ARTICLE 3

EDUCATION EXCELLENCE

Section 1. Minnesota Statutes 2016, section 120A.20, subdivision 2, is amended to read:
Subd. 2. Education, residence, and transportation of homeless. (a) Notwithstanding subdivision 1, a district must not deny free admission to a homeless pupil solely because the district cannot determine that the pupil is a resident of the district.

(b) The school district of residence for a homeless pupil shall be the school district in which the parent or legal guardian resides, unless: (1) parental rights have been terminated by court order; (2) the parent or guardian is not living within the state; or (3) the parent or guardian having legal custody of the child is an inmate of a Minnesota correctional facility or is a resident of a halfway house under the supervision of the commissioner of corrections. If any of clauses (1) to (3) apply, the school district of residence shall be the school district in which the pupil resided when the qualifying event occurred. If no other district of residence can be established, the school district of residence shall be the school district in which the pupil currently resides. If there is a dispute between school districts regarding residency, the district of residence is the district designated by the commissioner of education.

(c) Except as provided in paragraph (d), the serving district is responsible for transporting a homeless pupil to and from the pupil's district of residence. The district may transport from a permanent home in another district but only through the end of the academic school year. When a pupil is enrolled in a charter school, the district or school that provides transportation for other pupils enrolled in the charter school is responsible for providing transportation. When a homeless student with or without an individualized education program attends a public school other than an independent or special school district or charter school, the district of residence is responsible for transportation.

(d) For a homeless pupil with an individualized education plan enrolled in a program authorized by an intermediate school district, special education cooperative, service cooperative, or education district, the serving district at the time of the pupil's enrollment in the program remains responsible for transporting that pupil for the remainder of the school year unless the initial serving district and the current serving district mutually agree that the current serving district is responsible for transporting the homeless pupil.

EFFECTIVE DATE. This section is effective July 1, 2018.

Sec. 2. Minnesota Statutes 2016, section 120A.22, subdivision 12, is amended to read:

Subd. 12. Legitimate exemptions. (a) A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to any member of the board, a truant officer, a principal, or the superintendent. The school district may state in its school attendance policy that it may ask the student's
parent or legal guardian to verify in writing the reason for the child's absence from school.

A note from a physician or a licensed mental health professional stating that the child cannot
attend school is a valid excuse. The board of the district in which the child resides may
approve the application upon the following being demonstrated to the satisfaction of that
board:

(1) that the child's physical or mental health is such as to prevent attendance at school
or application to study for the period required, which includes:

(i) child illness, medical, dental, orthodontic, or counseling appointments;

(ii) family emergencies;

(iii) the death or serious illness or funeral of an immediate family member;

(iv) active duty in any military branch of the United States;

(v) the child has a condition that requires ongoing treatment for a mental health
diagnosis; or

(vi) other exemptions included in the district's school attendance policy;

(2) that the child's parent, guardian, or other person having control of the child is in
active duty in any branch of the United States armed forces;

(3) that the child is participating in any activity necessary for the child to join any branch
of the United States armed forces and may be excused for up to three days for such purpose;

(4) that the child has already completed state and district standards required for
graduation from high school; or

(5) that it is the wish of the parent, guardian, or other person having control of the
child, that the child attend for a period or periods not exceeding in the aggregate three hours
in any week, a school for religious instruction conducted and maintained by some church,
or association of churches, or any Sunday school association incorporated under the laws
of this state, or any auxiliary thereof. This school for religious instruction must be conducted
and maintained in a place other than a public school building, and it must not, in whole or
in part, be conducted and maintained at public expense. However, a child may be absent
from school on such days as the child attends upon instruction according to the ordinances
of some church.

(b) Notwithstanding subdivision 6, paragraph (a), a parent may withdraw a child from
an all-day, every day kindergarten program and put their child in a half-day program, if
offered, or an alternate-day program without being truant. A school board must excuse a
kindergarten child from a part of a school day at the request of the child's parent.

**EFFECTIVE DATE.** This section is effective for the 2018-2019 school year and later.

individualized education program team that makes this determination must establish
alternative standards.

(c) The department must adopt the most recent SHAPE America (Society of Health and
Physical Educators) kindergarten through grade 12 standards and benchmarks for physical
education as the required physical education academic standards. The department may
modify and adapt the national standards to accommodate state interest. The modification
and adaptations must maintain the purpose and integrity of the national standards. The

A school district may provide instruction under this subdivision in a variety of ways, including at an annual assembly or classroom presentation.

(b) Child sexual abuse, exploitation, and sexual assault prevention instruction in a health curriculum may include instruction on recognizing sexual abuse, exploitation and assault, boundary violations, and ways offenders groom or desensitize victims, as well as strategies to promote disclosure, reduce self-blame, and mobilize bystanders. Child sexual exploitation prevention instruction must be consistent with the definition of sexually exploited youth under section 260C.007, subdivision 31. A school district may provide information to parents on the warning signs of child sexual abuse and sexual exploitation and available resources.

A school district is encouraged to include in sexual assault prevention instruction:

The commissioner must report the findings of the survey to the chairs and ranking minority members of the legislative committees with jurisdiction over kindergarten through grade 12 education in accordance with section 3.195 no later than January 15, 2023.

120B.12 READING PROFICIENTLY NO LATER THAN THE END OF GRADE 3.

Subdivision 1. Literacy goal. The legislature seeks to have every child reading at or above grade level no later than the end of grade 3, including English learners, and that teachers provide comprehensive, scientifically based reading instruction consistent with section 122A.06, subdivision 4. To the extent practicable, a school district must direct its literacy incentive aid received under section 124D.98 toward this goal consistent with its local literacy plan adopted under this section.

Subd. 2. Identification; report. (a) Each school district shall identify before the end of kindergarten, grade 1, and grade 2 students who are not reading at grade level before the end of the current school year and shall identify students in grade 3 or higher who demonstrate a reading difficulty to a classroom teacher. A school district must screen for dyslexia:

(1) all students in kindergarten, grade 1, and grade 2 who are not reading at grade level;

and

(2) any student in grade 3 or higher who demonstrates a reading difficulty.

(b) Reading assessments in English, and in the predominant languages of district students where practicable, must identify and evaluate students' areas of academic need related to literacy. The district also must monitor the progress and provide reading instruction appropriate to the specific needs of English learners. The district must use a locally adopted,
developmentally appropriate, and culturally responsive assessment and annually report
summary assessment results to the commissioner by July 1.

(c) The district also must annually report to the commissioner by July 1 a summary of
the district's efforts to screen and identify students with:

(1) dyslexia, using screening tools such as those recommended by the department's
dyslexia and literacy specialist; or

(2) convergence insufficiency disorder.

(d) A student identified under this subdivision must be provided with alternate
instruction under section 125A.56, subdivision 1.

Subd. 2a. Parent notification and involvement. Schools, at least annually, must give
the parent of each student who is not reading at or above grade level timely information
about:

(1) the student's reading proficiency as measured by a locally adopted assessment;

(2) reading-related services currently being provided to the student and the student's
progress; and

(3) strategies for parents to use at home in helping their student succeed in becoming
grade-level proficient in reading in English and in their native language.

A district may not use this section to deny a student's right to a special education
evaluation.

Subd. 3. Intervention. (a) For each student identified under subdivision 2, the district
shall provide reading intervention to accelerate student growth and reach the goal of
reading at or above grade level by the end of the current grade and school year. If a student
does not read at or above grade level by the end of grade 3, the district must continue to
provide reading intervention until the student reads at grade level. District intervention
methods shall encourage family engagement and, where possible, collaboration with
appropriate school and community programs. Intervention methods may include, but are
not limited to, requiring attendance in summer school, intensified reading instruction that
may require that the student be removed from the regular classroom for part of the school
day, extended-day programs, or programs that strengthen students' cultural connections.

(b) A school district or charter school is strongly encouraged to provide a personal
learning plan for a student who is unable to demonstrate grade-level proficiency, as measured
by the statewide reading assessment in grade 3. The district or charter school must determine
the format of the personal learning plan in collaboration with the student's educators and
other appropriate professionals. The school must develop the learning plan in consultation
with the student's parent or guardian. The personal learning plan must address knowledge
gaps and skill deficiencies through strategies such as specific exercises and practices during
and outside of the regular school day, periodic assessments, and reasonable timelines. The
personal learning plan may include grade retention, if it is in the student's best interest. A
school must maintain and regularly update and modify the personal learning plan until the
student reads at grade level. This paragraph does not apply to a student under an
individualized education program.

Subd. 4. **Staff development.** (a) Each district shall use the data under subdivision
2 to identify the staff development needs so that:

1. elementary teachers are able to implement comprehensive, scientifically based reading
   and oral language instruction in the five reading areas of phonemic awareness, phonics,
   fluency, vocabulary, and comprehension as defined in section 122A.06, subdivision 4, and
   other literacy-related areas including writing until the student achieves grade-level reading
   proficiency;

2. elementary teachers have sufficient training to provide comprehensive, scientifically
   based reading and oral language instruction that meets students' developmental, linguistic,
   and literacy needs using the intervention methods or programs selected by the district for
   the identified students;

3. licensed teachers employed by the district have regular opportunities to improve
   reading and writing instruction, including screenings, intervention strategies, and
   accommodations for students showing characteristics associated with dyslexia;

4. licensed teachers recognize students' diverse needs in cross-cultural settings and are
   able to serve the oral language and linguistic needs of students who are English learners by
   maximizing strengths in their native languages in order to cultivate students' English language
   development, including oral academic language development, and build academic literacy;
   and

5. licensed teachers are well trained in culturally responsive pedagogy that enables
   students to master content, develop skills to access content, and build relationships.

(b) A school district may use its literacy incentive aid under section 124D.98 for the
staff development purposes of this subdivision.
Subd. 4a. Local literacy plan. (a) Consistent with this section, a school district must adopt a local literacy plan to have every child reading at or above grade level no later than the end of grade 3, including English learners. The plan must be consistent with section 122A.06, subdivision 4, and include the following:

1. A process to assess students’ level of reading proficiency and data to support the effectiveness of an assessment used to screen and identify a student’s level of reading proficiency;

2. A process to notify and involve parents;

3. A description of how schools in the district will determine the proper reading intervention strategy for a student and the process for intensifying or modifying the reading strategy in order to obtain measurable reading progress;

4. Evidence-based intervention methods for students who are not reading at or above grade level and progress monitoring to provide information on the effectiveness of the intervention; and

5. Identification of staff development needs, including a program to meet those needs.

(b) The district must post its literacy plan on the official school district Web site.

Subd. 5. Commissioner. The commissioner shall recommend to districts multiple assessment tools to assist districts and teachers with identifying students under subdivision 2. The commissioner shall also make available examples of nationally recognized and research-based instructional methods or programs to districts to provide comprehensive, scientifically based reading instruction and intervention under this section.

EFFECTIVE DATE. Subdivision 2 is effective July 1, 2019. Subdivisions 1 and 3 to 5 are effective for revenue for fiscal year 2019 and later.

Sec. 12. Minnesota Statutes 2017 Supplement, section 120B.122, subdivision 1, is amended to read:

Subdivision 1. Purpose Duties. (a) The department must employ a dyslexia specialist to provide technical assistance for dyslexia and related disorders and to serve as the primary source of information and support for schools in addressing the needs of students with dyslexia and related disorders.

(b) The dyslexia specialist shall also act to increase professional awareness and instructional competencies to meet the educational needs of students with dyslexia or identified with risk characteristics associated with dyslexia and shall develop...
implementation guidance and make recommendations to the commissioner consistent with
section 122A.06, subdivision 4, to be used to assist general education teachers and special
education teachers to recognize educational needs and to improve literacy outcomes for
students with dyslexia or identified with risk characteristics associated with dyslexia,
including recommendations related to increasing the availability of online and asynchronous
professional development programs and materials.

