide ongoing analysis and data collection of existing and newly established living-at-home/block nurse programs and provide data to the organization performing the independent assessment; and

(4) serve as the living-at-home/block nurse programs' liaison to the legislature and other state agencies.

Subd. 10. Implementation plan. The organization under contract shall develop a plan that specifies a strategy for implementing living-at-home/block nurse programs statewide. The plan must also analyze the data collected by the state technical assistance center and describe the effectiveness of services provided by living-at-home/block nurse programs, including the program's impact on acute care costs. The organization shall report to the commissioner of human services and to the legislature by January 1, 1993.

Subd. 11. SAIL evaluation and expansion. The commissioner shall evaluate the success of the SAIL projects against the objective stated in subdivision 1, paragraph (b), and recommend to the legislature the continuation or expansion of the long-term care strategy by February 15, 1995.

Subd. 12. Public awareness campaign. The commissioner, with assistance from the commissioner of health and with the advice of the long-term care planning committee, shall contract for a public awareness campaign to educate the general public, seniors, consumers, caregivers, and professionals about the aging process, the long-term care system, and alternatives available including alternative care and residential alternatives. Particular emphasis will be given to informing consumers on how to access the alternatives and obtain information on the long-term care system. The commissioner shall pursue the development of new names for preadmission screening, alternative care, foster care, and other services as deemed necessary for the public awareness campaign.

Subd. 14. Essential community supports grants. (a) The purpose of the essential community supports grant program is to provide targeted services to persons 65 years and older who need essential community support, but whose needs do not meet the level of care required for nursing facility placement under section 144.0724, subdivision 11.

(b) Within the limits of the appropriation and not to exceed $400 per person per month, funding must be available to a person who:

(1) is age 65 or older;
(2) is not eligible for medical assistance;
(3) would otherwise be financially eligible for the alternative care program under section 256B.0913, subdivision 4;
(4) has received a community assessment under section 256B.0911, subdivision 3a or 3b, and does not require the level of care provided in a nursing facility;
(5) has a community support plan; and
(6) has been determined by a community assessment under section 256B.0911, subdivision 3a or 3b, to be a person who would require provision of at least one of the following services, as defined in the approved elderly waiver plan, in order to maintain their community residence:

(i) caregiver support;
(ii) homemaker;
(iii) chore; or
(iv) a personal emergency response device or system.

(c) The person receiving any of the essential community supports in this subdivision must also receive service coordination as part of their community support plan.

(d) A person who has been determined to be eligible for an essential community support grant must be reassessed at least annually and continue to meet the criteria in paragraph (b) to remain eligible for an essential community support grant.

(e) The commissioner shall allocate grants to counties and tribes under contract with the department based upon the historic use of the medical assistance elderly waiver and alternative care grant programs and other criteria as determined by the commissioner.

256B.096 QUALITY MANAGEMENT, ASSURANCE, AND IMPROVEMENT SYSTEM FOR MINNESOTANS RECEIVING DISABILITY SERVICES.

Subdivision 1. Scope. In order to improve the quality of services provided to Minnesotans with disabilities and to meet the requirements of the federally approved home and community-based waivers under section 1915c of the Social Security Act, a statewide quality assurance and improvement system for Minnesotans receiving disability services shall be developed. The disability services included are the home and community-based services waiver programs for persons with developmental disabilities under section 256B.092, subdivision 4, and for persons with disabilities under section 256B.49.
Subd. 2. Stakeholder advisory group. The commissioner shall consult with a stakeholder advisory group on the development and implementation of the state quality management, assurance, and improvement system, including representatives of disability service recipients, disability service providers, disability advocacy groups, county human service agencies, and state agency staff from the Departments of Human Services and Health, and the ombudsman for mental health and developmental disabilities on the development of a statewide quality assurance and improvement system.

Subd. 3. Annual survey of service recipients. The commissioner, in consultation with the stakeholder advisory group, shall develop an annual independent random statewide survey of between five and ten percent of service recipients to determine the effectiveness and quality of disability services. The survey shall be consistent with the system performance expectations of the Centers for Medicare and Medicaid Services quality management requirements and framework. The survey shall analyze whether desired outcomes have been achieved for persons with different demographic, diagnostic, health, and functional needs receiving different types of services, in different settings, with different costs. The survey shall be field tested during 2008. The biennial report established in subdivision 5 shall include recommendations on statewide and regional reports of the survey results that, if published, would be useful to regions, counties, and providers to plan and measure the impact of quality improvement activities.

Subd. 4. Improvements for incident reporting, investigation, analysis, and follow-up. In consultation with the stakeholder advisory group, the commissioner shall identify the information, data sources, and technology needed to improve the system of incident reporting, including:

1. reports made under the Maltreatment of Minors and Vulnerable Adults Acts; and
2. investigation, analysis, and follow-up for disability services.

The commissioner must ensure that the federal home and community-based waiver requirements are met and that incidents that may have jeopardized safety and health or violated service-related assurances, civil and human rights, and other protections designed to prevent abuse, neglect, and exploitation, are reviewed, investigated, and acted upon in a timely manner.

256B.14 RELATIVE'S RESPONSIBILITY.

