9.7 amended to read:

9.8 Subd. 11. **Amortization contributions.** (a) In addition to the exhibit indicating
9.9 the level normal cost, the actuarial valuation of the retirement plan must contain an
9.10 exhibit for financial reporting purposes indicating the additional annual contribution
9.11 sufficient to amortize the unfunded actuarial accrued liability and must contain an exhibit
9.12 for contribution determination purposes indicating the additional contribution sufficient
9.13 to amortize the unfunded actuarial accrued liability. For the retirement plans listed in
9.14 subdivision 8, paragraph (c), but excluding the legislators retirement plan, the additional
9.15 contribution must be calculated on a level percentage of covered payroll basis by the
9.16 established date for full funding in effect when the valuation is prepared, assuming annual
9.17 payroll growth at the applicable percentage rate set forth in subdivision 8, paragraph (d).
9.18 For all other retirement plans and for the legislators retirement plan, the additional annual
9.19 contribution must be calculated on a level annual dollar amount basis.

9.20 (b) For any retirement plan other than a retirement plan governed by paragraph (d),
9.21 (e), (f), (g), (h), (i), or (j), if there has not been a change in the actuarial assumptions
9.22 used for calculating the actuarial accrued liability of the fund, a change in the benefit
9.23 plan governing annuities and benefits payable from the fund, a change in the actuarial
9.24 cost method used in calculating the actuarial accrued liability of all or a portion of the
9.25 fund, or a combination of the three, which change or changes by itself or by themselves
9.26 without inclusion of any other items of increase or decrease produce a net increase in the
9.27 unfunded actuarial accrued liability of the fund, the established date for full funding is the
9.28 first actuarial valuation date occurring after June 1, 2020.

9.29 (c) For any retirement plan, if there has been a change in any or all of the actuarial
9.30 assumptions used for calculating the actuarial accrued liability of the fund, a change in
9.31 the benefit plan governing annuities and benefits payable from the fund, a change in the

40.25 Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in

40.31 (b) Calculation of this amount must be made using the preretirement interest rate
40.32 applicable to the public pension plan specified in section 356.215, subdivision 8, and
40.33 the mortality table adopted for the public pension plan. The calculation must assume
40.34 continuous future service in the public pension plan until, and retirement at, the age at
40.35 which the minimum requirements of the fund for normal retirement or retirement with an

41.1 annuity unreduced for retirement at an early age, including section 356.30, are met with

41.5 in section 356.215, subdivision ~~4d~~ 8.

41.6 (c) The prior service credit purchase amount may not be less than the amount

41.19 to the member's effective date of retirement, whichever is earlier. Payment of the amount
41.20 calculated under this section must be made by the applicable eligible person.

41.21 (e) However, the current employer or the prior employer may, at its discretion, pay
41.22 all or any portion of the payment amount that exceeds an amount equal to the employee

41.30 under this subdivision, the purchaser must make the employee payments required under
41.31 this subdivision within 90 days of the prior service credit authorization. If that employee
41.32 payment is made, the employer payment under this subdivision must be remitted to the
41.33 chief administrative officer of the public pension plan within 60 days of receipt by the

42.25 part thereof, but not less than one year) of participation in the plan, and the denominator of
42.26 which is ten;

42.27 (2) if the annual benefit begins before the member has attained age 62, the
42.28 determination as to whether the maximum permissible benefit limit has been satisfied shall

42.33 (3) if the annual benefit begins after the member has attained age 65, the
42.34 determination as to whether the maximum permissible benefit limit has been satisfied shall
42.35 be made, in accordance with regulations prescribed by the United States secretary of the
42.36 treasury, by increasing the limit so that the limit, as so increased, equals an annual benefit,

 43.7 payable to a member shall not exceed the maximum permissible benefit. If the benefit the
 43.8 member would otherwise receive for a limitation year would result in the payment of an
 43.9 annual benefit in excess of the maximum permissible benefit, the benefit shall be reduced
 43.10 to the extent necessary so the benefit does not exceed the maximum permissible benefit.

 43.20 plan for adjusting benefits in the same form;

 57.28 most recent actuarial valuation report if section 356.214 does not apply; and
- 57.29 (3) has been approved or deemed approved under subdivision 18.

 57.35 is amended to read:

57.36 Subd. 6. **Initial administrative expenses of the monthly benefit retirement**
 57.37 **division; allocation of reimbursement.** (a) The administration expenses incurred by the

58.1 Public Employees Retirement Association in the establishment of the monthly benefit
58.2 retirement division of the voluntary statewide volunteer firefighter retirement plan,
58.3 including any computer programming expenses and any actuarial consultant expenses, are
58.4 payable from the assets of the initial monthly benefit volunteer firefighter relief association
58.5 that elects to transfer its administration to the voluntary statewide volunteer firefighter
58.6 retirement plan, following the transfer of assets.

58.7 ~~(b) The administrative expenses in excess of \$33,600 paid under paragraph (a) must~~

58.17 **EFFECTIVE DATE.** This section is effective the day following final enactment.

58.18 **Sec. 2. [424A.003] CERTIFICATION OF SERVICE CREDIT.**

58.19 (a) When a municipal fire department, a joint powers fire department, or an
58.20 independent nonprofit firefighting corporation is directly associated with the volunteer
58.21 firefighters relief association, the fire chief shall certify annually by March 31 the service
58.22 credit for the previous calendar year of each volunteer firefighter rendering active service
58.23 with the fire department.

58.24 (b) The certification shall be made to an officer of the relief association's board
58.25 of trustees and to the municipal clerk or clerk-treasurer of the largest municipality in
58.26 population served by the associated fire department.

58.27 (c) The fire chief shall notify each volunteer firefighter rendering active service with
58.28 the fire department of the amount of service credit rendered by the firefighter for the
58.29 previous calendar year. The service credit notification and a description of the process and
58.30 deadlines for the firefighter to challenge the fire chief's determination of service credit
58.31 must be provided to the firefighter 60 days prior to its certification to the relief association
58.32 and municipality. If the service credit amount is challenged, the fire chief shall accept
58.33 and consider any additional pertinent information and shall make a final determination of
58.34 service credit.

59.1 (d) The service credit certification must be expressed as the number of completed
59.2 months of the previous year during which an active volunteer firefighter rendered at least
59.3 the minimum level of duties as specified and required by the fire department under the
59.4 rules, regulations, and policies applicable to the fire department. No more than one year of
59.5 service credit may be certified for a calendar year.

