HOUSE OF REPRESENTATIVES

EIGHTY-FIFTH SESSION

HOUSE FILE No. 635

February 5, 2007

Authored by Masin, Johnson, Morrow, Abeler, Thissen and others

The bill was read for the first time and referred to the Committee on Commerce and Labor

March 22, 2007

Committee Recommendation and Adoption of Report: To Pass as Amended and Read Second Time

By motion, re-referred to the Committee on Public Safety and Civil Justice

March 27, 2007

Committee Recommendation and Adoption of Report: To Pass and Read Second Time

May 21, 2007

Pursuant to Rule 4.20, re-referred to the Committee on Public Safety and Civil Justice

February 28, 2008

Committee Recommendation and Adoption of Report: To Pass and re-referred to the Committee on Commerce and Labor

March 19, 2008

Committee Recommendation and Adoption of Report:

To Pass as Amended and re-referred to the Committee on Public Safety and Civil Justice

1.1 A bill for an act
1.2 relating to telecommunications; enacting the Minnesota Wireless Telephone
1.3 Consumer Protection Act; proposing coding for new law in Minnesota Statutes,
1.4 chapter 325F; repealing Minnesota Statutes 2006, section 325F.695.

1.5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

1.6 Section 1. [325F.696] MINNESOTA WIRELESS TELEPHONE CONSUMER
1.7 PROTECTION ACT.

1.8 Subdivision 1. Definitions. (a) The definitions in this subdivision apply to this
1.9 section.

1.10 (b) "Customer" means an individual consumer purchasing wireless
1.11 telecommunications service, or a business or corporate entity making a bulk purchase of
1.12 wireless telecommunications service for use by its employees.

1.13 (c) "Government-mandated charges and taxes" means any taxes, fees, and other
1.14 charges that a wireless carrier is legally required to collect directly from consumers and
1.15 to remit to federal, state, or local governments, or to third parties authorized by such
1.16 governments, for the administration of government programs. "Government-mandated
1.17 charges and taxes" does not include discretionary charges authorized, but not required by,
1.18 government action.

1.19 (d) "Wireless carrier" means a provider of wireless telecommunications service.

1.20 (e) "Wireless telecommunications service" means commercial mobile radio
1.21 service as defined in Code of Federal Regulations, title 47, part 20, but does not include
1.22 "information services" as defined in United States Code, title 47, section 153m, paragraph
1.23 (20).

2.1 (f) "Prepaid wireless service" means a wireless telecommunications service that
2.2 is activated in advance by payment for a finite dollar amount of service or for a finite
2.3 number of minutes that terminates either upon use by a customer of that amount of service
2.4 or within a specified period of time following the initial purchase or activation, unless
2.5 additional payments are made.

2.6 Subd. 2. **Required disclosures.** Wireless carriers providing wireless
2.7 telecommunications service in the state must:

2.8 (1) provide the customer, at the time of sale, with a coverage map showing where
2.9 service is generally available and that identifies areas where any domestic roaming or
2.10 additional charges would apply to the customer's service;

2.11 (2) make coverage maps showing where service is generally available to
2.12 prospective and existing customers at any location where the wireless carrier's
2.13 wireless telecommunications service is offered for sale and make those maps available
2.14 electronically at the carrier's Web site;

2.15 (3) clearly and conspicuously disclose at the time of sale the price for the service
2.16 being purchased by the customer, including the monthly access fee or base charge, the
2.17 amount of any activation or initiation fee, any charges for domestic roaming, any charge
2.18 for domestic long distance, any charge for exceeding the number of minutes or usage
2.19 included in any allowance, number of peak and off-peak minutes, hours when peak and
2.20 off-peak minutes apply, material terms of cancellation, return policy and any applicable
2.21 charges, and any other charges collected and retained by the carrier, and disclose a good
2.22 faith estimate of the amount or range of all applicable government-mandated or authorized
2.23 charges and taxes;

2.24 (4) clearly and conspicuously disclose to the customer at the time of sale in written
2.25 materials: (i) that the price is not guaranteed to remain the same for the minimum term of
2.26 the contract if a contract provision allows the wireless carrier to change the price of the
2.27 service during the minimum term, and (ii) any early termination fee that applies if service
2.28 is terminated during the minimum term;

2.29 (5) prior to the execution of a contract for wireless telephone service, provide
2.30 the customer the terms of the contract, and after execution of the contract provide the
2.31 customer with a copy of the writing or writings constituting the contract, at the time of
2.32 sale and thereafter upon the customer's request; and

2.33 (6) obtain a specific acknowledgment from the customer that the customer has read
2.34 and understands the provisions of any early termination fee or provisions allowing the
2.35 wireless carrier to change the price of the service during the minimum contract term.

3.1 Subd. 3. **Billing; listing of government taxes and fees.** All bills for wireless
3.2 telecommunications services must list government-mandated charges and taxes in a
3.3 section of the bill separate from the section or sections listing the price and any other
3.4 charges for the wireless telecommunications service. The wireless carrier must include
3.5 a brief, easy-to-understand description of each charge included in the bill. The wireless
3.6 carrier must not represent, expressly or by implication, that discretionary cost recovery
3.7 fees or charges are government-mandated charges and taxes.