Subd. 3a. Spousal contribution. (a) For purposes of this subdivision, the following terms have the meanings given:

1. "commissioner" means the commissioner of human services;
2. "community spouse" means the spouse, who lives in the community, of an individual receiving long-term care services in a long-term care facility or home care services pursuant to the Medicaid waiver for elderly services under section 256B.0915 or the alternative care program under section 256B.0913. A community spouse does not include a spouse living in the community who receives a monthly income allowance under section 256B.058, subdivision 2, or who receives home and community-based services under section 256B.0915, 256B.092, or 256B.49, or the alternative care program under section 256B.0913;
3. "cost of care" means the actual fee-for-service costs or capitated payments for the long-term care spouse;
4. "department" means the Department of Human Services;
5. "disabled child" means a blind or permanently and totally disabled son or daughter of any age based on the Social Security Administration disability standards;
6. "income" means earned and unearned income, attributable to the community spouse, used to calculate the adjusted gross income on the prior year's income tax return. Evidence of income includes, but is not limited to, W-2 and 1099 forms; and
7. "long-term care spouse" means the spouse who is receiving long-term care services in a long-term care facility or home and community based services pursuant to the Medicaid waiver for elderly services under section 256B.0915 or the alternative care program under section 256B.0913.

(b) The community spouse of a long-term care spouse who receives medical assistance or alternative care services has an obligation to contribute to the cost of care. The community spouse must pay a monthly fee on a sliding fee scale based on the community spouse's income. If a minor or disabled child resides with and receives care from the community spouse, then no fee shall be assessed.

(c) For a community spouse with an income equal to or greater than 250 percent of the federal poverty guidelines for a family of two and less than 545 percent of the federal poverty guidelines for a family of two, the spousal contribution shall be determined using a sliding fee scale established by the commissioner that begins at 7.5 percent of the community spouse's income and increases to 15 percent for those with an income of up to 545 percent of the federal poverty guidelines for a family of two.
(d) For a community spouse with an income equal to or greater than 545 percent of the federal poverty guidelines for a family of two and less than 750 percent of the federal poverty guidelines for a family of two, the spousal contribution shall be determined using a sliding fee scale established by the commissioner that begins at 15 percent of the community spouse's income and increases to 25 percent for those with an income of up to 750 percent of the federal poverty guidelines for a family of two.

(e) For a community spouse with an income equal to or greater than 750 percent of the federal poverty guidelines for a family of two and less than 975 percent of the federal poverty guidelines for a family of two, the spousal contribution shall be determined using a sliding fee scale established by the commissioner that begins at 25 percent of the community spouse's income and increases to 33 percent for those with an income of up to 975 percent of the federal poverty guidelines for a family of two.

(f) For a community spouse with an income equal to or greater than 975 percent of the federal poverty guidelines for a family of two, the spousal contribution shall be 33 percent of the community spouse's income.

(g) The spousal contribution shall be explained in writing at the time eligibility for medical assistance or alternative care is being determined. In addition to explaining the formula used to determine the fee, the county or tribal agency shall provide written information describing how to request a variance for undue hardship, how a contribution may be reviewed or redetermined, the right to appeal a contribution determination, and that the consequences for not complying with a request to provide information shall be an assessment against the community spouse for the full cost of care for the long-term care spouse.

(h) The contribution shall be assessed for each month the long-term care spouse has a community spouse and is eligible for medical assistance payment of long-term care services or alternative care.

(i) The spousal contribution shall be reviewed at least once every 12 months and when there is a loss or gain in income in excess of ten percent. Thirty days prior to a review or redetermination, written notice must be provided to the community spouse and must contain the amount the spouse is required to contribute, notice of the right to redetermination and appeal, and the telephone number of the division at the agency that is responsible for redetermination and review. If, after review, the contribution amount is to be adjusted, the county or tribal agency shall mail a written notice to the community spouse 30 days in advance of the effective date of the change in the amount of the contribution.

1 The spouse shall notify the county or tribal agency within 30 days of a gain or loss in income in excess of ten percent and provide the agency supporting documentation to verify the need for redetermination of the fee.

2 When a spouse requests a review or redetermination of the contribution amount, a request for information shall be sent to the spouse within ten calendar days after the county or tribal agency receives the request for review.

3 No action shall be taken on a review or redetermination until the required information is received by the county or tribal agency.

4 The review of the spousal contribution shall be completed within ten days after the county or tribal agency receives completed information that verifies a loss or gain in income in excess of ten percent.

5 An increase in the contribution amount is effective in the month in which the increase in income occurs.

6 A decrease in the contribution amount is effective in the month the spouse verifies the reduction in income, retroactive to no longer than six months.

(j) In no case shall the spousal contribution exceed the amount of medical assistance expended or the cost of alternative care services for the care of the long-term care spouse. Annually, upon redetermination, or at termination of eligibility, the total amount of medical assistance paid or costs of alternative care for the care of the long-term care spouse and the total amount of the spousal contribution shall be compared. If the total amount of the spousal contribution exceeds the total amount of medical assistance expended or cost of alternative care, then the agency shall reimburse the community spouse the excess amount if the long-term care spouse is no longer receiving services, or apply the excess amount to the spousal contribution due until the excess amount is exhausted.

(k) A community spouse may request a variance by submitting a written request and supporting documentation that payment of the calculated contribution would cause an undue hardship. An undue hardship is defined as the inability to pay the calculated contribution due to medical expenses incurred by the community spouse. Documentation must include proof of medical expenses incurred by the community spouse since the last annual redetermination of
the contribution amount that are not reimbursable by any public or private source, and are a type, regardless of amount, that would be allowable as a federal tax deduction under the Internal Revenue Code.

(1) A spouse who requests a variance from a notice of an increase in the amount of spousal contribution shall continue to make monthly payments at the lower amount pending determination of the variance request. A spouse who requests a variance from the initial determination shall not be required to make a payment pending determination of the variance request. Payments made pending outcome of the variance request that result in overpayment must be returned to the spouse, if the long-term care spouse is no longer receiving services, or applied to the spousal contribution in the current year. If the variance is denied, the spouse shall pay the additional amount due from the effective date of the increase or the total amount due from the effective date of the original notice of determination of the spousal contribution.

