ARTICLE 1

PROFESSIONAL EDUCATOR LICENSING AND STANDARDS BOARD

Section 1. Minnesota Statutes 2016, section 122A.06, is amended to read:

122A.06 DEFINITIONS.

Subdivision 1. Scope. For the purpose of sections 122A.05 to 122A.09, 122A.093, the terms defined in this section have the meanings given them, unless another meaning is clearly indicated.

Subd. 2. Teacher. "Teacher" means a classroom teacher or other similar professional employee required to hold a license from the Professional Educator Licensing and Standards Board of Teaching.
Subd. 3. **Board.** "Board" means the Professional Educator Licensing and Standards Board of Teaching.

Subd. 4. **Comprehensive, scientifically based reading instruction.** (a) "Comprehensive, scientifically based reading instruction" includes a program or collection of instructional practices that is based on valid, replicable evidence showing that when these programs or practices are used, students can be expected to achieve, at a minimum, satisfactory reading progress. The program or collection of practices must include, at a minimum, effective, balanced instruction in all five areas of reading: phonemic awareness, phonics, fluency, vocabulary development, and reading comprehension.

Comprehensive, scientifically based reading instruction also includes and integrates instructional strategies for continuously assessing, evaluating, and communicating the student's reading progress and needs in order to design and implement ongoing interventions so that students of all ages and proficiency levels can read and comprehend text, write, and apply higher level thinking skills. For English learners developing literacy skills, districts are encouraged to use strategies that teach reading and writing in the students' native language and English at the same time.

(b) "Fluency" is the ability of students to read text with speed, accuracy, and proper expression.

(c) "Phonemic awareness" is the ability of students to notice, think about, and manipulate individual sounds in spoken syllables and words.

(d) "Phonics" is the understanding that there are systematic and predictable relationships between written letters and spoken words. Phonics instruction is a way of teaching reading that stresses learning how letters correspond to sounds and how to apply this knowledge in reading and spelling.

(e) "Reading comprehension" is an active process that requires intentional thinking during which meaning is constructed through interactions between text and reader. Comprehension skills are taught explicitly by demonstrating, explaining, modeling, and implementing specific cognitive strategies to help beginning readers derive meaning through intentional, problem-solving thinking processes.

(f) "Vocabulary development" is the process of teaching vocabulary both directly and indirectly, with repetition and multiple exposures to vocabulary items. Learning in rich contexts, incidental learning, and use of computer technology enhance the acquiring of vocabulary.
(g) Nothing in this subdivision limits the authority of a school district to select a school’s reading program or curriculum.

Subd. 5. Field. A "field" or "subject area" means the content area in which a teacher may become licensed to teach.

Subd. 6. Shortage. "Shortage" means an inadequate supply of licensed personnel in a given licensure area, as identified in the most recent report submitted by the commissioner of education to the legislature under section 127A.05, subdivision 6, or the Professional Educator Licensing and Standards Board under section 122A.091, subdivision 5.

Subd. 7. Teacher preparation program. "Teacher preparation program" means a program approved by the Professional Educator Licensing and Standards Board for the purpose of preparing individuals for a specific teacher licensure field in Minnesota. Teacher preparation programs include traditional programs delivered by postsecondary institutions, alternative teacher preparation programs, and nonconventional teacher preparation programs.

Subd. 8. Teacher preparation program provider. "Teacher preparation program provider" or "unit" means an entity that has primary responsibility for overseeing and delivering a teacher preparation program.

EFFECTIVE DATE. This section is effective September 1, 2017.

Subd. 3. **Election of chair and officers.** The Professional Educator Licensing and Standards Board shall elect a chair and such other officers as it may deem necessary.

**EFFECTIVE DATE.** This section is effective July 1, 2018.

Sec. 7. Minnesota Statutes 2016, section 122A.09, subdivision 4, is amended to read:

Subd. 4. **License and rules Licensing.** (a) The Professional Educator Licensing and Standards Board must adopt rules to license public school teachers and interns subject to chapter 14, as defined in section 122A.15, subdivision 1, except for
supervisory personnel, as defined in section 122A.15, subdivision 2. The board must not
delegate its authority to make all licensing decisions with respect to candidates for teacher
licensure. The board must evaluate candidates for compliance with statutory or rule
requirements for licensure and develop licensure verification requirements.