59.6 (e) If a volunteer firefighter who is a member of the relief association leaves active
59.7 firefighting service to render active military service that is required to be governed by the
59.8 federal Uniformed Services Employment and Reemployment Rights Act, as amended,
59.9 the firefighter must be certified as providing service credit for the period of the military
59.10 service, up to the applicable limit of the federal Uniformed Services Employment
59.11 and Reemployment Rights Act. If the volunteer firefighter does not return from the
59.12 military service in compliance with the federal Uniformed Services Employment and
59.13 Reemployment Rights Act, the service credits applicable to that military service credit
59.14 period are forfeited and canceled at the end of the calendar year in which the time limit
59.15 set by federal law occurs.

59.16 **EFFECTIVE DATE.** This section is effective January 1, 2017.

59.17 Sec. 3. Minnesota Statutes 2014, section 424A.01, is amended by adding a subdivision
59.18 to read:

59.19 **Subd. 4a. Prohibition on receipt of concurrent service credit.** No firefighter may
59.20 be credited with service credit in a volunteer firefighters relief association for the same
59.21 hours of service for which coverage is already provided in a fund operated pursuant to
59.22 chapter 353.

59.23 **EFFECTIVE DATE.** This section is effective January 1, 2017, and applies to
59.24 service rendered on or after that date.

59.25 Sec. 4. Minnesota Statutes 2014, section 424A.01, is amended by adding a subdivision
59.26 to read:

59.27 **Subd. 5a. Volunteer emergency medical personnel.** Volunteer emergency
59.28 medical personnel are eligible to be members of the applicable volunteer firefighters
59.29 relief association and to qualify for service pension or other benefit coverage of the relief
59.30 association on the same basis as fire department personnel who perform or supervise fire
59.31 suppression or fire prevention duties, if:

60.1 (1) the fire department employs or otherwise uses the services of persons solely as
60.2 volunteer emergency medical personnel to perform emergency medical response duties or
60.3 supervise emergency medical response activities;

60.4 (2) the bylaws of the relief association authorize the eligibility; and

60.5 (3) the eligibility is approved by:

60.6 (i) the municipality, if the fire department is a municipal department;

60.7 (ii) the joint powers board, if the fire department is a joint powers entity; or

60.8 (iii) the contracting municipality or municipalities, if the fire department is an
60.9 independent nonprofit firefighting corporation.

60.10 **EFFECTIVE DATE.** This section is effective January 1, 2017, and applies to
60.11 service rendered on or after that date.

60.12 Sec. 5. Minnesota Statutes 2014, section 424A.015, is amended by adding a
60.13 subdivision to read:

60.14 Subd. 7. **Combined service pensions.** (a) A volunteer firefighter with credit for
60.15 service as an active firefighter in more than one volunteer firefighters relief association is
60.16 entitled to a prorated service pension from each relief association if:

60.17 (1) the articles of incorporation or bylaws of the relief associations provide;

60.18 (2) the applicable requirements of paragraphs (b) and (c) are met; and

60.19 (3) the volunteer firefighter otherwise qualifies.

60.20 (b) A volunteer firefighter receiving a prorated service pension under this subdivision
60.21 must have a total combined amount of service credit from the two or more relief
60.22 associations of ten years or more, unless the bylaws of every affected relief association
60.23 specify less than a ten-year service vesting requirement, in which case, the total amount of
60.24 required service credit is the longest service vesting requirement of the relief associations.
60.25 The member must have one year or more of service credit in each relief association. The
60.26 prorated service pension must be based on:

60.27 (1) for defined benefit relief associations, the service pension amount in effect for
60.28 the relief association on the date on which active volunteer firefighting services covered
60.29 by that relief association terminate; and

60.30 (2) for defined contribution relief associations, the member's individual account
60.31 balance on the date on which active volunteer firefighting services covered by that relief
60.32 association terminate.

60.33 (c) To receive a prorated service pension under this subdivision, the firefighter
60.34 must become a member of the second or succeeding association and must give notice of
60.35 membership to the prior association within two years of the date of termination of active

61.1 service with the prior association. The second or subsequent relief association secretary
61.2 must certify the notice.

61.3 **EFFECTIVE DATE.** This section is effective January 1, 2017.

61.4 Sec. 6. Minnesota Statutes 2015 Supplement, section 424A.02, subdivision 3, is
61.5 amended to read:

61.6 Subd. 3. **Flexible service pension maximums.** (a) Annually on or before August
61.7 1 as part of the certification of the financial requirements and minimum municipal
61.8 obligation determined under section 424A.092, subdivision 4, or 424A.093, subdivision 5,
61.9 as applicable, the secretary or some other official of the relief association designated in the
61.10 bylaws of each defined benefit relief association shall calculate and certify to the governing
61.11 body of the applicable municipality the average amount of available financing per active
61.12 covered firefighter for the most recent three-year period. The amount of available financing
61.13 includes any amounts of fire state aid and police and firefighter retirement supplemental
61.14 state aid received or receivable by the relief association, any amounts of municipal
61.15 contributions to the relief association raised from levies on real estate or from other
61.16 available revenue sources exclusive of fire state aid, and one-tenth of the amount of assets in
61.17 excess of the accrued liabilities of the relief association calculated under section 424A.092,
61.18 subdivision 2; 424A.093, subdivisions 2 and 4; or 424A.094, subdivision 2, if any.

61.19 (b) The maximum service pension which the defined benefit relief association has
61.20 authority to provide for in its bylaws for payment to a member retiring after the calculation
61.21 date when the minimum age and service requirements specified in subdivision 1 are met
61.22 must be determined using the table in paragraph (c) or (d), whichever applies.

61.23 (c) For a defined benefit relief association where the governing bylaws provide for
61.24 a monthly service pension to a retiring member, the maximum monthly service pension
61.25 amount per month for each year of service credited that may be provided for in the bylaws
61.26 is the greater of the service pension amount provided for in the bylaws on the date of the
61.27 calculation of the average amount of the available financing per active covered firefighter
61.28 or the maximum service pension figure corresponding to the average amount of available
61.29 financing per active covered firefighter:

68.33 (e) For a defined benefit relief association in which the governing bylaws provide
 68.34 for a monthly benefit service pension as an alternative form of service pension payment
 68.35 to a lump-sum service pension, the maximum service pension amount for each pension
 68.36 payment type must be determined using the applicable table contained in this subdivision.

68.37 (f) If a defined benefit relief association establishes a service pension in compliance
 68.38 with the applicable maximum contained in paragraph (c) or (d) and the minimum average
 68.39 amount of available financing per active covered firefighter is subsequently reduced
 68.40 because of a reduction in fire state aid or because of an increase in the number of active
 68.41 firefighters, the relief association may continue to provide the prior service pension

69.1 amount specified in its bylaws, but may not increase the service pension amount until
69.2 the minimum average amount of available financing per firefighter under the table in
69.3 paragraph (c) or (d), whichever applies, permits.