(2) A spouse who is granted a variance shall sign a written agreement in which the spouse agrees to report to the county or tribal agency any changes in circumstances that gave rise to the undue hardship variance.

(3) When the county or tribal agency receives a request for a variance, written notice of a grant or denial of the variance shall be mailed to the spouse within 30 calendar days after the county or tribal agency receives the financial information required in this clause. The granting of a variance will necessitate a written agreement between the spouse and the county or tribal agency with regard to the specific terms of the variance. The variance will not become effective until the written agreement is signed by the spouse. If the county or tribal agency denies in whole or in part the request for a variance, the denial notice shall set forth the reasons for the denial that address the specific hardship and right to appeal.

(4) If a variance is granted, the term of the variance shall not exceed 12 months unless otherwise determined by the county or tribal agency.

(5) Undue hardship does not include action taken by a spouse which diverted or diverted income in order to avoid being assessed a spousal contribution.

(i) A spouse aggrieved by an action under this subdivision has the right to appeal under subdivision 4. If the spouse appeals on or before the effective date of an increase in the spousal fee, the spouse shall continue to make payments to the county or tribal agency in the lower amount while the appeal is pending. A spouse appealing an initial determination of a spousal contribution shall not be required to make monthly payments pending an appeal decision. Payments made that result in an overpayment shall be reimbursed to the spouse if the long-term care spouse is no longer receiving services, or applied to the spousal contribution remaining in the current year. If the county or tribal agency's determination is affirmed, the community spouse shall pay within 90 calendar days of the order the total amount due from the effective date of the original notice of determination of the spousal contribution. The commissioner's order is binding on the spouse and the agency and shall be implemented subject to section 256.045, subdivision 7. No additional notice is required to enforce the commissioner's order.

(m) If the county or tribal agency finds that notice of the payment obligation was given to the community spouse and the spouse was determined to be able to pay, but that the spouse failed or refused to pay, a cause of action exists against the community spouse for that portion of medical assistance payment of long-term care services or alternative care services granted after notice was given to the community spouse. The action may be brought by the county or tribal agency in the county where assistance was granted for the assistance together with the costs of disbursements incurred due to the action. In addition to granting the county or tribal agency a money judgment, the court may, upon a motion or order to show cause, order continuing contributions by a community spouse found able to repay the county or tribal agency. The order shall be effective only for the period of time during which a contribution shall be assessed.

(n) Counties and tribes are entitled to one-half of the nonfederal share of contributions made under this section for long-term care spouses on medical assistance that are directly attributed to county or tribal efforts. Counties and tribes are entitled to 25 percent of the contributions made under this section for long-term care spouses on alternative care directly attributed to county or tribal efforts.

256B.49 HOME AND COMMUNITY-BASED SERVICE WAIVERS FOR DISABLED.

Subd. 16a. Medical assistance reimbursement. (a) The commissioner shall seek federal approval for medical assistance reimbursement of independent living skills services, foster care waiver service, supported employment, prevocational service, and structured day service under
the home and community-based waiver for persons with a brain injury, the community alternatives for disabled individuals waivers, and the community alternative care waivers.

(b) Medical reimbursement shall be made only when the provider demonstrates evidence of its capacity to meet basic health, safety, and protection standards through the following methods:

(1) for independent living skills services, supported employment, prevocational service, and structured day service through one of the methods in paragraphs (c) and (d); and

(2) for foster care waiver services through the method in paragraph (e).

(c) The provider is licensed to provide services under chapter 245B and agrees to apply these standards to services funded through the brain injury, community alternatives for disabled persons, or community alternative care home and community-based waivers.

(d) The commissioner shall certify that the provider has policies and procedures governing the following:

(1) protection of the consumer's rights and privacy;

(2) risk assessment and planning;

(3) record keeping and reporting of incidents and emergencies with documentation of corrective action if needed;

(4) service outcomes, regular reviews of progress, and periodic reports;

(5) complaint and grievance procedures;

(6) service termination or suspension;

(7) necessary training and supervision of direct care staff that includes:

(i) documentation in personnel files of 20 hours of orientation training in providing training related to service provision;

(ii) training in recognizing the symptoms and effects of certain disabilities, health conditions, and positive behavioral supports and interventions;

(iii) a minimum of five hours of related training annually; and

(iv) when applicable:

(A) safe medication administration;

(B) proper handling of consumer funds; and

(C) compliance with prohibitions and standards developed by the commissioner to satisfy federal requirements regarding the use of restraints and restrictive interventions. The commissioner shall review at least biennially that each service provider's policies and procedures governing basic health, safety, and protection of rights continue to meet minimum standards.

(e) The commissioner shall seek federal approval for Medicaid reimbursement of foster care services under the home and community-based waiver for persons with a brain injury, the community alternatives for disabled individuals waiver, and community alternative care waiver when the provider demonstrates evidence of its capacity to meet basic health, safety, and protection standards. The commissioner shall verify that the adult foster care provider is licensed under Minnesota Rules, parts 9555.5105 to 9555.6265; that the child foster care provider is licensed as a family foster care or a foster care residence under Minnesota Rules, parts 2960.3000 to 2960.3340, and certify that the provider has policies and procedures that govern:

(1) compliance with prohibitions and standards developed by the commissioner to meet federal requirements regarding the use of restraints and restrictive interventions;

(2) documentation of service needs and outcomes, regular reviews of progress, and periodic reports; and

(3) safe medication management and administration.