(c) The dyslexia specialist must provide guidance to school districts and charter schools
on how to:

(1) access tools to screen and identify students showing characteristics associated with
dyslexia in accordance with section 120B.12, subdivision 2, paragraph (a);

(2) implement screening for characteristics associated with dyslexia in accordance with
section 120B.12, subdivision 2, paragraph (a), and in coordination with other early childhood
screenings; and

(3) participate in professional development opportunities on intervention strategies and
accommodations for students with dyslexia or characteristics associated with dyslexia.

Sec. 13. Minnesota Statutes 2017 Supplement, section 120B.125, is amended to read:

120B.125 PLANNING FOR STUDENTS' SUCCESSFUL TRANSITION TO
POSTSECONDARY EDUCATION AND EMPLOYMENT; PERSONAL LEARNING
PLANS.

(a) Consistent with sections 120B.13, 120B.131, 120B.132, 120B.14, 120B.15, 120B.30,
subdivision 1, paragraph (e), 125A.08, and other related sections, school districts, beginning
in the 2013-2014 school year, must assist all students by no later than grade 9 to explore
their educational, college, and career interests, aptitudes, and aspirations and develop a plan
for a smooth and successful transition to postsecondary education or employment. All
students' plans must:

(1) provide a comprehensive plan to prepare for and complete a career and college ready
curriculum by meeting state and local academic standards and developing career and
employment-related skills such as team work, collaboration, creativity, communication,
critical thinking, and good work habits;

(2) emphasize academic rigor and high expectations and inform the student, and the
student's parent or guardian if the student is a minor, of the student's achievement level
score on the Minnesota Comprehensive Assessments that are administered during high
school;
(3) help students identify interests, aptitudes, aspirations, and personal learning styles that may affect their career and college ready goals and postsecondary education and employment choices;

(4) set appropriate career and college ready goals with timelines that identify effective means for achieving those goals;

(5) help students access education and career options, including armed forces career options;

(6) integrate strong academic content into career-focused courses and applied and experiential learning opportunities and integrate relevant career-focused courses and applied and experiential learning opportunities into strong academic content;

(7) help identify and access appropriate counseling and other supports and assistance that enable students to complete required coursework, prepare for postsecondary education and careers, and obtain information about postsecondary education costs and eligibility for financial aid and scholarship;

(8) help identify collaborative partnerships among prekindergarten through grade 12 schools, postsecondary institutions, economic development agencies, and local and regional employers that support students' transition to postsecondary education and employment and provide students with applied and experiential learning opportunities; and

(9) be reviewed and revised at least annually by the student, the student's parent or guardian, and the school or district to ensure that the student's course-taking schedule keeps the student making adequate progress to meet state and local academic standards and high school graduation requirements and with a reasonable chance to succeed with employment or postsecondary education without the need to first complete remedial course work.

(b) A school district may develop grade-level curricula or provide instruction that introduces students to various careers, but must not require any curriculum, instruction, or employment-related activity that obligates an elementary or secondary student to involuntarily select or pursue a career, career interest, employment goals, or related job training.

(c) Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted materials, professional development opportunities for educators, and sufficient resources to enable English learners to become career and college ready.

(d) When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, districts must recognize the unique possibilities
of each student and ensure that the contents of each student's plan reflect the student's unique talents, skills, and abilities as the student grows, develops, and learns.

(e) If a student with a disability has an individualized education program (IEP) or standardized written plan that meets the plan components of this section, the IEP satisfies the requirement and no additional transition plan is needed.

(f) Students who do not meet or exceed Minnesota academic standards, as measured by the Minnesota Comprehensive Assessments that are administered during high school, shall be informed that admission to a public school is free and available to any resident under 21 years of age or who meets the requirements of section 120A.20, subdivision 1, paragraph (c). A student's plan under this section shall continue while the student is enrolled.

(g) A school district must provide military recruiters and representatives of organizations promoting careers in the skilled trades and manufacturing the same access to secondary school students as the district provides to institutions of higher education or to prospective employers of students.

(h) School districts are encouraged to sponsor an armed forces career opportunity day each school year prior to the third Thursday of November. A school district that sponsors an armed forces career opportunity day must extend invitations to recruiters from each branch of the United States armed forces and allow the recruiters to make presentations to all interested secondary school students.

Sec. 14. [120B.215] SUBSTANCE MISUSE PREVENTION.

(a) This section may be cited as "Jake's Law."

(b) School districts and charter schools are encouraged to provide substance misuse prevention instruction for students in grades 5 through 12 integrated into existing programs, curriculum, or the general school environment of a district or charter school. The commissioner of education, in consultation with the director of the Alcohol and Other Drug Abuse Section under section 254A.03 and substance misuse prevention and treatment organizations, must, upon request, provide districts and charter schools with:

(1) information regarding substance misuse prevention services; and

(2) assistance in using Minnesota student survey results to inform prevention programs.

EFFECTIVE DATE. This section is effective July 1, 2018.
Sec. 15. Minnesota Statutes 2016, section 120B.299, subdivision 10, is amended to read:

Subd. 10. Proficiency. "Proficiency" for purposes of reporting growth on school performance report cards under section 120B.36, subdivision 1, means those students who, in the previous school year, scored at or above "meets standards" on the statewide assessments under section 120B.30. Each year, school performance report cards must separately display: (1) the numbers and percentages of students who achieved low growth, medium growth, and high growth and achieved proficiency in the previous school year; and (2) the numbers and percentages of students who achieved low growth, medium growth, and high growth and did not achieve proficiency in the previous school year.

Sec. 16. Minnesota Statutes 2017 Supplement, section 120B.30, subdivision 1, is amended to read:

Subdivision 1. Statewide testing. (a) The commissioner, with advice from experts with appropriate technical qualifications and experience and stakeholders, consistent with subdivision 1a, shall include in the comprehensive assessment system, for each grade level to be tested, state-constructed tests developed as computer-adaptive reading and mathematics assessments for students that are aligned with the state's required academic standards under section 120B.021, include multiple choice questions, and are administered annually to all students in grades 3 through 8. State-developed high school tests aligned with the state's required academic standards under section 120B.021 and administered to all high school students in a subject other than writing must include multiple choice questions. The commissioner shall establish one or more months during which schools shall administer the tests to students a testing period as late as possible each school year during which schools must administer the Minnesota Comprehensive Assessments to students. The commissioner must publish the testing schedule at least two years before the beginning of the testing period except for a year in which revised standards are implemented.

(1) Students enrolled in grade 8 through the 2009-2010 school year are eligible to be assessed under (i) the graduation-required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1, paragraphs (c), clauses (1) and (2), and (d), (ii) the WorkKeys job skills assessment, (iii) the Compass college placement test, (iv) the ACT assessment for college admission, (v) a nationally recognized armed services vocational aptitude test.

(2) Students enrolled in grade 8 in the 2010-2011 or 2011-2012 school year are eligible to be assessed under (i) the graduation required assessment for diploma in reading, mathematics, or writing under Minnesota Statutes 2012, section 120B.30, subdivision 1,
paragraph (c), clauses (1) and (2), (ii) the WorkKeys job skills assessment, (iii) the Compass
college placement test, (iv) the ACT assessment for college admission, (v) a nationally
recognized armed services vocational aptitude test.

(3) For students under clause (1) or (2), a school district may substitute a score from an
alternative, equivalent assessment to satisfy the requirements of this paragraph.

(b) The state assessment system must be aligned to the most recent revision of academic
standards as described in section 120B.023 in the following manner:

(1) mathematics;

(i) grades 3 through 8 beginning in the 2010-2011 school year; and

(ii) high school level beginning in the 2013-2014 school year;

(2) science; grades 5 and 8 and at the high school level beginning in the 2011-2012
school year; and

(3) language arts and reading; grades 3 through 8 and high school level beginning in the
2012-2013 school year.

(c) For students enrolled in grade 8 in the 2012-2013 school year and later, students' state graduation requirements, based on a longitudinal, systematic approach to student
education and career planning, assessment, instructional support, and evaluation, include
the following:

(1) achievement and career and college readiness in mathematics, reading, and writing,
consistent with paragraph (k) and to the extent available, to monitor students' continuous
development of and growth in requisite knowledge and skills; analyze students' progress
and performance levels, identifying students' academic strengths and diagnosing areas where
students require curriculum or instructional adjustments, targeted interventions, or
remediation; and, based on analysis of students' progress and performance data, determine
students' learning and instructional needs and the instructional tools and best practices that
support academic rigor for the student; and

(2) consistent with this paragraph and section 120B.125, age-appropriate exploration
and planning activities and career assessments to encourage students to identify personally
relevant career interests and aptitudes and help students and their families develop a regularly
reexamined transition plan for postsecondary education or employment without need for
postsecondary remediation.
Based on appropriate state guidelines, students with an individualized education program may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

(d) Expectations of schools, districts, and the state for career or college readiness under this subdivision must be comparable in rigor, clarity of purpose, and rates of student completion.

A student under paragraph (c), clause (1), must receive targeted, relevant, academically rigorous, and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation. Consistent with sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.

(e) Though not a high school graduation requirement, students are encouraged to participate in a nationally recognized college entrance exam. To the extent state funding for college entrance exam fees is available, a district must pay the cost, one time, for an interested student in grade 11 or 12 who is eligible for a free or reduced-price meal, to take a nationally recognized college entrance exam before graduating. A student must be able to take the exam under this paragraph at the student's high school during the school day and at any one of the multiple exam administrations available to students in the district. A district may administer the ACT or SAT or both the ACT and SAT to comply with this paragraph. If the district administers only one of these two tests and a free or reduced-price meal eligible student opts not to take that test and chooses instead to take the other of the two tests, the student may take the other test at a different time or location and remains eligible for the examination fee reimbursement. Notwithstanding sections 123B.34 to 123B.39, a school district may require a student that is not eligible for a free or reduced-price meal to pay the cost of taking a nationally recognized college entrance exam. The district must waive the cost for a student unable to pay.

(f) The commissioner and the chancellor of the Minnesota State Colleges and Universities must collaborate in aligning instruction and assessments for adult basic education students and English learners to provide the students with diagnostic information about any targeted interventions, accommodations, modifications, and supports they need so that assessments
and other performance measures are accessible to them and they may seek postsecondary education or employment without need for postsecondary remediation. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.

(g) Districts and schools, on an annual basis, must use career exploration elements to help students, beginning no later than grade 9, and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. Districts and schools must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.

(h) A student who demonstrates attainment of required state academic standards, which include career and college readiness benchmarks, on high school assessments under subdivision 1a is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.

(i) As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

(j) In developing, supporting, and improving students' academic readiness for a career or college, schools, districts, and the state must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation. The commissioner, in consultation with local school officials and educators, and Minnesota's public postsecondary institutions must ensure that the foundational knowledge and skills for students' successful performance in postsecondary employment
or education and an articulated series of possible targeted interventions are clearly identified
and satisfy Minnesota's postsecondary admissions requirements.

(k) For students in grade 8 in the 2012-2013 school year and later, a school, district, or
charter school must record on the high school transcript a student's progress toward career
and college readiness, and for other students as soon as practicable.

(l) The school board granting students their diplomas may formally decide to include a
notation of high achievement on the high school diplomas of those graduating seniors who,
according to established school board criteria, demonstrate exemplary academic achievement
during high school.

(m) The 3rd through 8th grade computer-adaptive assessment results and high school
test results shall be available to districts for diagnostic purposes affecting student learning
and district instruction and curriculum, and for establishing educational accountability. The
commissioner must establish empirically derived benchmarks on adaptive assessments in
grades 3 through 8. The commissioner, in consultation with the chancellor of the Minnesota
State Colleges and Universities, must establish empirically derived benchmarks on the high
school tests that reveal a trajectory toward career and college readiness consistent with
section 136F.302, subdivision 1a. The commissioner must disseminate to the public the
computer-adaptive assessments and high school test results upon receiving those results.

(n) The grades 3 through 8 computer-adaptive assessments and high school tests must
be aligned with state academic standards. The commissioner shall determine the testing
process and the order of administration. The statewide results shall be aggregated at
the site and district level, consistent with subdivision 1a.