69.4 (g) No defined benefit relief association is authorized to provide a service pension in
69.5 an amount greater than the largest applicable flexible service pension maximum amount
69.6 even if the amount of available financing per firefighter is greater than the financing
69.7 amount associated with the largest applicable flexible service pension maximum.

69.8 (h) The method of calculating service pensions must be applied uniformly for all
69.9 years of active service. Credit must be given for all years of active service except for caps
69.10 on service credit if so provided in the bylaws of the relief association.

69.11 **EFFECTIVE DATE; LOCAL APPROVAL.** (a) For relief associations other than
69.12 the Eden Prairie volunteer firefighters relief association, this section is effective January
69.13 1, 2017.

69.14 (b) For the Eden Prairie volunteer firefighters relief association, this section is
69.15 effective the day after the city council of Eden Prairie and its chief clerical officer timely
69.16 complete their compliance with Minnesota Statutes, section 645.021, subdivisions 2 and
69.17 3, or January 1, 2017, whichever is earlier.

69.18 Sec. 7. Minnesota Statutes 2014, section 424B.20, subdivision 4, is amended to read:

69.19 Subd. 4. **Benefit trust fund establishment.** (a) After the settlement of nonbenefit
69.20 legal obligations of the special fund of the volunteer firefighters relief association under
69.21 subdivision 3, the board of the relief association shall transfer the remaining assets of the
69.22 special fund, as securities or in cash, as applicable, to the chief financial official of the
69.23 municipality in which the associated fire department was located if the fire department was
69.24 a municipal fire department or to the chief financial official of the municipality with the
69.25 largest population served by the fire department if the fire department was an independent
69.26 nonprofit firefighting corporation. If the fire department was a joint powers entity, the
69.27 remaining assets of the special fund shall be transferred to the chief financial official of
69.28 the municipality designated as the fiscal agent in the joint powers agreement or, if the
69.29 agreement does not designate a municipality as the fiscal agent, the remaining assets of
69.30 the special fund shall be transferred to the chief financial official of the municipality with
69.31 the largest population served by the joint powers fire department. The board shall also
69.32 compile a schedule of the relief association members to whom a service pension is or will
69.33 be owed, any beneficiary to whom a benefit is owed, the amount of the service pension or
69.34 benefit payable based on the applicable bylaws and state law and the service rendered to

70.1 the date of the dissolution, and the date on which the pension or benefit would first be
70.2 payable under the bylaws of the relief association and state law.

70.3 (b) The municipality ~~in which is located~~ receiving the remaining assets of the special
70.4 fund of a volunteer firefighters relief association that is dissolving under this section shall
70.5 establish a separate account in the municipal treasury which must function as a trust fund
70.6 for members of the volunteer firefighters relief association and their beneficiaries to whom
70.7 the volunteer firefighters relief association owes a service pension or other benefit under
70.8 the bylaws of the relief association and state law. Upon proper application, on or after the
70.9 initial date on which the service pension or benefit is payable, the municipal treasurer shall
70.10 pay the pension or benefit due, based on the schedule prepared under paragraph (a) and the
70.11 other records of the dissolved relief association. The trust fund under this section must be
70.12 invested and managed consistent with chapter 356A and section 424A.095. Upon payment
70.13 of the last service pension or benefit due and owing, any remaining assets in the trust
70.14 fund cancel to the general fund of the municipality: or, if the fire department was a joint
70.15 powers entity, any remaining assets in the trust fund cancel to the general fund of each
70.16 municipality that was a contracting party to the joint powers agreement as specified in the
70.17 joint powers agreement. If the joint powers agreement does not specify how the remaining
70.18 assets are to be distributed among the contracting parties, each of the contracting parties
70.19 shall receive a pro rata share of the remaining assets based on the proportion of total
70.20 operating contributions each contracting municipality made to the joint powers entity over
70.21 the most recent ten calendar years. If the special fund of the volunteer firefighters relief
70.22 association had an unfunded actuarial accrued liability upon dissolution, the municipality
70.23 is liable for that unfunded actuarial accrued liability. If the fire department was a joint
70.24 powers entity, the contracting municipalities are liable for their share of the unfunded
70.25 actuarial accrued liability as specified in the joint powers agreement. If the joint powers
70.26 agreement does not specify liability for any unfunded actuarial accrued liability, the
70.27 contracting municipalities are liable for their pro rata share of the unfunded actuarial
70.28 accrued liability based on the proportion of total operating contributions each contracting
70.29 municipality made to the joint powers entity over the most recent ten calendar years.

70.30 **EFFECTIVE DATE.** This section is effective January 1, 2017.

70.31 Sec. 8. **EDEN PRAIRIE VOLUNTEER FIREFIGHTERS RELIEF**
70.32 **ASSOCIATION SERVICE PENSIONS; RETURN TO ACTIVE SERVICE.**

70.33 (a) Notwithstanding any provision of Minnesota Statutes, section 424A.01,
70.34 subdivision 6, section 424A.02, subdivision 2, or any other provision of law to the
70.35 contrary, if the bylaws of the Eden Prairie volunteer firefighters relief association so

71.1 provide, a former firefighter who has received a lump-sum service pension or is receiving
71.2 a monthly benefit service pension and returns to active relief association membership
71.3 under Minnesota Statutes, section 424A.01, subdivision 6, paragraph (b), is entitled to
71.4 receive an unreduced lump-sum service pension for the resumption service period if the
71.5 firefighter completes at least three years of active service as an active member of the fire
71.6 department during the resumption service period and completes at least three years of
71.7 active membership with the relief association during the resumption service period.

71.8 (b) A lump-sum service pension must be calculated by applying the service pension
71.9 amount in effect on the date of the firefighter's termination of the resumption service for
71.10 all years of the resumption service. No firefighter may be paid a service pension more
71.11 than once for the same period of service. Payment of a lump-sum service pension shall
71.12 have no effect on the firefighter's previous service pension.

71.13 **EFFECTIVE DATE.** This section is effective the day after the Eden Prairie City
71.14 Council and its chief clerical officer timely complete their compliance with Minnesota
71.15 Statutes, section 645.021, subdivisions 2 and 3.

71.16 Sec. 9. **COLERAINE AND BOVEY VOLUNTEER FIREFIGHTERS RELIEF**
71.17 **ASSOCIATIONS; CONSOLIDATION.**

71.18 Subdivision 1. **Consolidation.** Notwithstanding any provision of Minnesota
71.19 Statutes, section 424B.02, subdivision 2, paragraph (c), to the contrary, the Coleraine and
71.20 Bovey volunteer firefighters relief associations are consolidated effective September 1,
71.21 2016, if all other consolidation requirements are satisfied pursuant to Minnesota Statutes,
71.22 chapter 424B.

