5B.06 VOTING BY PROGRAM PARTICIPANT; ABSENTEE BALLOT.

A program participant who is otherwise eligible to vote may register with the secretary of state as a permanent absentee voter. Notwithstanding section 203B.04, subdivision 5, the secretary of state is not required to send an absentee ballot application prior to each election to a program participant registered as a permanent absentee voter under this section.
As soon as practicable before each election, the secretary of state shall determine the precinct in which the residential address of the program participant is located. Upon making a precinct determination, the secretary of state shall either (1) request from and receive from the county auditor or other election official the ballot for that precinct and shall forward mail the absentee ballot to the program participant with the other, or (2) using the Minnesota statewide voter registration system, prepare the program participant's ballot for that precinct and mail the absentee ballot to the program participant. The secretary of state shall include with each mailed absentee ballot all corresponding materials for absentee balloting as required by Minnesota law. The program participant shall complete the ballot and return it to the secretary of state, who shall review the ballot in the manner provided by section 203B.121, subdivision 2. If the ballot and ballot materials comply with the requirements of that section, the ballot must be certified by the secretary of state as the ballot of a program participant, and must be forwarded to the appropriate electoral jurisdiction for tabulation along with all other ballots. The name and address of a program participant must not be listed in the statewide voter registration system.

For each proof-of-residence oath, the form must include a statement that the individual: (i) is registered to vote in the precinct or is an employee of a residential facility in the precinct, (ii) personally knows that the voter is a resident of the precinct, and (iii) is making the statement on oath. The form must include a space for the voter's printed name, signature, telephone number, and address.

must be as provided in this subdivision and approved by the secretary of state. Voter
registration forms authorized by the National Voter Registration Act must also be accepted
as valid. The federal postcard application form must also be accepted as valid if it is not
deficient and the voter is eligible to register in Minnesota.

(b) A voter registration application is not deficient due to any of the following:

(1) the absence of a zip code number does not cause the registration to be deficient;

(2) failure to check a box on an application form that a voter has certified to be true does
not cause the registration to be deficient; or

(3) the absence of an identification number listed under paragraph (a), clause (2), if the
voter has not been issued one of those numbers and the information can be verified in another
government database associated with the applicant's name and date of birth, or the application
was accepted before January 1, 2004.

The election judges shall request an individual to correct a voter registration application
if it is deficient or illegible. No eligible voter may be prevented from voting unless the
voter's registration application is deficient or the voter is duly and successfully challenged
in accordance with section 201.195 or 204C.12.

(c) A voter registration application:

or municipality may attempt to obtain the date of birth for a voter registration application
accepted prior to August 1, 1983, by a request to the voter at any time except at the polling
place. Failure by the voter to comply with this request does not make the registration
deficient; and
A voter registration application accepted before January 1, 2004, is not deficient for lack of a valid Minnesota driver's license or state identification number or the last four digits of a Social Security number.

A voter registration application submitted by a voter who does not have a Minnesota driver's license or state identification number, or a Social Security number, is not deficient for lack of any of these numbers.

A voter registration application (2) submitted electronically through the website of the secretary of state prior to April 30, 2014, is not invalid as a result of its electronic submission.

(d) An election judge must request an individual to correct a voter registration application if it is deficient or illegible. An eligible voter must not be prevented from voting unless the voter's registration application is deficient or the voter's eligibility to vote is successfully challenged under section 201.195 or 204C.12.

Subd. 2. **Moved within state.** If any nonforwardable mailing from an election official is returned as undeliverable but with a permanent forwarding address in this state, the county auditor may change the voter's status to "inactive" in the statewide registration system and shall transmit a copy of the mailing to the auditor of the county in which the new address is located. If an election is scheduled to occur in the precinct in which the voter resides in the next 47 days, the county auditor shall promptly update the voter's address in the statewide voter registration system. If there is not an election scheduled, the auditor may wait to update the voter's address until after the next list of address changes is received from the secretary of state. Once updated, the county auditor shall mail to the voter a notice stating the voter's name, address, precinct, and polling place, except that if the voter's record is challenged due to a felony conviction, noncitizenship, name change, incompetence, or a court's revocation of voting rights of individuals under guardianship, the auditor must not mail the notice. The notice must advise the voter that the voter's voting address has been changed and that the voter must notify the county auditor within 21 days if the new address is not the voter's address of residence. The notice must state that it must be returned if it is not deliverable to the voter at the named address.
Sec. 8. Minnesota Statutes 2018, section 201.121, subdivision 3, is amended to read:

Subd. 3. Postelection sampling. (a) Within ten days after an election, the county auditor shall send the notice required by subdivision 2 to a random sampling of the individuals registered on election day. The random sampling shall be determined in accordance with the rules of the secretary of state. As soon as practicable after the election, the county auditor shall mail the notice required by subdivision 2 to all other individuals registered on election day. If a notice is returned as not deliverable, the county auditor shall attempt to determine the reason for the return. A county auditor who does not receive or obtain satisfactory proof of an individual's eligibility to vote shall immediately notify the county attorney of all of the relevant information. By February 15 of each odd-numbered year, the county auditor must notify the secretary of state of the following information for the previous state general election by each precinct:

1. the total number of all notices that were returned as nondeliverable;
2. the total number of nondeliverable notices that the county auditor was able to determine the reason for the return along with the reason for each return; and
3. the total number of individuals for whom the county auditor does not receive or obtain satisfactory proof of an individual's eligibility to vote.