(b) The board must require all candidates for teacher licensure to demonstrate a passing
score on a board-adopted skills examination in reading, writing, and mathematics, as a
requirement for an initial professional five-year teaching license, except that the board may
issue up to four initial professional one-year teaching licenses to an otherwise qualified
candidate who has not yet passed the board-adopted skills exam. The board must require
colleges and universities offering a board-approved teacher preparation program to provide
remedial assistance to persons who did not achieve a qualifying score on the board-adopted
skills examination, including those for whom English is a second language. The requirement
to pass a board-adopted reading, writing, and mathematics skills examination does not apply
to nonnative English speakers, as verified by qualified Minnesota school district personnel
or Minnesota higher education faculty, who, after meeting the content and pedagogy
requirements under this subdivision, apply for a teaching license to provide direct instruction
in their native language or world language instruction under section 120B.022, subdivision

1. The Board of Teaching and the entity administering the content, pedagogy, and skills
examinations must allow any individual who produces documentation of a disability in the
form of an evaluation, 504 plan, or individual education program (IEP) to receive the same
testing accommodations on the content, pedagogy, and skills examinations that the applicant
received during their secondary or postsecondary education.

(c) The board must adopt rules to approve teacher preparation programs. The board,
upon the request of a postsecondary student preparing for teacher licensure or a licensed
graduate of a teacher preparation program, shall assist in resolving a dispute between the
person and a postsecondary institution providing a teacher preparation program when the
dispute involves an institution's recommendation for licensure affecting the person or the
person's credentials. At the board's discretion, assistance may include the application of
chapter 14.

(d) The board must provide the leadership and adopt rules for the redesign of teacher
education programs to implement a research-based, results-oriented curriculum that focuses
on the skills teachers need in order to be effective. Among other components, teacher
preparation programs may use the Minnesota State Colleges and Universities program model
to provide a school-year-long student teaching program that combines clinical opportunities
with academic coursework and in-depth student teaching experiences to offer students
ongoing mentorship, coaching, and assessment, help to prepare a professional development plan, and structured learning experiences. The board shall implement new systems of teacher preparation program evaluation to assure program effectiveness based on proficiency of graduates in demonstrating attainment of program outcomes. Teacher preparation programs including alternative teacher preparation programs under section 122A.245, among other programs, must include a content-specific, board-approved, performance-based assessment that measures teacher candidates in three areas: planning for instruction and assessment, engaging students and supporting learning, and assessing student learning. The board's redesign rules must include creating flexible, specialized teaching licenses, credentials, and other endorsement forms to increase students' participation in language immersion programs, world language instruction, career development opportunities, work-based learning, early college courses and careers, career and technical programs, Montessori schools, and project and place-based learning, among other career and college ready learning offerings.

(e) The board must adopt rules requiring candidates for professional five-year teaching licenses to pass an examination of general pedagogical knowledge and examinations of licensure-specific teaching skills. The rules shall be effective by September 1, 2001. The rules under this paragraph also must require candidates for initial licenses to teach prekindergarten or elementary students to pass, as part of the examination of licensure-specific teaching skills, test items assessing the candidates' knowledge, skill, and ability in comprehensive, scientifically based reading instruction under section 122A.06, subdivision 4, and their knowledge and understanding of the foundations of reading development, the development of reading comprehension, and reading assessment and instruction, and their ability to integrate that knowledge and understanding.

(f) The board must adopt rules requiring teacher educators to work directly with elementary or secondary school teachers in elementary or secondary schools to obtain periodic exposure to the elementary or secondary teaching environment.

(g) The board must grant licenses to interns and to candidates for professional five-year teaching licenses based on appropriate professional competencies that are aligned with the board's licensing system and students' diverse learning needs. All teacher candidates must have preparation in English language development and content instruction for English learners in order to be able to effectively instruct the English learners in their classrooms. The board must include these licenses in a statewide differentiated licensing system that creates new leadership roles for successful experienced teachers premised on a collaborative professional culture dedicated to meeting students' diverse learning needs in the 21st century, recognizes the importance of cultural and linguistic competencies, including the ability to
teach and communicate in culturally competent and aware ways, and formalizes mentoring
and induction for newly licensed teachers provided through a teacher support framework.

(h) The board must design and implement an assessment system which requires a
candidate for an initial license and first continuing license to demonstrate the abilities
necessary to perform selected, representative teaching tasks at appropriate levels.

(i) The board must receive recommendations from local committees as established by
the board for the renewal of teaching licenses. The board must require a licensed teacher
who is renewing a professional five-year teaching license to include in the renewal
requirements further preparation in English language development and specially designed
content instruction in English for English learners.

(j) The board must grant life licenses to those who qualify according to requirements
established by the board, and suspend or revoke licenses pursuant to sections 122A.20 and
214.10. The board must not establish any expiration date for application for life licenses.

(k) The board must adopt rules that require all licensed teachers who are renewing their
professional five-year teaching licenses to include in their renewal requirements further
preparation in the areas of using positive behavior interventions and in accommodating,
modifying, and adapting curricula, materials, and strategies to appropriately meet the needs
of individual students and ensure adequate progress toward the state’s graduation rule.