71.23 Subd. 2. **Reporting.** The consolidated relief association created under subdivision
71.24 1 shall report the number of active firefighter members of the relief association as of
71.25 September 1, 2016, to the state auditor and to the commissioner of revenue no later
71.26 than September 7, 2016. The commissioner may use this information to determine and
71.27 calculate any minimum fire state aid payable under Minnesota Statutes, section 69.021,
71.28 beginning with aid payable in 2016.

71.29 **EFFECTIVE DATE.** This section is effective the day following final enactment.

71.30 Sec. 10. **REPEALER.**

71.31 Minnesota Statutes 2014, section 424A.02, subdivision 13, is repealed.

71.32 **EFFECTIVE DATE.** This section is effective January 1, 2017.

72.1 **ARTICLE 9**

72.2 **MSRS-ADMINISTERED RETIREMENT PLAN MODIFICATIONS**

72.3 Section 1. Minnesota Statutes 2014, section 352.113, subdivision 2, is amended to read:

72.4 Subd. 2. **Application; accrual of benefits.** (a) An employee making claim for a
72.5 total and permanent disability benefit, or someone acting on behalf of the employee upon
72.6 proof of authority satisfactory to the director, shall file a written application for benefits in
72.7 the office of the system on or before the deadline specified in subdivision 4, paragraph (g).

72.8 (b) The application must be in a form and manner prescribed by the executive director.

72.9 (c) The benefit shall begin to accrue the day following the start of disability or the
72.10 day following the last day paid, whichever is later, but not earlier than 180 days before the
72.11 date the application is filed with the director.

72.12 **EFFECTIVE DATE.** This section is effective July 1, 2016.

72.13 Sec. 2. Minnesota Statutes 2014, section 352.113, subdivision 4, is amended to read:

72.14 Subd. 4. **Medical or psychological examinations; authorization for payment of**
72.15 **benefit.** (a) Any physician, psychologist, chiropractor, or physician assistant providing
72.16 any service specified in this section must be licensed.

72.17 (b) An applicant shall provide a detailed report signed by a physician, and at least
72.18 one additional report signed by a physician, chiropractor, psychologist, or physician
72.19 assistant with evidence to support an application for total and permanent disability. The
72.20 reports must include an expert opinion regarding whether the employee is permanently
72.21 and totally disabled within the meaning of section 352.01, subdivision 17, and that the
72.22 disability arose before the employee ~~was placed on any paid or unpaid leave of absence or~~
72.23 terminated public service.

72.24 (c) If there is medical evidence that supports the expectation that at some point
72.25 the person applying for the disability benefit will no longer be disabled, the decision
72.26 granting the disability benefit may provide for a termination date upon which the total and
72.27 permanent disability can be expected to no longer exist. When a termination date is part
72.28 of the decision granting benefits, prior to the benefit termination the executive director
72.29 shall review any evidence provided by the disabled employee to show that the disabling
72.30 condition for which benefits were initially granted continues. If the benefits cease, the
72.31 disabled employee may follow the appeal procedures described in section 356.96 or may
72.32 reapply for disability benefits using the process described in this subdivision.

72.33 (d) Any claim to disability must be supported by a report from the employer
72.34 indicating that there is no available work that the employee can perform with the disabling

73.1 condition and that all reasonable accommodations have been considered. Upon request of
73.2 the executive director, an employer shall provide evidence of the steps the employer has
73.3 taken to attempt to provide reasonable accommodations and continued employment to
73.4 the claimant.

73.5 (e) The director shall also obtain written certification from the employer stating
73.6 whether the employment has ceased or whether the employee is on sick leave of absence
73.7 because of a disability that will prevent further service to the employer and that the
73.8 employee is not entitled to compensation from the employer.

73.9 (f) The medical adviser shall consider the reports of the physicians, physician
73.10 assistants, psychologists, and chiropractors and any other evidence supplied by the
73.11 employee or other interested parties. If the medical adviser finds the employee totally and
73.12 permanently disabled, the adviser shall make appropriate recommendation to the director
73.13 in writing together with the date from which the employee has been totally disabled. The
73.14 director shall then determine if the disability occurred ~~within 18 months of filing the~~
73.15 ~~application, while still in the employment of the state, and the propriety of authorizing~~
73.16 ~~payment of a disability benefit as provided in this section and constitutes a total and~~
73.17 permanent disability as defined in section 353.01, subdivision 19.

73.18 (g) A terminated employee may apply for a disability benefit within 18 months of
73.19 termination as long as the disability occurred while in the employment of the state. The
73.20 fact that an employee is placed on leave of absence without compensation because of
73.21 disability does not bar that employee from receiving a disability benefit.

73.22 (h) Upon appeal, the board of directors may extend the disability benefit application
73.23 deadline in paragraph (g) by an additional 18 months if the terminated employee is
73.24 determined by the board of directors to have a cognitive impairment that made it unlikely
73.25 that the terminated employee understood that there was an application deadline or that the
73.26 terminated employee was able to meet the application deadline.

73.27 (i) Unless the payment of a disability benefit has terminated because the employee is
73.28 no longer totally disabled, or because the employee has reached normal retirement age as
73.29 provided in this section, the disability benefit must cease with the last payment received
73.30 by the disabled employee or which had accrued during the lifetime of the employee unless
73.31 there is a spouse surviving. In that event, the surviving spouse is entitled to the disability
73.32 benefit for the calendar month in which the disabled employee died.

73.33 **EFFECTIVE DATE.** This section is effective July 1, 2016.

74.1 **ARTICLE 10**74.2 **PERA-ADMINISTERED RETIREMENT PLAN MODIFICATIONS**

74.3 Section 1. Minnesota Statutes 2014, section 353.01, subdivision 43, is amended to read:

74.4 Subd. 43. **Line of duty death.** "Line of duty death" means:

74.5 (1) a death that occurs while performing or as a direct result of performing normal or
74.6 less frequent duties which are specific to protecting the property and personal safety of
74.7 others and that present inherent dangers that are specific to the positions covered by the
74.8 public employees police and fire plan-; or

74.9 (2) a death that is determined by the commissioner of public safety to meet the
74.10 requirements of section 299A.41, subdivision 3.

74.11 **EFFECTIVE DATE.** This section is effective the day following final enactment.