The commissioner shall review at least biennially that each service provider's policies and procedures governing basic health, safety, and protection of rights standards continue to meet minimum standards.

(f) The commissioner shall seek federal waiver approval for Medicaid reimbursement of family adult day services under all disability waivers. After the waiver is granted, the commissioner shall include family adult day services in the common services menu that is currently under development.

256B.4913 PAYMENT METHODOLOGY DEVELOPMENT.

Subdivision 1. Research period and rates. (a) For the purposes of this section, "research rate" means a proposed payment rate for the provision of home and community-based waivered services to meet federal requirements and assess the implications of changing resources on the provision of services and "research period" means the time period during which the research rate is being assessed by the commissioner.

(b) The commissioner shall determine and publish initial frameworks and values to generate research rates for individuals receiving home and community-based services.
APPENDIX
Repealed Minnesota Statutes: H1233-4

(c) The initial values issued by the commissioner shall ensure projected spending for home and community-based services for each service area is equivalent to projected spending under current law in the most recent expenditure forecast.

(d) The initial values issued shall be based on the most updated information and cost data available on supervision, employee-related costs, client programming and supports, programming planning supports, transportation, administrative overhead, and utilization costs. These service areas are:

1. residential services, defined as corporate foster care, family foster care, residential care, supported living services, customized living, and 24-hour customized living;
2. day program services, defined as adult day care, day training and habilitation, prevocational services, structured day services, and transportation;
3. unit-based services with programming, defined as in-home family support, independent living services, supported living services, supported employment, behavior programming, and housing access coordination; and
4. unit-based services without programming, defined as respite, personal support, and night supervision.

(e) The commissioner shall make available the underlying assessment information, without any identifying information, and the statistical modeling used to generate the initial research rate and calculate budget neutrality.

Subd. 2. Framework values. (a) The commissioner shall propose legislation with the specific payment methodology frameworks, process for calculation, and specific values to populate the frameworks by February 15, 2013.
(b) The commissioner shall provide underlying data and information used to formulate the final frameworks and values to the existing stakeholder workgroup by January 15, 2013.
(c) The commissioner shall provide recommendations for the final frameworks and values, and the basis for the recommendations, to the legislative committees with jurisdiction over health and human services finance by February 15, 2013.
(d) The commissioner shall review the following topics during the research period and propose, as necessary, recommendations to address the following research questions:
1. underlying differences in the cost to provide services throughout the state;
2. a data-driven process for determining labor costs and customizations for staffing classifications included in each rate framework based on the services performed;
3. the allocation of resources previously established under section 256B.501, subdivision 4b;
4. further definition and development of unit-based services;
5. the impact of splitting the allocation of resources for unit-based services for those with programming aspects and those without;
6. linking assessment criteria to future assessment processes for determination of customizations;
7. recognition of cost differences in the use of monitoring technology where it is appropriate to substitute for supervision;
8. implications for day services of reimbursement based on a unit rate and a daily rate;
9. a definition of shared and individual staffing for unit-based services;
10. the underlying costs of providing transportation associated with day services; and
11. an exception process for individuals with exceptional needs that cannot be met under the initial research rate, and an alternative payment structure for those individuals.
(e) The commissioner shall develop a comprehensive plan based on information gathered during the research period that uses statistically reliable and valid assessment data to refine payment methodologies.
(f) The commissioner shall make recommendations and provide underlying data and information used to formulate these research recommendations to the existing stakeholder workgroup by January 15, 2013.

Subd. 3. Data collection. (a) The commissioner shall conduct any necessary research and gather additional data for the further development and refinement of payment methodology components. These include but are not limited to:
1. levels of service utilization and patterns of use;
2. staffing patterns for each service;
3. profiles of individual service needs; and
4. cost factors involved in providing transportation services.
(b) The commissioner shall provide this information to the existing stakeholder workgroup by January 15, 2013.
256B.501 RATES FOR COMMUNITY-BASED SERVICES FOR DISABLED.
Subd. 8. Payment for persons with special needs. The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the commissioner for medical assistance reimbursement for very dependent persons with special needs in an amount in excess of the rates allowed pursuant to subdivision 2, including rates established under section 252.46 when they apply to services provided to residents of intermediate care facilities for persons with developmental disabilities, and procedures to be followed for rate limitation exemptions for intermediate care facilities for persons with developmental disabilities. Rate payments under subdivision 8a are eligible for a rate exception under this subdivision. No excess payment approved by the commissioner after June 30, 1991, shall be authorized unless:
(1) the need for specific level of service is documented in the individual service plan of the person to be served;
(2) the level of service needed can be provided within the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, without a rate exception within 12 months;
(3) staff hours beyond those available under the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, necessary to deliver services do not exceed 1,440 hours within 12 months;
(4) there is a basis for the estimated cost of services;
(5) the provider requesting the exception documents that current per diem rates are insufficient to support needed services;
(6) estimated costs, when added to the costs of current medical assistance-funded residential and day training and habilitation services and calculated as a per diem, do not exceed the per diem established for the regional treatment centers for persons with developmental disabilities on July 1, 1990, indexed annually by the urban Consumer Price Index. All Items, as forecasted by Data Resources Inc., for the next fiscal year over the current fiscal year;
(7) any contingencies for an approval as outlined in writing by the commissioner are met; and
(8) any commissioner orders for use of preferred providers are met.
The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits.
The commissioner may terminate the rate exception at any time under any of the conditions outlined in Minnesota Rules, part 9510.1120, subpart 3, for county termination, or by reason of information obtained through program and fiscal audits which indicate the criteria outlined in this subdivision have not been, or are no longer being, met.
The commissioner may approve no more than one rate exception, up to 12 months duration, for an eligible client.