(b) By March 1 of every odd-numbered year, the secretary of state shall report to the chair and ranking minority members of the legislative committees with jurisdiction over elections the following information for the previous state general election by each precinct and each county:

Sec. 9.
Public Safety for a replacement driver's license or state identification card with a different address, and a list of individuals for whom the Department of Public Safety received notification of a driver's license or state identification card cancellation due to a change of residency out of state. However, the secretary of state shall not load data derived from these lists into the statewide voter registration system within the 47 days before the state primary or 47 days before a November general election.

(b) If the address is changed to another address in this state, the secretary of state shall locate the precinct in which the voter resides, if possible. If the secretary of state is able to locate the precinct in which the voter resides, the secretary must transmit the information about the changed address by electronic means to the county auditor of the county in which the new address is located. For addresses for which the secretary of state is unable to determine the precinct, the secretary may forward information to the appropriate county auditors for individual review. If the voter has not voted or submitted a voter registration application since the address change, upon receipt of the information, the county auditor shall update the voter's address in the statewide voter registration system. The county auditor shall mail to the voter a notice stating the voter's name, address, precinct, and polling place, unless the voter's record is challenged due to a felony conviction, noncitizenship, name change, incompetence, or a court's revocation of voting rights of individuals under guardianship, in which case the auditor must not mail the notice. The notice must advise the voter that the voter's voting address has been changed and that the voter must notify the county auditor within 21 days if the new address is not the voter's address of residence. The notice must state that it must be returned if it is not deliverable to the voter at the named address.

(c) If the change of permanent address is to an address outside this state, the secretary of state shall notify by electronic means the auditor of the county where the voter formerly resided that the voter has moved to another state. If the voter has not voted or submitted a voter registration application since the address change, the county auditor shall promptly mail to the voter at the voter's new address a notice advising the voter that the voter's status in the statewide voter registration system will be changed to "inactive" unless the voter notifies the county auditor within 21 days that the voter is retaining the former address as the voter's address of residence, except that if the voter's record is challenged due to a felony conviction, noncitizenship, name change, incompetence, or a court's revocation of voting rights of individuals under guardianship, the auditor must not mail the notice. If the notice is not received by the deadline, the county auditor shall change the voter's status to "inactive" in the statewide voter registration system.
(d) If, in order to maintain voter registration records, the secretary of state enters an agreement to share information or data with an organization governed exclusively by a group of states, the secretary must first determine that the data security protocols are sufficient to safeguard the information or data shared. If required by such an agreement, the secretary of state may share the following data from the statewide voter registration system and data released to the secretary of state under section 171.12, subdivision 7a:

1. name;
2. date of birth;
3. address;
4. driver's license or state identification card number;
5. the last four digits of an individual's Social Security number; and
6. the date that an individual's record was last updated.

If the secretary of state enters into such an agreement, the secretary and county auditors must process changes to voter records based upon that data in accordance with this section. Except as otherwise provided in this subdivision, when data is shared with the secretary of state by another state, the secretary of state must maintain the same data classification that the data had while it was in the possession of the state providing the data.

A school district has no obligation to provide voter registration applications to students who participate in a postsecondary education option program or who otherwise reside in the district but do not attend a school operated by the district. A school district fulfills its obligation to a student under this section if it provides a voter registration application to the student one time. The forms must contain spaces for the information required in section 201.071, subdivision 1, and applicable rules of the secretary of state. The institutions and school districts may request these forms from the secretary of state. Institutions shall consult with their campus student government in determining the most effective means of distributing the forms and in seeking to facilitate election day registration of students under section
201.061, subdivision 3. School districts must advise students that completion of the voter registration application is not a school district requirement.

Sec. 11. Minnesota Statutes 2018, section 201.225, subdivision 2, is amended to read:

Subd. 2. Technology requirements. An electronic roster must:

(1) be able to be loaded with a data file that includes voter registration data in a file format prescribed by the secretary of state;

(2) allow for data to be exported in a file format prescribed by the secretary of state;

(3) allow for data to be entered manually or by scanning a Minnesota driver's license or identification card to locate a voter record or populate a voter registration application that would be printed and signed and dated by the voter. The printed registration application can be either a printed form, labels printed with voter information to be affixed to a preprinted form, or a combination of both;

(4) allow an election judge to update data that was populated from a scanned driver's license or identification card;

(5) cue an election judge to ask for and input data that is not populated from a scanned driver's license or identification card that is otherwise required to be collected from the voter or an election judge;

The names of voters who have submitted an absentee ballot to the county auditor or municipal clerk that has not been accepted may not be made available for public inspection until the close of voting on election day. After the close of voting on election day, the lists must be available to the public in the same manner as public information lists in section 201.091, subdivisions 4, 5, and 9.