74.12 **ARTICLE 11**74.13 **GENERALLY APPLICABLE RETIREMENT CHANGES**

74.14 Section 1. Minnesota Statutes 2014, section 356.24, subdivision 1, is amended to read:

74.16 governmental subdivision or state agency to levy taxes for or to contribute public funds to
74.17 a supplemental pension or deferred compensation plan that is established, maintained,
74.18 and operated in addition to a primary pension program for the benefit of the governmental

74.23 benefits;

74.24 (3) to the individual retirement account plan established by chapter 354B;

74.25 (4) to a plan that provides solely for severance pay under section 465.72 to a retiring
74.26 or terminating employee;

74.27 (5) for employees other than personnel employed by the Board of Trustees of the
74.28 Minnesota State Colleges and Universities and covered under the Higher Education

74.31 (a), or by the defined contribution plan of the Public Employees Retirement Association

74.33 provided for in a personnel policy of the public employer or in the collective bargaining

75.1 agreement between the public employer and the exclusive representative of public
75.2 employees in an appropriate unit or in the individual employment contract between a city
75.3 and a city manager, and if for each available investment all fees and historic rates of return
75.4 for the prior one-, three-, five-, and ten-year periods, or since inception, are disclosed in an
75.5 easily comprehended document not to exceed two pages, in an amount matching employee
75.6 contributions on a dollar for dollar basis, but not to exceed an employer contribution of
75.7 one-half of the available elective deferral permitted per year per employee, under the
75.8 Internal Revenue Code:

75.9 (i) to the state of Minnesota deferred compensation plan under section 352.965;

75.10 (ii) in payment of the applicable portion of the contribution made to any investment
75.11 eligible under section 403(b) of the Internal Revenue Code, if the employing unit has
75.12 complied with any applicable pension plan provisions of the Internal Revenue Code with
75.13 respect to the tax-sheltered annuity program during the preceding calendar year; or

75.14 (iii) any other deferred compensation plan offered by the employer under section
75.15 457 of the Internal Revenue Code;

75.16 (6) for personnel employed by the Board of Trustees of the Minnesota State Colleges

75.19 or in the collective bargaining agreement of the public employer with the exclusive

 79.35 the Public Employees Retirement Association on the eligible person's compensation from

80.1 the Minnesota State Colleges and Universities system for the period of service described
 80.2 in paragraph (c) as if the person had been covered by the Public Employees Retirement

80.23 **EFFECTIVE DATE.** This section is effective the day following final enactment.

80.24 **Sec. 3. TRA COVERAGE ELECTION AND PERA REFUND REPAYMENT**
 80.25 **AUTHORITY FOR CERTAIN MNSCU EMPLOYEE.**

80.26 (a) Notwithstanding any provision of Minnesota Statutes, chapter 353 or 354B,
 80.27 to the contrary, an eligible person described in paragraph (b) is eligible to become a
 80.28 coordinated member of the Teachers Retirement Association and to purchase service
 80.29 and salary credit in the Teachers Retirement Association coordinated plan retroactively
 80.30 from July 1, 2001, upon repaying a member contribution refund taken from the general
 80.31 employees retirement plan of the Public Employees Retirement Association under
 80.32 paragraph (c), upon making an election under paragraph (e), and upon making all required
 80.33 payments under paragraphs (f) and (g).

80.34 (b) An eligible person is a person who:

80.35 (1) was born April 4, 1956;

81.1 (2) was employed by a governmental subdivision in 1995, with retirement coverage
81.2 in the general employees retirement plan of the Public Employees Retirement Association,
81.3 for which a refund of member contributions and interest was taken before 2001;

81.4 (3) was employed by St. Cloud State University in the late 1990s, with retirement
81.5 coverage in the general state employees retirement plan of the Minnesota State Retirement
81.6 System;

81.7 (4) was hired as an academic advisor by St. Cloud State University on July 1, 2001,
81.8 with retirement coverage in the higher education individual retirement account plan; and

81.9 (5) was not informed of the option to elect Teachers Retirement Association
81.10 coverage in the coverage election authorized by Minnesota Statutes 2001, section
81.11 354B.21, so remained in the higher education individual retirement account plan.

81.12 (c) The refund repayment required by Minnesota Statutes, section 356.551,
81.13 subdivision 1, paragraph (c), must be calculated under Minnesota Statutes, section 353.35,
81.14 subdivision 1, paragraph (c).

81.15 (d) Authority to repay a refund under this section expires January 1, 2017.

81.16 (e) To be eligible for coverage by the Teachers Retirement Association, an eligible
81.17 person must submit a written application to the executive director of the Teachers
81.18 Retirement Association on a form provided by the Teachers Retirement Association. The
81.19 application must include all documentation of the applicability of this section and any
81.20 other relevant information that the executive director may require. Teachers Retirement
81.21 Association plan membership commences after the date of the retirement coverage
81.22 election under this section and past salary and service credit is granted for past Minnesota
81.23 State Colleges and Universities system employment from July 1, 2001, until the executive
81.24 director receives the written application specified in this paragraph and receipts of the
81.25 payments specified in paragraphs (c), (f), and (g). Coverage by the Teachers Retirement
81.26 Association is in lieu of coverage by the individual retirement account plan.

81.27 (f) If the eligible person makes the retirement coverage election under paragraph (e),
81.28 the eligible person's member contributions to the higher education individual retirement
81.29 account plan must be transferred to the Teachers Retirement Association with any earned
81.30 investment returns on those contributions. If the transferred member contributions and
81.31 investment earnings are less than the calculated amount of the member contributions
81.32 that the eligible person would have made to the Teachers Retirement Association on
81.33 the eligible person's compensation from the Minnesota State Colleges and Universities
81.34 system for the period from July 1, 2001, to the date of the retirement coverage election if
81.35 the person had been covered by the Teachers Retirement Association during the period,
81.36 plus annual compound interest at the rate of 8.5 percent, then the eligible person shall

82.1 pay the balance of that calculated member contribution obligation within 30 days of
82.2 the retirement coverage election.

82.3 (g) Upon the transfer of the equivalent member contribution amount and any
82.4 additional payment under paragraph (f), the balance of the eligible person's higher

82.7 account plan balance under this paragraph are less than the prior service credit purchase
82.8 payment amount calculated under Minnesota Statutes, section 356.551, the Minnesota
82.9 State Colleges and Universities system shall pay the difference within 60 days of the
82.10 retirement election date.

82.11 (h) The authority to make a retirement coverage election under this section expires
82.12 January 1, 2017.

82.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

82.14 Sec. 4. **TRA COVERAGE FOR CERTAIN MESABI RANGE COMMUNITY**
82.15 **AND TECHNICAL COLLEGE FACULTY MEMBERS.**

82.16 (a) Notwithstanding any provision of law to the contrary, an eligible person
82.17 described in paragraph (b) is authorized to become a coordinated member of the Teachers
82.18 Retirement Association and to purchase service and salary credit in the Teachers
82.19 Retirement Association coordinated plan retroactive from July 19, 2000, or September 15,
82.20 2000, whichever is applicable, upon making an election under paragraph (c) and upon
82.21 making all required payments under paragraphs (d) and (e).