(o) The commissioner shall include the following components in the statewide
public reporting system:

(1) uniform statewide computer-adaptive assessments of all students in grades 3 through
8 and testing at the high school levels that provides appropriate, technically sound
accommodations or alternate assessments;

(2) educational indicators that can be aggregated and compared across school districts
and across time on a statewide basis, including average daily attendance, high school
graduation rates, and high school drop-out rates by age and grade level;

(3) state results on the American College Test; and

(4) state results from participation in the National Assessment of Educational Progress
so that the state can benchmark its performance against the nation and other states, and,
where possible, against other countries, and contribute to the national effort to monitor
achievement.

(p) For purposes of statewide accountability, "career and college ready" means a high
school graduate has the knowledge, skills, and competencies to successfully pursue a career
pathway, including postsecondary credit leading to a degree, diploma, certificate, or
industry-recognized credential and employment. Students who are career and college ready
are able to successfully complete credit-bearing coursework at a two- or four-year college
or university or other credit-bearing postsecondary program without need for remediation.

(q) For purposes of statewide accountability, "cultural competence," "cultural
competency," or "culturally competent" means the ability of families and educators to
interact effectively with people of different cultures, native languages, and socioeconomic
backgrounds.

EFFECTIVE DATE. This section is effective for testing calendars in the 2020-2021
school year and later.

Sec. 17. Minnesota Statutes 2016, section 120B.30, subdivision 1a, is amended to read:

Subd. 1a. Statewide and local assessments; results. (a) For purposes of this section,
the following definitions have the meanings given them.

(1) "Computer-adaptive assessments" means fully adaptive assessments.

(2) "Fully adaptive assessments" include test items that are on-grade level and items that
may be above or below a student's grade level.

(3) "On-grade level" test items contain subject area content that is aligned to state
academic standards for the grade level of the student taking the assessment.

(4) "Above-grade level" test items contain subject area content that is above the grade
level of the student taking the assessment and is considered aligned with state academic
standards to the extent it is aligned with content represented in state academic standards
above the grade level of the student taking the assessment. Notwithstanding the student's
grade level, administering above-grade level test items to a student does not violate the
requirement that state assessments must be aligned with state standards.

(5) "Below-grade level" test items contain subject area content that is below the grade
level of the student taking the test and is considered aligned with state academic standards
to the extent it is aligned with content represented in state academic standards below the
student's current grade level. Notwithstanding the student's grade level, administering
below-grade level test items to a student does not violate the requirement that state
assessments must be aligned with state standards.

(b) The commissioner must use fully adaptive mathematics and reading assessments for
grades 3 through 8.

(e) (a) For purposes of conforming with existing federal educational accountability
requirements, the commissioner must develop and implement computer-adaptive reading
and mathematics assessments for grades 3 through 8, state-developed high school reading
and mathematics tests aligned with state academic standards, a high school writing test
aligned with state standards when it becomes available, and science assessments under
clause (2) that districts and sites must use to monitor student growth toward achieving those
standards. The commissioner must not develop statewide assessments for academic standards
in social studies, health and physical education, and the arts. The commissioner must require:

(1) annual computer-adaptive reading and mathematics assessments in grades 3 through
8, and high school reading, writing, and mathematics tests; and

(2) annual science assessments in one grade in the grades 3 through 5 span, the grades
6 through 8 span, and a life sciences assessment in the grades 9 through 12 span, and the
commissioner must not require students to achieve a passing score on high school science
assessments as a condition of receiving a high school diploma.

(b) The commissioner must ensure that for annual computer-adaptive assessments:

(1) individual student performance data and achievement reports are available to school
districts and teachers within three school days of when students take an assessment except
in a year when an assessment reflects new performance standards;

(2) growth information is available for each student from the student's first assessment
to each proximate assessment using a constant measurement scale;

(3) parents, teachers, and school administrators are able to use elementary and middle
school student performance data to project students' secondary and postsecondary
achievement; and

(4) useful diagnostic information about areas of students' academic strengths and
weaknesses is available to teachers and school administrators for improving student
instruction and indicating the specific skills and concepts that should be introduced and
developed for students at given performance levels, organized by strands within subject
areas, and aligned to state academic standards.
The commissioner must ensure that all state tests administered to elementary and secondary students measure students' academic knowledge and skills and not students' values, attitudes, and beliefs.

Reporting of state assessment results must:

1. Provide timely, useful, and understandable information on the performance of individual students, schools, school districts, and the state;
2. Include a growth indicator of student achievement; and
3. Determine whether students have met the state's academic standards.

Consistent with applicable federal law, the commissioner must include appropriate, technically sound accommodations or alternative assessments for the very few students with disabilities for whom statewide assessments are inappropriate and for English learners.

A school, school district, and charter school must administer statewide assessments under this section, as the assessments become available, to evaluate student progress toward career and college readiness in the context of the state's academic standards. A school, school district, or charter school may use a student's performance on a statewide assessment as one of multiple criteria to determine grade promotion or retention. A school, school district, or charter school may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

EFFECTIVE DATE. This section is effective for the 2018-2019 school year and later.

Sec. 18. Minnesota Statutes 2016, section 120B.30, subdivision 3, is amended to read:

Subd. 3. Reporting. (a) The commissioner shall report test results publicly and to stakeholders, including the performance achievement levels developed from students' unweighted test scores in each tested subject and a listing of demographic factors that strongly correlate with student performance, including student homelessness, as data are available, among other factors. The test results must not include personally identifiable information as defined in Code of Federal Regulations, title 34, section 99.3. The commissioner must also report data that compares performance results among school sites, school districts, Minnesota and other states, and Minnesota and other nations.

(b) The commissioner shall disseminate to schools and school districts a more comprehensive report containing testing information that meets local needs for evaluating instruction and curriculum. The commissioner shall disseminate to charter school
authorizers a more comprehensive report containing testing information that contains
anonymized data where cell count data are sufficient to protect student identity and that
meets the authorizer's needs in fulfilling its obligations under chapter 124E.

(c) A school district must disseminate the individual student performance data and
achievement report required under section 120B.30, subdivision 1a, paragraph (d), clause
(1), to the parent and teacher of each student no more than 30 days after the district has
administered the test to a student. The district must notify the parent and teacher that the
data and report are preliminary and subject to validation.

(d) A school district must disseminate a testing report to the teacher and to the parent
of each student before the beginning of the following school year. The testing report must:

(1) identify the student's achievement level in each content area; and

(2) track the student's performance history.

EFFECTIVE DATE. Paragraphs (a), (b), and (c) are effective for the 2018-2019 school
year and later. Paragraph (d) is effective for the 2019-2020 school year and later.

Sec. 19. Minnesota Statutes 2017 Supplement, section 120B.35, subdivision 3, is amended
to read:

Subd. 3. State growth target; other state measures. (a)(1) The state's educational
assessment system measuring individual students' educational growth is based on indicators
of achievement growth that show an individual student's prior achievement. Indicators of
achievement and prior achievement must be based on highly reliable statewide or districtwide
assessments.

(2) For purposes of paragraphs (b), (c), and (d), the commissioner must analyze and

populous Asian and Pacific Islander groups, three of the most populous Native groups,
seven of the most populous Hispanic/Latino groups, and five of the most populous Black
and African Heritage groups as determined by the total Minnesota population based on the
most recent American Community Survey; English learners under section 124D.59; home
language; free or reduced-price lunch; and all students enrolled in a Minnesota public school
who are currently or were previously in foster care, except that such disaggregation and
cross tabulation is not required if the number of students in a category is insufficient to yield
statistically reliable information or the results would reveal personally identifiable information about an individual student.

(b) The commissioner, in consultation with a stakeholder group that includes assessment and evaluation directors, district staff, experts in culturally responsive teaching, and researchers, must implement a model that uses a value-added growth indicator and includes criteria for identifying schools and school districts that demonstrate medium and high growth under section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures under section 120B.299, subdivision 3. The model may be used to advance educators' professional development and replicate programs that succeed in meeting students' diverse learning needs. Data on individual teachers generated under the model are personnel data under section 13.43. The model must allow users to:

(1) report student the academic growth consistent with this paragraph rates, as defined in the state plan; and

(2) for all student categories, report and compare aggregated and disaggregated state student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

The commissioner must report measures of student growth and, under section 120B.11, subdivision 2, clause (2), student learning and outcome data, consistent with this paragraph, including the English language development, academic progress, and oral academic development of English learners and their native language development if the native language is used as a language of instruction, and include data on all pupils enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59.

(c) When reporting student performance under section 120B.36, subdivision 1, the commissioner annually, beginning July 1, 2011, must report two core measures indicating the extent to which current high school graduates are being prepared for postsecondary academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school graduates in the most recent school year who completed course work important to preparing them for postsecondary academic and career opportunities, consistent with the core academic subjects required for admission to Minnesota's public colleges and universities as determined by the Office of Higher Education under chapter 136A; and

Article 3 Sec. 19.
(2) a rigorous coursework measure indicating the number and percentage of high school graduates in the most recent school year who successfully completed one or more college-level advanced placement, international baccalaureate, postsecondary enrollment options including concurrent enrollment, other rigorous courses of study under section 120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the student categories identified under the federal Elementary and Secondary Education Act, as most recently reauthorized, and other student categories under paragraph (a), clause (2).

The summary data under this paragraph are separate from and must not be used for any purpose related to measuring or evaluating the performance of classroom teachers. The commissioner, in consultation with qualified experts on student engagement and connection and classroom teachers, must identify highly reliable variables that generate summary data under this paragraph. The summary data may be used at school, district, and state levels only. Any data on individuals received, collected, or created that are used to generate the summary data under this paragraph are nonpublic data under section 13.02, subdivision 9.

(e) For purposes of statewide educational accountability, the commissioner must identify and report measures that demonstrate the success of learning year program providers under sections 123A.05 and 124D.68, among other such providers, in improving students' graduation outcomes. The commissioner, beginning July 1, 2015, must annually report summary data on:

(1) the four- and six-year graduation rates of students under this paragraph;

(2) the percent of students under this paragraph whose progress and performance levels are meeting career and college readiness benchmarks under section 120B.30, subdivision 1; and

(3) the success that learning year program providers experience in:

(i) identifying at-risk and off-track student populations by grade;

(ii) providing successful prevention and intervention strategies for at-risk students;

(iv) improving the graduation outcomes of at-risk and off-track students.

The commissioner may include in the annual report summary data on other education providers serving a majority of students eligible to participate in a learning year program.

(f) The commissioner, in consultation with recognized experts with knowledge and experience in assessing the language proficiency and academic performance of all English learners enrolled in a Minnesota public school course or program who are currently or were previously counted as an English learner under section 124D.59, must identify and report appropriate and effective measures to improve current categories of language difficulty and assessments, and monitor and report data on students' English proficiency levels, program placement, and academic language development, including oral academic language.

(g) When reporting four- and six-year graduation rates, the commissioner or school district must disaggregate the data by student categories according to paragraph (a), clause (2).

(h) A school district must inform parents and guardians that volunteering information on student categories not required by the most recent reauthorization of the Elementary and Secondary Education Act is optional and will not violate the privacy of students or their families, parents, or guardians. The notice must state the purpose for collecting the student data.

Sec. 20. [120B.355] ACADEMIC ACHIEVEMENT RATING SYSTEM.

(b) Each district, school site, and charter school must be assigned a summative rating based on a score on a scale of zero to 100.

(c) The summative rating must be based on the accountability indicators used in the state plan to identify schools for support and improvement. Subd. 2. Report. The commissioner must report on progress toward developing the rating system required under subdivision 1 to the chairs and ranking minority members of the legislative committees with jurisdiction over kindergarten through grade 12 education in accordance with section 3.195 no later than February 1, 2020.

(3) gross inefficiency or willful neglect of duty;
(4) failure to meet licensure requirements; or
(5) fraud or misrepresentation in obtaining a license.

The written complaint must specify the nature and character of the charges.