(l) In adopting rules to license public school teachers who provide health-related services
for disabled children, the board shall adopt rules consistent with license or registration
requirements of the commissioner of health and the health-related boards who license
personnel who perform similar services outside of the school.

(m) The board must adopt rules that require all licensed teachers who are renewing their
professional five-year teaching licenses to include in their renewal requirements further
reading preparation, consistent with section 122A.06, subdivision 4. The rules do not take
effect until they are approved by law. Teachers who do not provide direct instruction
including, at least, counselors, school psychologists, school nurses, school social workers,
audiovisual directors and coordinators, and recreation personnel are exempt from this section.

(n) The board must adopt rules that require all licensed teachers who are renewing their
professional five-year teaching licenses to include in their renewal requirements at least
one hour of suicide prevention best practices in each licensure renewal period that are based
on nationally recognized evidence-based programs and practices, among the continuing
education credits required to renew a license under this paragraph, and further preparation,
first, in understanding the key warning signs of early-onset mental illness in children and

Article 1 Sec. 7.
adolescents and then, during subsequent licensure renewal periods, preparation may include
providing a more in-depth understanding of students’ mental illness trauma, accommodations
for students’ mental illness, parents’ role in addressing students’ mental illness, Fetal Alcohol
Spectrum Disorders, autism, the requirements of section 125A.0942 governing restrictive
procedures, and de-escalation methods, among other similar topics.

(o) The board must adopt rules by January 1, 2016, to license applicants under sections
122A.23 and 122A.245. The rules must permit applicants to demonstrate their qualifications
through the board’s recognition of a teaching license from another state in a similar content
field, completion of a state-approved teacher preparation program, teaching experience as
the teacher of record in a similar licensure field, depth of content knowledge, depth of
content methods or general pedagogy, subject-specific professional development and
contribution to the field, or classroom performance as determined by documented student
growth on normed assessments or documented effectiveness on evaluations. The rules must
adopt criteria for determining a "similar content field" and "similar licensure area."

EFFECTIVE DATE. This section is effective July 1, 2018.

of race, ethnicity, and eligibility for financial aid.

(e) The Board of Teaching must grant professional five-year teaching licenses only to
those persons who have met board criteria for that license, which includes passing a
board-adopted skills examination in reading, writing, and mathematics, and the exceptions
in section 122A.09, subdivision 4, paragraph (b), that are consistent with this paragraph.

The requirement to pass a board-adopted reading, writing, and mathematics skills

Subdivision 1. Grounds for revocation, suspension, or denial. (a) The Professional Educator Licensing and Standards Board of Teaching or Board of School Administrators, whichever has jurisdiction over a teacher's licensure, may, on the written complaint of the school board employing a teacher, a teacher organization, or any other interested person, refuse to issue, refuse to renew, suspend, or revoke a teacher's license to teach for any of the following causes:

(2) failure, without justifiable cause, to teach for the term of the teacher's contract;
(3) gross inefficiency or willful neglect of duty;
(4) failure to meet licensure requirements; or
(5) fraud or misrepresentation in obtaining a license.

The written complaint must specify the nature and character of the charges.

(b) The Professional Educator Licensing and Standards Board of Teaching or Board of School Administrators, whichever has jurisdiction over a teacher's licensure, shall refuse to issue, refuse to renew, or automatically revoke a teacher's license to teach without the right to a hearing upon receiving a certified copy of a conviction showing that the teacher has been convicted of child abuse, as defined in section 609.185, sex trafficking in the first degree under section 609.322, subdivision 1, sex trafficking in the second degree under section 609.322, subdivision 1a, engaging in hiring, or agreeing to hire a minor to engage in prostitution under section 609.324, subdivision 1, sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision 3, or 617.23, subdivision 3, solicitation of children to engage in sexual conduct or communication of sexually explicit materials to children under section 609.352, interference with privacy under section 609.746 or stalking under section 609.749 and the victim was a minor, using minors in a sexual performance under section 617.246, possessing pornographic works involving a minor under section 617.247, or any other offense not listed in this paragraph that requires the person to register as a predatory offender under section 243.166, or a crime under a similar law of another state or the United States. The board shall send notice of this licensing action to the district in which the teacher is currently employed.