82.22 (b) An eligible person is a person who:

82.23 (1) either:

82.24 (i) was born on September 25, 1964, and has been employed at Mesabi Range
82.25 Community and Technical College and a contributing member of the higher education
82.26 individual retirement account plan since July 19, 2000; or

82.27 (ii) was born on October 15, 1963, and has been employed at Mesabi Range
82.28 Community and Technical College and a contributing member of the higher education
82.29 individual retirement account plan since September 15, 2000;

82.31 (3) became eligible for an election of Teachers Retirement Association coverage
82.32 under Laws 2009, chapter 169, article 6, section 1; and

82.33 (4) was not offered an election of Teachers Retirement Association coverage by the
82.34 Minnesota State Colleges and Universities system.

83.1 (c) To be eligible for coverage by the Teachers Retirement Association, an eligible
83.2 person must submit a written application to the executive director of the Teachers
83.3 Retirement Association on a form provided by the Teachers Retirement Association. The
83.4 application must include all documentation of the applicability of this section and any
83.5 other relevant information that the executive director may require. Teachers Retirement
83.6 Association plan membership commences after the date of the retirement coverage
83.7 election under this section and past salary and service credit is granted for past Minnesota
83.8 State Colleges and Universities system employment from July 19, 2000, or September 15,
83.9 2000, whichever is applicable, until the executive director receives the written application
83.10 specified in this paragraph and receipts of the payments specified in paragraphs (d) and
83.11 (e). Coverage by the Teachers Retirement Association is in lieu of coverage by the
83.12 individual retirement account plan.

83.13 (d) If the eligible person makes the retirement coverage election under paragraph (c),
83.14 the eligible person shall make a contribution to the Teachers Retirement Association equal
83.15 to the excess, if any, of the employee contributions that the eligible person would have
83.16 made if the Teachers Retirement Association had provided coverage from July 19, 2000, or
83.17 September 15, 2000, whichever is applicable, rather than the individual retirement account
83.18 plan. These additional contribution amounts shall include 8.5 percent annual compound
83.19 interest computed from the date the contribution would have been made if deducted from
83.20 salary until paid. The total amount to be paid under this paragraph shall be determined by
83.21 the executive director of the Teachers Retirement Association and written notification of
83.22 the amount required under this paragraph must be transmitted to the eligible person.

83.23 (e) If payment is made under paragraph (d), the value of the applicable eligible
83.24 person's higher education individual retirement account plan account shall be transferred
83.25 to the Teachers Retirement Association.

83.26 (f) The Teachers Retirement Association shall determine the required purchase
83.27 payment amount calculated under Minnesota Statutes, section 356.551, imposed upon
83.28 the Teachers Retirement Association under this section due to the salary and service
83.29 credit purchase.

83.30 (g) From the total amount computed under paragraph (f), the executive director of
83.31 the Teachers Retirement Association shall subtract the amounts received under paragraphs
83.32 (d) and (e). The Minnesota State Colleges and Universities system must transmit the
83.33 remaining amount, if any, to the executive director of the Teachers Retirement Association
83.34 within 60 days following the receipt of the payments under paragraphs (d) and (e).

83.35 (h) The authority to make a retirement coverage election under this section expires
83.36 on January 1, 2017.

84.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

84.2 **ARTICLE 13**

84.3 **TECHNICAL CORRECTIONS**

84.4 Section 1. Minnesota Statutes 2015 Supplement, section 353.01, subdivision 16,
84.5 is amended to read:

84.6 Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service"
84.7 means:

84.8 (1) service during years of actual membership in the course of which employee
84.9 deductions were withheld from salary and contributions were made at the applicable rates
84.10 under section 353.27, 353.65, or 353E.03;

84.11 (2) periods of service covered by payments in lieu of salary deductions under
84.12 sections 353.27, subdivisions 12 and 12a, and 353.35;

84.13 (3) service in years during which the public employee was not a member but for
84.14 which the member later elected, while a member, to obtain credit by making payments to
84.15 the fund as permitted by any law then in effect;

84.16 (4) a period of authorized leave of absence during which the employee receives pay
84.17 as specified in subdivision 10, paragraph (a), clause (4) or (5), from which deductions for
84.18 employee contributions are made, deposited, and credited to the fund;

84.19 (5) a period of authorized leave of absence without pay, or with pay that is not
84.20 included in the definition of salary under subdivision 10, paragraph (a), clause (4) or
84.21 (5), for which salary deductions are not authorized, and for which a member obtained
84.22 service credit for up to 12 months of the authorized leave period by payment under section
84.23 ~~353.0161~~ or 353.0162, to the fund made in place of salary deductions;

84.24 (6) a periodic, repetitive leave that is offered to all employees of a governmental
84.25 subdivision. The leave program may not exceed 208 hours per annual normal work cycle
84.26 as certified to the association by the employer. A participating member obtains service
84.27 credit by making employee contributions in an amount or amounts based on the member's
84.28 average salary, excluding overtime pay, that would have been paid if the leave had not
84.29 been taken. The employer shall pay the employer and additional employer contributions
84.30 on behalf of the participating member. The employee and the employer are responsible
84.31 to pay interest on their respective shares at the rate of 8.5 percent until June 30, 2015,
84.32 and eight percent thereafter, compounded annually, from the end of the normal cycle
84.33 until full payment is made. An employer shall also make the employer and additional
84.34 employer contributions, plus 8.5 percent interest until June 30, 2015, and eight percent
84.35 interest thereafter, compounded annually, on behalf of an employee who makes employee

85.1 contributions but terminates public service. The employee contributions must be made
85.2 within one year after the end of the annual normal working cycle or within 30 days after
85.3 termination of public service, whichever is sooner. The executive director shall prescribe
85.4 the manner and forms to be used by a governmental subdivision in administering a
85.5 periodic, repetitive leave. Upon payment, the member must be granted allowable service
85.6 credit for the purchased period;

85.7 (7) an authorized temporary or seasonal layoff under subdivision 12, limited to three
85.8 months allowable service per authorized temporary or seasonal layoff in one calendar year.
85.9 An employee who has received the maximum service credit allowed for an authorized
85.10 temporary or seasonal layoff must return to public service and must obtain a minimum of
85.11 three months of allowable service subsequent to the layoff in order to receive allowable
85.12 service for a subsequent authorized temporary or seasonal layoff;