(b) The Professional Educator Licensing and Standards Board or Board of School Administrators, whichever has jurisdiction over a teacher's licensure, must refuse to issue, refuse to renew, or automatically revoke a teacher's license to teach without the right to a hearing upon receiving a certified copy of a conviction showing that the teacher has been convicted of:

(1) a qualified domestic violence-related offense, as defined in section 609.02, subdivision 16;
(2) child abuse, as defined in section 609.185;
(3) domestic assault under section 609.2242;

In addition, the board must refuse to issue, refuse to renew, or automatically revoke a teacher's license to teach without the right to a hearing upon receiving a certified copy of a stay of adjudication for an offense that, if convicted of, would require predatory offender registration under section 243.166. The board may refuse to issue, refuse to renew, or revoke a teacher's license to teach upon receiving a certified copy of a stay of adjudication for any other offense described in this paragraph.

The board shall send notice of this licensing action to the district in which the teacher is currently employed.

(c) A person whose license to teach has been revoked, not issued, or not renewed under paragraph (b), may petition the board to reconsider the licensing action if the person's conviction for child abuse or sexual abuse is reversed by a final decision of the Court of Appeals or the Supreme Court or if the person has received a pardon for the offense. The petitioner shall attach a certified copy of the appellate court's final decision or the pardon to the petition. where the teacher works or volunteers.

(f) A decision by the Professional Educator Licensing and Standards Board to refuse to
issue, refuse to renew, suspend, or revoke a license under this subdivision is not subject to
review under section 122A.188.

(g) The Professional Educator Licensing and Standards Board or Board of School
Administrators, whichever has jurisdiction over a teacher's licensure, may suspend a teacher's
license pending an investigation into a report of conduct that would be grounds for revocation
under paragraph (b), (d), or (e).

(d) (h) For purposes of this subdivision, the Professional Educator Licensing and
Standards Board is delegated the authority to suspend or revoke coaching licenses.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2017 Supplement, section 122A.20, subdivision 2, is amended
to read:

Subd. 2. Mandatory reporting. (a) A school board must report to the Professional
Educator Licensing and Standards Board, the Board of School Administrators, or the Board
of Trustees of the Minnesota State Colleges and Universities, whichever has jurisdiction
over the teacher's or administrator's license, when its teacher or administrator is discharged
or resigns from employment after a charge is filed with the school board under section
122A.41, subdivisions 6, clauses (1), (2), and (3), and 7, or after charges are filed that are
grounds for discharge under section 122A.40, subdivision 13, paragraph (a), clauses (1) to
(5), or when a teacher or administrator is suspended or resigns while an investigation is
pending under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5); 122A.41,
subdivisions 6, clauses (1), (2), and (3), and 7; or 626.556, or when a teacher or administrator
is suspended without an investigation under section 122A.41, subdivisions 6, paragraph (a),
clauses (1), (2), and (3), and 7; or 626.556. The report must be made to the appropriate
licensing board within ten days after the discharge, suspension, or resignation has occurred.
The licensing board to which the report is made must investigate the report for violation of
subdivision 1 and the reporting board must cooperate in the investigation. Notwithstanding
any provision in chapter 13 or any law to the contrary, upon written request from the licensing
board having jurisdiction over the license, a board or school superintendent shall provide the licensing board with information about the teacher or administrator from the
district's files, any termination or disciplinary proceeding, any settlement or compromise,
or any investigative file. Upon written request from the appropriate licensing board, a board or school superintendent may, at the discretion of the board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the district. Any data transmitted to any board under this section is private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

(b) The licensing board to which a report is made must transmit to the Attorney General's Office any record or data it receives under this subdivision for the sole purpose of having the Attorney General's Office assist that board in its investigation. When the Attorney General's Office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's or administrator's license within 45 days of receiving a stipulation executed by the teacher or administrator under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

(c) The Professional Educator Licensing and Standards Board and Board of School Administrators must report to the appropriate law enforcement authorities a revocation, suspension, or agreement involving a loss of license, relating to a teacher or administrator's inappropriate sexual conduct with a minor. For purposes of this section, "law enforcement authority" means a police department, county sheriff, or tribal police department. A report by the Professional Educator Licensing and Standards Board or the Board of School Administrators to appropriate law enforcement authorities does not diminish, modify, or otherwise affect the responsibilities of a licensing board, school board, or any person mandated to report abuse under section 626.556.

(d) The Professional Educator Licensing and Standards Board and Board of School Administrators must, immediately upon receiving information that gives the board reason to believe a child has at any time been neglected or physically or sexually abused, as defined in section 626.556, subdivision 2, report the information to:

(1) the local welfare agency, agency responsible for assessing or investigating the report, or tribal social services agency; and
(2) the police department, county sheriff, or tribal police department.

A report under this paragraph does not diminish, modify, or otherwise affect the responsibilities of a licensing board under section 626.556.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2017 Supplement, section 122A.40, subdivision 13, is amended to read:

Subd. 13. **Immediate discharge.** (a) Except as otherwise provided in paragraph (b), a board may discharge a continuing-contract teacher, effective immediately, upon any of the following grounds:

1. immoral conduct, insubordination, or conviction of a felony;
2. conduct unbecoming a teacher which requires the immediate removal of the teacher from classroom or other duties;
3. failure without justifiable cause to teach without first securing the written release of the school board;
4. gross inefficiency which the teacher has failed to correct after reasonable written notice;
5. willful neglect of duty; or
6. continuing physical or mental disability subsequent to a 12 months leave of absence and inability to qualify for reinstatement in accordance with subdivision 12.

For purposes of this paragraph, conduct unbecoming a teacher includes an unfair discriminatory practice described in section 363A.13.

Prior to discharging a teacher under this paragraph, the board must notify the teacher in writing and state its ground for the proposed discharge in reasonable detail. Within ten days after receipt of this notification the teacher may make a written request for a hearing before the board and it shall must be granted before final action is taken. The board may suspend a teacher with pay pending the conclusion of the hearing and determination of the issues raised in the hearing after charges have been filed which constitute ground for discharge. If a teacher has been charged with a felony and the underlying conduct that is the subject of the felony charge is a ground for a proposed immediate discharge, the suspension pending the conclusion of the hearing and determination of the issues may be without pay. If a hearing under this paragraph is held, the board must reimburse the teacher for any salary.
or compensation withheld if the final decision of the board or the arbitrator does not result
in a penalty to or suspension, termination, or discharge of the teacher.

(b) A board must discharge a continuing-contract teacher, effective immediately, upon
receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's
license has been revoked due to a conviction for:

(1) child abuse, as defined in section 609.185;

(2) sex trafficking in the first degree under section 609.322, subdivision 1;

(3) sex trafficking in the second degree under section 609.322, subdivision 1a;

(4) engaging in hiring or agreeing to hire a minor to engage in prostitution under section
609.324, subdivision 1;

(5) sexual abuse under section 609.342, 609.343, 609.344, 609.345, 609.3451, subdivision
3, or 617.23, subdivision 3;

(6) solicitation of children to engage in sexual conduct or communication of sexually
explicit materials to children under section 609.352;

(7) interference with privacy under section 609.746 or stalking under section 609.749
and the victim was a minor;

(8) using minors in a sexual performance under section 617.246;

(9) possessing pornographic works involving a minor under section 617.247; ∞

(10) any other offense not listed in this paragraph that requires the person to register as
a predatory offender under section 243.166, or a crime under a similar law of another state
or the United States; or

(11) any other offense not listed in this paragraph that requires notice of a licensing
action to the district in accordance with section 122A.20, subdivision 1, paragraph (b).

In addition, a board must discharge a continuing-contract teacher, effective immediately,
upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's
license has been revoked due to a stay of adjudication for an offense that, if convicted of,
would require predatory offender registration under section 243.166.

(c) When a teacher is discharged under paragraph (b) or when the commissioner makes
a final determination of child maltreatment involving a teacher under section 626.556,
subdivision 11, the school principal or other person having administrative control of the
school must include in the teacher's employment record the information contained in the

Article 4 Sec. 9.
record of the disciplinary action or the final maltreatment determination, consistent with
the definition of public data under section 13.41, subdivision 5, and must provide the
Professional Educator Licensing and Standards Board and the licensing division at the
department with the necessary and relevant information to enable the Professional Educator
Licensing and Standards Board and the department's licensing division to fulfill their its
statutory and administrative duties related to issuing, renewing, suspending, or revoking a
teacher's license. Information received by the Professional Educator Licensing and Standards
Board or the licensing division at the department under this paragraph is governed by section
13.41 or other applicable law governing data of the receiving entity. In addition to the
background check required under section 123B.03, a school board or other school hiring
authority must contact the Professional Educator Licensing and Standards Board and the
department to determine whether the teacher's license has been suspended or revoked,
consistent with the discharge and final maltreatment determinations identified in this
paragraph. Unless restricted by federal or state data practices law or by the terms of a a
collective bargaining agreement, the responsible authority for a school district must
disseminate to another school district private personnel data on a current or former teacher
employee or contractor of the district, including the results of background investigations,
if the requesting school district seeks the information because the subject of the data has
applied for employment with the requesting school district.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

paragraph (b), causes for the discharge or demotion of a teacher either during or after the
probationary period must be:

(2) failure without justifiable cause to teach without first securing the written release of
the school board having the care, management, or control of the school in which the teacher
is employed;

(3) inefficiency in teaching or in the management of a school, consistent with subdivision
5, paragraph (b);

(4) affliction with a communicable disease must be considered as cause for removal or
suspension while the teacher is suffering from such disability; or
For purposes of this paragraph, conduct unbecoming a teacher includes an unfair discriminatory practice described in section 363A.13.

(b) A probationary or continuing-contract teacher must be discharged immediately upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a conviction for:

In addition, a probationary or continuing-contract teacher must be discharged immediately upon receipt of notice under section 122A.20, subdivision 1, paragraph (b), that the teacher's license has been revoked due to a stay of adjudication for an offense that, if convicted of, would require predatory offender registration under section 243.166.

Sec. 13. Minnesota Statutes 2017 Supplement, section 123B.03, subdivision 1, is amended to read:

Subdivision 1. 
Background check required. (a) A school hiring authority shall request a criminal history background check from the superintendent of the Bureau of Criminal Apprehension on all individuals who are offered employment in a school and on all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to a school, regardless of whether any compensation is paid. In order for an individual to be eligible for employment or to provide the services, the individual must provide an executed criminal history consent form and a money order or check payable to either the Bureau of Criminal Apprehension or the school hiring authority, at the discretion of the school hiring authority, in an amount equal to the actual cost to the Bureau of Criminal Apprehension and the school district of conducting the criminal history background check. A school hiring authority deciding to receive payment may, at its discretion, accept payment in the form of a negotiable instrument other than a money order or check and shall pay the superintendent of the Bureau of Criminal Apprehension directly to conduct the background check. The superintendent of the Bureau of Criminal Apprehension shall conduct the background check by retrieving criminal history data as defined in section 13.87. A school hiring authority, at its discretion, may decide not to request a criminal history background check on an individual who holds an initial entrance license issued by the Professional Educator Licensing and Standards Board or the commissioner of education within the 12 months preceding an offer of employment.

(b) A school hiring authority may use the results of a criminal background check conducted at the request of another school hiring authority if:

(1) the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
(2) the other school hiring authority conducted a criminal background check within the 
previous 12 months;

(3) the individual who is the subject of the criminal background check executes a written 
consent form giving a school hiring authority access to the results of the check; and

(4) there is no reason to believe that the individual has committed an act subsequent to 
the check that would disqualify the individual for employment.

(c) A school hiring authority may, at its discretion, request a criminal history background 
check from the superintendent of the Bureau of Criminal Apprehension on any individual 
who seeks to enter a school or its grounds for the purpose of serving as a school volunteer 
or working as an independent contractor or student employee. In order for an individual to 
enter a school or its grounds under this paragraph when the school hiring authority decides 
to request a criminal history background check on the individual, the individual first must 
provide an executed criminal history consent form and a money order, check, or other 
negotiable instrument payable to the school district in an amount equal to the actual cost to 
the Bureau of Criminal Apprehension and the school district of conducting the criminal 
history background check. Notwithstanding section 299C.62, subdivision 1, the cost of the 
criminal history background check under this paragraph is the responsibility of the individual 
unless a school hiring authority decides to pay the costs of conducting a background check 
under this paragraph. If the school hiring authority pays the costs, the individual who is the 
subject of the background check need not pay for it.