256B.5012 ICF/MR PAYMENT SYSTEM IMPLEMENTATION.
Subd. 13. ICF/DD rate decrease effective July 1, 2013. Notwithstanding subdivision 12, and if the commissioner has not received federal approval before July 1, 2013, of the Long-Term Care Realignment Waiver application submitted under Laws 2011, First Special Session chapter 9, article 7, section 52, or only receives approval to implement portions of the waiver request, for each facility reimbursed under this section for services provided from July 1, 2013, through December 31, 2013, the commissioner shall decrease operating payments up to 1.67 percent of the operating payment rates in effect on June 30, 2013. The commissioner shall prorate the reduction in the event that only portions of the waiver request are approved and after application of the continuing care provider payment delay provision in Laws 2012, chapter 247, article 6, section 2, subdivision 4, paragraph (f). For each facility, the commissioner shall apply the rate reduction based on occupied beds, using the percentage specified in this subdivision multiplied by the total payment rate, including the variable rate but excluding the property-related payment rate,
in effect on the preceding date. The total rate reduction shall include the adjustment provided in section 256B.501, subdivision 12.

256J.24 FAMILY COMPOSITION; ASSISTANCE STANDARDS; EXIT LEVEL.

Subdivision 1. MFIP assistance unit. An MFIP assistance unit is either a group of individuals with at least one minor child who live together whose needs, assets, and income are considered together and who receive MFIP assistance, or a pregnant woman and her spouse who receive MFIP assistance.

Individuals identified in subdivision 2 must be included in the MFIP assistance unit. Individuals identified in subdivision 3 are ineligible to receive MFIP. Individuals identified in subdivision 4 may be included in the assistance unit at their option. Individuals not included in the assistance unit who are identified in section 256J.37, subdivisions 1 to 2, must have their income and assets considered when determining eligibility and benefits for an MFIP assistance unit. All assistance unit members, whether mandatory or elective, who live together and for whom one caregiver or two caregivers apply must be included in a single assistance unit.

Subd. 2. Mandatory assistance unit composition. Except for minor caregivers and their children who must be in a separate assistance unit from the other persons in the household, when the following individuals live together, they must be included in the assistance unit:

(1) a minor child, including a pregnant minor;
(2) the minor child's minor siblings, minor half siblings, and minor stepsiblings;
(3) the minor child's birth parents, adoptive parents, and stepparents; and
(4) the spouse of a pregnant woman.

A minor child must have a caregiver for the child to be included in the assistance unit.

Subd. 3. Individuals who must be excluded from an assistance unit. (a) The following individuals who are part of the assistance unit determined under subdivision 2 are ineligible to receive MFIP:

(1) individuals who are recipients of Supplemental Security Income or Minnesota supplemental aid;
(2) individuals disqualified from the food stamp or food support program or MFIP, until the disqualification ends;
(3) children on whose behalf federal, state or local foster care payments are made, except as provided in sections 256J.13, subdivision 2, and 256J.74, subdivision 2;
(4) children receiving ongoing monthly adoption assistance payments under section 259.67; and
(5) individuals disqualified from the work participation cash benefit program until that disqualification ends.

(b) The exclusion of a person under this subdivision does not alter the mandatory assistance unit composition.

Subd. 4. Individuals who may elect to be included in the assistance unit. (a) The minor child's eligible caregiver may choose to be in the assistance unit, if the caregiver is not required to be in the assistance unit under subdivision 2. If the eligible caregiver chooses to be in the assistance unit, that person's spouse must also be in the unit.

(b) Any minor child not related as a sibling, stepsibling, or adopted sibling to the minor child in the unit, but for whom there is an eligible caregiver may elect to be in the unit.

(c) A foster care provider of a minor child who is receiving federal, state, or local foster care maintenance payments may elect to receive MFIP if the provider meets the definition of caregiver under section 256J.08, subdivision 11. If the provider chooses to receive MFIP, the spouse of the provider must also be included in the assistance unit with the provider. The provider and spouse are eligible for assistance even if the only minor child living in the provider's home is receiving foster care maintenance payments.

(d) The adult caregiver or caregivers of a minor parent are eligible to be a separate assistance unit from the minor parent and the minor parent's child when:

(1) the adult caregiver or caregivers have no other minor children in the household;
(2) the minor parent and the minor parent's child are living together with the adult caregiver or caregivers; and
(3) the minor parent and the minor parent's child receive MFIP, or would be eligible to receive MFIP, if they were not receiving SSI benefits.

Subd. 5. MFIP transitional standard. The MFIP transitional standard is based on the number of persons in the assistance unit eligible for both food and cash assistance unless the restrictions in subdivision 6 on the birth of a child apply. The amount of the transitional standard is published annually by the Department of Human Services.

42R
Subd. 5a. **Food portion of MFIP transitional standard.** The commissioner shall adjust the food portion of the MFIP transitional standard as needed to reflect adjustments to the Supplemental Nutrition Assistance Program. The commissioner shall publish the transitional standard including a breakdown of the cash and food portions for an assistance unit of sizes one to ten in the State Register whenever an adjustment is made.

Subd. 6. **Family cap.** (a) MFIP assistance units shall not receive an increase in the cash portion of the transitional standard as a result of the birth of a child, unless one of the conditions under paragraph (b) is met. The child shall be considered a member of the assistance unit according to subdivisions 1 to 3, but shall be excluded in determining family size for purposes of determining the amount of the cash portion of the transitional standard under subdivision 5. The child shall be included in determining family size for purposes of determining the food portion of the transitional standard. The transitional standard under this subdivision shall be the total of the cash and food portions as specified in this paragraph. The family wage level under this subdivision shall be based on the family size used to determine the food portion of the transitional standard.