(c) A person whose license to teach has been revoked, not issued, or not renewed under paragraph (b), may petition the board to reconsider the licensing action if the person's conviction for child abuse or sexual abuse is reversed by a final decision of the Court of Appeals or the Supreme Court or if the person has received a pardon for the offense. The petitioner shall attach a certified copy of the appellate court's final decision or the pardon to the petition. Upon receiving the petition and its attachment, the board shall schedule and hold a disciplinary hearing on the matter under section 214.10, subdivision 2, unless the petitioner waives the right to a hearing. If the board finds that, notwithstanding the reversal of the petitioner's criminal conviction or the issuance of a pardon, the petitioner is disqualified from teaching under paragraph (a), clause (1), the board shall affirm its previous licensing action. If the board finds that the petitioner is not disqualified from teaching under paragraph (a), clause (1), it shall reverse its previous licensing action.
For purposes of this subdivision, the Professional Educator Licensing and Standards Board of Teaching is delegated the authority to suspend or revoke coaching licenses.

Subd. 2. Mandatory reporting. The report must be made to the appropriate licensing board within ten days after the discharge, suspension, or resignation has occurred. The licensing board to which the report is made must investigate the report for violation of subdivision 1 and the reporting board must cooperate in the investigation. Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having jurisdiction over the license, a board or school superintendent shall provide the licensing board with information about the teacher or administrator from the district's files, any termination or disciplinary proceeding, any settlement or compromise, or any investigative file. Upon written request from the appropriate licensing board, a board or school superintendent may, at the discretion of the board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the district. Any data transmitted to any board under this section is private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

When the Attorney General's Office has informed an employee of the appropriate licensing board in writing
that grounds exist to suspend or revoke a teacher's license to teach, that licensing board
must consider suspending or revoking or decline to suspend or revoke the teacher's or
administrator's license within 45 days of receiving a stipulation executed by the teacher or
administrator under investigation or a recommendation from an administrative law judge
that disciplinary action be taken.

(c) The Professional Educator Licensing and Standards Board and Board of School

suspension, or agreement involving a loss of license, relating to a teacher or administrator's
inappropriate sexual conduct with a minor. For purposes of this section, "law enforcement
authority" means a police department, county sheriff, or tribal police department. A report
by the Professional Educator Licensing and Standards Board to appropriate law enforcement
authorities does not diminish, modify, or otherwise affect the responsibilities of a school
board or any person mandated to report abuse under section 626.556.

Subd. 3. Immunity from liability. A school board, its members in their official capacity,
and employees of the district run by the board are immune from civil or criminal liability

Subdivision 1. Preparation equivalency. When a license to teach is authorized to be issued to any holder of a diploma or a degree of a Minnesota state university, or of the University of Minnesota, or of a liberal arts university, or a technical training institution, such license may also, in the discretion of the Board of Teaching, be issued to any holder of a diploma or a degree of a teacher training institution of equivalent rank and standing of any other state. The diploma or degree must be granted by virtue of completing coursework in teacher preparation as preliminary to the granting of a diploma or a degree of the same rank and class. For purposes of granting a Minnesota teaching license to a person who receives a diploma or degree from a state-accredited, out-of-state teacher training program leading to licensure, the Board of Teaching must establish criteria and streamlined policies and procedures by January 1, 2016, to recognize the experience and professional credentials of the person holding the out-of-state diploma or degree and allow that person to demonstrate to the board the person's qualifications for receiving a Minnesota teaching license based on performance measures the board adopts by January 1, 2016, under this section.

Subd. 2. Applicants licensed in other states. (a) Subject to the requirements of sections 122A.18, subdivision 8, and 123B.03, the Board of Teaching must issue a professional five-year teaching license or an initial professional one-year teaching license under paragraphs (c) to (f) to an applicant who holds at least a baccalaureate degree from a regionally accredited college or university and holds or held an out-of-state teaching license that requires the applicant to successfully complete a teacher preparation program approved by the issuing state, which includes either (1) field-specific teaching methods, student teaching, or equivalent experience, or (2) at least two years of teaching experience as the teacher of record in a similar licensure area.

The applicant may complete field-specific teaching methods by successfully participating in a one-year school district mentorship program consistent with board-adopted standards of effective practice and Minnesota graduation requirements. If no school district mentorship program is available, the applicant must complete field-specific teaching methods coursework while serving as a teacher of record and providing classroom instruction in the applicant's field of licensure. (f) The Board of Teaching must issue to an applicant with an out-of-state teaching license up to four initial professional one-year teaching licenses that are restricted in content or grade levels specified in the out-of-state license if the applicant's out-of-state teaching license is more limited than a similar Minnesota license in content field or grade levels. The Board of Teaching must issue a professional five-year teaching license to an applicant who successfully completes all exams and human relations preparation components required by the Board of Teaching. Any content or grade level restriction placed on a license under this paragraph remains in effect.

(g) The Board of Teaching may issue a two-year provisional permission to an applicant under this subdivision to teach in a shortage area, consistent with section 122A.18, subdivision 4a.