85.13 (8) a period during which a member is absent from employment by a governmental
85.14 subdivision by reason of service in the uniformed services, as defined in United States
85.15 Code, title 38, section 4303(13), if the member returns to public service with the same
85.16 governmental subdivision upon discharge from service in the uniformed service within the
85.17 time frames required under United States Code, title 38, section 4312(e), provided that
85.18 the member did not separate from uniformed service with a dishonorable or bad conduct
85.19 discharge or under other than honorable conditions. The service must be credited if the
85.20 member pays into the fund equivalent employee contributions based upon the contribution
85.21 rate or rates in effect at the time that the uniformed service was performed multiplied by
85.22 the full and fractional years being purchased and applied to the annual salary rate. The
85.23 annual salary rate is the average annual salary during the purchase period that the member
85.24 would have received if the member had continued to be employed in covered employment
85.25 rather than to provide uniformed service, or, if the determination of that rate is not
85.26 reasonably certain, the annual salary rate is the member's average salary rate during the
85.27 12-month period of covered employment rendered immediately preceding the period of the
85.28 uniformed service. Payment of the member equivalent contributions must be made during
85.29 a period that begins with the date on which the individual returns to public employment
85.30 and that is three times the length of the military leave period, or within five years of the
85.31 date of discharge from the military service, whichever is less. If the determined payment
85.32 period is less than one year, the contributions required under this clause to receive service
85.33 credit may be made within one year of the discharge date. Payment may not be accepted
85.34 following 30 days after termination of public service under subdivision 11a. If the member
85.35 equivalent contributions provided for in this clause are not paid in full, the member's
85.36 allowable service credit must be prorated by multiplying the full and fractional number

86.1 of years of uniformed service eligible for purchase by the ratio obtained by dividing
86.2 the total member contributions received by the total member contributions otherwise
86.3 required under this clause. The equivalent employer contribution, and, if applicable, the
86.4 equivalent additional employer contribution must be paid by the governmental subdivision
86.5 employing the member if the member makes the equivalent employee contributions. The
86.6 employer payments must be made from funds available to the employing unit, using the
86.7 employer and additional employer contribution rate or rates in effect at the time that the
86.8 uniformed service was performed, applied to the same annual salary rate or rates used to
86.9 compute the equivalent member contribution. The governmental subdivision involved
86.10 may appropriate money for those payments. The amount of service credit obtainable
86.11 under this section may not exceed five years unless a longer purchase period is required
86.12 under United States Code, title 38, section 4312. The employing unit shall pay interest
86.13 on all equivalent member and employer contribution amounts payable under this clause.
86.14 Interest must be computed at the rate of 8.5 percent until June 30, 2015, and eight percent
86.15 thereafter, compounded annually, from the end of each fiscal year of the leave or the break
86.16 in service to the end of the month in which the payment is received. Upon payment, the
86.17 employee must be granted allowable service credit for the purchased period; or

86.18 (9) a period specified under section 353.0162.

86.19 (b) No member may receive more than 12 months of allowable service credit in a
86.20 year either for vesting purposes or for benefit calculation purposes.

86.21 (c) For an active member who was an active member of the former Minneapolis
86.22 Firefighters Relief Association on December 29, 2011, "allowable service" is the period
86.23 of service credited by the Minneapolis Firefighters Relief Association as reflected in
86.24 the transferred records of the association up to December 30, 2011, and the period
86.25 of service credited under paragraph (a), clause (1), after December 30, 2011. For an
86.26 active member who was an active member of the former Minneapolis Police Relief
86.27 Association on December 29, 2011, "allowable service" is the period of service credited
86.28 by the Minneapolis Police Relief Association as reflected in the transferred records of the
86.29 association up to December 30, 2011, and the period of service credited under paragraph
86.30 (a), clause (1), after December 30, 2011.

86.34 **SERVICE AND SALARY CREDIT.**

87.1 A furloughed employee of the University of Minnesota who is a member of the
 87.2 public employees police and fire plan may obtain allowable service and salary credit
 87.3 for the furlough period. The allowable service and salary credit authorization is a leave
 87.4 of absence authorization for purposes of section ~~353.0161~~ and the purchase payment
 87.5 procedure of section ~~353.0161~~, subdivision 2, applies 353.0162.

 87.9 without having designated a beneficiary or if the beneficiary should die before making
 87.10 application for refund, and if there is no surviving spouse, and if the legal representative of
 87.11 such member or former member does not apply for refund within five years from the date
 87.12 of death of the member or former member, the accumulated deductions to the member or
 87.13 former member's credit at the time of death shall be disposed of in the manner provided
 87.14 in section ~~353.34~~, subdivision ~~6~~ 356.631.

88.15 Sec. 6. Minnesota Statutes 2014, section 354A.35, subdivision 2, is amended to read:

88.16 Subd. 2. **Death while eligible to retire; surviving spouse optional annuity.** (a)

88.17 The surviving spouse of a vested coordinated member who dies prior to retirement may
 88.18 elect to receive, instead of a refund with interest under subdivision 1, an annuity equal
 88.19 to the 100 percent joint and survivor annuity the member could have qualified for had
 88.20 the member terminated service on the date of death. The surviving spouse eligible for
 88.21 a surviving spouse benefit under this paragraph may apply for the annuity at any time
 88.22 after the date on which the deceased employee would have attained the required age for
 88.23 retirement based on the employee's allowable service. A surviving spouse eligible for
 88.24 surviving spouse benefits under paragraph (b) or (c) may apply for an annuity at any time
 88.25 after the member's death. The member's surviving spouse shall be paid a joint and survivor
 88.26 annuity under section 354A.32 and computed under section 354A.31.

88.27 (b) If the member was under age 55 and has credit for at least 30 years of allowable
 88.28 service on the date of death, the surviving spouse may elect to receive a 100 percent joint
 88.29 and survivor annuity based on the age of the member and surviving spouse on the date
 88.30 of death. The annuity is payable using the full early retirement reduction under section
 88.31 354A.31, subdivision 6, paragraph (a), to age 55 and one-half of the early retirement
 88.32 reduction from age 55 to the age payment begins.

88.33 ~~(c) If a vested member of the Duluth Teachers Retirement Fund Association was~~
 88.34 ~~under age 55 on the date of death but did not yet qualify for retirement, the surviving~~

89.1 spouse may elect to receive the 100 percent joint and survivor annuity based on the age
89.2 of the member and the survivor at the time of death. The annuity is payable using the
89.3 full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and
89.4 one-half of the early retirement reduction from age 55 to the date payment begins.

89.5 (d) (c) If a vested member of the St. Paul Teachers Retirement Fund Association
89.6 was under age 55 on the date of death but did not yet qualify for retirement, the surviving
89.7 spouse may elect to receive the 100 percent joint and survivor annuity based on the age
89.8 of the member and the survivor at the time of death. The annuity is payable using the
89.9 full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and
89.10 one-half of the actuarial equivalent reduction from age 55 to the date payment begins.
89.11 The actuarial equivalent reduction is calculated so that the reduced annuity is the actuarial
89.12 equivalent of the annuity that would be payable to the member if the member deferred
89.13 receipt of the annuity and the annuity amount were augmented at an annual rate of 2.5
89.14 percent compounded annually from the day the annuity begins to accrue until the normal
89.15 retirement age.