(b) A child shall be included in determining family size for purposes of determining the amount of the cash portion of the MFIP transitional standard when at least one of the following conditions is met:

1. for families receiving MFIP assistance on July 1, 2003, the child is born to the adult parent before May 1, 2004;
2. for families who apply for the diversionary work program under section 256J.95 or MFIP assistance on or after July 1, 2003, the child is born to the adult parent within ten months of the date the family is eligible for assistance;
3. the child was conceived as a result of a sexual assault or incest, provided that the incident has been reported to a law enforcement agency;
4. the child's mother is a minor caregiver as defined in section 256J.08, subdivision 59, and the child, or multiple children, are the mother's first birth;
5. the child is the mother's first child subsequent to a pregnancy that did not result in a live birth; or
6. any child previously excluded in determining family size under paragraph (a) shall be included if the adult parent or parents have not received benefits from the diversionary work program under section 256J.95 or MFIP assistance in the previous ten months. An adult parent or parents who reapply and have received benefits from the diversionary work program or MFIP assistance in the past ten months shall be under the ten-month grace period of their previous application under clause (2).

(c) Income and resources of a child excluded under this subdivision, except child support received or distributed on behalf of this child, must be considered using the same policies as for other children when determining the grant amount of the assistance unit.

(d) The caregiver must assign support and cooperate with the child support enforcement agency to establish paternity and collect child support on behalf of the excluded child. Failure to cooperate results in the sanction specified in section 256J.46, subdivisions 2 and 2a. (e) County agencies must inform applicants of the provisions under this subdivision at the time of each application and at recertification.

(f) Children excluded under this provision shall be deemed MFIP recipients for purposes of child care under chapter 119B.

Subd. 7. **Family wage level.** The family wage level is 110 percent of the transitional standard under subdivision 5 or 6, when applicable, and is the standard used when there is earned income in the assistance unit. As specified in section 256J.21, earned income is subtracted from the family wage level to determine the amount of the assistance payment. The assistance payment may not exceed the transitional standard under subdivision 5 or 6, or the shared household standard under subdivision 9, whichever is applicable, for the assistance unit.

Subd. 9. **Shared household standard; MFIP.** (a) Except as prohibited in paragraph (b), the county agency must use the shared household standard when the household includes one or more unrelated members, as that term is defined in section 256J.08, subdivision 86a. The county agency must use the shared household standard, unless a member of the assistance unit is a victim of family violence and has an alternative employment plan, regardless of the number of unrelated members in the household.

(b) The county agency must not use the shared household standard when all unrelated members are one of the following:
(1) a recipient of public assistance benefits, including food stamps or food support, Supplemental Security Income, adoption assistance, relative custody assistance, or foster care payments;
(2) a roomer or boarder, or a person to whom the assistance unit is paying room or board;

(c) The shared household standard must be discontinued if it is not approved by the United States Department of Agriculture under the MFIP waiver.

Subd. 10. MFIP exit level. The commissioner shall adjust the MFIP earned income disregard to ensure that most participants do not lose eligibility for MFIP until their income reaches at least 115 percent of the federal poverty guidelines at the time of the adjustment. The adjustment to the disregard shall be based on a household size of three, and the resulting earned income disregard percentage must be applied to all household sizes. The adjustment under this subdivision must be implemented whenever a Supplemental Nutrition Assistance Program adjustment is reflected in the food portion of the MFIP transitional standard as required under subdivision 5a.

Persons disenrolled for nonpayment or who voluntarily terminate coverage may not reenroll until four calendar months have elapsed.

Subd. 5. Assistance to enrollees. The commissioner of human services, in consultation with the commissioner of commerce, shall develop an efficient and cost-effective method of referring eligible applicants to professional insurance agent associations.

Parents enrolled in MinnesotaCare under section 256L.04, subdivision 1, whose income increases above 275 percent of the federal poverty guidelines, are no longer eligible for the program and shall be disenrolled by the commissioner. Beginning January 1, 2008, individuals enrolled in MinnesotaCare under section 256L.04, subdivision 7, whose income increases above 200 percent of the federal poverty guidelines or 250 percent of the federal poverty guidelines on or after July 1, 2009, are no longer eligible for the program and shall be disenrolled by the commissioner. For persons disenrolled under this subdivision, MinnesotaCare coverage terminates the last day of the calendar month following the month in which the commissioner determines that the income of a family or individual exceeds program income limits.

(b) Children may remain enrolled in MinnesotaCare if their gross family income as defined in section 256L.01, subdivision 4, is greater than 275 percent of federal poverty guidelines. The premium for children remaining eligible under this paragraph shall be the maximum premium determined under section 256L.15, subdivision 2, paragraph (b).

(c) Notwithstanding paragraph (a), parents are not eligible for MinnesotaCare if gross household income exceeds $57,500 for the 12-month period of eligibility.

Subd. 5. Voluntary disenrollment for members of military. Notwithstanding section 256L.05, subdivision 3b, MinnesotaCare enrollees who are members of the military and their families, who choose to voluntarily disenroll from the program when one or more family members are called to active duty, may reenroll during or following that member's tour of active duty. Those individuals and families shall be considered to have good cause for voluntary termination under section 256L.06, subdivision 3, paragraph (d). Income and asset increases reported at the time of reenrollment shall be disregarded. All provisions of sections 256L.01 to 256L.18 shall apply to individuals and families enrolled under this subdivision upon 12-month renewal.