(d) In addition to the initial background check required for all individuals offered 
employment in accordance with paragraph (a), a school hiring authority must request a new 
criminal history background check from the superintendent of the Bureau of Criminal 
Apprehension on all employees every five years. Notwithstanding any law to the contrary, 
in order for an individual to be eligible for continued employment, an individual must 
provide an executed criminal history consent form and a money order or check payable to 
either the Bureau of Criminal Apprehension or the school hiring authority, at the discretion 
of the school hiring authority, in an amount equal to the actual cost to the Bureau of Criminal 
Apprehension and the school district of conducting the criminal history background check. 
A school hiring authority deciding to receive payment may, at its discretion, accept payment 
in the form of a negotiable instrument other than a money order or check and shall pay the 
superintendent of the Bureau of Criminal Apprehension directly to conduct the background 
check. A school hiring authority, at its discretion, may decide not to request a criminal 
history background check on an employee who provides the hiring authority with a copy 
of the results of a criminal history background check conducted within the previous 60
months. A school hiring authority may, at its discretion, decide to pay the costs of conducting a background check under this paragraph.

(d) (e) For all nonstate residents who are offered employment in a school, a school hiring authority shall request a criminal history background check on such individuals from the superintendent of the Bureau of Criminal Apprehension and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. Such individuals must provide an executed criminal history consent form and a money order, check, or other negotiable instrument payable to the school hiring authority in an amount equal to the actual cost to the government agencies and the school district of conducting the criminal history background check. Notwithstanding section 299C.62, subdivision 1, the cost of the criminal history background check under this paragraph is the responsibility of the individual.

(e) (f) At the beginning of each school year or when a student enrolls, a school hiring authority must notify parents and guardians about the school hiring authority's policy requiring a criminal history background check on employees and other individuals who provide services to the school, and identify those positions subject to a background check and the extent of the hiring authority's discretion in requiring a background check. The school hiring authority may include the notice in the student handbook, a school policy guide, or other similar communication. Nothing in this paragraph affects a school hiring authority's ability to request a criminal history background check on an individual under paragraph (c).

EFFECTIVE DATE. This section is effective for the 2019-2020 school year and later.

Sec. 14. Minnesota Statutes 2017 Supplement, section 123B.03, subdivision 2, is amended to read:

Subd. 2. Effect of background check or Professional Educator Licensing and Standards Board action. (a) A school hiring authority may hire or otherwise allow an individual to provide a service to a school pending completion of a background check under subdivision 1 or obtaining notice of a Professional Educator Licensing and Standards Board action under subdivision 1a but shall notify the individual that the individual's employment or other service may be terminated based on the result of the background check or Professional Educator Licensing and Standards Board action. A school hiring authority is not liable for failing to hire or for terminating an individual's employment or other service based on the result of a background check or Professional Educator Licensing and Standards Board action under this section.
(b) For purposes of this paragraph, a school hiring authority must inform an individual if the individual's application to be an employee or volunteer in the district has been denied as a result of a background check conducted under this section. The school hiring authority must also inform an individual who is a current employee or volunteer if the individual's employment or volunteer status in the district is being terminated as a result of a background check conducted under subdivision 4.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

the driver's privilege to operate a school bus in Minnesota. A school bus driver whose
endorsement or privilege to operate a school bus in Minnesota has been permanently canceled
may not apply for reinstatement. Within ten days of receiving notice under section 631.40,
subdivision 1a, or otherwise receiving notice for a nonresident driver, that a school bus
driver has been convicted of a violation of section 169A.20, or a similar statute or ordinance

An applicant who has been convicted of violating section 169A.20, or a similar statute or ordinance from another state, or who has had a license revocation under section 169A.52 or 171.177 within the previous ten years must show proof of successful completion of an alcohol or controlled substance treatment program in order to receive a bus driver's endorsement. For a first offense, proof of completion is required only if treatment was ordered as part of a chemical use assessment. A school district or contractor that employs a nonresident school bus driver must conduct a background check of the employee's driving record and criminal history in both Minnesota and the driver's state of residence. Convictions for disqualifying offenses, gross misdemeanors, a fourth moving violation within the previous three years, or violations of section 169A.20, or a similar statute or ordinance in another state, must be reported to the Department of Public Safety.

(5) an expunged record of a conviction may be opened for purposes of a background check required under section 122A.18, subdivision 8, unless the court order for expungement is directed specifically to the Professional Educator Licensing and Standards Board or the licensing division of the Department of Education; and

(6) the court may order an expunged record opened upon request by the victim of the underlying offense if the court determines that the record is substantially related to a matter for which the victim is before the court.

(c) An agency or jurisdiction subject to an expungement order shall maintain the record in a manner that provides access to the record by a criminal justice agency under paragraph (b), clause (1) or (2), but notifies the recipient that the record has been sealed. The Bureau of Criminal Apprehension shall notify the commissioner of human services, the Professional Educator Licensing and Standards Board, or the licensing division of the Department of Education of the existence of a sealed record and of the right to obtain access under paragraph (b), clause (4) or (5). Upon request, the agency or jurisdiction subject to the expungement order shall provide access to the record to the commissioner of human services, the Professional Educator Licensing and Standards Board, or the licensing division of the Department of Education under paragraph (b), clause (4) or (5).

(d) An expunged record that is opened or exchanged under this subdivision remains subject to the expungement order in the hands of the person receiving the record.
A criminal justice agency that receives an expunged record under paragraph (b), clause (1) or (2), must maintain and store the record in a manner that restricts the use of the record to the investigation, prosecution, or sentencing for which it was obtained.

For purposes of this section, a "criminal justice agency" means a court or government agency that performs the administration of criminal justice under statutory authority.

This subdivision applies to expungement orders subject to its limitations and effective on or after January 1, 2015.

Sec. 23. Minnesota Statutes 2017 Supplement, section 626.556, subdivision 2, is amended to read:

Subd. 2. Definitions. As used in this section, the following terms have the meanings given them unless the specific content indicates otherwise:

(a) "Accidental" means a sudden, not reasonably foreseeable, and unexpected occurrence or event which:

(1) is not likely to occur and could not have been prevented by exercise of due care; and

(2) if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence or event.

(b) "Commissioner" means the commissioner of human services.

(c) "Facility" means:

(1) a licensed or unlicensed day care facility, certified license-exempt child care center, residential facility, agency, hospital, sanitarium, or other facility or institution required to be licensed under sections 144.50 to 144.58, 241.021, or 245A.01 to 245A.16, or chapter 144H, 245D, or 245H;

(2) a school as defined in section 120A.05, subdivisions 9, 11, and 13; and chapter 124E; or

(3) a nonlicensed personal care provider organization as defined in section 256B.0625, subdivision 19a.

(d) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child maltreatment, and family strengths and needs that is applied to a child maltreatment report that does not allege sexual abuse or substantial child endangerment.

Family assessment does not include a determination as to whether child maltreatment
occurred but does determine the need for services to address the safety of family members and the risk of subsequent maltreatment.

(e) "Investigation" means fact gathering related to the current safety of a child and the risk of subsequent maltreatment that determines whether child maltreatment occurred and whether child protective services are needed. An investigation must be used when reports involve sexual abuse or substantial child endangerment, and for reports of maltreatment in facilities required to be licensed or certified under chapter 245A, 245D, or 245H; under sections 144.50 to 144.58 and 241.021; in a school as defined in section 120A.05, subdivisions 9, 11, and 13, and chapter 124E; or in a nonlicensed personal care provider association as defined in section 256B.0625, subdivision 19a.

(f) "Mental injury" means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance and behavior with due regard to the child's culture.

(g) "Neglect" means the commission or omission of any of the acts specified under clauses (1) to (9), other than by accidental means:

(1) failure by a person responsible for a child's care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child's physical or mental health when reasonably able to do so;

(2) failure to protect a child from conditions or actions that seriously endanger the child's physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;

(3) failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child's age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child's own basic needs or safety, or the basic needs or safety of another child in their care;

(4) failure to ensure that the child is educated as defined in sections 120A.22 and 260C.163, subdivision 11, which does not include a parent's refusal to provide the parent's child with sympathomimetic medications, consistent with section 125A.091, subdivision 5;

(5) nothing in this section shall be construed to mean that a child is neglected solely because the child's parent, guardian, or other person responsible for the child's care in good
faith selects and depends upon spiritual means or prayer for treatment or care of disease or
remedial care of the child in lieu of medical care; except that a parent, guardian, or caretaker,
or a person mandated to report pursuant to subdivision 3, has a duty to report if a lack of
medical care may cause serious danger to the child's health. This section does not impose
upon persons, not otherwise legally responsible for providing a child with necessary food,
clothing, shelter, education, or medical care, a duty to provide that care;

(6) prenatal exposure to a controlled substance, as defined in section 253B.02, subdivision
2, used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in
the child at birth, results of a toxicology test performed on the mother at delivery or the
child at birth, medical effects or developmental delays during the child's first year of life
that medically indicate prenatal exposure to a controlled substance, or the presence of a
fetal alcohol spectrum disorder;

(7) "medical neglect" as defined in section 260C.007, subdivision 6, clause (5);

(8) chronic and severe use of alcohol or a controlled substance by a parent or person
responsible for the care of the child that adversely affects the child's basic needs and safety;
or

(9) emotional harm from a pattern of behavior which contributes to impaired emotional
functioning of the child which may be demonstrated by a substantial and observable effect
in the child's behavior, emotional response, or cognition that is not within the normal range
for the child's age and stage of development, with due regard to the child's culture.

(h) "Nonmaltreatment mistake" means:

(1) at the time of the incident, the individual was performing duties identified in the
center's child care program plan required under Minnesota Rules, part 9503.0045;

(2) the individual has not been determined responsible for a similar incident that resulted
in a finding of maltreatment for at least seven years;

(3) the individual has not been determined to have committed a similar nonmaltreatment
mistake under this paragraph for at least four years;

(4) any injury to a child resulting from the incident, if treated, is treated only with
remedies that are available over the counter, whether ordered by a medical professional or
not; and

(5) except for the period when the incident occurred, the facility and the individual
providing services were both in compliance with all licensing requirements relevant to the
incident.
This definition only applies to child care centers licensed under Minnesota Rules, chapter 9503. If clauses (1) to (5) apply, rather than making a determination of substantiated maltreatment by the individual, the commissioner of human services shall determine that a nonmaltreatment mistake was made by the individual.

(i) "Operator" means an operator or agency as defined in section 245A.02.

(j) "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employees or agents, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.

(k) "Physical abuse" means any physical injury, mental injury, or threatened injury, inflicted by a person responsible for the child's care on a child other than by accidental means, or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized under section 125A.0942 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian which does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by section 121A.582. Actions which are not reasonable and moderate include, but are not limited to, any of the following:

(1) throwing, kicking, burning, biting, or cutting a child;

(2) striking a child with a closed fist;

(3) shaking a child under age three;

(4) striking or other actions which result in any nonaccidental injury to a child under 18 months of age;

(5) unreasonable interference with a child's breathing;

(6) threatening a child with a weapon, as defined in section 609.02, subdivision 6;

(7) striking a child under age one on the face or head;

(8) striking a child who is at least age one but under age four on the face or head, which results in an injury;
(9) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled
substances which were not prescribed for the child by a practitioner, in order to control or
punish the child; or other substances that substantially affect the child's behavior, motor
coordination, or judgment or that results in sickness or internal injury, or subjects the child
to medical procedures that would be unnecessary if the child were not exposed to the
substances;

(10) unreasonable physical confinement or restraint not permitted under section 609.379,
including but not limited to tying, caging, or chaining; or

(11) in a school facility or school zone, an act by a person responsible for the child's
care that is a violation under section 121A.58.

(l) "Practice of social services," for the purposes of subdivision 3, includes but is not
limited to employee assistance counseling and the provision of guardian ad litem and
parenting time expeditor services.

(m) "Report" means any communication received by the local welfare agency, police
department, county sheriff, or agency responsible for child protection pursuant to this section
that describes neglect or physical or sexual abuse of a child and contains sufficient content
to identify the child and any person believed to be responsible for the neglect or abuse, if
known.

(n) "Sexual abuse" means the subjection of a child by a person responsible for the child's
care, by a person who has a significant relationship to the child, as defined in section 609.341,
or by a person in a position of authority, as defined in section 609.341, subdivision 10, to
any act which constitutes a violation of section 609.342 (criminal sexual conduct in the first
degree), 609.343 (criminal sexual conduct in the second degree), 609.344 (criminal sexual
conduct in the third degree), 609.345 (criminal sexual conduct in the fourth degree), or
609.3451 (criminal sexual conduct in the fifth degree), or 609.352 (solicitation of children
to engage in sexual conduct; communication of sexually explicit materials to children).
Sexual abuse also includes any act which involves a minor which constitutes a violation of
prostitution offenses under sections 609.321 to 609.324 or 617.246. Effective May 29, 2017,
sexual abuse includes all reports of known or suspected child sex trafficking involving a
child who is identified as a victim of sex trafficking. Sexual abuse includes child sex
trafficking as defined in section 609.321, subdivisions 7a and 7b. Sexual abuse includes
threatened sexual abuse which includes the status of a parent or household member who
has committed a violation which requires registration as an offender under section 243.166,
subdivision 1b, paragraph (a) or (b), or required registration under section 243.166,

subdivision 1b, paragraph (a) or (b).

(o) "Substantial child endangerment" means a person responsible for a child's care, by
act or omission, commits or attempts to commit an act against a child under their care that
constitutes any of the following:

(1) egregious harm as defined in section 260C.007, subdivision 14;

(2) abandonment under section 260C.301, subdivision 2;

(3) neglect as defined in paragraph (g), clause (2), that substantially endangers the child's
physical or mental health, including a growth delay, which may be referred to as failure to
thrive, that has been diagnosed by a physician and is due to parental neglect;

(4) murder in the first, second, or third degree under section 609.185, 609.19, or 609.195;

(5) manslaughter in the first or second degree under section 609.20 or 609.205;

(6) assault in the first, second, or third degree under section 609.221, 609.222, or 609.223;

(7) solicitation, inducement, and promotion of prostitution under section 609.322;

(9) solicitation of children to engage in sexual conduct under section 609.352;

(10) malicious punishment or neglect or endangerment of a child under section 609.377
or 609.378;

(11) use of a minor in sexual performance under section 617.246; or

(12) parental behavior, status, or condition which mandates that the county attorney file
a termination of parental rights petition under section 260C.503, subdivision 2.

(p) "Threatened injury" means a statement, overt act, condition, or status that represents
a substantial risk of physical or sexual abuse or mental injury. Threatened injury includes,
but is not limited to, exposing a child to a person responsible for the child's care, as defined
in paragraph (j), clause (1), who has:

(1) subjected a child to, or failed to protect a child from, an overt act or condition that
constitutes egregious harm, as defined in section 260C.007, subdivision 14, or a similar law
of another jurisdiction;

(2) been found to be palpably unfit under section 260C.301, subdivision 1, paragraph
(b), clause (4), or a similar law of another jurisdiction;
(3) committed an act that has resulted in an involuntary termination of parental rights under section 260C.301, or a similar law of another jurisdiction; or

(4) committed an act that has resulted in the involuntary transfer of permanent legal and physical custody of a child to a relative under Minnesota Statutes 2010, section 260C.201, subdivision 11, paragraph (d), clause (1), section 260C.515, subdivision 4, or a similar law of another jurisdiction.

A child is the subject of a report of threatened injury when the responsible social services agency receives birth match data under paragraph (q) from the Department of Human Services.

(q) Upon receiving data under section 144.225, subdivision 2b, contained in a birth record or recognition of parentage identifying a child who is subject to threatened injury under paragraph (p), the Department of Human Services shall send the data to the responsible social services agency. The data is known as "birth match" data. Unless the responsible social services agency has already begun an investigation or assessment of the report due to the birth of the child or execution of the recognition of parentage and the parent's previous history with child protection, the agency shall accept the birth match data as a report under this section. The agency may use either a family assessment or investigation to determine whether the child is safe. All of the provisions of this section apply. If the child is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

(r) Persons who conduct assessments or investigations under this section shall take into account accepted child-rearing practices of the culture in which a child participates and accepted teacher discipline practices, which are not injurious to the child's health, welfare, and safety.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 24. Minnesota Statutes 2017 Supplement, section 626.556, subdivision 3, is amended to read:

Subd. 3. **Persons mandated to report; persons voluntarily reporting.** (a) A person who knows or has reason to believe a child is being neglected or physically or sexually abused, as defined in subdivision 2, or has been neglected or physically or sexually abused...
within the preceding three years, shall immediately report the information to the local welfare
agency, agency responsible for assessing or investigating the report, police department, county sheriff, tribal social services agency, or tribal police department if the person is:

(1) a professional or professional's delegate who is engaged in the practice of the healing arts, social services, hospital administration, psychological or psychiatric treatment, child care, education, correctional supervision, probation and correctional services, or law enforcement; or

(2) employed as a member of the clergy and received the information while engaged in ministerial duties, provided that a member of the clergy is not required by this subdivision to report information that is otherwise privileged under section 595.02, subdivision 1, paragraph (c); or

(3) a member of a board or other entity whose licensees perform work within a school facility.

(b) Any person may voluntarily report to the local welfare agency, agency responsible for assessing or investigating the report, police department, county sheriff, tribal social services agency, or tribal police department if the person knows, has reason to believe, or suspects a child is being or has been neglected or subjected to physical or sexual abuse.

(c) A person mandated to report physical or sexual child abuse or neglect occurring within a licensed facility shall report the information to the agency responsible for licensing or certifying the facility under sections 144.50 to 144.58; 241.021; 245A.01 to 245A.16; or chapter 144H, 245D, or 245H; or a nonlicensed personal care provider organization as defined in section 256B.0625, subdivision 19a. A health or corrections agency receiving a report may request the local welfare agency to provide assistance pursuant to subdivisions 10, 10a, and 10b. A board or other entity whose licensees perform work within a school facility, upon receiving a complaint of alleged maltreatment, shall provide information about the circumstances of the alleged maltreatment to the commissioner of education. Section 13.03, subdivision 4, applies to data received by the commissioner of education from a licensing entity.

(d) Notification requirements under subdivision 10 apply to all reports received under this section.

(e) For purposes of this section, "immediately" means as soon as possible but in no event longer than 24 hours.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 25. Minnesota Statutes 2016, section 626.556, subdivision 10, is amended to read:

**Subd. 10. Duties of local welfare agency and local law enforcement agency upon receipt of report; mandatory notification between police or sheriff and agency.** (a) The police department or the county sheriff shall immediately notify the local welfare agency or agency responsible for child protection reports under this section orally and in writing when a report is received. The local welfare agency or agency responsible for child protection reports shall immediately notify the local police department or the county sheriff orally and in writing when a report is received. The county sheriff and the head of every local welfare agency, agency responsible for child protection reports, and police department shall each designate a person within their agency, department, or office who is responsible for ensuring that the notification duties of this paragraph are carried out. When the alleged maltreatment occurred on tribal land, the local welfare agency or agency responsible for child protection reports and the local police department or the county sheriff shall immediately notify the tribe's social services agency and tribal law enforcement orally and in writing when a report is received. When a police department or county sheriff receives a report or otherwise has information indicating that a child has been the subject of physical abuse, sexual abuse, or neglect by a person licensed by the Professional Educator Licensing and Standards Board or Board of School Administrators, it shall, in addition to its other duties under this section, immediately inform the licensing board.

(b) Upon receipt of a report, the local welfare agency shall determine whether to conduct a family assessment or an investigation as appropriate to prevent or provide a remedy for child maltreatment. The local welfare agency:

1. shall conduct an investigation on reports involving sexual abuse or substantial child endangerment;
2. shall begin an immediate investigation if, at any time when it is using a family assessment response, it determines that there is reason to believe that sexual abuse or substantial child endangerment or a serious threat to the child's safety exists;
3. may conduct a family assessment for reports that do not allege sexual abuse or substantial child endangerment. In determining that a family assessment is appropriate, the local welfare agency may consider issues of child safety, parental cooperation, and the need for an immediate response;
4. may conduct a family assessment on a report that was initially screened and assigned for an investigation. In determining that a complete investigation is not required, the local welfare agency must document the reason for terminating the investigation and notify the...
local law enforcement agency if the local law enforcement agency is conducting a joint investigation; and

(5) shall provide immediate notice, according to section 260.761, subdivision 2, to an Indian child's tribe when the agency has reason to believe the family assessment or investigation may involve an Indian child. For purposes of this clause, "immediate notice" means notice provided within 24 hours.

If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, or sexual abuse by a person with a significant relationship to the child when that person resides in the child's household or by a sibling, the local welfare agency shall immediately conduct a family assessment or investigation as identified in clauses (1) to (4). In conducting a family assessment or investigation, the local welfare agency shall gather information on the existence of substance abuse and domestic violence and offer services for purposes of preventing future child maltreatment, safeguarding and enhancing the welfare of the abused or neglected minor, and supporting and preserving family life whenever possible. If the report alleges a violation of a criminal statute involving sexual abuse, physical abuse, or neglect or endangerment, under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews.

Each agency shall prepare a separate report of the results of its investigation or assessment. In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

If the family assessment or investigation indicates there is a potential for abuse of alcohol or other drugs by the parent, guardian, or person responsible for the child's care, the local welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part 9530.6615.

(c) When a local agency receives a report or otherwise has information indicating that a child who is a client, as defined in section 245.91, has been the subject of physical abuse, sexual abuse, or neglect at an agency, facility, or program as defined in section 245.91, it shall, in addition to its other duties under this section, immediately inform the ombudsman established under sections 245.91 to 245.97. The commissioner of education shall inform
the ombudsman established under sections 245.91 to 245.97 of reports regarding a child
defined as a client in section 245.91 that maltreatment occurred at a school as defined in
section 120A.05, subdivisions 9, 11, and 13, and chapter 124E.

(d) Authority of the local welfare agency responsible for assessing or investigating the
child abuse or neglect report, the agency responsible for assessing or investigating the report,
and of the local law enforcement agency for investigating the alleged abuse or neglect
includes, but is not limited to, authority to interview, without parental consent, the alleged
victim and any other minors who currently reside with or who have resided with the alleged
offender. The interview may take place at school or at any facility or other place where the
alleged victim or other minors might be found or the child may be transported to, and the
interview conducted at, a place appropriate for the interview of a child designated by the
local welfare agency or law enforcement agency. The interview may take place outside the
presence of the alleged offender or parent, legal custodian, guardian, or school official. For
family assessments, it is the preferred practice to request a parent or guardian's permission
to interview the child prior to conducting the child interview, unless doing so would
compromise the safety assessment. Except as provided in this paragraph, the parent, legal
custodian, or guardian shall be notified by the responsible local welfare or law enforcement
agency no later than the conclusion of the investigation or assessment that this interview
has occurred. Notwithstanding rule 32 of the Minnesota Rules of Procedure for Juvenile
Courts, the juvenile court may, after hearing on an ex parte motion by the local welfare
agency, order that, where reasonable cause exists, the agency withhold notification of this
interview from the parent, legal custodian, or guardian. If the interview took place or is to
take place on school property, the order shall specify that school officials may not disclose
to the parent, legal custodian, or guardian the contents of the notification of intent to interview
the child on school property, as provided under this paragraph, and any other related
information regarding the interview that may be a part of the child's school record. A copy
of the order shall be sent by the local welfare or law enforcement agency to the appropriate
school official.