89.16 (e) (d) Sections 354A.37, subdivision 2, and 354A.39 apply to a deferred annuity

Subd. 2. **Purchase procedure.** (a) An employee covered by a plan specified in subdivision 1 may purchase credit for allowable service in that plan for a period specified in subdivision 1 if the employee makes a payment as specified in paragraph (b) or (c), whichever applies. (b) If payment is received by the executive director within one year from the date the member returned to work following the authorized leave, or within 30 days after the date of termination of public service if the member did not return to work, the payment amount is equal to the employee and employer contribution rates specified in law for the applicable plan at the end of the leave period, or at termination of public service, whichever is earlier, multiplied by the employee's average monthly salary, excluding overtime, upon which deductions were paid during the six months, or portion thereof, before the commencement of the leave of absence and by the number of months of the leave of absence for which the employee wants allowable service credit. Payments made under this paragraph must include compound interest at the monthly rate of 0.71 percent until June 30, 2015, and 0.667 percent per month thereafter from the last day of the leave period until the last day of the month in which payment is received.

(c) If payment is received by the executive director after one year, the payment amount is the amount determined under section 356.551. Payment under this paragraph must be made before the date the person terminates public service under section 353.01, subdivision 11a.

Subd. 3. **Restriction on subsequent purchases.** To purchase salary credit or service credit for a subsequent authorized leave of absence period, the member must return to public service and render a minimum of three months of allowable service credit.

(b) The aid to the Duluth Teachers Retirement Fund Association under section 423A.02, subdivision 3, and all forms of state aid under subdivision 3a to the Duluth Teachers Retirement Fund Association must continue until the current assets of the fund equal or exceed the actuarial accrued liability of the fund as determined in the most recent actuarial report for the fund by the

354A.29 ST. PAUL TEACHERS RETIREMENT FUND ASSOCIATION POSTRETIREMENT ADJUSTMENT.

Subd. 8. **Calculation of postretirement adjustments; percentage based.** (a) For purposes of computing postretirement adjustments for eligible benefit recipients of the St. Paul Teachers Retirement Fund Association, the accrued liability funding ratio based on the actuarial value of assets of the plan as determined by the two most recent actuarial valuations prepared under sections 356.214 and 356.215 determines the postretirement increase, as follows:

Funding ratio	Postretirement increase
Less than 80 percent	1 percent
At least 80 percent but less than 90 percent	2 percent

(b) The amount determined under paragraph (a) is the full postretirement increase to be applied as a permanent increase to the regular payment of each eligible member on January 1 of the next calendar year. For any eligible member whose effective date of benefit commencement occurred after January 1 of the calendar year immediately before the postretirement increase is applied, the amount determined under paragraph (a) must be reduced by 50 percent.

(c) If the accrued liability funding ratio based on the actuarial value of assets is at least 90 percent in two consecutive actuarial valuations, subsequent postretirement increases must be paid as specified in subdivision 9.

(d) If, following a postretirement increase under paragraph (a), the accrued liability funding ratio, based on the actuarial value of assets, falls below 80 percent for two consecutive actuarial valuations, the applicable postretirement increase must be reduced to one percent until January 1 of the calendar year next following the date on which the requirements for an increase under paragraph (a) are again satisfied.

Subd. 9. **Calculation of postretirement adjustments.** (a) This subdivision applies if the requirements of subdivision 8, paragraph (c), have been satisfied.

(b) A percentage adjustment must be paid under this subdivision to eligible persons under subdivision 7.

(c) The amount of 2.5 percent is the full postretirement adjustment to be applied as a permanent increase to the regular payment of each eligible member on January 1 of the next calendar year. For any eligible member whose effective date of benefit commencement occurred after January 1 of the calendar year immediately before the postretirement adjustment is applied, the postretirement adjustment amount must be reduced by 50 percent.

(d) In the event the accrued liability funding ratio based on the actuarial value of assets falls below 90 percent for two consecutive actuarial valuations, the applicable postretirement increase must be determined under subdivision 8 until January 1 of the calendar year next following the date on which the requirements of subdivision 8, paragraph (c), are again satisfied.

354A.31 COORDINATED PROGRAM RETIREMENT BENEFITS.

Subd. 3. **Resumption of teaching after commencement of a retirement annuity.** (a) Any person who retired and is receiving a coordinated program retirement annuity under the provisions of sections 354A.31 to 354A.41 or any person receiving a basic program retirement annuity under the governing sections in the articles of incorporation or bylaws and who has resumed teaching service for the school district in which the teachers retirement fund association exists is entitled to continue to receive retirement annuity payments, except that all or a portion of the annuity payments must be deferred during the calendar year immediately following the calendar year in which the person's salary from the teaching service is in an amount greater than \$46,000. The amount of the annuity deferral is one-third the salary amount in excess of \$46,000 and must be deducted from the annuity payable for the calendar year immediately following the calendar year in which the excess amount was earned.

(b) If the person is retired for only a fractional part of the calendar year during the initial year of retirement, the maximum reemployment salary exempt from triggering a deferral as specified in this subdivision must be prorated for that calendar year.

APPENDIX

(e) Notwithstanding other paragraphs of this subdivision, for any retired Duluth Teachers Retirement Fund Association member whose effective date of retirement is after June 30, 2013, amounts specified as deferred under this subdivision must instead be forfeited to the Duluth Teachers Retirement Fund Association fund.

(f) Notwithstanding other paragraphs of this subdivision, for any retired St. Paul Teachers Retirement Fund Association basic or coordinated program member whose effective date of retirement is after June 30, 2013, amounts specified as deferred under this subdivision must instead be forfeited to the St. Paul Teachers Retirement Fund Association fund.

(g) For the purpose of this subdivision, salary from teaching service includes: (i) all income for services performed as a consultant or independent contractor; or income resulting from working with the school district in any capacity; and (ii) the greater of either the income received or an amount based on the rate paid with respect to an administrative position, consultant, or independent contractor in the school district in which the teachers retirement fund association exists and at the same level as the position occupied by the person who resumes teaching service.

(h) On or before February 15 of each year, each applicable employing unit shall report to the teachers retirement fund association the amount of postretirement salary as defined in this subdivision, earned as a teacher, consultant, or independent contractor during the previous calendar year by each retiree of the teachers retirement fund association for teaching service performed after retirement. The report must be in a format approved by the executive secretary or director.

(b) A volunteer firefighter receiving a prorated service pension under this subdivision must have a total amount of service credit of ten years or more, if the bylaws of every affected relief association do not specify only a five-year service vesting requirement, or five years or more, if the bylaws of every affected relief association require only a five-year service vesting requirement, as a member of two or more relief associations otherwise qualified. The member must have one year or more of service credit in each relief association.