Sec. 17. Minnesota Statutes 2018, section 203B.121, subdivision 2, is amended to read:

Subd. 2. Duties of ballot board; absentee ballots. (a) The members of the ballot board shall take possession of all return signature envelopes delivered to them in accordance with section 203B.08. Upon receipt from the county auditor, municipal clerk, or school district clerk, two or more members of the ballot board shall examine each return signature envelope and shall mark it accepted or rejected in the manner provided in this subdivision. Election judges performing the duties in this section must be of different major political parties,
unless they are exempt from that requirement under section 205.075, subdivision 4, or section 205A.10, subdivision 2.

(b) The members of the ballot board shall mark the return signature envelope "Accepted" and initial or sign the return signature envelope below the word "Accepted" if a majority of the members of the ballot board examining the envelope are satisfied that:

2. the voter signed the certification on the envelope;
3. the voter's Minnesota driver's license, state identification number, or the last four digits of the voter's Social Security number are the same as a number on the voter's absentee ballot application or voter record. If the number does not match, the election judges must compare the signature provided by the applicant to determine whether the ballots were returned by the same person to whom they were transmitted;
4. the voter is registered and eligible to vote in the precinct or has included a properly completed voter registration application in the return signature envelope;
5. the certificate has been completed as prescribed in the directions for casting an absentee ballot; and

The return signature envelope from accepted ballots must be preserved and returned to the county auditor.

(c)(1) If a majority of the members of the ballot board examining a return signature envelope find that an absentee voter has failed to meet one of the requirements provided in paragraph (b), they shall mark the return signature envelope "Rejected," initial or sign it below the word "Rejected," list the reason for the rejection on the envelope, and return it to the county auditor. There is no other reason for rejecting an absentee ballot beyond those permitted by this section. Failure to place the ballot within the security secrecy envelope before placing it in the outer white envelope is not a reason to reject an absentee ballot.

(2) If an envelope has been rejected at least five days before the election, the envelope must remain sealed and the official in charge of the ballot board shall provide the voter with a replacement absentee ballot and return envelope in place of the rejected ballot.
(3) If an envelope is rejected within five days of the election, the envelope must remain sealed and the official in charge of the ballot board must attempt to contact the voter by telephone or e-mail to notify the voter that the voter's ballot has been rejected. The official must document the attempts made to contact the voter.

(d) The official in charge of the absentee ballot board must mail the voter a written notice of absentee ballot rejection between six and ten weeks following the election. If the official determines that the voter has otherwise cast a ballot in the election, no notice is required. If an absentee ballot arrives after the deadline for submission provided by this chapter, the notice must be provided between six to ten weeks after receipt of the ballot. A notice of absentee ballot rejection must contain the following information:

(1) the date on which the absentee ballot was rejected or, if the ballot was received after the required deadline for submission, the date on which the ballot was received;

(2) the reason for rejection; and

(3) the name of the appropriate election official to whom the voter may direct further questions, along with appropriate contact information.

the statewide registration system to insure that the ballot is from a voter eligible to cast an
absentee ballot under sections 203B.16 to 203B.27. The election judges shall mark the return
envelope "Accepted" and initial or sign the return envelope below the word "Accepted" if

authorized to apply on behalf of the voter, that the ballots were returned by the same person
to whom the ballots were transmitted.

for the lack of one of clauses (1) to (5). In particular, failure to place the ballot within the
security secrecy envelope before placing it in the outer white envelope is not a reason to
reject an absentee ballot.

space provided for that purpose.

for nomination or election is less than one-half of one percent, and the total number of votes
cast for the nomination or election of all candidates is more than 400 but less than 50,000.
In cases of offices where two or more seats are being filled from among all the candidates
for the office, the one-half of one percent difference is between the elected candidate with
the fewest votes and the candidate with the most votes from among the candidates who
were not elected.

(c) A losing candidate for nomination or election to a county, municipal, or school district
office may request a recount of the votes cast for nomination or election to that office if the

or election is ten votes or less, and the total number of votes cast for the nomination or
election of all candidates is no more than 400. In cases of offices where two or more seats
are being filled from among all the candidates for the office, the ten vote difference is
between the elected candidate with the fewest votes and the candidate with the most votes
from among the candidates who were not elected.

(d) Candidates for county offices shall file a written request for the recount with the
county auditor. Candidates for municipal or school district offices shall file a written request