(e) When the local welfare, local law enforcement agency, or the agency responsible
for assessing or investigating a report of maltreatment determines that an interview should
take place on school property, written notification of intent to interview the child on school
property must be received by school officials prior to the interview. The notification shall
include the name of the child to be interviewed, the purpose of the interview, and a reference
to the statutory authority to conduct an interview on school property. For interviews
conducted by the local welfare agency, the notification shall be signed by the chair of the
local social services agency or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until that time, the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(f) Where the alleged offender or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.

(g) Before making an order under paragraph (f), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(h) The commissioner of human services, the ombudsman for mental health and developmental disabilities, the local welfare agencies responsible for investigating reports,
the commissioner of education, and the local law enforcement agencies have the right to
enter facilities as defined in subdivision 2 and to inspect and copy the facility’s records,
including medical records, as part of the investigation. Notwithstanding the provisions of
chapter 13, they also have the right to inform the facility under investigation that they are
conducting an investigation, to disclose to the facility the names of the individuals under
investigation for abusing or neglecting a child, and to provide the facility with a copy of
the report and the investigative findings.

(i) The local welfare agency responsible for conducting a family assessment or
investigation shall collect available and relevant information to determine child safety, risk
of subsequent child maltreatment, and family strengths and needs and share not public
information with an Indian’s tribal social services agency without violating any law of the
state that may otherwise impose duties of confidentiality on the local welfare agency in
order to implement the tribal state agreement. The local welfare agency or the agency
responsible for investigating the report shall collect available and relevant information to
ascertain whether maltreatment occurred and whether protective services are needed.
Information collected includes, when relevant, information with regard to the person reporting
the alleged maltreatment, including the nature of the reporter’s relationship to the child and
to the alleged offender, and the basis of the reporter’s knowledge for the report; the child
allegedly being maltreated; the alleged offender; the child’s caretaker; and other collateral
sources having relevant information related to the alleged maltreatment. The local welfare
agency or the agency responsible for investigating the report may make a determination of
no maltreatment early in an investigation, and close the case and retain immunity, if the
collected information shows no basis for a full investigation.

Information relevant to the assessment or investigation must be asked for, and may
include:

(1) the child’s sex and age; prior reports of maltreatment, including any maltreatment
reports that were screened out and not accepted for assessment or investigation; information
relating to developmental functioning; credibility of the child’s statement; and whether the
information provided under this clause is consistent with other information collected during
the course of the assessment or investigation;

(2) the alleged offender’s age, a record check for prior reports of maltreatment, and
criminal charges and convictions. The local welfare agency or the agency responsible for
assessing or investigating the report must provide the alleged offender with an opportunity
to make a statement. The alleged offender may submit supporting documentation relevant
to the assessment or investigation;
(3) collateral source information regarding the alleged maltreatment and care of the
child. Collateral information includes, when relevant: (i) a medical examination of the child;
(ii) prior medical records relating to the alleged maltreatment or the care of the child
maintained by any facility, clinic, or health care professional and an interview with the
treating professionals; and (iii) interviews with the child's caretakers, including the child's
parent, guardian, foster parent, child care provider, teachers, counselors, family members,
relatives, and other persons who may have knowledge regarding the alleged maltreatment
and the care of the child; and

(4) information on the existence of domestic abuse and violence in the home of the child,
and substance abuse.

Nothing in this paragraph precludes the local welfare agency, the local law enforcement
agency, or the agency responsible for assessing or investigating the report from collecting
other relevant information necessary to conduct the assessment or investigation.

Notwithstanding sections 13.384 or 144.291 to 144.298, the local welfare agency has access
to medical data and records for purposes of clause (3). Notwithstanding the data's
classification in the possession of any other agency, data acquired by the local welfare
agency or the agency responsible for assessing or investigating the report during the course
of the assessment or investigation are private data on individuals and must be maintained
in accordance with subdivision 11. Data of the commissioner of education collected or
maintained during and for the purpose of an investigation of alleged maltreatment in a school
are governed by this section, notwithstanding the data's classification as educational,
licensing, or personnel data under chapter 13.

In conducting an assessment or investigation involving a school facility as defined in
subdivision 2, paragraph (c), the commissioner of education shall collect investigative
reports and data that are relevant to a report of maltreatment and are from local law
enforcement and the school facility.

(j) Upon receipt of a report, the local welfare agency shall conduct a face-to-face contact
with the child reported to be maltreated and with the child's primary caregiver sufficient to
complete a safety assessment and ensure the immediate safety of the child. The face-to-face
contact with the child and primary caregiver shall occur immediately if sexual abuse or
substantial child endangerment is alleged and within five calendar days for all other reports.
If the alleged offender was not already interviewed as the primary caregiver, the local welfare
agency shall also conduct a face-to-face interview with the alleged offender in the early
stages of the assessment or investigation. At the initial contact, the local child welfare agency
or the agency responsible for assessing or investigating the report must inform the alleged
offender of the complaints or allegations made against the individual in a manner consistent
with laws protecting the rights of the person who made the report. The interview with the
alleged offender may be postponed if it would jeopardize an active law enforcement
investigation.

(k) When conducting an investigation, the local welfare agency shall use a question and
answer interviewing format with questioning as nondirective as possible to elicit spontaneous
responses. For investigations only, the following interviewing methods and procedures must
be used whenever possible when collecting information:

(1) audio recordings of all interviews with witnesses and collateral sources; and

(2) in cases of alleged sexual abuse, audio-video recordings of each interview with the
alleged victim and child witnesses.

(l) In conducting an assessment or investigation involving a school facility as defined
in subdivision 2, paragraph (c), the commissioner of education shall collect available and
relevant information and use the procedures in paragraphs (j) and (k), and subdivision 3d,
except that the requirement for face-to-face observation of the child and face-to-face interview
of the alleged offender is to occur in the initial stages of the assessment or investigation
provided that the commissioner may also base the assessment or investigation on investigative
reports and data received from the school facility and local law enforcement, to the extent
those investigations satisfy the requirements of paragraphs (j) and (k), and subdivision 3d.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 26. Minnesota Statutes 2017 Supplement, section 626.556, subdivision 10e, is amended
to read:

Subd. 10e. Determinations. (a) The local welfare agency shall conclude the family
assessment or the investigation within 45 days of the receipt of a report. The conclusion of
the assessment or investigation may be extended to permit the completion of a criminal
investigation or the receipt of expert information requested within 45 days of the receipt of
the report.

(b) After conducting a family assessment, the local welfare agency shall determine
whether services are needed to address the safety of the child and other family members
and the risk of subsequent maltreatment.

(c) After conducting an investigation, the local welfare agency shall make two
determinations: first, whether maltreatment has occurred; and second, whether child
115.1 protective services are needed. No determination of maltreatment shall be made when the 
115.2 alleged perpetrator is a child under the age of ten.

115.3 (d) If the commissioner of education conducts an assessment or investigation, the 
115.4 commissioner shall determine whether maltreatment occurred and what corrective or 
115.5 protective action was taken by the school facility. If a determination is made that 
115.6 maltreatment has occurred, the commissioner shall report to the employer, the school board, 
115.7 and any appropriate licensing entity the determination that maltreatment occurred and what 
115.8 corrective or protective action was taken by the school facility. In all other cases, the 
115.9 commissioner shall inform the school board or employer and any appropriate licensing 
115.10 entity that a report was received, the subject of the report, the date of the initial report, the 
115.11 category of maltreatment alleged as defined in paragraph (f), the fact that maltreatment was 
115.12 not determined, and a summary of the specific reasons for the determination.

115.13 (e) When maltreatment is determined in an investigation involving a facility, the 
115.14 investigating agency shall also determine whether the facility or individual was responsible, 
115.15 or whether both the facility and the individual were responsible for the maltreatment using 
115.16 the mitigating factors in paragraph (i). Determinations under this subdivision must be made 
115.17 based on a preponderance of the evidence and are private data on individuals or nonpublic 
115.18 data as maintained by the commissioner of education.

115.19 (f) For the purposes of this subdivision, "maltreatment" means any of the following acts 
115.20 or omissions:

115.21 (1) physical abuse as defined in subdivision 2, paragraph (k);

115.22 (2) neglect as defined in subdivision 2, paragraph (g);

115.23 (3) sexual abuse as defined in subdivision 2, paragraph (n);

115.24 (4) mental injury as defined in subdivision 2, paragraph (f); or

115.25 (5) maltreatment of a child in a facility as defined in subdivision 2, paragraph (c).

115.26 (g) For the purposes of this subdivision, a determination that child protective services 
115.27 are needed means that the local welfare agency has documented conditions during the 
115.28 assessment or investigation sufficient to cause a child protection worker, as defined in 
115.29 section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment 
115.30 if protective intervention is not provided and that the individuals responsible for the child's 
115.31 care have not taken or are not likely to take actions to protect the child from maltreatment 
115.32 or risk of maltreatment.
(h) This subdivision does not mean that maltreatment has occurred solely because the
child's parent, guardian, or other person responsible for the child's care in good faith selects
and depends upon spiritual means or prayer for treatment or care of disease or remedial care
of the child, in lieu of medical care. However, if lack of medical care may result in serious
danger to the child's health, the local welfare agency may ensure that necessary medical
services are provided to the child.

(i) When determining whether the facility or individual is the responsible party, or
whether both the facility and the individual are responsible for determined maltreatment in
a facility, the investigating agency shall consider at least the following mitigating factors:

1. whether the actions of the facility or the individual caregivers were according to,
and followed the terms of, an erroneous physician order, prescription, individual care plan,
or directive; however, this is not a mitigating factor when the facility or caregiver was
responsible for the issuance of the erroneous order, prescription, individual care plan, or
directive or knew or should have known of the errors and took no reasonable measures to
correct the defect before administering care;

2. comparative responsibility between the facility, other caregivers, and requirements
placed upon an employee, including the facility's compliance with related regulatory standards
and the adequacy of facility policies and procedures, facility training, an individual's
participation in the training, the caregiver's supervision, and facility staffing levels and the
scope of the individual employee's authority and discretion; and

3. whether the facility or individual followed professional standards in exercising
professional judgment.

The evaluation of the facility's responsibility under clause (2) must not be based on the
completeness of the risk assessment or risk reduction plan required under section 245A.66,
but must be based on the facility's compliance with the regulatory standards for policies
and procedures, training, and supervision as cited in Minnesota Statutes and Minnesota
Rules.

(j) Notwithstanding paragraph (i), when maltreatment is determined to have been
committed by an individual who is also the facility license or certification holder, both the
individual and the facility must be determined responsible for the maltreatment, and both
the background study disqualification standards under section 245C.15, subdivision 4, and
the licensing or certification actions under section 245A.06, 245A.07, 245H.06, or 245H.07
apply.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 27. Minnesota Statutes 2016, section 631.40, subdivision 1a, is amended to read:

Subd. 1a. Certified copy of disqualifying offense convictions sent to public safety and school districts. When a person is convicted of committing a disqualifying offense, as defined in section 171.3215, subdivision 1, a gross misdemeanor, a fourth moving violation within the previous three years, or a violation of section 169A.20, or a similar statute or ordinance from another state, or if the person received a stay of adjudication for an offense that, if convicted of, would require predatory offender registration under section 243.166, the court shall determine whether the offender is a school bus driver as defined in section 171.3215, subdivision 1, whether the offender possesses a school bus driver's endorsement on the offender's driver's license and in what school districts the offender drives a school bus. If the offender is a school bus driver or possesses a school bus driver's endorsement, the court administrator shall send a certified copy of the conviction or stay of adjudication to the Department of Public Safety and to the school districts in which the offender drives a school bus within ten days after the conviction or stay of adjudication.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 28. SURVEY OF TEACHER PREPARATION PROGRAMS.

The Professional Educator Licensing and Standards Board must survey board-approved teacher preparation programs for teachers of elementary education, early childhood education, special education, and reading intervention to determine the extent of dyslexia instruction offered by the programs. The board may consult with the dyslexia specialist at the Department of Education when developing the survey and reviewing the teacher preparation program responses. The board must report its findings to the chairs and ranking minority members of the legislative committees having jurisdiction over kindergarten through grade 12 education policy and finance by January 2, 2019. The report must include information on teacher preparation program instruction on screening for characteristics of dyslexia, evidence-based instructional strategies for students showing characteristics of dyslexia, and best practices for assisting students showing characteristics of dyslexia and their families. The report must be submitted in accordance with Minnesota Statutes, section 3.195.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 29. REPEALER.

EFFECTIVE DATE. This section is effective the day following final enactment.

**ARTICLE 7**

**NUTRITION**

Section 1. Minnesota Statutes 2017 Supplement, section 123B.52, subdivision 7, is amended to read:
Subd. 7. Food service contracts. A contract between a school board and a food service management company that complies with Code of Federal Regulations, title 7, section 210.16, 225.15, paragraph (m), or 226.21 may be renewed annually after its initial term for not more than four additional years.

Sec. 2. Minnesota Statutes 2016, section 124D.111, is amended to read:

124D.111 RESPECTFUL SCHOOL MEALS POLICY; LUNCH AID; FOOD SERVICE ACCOUNTING.

Subdivision 1. School lunch aid computation. Each school year, the state must pay participants in the national school lunch program the amount of 12.5 cents for each full paid and free student lunch and 52.5 cents for each reduced-price lunch served to students.

Subd. 2. Application. A school district, charter school, nonpublic school, or other participant in the national school lunch program shall apply to the department for this payment on forms provided by the department.

Subd. 2a. Federal child and adult care food program; criteria and notice. The commissioner must post on the department's Web site eligibility criteria and application information for nonprofit organizations interested in applying to the commissioner for approval as a multisite sponsoring organization under the federal child and adult care food program. The posted criteria and information must inform interested nonprofit organizations about:

(1) the criteria the commissioner uses to approve or disapprove an application, including how an applicant demonstrates financial viability for the Minnesota program, among other criteria;

(2) the commissioner's process and time line for notifying an applicant when its application is approved or disapproved and, if the application is disapproved, the explanation the commissioner provides to the applicant; and

(3) any appeal or other recourse available to a disapproved applicant.

Subd. 3. School food service fund. (a) The expenses described in this subdivision must be recorded as provided in this subdivision.

(b) In each district, the expenses for a school food service program for pupils must be attributed to a school food service fund. Under a food service program, the school food service may prepare or serve milk, meals, or snacks in connection with school or community service activities.
(c) Revenues and expenditures for food service activities must be recorded in the food service fund. The costs of processing applications, accounting for meals, preparing and serving food, providing kitchen custodial services, and other expenses involving the preparing of meals or the kitchen section of the lunchroom may be charged to the food service fund or to the general fund of the district. The costs of lunchroom supervision, lunchroom custodial services, lunchroom utilities, and other administrative costs of the food service program must be charged to the general fund.

That portion of superintendent and fiscal manager costs that can be documented as attributable to the food service program may be charged to the food service fund provided that the school district does not employ or contract with a food service director or other individual who manages the food service program, or food service management company. If the cost of the superintendent or fiscal manager is charged to the food service fund, the charge must be at a wage rate not to exceed the statewide average for food service directors as determined by the department.

(d) Capital expenditures for the purchase of food service equipment must be made from the general fund and not the food service fund, unless the restricted balance in the food service fund at the end of the last fiscal year is greater than the cost of the equipment to be purchased.

(e) If the condition set out in paragraph (d) applies, the equipment may be purchased from the food service fund.

(f) If a deficit in the food service fund exists at the end of a fiscal year, and the deficit is not eliminated by revenues from food service operations in the next fiscal year, then the deficit must be eliminated by a permanent fund transfer from the general fund at the end of that second fiscal year. However, if a district contracts with a food service management company during the period in which the deficit has accrued, the deficit must be eliminated by a payment from the food service management company. A district's meal charge policy may allow a district to collect unpaid meal debt that contributes to a food service fund deficit. Such collection efforts must be consistent with subdivisions 4 and 5.

(g) Notwithstanding paragraph (f), a district may incur a deficit in the food service fund for up to three years without making the permanent transfer if the district submits to the commissioner by January 1 of the second fiscal year a plan for eliminating that deficit at the end of the third fiscal year.

(h) If a surplus in the food service fund exists at the end of a fiscal year for three successive years, a district may recode for that fiscal year the costs of lunchroom supervision,
lunchroom custodial services, lunchroom utilities, and other administrative costs of the food service program charged to the general fund according to paragraph (c) and charge those costs to the food service fund in a total amount not to exceed the amount of surplus in the food service fund.

Subd. 4. No fees. A participant that receives school lunch aid under this section must make lunch available without charge and must not deny a school lunch to all participating students who qualify for free or reduced-price meals, whether or not that student has an outstanding balance in the student's meals account attributable to a la carte purchases or for any other reason.

Subd. 5. Respectful treatment. (a) The participant must also provide meals to participating students in a respectful manner and ensure that any reminders for payment of outstanding student meal balances do not demean or stigmatize any child participating in the school lunch program and conform to the participant's school meals policy.

(b) Once a participant has placed a meal on a tray or otherwise served the meal to a student, the meal must not be subsequently withdrawn from the student by the cashier or other school official whether or not the student has an outstanding meals balance.

(c) Notwithstanding section 123B.38, the participant must not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to other students because of unpaid meal balances. The participant must not impose any other restriction prohibited under section 123B.37 due to unpaid student meal balances.

(d) The participant must not discipline a student due to an unpaid student meal balance.

EFFECTIVE DATE. This section is effective July 1, 2018.

ARTICLE 8

(1) provide instruction through play-based learning to foster children's social and emotional development, cognitive development, physical and motor development, and language and literacy skills, including the native language and literacy skills of English learners, to the extent practicable;
(2) measure each child's cognitive and social skills using a formative measure aligned to the state's early learning standards when the child enters and again before the child leaves the program, screening and progress monitoring measures, and other age-appropriate versions from the state-approved menu of kindergarten entry profile measures;

(3) provide comprehensive program content including the implementation of curriculum, assessment, and instructional strategies aligned with the state early learning standards, and kindergarten through grade 3 academic standards;

(4) provide instructional content and activities that are of sufficient length and intensity to address learning needs including offering a program with at least 350 hours of instruction per school year for a prekindergarten student;

(5) provide voluntary prekindergarten instructional staff salaries comparable to the salaries of local kindergarten through grade 12 instructional staff;

(6) coordinate appropriate kindergarten transition with families, community-based prekindergarten programs, and school district kindergarten programs;

(7) involve parents in program planning and transition planning by implementing parent engagement strategies that include culturally and linguistically responsive activities in prekindergarten through third grade that are aligned with early childhood family education under section 124D.13;

(8) coordinate with relevant community-based services, including health and social service agencies, to ensure children have access to comprehensive services;

(9) coordinate with all relevant school district programs and services including early childhood special education, homeless students, and English learners;

(10) ensure staff-to-child ratios of one-to-ten and a maximum group size of 20 children;

(11) provide high-quality coordinated professional development, training, and coaching for both school district and community-based early learning providers that is informed by a measure of adult-child interactions and enables teachers to be highly knowledgeable in early childhood curriculum content, assessment, native and English language development programs, and instruction; and

(12) implement strategies that support the alignment of professional development, instruction, assessments, and prekindergarten through grade 3 curricula.
(b) A voluntary prekindergarten program must have teachers knowledgeable in early childhood curriculum content, assessment, native and English language programs, and instruction.

(c) Districts and charter schools must include their strategy for implementing and measuring the impact of their voluntary prekindergarten program under section 120B.11 and provide results in their world's best workforce annual summary to the commissioner of education.

Sec. 2. Minnesota Statutes 2017 Supplement, section 124D.151, subdivision 5, is amended to read:

Subd. 5. Application process; priority for high poverty schools. (a) To qualify for program approval for fiscal year 2017, a district or charter school must submit an application to the commissioner by July 1, 2016. To qualify for program approval for fiscal year 2018 and later, a district or charter school must submit an application to the commissioner by January 30 of the fiscal year prior to the fiscal year in which the program will be implemented. The application must include:

1. a description of the proposed program, including the number of hours per week the program will be offered at each school site or mixed-delivery location;
2. an estimate of the number of eligible children to be served in the program at each school site or mixed-delivery location; and
3. a statement of assurances signed by the superintendent or charter school director that the proposed program meets the requirements of subdivision 2.

(b) The commissioner must review all applications submitted for fiscal year 2017 by August 1, 2016, and must review all applications submitted for fiscal year 2018 and later by March 1 of the fiscal year in which the applications are received and determine whether each application meets the requirements of paragraph (a).

(c) The commissioner must divide all applications for new or expanded voluntary prekindergarten programs under this section meeting the requirements of paragraph (a) and school readiness plus programs into four groups as follows: the Minneapolis school district; the St. Paul school districts; other school districts located in the metropolitan equity region as defined in section 126C.10, subdivision 28; school districts located in the rural equity region as defined in section 126C.10, subdivision 28; and charter schools. Within each group, the applications must be ordered by rank using a sliding scale based on the following criteria:
(1) concentration of kindergarten students eligible for free or reduced-price lunches by school site on October 1 of the previous school year. A school site may contract to partner with a community-based provider or Head Start under subdivision 3 or establish an early childhood center and use the concentration of kindergarten students eligible for free or reduced-price meals from a specific school site as long as those eligible children are prioritized and guaranteed services at the mixed-delivery site or early education center. For school district programs to be operated at locations that do not have free and reduced-price lunch concentration data for kindergarten programs for October 1 of the previous school year, including mixed-delivery programs, the school district average concentration of kindergarten students eligible for free or reduced-price lunches must be used for the rank ordering;

(2) presence or absence of a three- or four-star Parent Aware rated program within the school district or close proximity of the district. School sites with the highest concentration of kindergarten students eligible for free or reduced-price lunches that do not have a three- or four-star Parent Aware program within the district or close proximity of the district shall receive the highest priority, and school sites with the lowest concentration of kindergarten students eligible for free or reduced-price lunches that have a three- or four-star Parent Aware rated program within the district or close proximity of the district shall receive the lowest priority; and

(3) whether the district has implemented a mixed delivery system.

(d) The limit on participation for the programs as specified in subdivision 6 must initially be allocated among the four five groups based on each group's percentage share of the statewide kindergarten enrollment on October 1 of the previous school year. Within each group, the participation limit for fiscal years 2018 and 2019 must first be allocated to school sites approved for aid in the previous year to ensure that those sites are funded for the same number of participants as approved for the previous year. The remainder of the participation limit for each group must be allocated among school sites in priority order until that region's share of the participation limit is reached. If the participation limit is not reached for all groups, the remaining amount must be allocated to the highest priority school sites, as designated under this section, not funded in the initial allocation on a statewide basis. For fiscal year 2020 and later, the participation limit must first be allocated to school sites approved for aid in fiscal year 2017, and then to school sites approved for aid in fiscal year 2018 based on the statewide rankings under paragraph (c).

(e) Once a school site or a mixed delivery site under subdivision 3 is approved for aid under this subdivision, it shall remain eligible for aid if it continues to meet program
requirements, regardless of changes in the concentration of students eligible for free or
reduced-price lunches.

(f) If the total number of participants approved based on applications submitted under
paragraph (a) is less than the participation limit under subdivision 6, the commissioner must
notify all school districts and charter schools of the amount that remains available within
30 days of the initial application deadline under paragraph (a), and complete a second round
of allocations based on applications received within 60 days of the initial application deadline.

(g) Procedures for approving applications submitted under paragraph (f) shall be the
same as specified in paragraphs (a) to (d), except that the allocations shall be made to the
highest priority school sites not funded in the initial allocation on a statewide basis.