Subd. 8. Automatic eligibility for certain children. Any child who was residing in foster care or a juvenile residential correctional facility on the child's 18th birthday is automatically deemed eligible for MinnesotaCare upon termination or release until the child reaches the age of 21, and is exempt from the requirements of this section and section 256L.15. To be enrolled under this section, a child must complete an initial application for MinnesotaCare. The commissioner shall contact individuals enrolled under this section annually to ensure the individual continues to reside in the state and is interested in continuing MinnesotaCare coverage.

Subd. 9. Firefighters; volunteer ambulance attendants. (a) For purposes of this subdivision, "qualified individual" means:

paragraphs (a) and (b). Payment for adults who are not pregnant and are eligible under section
256L.04, subdivisions 1 and 2, and whose incomes are equal to or less than 175 percent of the

subdivision 4, is less than or equal to the amount remaining in the enrollee's benefit limit
under section 256L.03, subdivision 3, payment must be the medical assistance rate minus any
co-payment required under section 256L.03, subdivision 4. The hospital must not seek payment
from the enrollee in addition to the co-payment. The MinnesotaCare payment plus the co-payment
must be treated as payment in full.

(b) If the medical assistance rate minus any co-payment required under section 256L.03,
subdivision 4, is greater than the amount remaining in the enrollee's benefit limit under section
256L.03, subdivision 3, payment must be the lesser of:
(1) the amount remaining in the enrollee's benefit limit; or
(2) charges submitted for the inpatient hospital services less any co-payment established
under section 256L.03, subdivision 4.

The hospital may seek payment from the enrollee for the amount by which usual and
customary charges exceed the payment under this paragraph. If payment is reduced under section
256L.03, subdivision 3, paragraph (b), the hospital may not seek payment from the enrollee for
the amount of the reduction.

(c) For admissions occurring on or after July 1, 2011, for single adults and households
without children who are eligible under section 256L.04, subdivision 7, the commissioner shall
pay hospitals directly, up to the medical assistance payment rate, for inpatient hospital benefits
up to the $10,000 annual inpatient benefit limit, minus any co-payment required under section

### 4668.0005 PROFESSIONAL LICENSES.

Nothing in this chapter limits or expands the rights of health care professionals to provide services within the scope of their licenses or registrations, as provided by Minnesota law.

### 4668.0008 SERVICES INCLUDED IN AND EXCLUDED FROM LICENSURE.

Subpart 1. **Purpose.** This part implements Minnesota Statutes, section 144A.43, and establishes a process for determining what businesses are subject to licensure under this chapter. This part must be read together with Minnesota Statutes, section 144A.43. A business that is not required to be licensed under this chapter may obtain a license for the purpose of excluding individual contractors under subpart 6 or for other lawful purposes.

Subp. 2. **Determination of direct services.** As defined in Minnesota Statutes, section 144A.43, subdivision 4, a home care provider is a business that provides at least one home care
service directly. A service that is provided directly means a service provided to a client by the provider or employees of the provider, and not by contract with an independent contractor. The administration of a contract for home care services is not in itself a direct service. Factors that shall be considered in determining whether a business provides home care services directly include whether the business:

A. has the right to control and does control the types of services provided;
B. has the right to control and does control when and how the services are provided;
C. establishes the charges;
D. collects fees from the clients or receives payment from third party payers on the clients' behalf;
E. pays compensation on an hourly, weekly, or similar time basis;
F. treats the individuals as employees for purposes of payroll taxes and workers' compensation insurance; and
G. holds itself out as a provider of services or acts in a manner that leads clients or potential clients reasonably to believe that it is a provider of services.

None of the factors listed in items A to G is solely determinative.

Subp. 3. **Contract services.** If a licensee contracts for a home care service with a business that is not subject to licensure under this chapter, it must require, in the contract, that the business comply with this chapter and Minnesota Statutes, sections 144A.43 to 144A.47.

Subp. 4. **Coordination of providers of home care services.** The coordination of home care services is not itself a home care service. Coordination of home care services means one or more of the following:

A. Determination whether a client needs home care services, what services are needed, and whether existing services need to continue or be modified.
B. Referral of clients to home care providers.
C. Administration of payments for home care services.

Subp. 5. **Determination of regularly engaged.** As used in Minnesota Statutes, section 144A.43, subdivision 4, "regularly engaged" means providing, or offering to provide, home care services as a regular part of a provider's business. The following factors shall be considered by the commissioner in determining whether a person is regularly engaged in providing home care services:

A. whether the person markets services specifically to individuals whose illnesses, disabilities, or physical conditions create needs for the services;
B. whether the services are designed and intended specifically to assist the individuals;
C. whether the individuals constitute a substantial part of the person's clientele; and
D. whether the home care services are other than occasional or incidental to the provision of services that are not home care services.

None of the factors listed in items A to D is solely determinative.

Subp. 6. **Exclusion for a paraprofessional not regularly engaged in delivering home care services.** For purposes of subpart 5, an individual who performs home care aide tasks or home management tasks for no more than 14 hours each calendar week to no more than one client, is not regularly engaged in the delivery of home care services, and is not subject to licensure under this chapter.

Subp. 7. **Exclusion of individual contractors.** An individual who is not an employee of a licensed provider need not be licensed under this chapter, if the person:

A. only provides services as an independent contractor with one or more licensed providers;
B. provides no services under direct agreements with clients; and
C. is contractually bound to perform services in compliance with the contracting providers' policies and service agreements.