3.8 Subd. 4. **Billing for third-party goods and services.** (a) A wireless carrier must
3.9 not include on a customer's bill a charge for goods or services that the carrier bills on
3.10 behalf of a third party unless the wireless carrier has obtained the customer's prior express
3.11 authorization to include those charges on the customer's bill issued by the wireless carrier.

3.12 (b) If a customer of a wireless carrier disputes any third-party charge appearing on
3.13 that customer's wireless bill, the customer shall not be obligated to pay the disputed charge
3.14 until the wireless carrier provides evidence of the customer's prior express authorization
3.15 to include such charge. Evidence of the customer's prior express authorization must be
3.16 produced to the customer within 60 calendar days after the customer notifies the wireless
3.17 carrier that the charge is disputed. A customer shall be permitted to dispute any charges
3.18 that a wireless carrier bills on behalf of a third party for up to six months after the charge
3.19 appears on the customer's wireless bill. If the wireless carrier cannot produce evidence
3.20 that the customer authorized the third-party charge, the wireless carrier must remove the
3.21 charge from the customer's wireless bill and credit the customer for the unauthorized
3.22 third-party charges incurred during the previous six months.

3.23 (c) A wireless carrier meets the prior express authorization requirements of this
3.24 subdivision only if it obtains or receives authorization from the customer containing
3.25 clear, unambiguous, and separate authorizations for each third-party good or service to be
3.26 included on the customer's bill.

3.27 (d) Nothing in this subdivision restricts the right of a wireless carrier to seek to
3.28 recover from a third party unauthorized charges credited to the customer by the wireless
3.29 carrier.

3.30 Subd. 5. **Extensions in contract length.** (a) If a customer is offered, accepts, or
3.31 requests a good, service, or promotion or changes the customer's wireless service plan in
3.32 any manner, and this good, service, promotion, or change will result in the extension of
3.33 the minimum contract term or create a new contract with a minimum term, the wireless
3.34 carrier must disclose to the customer at the point of sale or acceptance that the requested
3.35 good, service, promotion, or change will result in a contract extension or creation of a new

4.1 contract with a minimum term, and must further disclose the length of the extension or
4.2 new term.

4.3 (b) If the customer and a representative of the carrier are personally present at
4.4 the point of sale or acceptance, the wireless provider must also in connection with the
4.5 new good, service, promotion, or change obtain the customer's signed consent in an
4.6 independent document. The independent document must only include the terms set forth
4.7 in clauses (1) to (3) and must clearly and conspicuously disclose:

4.8 (1) that the new good, service, promotion, or change will result in an extension or
4.9 renewal of the customer's contract;

4.10 (2) the new contract start and end dates; and

4.11 (3) that failure to complete the new contract term may result in early termination
4.12 fees and, if so, the amount of the fees.

4.13 (c) If the customer's consent is obtained via the Internet, the wireless provider must
4.14 disclose the terms listed in paragraph (b), clauses (1) to (3). The customer must provide
4.15 a valid electronic signature showing that the wireless provider has disclosed and the
4.16 customer has agreed to the extension or renewal of the contract. An electronic record must
4.17 be available upon request to the customer until the new contract term expires.

4.18 (d) If the customer's consent is obtained orally, the wireless provider must clearly
4.19 disclose the terms listed in paragraph (b), clauses (1) to (3), and the customer's consent
4.20 to each term must be recorded and retained by the provider and be made available upon
4.21 request to the customer until the new contract term expires.

4.22 (e) Within ten days after a customer's contract has been extended or renewed, the
4.23 wireless service provider must notify the customer in an independent writing that the
4.24 contract has been extended or renewed. The independent writing must only include the
4.25 terms set forth in clauses (1) to (3) and must clearly and conspicuously disclose:

4.26 (1) that the new good, service, promotion, or change will result in an extension or
4.27 renewal of the customer's contract;

4.28 (2) the new contract start and end dates; and

4.29 (3) that failure to complete the new contract term may result in early termination
4.30 fees and, if so, the amount of the fees.

4.31 (f) Failure of the provider to make any of the disclosures or to obtain any of
4.32 the consents required in this subdivision voids any contract extension covered by this
4.33 subdivision.

4.34 Subd. 6. **Severability.** Each of the provisions of this section, and each application
4.35 of a provision to particular circumstances, is severable. If a provision or application is
4.36 found to be contrary to law and unenforceable, it is the intention of the legislature that the

5.1 remaining provisions and applications of this section remain valid and enforceable to the
5.2 full extent possible under section 645.20.

5.3 Sec. 2. **REPEALER.**

5.4 Minnesota Statutes 2006, section 325F.695, is repealed.

5.5 Sec. 3. **EFFECTIVE DATE.**

5.6 Section 1 is effective August 1, 2008, except that subdivision 4 is effective March
5.7 1, 2009.