Individuals excluded from licensure under this subpart must comply with the same requirements of this chapter as employees of the contracting licensee.

Subp. 8. **Governmental providers.** Except as otherwise provided in this chapter or in law, home care services that are provided by the state, counties, or other units of government must be licensed under this chapter.
Subp. 9. **Exclusion of certain instructional and incidental services.** A business is not subject to Minnesota Statutes, sections 144A.43 to 144A.47, and is not required to be licensed under this chapter if the business only provides services that are primarily instructional and not medical services or health-related support services.

Subp. 10. **Temporary staffing agencies.** A business that provides staff to home care providers, such as temporary employment agencies, is not required to be licensed under this chapter if the business:

A. only provides staff under contract to licensed or exempt providers;
B. provides no services under direct agreements with clients; and
C. is contractually bound to perform services under the contracting providers' direction and supervision.

Subp. 11. **Status of temporary staff.** For purposes of this chapter, staff of businesses excluded from licensure under subpart 10 shall be treated as if they are employees of the contracting licensee.

Subp. 12. **Medical equipment provider.** A provider of medical supplies and equipment is subject to this chapter only if:

A. the provider provides a home care service;
B. the provider makes more than one visit to a client's residence to provide the home care service; and
C. the supplies or equipment are ordered by a physician, osteopath, dentist, podiatrist, chiropractor, or other prescriber.

In this subpart, home care service does not include maintenance of supplies or equipment or instruction in their use.

**4668.0012 LICENSURE.**

Subpart 1. **License issued.** If a provider complies with the requirements of this chapter and Minnesota Statutes, sections 144A.43 to 144A.47, the commissioner shall issue to the provider a certificate of licensure that will contain:

A. the provider's name and address;
B. the class of license as provided in subpart 3;
C. the beginning and expiration dates; and
D. a unique license number.

Subp. 2. **Multiple units.** Multiple units of a provider must share the same management that supervises and administers services provided by all units. Multiple units of a provider must be separately licensed if the commissioner determines that the units cannot adequately share supervision and administration of services with the main office because of distinct organizational structures.

Subp. 3. **Classes of licenses.** In issuing a license under this part, the commissioner shall assign a license classification according to items A and B. A provider performing only home management tasks must be registered according to Minnesota Statutes, section 144A.461, and need not obtain a home care license.

A. A provider must apply for one of the classes of the home care license listed in subitems (1) to (5).

1. Class A, or professional home care agency license. Under this license, a provider may provide all home care services in a place of residence, including a residential center, at least one of which is nursing, physical therapy, speech therapy, respiratory therapy, occupational therapy, nutritional services, medical social services, home health aide tasks, or the provision of medical supplies and equipment when accompanied by the provision of a home care service.

2. Class B, or paraprofessional agency license. Under this license, a provider may perform home care aide tasks and home management tasks, as provided by parts 4668.0110 and 4668.0120.

3. Class C, or individual paraprofessional license. Under this license, a provider may perform home health aide, home care aide, and home management tasks.

4. Class E, or assisted living programs license. Under this license, a provider may only provide assisted living services to residents of a residential center.
(5) Class F home care provider license. Under this license, a provider may provide assisted living home care services solely for residents of one or more registered housing with services establishments, as provided by Minnesota Statutes, section 144A.4605.

B. If a provider meets the requirements of more than one license class, the commissioner shall issue to the provider a separate license for each applicable class of home care licensure.

Subp. 5. New license. A license shall be issued to an applicant that is not currently licensed if the applicant completes the application, pays the fee in full, and complies with this chapter and Minnesota Statutes, sections 144A.43 to 144A.47. B. An application on behalf of a corporation, association, or unit of government must be signed by an officer or managing agent.

Subp. 7. Agent. Each application for a home care provider license or for renewal of a home care provider license shall designate one or more owners, managerial officials, or employees, as an agent:

A. who is authorized to transact business with the commissioner of health on all matters provided for in this chapter and Minnesota Statutes, sections 144A.43 to 144A.47; and

B. upon whom all notices and orders shall be served, and who is authorized to accept service of notices and orders on behalf of the licensee, in proceedings under this chapter and Minnesota Statutes, sections 144A.43 to 144A.47.

The designation of one or more persons under this subpart shall not affect the legal responsibility of any other owner or managerial official under this chapter and Minnesota Statutes, sections 144A.43 to 144A.47.
Subp. 8. **Notification of changes in information.** The licensee shall notify the commissioner in writing within ten working days after any change in the information required to be provided by subparts 6 and 7, except for the information required by subpart 6, item A, subitem (4), which will be required at the time of license renewal, and except for services reported under subpart 6, item A, subitem (9), that are discontinued for less than 90 days.

Subp. 9. **Application processing.** The commissioner shall process an application in the manner provided by Minnesota Statutes, section 144A.46, subdivision 1, paragraph (b). No application shall be processed without payment of the license fee in full, in the amount provided by subpart 18.

Subp. 11. **Denial of license.** A license shall be denied if:

A. the applicant; an owner of the applicant, individually or as an owner of another home care provider; or another home care provider of which an owner of the applicant also was or is an owner; has ever been issued a correction order for failing to assist its clients, in violation of part 4668.0050, subpart 2, upon the licensee's decision to cease doing business as a home care provider;

B. the applicant is not in compliance with this chapter and Minnesota Statutes, sections 144A.43 to 144A.47;

Subp. 15. **Suspension, revocation, or denial of renewal of license.** The commissioner may deny renewal of a license, or may suspend, revoke, or make conditional a license, if the licensee, or an owner or managerial official of the licensee:
